## Our Service To Builders

There are many perplexing details—many questions to be asked and answered before the work of building may be wisely begun. The plan selected may add or detract from the Joy of Possession—the material to be used in all parts of the structure must be considered. You want to know about the cost and terms.

Talk it over with us, tell us what you have in mind. We have been concerned for years in upbuilding this community. Our service begins when you first tell us your problem and ends only when the building is ready for occupancy.

### FACULTY

School started Oct. 11. We feel very lucky in having two of our old (provided they feel offended we mean who have taught here before) teachers back with us. They are none other than Miss Iva Lee Daniels and Mr. A. L. Shelton. Miss Daniels teaches the primary room and Mr. Shelton teaches the intermediate room. We have one new teacher, Mr. Cunningham, who is our principal. We feel as if we are going to have a very successful school year and would like to have the cooperation of everyone.

### PRIMARY NEWS

We are all glad that school has started again. We had a good time during the summer and are ready now to start studying. We are having lots of fun working and playing. Some of us had to be absent part of last week because of bad weather.

We are hoping that some of our mothers will visit us soon. —Jo-Boy and Spot.

### INTERMEDIATE NEWS

Elaine and Elmo Simpson and Ralph Charles Perry are the new pupils in our room. Elaine and Elmo went to school at Rock Springs last year and Ralph graduated from Miss Daniels' room.

Amy Halford was absent from school Monday.

Jim Ned Reed has been absent the past few days. We hope he will soon be back in school.

### PRINCIPAL'S ROOM

We welcome Tommie Cunningham, Howard Spinks, and Amy Halford into our room.

It would take up too much space to relate all of the important happenings in our room, so, if you wish to know the happenings of the first week of school ask someone who knows. If the fountain pen doesn't run away and leave the pencil and ink to get home by themselves, we will let you hear more from us next week.

### JOKES

Mr. Cunningham: "Garland, do you have five senses?"  
Garland: "Do you mean do I have five here today?"

Mr. Shelton: "Elmo, have you lived here all of your life?"  
Elmo: "No, sir, not yet."

Roy Fox of the Brownwood Bulletin was among the Brownwood boosters to attend the fair here Thursday. He paid the Eagle an appreciated call.

### A PROCLAMATION

Masonic Lodge Hall, Goldthwaite, Texas, October 14th, 1937.

To the Worshipful Master, Wardens and Brethren:

WHEREAS, Brother W. C. Dew, late of Mills County, Texas, was a member of Goldthwaite Lodge No. 694, Ancient Free and Accepted Masons, having affiliated with us on July 31st, 1909; and

WHEREAS during all the time of our fraternal fellowship, he was a tested, tried, true and faithful member among us. A member who, by his diligence and industry, reached a well-earned position of prominence in our order; who was known, not only in Mills county, but throughout the state and in the nation for his Masonic interest and activity. And who, many times has served as Master of our own body and many times held other Masonic positions of honor and trust in the state; and

WHEREAS, we have learned to rely upon his counsel, heed his advice and depend upon his judgment in matters of importance in our Masonic affairs, and have constantly found him to be a man of clear vision, far-sighted, and of sound and substantial judgment; and

WHEREAS the Supreme Grand Master, in whose Almighty hand rests the Hope, the Destiny and the Reward of each and all, has said to our Brother, "Thy work on Earth is done. In the short span allotted, thou hast done all that was required of thee, thou art worthy hereafter, to be remembered in the memories of man." And took him to another shore, the veil between which and this cannot be pierced by mortal sight, but only by the eye of Hope and Faith; and

WHEREAS, we will miss his help and thought in our proceedings and accomplishments, will miss his cheering presence in our meetings, will miss his

warm smile and hearty hand-clasp at the door, will miss his encouraging words and hand-up on the shoulder on the street, will miss his fraternal desire, hope and inspiration of his fellowmen to higher and better things in life;

THEREFORE, be it resolved by this Lodge that we deplore his untimely going, that we sorrow because of his absence, and that in the somber black of submission and humility, we drape his vacant chair.

But let us cheer our own hearts, his sorrowing relatives and his friends which are legion with the thought that our Brother was immortal. That a life so useful and brave among us here, will be still more useful and great in the Greater Realm above; that when the hearts and strength of men fail, there is an inexhaustible source above us in the starry sky, which will come to us through prayer.

RESOLVED further that a copy of these resolutions be delivered to his family, a copy spread on our minutes, and a copy be delivered to the Goldthwaite Eagle for publication, in expression of the honor and esteem in which we held our departed Brother.

Respectfully submitted,  
O. H. YARBOROUGH,  
W. D. CLEMENTS,  
F. P. BOWMAN.

Mrs. Otto Doggett of Pampa, Texas, writes a much appreciated compliment about the Eagle. She says: "I can't begin to tell you how much we enjoy our home town paper. We were several days getting the last is-

### Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

## NEWS NOTES

The high school trio, composed of Catherine Fairman, first soprano, Jeanette Martin, second soprano, and Joyce Johnson, alto, accepted two invitations last week to perform on out of town programs. They sang two numbers, "Quitting party" and "Mother Goose suite," in chapel at Howard Payne College Wednesday morning. Sunday afternoon they presented a fifteen-minute program over station KNEL, Brady.

Dale McCasland returned from his trip to Kansas City last Friday in time to participate in the Richland Springs game. Dale reported a pleasant and profitable time.

Mrs. Baker attended a meeting concerning the work of the home economics department last Friday in Brownwood.

Joe D. Carter, a former student of Goldthwaite High, visited in school Tuesday.

## EAGLES LOSE CHANCE AT CROWN

The Eagles lost their chance at the championship of District 27-B Friday, Oct. 22, when the Richland Springs high school team defeated the Eagles at Goldthwaite, taking the game by a count of 7-0. Both teams played straight football and the Eagles were seriously handicapped in the third period when Davis, Eagle captain and quarterback, was knocked unconscious after hitting the line.

During the first half, the Eagles ran most of the game, receiving the ball for the better part of the half. The second half saw the scene reversed. The Richland Springs team kept the ball most of that half, and after their first scoring threat in the third quarter, carried the ball over the goal line and kicked the point in the fourth.

The visiting team, although narrowly outplayed in first downs and penetrations, received the benefit of Lady Luck's smile. The Eagles, however, carried the ball for more yardage than did the Richland team. These facts are clearly shown by the statistics of the game.

|                      | Rich. Spgs. | Gold |
|----------------------|-------------|------|
| Penetrations         | 2           | 3    |
| First downs          | 8           | 10   |
| Yards gained         | 118         | 156  |
| Penalties (in yards) | 30          | 40   |
| Times out            | 1           | 3    |

The Eagles' next game is with San Saba, the team that most Goldthwaitites would like to see defeated. But San Saba is undefeated and no opponent has, as yet, scored, so this will be the hardest game of the year for the Goldthwaite High School Eagles.

## ADOLESCENT ANTICS

"Lou" (?) and "Thessylian" (?) found love for only a dime when the Merry-Go-Round Broke Down" at the carnival Saturday night. Ahem!

My, my! what's this younger generation coming to? They have been unexpectedly quiet for a long time, but when they finally did start stepping out, they went in for it in a great big way. Certain freshmen and sophomores had their first dates last Friday night. They followed up with a close second on Saturday night. Same song, second verse, on Sunday afternoon and Monday night. This has gone TOO FAR!

Regardless of opposition from other quarters, Joyce, Jeanette and Capple have the law on their side. They were seen at the carnival Saturday night with Sheriff Harris.

Does "Slab" have a guilty conscience? He seems constantly in fear of his name's appearance in the Herald. Well, we haven't caught you yet, but avoid the appearance of evil.

It seemed quite appropriate that Gladys and Clark strolled arm in arm across the football field last Friday.

If the Hallowe'en Carnival is visited like the fair was, there will be lots of gossip next week. COME TO THE CARNIVAL!

## THE SPOTLIGHT

The Spotlight falls this week on a slender senior girl, Doris Davis. Doris is 17 years of age, 65 and 1-2 inches tall and weighs 109 pounds. She is typically blond and characterized by the quietness and dignity that becomes a senior.

Doris was born at Goldthwaite on May 21, 1920. When she was about six years old she moved with her family to Proctor where she entered school at the age of seven. She returned to this community and attended neighboring school for several years. Doris was first known to her present classmate when she entered the 7th grade of the Goldthwaite public schools. The next two years she again attended a community school, and returned to GHS as a junior. Doris Davis plans to graduate from this institution next spring. We wish her success in that endeavor and all future ones that she may undertake.

## SOPHOMORE SMATTERS

Tuesday, Oct. 19, the Sophomores met at the assembly period and selected our candidate for football sponsor. By an almost unanimous vote, Allene Mahan was the selection, and was splendidly supported by her classmates.

Feature it; Karcher Obanon thinking without any motion of his hands. Anyone saying, "I've never heard Bobby Tillery voice her opinion." Aubrey Smith not liking to wear coveralls.

## FUTURE FARMERS

Dale McCasland reports a grand time on his trip to Kansas City, where he attended the national future farmers convention.

Mr. Henry took the officers of his class to Richland Springs where they attended a district meeting of the chapter officers. They discussed the program of the coming year's work. Each chapter is to enter into all the contests, including debate, judging teams, etc.

Through the efforts of the district officers and advisers, the coming year of agriculture is reported to have a promising outlook.

## SENIOR NEWS

Wednesday morning, Oct. 20, the seniors held a business meeting. Gladys Kerby was unanimously selected as candidate for football sponsor. Gladys won the title of sponsor easily, and in an impressive ceremony Friday afternoon she was presented with a gold football and a large bouquet. She later kicked off for Goldthwaite.

President Oleta Henry then appointed a committee to prepare a program for Tuesday morning, Oct. 26, a good program was arranged and it was enjoyed by all of the student body.

The Bingo booth was then discussed. The seniors as is the custom, will run the Bingo booth, and everyone is requested to visit this booth. It is a profitable place to spend a nickel. PLAY BINGO!

## COLLEGE LANDS EXEMPTED FROM STATE TAX

The Texas senate last week passed a bill by Senator H. L. Winfield of Fort Stockton which would exempt from state ad valorem taxes a gift of land to the Texas College of Mines.

A bequest of land was made by the late Frank B. Cotton of Boston to the college, has \$17,000 in state ad valorem taxes levied against it. Winfield's bill would waive the state's claim to the taxes so long as the property remains in the possession of the college.

A much larger amount of taxes is due local subdivisions, he said.—State Observer.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through."

## SENIOR CHAPEL PROGRAM

The chapel program presented by the senior class Tuesday morning was a howling success. The first number was a comic sketch by Ila Mae Scrivner and Earline Faulkner, dressed as Negroes.

Miss Naomi Childress then whistled the popular song "Night Over Shanghai." The "clowning" event was a burlesque of the romance of John Smith and Pocahontas. These characters were portrayed by Oleta Henry and J. M. Wrinkle. Others in the cast were the narrator, Lester Moreland, Reginald McDermott, Florence McDermott, Marvin Hodges Boyd Hunt and Lloyd Ervin.

The junior class will have charge of the program next Tuesday morning.

## FRESHMAN GOSSIP

Well! It seems the sophomores are still trying to drag us into "hot water" but we Fish are too 'slick for them. There have been two or three parties during Friday and the week end among the freshman class. Everyone seemed to enjoy them, especially some of the sophomores who attended. Suppose you ask them why? Following the parties we all attended the carnival at the fair park and did we have fun when the merry-go-round broke down? That's when the sophomores had fun, for it was loaded with them.

Miss Aggie Forehand was our candidate for football sponsor, and we're looking forward to eliciting a Hallowe'en queen. We are going to try our best to win.

## GRAMMAR SCHOOL REPORT

At assembly Tuesday, Oct. 18, Mr. Layton was in charge of the program. He had Rev. Swanner to come and talk to us. Here's hoping he comes back again. Also he had two poems by Evelyn Burns and Bobbie Fairman. They were "Tomboy" and "A Pest."

## HALLOWE'EN CARNIVAL

At last the time has come for the event we have all eagerly anticipated—the Hallowe'en Carnival! This program is sponsored each year by the local Parent-Teachers Association as a means of raising money and giving you all a big time. Regardless of age, there is something worthwhile in store for you. If you are one or one hundred, come to the Hallowe'en Carnival. You'll get a big kick out of it.

All of the usual attractions and possibly some new ones will be in the court house Saturday (tomorrow). You can fish, vote for the Hallowe'en queen, run from spooks, play Bingo, with the seniors, and EAT. Don't worry about cooking supper. Just go to the carnival and eat sandwiches, cakes, pies, candy, ice cream, and anything else you happen to want. If you are not interested in food (as most of you probably are not!) just go for entertainment. You can see a good one-act play, a minstrel, and cake-walking.

We'll be seeing you Saturday! Time—October 30. Place—Court House. Event—HALLOWE'EN CARNIVAL.

## PEP SQUAD NOTES

It seems to me that we should arrange to have a fair every time we have a football game, for the crowd at the Richland Springs game (which was played at the fair park) far exceeded any other this year.

For those who did not attend that game, I shall give a brief description of the pep squad formation. Following the usual custom, it was presented after the first half of the game. The girls were divided in two groups—one marching on the field from the north goal post, the other from the south goal post. At the same time the main yell leader, Jeanette Martin, with the mascots, Tanner Fairman and Sybil Reid, dressed as football boy and pep squad girl, and two flag bearers, Virginia Ruth Rudd carrying blue and white and Katherine Hodges a black and gold banner, marched on the field from the west. The entire group met on the 50 yard line. Facing the spectators on the west, they gave a yell for Richland Springs, and half the girls threw up blue and white confetti; then a yell for Goldthwaite, and the other half threw up black and gold confetti. Then the football sponsor, Gladys Kerby, walked upon the field and was presented with a gold football and a beautiful bouquet of flowers. At the beginning of the second half, she kicked the ball. The club and student body congratulate Gladys for receiving this honor and hope she will always be a faithful pep squader.

At this time we wish to thank members of the band for playing at the game. We appreciate them very much and look forward to the time when we have band music at every game.

We regret that we were defeated in the Richland Springs game, but as you know, there must always be a loser; however, fellow students and friends, there must also be a winner, and don't you believe we can be the winners in the San Saba game today? I know we can, if everyone of us—pep squad, football squad, student body, and citizens alike—put all the energy and pep we have into the game, and make up our minds we're going to win. Let's really boost for ole' Goldthwaite High tonight.

## Today's Building Prices are... Bargain Prices!

Is it true what they say about building costs? Have building material prices and building labor rates advanced as everything indicates where Mr. Home Owner or Mr. Material Buyer is being taken for a price ride? The answer is decidedly NO! For example, in 1933 one bushel of corn would buy 16 1-2 feet of lumber, now it will buy 25 feet; 100 pounds of hog would buy 125 feet of lumber—now it will buy 315 feet; 100 pounds of steer would buy 233 feet of lumber—now it will buy 410 feet. These prices taken from the Building Supply News of Chicago show that your building dollar almost doubles that of four years ago.

## The Retort Courteous

By IRVIN S. COBB

AS GEORGE ADE used to tell the story, there was once a boy who grew up in the village of Weeping Willow, Nebraska, with the persisting idea in his head that railroading offered the best career for an ambitious and energetic youth. When he was eighteen his opportunity came. He got a job as helper to the local station agent at forty dollars a month.

Years passed. The youth was a youth no longer; he was nearing his fortieth birthday but still he served the railroad, at Weeping Willow. So well and so truly had he served it that step by step, the management had widened the scope of his duties until now he was the entire resident staff of the great transcontinental system which passed through Weeping Willow. He was station agent, dispatcher, ticket-seller, train-caller, express-agent, baggage-handler, janitor and porter, all rolled into one. As a further mark of the esteem in which it held him and of the confidence it reposed in him, the railroad had never seen fit to reduce his wages by a single penny. He still drew down his forty a month just as regularly as his pay-day came around.

Yet there were people in Weeping Willow who could not understand why it was, that holding so many responsible positions and receiving so steady an income the man should sometimes show signs of broodiness and irritation verging upon outright melancholy. But such was the case. At times his peevishness was most marked.

One broiling July day as he sat with the perspiration coursing down his nose and his black calico sleeve protectors growing damp and soggy upon his wrists the local Baptist minister, whom he disliked excessively, poked his head through the ticket window and in his best pulpit voice said:

"Brother, what tidings of the noon train?" Without lifting his head the dripping misanthrope made answer: "Not a god darn tiding!" he said.

**HOW CAN THE AVERAGE FARMER MAKE \$500 MORE PER YEAR**

For many years The Progressive Farmer has had a fighting slogan, "\$500 More Per Year for the Average Southern Farm Family." And of course \$500 more per farm family would help all Southern merchants, bankers, lawyers, doctors and all other classes as well as farmers.

But is it really practicable to get \$500 more per year for the average Southern farm family? And if so just how can it be done? In reply Editor Clarence Poe lists these ten lines of progress to adopt:

1. By soil saving (terracing, strip-cropping, etc.) and soil improvement through legumes regularly turned under \$ 75
  2. By live-at-home farming—reducing costs of bought food, feed, etc. 150
  3. By "adding animal production to plant production"—working and planning to get just as large profits from livestock, dairying, and poultry as from cash crops 250
  4. By more "winter farming"—keeping land busy not only in summer but also in fall and winter growing more wheat, oats, rye, barley, etc. for grain, and more clover, vetch, Austrian peas, etc. for soil improvement 70
  5. By making timber a real crop—working always for "a good stand," not too thin or too thick, keeping out fires, etc. 60
  6. By adding processing profits to production profits—putting each product into as nearly finished a form as possible for consumers, as discussed on this page last month 50
  7. By greater marketing skill—by knowing what grades will bring most, producing those grades and cooperating with others to get top-most market prices 60
  8. By joining with neighbors in making the community famous for excellence of some high-quality crop, variety or breed 40
  9. By using the power of organization to help get both direct business benefits and a square deal from all forms of government 60
  10. By more business skill—planning income and outgo so as to have a balanced budget, by trying to save at least 10 per cent of all earnings in good years and investing wisely 100
- "Here we have a sum total of \$929 that the average intelligent Southern farmer under most favorable conditions might add to his yearly income. We can lop \$420 from that figure and still have \$500 extra income per year as something for the average farmer to aim at."

**COOPERATION FOR STEWARDSHIP**

The growing trend toward harmonious cooperative action between those of different religious faiths is well illustrated by the projected National Stewardship Conference, which will be held in New York on November 16 under the auspices of the National Committee for Religion and Welfare Recovery. **THE AMERICAN DOLLAR**

©—The Golden Rule Foundation, New York, N.Y.

The National Committee for Religion and Welfare Recovery is engaged in a nation-wide cooperative campaign in the interests of all religious, educational and welfare institutions seeking to increase the present low level of giving from 2c out of every dollar to as nearly as practicable the Biblical tithe, or the 15% which our national Government exempts from taxation if given to philanthropy and public welfare.

Protestant and Jewish welfare leaders will meet to discuss their common problems as regards meeting the needs of religious, educational and character-building institutions.

Startling statistics, recently tabulated, reveal an alarming neglect of the elementary principles of stewardship on the part of the average citizen.

With an increase of 61 per cent in the national income over that of 1932, official reports show that gifts to religious, educational and other general philanthropies are actually from 18 per cent to 30 per cent less than in 1932. Far from giving the Old Testament tithe, or the 15 per cent which our government exempts from taxation if given to philanthropy, the average citizen gives only about two cents of every dollar to church and other forms of organized benevolence.

Believing that faith without works is dead, and that profession without practice is hypocrisy, the Committee calls on all church members to aid in meeting these needs by applying Biblical principles of stewardship, with the slogan, "Every citizen a steward of life and property for the welfare of mankind."

The Committee makes no pronouncement as to the present-day application of the Biblical law of the tithe, but does suggest that every citizen may well re-read and consider the injunction of Malachi: "Bring ye the whole tithe into the storehouse, saith Jehovah of hosts, and prove me now herewith. If I will not open the windows of heaven and pour ye out a blessing that there shall not be room enough to receive it."

**RECKLESS DRIVING**

A Dallas city ordinance prohibiting reckless driving was invalidated by the Court of Criminal Appeals last week because of its uncertainty.

The ordinance said "it shall be unlawful for any person to drive in such manner as to indicate a willful or wanton disregard for the safety of persons or property."

Ordering Milton Meadows released on a writ of habeas corpus the court pointed out that the law must be "so framed that the accused may know the nature of the accusation."

"What guide," the court asked, "gauge or standard is given by which he may measure his manner of driving?"—State Observer.

**HOSPITALS AND INDUSTRY**

Hospitals rank fifth among the large businesses of the United States. This major "industry" is estimated to have about four billion dollars invested in properties; an annual payroll of about four hundred million dollars and a yearly operating cost of about three-quarters of a billion dollars.

**TODAY'S TAXOGRAM**

If you are a motorist, you paid a gasoline tax bill last year of \$39.90, as compared to the same tax bill of \$8.22 thirteen years ago (if you were a motorist then). The average gasoline tax last year was more than 5 cents per gallon and the average motorist consumed 671 gallons during the year.

## Bronchial Coughs Need Creomulsion

Just a common cough, a chest cold, or a bronchial irritation of today may lead to serious trouble tomorrow. They may be relieved now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a medicinal combination designed to aid nature in soothing and healing infected mucous membranes by allaying irritation and inflammation and by aiding in loosening and expelling the germ-laden phlegm.  
The Medical Profession has for many years recognized the beneficial effect of Beechwood Creosote in the treatment of coughs, chest colds, and bronchial irritations. A special process was worked out by a chemist, get the genuine product and the ingredients and now in Creomulsion you get a real dose of genuine Beechwood Creosote which is palatable and can even be taken frequently and continuously by both adults and children. Creomulsion is one preparation that goes to the very seat of the trouble to help loosen and expel the germ-laden phlegm. When coughs, chest colds and bronchial troubles—due to common colds—hang on, get a bottle of Creomulsion from your druggist, use it as directed and if you are not satisfied with the relief obtained, the druggist is authorized to refund every cent of your money. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief that you want. **VISITORS FROM AFAR**

Mrs. B. B. Cornwell of Lone Butte Ranch, Chandler, Ariz., and her son Leap Cornwell of Neuha, Calif., came in last week for a visit to their daughter and sister, Mrs. I. S. Welch. After a few days here, Mr. Cornwell and his brother-in-law, Mr. Welch, left for a business and pleasure trip through Texas, Arkansas, Oklahoma, Tennessee and Kentucky.

Mrs. Welch took her mother to Brady last Wednesday to visit Mrs. Cornwell's sister, Mrs. Cynthia Ewing, whom she had not seen in 33 years.

Mrs. Ewing returned home with them and they are having an enjoyable visit with Mrs. Welch. Mrs. Ewing and Mrs. Cornwell are the daughters of H. C. and M. E. Hardin Oatman of Llano, Texas. After Mrs. Cornwell's marriage she moved to Oklahoma and lived there 18 years before moving to Arizona. Mrs. Ewing has lived near Brady since her marriage. She has three sons.
