

THE GOLDTHWAITE EAGLE

VOLUME FORTY-FOUR

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, JANUARY 7, 1938

NUMBER TWENTY

Receipts Increase At Post Office

For the fifth consecutive time, postal receipts at the Goldthwaite post office have shown an increase over the previous year. In 1937 they reached an all-time high exceeding the boom year of 1929 by 20 per cent.

Baptist Reminder

Our services were well attended Sunday. At the morning hour the house was packed. It was certainly encouraging to the pastor to welcome such a large attendance on the first Sunday in the New Year. My prayer is that we may not come just as we did Sunday, but in larger numbers. When you unite with any Baptist Church you pledge yourself unless providentially hindered to be regular in attendance at all the services.

Subject last Sunday morning: "Why Men are Saved." Subject next Sunday morning: "How Men are Saved." Subject Sunday evening at 7:00 will be the kind of a "Re-creation" we should have in Goldthwaite. Sunday evening we have special music by our people.

Sunday morning our offering through the Sunday school was \$44.51. We should have every Sunday morning. We believe in bringing his offering first day of the week. **LEN E. SWANNER, Pastor**

STORK DERBY

Some other contestant in Mills County's "Stork Derby" brought forward before the contest on Monday, January 11, the winner will be awarded to George Mason Cooke, young son of Mr. and Mrs. Rudolf and Mildred Cooke of the Rock Springs community, who arrived in Mills at 1:20 a. m., January 11, weighing 9 pounds.

The distinction of being the first in the family, the first in the family and the first in the family of the Cooke family, as well as being the first in Mills County in the history of the contest.

HOLDERS MEETING

Work is being completed for the 1938 annual stockholders' meeting of the Goldthwaite National Farm Loan Association on January 11, 1938, according to E. B. Gilliam, Jr., secretary-treasurer of the association, who said that this meeting would be one of the most important in the history of the association.

Members of the association will review the progress of their own cooperative credit institution and hear the reports of its officers. According to E. B. Gilliam, the Goldthwaite National Farm Loan Association has made Federal Land Bank and Land Bank Commissioner loans amounting to approximately \$1,000,000 since its organization.

Directors of the Association will be elected at the meeting. Two directors will be elected for terms of three years each, two for two-year terms, and one for a one-year term.

The Goldthwaite National Farm Loan Association makes available farm mortgage loans for a variety of purposes including financing of existing indebtedness, repairs and improvement of farm buildings, and the purchase of farm or ranch land. Loans are made, to enable tenant farm families to acquire their own land.

RAINFALL

January up to 9:00 a. m. has amounted to 1.6 inches, according to the rain gauge at the post office. The long continued drought has put highway work and farm work far behind.

MILLS COUNTY AGENT MAKES 17TH ANNUAL REPORT

Here are some accomplishments of Mills County Extension Work in 1937.

One hundred and six boys were organized into 7 local 4-H clubs. Reports from ninety 4-H boys involving 176 acres in crop projects, 36 animals and 839 units of poultry show a net return on labor and investment of \$2656.33. The boys 4-H cotton club demonstrated the value of planting a uniform variety in each gin community.

Dusting for control of flea hopper and boll weevil increased yields of cotton.

The Star and Goldthwaite gin communities will grow better staple cotton and have agreed to plant one variety for the 1938 crop.

Twenty trench silos were built this year and 37 silos filled with 3000 tons of silage.

The number of home and commercial orchards were increased.

By balanced feeding, comfortable housing and constant attention, 1160 hens in 9 demonstrations averaged 136 eggs per hen.

Forty six farmers cure and preserve meat the A & M way. One round vat was built and the efficiency of sulphur dip for the control of sheep and goat lice thoroughly tested by a demonstration.

The Soil Conservation program 688 worksheets covering 63,508 acres will pay approximately \$60,000 in benefits to Mills County farmers. The range program will pay additional benefits of about \$15,000. Some conservation practices are:

Green manure crops plowed under on 4,020 acres. Crops grown on contour on 7315 acres. Pasture and range improvement by contouring on 752 acres. Rescued from mesquite pear and cedar, 5,453 acres. Number of reservoirs inspected, 110. Number of acres terraced, 6,000.

The plan for 1938 recommends that every farm grow sufficient food for the family and feed for the livestock and a surplus to sell or to store or loan years. A cash crop to provide funds to pay debts and to maintain a desired standard of living and the improvement of social life in the community.

The 1938 plan includes 4-H Club work, soil conservation, pasture improvements, wild game management, better planting seed, ore trench silos, better feeding of poultry and livestock curing and preserving meat, beautification of home grounds, and whole farm demonstrations.

We desire to express our gratitude to the members, committee men, and directors of the Mills County Agricultural Association, the supervisors and clerks in the office and to the Conservation assistant whose co-operation faithful service and loyalty aided the success of the programs possible.

We earnestly hope and expect the same measure of faithful and loyal co-operation from everyone throughout 1938.

S. E. CLUB

The S. E. Club met with Mrs. Tullos December 7, with six members present.

Mrs. Tullos served hot spiced tea and muffins.

We pieced on a wedding quilt.

On the night of December 21, the ladies and their escorts met with Tas Renfro and wife in town to have their Christmas tree. It was a great success. Every one received a nice gift and also had a good time. They had a candy breaking and candy was served. We will meet with Mrs. Tas Renfro next club day. Let's all be present so we can begin the New Year right. ZZZ

Political Pot Begins to Boil

This year is election year and all county and most state and district officers will have to run the gauntlet of the Democratic primaries in July. It is rumored that several new candidates will appear in Mills County this year. Complete information will be found in the announcement columns of this paper which will open in an early issue.

Methodist Church

Next Sunday, January 9, the Rev. John B. Horton, Presiding Elder of the Llano District, will preach for us at the morning hour. I am sure that you will enjoy his message.

Next Sunday night at 7:00 we will have a stereopticon lecture on "The Old Book Finding New Friends." The slides that will be shown deal with the value and influence of the Bible in the world. We hope that every child as well as every adult will be present for this service. Do not miss it. As a special feature of their service we will try to have a display of old Bibles. If you have a real old Bible please bring it and let us display it. Let's center our interests for this service in the Bible.

Come to all the regular services next Sunday. Friends and visitors are always welcome.

RAIN SUSPENDS DRILLING ON OIL WELL

After waging a losing battle against rain and mud the crew drilling the oil well on Pecan Bayou west of Goldthwaite closed down Wednesday afternoon. As soon as the weather clears, drilling will be resumed around the 1000 foot level.

FAMILY DINNER PARTY

Mr. and Mrs. Marsh Johnson entertained a family party with a New Years dinner on Sunday, January 2.

Those present were: Mr. Johnson's mother, Mrs. W. F. Johnson of San Saba and two of his sisters with their families, Mr. and Mrs. J. M. Walker of San Saba and Mr. and Mrs. T. G. Kuykendall and three sons of Cherokee, his daughter and family, Mr. and Mrs. Roy Wilkins and two children, his son, Wallace, from University of Texas, and Mrs. Johnson's father, W. G. Miller.

JUNIOR LEAGUE PROGRAM FOR JANUARY 9

Talks by following juniors: First, Virginia Long; second, Lenar Keese; third, Kenneth Keese; fourth, Benoise Karnes; fifth, James Smith; sixth, Nettie Ruth Brucks; seventh, Mary Nell Epperson; eighth, Buddie Stokés. Discussion. Story.

GOLDTHWAITE CEMETERY

It is not too early in the year to begin talking of and planning to make our cemetery, "city of the dead" and last resting place of our loved ones where so many have been placed during the last year, a place to be proud of by keeping it nicely cleaned of weeds and brush, dead trees and debris of all kinds, as well as fill in the many graves that have sunken and look so late and forsaken.

Please get this on your minds, all you who have loved ones there.

BURIED TREASURE

A good deal of treasure was caused here by the rumor of the discovery of gold in gold under a rock in Jack-son Crossing on Pecan Bayou. Unfortunately, the treasure was said to have been buried, it did not know any more.

SCHOOL BUILDING ADDITIONS 1936-1937

During the 1936-1937 school year it was evident that some steps must be taken to provide more school room if the Goldthwaite school were to keep the standard they had attained. About the time school closed in May 1937 the different members of the school board contacted citizens of the town and community and explained the matter to them, at the same time inviting their opinion and a discussion of the matter.

Early in June 1937 a petition was presented to the school signed by the required number of qualified voters asking that an election be held at the earliest possible date for the purpose of authorizing an issue of bonds in the amount of \$10,000. This election was held on June 22, 1937 and carried by a two to one vote.

In as brief time as possible the routine matters of preparing a copy of all election proceedings having same approved by the Attorney General, having the bonds printed and registered in the Comptroller's office, were attended to.

The bonds were offered to all the leading bond buyers in the state. The Trent State Bank of Goldthwaite made the best offer of all. Offering a premium of \$230 for issue, which offer was accepted.

David S. Castle and Company of Abilene, Texas, said to rate among the best of architects in the state, were employed to prepare the plans and specifications for the contemplated improvements.

The latter part of August bids were opened. M. F. Horton of Goldthwaite was awarded the general construction, on a bid of \$8,000.00. The Hill Plumbing Company of Waco, Texas was awarded the plumbing and heating contract on a bid of \$1,800. Fairman and Company of Goldthwaite was awarded the contract for wiring on a bid of \$140.

The construction of the building progressed nicely with the result that December 1, 1937 the work was completed and the building put in use. Commodious sanitary toilets were provided for both the grammar school and the high school buildings. Two nice class rooms were added to the grammar school building. One of these rooms is being occupied by the Vocational Agriculture classes from high school and the other is used by one section of the 5th grade, relieving a badly crowded condition.

HUDSON BROS. ADD NEW COMPRESSOR FOR FOUNTAIN

Hudson Bros. Drug Store is ever on the alert for improvements in their store. They have recently installed a new electric Frigidaire Compressor which is the very latest in electric fountain equipment. This compressor installed in the back of the store modernizes their fountain and will enable them to make better drinks and give better service during the coming summer.

REV. R. E. DUKE NOW LIVING IN HOUSTON

While visiting in Houston during Christmas week the Eagle Editor spent a part of one afternoon with brother and sister Duke, a former pastor and his wife.

Brother Duke retired from service at the last Methodist Conference in October on account of his eyesight falling so fast. They moved to Houston where they have several children living and about three weeks before Christmas, an operation was performed on one eye, removing a cataract, which they feel sure will restore the sight of that eye as he is able to see out of it, but it is still very weak. They promised a visit to Goldthwaite friends as soon as he is able to drive.

Their street number is 605 Tuam Street.

Spelling Bee Entertains Lions

Visitors night was observed by the Lions Club of Goldthwaite Tuesday evening. After enjoying a fine turkey dinner in the recreation room of the Methodist Church, the members and their guests heard F. P. Bowman give a resume of the club's activities during 1937. Each guest was then called upon for a brief talk by the club president, A. H. Smith.

Dr. T. L. Graves and Coach S. E. Cloninger chose sides for an old-fashioned spelling match which provided hilarious entertainment.

"WHO THEN CAN BE SAVED"

This question was propounded to Christ by the apostles as the selfish young ruler went away sorrowful. It is a good question for us to day "Who Can Be Saved?"

We are told in Acts 2:42, "The Lord added to the Church such as should be saved." Reference is here made to those Jews who had crucified the Christ. When it dawned upon them that they were guilty of committing one of the greatest sins in all of the catalogue of sin, when conviction was driven home to them, they cried out and said, "Men and Brethren what shall we do?" To this question the Apostle Peter replied "Repent and be baptised in the name of Jesus Christ for the remission of sins and ye shall receive the gift of the Holy Spirit" Then in verse 42 we are told "They that gladly received the Lord were baptised and there was added unto them about three thousand souls." They that received the Word, were baptised and there was added unto them about three thousand souls." They that received the Word, what word did they receive? The words that were spoken by Peter.

In addition to this firm unshaken, unwavering faith they had in the truthfulness of the words of Peter, they were told to "Repent, and be baptised for the remissions of sins, that is that they might get rid of the sin and the consequences thereof. Those who were added were saved, verse 41, those who were added were baptised, those who were baptised those who repented received the word, to believe the word is to receive the word, or do what the word says do. On the day of pentecost three thousand were saved. Why? Because three thousand were added. Why were three thousand added? Because three thousand repented. Why did three thousand repent? Because three thousand received the word. Why did three thousand receive the word because three thousand believed the word. Who then can be saved? Those who receive the word, and repent and are baptised. Have you done this?

LIBRARY BOARD REPORT

The Library Board met in regular session Tuesday afternoon in the library.

Mrs. Raymond Little reported that Miss Rosalyn Berry had been employed as librarian.

Mrs. John Hester reported that the following books had been purchased: Ben Hur, The Covered Wagon, The Door, Seventeen, To have and to Hold for regular circulation, Storm Girl, Drums Along the Mohawk, Three Men and Dianna, and How to Celebrate Christmas for the year.

TRENT STATE BANK HAS FINE STATEMENT

The condition of the Trent State Bank of Goldthwaite as shown by the statement published in this issue of the Eagle reflects a sound condition and efficient management.

On deposit is \$677,820.12 of which two-thirds is on hand in cash and readily marketable bonds. Comparatively few banks anywhere show such a strong condition, and Mills County citizens are proud of it.

This is the first statement published since new officers were elected, following the death of the late W. C. Dew. Wilbur E. Fairman is now president and Grover Dalton, cashier. Dr. J. M. Campbell appears as a new director.

WAR DECLARED ON RATS

Rats Rats Rats Rats

"They fought the dogs and killed the cats,
And bit the babies in the cradles,
And ate the cheese out of the vats,
And licked the soup from the cook's own ladels,
Split open the kegs of salted sprats,
Made nests inside men's Sunday hats,
And even spoiled the women's chats,
By drowning their speaking,
With shrieking and squeaking,
In fifty different shapes and flats,"

Yes the war against rats is on, Will you volunteer?

J. E. Boog-Scott of the Bureau of Biological Survey will direct a rat campaign in Mills county, January 13, 14 and 15. The county agent's office, teachers and community leaders will cooperate in the drive and every community in the county is requested to organize and give support to this move.

Baits treated with "Red Squill" will be prepared and furnished at the low price of 25c a pound. Red Squill is poisonous to rats and mice only. It is not harmful if eaten by other animals or human beings.

Every home, barn, and business house should kill off their rats on January 15th.

This No. 1 pest destroys annually two hundred million dollars of property. Rats and mice are filthy as well as destructive. Rats breed at the age of 3 or 4 months and six times a year averaging 10 to the litter. Community leaders are being appointed. See your leader and give your order. Do not reserve your rats to restock your neighbor who cooperates in this drive. School teachers are appointed leaders in their communities. Give them your order for bait at once.

Yours for a rat killing,
W. P. WEAVER, County Agent

INTERMEDIATE LEAGUE

The contest the league had open was closed Sunday, January 2. The Red and Blue side were against each other. The Blues defeated the Reds and the Reds are to give the entertainment. The Blues do not know very much as to what the Reds are planning, but we hope it will be something that will give us a good time.

The re-election of officers will take place soon so everybody be thinking of whom you would like to elect.

We have had several members to join us, we welcome them gladly into the organization. The program for next Sunday is as follows:

Leader—Magdalene Long.
Scripture—John 4:35; 28, 10-16
Song—"I'll Go Where You Want Me To Go."
Talk—"Developing the Topic," Catherine Epperson.
Talk—Coke Long.
Bible Drill—Matthew, 10-11, Harriet Allan.
Benediction.

Eagle to Be Printed Earlier

Beginning with this week, the first issue of 1938, the Eagle will go to press earlier each week so that our growing list of subscribers in Goldthwaite will be able to get their copies Thursday evening or early Friday morning. Heretofore the Eagle has been mailed Thursday night to subscribers on the routes and was not ready for the town subscribers until about 10 o'clock Friday mornings. Now both town and country readers will get their papers early Friday.

While those living in the country will not receive their papers any earlier, they will get more news, as it has frequently been necessary to go to press Thursday evening before all the news had been set, and if an item was added the following morning subscribers who did not live in town would miss it. The new plan is to print all the papers exactly the same.

The new plan has met with the hearty approval of all those with whom it has been discussed, and with the co-operation of our correspondents and advertisers will enable us to give our readers a still better paper each week.

As the Eagle will go to press on Thursday morning, all community letters should be in the office Tuesday, and all advertising copy by Wednesday afternoon.

TRIP TO CALIFORNIA

Mr. and Mrs. Oscar Burns and daughter, Evelyn, returned Sunday from San Diego, California, where they spent Christmas with their son, James, who is on the flag ship U. S. S. Concord. They had the pleasure of eating Christmas dinner on board ship and enjoyed a Christmas party and a band concert played by the ship band, of which James is a member.

From San Diego they went to Parker, Ariz., to visit Mrs. Burns brother, W. F. Stephan and family. James accompanied them to Parker and remained with them during their visit there. While in Parker they went to the Boulder Dam. They report a wonderful trip.

MERRY WIVES ENTERTAIN

Members of the Merry Wives Club entertained their husbands and a few guests Friday night in the lovely home of Mr. and Mrs. Walter Fairman, this being an annual custom for many years.

TEXAS GOES GRECIAN

San Jacinto is such a familiar name to most Texans that the origin is almost never considered. The Spanish word "Jacinto" in an Anglicized version is "Hyacinth," which dates back to the ancient Greek myth of Apollo and the youth who was turned into a flower by a stream. The flower-banked San Jacinto River probably reminded the early explorers of this fanciful story.

Losses Caused by Accidents Steadily Increasing

Last year, accidents cost the American people more than THREE BILLION DOLLARS. More than a hundred thousand lives were lost; more than a million persons injured.

35% of all accidents were in homes. Automobile accidents accounted for 34% of the total number of accidents reported to the National Safety Council.

The accidental death rate in the U. S. has increased 15% in the last 10 years. It is going steadily upward.

The need for accident insurance is more urgent now than it has ever been. Everyone is exposed to hazards at home, on streets and highways, and while at work.

BIG VALLEY

The attendance at Sunday
School and BTU Sunday was
small. Let's all make a special
effort to be there next Sunday
and give the New Year a better
start. It is regular preaching
Sunday but Bro. Cundief under-
went an appendicitis operation
in the Lamesa hospital the first
of last week so I don't know what
will be done about preaching
services. We are indeed sorry
about Bro. Cundief's illness and
certainly wish for him a speedy
recovery.

Several cases of flu have been
reported and one of Dan Mc-
Conal's sons has pneumonia.

HEALTH NOTES

Pneumonia is a seasonal dis-
ease, in that the incidence and
mortality is much increased dur-
ing wet, cold weather, accord-
ing to Dr. Geo. W. Cox, State
Health Officer. It is more pre-
valent and serious in towns
where contacts with people are
more common. Pneumonia is al-
ways dangerous but it is espe-
cially so to persons in a run down
condition. This accounts for the
number of cases following illness
with some other diseases.

The germs that cause pneu-
monia are spread by careless
coughers, sneezers, spitters, and
the things that they thus infect.
The first symptoms are usually a
severe chill and fever, a very sick
feeling, a loss of appetite, rapid
breathing, and a heavy sensa-
tion in the chest. Sometimes
coughing brings up blood from
the inflamed lungs. Any of these
signs should be the signal for
going to bed at once and sending
for your doctor.

The familiar rules of the pre-
vention of other respiratory dis-
eases apply to pneumonia. These
rules should become personal
habits and not be put off at
times of prevalence or absence
of disease. Persons should avoid
careless coughers and sneezers,
even if you have to be rude.
Wash your hands thoroughly be-
fore each meal. Keep your hands,
pencils, money and other things
away from your mouth and nose.
Get plenty of fresh air day and
night. Exercise and eat in mod-
eration and wear clothing suit-
able for the weather.

Pneumonia ranks second as a
cause of death in Texas. In 1932
almost six thousand persons died
of this disease. It should be re-
membered that contagious and
infectious diseases cannot be de-
creased or eliminated with out
the cooperation of the people
who are sick with contagious or
infectious disease should be iso-
lated and visited as little as pos-
sible by relatives and friends.

The SNAPSHOT GUILD
NEW YEAR'S RESOLUTIONS

"I resolve, by the magic of lighting, selection, and arrangement, to find the pictures hidden in common things."

LONG tradition demands that
everyone resolve, at the begin-
ning of a new year, to turn over a
new leaf, perhaps several new
leaves. If this is a good idea for ordi-
nary people, it is a still better idea
for us as photographers. Even the
best of us make mistakes that we
could avoid if we would only take a
firm stand—and nothing can help so
much as to work out a code and then
stick to it.

Here, then, is a set of New Year's
Resolutions for Snapshot Guild
members. Check them over and see
which ones apply to you. Add any
others you think of. Then paste the
whole list in your photographic note-
book and abide by it in the twelve-
month ahead:

- This year I resolve—
1. To think always before I shoot.
 2. To remember that a camera has no brain of its own, only an eye, and will only take pictures of the scenes and subjects I put in front of it.
 3. To bear in mind that my pictures to be good must be interesting to other people as well as myself and that to be

interesting a picture must
have a central idea, a pleasing
arrangement and lighting
which is suited to the idea the
picture is to express.

I further resolve—

4. To try to see the "hidden pictures" in everything and to ask myself, not "Is this a good picture subject?" but rather, "How can I, by the magic of lighting and arrangement, bring out the picture or pictures this subject contains?"

5. To experiment with lighting and pictorial arrangement so that my eye will become trained to see the pictures inherent in common things.

6. To study my mistakes and note down what I did that was wrong and remember not to make the same error twice. And I resolve that whenever I make an error, I will try to do the picture over the right way, so that its lesson will be more pointed.

In other words—I resolve to make more and better pictures.
John van Guilder.

MR. JOHN CHARLIE STARK

He is just away. You cannot say
That he is dead; he is just
away.

With a cheery smile and a wave
of the hand,
He has wandered into an un-
known land
And left us dreaming, How very
fair.

It needs must be since he lin-
gers there.
So think of his passing on as
a dream

In love of them as the love of
him.

Think of him still as the same,
and say:
"He is not dead, he is just

Mrs. William Carlisle is im-
proving nicely after a long ill-
ness.

True Economy In Feeds

Buying a feed because of its low cost is NOT true economy. IN FACT, it is just the opposite. A cheap feed produces fewer eggs, injures the hen's health and is consumed much faster than a high grade feed. TRUE ECONOMY is to get the most eggs for the feed dollar and at the same time to protect the health of the hen. MID-TEX EGG MASH contains the proper elements to produce more eggs and keep up your flock's health. Buy MID-TEX and practice true economy in feeds.

Bring us your Poultry, Eggs and Cream. We always pay top market prices. We also carry a complete line of Stock and Dairy Feeds.

TWO MILES OF AMUSEMENT FOR NEW YORK FAIR

NEW YORK—The largest amusement park in the world, with every conceivable safe and respectable entertainment device and show, will be a part of the New York World's Fair exposition. The 280-acre amusement zone is shown above in an artist's sketch made from the architects' plans. It will form a two-mile loop. So modern is the type of construction that the drawing looks "futuristic."

THE PRESIDENT'S MESSAGE

To those who listened by radio to President Roosevelt deliver his message to Congress and to those who have read it in the newspapers the dominant theme of the message is clear. The President will not retreat from his well known objectives of improving the condition of the lowest paid classes of American citizens.

He is the same dynamic speaker, the same practical working idealist. But this year his fiery enthusiasm was not reflected in the applause of Congress. His personal popularity and appeal are still great, and these were reflected in the applause that greeted him on his entrance into the chamber of the House of Representatives in the Capitol, where his historic address was given. The applause that resounded upon the completion of his speech was equally hearty and sincere. But in between when he outlined specific objectives, the applause was light and occasionally definitely missing.

Hard sledding, we predict, is in store for much of the President's remedial legislation, particularly that dealing with the abuses of monopoly. But the Congress is not divided in its support of his recommendations for a strong national defense in these days of troubled international affairs.

The President's repeated assertions that he had no war against business as such and that business was to a great extent law abiding and honest in intent and act, should ease the tension that has existed for the past several months. His request that business cooperate with the government in "improving business" is not likely to meet with great success.

Next to his stand for a strong national defense the most heartily applauded section of the message was the President's demand that farm relief henceforth be designed for insurance before the fact rather than relief after the fact of crop surplus or crop failure.

The message of President Roosevelt's was a compact, carefully planned address. That his proposals will be accepted in toto is too much to believe.

PRESIDENT'S BIRTHDAY CELEBRATIONS

Every county in Texas is now being organized for the crippled children's benefit campaign which will mark President Roosevelt's birthday January 29th.

State Headquarters for the President's Birthday Celebrations have been opened at 1109 Santa Fe Building in Dallas. Jesse H. Jones, of Houston, Chairman of the Reconstruction Finance Corporation, heads the Texas campaign with George Waverly Briggs of Dallas as Vice Chairman. Mr. Briggs is actively directing the work from state headquarters. Mr. Jones has come to Texas from Washington to lead this drive against infantile paralysis and response from all parts of the state to his appeal on behalf of the child victims of this dread disease has become immediate. From hundreds of communities assurances are given that benefit entertainments to aid the National Foundation for Infantile Paralysis will be held January 29th. These entertainments will be in the form of dances, card parties, theatrical presentations or other novel attractions. The benefit program is not strictly limited to a dance, although this form of birthday party seems at present the most popular.

For the first time this year the effort to aid the fight against infantile paralysis and to help the thousands of little cripples left in the wake of epidemics which swept many parts of the United States last summer, is being coordinated by states and counties into a single national

1937 Lynch Record Same as for 1936

The following information concerning lynchings in 1937 has been compiled in the Department of Records and Research of the Tuskegee Institute.

There were 8 persons lynched in 1937, the same number 8 for 1936; 12 less than the number, 20 for 1935; and 7 less than the number 15 for 1934. All of the persons lynched were in the hands of the law; 3 were taken from jails, and 5 from officers of the law outside of jails. Two of the victims were tortured with a blow torch; then one was shot to death and the other was burned to death.

There were 56 instances in which officers of the law prevented lynchings. 5 of these were in Northern States and 51 in Southern States. In 51 of the instances the prisoners were removed or the guards augmented or other precautions taken. In the 5 other instances, armed force was used to repel the would be lynchers. A total of 77 persons, 5 white men and 72 Negroes 2 women and 70 men, were thus saved from death at the hands of mobs.

Of the 8 persons lynched, all were Negroes. The offenses charged were: rape, 1; crime against nature and robbery, 1; murder, 4; wounding officer of the law, 2. The States in which lynchings occurred and the number in each State are as follows: Alabama, 1; Florida, 3; Georgia, 1; Mississippi, 2; Tennessee, 1.

The WEEKLY CONSTITUTIONAL by MAX BERNIS

The President and the Court

How does the President's power of veto compare with the Supreme Court's power to find a law unconstitutional?

Our Constitution gives the President the political and legislative power to veto a bill passed by Congress. This enables him to object to any legislation that he deems unwise, inexpedient or otherwise objectionable.

The Constitutional Convention discussed whether the Supreme Court should have advisory or joint jurisdiction with the President in this power, but rejected the idea. Such power would have associated the judges with the President in dealing extra-judicially on questions of policy. They would have had to consider not only whether laws were constitutional but also whether they were just, wise, safe or expedient. This would have made the Court a legislative and political body as well as simply a judicial body as it now is.

Our Constitution gives the Court no such power but does give it the judicial power to pass upon cases brought before it by litigants. If, when a case is brought into Court, it finds that an act conflicts with our Constitution which is defined as

"the supreme law," the Court so states.

Throughout its history the Court has limited itself to this judicial duty. It has refrained from exercising any legislative or political power

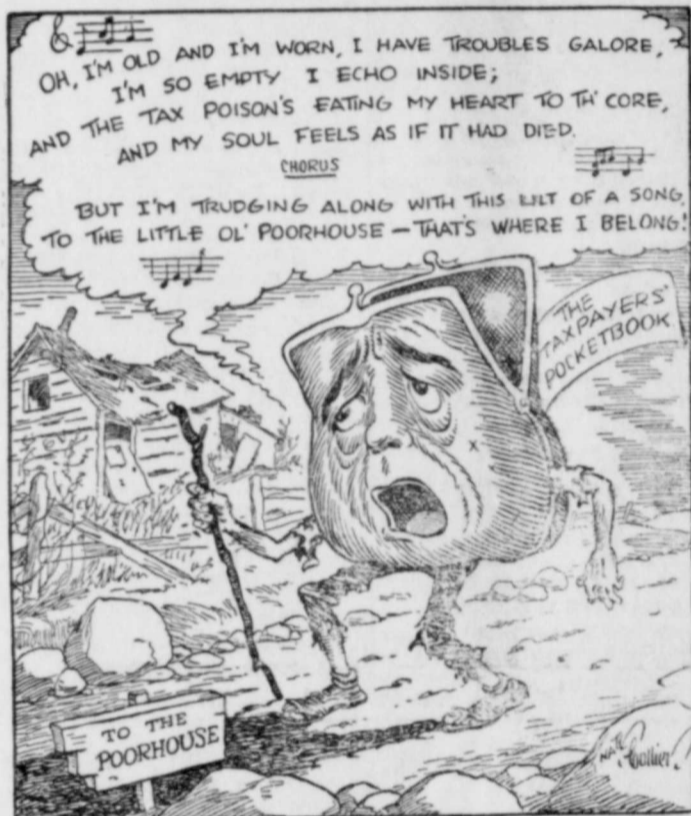

and has rejected attempts of the Congress and the Executive to impose such powers upon it.

Under our Constitution the President has the legislative and political power to veto an act of Congress. But the Supreme Court may not do so. Its power is exclusively judicial. It passes only upon cases brought before it.

MUSHROOMS AND TOWNS

The booming growth of an oil town has become history several times in Texas during the various oil rushes, but the city of Seagraves furnishes a particularly good illustration of the phenomenon. In two months it has jumped from a village of 300 inhabitants to a population of more than 2,000. Over 145 carloads of lumber and building material were unloaded there last month.

DON'T NEGLECT A COLD

RUB soothing, warming Musterole well into your chest and throat. Musterole is NOT just a salve. It's a "counter-irritant" containing good old-fashioned cold remedies: oil of mustard, menthol, camphor and other valuable ingredients. That's why it gets such fine results—better than the old-fashioned mustard plaster. It penetrates, stimulates, warms and soothes, drawing out local congestion and pain. Used by millions for 25 years. Recommended by many doctors and nurses. All druggists. In three strengths: Regular Strength, Children's (mild), and Extra Strong. Tested and approved by Good Housekeeping Bureau, No. 4867.

EVENING THOUGHTS

(Dedicated to the Starks family) He was loving kind and good He joked and laughed a midst us all. By friends and kin adored.

But then there came a sudden day, A day of grief and pain. Affliction came with bitter touch And health he could not gain. We saw him slowly fade away, Like flowers that slowly go Beside the little wayside brooks, When they no longer flow.

And then the time when mortal frame, The strain could stand no more, And Uncle Charlie meekly passed away. Beyond that mistic shore, He scarcely breathed a sigh, And friends and kindred left behind Could only say good-bye.

God's ways, we know are just and right, If we could only see. In grief we meekly bow our heads And say "It had to be."

But in God's great and wonderful plan, Ordained is such to be. Not ours to ask the reason why, 'Tis not for us to see. Ere long our visions will be cleared

In a brighter, future day, And we will fully comprehend When the mists have cleared away.

To Uncle Charley's friends and loving kin, We speak this word of cheer Say, "God knows best," and trust him more, While we are lingering here.

And know that I, while trying to write this simple rhyme, Feel with you in your heavy grief A friendship most sublime.

Oh, that I only had the power to speak in words divine, And soothe your weary, aching hearts, As well as stilling mine. That I could like the Master, Speak to the waves of Galilee, The simple words of "Peace, be still."

Both to yourselves and me. Composed by Thelma Spinks, and sent in by his friends.

Hamilton

Miss Imogene LaGrone, who succeeds Miss Sally Jones as Home Demonstration Agent in Hamilton County, arrived here Wednesday, and is meeting the business people of the town, and making the acquaintance of the folk composing the Court House.

Despite the fact that 5.98 inches or rain have been recorded since the first of December, Hamilton County is still 2.92 inches short of the total yearly rainfall of 29.07 inches, but with skies overcast and more rain predicted for this week, it is likely that the average will be reached.

A man whose name was inseparably linked with that of the little town of Indian Gap has passed on to the glorious reward of a Christian, T. M. Shipman is dead. He had suffered ill health for quite a long time but recently was thought to be improved in condition. He relapsed and dissolution occurred at his home in the vicinity of Indian Gap, on Monday, December 27. His devoted wife and members of his family were at the bedside when the end came.

A life beautiful in spirituality and unselfish service to others was ended on earth when Mrs. John Mark Williams passed away at her home in this city on Wednesday evening December 22, at 7:15 o'clock.

In the late hours of Christmas Day, Miss Lucy Helen Pigg of Hamilton became the bride of Maurice Craig, of Kenosha, Wisconsin, in a ceremony performed by Rev. Edgar M. Wisdom at his home, 1708 Bessie Street, Fort Worth, Texas.

After their marriage the young couple went to San Antonio for a brief stay after which they returned to Hamilton to visit their parents, Mr. and Mrs. G. W. Pigg and Mrs. R. E. Craig and other members of their families and friends before leaving Thursday for their new home in Kenosha, Wisconsin.

Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUI, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated.

Cardul, praised by thousands of women, is well worth trying. Of course, if not benefited, consult a physician.

FIGHTING TUBERCULOSIS

Doing its share to decrease the mortality rate of tuberculosis in the United States, Texas is operating a State Tuberculosis Sanatorium, located 16 miles northwest of San Angelo in Tom Green County. Stationed on a \$2,000,000 state-owned campus, the sanatorium has 16 patients' dormitories with a capacity of 865 beds. There are two dozen or more maintenance and supply buildings.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)
