FORTY-TWO

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, APRIL 10, 1936

NUMBER THIRTY-THREE

## Age System Funds Available

H. G. Bodkin and City F. P. Bowman were in Fort Worth and Dallas where they went to arrangements for securing the funds for construction of the sewerage system. A part of the money was deposited by the officials of the city and this was deposited by officials of the Reserve bank in Dallas soon as the remainder money was received from the contractor for the sewerage system. The contractor for the sewerage system is expected to start work on the sewerage system in the near future.

## Bonnet Club

April 7, the Blue Bonnet club had an enjoyable day at the Happy Hour club of Mrs. W. H. Hill in the home of Mrs. Hill. The day was spent in sewing, embroidering and making a flower quilt. A member arrived with a covered dish and all around the table, it surely was a feast. The table was decorated with an Easter basket filled with different colored Easter eggs and an Easter egg hunt, and the egg hunt the table covered and just such a good time did we all have again. At 4 o'clock we all said good-bye, wishing for such good day.

## Ant Olive Lazy Gossip Club

The club met with Mrs. Kerby April 3 and gave a fruit shower. Those who present were: Mrs. Manual Kerby, Mrs. Tom Kerby, Mrs. Raymond Wilcox, Mrs. Edna Wilcox, Miss Ellie Conway, Mrs. Johnny Crawford, Mrs. Ernest Crawford, Mrs. Lane, Mrs. Roberts, Mrs. Lee, Mrs. Neale and Mrs. Neal. There were fifteen members and four absent. Cake and chocolate was served. The club will meet with Mrs. Kerby, April 10. REPORTER.

## Election Results

### In Brownwood

Brownwood city election was held in Mills county folk to the extent that several of the names are well known here. H. Thompson, the present city judge and city man, was re-elected over four opponents, leading the ticket by a wide margin. Sandlin was elected chief clerk. Mr. Sandlin was claim for the Santa Fe for many years and made frequent visits to Goldthwaite, where he has a great many friends.

## Conventions For Next Week

There is to be a convention in Brownwood next Thursday, April 10, favoring the Townsend age pension plan. The convention is to be held in Brownwood and there is to be a social at night. Heart of Texas Press association is to hold a meeting in Brownwood next Saturday and all members of this section are invited. Good entertainment and an interesting program will be provided.

## Methodist Notes

Barring the possibility that weather conditions may interfere, the pastor is of the opinion that we may be using the basement of the new church within the next two weeks. While we are all glad that we have been privileged to use the school building for the services, still we shall be glad to get back to the place where we have worshipped for the past fifty years. Speaking about weather conditions, we might be permitted to say in passing, that we would all be mighty glad to have the interference of some fine rains. As a matter of fact the fine weather that has obtained for the past few weeks has nearly ruined our farmers and stock raisers.

Say, you gentlemen. You men who have not been attending Sunday school for some years now. I want to talk with you. We are going to have the finest quarters for Sunday school we have ever had in the history of the town. Our class, the old men's class. Not necessarily old men—some are old, it is true—is making a special effort for you to join us. We have anything but a dull time in this class. We want you to come along and study the Bible with us.

Only a few days since, when spoken to about this matter, a gentleman said to this writer that he did not have clothes that he could afford to wear to the class. Well, now why should one miss a great opportunity like this simply because he can not dress like some bond-holder? We want you to come with us, and for one I shall say that if there should be those who object to your presence because you can not dress up to the fashion of the day, I shall take the precaution to stop all that. I shall tell those of the aristocratic mind, if we shall have one of that kind, that he may go into a class that fits his exalted ideas, and I shall keep the overall bunch. So firmly convinced am I that the Sunday school may be helpful to any and all, that I make this special appeal to you to come with us. If we don't suit you, go to some other school, or to some other class, where the surroundings do suit you. Join us and let us all work together to make Goldthwaite the ideal place in which to live.

I suppose that there are none who have not had a rather pessimistic view of moral and religious conditions for the past few years. But there are good reasons for encouragement. As an example of this, some of our great cities are putting on a fine campaign against some of the popular vices. It really looks like our great centennial city, Dallas, has awakened to the danger of a situation that promises advertising of a sort that would do her great, and permanent damage. The bootlegger, criminals, and all other undesirables are being given to understand that they are not wanted in Dallas.

In addition to this, some of our statesmen are beginning to wake up. All are beginning to realize that the liquor business is not going to down simply by some one telling the dealers that they must be good. Dr. Woolver had a talk with the postmaster general a few days since, and asked him why the administration did not take some steps to curb the liquor law violators. That gentleman replied that personally he, himself "did not touch the stuff." The added, "the president has had so much to think of lately, that he has not had the time to look into this matter."

What ever any one may think about the liquor situation, matters seems more hopeful when those in political power seem to be giving serious consideration to it. Yes, a better day seems to be dawning. Now, as usual, this scribe has talked too much, for just after writing the above paragraph he stopped to look over the daily paper to find that one of the proposed entertainers of the

## City School Trustees Elected

An election was held in this city last Saturday for the election of two members of the school board, the terms of Messrs. D. O. Simpson and J. E. Greathouse having expired. Mr. Simpson declined to serve longer on the board, but Mr. Greathouse was re-elected and Marsh Johnson was elected to the other place.

## Special Services

Rev. Roy Durnal, pastor of the first Baptist church of Florence, Texas, will preach at the following places this week-end: Center City, Saturday night, Big Valley, Sunday morning, Scalhorn, Sunday afternoon, 3 o'clock, Mullin, Sunday night, Rev. Durnal is a preacher of unusual ability. It would be a great blessing to the county to bring him this way. BAPTIST.

## Tuesday Study Club

The April 7th meeting of the Tuesday Study club was held in the home of Mrs. Ed. B. Gilliam. "The Lost Horizon," by James Hilton, was reviewed by Mrs. Raymond Little. Mrs. Sparks Bigham and Mrs. Paul McCullough also had parts on the program. A salad plate was served to club members and Mrs. Caldwell of Corpus Christi. REPORTER.

## Nazarene Meeting

The meeting in progress at the Nazarene church attracts good audiences at every service. Rev. McCraw is doing the preaching and Prof. Smith of Oklahoma is leading the song service, while the pastor, Rev. Charlie Harrison is busy in all departments of the church work. The general public has an invitation to attend all of the services and many of the other denominations are attending.

## Missionary Society

The Woman's Missionary Society met with Mrs. R. E. Duke on Monday afternoon of this week, with a splendid attendance. An electric stove has been purchased for the kitchen in the new church and the ladies expect to get dishes, silver and everything necessary for serving dinners and banquets, in the future. Mrs. C. E. Bayley will have charge of the World Outlook program for next Monday, then on Tuesday a zone meeting will be held with San Saba church Tuesday beginning at 10:30 a. m.

## Centennial Trains

A delegation from Houston visited Goldthwaite yesterday morning and spent some time viewing the city and meeting the business people. They were traveling on a special train, having stopped at Bangs, Brownwood, Zephyr and Mullin. They carried their own band which gave several selections while the delegates were about the city. Another train bringing Dallas business men is scheduled to arrive here next Monday morning and citizens are urged to meet and welcome the visitors. These trains are announced to be in the interest of the centennial.

## Garden Club Meeting

The Goldthwaite Garden club will meet this afternoon at 3 o'clock in the Presbyterian church, for the regular business meeting and monthly program. This is the day also for plant exchange and members are requested to bring all surplus plants of any kind, to exchange with others, so as to have a greater variety in their gardens and yards. REPORTER.

## District Court Spring Term

The spring term of district court will convene in this city the first Monday in May, the date being May 4, for a two weeks term. There is very little on the district court docket carried over from former terms and not much prospect of any considerable business.

## Merry Wives Club Social

One of the most delightful social affairs of the season was at the pretty D. A. Trent home in the western suburbs of this city Tuesday evening. Mrs. D. A. Trent and Mrs. Paul McCullough were co-hostesses to the Merry Wives club, and a few other friends. Snapdragons and other spring flowers were attractively arranged in the game rooms. At the conclusion of the games a beautiful ice course, suggestive of Easter, was served. A lovely calligraphy was awarded Mr. and Mrs. Ed Gilliam for high score and small potted primroses were awarded to high cut and at each table. XX

## Baptist Reminder

Sunday school 10:00 a. m. Preaching 11:00 a. m. B. T. U. 6:45 p. m. Preaching 7:45 p. m. Prayer meeting 7:45 p. m. Wednesday.

## City Election Held Tuesday

There was a city election in Goldthwaite Tuesday, although many of the citizens apparently did not know about it. Judging from the number of votes cast. Only 154 voters exercised the right of franchise on this occasion, but this was due to the fact that there had been no campaign and there was no contest for any office. True, there were two names on the ticket for mayor, but the aldermen, city attorney and secretary and the treasurer were unopposed and no campaigning was done in the mayor's race. Mayor Bodkin received 134 votes and A. T. Pribble received 10 votes. All officers were re-elected.

## P. T. A. Meets

Remember that next Tuesday, April 14, is the regular meeting day of the Parent-Teachers association. The program is to be one on Pan-American Union and its meaning, furnished by the high school American history and Spanish classes. Be there. XX

INTERESTING HISTORY

Some years ago the Mullin school board invited Hon. Jno. J. Cox of Temple to deliver an address at the school commencement in that city and his reply is here presented for its historic worth and in respect to the memory of Mr. Cox, who was always an enterprising and progressive citizen, ever ready to assist with all of his ability in the advancement of every laudable undertaking. He was truly a valuable citizen and one whose memory is cherished by many Mills county people. His family lives in Dallas at this time:

The Letter

It may be of interest to some of the new citizens to know something of the early history of the Mullin school. I will, therefore, try to give you a few brief facts relating to same.

I removed from Santa Anna to Mullin on December 26, 1886, having married my wife (Miss Emma Martin) at the former place on May 28 of the same year. We first lived in the Santa Fe depot at Mullin, I was agent and operator for the G. C. & S. F. Ry. Co. at that time) until the spring of 1887, when I built and removed to my residence on the south side of town, where I continued to reside until I removed to Goldthwaite in May 1895. When I first went to Mullin J. A. Conner, T. S. Baird, M. C. Kirkpatrick, N. J. Pyeatt and Floyd Slem, with their excellent families, constituted the entire citizenship of the town. J. L. Burkett was interested with Mr. Pyeatt, who was his brother-in-law, in a blacksmith and wood shop, but still lived at Williams Ranch, riding back and forth daily on horseback. All of the old settlers remember the bay horse "Boy" Joe used to ride. He was faster than an airship and made more noise with his feet than a crippled automobile.

At that time there was neither church nor school building at Mullin, the nearest being at Williams Ranch. I remember that in April, 1887, Alex Conner, Mose

Kirkpatrick, Joe Burkett, Major Trent and myself met at Major Trent's residence in Williams Ranch and held an election for school trustees for the school district, which was at that time in Brown county. I have a distinct recollection of using Joe Burkett's hat for a ballot box, which we passed around among the bunch. If my memory serves me correctly, we elected Major D. H. Trent, Joe L. Burkett and J. A. Conner trustees. I do not know whether the ballot box (Burkett's hat) was "stuffed" or not, but I do know that Tammany Hall was never more powerful in politics than was this gang of patriots in that community at that time. Some of those present will recall that at least some of the old-timers made a kick about the result of this election and said something about dark lantern methods, etc., but he soon got in a good humor and the election was not contested. I have reference to our bright, but erratic friend Captain Hutchison, now deceased.

In August of the same year (1887) Mills county organized, having been created by act of the legislature in the spring of that year. After the organization of Mills county, the Mullin school district was created and a one story, wooden building, 25x50 feet erected on the site of the present magnificent edifice. This humble structure was built by voluntary contributions of the people of Mullin and community, some of which was paid in money and material and a good portion in labor. Uncle Jack Wheatley was employed as superintendent of construction, and several others assisted him, charging nothing for their work. Joe Burkett, Alex Conner, T. S. Baird, M. C. Kirkpatrick, W. D. Fisher, Floyd Slem, Newt Pyeatt, E. Oxley and several others whose names I do not at this time recall worked on the building. The writer helped to nail shingles on the roof, and as I recollect it was my first experience in that sort of work. The lumber used in the building was purchased from C. M. Campbell, sr., who at that time had a lumber yard at Belton. He now resides at Temple. Mr. Campbell sold us the lumber at actual cost, on account of the purpose for which it was to be used. We were very proud of the building after same was completed and for several years, in addition to being used for school purposes, it was used by all denominations for church and Sunday school services. We also held our political gatherings in same. I believe, however, that an addition was made to the first building sometime in the year 1890. By this time the town and community had begun to settle up, several new families being added to our original citizenship. Some of the early ministers who used to come and preach for us in the old wooden school building, as I now recall, were Rev. G. W. Templin, now of Goldthwaite, Rev. T. Sykes, who now resides at San Angelo, Rev. H. P. Wellbourn, Rev. J. D. Robnett, Rev. B. T. McClelland, Rev. D. I. Haralson, Rev. W. S. Harris, Rev. John C. S. Baird and Rev. M. L. Weatherby, nearly all of whom have gone to their reward long since.

Joe L. Burkett, M. C. Kirkpatrick and the writer were the first school trustees for the Mullin district and we employed Prof. R. B. Sharp, now living in Oklahoma, to teach the first public school, which he opened in October, 1888. Those (or some of them) who had children entering the first school were B. J. White, J. L. Burkett, T. S. Baird, Capt. Jno. E. Martin, W. D. Fisher, Floyd Slem, N. J. Pyeatt, Everett Oxley, Joe Jackson. I believe Prof. Sharp taught two terms, but am not certain about it. Then came Profs. M. J. Doyle, A. J. Sibley, T. E. Alvis and another young begoggled strip of a petagogue whose name I do not at this time recall, who taught successively and successfully under the difficulties they had to contend with. In the summer of 1894 the Mullin independent school district was created and the following trustees elected: Dr. Jno. P. Sharp, G. H. Dalton, M. C. Kirkpatrick, W. W. Roberts, Jno. J. Cox and I believe one other, making six in all. I do not recall the name of the sixth man, but believe it was W. W. Lumpkin or E. F. Casey, but am not sure, as I am writing from memory only.

During the summer or fall of 1894, the people of the independent

district voted \$2400.00 in bonds and built the old four room two-story stone building that now stands just south of the new edifice. Out of the proceeds of the sale of this \$2400.00 bond issue, we paid for the building, purchased patent desks and blackboards for the same. I make this statement for the benefit of those who may wonder why the old stone building was not better and more substantial than it now appears to be. We were like the nigger's rabbit, when told that rabbits could not climb trees, he replied that a dog was after this rabbit and he just had to climb a tree. We were pretty much in the same fix—we just had to build and equip a suitable building out of this amount of money, and we did it. There was only one or two votes against this bond issue, which shows the great interest the people of that community had in the matter at that time. Is it any wonder that they should have succeeded so admirably with such a spirit of enterprise as those good people have manifested from the very settlement of the town and community? We think not. After the completion of the old stone building we employed Prof. J. W. Merchant of San Saba as principal, now called superintendent, Luther Warren of Virginia as first assistant and Miss Mary Anderson (now Mrs. Bolen Tyson) as primary teacher. In order to do this it was necessary to supplement the public funds by private subscription, but the people came nobly to the rescue of the board and contributed several hundred dollars in order to pay this splendid corps of teachers salary enough to secure their services. It was a hard pull to get the educational interests thus started and launched, but it was accomplished and the writer is gratified and much pleased with the result, and shall always be proud of the humble part he played in the accomplishments and success of this progressive movement.

I shall not undertake to enter into detail with reference to the different teachers and boards that have controlled and directed the school interests and affairs of the Mullin schools since the year of 1895, which as already stated is the year I removed from Mullin to Goldthwaite, but suffice it to say that you have steadily pushed forward in an educational sense and every citizen should be grateful to those who have managed their affairs so faithfully and well.

I trust that the next decade will demonstrate the wisdom and foresight of those who have given so generously of their time, talent and means to promote the material interests of your town and community.

The writer indulges the hope that the advancement of the town and community where he made his humble beginning in his chosen profession will be even greater in the future than in the past.

This article has grown longer than I had intended, and still I have not said near all I would like to say, and could say if I had time and space, but must close.

Before concluding I want to pause to say that no better and more patriotic people ever lived anywhere on God's foot-stool than the people who first settled your community and those who have cast their fortunes with them since that time. I shall always gratefully remember them for their acts of kindness and encouragement to me and mine during the hardest struggles of my existence. It was at Mullin that I spent my early married life. All my children were born there.

When I can serve any of the good people of that community in any way all they have to do is to call on me.

I cannot close this communication without personally thanking Dr. R. H. Jones, president and John S. Chesser, secretary, Dr. J. L. Herrington, E. F. Casey, A. F. Shelton, J. H. Wilson and Francis Linnwebber, members of the school board, for the courtesy and honor extended me with the invitation extended to me to be present and address you tomorrow, and sincerely regret that I cannot be present in person.

Yours very sincerely,  
JNO. J. COX.

ent district voted \$2400.00 in bonds and built the old four room two-story stone building that now stands just south of the new edifice. Out of the proceeds of the sale of this \$2400.00 bond issue, we paid for the building, purchased patent desks and blackboards for the same. I make this statement for the benefit of those who may wonder why the old stone building was not better and more substantial than it now appears to be. We were like the nigger's rabbit, when told that rabbits could not climb trees, he replied that a dog was after this rabbit and he just had to climb a tree. We were pretty much in the same fix—we just had to build and equip a suitable building out of this amount of money, and we did it. There was only one or two votes against this bond issue, which shows the great interest the people of that community had in the matter at that time. Is it any wonder that they should have succeeded so admirably with such a spirit of enterprise as those good people have manifested from the very settlement of the town and community? We think not. After the completion of the old stone building we employed Prof. J. W. Merchant of San Saba as principal, now called superintendent, Luther Warren of Virginia as first assistant and Miss Mary Anderson (now Mrs. Bolen Tyson) as primary teacher. In order to do this it was necessary to supplement the public funds by private subscription, but the people came nobly to the rescue of the board and contributed several hundred dollars in order to pay this splendid corps of teachers salary enough to secure their services. It was a hard pull to get the educational interests thus started and launched, but it was accomplished and the writer is gratified and much pleased with the result, and shall always be proud of the humble part he played in the accomplishments and success of this progressive movement.

I shall not undertake to enter into detail with reference to the different teachers and boards that have controlled and directed the school interests and affairs of the Mullin schools since the year of 1895, which as already stated is the year I removed from Mullin to Goldthwaite, but suffice it to say that you have steadily pushed forward in an educational sense and every citizen should be grateful to those who have managed their affairs so faithfully and well.

I trust that the next decade will demonstrate the wisdom and foresight of those who have given so generously of their time, talent and means to promote the material interests of your town and community.

The writer indulges the hope that the advancement of the town and community where he made his humble beginning in his chosen profession will be even greater in the future than in the past.

This article has grown longer than I had intended, and still I have not said near all I would like to say, and could say if I had time and space, but must close.

Before concluding I want to pause to say that no better and more patriotic people ever lived anywhere on God's foot-stool than the people who first settled your community and those who have cast their fortunes with them since that time. I shall always gratefully remember them for their acts of kindness and encouragement to me and mine during the hardest struggles of my existence. It was at Mullin that I spent my early married life. All my children were born there.

When I can serve any of the good people of that community in any way all they have to do is to call on me.

I cannot close this communication without personally thanking Dr. R. H. Jones, president and John S. Chesser, secretary, Dr. J. L. Herrington, E. F. Casey, A. F. Shelton, J. H. Wilson and Francis Linnwebber, members of the school board, for the courtesy and honor extended me with the invitation extended to me to be present and address you tomorrow, and sincerely regret that I cannot be present in person.

Yours very sincerely,  
JNO. J. COX.

It's true! That V-8 Feeling makes the miles go Easier!

YOU know as soon as you take the wheel of a Ford that you've hit on something different. You're driving a car with a V-8 engine, and a car like no other in the world. You get an edge on traffic. You cover the open road more easily. You hold the road on turns and bad going without having to poke along. You actually cut your running time without boosting your top speed! Yet driving a Ford V-8 is delightfully easy. You save money, every mile. Owners report mileage on a par with less powerful cars; and oil needed between changes. Terms as low as \$25 a month after usual down-payment, under new UCC 1/2% a month payment plans. Prices \$510 and up, FOB Dealer.

Why Gulf is the Gas for April

ALL READY for the Easter Parade! And Gulf is ready, too—with a new spring gasoline especially refined for April's warmer weather. Yes, gasoline must be changed with the season—or it doesn't give you top mileage. Switch to That Good Gulf—it's "Kept in Step with the Calendar." Which means that all of it goes to work—none of it goes to waste. For better April mileage try a tankful—at the Sign of the Orange Disc.

Discovery of large numbers of black widow spiders in Santa Cruz City, Cal., particularly in the flats surrounding the county hospital district, has aroused both private citizens and governmental agencies to the need for immediate action, if the county is not to be overrun by the pest. The spiders have increased in that area in the last three years. Thus far, creosote has been found to be the only effective exterminator, but is regarded as impracticable because of its inflammability. Fly sprays act merely as repellants and do not destroy the spiders.

## GLEE CLUB

When this paper comes out, your high school glee club will be on the way to Belton to the interscholastic music meet.

If our club wins, it will really be defeating itself. For the past two or three weeks the club has seriously doubted whether it could even go to the contest or not. This vagueness was due to the mumps. Two of the eighteen that will sing had mumps last week. This week two of the substitutes have mumps and two of the eighteen have flu.

Naturally the suspicion that they might not get to go has made it harder for the girls to concentrate on their work. With some of the girls out and others exposed and due to take mumps Friday or Saturday, substitutes that have not practiced with the eighteen on extra practices may be called upon to sing.

Even though this is the case, the girls plan to give all they have for their old high school. Eleven of the eighteen are going to the contest for their last time.

Besides the glee club and the trio, the following persons are entering other contests: Gloria Armstrong, Clara Bowman, Connie Trent, piano; Mary Margaret Bigham, voice. Aileen Martin will play a two-piano piece with Mr. Gilerwice on the student recital Friday night. This is quite an honor, especially since Miss Martin is only a high school student. It is considered an honor for a college senior to play on this program. It is composed of former contest winners.

## LATIN STUDENT WINS

Last Saturday, April 4, Mrs. Barnett took three of her Latin students, Catherine Fairman, Omar Harvey and Pat Obenhaus, to the district Latin tournament at Waco. They were accompanied by Mrs. W. E. Fairman.

The team entered in the class B division. Catherine Fairman won first place for individuals. The tests for A and B were the same, and she would have won second in class A. Catherine won third place in the Class A Latin essay contest.

The test was in the afternoon. That night Mrs. Barnett, Omar, Catherine and Pat went to the Latin banquet, held at the beautiful memorial dormitory at Baylor university.

Catherine has a chance to win first in the state in the class B division.

## Cooking School Next Week

Miss Ellen Strehorn, home economist of the famous Kelvin kitchens, will conduct a cooking school at the Community Public Service company office, Thursday, April 16, beginning at 2:30 p. m. It was announced yesterday by Joe E. Long, manager of Community Public Service company.

Miss Strehorn will present up-to-the-minute information on cold cookery and will introduce new menus and new recipes for parties, luncheons and every-day meals. She will show how to utilize leftovers in new and clever ways, how to prepare appetizing salads and how to add sparkle and zest to the most humble meals.

A handsome table lamp will be awarded as an attendance prize and all food cooked will be given away at the conclusion of the session. Refreshments will be served.

Miss Strehorn is a native of Texas and was educated in Texas schools. She has specialized in the science of food preparation and has gained an enviable reputation as a home economist since her association with the Kelvin kitchens.

## ROCK SPRINGS

Rev. B. F. Renfro from Ratler preached Sunday morning to a small crowd. There was to be church Sunday night and a few went, but the preacher wasn't present.

Believe it or not, we have on our fire place, as big a back log as we burned all winter and this is the sixth day of April. The fire really feels good.

Sunday was a terrible dusty day. The worst we have had yet and we hope it will be the last. It looks very discouraging to the farmers.

We extend our deepest sympathy to Mrs. Lee Stewart and children, in the loss of their loved one.

J. R. Davis and Mrs. Eula Nickols held the trustee election Saturday. John Roberts was elected new trustee.

Mrs. Oscar Gatlin received the sad news last Wednesday morning that her house and barn in Brown county had burned. She and husband and son went up to see about it that afternoon.

Shirley Nickols helped James with Vernon Tyson's sheep Monday afternoon.

Claud Laird and family from Galveston are visiting Mrs. Mary Faulkner.

Phillip Nickols worked for his uncle, Duke Clements, Monday and Tuesday, Shirley helped Tuesday.

Mrs. Marion Robertson spent the day Thursday with Mrs. J. T. Robertson.

Sherrill Roberson from San Saba county spent Saturday night with his brother, E. D. Roberson and family. Sherrill has been re-elected to the same school.

John Roberts and wife sat until bed time with J. R. Davis and wife Friday night.

Mrs. Eula Nickols attended Lee Stewart's funeral in town Thursday afternoon.

Marion Jetton spent Sunday with J. T. Robertson and wife.

J. O. McClary is doing quite a bit of fencing here of late.

Glenn and Shirley Nickols played 42 with the Webb brothers Saturday night.

Every home out here has had some one sick in it. So many of the school children are having to miss school.

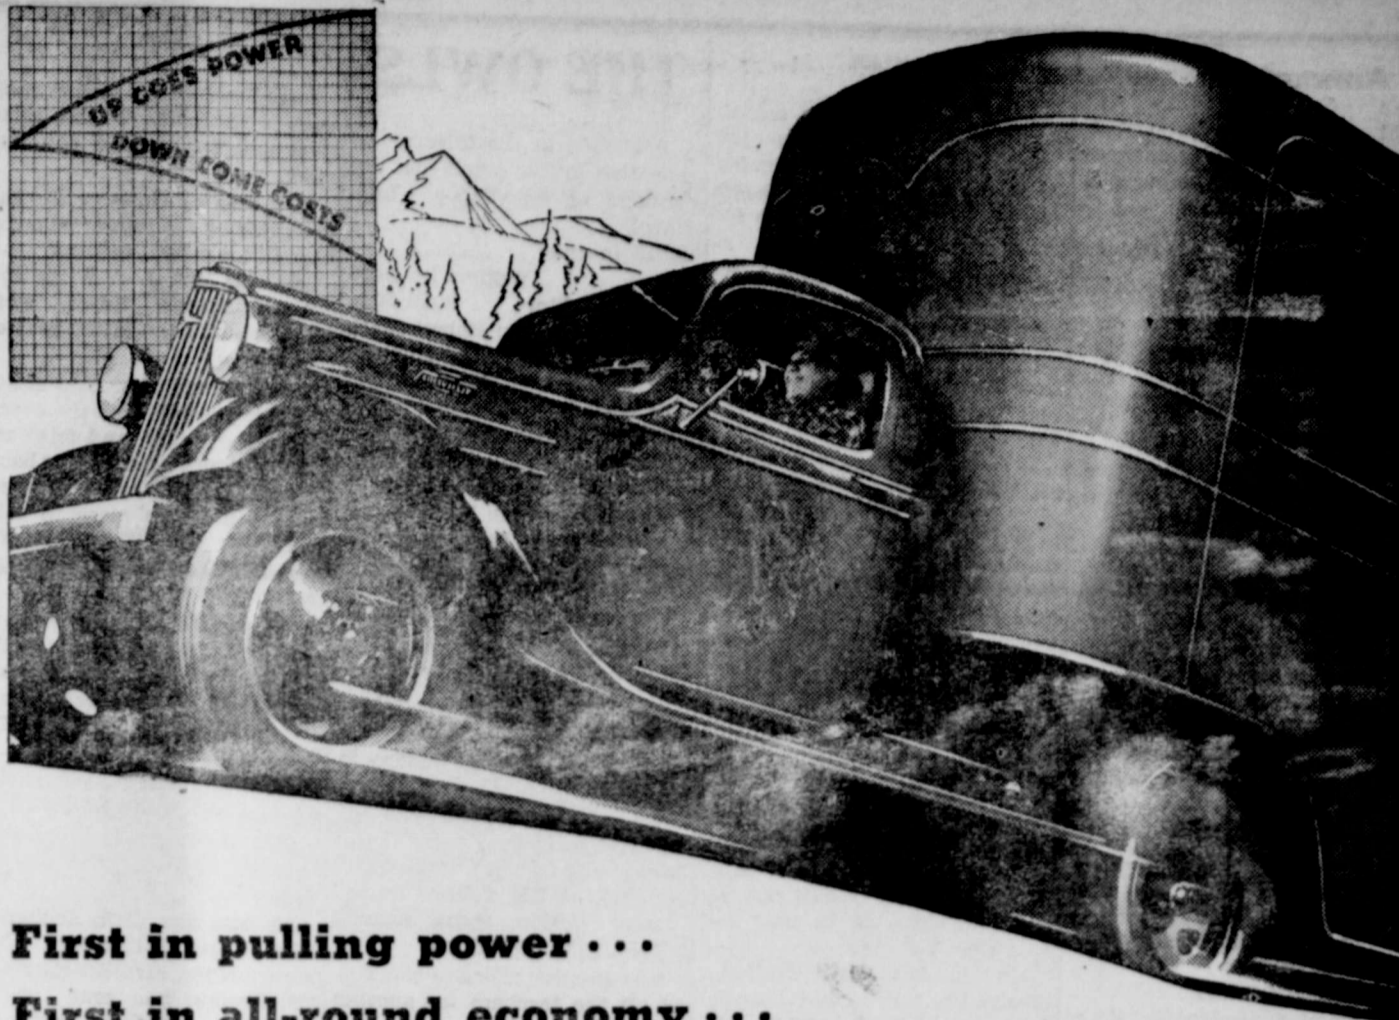

Marvin Spinks thought last week he was up with his work, until it rains, but he decided different when the incubator started to hatch. This cool spell gave him and wife plenty to do and worry over day and night.

Marion Robertson and wife spent Monday afternoon with Mrs. Traylor and children.

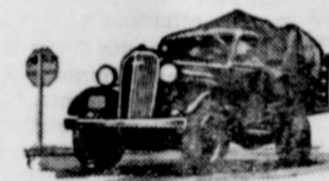

All of the Nickols families were Sunday guests with their mother. All the in-laws except one son-in-law were present. He is such a busy man it was impossible for him to be home. It was Homer Doggett, Hugh McKenzie and Miss Ethel Tyson also had dinner in this home.

Marvin Powlage from Lampasas spent Saturday night and Sunday in the Webb home.

Last Wednesday morning Mrs. Eula Nickols and Shirley, Mmes.

The athletic club had a picnic at the park at Prescott creek Wednesday evening. They report a nice time.

Mike Rylop and Peaches Windham spent Wednesday night in the Cockrell home.

Ansel Morgan visited school Thursday morning.

Wayne Miller spent Sunday in Sullinger.

We are getting up a play entitled, "George In A Jam." It will be presented Friday night, April 13, 1934, at Big Valley school. Mike Rylop spent Sunday with Alberta Windham.

The trustees met and re-elected all the teachers for another school year.

The fourth and fifth grades under the direction of Miss Bird, entertained the school with a delightful chapel program Monday morning. The main feature of the program was modeling the latest things in new spring hats, which gave every one a good hearty laugh. Several pupils gave humorous recitations and readings.

Estell Miller spent Sunday with Yeseva Sellers.

Miss Bird spent Sunday with Virginia Demard.

Campbell Thompson and Melba Lois Hicks have withdrawn from school. We wonder if leap year has anything to do with it? Miss Butler spent the week-end at home.  
Mary Beth Miller visited her teacher, Gordon, last week-end.

**GEORGE IN A JAM**

Illustrious situations, astounding experiences! Love! Laughter and Romance, all mixed into this three-act comedy, "George In A Jam," which is to be presented at Big Valley school, April 13.

**Cast of Characters**

Jim Gray, a youthful guardian — Eric D. Robinson.  
Mary Brown, his matronly ward — Estell Miller.  
George Forbes, another ward of his — Ralph Wilmetth.  
Odessa, the colored cook — Jane Knowles.  
Jack Carson, George's bosom friend — Morris Sellers.  
Nellie Marrow, a school teacher — Mary Haggood.  
Sara Jane Larkin, a rustic waitress — Adelle Byrum.  
Ma Larkin, her mother — Yeseva Sellers.  
Pop Larkin, Sara's father — Wayne Miller.  
Tate Stebbins, a rural "detective."

**SPRING FEVER**

Another of the many contagious diseases, spring fever, is raging in Big Valley. The history teacher, Ralph Wilmetth, so far has been the only victim of this disease. It is feared that the pupils will take it, but so far everyone has been fortunate to escape it. It seems to affect the brain and mind, and once you get this disease, you'll probably have a bad case about every three months.

**JOKE**

Mr. Wilmetth: "Wipe that grin off your face."  
June: "That wouldn't do any good. It would come right back."  
Dink: "The secret of good wealth is onion eating."  
Mike: "How can onion eating keep a secret?"  
Mr. Wilmetth: "What can you tell me about carpenter?"  
Shirley: "My father was a carpenter in the French war."

**STAR**

Perry Townsend, a former resident of Star, was visiting relatives and friends one day last week.

J. C. Cox of Goldthwaite has been visiting his father, who has been ill for several months.

Mr. and Mrs. J. J. Winty and little daughter, Royce, were Evans visitors the latter part of last week.

The epidemic of mumps is still smothering people from the everyday duties of life, and folks are having a swell time getting back. We are hoping that ere long there will be no more to talk about this year. They even attack school teachers, being no respecter of persons.

Mr. and Mrs. Luke Teague went to Coburn the last of the preceding week to take their son James and his wife back home, and to visit a daughter, Mrs. Delbert Cook, of that place.

D. A. Jeske was a business visitor in Goldthwaite Friday.

Chair Sheldon was transacting business in Gasterville last Friday.

Mr. and Mrs. John Sheldon of Liberty are visiting Mrs. Sheldon's mother, Mrs. Ed Hamilton. Mr. Sheldon has gone on to Marlin for medical treatment for a few days before returning home.

Mrs. Jim Goodnight of Holland is a guest of her sister, Mrs. Ed Hamilton.

Jim Adams and family of Adamsville drove up for a short visit with Mr. and Mrs. Jim Winty Sunday afternoon.

Miss Marguerite House returned home last Thursday from a winter's stay in Atlanta, Ga. Her aunt, Mrs. Dorothy Stikney, accompanied her home for a visit with Mr. and Mrs. Charlie House and other relatives.

Mr. and Mrs. Lant Adams attended the plunger convention at Fort Worth last week, and report a very pleasant trip.

Pestus Teague and wife of Brownwood attended the funeral of Jake Roe last Monday afternoon.

Mrs. Otto Doggett of western Texas is visiting with her parents, Mr. and Mrs. Perkins, until the dust storms are over, on account of the health of her little daughter.

Joe Petre suffered in another well last week on the Goode property in the southern suburbs of Star.

Mr. and Mrs. Jerry Davis of Goldthwaite spent Sunday with Mr. and Mrs. Claude Teague. Mrs. Teague was formerly Miss Odessa Davis.

Mr. and Mrs. Jake Long, of Goldthwaite were guests of Mrs. Little Garrett over the week-end.

Mr. and Mrs. Luke Teague and Mr. and Mrs. Delbert Cook of Coburn left Star Tuesday morning to visit O. B. Teague at Corpus Christi, who had a serious accident in the oil field last week.

Jake Roe of Center City was buried in the Hurst Ranch cemetery Monday afternoon. We extend our sympathy to the bereaved. Funeral services were held by Will Roberts of Caradain, who made a very appropriate exposition of condolence and sympathy. Mr. Roberts was accompanied by his wife, Mrs. Effie Roberts.

Miss Vein Stephan, we are very proud to report, won first place on the tennis courts of Mills county. Miss Stephan is the daughter of Mr. and Mrs. Chas. Stephan.

The Art and Civic club met with Mrs. John Soules at the last regular meeting. Mrs. Soules has such a comfortable, commodious and inviting ranch home, nestling in the protection of a grove of age-old oak trees. A home of comfortable and useable looking bed rooms, a wonderful living room, with sunny windows and open fireplace adjoining an intimate dining room and kitchen—and all surrounded with spacious and winding porches, where one could find a cool place to rest and rest any hour of the day. And the pond close by with fish in it, and the fertile acres below and back of the house, rolling to a comfortable distance in inspiring confidence. It is a home I shall not forget soon, with Mrs. Soules' cheery smile and genuine hospitality beaming on all as we came to a stop from over a crooked and winding pasture.

**Star Physician Passed Away**

Dr. Mary C. Brooking died at her home in Star yesterday morning at 9 o'clock, after a short illness with pneumonia, following an attack of flu. Dr. Brooking had been engaged in the practice of medicine at Star for several years and was quite successful. She was a lady of a high degree of intelligence and educational attainments who was held in esteem by all who knew her. She leaves two daughters and their families at Star.

Funeral services will be held in the Star Baptist church this afternoon at 1:30 o'clock, after which the remains will be brought to this city for burial in the cemetery at this place.

**CARD OF THANKS**

We want to express our sincere thanks for every word and deed of kindness in the illness and death of our precious husband and father.

Especially we were thankful for the lunch that was served and for the flowers.

May God's richest blessings rest on each one who helped in any way.

road at her front gate. It was worth it all just to see that picture alone. There was a good attendance despite the fierce winds that blew us hither and thither, and an interesting program interspersed with music. Mrs. Soules, assisted by her sister, Mrs. Slim Hight, served delicious fruit punch and the most appetizing cakes you ever ate. There were two guests, Mrs. Brown and Mrs. Fred Soules. The meeting adjourned to meet again with Mrs. Luke Teague.

Mr. and Mrs. Cleburne Masters have moved from the Lake Merritt community to an apartment at W. S. Lowe's.

Chas. Taggart and daughter of Waco visited B. Tyson and his sisters, Mrs. O. E. Rice and Mrs. C. L. Summy, Thursday.

Mrs. J. L. Burkett and son, John Burkett and Mr. and Mrs. F. E. Burkett, spent the week-end at Lubbock with relatives.

A number of people from here attended the all-day services at Blanket Springs Sunday. Rev. O'Hearn of Brownwood preached and the noon meal was a real feast.

Will Murray of Fort Worth spent the latter part of the week here with E. L. Burkett and other relatives. Mr. Murray represents the live stock company of Woody-Kutch of Fort Worth.

The city election Tuesday was quiet and the following were elected aldermen: A. H. Daniel and Leverett Henry. W. C. Hancock was elected city marshal. Miss Ethel Dean McFarland was presiding officer, due to the illness of her mother, Mrs. W. H. McFarland.

Misses Nora Belle Biggs of Rock Springs and Frances Biggs of Houston were guests of their sister, Mrs. W. S. Lowe, Saturday. Mrs. Lowe and family accompanied them to San Saba and visited in the home of her parents.

Rex Williams happened to the misfortune of breaking his arm Saturday. He was attempting to crank his father's car when the crank broke his arm. He was immediately rushed to a physician in Brownwood where his arm was set and he is now doing nicely.

Mrs. L. T. Spivey and her brothers, the Swinney boys are enjoying a visit from their mother, Mrs. W. C. Swinney of Medina. Mrs. Swinney and her husband, W. C. Swinney, edit the Light of Medina.

The Methodist revival begins, and Rev. Chas. Cole will conduct most of the services. He is well known here. Rev. A. C. Wilkerson will be here Sunday night. Rev. Clark of Zephyr, a former pastor here, will preach Sunday morning at the 11 o'clock hour.

Mrs. H. C. Kirkpatrick and pretty little daughter, Patsy, and Mrs. K. L. Certain of Amarillo, were guests of Mrs. M. C. Kirkpatrick, the latter part of the week. Mrs. Kirkpatrick accompanied her sister, Mrs. Certain, to San Angelo Saturday and Mrs. Certain will visit there for a while. Mrs. Kirkpatrick returned here to continue her visit until Friday. She and Miss Carrie Kirkpatrick expect to go then to San Antonio for a visit.

## THE COMMUNITY MEETING

The South-West-End Community club met Friday and had a splendid program for the full house.

A reading, "A Dose of Castor Oil," was given by Mary Ruth Cobb.

Messrs. Chas. Bryan, Prof. Tesson, G. W. Chancellor and Mrs. L. T. Spivey sang several beautiful songs.

Dr. Foster of Brownwood made an interesting talk outlining the good of boy scouts.

Billie Louise Neil rendered three beautiful solos on the harmonica.

Teddy Pyburn gave a reading, "I'd Rather Live In Texas."

Dale and Don Dykes sang "Nobody's Darling" and "Red Sails in the Sunset," accompanied by a guitar.

Billie Weston tap danced which was enjoyable.

The pecan school was discussed. The crowd decided to have barbecue and coffee, a basket lunch and a stand. The school is to be held north of Mullin on Geo. Fletcher's place.

Supt. Tolbert Patterson ended the program with a prayer.

Several people stayed to hear Mr. Goosby of Goldthwaite talk on "The New Farm Program." He compared the prices now with prices three years ago and explained the new deal.

## SCHOOL BOARD ELECTED

The school election of trustees was held Saturday. It was quiet with 112 votes cast. The ones elected were Dr. R. H. Jones, who has been the president of the board for quite a while, and D. A. Hamilton. Other members of the board are: S. J. Casey, secretary; O. H. Pafford, A. L. Carroll, Forest Weston and M. O. Sadler.

A school board deserves much consideration from the public. The trustees have many problems to solve and they spend their time and often use their cars in the duties of the office. It is only fair that the public they serve give them their loyal support and appreciation, for that is all the remuneration they receive, if they get that 100 per cent well done.

Mrs. C. L. Summy was presiding officer of the election, assisted by Mrs. O. E. Pyburn and Miss Kirkpatrick.

## SUNSHINE PARTY

On Wednesday, April 1, the friends of Mrs. Rosa Utzman surprised her with a dinner and a shower. Mrs. Utzman has been an invalid for two years and is now able to be about in a wheel chair.

The guests arrived about 11 o'clock, each bringing some part of the dinner. An appetizing dinner was served consisting of two baked hens, salads, vegetables, cakes and pies and this was topped off by two large freezers of ice cream. After the lunch hour a number of religious hymns were sung, followed by a prayer of thankfulness by Mrs. McFarland.

Mrs. Utzman received many beautiful and useful gifts. Those present were: Mesdames Tip Hart, C. V. Roberts, E. L. Burkett, Etelle Lee, Ima Kirkbride, W. H. McFarland, J. L. Burkett, Joe Edmondson, S. M. Casey, Floyd Burkett, Z. T. McCowan, J. F. Williams, M. D. Mills, Chas. Hays and N. M. Harrell.

## THE PECAN SCHOOL

Remember the pecan school and picnic Friday on the Fletcher place. If you are interested in budding and pecan culture, come and be with the state experts and see new methods and exchange ideas. Basket dinners and barbecue are to be part of the program. The meeting of friends and the addresses will be beneficial to all.

## DRISKILL-WALDRUM

Saturday night at eight o'clock. Mr. Jim A. Driskill and Miss Mildred Waldrum of Zephyr were quietly married at the home of Rev. L. J. Vann in this city. Rev. Vann performing the ceremony. These young people are popular in Zephyr and are from two of the leading families there. Mr. Driskill is the son of Albert Driskill who is well known here. The Enterprise joins in wishing for them a long and happy life. They will make their home in Zephyr.

## CENTER POINT

There were only 20 at Sunday school Sunday. Remember Sunday is Easter, a good time to start back to Sunday school. A program is being planned for Mother's Day, also there will be a good dinner. Let's all go and make Mother's Day a memorial day in honor of our dear mothers.

Mrs. Charley Stark spent Sunday afternoon with Mrs. Johnnie Taylor.

Jim Fallon and family also Anderson Shelton spent Sunday with Mr. and Mrs. Mark Fallon near Kempner.

A large crowd came to the school house Tuesday night for band practice. The main feature of the evening was a surprise shower for Miss Lorraine Duey. Miss Duey expects to enter nurse training in the fall at Dallas and the many nice gifts she received will be especially useful in her line of work. Zelda Tesson acting as a prim little nurse assisted by a dignified doctor which proved to be Lee Roy Tesson presented the basket laden with many beautiful gifts to Miss Duey. The expression on her face was evidence of surprise, also of appreciation. We regret very much to lose Miss Duey in the school work as well as from our community. May success be her's in her chosen work.

A large crowd of men attended the farm meeting at the school house Friday night.

Miss Lorraine Duey spent the week-end with home folks at Big Valley.

Miss Ovella Wesson called on her aunt, Mrs. Kate Shelton, Sunday afternoon.

**AN INTERESTING CAMPAIGN**

The national political campaign is gradually taking form and some interesting developments may be recorded before the two main political parties hold their conventions. However, there is not the slightest doubt that President Roosevelt will be nominated by the Democrats to succeed himself and the same is true as regards Vice-President Garner. With these two nominations already settled, removing any doubt or question about the standard bearers for the Democrats, public interest turns to the Republicans and in that party battle lines are already being tightly drawn. One strong wing of that party, led by Ex-President Herbert Hoover, wants a highly conservative candidate, such as, Col. Knox, publisher of the Chicago News. Another strong wing, led by Senator Borah, and generally believed to have the support of such potent figures as Senate Minority Leader McNary of Oregon, wants a liberal candidate. Still another strong wing wants a middle-of-the-road candidate, such as Governor Landon of Kansas. At this writing, the best bet for the nomination would be Governor Landon, and most public polls show that he is more popular with the people than other leading Republicans. But it must not be forgotten that prominent commentators seem to believe that neither Senator Borah nor Ex-President Hoover are in favor of Landon—and those two men, standing poles apart in their viewpoints, having little in common, can sway a great number of delegates at the convention. Such commentators are tending toward the belief that the big figures in the party may offset each other with their opposed strength—may indirectly bring about the nomination of a dark horse.

That remains to be seen, but this can be said with certainty—no matter who is nominated, he will campaign on certain planks. Constitutionalism will be one of those planks—the Republicans will hold that it is President Roosevelt's plan to get around the constitution in one way or another, establish what amounts to a dictatorship of the federal bureaucracy. Taxes will be another—the Republicans will say inflation impends and that the country goes toward bankruptcy. They will also claim that the administration's relief plans have been wasteful and economically menacing to the country; that more distress could have been alleviated with less spending; and that the spoils system prevails or did prevail at the high tide of relief expenditures.

Another claim will be made, with more or less certainty, that the administration's policy toward industry and its attempts at regulation have barred the way of greater industrial recovery. The accent laid on these various points will vary with the candidate. If, for instance, Senator Borah were nominated, he would probably lay greatest stress on the constitution, while Governor Landon would be expected to talk most about taxation and fiscal policies. But all the planks will be used.

The Democratic campaign must, of course, be based on the president's record. It will be held that he was responsible for the recovery we have achieved—that his mistakes were inevitable in an emergency where speed was essential, that he has no idea of tampering with the constitution or the supreme court, that his program so far, has succeeded and earned him the right to go back and finish the work he has in hand.

It is widely believed that President Roosevelt will stress economy in the campaign—declare that his vast expenditures were unavoidable and saved us from ruin, that wherever possible he cut expense. In line with this, he recently appointed a committee of three experts in public administration to survey the government and prepare a plan for reorganization and consolidation of bureaus in the interest of economy and efficiency. In his letter to the members he intimated that some of the new agencies he created were justified by emergency, will be dropped with recovery, that others will be curtailed in their operations.

So the political war is getting underway, even though, theoretically, the opening gun will not be fired until after the conventions.

**UNEMPLOYMENT DECREASING**

President Roosevelt, in his message to congress regarding the unemployment situation throughout the country, said that the trend of re-employment is upward, yet the rate of progress at this time is insufficient to take care of all unemployed; hence, he asked for an appropriation of a billion and a half for the works progress administration, in order that work may be provided for the destitute unemployed for the fiscal year ending in 1937. While the president is still a believer in government regulation of industry to the extent of fixing the hours of work and schedule of pay, he says in his message that "we have learned the difficulties of attempting to reduce hours of work in all trades and industries to a common level or to increase all wage payments at a uniform rate," referring of course to the failure of his N. R. A. and then adds: "It is my belief that if the leaders in each industry will organize a common effort to increase employment within that industry, employment will increase substantially."

**PROSPECTS FOR PENSIONS**

The state pension board announces the hope that two million dollars will be in the treasury for distribution to those entitled to old age pensions by July 1. The amount to be apportioned to each pensioner will be governed by the amount received for distribution and the number of pensioners. The federal government appropriates an amount not to exceed \$15 per month to each one, but this amount is governed by the state's apportionment; hence the failure of the state to pay \$15 will reduce the federal apportionment to the same extent. The people of this state voted by an overwhelming majority to pay these pensions and it should be and will be done. Nevertheless, there are far more people already on the rolls than was ever imagined would be there when the proposition was submitted and there was not sufficient provision made for the payment of these pensions.

**STATE DEFICIT BEING REDUCED**

A report made public early in the month said the deficit in the state's general fund had been reduced a million dollars since the previous monthly report. In the earlier report the deficit in the general fund was approximately nine million dollars. There has not been a deficit in some of the special funds and they are in good shape. At one time during the depression the deficit in the general fund did run as high as ten million dollars and legislators in the last session predicted on the floor of the house that it would reach twenty millions. There is also a deficit in the Confederate pension fund, but this fund is governed by the collection of the special levy of 7 cents on the \$100 taxable values in the state. The immense delinquency in tax payments in the state necessarily causes a deficit in this fund.

**NEWS IN BRIEF**

President Roosevelt has signed the bill extending for one year the federal housing act, authorizing loans for repair and modernization of homes.

The case of a woman trying suicide who missed shooting herself in the heart because it was on the right side and she did not know it, is described in the proceedings of the Mayo clinic in Rochester, Minn.

A skull unearthed in a WPA drainage ditch near Los Angeles was pronounced by California university anthropologists to be that of a man who lived 16,000 to 50,000 years ago, possibly the human link between America and Asia.

The senate agricultural committee has approved a plan to dispose of 4,500,000 bales of government owned cotton by permitting farmers to repossess it below market price. The privilege would be extended to those farmers who obtained one-cent a pound loans.

In Cuba, women voted in the recent national election for the first time in the island's history. Cuban women, numbering 796,589, make up 40 per cent of the registered voters. Women filled positions as consuls, embassy attaches and mayors during the provisional governments.

Mrs. Lydia Ann Graham, aged 88, of Brushy Run, Va., is the last pensioner of the war of 1812 on the rolls of the United States. She is the widow of Isaac Graham, drummer boy of 1812. She was married to the veteran in 1869, when he was an elderly man and she was a woman of 32.

Secretary of Agriculture Wallace announces that, for the present season, the program probably is powerless to control the crops of the current year. At the same time, the flood damage comes to emphasize the necessity for a policy on a national scale to control our tillable lands.

Vice-President Garner expressed the opinion Saturday that none of the \$3,000,000 appropriation for the 1936 Texas centennial should be used for land purchase. Garner, chairman of the federal centennial commission in charge of allocation of funds for the state-wide exposition, said he had suggested to the state commission that it use state funds to buy land and then use federal funds to erect statues or monuments.

The state pension director says federal aid would be denied if Texas attempted to pay pensions to all persons over 65, regardless of qualification and without restriction. "Broader qualifications would keep us from receiving federal aid," he said. "If our law were changed to make everyone past 65 eligible, we could not obtain funds from Washington. Co-operation of the federal government is limited only to those states giving aid to the needy."

Raymond Henry, 25-year-old ice man, was convicted at Eastland Saturday of the "hanging skeleton" murder of H. L. McBee, and his punishment fixed at fifty years imprisonment. The state charged that Henry stabbed McBee, a highway worker, at Rising Star, May 1, 1933, made love to Mrs. McBee behind the bed on which her husband lay dying, buried the body and three weeks later exhumed it, dangling it from a tree to give the appearance of suicide.

There were more Texas farm owners in 1933 than at any time since 1880, figures just released by the United States department of commerce, bureau of the census, reveal. Texas is among the national leaders in the back-to-the-farm movement brought about through depression reduction of land values, and shows a marked increase in the number of farm owners and part owners, a considerable increase in the number of farms and acres farmed, and gains in the size of farms operated.

**OUT OF DOOR HEALTH RULES RECOMMENDED**

Recommendation to children and their parents to get together for some sessions of plan making in preparation for warm weather recreational activities was made this week by the state health officer.

"Texas has done a pretty good job in awakening health consciousness in the home and school," he said, "and it is an excellent idea to carry it into our out of door life. Texas is essentially an out of door state. From early spring until late fall weather conditions make the countryside inviting. The warm weather comes on with a rush and there are dangers alike to children and adults.

"One excellent bit of advice, particularly for the grown-ups, to heed is to avoid over exertion at the outset. Too much haste in everything is a constant menace to the health of the people. The eager father who attempts to keep pace with his school boys sons and daughters on the first spring outing may be laying up trouble. Over-exposure to the sun is a danger that confronts all members of the family in their eagerness for the benefits of sunlight.

"For the whole family there can be no better practice in advance of spring and summer outings than to make a check list and obey a few simple rules. It is well to look to the source of water and milk, and to be wary of poison ivy and poisonous insects. A first aid kit is always a satisfying reliance. Watchful care should be taken of the youngsters who cannot resist the temptation to go barefoot and immediate treatment should be given bruises and cuts. When wounds are inflicted by rusty nails or similar objects the child should be taken immediately to a physician."

**CONDITIONS IN TEXAS**

The Santa Fe Railroad company bulletin for April says of conditions in Texas:

Most of east, south and south-east Texas have sufficient moisture for planting spring and summer crops. Cotton planting is under way in the southern areas, and will be general early in April. Indications are for an increase in the plantings of sorghums, maize, hegari, feterita and other similar crops.

Wheat planted on well-prepared land in the northwestern counties still is in good condition, despite dry weather and dust blowing. It should make a crop if moisture comes soon. Wheat indifferently planted is suffering.

But little planting of crops has been done in the northwest, although ground has been prepared and is in a good condition. Farmers are waiting for the wind to subside. Ranges continue to deteriorate.

In most Texas areas sub-soil moisture is adequate, and only surface moisture and warm weather are needed to start spring crops, including grasses. Exceptions are in northwestern and western districts.

Planting of vegetables and truck crops in the east, south-east and south have been progressing rapidly, and in most instances are in a good growing state. The tomato acreage in east Texas is larger than that of a year ago, in spite of the setbacks due to low temperatures.

Onions in north Texas are growing well. The onion acreage will be the largest in several years. Preparation of lands for other truck and vegetable crops, among them melons and cantaloupes, is progressing at a brisk rate.

**EDITORIAL COMMENT**

VIEWS OF THE NATION'S PRESS ON TOPICS OF INTEREST AND IMPORTANCE

**BRITAIN MOVES FLEET**

When Mussolini attempted to annex Ethiopia in disregard of British wishes, it was clear that the Italian dictator felt himself strong enough to defy Britain. Now he challenges the supremacy of the Union Jack on the Mediterranean, over which that flag has flown triumphantly for a century and a half. Neither the concentration of the British fleet in what the Fascists are wont to call "our sea," nor the imposition of economic penalties by fifty members of the League of Nations led by Britain, has bowed it duce. This week Mussolini's undersecretary for aviation publicly boasted: "Every point in the Mediterranean is now under control of the Italian air force." Not until two countries with strong fleets on the sea and in the air actually fight it out will it be possible to say how far aviation has advanced toward the neutralization of sea power. But there is no denying that sailors are apprehensive for the safety of their ships, in the presence of hostile air bombers. A few desperate men in powerful planes might do a lot of damage to a dreadnaught before being destroyed. Of course, the British are strong in the air, and they are taking extensive measures to increase that strength. It duce's air conscripts can hardly hope to control the skies above the Mediterranean without a fight. Nor is the British Mediterranean fleet to be based any longer upon Malta. One of the reasons why King George got back the throne of Greece was Britain's desire to have an understanding friend in Athens. For Greece has some admirable sites for naval bases—Cephalonia, for example. And the farsighted British are taking no chances with possible Italian interference along the line of their indispensable communications with the Orient. Already they have signed up most of Italy's Mediterranean neighbors in defensive agreements. Also, they have strengthened their control at the two gateways of the Mediterranean—Gibraltar and Aden.—Chicago News.

**NEW ERA FOR WIREPHOTO**

Transmission of news pictures by wirephoto began only a little more than a year ago. In the time that has elapsed since then readers of the Star have become aware of the strikingly successful achievements in this field of pictorial effort. The last week, for instance, has brought the finest general coverage of the floods that devastated the east, a photographic panorama, as it were, of the destruction and drama over an area of hundreds of square miles.

Now wirephoto is being expanded. To the already established facilities in twenty-six of the principal news centers in the country there is to be added the service provided by recently perfected portable picture transmitting machines. The first photographs to be sent by a portable sending set came from Pittsburgh Saturday. The transmitter, packed into a space about the size of a small steamer trunk, was flown to the flood-stricken city from New York. Despite the handicaps of lack of electricity and proper photographic conditions, the pictures sent out from Pittsburgh were of surprising clarity and composition.

As rapidly as the portable transmitters can be manufactured they will be sent to cities in various parts of the United States where no wirephoto facilities exist at the present time. Within a few months it is expected that wirephoto will blanket the country, and no important news event will occur that cannot be covered pictorially with almost the same speed that the news itself is carried from one end of the country to the other.

The City of Mexico and Havana will be included in this extension of wirephoto service, with a connection in Canada at

**WAR IS A PLEASURE?**

Senator Borah allowed that he was glad to have the support of Dr. Francis E. Townsend for the Republican nomination for president, but there must have been a little embarrassment mixed with the pleasure. The originator of the Townsend plan does not seem certain from one day to the next whether he is a Republican or the born leader of a third party, but his kind words for the Idaho senator are likely to make some of the Townsends ask searching questions about Senator Borah's stand on the Townsend plan. In his Brooklyn speech on January 28 Senator Borah mentioned \$50 or \$60 a month as a proper old age pension and said "and beyond that I am not prepared to go." Some of the most vociferous advocates of the Townsend plan in congress are not prepared to go much further, if their legislative drafts are allowed to speak for them, but the Townsends have regarded the Idaho senator as friendly, even if not committed to their plan. It might be possible for a man to remain friendly with the Townsends and silent on the issue until he won the Republican nomination, but during the campaign he would have to make his position as clear as day, for it is plain that no candidate, particularly one with the political disadvantages of the senator from Idaho, could survive such an old man of the sea as identification with the Townsend plan would prove to be. The indorsement seems likely to prove equally embarrassing to Dr. Townsend, for it has brought about the resignation of his associate, R. E. Clements, made evident by dissent in the organization and given life to the investigation of the Townsend plan.—New York Sun.

**A WAIL OF DESPAIR**

The Emperor Haile Selassie has again appealed to the league to enforce sanctions, especially an oil sanction, against Italy and also begs that it be restrained from waging a war of barbarity against his weak nation. He asks that Italy be made to respect modern rules of warfare and that it refrain from the systematic destruction of cities and civilian population.

Italy, on its side, announces that war is practically over, that its armies are everywhere victorious and that Ethiopia is suing for peace. All this is denied by Haile Selassie who declares that he will fight on, that Italian victories are faked, and that he wishes peace through the offices of the league, not by direct negotiations with Italy. The chances are that unless heavy rains come speedily Ethiopia is doomed, though experts declare that a final conquest is the work of years, not a few months.

The expense of the war in "blood and treasure" to Italy must be a heavy drain on the resources of that poverty-stricken nation. If the war is really protracted for several years by the process of "mopping up," that will be so much the worse for Italy. There is also the possibility of a complication with Great Britain over Lake Tana, the source of the Blue Nile, and there is the further loss of prestige and influence in European affairs through Italy's absorption in the conquest of Ethiopia.

Is it true that in the long run the winner of a modern war is regularly the loser?—Dallas News.

## Lampasas

The fencing project on highway 74 was started this week. A full crew as called for by the project is on the job.

But for the fireproof projection booth of the Leroy theatre, a disastrous fire might have resulted Monday night about 10:00 o'clock. As it was the film was destroyed and one of the projection machines was damaged to the extent that it had to be carried to Dallas for repairs.

While driving Sunday afternoon about 2 o'clock on highway 53, Edgar Moses was injured when his car turned over in front of W. W. Allison's place in the east part of town. It was said by some who saw him that he was not driving fast, but his car struck loose gravel as he started to drive around another car and turned over. The windshield of the car was broken to pieces and one of his thumbs was so badly cut that it was necessary to amputate it.

## Hamilton

The second annual banquet of the Hamilton Retail Merchants association was held on Friday evening, March 27, in the basement hall of the First Baptist church.

Reliable information given at noon Thursday was that the Seaboard Oil corporation Judge Dawson No. 1, had reached a depth around 1,708 feet. It was rumored that the bit had struck hard rock and the drilling had slowed down considerably.

At about 2:30 o'clock Wednesday afternoon the Hamilton volunteer fire fighters were called to the home of Will Holloway in southwest Hamilton to extinguish a blaze that threatened the entire residence for a short time. The fire which originated in a trash basket was soon extinguished.

The home of Mr. and Mrs. S. W. Ragsdale in this city was the scene on Sunday, March 29, of a gathering of relatives in reunion, a notable feature of which was that some of the members of the family had not seen each other for thirty-three years.—Record-Herald.

## San Saba

Petit jurors for the first week of district court in San Saba are summoned to appear Wednesday, April 22, at 9 a. m.

San Saba citizens donated \$436.15 in the Boy Scout drive held last week. This amount consisted of \$194 in cash and \$242.15 in pledges to be paid within the year.

Gladys Weatherby and Hazel Smith received the first prize place in debate for the third consecutive year in San Saba high school interscholastic league meet. They also were awarded the district loving cup which is given Hamilton high school.

Mrs. Bill Lane left the first of the week to join Mr. Lane in Mineola, after a visit with her mother, Mrs. Minnie Rye, in San Saba.

The new Buick sedan driven by Paul Byrum of the Mill Motor company, quit the track and turned a complete turtle down a 25-foot embankment on highway 81, nine miles south of San Saba Saturday night. After rolling down the embankment at Buffalo Mr. Byrum crawled out of the car unassisted and halled a passing car to come to town, apparently none the worse for the accident.

Nelda Jean, the ten-year-old daughter of Mr. and Mrs. Bob Wilson of the Bowser community, died of a fractured skull at the home Sunday afternoon. The child was injured in some unexplainable way when she and her brother ran in play at the family home Saturday afternoon.

Mrs. Day Carter was near seriously hurt when the car she was

## Comanche

Enrollment of men and boys between the ages of 17 and 28 is now under way at the county relief office.

Ground was broken Thursday morning for the new \$40,000 building at Blanket school. A large number of citizens of the community as well as students and faculty members of the school attended the ceremony held last Thursday morning.

Comanche will have a baseball team this season playing in an amateur league, according to an announcement of those who are promoting it. The circuit, known as the New Deal league, was recently organized at Dublin and now has six members with prospects of two others. Towns in addition to Comanche which have paid in their enrollment fee are DeLeon, Comyn, Dublin, Desdemona and Gorman.—Chief.

driving turned over on highway 31, between San Saba and Cherokee last Thursday afternoon. Mrs. Carter was driving alone. It appears that a front tire struck a rock on freshly worked road, blew out and she lost control.

The splendid barn of J. C. Howell of the Chappel community was completely destroyed by fire Saturday night, March 21. The family was awakened late at night to find the entire barn in flames. The feed crop of last year was a complete loss. Neighbors came this past week and assisted in erecting a new barn and each one brought along some feed to go into it.—News

D. 1936, the same being the 4th day of May, A. D. 1936, then and there to answer a petition filed in said court on the 12th day of March, A. D. 1936, in a suit numbered on the docket of said court No. 2480, wherein J. L. Buttrell is plaintiff, and W. M. Chowning, W. J. Hufstutler, J. A. Fulton, Henry Stallings and company, a firm composed of Henry Stallings and L. M. Stephens, Mr. S. A. Chadwick, individually and as sole and independent executrix of the estate of J. M. Chadwick, deceased, G. M. Booth and S. G. Yakey and J. W. Armstrong, trustees for the Taylor National Bank, and W. F. and J. F. Barnes Lumber Company, a corporation, Homer C. DeWolfe, Pat Kennedy, Long & Berry, a firm composed of Curtis Long and Lee Berry, Texas Southwest Cattle Raisers association, a private corporation, and W. N. Jacobs, are defendants, and said petition alleging: Plaintiff and defendants, W. M. Chowning, W. J. Hufstutler and Pat Kennedy are the joint owners and tenants in common of 200 acres of land in the William McFarland survey in Mills county, described by metes and bounds as follows: Beginning at the NE corner of a 300 acre tract set aside to S. Hufstutler in a suit of W. M. Swenson vs. Leon Blum et al in the district court of Mills county, Texas; thence S 936.5 vrs.; thence W. 1195 vrs.; thence N. 936.5 vrs.; thence E. 1195 vrs. to the beginning.

That plaintiff owns an undivided 25-44 interest in said land, and defendant Chowning 1-44, and defendants W. J. Hufstutler 2-44 and Pat Kennedy 16-44 interest in the said land. That said land is not susceptible to a fair partition in kind; that the other defendants are claiming some right, title or interest in said land, the exact nature of which is unknown to plaintiff. Plaintiff prays for partition of said land, that the defendant's claims be adjudicated, that a receiver be appointed to sell said land as under execution and pay the proceeds thereof to whoever the court may find entitled thereto, etc.

Herein fail not, but have you before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Goldthwaite, Texas, this the 14th day of March, A. D. 1936.

(Seal) B. J. KEESE, Clerk District Court, Mills County.

See the new Kelvinator for yourself. When you have compared it with other refrigerators, you'll say: "My next refrigerator will be a Kelvinator."

# Beware The Cough That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies, such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Wild Cherry and Menthol, but also has fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results. Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membrane and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble. Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

### METHODIST NOTES

(Continued on Page 4)

coming centennial has proposed  
that one of the most important  
things to make a lasting impres-  
sion upon the minds of those  
who will attend the centennial,  
is an entertainment by women,  
minus even the figleaf garments.  
Thus all my fine philosophy  
about the moral improvement,  
comes to naught. Well, possibly  
it is well for all of us to reserve  
the right to sometimes change  
our minds about our own fine  
spun theories, especially if these  
opinions be in regard to morals,  
religion or politics.

J. S. BOWLES.

Mrs. O. H. Yarbrough has re-  
turned from a protracted stay  
in Marlin.

### Willing Workers Club Meets

The Rock Springs Willing  
Workers met with Mrs. Sowers.  
There were fifteen present and  
four visitors. We are always glad  
to have visitors and invite them  
to come again.

We quilted on a beautiful  
friendship quilt and some pieced  
on a star quilt. Then Mrs. Sow-  
ders treated us to three lovely  
cakes and lemonade.

The next meeting will be with  
Mrs. Marvin Spinks on Friday,  
April 10. REPORTER

### NEW TEXAS ALMANAC

The book of 100,000 facts—the  
1936 edition of the Texas Al-  
manac—is just off the press. It is  
the largest volume in the history  
of this publication—a total of  
512 pages, on better grade of  
paper and more profusely illus-  
trated. The 1936 book, although  
designated as the "centennial  
edition" and compiled in tribu-  
te to the grand celebration in  
Texas this year, misses only  
twenty-one years of reaching its  
own centennial year, having first  
been issued in 1837 by the Gal-  
veston News, the parent organiza-  
tion of The Dallas News, its  
present publishers.

### MOUNT OLIVE

So far, no dictionary salesman  
has been to see Dad; as a result,  
the community is not being  
bombarded with new words  
which are unmeaning to the  
user, and a pain to the listener.

Church was well attended  
both Saturday and Sunday. Rev.  
Chambers preached, assisted by  
Elder Hanks. Dinner was served  
at church Sunday. The next first  
Sunday is communion day for  
the Mount Olive church.

Mr. Frank and Miss Katie  
Poer of Hamilton county, were  
visitors here over the week-end.

Our singing class meets next  
Sunday afternoon at 2 o'clock.  
Star, Priddy, Center Point, Cen-  
ter City and Big Valley singers  
please come and sing with us.  
We are using "Harbor Bells No.  
5." Co-operate with us, and we  
will co-operate with you.

We were all sorry to hear of  
W. C. Koen's ill luck last Mon-  
day. He works at Pampa, Texas,  
for the Danciger Oil and Gasol-  
ine company, where he is one  
of the operators. In the process  
of treating gasoline, an am-  
monia tube burst and filled his  
face. It is feared that his eye-  
sight might be ruined. His  
parents, Mr. and Mrs. S. O. Koen,  
were immediately notified of the  
accident.

This being leap year, I cannot  
understand why a certain young  
man has to drive a brand new  
car alone.

We are all grieved over the loss  
of Mr. Stewart. He was a friend  
to us all. He was reared mostly  
in this community and was our  
favorite for any kind of help to  
upbuild a community, or to us  
for a good example of character.  
Our most sincere prayers are for  
his bereaved family. May God  
bless and comfort them.

Stenton Richardson, of Van,  
Texas, visited friends in this  
community over the week-end.  
His new car is indeed beautiful.

Norma Lee Benningfield is  
nursing a case of mumps.

Leonard Qualls, an employee  
of Cabot Carbon company, at  
Bowers City, spent a day with  
home folks this week. He return-  
ed to Pampa, Tuesday, as he  
wanted a warmer place to live.

Vernon Lawson is incapacitat-  
ed with a case of influenza. We  
are wishing him a speedy re-  
covery.

Looks like illness is getting the  
upper hand of lots of our neigh-  
bors. Will Huckabee is near the  
point of death. Every one should  
take every precaution to prevent  
any type of cold. In order not to  
become exposed to the mumps, a  
teaspoon of strychnine is recom-  
mended.

Tuesday morning at 6 o'clock  
the rotary reported a depth of  
2,400 feet and that hard rock  
was slowing their speed. By the  
time this letter is printed, I ex-  
pect a new oil well will be in  
operation near Pottsville, just  
ten miles away.

Will Hightower is our new  
trustee. We all offer him our ut-  
most sympathy, and best of sup-  
port.

I am not responsible for the  
results of my remedies, or medi-  
cal recommendations. Not being  
a physician, I am not allowed to  
legally kill, maim or injure pros-  
pective patients. REPORTER.
