THE FORTY-TWO

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, JANUARY 24, 1936

NUMBER TWENTY-TWO

## Highway Improvement Is In Prospect

A delegation composed of R. J. Gerald, Mayor H. G. Bowman, F. P. Bowman, T. F. Little, Dow Hudson and Will Pence attended a highway meeting at Evant yesterday, looking to the improvement of highway 7—the Waco highway. Delegations were there from McLennan, Coryell and Hamilton counties and all were hopeful of securing a right of way for the highway.

An organization was formed by the election of Evant Brooks, chairman; E. D. Carter, secretary; and a board of directors, composed of one member from each of the four interested counties.

The prospects appear to be good for securing the right of way.

## Friend In Need

Due to sickness and other conditions that could not be controlled in the Eagle office, the publication of the Eagle was suspended for several days. The man who operated the Linotype in the office received a better offer and determined to leave the office without the services of an operator and none available here. In this dilemma a call was made to our friends, the brothers of the San Sabá, asking if they could supply an operator for temporary relief until one could be secured. Mr. W. B. Smith, editor of the Eagle, took over the work and saw to it that the paper was in the office on time. At 7 o'clock the next morning he was in the office, accompanied by his brother, Cecil Smith, publisher of the News. Together they assured us that the paper would be issued as usual. Mr. W. B. Smith remained yesterday and returned to the Eagle folk lots of love and, possibly, a belated

Eagle folk want the readers to know what splendid things they have in the person of the Smith family of the San Sabá News. This show of kindness fully explains why Mr. W. B. Smith and family and their excellent newspaper have such high standing at home and abroad and are so sincerely appreciated by the Eagle family.

## Wedding Reported

The Eagle received a write up of the marriage of a popular couple in the county this week and it would have been signed, but for the fact that the writer is entirely unable to identify that writer. It is entirely possible that the wedding took place in that event, and could be printed and all lovely, but if it did take place the Eagle would be responsible for the publication. Reporter would not be in it. Those who want to see the wedding published in this must let the editor know its identity.

## Attend Meeting

City Agent Weaver, Supt. Rex Williams, Tom Mullin, and Harmon Pompey Creek, will attend district 4-H Club meeting at Coleman this week.

## Methodist Notes

The Methodist folks are about as busy this week as a bird dog in quail season. Dismantling the church property, in order to begin the construction of the new building, is now underway. Soon the old church building constructed half a century ago, will be reduced to a pile of rubble. A better building, very much needed, if the church is to do the work that it should do, will take its place. While the tearing down of the old building will revive many memories of its usefulness, yet all rejoice that it is to give way to a more adequate temple.

In the meantime, let us unite in the work. Possibly no effort to put over an enterprise has met with more hearty co-operation. No undue pressure has been brought to bear upon any one in the collection of funds. With few exceptions no one has been resentful when approached. Some, as might well be expected, have expressed themselves as being unable to contribute. This, in most instances, has been said in the spirit of utmost sympathy with the project and with utmost kindness. It is not expected that all can give in cash. This, however, does not imply that they can not be kindly disposed toward so great an enterprise. As a matter of fact, some who give but little in cash, give equal to what other large subscribers give, when you consider ability. Some who give nothing in cash, can do what is just as important; give their hearty sympathy. Moreover, they can give their presence in the services held in the church when built. How we do need a revival at this point! How we do need vacant places in all our churches filled by those who have, for long, neglected the services of the sanctuary! There are many who have grown lukewarm in every community. They were once faithful attendants at all the services, whatever they are, and all the privileges they now enjoy in a way of a splendid civilization, the yow to the social and religious prestige given by churches of their community. Yet the altars of the church that has provided for them and their families have been neglected. In many instances they have become sour toward the church. A mighty reform at this point might be a greater contribution to the church than any cash contribution that you could make.

Let us never cease to emphasize the fact that every church building is God's church. It belongs to no human being. A story is told of a Scotch preacher. He had said some things in his sermon that had exasperated one of his lady parishioners. She did not fail to tell him that she was not pleased with him, or his ministry. He supposed she would never return to the services again. But she was present at every service. He approached her, with the thought that she was entirely penitent of the spirit she had manifested. In reply to his question as why she still came to the services, after having expressed her displeasure with him, she replied: "I am not coming to church because you are here. I am coming because I think this is God's house, and that He is here." Who would say that she was not correct?

It has been the privilege of this writer to examine the official record of the Goldthwaite Methodist church during the past fifty years of its history. It is a marvelous history. I wish it could be written in full, a thing that is impossible now, but if the works of our fathers now gone on, could be read by the younger generation, it would be a source of inspiration. It was such to me. Of the early actors in this enterprise but few, if any remain. J. S. BOWLES

## Mills County Vets To Get \$122,553

Ex-service men living in Mills county are due to draw \$112,553.96 in bonus money because of the passage in Congress this week of the law authorizing immediate payment of the soldier bonus due in 1945.

Payment is expected to be made in July in the form of \$50 bonds, which may be cashed as needed, or, if held, will draw 3 per cent interest.

The amount of bonus money due other counties in this section, as compiled by Congressman Wright Patman, is as follows: Burnet \$153,026.19; Comanche \$272,358.54; Coryell, \$295,545.22; Lampasas, \$128,228.71; McLennan, \$1,458,322.60; San Saba, \$151,814.40; Hamilton, \$199,843.90.

## Tuesday Study Club

Mrs. Walters Hester entertained the Tuesday Study Club at the home of Mrs. J. A. Hester, this week.

Mrs. Raymond Little was leader. "Mary Peters," by Mary Ellen Chase, was the book of the afternoon's discussion.

Miss Ruby Lee Dickerson outlined the author's life, showing how her early life's experiences were later exposed in "Mary Peters." "How the Sea Influenced the Lives of the Different Characters," was discussed by Mrs. Robert Steen, Jr. The review was given by Mrs. Delton Barnett in a manner that impressed her listeners with the fine parts of "Mary Peters," she showing that it is a book of character and unusual descriptions.

Little Del Farice Blackburn gave several readings and Kathryn Epperson gave a piano number. Mrs. Marvin Hodges and W. W. Stevens were guests. Lovely refreshments were served.

Of the rented acres, 2632 were planted to food and feed crops; 675 to soil improvement and 808 allowed to lie idle.

There is much sickness in our community. Most every home has several cases of colds or sickness otherwise.

Aunt Matt Welch died at the home of her sister, Mrs. C. A. Head, and family Sunday afternoon. She had been in ill health for several weeks and her death was not unexpected. Aunt Matt was loved for her quiet, loving life among us and will be missed by all. We extend sincere sympathy to all her loved ones in this dark hour. Funeral services were held at the Methodist church Monday afternoon and a large crowd attended.

## Goldthwaite Lady Wins Kelvinator

Some weeks ago the Community Public Service Co. advertised to give a certain number of Kelvinators to writers who would give reasons why they preferred Kelvinators to other iceless refrigerators. This offer was published in this and other states, in every community where the company operates a plant and two of the Kelvinators fell to Texas and one of these came to Goldthwaite. Mrs. E. B. Anderson being the fortunate winner by writing the most acceptable article. This is indeed creditable to Mrs. Anderson and also reflects credit on Goldthwaite.

## EBONY

In spite of the cold weather, a good crowd was out for Sunday school and church Sunday afternoon. Bro. Wharton will not be with us next Sunday afternoon, as he will be in a meeting at Vernon.

We learn that Mrs. Hard Hobbs of Oakland has been very sick for about two weeks. She was a little better Friday, but not yet out of danger. Hard seems some better.

There were two ball games at our school this week. Locker played Ebony Wednesday evening. Locker won with a score of 14 to 3. Indian Creek played Friday evening, winning with a score of 25 to 15.

## Road Meeting Held Yesterday

A delegation of Mills county citizens, including Mayor H. G. Bodkin, F. P. Bowman, J. R. Little, Dow Hudson and Will Pence attended a highway meeting at Evant yesterday, looking to the improvement of highway 7—the Waco highway. Delegations were there from McLennan, Coryell and Hamilton counties and all were hopeful of securing a right of way for the highway.

An organization was formed by the election of Evant Brooks, chairman; E. D. Carter, secretary; and a board of directors, composed of one member from each of the four interested counties.

The prospects appear to be good for securing the right of way.

## Nazerene Remarks

The first young people's zone rally under the present arrangements will be held at the First Church on Friday night, Jan. 31. The young people will leave right after school is out on that Friday evening in order to get there in time for early evening services. The zone will be completely organized at that time; therefore a good representation from all of the churches is urged for the business meeting. Rev. L. P. Jennings of Santa Anna will be the special speaker for the evening.

All Nazerenes will be interested in knowing that a special broadcast of Lillenas' songs will be given on the network of the National Broadcasting Co. next Tuesday at 5:15 p. m., Central Standard Time. This broadcast will give a short life sketch of Rev. Haldor Lillenas and will feature Lillenas' songs only. It has been said of Bro Lillenas that he is the Charles Wesley of today. Songs of his composition have run well into the thousands. We urge all readers of these Remarks to tune in on this program.

Prayer meeting at our church next Wednesday evening will be designated as "Nazerene Prayer Meeting." Not because others are excluded, but because a special effort has been put forth to have every Nazerene in Goldthwaite present. Now, isn't that strange that you have to put forth a special effort to get Nazerenes to go to prayer meeting? Well, the next question is what will be the result.

CHARLIE HARRISON, Pastor

## Baptist Reminder

The young people didn't quite reach their goal Sunday. I am sure we will be working to that end Sunday. We want sixty in that department. Help us make it by your presence.

Professor Cloninger, one of the teachers in the young peoples department, says that Sunday School is the best place we can go. I think he is right.

Sunday morning my subject will be "Ambassadors of Christ." Sunday night "A Message for the North and for the South." Your presence will be appreciated.

I am sure we all congratulate the Methodist people upon their step forward in church building. I am sure that everyone is proud of their movement. It will be a fine thing if we all will help them by attending their supper Monday night. It will give everyone a chance to have a little part in their building.

## Encouragement

(By Tolbert Patterson)

I thought last week that I would divert my thoughts away from the Centennial for a change but the move reached such an impetus at Mullin a few days ago that I feel the urge to pass the news along.

The long and short of the story is that the Mullin Merchants Club met Monday night and inaugurated a plan whereby between 80 and 90 school children will be given free centennial trips.

I see three attractive features to this program which is being sponsored by the merchants.

First, the club has shown wonderful originality in capitalizing on the centennial idea.

Second, they are contributing in no small way in helping advertise the great centennial celebration to be held in Texas this year.

Thirdly, and the most important of all, they are helping in a material way to sponsor the centennial trip for the school children of Mills county.

As you know, I have become very interested in this idea of making possible a trip to the central centennial exposition of every school child in our county. I feel that this move is so worthwhile for those that will avail themselves of the opportunity that any individual or organization helping and contributing to the cause are due congratulations. On this basis, congratulations to the Merchants Club of Mullin.

## AULD LANG SYNE

Sunday morning the Editor was petting an old tooth that had carried on a flirtation for several days with aching, when she glanced out of the window and saw approaching one of her best girlhood friends, formerly Miss Mildred Baird of Goldthwaite, now Mrs. B. F. Parsons of Hugoton, Kansas. She was accompanied by Mr. B. F. Parsons and their son, Baird. The Kansas friends were on a brief visit and on their way to the home of her sister, Mrs. George Nowell and George Nowell, who reside about 8 miles out on route one. R. H. Patterson, Mrs. R. H. Patterson and Alston McAuley piloted Mr. and Mrs. Parsons and son out to this hospitable home of Mr. and Mrs. George Nowell and son, Earl and all had a great day together again, after a separation of eight years. The dinner was a real feast of good country ham and home made hominy, plus a dozen other good eats and chocolate cake and delicious pears with cream topping. It was a great day for all and in the afternoon Roy Nowell and family and several of their friends from Goldthwaite came for a visit.

A large group of the Garden Club attended a garden and yard landscaping at Mrs. Reuben Scott's in Zephyr recently. **MR. BURDETT PASSED AWAY**

Mr. J. C. Burdett, an old citizen of the county, both in point of years and in time of residence here, died at his home in the southern portion of the city Wednesday morning and his remains were interred in the cemetery at this place yesterday morning at 10 o'clock.

Mr. Burdett was one of the most highly esteemed citizens of the county and was an upright and honorable man. In early days of the county's history he engaged in ranching, having moved to this county from San Saba county, where he served that county its first sheriff.

Mr. Burdett is survived by a number of children, all grown together with several grandchildren and a host of friends who are grieved because of his passing.

**PASSING OF PAT EUBANK**

E. L. Eubank of Trigger Mountain was called to Anson last Friday to attend the funeral of his brother, Pat, who died at the home of his daughter in Louisiana.

Mr. Eubank was reared in Hanna Valley and was married there to a daughter of Elder R. W. Harrell. The family was prominent in this county for a good many years and moved from this county to Austin. He was a high class gentleman and his passing is regretted by a host of friends throughout this section.

**SOME PUSH**

It's not too late to say that something has worked quite favorably to bring so many of us over into the new year. Continued life brings added obligations whether we will or whether we won't. Not long since I observed two Methodist brethren of Goldthwaite facing each other on the street and talking pleasantly. A smile now and then told me something was going on, so I paused by them to get my part of the news. Behold, they were constructing a new church house. I rendered my ablest approval and passed as the best investment and most worthy sacrifice known to any generation. A church house speaks loud tones for this life and more so for the life that is to be.

Not long since I looked up some history about the ancient

City of Nineveh. The historians say near two centuries from the Xenophon led ten thousand Greek soldiers by the ruins of the once proud and famous city, but neither Xenophon nor a one of his men knew what city it had been. Thus it was and thus it will it ever be when "treasures" are laid up where rust doth corrupt and thieves break through and steal.

From the beginning of our nation the church people have preserved our civilization but civilization is a by-product and not the high aim in building church houses. If social order is preserved the churches must stay in the lead. Late years have brought on a new and extra challenge. However serious it is hoped that the challenge will be met with all seriousness and fidelity.

**MISS MATT WELCH**

Miss Martha Welch, daughter of Peter S. and Elizabeth Welch, was born in 1852. She made her home with her sister and brother-in-law, Mr. and Mrs. C. A. Head, since July 1888. She was known by everyone as Aunt Matt in the community where she lived and had the affections of everyone. All of her nephews and nieces and their children were devoted to her like a mother.

She joined the Methodist church when she was a child and has been exceptionally loyal throughout the years with her means and service. She has been a member of the Center City Methodist church more than 55 years and has been a blessing all the while.

She was reserved and of a timid nature and was not seen much in the eyes of the public, but she made her life felt among those who knew her. As was spoken of the Perfect woman in the Proverbs so may be said of her, "Strength and honor are her clothing; and she shall rejoice in time to come." Let her own works praise her in the gates.

She arrived at the ripe age of 84. She enjoyed good health most all the time, until the last three weeks. She enjoyed the last Christmas with relatives with the happy greetings that go with that season. She told us then that would probably be her last Christmas with us. Her health began to fail soon afterwards and she passed to her reward about six o'clock Sunday, January 19, 1936. She will be missed by her many friends, but we know she has gone to join the majority. We have the blessed hope of seeing her in the better world.
