Signs of  
hard winter?

SKIP COLD-WEATHER RISK...MAKE SURE YOUR ENGINE

stays oiled

Conoco is not the only oil refined by modern methods. But notice what all the usual processes are said to take out. Then notice what the exclusive Germ Process—fully patented—PUTS IN. Nothing vague about this process.

It tops off everything else known to Refinery Science, by putting in the Hidden Quart which makes your engine stay oiled.

You can park your car for hours in blizzards; stand for days in a cold garage. But you cannot make a dragging, expensive, engine-eating start.

Unlike other oil, no matter how free-flowing, Conoco Germ Processed Oil needn't wait for your starter or oil pump. The Hidden Quart is up on guard in advance. It hasn't drained down because it can't. The Germ Process has let it "marry" into the inner surfaces of your engine for good... a strange though natural "affinity" well known to scientists.

Even the new copper-lead, high-lead and cadmium-alloy bearings, as well as conventional babbit bearings, are far better protected by Conoco Germ Processed Oil than by plain mineral oils. Scientific tests have proved this.

But millions who only laboratory is under the hood, can tell you a lot about the Hidden Quart and Germ Processing. They'll tell you the battery stays up, the oil level stays up, the old winter worry and expense stay away.

All you need to tell your nearest Conoco man is "Change mine right now!" Continental Oil Co., Established 1875.

## DANNY, THE DIRT DAUBER

Leon Gray informed Mr. Watson that he said "all right" fifty-one times during geometry. After this, he (Leon) ran.

Mr. E-x-Graduate Wallace Johnson wants to know if anyone has turned a backward somersault with a chair in book-keeping class as he did once when he was a child in school.

Fred Marshall is the only fish that has been properly initiated into high school. He has been seen several times with some junior and senior girls and has been run through the belt line.

Omar seems to think the Latin class is "amateur hour." Major Barnett gave him the gong during his second performance.

We have some composers in our midst. Misses Aileen and Jeanette Martin composed several verses to "Popeye the Sailor Man." The song can be heard almost any morning at 10:13 o'clock.

Your editor almost lost her life when she slipped on the rug and crashed to the floor between four and five o'clock Sunday. It was reported that others were involved, but the floor also suffered severe injuries.—Assistant Editor.

## EAGLES VS. INDIANS

The Goldthwaite Eagles met the Comanche Indians in a non-reference clash at Comanche today. The Indians scored early in the first quarter after covering a tumbled punt. The Eagles managed to score the last quarter with a pass attack on the Indians. The game ended in a 6 to 0 victory for the Indians.

Comanche reports a dull victory was won over Goldthwaite Friday and the Comanche squad remained after the game for a stiff workout, but failed to report that we were in their territory a good part of the time, and also our almost touchdowns which threatened their dull 6 to 0 victory. They also failed to report how many remained for their workout, and that the band and pep squad were not taking it so calmly.

## PEP SQUAD

The Pep Squad is planning to accompany the football squad to Coleman this afternoon to help them win the second night game they have played this season. The pep squad is planning a formation for the game and have already begun their practice on the formation.

The pep girls are still looking forward to the completion of their uniforms.

Doris Ray was chosen for mascot of the pep squad and she will accompany the squad on its trip and in its formations.

## NEW BUS

A new International bus was delivered by Fairman & Company last Saturday and put into operation the first of this week on the Caradan route. Mr. Tuley Lee is the driver. About forty five pupils are riding this bus daily.

## ENROLLMENT

The enrollment in the local schools reached a high of 583 this week. This compares with 464 at this time last year. All indications are that this year will pass the six hundred mark. In the high school 95 per cent of the student body is non-resident, that is, outside the Goldthwaite school district. More than thirty per cent of the high school student body are in the Goldthwaite school this year for the first time.

## MEETINGS OF GIRLS' GLEE CLUB

The Girls' Glee Club had its two weekly meetings this week. We practiced on three songs: "When the Banjo Plays," "Gopak or Russian Dancers," and "Prayers from Hansel and Gretel." In our practice Miss Dickerson aided us by playing and leading the altos. We wish to express our appreciation to her for this. We are all pleased with our songs. One of them, "Gopak," was one of the Class A contest songs at Belton last year. Only those who heard the Waco club sing this song can realize how beautifully it can be rendered.

At our last meeting a new member, Isobel Greely, was added to the group of 35 members. We are very glad to welcome her into our midst.

CLARA BOWMAN.

## LAKE MERRITT BUS SERVICE

With the opening of school at Lake Merritt this week, the Goldthwaite bus operating through that territory will serve all pupils attending that school who are available to the route.

## SEVENTH GRADE

There are exactly 27 girls and 27 boys in the seventh grade. We are glad to welcome 17 new members into our class. We feel that we are fortunate in having Mr. W. T. Smith of Waco as our room teacher.

The sixth and seventh grades organized a Glee Club with Mrs. Carothers as our leader. There are about 30 members enrolled. Mrs. Hester favored us with a number of readings on Friday afternoon. They were greatly enjoyed.

## SENIOR CLASS ORGANIZED

The senior class met September 26 for the purpose of electing a sponsor. Mrs. Little was elected. She has been the sponsor of this particular class for three consecutive years. Then we elected a class reporter, Irene Ray was elected for this position.

We then elected the remaining class officers. The results were as follows: President, Earl Harvey; vice president, Florine Woody; secretary and treasurer, Connie Saylor. We feel the officers will do their best to make this year a success.

We have a very lively, enthusiastic senior class this year, 45 strong. Great things are in store for these dignified seniors. Everyone seems to be interested in their work, and are well on their way to learning something.

We take this means of welcoming the new-comers in the senior class, and also in the other classes.

We feel confident that, with our capable sponsor and officers, that this senior year will be one of the greatest ever known in Goldthwaite.

## MISSING MAN

Captain Elwaine Doggett of the Goldthwaite Eagles of 1935, with requests from high school as a whole, will be unable to finish this season of football. He is known to be one of the best fighters and highest flying Eagles on the team. He won this name when playing center position, and was one of the favorite and most loyal players. His ability and popularity was proved this year when he was elected captain. Alt. Captain Clark Davis will take his place and we are expecting his best as his captain has set the example.

## FROM THE CLASSROOM

The senyore Englyshe classe hath ben studyinge Chaucer's us'btik anneec udy'Ch GaFehhs "Canterbury Tales."

Most of the home economics girls have finished their first project—hemstitched. Desks have been installed in the public speaking room, which is back of the library; incidentally, part of the sophomore class has this room for a home room.

The freshman history class has ordered "The American Observer" to study one day a week. The civics class has ordered "The Literary Digest." The school has been using these two weekly papers for several years.

## TRAINED ANIMAL SHOW LARGEST IN WORLD

The great Hagenbeck-Wallace and Sells Bros. Combined Circus will present afternoon and night performances in Brownwood on Thursday, Oct. 10, and circus enthusiasts of this vicinity will be on hand to participate in the gala event.

To commemorate the combination of the famous Forepaugh-Sells Bros. show with the largest trained wild animal circus in the world, many startling new features have been added for the 1935 program. These include Maria Rasputin, sensational European wild animal trainer and daughter of the famous Russian monk, Grigori Rasputin, who ruled the Romanoffs with the power of his hypnotic eyes prior to his demise in 1916; Bert Nelson, youngest of the wild animal subjugators, with more than a score of fighting, jungle-bred lions and tigers; John Heliot, renowned German trainer of savage beasts; Maximo, comedian of the slack wire; the famed Christiani troupe of bareback riders in somersaults from horse to horse; the Flying Codonas, the Hills and a great group of aerialists; Rudynoff, noted equestrian and his educated horses; the Merckels, who walk upside down on lofty mirrors in the dome of the big tent; "Cheerful" Gardiner and twenty performing elephants; scores of clowns led by Earl Shipley, Paul Jerome and the Paul Jung Clown Acrobatic Trio; dozens of pretty equestriennes, a huge oriental spectacle and a big contingent of Indians, cowboys and cowgirls from the Pawnee Bill ranch at Old Town, Oklahoma.

Performances will be presented at 2 and 8 p. m., with doors open one hour earlier in each instance to permit leisurely inspection of the world's largest and finest traveling wild animal menagerie which boasts among other zoological marvels a baby giraffe.

The Hagenbeck-Wallace and Forepaugh-Sells Bros. Combined Circus is a railroad show, moving on two trains of double-length steel cars.

## FREED OF MURDER CHARGE

WAXAHACHIE, Sept. 30. The case against Carl B. Yarborough, charged with murder in connection with the fatal burning of his stepdaughter, Doris, has been dismissed, District Attorney Lynn Griffith said today. Griffith said the charges were dismissed at the request of District Attorney Henry Taylor of Bell county. Yarborough was tried three times. A conviction was had at the first trial, but the verdict was reversed. Mistrials resulted at two subsequent trials. The Eagle's magazine offer will likely be withdrawn in the next few weeks; hence, those who expect to take advantage of it should do so at once and, thereby, be on the safe side.

## New Diesel Giant for THE CHIEF

The Santa Fe announces that it has just taken delivery of the most powerful Diesel locomotive ever placed in service. The new giant, if exhaustive tests prove successful, will haul the road's crack flier, The Chief, long the fastest train between Chicago and California, on a much swifter schedule than at present.

The Santa Fe's new "power house on wheels" is 127 feet long, weighs 240 tons, and is conservatively rated at 3,600 horsepower. The big Diesel is made up of two identical units that can be operated either singly or coupled together. The motive power of each unit is supplied by two Winton V-type, 12-cylinder high compression, two-cycle oil engines. Each engine is rated at 900 horsepower. A comparatively inexpensive Diesel fuel oil is used.

A new feature of this locomotive is a special steam generating unit for heating and air-conditioning the cars of the train. The cost of the new locomotive is said to have been \$30,000.

## Refreshing Relief When You Need a Laxative

Because of the refreshing relief it has brought them, thousands of men and women, who could afford much more expensive laxatives, use Black-Draught when needed. It is very economical, purely vegetable, highly effective. . . Mr. J. Lester Roberson, well known hardware dealer at Martinsville, Va., writes: "I certainly can recommend Black-Draught as a splendid medicine. I have taken it for constipation and the dull feelings that follow, and have found it very satisfactory."

**ROCK SPRINGS**

There was church Saturday night, Sunday and Sunday night. Rev. J. A. Laudermilk from Dublin did the preaching. There were not many present Saturday night, as no one knew there was to be church.

We extend our deepest sympathy to Mrs. Landy Ellis in the loss of her father, who died in Temple last Wednesday. Thou art gone, precious father, Never more canst thou return; Thou shall sleep a peaceful slumber, Till the resurrection morning. May God's richest blessings rest upon you, are our prayers. It is our loss and heaven's gain.

There were fourteen scribes present at our get-together Saturday afternoon. Our editor and wife are lovely entertainers. We met at the Eagle office at 7 o'clock and got acquainted, then we went to an awfully good show which we all enjoyed very much. After the show we went back to the office where our editor and wife and Mr. and Mrs. Cockrell treated us to soda pop, Dr. Pepper and Coco Cola, apples and bananas and persimmons. My, it was fine. Bro. Bowles made a fine talk. W. P. Weaver gave us lots of good ideas about our letters. We can all improve, I am sure. R. H. Mayfield from Hutto also made a short speech. He still likes to come back to Mills county. Mr. Cockrell made a fine talk and it wasn't on apples, either. The best talk was saved until the last. Our editor made us an interesting talk. He received several bouquets. It was amazing to watch Bro. Bowles open the bottles and also drink out of them. You who didn't get to be with us, we missed you. We hope you keep your letters coming. Why don't we have a writer from Star? This is a good town and a big community. Some one get busy and send in the news. I feel sure we all are very proud of our county paper; let's do our best to help our editor out by sending in the news.

The Association will be in progress when you read the paper. It is to be at Center Point.

Monday morning, September 30, James Roberts celebrated his birthday by killing a rattle snake with his "nigger shooter." His dog found the snake and gave alarm. James went to the dog and saw what the trouble was, so he called his mother to bring the hoe. He shouted, "Never mind, I've shot him in the head and he is dead." I claim this grandson of mine is fine with a nigger shooter. Who can beat it? The snake had seven rattles and a button.

Rev. J. A. Laudermilk and family from Dublin spent Saturday night and Sunday in the Circle home. Their friend, Mrs. Hamilton from Star, came with them. She spent Saturday night in Jim Fallon's home at Center Point. Sunday afternoon they all visited in the McClary home and ate supper in this home.

J. O. McClary and wife spent Sunday visiting John Roberts and wife.

The school bus is running on time this week. The roads are dry, so the driver just moves right along. He is taking sixty-three to school.

Some from here went to the Saturday, Monday and Tuesday nights shows. Will Rogers pictures always draw a crowd. They are intending to start the mid-night show soon.

Loy Long and family from town called in the Ellis home Sunday afternoon.

Mrs. Homer Doggett and Janee visited in Dwight Nickols' home in town Friday afternoon.

J. O. McClary and wife got tired of the rattle of the old car so they are riding in a nice, new one. I am glad for them. I hope they no bad luck in learning to drive.

Bedford Renfro and son, Wilson, from Ratler spent Sunday night in the Circle home. Mr. Renfro is helping on the John Roberts house.

John Edlin and wife from town spent the afternoon Sunday in the John Roberts home.

Dwight Nickols and wife, Mrs. Glenn Nickols and Miss Ethel Tyson from town and W. A. Cooke sat until bed time in the Nickols home Sunday night.

Mrs. Landy Ellis spent the week end with her mother and

**BIG VALLEY**

Cold? Yes, this little cool spell makes us think of winter time. Our winter clothes have come out of the moth balls and have been airing in this bright sunshine and perhaps the next cool spell won't catch us napping.

Mrs. Pete Mething and young son, Charles Donald, returned home Sunday from her mother's, Mrs. Moss, of San Saba, where she had been spending a few days.

Mr. and Mrs. Sawyer and children of Evant spent Sunday afternoon in the home of J. J. Cockrell.

Mr. and Mrs. Arnold Sloan were visitors in the Claud W. Lawson home Sunday afternoon.

We wish to say again that we enjoyed the get-together and entertainment provided for us by our editor. You reporters who could not be there missed something worthwhile.

Mrs. Hugh Nelson and daughter, Patsy Jean, visited Mrs. Walter Nelson Monday.

Mrs. Floyd Weaver and son, Walter Martin, visited Mrs. Homer Weaver and children Monday.

Mrs. Claud Lawson and children visited a while Monday evening in the George Robertson home.

Colds seem to be the order of the day right now. Some have been feeling badly from the effects of colds.

Mr. and Mrs. Robert Weaver of Waco and Wiley Johnston of Goldthwaite visited on the farm Saturday.

Mrs. J. J. Cockrell and Mrs. Homer Weaver called on Mrs. Pete Mething a short while Monday evening.

Mr. and Mrs. Clyde Adair of Dallas spent a short time Sunday morning with his sister, Mrs. Walter Nelson.

Mr. J. J. Cockrell and Melvin Doak made a trip to Hamilton Tuesday.

Mr. and Mrs. W. H. Nelson spent Tuesday in Richland Springs. BLUE JAY.

**CENTER CITY**

We are having fine weather for gathering the cotton, and we hope it continues fair in order that the bulk of the crop can be gathered before school begins the 7th.

Expressions of sadness are shown in our community. We are forced to give up our mail carrier, C. L. Stephens. He finished his work for Uncle Sam Monday and retired, after faithfully delivering the mail on this route for 26 years. It does not seem just right not to have him come every day, but probably we will get used to our new carrier and welcome him just the same. Mr. Stewart took charge Tuesday, the first. He is not a stranger to us, having visited here many times for singing, and was carrier at Caradan before coming here. On his last round Mr. Stephens promised to visit Center City as often as he can, and expects to meet his friends often in Goldthwaite.

I really enjoyed the get-together last Saturday. I know we shall enjoy the letters more than ever and miss them, too, when they fail to appear in the Eagle. The feast was fine, also the talks. It was very kind of the editor to give us all a ticket to the Melba. I believe he understood we had a much better time than we expected. Sorry a few could not be present; however, hope all can meet together next time.

Sunday was a fine day. Promotion day was observed in the Methodist Sunday school. So there will be some changes made. Our superintendent, R. E. Head, urges all to take more interest in the work and we hope to make some improvements in the church.

Henry Venable and family visited R. E. Head and family and Mrs. Nickols Sunday.

Bro. Jim Hayes preached at the Baptist church Sunday morning and again at night. He has full time at other churches, so can not be a regular preacher for us. He dined and visited with Mr. and Mrs. George Byrd.

Bro. Liles and family stayed in the community Sunday and attended Sunday school and church. They visited in the

## How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed. How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminators thus cleansing the intestinal tract of the germ-laden mucus and toxins. These Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.
