Project Calf Gains 3.7 Pounds Daily

Fayne Coffman fed out a baby beef for his Vocational Agriculture project. The calf gained 3.7 pounds daily for 104 days. It weighed 985 pounds at the end of the feeding period, and sold for 11 cents per pound.

Each boy taking vocational agriculture is required to have projects on which he keeps records. Fayne Coffman, a senior in our chapter, selected a baby beef as his project.

When the calf was put in the feed lot in November, it weighed 600 pounds. When sold in Fort Worth last week, it tipped the scales at 985 pounds.

Records on the calf show a net income of \$30.64. Labor on the calf was valued at \$5.70. The net income plus the value of self-labor totals \$36.34.

Next year several F. A. boys plan to have calves as their projects, especially since Fayne sold his for such a good price. Fayne, we hope you started something worthwhile for our community.

ELIZABETH McDERMOTT TO REPRESENT CATHOLICS

Austin.—Elizabeth McDermott of Goldthwaite has been chosen one of ten University of Texas students to represent the local Newman Club, Catholic organization, at a convention of college students to be held in Lafayette, La., April 9-11. The ten students will be official delegates and will have all expenses paid at the convention.

Before coming to the university, where she is a sophomore majoring in bacteriology, Miss McDermott attended Texas State College for Women. Although she was working part-time, she belonged to the Betsy Ross, the mathematics, the Spanish and the Catholic clubs. Her high school work was done at the Sacred Heart Academy, Waco. She is the daughter of Mr. and Mrs. R. F. McDermott.

MERRY WIVES CLUB

Contract bridge was the diversion on Tuesday of this week when Mrs. J. Raymond Little opened her home to the Merry Wives Club and a few friends. Mrs. W. C. Dew as club member and Mrs. A. L. Whittaker as the guest received attractive trophies for their success in the games. Easter was featured in tallies and score cards and the dainty ice course.—Reporter.

SOCIAL SECURITY REPRESENTATIVE PRAISES TOWN

John W. Fain, representative of the Social Security Act, who spoke in Goldthwaite last Thursday evening to a capacity crowd in the district court room, writes to W. M. Johnston, secretary of the Retail Merchants Association of Goldthwaite, and praises the citizenship for their cooperative spirit.

The letter to Mr. Johnston follows:

Mr. W. M. Johnston, Secretary Retail Merchants Association of Mills county, Texas, Goldthwaite, Texas. Dear Mr. Johnston: I want to thank you and your association for the courtesies extended to me during my recent visit to Goldthwaite. I am sure the Commission will be pleased to learn of the fine spirit of co-operation manifested by your citizens.

Please advise if I can be of further service to you.

With all good wishes, I am Jno. W. Fain. Waco, Texas.

Local Ministers Form Ministerial Alliance

Last Monday morning the ministers of the town met at the Methodist church and formed a Ministerial Alliance. Rev. J. K. Beery, pastor of the Methodist church, was elected president of the alliance, and Rev. Charlie Harrison, pastor of the Nazarene church, was elected secretary-treasurer. The meetings will be held at 9 o'clock a. m. on the second and fourth Mondays of each month. The place of meeting will be according to the alphabetical list of the churches of the town, meeting a month in each church. According to this the next two meetings will be held with the Baptist church.

The Methodist Church

May the Light, Peace, Joy, Hope and the Glory of the Resurrection side of the Cross be the personal experience of all the people at this beautiful Easter season. It may be ours for the taking. May we at this time enter into that fuller life open to us. Jesus said, "I have come that ye might have life to the full."

We trust there may be a large attendance at the "Good Friday" service at this church which will be participated in by all the pastors and churches of Goldthwaite. This service from 12 noon to 3 p. m. will be in commemoration of the three hours when darkness was over the earth as Jesus was on the cross. We greatly appreciate the business houses closing for this service. A union Sunrise Easter service will be held in the Methodist church at 6:15 Easter morning. Rev. F. E. Swanner will bring the special message. Everyone is invited to these services.

Other services Sunday will be Sunday school at 9:45 a. m. and preaching at 10:50 a. m., subject, "Why I Believe in Immortality." Young people's services 6:45 p. m. At 7:30 p. m. the choir will render a beautiful Easter cantata. Mid-week prayer and Bible study Wednesday evening at 7:30.

You are invited to all the services of the church. Among the good habits we should form is the habit of regular church attendance. We make habits, and then habits make us. So if we want to be the right kind of people we must produce the finest type of life.

Attend the church of your choice every Sunday.—John K. Beery, Minister.

SPECIAL SERVICES AT METHODIST CHURCH TODAY, 12 TO 3 P. M.

Easter services participated in by all churches and pastors of the town will be held at the First Methodist church of Goldthwaite Friday afternoon from 12 to 3 p. m. All of the business houses of the town are closing for this service.

Sunday morning, March 27, a union Easter service will be held at the Methodist church at sunrise (6:15 o'clock). Rev. F. E. Swanner, pastor of the First Baptist church, will bring the sunrise message Sunday morning. The public is cordially invited to attend both of these special services.

Student Writes of Experience in New London Blast

Below is a letter written by a little boy, nephew of Miss Abbie Ervin of Goldthwaite to his sister, telling of the terrible accident at the New London school:

Overton, Texas, March 19, 1937

Dear Ann:

If it hadn't have been just pure luck you wouldn't have a little brother today. I was sitting in the study hall when all of a sudden there was a muffle and a lot of screams. I looked towards the front of the room and saw bricks falling and lots of dust. I jumped up and ran to the back of the room and looked over my desk. The other kids in the room then began to break out windows and jumping out. Another boy, and I began breaking out a window with a wooden stick and the dust was so thick I thought I would choke before I got out. I then thought of the door and ran toward it. When I got there the door and an adjoining room were blown to pieces. I then went over to a window and dropped out of it which was about eight feet. I fell on bricks that had been blown out but I was not hurt. When I looked around I saw that about 45 or 50 rooms had been blown to bits. My throat was as dry as powder, so I went over to a lunch stand and gargled my throat two different times before the pain was gone.

Cars had collected about the school when I got around to the front. In a time there were ambulances from everywhere around carrying the dead and the wounded off. The ambulances were not fast enough so they carried them to hospitals in cars and school buses. I was one of the very few who got out unscratched. I will send you a picture of the window I got out at if I can find one in the paper. Five to eight air planes were taking pictures of it when we left. Mother, Mr. Gregg, our neighbor, and I left.

Some people think gas collected under the building and caused it. Some think there was time bombs set for 3:00 in the morning and went off at 3:00 in the evening. They haven't found all the bodies yet, every once in a while an ambulance will pass by. If you haven't heard about it over the radio tune in on Kilgore.

This is all I got to say except that I am very glad I got out O. K. If you want to know anything else just write and ask me. Love, Ervin.

TEXAS THIRD IN POULTRY PRODUCTION

Poultry raising, which is an important factor to the incomes of Texas farmers, forms a portion of the activities on more than 5,000,000 farms throughout the United States, bringing an annual income in excess of \$1,000,000,000. Texas ranks third in the United States in the production of all poultry products and annually sells approximately 110,000,000 dozen eggs.

RETURNS HOME

Mrs. J. S. Bowles left Monday for her home in Fort Worth after several days visit here with relatives and friends. All their friends will be glad to know that they are very happy in their new home and have made many congenial friends and their church work is very interesting and keeps them busy.

CAR STOLEN

Mr. and Mrs. George Faulkner had the misfortune to have their car stolen last week while visiting in Dallas. The car was a new Chevrolet fully equipped, even to a radio. They had just driven over to Dallas from Cleburne where they are now making their home.

PASSION WEEK

Services have been held at the Methodist church each night and have been wonderfully presented and impressively given to all those attending.

Much Interest Shown In Both Literary and Field Event Contests

All Car Owners Should Take Part In Highway Planning

"Car owners who pay their 1937 car license fees late in March should take part in the highway planning work now being conducted by filling and mailing the postage free, self-addressed post cards handed to them at the tax collector's office," according to G. G. Edwards, state manager of the highway planning survey. "Motorists should guard against any tendency to neglect this valuable work during the rush and confusion of late registration, since the success of this effort to give car owners a direct chance to help plan their own highways depends on their cooperation in the days when the greatest number of cars are registered. Finally, this survey work is of major importance to most counties because the facts compiled by the several branches of the highway planning survey will be used not only in forming the policies that govern the construction and the maintenance of highways but also will be used in allocating future Federal and state funds that will soon be spent in improving secondary roads in many Texas counties," concluded Mr. Edwards.

The Texas Highway Department and the U. S. Bureau of Public Roads are jointly sponsoring this work to obtain reliable information from each of the counties. Mills county can gain materially by furnishing information to reliably portray local needs. According to a recent report only 116 of the car and truck owners in this county have returned to the Highway Department the post cards handed to them at the time of registration in the office of J. H. Harris, tax collector. Time yet remains for the county to make a good record of returns for itself, and its citizens should cooperate in the highway planning work.

Baptist Reminder

Last Sunday morning I used as my subject "Revelations of the Cross." This coming Sunday I will speak on the subject, "Revelations of the Resurrection." It is not sufficient to stop at the cross. Any man could have been crucified but any man could not come forth from the grave. Dr. E. Stanley Jones says "We worship not a corpse, but a risen Christ." He is certainly right. Sunday night my message will be evangelistic, "Will ye also be his disciples?" —Franklin E. Swanner.

ART AND CIVIC CLUB

The Art and Civic Club met Thursday, March 19, with Mrs. John Schooler. During the business session the club voted to study for 1937-38 "Glimpses of a Modern World," as recommended by the program committee chairman, Mrs. Walter Glen Saylor. Mrs. Paul McCullough substituted for Mrs. A. L. Whittaker as leader. Melmoth Young Stokes III as guest artist gave several delightful numbers on the accordion. At the conclusion of the program Mrs. Schooler, assisted by her mother, Mrs. Lewis Hudson, served strawberry shortcake and hot tea to the club personnel.

INTERSCHOLASTIC LEAGUE RESULTS

The County Interscholastic League Meet, held in Goldthwaite Friday and Saturday of last week, was one of the most successful this county has known in several years. The weather was fine and the events moved along in regular fashion.

Class B senior track and field meet was won by Mullin High school with a total of 57 points. Star was second with 46, and Priddy third with 23.

In the rural division, Center City amassed a total of 68 1-2 points and won 12 first places out of a possible 15. Mount Olive was second with 22, Prairie third with 5 1-2, Center Point fourth with 5 and Kelly fifth with 4.

No check was kept on Goldthwaite, although they participated as they are the only Class A school in the county. Deward Atchison of Center City was high-point man of the meet with five first places, or 25 points.

Results of the events were as follows:

Debate—Boys, first Milford Mitchell and Jack Casey of Mullin; second Forest Hill and Warren Thompson of Goldthwaite. Girls, first Louise Gartman and Louise Ohlenbusch of Goldthwaite.

Declaration — High school, Senior boys, first Glyn Dunlap, Priddy; second Carl Doggett of Goldthwaite. Senior girls, first Mamie Lou Womack, Goldthwaite; second Lena Hill, Star. Lampasas

Mrs. W. E. Lively passed away at the family ranch home a few miles south of Lampasas Tuesday afternoon, March 16, at 2:20 o'clock. She had been in good health and Tuesday morning had gone about her usual home work till a few minutes after 7 o'clock when she came into the house and complained of a terrible headache. She started to all when Mr. Lively caught her and called a relative there in the house. Mrs. Lively was placed on her bed and a physician called. Later on another physician was called and they both diagnosed the case as apoplexy. She never

regained consciousness. Surviving her passing are her husband and two sons, Dorman and Willard Lively, two stepchildren, Mrs. Wm. Moore and Lloyd Lively; her father, J. J. Kennedy, of Goldthwaite; seven grandchildren; three brothers, Grady, John and Ernest Kennedy, of Goldthwaite, and four sisters, Mrs. W. W. Barner, Fort Worth; Mrs. V. M. Kendrick, Wingate, and Mrs. Walter Robinson and Mrs. W. C. Deills, Goldthwaite.

Mrs. M. Y. Stokes returned last week from Houston, where she had visited several weeks with her daughter, Mrs. J. T. Rather, Jr.

Mrs. O. O. Smith spent the week-end in Goldthwaite with her parents. Her little daughter, Angelina, returned home with her. She had spent the past week with her grandparents.

Seven arrests had been made up till Wednesday in the raid of a big gang with headquarters in Burnet county, according to local officers who are helping on the job. A number of rangers, some Federal officers and sheriffs and deputies from a number

of counties have been on the lookout during the entire week in an effort to catch as many of the gang as possible.

The gang of robbers, car thieves and livestock stealers and what nots, have their central working quarters located in cedar brakes in Burnet county between Burnet and Marble Falls, the Record has been informed. One man was arrested and forced to take the officers to the place of the hideout. There a number of stolen cars were located, others had been stripped of such equipment as could be used, merchandise from various towns was found including wearables, groceries, guns and ammunition. A large quantity of U. S. Stamps, stamped envelopes and other post office materials were found as was a counterfeit money making machine. Large numbers of sheep and goats have been rounded up with brands and marks changed so as to make them hard to identify by owners.

Living quarters of ten, one with glass all around so as to make the approach of officers easy to see, had been erected, one of which had a bomb on the outside with a fuse running into the camp. Some of the places were in such locations as to make them unapproachable except on horseback or on foot, one of the officers said.

Russell Craft, who was injured in an automobile accident Friday afternoon, is reported to be improving and hopes for his early recovery are held by physicians. Mr. Craft was injured when a truck loaded with cedar poles which he was bringing from Burnet got out of control while coming down a hill on Highway 66.—Record.

Brady

Fire Sunday afternoon virtually wiped out two Brady business concerns, doing damage as yet unestimated, but which will run into several thousand dollars.

The I. G. Abney Dry Goods Store was gutted by the flames, which were believed to have started from defective wiring in the balcony, and the Vaughan White Tailor Shop, located in the rear of the store, was a total loss. The shop equipment was practically new, having been installed only a few months ago.—Brady Standard.

I. G. Abney will be remembered here by many of the old-timers as a merchant and business man of the '90's.

The Brady Water and Light plant building, located south of the new highway bridge on the Brady creek, is undergoing a new coat of white paint on the entire outer walls. This is sure to be a pretty spot this spring and summer. Pat Kenney of the Empire Southern Gas Company and Edward Geeslin of the Brady Water and Light works, have a park on this side of the new bridge, going out on the new Coleman and San Angelo highway. The park is planted in grass, shrubbery and flowers.

The new postoffice is going to be a beauty. Workmen are doing the inside work now. Brady has every reason to be proud of a new building. There is talk, after the new office gets opened, to see if we can't have city delivery. Not a bad idea—we know a few smaller towns than Brady that boast this service.

Mr. and Mrs. I. G. Abney have announced their fire sale to open Saturday morning at 9 o'clock. Mrs. Abney states the folks won't have to "bust" the doors in Saturday morning as

WHY THOUSANDS OF TEXAS WOMEN WASH CLOTHES THE MAYTAG WAY

• The cost of clothing is an important item in the family budget. Careful handling makes them last longer. Washing them at home is assurance of sanitary conditions.

Maytag popularity is the result of an ever-increasing respect for clean, careful, efficient home-washing—washings done in an hour or so without rubbing, scrubbing or boiling. Whether you use the Maytag yourself or employ a servant, you never have to remind the one-piece, cast-aluminum tub and Gyrotator washing action to be careful. They are built to wash that way.

Let the Maytag do your next washing. Maytags available with gasoline Multi-Motor.

THE Plus-Powered KELVINATOR GIVES

To every person who owns an electric refrigerator—to every person who plans to buy one—these two facts are of prime importance.

Because of them, many experienced refrigerator users are replacing their old refrigerators with the Plus-Powered Kelvinator. Once you know these facts you can judge the basic refrigeration value of any refrigerator before you buy.

Refrigerators may be alike in many respects. These facts divide them into two classes. They mean that Kelvinator provides better cooling, faster freezing—that it has a longer life and effects greater savings.

See the new Plus-Powered Kelvinator today and learn first-hand the fundamentals of a truly modern refrigerator. You'll never be satisfied with anything else.

Chevrolet Official Assumes New Duties
 H. C. Howard, manager of the Dallas zone of the Chevrolet Motor division of the General Motors sales corporation for the past four years, will assume new duties with the company as assistant regional manager of the southwest region of Chevrolet, effective March 13, it was announced last week at Detroit by W. E. Holler, Chevrolet vice-president and general sales manager.
 Mr. Howard will be in charge of used car sales throughout the southwest region. His appointment was part of a general reorganization of Chevrolet's used car marketing policies in which Mr. Holler set up an entirely separate used car organization in the Chevrolet sales department.

GRAMMAR SCHOOL GOSSIP
 It seemed that we literally walked off with the awards in the Intercollegiate League this year. The contestants did exceptionally well and we are very proud of them.
 Odell Ellis is back at school after a long and serious case of pneumonia. He has been absent for quite a while and we are glad to welcome him on his recovery.
 Crash! Dorothy Kuykendall and Ferne Kimball had an accident when they ran together. Neither were seriously hurt however, except it resulted in a terrible headache.

V. A. BOYS WIN DISTRICT DEBATE
 John Bowman and J. T. Soules went to Brownwood Monday night where they debated with San Saba, the only other debate team in their district. Goldthwaite won, and will represent this district in the Area IV contest at Stephenville.
 An emergency exists. Let us put out the fire first and do our investigating afterwards. Let our officers drive from the highways and streets those drivers who are a constant menace to life. Why wait until an accident occurs and another citizen mangled or killed before an arrest is made? We need no more investigating to find out why accidents happen. SENIOR NOTES
 Al Langford is up and around now with the help of crutches. We know because we saw him. His smile is as winning as it used to be, and although he has suffered intensively, his chin is still up. We expect him back in school in the near future.
 The Intercollegiate League Meet was profitable to the senior class in more than one way. We made \$8.25 profit selling candy. That is enough to buy two more seats. We want to thank all of those who acted as salesladies. We appreciated it very much.

CHATTER
 The financial director of the Bonehead Club, Kenneth Shaw, reports a deficit of \$0.4 3-16. If the sponsor would pay his fine, the club would be out of the red \$0.013-16. Oh well.
 We notice that Troy Berry has been receiving an unusual number of visitors lately. What is the attraction?
 Aha! That's somethin' brewin' these hyar pahts. We've been seeing Warren Thompson and Jimmie Frizzelle together too much. We think they are plotting against Forest Hill—and why?
 We don't know, but from the way rulers disappear in that physics class, it must be composed entirely of numquamposttradodinos. (Who said we did not know our Latin?)
 Anyone looking for fun just ask George Johnson how fast he can run two blocks and turn a corner.
 Why have Freddie Marshall and George Ballard migrated to the senior home room? We don't know, but we could guess!

Cavalcade Buys Costume Shop
 It is cheaper to buy a costume business than pay the profit, if it comes to costuming "Cavalcade of the Americas," huge spectacle of the Greater Texas and Pan American exposition, according to A. L. Vollman, producer director of the show.
 "Cavalcade of the Americas" is an all new story, scenery, cast and costumes," said Vollman. "Last year's show covered Texas history. The new Cavalcade presents five centuries of Pan American history, which naturally presents a real costuming job.
 "There will be more than 2500 complete costumes used in "Cavalcade of the Americas," said Joe D. Johnson, in charge of the costume shop, bought outright for Cavalcade. Some of the costumes have required research to produce accurately. Wigs for the 300 actors will number 900.
 "One of our great problems was to find a market selling gaily colored feathers to be used in Aztec costumes chief of which is that of Montezuma, Aztec of the fifteenth century," said Johnson. Thousands of yards of brightly colored cloth, feathers, calico, silks, laces, helmets and other metallic trappings and ornaments will be used on the wardrobe.

NO SUCH THING AS FOOL-PROOF HIGHWAYS
 No doubt highways, bridges and underpasses can be made safer for the traveling public, but they cannot be made fool-proof. Highways are seldom so bad but that a careful driver can get over them provided other drivers are also careful. The committees and commissions so frequently appointed to investigate accidents and determine the cause may turn in suggestions of some value, but in the meantime the slaughter goes on.

Indianapolis — William Van Arsdale is—or was, anyway—fond of jelly beans. As he chewed a handful he began chuckling at a friend. Then he got outright tickled and opened his mouth to laugh. The intake of breath of air sucked a bean into his windpipe.

ROCK SPRINGS

Last Thursday was cemetery working. There was a big crowd. They got lots of work done. Andy Weston from Mullin and Forest Weston from Zephyr and Mrs. Dan Weston from San Angelo were present. The ladies prepared a nice dinner which all enjoyed. There was a collection taken to buy lumber for a table for the lunch.

We extend our sympathy to Mrs. Walter Robertson in the loss of her sister, Mrs. Lively, who passed away in Lampasas last week.

Don't forget Sunday and Sunday night will be church day. Come and bring someone with you.

Dwight Nickols and wife visited with his mother Monday night.

Hardy McClary visited in the Edbetter home several nights last week. Seems like he would get there in time for supper as he is batching.

Oscar Gatlin got some Mexicans to shear his goats last week.

Woody Traylor and family ate dinner in the J. T. Robertson home Sunday.

James Nickols from town tagged his sheep Monday afternoon on Joe Roberts' place.

Friday night this community gave Rudolph Cooke and wife a nice shower. They received many nice gifts. The ladies served pineapple, banana and coconut cake. We wish them lots of pleasure using their presents.

Hugh Nelson and wife from town and Miss Nelson from Big Valley and Carl and Dock Led-

better and Gordon McWhorter played forty-two in the Spinks home Friday night.

Douglas Robertson and family from Lake Merritt spent Sunday in J. T. Robertson's home.

Otis and Besse Hutchings from Center Point were dinner guests in the Nickols home Sunday.

Marvin Spinks and wife visited with the Cooke family Sunday night.

Last Thursday morning as J. T. Robertson went to the field to plant corn, he was on his planter sitting on a sack of corn and in crossing a ditch, he fell on his face and his foot caught in the wheel. If his team had not been gentle, he might have been killed. He sprained his ankle and knee. He is having to use crutches.

Mrs. Ira Dewbre is staying in town with Jack McKenzie and wife while she is sewing for Mrs. Henry Morris.

Mrs. W. A. Daniel visited with her parents and Mrs. Zona Robertson in Big Valley Sunday afternoon. Her father was suffering from a fall he got, caused by an unruly mule.

R. E. Collier and wife visited in the Nickols home Saturday night.

E. A. Robertson and family went to Brownwood Sunday morning.

Goodloe Miller is back in the Robertson home after a week's visit with his daughter, Mrs. Marsh Johnson.

Joe Roberts and family spent Sunday with the Kimball family at Crawford Mill.

Miss Waldine Traylor took her pupils to the track meet Friday afternoon.

Mrs. A. R. Kauhs and son of

Bull's Creek and Hardy McClary ate dinner in the Nickols home Wednesday. In the afternoon Mmes Kauhs and Nickols called on Mrs. Julius Kauhs.

W. A. Daniel took in the Fat Stock Show last week. He went alone.

Julius Kauhs and family visited with A. R. Kauhs and family at Bull's Creek Sunday.

Mrs. Claud Holley from San Marcos and Mrs. Homer Doggett and Janece from Coleman visited their mother, Mrs. Eula Nickols, this week.

A. J. Stark and wife, who live in San Saba county, spent Sunday in the Daniel home.

James Nickols and wife and Mrs. Glenn Nickols from town spent the day Sunday in the Nickols home.

J. O. McClary and wife visited with relatives and attended the stock show in Fort Worth last week.

Loy Long and family from town spent the day Sunday in the Ellis home.

Mrs. Claud Holly and Mrs. Eula Nickols went to Coleman Monday after Mrs. Homer Doggett and Janece. Mrs. Dwight Nickols of town accompanied them.

Joe Davis and family took Will Stark to Brownwood Monday to see some of his relatives who are sick.

Some from here attended the track meet Friday and Saturday.

Mrs. Woody Traylor from town and Mrs. Bowles of Fort Worth were at the cemetery working. They also visited in the Gatlin and Nickols homes.

Mrs. Jack Robertson from the state of Colorado visited with Mr. and Mrs. J. T. Robertson this week. She was called to the bedside of her brother's wife, Mrs. George Bogrus, in San Saba county.

Ford brothers sheared for Walter Weatherby this week.

Mexicans sheared the Traylor goats this week.

Janece Doggett visited with Mrs. Dwight Nickols in town Tuesday afternoon.

It is trying to rain again. The grass and weeds are looking mighty green.—Busy Bee.

PLEASANT GROVE

The treasure hunt at the school house Saturday night, sponsored by the teachers, Miss Manning and Mr. Williams, was a success. Sybil Miller and Olney Kelly found the treasure which was a big box of candy. Punch was served to about 80 people.

W. W. Berry and family spent awhile Tuesday night with Mr. and Mrs. Walker Berry.

Laurence Kelly and family, Mr. and Mrs. Brit Berry visited Mr. and Mrs. Will Moreland Sunday.

Raymond Williams visited Alvis Irwin and family Thursday night.

McMillin and Big Valley baseball team. The boys will greatly appreciate your help.

Mrs. Oran Hale of Goldthwaite spent a few days of last week helping her mother, Mrs. Scott Thompson, paper her house. We hope the river doesn't ruin Mrs. Thompson's home again after the work she is doing.

Mr. and Mrs. John Warlick took dinner with her parents, Mr. and Mrs. W. B. Reagan, Sunday.

Last Saturday night Hugh Nelson of town and some of his friends, whose names we didn't learn, came to the Ray Bynum place and brought their hounds for a race. There has been something killing Mr. Bynum's goats and they tried to catch the varmint. They had a good race but did not make the catch they expected. They all enjoyed a fish fry after the race. They came back Monday night for another hunt, but we didn't find out if they were successful this time or not. We hope they were though, and that Mr. Bynum does not lose any more goats.

Mr. and Mrs. Hugh Smith and Hugh Forrest ate dinner with Dr. Colvin and family Sunday.

Ewing Ratiken is seriously ill at this writing. We hope he will soon recover and be able to be up again.

Mrs. George Knowles called on

Mrs. Scott Thompson last Friday afternoon.

Those visiting in the R. O. Patterson home last week were Earl Faulks of Gustine, Mrs. Raleigh Sheppard and baby, Mr. Sheppard and Obey of Goldthwaite, and Mr. and Mrs. Herman Anderson and children of Rock Springs.

Uncle Tom Nelson is able to be out visiting friends again. We are glad he is able to be out again.

All who didn't get their corn planted before the rain are busy this week planting. We hope the corn makes good this year and is not washed away again.

Mr. and Mrs. Walter Nelson made a business trip to Richland Springs one day last week.

Mrs. Alvin Oglesby and Mrs. Sena Ezzell went as far as Harkeyville with them and spent the day with relatives there.

Kelly Owens and Mr. Sullivan of San Saba spent last week blasting and tearing up the old irrigation pump on the river at the George Knowles place. They have removed it all and the place looks very vacant after the many years it has stood there.

Everyone try to attend Sunday school Sunday. It will be Easter Sunday. How many of you know why Easter is celebrated? If you don't know, try to find out. Come be with us at services and remember, visitors are always welcome.—Boots.

BIG VALLEY

Sunday was a very pretty spring day but for various reasons only a small crowd attended Sunday school and still a smaller one at B. T. U.

The results of spring can certainly be seen in the Valley. The trees are beginning to leaf out. A good part of the fruit blossoms have shed and green leaves are taking their place. Before many days the signs of winter will be gone, at any rate we hope there isn't any more freezing weather.

Miss Oleta Landers of Dublin has been visiting in the home of her grandparents, Mr. and Mrs. A. T. Sellers.

Mr. and Mrs. W. H. Nelson left Friday for Arlington to spend a few days with their daughter and son-in-law, Mr. and Mrs. O. L. Bohannon, and family.

Juanita and John Weaver spent Saturday morning with their Grandmother Weaver.

C. W. Lawson has gone to Louisiana to sing in a meeting.

Mr. and Mrs. J. J. Cockrell called on Grandmother Robertson, who has been real sick, Sunday afternoon. They also called in the Mitchell home.

Prof. Robert Weaver, of Waco, was out pruning fruit trees Saturday. He brought out a new orchard plow for the Weaver brothers, and believe me, the weeds have really been dying since.

Mr. and Mrs. Gordon Miller of San Saba county dined in the Sykes home Sunday. They called in the Ben Long home and C. S. Miller home.

Mr. and Mrs. J. H. Hale and two small children and Grandpa Hale visited Sunday afternoon with Mr. and Mrs. Ishmeal Long and baby. Mr. and Mrs. John Jackson and children also visited in the home.

Mr. and Mrs. Floyd Weaver and Walter Martin spent Sunday afternoon with his mother.

Mr. and Mrs. Elvis Morris and LaNelle dined in the Archer home in town Sunday.

Hugh Nelson from town, Connie Knowles of Crawford Mills and Bob Weaver took some hounds out for a cat chase Saturday night. They came in without the cat.

Virginia Long and Flora Weaver dined with Dora Dean Hale and Lorean Shotwell Sunday.

Mr. and Mrs. J. C. Long and son from town dined in the Woodrow Long home Sunday.

Mr. and Mrs. Hugh Dennard and children spent Sunday with relatives in Goldthwaite.

Mr. and Mrs. Homer Weaver and children called in the Hale home Sunday but found Mr. and Mrs. Hale away from home.

Let's everyone remember that Sunday is practicing day. Also there will be services Saturday night, don't forget that.

As I close this it looks as if we might get another rain—Blue Jay.

CHAPPEL HILL

We are very sorry to report that Marvin Eakin is yet very sick.

The farmers in our community are very busy now trying to get their planting done. Some have to replace corn. The crows are getting it as it comes up.

Mr. and Mrs. Evans and Orville visited in the Grover Price home Sunday.

Mr. and Mrs. Crook and Catherine visited in the Collier home in the Trigger Mt. community Sunday.

Mr. and Mrs. William Ivy, Walter Druckhammer and Alma Ledbetter were callers in the Jesse Ivy home Sunday night.

Mr. and Mrs. C. J. Crawford and Mrs. Nellie Knight from the Bayou and John Cunningham were callers in the Crook home Sunday night.

Mr. and Mrs. Rudolph Schindler of Bangs and Miss Pauline Schindler from Priddy and Willis Crook spent Sunday in the B. J. Crawford home.

Mutt Ivy has been suffering from an injured arm. We hope he will soon recover.

Belle and Arnold Reynolds played forty-two in the Crook home one night last week.

Miss Leone Riley spent last week-end visiting Mrs. C. J. Crawford on the Bayou.

A large number from our community went to the county meet last week.

The party at George Hill's Saturday night was enjoyed by a large crowd of young folks. Ditto.

CITATION BY PUBLICATION

THE STATE OF TEXAS. To the Sheriff or any Constable of Mills County, Greeting:

Oath has been made as required. You are hereby commanded to summon H. C. Kirkbride by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Mills County, to be held at the Court House thereof, in Goldthwaite, Texas, on the 1st Monday in May A.D. 1937, the same being the 3rd day of May A.D. 1937, then and there to answer a petition filed in said Court on the 17th day of March A.D. 1937 in a suit numbered on the docket of said Court No. 2513, wherein Mrs. Imogene Kirkbride, is Plaintiff, and H. C. Kirkbride is Defendant, and the plaintiff alleges that she was lawfully married to the defendant on or about the 12th day of October A. D. 1932, and continued to live with the defendant as his wife until on or about 5th day of June A.D. 1933 in Mills County, Texas, when the defendant without provocation voluntarily abandoned the plaintiff for a period of time 3 years with intention of permanent abandonment.

Wherefore the plaintiff prays the court that the defendant be cited to appear and answer this petition, and upon final hearing hereof the plaintiff prays for judgment that said marriage between the plaintiff and defendant be dissolved and declared null and void, and that plaintiff be restored her maiden name, Miss Imogene Herrington, an for such other and further relief, special, and general, in law or equity as in the premises she may be justly entitled to.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Goldthwaite, Texas this 17th day of March A. D. 1937.

B. J. Keese, Clerk, District Court, Mills County, Texas.

MONEY ISN'T EVERYTHING

Amidst the universal grief for the helpless children and teachers who perished in the New London school explosion, an ugly rumor has raised its head. This was purported to be the richest country school in the world. It had several producing oil wells on its own campus besides its revenue from the other wells in the school district.

This marks, if true, a new low in human depravity. It is difficult to see why so many innocent children should have lost their lives in the tragedy, but the good book says that the sins of the fathers shall be visited on the children. Money without honesty is more dangerous than explosive gas.

FARMERS NEED INFLATION

The quantity of farm products marketed in January was 5.2 per cent smaller than in the same month last year, reflecting the effect of the 1936 drought, according to the Alexander Hamilton Institute. The price level of farm products, responding not only to the curtailment in the supply but also to a greater amount of inflation, rose to a new high for the current upward movement.

While the current year started off with farm income supported by greater inflation than a year ago, more inflation than that prevailing in January will be necessary to raise the farmers' annual income in 1937 to an appreciably higher level than in 1936. On the basis of the price level of farm products in January and on the basis of the prospective supply of farm products available for shipment this year, an annual income of \$7,702,000,000 from marketing in 1937 is indicated, or only 1.6 per cent more than in 1936.

The report on farm income for January consequently does not afford an indication of any particular expansion of farm income for the year as a whole. Such an expansion will depend upon an extension of the inflationary movement and the consequent raising of prices well above the January level. More inflation this year is questionable since the current movement seems now to have been extended to a point where it could be easily interrupted.

LESS HORSEPOWER—LESS KILLING

Unless there is a definite change in our attitude toward violators of traffic laws, the traffic problem will never be solved with modern automobiles on the highways. The annual death toll which last year passed the 38,000 mark, will grow larger, not smaller.

There is no excuse for the man who drives his car 70 and 80 miles an hour on a public road. When we pamper him by letting him off with a small fine or perhaps just a warning, we are, in effect, encouraging him to go out and commit the offense again. And next time he may take an innocent life, says the Industrial News Review.

A high percentage of automobile accidents, and especially those of the more disastrous type, are wholly or partially the result of "alcohol at the wheel." In many states drunken drivers have a better than even chance of escaping scot-free. They are punished but mildly, if at all. "Repeaters" are numbered in the thousands. There is but one solution to that phase of the problem—and that is the permanent revocation of the license of any and all drivers apprehended operating a car while under the influence of liquor. The public interest demands that the utmost and severest legal authority be exerted.

Experience has proven that a substantial percentage of drivers cannot be educated into safe practices. Nor can they be frightened into them. They can and must, in that case, be forced into them, or be deprived of the driving privilege.

Our dilatory attitude in the matter of accident prevention has its ghastly reflection in the statistics. Old ideas of traffic control and driving requirements must be superseded by restrictions adapted to faster cars, better highways, and the constantly increasing traffic congestion, or else horse-power and speed of cars must be limited by law at the factory, if traffic killings are to be reduced.

Laughing Around the World With IRVIN S. COBB

In the Nick of Time By IRVIN S. COBB

A PAIR of Scots who had come over to Nova Scotia to take up the harmless occupation of reclaiming the land, decided to go fishing for cod. They took along with them a jug of prime liquor and tapped it with more or less frequency. The fishing was excellent and a good

time was had by all, but on the way home a squall came up and the pair, overwhelmed by bad weather, began to despair of reaching shore. In the midst of their difficulties the Presbyterianism in their blood began to assert itself.

They decided to make a combined effort to test the efficacy of prayer and to inject a clause which amounted to taking the pledge. Mr. MacPherson was extending himself in fervor and leading MacTavish onward.

"Oh, Lord and Master!" he shouted into the midst. "If you weel forgive us our indiscretions we promise to na' again go forth wi' any stimulating grog in our pos—"

"Stay yer voice, MacPherson!" exclaimed MacTavish. "I think I see land."

Q How many deep water ports has Texas?

A. Fourteen: Galveston, Houston, Port Arthur, Beaumont, Orange, Texas City, Freeport, Corpus Christi, Port Aransas, Sabine Pass, Port Isabel, Port Neches, Port Bolivar, Brownsville.

Q. What was paid the builders for the present Texas capitol building?

A. The 3,000,000 acres of public land that became the XIT ranch, at one time the largest ranch in the world.

Q. Where was Cynthia Ann Parker buried?

A. At the old graveyard in Anderson county about five miles south of the Poyner, near the Anderson and Henderson county line.

Q. When was Henderson county organized and who presided over its first court?

A. Henderson county, named for Gov. Pinckney Henderson, was organized in 1846. Judge O. M. Roberts, afterward governor, held the first court under an oak tree on the public square. The first courthouse was a log cabin, built in 1850, at a cost of less than \$100.

Q. What county in Texas was first to vote a local tax for support of public schools?

A. Comal county (New Braunfels, county seat) which inaugurated a system of tax supported free schools in 1854. That county also voted a tax, in 1858, for the support of New Braunfels Academy.

Q. What is the area of Texas?

A. Texas covers 262,898 square miles, one-twelfth of the area of the United States. It is 83,000 miles larger than Germany and 53,000 miles larger than France. Russia being the only European country with a larger area.

EDITORIAL COMMENT

Views of the Nation's Press on Topics of Interest

MR. ROOSEVELT ON THE RADIO

Because it would follow the fast growing, publicly beneficial trend toward simplifying the judicial system and speeding up court procedure, Representative Metcalfe's proposal to abolish the eleven Courts of Civil Appeals and increase the State Supreme Court membership from three to nine justices should be approved by judges, lawyers and intelligent citizens generally.

As the author of that resolution lately introduced in the House, points out, the intermediate courts' presence delays action on causes which generally go to the State Supreme Court at Austin for final judgment in any event. A serious fault noted in the existing system is that the civil appellate courts decision is inconclusive except in certain restricted types of litigation. Counsel generally find grounds upon which to take the case higher, and almost every appeal which the Supreme Court accepts establishes a precedent, with legal force.

As regards the principal purposes which give them excuse for being—getting speedy decisions and lightening the burden upon the Supreme Court justices—the civil appellate courts are largely ineffective, therefore.

Under the new salary-scales, the eleven tribunals will cost the taxpayers \$366,000 a year in justices' remuneration alone, not to mention the hire of clerks and other personnel, the keeping of records and related expenses incurred in maintaining court. The total outlay doubtless will exceed a half-million dollars annually—yet, as Representative Metcalfe asserts, the cost to the litigants is relatively far heavier.

In many cases the effect is to deny justice by delaying it. For example, the San Angelo legislator cites a personal damage action which was begun in 1928 and sent back to district court for a new trial only lately, after nine years had elapsed.

Like considerations dictate increasing the State Supreme Court to nine regular justices. The six-member Commission of appeals lacks authority finally to dispose of a case. Its opinions—able though they generally are—must go to the three regular justices for review and judgement. What with a ceaseless flow of litigation from the appellate courts, the Supreme Court docket continues crowded.

Simple fairness to overworked public servants therefore demands that Texas' highest court be increased. That reform is many years overdue and should not be longer delayed.—San Antonio Express.

GAS OVER AND IN LONDON

Cambridge scientists, having made experiments with the anti-gas protections the London public has been particularly urged by the home office to add to the family wardrobe and the household furnishings, report that the government is largely talking nonsense.

Gas defense had become almost a new national game with the Londoners. The government advised householders to construct

MR. ROOSEVELT ON THE RADIO

Many who have been speculating on the wisdom of the Supreme Court issue, as proposed by Mr. Roosevelt, and not entirely satisfied in their own minds about the best thing to be done, were clearly impressed with what the President had to say over the radio Tuesday night.

Explaining the proposed changes in the most minute detail and covering all angles of what could be expected if and when the change is made, Mr. Roosevelt made a convincing argument of every point. And as this newspaper has been one of those doubting the advisability of increasing the number of judges, we are still of the opinion that if every person in the country could have heard the radio address of the President Tuesday night there would be a strong preponderance of sentiment in favor of the proposals.

The newspapers and magazines of the country are going to be filled with information about the issue for the next several months explaining both sides of the question. A close study of both sides will be in order.

Changes of this character are entirely too important to all sections of the country for them not to have the strictest sort of investigation on the part of all. On the other hand it is not something that can be slightly passed on, or in any way appraised, without mature deliberation. Every person owes it to good government to make this study before forming definite convictions.—Stephenville Empire-tribune.

UNCLE SAM: LIQUOR DEALER

We referred recently to our beloved Uncle Sam's invasion of the art business. Since then, it appears, he is going to embark in the liquor business. The beverage stores are blossoming out with notices of Government House Rum, five hundred gallons of which our common relative has produced in the Virgin Islands through the expenditure of \$2,500,000 of work relief funds on sugar plantations and distilleries.

This is getting close to state socialism of the authentic pattern. What is the old boy going to try next? Perfume? Marijuana? Razor blades? Tobacco? Papayas from Puerto Rico? The opportunities for his enterprise are limitless so long as public funds hold out.—Brooklyn Eagle.

gasproof chambers and rooms. Families should have gas masks for every one, including the baby in the perambulator. The hood was to be as familiar as the hat.

The Cambridge scientists in the report say the gas masks will give protection only to a healthy adult with a cool head, that the average person would remain alive in the ordinary gasproof chamber about 12 hours and that the cost of making buildings impenetrable by incendiary bombs is prohibitive. A gasproof room was tested by two of the investigators who found it was all leaks.—Chicago Tribune.

Mrs. G. W. Campbell, who came to San Saba county 82 years ago with her family from Rusk county, Texas, celebrated her 90th birthday at the home of her nephew, County Clerk Arch Woods Thursday, March 5.—News.

Enrollment in the San Saba schools has set another record, according to figures released this week by Supt. W. M. Campbell of the San Saba Public school system. Total enrollment for the year amounts to 1037 counting the 19 mid-term graduates from grammar school to high school, making a total net enrollment of 1018 for the year 1936-37.

The Greater San Saba edition of the San Saba Star, which is to be published during the early part of April, is creating a great deal of interest not only among San Sabans but throughout this entire section. The editors have already secured a great deal of very fine material that will prove priceless in the compilation of this—the first complete historical and biographical edition

that has ever been attempted in this county. Old photographs and much valuable data have been submitted, and are now being used in the features being written for this section.

Comanche

Fourteen officials of the Santa Fe Railway including W. E. Maxson, vice-president and general manager, of Galveston, and M. L. Lyles of Chicago, assistant to the president, were in Comanche Wednesday morning meeting the business men and looking over their newly acquired property here.

William Adrith (Skinner) Stark, 24, died Sunday afternoon at 5:30 o'clock, two hours and fifteen minutes after he had been placed in a Brownwood hospital for treatment. He was suddenly stricken at his home near Hasse Sunday morning although he had been in poor health since he was found in an unconscious condition on a highway following a stroke several weeks ago.

Miss Annie Coleman of Goldthwaite spent the week-end in Comanche with home folks.

The Comanche Chief will issue an annual County Meet Edition this week when approximately 3000 school pupils with their teachers, parents and friends will gather for two days of competition and fun Friday and Saturday.—Chief.

Lometa

Joe Bornstein, who was the manager of the Economy Dry Goods here, which was recently sold to Woodruff & Son, and moved to Hamilton, Tuesday informed us that he had made arrangements for the opening of a Dry Goods store in Lometa.

J. T. Powers, former resident of Lometa, died at his home in Brownwood Saturday morning at 1 o'clock at the age of 71 years, 2 months and 11 days.

As stated last week, the contract for the completion of Highway 74 from Ogles to a point where the highway intersects 66 was let Thursday by the highway commission. It will be good news to our readers to know that Fred Hall of Waco, was the low bidder on the job, by \$630, and was awarded the contract. Mr. Hall, and his foreman, Melvin Winters, built the nine miles of 74 from Lometa to Ogles, and everyone is so well satisfied with their road construction that they are delighted to know that they will have the opportunity to complete the road.

L. M. Stephens was in Galveston last week, and while there Alvin Horne showed him a letter regarding the sale of the Lometa water bonds, which it seemed Mr. Horne's institution was interested in buying. He had asked if there was any discount and here is what they replied: "We consider the Lometa Water Works bonds not only as good as the best, but the very best, and we would not discount them one penny."—Reporter.

PUBLIC INTEREST DEMANDS FAIR PLAY!

Texas now has good state laws for the regulation—in the public interest—of all transportation. These laws are helping to stabilize transportation, and all business and industry that has to use transportation. These laws are helping to reduce the terrible accident toll on your highways. They are helping to conserve your investment in your highways.

Regulation of transportation in the United States has been developed over a period of fifty years. Reasonable regulation is admitted to be both advisable and necessary in the public interest.

Strict regulation of one form of transportation and the lessening of regulation of any other form is unfair and un-American, and can only result in crippling that part of your transportation facilities which is handicapped—

without any resulting benefit to the people of Texas.

Texas railroads obey the rules of the game,—those imposed by the agencies of government and those taken on voluntarily in the interest of public safety.

Texas railroads are spending this year, large sums of money for new and modern equipment—locomotives, freight and passenger cars, improved rail and roadbed facilities, and are expediting freight and passenger schedules to meet growing public demands. All of this is being done in the interest of improved service to the public and at the lowest rates in twenty years.

All the railroads of Texas are asking—have ever asked—is a FAIR DEAL in a fair field.

Hamilton

T. T. Brown, of this city, and his son, Olive Brown and wife, of Energy, attended the funeral on last Monday, March 15, of Mrs. Jessie Brown, widow of the late C. J. Brown at the ranch home near Goldthwaite, in the Brown's Creek community. Mrs. Brown was a sister-in-law of T. T. Brown. The body was laid to rest in the family burial grounds in north Brown cemetery at 4 o'clock.

In a quiet home ceremony on Sunday morning, March 14, at 9 o'clock, Shreveas Bennett of Tyler and Miss Betty Etheridge of Brownwood were united in holy wedlock, Rev. A. Bryson English officiating.

Week-end guests of Mr. and Mrs. W. W. Linkenhog were Mr. and Mrs. W. E. Brewster of Sweetwater and Mr. and Mrs. Frank Stringer of Quincy, Ill.

On last Saturday a delightful evening was afforded the members of the Bridge-Tea club by Mr. and Mrs. W. W. Linkenhog who entertained the club and a few especially invited guests at their attractive apartments.—Herald-Record.

The Seaboard City-Fairy well is being plugged and will be abandoned as dry, according to reports received at the News office.

George Lafate Davis died at his home in Hamilton Tuesday, March 16, after an illness of several months.

W. R. Pool of Clevis, N. M., is visiting his father, Jasper Pool and sister, Mrs. B. M. Boyer, near Shive. Mr. Pool is wheat farming on a large scale in New Mexico. He states that prospects for a good crop there this year are fine. He left Hamilton some 24 years ago.

Brownwood

A head-on truck-and-car collision on highway 10 three miles north of Bluffdale Wednesday resulted in painful injuries to John McInnis, Byrds ranchman, and less serious injuries to his son, Claude McInnis. The San Angelo truck driver was only slightly injured. McInnis suffered a fracture of his right hip and his son suffered a fractured knee. Both received severe bruises and cuts.

As a part of Brownwood's preparation for entertaining the West Texas Chamber of Commerce convention May 10-12, the streets around Memorial Hall will be paved, according to announcement by Mayor W. H. Thompson and W. H. Barnum, field engineer for the WPA district 14 division of operations. Memorial Hall will be headquarters for the convention.

A complete sewer system is being installed at Lake Brown-

wood State Park. Installation of the sewer during this work period which closes June 30, is made possible by allotment of an additional \$6,450 to the local park for the purchase of material. The original material allotment for the period was \$16,000. The sewer system will connect with every building in the park including the cottages and bath house, which is under construction at the park bathing beach.—Banner.

PERM PAID FOR LUMBER ON HIGHWAY

Diogenes' quest for the proverbial honest man might have ended in Alice this week with the receipt of the following letter from Robstown:

Savage Lumber Co., Alice, Tex.: Gentlemen: About a year ago I found 20 pieces of 1x1 1/2x25 feet long, tied in a bundle this side of Robstown. There was a tag tied onto it and addressed to Savage Lumber Co., but I do not remember from what lumber yard in Corpus Christi it was sent out.

I used most of this lumber and feel like the loser ought to get paid for it, be it either you or the yard at Corpus or the truck driver.

Enclosed you will find \$3, which I believe was the cost at

New "Super-Chief" for Western Run

THIS gleaming train, of light-weight, stainless steel will become the famous "Super Chief" of the Santa Fe railroad when it goes into service early in the spring.

The train, nine cars in length, now is under construction by the Edward G. Budd Manufacturing Company of Philadelphia.

Traversing the picturesque lands of the Navajo, it will take over the weekly run between Chicago and Los Angeles—a distance of 2,225 miles—and will cover the route on a schedule of 39 hours, 45 minutes.

Through use of light-weight construction principles, the new train will weigh only half as much as the train it will supersede and will be a radical departure from the conventional design of railway equipment.

The train will be Diesel powered. Now features for comfort and convenience have been built into it and it will have a striking decorative design. The nine cars include five sleepers, cocktail and lounge car, baggage and postoffice car, dining car and an observation car.

A SCHULZ

Death came suddenly, but peacefully and quietly, to take August Carl Schulz, aged 79, at the home of his daughter, Mrs. Hawley Pfluger, in Eden. Mr. Schulz had been in apparently his usual health, which while not robust in late years, was considered good for his years, and passed away without having a siege of illness. Death was attributed to a heart attack, which struck him as he sat in a chair, awaiting the noon meal.

Mr. Schulz was born in the province of Posen, Germany, on Nov. 1, 1857. At the age of 15, he came to America with his parents. In 1873 they located at Galveston county, Tex., moving later to Hamilton county then to Mills county, where he lived until 1929, when he and his wife, who died in June, 1934, made their home with Mrs. Pfluger. He married Miss Augusta Gromatzky in 1881, and to them were born 17 children, 16 of whom are surviving.

He was one of that fine type of German immigrants who have had a major part in making Texas a great state, industrious, of noble character, a fine citizen, and an exemplary man and father, as is witnessed by the family of sons and daughters who are carrying on the highest principles he taught to them. Kindly, with a keen sense of humor, loyal and upright, he was by every standard the best measure of a man. Though he has passed on, his life and character are reflected with credit to him in his family.

Funeral services were conducted in the Lutheran Church at Priddy, his home for most of his life, on Monday afternoon, with Rev. A. B. Wagner, local Lutheran pastor, officiating, assisted by the Rev. Fred Lammert of Brady. Deceased had been a life-long member of the Lutheran congregation. All funeral arrangements both here and at Priddy, were in charge of Lathem Funeral Parlor.

Survivors were eight of his grandsons, Melvin, Lee Roy, and Emmett Pfluger, Vernon Pfluger, Gelmor Pfluger, Rector Schulz, Milton Schulz, Ewell Priddy and Omer Lee Grelle.

INCREASE IN DEATH FROM CANCER NOTED

Austin, Texas. — "While the span of human life has been lengthened fifteen years during the last decade, thanks to science, the disturbing fact remains that there has been a marked increase in death from cancer during the same period," declared Dr. Geo. W. Cox, state health officer, and urged that the public be on the alert to detect this disease.

"Cancer is not a hopeless incurable disease. It is not contagious or in itself hereditary. There are thousands of men and women in this country who have been successfully treated for cancer. The great hope of cancer patients lies in their having treatment during the first stages of the disease. Cancer announces itself by symptoms that are frequently painless and apparently trivial, thus giving the disease an unseemly advantage.

Early diagnosis is the one powerful antagonist. "The danger signals can be classified as follows: Any lump in the breast or other part of the body; any persistent sore, particularly on the face or mouth; any unusual discharge or bleeding from any part of the body, such as vomiting blood, passage of blood from the bowels, or unusual bleeding of any bodily passage, especially after middle-age. These symptoms may be from some other cause but should be diagnosed by a physician.

"Two main rules should be followed in cancer treatment. First have an annual physical examination by a reputable physician. In this way incipient cancerous conditions can be discovered and by proper treatment the disease can be conquered. The second rule is to mistrust high promising statements of 'amazing new discoveries.'"

When you have visitors or know any local item of interest tell the Eagle.
