GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, SEPTEMBER 16, 1938.

NUMBER FOUR

## EAGLES OPEN 1938 FOOTBALL SEASON TONIGHT

### Young Folks Prep for College

College students of Goldthwaite who are to spend their favorite holidays, so far as they are concerned, are the following:

University of Texas—Wallace Johnson, Allen Campbells, Marvin Condon, Shultz Hill, Lester Lee, Harold Yarbo.

Novaleen Berry, Lorene Bledberry, was the choice of Chas. Wilbur Kerby.

### Jurors Announced For District Court

The September term of the District Court will convene in this city Monday, September 26, for a two week's term. There is a very light docket and the prospects are for an uninteresting term.

#### GRAND JURORS

To convene Monday, September 26, at 10 o'clock a. m. are as follows:

- Albert Hopper, Priddy.
  - A. E. O'Bannon, Lometa.
  - A. D. Kirk, Mullin.
  - Ercher McCasland, Goldthwaite
  - T. S. Dellis, Mullin.
  - Earl Day, Ebony
  - Fred Soules, Goldthwaite
  - Marvin Hodges, Goldthwaite
  - C. S. Miller, Goldthwaite
  - A. A. Moore, Mullin
  - C. S. Smith, Lometa
  - R. L. Steen, Jr.
  - G. L. Walton, Goldthwaite
  - C. N. Berry, Goldthwaite
  - L. L. Wilson, Mullin
  - R. C. Johnson, Jr., Goldthwaite
- A list of the Petit Jurors to appear the second week will appear in next week's Eagle.

### Local Post Office Takes Page Ad

In this issue of The Eagle, the Goldthwaite Post Office has a full page advertisement to tell the patrons of this office about two of the important mail services provided by the Post Office Department.

Since the capable Jim Farley has headed this department, it has become more and more businesslike in its operation and management. A few months ago, the department sponsored Air Mail Week with signal success. Now for the entire month of September, post offices everywhere are presenting the advantages of first class mail and the use of post office lock boxes. Believing that newspaper advertising is incomparably the best publicity medium, Postmaster M. Y. Stokes, Jr., is using a page in The Goldthwaite Eagle to give up-to-date information about the service provided by the local post office. Other interesting information such as mail schedules and rural route data are also given.

#### NEW FIXTURES HERE

The last of the new fixtures for the Goldthwaite post office were received this week, and Claude Saylor has the contract for installing them. The boxes are the latest design and present an attractive appearance. When the installation is complete, the interior of the post office will be as attractive and convenient as any in this section.

### Methodist Church

May we call your attention to two important days for our church. On Sept. 25, the fourth Sunday of this month, we will observe Promotion Day. We should have every member of our church school present that day so that everyone will be in their proper classes for the new school year.

The other important day is Rally Day on October 2, the first Sunday of the new Church School year. Let us have a record attendance for that day. Please keep these occasions in mind.

Our regular services will be held next Sunday. We will expect you to be in your places. Church School at 9:45 a. m. Morning worship at 10:50 a. m. Epworth League at 7:00 p. m. Evening Service at 8:00 p. m. Mid-week service, Wednesday, at 8:00 p. m.

FRED J. BRUCKS, Pastor

### O'Daniel, Smile Approves Plan

W. Lee O'Daniel, governor-nominate, likes the idea of viewing a cross section of the business and industrial life of Texas by visiting the State Fair of Texas. He and his famous Hill Billy Band will be honor guests of the Fair Saturday, October 15, which has been named W. Lee O'Daniel Day. He will appear in several buildings and broadcast at noon from the Castle of Foods and during a mammoth rally in the Cotton Bowl at night. He is pictured seated, right, going over plans for the day with Otto Herold, seated left, president of the Fair. Standing, left to right are Granville W. Moore, chairman of the Food Industries Committee, sponsors of the Castle of Foods; Rex V. Lentz, managing director of the Castle of Foods; and Julius Schepps, member of the Junior Board of Directors of the Fair.

### County Organizes Demonstration Work

Interest in the organization of Home Demonstration work continues to be most commendable. Further organization in the county will constitute our major activities through the month of September. To date, women's clubs in these communities have been organized: Star, Mullin, Center City, Mt. Olive, South Bennett, and Goldthwaite. 85 women are on the membership rolls.

The county Home Demonstration Agent goes to these communities this week in further interest of the work: Scallorn, Lake Merritt, and Big Valley. To these schools, to organize girl's 4-H Clubs: Mt. Olive and Center City. Mrs. Jake Saylor will be hostess to the Goldthwaite Home Demonstration Club next meeting, Sept. 27, 1938. She and the membership chairman invite other women in the Goldthwaite vicinity who are interested in the Home Demonstration program to attend this first regular meeting.

### Oil Well Test Still Waits on Rig

At the bottom of an uncompleted oil well somewhere in Brown county rests the reason for the delay in drilling the 5000-foot test on the Ivy place north of Goldthwaite.

The driller who has the contract for the Mills county well is still fishing for a string of tools lost in the Brown county hole, and is probably more impatient than any of the local people about when he can get started here.

### First Baptist Church E. E. DAWSON, Pastor

Our new plan of Sunday school assembly at 10:00 o'clock Sunday mornings is proving quite acceptable. More people are coming on time—an essential thing to all successful church activity.

There is a place for everybody in the Sunday school work. Together, let's study the Word of the Lord, for thereby we make spiritual progress.

The worship hours for this month are 10:50 in the mornings, and 7:45 in the evening. Special music will be given at each service next Sunday and sermons that appeal and inform. The B. T. U. after suffering severe losses due to young people going away to school will recruit its forces now under the leadership of Director Thelma Henry. It meets promptly at 6:45 this month.

### Lake Directors Change Fish Rules

Two important changes were made in fishing regulations by the directors of the Mills county Hunting and fishing Club at a meeting on Monday. The season on game fish will close December 31 instead of January 31 in order to conserve the eggs of fish that have started spawning in January. It was also decided to change the limits of length on game fish back to that required by the state regulations. For the past three years the club has required all bass kept to be 13 inches and crapple 9 inches. They may now be kept if 11 and 7 inches respectively. The club received eight more cans of crapple, bream and catfish from the state fish hatchery at Cisco last week, making the total planted in the lake within the past two years well over 20,000.

#### SHARES TO BE SOLD

The directors also set Saturday, October 15 as the day when the shares of club members who have failed to pay their dues will be sold at public sale at the Mills county court house.

### Congressman South Visits Goldthwaite

Judge Chas. L. South of Coleman, representative in Congress from the 21st Texas District, which includes Mills county, was in Goldthwaite Tuesday greeting old friends and meeting new ones.

While here he inspected the new post office fixtures which he helped to secure for Goldthwaite.

Judge South is making a fine record in Congress, which is probably the reason he was one of the few members of that body who had no opposition in the recent primary election. One reason for his making good is his first-hand acquaintance with the problems of agriculture and stock-raising. He is a real dirt farmer as well as a capable jurist and educator. Just now he is concerned with saving sorghum for forage by means of trench silos. He has just finished building a new trench silo, and admits it was plenty hot working in the sun.

### Join the Navy

A representative of the Naval Recruiting Station at Waco, Texas will be in Goldthwaite at the post office on Tuesday, September 20, at 8:00 A. M. for the purpose of distributing literature and to answer questions of any person interested in the Navy as a career.

### Local Doctors Are Hosts to Medical Society

More than 50 members of the Brown-Mills-San Saba counties Medical Society, their wives, families and friends attended a barbecue dinner and business session on the shores of Lake Merritt near Goldthwaite Monday night as guests of Dr. J. M. Campbell of Goldthwaite, president of the society.

After more than an hour of social activities and dining at the barbecue tables, doctors of the society held their regular business session and discussed papers presented by two visiting doctors of San Antonio, Dr. Walter Stueck and Dr. Dudley Jackson, the latter formerly of Brownwood.

Presented by Secretary-treasurer Dr. J. M. Horn of Brownwood and approved by the vote of members was Texas State Department of Health Venereal Disease Program, a program that is receiving much attention by leading medical societies thru out the state. President Campbell, in the near future will appoint several doctors—located in convenient localities throughout the tri-county area to receive and receipt from the State Department of Health, drugs for the treatment of indigent syphilitics and will also appoint physicians to treat indigent cases of syphilis.

The program considered is a complete one dealing with every phase of the activity from educational viewpoints. Doctors will be educated through medical societies, personal contacts, moving pictures, lectures and attendance at approved clinics and refresher courses and venereal disease bulletins. The public will be educated through medical speeches, lectures to civic organizations, clubs, Parent-Teacher Associations, press, radio, mov-

### Finish Earth Work On Colorado Dam

With only a few more days work left to complete the earthwork for the big Colorado River bridge between Goldthwaite and San Saba, M. E. Ruby, sub-contractor, has moved most of his equipment to Lockhart. John Greenhaw, superintendent, left Otis Tucker in charge of a small crew who will finish the earthwork within the next week or so.

Meanwhile the other work has been proceeding satisfactorily with the piling, and some concrete has been poured. No steel will be laid for some time.

### No Change Made In County Tax

Commissioners Court at its regular monthly session Monday set the county tax rate at 70c, the same that it has been for the past several years.

Bids for repairing the Bayou bridge southwest of Mullin were opened and rejected, the lowest being \$2100. No further action was taken on it at this time.

A petition was presented by citizens of the Lake Merritt community asking that the road running through the Lake Merritt property be made a public road.

### Notice to Farmers

This is to advise cotton farmers who did not co-operate with the Agricultural Conservation program last year, that their subsidy checks will not be received before November 1.

Notices will be mailed promptly when checks come to this office. One hundred subsidy checks aggregating \$5,046.00 came in Thursday. W. P. WEAVER, County Agent

## Most Promising Team In Recent Years Plays at Hamilton

### Electric Line to Star is Sure

County Agent W. P. Weaver went to Hamilton Tuesday and delivered to the Hamilton-Mills Counties Rural Electrification Association the applications and deposits of 75 Mills county citizens. He was assured by the local engineer and the president of the association that this practically assures a distribution line from Star to Goldthwaite along an indirect line that runs several miles south of Center City.

Any future applications will have to go direct to Washington. The association is very much interested in securing a line from Goldthwaite through Big Valley to San Saba county to join the distribution line there from Buchanan Dam, but so far there have not been enough applications.

One hundred applications have already been filed from Priddy and the north end of Mills county.

The \$5 deposit required with each application is retained as a meter deposit after the line is built.

### Anthrax Situation Still Improving

With only a few deaths reported last week from anthrax, the end of the epidemic is believed to be in sight. One of the victims last week belonged to Eric D. Roberson, who has the misfortune of being the hardest hit of any one in the county. The quarantine against movement of livestock is still being enforced by guards, and state veterinarians are still taking every precaution to prevent the spreading of the disease.

### Dr. T. R. Sealy Visits Goldthwaite

Dr. T. Richard Sealy of Santa Anna, nationally known surgeon, was an appreciated caller at The Eagle office Tuesday afternoon on his first outing since his recent serious illness of several months. His friends were delighted to see him looking so well and to hear his prediction that he expected to be able to go back to his beloved work soon. Dr. Sealy was accompanied by Dr. R. R. Lovelady of the Sealy hospital and W. H. Thompson of Brownwood. He attended the Medical Society meeting at Lake Merritt Tuesday evening.

### Church of Christ Edgar E. Furr, Minister

Our services were well-attended last Lord's Day. We believe our new Mid-week lessons are going to prove interesting and profitable.

Subjects for next Lord's Day sermons will probably be, "Jesus, Who and What is He?" "A Preachers Responsibility." To be on time is encouraging, to be late hinders and discourages. Why not come on time and save the embarrassment of others knowing you are always late? You know the back seats are most likely to be filled first.

#### SIMPSON—CASBEER

Miss Alta Simpson and J. M. Casbeer, Jr., of this city, were united in marriage at the home of Bro. Edgar Furr, Minister of the Church of Christ, Saturday night at 7:00 o'clock.

For the thirty-one boys out for the Goldthwaite High School football team, the past week has been one of hard and long workouts. All this has been in preparation for their first game of the 1938 season with the Hamilton Bulldogs tonight in Hamilton.

The team is one of the largest and heaviest in the past several years. The average weight for this year's team is 153 pounds, as compared with the 140-some-odd pounds for the preceding years. And what is more, they seem to have all of the speed and shiftness that marked the 1937 team.

The Eagles have not played the Bulldogs for a number of years, and this game will renew some of the old competitive spirit that marked the old-time games, and will bring these two teams together again.

The starting line-up for the Eagles will probably be as follows: Ends—Denson, Smith; Tackles—Kuykendall, D. Langford; Guards—Sumter Gerald, B. Carter; Center—M. Miller; Quarter—Marshall; Halves—Dickerson, J. Langford; Full—Sheppard.

The Hamilton eleven are also having this year, but their outstanding handicap in this first game will be lack of experience. This difficulty seems to prevail among the teams of this district.

### Stands and Lights Going Up on Field

The next game for the Eagles is to be the first played in the new field adjacent to the high school building. The grandstand for the new field was started Wednesday, and the lights are expected to be up for the first game on the field. When this athletic field is completed, it will be one of the finest in this district, if not in this section of the state.

### More Library Books

Miss Roselyn Berry presented the library with four Elsie books for girls. Mrs. J. J. Cockrell of Big Valley gave two books on Education.

The Library Board bought "35,000 Days In Texas," and "Hawk In the Wind." They also exchanged eight books, where they had duplicates, for other books. Titles of those are "When Knighthood Was In Flower" by Caskoden, "Kitty" by Warwick Deeping, "The Cavalier of Tennessee" by Meredith Nicholson, "Time Out of Mind" by Rachel Fuld, "The Three Musketeers" by Dumas, "The Spy," by Cooper, "Janice Meredith" by Ford, and Charles Goodnight, Cowman and Plainsman" by J. Everett Haley.

**"DO IT THE EASY WAY"**  
By T. C. RICHARDSON, Secretary  
Breeder-Feeder Association

The fall litter of pigs is the second semi-annual dividend the sow pays if she is well cared for and bred on time. By the time the pigs are weaned they will weigh more than the average two-year-old sow, which amounts to the sow doubling her own weight in potential pork every six months. It is becoming common for litters to weigh a ton at six months of age, and two litters a year are equivalent to multiplying the sow's weight 12 or 15 times.

Of course this does not always happen under even the best management—in fact, it never "happens" at all. It is the result of a definite purpose which is achieved only by the exercise of good judgment, close attention and care.

Generally speaking a fall litter is as good in the Southwest as a spring litter, requires little more attention after the critical farrowing period is over and the pigs begin to eat, than does a litter farrowed in the spring, if—and this is a pretty big "if"—green pastures, water, and dry sleeping pastures are provided.

Exercise and sunlight are as essential as food to the health of pigs, and our open winters permit hogs to live a more natural life than in the North, where expensive houses with glass windows still leave much to be desired in the way of healthful conditions. We are so accustomed to raising hogs out of doors that we scarcely appreciate the great advantages the Southwest offers over the laborious and expensive methods which the northern swine breeder cannot escape.

At this time of year the pastures and fields of the Southwest are still green, and there are gleanings of grain which pigs will save while getting sunlight and exercise. Many a corn or grain sorghum field, pea, peanut, or sweet potato patch has enough waste to make as much pork as the family will need, and which the pigs will thankfully work.

When the waste grain has been cleaned up and pastures are still green, grain can be supplied in a self-feeder, enclosed in a creep to keep the sow out. Grain will go farther while the pigs are suckling than at any other time in their lives, and it is poor economy to stint them. A feed-feeder large enough for an ordinary litter can be built with very little expense of lumber and time, and filling it once or twice a week does away with the double daily chore of hand feeding. When the elements of a good ration are always accessible to hogs they take care of their needs better than the owner can, and, instead of being wasteful, as people are sometimes inclined to think, the self-feeder method is more economical of feed (as well as time) than doling out feed by hand.

Protein supplements and mineral mixtures are not always necessary when hogs are on good pastures, but it is worth while to let the hogs decide. Put the protein supplement in the self-feeder (in a separate compartment from the grain) and if the hogs don't need it they won't eat it. Mineral mixture is so cheap and easy to prepare there can be no good reason for withholding it, and again, if the animals are getting plenty of minerals in

**Depends on Three Major Commodities  
Study Shows Farm Export Recovery**

NEW YORK.—The recovery of foreign markets for U. S. farm products may depend pretty largely on what happens to three major agricultural items, according to a special report just released by the agricultural committee of the National Association of Manufacturers.

In a study of "Foreign Trade in Agricultural Products," laid before a wide list of business men and farmers, the committee says that the shrinkage in exports of grains, meat and cotton account for over 85 per cent of the decreases in U. S. farm exports.

Ten years ago, says the report agricultural exports were valued at \$1,907,780,000 and formed over 16 per cent of the total gross farm income. In the crop year 1936-37, agricultural exports had shrunk to \$732,826,000 and formed only about seven and a half per cent of total farm income. Part of this decrease of \$1,200,000,000, the committee says, was due to the fact that prices for all goods were much lower in 1936-37 than in 1926-27. "But of far more importance," it says, "is the fact that \$1,018,647,000, or approximately 87 per cent of this decrease was accounted for by cotton, wheat and meat.

"Therefore unless reciprocal trade agreements can increase exports in these three fields, in each of which a special condition prevails, it is difficult to see how they can materially increase our total farm exports."

# THIS IS YOUR POST OFFICE

## Are you taking advantage of all the valuable Postal facilities it has to offer you?

The United States Post Office Department operates the biggest business in the world. It serves every home, every business, and every resident of the United States with thousands of Post Offices and postal employees, providing rapid, dependable and economical service. Throughout the nation this month, the Post Offices are explaining to their patrons two of the most important branches of the postal service—First Class Mail and its related services, and Post Office Lock Boxes. The Goldthwaite Post Office invites your consideration of these facilities with the belief that you will be able to use them to greater advantage as you understand them better.

Business is good at the Goldthwaite Post Office. Postal receipts for the month of August, 1938 showed an increase of 6 per cent over the same month of last year. The volume of mail handled is greater than ever for this time of year. But like every good business, this post office is eager to serve you better and more frequently, with the knowledge that this will be reflected in the receipts of the office and will result in added benefits to the community. The Post Office Department has already spent liberally to provide entirely new furniture and fixtures for the interior of the Goldthwaite Post Office. Other improvements will be forthcoming as the volume of business increases.

## FIRST CLASS MAIL

FIRST CLASS MAIL includes all written matter and all other sealed mail matter not subject to postal inspection. The rates for First Class Mail are:

1c per ounce for mail posted in and delivered at the Goldthwaite Post Office.

2c per ounce for mail posted at this Post Office or on one of the Goldthwaite rural or star routes and delivered on one of these routes or at the Post Office.

3c per ounce for mail addressed to any Post Office in the United States or its possessions.

First Class Mail receives preferential treatment all through the service. It is handled before the mail of the other classes, is dispatched first and delivered first. It is forwarded or returned without additional postage.

GREETING AND CHRISTMAS CARDS may be mailed at the Third Class (Circular) Rate if they contain no writing other than the signature, but the slight additional cost of mailing them first class is well worth the difference. Third class mail cannot be forwarded or returned unless it bears the sender's pledge to pay the additional postage required. Consequently many beautiful and expensive cards when undelivered, must be destroyed because the sender mailed them at the cheaper rate.

When Greeting Cards are mailed at the First Class rate, personal messages may be included at no additional cost, thus adding much to their effectiveness.

BUSINESS REPLY CARDS AND ENVELOPES provide business houses with an effective means of increasing replies to their letters. This valuable feature will be gladly explained to anyone interested in using it.

STAMP BOOKS AND STAMPED ENVELOPES make it easy and convenient for you to mail your letters promptly. This post office carries three kinds of stamp books: 24 1c stamps in a book for 25c; 12 3c stamps in a book for 37c; and 24 3c stamps in a book for 73c. This is the most convenient way to buy and carry stamps. Stamped envelopes come in several convenient sizes with 1c, 2c and 3c stamps embossed on them. The most popular size of 3c envelope costs only 3¼c—1 envelope is 4c, 2 are 7c, 3 are 10c and 4 are 13c. At the same price in lots of 500, stamped envelopes may be obtained with your name and address printed on them. Or you may purchase blank stamped envelopes in any quantity and have them printed locally.

AIR MAIL is an extension of First Class Mail Service which is proving more and more popular all the time. The rate is 6c per ounce or only 3c an ounce more than ordinary First Class Mail. Air Mail is especially useful for out-of-state mailings. For example an Air Mail letter mailed at Goldthwaite by 11 a. m. will reach New York in 25 hours whereas an ordinary letter will not reach New York until 6:25 p. m. on the second day. Practically the same saving is made to California points and still greater savings to more distant points in Washington or Maine.

SPECIAL DELIVERY MAIL speeds delivery after the mail reaches the post office of address. A Special Delivery stamp costs 10c and is the same for plain mail or Air Mail. A special messenger will deliver special delivery mail addressed to residents of a city or town, and the rural carrier will go up to one-half mile out of his way to deliver it on a route. Mail that will arrive at its destination on Sunday, holiday or Saturday afternoon, will receive immediate delivery if sent Special Delivery. Ten cents in ordinary stamps may be used instead of Special Delivery Stamps, if the letter is plainly marked Special Delivery. Parcel Post may be sent Special Delivery at slightly higher rates.

SPECIAL HANDLING—Packages will receive the same fast service as First Class Mail when sent Special Handling. Ask at the Parcel Post window about this service.

WRITE TO SOMEONE TODAY—Should old acquaintances be forgot, opportunities be lost, friendships allowed to wane, loved ones be left to wait and wonder—all because you have neglected to write a letter?

Somewhere someone is waiting for your letter—waiting to say, "I love you, too," or "Yes, we have a job for you." Write a letter now . . . keep on writing letters . . . write to give pleasure to others . . . to bring success nearer to you . . . to increase sales . . . it's a habit well worth cultivating for every letter you write, IS "Very truly yours!"

## NEW LOCK BOXES

The Goldthwaite post office now has more lock boxes rented than at any time in its history. In the new boxes supplied by the Post Office Department to this office, an increased number of medium and large size boxes has been included. This will be an ideal time for you to secure a size larger box than the one you have been using. A larger box will receive more mail and more small packages. No patron of this office who has used a large box has been willing to go back to a smaller one. If you are getting your mail at the General

Delivery Window, you will appreciate the better service you can receive by renting a box. No waiting for the window to open, no waiting in line and maybe finding your time has been wasted because you have no mail, getting your mail on Sundays and holidays and Saturday afternoons, getting your mail before it has been thumbed over time and again in the general delivery case—these are a few of the advantages in having a box where your mail is put up as soon as it can be worked, and where it stays without handling until you take it out.

LOCK BOXES COST SO LITTLE—The largest size is only 25c a month, the medium size is 20c a month and the smallest 15c a month or ½c a day, paid quarterly. Think of it! For less than the cost of a package of chewing gum, you can have the use of a box for a whole week!

The price of a package of cigarettes, a gallon of gasoline, or a movie ticket will pay for a box for more than a month! And the new style, government-owned lock boxes being installed in this post office rent for no more than the old ones.

## Other Postal Services

In addition to the services described here, your Post Office provides Parcel Post Service, Insured and COD Mail, Registered Mail, Foreign Mail Service, Domestic and International

Money Order Service, Rural Free Delivery and Star Route Service, United States Saving Bonds, Migratory Bird Stamps, Internal Revenue Documentary Stamps, Commemorative

Postage Stamps, Correction of Mailing Lists, Precanceled Stamps, Permit Matter Mailings, etc. It will be a pleasure to explain any of these to you.

Speaking on the subject, "Why Fractures Fail To Heal," Dr. Walter Stuck, a physician of few years but possessed with an abundance of experience and material, told attentive doctors that "fractures failed to heal from failure to approximate, either enough or to much, the fractures received in the exces- sive amount of serious automo- bile accidents, through immo- bilization and manipulation of fractures, improper reduction of fracture and failure to protect blood supply. Dr. Felix Butte, of Dallas and recently of New York City, opened discussion on the subject commenting on Dr. Stuck's address.

Dr. Dudley Jackson, born and reared in San Antonio, who is the author of one of the fore- most books on rattlesnake bites, spoke on "Recent Advance in Our Knowledge of Cancer," stressing the importance of "not letting the case go to long without at- tention, get to it in a hurry, don't wait and watch it and if you don't know, find out."

### P.-T. A. Meeting

Mrs. Robert Steen, new P.-T. A. president, opened the first meeting of the current year at the school auditorium Wednesday, Sept. 14, with a good group of parents, patrons, and teachers in attendance.

After an opening prayer, talks were given by Mrs. Ed Gilliam Jr. and Mrs. E. T. Fairman, who delineated very impressive points concerning the fundamentals of a successful Parent-Teacher Organization.

Delicious refreshments were served by the Executive Council.

### Y. W. A. Social

Y. W. A. social was given Friday evening, Sept. 9, in honor of the Y. W. A. girls who plan to attend college this fall and their boy friends. The Y. W. A. honorees present were:

Ruth, Jean and Louise Goosby, Oleta Henry and Auriel Tullos. Games were conducted by Thelma Henry.

Refreshments were served to the following: Norma Hope Tullos, Mrs. Moon, Beatrice Bledsoe, Wilda and Wanda Bledsoe, Nina Summy, Thelma Henry, Jewell Fox and the honorees, also Pat Obenhaus, Le Roy Miller and Jack Cooksey of Mullin.—Reporter.

### FISHING TRIP

O. H. Dempsey came in from Old Mexico to visit his parents, Mr. and Mrs. T. R. Dempsey.

While here he went on a fishing trip with a group of relatives and friends.

Those who spent the week end on the river were Mr. and Mrs. Johnnie Jennings of Bay Town, Mrs. Jennings' sister and husband of Longview, Miss Melwood Dempsey of Houston, O. H. Dempsey of Mexico, Mr. and Mrs. Charlie Smith of Dallas, Mrs. Lilla Eddy of Dallas, Mr. and Mrs. T. R. Dempsey of Goldthwaite, Mr. and Mrs. T. J. Lawson of Caradan, Mr. and Mrs. T. C. Dempsey and daughter, Mr. and Mrs. Jim Carrol of Star, Mr. and Mrs. Egrie Carrol and sons of Star, Mr. and Mrs. C. R. Dempsey. The party caught more fish than could be used.

### Arrowood Reunion

On Sunday, Sept. 11, 1938, at the State Park at Lampasas the children and grandchildren of W. D. Arrowood of Moline, met and had a delightful reunion.

All of his children were present except Hap Arrowood and family of Live Oak. Those present were:

Mr. and Mrs. Wilburn Arrowood and daughter Wilba Dean of Payne Gap, Mrs. Walter Baker and children Dorothy, Doris Era, Edna Eloise, Walter, Jr., and Glenn Bailey of Lampasas, Mr. and Mrs. Frank Insall and sons, Billie, Darrell and Doyle of Lake Merritt, Mr. and Mrs. Elmer Poe and children Bobbie, Raymon D. Joyce, Donald and Laura of Moline, Mr. and Mrs. Dee Arrowood and son Billie of Fort Worth.

Other relatives present were, Chess, Charlie, Sam and John Barr, also Bud Arrowood of Cross Plains.

Friends of the Arrowood family present were Mr. and Mrs. Tom Summerville, Mrs. Earl Martin and daughter, Earline, and J. S. Elliot of Lampasas.

Others would have attended if the weather had been favorable. Plans were made to meet again next year.—One present.

### Philathea Class

The Philathea Sunday School Class held their regular monthly business meeting at the church September 3. The devotional was held by Mrs. J. C. Evans.

Many sick visits were reported and flowers, dinners and other gifts had been sent to the shut-ins.

The following officers were elected:

Teacher, Mrs. John Keese; assistant teacher, Mrs. John Hester; president, Mrs. J. C. Evans; vice-president, Mrs. O. Woody; secretary, Mrs. Linkenhoger; treasurer, Mrs. Kate Marshall; reporter, Mrs. Al Dickerson.

Several interesting contacts followed.

Mrs. Linkenhoger and Mrs. O. Woody as co-hostesses for the evening, served delicious refreshments.—Reporter.

### Garden Club

The Brady Garden Club has extended an invitation to the Goldthwaite Garden Club to meet with them for their re-assembly breakfast Tuesday morning, Sept. 20, at 9 o'clock.

The breakfast will be served in the garden of Mrs. E. L. Ogden at Camp San Saba, twelve miles from Brady.

**South Bennett H. D. Club**

At our last club meeting was held with Mrs. C. Smith, Sept. 6, we had ten new guests present. We were glad to have Scott, our Home Demonstration Club, with us. She gave a very interesting talk and we had a "Home Demonstration" having changed our name to "The Blue Bennett Club." We also elected members, who are to meet County Agent's office next week. Our next meeting will be held at the home of Mrs. Doc Laughlin, Sept. 20.

**BIRTHDAY PARTY**

Mr. and Mrs. S. E. O'Connell gave their little daughter Sue a birthday party at their home after school on Parker street. Nineteen guests help partake of refreshments consisting of punch and a birthday cake held 4 tiny candles. The happy hours passed quickly for the little girl who wished little Miss O'Connell many more happy birthdays. Say you saw it in The Eagle.
