VOLUME THIRTY-NINE

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, JANUARY 20, 1933.

NUMBER TWENTY-ONE

Governor Miriam A. Ferguson Is Inaugurated

Community News

CENTER POINT

Sunday school was not so well attended Sunday morning because, I suppose, of the disagreeable weather conditions.

Maxine Spinks of Rabbit Ridge visited her grandparents, Mr. and Mrs. Joe Spinks, Saturday.

Mrs. Kate Shelton visited Mrs. Julia Taylor awhile Thursday night.

Mrs. Ruby French attended the revival meeting at the Nazarene church at Goldthwaite the early part of the week.

Willard Davis, "Speck" and Ollie Brown, Arthur Williams and J. N. Smith played 42 with Gordon Williams Friday night.

Mr. and Mrs. C. L. Hallford spent Saturday night with his mother, Mrs. R. J. Hallford.

Misses Ellen Perry and Alleen Johnson visited Lessie Shelton awhile Friday night.

Misses Faye French and Ola Belle Williams called awhile Wednesday afternoon on Mrs. Barnes.

Mr. and Mrs. Raymond Lawson and family returned Tuesday night from West Texas. They spent the early part of the week with his parents, Mr. and Mrs. B. I. Lawson.

Miss Inez Spinks spent Monday night with Misses Wilma and Iylene Sherfield.

Mrs. J. N. Smith and Miss Ola Belle Williams visited in the Conner home Wednesday afternoon.

Some of the Mullin boys came down Wednesday afternoon to play basketball with the school boys. Our boys held them a good game and came out victorious.

Mrs. Will Harmon and little daughter, Annagene, visited her mother Monday.

L. B. Woods went to Brownwood one day the past week.

Jim Fallon and Walter Conner attended court at Mullin Monday.

Misses Ola Belle and Leta Mae Williams and Anna Beth Davis spent Saturday night with Wilma and Iylene Sherfield.

Mrs. Florence Conner and Vera and Mrs. J. N. Smith called on Mrs. Jim Tullos of Mullin awhile Saturday afternoon.

Jim Fallon entertained a large crowd with a party Saturday night.

Grady Tullos and Carrie Palmer took supper in the Woods' home Saturday night.

Miss Loraine Huey spent the week-end with homefolks.

Mrs. George Sherfield and daughters, Misses Wilma and Iylene, Mr. and Mrs. J. N. Smith, Gordon Williams, and Miss Vera Conner attended the tournament at Mullin Saturday.

The school boys went to Center City Thursday evening to play ball. They were defeated by a score of 16 to 24.

Mr. and Mrs. Dorman Westerman visited her mother, Mrs. Tom Brown, Sunday.

We did not have League Sunday night, as a singing was announced to be at Joe Spinks'.

W. C. King is boarding at J. D. Long's and going to school.

Everybody remember that Sunday afternoon will be singing at Rock Springs. Let's don't disappoint them.

ASK FOR COFFEE LABELS

The Woman's Missionary Society of the Methodist church requests everyone using Folger's coffee to please save for them the yellow bands that wind about the key when the can is opened. The ladies are collecting these labels as the society will be given a sum amount of cash for all they can turn in by March 15.

PRESIDENT.

MARRIAGE LICENSE

County Clerk Porter has on file an application for marriage license for Darrell Smith and Miss Lennie Hayes, both of Mullin.

Athletic Assn.

Has Basketball Gymnasium

Memberships Offered to All Who Are Interested in Athletics.

The local high school athletic association has moved the town a step forward by renting the Harrison building and installing an indoor basketball court. Although the building is a trifle small and the seating capacity very limited, where can you go to find any kind of an indoor court?

The coach and boys have been very busy day and night getting the court ready for the opening game tonight at 7:15. The opponent has not yet been selected. There will also be a game Saturday afternoon at 3:00 and another Saturday night at 7:30.

There will be held at least one tournament and possibly two within the next four weeks, as well as at least 15 other games. The completed schedule will be announced in next weeks paper.

Season tickets may be secured from Jack Locklear, Edward Dalton, the coach or at the door. These tickets are priced at 50c and 75c and will result in a big saving, as each game is 10c and 15c, while a tournament will cost 25c and 35c. The season tickets admit to any and all games played on the court and are not transferable and are forfeited when in possession of other than the owner.

We want to make Goldthwaite a center for surrounding communities and we invite them to make use of the court free during the day and at a cost of 50c (Continued on page 8)

1933 Auto Tags

Selling Slowly

Unless business picks up in the tax collector's office in the next few days, a lot of taxpayers will find themselves standing in line the last days of the month when they go to pay their taxes and secure their auto license tags.

Only 322 passenger cars are registered so far, as compared with a total of 1483 last year. Sixteen of the county's 246 trucks have been registered and 19 of the 108 chauffeurs have secured their permits.

A penalty of 20 percent is levied by law on all registrations after January 31.

BAPTIST CIRCLE

Circle No. 1, met in the home of Mrs. Grover Dalton last Monday afternoon. The opening prayer was led by Mrs. Chas. Rudd. A short business session was held. The lesson for the afternoon was the book of Joshua and we received a lot of valuable information from it. What higher tribute could be said of us, as of Joshua, "He followed the Lord all the days of his life."

There were ten present to enjoy the hospitality of this home. Our next meeting will be with Mrs. Marvin Rudd next Monday afternoon at 2 o'clock.

OCIE PEARCE KILLED IN HAMILTON COUNTY

Ocie Pearce, about 45, was shot and killed Tuesday afternoon at his home near McGirk, Hamilton county, according to reports received by the sheriff's office here.

Frank Jones called the Hamilton county officers and voluntarily surrendered to them. He had been employed by Pearce for some time prior to the shooting.

Both men are well known in Goldthwaite.

Mrs. Ferguson

Recommends New Sales Tax

Says Three Per Cent Rate Will Raise 45 Million Dollars.

In her first message to the Legislature Wednesday, Governor Miriam A. Ferguson shocked the legislators with her proposal for a three per cent sales tax on retail sales in order to raise approximately \$45,000,000 with which to take up the present treasury deficit and pay the state's expenses for the following year. She urged that such a tax be passed and put into effect immediately.

Only two other states now have a sales tax, and neither of them is as high as that proposed by Mrs. Ferguson.

She estimated that it would vary from \$12 per year for the poor family up to several hundred dollars a year for the wealthy. With it the school per capita allowance of \$17.50 and free textbooks averaging \$2.50 per capita can be maintained, she explained, and the present state ad valorem taxes lightened.

FIRST MUSIC FESTIVAL SET FOR MARCH 31.

This festival is sponsored by the Schubert club for the purpose of stimulating choral singing throughout the county. The rewards offered are a portable victrola and records to the senior division and a loving cup to the junior division.

An enthusiastic response from the school will be appreciated by the club.

COMMITTEE.

New Governor

Mrs. M. A. Ferguson

The first woman in the United States to become governor of a state is now the only woman governor. Mrs. Ferguson moved into her office in the state capitol at Austin Tuesday. Her husband, former governor James E. Ferguson, also has a desk in her office.

Social Events

MERRY WIVES ENTERTAINED

Mr. and Mrs. Roy Rowntree and Mr. and Mrs. Walter Fairman were joint hosts and hostess Monday evening, when they entertained with an attractively appointed dinner at seven o'clock at the home of Mr. and Mrs. Rowntree. Soft lights and beautifully arranged tables afforded beauty to the living room, where guests were served a dainty three-course menu.

An interesting series of bridge games provided early evening entertainment and terminated with Mrs. Earl Summy and Mrs. Foster Brim winning high score for club members. Guest honors went to Mrs. Frank Taylor and Mr. W. C. Dew.

The guest list for the occasion included Messrs. and Mmes. Kelly Saylor, T. F. Toland, C. M. Burch, D. Albert Trent, Earl Summy, Foster Brim, Frank Taylor, W. C. Dew, M. Y. Stokes, Jr., Chas. Frizzelle and Misses Adeline-Little and Georgia Frizzelle.

REPORTER.

TWO BIRTHDAY PARTIES

The two little daughters of Mr. and Mrs. Marvin Rudd celebrated their birthdays last week. Virginia Ruth was eleven on the 11th and Dorothy Nell was six on the 14th.

On Friday night Virginia Ruth celebrated with a weenie roast and slumber party. A number of girls about the same age as the hostess enjoyed this hospitality and stayed until almost noon the next day.

On Saturday at 3 o'clock a large group of children assembled at the home to celebrate Dorothy Nell's birthday. Many lovely gifts were displayed and admired. Several lawn games were enjoyed, then an impromptu program was given with each one present participating.

When the invitation into the dining room came they all marched in singing the birthday song. The big cake was shaped and decorated to represent Noah's Ark, with a long procession of animal cookies marching all around it. With the cake was served delicious fruit punch.

Both little girls received good wishes for many more happy birthdays.

Thousands Cheer Woman Governor For Second Term

Colorful Inaugural Ceremony Is Followed By Ball Tuesday Evening.

Three bands blared, Boy Scouts marched, airplanes zoomed overhead, a huge crowd that filled the state capitol and milled about the grounds cheered, and an ancient cannon boomed 17 times in Austin Tuesday. It was all a part of the colorful inauguration ceremony of Mrs. Miriam A. Ferguson as governor of Texas for the second time, her first term being in 1925-1926.

Mrs. Ferguson did not kiss the Bible when she took the oath this time, as she had done before, but she again swore that she had never fought a duel or participated in one, in the oath administered to her by Chief Justice Cullen of the Supreme Court.

Meanwhile former governor Ross S. Sterling was rushing to his home near Houston, glad, he said, to be a private citizen once more. Mr. Sterling set two records at the close of his administration. He is the only Democratic governor of Texas who, while still in office, voted for a Republican candidate; and he is the only Texas governor who even refused to attend the inauguration of his successor in office.

Tuesday night the great auditorium of Gregory Hall at the University of Texas was filled with dancers and spectators at the inaugural ball. Old time square dances were a feature of the program.

NAZARENE REVIVAL

The revival which has been going on since Jan. 8 at the Church of the Nazarene will come to a close Sunday night, Jan. 22. The Lord has honored His word as given out by the pastors and a number have found the Lord, quite a few being young people.

You are invited to attend these services. You will always find a welcome at the Church of the Nazarene.

Come at 9:45 next Sunday for Sunday school rally. We have a nice program prepared and there will be the usual singing by the Sunday school, the devotional reading, prayer by W. T. Keese, Sunday school superintendent, lesson reviewed by Mrs. Elizabeth Bateman.

What the Sunday school is worth to my community—Miss Emma Harrison.

What ages should be interested in Sunday school.—Mrs. French.

How to build the Sunday school.—J. L. Bates.

Song by our juniors—"Everybody Ought to Go to Sunday School."

The N. Y. P. S. will render their program at 6 o'clock, then preaching at 7, which will bring to a close our two weeks revival.

J. L. and CHRISTENA BATES, Pastors.

A SMALL BLAZE

An alarm of fire about noon Wednesday called the department to Walter Henry's residence, corner of Reynolds and College streets, where a defective flue had caused the roof to catch fire.

Neighbors had the fire extinguished before the fire engine arrived and there was very little damage.

QUARTERLY CONFERENCE

Presiding Elder J. E. Lovett will preach in the Methodist church Sunday night and hold the first quarterly conference for the church after the sermon. Rev. S. O. Hammond, pastor of the church, extends an invitation to the public to attend and especially requests the church membership to be present.

Those who read the advertisements and patronize the advertisers benefit themselves, the paper and the business men. There are many reasons why the advertiser should be patronized, but the fact that the advertisers are always the most progressive business men of a town is sufficient reason.

SECRETARY.

TERRIBLE TURK

Konrad Bercovici, in his book "The Incredible Balkins" gives an intimate portrait sketch of Turkey's president, Mustapha Kemal Pasha. Writes Mr. Bercovici: "He is 52. His health is that of an athlete of 20, though he has broken all rules of correct living throughout his life and has paid no attention to the conservation of his health."

"After working without interruption for 10 hours he spends the night dancing or playing cards, and begins over again the following day with but a few hours sleep in between. His endurance equals and even surpasses that of Napoleon in his best days. He eats only once a day, but that is a banquet. He loves good wine and smokes incessantly."

"Pressed hard by work, he does not change his clothes for weeks at a time, even sleeps in them, and relaxes only when dancing or playing cards or listening to music. He makes the most important decisions while listening to the playing of a violin and gives the most momentous orders while holding a handful of cards."

STAMP FOR WARRIOR KING

In commemoration of the tercentenary of the death of Gustavus Adolphus, Sweden has issued a new set of postage stamps showing his death scene. The famous warrior monarch was killed in battle on the field of Lutzen, and the design of the stamp was taken from a famous painting of his last moment. It is by Wahlbom and is hung in the National Museum at Stockholm.

J. H. Fletcher's bird dog shot him as he tried to climb a fence. The hunter, who lives in Springfield, Ill., had placed the gun on the ground, and the dog stepped on the trigger. Fletcher was wounded in the leg.

SMALL SUMS SENT BY FRENCHMEN TO PAY DEBT TO U. S.

Letters from Frenchmen expressing regret because of the chamber of deputies' deferment of the December 15 debt payment to the United States and enclosing contributions of 40 or 50 cents each have been received at the American embassy, dispatches from Paris state.

Ambassador Edge has returned each contribution with a note of thanks and appreciation.

More than two dozen from various parts of France thus far have been received. The enclosed sums varied from 10 to 12 francs.

THE SUNSET OF LIFE

Are you an aged person, envying youth and dreading a tragic old age?

Resenting old age, do you forget the happiest experience of your youth?

Don't you know that you should be getting happiness and enjoyment, in the sunset of time of life?

You have seen old people whose faces suggested hope and cheerfulness.

Those old people who have the right outlook on life show kindness and tolerance and quiet joy in the expression of their faces.

They realize that they have passed their span of happy years when life was before them and they were care-free and exuberant.

Watching the young of today they look through eyes that see aright and are happy in the thoughts which youth's joy produces.

They can live over many happy hours watching the younger people who do not yet realize any reason for grave concern about the future.

Youth lives for today and what it provides that pleases them. Aren't you glad that there are those who do not know enough about life to worry and feel blue?

Enter into their happiness and forget what you can not help.—Houston Chronicle.

A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their waste-like evacuating movements, Theodor's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Theodor's Black-Draught is one of the TONIC laxatives, tending, as it does, to establish a regular habit of evacuation.

HOW MODERN WOMEN LOSE FAT SAFELY

Gain Physical Vigor — Youthfulness With Clear Skin and Vivacious Eyes That Sparkle With Glorious Health.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses. Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast — cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar—in 4 weeks get on the scales and note how many pounds of fat have vanished.

Get a bottle of Kruschen Salts—the cost is trifling and it lasts 4 weeks. If even this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic—vigorously alive—your money gladly returned.

But be sure for your health's sake that you ask for and get Kruschen Salts. Get them at any drugstore in the world.

RABBIT RIDGE
(Intended for last week)

The grain in this community is looking fine. The rain and beautiful sunshine are just what we needed.

Dorman Westerman and family spent Sunday afternoon with Mrs. Westerman's mother and father near Mullin.

Mr. and Mrs. Will Stark went to Charley Stark's Sunday afternoon.

Ray Davis and wife surprised Mr. and Mrs. Marvin Spinks by calling on them Thursday afternoon.

Austin Whitt and family didn't let the rain keep them from going to church Sunday.

Believe it or not: Marvin Spinks took a load of wood to school Thursday.

Mrs. Ruth Davis spent a few days last week with her sister, Mrs. Nolan West of Coleman.

Marvin Spinks and family, also Louie Ponder, enjoyed Wednesday night in Austin Cook's home. Abijah Stark and family were visitors in Austin Whitt's home Sunday afternoon.

Mrs. Lowe has been suffering with her ear. The ladies of Rabbit Ridge met at her house Monday afternoon and helped her to get off to Brownwood, where she had her ear lanced. We were glad to see her return Monday evening about 8 o'clock in much better condition.

Mr. Dewey and wife are moving on Adrian Long's place. We are glad to have them in our community.

Mr. and Mrs. Bradley went to Scallorn Monday. Mr. Bradley's father is improving awfully slow.

Carl Spinks from Center Point spent Friday with his brother, Marvin.

The ones who had the flu are much better at this writing.

COOLIDGE'S QUESTION ABOUT THE ALAMO

Calvin Coolidge's visit in Texas on March 6, 1930, will long remain memorable, especially in Texas, for his remark at the Alamo.

Guest that day of the city of San Antonio, the former president and Mrs. Coolidge were taken by Gov. Dan Moody to visit the hallowed shrine of Texas independence. By a coincidence, it was the ninety-fourth anniversary of its fall.

"What," queried the usually silent Cal, without even a hint of the famous wry Coolidge smile, "was the Alamo built for?"

Around the world raced the remark, touching to the quick the pride of Texans wherever they read or heard of it.

SCHOOL FUNDS FACE DEFICIT

The revenue which the available school fund will get from existing tax levies, as estimated by the comptroller, is enough to pay the \$16 dollar apportionment which the state board of education has made for this year, and leave about \$1,000,000 for the text-book fund. But there is a lien on the available school fund in the amount of \$5,486,964 resulting from the deficiency of last year's apportionment, and that deficit has a first claim on the income of this year. It is evident, therefore, that if this year's income should not be materially greater than the comptroller's estimate, there will be another deficit at the end of the year about equal to that of last year.

GIVE FREE TEXTBOOKS IN NEARLY ALL STATES

The free textbook movement in the United States has grown like the proverbial snowball rolling down hill. Starting in Philadelphia 114 years ago, it has rolled through all our great cities and has gathered up half the states, says an article in School Life, organ of the Federal Office of Education.

The little free textbook snowball started in Philadelphia in 1818, it is pointed out. Massachusetts, pioneer in state participation in public education, also led in drafting in 1884 the first mandatory state-wide free textbook law. The free textbook movement is still growing.

Since 1915 no less than eight states have been added. Free textbooks provided a campaign issue recently in Kansas. At present twenty-three states and the District of Columbia require free textbooks; twenty-two other states authorize local school boards to provide free textbooks. New Jersey is one of the states in the former category, but New York and Connecticut have simply authorized the supplying of free books to pupils.

States which do not provide by law for free textbooks for all school children have laws which authorize public aid for providing textbooks for dependent or neglected children.

How much have free textbooks added to the cost of publication? A 1928 study in thirteen states supplied this answer—\$1.55 per pupil enrolled in elementary school and high school. This was 2.16 per cent of the total cost per pupil enrolled. For 134 cities, however, the cost was only 1.4 per cent of the total current expense.

The cost of free textbooks increases at each educational level. In a study of 227 cities of 10,000 and more population the per pupil cost for free textbooks was: Elementary school, \$1.20; junior high school, \$1.97; senior high school, \$2.75. Textbooks account for the per cent of instructional costs at the three levels: 1.9 per cent, 2.1 per cent, 2.2 per cent.

TRAINING AND WORKING ELEPHANTS

On the island of Ceylon, south of India, are many herds of wild elephants which may be captured and readily tamed, writes John H. Jollif in Our Dumb Animals. Native hunters and keepers have found that preparing the animal for his various tasks is a comparatively simple matter, for most elephants respond quickly to kindness. Kindness and petting with a reasonable degree of firmness and no cruelty soon cause the elephant to have respect and real affection for the keeper. He will be very obedient to his master in return for kind treatment. He also insists that he be not overfed, be regularly and properly fed, that he be given two baths each day, and that he be permitted to rest in a quiet, cool and retired spot.

In addition to the baths the elephant enjoys being shampooed with a brick, a coconut husk, or a piece of burnt clay. This treatment, with an occasional application of oil, adds much to keeping him in good spirits for his hard daily routine.

The chief employments of the tamed elephants are clearing forest lands, working in the brickyards, carrying and piling timber, stone, and other heavy objects, drawing wagons, cultivating the land, and carrying their masters on their backs in ceremonial processions. The elephant does his work with great care. If he thinks the ground is unsafe or the load too heavy he refuses to go ahead with the work. If urged too much he becomes quite angry.

The lifetime of the average captive elephant is seventy years. Officially this 9th day of January, A. D. 1933.

Chicago Soon to Open Its Second World's Fair

Preparations for Chicago's "Century of Progress International Exposition" of 1933, employing many innovations in world's fair enterprises, are nearing completion. Already close to a million visitors have entered the elaborate exposition grounds on sight-seeing trips, and the sponsors of the fair are exceedingly optimistic about its success, says the Pathfinder.

This epoch-making project comprises 600 acres of land along Lake Michigan (13 acres being "made" land) and is planning to accommodate 100,000 persons at any time. It runs six miles along the south shore of Lake Michigan. In all, from 50 to 75 million visitors are expected to patronize the fair from the time of its official opening on June 1, 1933, until its close at the end of October.

Known officially as Burnham Park, the fair grounds lie within machine gun range of the historic loop, but a nine-foot fence will be the biggest argument to keeping out any would-be admission dodgers.

The big amusement area is called the Midway, a "City of a Million Lights." The World's Columbian Exposition of 1893 had its Midway too, but the 1933 edition is promised by Dr. Forest Ray Moulton, in charge of concessions, to be even better. There will be more than \$7,000,000 worth of exhibit space, of which half has already been reserved and it is expected that up to a score of foreign powers will be represented.

New architectural principles have been adopted in planning the erection of the three-mile stretch of two-story exhibition buildings. As far as appearances are concerned you may like them if your tastes run futuristic, the many critics O. K. what one man has called them—"metallic monstrosities"—who adds that the replica of Fort Dearborn (scene of the massacre of 1812) is the "only sensible-looking building on the lot."

"At least we shall not bore the public with a monotonous repetition of past patterns," replies Daniel H. Burnham, director of works for the exposition, according to the New York Times. Discarded the classical style of He goes on to say: "We frankly

grouping of buildings around a court—a layout so characteristic of past expositions that it might almost be called 'the world's fair style.' It is an architecture in step with the tempo of the modern age."

"Symmetry doesn't fit movement," says Harvey W. Corbett, chairman of the architectural commission. "The symmetrical style which you see in Chicago was adopted, in the first place, from a desire to promote and facilitate movement through the buildings and from one building to the next." Many-colored walls are expected to vie with curious cubistic lines in exciting comment from visitors.

Then there is the matter of utility. The buildings will be light in construction, their total weight to be less than that of the earth removed for their foundations. And the cost will be only a tenth of that for commercial building with the same period of usefulness. Fifty per cent of usual building time is saved by the new methods employed and while they will be used for only a few months the structures are designed to last from two to fifteen years, instead of forty, as with modern office buildings.

The principal material used for exterior as well as interior is wall board. And there are no windows (except in the Administration Building). Lighting and ventilation will be artificially supplied. All the steel framework and some of the flooring and wall-board, as well as fixtures, etc., are expected to be salvaged when the buildings are torn down.

The Travel and Transportation building, which is 1,000 feet long, 125 feet high and 200 feet across, encloses the largest unobstructed area ever contained under a single roof. It is surmounted by a dome 300 feet in diameter and 125 feet high suspended from cables strung as in a suspension bridge. The cables are suspended from 12 steel towers.

"A glorified gas tank," criticizes one art lover. The "grain elevator motif," says another. But this kind of construction, "using the maximum tensile value of steel," greatly reduces cost and is therefore at least interesting from an economic viewpoint. While 1000 pounds may be suspended from a piano wire, it

CLOCK FORETELLS DEATH

Henry Jessen of San Antonio does not believe that a departed soul nearly 2000 miles away could make an idle clock in San Antonio start, but he certainly would like an answer to this actual happening.

Recently Jessen was reading in the living room of his home while on the wall of the room and immediately above his head hung a clock that had not run in nearly two years. It was exactly 9 o'clock in the morning, according to his pocket watch, and all of a sudden the clock on the wall hauled off and struck nine times.

Almost at the same time that Jessen rose out of his chair to survey the clock in amazement, his wife appeared in the kitchen and living room door. Both looked at each other perplexed. "That's funny," said Jessen. "That means something," Mrs. Jessen said.

They both resumed their work. Jessen remarking that perhaps the rumble of the railroad trains near by had released the striking hammer.

Four days later Jessen received a letter stating that his uncle, Henry Jessen, 81, had died in Santa Anna, Calif., and at the exactly same time and day of the striking of the idle clock.

is pointed out, steel beam heavy enough to withstand buckling would be needed to hold the same weight upright.

NITTI STUCK TO CODE OF "DON'T EAT — YOU MIGHT GET PLUGGED"

Chicago gangsters don't live to eat. Rather they don't eat to live.

This revelation was made recently by Edward J. Denmark, superintendent of the Bridewell hospital, where Frank Nitti, "the enforcer" of the Capone gang, lies dangerously wounded by police bullets.

He said that gangsters and professional gunmen stand a good chance to survive bullet wounds because of their know-

edge that an empty stomach helps them to withstand the shock of being shot.

"I often wondered why gangsters many times recover from wounds, which should prove fatal," Denmark said. "I asked several of them and discovered the reason. I investigated their stories through physicians and found them correct. Several told me that when they go out to commit crimes they always figure on the possibility of being shot. For that reason they go without eating.

Nitti's stomach was empty when he was shot.

BAPTIST CHURCH

We understand that the Santa Fe has employed a man by the name of Joe Curtis to meet the early morning train, in order that he might carry all the ladies who come in on the early train to their homes. We have not learned how much the salary is, but Mr. Curtis is to be congratulated.

A thing happened last week that is out of the ordinary. We were reared in a preacher's home, and have been trying to preach for more than fifteen years, and during this time we never had a minister to bring to the pastorium such things as lard, meat and fruits. But last week the gentleman that stays around the tax assessor's office occasionally, did this very thing. Thanks to both he and his wife. There is a man by the name of Irk Black, that also remembered the preacher last week by sending meat and sausage. Mr. Black is the noted sausage maker. They last longer and taste better the longer they last.

We had dinner at the Saylor hotel Sunday, the guests of Mr. and Mrs. Haynes Harrison. W. E. Miller timed us and said that we ate just as long as we preach. If those people would quit having such a sumptuous meal we could get through much quicker. Frank Taylor has got to getting to church just after the offering has been taken. The next time he does that we are going to have Tom Toland pass the plate to him, matters not how far along we are with our sermon.

Owen Priddy said the pastor made the announcement Sunday morning that we would sing the first, second and last verses, and then Bro. Nicholson and family would favor us with a special. He proved his assertion by the pastor's wife. Those of you who were present remember that the preacher said there were always some present planning their week's work while the preacher was preaching.

We asked a "highway cop" the other day if a preacher could use his "32" car license during "33", and to our surprise he said we ought to try it. According to that, these "cops" don't seem to recognize preachers any more than they would Toland or Jess Hall.

We had all better pay our poll tax and do it right away. We had better do it for two reasons: In the first place, we may want a job on the highway and some one told me that a man had to produce his tax receipt if he got work, and another reason is we are more than likely to have the chance to vote on the prohibition question this year and you have to have your poll tax receipt in order to do it. Be sure and pay before February 1.

The house of representatives voted not to reduce their salary and gave as their reason that the senate did so, playing politics. We wonder what kind of politics they were playing. Most of our lawmakers in Washington as well as in the state are in favor of reducing taxes and are in favor of reducing everybody's salary but their own. But there is one thing commendable in the house of representatives. They reduced the chaplain's salary \$2.50 a day. Let everybody keep tab on our lawmakers. Watch how they vote on the question of prohibition, and other vital questions that the public is interested in, because there will be another day.

We picked up another paper the other day and to our surprise the editor had published the "Baptist Church Notes" just as this writer had given them to the Eagle. We also noticed an editorial written by Mr. Stokes re-published in the Texas Weekly, which is one of the most widely circulated periodicals to be found. The latter statement proves that we have good editorials in this paper and you ought to read every one of them. They have to be good to get into this periodical.

Everybody come to the Baptist church Sunday for every service.

THE MOUNTAINEER

Published by the Pupils of Mount Olive School.

Eva Koen Editor
Travis McCarty Ass't. Editor

For several years the pupils of this school have felt the need of a school newspaper, but due to the size of our community, we have considered it impossible to sponsor such a paper. Due to our additional grade and teacher this year we have decided to establish an embryonic section in our local newspaper.

We believe that nothing can quite equal the educational value derived from editing a school newspaper. Each student will sometime during the year come in direct contact with the publishing of this section, thus learning some of the rudiments of journalism. By training ourselves in this way the community is benefitted and honored by our efforts.

With these few facts in mind the pupils and teachers met and organized The Mountaineer. Each teacher appointed reporters for the several sections of the school to assist the editor in making The Mountaineer a success.—Editor.

High School News

We are expecting a large crowd at our program tonight. This room has several very entertaining numbers to submit for your approval. Besides our regular program Judge Patterson has promised to pay us a visit and be on the program of the evening. There "ain't" no use in having a good judge unless we can use him once in awhile.

Mrs. Alpheus Roberts assisted this room in chapel exercises last Wednesday by giving several semi-classical and popular numbers on the piano. Everyone enjoyed the program very much, and we hope she will visit us again in the near future.

Mr. Roberts appointed the 9th grade to report the community news, the 8th grade to report the athletic news and the 7th grade to report the high school news. The reporters are Travis McCarty and Alvin Guess for the 9th grade; Mildred Wilcox and Clinton Harris for the 8th grade, and Vada Lee McCarty and Sammie Roberts for the 7th grade. We hope you like our reports.

Intermediate Report

It will be a little difficult to report much this week, as we have been very busy studying and attend to our own affairs. It seems that our fourth grade spelling is doing better now. We make a passing grade on almost every lesson now. And the teacher tell us to keep the good work going on.

Our teacher appears worried this week. Probably it is because he has to furnish the chapel program. Oh, for something unusual to happen, so the reporter would have something to tell. It seems when I start to write my brain cells (assuming I have brain cells) cease to work.

"What will stop falling hair?" asked the teacher of the health class.

"The floor," replied the bright pupil.

It seems we must report a hap-

LAKE MERRITT

There were 20 at Sunday school Sunday at different intervals. Some have suggested that "highlife" be put on some of the "slow pokes," and ropes used to tie the "early birds" while the others are getting there. We are planning on a large crowd next Sunday if it is a pleasant day and everyone is well.

Mrs. J. M. Baker and Douglas Robertson and family visited in the C. J. Brown home Sunday.

Millie Frances Hutchings and Mabel Lillian Graves spent Saturday night with the Stuck girls.

Mrs. Elba Burdett is at the bedside of her father, Mr. John Long, who is very ill.

Mr. and Mrs. Harve Kemp from Pottsville spent the week end with her sister, Mrs. Grover Price.

Mrs. C. J. Brown and Mrs. F.D. Waddell called in the Cicero Warren home Friday. Mrs. H. E. Jones returned home with them.

Those on the sick list are Mistresses J. D. Nix, Bud Oden, Grover Price, Walter Stuck and Mr. John Long.

We are very proud of our school. We will send in a weekly

pening in high school that their reporter has apparently overlooked. During a certain class they were discussing the meaning of the word "vacuum."

"What does vacuum mean?" asked Prof. Roberts.

"The place where the Pope lives," said Raymond.

"Wrong," said Mr. Roberts.

"You tell us, Sammie."

"Well, er-ah-I-I seem to have it in my head, but—"

"Correct!" said Mr. Roberts.

Our fifth grade is having trouble mastering long division. But we are gaining ground now. We are taught to make haste slowly.

We expect to donate two short plays for our literary society Friday night.

We are doing paper weaving and construction work in our grades this week. We do good work as long as our construction paper lasts.

Basketball

Sometimes Friday the 13th proves to be a lucky day, at least our boys and girls think so. Last Friday the boys' second team and the girls' first team defeated Midway by a large score in both games.

Our boys went to Indian Gap last Thursday, but were defeated by a score of 24 to 18, in favor of the Indians. They are to re-play the game here Wednesday afternoon, and we intend to re-play the defeat.

We sincerely wish to thank Mr. Scott for a very pleasant day Saturday. Our boys defeated Goldthwaite, but were defeated by Pettit by a small count.

Primary Room

There have been several students absent from our room during the last week, due to illness and bad weather. We are getting rather anxious for spring to come. The primary pupils are making a farm yard scene now. Next week they are to make things for the sand table. We have up new pictures in our room, selected by the third grade and soon we are to put up February window decorations. Much interest is being taken in the program to be presented Friday night. We will have two plays and several readings from our room.

Community News

Well, we enjoyed the nice weather last week, but the signs of good weather for this week do not look so promising.

The young folks enjoyed a party in the Rawls home Saturday night.

Winter is passing on very rapidly, consequently the farmers of this section are fixing to "make hay while the sun shines," by preparing for their future crops.

Miss Jessie Featherston returned to her home in Bedias, Texas, after a visit of several weeks with her sister, Mrs. Ira Kerby.

Everyone enjoyed the singing Sunday night at the school. Don't forget our regular singing Sunday at 2:00.

Travis McCarty and Malcolm Lee visited in the McArthur home Saturday night. ABE.

School Report

The pupils in the primary room have been very interested in working on an Indian project. If some of the children come around inquiring for arrowheads, do not be surprised. Four pupils have moved away and four new pupils have enrolled, therefore, we have our original number, twenty-eight.

Those getting their names on the honor roll by making an average of 88 or above are the following:

First grade: Nina Beth Robertson, Bobbie Joe Long, Christine Davis.

Second grade: Lunnett Robertson, Ona Mae Turner, Edwandel Townsend.

Third grade: Leroy Mason, Oxem Hawkins, Venoh Stevens, Norma Gene Hill, Florence Sutherland.

Fourth grade: Christine Hill, Louise Booker, Evelyn Robertson, Buddy Robertson, Birtle Mae Stanley.

Lucille Daniel, Clara Pearson, Jewel Hancock, and Cecil Sparkman visited school last week.

ORIGINAL POEM

The Green and the Gold
I have been to many places,
Where people were very bold,
But I never have seen any faces
That shine like the green and the gold.

I love all the colors you can name
Though they may be fastened
in a fold.

But the ones I give the most
fame

Are the dear old green and gold.

Last night I had a dream
A dream very brave and bold
I saw in a beautiful stream,
Gently flowing, the green and gold.

And when I arose today,
It seemed that the dream was
of old.

For plainly before my sight there
waved

The true colors—dear old green
and gold.

Now, if we should have a battle,
I would not stand behind a
fold.

I would take up a paddle and
Fight for the green and gold.

No, you know how I love Big Val-
ley.

I would pay all, even my soul,
And come right out of the alley
Bringing the green and gold.

So when I give up all hopes on
my death bed.

Or when I become gray and
old,

I hope that the colors of heaven
will be the green and gold.

Story From Seventh Grade

Nature Study of a Few Trees

The study of nature is very interesting, especially trees. What can be more beautiful than the trees of spring, when each puts forth its buds and leaves? There are so many kinds and each has some small peculiarity that differs from the others.

The elm is the first to put forth its green leaves, so tender and young, to let the world know that spring is on another southward journey. The leaves are small with a little etching around them that gives them a delicate characteristic. The limbs are very numerous, but grow to great size, only where water is plentiful. The elm is usually straight with its brown, smooth-barked branches reaching heavenward.

The sprawling mesquite is peculiar in that it waits for warmer weather. It seems to have an instinct, warning it not to put forth its leaves until winter has gone entirely. It then puts forth its long, light-green leaves in an abundant quantity that soon begin to drop one by one until frost arrives, then they drop in heaps beneath the limbs to decay and return to mother earth. Some of the leaves are shredded so that it may produce more fruits; a long bean.

The mistletoe, a green growth on the limbs, is very decorative. The study of trees is very interesting and new things can be discovered in every observation.

The Big Valley Owls

The Owls were again victorious Wednesday, when the Goldthwaite boys came to Big Valley. The game was a hard fight, but in the end the Owls won by a score of 25 to 7.

The Big Valley boys have improved in the last few days and are looking forward to playing several more games in the near future.

RIDGE

Big Valley and Rock Springs are going to have to pep up. We had 39 present at Sunday school last Sunday.

The young folks enjoyed a party at Mrs. Cumming's house Saturday night.

Leta Marshall of Cisco is visiting her sister, Mrs. Fowler White. Charley Kight and Ernest Wood are delivering a car of oats at Mullin.

Leta Marshall spent Saturday night with Ruby Lee Cummings. C. C. Meeks and family moved to New Mexico last week.

Mr. and Mrs. Powell and daughter, Frances, went to McCulloch county Saturday.

Mrs. Edmondson and sister, Lois, ate dinner in the Kelo home Sunday.
Mrs. Curtis, Herman Boyd, Mr. and Mrs. Raymond Boyd and Hi-

state of excitement.

"Vernor kissed me!" she announced in a thrilling voice.

"Why Juanita," cried Miss Ruth, "What did he do that for?"

"Well, I'm not sure, but I think I have the stronger will."

Miss Ruth: "Now Beryl, what is the third letter of the alphabet?"

Small Beryl: "Dunno."

Miss Ruth: "Yes you do. What is it you do with your eyes?"

Small Beryl: "Mother says I squint."

Mrs. Hays: "How many bones have you in your body?"

Clovis: "Nine hundred."

Mrs. Hays: "That's a good many more than I have."

Clovis: "Yeah, but I had sardines for lunch."

Mr. Hays: "Oliver, how much is one-twelfth of sixteen?"

Oliver: "I don't know, but it's not enough for me to worry about."

Ode to the Owls

By June Knowles

Here's to that grand old team!
The Owls, full of pep.

At home or on the field,
They uphold their "rep."

The best of sports and pals,
They're ever faithful to Big Val-
ley.

From morning until night,
On the track or at home,
The best they always give,
Their lives they offer as the
proof

Of why and how they live.
Good luck to you, Old Owls,
May you make new friends each
day

May your efforts be successful
And happiness come your way.

Primary News

Several children from the primary room have received health buttons, giving them the title of Health Guards. Those receiving buttons are as follows: Donald Oglesby, Edna Weaver, Johnnie Marvin Woods, Robert Harrison Ataway, Beryl Oglesby, Juan Flores, Manuela Compaso and Roberta Roberson.

The third grade English class is exhibiting an unusual amount of interest in the Indian village which they are building in the sand table. Their keen observation and ability to do research work in connection with the project is commendable.

Intermediate News

Every Friday is club meeting day for the intermediate English work. One Friday stories are told and the next poems are quoted. The classes vote on the poem or story rendered best. Last Friday the following pupils won first place in his grade: Lacy Thompson, fourth grade; Ina Bea Hale, fifth grade; Clemmie Mae Hicks, sixth grade; Paul Warlick, seventh grade.

STAR SCHOOL NEWS

Choral Club

A number of choral numbers are being learned now. Some happy events are planned for the near future. All are becoming more interested in carrying a lighter heart; song always makes this possible. No greater effort is being expended at present than has been before. We are very glad to note this change.

The county music memory directory wishes to notify schools interested in entering music memory division of the interscholastic league, that an error has been made in the announcement of choral singing in both the December and January issues of the Leaguer. This error may cause some schools to buy an unnecessary number of records. The following numbered records are necessary for this year's contest: 22617, 19891, 20737, 21751, 21949, 26744, 19830, 22083.

The last three in this list are records used last year.

High School
Let's all boost our boys on their successes. They played more games than any other team at the tournament at Mullin last Saturday and won them all. This is an accomplishment for they had only six men to play. Some more games are expected Friday for both boys and girls.

Debating is progressing with fair interest.

Grades
The second grade has been studying about birds. They know the names of twelve birds that they are not familiar with.

The first grade's main aim in life is to finish their book, so they may get another.

All the grades are doing well. However, there are many absent, due to illness. This is expected to be over some soon.

Chapel

The chapel program will be rendered by the primary room Wednesday morning. The next program will be rendered by the seniors. We are planning a debate.

Visitors

Those that visited our school this week are: Julia Dee Fallon, Johnnie Taylor, Ollie Shelton and Willard Davis.

Those that visited in the Ed Davis home Friday night were Carl, Alva, Albert, Evie, Woodrow and Pat Spinks, and Mr. and Mrs. Sparkman and daughters. They report a fine time singing and listening to the victrola.

Ex-Pupil in Hospital

We regret very much to hear that little Dorothy King had the misfortune of falling on a nail and paralyzing herself. She is now in the Brownwood hospital. We hope she recovers speedily.

PROMINENT PRAIRIE COUPLE MARRIED

Miss Edna Mae Whitmire of Cleveland and W. Thomas Smith slipped one by their many friends when they went to Georgetown and were married on Dec. 24, at the Methodist parsonage there. The happy young couple were accompanied by a sister of the young bride.

Mrs. Smith is one of the efficient teachers at Prairie and has a coterie of warm friends in this section of the state.

The groom has taught a number of successful schools and has also been engaged in the oil business. He has many friends and is a capable and energetic young man, a son of Mr. and Mrs. W. M. Smith of Prairie.

The wedding tour included Cleveland, Houston and Austin.

PIONEER CITIZEN DEAD

Mrs. Chas. Dudley died Thursday night at her home in the Prairie community. Mrs. Dudley was 82 years of age. She and her husband were among the first settlers in what is now known as the Democrat community, having settled there about 1836, where they continued to live until her husband died about eight years ago. Since that time she and her son, R. C. Dudley, have continued to make their home there. She is survived by her son, C. R. Dudley, and three grandchildren.

The remains were laid to rest in the cemetery near Newburg, in Comanche county. The pastor of the Methodist church of Comanche conducted the funeral services.

GREEK—EDMONDSON

Carl Greer and Miss Joyce Edmondson were quietly married at the home of Rev. L. J. Vann in this city Sunday afternoon. Rev. Vann officiating. Mr. Greer is a son of Frank Greer of Zephyr and a grandson of Mrs. E. J. King of Mullin. He is a prosperous young farmer and a man of many friends. Mrs. Greer is the charming young daughter of Elder and Mrs. J. D. Edmondson of Mullin. She is a graduate of Mullin high school and has made a host of friends.

The happy young couple will make their home on a farm near Zephyr.

WHITE—OWENS

Mr. Lee White of Mullin and Miss Myrtle Owens of Dallas were quietly married at the home of Rev. L. L. Hays on last Saturday afternoon, the Rev. Mr. Hays saying the words that bound them in wedlock.

Mr. White is the son of Mr. and Mrs. B. J. White and has been in the employ of this county for several years doing roadwork.

Mrs. White is a stranger here, but the Enterprise joins in wishing the young couple a happy wedded life.

NAME ON HONOR ROLL

REVOLUTION IN THE UNITED STATES

A lot of loose talk is going the rounds about the likelihood of revolution in the United States.

Some of it doubtless comes from people who would welcome a reign of terror as a means of revenging themselves upon society for their own suffering.

The overthrow of the Republican regime at Washington and in many states last November has been hailed in many quarters as a sign of peaceful revolution.

If there is a revolution in store for the United States, it is undoubtedly a bloodless one.

Revolutions usually come because the common people have been deprived of their rights and determine to seize them.

No, revolution is no solution to the problems that face us now.

THE "GIMME, GIMME" SPIRIT

A San Antonio paper recently printed a letter from one of the unemployed of that city in which the man demanded that the street cars and buses there should carry the unemployed to and from relief headquarters free of charge.

The greatest damage that this nation is likely to receive from the long period of depression through which it is passing is that of inculcating this spirit of begging in its people.

Before Rome fell to rise no more, the noisy plebeians of that city were being pampered with free bread and circuses.

This spirit of wanting something for nothing has been gradually encouraged in the United States for years. School children were first given free tuition, then free textbooks, then free transportation.

In recent years federal, state and local governments have added more and more employees to their pay rolls.

Where is the independence of which Americans once boasted? Hard times are not new to this continent, but previously there were no relief committees to appeal to.

We do not begrudge one penny of needed charity. We hope that every deserving family is helped and every mouth is fed.

A nation whose people are afflicted with the "gimme, gimme" spirit is sorely handicapped. It is a sure sign of senility and decay.

PALM BEACH SUITS

According to the Goodall Co. of Sanford, Maine, Palm Beach suits are slated for tremendous popularity this summer.

The importance of this report to this section is obvious. Palm Beach cloth is made up chiefly of mohair and a great part of the mohair grown in and around Mills county is purchased by the Sanford mill.

While the increase in the number of goats in Texas will probably prevent mohair prices from again reaching the dizzy heights they once attained, any increase in demand, such as that predicted for this summer, is certain to have a stimulating effect on prices.

THE FERGUSONS ARE BACK

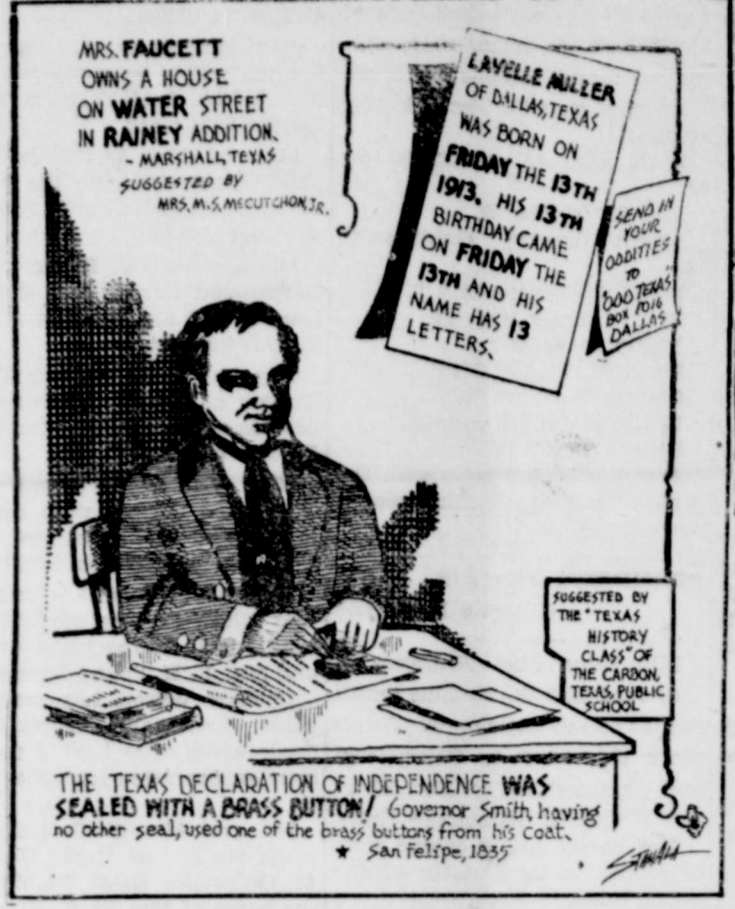

History repeats itself. For the fourth time in 20 years the Ferguson family is back in the Governor's Mansion at Austin and at the top of the roster of Texas state officials.

There may be some dispute as to whether "Ma" or Jim is the real governor, but there is no doubt at all as to the fact that the governor's office is run by them.

An unbiased observer in looking back over the three previous Ferguson administrations will find much to censure but more to praise. No one doubts Jim Ferguson's capacity for constructive leadership.

At any rate there are two familiar faces back in the governor's office, and we, with most other Texans, wish them a successful administration.

THE REALM OF SCIENCE

NEEDLE RESTORES LIFE BY MAKING HEART BEAT

Death occurs "officially" when a heart stops beating, but physicians have known for years that it did not really come until a few seconds or a few minutes after that stoppage.

The practice is old, but this method is new and different and promises to extend the field in which the curtains of death can be held back a few moments.

Dr. Hyman substitutes electricity for medicine. Electricity, too, has been used before, but not in the way this needle applies it.

In his laboratory a guinea pig was asphyxiated. After its heart had been motionless for two minutes, the new needle was inserted, but without any current.

Acidosis, real acidosis, is usually a fatal condition. It may be traced to some organic disturbance of the body. It occurs in the course of serious and prolonged ailments.

Acidosis is caused by an excessive accumulation of acids within the body. There must be a definite relationship between the amount of acids and alkaline

substances in the body. This proper balance is maintained by the excretion of waste materials through the kidneys, skin, and intestines.

Please bear in mind that acidity and acidosis are two distinct and separate ailments. Do not confuse them. As you see, you are not likely to meet acidosis, but by faults of eating you are almost sure to suffer from those symptoms which are commonly called acidity.

to the heart. Slightly more than 50 per cent of the few persons who have received the treatment, he says, have recovered.

Many animals have been brought back to life in the preliminary experiments. The animal tests illustrate what Dr. Hyman believes was the real cause of restoration of life by the drug injection method.

Dr. Hyman believes was the real cause of restoration of life by the drug injection method. It was not so much the drug, he found, as the fact that pricking by the needle used hypodermically on the heart caused a beat or two.

What Other Editors Have to Say

A SOUND SCHOOL PROGRAM

L. W. Rogers, interim occupant of the office of state superintendent of public instruction, may not hold the office long, but he has expressed some ideas in the annual report of his department which should be carried to every citizen of Texas.

Some of the things he points out are not new—for instance, the fact that the schools now stand to lose millions of dollars as a result of the recently voted abolition of ad valorem taxes on homestead property in the state.

The state has wished on itself a great hunt for new tax sources and a clash of interest incident thereto is certain to come.

The recommendation of Mr. Rogers that methods of distributing the state apportionment of school funds be changed from a per capita to a per enrollment basis should be adopted at once.

Certainly occasion should be taken of the present opportunity to raise standards for teaching generally. As matters stand we have a plethora of teachers, including ones excellently trained and with college degrees.

Mr. Rogers is also right in urging consolidation of high school districts where property valuations are not high, in urging county-wide authority over the schools, with elimination of duplications, and with modern accounting systems to do away with the loss and waste of school funds that is now inevitable.

He wanders into the political field in urging the selection of state and county superintendents by non-salaried boards rather than by the voters.

With this one exception, the Rogers program should receive the careful study and deep interest of every man and woman in Texas who has an interest in the schools.

The superintendent ad interim, as so often has been the case with lieutenant officials in America when given the opportunity, has proved himself of real leadership caliber.—Houston Chronicle.

"I wish well to all trades, but with a reserve. I hope the baker may bake and sell more bread. I hope the clothier may sell more yards of cloth and make more coats. I hope every farmer may sell more wheat. But I cannot say in my heart and conscience that I hope the brewer may brew more beer or the distiller distill more spirits, or the publicans sell more of both; the prosperity I wish to this one trade is that it should cease."—Cardinal Manning.

SWIGGING CHURCH MEMBERS

The pastors of Fort Worth churches are going to sign up their members on a total abstinence card as a means of fighting bootleggers.

This, of course, is the literal truth. In the north and east, if the Catholic and Jewish churches would support the law, prohibition would be a success within thirty days.

When Dr. Selecman talks about drinking stewards, he could call names, if he would. Dallas has a swigging Sunday school superintendent or two, and Dallas knows it.

That is not political preaching—but it is preaching. It is the sort of preaching that the pulpit should have been doing for years.

Younger children must be cared for longer than usual because rehabilitation of their homes has been postponed. These are hard facts, yet we can not permit them to become hopeless.

Mr. Putnam points out that the nearest rival to his library is the great public library at Leningrad, Russia. In that library there are more than 4,823,000 separate items.

Every 24 hours during the past year over 500 books were added to the library's collection for a total of more than 185,000 for the year.

In this great library there are more than 125 miles of shelves for storing these more than 4,000,000 books.

But the largest library building in the world is the state library in Berlin, Germany. It covers a ground space of 17,000 meters (a meter is a little over 39 inches) and is 15 stories high.

While the Library of Congress is not the handsomest building in Washington, the rich interior decorations make it one of the most elaborate buildings in the capital.

THE CHILDREN

The warning recently sounded by the Federal Children's Bureau is seriously echoed in the Child Welfare League of America have just put before the public.

In addition to the disproportionate between these swollen figures and the shrunken appropriations which are too often the rule, the welfare agencies have to contend with the clogging of their systems due to the fact that it is impossible to discharge children from institutions after a normal interval.

Older boys and girls who would find work if conditions were normal must remain in care because there are no jobs. Younger children must be cared for longer than usual because rehabilitation of their homes has been postponed.

These are hard facts, yet we can not permit them to become hopeless. It is a tragically mistaken economy, even if we consider the matter on the lowest basis of self interest, to scant the care needed by children than to scant the elements needed for essential physical growth by any human body.

Mr. Murphy sounds the warning that every man or woman who has looked into this field has uttered. If the grants for child care are diminished for any reason, however pressing, "in time the city will pay through the destruction of priceless talents represented in the lives of these children.

The child welfare gains of many years are at stake. The facts must be presented to the giving public and to the public authorities.—The Commonwealth.

Sheriff Mack Morgan, Deputy Sheriff Dow Henderson and Esq. A. P. Shockley were called to Alena at about 11 o'clock Thursday morning, Jan. 12, to hold an inquest over the body of Otto Wurb, 48 years of age and a bachelor, who had shot himself to death.

Charely Volentine, who lives on his farm in the Vista mountain community is here this week directing the removal of the debris and half burned walls of the old home on east Main street, known as the Carterton place, which was destroyed by fire.

Joe McCutcheon, a well known and highly respected citizen of the county and a progressive and successful farmer, had the misfortune to lose an eye in an accident that occurred in his field on his farm on the Cowhouse near the Boone Crossing. Mr. McCutcheon was operating a harrow in his field. He stooped over to make some adjustment of the machine; his feet slipped and becoming unbalanced he fell on the harrow, one of the prongs of which penetrated his cheek just below the eye, dislocating that member in a manner that caused its loss.—Record Herald.

Comanche

To establish a free reading room in the court house is the first objective of the newly organized American Legion Auxiliary.

A war on snakes is being staged in the Logan Valley community, according to Buford Powers, Charley Bilbrey and Mike Mabre, who exhibited 40 rattle snakes in Comanche Monday. The 40 snakes were killed in one den on the Bill Ferrell Mountain.

The bank deposits of Comanche are up more than 12 per cent over those of three months ago, according to statements released this week by the Comanche National Bank and the First State Bank.

Unless the payment of the Comanche City School taxes increase during the remainder of the month, the greatest shortage of funds within recent years will face the school board, according to those in touch with the situation.

Six thousand dollars has been allotted Comanche county by the Reconstruction Finance Corporation of the federal government to be spent for labor among the unemployed during January and February, according to a telegram received by Carroll Black, local chairman.

The Comanche cotton acreage will be increased from one-fourth to a third next year, according to William Chilton, cashier of the Comanche National Bank, who said that he had formed that opinion after talking to a number of farmers. Cotton, even at five cents per pound, is still the best crop for paying debts, Mr. Chilton said.—Chief.

Lometa

Mrs. W. T. Taylor and daughter, Miss Myrtle, have gone to Goldthwaite on a short visit with Mrs. Ethel Musgrave and family.

Bob Kirby of Center City was a visitor of the "Hunters" in Lometa last Thursday. The hounds were ready to bark, so the chase was on.

Wednesday evening at seven p. m., at the home of the bride's parents, close friends and relatives witnessed the nuptials of Miss Jonnie Jane Ross and Mr. Whitlow G. Elzner.

The friends of Miss Jimmie Huling have received the announcement of her marriage to Harry B. Jossell of New York City. They were married in Fort Worth.

Word was received Tuesday of the death of C. V. Stephens of Ohio, Texas. Mr. Stephens is a former resident of Lometa, and is a brother of Mrs. Will G. Allen.

THIRSTY MOOSE TACKLES HUNTER

There seems to be no way to account for the latest story to reach the fish and game department of the Canadian National Railways except to decide that some fisherman has taken up hunting. The story comes from Pictou County, N. S., and the spinner of the yarn insists on preserving his anonymity. It seems he left camp for a spring about twenty-five yards away. He carried with him a small pail and a flat dish. He filled both with water and started back. En route a bull moose stepped out of the bush, lowered his head and drank all the water in the dish. Then he bumped the hunter in the nose and the hunter exhibits a large bruise to prove it. Not to be outdone, along comes a duck-hunting party from Grand Pre with this tale. One member of the party bagged four geese. He slung them over his shoulder and started for camp. The birds proved a bit heavy so he put them down on the ground while he rested himself. While he was resting, one of the geese came to life, gave a warning "honk" and flew off over the marshes.

Thousands of Women Have Taken Cardui on Their Mothers' Advice

It is an impressive fact that many women have said they learned of the value of Cardui from their mothers.

What stronger evidence of her confidence in a medicine could a mother have than that she advises her daughter to take it? Cardui is given the credit for relieving so many cases of womanly suffering that it is widely and favorably known. Druggists, everywhere, sell it.

CENTER POINT (Intended for last week)

There was Sunday school Sunday morning and League Sunday night. There was also singing in the afternoon. Quite a large crowd was out. We enjoy the presence of everyone who comes and especially enjoy those who help with the singing.

Mr. and Mrs. J. N. Smith visited Mrs. Conner Sunday.

Word came here last week that little Dorotnea King, who recently moved from our community with her parents, Mr. and Mrs. Nathaniel King, was seriously ill in a Brownwood hospital. Several things are bothering her, including lockjaw and paralysis. Her condition is regarded as very serious. We sincerely hope that Dorothea will be improved at next report.

Miss Inez Spinks visited Mrs. Ray Hammonds awhile Sunday afternoon.

Miss Eva Fallon spent last week at Burnet, visiting relatives. Chester Williams and family have moved back to their farm. Faye and Ruby French called in the Aubrey French home Sunday afternoon.

Misses Lillie and Vera Conner and Ola Belle Williams spent Monday with Misses Wilma and Iylene Shelfield.

Miss Alva Spinks returned home Sunday, after a week's visit with her sister, Mrs. Joe Anderson.

Mrs. Julia Taylor came in Monday from Stamford, after being at her daughter's bedside for several days. She reports that Mrs. Cox is recovering nicely from the scarlet fever and is able to be up again.

Miss Ola Belle Williams spent part of last week with her mother.

Mrs. Adams and family moved from our community Monday. We regret very much to lose these good people.

Mrs. Marion Williams spent Friday and Saturday with home-folks.

Lester Adams came in Wednesday, after working near Granbury since early fall.

Mr. and Mrs. Emil Steinmann and little daughter, Mattie Jane, visited in the Ed Davis home Sunday.

Tom Brown and family have moved into the house previously occupied by Mrs. Adams and boys.

Mr. and Mrs. Amos Shelton are the proud parents of a new boy, born Wednesday.

The trustees have just finished the nice new yard fence around the teacherage. It surely adds to the attractiveness of the yards.

Aubrey French helped Chester Williams move Monday.

Miss Leslie Shelton visited her sister, Mrs. Ray Hammonds, awhile Sunday afternoon.

Mrs. B. I. Lawson spent Monday afternoon with Mrs. C. L. Wilson of Mullin.

Fred Davis visited his parents Monday.

Mrs. Kyle Lawson and little son, Marvin, of Duren visited Mr. and Mrs. B. I. Lawson Tuesday.

A family from Star have moved into the Webb home, previously occupied by Nat King and family. I have not yet learned their name, but we heartily welcome all our new neighbors into the community.

Mrs. Kate Shelton is caring for her new grandson this week.

Neal Johnson and Jesse Shelton played 42 Saturday night with the Taylor boys.

Mrs. Joe Anderson spent a few days last week with her parents, Mr. and Mrs. Joe Spinks.

Misses Georgia and Geneva Sparkman spent the week end with home folks.

Several from this community were called to court last week.

Quite a few have been on the sick list this week, including the scribe.

The sunshine is surely enjoyed by everyone.

Bob Martin has had an attack of the flu. Vernon McWhorter and Arvon Davis have been doing his work and carrying the milk to town. BO-PEEP.

CONGRESSIONAL RECORD

For nine years (1853-1861) the three Washburn brothers, Cadwallader, C., Ellhu B. and Israel, sat in congress at the same time, representing different districts of different states. C. C. represented the sixth district of Wisconsin, 1855-1871; E. B. was the representative from Galena, Ill., 1853-1869; while Israel sat from Orono, Maine, 1851-1861. A fourth brother, William D., was congressman from Minnesota from 1879 to 1885. Israel and C. C. eventually rose to be governors of their states, while E. B. was President Grant's secretary of state and minister to France. They were the distinguished sons of a distinguished father, Israel Washburn of Livermore, Maine, the family holding a unique record in public service.

OLDSMOBILE • CHEVROLET DEALER

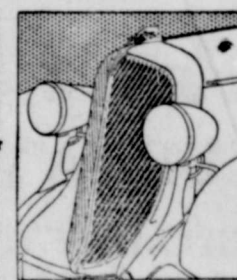

announces

the First Public Showing of the NEW OLDSMOBILE 6 and 8

STYLE LEADERS FOR 1933

THE NEW SIX

THE NEW EIGHT

We take great pleasure in announcing our appointment as dealer for the Oldsmobile 6 and 8 in this community.

These two new style leaders for 1933—a roomier, more powerful Oldsmobile Six at \$745, and a larger, more luxurious Eight at \$945—are now on display at our salesrooms, where we cordially invite you to see them and have a demonstration.

They are entirely different from anything you ever saw. New Fisher bodies—radiators—lamps—hoods. New fenders and wheels. New rear contours. Every where, a striking new smartness that would acclaim at double the price.

And with all this style appeal, the 1933 Oldsmobiles are brilliant, dependable performers, greatly advanced in engineering. Both the 80 h.p. Six engine and the 90 h.p. Straight Eight engine are cradled in rubber with a three-point mounting of new scientific design, making these inherently smooth power plants still quieter and smoother throughout the

entire speed range. Fisher No Draft Ventilation, Individually Controlled, beyond question the greatest contribution to comfort, health and safety since the introduction of the closed body, is built into all 1933 Oldsmobile closed cars.

In addition to our display of the new Oldsmobiles, we invite you to inspect our facilities for servicing Oldsmobile cars. Our service department is already stocked with genuine Oldsmobile parts and equipped with factory-approved machines and tools, in charge of expert mechanics, assuring a high standard of prompt, efficient service. We will also continue to provide Chevrolet owners with the same complete service they have enjoyed in the past.

See the new Oldsmobiles at your earliest convenience, and arrange a trial ride for a demonstration of the balanced excellence now available in these cars, at the lowest prices in ten years—\$745 and up, f. o. b. Lansing—bumpers and spare tire extra.

THE GOLDTHWAITE EAGLE

William Glenn Yarborough was at home from Austin last week end.

Fred Webb is here from Little Rock, visiting his family for a few days.

W. R. Reed writes to change his paper from Rockwood to Star, he having moved back to good old Mills county.

Ray Duren of Mullin was transacting business in the city one day this week and made the Eagle an appreciated call.

Mr. and Mrs. R. H. Mayfield and daughter, Sue Jane, accompanied by Mrs. Wallace Stroud, visited in San Saba Sunday.

Paul Webb and wife of Marshall are visiting in the home of his parents, Mr. and Mrs. F. D. Webb, and other relatives.

Mr. and Mrs. Dan Yates are again in their home, which has been rebuilt after being damaged by fire.

Mr. and Mrs. T. A. Casbeer of South Bennett community were in the city Wednesday and made the Eagle office an appreciated call.

Mrs. Henry Casey and children, Mary Sue and Robert, of Brownwood spent the week end in the home of her parents, Mr. and Mrs. J. S. Chesser.

Mrs. W. A. Richards and daughter, Miss Thelma, Mr. and Mrs. Ray Ford and Miss Evelyn Garton were among those who attended the governor's inauguration and ball at Austin Tuesday.

Rev. and Mrs. S. O. Hammond, Rev. J. S. Bowles, Mrs. Hugh Moreland and Mrs. R. M. Thompson attended a Methodist conference at Llano Wednesday. Bishop Hay and other church leaders were in attendance.

Mr. and Mrs. C. L. Stephens returned last week end from Chilco, where they were called the week before on account of the serious condition of his brother, C. V. Stephens, who was stricken with apoplexy and died on Jan. 18. He was conscious when Mr. and Mrs. Stephens reached his bedside and recognized them. He had visited his brother here several times and is kindly remembered.

EXPRESSION CLASS

I will open a class in Reading and Expression Monday afternoon-January 30. Special rates to pupils attending kindergarten. For further information see Mrs. Wallace Stroud, at Mrs. Mollie Lowrie's residence.

BIBLE STUDY LESSON

Circle No. 3 met in the home of Mrs. Lewis Gartman Monday afternoon from 2 until 4 o'clock for our regular Bible study.

Mrs. W. P. McCullough brought us a very interesting lesson from the book of Judges. As we had eleven answering roll call we were sure we would get the banner. We were glad to have with us Mrs. Frank Keese and baby, Francene, of Long Beach, Cal.; Mrs. S. F. Gartman and daughter, Miss Lucille of Dallas; also our president, Mrs. E. B. Anderson.

As we have one of the best and most interesting circles in our W.M.U., if there is any one who is not attending any of the different circles, come and join us, for we are sure that it will be well worth your time.

Our teacher puts much thought and time upon each lesson, and she brings it to us in such a beautiful way, that we could not help but appreciate her efforts.

During the social hour our hostess served hot tea and cakes.

Meeting with Mrs. W. P. McCullough next Monday afternoon, we will study the book of Ruth. REPORTER.

BIRTHDAY PARTY

Saturday afternoon, Jan. 8, 1933, at 2 o'clock, little Miss Norma Ruth Featherston celebrated her 3rd birthday with a party at the home of her grandparents, Mr. and Mrs. J. S. Chesser.

About fifteen little guests arrived and were invited into the house by Norma Ruth. She told them all she was three years old. Much fun was caused over a contest of guessing how many large white beans there were in a jar. Rose Dawn Smythe guessed the correct number and received the prize, which was a sack of pecans. Another contest was pinning the donkey's tail. Dorothy Phee Collins received this prize, which was a large stick of candy.

The children then looked at the gifts which caused much fun and excitement. They then marched to the dining room, where a large white cake with three pink candles for decorations was placed on the dining table. They marched around the tables singing the happy birthday song. Then much merriment was caused by the blowing out of the candles.

Hot chocolate, with marshmallows and cake were served to the guests. Everyone left at a late hour, wishing Norma Ruth many more happy birthdays. A GUEST.

HIGH SCHOOL NOTES

This column is so long this week that we want to advise careful reading, as there is much of importance in these lines.

We went to the Mullin tournament last Saturday and lost to Mount Olive 13-12, won from Center City 13-14, and lost a thriller to Mullin 19-16. The game with Mullin was one of the best during the tournament, which was won by Star.

The play to decide the county champion gets under way the middle of next week. The champion gets to keep the Miller trophy cup for one year. This cup was donated by Mr. L. E. Miller and was held by Star the first year and by Center City last year. The cup must be held three times by a school in order to become their permanent trophy. Mr. Miller has also donated a cup for the girls' county championship in basketball. This cup was won by Star the first year and by Duren last year. The girls tournament will be held sometime in February or March.

Three boys in high school will receive basketballs from the coach this year. These awards will be made on a basis of the boys who rank highest in their attitude toward 1. school work; 2. training; 3. basketball; 4. cooperation.

The girls have received their new basketball as a result of hard work and will begin their practice under the direction of Miss Brim. Girls, we need to get our name on the Miller cup.

Center City, Mullin, Star and Goldthwaite comprise class A. Here is the approximate schedule:

Jan. 25 or 26—Goldthwaite at Mullin; Center City at Star.

Jan. 27 or 28—Center City at Goldthwaite; Star at Mullin.

Feb. 1 or 2—Goldthwaite at Star; Mullin at Center City.

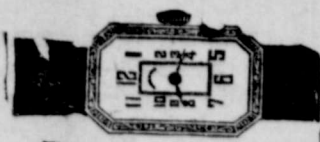

Feb. 3 or 4—Mullin at Goldthwaite; Star at Center City.

Feb. 8 or 9—Goldthwaite at Center City; Mullin at Star.

Feb. 10 or 11—Star at Goldthwaite; Center City at Mullin.

We are planning to hold an invitation tournament Feb. 4 and the county class B tournament will be held Feb. 11.

Good Gracious! You have a date at the junior high auditorium on the night of Jan. 27, in addition to seeing a good play, you will hear the little folks in a number directed by Miss Myrna Miller; the state champion glee club directed by Mrs. Fred Martin and Julian Evans and gang in some fun.
