

# THE GOLDTHWAITE EAGLE

VOLUME THIRTY-EIGHT

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, APRIL 22, 1932.

NUMBER THIRTY-FOUR

## WINS FIRST PRIZE

Goldthwaite was awarded first prize—a five dollar goldpiece—for the best club report at the convention of the sixth district of Texas Women's Federated Clubs, which was held this week in San Angelo. Receiving this prize also entitles Goldthwaite to represent the sixth district at the state convention in San Antonio in November. Goldthwaite club women are elated over the award, which was received in competition with the clubs and towns in 47 Texas counties, including much larger cities of San Angelo, Abilene, Sweetwater and Brownwood. Delegates from Goldthwaite were Mrs. Roy Rowntree and Mrs. Jake Saylor. Mrs. Rowntree returned Wednesday, while Mrs. Saylor remained in San Angelo for a longer visit with relatives.

## SCHOOL MEETING

The county board of school trustees will hold its regular business session at 10 a. m. Monday, May 2, in the office of the chairman, W. M. Johnston, in the court house.

In the afternoon at 2 o'clock, in the district court room, a public meeting will be held at which P. L. Stone, rural school supervisor, from the state department of education at Austin, will talk. All district school trustees in the county are expected to attend this meeting, and a cordial invitation is extended to all school teachers, P. T. A. members, school patrons and anyone else interested in the schools to attend.

Mr. Stone will answer questions relating to school work and the school system, and anyone who wishes to secure such information is welcome to come and ask questions. An interesting discussion is expected.

## OFFICERS COMPLIMENTED

The W. F. Turner Auditing Co., completed an audit of the books and records of the county Monday and the commissioners held a short session to receive the report. After going into every detail of the county's business, the auditors highly complimented the officers for the competent, accurate and intelligent way in which all records are kept, stating in connection therewith that the hearty co-operation given them by the officers and assistants was the most helpful they had received in any county. Especial attention was given the fact that there was no accounts out of order and no overcharge of excessive fees charged. They found that the county owed Sheriff Bledsoe \$6 and Miss Lois Fuller, county treasurer, 16 cents, and the auditors were enthusiastic in their praise of these and other officers for the care in which their records were kept. Incidentally, the commissioners made no charge for the day they met to receive this report.

## BOY BADLY HURT

Melvin Harris, 14-year-old son of Mr. and Mrs. Will Harris of this city, was badly injured by the premature explosion of a dynamite cap Sunday afternoon. He and some boy companions secured the caps and intended to try them out at a small tank near his home, but the cap exploded in his hand before they reached the waterhole. The thumb on his left hand was blown off, two other fingers were injured, the end of one being blown off. The hand was badly lacerated and his stomach and breast were also bruised. He was given prompt medical attention and then hurried to the hospital at Brownwood, where his condition was found to be quite serious, but he is getting along as well as could be hoped.

## CEMETERY WORKING

The annual cemetery working at Williams Ranch will take place next Monday, April 25. Everybody interested has an invitation to be present with tools to work with and a full basket of lunch.

## GOLDTHWAITE HIGH SCHOOL WINS HONORS IN MUSIC

This year, for the first time, the Goldthwaite High school was represented in the Texas Interscholastic Music Meet at Baylor College in Belton.

This entrance into these contests proved to be quite successful. Four places were won. These were: First place in girls chorus of schools in class B, second in girls' trio, second in piano and first in looks. And let me tell you that those girls certainly made a good appearance in their lovely green and white suits. No other club beat them in looks or in stage appearance.

On Friday and Saturday, the 15th and 16th of April, the Texas Interscholastic Music Meet was held at Baylor college in Belton. This year makes the tenth year that the meet has been held and each year it gains the attention of more of the leading towns and cities of Texas. These towns are classed according to the size of the town and according to the size of the high school. This classification puts Goldthwaite in class B. No one who is not a high school student is allowed to enter this contest in the various fields of music.

Winning first place in the chorus was not so easy for the Goldthwaite girls, as they had to sing better than the six other clubs that were competing with them. However, under the splendid direction of Mrs. Fred Martin they came out ahead of all the others and won the cup, which will become their permanent property if they win it two more years in succession. Those singing in the chorus were:

First sopranos—Letha Burkes, Geraldine Burnett, Floyce Aline Dickerson, Lucile Bledsoe, Elvira Cobb, Virginia Bowman.

Second sopranos—Tessie Swanger, Josephine Ligon, Charline Brim, Lucile Hoover, Elizabeth Dalton, Louise Evans, Hartal Langford, Lee Ruth Graves.

Altos—Thelma Jernigan, Thelma Richards, Billie Weatherby, Mary Ellen Trent.

Each club was limited to eighteen members. The girls who accompanied the group to act as alternates were Daphne Evans, Ruth Florence Mullan and Evelyn Faye Gartman. Two other members, Helen Bartlett and Geraldine Hester, were sick and were not able to go to the meet at all.

Second place in the piano contest was won by Robert Elizabeth Littlepage. She had twenty opponents in this contest and she had the distinction of being the youngest of all the group. She did splendid work and her success won for her a seventy-five dollar scholarship in piano in Baylor college. Mrs. Fred Martin is her piano teacher and is the only one who has ever given her instruction in this art.

The trio composed of Floyce Aline Dickerson, first soprano; Tessie Swanger, second soprano; Thelma Richards, alto; had four other splendid trios to compete with and they made a good showing when they took the second place. Mrs. Fred Martin had charge of the training of the trio.

Mrs. R. V. Littlepage acted as the efficient chaperon and took good care of the girls.

Mrs. Martin deserves a great deal of credit for the splendid work she has done with the girls.

Other people who went to Belton to see and hear the girls were: Supt. and Mrs. E. D. Stringer, Mr. and Mrs. S. P. Sullivan, Connie Trent, Mrs. Sparks Bigham, Mary Margaret Bigham, Mrs. Al Dickerson, Miss Ruby Lee Dickerson, Mrs. Roy Wilkins, Mrs. L. J. Gartman, Louise Gartman, Mrs. R. L. Armstrong, Malcom Jernigan, Aline Martin.

Another enthusiastic Goldthwaite patron was Miss Lula Howard, who is a student in Baylor college. She has won distinction in school by the splendid work which she has done.

## ONE PRESENT

**MARRIAGE LICENSE**  
County Clerk Porter reports no marriage license for the week, up to the time the Eagle was put to press.

## PECAN SCHOOL

The pecan school and barbecue at J. J. Cockrell's fruit farm in Big Valley last Friday attracted a large number of people from this and other counties. The school was of great interest to pecan growers and the barbecue and picnic was interesting to everybody.

Many demonstrations of budding and grafting were made and a number of experts were there to assist with the demonstration, but it can be said in all candor that none knew more about the work or gave more helpful information than Mr. Cockrell and his sons.

W. P. Weaver was master of ceremonies and introduced a number of pecan experts and other speakers, including some of our county and district candidates, all of whom entertained their hearers well.

It was a successful occasion from every standpoint and its results will be far reaching and its benefits lasting. One of the representatives of the state agricultural department who was in attendance has written Mr. Weaver regarding the meeting. He says:

"Dear Mr. Weaver: I want to thank you for the splendid cooperation you are giving this department and also the excellent service you are rendering the good people of Mills County. I believe, we had the best day Friday. I ever witnessed anywhere.

A fine crowd, and such a good spirit among the people. It was a grand success.

You, Mr. Cockrell and his two fine boys certainly deserve the major portion of praise for the success of the meeting.

In closing, I want to say that I hope we have one again next year and I am expecting to be there, too.

Thanking you and Mr. Cockrell for the many courtesies shown us while in your community. Any time we can be of service to you just call us. I am,

Sincerely your friend,

J. T. KELLY.

## LIONS CLUB BANQUET

The Lions Club met in regular session with a dinner at Mrs. Todd's on Monday evening, April 18, having as their guests on this occasion their wives and three special guests of the school, honor students, Misses Burks, Brown and Littlepage.

Lion Roy Rowntree presided at a very spirited meeting in which several constructive talks on club work were made.

After dinner, a special program arranged by Mrs. Sam Sullivan was rendered in honor of Mr. and Mrs. Sullivan.

Robert Elizabeth Littlepage delighted the assembly with two numbers, which won her a state prize in piano at Belton. The Schubert club rendered several beautiful numbers. Mary Ellen Trent and Constance Trent, in a very charming manner, gave a tap dance.

The program was concluded with a quartette by Messrs. Stringer, Little, Evans and Paul McCullough, which was enjoyed by all.

## T.E.L. SUNDAY SCHOOL CLASS IS ENTERTAINED

Mrs. J. M. Campbell was hostess to the members of the T. E. L. class, when they met on Tuesday afternoon.

Mrs. W. E. Miller, class president, was in charge of the business session, which was given over to reports from all officers and committee chairmen. These reports indicated splendid work being done in all departments.

Mrs. J. M. Campbell directed a very interesting missionary program. A sandwich plate was passed with tea dainties to Meses. W. E. Miller, L. B. Ashley, W. P. McCullough, E. B. Anderson, Grover Dalton, Jeff Priddy, G. C. Ivins, W. B. Jackson, C. L. Stephens and A. C. Langlitz.

## HOLIDAY OBSERVED

The banks were closed yesterday in celebration of San Jacinto Day, which was a legal holiday.

## BAPTIST CHURCH

A million dollar rain has fallen in our county and everybody ought to be grateful. It's true that some hail and wind came along with the rain, but from what we can learn not much damage was done. So everybody come to town with a million-dollar smile, talking good times, making life worth living.

We were guests at the pecan demonstration school given on the Cockrell farm last Friday. Approximately two hundred people attended and much interest was manifested in this kind of work. We do not know any difference in pecans. To us they are just pecans, but we can discern the difference between stewed goat and fried chickens, and believe it or not, somebody in Big Valley knows how to cook goat and how to fry chicken. Dinner, well I would say so. All kinds of good eats well prepared and well served.

The only mistake that our county demonstrator, W. P. Weaver, made during the day was he never called on this preacher or Harry Allen to make their speeches. We had good speeches right on the end of our tongues and were just a little disappointed in that we felt like the two most important men had been left off the program. But we will forgive him and ask that he make no such mistake again.

We drove out Sunday to Rock Springs for lunch and found that they were waiting for us with one of the most lovely dinners we have seen in a long time. We always enjoy the fellowship with these folk as well as their good eats.

Sunday was a favorable day with our church. Good attendance at every service. Next Sunday ought to be a banner day for attendance, after such a good rain and the fact that the pastor will be out of town, allowing a change in the personnel of the services.

Sunday morning our girls won honors at the musical contest in Belton last week will render a musical program, possibly using the same numbers as well as rendering others, that they rendered at the state contest. Every one should avail themselves of this opportunity to hear our own talent, as well as to see them perform. We congratulate every one that contributed in any way toward the success of our young women and hope that they continue to win until they will become owners of the cup that is given for such attainments.

Another added attraction to our Sunday morning service will be the report that will be given by W. E. Miller of our state Sunday school convention, which convened in Dallas last week. These will be the only features of the services and this will assure you that you will get out on time. The superintendent of Sunday school will be master of ceremonies and that alone will be worth your attending.

Sunday night regular preaching services and the Rev. Gordon Barrett of Comanche will be the speaker. Those of you who heard Brother Barrett last summer know that you will have a great treat for Sunday night. We have been saying so many nice things about our people in regard to going to church that everyone will have to go for the next dozen services, for we will have almost that many different preachers and it just won't do for these preachers to think the pastor prevaricates, so let every one hear Barrett Sunday night. The next Sunday we begin our series of services with a different preacher at every service. Some have asked what the idea of having different preachers? This is a day of diversification. And another thing, this is a good way for some of you to find out that you have a mighty good preacher in the person of your pastor. If you never hear anyone else you will not know whether your pastor is a good preacher or not. Every man that will preach for us, as far as we know now, is living in larger towns and pastoring larger churches, as far as num-

## BIRTHDAY CELEBRATION

The relatives and neighbors of Mrs. Cora Ford arranged a birthday celebration for her last Friday, April 15, at her home in the Scallorn community and the affair was very pleasant from every standpoint. The plans were so well formed and carried out that the honoree was completely surprised, as well as delighted. Her daughter-in-law, Mrs. Sherwood Ford, induced her to make an auto trip to Lometa to look about some chickens and while away the relatives, neighbors and other friends arranged a table the length of the front gallery and around on the side gallery and loaded it with everything imaginable good to eat. The guests all assembled and when the lady returned home all was in readiness for the dinner. Many presents were brought by her friends and others gave squares of a "Friendship" quilt in sufficient number to complete the quilt.

Ford and two children, Mrs. Walter Ford and one child, Scallorn; Mrs. Sherwood Ford, Goldthwaite; Mr. and Mrs. Webb Laughlin, Mr. and Mrs. Delmer Ford, Lometa; Mr. and Mrs. Hassell Ford and four children, Mercury; Mr. and Mrs. A. Black, Mrs. Barney Laughlin and one child, Mrs. Hugh Hufstutler and two children, Mrs. R. Dee Jones, Mrs. John Kuykendall.

After the dinner was served the guests gathered about the piano and an hour or more was pleasantly spent in singing old time gospel songs, the last of which was "God Be With You 'Til We Meet Again," after which the gathering was dismissed with a prayer by Mrs. A. J. Wise and all returned to their homes glad of having participated in such a delightful occasion and wishing Mrs. Ford many more happy birthday anniversaries.

## PECANS AND BIOLOGY

The biology students and several others of the Goldthwaite High school immensely enjoyed the pecan school, which was held in J. J. Cockrell's pasture on the banks of the Colorado river, Friday, April 15. The school attended was not only interesting, but also very educational. It is the aim of our teachers to instruct us in those things we find in our books and then by demonstrating, teach us how to apply them to our everyday life. But it is a question left for time to prove whether or not they have labored in vain.

There were present at this school Mr. Denny of Comanche, Mr. Kelly of Austin, Mr. Risen of San Saba, Mr. Glaze of Richland Springs and Mr. Millican of Bend, all of whom are experienced workers with pecans as well as other trees. In speeches delivered by these authorities on pecans we gained valuable information. They even persuaded Melvin Doak to climb a tree and make a speech to us. (A rather high stump speech, was it not?) He had a saw with which he pruned the trees while he spoke. He told us the why, where, how and why not of pruning pecan trees. It is important in pruning that the branches be removed near the main trunk of the tree and that there be a bud or small branch near the place which is cut. By doing this it enables the wound to heal quicker.

This was very beneficial to us biology students, as our study of pruning had been a limited one. However, we wanted to appear wise, so we asked questions concerning it. Before we went Mr. Mayfield told us that we would be given a chance to ask questions and to inquire about anything we did not understand. He said that is the wise who ask questions, but the fool declines to do so, fearing to reveal his ignorance, and we, being very wise, had so many questions to ask that it took all the superior educated people present to give satisfactory answers.

For the benefit of the visitors they demonstrated a power sprayer. It was really a bean sprayer, but it effectively demonstrated to us how to render a tree immune from fungous diseases, insects or bacteria. After letting it generate about fifteen minutes, the 250 pounds of pressure was released through a one-tubed nozzle, which could be adjusted to spray the liquid or send it in a stream to the top branches. Then they used a three-tubed nozzle to cover more space.

We were next given the privilege of seeing some grafting and budding done by experienced men. We have been studying that in biology and we find that there is nothing more interesting than to see someone perform a piece of work, which we have learned something about, because seeing it really done gives us the satisfaction of a sure knowledge of the task even though we may not be able to perform it effectively.

After gaining just about all the knowledge our non-elastic craniums would hold relating to budding, grafting and pruning, they decided to take us over to Geo. Robertson's to see if we could recognize a real pecan orchard. So we went. Gaining our destination, we got a drink of water, and after slipping a few green apricots, we went to see the orchard. We learned many useful facts about the kind, age and yearly production and income of Mr. Robertson's pecans. It was surprising to us because we did not know that such wonders could be performed in Mills county.

Although we are still coughing up Big Valley sand and budding pecan trees in our sleep, we eagerly look forward to another such trip.

ILA FAY FEATHERSTON, EMAJO GRINER.

**A B C OF VITAMINS**

A table of representative foods containing the six principal vitamins, lettered A, B, C, D, E, and G, has been published by the committee of foods of the American Medical Association. For vitamin A, believed to be important for growth and to improve resistance to germ infection, the best source mentioned is butter. Tomatoes, whole yellow corn and hens' eggs are rated as good sources of this vitamin, and green vegetables as a fair source. For vitamin B, believed to be important to the nervous system, excellent sources are wheat germs and asparagus. Heart, liver, kidney, eggs, milk, whole cereals and green vegetables are rated as good sources, while lean meat from muscles is called a fair source. The best sources of vitamin C, which is the one that prevents scurvy, are set down as raw, vine-ripened tomatoes, grapefruit, lemons and oranges. Bananas and pineapples are good sources and raw pears a fair source of this vitamin. Vitamin D, often called the sunshine vitamin because it may be generated by ultraviolet rays and which is necessary for the growth of bones, has for its best source, the committee continues, cod liver oil. Eggs are a good source of this vitamin and milk or butter are fair sources. Vitamin E, believed to be necessary for reproduction, is listed as obtainable only from wheat, the wheat germ being an excellent source and whole wheat grain a good one. Finally, vitamin G, one of the newest vitamins to be identified and believed to be related in properties to vitamin B, has excellent sources, the committee states, in dried yeast, milk, eggs, liver and kidney; good sources in wheat germs, meat and green vegetables and fair sources in whole wheat and in dried beans or soya beans.

**THE DIRTY FIVE**  
By Kate Hendry

Center City ball boys are known for their fame. "Th' Dirty Five" is their funny name. They know how to win over every team— And they don't have to plan and to scheme. The captain — Bill Hendry — seems bossy and all, No, he isn't clumsy, yet he still falls Wilson Head is noted for his long shot And what I mean—he's plenty hot! Glenn Johnson—the best to be found Just brings that ball thru and doesn't hit th' ground. Johnny Mason, the stationary guard, Gets his man and gets him hard. Wayne Coffman — our center slapper, Just sets the crowd into peals of laughter. Mr. Patterson is th' coach of this famous team, And his name makes complete my little theme. They went in for play They went in for luck, And what did they win—? The championship cup! So, whenever you hear the name —Center City, Just think of "Th' Dirty Fives" faith, And remember— Their wonderful coach and royal battles Made Center City great!

**SCHOOL PLAY**

The Jones Valley school will entertain with a play at the school house Saturday night, April 23. The title of the play is "Poor Father" and the parts are all well placed. Those who attend can be sure of a pleasant affair. Miss Luckie is the teacher of the school and the fact that the trustees have contracted with her to teach for them the next session is proof that she has taught a successful term.

**ROCK SPRINGS**

We had Sunday school and church Sunday morning and church Sunday afternoon. Two Howard Payne students, Bro. Bruton and Bro. Moivis, were with us. Miss Onaita Knowles our girl from Big Valley, was here, too. She and Bro. Bruton delivered good talks Sunday morning on missions and Sunday night Bro. Morris preached on Faith. We wish for these young people the best success in life.

Bro. Ivins and wife from town ate dinner with us Sunday at the church. It has been said if Bro. Ivins could hold out with his preaching like he does his eating he would make a big preacher. We know why his wife is so dainty. She has so much cooking to do.

There were visitors from Goldthwaite and Center Point in the afternoon Sunday.

Dr. Campbell was called out Sunday morning to see little Perry Shipman, who was real sick. At this writing, he is improving. Perry has had quite a bit of company, but I've failed to learn who all visited him.

The owner of the farm on the river, where Landy Ellis lives, is here this week, having some fencing done.

Loy Long and family visited in the Ellis home last week. Geo Ballard from town visited his grandparents last week end.

Arthur Meyer has been in this community lately looking after political business.

Avlie Davis from Brownwood and Joe are now the owners of quite a bunch of sheep and goats. They got them in Lampasas county.

Jack Robertson and Miss Ruth Bogus from San Saba county spent Sunday in the Robertson home.

Miss Florence Stark spent the week end at home. James Nickols helped Alton and Oscar Gatlin brand cattle Monday.

Gus Roush, Jr., and Mrs. Nickols visited Perry Shipman Monday after school.

Last Thursday a bunch of the ladies went to Bozar fishing. Those in the bunch were Mrs. J. C. and Ray Stark, Mrs. Claud Smith, Mrs. J. O. McClary and daughters, Mrs. Ray Davis and son and Miss Nellie D. Cooke, Mrs. Homer Doggett and Mrs. Eula Nickols were invited, but couldn't go. It was rumored that Mrs. E. L. Pass and Miss Leona and Miss Fry accompanied Mrs. John Roberts to the creek Monday.

Mrs. J. T. Robertson visited her daughter, Mrs. Woody Traylor, a few days last week. Mrs. J. F. and Joe Davis and son called on Mmes. Doggett and Nickols last Friday afternoon.

Jim and Miss Love Gatlin put out tomato plants Monday afternoon on the Gatlin farm. Phil Ford and two sons from Abilene and C. H. Ford from town called in the Nickols home Friday afternoon.

Collier Ballard has been all smiles lately, because he has been lucky. He lives close to Catelaw school and the teacher is a young lady. There is a stove not far away and since he has met this young lady they can't keep plenty of candy in stock.

Mrs. M. C. Morris took Mmes. Nickols and Doggett to the Ellis home Monday. They were disappointed because Mr. Ellis had not had time to fish.

John Roberts and wife spent one day last week in Brady visiting with I. G. Abney and Ernest Strickland. They found Mr. Abney confined to his bed most of the time. Ernest Strickland had the flu.

John Edlin and wife of Center Point, J. C. Stark and wife and daughter, Gus Roush and wife and Joe Roberts and family from town visited in the Nickols home Sunday afternoon.

J. C. Stark and wife and daughter and Mrs. Lillie Moore and daughter from Brownwood visited in J. M. Traylor's home Sunday afternoon.

J. O. McClary and wife sat until bed time with R. C. Webb and wife Friday night.

Mmes. McClary and Roberts had business in town Monday. Mrs. Woody Traylor and Christine spent last Tuesday in the Nickols home.

Philip Nickols helped the Davis boys with their goats and

**CURRENCY**

This seemed to be a question that is agitating the minds of a lot of our public officials, but it seems to me that there is not enough of this exchange medium. It may be that we can have too much currency and that is called over inflation, but my observation in the past thirty years is that when we had plenty of money commodity prices have been high and this condition suits the producer. When there is a scarcity of money, prices of produce have been low, as is the case now. Prices of everything are very cheap at the present time and I attribute it to the lack of currency in circulation. It may be that there is now in circulation some \$45 per capita. That means that every man, woman and child in th estate has this amount of money, but I think only a few have it.

The Hon. Wright Patman, congressman from Texas, has introduced a bill in congress to pay the balance due on the soldiers' certificates and proposes in that bill to issue some two billion, four hundred million dollars to pay the same. Now I do not believe this amount will be an over inflation in our currency. It will only be about \$20 per capita for the people of this United States. Most of the soldiers will put this currency into circulation which, in my belief, will cause prices of all commodities to go up and that is what we want now. They are wrangling over this bill now in congress and by the time this is in print it may be settled, but President Hoover says if this bill is passed by congress he will veto it and he may be right, but I think not, because we need more money in circulation in this part of the country. The constitution of the United States provides that congress shall have the power to coin money and regulate the value thereof and I do not see any reason why they do not do it. Do you? I may be wrong. If so, I am willing to be righted.

T. E. HAMILTON,  
Stav, Texas.

**THE FRIENDS OF DEPRESSION**

Idle dollars are the best friends of depression. They do no one good. Stuck away in strong boxes — or socks! They are entirely worthless. They are unable to do their bit in carrying on the financial work of the world. They are a sign of fear, of a hysterical kind of conservatism that mistakes hoarding for thrift.

True thrift is a fine thing. It is the source of the money that builds plants, buys and operates machinery, employs men, keeps the wheels of industry going.

As an advertisement of the Northern States Power Company recently said: "The opportunity to earn a return on investment is better today than for years. Banks pay interest or deposits regularly. Sound securities earn, and pay, a regular, safe income."

The hoarder is cheating himself—of greater importance, he is cheating us all. He is prolonging unemployment, profitless prices, the accumulation of goods for which there is no market because people have no money to buy. He is, in the full sense of the word, anti-social.

This is worth remembering: Idle dollars are the best friends of depression.

sheep last week and Tuesday he went to Landy Ellis' to help build fence.

Mmes. Doggett and Nickols spent last Thursday in R. E. Clements' home in town.

Homer Doggett and wife and Oliver Traylor and Mrs. Eula Nickols and James enjoyed ice cream with Woody Traylor and family Saturday night.

Avlie Davis, J. D. Alley and Elmer McKnight from Brownwood spent Monday night in the Davis home.

Beryl Turner and Woody Traylor made a trip to Camp Springs, San Saba county, Sunday after Turner's cow.

Lewis Truitt and family and Miss Johnnie Belle Cirele spent Sunday in the Shipman home.

The rain came in good time Monday night. It certainly was needed, but we didn't need the wind. It did some damage out here. It hailed some, too. Now let's all brighten up and wear a smile since this fine rain.

Year after year, it operates faithfully, automatically, without care or attention, without servicing. It consumes a minimum of current, materially lowering refrigerating costs. All G-E Refrigerators are Guaranteed against all service expense for 3 full years.

**PRESS CONVENTION**

The Heart of Texas Press Convention was held in Brownwood last Saturday and was attended by newspaper folk from many of the towns in this section.

A magnificent breakfast was served to the visitors at 8 o'clock in the morning as a courtesy from the Southwestern States Telephone Co., and started the day off nicely for everybody.

The convention was scheduled to open at 9 o'clock in the morning and the program was most interesting to newspaper workers, but would not interest other folk.

At noon a banquet was spread in the Gold Room of Hotel Brownwood, the half-million dollar hotel of that city. The banquet was complimentary to the press people by the Texas Power and Light Co., and was enjoyed by a large number, including representatives of the business interests of Brownwood. President Thos. H. Taylor of Howard Payne College was toastmaster and there was quite a good deal of speech-making as well as much delightful instrumental and vocal music.

After the banquet some of the press people enjoyed golf at the country club, as guests of that organization, while others were provided with sight-seeing cars and driven over the city and to points of interest nearby, making a full day of enjoyment for everybody.

Throughout the entire convention Messrs. H. M. Jones, H. F. Mayes, Senior and Junior, and J. C. White busied themselves seeing that those attending the convention were well entertained and their careful attention was undoubtedly appreciated by all the visitors, who will always have a high regard for Brownwood and its hospitality because of the many courtesies extended them by those gentlemen.

"It isn't raining rain to me. It's raining daffodils; In every dimpled drop I see Wild flowers on the hill. The clouds of gray engulf the day, And overwhelm the town; It isn't raining rain to me. It's raining roses down."

Last Wednesday about thirty-five women, girls and children enjoyed a quilting party and a delicious luncheon in the home of Mrs. Roy Simpson.

Relatives from Briggs, Texas, visited in the O. U. Tumlinson home last week end and they and the people of Live Oak enjoyed a party there Saturday night.

Mr. and Mrs. Will Moreland of Pleasant Grove, Mr. and Mrs. D. O. Simpson and Miss Leota Simpson and Mrs. John Fulton, Miss Beryle Fulton and Ila Fay Featherston of Goldthwaite visited in the C. G. Featherston home awhile Sunday afternoon.

WITNESS OUR HANDS, of

COMPARISONS

Often you think you do not get half the credit you should for what you have accomplished.

You compare your preparations for life and your lack of opportunities with those of many others who started under the same handicaps and you think you have done mighty well.

You would like that fact mentioned occasionally.

You'd like a few pats on the back and a few nods of approval.

You can't understand why people look upon your advancement as nothing out of the ordinary.

The chances are that it is not unusual.

Many who started with less have outdistanced you.

But comparing yourself with failures and feeling elated that you did not fail is not showing a very high standard for personal ambition.

It's a sort of vanity, though, that wishes to have those who knew of your poor start see you at your best now and enumerate your accomplishments.

It is a human trait but not a nice one and what you need is a good punch in that ego of yours.

It is easy to stand high in competition with a few little people.—Houston Chronicle.

EBONY

Jim Wilmeth, Mrs. Nellie Malone, S. H. Reeves and DeWitt Reeves attended the pecan growers' picnic held in Cockrell's grove on the Colorado river last Saturday.

Bro. Bedford Renfro preached at the Baptist church here Sunday morning and at night.

Sunday afternoon was the occasion of a song-feast and an enjoyable meeting of many old friends, when F. E. Meek of Brownwood directed an all-afternoon singing at the Baptist church. Mr. Meek, or Gene, as he is known here—grew up near here and has probably done more for the musical education of Ebony than any other one person. Hence the latch string always hangs out to him. He brought with him from Brownwood, Burt Middleton—one of Ebony's favorite singers in her singing convention days — his wife, his son and daughter and his two grandbabies. The musical family surely did render fine music. Among visitors present were Josh Philen of Jordan Springs, Luther McCoy of Indian Creek, Allen Forsythe of Brownwood and Mrs. Flera Reeves Hodges of Texhoma.

Mr. and Mrs. S. L. Singleton and Mrs. Charlie Griffin went to Brownwood Thursday.

NEWS OF THE WEEK

H. G. Lucas of Brownwood was re-elected president of the National Pecan Marketing association at the directors meeting in Jackson, Miss., last week.

Ernie Bakkeney, 8-year-old Beeville boy, is in the Pasture Institute at Austin, suffering from 126 dog bites. Doctors say the number is a new record there.

Senator Connally has announced that he will try to place an income tax of 40 per cent on all incomes of \$100,000 and over. If he did this, he would leave the man making \$100,000 a year, only \$200 a working day. And how could they manage on that?

Last week Governor Roosevelt said that business would not improve until the condition of the man on the bottom was improved. A few nights later Al Smith took issue with him and denounced Roosevelt's speech as an attempt to set the poor against the rich.

Two-thirds of the members of the Arkansas house of representatives have rebelled against Governor Parnell's order to dissolve the legislature. They are planning to pass laws to cut state expenses over a million

dollars by the end of the year.

Engineer R. Hudson of Kansas City stopped his engine at a station and looked back for the signal to go ahead. He didn't get it. He had lost his train on the way. So Hudson backed up 14 miles and hooked on to the passenger coaches that had pulled loose.

Ambassador Mellon at a dinner in London last week drank champagne toasts to the King of England and President Hoover and then made a speech. He declared in substance that conditions were under control. He said the depression was necessary to pay for the war. He did not say how many million dollars he had made out of the war.

Congressman Blanton's attack on the law which permits former officers of the world war to draw pensions of hundreds of dollars a month for disabilities, which do not prevent them from receiving big salaries as government employees is about to get results. An investigation is being ordered. A soldier who lost both arms and both legs in the trenches in France is limited to \$100 per month, while an employee of the state university at Austin getting \$5,000 a year from the state is also drawing \$150 pension although he did not get out of Texas during the war.
