VOLUME THIRTY-NINE.

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, OCTOBER 21, 1932.

NUMBER EIGHT

## News In Brief

### Events of the Week In This Country and Abroad.

In the South American War between Paraguay and Bolivia in the Gran Chaco, Paraguay has announced a decisive victory over the Bolivians.

Japanese airplanes again zoomed into the spotlight of world attention this week when Japanese bombers attacked so-called Chinese bandits in Manchuria Wednesday.

The bank at Omaha, Texas, was robbed of \$5,000 Monday by two roughly dressed men. They were arrested in Texarkana next day. The same bank was robbed of \$2,000 a year ago. Business seems to be picking up at Omaha.

After receiving warnings from the bankers who have been lending the city money, New York's board of estimates lopped over \$50,000,000 from its budget for next year. Some 128 limousines will go into retirement as part of the economy program.

Fifty years ago Mr. and Mrs. Buckner of Pine Hill, Rusk county, were married and to celebrate the day they planted a pecan tree. This week they celebrated their golden wedding anniversary with a dinner spread beneath the same tree, which had grown to giant size.

After sleeping 257 days in a row, Miss Patricia McGuire of Oak Park, Ill., recognized her sister and smiled. The family hope she is trying to wake up. Her disease is American sleeping sickness. She is fed liquid food every six hours and is otherwise well.

Two fainting spells resulted seriously this week. In Fort Worth, Mrs. D. M. Elam fainted while taking a bath and was discovered drowned in the tub. At Port Arthur E. M. McCatt fainted while in an elevator. His foot slipped over the door as he fell, and was so badly mashed that it had to be amputated.

An ex-convict, out on parole given him by Gov. Sterling, has confessed to the shooting of a Texas University student near the Blind Institute in Austin on the night of Sept. 20. He had been arrested in San Antonio, after an attempted robbery. The criminal claims that he was only trying to hit the student over the head with his gun, and the shooting was accidental.

## SCHUBERT CLUB

Included among the activities of the Schubert Club for the 1932-33 season are six study and social meetings. The first of these was held in the spacious home of Mrs. L. J. Gartman, with Mrs. R. L. Armstrong and Mrs. Gartman as sponsors.

The chosen course of study is American Music and Composers, the first subject dealing with "Church Music."

Mrs. Roy Wilkins very ably led the following program:

Roll Call: Story of some sacred song.

Vocal Solo: One Sweetly Solemn Thought — Miss Bernadine Rudd.

Lecture: Origin and Forms of Church Music — Miss Myrna Miller.

Chorus: The Lord Is My Shepherd, (Schubert) — Schubert Club.

During the social hour the hostesses served a dainty salad course to the following members and guests: Misses Ruby Lee Dickerson, Bernadine Rudd, Myrna Miller, Mary Bowles, Euna V. Brim; Meses, R. V. Littlepage, Roy Wilkins, Fred Martin, Roy Rowdree, Al Dickerson, Claude Eacott, Homer Doggett, E. B. Anderson, Henry Martin, Jim Cockburn, D. D. Tate, Jacob Saylor.

## Presidential Race Warms Up Many Speeches

### Gov. Roosevelt Starts New Speaking Trip and Is Greeted by Huge Crowds.

Before a crowd that filled the Pittsburgh ball park to overflowing and spread out into the streets on all sides, next-President Roosevelt Wednesday night defended his running mate, John Garner of Texas, from unwarranted attacks by Republican leaders. He himself charged the present administration with concealment of financial facts and a vacillating policy in handling the situation.

Meanwhile President Hoover was preparing for another trip, this time to Detroit, where he hopes to follow up Henry Ford's speech with one that will secure still more votes for him.

Whereas in 1928 many Democratic leaders deserted Al Smith and helped sweep Hoover into the presidency, this year the defections are in the other direction. Republican Senator Norris of Nebraska made a savage attack on the president this week over radio. He told how Mr. Hoover had lived in England for 23 years and had never cast an American vote until after the World War.

Senator Robert M. LaFollette, Jr., independent Republican from Wisconsin, has also thrown his support to the Democrats.

Straw Votes Favor Dems. Straw votes conducted by the Hearst newspapers, the Literary Digest, and numerous magazines and weekly papers all show Gov. Roosevelt leading Hoover in the proportion of about six votes to four.

## TUESDAY STUDY CLUB

Mrs. E. D. Stringer was hostess to the Tuesday Study Club this week. A "White Elephant" party was the feature of the afternoon. Each member brought with her some article for which she had no use and which was a White Elephant on her hands. The articles were all carefully wrapped so as to conceal any indication of their contents. Mrs. M. Y. Stokes, Jr., acted as auctioneer, and the packages were speedily disposed of. The money received for them was placed in the club's treasury. Each purchaser was required to open her package, and a great deal of merriment resulted.

A short program on Southern literature was led by Mrs. Sparks Bigham. Interesting papers were read by Mrs. J. T. Helm, Mrs. Earl Summy and Mrs. Walter Summy.

Mrs. Stringer, assisted by her sister, Miss Catherine Wilkins of Austin, served a delicious salad course.

## Boy Scouts To Meet Again Monday Night

### James Marberry Is New Scout Master. Other Local Men Interested.

Goldthwaite Boy Scouts will re-organize next Monday night with a new Scoutmaster, James Marberry, in charge. All boys 12 years old and over, whether they have previously belonged to the scouts or not, are invited to attend the first meeting. Mr. Marberry, who was a boy scout himself in Austin, is particularly well qualified to make a good scoutmaster. He will be assisted by Clyde Weatherby, also a former scout, and other young men here who are interested in the local troop.

At a meeting of business men Wednesday night with Scout Executive G. N. Quirl of Brownwood presiding, the following Troop Committee was elected to supervise and assist scout activities in Goldthwaite: Marvin Hodges, chairman; O. H. Yarborough, Joe Palmer, R. L. Steen, Jr., and M. Y. Stokes, Jr.

## Sales Bring Savings To Mills County

Readers of this week's Eagle will find in it the announcements of two sales that will bring tremendous savings to the buyers of this section. The advertisers, O. H. Yarborough and Little & Sons, are long established firms here who combine the old principles of fair dealing with modern merchandise and low prices. They are not fly-by-night concerns, but reliable merchants who have reputations to maintain.

An examination of the prices quoted by these advertisers will show that buyers who take advantage of them will be able to save largely right now at a time when saving is most desirable. The Eagle believes that this county has a right to be proud of these progressive firms. While the principle of buying at home is always a wise one to follow, at this time it is the most economical and generally satisfactory plan that any purchaser can pursue.

## Baby Escapes But Mother Hurt In Auto Wreck

### Mrs. D. O. Simpson Is Painfully Injured When Car Overturns Near Lake Merritt.

Last Friday afternoon an automobile in which Mrs. D. O. Simpson and baby son and her daughter, Miss Leota, Miss Minnie Cody and Will Horton were coming from Newburg turned over on the highway near Lake Merritt school house and Mrs. Simpson was seriously hurt, a bone in her breast being broken and minor injuries inflicted. Miss Cody suffered a severe cut in the back of her head and Miss Leota Simpson was painfully bruised. The Simpson baby and Will Horton, who was driving the car, neither suffered any injury. Just what caused the wreck is doubtful, but the car turned over several times and it was a miracle that some of the passengers were not killed. Mrs. Simpson's injuries are quite painful and will keep her in bed some time, but no permanent hurt is anticipated.

## TURKEY SEASON TO START EARLY

An early Thanksgiving this year, the date being Nov. 24, was said Wednesday to indicate an earlier turkey marketing season in Texas than usual. Managers of local dressing plants who make shipments to the Eastern markets said the Thanksgiving market will open about Nov. 1 and that by Nov. 10 the heavy shipments of turkeys to the Eastern markets for Thanksgiving consumption will be over. Dealers are urging farmers to begin feeding their turkeys at once in order to have the birds fat and ready for the active marketing season early next month.

Prices for this year's turkey crop are likely to be lower than last year, it was said, due to the decreased buying power on the part of the public and to the fact that a big crop of turkeys has been grown this year in the Dakotas, Minnesota, Wyoming and Colorado as well as on the Pacific Coast. The Texas crop also is said to be slightly larger than a year ago. It was thought that Texas shipments this fall will total in the neighborhood of 1500 or 1600 carloads.

At the present time No. 1 turkeys are being bought from farmers at prices ranging from 10c to 12c a pound, and the opinion was expressed on Wednesday by Dallas buyers that the market probably will open at a flat price of 10c a pound for the No. 1 birds, with a price of 7c a pound for the tom turkeys weighing above eighteen pounds. These prices are in the neighborhood of 5c a pound under last year's prices at the start of the season, but this condition is due, it is said, to the fact that all other kinds of meat also are considerably lower in price this fall than last.—Dallas News.

## SELF CULTURE CLUB

The Self Culture Club held its first meeting of the club year in the home of Mrs. E. T. Fairman.

The first two programs were combined and much interest and enthusiasm for the year's work was manifested.

Mrs. Eli Fairman, our president, gave a very inspiring address, which was followed by a number of interesting papers on Texas and Texas Indians by Mesdames E. T. Fairman, Marvin Rudd, R. E. Clements, J. C. Evans, J. M. Campbell, W. K. Marshall, J. H. Saylor, W. E. Miller and J. A. Palmer.

## COMMITTEE

## BAPTIST CHURCH

We are beginning our fifth year as pastor of the Baptist church and from what people say, even from the president to the man that walks on the highway, we have passed through one of the most strenuous times this generation has experienced. Nevertheless, our church has been able to maintain its financial rating, in that it has met all of its obligations thus far, which bespeaks for its membership a loyalty that can not be surpassed. It's true that we have had to eliminate some of our expenses, withholding from some of our work where we have heretofore helped, but with that we have given more to missions the past year than we have any previous year since becoming pastor of this church.

Our Sunday school attendance and the attendance at the preaching services have been beyond our expectation, considering the conditions that now exist around the world. The splendid fellowship and co-operation within our membership is very noticeable and one can not help appreciate the attitude, and (Continued on page 4)

## Oversize Ballots Are Printed For General Election

### Eight Full Columns Will Be Offered to Voters on Nov. 8.

Never in the history of Texas has there been more interest in the form of the election ballot than has been elicited because of the recent campaign and the contest over governorship. The size of the ballot, also makes it of interest. It will be one of the largest ballots ever handled by the Texas voters, containing eight columns or tickets, including Democratic, Republican, Socialist, Communist, Jacksonian, Liberty, Independent and Blank, together with nine constitutional amendments. These ballots had to be in the hands of the county clerk by Oct. 18, in order for their use by absentee voters although the general election will not be held until Nov. 8.

It is hoped to publish a sample of the ballot in the Eagle next week, with a explanation as to how it should be marked.

## IMMUNIZE CHILDREN AGAINST DIPHTHERIA

Miss Beatrice Lott, health nurse, has been busy with examinations and lectures this week and as a result a great many children have been made immune to diphtheria and possibly others diseases. She has visited several of the schools of the county, accompanied by members of the health committee of the county, and found that there are some children void of defects and others needing several corrections. The average is two to the child, while of course some are in first class condition and need no medical or surgical attention. Miss Lott has also made several addresses to the clubs and other organizations here and elsewhere.

Wednesday afternoon a clinic was held here in which 113 children were immunized. Dr. J. M. Campbell did the vaccinating, assisted by Miss Lott and members of the health committee.

A clinic is to be arranged for Mullin at a later date and details will be made known at the proper time.

Miss Lott will be here the remainder of the month, but will not be able to be here for administering of the second application of the serum Nov. 9, but it will be administered by physicians.

## POLITICAL SPEAKING

Judge Geo. W. Armstrong of Fort Worth, independent candidate for Governor, will speak in Goldthwaite at 11:00 a. m., Saturday, Oct. 29.

He advocates a state currency and credit system to supply the need for currency and credit; the adoption of a moratorium to suspend the collection of mortgage debts and bonds; and graduated inheritance taxes to take the place of the state ad valorem tax. He also advocates the continuance of the building of good roads and the use of the highway funds for that purpose, and the use of the roads by trucks under reasonable regulations.

Judge Armstrong will speak over radio KTAT at 9:30 Sunday night, Oct. 30, and also over radio WBAP at 10:15 Monday night, October 31. (Pol. adv.)

## LAKE MERRITT RESTOCKED

Eighteen cans of bass, crappie, brim and perch were received here Saturday by the Mills County Hunting and Fishing Club from the government fish hatchery at Cisco. They were placed in Lake Merritt, and the crappie and perch will be big enough to catch by next year. Dow Hudson, chairman of the club's fishing committee, states that this is the largest shipment of minnows to be received here in a number of years.

## Terracing Work Is Inspected By Party Here

### County Agent Weaver Conducts A. & M. and Federal Land Bank Representative on Tour.

What 12 years of terracing farm lands has meant in dollars and cents to Goldthwaite was featured in a short tour of local business men to nearby farms last Tuesday morning, when it was revealed that \$600,000 has been added to farm income in Mills county from increased revenue due to terraces on more than 50,000 acres protected in that period. "This estimate," said Mr. W. P. Weaver, county agent, "is just one half what farmers themselves declare the yearly increased yields to be. At the present time, with depressed farm values, terraces on 600 Mills county farms are adding more than \$100,000 yearly to the net farm revenue of the county."

Mills county ranks among the high 11 counties in Texas in percentage of tillable crop lands terraced. T. B. Wood, district agent in the A. & M. College Extension Service, told the group. The other counties which have terraced or contoured half or more of their crop lands are Angellina, Bowie, Garza, Haskell, Madison, Montague, Nolan, Runnels, Schleicher and Smith, he stated.

Pointing out that the U. S. Bureau of Chemistry and Soils has found that 21 times as much plant food is lost by erosion as is used up by growing crops each year in the United States, A. K. (Dad) Short of the Federal Land Bank in Houston said that during the last five years Texas has protected farm land at a more rapid rate than any other state or nation has ever done in a similar length of time in history.

F. P. Bowman, secretary of the local Star National Farm Loan Association, stated that about one half the members of his organization had terraced their lands and that only one man who has worked with the county agent has had difficulty in making his annual payment this year.

Farms visited on the tour included those of Luther Soules and Joe Richey near Goldthwaite, R. C. Petty of Lake Merritt and J. A. and J. F. Williams of Mullin. Mr. Petty declared that his terraces are worth the full value of the land because in 11 years they have saved his farm. He has everything except three acres under terrace.

On the Joe Richey farm a convincing contrast between terraced and unterraced land was observed by the touring party. The upper part of a field under terrace was in excellent condition, while the unterraced land below was far gone from sheet washing and gullies. Records of yields on these plots since 1925 show the terraced land to have been from two to three times greater each year in yield than the unterraced land below.

Mr. Weaver recalled that for the first four years he was county agent in Mills county, he had a struggle to convince farmers that crooked rows pay. Only 69 farms were protected in that time, but from that time on the demand for terracing has steadily increased from year to year. This has been especially true, he said, since 1928, when terracing schools were organized to train farmers to run lines for themselves. In addition to getting terraces built on 600 out of the 1484 farms in the county, Mr. Weaver has returned to run more lines on 237 of these same farms. There are 50 men and boys capable of running terrace lines because of their training in terracing schools in the county, he stated, and there are 12 organized groups of farmers in the (Continued on page 4)

KEEPING UP WITH TEXAS

For every spool of barbed wire manufactured in Texas, \$1.25 of the sale price goes to pay Texas labor. This is considerably more than any discrepancy in price between American-made and foreign-made wire, saying nothing of the fact that the Texas product is made particularly to withstand climatic and weather conditions that prevail in the southwest.

**BAPTIST CHURCH**  
(Continued from page 1)

Support given our church by almost every member. There is no church that is any nearer a hundred per cent for its program than the one which we are privileged to labor with. Not one honor do we deserve or claim, but we do believe in paying tribute to whom tribute is due, and honor to whom honor is due, and to every member of our church who has contributed in any way to promote its fellowship and its work, will you allow the pastor through these columns to convey to you his gratitude and appreciation for your unstinted support, and accept his prayer that God's love and goodness may overshadow you, and that health and prosperity may come to you in such an abundant way that you will be happy and more useful in the Master's kingdom.

To those of my friends who worship at other churches, and to those who have no church affiliation, will you allow me to express to you my gratefulness for your friendship, and for many kind things you have said and done that have made our burdens lighter, and scattered sunshine on our pathway. Your fellowship has been an inspiration, your friendship an encouragement, and as a token of our appreciation for such we never forget to carry you and your interests to our Heavenly Father, asking that He guide, protect and give you that joy that comes through health and prosperity.

With the beginning of our fifth year's work let's have a record crowd at all services. We will speak Sunday morning, "Why We Love the Lord." Sunday evening on "Justification." Visitors at all times are welcome.

G. C. IVINS, Pastor.

**Take a Pinch of BLACK-DRAUGHT For Distress After Meals**

He had suffered distress after meals, but by taking Theodor's Black-Draught he was relieved of this trouble, writes Mr. Jess Higgins, of Dawsonville, Ga.

"I had sour stomach and gas," Mr. Higgins explains, "and often I would have bilious spells. I read about Theodor's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order."

**SPECIAL OCTOBER CLEARANCE TRADE-IN SALE on Firestone NON-SKID TIRES**

FISCAL year closes October 31, and we are offering unusual bargains during the month of October.

October and November are the dangerous months of the year for driving. Trade in your thin, worn tires for Firestone non-skid tires, used by race drivers because they are the safest tires in the world.

Glen Schultz recently set a new world's record for the Pikes Peak climb, where hair-pin turns were made at high speeds and where a skid or tire failure meant death.

All world's records on road and track, for safety, speed, mileage and endurance are held by Firestone Gum-Dipped Non-Skid tires.

Come in today and exchange your smooth, thin, worn tires for the safest and best tires you can buy.

They cost you no more—besides, in this October Clearance Sale we will give you a liberal allowance on your old tires in exchange for these safe non-skid Firestone tires.

The Firestone tread is designed with angles and projections to give the maximum traction and non-skid. The brakes can stop the car.

## CENTENNIAL AMENDMENT NOT MANDATORY

Voters are reminded by the Texas Centennial Committee that the centennial amendment is merely an enabling act that will permit but not require state aid for the centennial. If it is adopted by vote of the people November 8, the legislature will be governed by whatever conditions may exist when the holding of a centennial celebration is considered by that body. The time, place or places and character of the celebration will be fixed by the legislature, if at all. The amendment expressly prohibits any appropriation for any other than the observance of the "heroic period of early Texas history," thus preventing the fixing of a precedent for state support of any exhibitions, fairs and celebrations in the future.

WOMEN! Get rid of the handicaps of a weak, debilitated condition with the assistance of Cardui. Mrs. R. L. West, of Huntsville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition—this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was soon feeling strong and well."

Please look at the ring you drew around the 21st of this month, and come to our box supper Friday night. We will also have an excellent beauty contest and find out which community has the prettiest girl. We will have pretty girls from our neighboring communities contesting for the beauty prize. This prize will be a delicious cake, and if the winner will allow me to help eat the cake, I won't charge her anything. The candidates in our beauty contest will be worth voting for, and Indian Gap intends to carry off the prize, while Midway intends to beat all of us. The Mount Olive folks have predicted that they will keep the prize, but we will all know more about it Friday night. Everyone is cordially invited to bring a box and aid us in this enterprise, since the proceeds go to build up our piano fund. We will have the American Legion Flag program in addition to our box supper. John S. Chesser will be our auctioneer, and this should draw more of the community closer together, for we all like Mr. Chesser.

Next Sunday we will have the new Vaughn songbooks, "Singer's Choice," and our class wants the county to know that we want every singer to help us break in some of these songs. Singing will begin at 2 p. m.

There will be preaching Sunday at the Mount Olive Primitive Baptist church by Rev. O. O. Lester, and everybody is cordially invited.

Since I am controlling the weather nowadays, Friday night will be a nice night for our box supper, so please come and have a big time with us. ABE
