

THE GOLDTHWAITE EAGLE

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, SEPTEMBER 11, 1936

NUMBER THREE

Goldthwaite Eagles in Grid Work

Goldthwaite Eagles started practice Friday, September 11. Thirty boys are working each afternoon with 7 in the lineup, J. D. McKennie, Clark Davis, G. G. Armstrong, Al and T. Berry.

Out are: F. Cauffman, Fred Marshall, Bill C. Hill, J. M. C. Huckabee, Aubrey Barrey, L. Gray, B. D. Dyer, H. Faulkner, Denison, H. Davis, C. Bowman Fallon, M. Mack Morgan and D.

This year will be the best last year, average pounds per man. The game is with Fredrickburg won their year.

The line up for the year will probably be: Cauffman and G. Bal, Troy Berry and F. Faulkner, guards; Faulkner, center; C. Davis, E. Fox and Al Faulkner.

Opens With Big Enrollment

It has been formerly announced that the local public schools will open Monday. Superintendent H. Smith and his teachers have been very busy getting everything ready for the opening.

There are two hundred students enrolled, an increase of fifty over last year. In the primary and grades there are twenty enrolled.

Places to put the new school building are being operated and each one to capacity every day.

PHENS WILL HAVE POULTRY FARM

Stephens, who lately bought the T. P. Newland farm, has a modern poultry farm, and will have White Jersey chickens. This is a new breed in this section.

Stephens said, and one of the high layers in the area. The farm contains 9 1-2 acres and is fenced with netting wire. He will have chicken houses and plans to install his own.

STALLINGS COMPANY BUSY SHIPPING FALL MOHAIR

Henry Stallings & Company have been busy engaged in recent weeks moving the fall crop of mohair from Mills county, according to J. A. Hester, local manager of the company.

Mohair is being shipped directly to Boston and very little of it is being stored on account of the satisfactory price that it now brings.

Harley Sadler Circus Here September 15th

Harley Sadler, well known west Texas showman, has entered the circus field and is bringing the Harley Sadler circus to Goldthwaite for an afternoon and night performance, Tuesday, September 15.

The circus comes here highly recommended, and consists of many all star circus acts, and trained wild and domestic acts of every description. Among the performers will be the Valera Brothers, in a sensational flying trapeze act at the top of the big tent. The Orton family of wire-walkers, gymnasts and tumblers, Chas. Barnette, aerialists different, Munde and June, sensational jugglers, Capt. Bert Montgomery and his herd of performing elephants, with America's only mother and baby elephants.

There are many funny clowns to make you laugh. Two gorgeous spectacles are given, "Texas Under Six Flags" and "The Siege of the Alamo." It is west Texas' own circus and a large crowd is expected to turn out in Goldthwaite for the afternoon and night performance on Tuesday, September 15. The circus will be located at the cotton yard.

LAWRENCE BLEDSOE RECEIVES MILITARY RANK

Stephenville, Sept. 10.—Lawrence Bledsoe of Goldthwaite was named a second lieutenant of the John Tarleton college cadet corps when Dean J. Thomas Davis announced today the provisional cadet officers for the opening of John Tarleton college on September 14.

He will begin his duties next Friday, September 11, when they meet with other cadet officers and a selected group of Tarleton co-eds in the office of Dean Davis and prepares to assist with orientation of freshmen. For four years Tarleton cadet officers and young women leaders of the campus have been invited by college officials to come to the campus early in order to welcome incoming freshmen, show them the campus, introduce them to faculty members and students, an otherwise help them to adjust to college life.

The scheme has been found of more real assistance to the new students than the more formal systems of orientation, Dean Davis states.

Among the young women chosen as official college hostesses is Clara Blackwell of Goldthwaite. Miss Clara Savage, Tarleton dean of women, recommends Miss Blackwell as an excellent student.

GOING AWAY PARTY

Miss Louise Ohlenbush and Miss Louise Gartman were joint hostesses at a party given in the Ohlenbush ranch home Monday night honoring Miss Florine Woody who is leaving this week to attend John Tarleton college at Stephenville.

The spacious living room was cleared for dancing and music was furnished by two of our local talents, Shultz Faulkner and J. D. Berry. Delicious punch and tasty ice box cookies were served where the guests could help themselves frequently. Bridge and other table games were played by those who did not dance.

Guests who enjoyed the entertainment were: Misses Willie Fae Grey Aileen Martin Juanita Rudd, Sarah Fairman, Mary Margaret Bigham, Evelyn Gartman and the honoree; Wallace Johnson, Harold Yarborough, Leon Grey, Voyd Lee Doggett, John and Buck Ford, Bently Clements, Jimmie Frizzell, Clark Davis and Carroll Berry.

GENERAL ELECTION BALLOT TO BE SMALLER THIS YEAR

Voters who have stayed away from the polls in November because the ballot was too large for them will be able to vote with security this November under a ruling by Attorney General William McCraw at Austin this week.

McCraw ruled, in answer to a question by Marlin E. Sandlin, assistant secretary of state, that the names of the presidential and vice-presidential candidates may be placed on the ballot in lieu of the 21 electors of each party.

Previous predictions have had the ballot the size of a newspaper page. This has now been modified to the size of a very large magazine, since 76 names on the ballot have been eliminated.

McCraw said it was the evident intent of the legislature although not exactly expressed, to cut the size of the ballot and the size of the job of voting.

Marriage License Day Monday, Sept. 14th

Marriage License Day for Mills county, assigned by the Light Crust Doughboys. They will give any couple, marrying that day, a sack of flour in a satin bag. County Clerk L. B. Porter will issue free of charge a license to any Mills county couple on Monday and notify the Light Crust Doughboys, and help them in securing the sack of flour.

Child Welfare Body To Meet Saturday

The Mills county child welfare committee is composed of the following members who will meet Saturday, September 12, at 3 p. m., at the court house:

T. F. Sansom, chairman, Goldthwaite; Mrs. S. J. Casey, Mullin; Mrs. Mohler Oglesby, Center City; Mrs. T. L. Adams, Star; Erle D. Robertson, Big Valley; Frank Kirby, Caradan; Mrs. J. S. Bowles, Goldthwaite.

Singing Convention To Caradan Next

Mills County Singing Convention had its quarterly meeting at the Goldthwaite grammar school auditorium Saturday night and Sunday and a large crowd was present to participate in the activities and Caradan was selected for the next meeting place.

Singers from all over Mills county were present for the meeting here and dinner was served on the grounds Sunday. This is a regular feature of the meetings which attract large crowds at every meeting date.

Garden Club Will Meet Today 3 p. m.

The Garden club will hold its first meeting for the year 1936-1937 Friday, September 11, at 3 o'clock in the Presbyterian church.

All members are urged to be present. The Garden club is quite grateful for the interest and cooperation that the citizens of Goldthwaite have shown in the yard beautification contest this summer. Final judging will take place in October and awards will be given the winners.

BILL RICHARDS OPENING NEW CAFE, BILL'S NO. 2

W. A. (Bill) Richards, who operates Bill's Cafe on the west side of Fisher street next door to Piggy Wiggy, announces the opening of Bill's Cafe No. 2 in the building north of the pool hall.

Bill's Cafe will feature a complete cafe service and will also carry a line of groceries. Free coffee and cold drinks will be served at Bill's No. 2 Saturday in exchange for some circulars that are being distributed.

30 Workers Checking Soil Program Here

Thirteen supervisors are in the field measuring farms and checking acreage for compliance under the soil conservation program. This work should be finished by October 1.

Applications were sent to all signers of work sheets more than two weeks ago with the request to sign and return at once, indicating if they desired to continue by having supervisors measure their land. Many of these applications have come back unsigned. In making lists we do not have their names. We still receive 20 or 30 late applications a day.

This carelessness seriously delays compliance work. Why can't everyone be prompt? Supervisors are in the field with incomplete lists. Come on let us all work together and finish this compliance job at the earliest possible date. W. P. WEAVER, County Agent.

Baptist Reminder

Our attendance was unusually good in Sunday school this past Sunday. We had 182 present. With just a little effort we can have 200. I am sure we are going to try to do this, this week.

Sunday morning my subject will be, "Where Did Abound, Grace Did Much More Abound." Sunday night, "The Candle of the Lord."

Our finance committee is making a fine start in raising our budget for this coming year.

Our association closed one of the greatest sessions in many years. One of the high points of the session was the collections for Buckner Orphans Home. The check sent to them was \$105. This was probably the greatest collection ever taken for the home at the associational meeting. FRANKLIN E. SWANNER.

Church of Christ

Last Lord's day was pleasantly spent at the church with good audiences at both services.

Vacation days are over now and we anticipate an enthusiastic year's work. This should be the greatest year for the church. But that depends on you as an individual. What are you going to do? Which way are you going to cast your vote? Will you register negative or positive? It is not a question of what will the other man do, but what will I do?

You are invited to every service of the church. We are making a desperate attempt to study the Bible in a systematic way. We want you to help us. Shall we depend on you? E. W. STOVALL, Minister.

Miss Bowman Is Pianist at Baylor

Belton, Sept. 10. (Spl.)—Miss Virginia Bowman of Goldthwaite will fill one of the major offices on the campus when Mary Hardin-Baylor college opens its 92nd session on September 14. She will serve as pianist for Historical-Phila, social organization for upperclassmen.

The fall opening will present an interesting study of the old and new at Mary Hardin-Baylor. Old in its history and ideals it is yet new in its methods and sympathies. Eleven new faculty members will help to make the coming session a notable one as will the change from term to semester system.

Cotton Coming to Gins Every Day

Mills county farmers are harvesting their cotton crop and the gins are busily engaged in getting the staple ginned.

The price is more than 12c a pound, which is better than was at first expected. However, the continued dry weather in the last few weeks of the growing season has made the crop shorter than was predicted.

CEMETERY WORKING

All who are interested in Mohler cemetery are asked to meet next Thursday and bring tools to clean up the grounds and place the cemetery in nice condition. Bring your lunch and all spend the day. COMMITTEE.

REV. AND MRS. J. R. DAVIS HAVE GOLDEN WEDDING

Rev. and Mrs. J. R. Davis of Rock Springs celebrated their golden wedding anniversary on Tuesday night of this week and a beautiful tribute to them by J. W. Roberts from all their friends follows:

Dear Brother and Sister Davis: If this is a surprise to you, I hope it will prove to be an agreeable surprise. We desire to participate in celebrating your golden wedding anniversary. We trust that the fond hopes that you cherished fifty years ago for the first half century of your wedded life have been fond realities, and that you will be spared many more years to continue the noble work that you have so faithfully and diligently pursued. We feel like our lives have been blessed by having known and been associated with you. We regret very much to give you up as citizens of our community and we will rejoice if fate decrees that you shall remain near enough to us that we can still enjoy your pleasant association and wise counsel. You have tried by precepts and examples to lead us in the paths of righteousness. You have warned us against the pitfalls along life's pathways. You have urged us to follow our blessed Savior that takes away the sins of the world. We will miss you as spiritual leaders, neighbors and friends.

Those present have requested me in their behalf to present you with some small tokens of our admiration and esteem for you and our mutual gratitude for your labors in our behalf. We trust you will receive them as freely as we offer them.

We wish for you many more happy wedding anniversaries and pray that each day will bring you renewed happiness and increase your usefulness. I feel sure everyone present heartily concurs in all that I have said. Please stand and let us congratulate you.

Nazarene Meeting To Be Sept. 13-27

Revival services will be held at the Nazarene church in Goldthwaite beginning Sunday, Sept. 13, and extending through Sunday, Sept. 27. The Rev. Charlie Harrison is the pastor of the church.

The zone rally held at the church last Friday was a marked success. We were fortunate in having a number of district workers attend this rally. Among the district workers were: District Superintendent Rev. J. C. Henson of San Angelo, District N. Y. S. President Rev. W. D. McGraw, jr., of Corpus Christi and Rev. W. L. French of San Antonio, who is chairman of the district church school board. Bro. French is pastor of San Antonio First Church, and Bro. McGraw is pastor at Corpus Christi. Too much praise cannot be given the Sunday school address given by Bro. French in the afternoon. He is not only a Sunday school man that has good ideas, but is one that is putting the Sunday school across in his local church. The rally was well attended by most churches of the zone as well as a splendid local audience. The house was full. However, the local church was lacking by fourteen having enough to keep the attendance banner. This was the first time Goldthwaite failed to win the banner since it has been awarded on this zone. Brooksmith church was the one that carried the banner off. Congratulations to Brooksmith.

The meeting will begin Sunday, Rev. E. G. Theus of Bethany, Oklahoma will do the preaching. Miss Demetra Harrison of San Angelo will have charge of the junior work. The evangelist will not arrive until Tuesday. He will come to us from Altus, Oklahoma where he closes a meeting Sunday night. Brother Theus is a rugged gospel preacher. We believe that repentance is still as essential as it was when Jesus said, "Except ye repent, ye shall all likewise perish." We believe in culture, refinement, and education. In fact, contrary to the views of some not properly informed, the Church of the Nazarene is outstanding in its educational work. While these things will prepare us for our life's work here, yet nothing but a genuine case of salvation will prepare us for eternity.

Methodist Revival To Begin Sept. 13

The meeting at the Methodist church will begin Sunday morning, September 13 and will run for 10 days, closing with the fourth quarterly conference on Wednesday evening of the second week of the meeting. Rev. Chas. Nixon will assist the pastor and will do the preaching after the first Sunday. The music will be in charge of the local choir, and we earnestly urge all singers of the city to come and help us.

The chief purpose of the meeting is the renewal of the spiritual life of the church and community, the lining up of those who are out of the church and the saving of the unsaved.

We earnestly solicit the Christians of the community to assist us in bringing all who need to be saved in touch with the meeting. Come and help, we need you. Everybody cordially invited to attend. R. E. DUKE, Pastor.

Methodist Notes

It is well for the people called Methodists to take note of the fact that our meeting begins next Sunday morning. The Sunday services will be conducted by the pastor, Brother Nixon will come Monday, and from then to the close, the preaching will be done by him.

Let all the people become interested in the revival now. There is a disposition on the part of the people to wait until interest in a meeting is built up before beginning to attend. It would be about as sensible for one to go out on a cold morning and sit down by the side of a tree that he purposed to cut down, and there wait until he got warm before he began to chop at the tree. He would only succeed in freezing to death, whereas if he went to work at once he would soon become warm. Let us get into the work at once.

I wonder if any one ever thought of the fact that a meeting could easily be ruined, so far as results are concerned by placing too much emphasis on the social side. Personally I have been in the game too long not to have discovered this. For instance the good people in their generosity make too much of the opportunity to indulge their hospitality. This certainly is to be commended, and all feel kindly disposed toward such generosity. But the danger is that during a revival effort, the mind of those most interested in the work of the revival may become divided, and the real work of the revival be neglected, and to such an extent as to destroy the revival spirit. Let us have but the one thought on our minds. The social side, I am sure, can be so managed as to become secondary in importance, while the spiritual may become the thing of chief concern.

Brother Duke was called to Marble Falls the middle of this week to attend the funeral service of Doctor Yett, a former member of Brother Duke's church when he was pastor at Marble Falls some years past. Doctor Yett was a power in the church in those days, and will be greatly missed in the church life of Texas, as he was influential far beyond the mere bounds of his local church. Our young people are slipping away from us, some to college and some to other parts of the state where they are to teach. By the last of this week most of them will have departed, and our town will look like a deserted village. We shall miss them more than we at this time realize. Yet we are glad they are to go. In this they are but taking their places either in the activities for themselves, or in preparation. So long as this is true we can well afford to bid them farewell for the time. J. S. BOWLES.

Nazarene Meeting To Be Sept. 13-27

REV. E. G. THEUS, Evangelist

MISS HARRISON, Jr. Worker

Revival services will be held at the Nazarene church in Goldthwaite beginning Sunday, Sept. 13, and extending through Sunday, Sept. 27. The Rev. Charlie Harrison is the pastor of the church.

THE GOLDTHWAITE EAGLE

Mrs. L. J. Gartman and daughter, Miss Evelyn Faye Gartman, visited in Brownwood Saturday.

Mrs. Homer DeWolfe and sons left Monday for Austin after a visit here with her parents, Mr. and Mrs. J. N. Keese.

Mr. and Mrs. Carl Keese are moving to Oklahoma this week. Mrs. Keese will visit with her father a short time before joining Mr. Keese. Goldthwaite regrets very much the loss of this estimable family. Mrs. Keese was very active in both church and social work.

Mrs. M. E. Casbeer is referencing her place.

T. Robertson of Rock Springs community paid the Eagle office a call Saturday afternoon, and said he had just returned from a visit to Berger, which is a real oil field. In some parts cotton is fine and opening rapidly. Fine rains had fallen along the way.

Mrs. J. H. Randolph has returned from an extended trip in west Texas and New Mexico, where she visited her brother, Dr. Ben Vick, of Valentine. While away Mrs. Randolph's party explored the famous Carlsbad Caverns and were very much thrilled over its beauties and wonders. She was accompanied by her brother, A. G. Vick, and his son of Belton.

R. E. Clements has been absent from his store this week on account of illness.

Raymond Summy has a position with Hudson Bros.

Mr. and Mrs. O. B. Townsend of Dallas spent the week-end with relatives in Goldthwaite and accompanied their son, Billy Joe, who has been here for a several weeks visit, back to Dallas.

Aubrey Chilton of Star was a visitor in Goldthwaite Tuesday.

Miss Evelyn Gartman, who has Mr. and Mrs. H. S. Casey and children of Brownwood spent the weekend with Mrs. J. S. Chesser.

been attending C. I. A. will enter the University of Texas as a junior this year.

Mrs. Daphane Evans left for Austin Sunday where she begins training at Seton Infirmary.

Mrs. Paul McCullough has returned from a visit with relatives in Hico.

Construction is taking place on the Kemp store at Mount Olive near the school building.

Mrs. J. S. Chesser has been visiting the past six weeks in Bangs and Brownwood in the homes of her daughters.

Mr. and Mrs. H. J. Starnes and little daughters of Brooksmith are visiting in the home of her sister, Mrs. Grover Dalton, and family.

Mrs. R.R. Collins and daughters, June and Dorothy, spent the week-end in the home of her mother, Mrs. J. S. Chesser.

Dr. T. Richard Sealey returned home Monday night after being absent from his hospital and home for about two months. Dr. Sealey is welcomed back—he doesn't know how much he has been missed. Many touching and heartfelt greetings were his. The following is a clipping taken from the Santa Fe New Mexican: "Dr. T. Richard Sealey, widely known physician and surgeon leaves tomorrow for his hospital in Santa Anna, Texas, after a short rest in Santa Fe. Dr. Sealey enjoys Santa Fe climate and declares he has found no finer scenery in this country or abroad." Dr. Sealey stated to the office force Tuesday that he will be able to start work again but that he will not work such long hours.—Santa Anna News.

Mr. and Mrs. Fred Davee and children of Hobbs, N. M., spent the week-end with his parents, Mr. and Mrs. Jess Davee.

Mr. and Mrs. Caudel and children of Ballinger spent Sunday with their son and wife.

J. C. Darroch is remodeling his rent house in Goldthwaite.

Owen Priddy is reroofing and repainting his home.

Mrs. Annie Mitchell is repainting and repapering her home in Big Valley.

Ed Rost is repapering his home which has recently been remodeled in Priddy.

Mrs. Bruno Schrank has remodeled her kitchen at her home in Priddy.

Albert Lubke has moved to his home in Priddy and is making improvements around the place.

Miss Geraldine Hester, who has been attending C. I. A. in Denton, is teaching in Langtry this year. She left Goldthwaite Friday and reports that she is well pleased with her new location.

T. Robertson is one of the pioneers who was here when town lots were sold. The Santa Fe had started the depot and had the floor laid, so the young people had a big dance all day. His father settled in Big Valley in 1875 and sold feed, especially corn, to the men who were building the railroad.

F. D. Wilson was a business visitor in Hamilton this week.

Mrs. W. B. Summy's brother of Mullin visited in her home Monday evening.

Marion Hicks, Fort Worth, and his sister, Miss Jeanette Hicks, the former will leave for Cambridge, Mass., where he will complete his work on his law degree at Harvard university and the latter for the University of Texas, where she will be a sophomore. Both young people attended T. C. U. They are the son and daughter of Mr. and Mrs. John C. Hicks, Fort Worth. Mr. and Mrs. J. C. Hicks are former Goldthwaite people and all their friends are proud to know of the success and advancement of their son and daughter.

ROCK SPRINGS

There wasn't any Sunday school here Sunday as some went to Big Valley to church and others went to town to the singing convention.

We deeply sympathize with the Hamilton and Morriss families in the loss of Wayne. It is so sad to have to give up our young people in the bloom of life.

This church and community was well represented at Scallorn at the association. It was fine from start to finish. We all missed our friends, Mr. and Mrs. G. W. Jackson. I can't remember them ever missing before since I've been going to the associations and Mr. Jackson wasn't well. We hope is all right by now. Don't forget Bro. Wade from town will preach Sunday morning at 11 o'clock.

James Roberts has been furnishing the meat for their table since the dove season opened. He has been killing squirrels all year. He is a good shot with his negro shooter. He killed a rattle snake last year the same way.

Earl Fairman has bought some of the McDermott farm and he is having a well drilled. We hope when he decides to build, he will build on the Rock Springs road.

W. A. Cooke visited with the Boyd family Sunday morning.

George Bohanon, who lives in town, is driving a school bus this year.

Miss Fay Letbetter of Cat Claw visited with Mrs. Jack Robertson Friday.

Mrs. Eula Nickols called on Mmes. Davee and Slack in town Thursday morning.

James Roberts spent Saturday night with his Grandma Nickols.

Mr. and Mrs. Floyd Littlepage and Homer Dogett and family of Coleman and Miss Claudia Carroll and Mr. and Mrs. Dwight Nickols from town ate supper with Mrs. Eula Nickols and boys Sunday night.

Mmes. McClary and Roberts attended church in town Sunday morning.

Rev. Marvin Powledge from Lampasas spent Saturday night and Sunday in the Webb home.

Fayette Collier and family from town visited with Mr. and Mrs. R. E. Collier Sunday afternoon.

Those who went to Mrs. Joe Davis' Friday afternoon to the club were: "J. C. Stark" and wife, Mmes. Ellis and Sowders and son, Mrs. Woody Traylor and daughter, Miss Fay Letbetter, Mrs. Jack Robertson, Mrs. Davis got lots of cup towels hemmed. She refreshed the ladies with lemonade and grape juice, and pineapple cake. The club meets the eighteenth in the Daniel home.

Hillard Dyches and family of Breckenridge visited in J. T. Robertson's home this week.

Hubert Whitt and mother from Bronte and Naoma Whitt and Jack from Waco and Abijah Stark and wife and son from Big Valley and Jack Shotwell and wife from town visited in the Whitt home Sunday.

Clarence Elders moved to town this week. He was living on Carl Bledsoe's place.

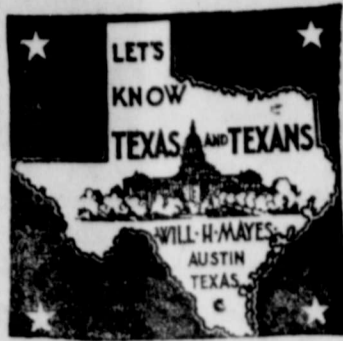

Mrs. Joe Davis killed another rattle snake close to their house last week.

Rev. C. D. Henley ate dinner in the Daniel home last Friday. He also visited in the Cooke home.

Herbert Cooke started his surveying job Monday morning.

Miss Johnnie Belle Circle visited her brother in San Saba last week.

Walton Daniel and wife have moved their household goods to

Q. What was the total expense to Texas of the war of independence? V. N. McKinney.

A. Commissioners Austin, Archer and Wharton, in charge of war finances, reported the entire cost from the beginning to the battle of San Jacinto as \$345,000 which covered all supplies and expenses of the government and its commissions.

Q. I notice that Texas has a treasury deficit of some \$9,000,000. How does this compare with other states? W. W. C. Paducah, Ky.

A. The deficit mentioned is in the general revenue fund. Other funds have surpluses. In Arkansas, a much smaller state, the deficit is about the same as in Texas; in California it is about \$85,000,000. Most states have deficits in some funds.

Q. For whom was the town of Post named? G. F. Crockett.

A. For C. W. Post, the cereal manufacturer, who once lived there.

Q. Who is the State Racing

his parents and he and wife are in Ranger for a few days. Walton is going on to California for work.

We are glad Will Klese is our bus driver again this year. We wish him the best of luck this year.

Mr. and Mrs. R. E. Collier spent Friday in Hamilton with relatives.

Mr. and Mrs. Fred McClary took his sister and children home Saturday afternoon.

Horace Cooke went to Star Thursday to be ready for the opening of his school. We wish for him lots of good luck.

Frank McDermott and family are sporting a pretty new car.

Joe Carona took his first bale of cotton to the gin Saturday. He got a good price for his cotton.

Beryl Turner, J. T. and Marion Robertson took Billie Robertson home one day last week.

Mrs. Eula Nickols bought a Jersey cow of A. J. Harrison stock and two heifers from Max Harrison.

Beryl Vann Roberts went to school Friday to get books for the opening of school Monday.

He spent the day with his aunt, Mrs. Dwight Nickols.

Mrs. J. T. Robertson went to Breckenridge with her daughter, Mrs. Dyches, Monday to spend a week.

Mrs. Boyd and sons spent Monday in Brownwood. Mrs. Boyd had some dentist work done.

This pace helped to make the crowd at the singing in town Sunday. We were disappointed because other good singers didn't come. Caradan will be the next singing place in December.

Miss Nellie Dee Cooke is real busy this week painting and fixing quilts.

We are still wishing for a good rain. BUSY BEE.

Commissioner, and when does his term expire? R. B. Water Valley.

A. Guy L. Waggoner. Fort Worth; term expires in 1937.

Q. Who is E. E. Risien and why is he called the "Father of the pecan industry?"

A. Now 83, he came from England to San Saba more than 50 years ago and at once began experimenting with pecan improvement, being the first to top-work trees and thus paving the way for production of the high-quality pecans for which Texas has become noted.

Q. When was Lampasas county organized and from what counties? G. F. Lometa.

A. March 10, 1856, from Travis and Bell counties.

Q. What is the origin of the name "Lampasas"? G. F. Lometa.

A. Probably named by the Aguayo expedition of 1721-22 for the Mexican city of Lampasas. Another version is that it is the Spanish pronunciation of an Indian word referring to the sulphur springs of the section. A marker recently erected says the name was given by the Spaniards because of the many cockle burs in the region.

Q. Who composed O. Henry's famous "Hill City Quartet" at Austin? M. L. W., Dallas.

A. Dr. Richard Edmondson, who died recently at Morgantown, W. Va., gave the names as follows: Sidney Porter, (O. Henry), Howard Long, Ernest Hillier and Richard Edmondson.

Q. When did Spain first become interested in Texas? A. A. F., Wichita Falls.

A. About 1519, as a result of the expedition of Alvarez de Pineda along the Gulf coast from Florida to Tampico.

CENTENNIAL SCRAP BOOK

Get the scrap book habit. Encourage the children to do so. The newspapers are full of pictures and items relating to Texas that should be kept for convenient reference. Especially will it be helpful to preserve Texas history in this form during centennial year.

This scrap book is artistically designed, indexed and classified under appropriate headings and can be expanded as needed. Cover in heavy paper with large picture of Texas capitol surmounted by six flags of Texas. Inside covers contain much information about Texas.

This lovely official centennial scrap book mailed for 25 cents. Use order blank below.

Will H. Mayes, 2610 Salado Street, Austin, Texas

STAR

The long hot days have gone and cooler days are here so we are feeling better. I'd rather sit by a good fire in the dead of winter with a bright geranium in the window than to try to find a cool place in a summer like this year. So here goes a cheer for sleigh bells and drifting snow. Oh! I forgot about the poor cows and horses and the like that have no good sheds. Anyway I'm a bit selfish this morning in thinking about the things I would like to have myself. These days I envy the people down in Carlsbad Cavern. But if we'd stop to consider all living creatures, we would see that despite the hot days the ants have been very busy storing up things for the winter and the bees have tolled a bountiful supply of honey. And this morning the bumble bees are still sipping nectar from the morning glory blossoms. This is a world of work—we earn what we get by dint of hard mental or physical toil—we have to "take it."

Star school opened last Saturday with a good program, barbecue and basket dinner. Speakers for the occasion were Judge Gerald of Goldthwaite, Brother DeHart of Evant, Mr. Tolbert Patterson of Mullin and Superintendent Patterson of Hamilton. Star had the largest crowd in the history of the school in attendance. Welcome. Come again.

A bridal shower was given Friday afternoon at the home of Mrs. Joe Moore honoring her granddaughter, Mrs. Grady Henry. Mrs. Henry was formerly Miss Ella Douglass Soules, daughter of Mr. and Mrs. Henry Soules, who live several miles south of town. Some sixty-odd guests were there during the afternoon and many beautiful gifts were presented to the bride. Late in the afternoon refreshments were served to the many friends of Mrs. Henry. We wish for the young couple many happy days.

Another bridal shower will be given Wednesday of this week for Mrs. Faye Merrill, formerly Miss Loriane Teague, daughter of Mr. and Mrs. Carl Teague, at the home of Mrs. J. L. Teague. At this writing it has not taken place, but I'm sure it will be a gay affair. We wish all these young people many joys through life.

Mrs. Lulu Lee and her mother, Mrs. Corinne Keith, who have been in Brownwood for several months have returned home and their many friends will find them at home on East Main at the old home place.

Alson Peck, son of J. E. Peck of Georgetown, is visiting his uncle, T. H. Peck, at Sunnyvale farm.

Mrs. Betty Clary, who has been visiting her daughters at Fort Worth and Forney for several weeks, returned home to Happy Acres the latter part of the week. REPORTER.

SHERIFF'S SALE

The State of Texas, County of Mills,

Notice is hereby given that by virtue of a certain execution issued out of the honorable district court of Hamilton county, of the 15th day of August 1936, by L. A. Morris, clerk of said court, for the sum of four hundred and seventy-nine and 30/100 dollars and costs of suit, under a judgment, in favor of W. B. Hurley in a certain cause in said court, No. 3542 and styled W. B. Hurley vs. A. W. Hill, placed in my hands for service, I, J. H. Harris as sheriff of Mills county, Texas, did, on the 25th day of August 1936, levy on certain real estate, situated in Mills county, Texas, described as follows, to-wit: Abstract number 1460, certificate number 1339, survey number 4, original grantee Josie Jones, described by metes and bounds as follows, to-wit: Beginning at the SE corner of section 4; thence N 19 W with east line 950 vrs. to a st. md.; thence S 71 W 475 vrs. st. md.; thence S 19 E 950 vrs to a st. md.; thence N 71 E 475 vrs. to the place of beginning and containing eighty (80) acres of land, more or less, and levied upon as the property of A. W. Hill and that on the first Tuesday in October 1936, the same being the 6th day of said month, at the court house door, of Mills county, in the town of Goldthwaite, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said judgment I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said A. W. Hill.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Goldthwaite Eagle, a newspaper published in Mills county.

Witness my hand, this 25th day of August 1936.

J. H. HARRIS, Sheriff Mills County, Texas. (9-18)

Good News for Electricity Users

Goldthwaite Has Earned Another RATE REDUCTION

Here's good news for electricity users! Increased consumption of electricity in Goldthwaite has enabled us to offer a substantial voluntary reduction in domestic and commercial lighting rates. The new Household Economy Rate replaces all domestic rates heretofore in effect and offers savings to all classes of domestic customers. The new Commercial Lighting Rate replaces the former rate for commercial lighting and offers a saving to all commercial lighting customers. The new schedule has been approved by city authorities and was made retroactive to include the past billing period. The savings will show on your next electric service statements which will be distributed within the next few days.

Service Charge Eliminated — Energy Charge Reduced

Customers who were on the old General Service Rate, representing about 80 per cent of the total, benefit principally through the elimination of the 70¢ service charge. This permits the use of 10 KWH for the minimum of \$1.00 instead of 3 KWH as heretofore. It also reduces the cost of energy used in excess of the minimum, as shown by the following comparison:

Monthly Consumption	Cost Under Old Gen. Ser. Rate	Cost Under New Rate	Monthly Saving
10 KWH	\$1.70	\$1.00	\$0.70
15 KWH	2.20	1.50	0.70
20 KWH	2.70	2.00	\$0.70
25 KWH	3.20	2.50	\$0.70
30 KWH	3.40	2.80	\$0.60

Large users also benefit by a drop to 2¢ per KWH for all energy used in excess of 100 KWH per month. The lowest step under the old General Service Rate was 3¢ per KWH and became effective at 120 KWH. At 125 KWH, the saving per month is 65¢; at 150 KWH, 90¢; at 175, \$1.15; at 200, \$1.40.

Lighting and Range Customers Also Benefit By New Schedule

Customers on the old Lighting Rate, representing a small group using 15 KWH and less per month, also realize a saving. Under the Household Economy Rate, the top step of the rate is now 10¢ per KWH where heretofore these customers have been paying 15¢ per KWH. Range customers, already earning a low rate for volume consumption, benefit by a reduction in the minimum billing, as well as an additional saving in energy charges.

Commercial Lighting Service Charge Eliminated

Commercial lighting customers profit by the elimination of the 40¢ service charge. This represents a saving of 20 per cent to the average customer. The minimum billing and energy steps remain the same.

Electricity Is Cheaper — Put It To Work

We are pleased to announce this voluntary reduction, which is in line with our policy of dependable service at low cost. Always one of the smallest items in the cost of living, electricity is now cheaper than ever. You get more for your electric dollar than for any other dollar you spend. Put cheaper electricity to work and enjoy more comfort and leisure.

NEWS GATHERED FROM COMMUNITIES BY EAGLE CORRESPONDENTS

EBONY

Mrs. and Mrs. S. N. Kelly celebrated their golden wedding anniversary Sunday, September 6. They were married September 7, 1886 near Garland in Dallas county. They moved to Ebony in September, 1896, and have lived here ever since.

Sixty-one relatives and twenty-four visitors ate dinner at the long table arranged in the yard. Three beautiful cakes decorated the table; one came from Dallas county, one from San Angelo and one was made here.

All of their 8 living children, Ab, Floyd and Fred Kelly, and Margie White and Mrs. Rita Mae Mrs. Myrt Ratliff, all of San Angelo, Mrs. Ella Crowder, Mrs. Neal of Oakland, and Will Kelly of Ebony were present.

Twenty-two grandchildren and six great-grandchildren were present: The grandchildren: Letty, Numie and P. L. Crowder; Maurine, Maurice, Carl, Weston and Garland White all of near Ebony; Arvin and Glynda Loy Kelly, Erlene, Norma Gene and Sonny Boy Kelly, Lucille Kelly, Truman Crowder, Mrs. C. L. Henson and Mrs. Roy Scott all of San Angelo; Mrs. Louis Williams, Eden; Mrs. O. C. Beakley, Winchell; Mrs. Luther Holder, Coleman; Mrs. C. W. Burrows, Sherwood and Mrs. Ben Beach, Desdemona.

The great-grandchildren: Harold Henson, Dorothy Gene Scott, L. T. Williams, Billy Jo Burrows, Bobby Ruth Beach and Lavin Beakley.

Two sisters of Mrs. Kelly: Mrs. Betty McCallum and Mrs. Margie McCallum and two nieces, Mrs. John Pace and Mrs. Sam Robertson all of Dallas county were present.

One sister of Mrs. Kelly, Mrs. Numie Harris and her husband, a sister-in-law, Mrs. Maize Shug-

art and a niece, Nell Newman, all of Dallas county were present. All the in-laws of the children were present, and most of those of the grandchildren. In addition to these, Frank Dyer, a son-in-law, from Desdemona was present.

Among the visitors present were Mr. and Mrs. Sam Owen, Locker; Mr. and Mrs. Ernest Sykes and Nadine, Bangs; Miss Dolly Reynolds, Mr. and Mrs. Riede Haynes and family, Mr. and Mrs. J. R. Ivy, Mrs. Nellie Malline and Mrs. Clara Wilmeth. During the afternoon most every one else of the community called.

Mr. Kelly has been an invalid for years. For the last several months he has been bedridden but they put him in a wheel chair and took him to the table. It was a joyful occasion for him, seeing the children and grandchildren again, and his sisters. His oldest sister, also very feeble, he had not seen for many, many years. He expressed himself as being content to go after having seen them all. Only he hoped he might get his old-age pension check before he went that he might leave it for Lula, his wife, who has cared for him so patiently and devotedly through all his years of invalidism.

Mr. and Mrs. John Guthrie, Misses Nell, Jessie and Shirley Guthrie and Rufus Kent of Mullin and Miss Sybil Guthrie of Lockhart visited Mr. and Mrs. Hubert Reeves Sunday.

Miss Lucille Wilmeth spent Sunday night with Miss Eileen Satterwhite in Brownwood. Monday morning she and Miss Vivian Day left for their third year at Abilene Christian college.

Lillard Wilmeth accompanied Francis Jones and his mother to Denton Sunday. Lillard and Francis expected to attend the opening game at the Cotton

Bowl at the centennial at Dallas Monday.

Mr. and Mrs. Ralph Wilmeth began their school at Neal Monday. REPORTER.

SOUTH BENNETT

Our school children started to school Monday and although we will miss them, we wish them luck in their school work. The bus has been running on schedule time.

Cecil Bronson of Spur, Texas brought Morgan Stacey and family home Friday night after the Staceys had spent several days visiting relatives at that place. Mr. Bronson remained here until Sunday, returning to his home at Spur Sunday night.

Mrs. Willis Hills and boys, accompanied by Mr. and Mrs. Jake Long of Goldthwaite attended the frontier centennial at Fort Worth the first part of last week.

G. W. Simpson, who is enlisted in the army at San Antonio, spent the week-end with home folk. He and his wife spent Saturday night with his father, Roy Simpson, and family at Live Oak.

Mr. and Mrs. B. R. Casbeer, who spent a month with their daughter, Mrs. Walker, and family at San Angelo, returned home Thursday. They plan visiting relatives in Dallas before long.

Mrs. Morgan Stacey has been sick for several days. We are hoping she will be well soon.

Ed Dennis made a business trip to town Monday.

Marvin Casbeer and family, who have been living at Lenders, moved to this community last week. They are to move on the Willis Hill place where Mr. and Mrs. Hermen Herrin have been living for the past two years as soon as Mr. and Mrs. Herrin move. At the present they are staying with his parents, Mr. and Mrs. Matt Casbeer. I haven't learned where Mr. and Mrs. Herrin are planning to move to.

Silek Blackburn has moved on to the Ray Blackburn place, previously occupied by Townsend Perry and family.

Mr. and Mrs. Wilson of San Antonio spent a few days last week with her brother, Willis Hill, and family. They also visited her other brother, Webb Hill, and family, who live near Star.

I'd like to say here, that I think we have the best editor to be found anywhere. Mrs. Thompson is doing a wonderful work in publishing a high class paper with lots of news, just as our beloved editor, Mr. Thompson, had always done, and we want her to know that we love her and certainly enjoy our "Eagle."

Mrs. Anna Jones and two children of San Antonio were visitors in the Willis Hill home Saturday and Sunday. They returned to San Antonio Sunday evening.

Little Miss Laverta Hill has been real sick. We are hoping the little girl will soon be well.

Mr. and Mrs. Joe Davis and boys, Charlie Frank and Bobbie Joe, Ray Stack and wife and little daughter, Ray Nell and Mrs. J. C. Stack of Rock Springs visited with Mr. and Mrs. Claud Smith Monday night.

ROSE BUD

BIG VALLEY

The Baptist revival closed Sunday night. There were four conversions, three joining the church by baptism and two by letter. Bro. McCullough brought good messages all during the meeting. There were visitors every night from the different communities. We were very glad to have these visitors and invite them to come back any time.

Mr. and Mrs. Clarence Duey announce the arrival of a son, Clarence James, Jr., Sept. 4.

Mrs. Oral Bohannon and children of Arlington came in Friday for a visit with her parents, Mr. and Mrs. W. H. Nelson and other relatives.

Misses Dora Dean Hale and Lorean Shotwell were hostesses at a shower given Monday night to Mr. and Mrs. David Straley. David and Virginia received many nice and useful gifts from their relatives and friends. We wish for this young couple a happy and successful journey through life.

Mrs. Dan Long of Midland and Mrs. W. F. Chambers and children of

daughter returned to their homes Forsan, and Mrs. Rex Long and Saturday after having spent a week visiting relatives in this and adjoining communities.

Mrs. Clarence Duey's parents, Mr. and Mrs. Johnson of San Saba county visited their new grandson in the Newe Duey home Sunday. Others who have called in the home the past few days were Mrs. W. H. Nelson and Miss Laura, Mrs. O. L. Bohannon. Mr. and Mrs. Floyd Weaver and son, Mrs. Brown Reagan, Mrs. Leamon Reagan and son, Mrs. Homer Weaver and children, Mrs. Scott Thompson, Flora Weaver and others.

The Marion Mills family visited in the Hugh Smith home Tuesday. Mrs. Smith, Mrs. Mills and Miss Mills called in the Nelson home in the afternoon.

Miss De Ola Hale of Scallorn visited Ruth and Ina Bell Hale Friday and Saturday.

Roberta Robertson and Mary Beth Miller spent Saturday afternoon with Billy Ruth Daniels. Mrs. Scott Thompson visited in the Nelson home Tuesday afternoon.

Mr. and Mrs. Connie Knowles

Mr. and Mrs. Oran Hale and son of Goldthwaite were supper guests in the Harve Hale home Sunday.

The community deeply sympathizes with Mr. and Mrs. Had Hamilton in the loss of their son.

Several from here attended the singing convention in Goldthwaite Saturday night and Sunday. BLUE JAY.

Britts visited in the S. Henry Tuesday. W. Heaton and son, Stephenville visited the Henry recently. Mrs. Bob Young and Mrs. Jim Hoffman were guests of Mr. and Mrs. C. Gatesville with relatives Sunday.

Mr. and Mrs. W. J. Murray and little daughter, Mrs. Shane and little son of Fort Worth were week-end visitors with Mrs. J. L. Burkett and her children. Mr. and Mrs. A. G. Weston and Miss Pat Weston went to Abilene Monday where Miss Weston entered a business college. The many friends of Miss Weston will miss her very much back here at home.

Vernon Jones of Austin made a brief visit here the first of the week en route home from a visit at Dallas and Fort Worth. He was accompanied here by Miss Reba Tillman and little Jacqueline Shelton of Fort Worth. Mrs. W. L. Clark and Miss Katie Jule Crockett returned to their home in Brownwood after a few days visit here with Mr. and Mrs. J. N. Crockett and others. Miss Crockett will again enter college and work on her degree.

Mr. and Mrs. I. McCurry are now located on North Fifth street at the W. S. Kemp residence. Hillard Dyches and family of Breckenridge were here with his parents for the week-end.

Miss Leta Hancock expects to go to Algeria this week-end and will teach in that good school another year. Mr. and Mrs. C. L. Patterson and daughter, Dorothy, of Goldthwaite were guests in the home of his uncle, R. H. Patterson, Sunday.

Rev. Jasper Masseege, pastor of the Central Baptist church at Coleman, will preach at the Primitive Baptist church Sept. 13, at 3 o'clock. Mrs. Jack Rutherford, Mrs. McCullough's sister, and two children who have been visiting here are returning to their home at Rockwood, Texas this week.

The school board consummated a deal with Dr. R. H. Jones recently, buying the lots where Dr. Jones home has been for years, adjoining the school grounds. The new lots will give abundance of room for a new court and later a teacherage. A storm house and good well and windmill all on the lot.

Mr. and Mrs. S. J. Fisher, Miss Myra, Ralph and Burgess Fisher spent a few days over at Dallas the latter part of the week enjoying the centennial. Mrs. Ellis Smith looked after Mrs. A. H. Burgess and helped keep the home fires burning while Mr. Fisher and family were away.

R. H. Patterson, postmaster, is in Dallas for a couple of days attending the postmasters and Democratic convention. He was accompanied by C. L. Patterson and family and Ben Patterson of Goldthwaite. They expect to take a birds-eye view of the centennial.

Miss Beatrice Biedsoe, Mrs. L. A. Moon, Mrs. C. W. McCullough of Mullin, Rev. and Mrs. J. A. King of Brownwood attended the B. T. U. convention in Abilene last week. Miss Minnie Shelton is at home from Lubbock recuperating from a recent illness. Miss Shelton was in town Saturday with her ready smile glad to be home again.

W. C. Hancock and daughter, Miss Clemmie Mae of Brownwood, favored relatives and friends here with a brief visit Thursday. Miss Clemmie Hancock went to May the first of the week where she teaches public school music again this year.

Mr. and Mrs. Raymond Smith of Big Springs spent the week-end here with his parents, Mr. and Mrs. O. E. Smith. While here they attended the community meet at the school building Friday night.

Mr. and Mrs. R. E. Bradbury and son, Robert, of Abilene visited in the home of J. S. Kemp Wednesday. They were en route to Lometa for a visit. Mr. Bradbury was formerly editor of the Enterprise and is well known here.

Carl Perkins is at home from the navy. He spent a few months at San Diego, California. Carl is on a furlough and is well pleased with his new life, but as proud as his loved ones to be back home for a visit again after his long absence.

Mrs. J. D. Giles, from out on route one has added her name to the Enterprise readers. Mr. and Mrs. Giles are having their house remodeled and new floors put in the residence. They recently bought a nice farm four miles east of town.

D. B. Eaton and son, David and daughter, Mrs. Jim Hoffman and children returned Saturday from a week's visit in Scurry county with Mr. Eaton's daughter. Mr. Eaton left his barber shop in the care of Mr. Sullivan.

Mr. and Mrs. Charles Gill of Whon were week-end guests of O. E. Smith and family. Burgess Fisher, a genial young teacher of this area, expects to leave in a few days for his school at Newburg. He taught at Newburg last year and its very conclusive evidence when one is re-elected that he is quite satisfactory with the board. Just as we expected of Mr. Fisher, faithful and efficient.

Mr. and Mrs. Ed Hohrtz of Priddy, August Wasserman and family, Francis Duren of Duren, C. L. Patterson and family of Goldthwaite and Mr. and Mrs. R. H. Patterson visited Mr. Carl Wasserman Sunday afternoon and found him still confined to his bed with improvement coming slowly, due probably to the hot weather and extreme dust recently.

Chester Ratliff and Miss Bernell Perkins were united in the holy ties of marriage Saturday at the home of Elder I. A. Dyches, who officiated at the sacred ceremony. The bride is the amiable daughter of Mr. and Mrs. Moody Perkins of this city and was a June graduate from the high school here. She was a popular student and has many friends in this area. The industrious young groom is a farmer and a son of Mr. and Mrs. J. W. Ratliff, well known prominent citizens of this section.

Two Old Timers

Here's one for you, Mr. Ripley, W. D. Austin, an abstractor and conveyancer in Rockwall, Texas, has worn the same ten-gallon Stetson for the past sixty-two years. Mr. Austin claims it is the oldest hat in use in the Southwest and perhaps in the world.

A HAPPY EVENING

Late last Thursday evening Miss Katherine Kemp took a group of girls to the new park to cook and eat their supper. The girls and Miss Kemp had their supper ready to eat by the time the moon came up. Everyone enjoyed the fine supper which consisted of fried potatoes, bacon and eggs, pickles, tomatoes, pork and beans, wieners and marshmallows, cake, iced tea and bread.

After eating supper the girls started home. Their hike home in the moonlight was a pleasant one.

The following enjoyed the outing: Joyce Preston, Helen Reed, Louise McCoy, Theda Fae Daniels, Barbara June Casey, Genevieve Miller and Miss Kemp.

BACK TO SCHOOL

School opened Monday with a great concourse of visitors, patrons and pupils at the auditorium. Many came for miles and met the faculty for 36-37. The day was pleasing and profitably spent for patrons and students, as well as the faculty. Knowing each other better creates a better understanding.

The barbecue was pronounced by many as the best and finest ever eaten in this fair section. The basket dinners brought by so many and the spread at noon time was a feast. L. T. Reid and G. M. Fletcher had charge of the barbecue with others liberally assisting.

New Plans For A Month Superintendent Tolbert Patterson announced that the students will do all their studying at school and no books leave the building for a month. The faculty will instruct and assist the student. It is hoped by many parents and students, the plan will be ideal and a delight to all concerned and will be made permanent.

The school board is to be complimented on the selection of the strong faculty and the patrons and pupils will have the privilege of helping make this 1936-1937 the best year in the history of our school.

SMILES FOR SOME OF THE AGED CITIZENS

A few of our aged people are all smiles now, as about a dozen of them have received pension checks. However, about fifty others, who need it very much, feel something like the little one when she realized, "Nothing on the Christmas tree for me," disappointed.

There seems nothing else can be done about this though, but wait for another first. A special session of the legislature is said to be in the near future. Probably they will hurry this along.

CONGRATULATIONS

A lovely little daughter, Virginia, weight 6½ lbs., arrived August 31 to bless the home of Mr. and Mrs. L. J. Smith. The little baby was born at a Cleburne hospital.

The Eagle appreciates communications and items of public interest, but they must be for the current issue—not forgotten items sent in after one or more issue dates have passed.

DEAD MAN CAN BE ELECTED TO OFFICE UNDER TEXAS LAW

Austin.—It is possible for a dead man to be elected to office in Texas. This fact is included among a number of unusual features of Texas election laws disclosed in the first compilation of those laws since 1928. Prepared by Attorney General McCraw and privately printed by him, the volume has just come from the press.

The election of a dead man is possible under Article 3019 of the election laws, which says that if a nominee dies before the election, and yet received a plurality of the votes in the election, "the votes shall be counted and the returns made."

Other oddities about the Texas election statutes: In determining the residence of a voter, an unmarried man's residence is "where he usually sleeps at night."

A convict who has forfeited his right to vote, nevertheless is liable for payment of the poll tax.

One of the exemptions from paying a poll tax is for those who have lost a hand or foot. The courts have said the lost hand or foot must be "entirely severed."

If you, as a voter, plan to write in some name not appearing on the ballot, be certain you have black ink or a pencil. Red ink won't do.

Contrary to the general impression, there is no statutory provision to prevent the counting of a mutilated ballot. Such a ballot is acceptable if the voter's intent may be determined.

If you want to challenge an election on some obscure ground, you might try measuring the voting booth, if booths are used. It must be, to comply with the law, 22 inches wide on the inside, 32 inches deep, 6 feet 4 inches high, contain a shelf for the voter's elbow, and be made with hinges so it will fold up for storage.

The election judge has the power to preserve peace, and he may arrest you for being drunk or disorderly; but he must let you vote before you go to jail. If you're drunk, however, the burden is on you to sober up before you may vote. (Art. 3002).

Still another statute says you may not be arrested while going to, or coming from, the polls, except for treason, felony or breach of peace.

Under certain circumstances, the judges at elections may aid the distracted voter; but the judge must at all times speak English while offering this aid.

Moreover, the courts have said that the shortsighted voter who leaves his spectacles at home had better go home after them. The judges can't help him.

Failure to pay your city poll tax can not deprive you of the right to vote in a city election. The reason: The levy of a city poll tax against women has never been authorized, therefore to force men to pay it as a prerequisite to voting would be in violation of the nineteenth amendment to the constitution.

Texas has a six-year-old statute authorizing use of voting machines—but it has never been invoked.

FALL CROPS

Cotton is coming in slowly this fall to the gin. The crop has been cut short due to the drouth. The feed and corn crop was above average, and had more land been put in feed, maize or corn, then it could have been fed to stock and a good profit made.

Dr. R. H. Jones states that this section, according to his close observation for over a quarter of a century, never does plant enough feed. "We need more feed," he said.

It is true a few thirty farmers have corn left over from the good crop last year, but they are fortunate and corn gets a good price if they want to sell the corn. Abundance of feed is a step toward prosperity, and plenty of fat cattle and live stock at home.

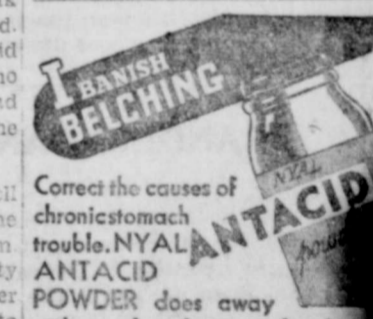

At least two Coleman county communities are beginning to suffer from the lack of water and others will begin to suffer unless rainfall is received within a short time. Already water is being shipped into Goldsboro by train, and persons living in the Gouldsboro area are hauling water, according to Sam W. Cooper, secretary of the Coleman chamber of commerce. Water is being shipped into Goldsboro at ten cents per barrel from Buffalo Gap. It is being used now for domestic purposes only, but unless rain is received within a few days water will have to be obtained in the same manner for livestock.—Brownwood Bulletin.

American agriculture's worst drouth badly seared western fields of the cotton belt last month and today brought an agriculture crop reporting board estimate of an 11,121,000-bale 1936 crop, a reduction of 1,300,000 bales since August 1. The government estimate revised sharply the figures presented just one month ago. Cotton circles had expected a reduced estimate but the agriculture department forecast was sharply lower than those made by private observers. The drouth's effects were felt most severely, the report revealed, in field from Tennessee west into Texas and Oklahoma.—Brownwood Bulletin.

LIVING THE GOOD LIFE

For several years a group of Southern scholars, centering in Vanderbilt university, have attracted national attention by their advocacy of an uncommercialized farm life as the happiest of all modes of existence. Donald Davidson, one of the most famous of these "Southern Agrarians" in the Progressive Farmer summarizes their philosophy in the motto: "Farm not to make money but to enjoy the good life." The following extracts from his article will interest many readers:

Historians now generally agree that the Civil War was a fight between two different ideas of civilization, or between two economies. The economy of the North, when all exceptions are allowed for, was mostly a money economy, based upon manufacture, trade and banking. The economy of the South was on the whole an agrarian economy; that is, the Southerners based their life upon the land and upon the use of what the land actually produced, as much as upon what they could buy. Before the war, the South led in general a fairly happy life without a great deal of money. One might say—with some injustice, but not too much—that the basic belief of the North was that everything could be bought—education, art, security, the good life, as well as clothes and food; while the South believed that some things could be bought, but not everything. Before the war, Southerners did not estimate a man by asking "how much he was worth" in terms of money. They talked about how much land he owned, how much stock he owned, how much cotton or corn his fields produced. Even then, his personal integrity and perhaps his family standing counted very heavily. If he did not respect him as a person, they would not invite him to dinner or encourage him to marry their daughters. The Southern idea was an idea of life, not money.

The money economy, though it never has fully possessed the agrarian South, became the ruling idea in national affairs. That was a mistake!

The old-fashioned farmer, such as we used to have and still do have in the South, of course needed some money, got some money, used some money. But the farm was more to him than a means of getting money. On the farm he built a fairly complete and satisfying way of life; he was father and family man, neighbor, hunter, fisher, merry-maker, craftsman, worshipper of God, and home-maker, as well as a money-maker.

The meaning of "agrarianism," which has come to be the name of the cause I advocate, lies in the notion that an agrarian life is first of all a good life. Even in poverty and hardship, it is still true, I think that the people of the living fields have kept a better sense of what life is and how it may be enjoyed than the people of the cities. I cannot here enlarge the point, but I feel confident that the people of the fields, in our own time, have kept their sense of direction, of decency, of virtue, of independence, far better than the people of the cities.

One cannot but feel, as he looks at the disordered spectacle which is modern America, that some profound change is on the way. If the South is to share in that change, if the South is to do its part in directing it toward some good end, then surely the best thing that Southerners can do is to argue the case for that farm life which has been the great historic feature of Southern life, and to make it a good life and keep it so.

BRANDING DANGEROUS CARS

In a European country, the cars of motorists convicted of flagrant violation of traffic laws are painted with an emblem, as a warning to other drivers. It is said that this practice, newly started, has caused an appreciable decline in dangerous driving, as motorists naturally want to avoid the embarrassment and publicity the emblem gives them.

A great many thousand American motorists should have their cars so branded.

The worst class of offenders consist of those who push the throttle to the floor-board as soon as they get out of sight of a traffic officer. Excessive speeds—and there are times when 15 miles per hour is excessive—is responsible for more deaths than any other driving violation.

Passing on hills and curves and "meandering" through traffic are also potent causes of death, injury and destruction. On a myriad tragic occasions, a driver has tried to save a needless minute—at the cost of a life.

Driving on the wrong side of the road, jumping traffic lights, passing at intersections—are practices dear to the heart of the Dark Angel. They help keep our morgues and hospitals full to capacity.

Yes, it might be a good idea to adopt the branding practice in this country. A suitable emblem would be a skull and cross bones.

WHAT REVOLUTION MEANS

Already in wartorn Spain more people have been killed in six weeks than there were Americans who lost their lives in France in the World War. The extent of the hatred of the Madrid government for all things religious is indicated by the fact that it is now illegal to say "adios" in farwell. Adios means "God be with you," and the radical Spanish government does not believe in God.

HARD MONEY

Now that silver has come off its high horse and the value has dropped from 79c to below fifty, the Mexican government has resumed the coinage and circulation of Mexican dollars and has withdrawn the paper pesos from circulation.

While it may take an extra pair of suspenders to stand the strain, there's no quicker way to get that prosperous feeling than to convert American greenbacks into Mexican silver dollars and squally become burdened with cash.

EXTENSION ENTOMOLOGIST SUGGESTS FALL CLEAN-UP OF COTTON TO KILL WEEVIL

To reduce the number of boll weevils in the cotton fields next year every farmer should plow up all cotton growth as soon as cotton picking is complete, says R. R. Reppert, extension entomologist at College Station.

Cotton boll weevils feed only on green cotton and develop only in green cotton squares or bolls. Killing cotton growth early thus removes the food of the weevil. If the growth is entirely killed as early as two weeks before frosts, practically all weevils will starve before going into winter quarters.

Absolute lack of food for only a short period during the active season, that is previous to killing frosts, will cause death from starvation. If allowed to reach the dormant state, weevils can live several months without food, and it is these over-wintering weevils that breed and supply the next season's hordes.

A total destruction of the plant substance is not necessary nor desirable. All our soils need this organic material returned for continued profitable production. It is enough in the matter of weevil control that the plant merely be killed.

Often a plow set shallow to clip the top roots just below the surface of the soil is a successful practice. Merely chopping or clipping the stalks will not answer, because the stumps will throw out new growth ideal for weevil food.

The new state highway No. 16 misses Sherwood by two miles.

RECIPE FOR MAKING A HOME

The following "Recipe for Making a Home" comes from Miss Sylvia Slocum, a Virginia district home demonstration agent:

"Take half a cup of Friendship, add one cup of Thoughtfulness; Cream together with pinch of powdered Tenderness.

Very lightly beaten into a bowl of Loyalty with one cup of Faith, one of Hope, and one of Charity;

Be sure to add a spoonful each of Gaiety that sings, And the ability to laugh at little things.

Molsten with the sudden tears of heartfelt Sympathy, And bake in a good-natured pan. Serve repeatedly."

PRACTICAL SUGGESTIONS FOR THE SICK ROOM

When a member of the family gets a "cross as a bear," look out for a spell. Find out if he has fever. If he has, he will be dull and drowsy, and his skin will be dry and hot. Get him to bed. Get the doctor, if you can, so you may know at once what you are up against, and do everything the doctor tell you. Give the medicine exactly how and when he says. This may save a life.

See that the bed is in a comfortable place. In winter, put it where an opening door won't let the cold air strike it. In summer, pull it out between the windows, and let the breeze blow strong and cool. Have fresh air in the room all the time.

Keep your sick person clean. Give him a clean bed and a nice warm bath each morning, and a clean gown. Talcum powder and good smelling soap are soothing and pleasant when one is ill.

A person in bed thinks a lot about eating. Bring him hot soups, with the steam coming up. Pretty dishes make food taste better. A small glass full of milk is better than a large one, half full. Don't ask him beforehand what he wants to eat; this frets him. He'll probably say, "nothing," and probably get peevish, and maybe not eat when you bring it. If he has company, their visits must be short.

At bedtime, bathe his face and hands and comb his hair. Rub his back and legs to help him drop off into restful sleep.—Ex.

SOIL WASTE IN CHINA AND HERE

Perhaps no other nation has run through its soil resources so recklessly and wantonly as the United States. Northwestern China is often cited as a classic example of a section where land misuse has brought poverty and ruin to its people. As nations go, the United States is young and its soils are by no means so washed and mined as those of northwestern China. But we have been traveling the road that leads to soil destruction at a rapid gait—perhaps at an even more hurried pace than that which led to the devastation of so much of China's soil.

As a young nation we have sowed the "wild oats" of reckless land exploitation, and we are now paying for our escapade in washed land and worried people.—Eugene Butler in The Progressive Farmer.

TEXAS ODDITIES

John Burson, Texarkana poultry fancier, displayed Saturday three eggs, laid at different times by different hens, each bearing a perfect rising sun.

"It means Japan will make a military campaign which will dwarf all previous offensives," he said.

Burson denied any similarity to sunflowers, which might mean a Republican victory.

A year ago William Settles, Texarkana chicken raiser, predicted war when his chickens laid torpedo-shaped eggs. Three months later, Benito Mussolini opened war with Ethiopia.

It was only a "mirage" on the dry Dakota prairie that a flock of mallard ducks saw from the air as they attempted to sit down on a strip of shiny olled highway near Williston, N. D. A misty rainfall glazed the black top, said motorists who saw the flock swing carefully earthward for an "unhappy" landing on the olled surface.

EDITORIAL COMMENT

VIEWES OF THE NATION'S PRESS ON TOPICS OF INTEREST AND IMPORTANCE

FRANCE OFFERS PRIZE IN MEMORIAL AIR DERBY

All nations' aviators will be invited to enter a transatlantic air derby which will start from Paris next May. Pierre Cot, France's air minister, announces that the contest will commemorate Capt. Charles A. Lindbergh's hop from New York to Paris. That flight started from Roosevelt Field, L. I., on May 20, 1927, and finished at Le Bourget near France's capital, the next day.

It is proposed that the air derby be over practically the same course, but in the opposite direction. It would cover 3,616 miles and would leave the European continent near Cherbourg. The races would fly across part of Ireland and probably pass over St. John's, Newfoundland capital, Halifax, Nova Scotia and Boston on the way to New York.

Cot desires that the aviators take off at Le Bourget on May 21. He will request Col. Lindbergh—who won that title by his great flight—to receive the victor on this side of the Atlantic.

France was the first country fully to appreciate the airplane's value for both military and civil uses. Its government will give a million francs (\$65,800 at current exchange) to the winning pilot in the derby. It is expected the crossing will be accomplished in about 20 hours; Lindbergh's times was 33 1-2 hours—San Antonio Express.

DESIGNER OF TEXAS FLAG IS HONORED

A bronze tablet honoring Joanna Troutman, the Georgia girl who, in 1835 gave a lone star flag to a company of Georgians going to fight in Texas and which was afterward adopted as that state's emblem, will be placed at Knoxville, Georgia, in Crawford county, Stiles A. Martin of Atlanta, who is sponsoring the placing of the marker, announced.

The tablet, which will be placed at the spot where Miss Troutman made the flag and presented it to the Georgia soldiers, is cast at the Georgia School of twenty by thirty inches and was Technology for the Works Progress Administration, under the supervision of Dr. M. L. Brittain, president of Georgia Tech.

Simple exercises will be held at the unveiling of the marker. The inscription on the tablet is as follows:

"On this site in 1835, Joanna Troutman gave to a company of Georgia soldiers on their way to fight for the independence of Texas, a one star flag, which she had made and which was later adopted as the Texas emblem. WPA, 1936."

WATER CONSERVATION

Though they can do little or nothing to influence rainfall, scientists are busy with numerous measures for more effective measures for more effective distribution and use of moisture which does fall in drouth zones.

That is a long-time enterprise which, if diligently pursued, with the passing of years. Many should yield increasing returns land-owners are familiar with the soil conservation service's scheme for treating an entire watershed, a creek- or river-basin to control the water's flow and thereby correct, or at least reduce, the ill effects of too little or too much rain. As a demonstration, the service has carried out such work along Duck Creek in Smith county, Elm Creek in Bell and McLennan, and now is pursuing a similar program for the Upper Concho river watershed in Tom Green county.—San Antonio Express.

A report that 40,000 illiterate members of the Civilian Conservation corps have been taught to read and write was made by Howard W. Oxley, director of education in the CCC camps.

Due to a more widespread use of perfumes and cosmetics in Russia, the Soviet Perfume and Cosmetic Trust plans to turn out 485 million rubles worth of such products during the current year.

LABOR DAY

Wage earners throughout the United States and Canada laid aside their tools Monday for a holiday of rest and recreation that belongs especially to workers. Observance of Labor Day has been spreading almost steadily since 1882, when Peter J. McGuire, in New York, suggested that "a day should be set aside as a festive day during which a parade through the streets of the city would permit a public tribute to American industry." The day was set nearly midway between the Fourth of July and Thanksgiving.

This Labor Day orators can afford to be more optimistic than they were a few years ago. Though the jobless army is still large and though a rising cost of living has tended to offset wage increases, the upturn in both employment and pay rolls is encouraging. Organized labor has regained ground lost in the depression and has profited from new deal measures favorable to collective bargaining.

A look at European events, however, is disconcerting to labor leaders. In some countries labor movements, which a few years ago were far more advanced than ours, have been choked by the hand of Fascism. In both Germany and Italy labor unions have become meaningless and wage scales frozen. The outcome of the civil war in Spain may leave labor groups of that nation similarly hopeless. It is no wonder that American labor organizations fear Fascism more than anything else.—Dallas News.

GO NORTHWEST, YOUNG WOMAN!

There are all kinds of ways to drum up tourist trade. California endeavors to make its climate conscious and Florida's siren song is lyric with flowers. What Hawaii can't do with a ukulele and a lei is scarcely worth doing. A home-talent show, such as the Dionnes put on, is another means of putting a region in the black. When business gets dull, communities have even been known to scare up a sea serpent to lure vacationers.

It has remained, however, for the publicity experts of the department of interior to excel all previous accomplishments in travel talks. In a release which should start a girl rush to Alaska, the department announces that there are two and a half times as many men as there are women in America's attic. And together with this exciting information comes the delicate hint that: "In direct opposition, the District of Columbia boasts only ninety males for every 100 females." We would have said "deplores rather than boasts," but that is a minor issue. The real point is the department's subtle promotion of resettlement of a novel variety.

Naturally, Uncle Sam does not undertake to guarantee a happy ending with every railroad ticket purchased to Alaska as a result of this release. There is even a subtle warning to overly romantic young women in the chilling statement that the territory's "influx of high-booted males is over." But it may be hoped that this realistic note will not of itself discourage any lovelorn ladies in the district's surplus. Boots or no boots, there is always consolation in Shakespeare's advice to spinsters.

Dr. Mayo Tolman has willed his head to the Harvard School of Medicine. He explained Saturday at Greenville, S. C., that several years ago he was the victim of an unusual skull fracture to recover. The fracture he said, from which he was not expected to recover was an open one, running 17 inches. Dr. Tolman's subsequent recovery aroused interest in medical circles, he said, and therefore he felt medical science might be furthered by a study of his skull.

TEXAS HIGHWAY

High tribute is paid to the efficiency of the Texas department by Thomas Donald, chief of the public roads of the department of agriculture, work of both office and field, according to official, stands out nearly all other states.

There is cause for ordinary satisfaction in the words of the federal highway head of the federal highway program. Relatively, highway is more important in most states, Texas included. Lack of easy communication, other parts of the United States, and as between municipalities of the state, handicap to economic progress since the day of the highway.

The highway system is of great importance cause of its strategic interstate and intrastate lanes. The southern intercontinental highways, as nine tenths of the States and Canadian highways, the Pan-American highway traverse Texas. Mr. Donald has reasons, from the of national highway construction in Texas.

Texas began its effective program when Moody adopted the nonpolitical appointments highway commission. Sterling continued the and there has been a political control of the sion ever since. Future of this important department which spends more than any other branch government, depends on the tenance of nonpolitical Dallas News.

CONTROVERSY

Most newspapers avoid controversial issues, but the Dallas News, being open, braver, doesn't flinch. Not long ago State Baptists are mentioned in the Bible. Now he has returned from Temple and on his ris, both of them in the land, therefore sticky and Paul. The Ferris gentle Paul mentioned therefore must have Presbyterian. The Temple man says Baptists are mentioned in the Bible, John the Baptist is. Yet after John baptized the in Jordan they were weren't they? They have been anything else the presbyters mention Paul, the word meant leader may be a presbyter. Press isn't saying Baptists will go to heaven. He meant they will sit on the high seats.—State Dallas News.

Food supply is but one of the important reasons for controlling soil erosion, according to Stuart Chase, in an article in Harper's Magazine for August. Man-made erosion disturbs natural balance between land and water resources and affects many other basic things. The article points out that erosion is a constant water supply, irrigation, and navigation development will be impaired by silt.

Brownwood

Prospects were considerable
brighter this week for the rees-
tablishment of a CCC camp at
the Brownwood State park than
at any time since removal of the
camp a year ago. CCC camps in
park work will begin the eighth
period October 1, and it is hoped
that a camp will be moved into
the Brownwood area on that
date, or shortly thereafter.

Final plans for the operation
and maintenance of a project
house at College Station to be
occupied by Brown and Coleman
county boys who plan to attend
A. & M. college this year will be
made at a meeting of the co-
operative groups in Santa Anna
Friday, September 11.

Purchase or lease of a tract
of land with lake frontage is be-
ing sought for the establish-
ment of a camp for a state young
men's organization at Lake

Brownwood, according to word
received by Chester Harrison,
Brownwood chamber of com-
merce secretary, Friday.

Lee McCartney, Dallas attor-
ney and son of Mr. and Mrs. C.
L. McCartney of Brownwood, was
injured in an automobile acci-
dent Wednesday night at Dallas,
in which one of his companions
was killed, Grady Metcalfe, 22. It
is not thought Mr. McCartney's
injuries are serious.

Improvement work on the 200-
acre municipal airport tract,
north of Brownwood, will begin
about October 1 as a WPA pro-
ject, officials have announced.

Presence of boll weevils, flea
hoppers and leaf worms which
are causing great damage to cot-
ton has reduced prospects in
Brown county to about 6,000
bales according to local ginners.
If this estimate is correct, the
county will produce 3,699 bales
less than it did in 1935. Total
ginnings in the county last year
was 9,699 bales.—Banner.

Brady

Farmers of McCulloch county
are urged to attend and partici-
pate in the district-wide farmers'
meeting to be held at Brown-

meeting is one of 12 to be held in
Texas during the latter part of
August and through September,
under the auspices of the Texas
Agricultural association and
through co-operation of the A. &
M. college extension service.

Mr. and Mrs. D. A. Newton
have returned home from Austin
where Mr. Newton has been at-
tending the University of Texas
this summer. Mr. Newton will
begin preparations for the open-
ing of the Brady schools on Sep-
tember 14.

Mrs. R. J. Gartman and child-
ren spent the latter part of last
week in San Antonio. They were
accompanied home by Mrs.
Horace Ivy, who was their guest
over the week-end.

The Brady municipal band,
under the direction of Lester
Callaway, was accompanied by a
large delegation last Wednesday
to the Junction celebration, with
the band entertaining there both
morning and afternoon. Sunday,
the Brady Pretzel Twisters, a
German band, played a concert

Lampasas

The public schools of Lampasas
will start the 1936-1937 session
Monday, September 14, accord-
ing to Superintendent Charles
Wachendorfer.

There will be more than a half
million pounds of mohair sold to
Lampasas buyers during the fall
clip which is now in progress, ac-
cording to one of the dealers in
a statement made this morning.
In fact, he thinks the total clip
will run to 600,000 pounds before
all the clip is sold.

Word has been received by
Mrs. Ruth Spann that her son,
James Hamilton, has received an
appointment to the United States
Military Academy at West Point.
Vice-President John N. Garner
appointed James as first princi-
pal for 1937. This is a very dis-
tinct honor that has been con-
ferred upon James. Young Spann
graduated from Lampasas high
school the past term. The Leader
extends heartiest congratulations
to James.

J. W. Rice of the centennial
board of control was a visitor in
Lampasas Wednesday. He defi-
nitely located the places for the
two markers that are to be pre-
pared and erected in Lampasas
county. One of the markers will
be at old Gooch Springs about
a mile and a half east of Lam-
pasas. The name that is to be
used at this location is Hughes
Springs. The other marker will
be erected on the northwest side
of the court house lawn. And
this marker is to the memory of
state troopers who were killed in
a saloon on west side of the
square. It was during the early
days of Lampasas that the
government at Austin was re-
quested to send troopers here to
help keep peace.

The Lampasas Motor company
is now operating a place in Lo-
meta. Will Page of Lometa will
be the manager. Pete Mulhollan
will have charge of the repair
shop. Mr. Jennings will be the
parts and front man. This store
gives Lometa another first class
business enterprise, and will give
the motorists of that place much
better service.

The commissioners' court of
Lampasas county met Tuesday

MRS. L. W. PHILLIPS INJURED IN CAR WRECK

Mrs. L. W. Phillips was taken
to the Stephenville hospital Wed-
nesday morning about 9 o'clock
right after the car in which she
was riding collided with another
car driven by Fermant Davis,
employee of the Stephenville
Tire store, at the intersection of
West Green and Barton streets.
Early reports as to Mrs. Phillips'
condition stated that she was
suffering from a serious head in-
jury. The car in which she was
riding ran about 50 feet on to
the First Baptist church yard
before coming to a stop after the
collision. At 10:15 a. m.,
Mrs. Phillips was still un-
conscious. Mrs. T. M. Gordon
and Miss Betty Jo Whitacre,
daughter of Mr. and Mrs. A. L.
Whitacre of Goldthwaite, also
in the car with Mrs. Phillips, but
neither they nor Davis were
badly hurt. A report from the
hospital Thursday indicated that
Mrs. Phillips was greatly im-
proved. She had regained con-
sciousness. — Stephenville Em-
pire Tribune.

Milk Best Source of Farm Cash— Survey Indicates Steady Increase

DAIRY farmers' income from milk for the first four months of 1936 increased \$25,000,000 over the first four months of 1935 according to K. V. Lipscomb, Texas dairy leader. As the largest single source of farm income, milk put \$435,000,000 in farmers' pocketbooks during the period—a new high since 1932.

Although storms and flood cost farmers and distributors extra expenses this year to get milk to consumers, increased farm milk income is particularly gratifying to the milk industry despite heavy losses, Mr. Lipscomb declared.

Milk was less than 15 per cent of total farm income ten years ago, while for 1935 it was about one-

fifth of the total. With yearly farm milk income about \$340,000,000 greater in 1935 than the 1932 total, dairying brightens the agricultural picture, as milk is paid for monthly while most crops only bring in money at the end of the season.

During the last quarter of a century, the number of cows in the United States has grown to more than 25,000,000, with yearly milk production of approximately 46, 500,000,000 quarts. These increases are due chiefly to scientific progress and expansion of daily distribution of milk to consumers.

Increased cooperation of dairy farmers and milk distributors to produce high quality milk by maintenance of rigid health standards and a steady, dependable supply forecast continued improvement in farm return from milk during the year, according to Mr. Lipscomb.

Weldon Jackson spent the week-end with his grandmother and other relatives and friends.

A. M. Hunt, Jr., returned Monday night from a delightful week end visit to the centennial at Dallas.

Mrs. Ray Blackburn and Clarence Elder were called to the bedside of their brother in Lampasas Tuesday.

Mr. and Mrs. Robert Weaver left Tuesday afternoon for Waco to resume their school work after spending the summer here with her father and mother, Mr. and Mrs. W. M. Johnson, and attended to their orchard at Big Valley.

Miss Marjorie Newton of McGirk is spending this week with her sister, Miss Lora Newton, here.

Mr. and Mrs. Ray Fessler and daughters, Dorothy and Christina Lou, of Mexia have been spending a part of their vacation at Zephyr with her father and mother, Mr. and Mrs. C. M. Thompson, also here with his mother, Mrs. Fessler.

Mrs. Claud Eckert and her father attended the old settlers reunion at Lampasas last Saturday. Mr. Fox is one of the pioneers of that place.

POWER COMPANY HAS ANNOUNCED ANOTHER RATE REDUCTION HERE

Good news for local users of electricity was contained in the announcement by the Community Public Service company that increased consumption of electricity had enabled it to offer a substantial voluntary reduction in domestic and commercial lighting rates. A new Household Economy rate replaces all domestic rates heretofore in effect and a new commercial lighting rate replaces the former rate for commercial lighting.

Joe Long, local manager of the company, made the following statement in regard to the announcement: "The new rates offer savings to all domestic and commercial lighting customers. The new schedule has been approved by city authorities and was made retroactive to include the past billing period. The savings will show on your electric service statements which are being distributed in the next few days."

The new Household Economy rate, which replaces the general service, lighting and range rates heretofore in effect, provides for the billing of the first KWH at 10c, the next 25 at 6c, the next 50 at 4c and all in excess at 2c, with a minimum charge of \$1.00. The service charge of 70c per month previously charged has been eliminated under this rate, and the minimum billing has been reduced from \$1.50 to \$1.00.

The new Commercial Lighting rate replaces the commercial lighting rate heretofore in effect, and provides for billing of the first 100 KWH at 10c, the next 200 at 8c, and all in excess at 5c, with a minimum charge of \$1.50.

On page 3 of this issue will be found a large display advertisement giving an analysis of the new rates, and showing in detail the amount of the savings to individual customers in the different classes.

LONG COVE

Our hearts go out in sympathy to those who have lost loved ones by such tragic accidents in the past few weeks.

SCALLORN

Oh! No; It isn't hot and dry here. Only hotter and dryer. We haven't had any rain in a long time. Stock water is scarce.

Albert Hereford and family were guests Sunday in the home of Mrs. R. D. Evans.

Mr. and Mrs. Jean Blackman of Buchanan and Mr. and Mrs. Eckert and children visited until bed time with Mr. and Mrs. Marvin Laughlin Sunday night.

Earl Blake and wife of Mullin came down Saturday night for a few days visit with Mrs. Blake's mother, Mrs. Ora Black, and friends.

T. J. Laughlin, Jr., is moving on his fathers place.

Mrs. Frank Eckert and W. T. Eckert spent two days last week visiting W. T.'s father, Victor Eckert, at Richland Springs.

Mr. and Mrs. Dutch Smith and children had dinner Sunday in Homer Eckert's home.

Buck and Johnnie D Ford took their sister, Rachel, to Menard Saturday to enter school there, as her sister, Marvel, and her husband, Dave Williamson, are teaching school there in Menard this year.

Mr. and Mrs. Lloyd Laughlin motored to Goldthwaite Sunday to spend the day with Mrs. Laughlin's parents, Mr. and Mrs. Bruce Burnett.

Mrs. Cora Ford returned Monday from a week's visit in Granbury and Comanche. While away she visited the centennial at Dallas and Fort Worth. She says it would take a week or more to see everything that was there, and it is well worth the money.

W. T. Eckert and R. D., who have made their home the last year with their uncle, Frank Eckert, have gone to San Angelo for an extended visit with relatives and friends.

Elza Laughlin is moving to Blanket where he has bought a place. We regret very much to have them move away, as they are our old neighbors. But we wish them much success in their new home.

Miss Louise Olenbush entertained a few of her friends from Goldthwaite and Scallorn with a farewell party Monday night.

The Baptist association at the Scallorn church was well attended. They had all the barbecued beef and goat and other good things they could eat. Good talks and sermons were enjoyed by all present.

Mr. and Mrs. Cicero Warren's son and his family from Arkansas are visiting them.

HELPFUL HINTS

SWEETS have always been popular with the ladies, and so a box of candy is often a smoother of the way, in cases mild or serious.

Slice any rich candy bar very thin and spread or lay between ginger snaps.

Moisten chopped figs with orange juice and a bit of lemon juice, heated over water until smooth, add chopped peanuts and use for a sandwich spread.

Spread small crackers with quince jelly and sprinkle with chopped walnuts; cover with another cracker.

Fancy cakes and cookies may serve for dessert in an emergency. Small ginger cookies, put together with melted marshmallows or any good candy bar. Vanilla wafers made into sandwiches with melted peanut candy or caramels softened to spread. Crackers with white of egg, chopped marshmallows and nuts baked in a quick oven make delightful little cakes to serve with a cup of tea or chocolate.

A few cans of pineapple on the emergency shelf will be found most desirable for any number of dishes. It is ready in the form of rich slices to be used as they are with meats, or shredded, or in small cans in cubes to be used as garnish for frozen dishes and other desserts.

Crab meat is one of the most versatile of foods, especially good for a midnight snack, a sandwich or in the form of a cocktail. For the latter three tablespoons of catsup, two tablespoons of horseradish, one tablespoon of Worcestershire sauce and salt to taste. Add the crab meat and serve thoroughly chilled.

For simple head lettuce salad dress with lemon juice, a little salt and a handful of rolled, freshly roasted peanuts. Orange and lemon juice with a little seasoning make ideal salad dressings.

CARD OF THANKS

Expressing my appreciation, we want to thank our friends and our neighbors for the beautiful display of flowers at the home of Mrs. H. E. L. Pass during the week-end of the centennial. The display was most beautiful and we enjoyed it very much. We thank you all very much for your kind and generous contribution.
