Amendment Lost Election Monday

County Votes Against All Six

The proposed amendment to the State Constitution was defeated in Mills county by a light vote in the election, but in the state as a whole the amendment was only the doubtful vote to restore the fee payment to county officials, the other amendments carrying by varying margins.

The taxpayers of Mills county are to receive the aid for an additional \$1,500,000 a year, and \$1,000,000 a year will be paid to blind persons.

The legislature must provide \$2,000,000 for teachers' pensions and additional for old age pensions.

The new measure for prompt payment of taxes will be passed at the Mills county Monday.

For 118; against 200. For 128; against 205. For 132; against 205.

Miss Anna Boyd, daughter of Mr. and Mrs. P. A. Boyd of Sioux Falls, S. D., became the bride of Robert E. Keel, son of Mrs. Etta Keel of Austin, Wednesday morning, Aug. 18, before an altar banked with gladioli, roses, palms and clobotium ferns in the First Lutheran church in Sioux Falls.

The Rev. H. J. Glenn read the service which was preceded by a solo, "At Dawning" (Cadman) sung by the bride's brother-in-law, Olaf Jordahl of Adrian, Minn. Miss Evelyn Vagle played the Lohengrin prelude as the party entered the church and the traditional Mendelssohn as the newly married couple left. As the bride met the bridegroom at the altar, Kirksten Swanoe sang "Because."

The bride wore a floor length white satin gown, the waist of which was shirred. The high neck was finished in pointed effect, and the sleeves were short and puffed full. A cap of tulle held the waist-length veil in place. She carried a bouquet of all white gardenias.

Mrs. Andrew Wall of Sioux Falls attended her sister as maid of honor. She wore a long gown of orchid chiffon and carried a bouquet of pink roses and asters tied with an orchid ribbon. As bridesmaid, Miss Ruth Boyd was dressed in a gown of pink chiffon made like her sister's, and her bouquet was of orchid asters and roses and tied with a pink ribbon.

For her daughter's marriage, Mrs. Boyd chose a green flowered silk crepe with all white accessories. Her shoulder corsage was Tailsman roses.

Aubrey Keel of New York City, brother of the bridegroom, was his best man and Andrew Wall also attended, while ushers at the church were Harold Boyd and Earl Andersen, both of Sioux Falls.

A reception was held in the church parlors and breakfast was served to 40 guests after the ceremony. The table was arranged in the shape of a "U" and was centered with a wedding cake flanked with white tap-

First Bale Cotton Ginned Monday

Carl Kauchs received a total of \$90.20 Monday for the first bale of the 1937 season from Mills county. There was 1385 pounds of seed cotton from which the Planters Gin turned out a 490-pound bale of lint cotton. Luther Rudd bought the bale at 10 1/4c a pound and the seed added \$7.15 more.

The following subscriptions brought the total proceeds to \$90.20:

Livestock Specialist To Be in Meeting

G. G. Gibson, extension livestock specialist, will hold two meetings in Mills county Tuesday, Aug. 31, as follows:

Mullin, 10:00 a.m. Priddy, 3:00 p.m. Mr. Gibson will deal with crops for silos, construction of trenches and feeding silage. All ranchmen, stock farmers and dairymen are invited to attend.—W. P. Weaver, County Agent.

Big Still Taken

A 120-gallon still was seized in the northern part of Mills county Tuesday night, and a young man who was taken with it was turned over to Federal officers at San Angelo.

J. J. COCKRELL FRUIT SOLD IN SAN ANTONIO

J. J. Cockrell, owner of the Riverside Fruit farm in Big Valley, has had a bumper crop of fine fruit this year and has been keeping two trucks busy hauling it to market in San Antonio. He has averaged a truck load a day since the beginning of the fruit season.

DISTINGUISHED CITIZEN

Judge R. J. Gerald has been chosen as one of the 2700 Texans from the 6,000,000 inhabitants of the state for inclusion of the "Who's Who." His biography appears in the 1937 edition. Goldthwaite feels quite pleased to have this honor conferred on her citizen.

ers and traced with pink and orchid ribbons. The bouquets of the attendants centered the side tables from the center. Hostesses were Maragaret and Mildred Hofstad, Doris Larson and Alta Kirkeby.

Mr. and Mrs. Keel are now the guests of Mr. Keel's parents in Austin. The couple will return to Sioux Falls where they will make their home.

Mr. Keel is connected with the Associated Press in Sioux Falls. He attended the University of Texas.

City Paving Starts On Third Street

The long awaited street paving program here was well under way yesterday when asphalt was being laid on Third street in front of the Randolph Lumber Co. Other streets will follow.

School Children Visit Exposition

Dallas, Aug. 26. — Statewide movement of school children to the Greater Texas and Pan American Exposition has won the endorsement of Dr. N. R. Crozier, Dallas school superintendent and outstanding Texas educator. The school movement starts Sept. 9.

"Governor Allred is to be congratulated on proclaiming holidays for every Texas school so that students may visit this great international show," Dr. Crozier said.

"Since the opening dates of the school movement include the city of Dallas and Dallas county I am sure we will set a mark for the rest of the state. Included in this visit on Sept. 9 and 10 will be the children of Ellis, Kaufman, Navarro and Rockwall counties.

Scheduled dates will include every county in Texas later.

"I appeal to the teachers of Texas to interest themselves immediately in this movement. Beyond question two days at the exposition, when visit can be made at a nominal cost, is of far greater value than the same time in the class room. The Cavalcade of the Americas, the Texas Hall of State, the Museum of Texas History, the Pan American Building, all free, are alone worth the trip.

Since the railroads have granted the extra low rate of a half cent a mile, and the exposition management has made every arrangement to entertain visitors at nominal prices, I feel that every Texas school child should be given this opportunity for education and amusement."

The Methodist Church

All our regular services will be held Sunday except the evening service. Our evening preaching service will be dismissed because of the Baptist revival. So let us all make a special effort to be in the morning services.

There are still quite a few Methodists in Goldthwaite who have not been to our services since we came to be pastor. We would appreciate your presence next Sunday and it would also be a fine expression of your loyalty to the Lord. Come and worship with us. All the friends and members are urged to be present.

Sunday school, 9:45 a.m. Morning worship, 10:50 a.m. Epworth League meeting, 7:15 p.m. Midweek service, Wednesday, 8 p.m.

FORMER MILLS COUNTY BOY MAKES GOOD

William Ledbetter, son of Mr. and Mrs. Marvin Atnlp of Dallas, has been elected to the faculty of the Canton high school as teacher of mathematics and athletic coach. William has made a splendid record the past three terms and only likes a short time of receiving his master's degree. This is another proof that Mills county has produced some very successful and progressive citizens.

Star High School Starts Football

With 24 new uniforms and a flock of anxious performers, the Star Tigers will attempt their first year of football. A new field is being purchased by the school and the shower rooms will be completed in a few days. Star will compete in Class C conference. The schedule is as follows:

- Sept. 18 Talpa at Star.
- Sept. 24 Open date.
- Oct. 1 Williams at Star.
- Oct. 8 Indian Creek there.
- Oct. 15 Blanket there.
- Oct. 22 Gustine at Star.
- Oct. 29 Brooksmith at Star.
- Nov. 5 Buffalo there.
- Nov. 12 Early there.
- Nov. 19 Open date.
- Nov. 25 Open date.

All games scheduled except Talpa are conference games. Football practice starts Monday, Aug. 30, at 2:30 p.m.—Wilson Head, Coach.

Orchard Meeting At Stephenville

Over 400 fruit and pecan growers, nurserymen, vocational teachers, county agents and chamber of commerce secretaries from a score of Central Texas counties were guests of the Wolfe Pecan Nursery at Stephenville Tuesday.

The visitors were divided into 10 groups each led by a guide through every part of the extension nursery. The visitors saw blocks of every variety of pecan and other fruit trees. They saw the benefits of hairy vetch as a winter cover crop and fertilizer. Most interesting was the visit to a bearing Frank peach orchard in full fruit, where the guests were told to help themselves.

At noon a splendid barbecue was served followed by talks from leading growers. Guests were then taken to an irrigated nursery where 85,000 Frank peach trees are being grown for next year's planting. The tour ended with a watermelon feast.

Attending from Mills county were Tom J. Henry, J. F. Soules, C. C. Collier, W. P. Weaver, C. A. Gremetzky, Mr. and Mrs. Chas. Vandergriff, Mr. and Mrs. J. R. Wilmet, Mr. and Mrs. Hubert Reeves, Stanley Reeves, Mrs. W. E. Garner, Lloyd Garner, R. C. Petty, Jr., and Charles Stanley Roberts.

McCullough Reunion Held in Lampasas

Mr. and Mrs. W. P. McCullough, Mr. and Mrs. Paul McCullough and other relatives from elsewhere went to Lampasas Sunday to attend a family reunion at the State Park. They also visited with Mrs. Othel Smith and family. Mary Ellen McCullough of Hico returned home with her grandparents, Mr. and Mrs. W. P. McCullough.

RANCH INTERESTS

Mr. and Mrs. Marvin Atnlp of Dallas spent their vacation here this week and looked after business interests. Mr. Atnlp had his fine-blooded Jerseys placed on his ranch. He says the ranching industry of Mills county is the most profitable of any section of the state. He also made some outbuilding improvements in the way of sheds and feed barns.

GIFT TO LIBRARY

Mr. and Mrs. Hammond Bodkin gave seven volumes of fiction and one of biography to the Goldthwaite Public Library Saturday.

Bridges and Culverts Will Be Built First

Contracts Let For School Work

Last Friday the school board, assisted by David S. Castle, architect, awarded contracts for additions to the buildings as follows:

The general construction contract went to M. F. Horton for a price of \$8000. The plumbing and heating contract went to the Hill Plumbing company of Waco for \$1800. The wiring contract went to Fairman company for \$140. As we go to press we understand work is already under way. Work on the buildings is to be completed in 70 working days.

New Teachers Elected

A recent meeting of the school board, Mr. Hope Shulze was elected principal of the grammar school, filling the place made vacant by the resignation of Mr. W. T. Smith, also Miss Norma Sue Tippen was elected to a place as teacher in the elementary grades, filling a place made vacant by the resignation of Miss Sallie Lee Taylor.

To all high school students:

Your attention is again called to the schedule for advance registration. That schedule is as follows:

Thursday, Sept. 2. Forenoon, seniors. Afternoon, juniors.

Friday, Sept. 3. Forenoon, sophomores. Afternoon, freshmen.

You will greatly help yourself and assist the faculty by being present for registration at the time indicated.

Grade school pupils will report to their respective rooms Monday, Sept. 6. Yours truly, A. H. SMITH, Supt.

Pioneer Woman Visits Home After 65 Years

Lufkin has an unusual visitor this week. The visitor is Mrs. Alice B. Morris, 80 years of age, from Goldthwaite, who lived in Mills county even before the town of Lufkin was thought of and who has returned to the old community after an absence of 65 years. Mrs. Morris is visiting at the home of her niece, Mrs. C. R. Anderson. Before her marriage she was Miss Alice Evans. With her parents and family she resided for several years near what was then the O'Quinn church where Lufkin is now situated.

When she was 15, they moved to Goldthwaite. While here Mrs. Morris has been taken for trips to several familiar points in the county. She is in good health and is reported enjoying her visit immensely.—Lufkin Daily News.

Mrs. Morris was accompanied home Sunday by her niece, Mrs. Laura Anderson, and daughters, Mrs. Rilla Ingram, Mrs. Allen O'Quinn and granddaughter, Miss Betty Jo Evans, all of Lufkin, and also Miss Annabel Casbeer of Stephenville, a granddaughter of Mrs. Morris' is remaining for a week's visit in the K. A. Childress home. Sunday they had a family reunion. Those that called during the day were: Mr. and Mrs. Elvis Morris and daughter, La Nelle, Mr. and Mrs. S. J. Morris, Mr. and Mrs. Bob Johnson and son, Mr. and Mrs. Hud Hamilton, Mrs. Henry Morris and Lindon Morris of Ft. Worth, Mrs. Walter Doggett and daughter, Bonnie Ferne, Mr. and Mrs. J. E. Evans, J. E. Morris and Mrs. Howard Hoover.

E. L. Landingham Is Superintendent

Work was started officially yesterday by the Hannah Construction Co. on their contract with the State Highway Department for the construction of Highway 7 from Goldthwaite to the Hamilton county line near Star. Superintendent E. L. Landingham is in charge and expects to have a crew of 30 to 40 men at work within the next few days.

Luther DeBorde came in last week and established a road camp on the new highway near M. H. Fletchers. Work will begin at the Goldthwaite end of the road and proceed towards Star. As the contract calls for completion of the work in 200 working days, it is likely that work will be in progress for close to a year.

According to Landingham, the first work will be that of building culverts and bridges.

Baptist Reminder

Our revival will close Sunday night. We are having a great meeting. In many respects we are having the greatest meeting we have had since I became pastor. Through Wednesday night we have had 27 additions. We are expecting many more before the meeting closes.

We had 211 in Sunday school last Sunday and 101 in B.T.U. Plan to be with us Sunday at all our services. We will have the baptizing Sunday afternoon at the lake at 3 o'clock.

Our association will meet at the Caradan Baptist church next Thursday and Friday. We should have a great attendance. I hope that every church in the association will be represented.—Franklin E. Swanner.

Record Pears

Hugh Dennard, progressive farmer of the Big Valley community, was showing some record pears in town Saturday. Two of the pears together weighed 2 1/4 pounds. Mr. Dennard has several trees, but only one bore the extra large fruit, having approximately a bushel on it. He was kind enough to leave one fine pear at the Eagle office.

SUN BURNED MONEY IS REPLACED

J. D. Featherston whose pocket book was set on fire by matches ignited by the sun, has received from the Treasury Department a check for currency that was not too badly burned to be identified. Mr. Featherston is of the opinion that the sun's rays were reflected from a piece of glass in sufficient strength to ignite the matches.

EBONY

The revival conducted by A. C. Knight of San Angelo closed Wednesday night of last week. Many expressed regret that it did not go on longer. Bro. Knight did some good preaching and endeared himself to everyone with his pleasing personality and his untiring energy.

A good crowd attended services here Sunday, though Bro. J. B. Jones did not get to preach as was announced. He failed to get a way out from Brownwood.

Mr. and Mrs. Alvin Hanna and Erva June took Bro. Knight back to San Angelo Thursday morning. They looked at the country some before returning home. They say they found crops fine and still green and growing around Eldorado.

Mr. and Mrs. J. W. Roberts and Miss Odene Russell visited Mr. and Mrs. Billie McNurlen Sunday after church.

John Ed Ballentine, who has been helping Taylor Wallace with his ranch on the Day place has returned to his home at Denton.

Mr. and Mrs. Tillman Smith and children, Orene, Ruby Doris, Orville Ray, and James Lester, visited at the Wilmeth home on Sunday afternoon.

Mr. and Mrs. Hubert McMullin and children, Evelyn and Jake, of San Angelo visited Mrs. McMullin's parents, Mr. and Mrs. S. L. Singleton, last week.

Mrs. Brownie White spent Tuesday night with her old time friends, Mrs. E. O. Dwyer.

Mr. and Mrs. W. D. Crowder and children, J. D., Kenneth and Curtis, Mr. and Mrs. Houston Curtis and children, E. J., Maxine, Darlene and Darden, all of Ridge, attended church here Sunday.

Mr. and Mrs. J. R. Briley, Grace Briley, Mr. and Mrs. O. R. Mitchell and children, Marilyn and Carol Jean, had dinner at the Wilmeth home Sunday after church.

The Day family attended church at Brownwood Sunday.

Mr. and Mrs. Austin Cawyer and Edna Beth visited relatives at Mercury Sunday.

Though the drouth has continued until it is burning up the gardens and the pastures and cotton, the farmers of this community are putting up some of the finest feed they have ever made.

TURKEY HEN CAME OFF WITH BROOD OF QUAIL

Mrs. J. G. Sanders reports a queer occurrence at their home near "the Narrows," 11 miles southeast of DeLeon. Mrs. Sanders believes a quail laid her eggs in a turkey nest. The turkey hen set on and hatched the eggs and when the little brown birds hatched off she left her unhatched turkey eggs to spoil and came off with the brood of baby quail. At last account the quail were still with the turkey mother.—DeLeon Free Press.

Winter is Coming

Now is the time to prepare for the cold rains and the storms of winter—they will soon be here.

Build good stock protection and get them through the winter on less feed and better flesh.

Thin young cattle and she-stuff suffer and shrink most when exposed to bad winter weather, but full-fed cattle also need protection.

Winter seldom fails to furnish a two weeks' spell of bad weather, when open lot cattle on full feed don't gain a pound. The feed loss at such times, on two loads, would exchange for enough lumber to build a shed.

Wish you would see us about this, while it's good building weather. We have excellent plans to show you, and the right material to build any kind or size shed you need.

The Rest of the Record

By James V. Allred

This week demonstrated again the wisdom of taking the unrestrained power of pardon out of the governor and placing it in the hands of a non political board.

Upon my return from Mexico I found four men condemned to die in the electric chair. Under the old system the governor with all his other cares and responsibilities, would have had to pass on these cases. It simply wasn't fair to compel him to submit to the tearful appeals of wives, mothers, relatives and friends. Although he might have a legislature on his hands, although he might have sickness in his home or several other trying ordeals, he was placed in the position of weighing the life of a man and almost standing outside the death chamber watching the condemned man pace back and forth waiting for the deadly hour of 12 o'clock and the last walk to the little green chamber. I don't think I ever slept a wink on the night any man was compelled to pay the penalty.

Now it's different. Before the governor can commute a death penalty, or grant any other kind of clemency, it has to be recommended by the Board of Pardons. The governor can refuse to follow the Board if it recommends clemency, but cannot grant any whatever unless the board recommends it.

There are three members of the board. One only is appointed by the governor, and the others by the Supreme Court and Court of Criminal Appeals. The members of the board have several investigators and, of course no other responsibilities than looking into clemency cases. In this manner both the convict and the public get a better deal than under the old system where the governor was charged with all the responsibility in addition to his other duties.

I am proud of this great reform. We are not having any complaints about wholesale abuses of the pardon power. It is all based now on merit and unquestionably everyone is much better satisfied.

Naturally I have been quite busy catching up with my correspondence after a two weeks vacation. However, on Friday of last week I flew down to Palacios on the Gulf Coast to review the 36th Division of the Texas National Guard in camp there. Texans generally probably don't realize what a wonderful organization of fine young men this is. Unquestionably we have one of the best National Guard units in the nation. Nearly 8000 men train intensively at Palacios each summer for two weeks. This is in addition to their regular drills and parades back home. They are well equipped, well officered, and as fine soldiers as any I saw during the World War.

The total cost for military defense in Texas which is borne by the federal government approximates more than a million dollars annually. The National Guard has in its possession more than four and a half million dollars of federal property, guns, uniforms and equipments. Its payroll including both men and officers from the highest to the lowest military grade while large in the aggregate, averages only \$83.50 per capita per year. Their time is given free as a patriotic duty.

In addition to the 36th Division, we have what is known as the 56th Cavalry Brigade, about 1100 in number who train for

two weeks each year at Mineral Wells. As commander in chief of the Texas militia I always visit these two camps. It was a great joy to me upon my recent visit to Mineral Wells to hear one of the Federal army officers praise the cavalry brigade. He said that we had as good, if not the best, in the nation.

Of course, we don't want war, and I pray God we may always be spared what is going on in Europe. It has been the policy of the state, however, to maintain a regular militia from the beginning. The wisdom of this was demonstrated in the World War when our National Guard was the first nucleus around which our defense was built.

It is heartening to know that if a war emergency should arise, our guard is manned, officered, equipped, trained and ready for immediate service.

Of course, as most everyone knows, soldiers don't have much use for a sailor. I was in the Navy during the World War and I had quite a bit of fun out of some of the National Guard officers by reminding them that their commander in chief was once a sailor!

I wasn't greatly surprised to find upon my return from Mexico that the politicians have been "buzzing" quite a bit. It is my understanding that State Superintendent L. A. Wood has been running around over the state making speeches condemning me for cutting the ad valorem property tax rate to the lowest it has been in some 20 years. I think this gentleman will find out next summer that the public won't approve of his making political speeches on state traveling expense.

HITCH-HIKER

Little David Allred, 5-year-old son of the governor, didn't get to go to Mexico with his parents and big brother, Jim Boy.

This apparently hurt David's feelings because he says he likes to travel too.

Last week, Mrs. Allred happened to go out into the backyard of the mansion, and she saw David standing out on the curb of the street that runs behind the mansion.

He was trying to thumb down every passing motorist, asking for a ride somewhere.

Latest reports say young Allred doesn't plan on any more hitch-hiking attempts any time soon.—Brownwood Bulletin.

250,000-Pound Flying Boats Seen

With regular Atlantic air service only a few months in the offing, Glenn Martin, builder of the sleek Pacific "Clippers," predicts that monster 250-ton flying boats—larger by far than any now in existence—will be used in a few years to transport commuters between New York and London.

"No technical difficulties," Mr. Martin says, "stands in the way of nonstop flights with great luxurious liners. We know that flying boats up to 250,000 pounds—five times the China Clipper's weight—not only may be built and flown, but that the proportion of pay load increases as we step up the weight."

Martin's forecast of the future of air service between the Old World and the new was made in an article by Forrest Davis in The Saturday Evening Post.

Although 84,500-pound Boeings will be used by operators of the Atlantic service, Martin is already at work on a 100,000-pound ship designed to cross the Atlantic nonstop instead of by the stepping stone system. Mr. Davis reveals that negotiations for sale of a fleet of these great liners to an undisclosed operator "have reached an advanced stage." Identity of the principal is being withheld because of the intense competition for domination of the Atlantic skyways.

"As long as we consider only existing airplanes," Mr. Martin reasons, "the Atlantic is an English pond. But two years from today, when our 100,000-pound ship is completed, the Atlantic will be out from under British domination and as much of an American pond as the Pacific is now."

Martin points to the improved 62,000-pound Clipper which he will deliver to Russia in September as a good illustration of the advantages of super flying boats. The ship for the U.S.S.R. weighs only 10,000 pounds more than the China Clipper but it will have a disposable pay load three times as great.

With Martin's predictions in mind the Post writer says, "Our British cousins may do New York's 1939 World's Fair handily in a week end," and it won't seem a bit unusual to hear someone say, "See you in London tomorrow!"

NEW STATE LAW

A new state law regulating food handlers' health certificate became effective Friday. A section of the new law states: "Any person employed in or about any place where food or drink of any kind is served, stored, packed, prepared or otherwise handled must have a health certificate."

NEWSPAPER HONESTY

Many factors enter into the making of a newspaper, whether it be large or small, and the excellence of the finished product naturally depends to a large extent upon the opportunities its field offers to the editor and publisher.

"But there is one fundamental quality which is important to every newspaper, regardless of its size, and that is honesty of expression. Commenting on this point some time ago, the Montgomery (Ala.) Advertiser said:

"What counts in judging the character of a newspaper is whether it reasons with intellectual honesty in arriving at its conclusions, or makes an appeal to prejudices and emotions in order to influence the reading public to accept its opinions."

"We may add that every editor frequently faces the necessity of making a decision on this very point. It is easier to tell the reader what he wants, to hear, to take the popular side, to run with the pack, but it takes courage sometimes to express an opinion, however sound, in opposition to the prevailing sentiment.

"But in such a case, no editor worthy of his responsible calling ever hesitates. He gives his honest opinions, regardless of who agrees or disagrees with them."

Thus speaks the Toccoa, Ga., Record. The editorial might well have been addressed to many politicians who do not seem to have the high ideals of the average newspaper editor.

PICKETING NOW

Picketing in some of the most important occupations, has been in vogue for some time. The pay for it, New York City, ranges from 50 cents an hour.

But picketing as a will doubtless be a serious occupation, if one from the experience who, styling himself a "scab" picket," appealed the Jefferson market a charge that a barter had kicked him out of his occupation in the shop where there was a union picket.

After questioning and learning that the union had been on the picket line since the "scabs" who insisted on their own picketing suggested that the picket picket lines of the "scabs" of being union pickets.

MONKEY IN FORT WORTH ZOO DIES OF OLD AGE

Fort Worth.—Old Ike, a 16-year-old Java monkey who spent half his 12 civilized years as a fugitive, was dead here today of old age.

Hamilton Hittson, keeper of Forest Park zoo, said Ike was in captivity twice as long as the ordinary member of his race—but that he never missed a chance to escape and was gone half the time. A piece of wire, a pencil—anything to work the latch—and the clever monkey was away in the woods.

Ike always submitted easily when his keepers found him and died in his cage.

DRUNK TRAPS SOLVE SOBER DRIVING PROBLEM

To George Sears, chief of police of San Diego goes credit for having discovered an ingenious and highly effective method of keeping drinking drivers off the streets. The number of motor accidents attributable to liquor has greatly decreased since the inauguration of the "drunk trap" system.

The drunk traps, composed of squads of eight motorcycle police, are stationed at street intersections in key districts throughout the city. The operator of each car is closely scrutinized; the police seem to have developed an unerring ability to recognize drinkers, and seldom are mistaken in ordering a driver to the side of the road. If the driver halted, after more exhaustive tests are made, is found to be intoxicated, he is taken to jail and booked.

A report for the first six months of 1936 showed that "drunk traps" had sent 339 motorists to jail, while the second six months showed that less than half that number had been arrested. Drinkers in San Diego are fast becoming wary of driving cars while intoxicated because they never know just when or where they will run afoul of the police by driving right into a "drunk trap."

Mr. and Mrs. Robert Steen, Jr., and children are spending this week at Lake Merritt.

Mr. and Mrs. Hulon Fletcher left Sunday to spend a few days in Dallas.

The SNAPSHOT GUILD

CAMERAS BY THE SEA

Enlarged from portion of negative taken with a folding camera giving post-card size pictures. Exposure 1/100 second at f.11 on supersensitive film.

COMES the time every year when many of us make for the seashore for cool breezes, swimming, sailing, motorboating, fishing, and the many other pleasures that go with a sojourn by the sea.

Any one can enjoy this fun without a camera, but verily to go to the seashore and return without having made a picture-story of your visit seems as useless as trying to write a book about it with water for ink.

When you have finished, your memory may retain some of it for a time, but eventually you remember little else than the fact that you went there. Years later you will say, "Yes, I had a good time that summer," but what did you do, whom were you with, what did you see? Bet a million that with nothing in your snapshot album to show for it, you will remember scarcely anything of the details of that good time, and regretfully wish you could.

Another reason for taking your camera to the seashore is that where the sea is, with its bright reflecting waters, you have exceptional chances for making fine pictures.

John van Guilder.

LAW PROHIBITS RIDING WITH DRUNKEN DRIVER

Riding in cars operated by drunken drivers is against the new traffic law in Minnesota. The New Ulm Journal says, "Even if you are sufficiently foolish to risk your life with a drunken driver, you will not be permitted to do so under the Minnesota statute."

If the operator of a tavern should in an exasperated moment, advise one of his patrons, who has imbibed well but not too wisely, to "get in his car and drive home," he also is subject to arrest under the new law.

DON'T IRRITATE GAS BLOATING

If you want to REALLY GET RID OF GAS don't take harsh, irritating alkalies and "gas tablets." Most gas in the stomach and upper bowel is due to constipation. Adierka rids you of GAS and cleans foul poisons out of BOTH bowels.

Central Texas Gets WPA Fund

Four Central Texas counties, including Travis, were listed as recipients of federal WPA allotments with the approval of 30 new projects announced Wednesday by Robert J. Smith, deputy state administrator at San Antonio.

Approved projects involve federal expenditures totaling \$258,130 and sponsors' expenditures of \$193,000.

Austin received a federal allotment of \$2,486 for nursery school operation, with five workers given employment.

Other Central Texas allotments:

McLennan county, Waco, for recreation supervision; federal funds \$21,421; sponsor's funds, \$4,973; workers, 35.

Mason county farm-to-market road improvements, federal funds, \$2,365; sponsor's funds, \$1,385; workers, 24.

San Saba county, school ground improvements at San Saba, federal funds, \$3,633; sponsor's funds, \$2,059; workers, 29.

Mr. and Mrs. Jno. N. Keese returned to Goldthwaite Monday afternoon from a few days spent in Austin with their daughter, Mrs. H. E. DeWolfe, and family.

Mr. and Mrs. W. D. Marshall and Mr. and Mrs. Charlie Love of Salado left Friday for Abilene and Anson, where they visited with relatives. They returned Saturday.

Insulin Used In Mental Cases

Vinita, Okla. — Hypodermic needles injected 20 units of an insulin preparation into the arms of five young men at the Eastern Oklahoma State Hospital as doctors started a new treatment which they hope may relieve or cure dementia praecox.

"The reactions of the young men were good," reported Dr. Felix M. Adams, superintendent.

"They went into a coma and remained as if asleep. We will try three more patients tomorrow and probably three the following day.

"It will be some time, of course before we will know any permanent effects of the treatment."

Dr. Adams reported the universal sentiment was "even if he

Laughing Around the World

With IRVIN S. COBB

Another One from the Mother Country

By IRVIN S. COBB

THE English joke differs from the American joke, but without denying my personal preference for the home-grown sorts, I must admit to a deep fondness and profound admiration for some imported varieties.

Not long ago I ran across two typical British jokes that struck me as being particularly fine specimens. Curiously enough, in both of them an Anglican clergyman played the part of the "feeder," as they say in vaudeville.

"Jobson," says the rector to the town butcher, "a good wife is a jewel of rare price, isn't she? I often say that a good wife takes a lot of beating."

"Yus," says Jobson, "and mine gets it!"

NAZARENE CHURCH
 The church has learned to adjust itself to the vacation season and to use its health-bringing qualities. Instead of declining against vacant pews it has cut down its program and urged every one, rich and poor, to find a few days or a few weeks for rest and recreation. Throughout the land the churches, champions of humanity, have invested millions of dollars in summer camps, assemblies and chautauques, that men, women and children might rest and grow.

But now the vacation weeks are drawing to a close. A new year of church activity is at hand. As happy children, bronzed and strengthened by the vacation weeks, start to school, so our sincere worshippers will begin anew their attendance of the church services. Coming back to church is like coming back home. And many folks say that the homecoming is, after all, the best part of the vacation.

For the good of our church work in the new year it is essential that the church homecoming be not delayed too long. The best services for the entire year are planned for the post-vacation season weeks. Great programs of service are waiting dependent upon your interest and support. Vacation is now over and we hope that we can count on you and your family to be with us each of these Sundays.—Rev. Joe M. Tyson, Pastor.

EBONY
 Mr. and Mrs. Paul Forsythe and children of Port Arthur are visiting at the home of Mr. and Mrs. Cloud Mashburn.

Miss Marie Wilmeth, home demonstration agent of Jasper county, arrived at the Wilmeth home Friday to spend her vacation with home folks.

Mr. and Mrs. J. C. Crowder, who have been living in Brownwood the past few months, have returned to the Crowder farm.

Mr. and Mrs. W. M. Clements and daughters, Ruth and Etta, called at the Haynes home Saturday evening and were visiting relatives and friends here Sunday. They are for the present staying with Miss Zeola Philen at Brownwood.

Mr. and Mrs. Austin Cawyer and Etha Beth attended the baccalaureate sermon of Daniel Baker College at the First Presbyterian church at Brownwood Sunday. Mrs. Cawyer is taking her degree from Daniel Baker this week.

Grandma Egger is quite poorly. She was in bed Sunday, and was running a temperature. Her daughter, Mrs. R. M. Haynes, and her granddaughter, Cleone Haynes, spent the day with her Sunday.

Mr. and Mrs. E. O. Dwyer had dinner with Mr. and Mrs. J. C. Crowder Sunday after church.

Mrs. Nellie Malone is on the sick list this week.

Miss Pauline Haynes spent Sunday with Miss Odene Russell.

Caskey Livingston and his sister, Miss Sadie, and Miss Letha Saunders, all of Coleman, attended church here Sunday. They were the week end guests of Miss Marie Wilmeth.

Earl McCalb of Abilene attended church here Sunday he was a guest at the Day home.

Mrs. O. R. Mitchell and Miss Bernice Wilmeth, students of Daniel Baker summer school at Brownwood, spent the week end with home folks.

The entire Ebony school will be transported by bus to Indian Gap this coming school year.

Mr. and Mrs. B. H. Reeves and Mr. and Mrs. V. R. Wilmeth attended the peace meet at Stephenville Tuesday.

HOME, SWEET HOME
 Miss Grace Patterson returned home Wednesday from an eight weeks' tour of the West with a group of teachers. She saw Seattle, Salt Lake City and interesting and unique cities in Canada. One night was spent in Redwood Forest, then she admired the grandeur of Yellowstone Park. One of the most enjoyable boat rides to Catalina Island and silvery flying fish on parade it seemed, in the pretty sunlight.

Quaint Old Mexico was enjoyed to the limit.

Thrills that along life's highways, the bus burned. Fortunately no one was hurt. Then later an automobile ran into the bus and a wreck was the result. All is well that ends well. Miss Patterson states it was the finest trip of her life and she has many treasures for the school room.

SINGING NOTICE
 The Mills County Singing Convention will convene Sunday, Sept 5, for an all day singing in the Grammar school auditorium here. This is a convention for the people of Mills county and should be patronized by all.

There will be singing by local talent and class singing by some of the classes of other communities which cannot be excelled by classes anywhere.

We will have singers from every county adjoining Mills, as well as excellent singers from other localities, including Bill Jones' Quartet from Dublin.

Everybody come and bring your dinner baskets.—L. B. Porter.

BEECHEM-PASS
 One of our Goldthwaite girls, Miss Leona Pass, was married to R. A. Beechem on Tuesday evening at 6 o'clock at the home of her brother, S. E. Pass, in Abilene.

Miss Leona is the daughter of Mr. and Mrs. E. L. Pass of Goldthwaite and is admired by a large circle of friends here who wish for her and her husband a very happy married life. The happy couple left immediately for California where the young man is employed and will make their home there for the present.

SINGING AT CARLTON
 O. W. Durnitt of Hamilton asks that the singers of Mills county be notified that the Hamilton county fifth Sunday singing convention will be held at Carlton on August 29. A big day is promised and all singers are invited.

JOHN KIRBY IS DEAD
 John Kirby died at his home in Lometa Wednesday following a long illness. He was buried yesterday in Old Senterfitt cemetery, and a number of Goldthwaite friends and acquaintances attended the funeral. Mr. Kirby was one of the old settlers of Lampasas county and had many relatives throughout this section.

CARD OF THANKS
 We wish to thank our friends for the many nice things that were done for us, many nice messages and cards and packages. Fowers were sent to us while we were in the sanitarium at Taylor.—Mr. and Mrs. Arthur Robbins.

OLD TIME REVIVAL
 Beginning Thursday night, Aug. 26, a Pentacostal Holiness meeting will begin in the tent located by the Presbyterian church. Everyone invited to attend. Services begin at 8 p.m.

CARD OF THANKS
 We wish to express our sincere thanks and appreciation to the good people of Big Valley and Goldthwaite for their many acts of kindness and assistance to us during the serious illness and death of our beloved baby son, John Wesley. May God's richest blessings be upon each of you.—Mr. and Mrs. A. R. Limbaugh and Family.

Mr. and Mrs. Rex Logan of San Antonio and Lufkin will arrive today to be the house guests of Mr. and Mrs. M. Y. Stokes, Jr., at Lake Merritt for the week end.

Supt. and Mrs. A. H. Smith and boys are vacationing in San Antonio this week.

NEW RECORD FOR STRIKES

According to a preliminary estimate, the number of strikes in the United States during the first six months of 1937 was 2,531 this year as compared with 1,977 last year. If the rate during the first half of 1937 is maintained during the last half, the number of strikes this year will reach a new high annual record of 5,063. This will compare with 2,172 last year, with 637 in 1930, the year prior to the current expansion of labor troubles, and with the previous high record of 4,438 in 1917. It is possible, however, that strikes this year will not reach the indicated figure in view of the prospect of some recession in business before the end of the year.

4-H MEMBERSHIP GROWS

One of the most hopeful signs for the future of agriculture, the Michigan Farmer points out, is that enrollment in 4-H clubs surpassed the million mark for the first time, in 1936. Membership continues to increase.

The young men and women who join the 4-H will be the producers of tomorrow. In their club work, they are instructed in new methods and techniques that make it possible for the farmer to raise larger crops and earn a greater return. They are given an opportunity to develop qualities of leadership that will prove valuable to them in the future—for example, in the agricultural cooperative movement which is constantly growing in size and economic and social significance. In brief, they are wisely making careers of farming.

FARMERS LOSING OUT

The increase over a year ago in farm income from marketings in June was so small it was more than offset by a drop in government benefit payments from \$57,000,000 to \$27,000,000, according to the Alexander Hamilton Institute. Consequently, total farm income in June was lower than a year ago for the first time in 1937. It amounted to \$631,000,000 this year as against \$644,000,000 last year, a decrease of 2 per cent below last year's level since the price average of goods bought by the farmers was 10.8 per cent higher than a year ago.

These unfavorable conditions in June, however, did not prevent the first six months from showing improvement over the corresponding period of last year. The gain in income from marketings during this period was augmented by a rise in benefit payments from \$171,000,000 last year to \$330,000,000 this year. Consequently, total farm income during the first half of 1937 amounted to \$3,833,000,000 as compared with \$3,296,000,000 in the same period of 1936, an increase of 16.3 per cent. The farmers' purchasing power was 6.4 per cent larger than a year ago.

Old Timers Corner

The man who built the first rock building in Goldthwaite still lives here and is still a stone and brick mason, although he may not be as spry as he was 50 years ago. John H. Potter is that man. He was born in Williamson county in 1862 and moved from Hamilton county in 1886 to what is now Priddy, where he herded cattle.

None of the land around Priddy was in cultivation at that time and any amount of it could be bought for \$1 an acre. The first farmer in that section, according to Mr. Potter, was Mr. Pfleger who moved over from Cowhouse Creek.

John Potter had learned the trade of stone mason in Hamilton county. He helped build two rock school buildings there which are still in use. When Goldthwaite was founded, he

moved here, and the first rock building in town was on the corner of the square where Floyd Fox now has a service station. The rear of the present building is the one that Potter built. Practically every other rock building in town is also a sample in whole or in part of his craftsmanship.

Mr. Potter remembers distinctly the day town lots of Goldthwaite were put on sale. He says that Mr. Goldthwaite of Galveston, an official of the Gulf Colorado and Santa Fe railway company, for whom the town was named, offered a silver cup and spoon to the first girl baby born in the new town and offered a town lot to the first boy baby.

The fortunate boy was named Goldthwaite Dexter. He was given the corner lot next to Claud

Check Against Errors

Does our Constitution and the Supreme Court protect us against errors?

"We, the people," says Booth Tarkington, "are not infallible. Political orators often tell us we are; but we know better. We often reverse our most passionate opinions. We threw out the Democratic party after Mr. Wilson. We threw out the Republican party after Mr. Hoover. We threw in Prohibition with great enthusiasm; we threw it out uproariously! Even our Presidents are not infallible; and we prove how thoroughly we believe this by the way we reverse ourselves and turn on them, bringing to mind an old aphorism, 'Republicans are ungrateful.'"

"The framers of the Constitution understood our fallibility. They knew that they themselves, being human, needed to be protected from their own impulses. They knew that we, and our Presidents also, would need this same protection. That is why we have a Constitution and its careful provision for amendments. The founders of the country knew that neither one man nor men in the

mass are to be trusted to think right, or for the general best interest, in a hurry. Moreover, as the Constitution is the charter of our liberty, and therefore it is vital to us all that

the words of the document should never be misunderstood or misapplied, its framers provided us with a dictionary. In regard to the Constitution of the United States," concludes Booth Tarkington, "that's what the Supreme Court is 'in essence and reality' it is a dictionary."

Q. How were Capt. Aaron B. King and his men captured and killed?

A. With a company of 20 men, Capt. King was sent by Col. Fannin to escort a number of families from Refugio to Gonzales on the approach of Gen. Urrea's army. Failing to return, Lieut. Col. William Ward and a larger force went in search of King's men and met the Mexicans, defeating them in an engagement, but for more safety retired to the Refugio Mission, where King and his men joined them. King and 15 men escaped from the mission and started for Goliad to join Fannin, but were overtaken by the Mexicans, March 14, 1836, and all were killed.

Q. What German minister founded the first German protestant church in Houston and when?

A. Rev. Ervendsberg, in 1839.

Q. How did Cuero get its name

Dickerson's home. Dexter grew to young manhood when he was killed in a railroad accident at Temple. A Santa Fe official had given him his start in life, and curiously enough, a Santa Fe train ended it.

Two big fires stand out in Mr. Potter's memory. The first was in 1888 when the Cameron lumber yard and several other business houses burned in the block now bounded by the Yarborough store and Piggly Wiggly. The other fire, ten years later, destroyed the post office.

Mr. Potter married in 1887 and he and Mrs. Potter expect to celebrate their golden wedding anniversary next spring.

and what does the word mean?

A. Cuero (pronounced Quaro) was named for a nearby boggy creek, where many cattle bogged and were skinned for their hides when cattle skinning was a profitable business, the name meaning "Hides."

Q. Where was Fort Terrett?

A. In what is now Sutton county, near the head of the N. Llano river. It was established in 1852 and named for Lieut. Terrett of the First U. S. Infantry who was killed at the Battle of Monterrey, in Sept. 1845.

Q. What is Camp Allison?

A. It is a post office and picnicking campground in Sutton county named for Geo. S. Allison, owner of a large grove that he donated to the county for a permanent campground.

Q. Who recorded the first cattle brand in Texas, when and what was it?

A. The first record of a cattle brand in Texas probably was that of H. Chisholm of Gonzales the brand being H. C. underscored. It was recorded at Gonzales March 4, 1832, though branding was practiced in Texas earlier than that date.

A beautiful book with brilliant cover showing Texas Capitol surmounted by Six Flags, size 9x12 pages, indexed, classified by subjects, with numerous historical pictures ready to be pasted in book.

EDITORIAL COMMENT

Views of the Nation's Press on Topics of Interest and Importance

WHEN DOCTORS DISAGREE

There are indications that the United States is moving slowly toward federalized medicine. But that does not mean that the United States is going to have it. American democracy is still a long way from subjecting its citizens to such compulsion and control.

Most recently the Medical Society of the State of New York passed a resolution which in effect favored "socialized medicine" and medical care for the "financially indigent" provided by the government and at its expense. This resolution was passed on the American Medical Association's meeting for action. But the larger and more conservative parent body dodged the issue, merely affirming its general willingness to cooperate with the government at Washington, while retaining an attitude of austere and dignified passivity toward the whole matter. It did recommend the setting up of a national department of health under which all governmental health agencies could be centered.

The national medical organization also reaffirmed its stand against health insurance, because it does not think that kind of insurance adequate. This attitude may have been confirmed and influenced by the recent experience of British Columbia, where an experiment with health insurance is proving highly troublesome. When the Province was unable to put into operation a bill establishing health insurance because of opposition mainly led by doctors, the Premier called for a plebiscite. He demanded a clear mandate on a comprehensive health insurance plan and progressively applied. The returns from that balloting showed a majority favoring health insurance, but that majority fell far short of the mandate desired by the government. It rather served to emphasize the strong minority that might make such sumptuary legislation unenforceable. The government of British Columbia is in a dilemma again.

Last week, also, Senator Lewis of Illinois warmly invited the medical profession to join President Roosevelt in a move to effect federalized medicine. Scarcely was the sonorous and persuasive voice of the senior senator from Illinois stilled when a spokesman at the White House hurriedly denied that the president had any specific program. Certainly the experience of British Columbia with its model health insurance law and the doctors' unwillingness to embark on a program of federalized medicine should give pause to anyone who has thoughts of experimenting along this line in America.—New York Herald-Tribune.

CHURCH-GOING TEXANS

With the highest percentage of church-goers per capita of any state in the nation, Texas claims 2,280,366 church members. There are 63 denominations in the state and 15,062 churches.

Tin can be caused to crumble to dust by extreme cold.

CONFLICTING TAXATION

The Interstate Commission on Conflicting Taxation, that for several years past has been pursuing the objective suggested by its title—adjusting conflicts, duplication and pyramiding in federal, state, city and county tax laws—reports some progress toward its goal.

That expert group has reduced the principal public revenue sources to eight classes—personal and corporate incomes, inheritance and gift, amusement, tobacco, alcoholic beverage and gasoline taxes. Practically all these sources are tapped by both state and federal tax gatherers, but some are carrying a relatively heavier load than the others.

Numerous states tax incomes—a field which properly belongs to the federal government. On the other hand, Washington collects a penny on every gallon of motor fuel sold in the country—invading a revenue field "discovered" and developed by the states. That "emergency" tax threatens to become permanent.

A sensible arrangement would be for the states to quit taxing incomes, in return for repeal of the federal tax on gasoline. As for "death taxes," both national and state governments take big portions of every considerable estate. If breaking up the great fortunes be considered in the public interest, it were better done in some way other than by confiscatory taxes.

Similarly, the taxes on both tobacco and liquor are doubled and pyramided beyond all reason. Those commodities are taxed exceeding the limit of profitable returns, yet every time a new need arises, some legislator suggests additional tobacco or liquor imposts.

All this suggests the need of simplifying the entire revenue system, bringing order out of chaos—and that is the Interstate Commission's job.—San Antonio Express.

GREEN DUST BOWL

Summing up the whole situation in the recent Dust Bowl, as portrayed by Victor H. Schoffeleymeyer in a recent series of articles in the News, the farmers of that region have learned a lesson from nature and are ready to go forward again. The great crop growing resources of the plains are not to be turned back wholly to grass lands, as was suggested by some during the height of the hysteria, but will be utilized according to newly discovered principles.

The mistake made by the farmers of the plains and Texas and other Western states came quite logically. The migration to the plains has been largely the transferring of farmers from the Eastern states to a radically new and different industrial environment. In a measure, they recognized the new conditions and endeavored to readapt their methods but it remained for nature to teach a lesson in the school of experience.

The agricultural editor of the News writes that he was amazed at the transformation. On the ground where the famous dust bowl picture, "The Plow That Broke the Plains," was made he found a "little para-

San Saba

Woodson M. Keeney of the Chappel community has come in to possession of a rare old lamp of the olden days. This was given him by his father, I. M. Keeney, and is a home-made lamp and was used at the first Methodist Camp Meeting on Lower Cherokee Creek more than 50 years ago. It is an old tin bucket with a hole in the top for a rope wick and a handle for swinging.

Mrs. Cora Ford of Lampasas county was here for the old settlers meeting. She is a daughter of the late J. M. Fleming, who at one time owned the Canyon ranch some 20 miles above San Saba.

San Saba county's first bale of cotton for the 1937 crop was ginned by Ponton and Vogel, late Friday, Aug. 13, for D. Battillo, a Mexican on the Grady Isham farm in the China Creek community, and the bale weighed 565 pounds.

The county school per capita for the schools of San Saba county was placed at \$1.25 at a meeting of the county school board in the office of County Superintendent E. G. Hillman last week. A total of \$1.05 of this amount issued in defraying the expenses of the county school administration, with the superintendent's salary, that of the secretary in his office, the cost of taking the school census and the expenses of the meeting of the school board, comes from this amount. Brownwood

New laws will clamp down on Texans this week. Acts of the regular session of the 45th legislature become effective 90 days after its adjournment unless otherwise specified. Whether the date is Aug. 20 or 22 is disputed. It depends on whether first and last days are included or excluded. Racing repeal which is not effective until 90 days after the first special session has been put into practical effect already. The Racing Commission declined to grant any late race permits because its operating funds are cut off Aug. 31. A stricter driving license law takes effect for new drivers. It will not apply to old drivers until the original licenses issued for three years expire in 1939.

A project for paving Brownwood streets has been approved by the state WPA office in San Antonio. The project calls for expenditure of \$26,837 federal funds and \$29,193 city funds and for employment of 104 men. The project was submitted by City Council Aug. 4. Property owners along the streets to be paved are asked to contribute toward costs of curbs, gutters and paving.

Construction of a warehouse for use of farmers is being urged by W. B. Starr, Cisco, president of the Southwestern Peanut Growers Association which organized at a meeting in Brownwood last week. Mr. Starr said the warehouses should be constructed through WPA projects.—Banner.

To the Sheriff or any Constable of Mills County, Greeting:

Jim Soules; Administrator of the estate of Frank M. Soules; deceased, having filed in our County Court; his final account of the condition of the estate of said Frank M. Soules, deceased; together with an application to be discharged from said administration; you are hereby commanded that by publication of this writ for twenty days in a newspaper regularly published in the County of Mills, you give due notice to all persons interested in the account for final settlement of said estate to file their objections thereto, if any they have; on or before the September term A.D. 1937, of said County Court commencing and to be holden at the Court House of said county in the City of Goldthwaite, Texas; on the 6th day of September A.D. 1937; when said account and application will be considered by said Court.

Witness, L. B. PORTER
Clerk of the County Court of Mills County, Texas.

Given under my hand and seal of office in the City of Goldthwaite, Texas; on this 11th day of August A.D. 1937.

Seal L. B. PORTER
Clerk of the County Court of Mills County, Texas.

A true copy; I certify.

HOW OFTEN CAN YOU KISS AND MAKE UP?

FEW husbands can understand why a wife should turn from a pleasant companion into a shrew for one whole week in every month. You can say "I'm sorry" and kiss and make up easier before marriage than after. If you're wise and if you want to hold your husband, you won't be a three-quarter wife.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three decades of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through."

THE STATE OF TEXAS

To the Sheriff or any Constable of Mills County, Greeting:

You are hereby commanded to summon:

Henry Mundell, Mrs. Florence E. McCall and husband, M. D. McCall, D. J. Phillips and wife, Mrs. D. J. Phillips, Mrs. F. E. Prince and husband, A. A. Prince, and the unknown heirs, legal representatives and devisees of each and all of the above named persons, all alleged to be deceased, by making publication of this Citation once in each week for four successive weeks, previous to the return day hereof. In some newspaper published in your county, to appear at the next regular term of the District Court of Mills County, Texas, to be holden at the Court House thereof in Goldthwaite, Texas, on the fourth Monday in September A.D. 1937, the same being the 27th day of September A. D. 1937, then and there to answer a Petition filed in said Court on the 10th day of August A. D. 1937, in a suit numbered on the Docket of said Court Number 2527, wherein C. A. King is Plaintiff and Henry Mundell, Mrs. Florence E. McCall and husband, M. D. McCall, D. J. Phillips and wife, Mrs. D. J. Phillips, Mrs. F. E. Prince and husband, A. A. Prince, and the unknown heirs, legal representatives and devisees of each and all of the above named persons, all alleged to be deceased, are defendants; said petition alleging substantially as follows:

This suit is brought as well to try title as for damages. Plaintiff alleging that heretofore, to-wit: on the 1st day of July A. D. 1937, he was legally seized and possessed of the following described land and premises, lying and being situated in Mills County, Texas, holding and claiming the same in fee simple, to-wit:

The Henry Mundell survey

number 22 on the waters of Pecan Bayou, a tributary of the Colorado River, about ten miles N 65 West from Goldthwaite, by virtue of Headright Certificate No. 235 issued to said Mundell by the Board of Land Commissioners for Texas County. December 28th, 1846.

Beginning S 45 W 250 vrs and S 45 E 500 vrs from the East corner of the C. Deven survey No. 289, from which an Elm brs N 65 W 6 vrs db brs S 88 E 18 vrs;

Thence S 45 E 728 vrs a stone mound on the N E line of survey No. 5 in the name of Archibald Thompson;

Thence N 45 E 728 vrs to a stake;

Thence N 45 W 728 vrs to the place of beginning. Bearings marked H, and containing 94 acres of land.

That on the day and year last aforesaid, the defendants entered upon the said premises and ejected the Plaintiff therefrom, and unlawfully withhold from him the possession thereof to his damage in the sum of Two Thousand Dollars.

Plaintiff further alleges title to the said land under and by virtue of the statute of five and ten years limitation, as is more fully set out in Plaintiff's Petition on file herein, and the nature of the defendants title or claim to the said land is unknown to him.

Plaintiff prays Judgement for the title and possession of the said land, and that he be quieted in his title thereto, and that the cloud cast upon the title of the Plaintiff to the said land by the claim of the defendants be removed and held for naught and for such other and further relief to which he may be entitled in law or equity.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness B. J. Keese,
Clerk of the District Court of Mills County, Texas.

Given under my hand and the seal of said Court, at office in Goldthwaite, Texas, this the 10th day of August A.D. 1937.

'POPPED' CORN ON COB

Fresh roasting ears are frequently eaten boiled on the cob. But it remained for Bun C. Chambers, RFD carrier, to produce something new. He is said to be producing pop corn that "pops on the cob," the heat being furnished by the rays of the August sun. And he presented the Free Press an ear to prove it.—DeLeon Free Press.

I BRING YOU 2 WHOLE HOURS OF THE WORLDS FINEST ENTERTAINMENT

Yes... a penny's worth of electricity will bring you two whole hours of radio entertainment. And one cent spent electrically will also—

- percolate six cups of delicious coffee
- or toast eight slices of bread
- or vacuum clean two room-size rugs
- or provide four hours of electric refrigeration
- or bake two golden-brown waffles
- or operate an electric fan two and one-half hours
- or do a week's mixing, whipping and juice-extracting
- or light a 60-watt globe for two and one-half hours

There's no getting around it—the money you spend for electricity gives you more honest-to-goodness value—more comfort and convenience—than any other money you spend. There is scarcely a household task that electricity will not perform for pennies or fractions of pennies. And remember this—while other things have been going up the cost of electricity has been coming down. You get more electricity for your money now than ever before in history.

THE MORNING TRAIN
(In Winter)

Have you heard the train a whistlin'
Comin' round the three mile curve,
Its echoes reverberatin'
Almost life-like, like a nerve?
Have you seen her smoke a bilin'
A formin' the letter S—?
Makin' the purtiest picture
Of all the winter—I guess.
Well, folks, if I were a painter
That's exactly what I'd paint,
For a grander sight in Texas
No Sir! There really ain't.
I'd make it look so natural
You'd see the train a comin'
An', if you'd strain your ear a bit,
You'd hear her engine hummin'.
I'd give it all the colors, too—
A kiss from the mornin' Sun—
If I could only paint that scene
I'd call it my day's work done—
