

THE GOLDTHWAITE EAGLE

GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, MARCH 11, 1938.

NUMBER TWENTY-ONE

Mullin 4-H-FFA Fair a Great Success

The Mills County Boxing Tournament was held in the auditorium last Saturday evening, marking the end of a three-night Mills County 4-H Club and FFA show. The tournament was the first of its kind ever held in Mills County. The preliminary program for the boxing tournament was held on Saturday evening, March 2, and the finals were held on Sunday, March 3. The Mills County 4-H Club and FFA Educational program was a success. The Goldthwaite FFA furnished music, while the Mills County 4-H Club entered a contest in one-act plays. Duren school won first Dallas and Big Valley school won second place in this contest. W. P. Weaver was principal speaker of the fair.

Auction Sale Held at Fair

The auction sale held at 2 p. m. at which time FFA and 4-H Club calves were sold was a huge success, especially from the standpoint of the boys. Following is a list of club boys who sold animals, the names of the buyers, the weights of the respective animals, and the selling price of each:

Ernest Lynn Fisher—Nored Hutchings Com. Co.—743—\$9.50.
Herbert Faulkner—Piggly-Wiggly, Goldthwaite—679—\$9.25.
Wilbur Hill—Wilbur Fairman, Goldthwaite—806—\$10.50.
Pete Harper—E. A. Duren—752—\$9.50.
Elvis Hollis—Kelly Saylor—825—\$10.50.
Max Cooksey—Geo. Flecher—755—\$10.00.
Pete Tieman—E. A. Kemp—796—\$9.00.
Carl Jeske—Hobart Priddy—660—\$8.00.
Tom Cooksey—Wilbur Fairman—660—\$11.00.
Norman Duren—Abernathy Com. Co.—864—\$10.50.
Raymond Wilcox—Oscar Holland—679—\$9.00.
Myrtle Shrank—C. Locklear—558—\$9.50.
Melvin Schwartz—Estelle Com. Co.—1 Hog—185—\$9.00.
Arthur Schuman—Cap Gray Com. Co.—1 Hog—248—\$8.50.
Bill Cooksey—Cap Gray Com. Co.—1 Lamb—70—\$10.00.

Causes for Failures In School

When students fail at school, there is usually something which could be done and should be done to eliminate more failures. Failures are not always the student's fault. Often physical defects, which parents are not aware of, keep students from studying. Some times students need more encouragement at home, absence from school has a lot to do with failures.

Boys and girls who attend school regularly and make an honest effort to pass, never fail. If your boy or girl fails, consult the teacher, encourage your child, find the cause for failure. The facts below were taken from the 91 students, that made up my three science classes last year.

Experiments and tests were made testing eyes, teeth, and weight in relation to age, height and physical type.

I have made a correlation of these statistics with grades made by the students.

49 students out of the 91, weight correct.

37 under weight.
Five over weight.
25 out of 91 had perfect eyes.

Grades made these 25: 13 A's, 11 B's and 1 C.

68 students had weak eyes, 3 of the 68, blind in one eye.

37 out of the 91, had perfect teeth.

54 had something wrong with the teeth.

Three percent of these 91 students failed, all had weak eyes, bad teeth, or were over or under weight.

You can see from these statistics that physical defects must have some effect on the efficiency of students school work.

S. E. CLONINGER

P.-T. A. Report

The P.-T. A. had its regular meeting Tuesday, March 8. An entertaining program was presented by the Goldthwaite School Band and a group of high school students.

Hostesses were the seventh grade mothers, who served delicious punch and cookies. Reporter

School Trustees to be Elected Saturday, April 2.

The first Saturday in April, April 2, is the date on which the school trustee elections will be held throughout the state. In Mills County this year, there will be no trustees-at-large elected in the county, but county trustees will be elected in precincts 1, 2 and 4. No county trustees will be elected in precinct 3 this year.

March 22 is the last date for candidates to file, according to Judge R. J. Gerald.

Large Crowd Present For Dedication

An estimated crowd of well over a 1,000 individuals jammed Mullin Auditorium-Gym, Thursday evening, March 3, for the dedication program. A very appropriate and interesting program was rendered. Bands from Star and Comanche furnished the music. Mrs. Grady Peter's expression and tap dance students gave an interesting variety program. Dr. George W. Hester of Southwestern University was the principal speaker.

Seated on the platform were the following members of the Board of Trustees of the Mullin High School: S. J. Casey, secretary, who was principal spokesman for the School Board; D. A. Hamilton, A. L. Carroll, O. H. Pafford, A. T. Bean, and W. B. Black. President Dr. R. H. Jones was not present due to illness in his family. Visiting superintendents present were B. J. Burton, Williamson County Schools; A. H. Smith, Goldthwaite; S. J. Arm strong, Star; and Oscar Swindle, Priddy.

Petition is Filed for Vote on Dog Law

When Commissioners Court meets next Monday, the commissioners will find awaiting their approval a petition signed by 117 certified tax payers of Mills County, asking for a county-wide election on the new dog law. This number of signers makes it mandatory for the court to call the election.

The petition was circulated by T. J. Hufstutler who has been one of the heavy losers of sheep killed by dogs running at large. Mr. Hufstutler and his neighbor, E. J. Ward, have each lost more than 60 sheep killed by dogs since February 1.

A reward of \$50 was offered by Mr. Hufstutler for anyone who would kill a German police dog who was seen killing his sheep. The offer brought a number of hunters and trappers to his pasture, but the dog was too smart for them. He at first refused to be baited, but after the sheep had been kept out of his reach several nights, he took the poison and died.

R. L. Rose of Lometa earned a \$25 reward from Mr. Hufstutler for killing a black, female bull dog which had also been seen in the sheep. Rose shot the dog with a 30-30 rifle at 270 yards.

Several other dogs in this vicinity have been destroyed by their owners in an effort to end the slaughter of the sheep, but Mr. Ward states that he lost several sheep last Saturday night.

The dogs attacked the Ward sheep which were mostly grown muttoms, by gnawing out the hams and leaving the poor animals to bleed to death. The Hufstutler sheep killed, were yearling lambs, and the dogs tore out their hearts and livers.

The dog law, if approved by the voters, will require all dogs to be muzzled over night and will levy a \$100 fine and a jail sentence on dog owners who allow their dogs to run at large without muzzles. It was passed at the last session of the legislature by request of sheep owners, but does not become effective in a county until approved by the voters.

Interscholastic League Meet to Be Held in Goldthwaite Friday - Saturday March 18 - 19

Auto Licenses Selling Slowly

Only about 60 automobile licenses have been issued from the office of Sheriff and Tax Collector Hern Harris, he stated Wednesday. This means that about 1,350 remain to be issued, and the month is one-third gone. Those who wait until April to pay will find a penalty of 20 per cent assessed against them, so there is a saving of money as well as time in not putting the matter off.

Owners whose cars were licensed in some other county last year must bring their 1937 license with them, Sheriff Harris stated, and he added that it would be appreciated if all owners would bring their last year's license when they come for their 1938 tags.

The new passenger car tags are white with black numerals. They are noticeably larger than those now in use. Prices are the same as in previous years.

Citizens to Plan County Fair for Next Year

W. P. Weaver, County Agent, is calling representative citizens from each community to meet in his office March 14, at 7:30 p. m. to plan the 1939 FFA and 4-H Club project show, and to discuss the advisability of making it an annual and county-wide affair.

Trustee Election Information

Most of the election supplies for trustee elections on Saturday, April 2, have been distributed to school officials. All schools in the county will hold elections for local trustee. Common schools with a board of three members will elect one new member. Common districts with a board of seven members will elect either two or three new members.

Commissioner's Precincts 1, 2, and 4 will elect County Board members. There will be no election for county trustees at large and none in Commissioner's Precinct 3, as these elections were held in 1937.

Under the law, all nominations for trustee must be filed in the office of the County Judge by March 22. Any individual may have his name printed on the ballot by filing a personal request with the County Judge. Any five citizens may have a name printed on the ballot by filing a written request with the County Judge. No names can be placed on the ballot after March 22.

Methodist Church

Next Sunday is "Family Day" at our church. May we urge that every family be present, and that every member of every family, that belong to our church and who are here in Goldthwaite be present with us Sunday, for the services. We have been attaining our attendance goals every Sunday. Lets go way "over the top" Sunday.

Let us see how many of the families of our church will be present. We deeply appreciate your faithfulness in the past.

For our night service we will have the Mens' Choir. Let every man who likes to sing, occupy a place in the choir. The regular services are: Morning Services at 10:50 a. m. Evening Services at 7:15 p. m. Church School at 9:45 a. m. Epworth League Meeting at 6:15 p. m.

Come to all the services and bring your neighbors and friends. FRED J. BRUCKS, Pastor

Cotton Referendum Date Set

March 12, has been set aside as a Referendum day on the Cotton Marketing Quota. A Cotton Marketing Quota can be established only by a two-thirds favorable vote of the cotton farmers. The true will of the cotton farmers can be expressed only if practically all of the cotton producers vote.

The Referendum will be in charge of the County Committee. Each voting place will be supervised by three local farmers who have been appointed by the County Committee.

The following places have been designated for the convenience of the voters in voting March 12, 1938: Goldthwaite, Priddy, Mullin, Star, Caradan, and Ebony.

The polls will be opened at 9 a. m. and will close at 7 p. m. Each producer who grew cotton in 1937 will be entitled to cast one vote.

Landlords of farms which produced cotton in 1937 are also entitled to vote. The Marketing Quota for cotton, if established, applies only to 1938. Every cotton producer is urged to go to one of these places and cast a vote, either for or against the Marketing Quota.

W. P. WEAVER, County Agent.

FARMERS TO VOTE MARCH 12

March 12 is likely to make rural history in the Cotton Belt. On that day some two million cotton farmers from Texas to South Carolina will have opportunity to cast their secret ballots for or against marketing control quotas affecting their crop next fall. Along with tobacco growers these producers of cotton are asked to take part in a South-wide referendum which is to settle the question of whether sales of cotton and tobacco are to be subject of Government regulation. The Agricultural Adjustment Act of 1938 provides that the enforcement of marketing quotas depends upon the vote of producers. Polls will open at 9 a. m. and will remain open until 7 p. m. Every cotton farmer in Texas will be given opportunity to cast his vote as to what he may deem is best for him. The result is likely to be momentous in agricultural history of this country.

The law provides that if one-third or more farmers should vote against marketing quotas for cotton or tobacco then the contemplated restrictions cannot come into effect. But in the event that the farm vote is favorable to Federal marketing control cotton farmers are subject to a fine of 2c a pound during this season for all excess cotton sold by them in violation of the law. In subsequent years the penalty will be 3c a pound. Later in the season farmers will be called upon to cast their votes in favor of or against corn, wheat and rice marketing quotas. Only small areas in Texas will be affected by rice quotas and none by tobacco regulations.—Dallas News.

Baptist Pastor Welcomed

The new pastor of the Baptist Church, Rev. E. E. Dawson has moved his family here and preached at both services last Sunday.

He and his family have received a cordial welcome to our city as was evidenced by the large congregation which greeted him at each service.

Rev. F. J. Brucks dismissed the evening services of the Methodist Church as a courtesy to Rev. Dawson.

Rev. Dawson came from Hico, where he has been pastor of the Baptist Church for several years. He has formally held some of the largest churches in Texas.

Mills County Boxing Tournament Finals

On Saturday evening, March 5, in the new Mullin Auditorium Gymnasium the preliminaries for the first county-wide boxing tournament ever held in Mills County was witnessed.

The building was crowded to capacity, with the boxing ring being an elevated platform in the center of the building. The boxing program was a good one, and the fans were treated to their money's worth. On next Saturday evening the finals in the tournament will be held, at which time winners in the respective divisions will be announced and awards made. A ten-bout program is being planned for Saturday evening.

Poll Taxes Paid Shown by Precincts

Mills County has 1,997 qualified voters for this year's elections who have paid their poll taxes. There are 53 exemptions, chiefly those coming of age after January 1, 1937, and an undetermined number of voters who are over poll tax paying age. Two years ago, there were 1,995 poll taxes paid and 69 exemptions issued.

Poll taxes by voting precincts are as follows:

1. Goldthwaite	301
2. Nabors Creek	11
3. Scallorn	41
4. Center City	123
5. Payne	65
6. Star	90
7. Caradan	39
8. Mullin	312
9. Fisher	55
10. Priddy	214
11. Big Valley	65
12. Rock Springs	42
13. Ratler	14
14. Regency	25
15. Ebony	72
16. Ridge	39
17. Rye Valley	20
18. Mount Olive	27
19. Goldthwaite	327
20. Pompey Creek	65
TOTAL	1997
Exemptions	69

Car Hits Horse Horse Lands in Car And No One Hurt

When a light sedan struck an 1,100-pound horse on the highway near here at 3 a. m. Sunday the horse was thrown into the air and landed squarely on top of the sedan. He crashed through the top and lay with his head on the back seat, C. C. Renfro of Temple, driver of the car, and his wife and two children received only a few scratches and minor bruises. The car was badly wrecked and had to be turned on its side to unload the horse which had been instantly killed. The travelers were on their way to Ballinger to visit relatives who were in a hospital with injuries received in a car wreck.

John G. Berry, state highway department section foreman, was called to the wreck and helped unload the horse from the car.

He found the horse lying on its side his head and shoulders on the back seat, his hind feet sticking out of the front left window, and his tail against the right side of the shattered windshield.

How the four occupants of the car escaped serious injury seems beyond explanation.

Bill Jernigan, also of Temple, is the owner of the car. He and Renfro are employees of the Temple Seat Co., and Renfro helped install the seats in the Methodist Church several years ago.

The biggest event of the school year—the Interscholastic League County meet—will be held at the Goldthwaite school next Friday and Saturday, March 18 and 19. The track and field events Saturday afternoon will be held on the City Water Works lot in the northeast part of town.

Schools throughout the county have been preparing for the meet since Christmas, and many hotly contested events are anticipated. The official program is as follows:

Friday
9:30 to 2:30—Playground ball, all divisions, H. S. Grounds.
1:00—Volley ball, H. S. Grounds.

2:30—Spelling, all divisions.
Grades 3, 4, and 5, all classes, room 100, high school. Grades 6 and 7, all classes, room 200, H. S. Grades 8 and above, room 201, H. S.

2:30—Essay Writing, all classes room 8, Grammar School.
2:30—Story Telling, Grammar School Auditorium.

3:00 Rhythm Band Demonstration. No contest. Each school invited to bring a band and play for exhibition only.

7:00—Debate, Grammar School Auditorium.

Saturday
9:30—Drawing for Tennis Games, room 201, H. S. Extemporaneous Declamation, Grammar School Auditorium. Music Memory, room 7 Grammar School.

11:00—Junior Declamation, Grammar School Auditorium.
12:30—Arithmetic, room 2, Grammar School.

1:00—Choral Singing, Grammar School Auditorium. Rural Penthalon, room 7 Grammar School. 3-R Contest, room 6, Grammar School.

2:00—Track and Field, Junior and Senior, Water Works Lot.

Winners in Contests

As a result of the public speaking elimination contests held this week the following pupils will represent the Goldthwaite Schools in the County Meet to be held next week.

Boys' Extemporaneous Speaking—Lester Moreland.
Girls' Extemporaneous Speaking—Oleta Henry.

Senior Girls' Declamation—Mamie Lou Womack.
Senior Boys' Declamation—Aubrey Smith.

Junior Girls' Declamation—Lollie Obenhaus.
Junior Boys' Declamation—Floyd Sansom.

Grammar School Girls' Declamation—Mary Ann Miller.
Grammar School Boys' Declamations—Pat Bohannon.

Eliminations in Debate had been held prior to this week with the following results:

Boys' team—Lawrence Stokes and John Bowman.
Girls' team—Thelma Henry and Gloria Armstrong.

The Trent State Bank

No business too large for us to handle, none too small to receive every courtesy and attention.

Goldthwaite, Texas

Big Valley

By Miss Flora Weaver

Looks as if the weather man has decided to let us have spring weather again. Seems like it is really hard for him to make up his mind exactly which is the best, winter or spring. Any way most everybody have planted their gardens in hope of warm weather.

Ina Bea Hale spent Wednesday night with Mrs. John Parker and Anna Jean spent the night with Mrs. Connie Knowles of Bulls Creek.

Seems that this place was well represented at the Mullin Fair Friday and Saturday. Everyone reported a good time and lots of nice exhibits.

Thelma Reagan accompanied Lorean Shotwell to the fair Friday afternoon and spent the night with her.

Mrs. J. J. Cockrell and son went to Kerrville Wednesday for fruit trees.

Mr. and Mrs. Albert Sykes and daughters of Winters visited in the F. O. Sykes and C. S. Miller homes Saturday.

Mesdames George and Robert Robertson spent Sunday afternoon with Mrs. T. Robertson of Rock Springs. Roberta visited with Billy Ruth Daniels.

Mr. and Mrs. Connie Knowles were Sunday afternoon visitors in the J. H. Hale home. Lorean Shotwell went home with them for a short visit.

Mrs. J. J. Cockrell made a visit to Mrs. A. T. Sellers and daughters Sunday afternoon.

Prof. Robt. Weaver of Waco was working in his fruit Orchard Saturday.

Veseva Sellers spent Sunday with Miss Manning.

Mr. and Mrs. Griff McConal and sons of Kermit made a brief visit in the Wm. McConal and J. J. Cockrell homes Thursday.

Mr. and Mrs. Hugh Smith visited with the Colvins Sunday night.

Mr. and Mrs. Homer Weaver and children Mrs. Liva Weaver and Flora called in the Robert

Wool Bring 23c At San Angelo

Approximately 150,000 pounds of the better than 400,000 pounds of wool offered at sealed bid sale were sold Wednesday by two San Angelo warehouses. The sale representing four clips stored at the Joe B. Blakeney Wool Warehouse.

Included in the lot sold was the Elm Cattle Co. clip of 26,000 pounds which sold to L. M. Murphy of Elsemann, Inc., for 21 7-8 cents a pound and 20,000 pounds belonging to Mrs. James McIntyre of Sterling City which sold for 23 1-8 cents a pound to A. S. Baker for Walker & Co. Currie Brothers of Garden City sold 76,000 pounds to Enslie Oglesby for Hills & Oglesby at 21 1-8 cents. John Allison, with Adams & Leland, paid 21 1-2 cents a pound for a carload of wool stored with Blakeney by Snyder of Blaird.

Guy Burton with Fort, Dupee, & Sawyer, purchased two lots of clippings one of 15,000 pounds from Canning & Wimberly and the accumulation at the San Angelo Wool Co., paying a dime a pound.

Vaughan Brothers, buying for E. R. Greenwood, paid 18 cents a pound for a car of mutton wool out of the Lampasas territory.

J. Miles O'Daniel, secretary of the Wool Growers' Central Storage Co., at San Angelo, sold the Wool Growers' entire clip of mohair to Munro, Kincaid, Edgehill, Inc., Inc., and 46 cents for the kid hair. Recent sales have been at 30 and 40 cents a pound. There are 44,000 pounds of adult hair included in the sale and 11,000 pounds of kid hair.—San Angelo Standard.

Robertson home Sunday afternoon.

Mr. and Mrs. Ishmeal Long and son visited in the Hale home Sunday afternoon.

There was a good attendance at Sunday School Sunday morning and a fairly good one at BTU. Lets all remember that Saturday night is church night.

Statement of Senator Tom Connally Concerning Proposed Cotton Laboratory

The recently enacted farm bill provides for the establishment of four regional research agricultural laboratories. The function of such laboratories is to conduct research into and to develop new scientific chemical and technical uses and new and extended markets and outlets for farm commodities and products and by-products thereof. One of these laboratories is to be located in the cotton region. A federal appropriation of one million dollars is authorized for the establishment of each laboratory.

Texas, by all means, should be the site of the cotton research laboratory. However, other cotton states will, no doubt, make a determined fight for its location. While the act does not require any financial participation by the state in which located, the act does provide that the Secretary of Agriculture is authorized to acquire land and interests therein and to accept in the name of the United States donations of any property, real and personal, to any laboratory established pursuant to the act and to utilize voluntary uncompensated services at such laboratories.

There is wide-spread interest throughout Texas in behalf of the location of such a laboratory in our state. Cotton producers and the cotton industry generally have, for a considerable period, indicated a vital interest in this project. Texas is the largest cotton producing state. It is more directly interested in cotton exports than any other state since 90 per cent of the cotton produced in Texas is normally exported. The establishment of such a laboratory in Texas would be of immeasurable benefit to all of the people and industries of the state. Co-operation with the Agricultural and Mechanical College of Texas and other institutions devoted to agriculture would insure outstanding service to the people of the United States through the agency of such a laboratory.

I desire to urge that organizations of Texas, Chambers of Commerce, the Agricultural and Mechanical College, and farm associations co-operate actively with each other in a movement to bring the location of the cotton laboratory to Texas. Pertinent data, the proposal of a site or location, and all related matters will be of tremendous value in presenting this matter to the Secretary of Agriculture that Texas expects and desires the location of the laboratory in our state. The Texas delegation in Congress will actively and aggressively press the matter before the Secretary. It is hoped that their efforts will relieve the hearty co-operation and the support of our people.

The Eagle is glad to note that

Don't put up with useless PAIN Get rid of it

When functional pains of menstruation are severe, take CARDUL. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardul and see whether it will help you, as thousands of women have said it helped them. Besides easing certain pains, Cardul aids in building up the whole system by helping women to get more strength from their food.

Mt. Olive P.-T. A.

Friday, February 18, was our regular day to meet, but due to the inclement weather, we did not meet until Friday night, Feb. 25.

Mrs. T. J. Burks, president, discussed some business matters and a very amusing play was rendered. The title was "Aaron Slick from Pumpkin Creek." The leading stars were Miss Tiemann and Olan Kemp.

A large crowd attended. The next regular meeting time will be Friday night, March 18. A three-act play, "Aunt Cindy Cleans Up," will be presented, if the weather permits. Everyone is cordially invited to attend.—Reporter.

our section of West Texas is being recognized by the establishment of the station at Brownwood mentioned in the following item:

A contract signed this week by the U. S. Department of Agriculture and the City of Brownwood provides authority for Brown County's next step as agricultural leader of this section—establishment of a fruit tree experimental station in conjunction with the pecan station on the Comanche cut-off road. The pecan station has been in operation here since 1931.

Under the agreement the city will continue to furnish a 100-acre tract on which the pecan station is located and will furnish an additional 26.93-acre adjoining tract for the fruit tree station. The city will also erect a \$10,000 office and laboratory building.

Tribute Paid Vangie Kauhs, Local Nurse

Long-time friends and mere acquaintances filled the First Methodist Church Monday at 2 o'clock to pay solemn tribute to Miss Vangie Kauhs, well-known local nurse, who died Saturday night from general toxemia from an infection.

The Rev. J. B. McReynolds, Methodist minister, and the Rev. J. N. Hunt, pastor of the First Baptist Church, officiated at the services.

The flower be-decked bier and numerous other floral remembrances attested to the many friends Miss Kauhs had made since coming to Borger in 1926. After services the body was taken to Plainview, where it was met by a funeral director from Goldthwaite, home of Miss Kauhs.

Last rites were held at the family home in Goldthwaite Tuesday afternoon at 4 o'clock interment was in that city's cemetery. Pallbearers included Dr. W. W. Brooks, Dr. A. F. Hansen, Dr. Larry Hansen, Dr. H. G. Wallace, Dr. M. M. Stephens and Dr. L. M. Draper.

Flower girls were Gayle Allen, Mrs. Brian Hooks, Miss Elizabeth Shanks, Mrs. Ella Northcutt, Mrs. Jack Katsh, Mrs. Mark Cullen, Mrs. Willa Mae Dudley, Mrs. Don Hardesty, Mrs. Babe Stewart, Mrs. G. V. Moss, Mrs. George Self, and Mrs. Waldo Beckley.

Honorary pallbearers were Perry Northcutt, Carl McCaslin, Carl Moulden, Milburn Smith, Brian Hooks, Walter Allen Hooks of Waco, Texas; Wallace Hooks,

Kimsey Davis, Jack Katsh, Mark Cullen, L. M. Davis, G. H. Whitlock, Barney Andrews, Lester Wiles, Charles Case, William Peetry, Harlan Dillon, Young McCollum, G. V. Moss.

Walter David, H. W. Price, Bill Spivey, A. M. Minton, Ray Miller, E. C. Carver, Paul Carver, Lloyd McCann, "Blondy" Hawks, Wade Furr, Jack Cabbell, Wayne O'keefe, J. C. Knowles, Kenneth Rhodes, George Self, J. R. Phillips, Truel Stimpson and Carey Baker.

Barnes & McCulloch Everything to Build Anything

There's One BEST Way To do Everything

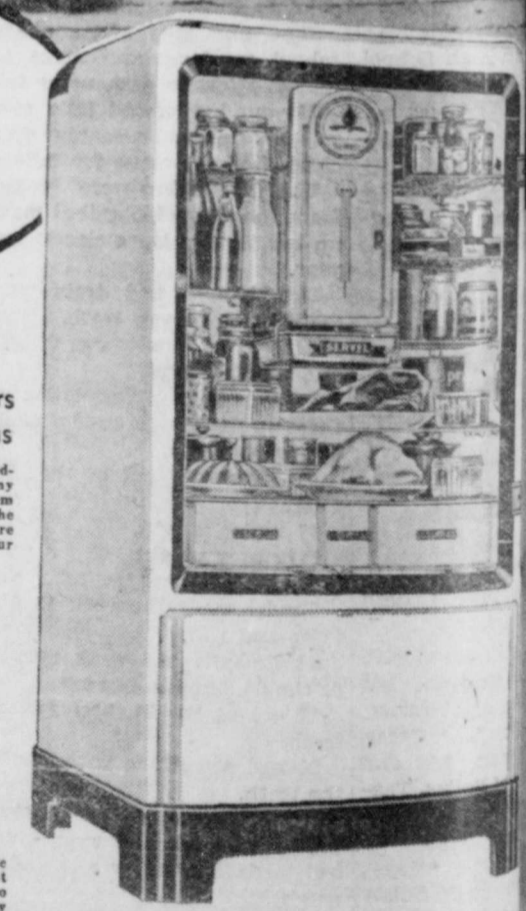

There are as many different ways to protect food from spoilage as there are to dress a baby. Many different refrigerators—and one BEST.

Some have just a FEW moving parts (to wear out)—Serval Electrolux, the Gas or Kerosene refrigerator, has NONE.
Some are quiet (while new)—Serval Electrolux is SILENT—forever!
Some are "economical"—Serval Electrolux operates for as little as 3 cents per day!
Most all provide some ice cubes—Serval Electrolux provides TWICE the average family's daily need.
Some have flexible rubber ice-tray grids—Serval Electrolux has flexible STAINLESS STEEL. Just a flip of the thumb, and out come the ice cubes.
Some get the cabinet interior cold WHILE RUNNING—Serval Electrolux keeps the interior always in the safety zone—steady, CONSTANT COLD.

Some have well-built cabinets—Serval Electrolux has outer shell of one-piece seamless steel—a cabinet built to last through the years, finished in lustrous Newton, that becomes whiter with age.
Serval Electrolux gives you a new KIND of refrigerator, because it is a different kind of refrigerator. Completely different in the way it operates, the way it protects your family's health, the way it saves. Serval Electrolux actually MORE THAN PAYS FOR ITSELF. Why not start it paying for itself, in your home—NOW?

MRS. J. L. BRANCH

★ Praise From Owners All Over West Texas
I have sold enough milk products alone, thanks to the way my Serval Electrolux keeps them sweet, to more than make the payments on it. It supplies more than enough ice cubes for our family of five, and we have frozen desserts any time we want them. I can plan my meals two weeks in advance and buy my food on specials, knowing they will keep fresh in our Serval Electrolux refrigerator. Yet the cost of operation is so low we scarcely notice the difference in our gas bill. It is easy to clean, inside and out. We feel that money invested in our Serval Electrolux is well used, because it more than pays for itself.

MRS. J. L. BRANCH, Mesquite, Texas.

The Texas State Department of Health and the Fire Insurance Department will jointly sponsor this week in Texas.

ENGRAVED CARDS

The Eagle has on hand, now, a beautiful line of samples of engraved cards. Wedding invitation, and announcements.

More reasonable than ever before. Be sure to see them before sending off your order.

Sore Mouth Vaccine. Hudson Bros.

Pioneer Texan is Claimed by Death

Funeral services were conducted Wednesday at Locker, for G. B. Stark, pioneer citizen of Texas. Mr. Stark, who was 84 years of age, died Feb. 28, in the home of his daughter, Mrs. Hetta Coffey, at Locker. The Rev. W. T. Sparkman of Locker conducted the funeral rites and burial was in Locker cemetery beside his wife, Mrs. Carrie Bell Stark, who died in 1917.

Mr. Stark was born November 1, 1835, in Vigo County Indiana, and received his education in Terra Haute, Indiana. He married Miss Carrie Bell Trueblood in 1881 in Olney, Ill., and left immediately for Texas in a covered wagon caravan, which included his brother, Dr. O. P. Stark deceased, and family. He settled in Lampasas County and taught school there and in Llano County for 16 years. From there he moved to Mills County and engaged in the farming and ranching business, until he was elected County Clerk in 1900. He served in that capacity for several years. In 1905 he moved to San Saba County where he again took up farming and ranching, until he retired in 1917 and moved to Brownwood, where he made his home.

During the past few years he devoted most of his time to watching the development of athletics in the two colleges and high school, being especially interested in football.

NEWSPAPER FACTS

It's another language that printers use. For instance, "feeding the press" means placing paper in position to be printed. "Forms" are chases holding one page of type. To even up the columns, the printer "leads"—inserts pieces ("slugs") of lead between lines of type. He locks the form by tightening the sides of the chases. Since type metal can be re-used, type is "thrown back" into a so-called "hell box" to be gathered and melted over. "Make-up" is fixing the position of each news story on the type page.

SANTA FE'S INCOME

Santa Fe's net railway operating income for January resulted in a deficit of \$866,641, according to a statement released by President S. T. Bledsoe today.

This is a decrease of \$2,033,009 under January of last year. Gross for the system was \$11,124,601, a decrease under January of 1937 of \$1,837,434 or 14.18 per cent.

Operating expenses for the month of January were \$10,592,695, an increase of \$86,405 or .82 over the same month of 1937.

Railway tax accruals were \$1,286,510 an increase for the month of \$42,452 or 3.41 per cent. Accruals under the carriers taxing and social security acts for the month were \$378,965.

Blue Bonnet Club

The regular meeting of the Blue Bonnet Club was held in the home of Mrs. Cicero Warren Tuesday, March 1.

The afternoon was spent in having a good time and in quilting on a string quilt.

Our guests were Mrs. Will Burks and Mrs. Fred Reynolds. We enjoyed having them.

Our hostess assisted by Mrs. Burthel Roberts, served delicious cake, fruit and hot chocolate.

At a late hour we adjourned, to meet with Mrs. Burthel Roberts March 15.—Reporter.

R X CONFIDENCE

A Tribute to Our Druggists

In Goldthwaite, two high class drug stores supply the needs of our citizens. They are a credit to the community. No other profession carries a greater responsibility. They hold the health of children and adults in their capable hands. Goldthwaite has genuine confidence in its druggists.

These druggists are our friends. They rely on us for much of their printing, and their orders constitute one of the cornerstones of our business. With them and other leading business institutions we face forward with confidence in this community's possibilities.

Those who visited in the Ed Randles home Sunday were: Mr. and Mrs. John Harmon, Grandpa Randles, and Mrs. Jenny Harmon.

Mr. and Mrs. A. D. Baker and daughter and Alvin Baker of Ranger, visited Mr. and Mrs. Cecil Bryan Saturday.

Mr. and Mrs. J. H. Brown spent Sunday afternoon in the Julius Kauhs home.

The Jolly Chatter Club meets Thursday afternoon with Mrs. Charles Simpson.

Vernard Samples, of Waco, spent Sunday with his grandparents, Mr. and Mrs. J. D. Bryan.

Art and Civic Club

"Texas Day" was observed by the Art and Civic Club in its regular meeting on March 3, when Mrs. W. G. Saylor was hostess to members and Mrs. Walter Fairman, guest.

After interesting responses to roll call, Mrs. John Schooler, leader of the afternoon's program on "Texas of Today," introduced Hon. Penrose Metcalfe, as guest speaker. Being a native of Tom Green County, Texas, and well informed on the wonders of this great state, he was able to bring an address filled with many valuable facts.

Among the high points touched upon were the great educational system and institutions, the remarkable improvements on the highways, and the varied resources and industries.

Mr. Metcalfe's pride at the present time is in serving his district of this vast state as representative. The club is deeply indebted to him for his presence and counts it a privilege to have heard him.

A medley of Texas songs played on the accordion by Aubrey Smith was enjoyed.

As a closing number, "Texas, Our Texas," was sung in unison.

Mrs. Saylor served brick cream topped with whipped cream and strawberries, and individual cakes bearing a lone star emblem.—Reporter.

Cakes, Pies and Dough Nuts, Bill's Cafe

Scallorn

By Mrs. Cora Ford

Mrs. Lila Crawford from Stephenville spent several days last week with home folks.

Mr. and Mrs. C. H. Horton spent one day last week in the R. D. Evans home.

Mr. Holland and family, from Belton, spent Sunday with her daughter, Mrs. Fred Wittenburg.

SOCIETY and CLUBS

Entertained With Bridge Dinner

The Saint Patrick motif was cleverly carried out in all game appointments and decorations, when Mr. and Mrs. S. E. Cloninger and Mr. and Mrs. A. L. Whittaker entertained Monday evening with a bridge dinner at the Whittaker home.

The two-course dinner was served buffet style from the dining room table which was laid with a lace cloth over green and centered with a crystal bowl of sweet peas surrounded with geraniums.

The trophy for high score for the women was presented Miss Mary Helen Cockrum, and for the men to Ed Gilliam. Miss Cockrum received silk hose and Mr. Gilliam a tie.

The guest list included Messers and Mesdames, Raymond Little, Walter Fairman, Kelly Saylor, Paul McCullough, D. A. Trent, Tom Toland, Ed Gilliam, Owen Clements, Maston Pribble, Marvin Hodges, V. C. Bradford, Chas. Ragland, C. M. Burch, Miss Mary Helen Cockrum and Gene Dickerson.

It is not every idea that works out as it is originally planned. But if one fails to succeed there is no reason to assume that all others will fail.

Complimented With Bridge Party

Mrs. Walter Summy and Miss Billy Weatherby entertained with bridge at the Weatherby home on last Saturday afternoon, honoring Mrs. Owen Clements a recent bride.

The spacious game rooms were attractively decorated in early spring flowers.

At the conclusion of the games Miss Lucille Conroe was presented with high score prize. An attractive gift was also presented the honoree.

Delectable refreshments were served to the following guests:

Mesdames, Owen Clements, Earl Clements, W. W. Wilkerson, Rufus McKinney, D. A. Trent, Walter Fairman, Ed Gilliam, Raymond Little, Marvin Hodges, Paul McCullough, Kelly Saylor, W. G. Saylor, A. Hudson, M. T. Pribble, V. C. Bradford, Jim Weatherby and Miss Lucille Conroe.

Afternoon Bridge Party

Mrs. T. C. Graves entertained a number of friends at her home on Wednesday afternoon from 3 to 5 o'clock with a bridge party.

The high score trophy was awarded to Mrs. Rufus McKinney, and the high cut favor went to Miss Lucille Conroe.

Russian tea was served with sandwiches and chiffon pie.

Self Culture Club

Mrs. O. H. Yarborough opened her attractive home to the members of the Self Culture Club and a few guests on Thursday.

A brief business session was presided over by the president, Mrs. J. A. Palmer.

The program for the afternoon was a review, by Mrs. Walters Hester, of "The Citadel," by A. J. Cronin. The setting of this book is in England and it is the story of an English Doctor. Mrs. Hester was at her best and held her listeners spell bound through the entire review.

At the close of the program Mrs. Yarborough was assisted at the beautifully appointed tea table by Mrs. J. A. Hester.

Besides the club members, the following guests enjoyed this most gracious hospitality, Mesdames, Walter Fairman, W. G. Saylor, M. Y. Stokes, Jr., J. C. Mullan and Mrs. Bruce Hannah, of Corpus Christi.

Health Program

Dr. R. B. Wolford of Mineral Wells, sent out by the State Health Department, will lecture here next Tuesday afternoon in the school auditorium at 4 p. m. Everybody is urged to attend, that they may take advantage of this splendid lecture on "How to Prevent Sickness and Avoid Contagious Diseases Among School Children."

Texas Press News Issues Second Issue

With the February issue of the Texas Press News, this newsy and enterprising trade paper steps out of the amateur class. Its first issue appeared in January, and as it contained an exceedingly complimentary reference to the editor and publisher of the Eagle, we refrained from expressing our enthusiasm for the new paper at that time. Now that the second issue has appeared, chuck full of interesting news and names and newspaper topics, we cannot withhold our admiration.

The Texas Press News is the official organ of the North and East Press Association, but its able editor, Fred Massengill, Jr., forgets all boundary lines in his selection of newspaper news. An interesting feature of the current number is a list of 17 Texas editors who are now postmasters in their towns.

NEW BUILDING

Arthur Bird is re-building his service station on Fisher street out of native stone. It will make an attractive addition to the business section when completed.

West Texas C. of C. Convention to be Held in Wichita Falls

The twentieth annual convention of the West Texas Chamber of Commerce, to be held in Wichita Falls, on April 25, 26, and 27, will have "A Square Deal for the Producer" as its theme, convention officials have announced.

A "square deal" for the agricultural, live stock, and oil producers will be featured subjects on the three-day convention program.

Mayor Fiorello H. LaGuardia, of New York City will address the general assembly in the Memorial Auditorium on Tuesday afternoon, April 26.

Mrs. Edward Geeslin P-T. A. Speaker

Mrs. Edward Geeslin was the main speaker on a program presented by the North Ward P-T. A. Association, Friday afternoon at 3:45 o'clock at North Ward school. Mrs. Geeslin's subject was, "What Schools should be to Children."

—Brady Standard

GIRLS PLAN A FAMILY

Sixteen girls of John Tarleton College have planned a family. Each one has located her family in a particular section of the country. She knows the number in the family and their income to be budgeted. This week each girl has begun plans for a house for her model family. After completing this she will landscape the yard. She will also shop in magazines for furniture for her home, always considering the income. These students are studying interior decoration under Miss Mattie Walker, home economics instructor.

Edith Thompson, daughter of Blue Thompson of Ebony, is among these students. Edith is a senior majoring in home economics.

Discoveries Revive Myth of Lost Atlantis

Chichen Itza, Yucatan, Mex.—Recent archeological discoveries here revive credence in the myth of the "Lost Atlantis." Sandal straps and the mode of tying them, illustrated in Mayan carved statues, correspond to the ancient mode of tying sandal straps in Crete and other Mediterranean islands, archeologists say.

This apparently minor fact, they explain, has special significance for such artificial matters of dress prevailed through centuries and seldom were duplicated by accident beyond their source.

Although a number of intellectual developments may occur simultaneously in different races who have no contact, and certain words may by chance indicate the same objects, yet such things as symbols to define the Zodiac do not happen by chance, scientists here say.

In the Mayan writings certain of the Babylonian signs for the star constellations are duplicated so precisely as to cause speculation upon the possibility of an ancient connecting continent, the "Lost Atlantis."

As work proceeds in deciphering the mysteries of the Mayan writings, scientists profess eagerness to learn whether their records, or folklore, contain reference to a catastrophic flood as do the Chaldean and Persian legends, and the Bible story.

Another symbol long unsolved is a painting in one of the Mayan buildings of an animal with a long proboscis suggesting an elephant. Biologists say definitely the species never existed on this continent and ask whether the painting was prompted by an elephant half remembered, or merely a legendary animal.

It is expected Chichen Itza will be connected with Mexico City by automobile highway within a few years. A road is in progress and is passable part of the way, and there are automobile roads from Merida to Chichen Itza.

President Approves New Postage Stamps

For the first time since 1923, a complete new series of postage stamps will be issued to replace those in use. According to Postmaster General Farley, President Roosevelt has approved the new series which will consist of 31 different stamps ranging in value from 1/2c to \$5, to be issued during the coming year.

The new issue will include portraits of every deceased President and also of Benjamin Franklin, first Postmaster General, and Martha Washington. Federal law provides no living person can be thus honored.

The series will include four new denominations: four and one-half cent, 18-cent, 35-cent and 40-cent.

The Coolidge stamp will cost \$5.

Nine stamps which will be discontinued included those depicting the Statue of Liberty, an American Indian, Golden Gate, Niagra Falls, a buffalo and the amphitheater at Arlington National Cemetery, the Lincoln Memorial here, the United States Capitol, and the Goddess of Freedom.

THE DEVIL FINDS WORK

"The Devil finds work for idle hands to do," says the old proverb. It is equally true to say, "The Devil finds work for idle land to do." Every acre of sloping Southern soil not now growing a cover crop is in mischief all winter long—getting poorer all the time. If actual gullying is not in progress sheet erosion is.

—The Progressive Farmer.

In world affairs or in the home the weaker ones can rule if they are willing to fight and others aren't.

"Honesty is the best policy."

Honest Elections

It is distressing to find election frauds such as are being unearthed in Kansas City, where Boss Pendergast long has held sway.

Yet, it is encouraging to find that entrance at last is being gained by law and order into the previously locked secrets of how this one man was able to dictate the voting of a great city.

In one instance, election officials were found to have cast their precinct's strength the night before election and gone fishing when legal voting should have been done.

That is not the principle of democratic government. The right to vote has been some-

Wool Increase is Due Largely to More Texas Fleece

The Agricultural Department says a 6,017,000 pound production in the United States over 1936 was largely attributed to an 11,000,000 pound increase in Texas. The Texas shorn wool production rose from 64,265,000 to 75,835,000 pounds.

what synonymous with the right to a trial by jury in this country, but would those officials consent to a trial without jury?

It is for the good of the nation that corrupt election policies are being broken up.—San Angelo Standard.

Off to the Right Start!

The whole worth of your chicks depends largely upon the START they get.

MID-TEX CHICK STARTER with MANAMAR gives your chicks this right start. It contains all those essential minerals to build sturdy bodies and healthy constitutions. Chicks fed on MID-TEX develop faster. Come in and see our MID-TEX fed chicks.

We also have a complete line of field seed, such as maize, corn, millet, higer, sudan, and cane.

Bring us your POULTRY, EGGS, and CREAM.

UNFAIR TO OLD FOLKS

Figures just released on old age pensions reveal that Mills County's old folks are not receiving their share of pensions.

According to Mrs. Bess DeBerry, supervisor of investigations, 41 per cent of all persons over 65 in Texas are receiving old age pensions. In Mills County only 30 per cent are on the pension rolls.

In the 23 counties extending from Mills County to Tom Green County, 43 per cent of these 65 or over are drawing pensions.

Brown County has 52 per cent; Coleman, 39; Comanche, 50; Hamilton, 40; Llano, 40; McCulloch, 38; Menard, 43; Runnels, 38; San Saba, 50; Tom Green, 55; and Mills only 30.

There cannot be enough difference in the thriftiness or necessity of Mills County people and the old folks in Brown, Comanche, San Saba, and Hamilton Counties. Yet of the 558 old folks in this county only 164 are getting pensions. If they lived in Brown, Comanche, or San Saba counties at least 115 more of them would be receiving monthly checks.

This isn't fair. It isn't right.

This paper has no personal quarrel with the pension investigators. The present investigator seems to be particularly well qualified to administer the law fairly. So it is our suggestion that all old people who feel that they have not received fair treatment at the hands of previous investigators should now apply for a re-hearing.

If the higher-ups continue to discriminate against our people, we want to find out why.

TOO DIRTY POLITICS

Everyone expects state politics in Texas to develop a certain amount of dirt before the primaries are concluded, but this year seems bent on setting a new record.

Bill McCraw is the particular target for Governor Allred's ill will, and a good many smaller fry who are clinging to the governor's coat tails are apparently trying to please the boss by throwing mud in the direction of the attorney general.

A new record was set last week when an investigating committee subpoenaed Mrs. McCraw's personal bank account while her husband was 2000 miles away attending to state business—not handshaking—in Washington.

The complete failure of the investigators to find anything that justified such a subpoena has reacted on the administration like a boomerang.

Evan Allred's best friends in this section are growing a little weary of his school boy tricks. For one thing they wish he would make it clear whether he intends to break the Democratic tradition of Texas and run for a third term or not. And if not, they would like to know if he thinks it is his prerogative to handpick a complete administration slate to succeed his own.

And every decent citizen of Texas would like to see the governor set an example of clean and forthright politics. He should remember that he is serving his second term in the highest office of the state, and that he is receiving three times the salary of Hogg and Campbell and Sayers. He, above all, should set a new standard in politics in Texas.

CONGRATULATIONS TO MULLIN

Citizens of Mullin have set a new standard for fairs in Mills County. It is no exaggeration to state that more good was done the agricultural and live stock interests of this county than would have resulted from a dozen race meets and a hundred carnivals.

Less money was taken out of the county, and more money changed hands in legitimate trades than in any previous county fair.

It was particularly gratifying to see the fine exhibits owned by 4-H and FFA boys. They showed a genuine appreciation of good stock, and this county stands to benefit by their higher standards.

In the culinary and sewing divisions, Mills County women maintained their reputation as fine cooks and clever seamstresses. The handicraft exhibits like wise reflect great credit upon their owners.

To Tolbert Patterson, general chairman, and W. P. Weaver, Mills County Agent, the people of this section are indebted for a worthwhile fair that accurately portrayed the improvement and the progress that is underway here. We congratulate them.

Laughing Around the World

With IRVIN S. COBB

A Retort Courteous

By IRVIN S. COBB

A MELBOURNE labor agitator was harassing a crowd on the subject of how little the city of Sydney paid into the public treasury in proportion to the benefits received from that city. He went into the matter with such vehemence and heaped so fine a brand of contumely upon the brow of the distant community that a Sydney resident spoke up in defense.

"Your figures are all wrong and your attack is cowardly. What do you know about Sydney. I don't think you have ever been there. You are a political mountebank."

"Who?" asked the agitator, fixing his eye on the interrupter. "Who is the gentleman with the clerical collar who makes all this commotion?"

"A resident of Sydney," answered the cleric. "Why don't you go there and make your charges."

"Very good, sir. You are a minister, I observe."

"All of that, my dear sir."

"Are you trying to save souls from hell?"

"At all times."

"Then why don't you go there?"

(American News Features, Inc.)

Ancient Apartments Dug up in Texas

Amarillo — Air-conditioned apartment houses thousands of years old have been uncovered in the Texas Panhandle.

Ruins of an ancient race which archeologists say was highly civilized are being excavated and studied under the sponsorship of the Panhandle-Plains Historical Society. The society has obtained a \$10,000 WPA grant for the work.

The artifacts found in the ruins, archeologists, including Floyd V. Studer of Amarillo, have determined some of the manners and customs of the people.

The ancient people lived in well-built homes, one building to be restored showing 164 rooms built in the manner of an apartment house.

Studer, who has studied the archeology in the Plains country many years and won international recognition for his work, says the apartment houses perhaps were strictly tribal affairs with the pogeneity of one couple who pioneered the home staying in the house and building to it as the family increased.

The ruins show a type of summer air-conditioning, the system being a large stone erected so it could deflect air current in or out of a ventilating shaft. Fireplaces were used for heating.

Scientists hesitate to place the exact date of the existence of the race, saying only that these early plainsmen probably came after the basketweavers, whose time on earth has been placed at approximately 5,000 years ago.

Mail Clerk Becomes Ill at End of Long Record of Service

The drone of the wheels will be only in fancy and the hills that skim hurriedly by will be only in retrospect for him, because E. O. McBurney, 62, and a "superannuated" rail clerk since Tuesday, isn't going to make the "run" anymore.

Mr. McBurney, who had a perfect 35-year mark on the eve of his retirement March 1, became ill with influenza at Coleman last Friday and was returned to his home in Temple.

No longer will he have to rise

When the Government was out of Debt

There has been only one short period when the American Government was entirely free from debt. The national debt was first created in 1775 when the Continental Congress issued bills of credit to finance the Revolutionary War. It was one of the chief ambitions of the early President and Secretaries of the Treasury to extinguish the national debt, but this dream was not realized until the second administration of Andrew Jackson.

Treasury reports show no public debt receipts during the years 1834 and 1835. On January 1, 1835 and 1837, the Treasury had funds in hand to meet all outstanding indebtedness on presentation.

In other words, during those two years the United States government was free from debt, and it is the only period for which such statement can be made.

In his annual report to the Congress on December 2, 1834, Levi Woodbury, Secretary of the Treasury, stated with reference to the national debt:

"Thus, before the close of the year (1834) the whole will either be paid, or money provided to pay it; and the United States will present that happy and probably, in modern times, unprecedented spectacle of the people substantially free from the smallest portion of the public debt."

The national debt returned with the financial troubles of 1837, and has been with us ever since.—Geo. W. Simpson in The State Observer.

Mail Clerk Becomes Ill at End of Long Record of Service

The Dead Sea is five times as salty as the ocean. It is the lowest body of water on earth, resting 1,293 feet below the Mediterranean, only a few miles away.

at midnight and direct and sort the registered mail in the gray- ing mornings in Temple and throughout the day on the line. The only urgent work from now on will be his flowers in his yard.

Mr. McBurney was appointed through civil service to his first post on Jan. 3, 1903, as substitute railway mail clerk in San Antonio. He came to Temple March 22, 1904, to take charge of the GC&SF line to San Angelo until the past May, when he was changed to the Temple-Coleman line.—San Angelo Standard.

EDITORIAL COMMENT

VIEWS OF THE NATION'S PRESS ON TOPICS OF INTEREST

New Federal Lending Agency to be Formed

Loans of 22 to 24 1/2 cents a pound for good Texas 12-months wool, planned by the Department of Agriculture as a means of bolstering the recently lagging wool market, are largely dependent upon setting up of an independent Commodity Credit Corporation, government officials indicated in Washington Monday.

Texans in Washington expressed the belief that the loan program would put an immediate floor under the market, which dropped in the early winter, rallied for a time to enable some 12 months wools to sell as high as 25-26 1/2 cents then slumped again to a generally held level of 19 and 20 for fall wool and 20 to 22 for 12-months. Eight-months went along with fall wool consistently in price schedule.

The loans were expected to be made in time for the new spring clip and would apply to the eight-months and fall clips as well. He said the Texas delegation was seeking 24-cent loans on the eight-months and fall clips and 26 cents per pound on the 12-months clip.

It was indicated that the loans would bear four per cent interest and would be non-recourse loans such as the nine-cent loans made the cotton growers. The growers would share in price advances but would not be liable for price declines.

Local buyers, warehousemen and growers, whose reaction to the loan plan was almost universally favorable, estimated that the loan schedule as announced would boost the price of wool one to three cents, over recent prices but would offer nothing like the schedule at which the bulk of the 1937 clip moved last spring and summer—from 30 to 36 cents.—San Angelo Standard.

Near a Million to Match, Mr. Texas!

Executive Secretary S. M. Brown of the Teacher Retirement System of Texas states that there are now 37,500 teachers who are members of the system and that these teachers have already contributed more than \$750,000.00 to the Teacher Saving Fund. This is a most gratifying report, and makes assurance doubly sure that the program is succeeding. Moreover, the fact that Texas teachers are showing their confidence in the retirement system by putting their money into it, thereby reaffirming their faith in the integrity of the state, places an ever growing obligation upon those officials who are charged with the responsibility of seeing that the state shall match contributions made by teachers.

Texas teachers are voluntarily doing their part. They are showing their faith by their works. The state of Texas is morally and legally bound to keep faith with these teachers by assuming its share of financial responsibility for the full and complete consummation of the retirement program. When the legislature assembles again, there is no doubt that provision will be made for raising the state's share of the teacher retirement fund. To do less would be to repudiate a sacred obligation.—The Texas Outlook.

Large Fleet of New Trains Put in Service

The Santa Fe Railway is inaugurating the largest fleet of ultramodern, lightweight, streamlined trains in the world, President Samuel T. Bledsoe has announced. First three of the new trains were placed in service, February 22, and others will follow soon.

Addition of twelve new streamliners gives the Santa Fe thirteen such trains, seven of them Diesel drawn, and brings the company's supply of lightweight steel cars to a total of 151. Not only is the Santa Fe increasing its transcontinental service, but for the first time is turning to lightweight equipment and Diesel-electric power to bring important regional or intermediate points closer together.

The Santa Fe's program to provide modern rail transportation is attracting widespread attention. Germany has always been considered the home of the Diesel-electric engine, but before summer the Santa Fe will have in operation the greatest collection of railroad Diesel-electric power ever assembled, a total of 30,900 horsepower, 23,400 in road service and 7,500 in switching service, more than all the railways of either Germany or France.

High lighting the Santa Fe program are three additional new transcontinental trains which keep up the pace of 39 3-4 hours established between Chicago and Los Angeles by the Super Chief less than two years ago. These trains are operated by Diesel-electric locomotives built by the Electro-Motive Corporation of La Grange, Ill., as well as two new stainless steel streamliners for fast daylight runs between Chicago and Kansas City, and a new lightweight train between Los Angeles and San Diego.

In addition, the regular daily Chief is going streamlined, but will be drawn by a series of powerful steam locomotives recently delivered by the Baldwin Locomotive Company. These engines, one of which is of streamline design, are capable of making from 100 to 110 miles per hour. Previously the Chief has consisted of standard-weight equipment which is being superseded by six complete trains of twelve lightweight cars each.—The Earth.

DO YOU KNOW—

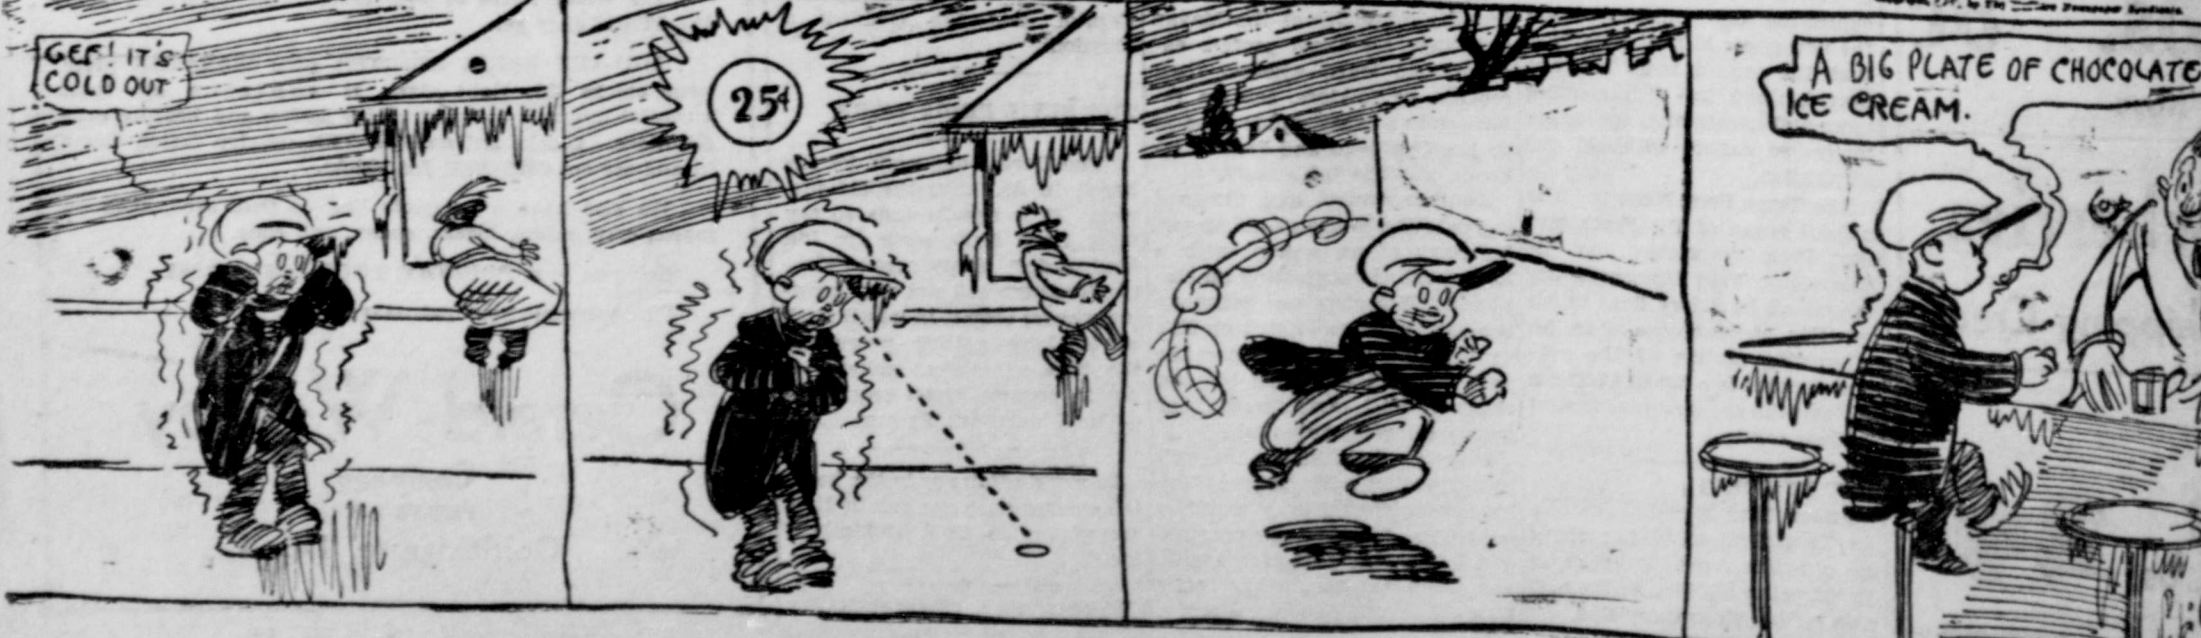

That reindeer meat is now being served in dining cars on trains in parts of the northwest. Scarcely a generation ago, the reindeer was imported into Alaska. Now that territory has 350,000 animals descendants from the original herd.

NEIGHBORING NEWS

NEWS FROM LOCAL PAPERS OF TOWNS MENTIONED

Hamilton
Eld. E. W. Stovall, widely known as an evangelist, leaves next Sunday afternoon for Temple, where he will conduct revival services at the Central Church of Christ through the week and over the second Lord's Day.

James Weest, eighteen-year-old son of Mr. and Mrs. Willie West, was reported Thursday to be resting satisfactorily at the Drs. Cleveland-Kookan-West Hospital Clinic. His condition has been critical for a number of days following a severe attack of pneumonia.

News spread Tuesday, March 1, between noon and one o'clock that another terrible tragedy had occurred in this city. Mrs. J. W. Thornton, 62, was fatally burned when her clothing ignited while she was engaged in starting a fire at the wash kettle in the yard at her home on South Taylor Avenue.

The Hamilton City Council makes announcement this week of the successful transactions with Neuman & Co., San Antonio for the sale of bonds voted several months ago for the financing of the construction of a modern swimming pool in Hamilton. The pool is to be located in south east Hamilton on grounds given as a site by Cecil B. James and Malcolm G. James as a memorial to their father and mother, the late Mr. and Mrs. J. T. James.

While Monroe Schrank slept in his comfortable bed at his home in Aleman last Tuesday night, an "automobile borrower" went into the garage near his bedroom and rolled off his 1934 Ford town sedan and, procuring two cans of gasoline from the garage of Charley Angermann, went off for an apparently long ride.

Comanche
R. L. Black, father of Mrs. Eiland Fagan, died at his home in East Comanche at 2:45 o'clock Saturday afternoon following several weeks of illness during part of which time he was in a Brownwood hospital.

Miss Virginia Hart became the bride of Dan Van Pelt here Sunday, February 20, with Rev. E. M. Sheppard, Presbyterian pastor, officiating.

More than \$50,000 in Government checks will be paid Comanche County farmers within the next month for their participation in the 1937 crop control plan according to N. E. Scudder, County Agent.—Chief

MENNEN Antiseptic OIL

San Saba

J. W. Sparkman of Goldthwaite is equipping a modern shoe shop in the building formerly occupied by Carson & Oliver on West Commerce Street. Mr. Sparkman will announce his opening real soon. Read his advertisement in this week's issue of The Star.

The Gunter Hotel at San Antonio is to give Victor Lehmborg, Mason boy who won the grand champion of the Mason and San Antonio shows, a room during the cattlemen's convention March 8-10. The champion calf will be on display in the lobby during the convention.

San Saba County residents who packed the district courtroom here last Friday night for a discussion of the proposed \$135,000 road bond issue gave more practical support of the project at the close by signing petitions asking that the bond election be called. The crowd was virtually unanimously in favor of the project which would enable San Saba to lose its designation of "one of two counties in Texas with no hard-surfaced roads."

An automobile wreck which might have been fatal to two San Saba men, Bill Linn and Gene Nored, happened near Fort Worth last Thursday when their car ran into a truck. Gene Nored returned home the first of this week with only a slight injury, but Linn is still in Fort Worth.

Dick Brinson of Del Rio spent a few days here the first of the week.

Loftin Linn has a position with the Lometa Reporter.—Star.

In response to an inquiry by the News as to what was the present financial status of San Saba County, as to indebtedness, County Treasurer Clarence Harkley told this paper Tuesday that the indebtedness of our county totaled \$226,000.

At the noon luncheon meeting last Thursday of the San Saba Rotary Club, Postmaster W. A. Smith, guest speaker of the day, told the Rotarians that San Saba was in line this year for a new Federal Building, if we make up our minds to go after it and "pull the right strings." Only so much is allotted to each district each year, it seems, and it was indicated that it was San Saba's turn this year—provided we know how and will go after it strong enough.

Many friends of "Skipper" Howard, former Armadillo star, will be interested in learning that he has signed up as Coach of the Daniel Baker College football squads and is now preparing for spring training of his grid warriors.

An exhibit of outdoor bulbs was one of the attractive features of the meeting of the San Saba Garden Club in the library Friday afternoon. Included in the group displayed were daffodils, jonquils, crocuses, and pussy willows. Mrs. W. T. Little, chairman of the entertainment committee reported that plans were being completed for the annual spring tea which is to be held in the Holman home on Saturday, March 12.

Mr. and Mrs. M. R. Weatherby have had as their guests in their home for the week end their daughters and their husbands, Mrs. Dale Ackers and Mr. Akers of Lubbock, and Mrs. Plack Carr and Mr. Carr of Overton.

According to W. D. Edwards, well known fruit grower of the Bethel community, very little, if any damage, has been noted in the fruit orchards of that part of San Saba county, from frosts hail or otherwise.—News.

The SNAPSHOT GUILD

Picturing Children Indoors

Floodlight from almost directly overhead makes the child's figure stand out against a background of rich shadow. The picture was snapped when the subject had forgotten there was a camera near.

PARENTS usually think of outdoors and sunny summer days as the proper place and time for picturing children, and once this was true. Before the advent of fast films and electric light bulbs especially designed for amateur photography, daytime was the only time snapshotshooters could work. Today that is no longer the case.

Nowadays, pleasing child pictures may be taken inside the home either by day or night, and more amateurs are taking them. This is partly because the home provides an ideal setting for pictures one wants to keep, and partly because the photographer can control his light to make pictures more interesting.

The modern large-sized amateur flood bulbs are so powerful that the camera worker can put two of them in reflectors three to four feet from his subject, and take snapshots, as he would outdoors, with an ordinary box camera. The camera is, of course, loaded with super-sensitive film and its lens set at the largest opening. Other cameras can be used at 1/25 second shutter speed and f.8 or f.11 lens opening.

Ability to take snapshots like this is a great help in obtaining natural, unposed child pictures. It is no longer necessary to take "time" exposures or to tell the child to "hold very still." Now his toys can be placed in the circle of light cast by

Brownwood

Brownwood today goes into the big-time circuit with parking meters in full operation and with all the sixteen thousand inhabitants of the City of the Blessed wondering what will happen next. Really, it should read sixteen thousand and four, because a new family has moved in since the last count was made. People come here so fast it is practically impossible to keep the record up-to-date.

Report was current in Brownwood this afternoon that group representing several merchants will file a formal protest against parking meters with city officials possibly this afternoon or tomorrow and then begin circulation of petitions asking for an election on the parking meter question.

Operation of 426 parking meters was started here at 8 o'clock Monday a. m. with a five cent charge for two hours parking.

A new 50-watt radio set has been added to the equipment of Headquarters Company of the First Battalion, 142nd Infantry, Texas National Guard, located in Memorial Hall. The Company is a communications unit and is equipped with telephones, radio sets, telegraph sets, flags, and other devices for communication.

The new radio set is capable of contacting stations in all parts of Texas.

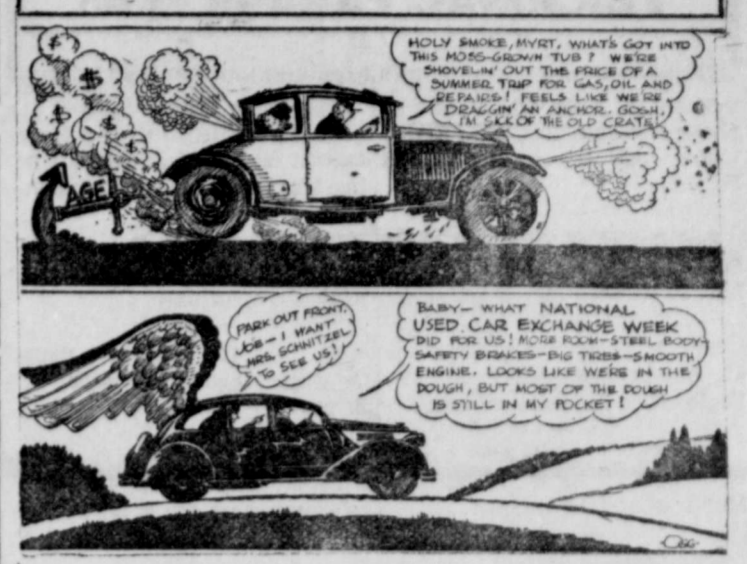

Lieutenant Gus J. Rosenberg is commander of the Headquarters Company, which consists of 20 men and two officers.

Annual membership of Southwestern Poultry Association will be held at 2 p. m. Saturday in county court room. Reports for the year will be made and plans for future operation will be discussed.

The association has more than 1,600 members in Brown and surrounding counties. Every member is being urged to attend and take part in the discussions, officials said today.

Pamphlets describing Brownwood and Brown County have been mailed by Brownwood Chamber of Commerce to the Prairie Coach Lines which operate in Saskatchewan and ad-

ANCHORS OR WINGS?

Lampasas

The election Monday, February 28, resulted in a decisive vote against legalizing the sale of beer in Lampasas County. The vote was more than two to one against the issue, there being 1,269 votes against and 624 votes for, a majority of 645.

Lampasas will be the site of the Lampasas County Meet of the Interscholastic League and the two-day affair will be held Friday and Saturday, March 25 and 26.

This section of the country has as fine a season as it ever had at this time of year. In fact, there has been more moisture than most people want.

Geo. Gartman, University of Texas student, Austin, visited Sunday here with his parents, Mr. and Mrs. Geo. Gartman.—Record.

The local Lions Club is sponsoring a Boys' Club Show Saturday. Any 4-H Club boy or vocational agricultural student is eligible to participate. Ribbons and cash donations will be awarded. Members of the Wednesday Study Club and their invited guests enjoyed a Texas Day Luncheon, Wednesday, March 2, at one o'clock in the dining room of the Keystone Hotel.

Dr. Marie B. Marrow of the University of Texas, was a guest speaker. She gave a most interesting lecture on the Natural History of Texas.

Miss Mildred Irvine and Lawrence Williams Jr., were united

in marriage Saturday afternoon, Feb. 26, at 5:00 o'clock at the home of the bride's parents, Mr. and Mrs. Robert Irvine of Kempner. The impressive single ring ceremony was read by Rev. Lawrence Williams, father of the groom.—Leader.

HELP KIDNEYS

To Get Rid of Acid and Poisonous Waste

Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress.

Burning, scanty or too frequent urination may be a warning of some kidney or bladder disturbance.

You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out.

In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known. Use Doan's Pills. A multitude of grateful people recommend Doan's. Ask your neighbor!

DOAN'S PILLS

Muscular Rheumatic Pains

It takes more than "just a salve" to draw them out. It takes a "counter-irritant" like good old Musterole—soothing, warming, penetrating and helpful in drawing out the local congestion and pain when rubbed on the aching spots.

Muscular lumbago, soreness and stiffness generally yield promptly. Better than the old-fashioned mustard plaster, Musterole has been used by millions for 30 years. Recommended by many doctors and nurses. All druggists'. In three strengths: Regular Strength, Children's (mild), and Extra Strong.

ACCIDENTS INCREASING!

More than 111,000 persons lost their lives last year as results of accidents. This was an increase of more than 10,000 deaths compared to previous years.

Deaths from automobile accidents increased from 36,369 in 1935 to 37,800 in 1936. The auto death rate has increased 47% since 1927.

Everyone is exposed to the accident hazard. Every person needs insurance against loss of life, and other losses caused by accidents.

Accept Our 2-in-1 Offer

A Years Subscription to the Eagle \$2.00
A \$1500 Accident Policy . . . BOTH

A great value! A full year's subscription to your home newspaper — every issue full of interesting news. Lots of photographs and special copyrighted features.

For just a few cents more than the regular subscription price, you may get a full year's protection under the Security Accident Policy.

It pays for loss of life, limbs, sight or time resulting from causes specified in the policy. Even pays weekly indemnity for disability. Provides special benefits for injuries sustained away from home. All benefits subject to policy provisions — come in and examine the policy for yourself. Everyone is eligible, regardless of age, sex, race, color or occupation.

This offer applies to new, renewal and delinquent subscriptions. Policies for additional members of your family may be secured for only \$1.00 a year extra for each person.

Mrs. Mary Queen celebrated her 96th birthday on Wednesday, March 9, at the home of her daughter, Mrs. Jim Fallon, at Center Point. Mrs. Queen is the aunt of Mr. Lewis Hudson.

Students to Assist in Special Study

According to J. E. Wright, district supervisor of the Highway Planning Survey who was recently in Goldthwaite, local high school students have been granted permission by A. H. Smith, superintendent, to assist in a special study soon to be made of the use of state highways, county roads, and city streets by car owners living in Mills County. This is a part of a statewide and nationwide program to collect information needed in planning the construction and maintenance of highways, roads, and streets.

The information which is being collected through the local high school is an important part of the Highway Planning Survey, according to Mr. Wright. He said that both local and state school officials have co-operated fully in this work, and it is anticipated that local students will furnish a great deal of much-needed and valuable information concerning Mills County.

Mr. Wright said that the Highway Planning Survey, which is a new branch of the Highway Department and is financed both by the state and federal government, is doing several different types of work. A detailed road map is being prepared of each county.

Traffic counts have been made on all state highways and are now being made on county roads; traffic flow maps will be prepared from this information. The highways have been weighed in trucks which travel on state order to find out how great a strain they impose on the road surface. The average life and cost of each of the various types of road surfaces are being studied. Amounts of money spent by cities on streets, by counties on secondary roads, and by the state on highways are being analyzed. Special tabulations are being made of tax resources and public debt. The use of the different road systems is being studied. And special safety studies will be started soon.

Mrs. Lewis Hudson and Miss Bertha Puckett of Brownwood, spent several days visiting in Georgetown this week.

Mr. and Mrs. M. Y. Stokes, Jr., visited Rev. and Mrs. Bransford Eubank in Brownwood Sunday. Rev. Eubank has recently returned from China where he has been a missionary for the past ten years.

Mr. and Mrs. J. H. Randolph went to Santa Anna Wednesday morning to bring Miss Gwendolyn Hill home from the hospital, where she had recently undergone an operation. Mr. and Mrs. George Hill, the young ladies parents accompanied Mrs. Randolph.

Mr. and Mrs. M. Y. Stokes, Jr., visited Rev. and Mrs. Bransford Eubank in Brownwood Sunday. Rev. Eubank has recently returned from China where he has been a missionary for the past ten years.

Texas Library Needs

In many respects the greatest State in the Union, Texas stands close to the foot of the list in public library facilities. More than half the people of Texas are without library service. While California, with slightly smaller population than Texas, circulated 9.14 books per capita in 1935, Texas circulated only 1.45 books per capita. California had 12-235,626 volumes in its public libraries that year, while Texas had only 1,353,929 volumes.

Remedy of this situation is now being sought by the People's Library Movement, a group that has held two meetings in Austin. This organization will seek public support for the establishment of additional city and county libraries and for better support of existing ones. It also will seek from the Legislature a large addition to the biennial appropriations to the State Library, to be used almost entirely in buying books for loan to county and regional libraries.

This procedure has been in operation for some years, but appropriations for loan books have been so small that scarcely more than nominal benefit has been received by the participating counties. Expansion of this State service, it is believed, will result in the formation of many new libraries in Texas counties that are now without library service.

The University of Texas has a large and growing library, but neither this nor the State library in Austin can reach directly more than a small part of the population. Establishment of city and county libraries is one of the most urgent educational needs of Texas today. The People's Library Movement will serve a most commendable purpose if it succeeds in lifting Texas from its present low status in library facilities.—Dallas News.

DIDN'T TAKE THE PAPERS

"I suppose, Uncle Jim, you remember a good deal about the politics of the early days?"

"Well, I never tuk much interest in pollytics, but I kin recollect when John C. Fremont was 'lected President."

"Fremont! Why, Fremont was never elected."

"He wun't? Well, now, that gets me. I heerd a leadin' speaker talk the night 'fore 'lection an' he said if John C. Fremont wun't 'lected the country would fall to ruin an' everybody would have to shut up shop. Course I didn't take the papers; but, noticin' thet things went on 'bout same as before, I calculated John wun. So he wun't 'lected? Well, b'jinks! Thet gits me!"—Texas Outlook.

Make arrangements now to attend the play to be presented at Big Valley, Friday night, entitled "Little Clod Hopper."

Dies in California

In a message to his sister, Mrs. Geo. W. Brown, in San Saba Friday, it was learned that Norman Hubbert, native of San Saba County had died at his home in California, near Los Angeles, the previous night. Details were meager and late Saturday afternoon it had not been ascertained whether he was a victim of floods there.

Mr. Hubbert was the son of the late Mr. and Mrs. W. I. Hubbert of this county, pioneer settlers. He moved to the West about 12 years ago. Survivors include his wife, the former Miss Etta Grant also of this section, one son, Rance, of California; a brother, Hugh Hubbert of this city, two sisters, Mrs. Brown and Mrs. A. B. Taff of Lubbock—San Saba.

Mr. Hubbert will be remembered here, for he lived here many years ago.

Mrs. M. E. Cook was called to San Angelo Wednesday by a message stating that her son, Owen would have an operation in a San Angelo hospital Wednesday.
