Mrs. Charles Roberts

Bro. S. L. Rives of Indian Creek preached to a small, but attentive group here Saturday.

Visitors who attended church from other communities were: Mr. and Mrs. Wood Roberts and Odene of Ebony, Mr. and Mrs. Wicker and grandmother Coen of Goldthwaite, and Tom and Will Perkins and children of Indian Creek.

Those having cotton to gather are taking advantage of the ideal weather that still prevails by working early and late.

Though the crop will be light, yet diversified farming and following the "Live at Home" pro-

gram will tide the majority of farmers over until next season.

Pears, the only fruit crop to escape the April freeze, have borne abundantly and have sold for seventy-five cents to one dollar a bushel throughout this locality.

With the aid of our government, stock farmers are taking an interest in saving and improving their pastures, as well as fields. Charles Roberts and Charm Whittenburg have completed an earthen tank, each of which they not only benefitted by the proceeds from employment, but added to their water supply for livestock.

Others have killed timber to let sun rays to grass turf that

has been shadowed for many years. And, too, the erosion work not only saving soil has been a cluster of purple flowers that attract the attention of those who travel.

Homer Rowlett who has been driving the school bus from Scallorn to Goldthwaite, had to give up his job due to an attack of sciatic rheumatism.

Mr. and Mrs. Tom Perkins spent Saturday afternoon with grandmother Jones.

Mrs. Charles Roberts called to see Mr. and Mrs. J. T. Newbury and Mrs. J. N. Perkins, a short time back. They reported grandmother Perkins feeling ill. Mr. Newberry is still improving.

Mr. and Mrs. Jesse Egger have returned from an extended visit with their son, Earl and family at Big Springs and daughter, Mrs. Ernest Martin at Big Lake.

May Belle Perkins of Novice visited home folks over the week end.

Swan Roberts and John Guthrie of Mullin were in this vicinity to buy cattle Tuesday.

Ben Egger gave an entertainment for the young folks a few nights ago, and all report an enjoyable time.

Mrs. Charles Roberts, Will Perkins and children took the mid-day meal with Mrs. W. H. Rowlett Saturday after church.

Mrs. Henry Smith is with her sister, Mrs. McDermott at Cross Plains, recuperating from a continuous case of poison ivy. She contemplates coming home soon.

Newspapers put on the world's greatest show. They reach more people than radio, stage, and screen combined. Take a tip from the newspapers when you want a practical formula for showmanship. There were twenty-three present at Sunday school, Sunday morning.

Mr. and Mrs. George Hill and children and Mr. and Mrs. Weldon Hill and little daughter spent Sunday in the home of Otis and Bessie Hutchings.

Miss Dorothea Marie Davis spent Thursday night in the C. O. Stark home.

We welcome the Lovell family into our community. They have moved on the L. J. Gartman place. We regret to see Carter Walker and family move away, but we wish them happiness in their new home.

Mrs. Kate Shelton spent Thursday night with Mrs. Julia Taylor and daughter.

Mr. and Mrs. Wiley Mahan, Mr. and Mrs. Craig Wesson and children and Mr. and Mrs. Charley O. Stark and children spent Thursday on the creek. They picked up pecans and had a picnic.

Mr. and Mrs. John Higgins, Mrs. John L. Brim, Bro. and Mrs. I. A. Dyches, and Berley Fallon and boy friend from Brownwood spent Sunday in the J. D. Fallon home.

Mr. and Mrs. Ray Hammond and children and Mrs. J. S. Wesson spent Sunday with Mrs. Kate Shelton and Mr. and Mrs. Gene Shelton. They spent the afternoon in the Craig Wesson home.

Liz Keley, Gene Shelton and Craig Wesson and son visited in the Amos Shelton home Saturday night.

We extend our deepest sympathy to the Long family in the loss of their loved one. May the Comforter give them consolation.

The Girl's Home Demonstration Club met Saturday morning at the school house with ten members present. We learned several new stitches. We will meet again the 28th.

We all sympathize with Mr. and Mrs. W. B. Wilcox and Arthur Wilcox, and Billy and Kenneth Hanson in the loss of their loved one, Mrs. Cely Hanson. Mrs. Hanson was the daughter of Mr. and Mrs. W. B. Wilcox and mother of Billy and Kenneth.

Mr. and Mrs. O. B. Bell and daughters, Mrs. Arthur Wilcox and boys, Mrs. Earl Hale, Mr. and Mrs. Ashley Weathers and son and Mr. and Mrs. Geo. D. Brooks went to San Angelo, Friday to attend the funeral of Mrs. Cely Hanson.

Mr. and Mrs. O. B. Bell and daughters spent Friday night at the home of Mr. and Mrs. Theo Bell at Ballinger.

Mr. and Mrs. A. D. Kirk made a business trip to Brownwood, Saturday.

Sunday, Mr. and Mrs. Earl Hale and Neata Earl went to Big Valley to a surprise birthday dinner given by all the Hale children in honor of their mother's birthday.

Mr. and Mrs. Tip Roberts made a business trip to Brownwood Friday.

Elva Faye and Sydney Brooks spent Friday night with Mr. and Mrs. A. O. Kirk.

Mr. and Mrs. Dalton Powell took Mrs. Anderson and Miss Minnie to Brownwood Saturday. Miss Minnie is taking treatments from a doctor there. We hope she will soon be well again.

Mr. and Mrs. Ledbetter of San Saba visited their daughter, Mrs. Arthur Wilcox Sunday. They also called in the W. B. Wilcox home.

Grandmother Scrivner of Mullin, spent the first part of the week with her daughter, Mrs. W. B. Wilcox.

# All We Ask Is... — A SQUARE DEAL —

Would you sell your car if someone offered to buy the chassis and not the engine?

We're up against the same sort of proposition. We have as fine a power plant and distribution system in Goldthwaite as any city of similar size can boast. We are willing to sell both to the city for a fair price but so far we have received an offer for the distribution system only. The price offered us is reasonable but if we accepted it, we would be left sitting high and dry with a generating plant and no means of disposing the power it produces. The plant would represent almost a complete loss. If you were in our place, could you afford to accept such an offer?

Our company purchased the electric system in Goldthwaite in 1927 when, as many of you will remember, the power plant was in a rundown condition and service was inadequate to meet the needs of the city.

We immediately began an extensive improvement program. We rebuilt the entire distribution system, enlarging the capacity and moving unsightly poles and lines from streets to alleys. We replaced the old frame and sheet iron plant building with a handsome brick structure that is a credit to the city. We installed three new Diesel engines with a combined capacity of 350 horsepower, which more than doubled the supply of electricity available. We have since twice increased the capacity of the plant, once by adding a 120 horsepower unit and once by replacing a 100 horsepower unit with a 200 horsepower unit. The plant now has over three times the generating capacity available in 1928.

We leased and remodeled a building for an appliance store and office, which we have maintained for the convenience of our customers and which has been an

asset to the commercial life of Goldthwaite. It has always been at the disposal of church and club groups for any constructive purpose.

Not only have we spent many thousands of dollars to provide Goldthwaite with an electric service second to none but we have consistently reduced the cost of this service. Residential rates were reduced in March, 1931; August, 1936; and June, 1938. Commercial lighting rates were reduced in November, 1932; August, 1936; and May, 1938. Forty kilowatt-hours of residential service now cost only \$3.00 compared to \$6.00 in 1928. Fifty kilowatt-hours of commercial lighting service now cost only \$4.25 compared to \$7.50 in 1928. While making these reductions we have continued to pay our just portion of the cost of maintaining our schools and local government. We have also absorbed the cost of the federal tax on electricity and additional state taxes.

Since we have made a large investment here in all good faith and have for more than ten years rendered a high class of electric service, which on successive occasions has been substantially reduced in cost, and since we have always paid our share of taxes and tried to be a "good citizen" and an asset to the community, we appeal to the fair-minded citizens of Goldthwaite to give us a square deal.

We believe that if the people of Goldthwaite want to go into the electric business, it would be only fair to purchase our entire system instead of offering to buy only our distribution system and leaving us with many thousands of dollars tied up in a useless power plant.

We rest our case, confident that we can expect fair play from the citizens of this city.

By Mrs. J. M. Oglesby

Bro. Christian accompanied by Bro. Ed Lovell of Brownwood, came Sunday. Bro. Lovell delivered the morning sermon and Bro. Christian the night. The church here is without a pastor. Bro. Christian was called but announced Sunday that he could not accept the call.

Many members of the Methodist Church went to Star Sunday. Presiding Elder Horton preached at 11 o'clock and held conference in the afternoon. A fine dinner was enjoyed at the noon hour.

C. A. Head had another of his narrow escapes last week. He was working his colt to a cart out in the pasture, rounding up his sheep when a piece of the harness broke. The animal became frightened and ran throwing Mr. Head far to one side. Help was called and a physician summoned, who pronounced bruises and a broken rib. Mr. Head was soon up and about his business. He attended conference at Star Sunday.

Mmes. Tom House and Ira Aldredge were called to San Angelo by the death of their niece, Mrs. Cely Hanson. This was indeed a shock to them and to her many friends in the county. Cely was known for her lovable disposition and her friendliness to all. As a pupil she was one of the best. Always willing to do her work with a smile. Her life will be missed most by her parents, Mr. and Mrs. Wm. Wilcox, and the two little boys left in their care. May the Giver of life comfort you in your sorrow.

Many of the ladies of this community attended the all-day quilting at Mrs. Chas. Welch's Thursday and enjoyed the day very much.

Miss Gertrude Head visited her brothers, C. M. and C. A. Head recently.

Mrs. Armstrong of Star visited Mrs. J. M. Geeslin Monday.

Mr. and Mrs. Allen Carter have as their guests their two grandchildren, son and daughter of Mr. and Mrs. Loy Carter.

There was no church services Sunday. Our new superintendent, Prof. Hollis Blackwell was absent and Mrs. Hubert Geeslin acted in his stead and had a good Sunday school. The Baptist people had many more at their services. Everyone come next Sunday. Your presence is needed.

Deepest sympathy is extended the Robertson and Long families in the loss of their loved ones.

Mr. and Mrs. C. A. Head visited relatives at Star and Lometa Sunday.

The P.-T. A. enjoyed a social at the school building Friday night.

School is progressing nicely. Prof. Blackwell presented the boys a new football the first of the week. The pupils are taking the six week examination. From reports, the ball is much more interesting to the boys than all their written work.

Miss Ware visited her parents in San Saba county last week end.

Mr. and Mrs. Thos. Atchison and son, La Vern, and Geo. Coleman Walter visited Mr. and Mrs. Oscar Hill Sunday.

Misses Hulda Carter and Wilma Lee visited homefolks over the week end.

Mr. and Mrs. Paul Jones have sold their place and are preparing to move near De Leon.

Mr. and Mrs. McCann and Miss Naomi Langford of Lometa visited in the Kirby and Joe Langford homes Sunday. Naomi remained until Monday. Her mother and Mrs. Hollis Blackwell and little daughter accompanied her back to Lometa.

Monday the club met at the Baptist Church with Miss Scott the demonstration agent present. The time was spent fitting colors to individuals. Refreshments were served. There are 34 members now and several others we hope will meet next time. Next Thursday week an all-day quilting will be held at Miss Alice William's home instead of a club meeting and Miss Scott is expected to be present then.

## CRA POWER RATES

A very clear analysis of the power rate situation in the Colorado River Authority will show in the Dallas News October 7, shows the fact that the claim that the giant expenditures for dams on the river will bring cheaper power to the people served, is not true. The rate charged the individual users of this power is higher than that charged by the private utilities now operating in the region, but this charge will be on basis of an all-generating plant, transmission lines and local distribution lines, which is subsidized to the extent of about 50% by the Federal Government. A comparison of the CRA rates with the private utilities shows that the CRA system will not get around the fact that, if the entire cost of government setup were charged against the power generated by it, the rate charged consumers would be higher than the rate now being charged by private utilities.

This is the situation analyzed from the view of present setup. Just what the future cost will be is another matter, but if the exceeding flow of the Colorado leaves the region without power at some future date, then there probably will be a need for further huge expenditures to build a steam power plant. The truth of the matter is that power cannot be produced on the Colorado at as low a cost as by competing steam plants. Another fact is that government operation of power plants, when included, are seldom as low as privately operated plants.

As a matter of fact, it is shown that many of the privately owned plants in the same territory are quoted in the Austin Dispatch as being more economical than the CRA to furnish cheaper power and that the truth is that there will be no saving as may result from gifts made by the CRA to the private utility companies were threatened with an astonishing interpretation of the CRA's plan to place plain facts before the people.

As a matter of fact, no city buying CRA power is enabled, by reason of CRA rates at the dam, to save any consequence to its citizens. Not only the fact that CRA is operating with a 65 per cent profit from the taxpayers of the nation, any city that creates its own power for only one or two mills per kilowatt hour more than the price of CRA power at the dam.

Hence it develops that in order to effect a saving in rates, more millions must be donated so as to pay fixed charges on transmission lines and distribution.

The truth is that there will be no saving as may result from gifts made for the benefit of the towns taking CRA power by all other cities in the country. Adv. Paid for by the CRA.

HIGH IDEALS SHATTERED

According to a recent publication of the U. S. Office of Education, "Education in Czechoslovakia," that little country about the size of Florida has had one of the most advanced educational systems in the world.

"National culture, the League of Nations, civilization of all nations, general progress of humankind, equality among the races and nationalities, the World Court, international treaties and guarantees, war and peace, international pacifism, religion and religious tolerancy, the history of labor and civilization, natural laws, man and world, fraternity, humanity, and conditions of happy peaceful life, etc."

Experimental schools are maintained in Czechoslovakia as in the United States. These schools aim to develop "the whole individuality of the pupil, train him to be creative, to take an active attitude toward life, understand his duties to the community and to himself. \*\*\*\*"

All secondary schools, moreover, are required to give definite instruction on universal peace.

With one-fourth of her territory now ceded to other nations, Czechoslovakia's school children may well wish that their enemies had shown more interest in peace.

Primary News

We have two more new pupils in our room. We now have 20 in our room and there are a few that haven't started yet.

The third grade is now reading about birds in its readers. We have learned some interesting things about some birds that we do not have in our part of the country. We are still studying about ranches in our geography, and some of us have decided that we would like ranch life.

Intermediate News

We are glad to have Edd Murray Lovell among our fourth graders now. He entered school Monday.

Ruth Charlene Stark has had a case of flu; altho, she is back in school now.

The Utzman boys are not coming to school this week. They are picking cotton.

Our attendance is not very good this week, because some are picking cotton.

High School News

We are very glad to have two new pupils in our room this week, Haynie Connor and Jennings Lovell, who are both in the Seventh Grade.

Oleta Utzman and Sybil Meyer were absent part of the week on account of cotton picking.

Perry Shipman who has been going to school here has withdrawn for a while.

We did not have school Tuesday evening. Mr. Cunningham attended a friend's funeral. Part of our room went home and others visited Mr. Shelton's and Miss Vines' rooms.

Merlene Stark visited our room for awhile Friday evening.

Joe Taylor is still absent from school. He is working in Stamford.

Dorothea Davis spent Thursday night with Merlene Stark.

Sherman Perry and Oran Stark visited Elmo Fallon Tuesday evening.

Sport News

The boys have a new baseball, but they do not seem very proud of it as they have been playing volley ball with the girls.

No one has the energy to cooperate very much in baseball and volleyball.

The intermediate room has organized a club entitled, "Junior Citizenship Club."

We plan to have a number of projects and to improve our English.

The officers are as follows: President, June Wesson; vice-president, Charles Edward Davis; secretary, Lindy Spinks; first committee, Ruthie Stark, Lewis Connor and Ralph Perry; window master, John Shipman; sweepers, Charlie Tefertiller, Ed Lovell and Mr. Shelton; board master, Otto Truitt, and W. "RISING TIDE"

In this distraught world so much of the news deals with the destructive forces of crime, war and greed, it is easy to overlook the fact that there is another side.

To report each week this other side is the purpose of this column. It deals principally with the personal experience of a rising tide of men and women who believe in God-control and whose lives are governed by the thought that if you want a new and better world, the place to start is with yourself. If you would like to meet or correspond with any of them, write to the Rising Tide Column, Goldthwaite Eagle, Goldthwaite, Texas.

Is there an answer to war? Colonel Maurice Richardson, Boston insurance broker, believes so. He, as part of the Rising Tide, says: "At least I have found a real mission in life, one big enough to sacrifice life itself for the elimination of war."

"I hold a commission in the Officers Reserve Corps of the United States Army. I am trained and ready to do my duty in defense of home and country, wherever, and whenever needed. If this country gets into a war, I value my commission, but I do not want to go to war, or to see war anywhere in the world. I know too much about war to wish to serve through another one."

"I have felt that there would always be war, because you couldn't change human nature, and human beings are always fighting whether in business, home, or abroad. Mistaken"

"However, I know now that I was mistaken. War can be eliminated, for human nature can be changed. I make this positive statement without reservation, because in my own experience God has changed my own human nature. By showing me the necessity of living with Jesus as my ideal, He has made a new man of me."

"I am an ordinary man, insignificant among the millions. The change which has come to me can come to all of us. All of us can have the happiness and satisfaction which this life gives, by simply turning to God with faith, asking to be changed, and knowing that God will effect the miracle."

Colonel Richardson says of himself: Surgeon's Name-Sake

"I am the namesake of a well-known Boston surgeon, who gave so thoroughly of his energy, effort, skill, and knowledge, that he died in 1912, at the height of his career, at the early age of 61."

"I have always wanted to be

The Teaching Teacher

The Teaching Teacher

(R. H. Mayfield, Supt., Weimar Schools)

During the present day more than humorous interest is taken in the old joke of the parent asking that if the teacher did not mind, would she please teach the child his lessons and let the parents hear them. When we speak of a child failing in school, would it not be well to take stock and see if it may not be parents and the teachers who are really failing.

A series of interviews between pupils and students reveal the following causes for poor school work or "failures": irregularity of attendance; neglect to make up work; poor preparation of daily work; poor foundation; wasting of time; too much work; poor health; home worries; timidity and self-consciousness; lack of concentration; studies too difficult; cramming; copying of home work; dislike of teacher; poor teaching; too much home work; and dislike of school.

Many of the above causes can be removed under a school program which provides for the teacher teaching the student how to study, how to find information, and how to use information after it has been found. This teaching must necessarily be done around topics and information which is of interest to the student in order that drudgery be avoided. Among the many things which the teaching teacher sets up to do are to help the student find his place in society when school days are over, to help the student know more of the world and work in which he live rather than that of many years ago and also an impossible ideal. Where studying is done at school under the supervision of the teacher and the pupil is learning by doing as well as reading, much will be done toward the elimination of the term failures. The schools are waking up to their short-comings and possibilities and it is to be sincerely hoped that the home will study the causes listed and make its further contribution toward progress.—Weimar Mercury.

What was life all about? "What was life all about? Where was I drifting, and what possible good had I been to anyone during my life?"

"To know that God has a plan for me, in spite of opportunities wasted, and that He will tell me of that plan, is the most practical thought that I have ever had. All Activities"

"To know that I am steward for God of everything that I have in my insurance business, my home, my community, my church and all my activity, gives me the feeling of a close friend nearby to guide me."

"I find the Rising Tide is a real fellowship and fellowship, I'm told, is a word derived from the Greek word commune. That means to share. In the Rising Tide we share with one another in all the areas of our life. We are a team in fact, bound together by a common interest and a common love in a great undertaking."

THE AWFUL PRICE YOU PAY FOR BEING NERVOUS. Quivering nerves can make you old and haggard looking, cranky and hard to live with—can keep you awake nights and rob you of good health, good times and jobs. What you may need is a particularly good woman's tonic—and could you ask for anything whose benefits are better proved than famous Lydia E. Pinkham's Vegetable Compound? Let its wholesome herbs and roots help Nature build up more physical resistance and thus help calm your shrieking nerves, give more energy and make life worth living again.

Country Towns

Country Towns

Have you ever noticed that big city papers have long ago ceased to poke fun at the small town because of its easy-going way of living and the very naturalness of its rural residents? The best explanation is that a large number of the men editing dailies in big cities, originally came from small towns. They know the conditions that exist and when they reach the large city they miss this human touch. Of course we are apt to know more about our neighbor's finances and our children's love-affairs, but let anyone in the family get sick and the whole neighborhood is on hand to help. In many a crowded city, folks don't know their nextdoor neighbor's name! Folks aren't allowed to suffer from pain, hunger or loneliness if most of our small town friends know about it.

Lacking all the kindness of a small town is no doubt what makes city editors a lot more generous in their "kidding" of the small town, for he sees the difference between the two, for he used to be one of us.

## San Saba

Spontaneous combustion was believed to have been the cause of the fire which destroyed the large barn on the Mack Yates ranch, south of San Saba, late Monday night, resulting in a total loss of the big structure and the garage and sheep shed adjoining. A large amount of oats was in the barn and other feed as well.

In view of the strong sentiment for the erection of a hospital in San Saba, the county commissioners' court are at this time giving serious thought to the matter of erecting a county hospital here, which could be largely financed by a federal grant of 45 per cent of the cost of the structure, and time warrants issued for the balance, based upon an estimated total cost of some \$35,000 for the building.

Orval Connor, of Pecan Grove, brother of Mrs. Leon Perry who died of lock-jaw recently, had the misfortune Wednesday to be badly injured when a shotgun he was shooting exploded in his hands, badly tearing his arm and breaking three fingers.

Mack Woolridge, Locker ranch man, while moving some stock from his leased place to the Dave O'Neal farm, suffered a broken right arm Tuesday when the pony he was riding stumbled and fell into a ditch.

According to a report reaching the News, it is expected that the Red Bluff bridge will be re-opened to traffic within the next few days, unless unforeseen delays develop. The long delay was occasioned by the difficulty in getting a pile driver to the site.

Fire, originating, it is believed, from a defective flue in the kitchen, completely destroyed the residence of the Ras Thorpe family, in the eastern part of the city, last Saturday morning before noon, despite efforts of the city fire department who were badly handicapped by lack of city water connection in that area.

Sharpening their spurs on Goldthwaite last Friday night, with a 42 to 0 victory over the Eagles, the new edition of the San Saba Armadillos are all set for the first home game of the season at Rogan Field this Friday night when they clash with the much-touted Dublin high school gridders, under the flood lights.—News.

## Comanche

Comanche is gaining a State-wide reputation as a peanut marketing center and the nuts are being brought here from distant points. During the last three weeks, Comanche has had its heaviest run of peanuts. Friday, C. F. Denny, public weigher, weighed more than 215,000 pounds of nuts, seven carloads, or more than 70,000 bushels, and that was just an average day's run.

Plans and specification for approximately \$2,000 in improvements to the local Post Office Building have been received. Included in the plans are repairs to roof, new front doors, rear door, and exterior painting. Bids will be received until 2:00 p. m. October 25.

Among the 1100 students who enrolled in John Tarleton College, representing 152 counties and 10 states, are 34 students from Comanche county.

A total of \$22,313.15 was raised by the various Baptist churches of Comanche county for all purposes during the year just closed according to information released this week in the minutes of the association.

Hilton Burks, secretary of the Comanche Chamber of Commerce, was elected president of the newly organized Central Texas Highway Association at Waco last week.—Chief.

## Lometa

Mick Stephens went to Brackettville, last week end, where he purchased the Moody Wool clip from the Silverlake Ranch. The tonnage amounted to 150,000 pounds, and brought the owners 20 1/2 per cent.

Last Friday afternoon, on the local field, the Lometa team defeated the Star eleven by a score of 6 to 0. This was the second game the boys have played, winning both of them.

## Chappell Hill

By Catherine Crook

Sunday was church day. Bro. Morgan filled his regular appointment. There was a good attendance.

Mr. and Mrs. Will Fickle, Bernice and Dorothy Nell from Gustine spent Sunday in the Earnest Eakin home. Mr. and Mrs. J. N. Crook and family, R. Bufe and boys, and J. B. Whitehead spent the afternoon in that home.

Willis Aubrey Crook spent Saturday night with Edwin Bufe. Charles Crook spent Saturday night with Edwin Bufe.

Charles Crook spent Saturday night with his grandmother Evans.

Mr. and Mrs. Robert Ryan, Katherine and their granddaughter, Joyce Lynn Ryan, were Comanche visitors Saturday.

Mr. and Mrs. W. P. Ledbetter and family spent Sunday in the Jack Dutton home near Priddy. Catherine Crook spent Saturday with Hazel Eakin.

Hazel Eakin enjoyed the show in Comanche Saturday night. Newton Whitehead who is attending Daniel Baker College at Brownwood spent the week end with homefolks.

E. B. Sutherland visited in the Avery Manuel home Sunday afternoon.

J. B. and Newton Whitehead attended a football game at San Saba Friday night between San Saba and Dublin.

Noel Ledbetter called on Willis Aubrey Crook Sunday night.

Mrs. Rhineart Bufe spent several days with Mrs. Hans Roark last week in Pottsville, who has been ill.

We were very much thrilled about the compliment the Dallas Morning News gave to Captain M. Y. Stokes, Jr., as a newspaper editor and postmaster as well as being a captain in the U. S. Army.

## GLEE CLUB

The High School Glee Club is progressing nicely. We have worked up some very pretty numbers.

Monday, Oct. 3, we had try-outs for the trio. We have not decided on first soprano, but Laura Helen Saylor is second soprano and Katherine Hodges is alto. We are expecting much from the trio this year.

## PEP SQUAD

The Pep Squad is progressing unusually well, having secured and learned a number of new songs and yells. A campaign to solicit new members has been started, the outcome of which will be a party given in honor of the person who succeeds in bringing in the most members.

This organization is earnestly trying to enlarge and increase, and we hope that we may have the support and co-operation of the student body and of the mothers and fathers in doing so.

## EAGLES DEFEAT MASON

After an overwhelming defeat of 42 to 0 by the San Saba Armadillos, the Goldthwaite Eagles rallied Friday to defeat the Mason Cowboys, 7 to 0 in a closely contested gridiron battle.

During the first half, the first downs were even, four for each team, and no penetrations were made.

At the half, the Mason pep squad formed a large M and a G on the field and left them in confetti.

The second half of the game saw an aroused Eagle eleven, that scored on an end run by Sheppard. The last quarter saw the ball carried up and down the field to no good effects.

By winning this game, the Eagles raised their standing in District 27-B from 0 per cent to 50 per cent.

The next game is against the Hico eleven on the Eagle field. Hico is known about the Hico squad except that they have 10 lettermen back this season and will likely outweigh the Eagles.

## JUNIOR CLASS

At the beginning of school there were a number of members of the junior class who were new pupils of this school, some from out-of-state schools. Since the first registration the class has been enlarged by the entrance of Earl Pore, who attended school in Mt. Olive last year, and Virgil Sparkman, a former student at Star. We are glad to welcome all new pupils and hope that they may be able to continue here.

The class is quite crowded, but through the co-operation of pupils and sponsor, order has been kept, and we are looking forward to a year of accomplishment.

## Strength During MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place. In such cases, Cardui has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

## FUTURE FARMER NOTES

The first year vocational agricultural class has been selecting projects for this year. Most of the boys have their projects started.

The treasurer has been working hard during the last three weeks, collecting dues. He reports twenty-eight paid-up members and he expects all members to have their dues paid soon.

## FRESHMAN REPORT

The Freshman Class was glad to welcome a new member, J. D. Crowder to its ranks.

We are very glad to have W. T. Thomson back with us after a long absence from school.

We give our sympathy to Robbie Moreland in the loss of her cousin, Bobbie Jo Long.

Are you Freshmen pupils aware of your first six-weeks test? You should be.

## DID'JA KNOW? DID'JA?

Snooping around keyholes and getting dirt on people isn't so bad. It has its good points as well as its bad. In fact you find out lots of things you'd have never suspected to be true.

For instance, this week practically all G. H. S. learned that S. S. S. doesn't mean Sweet Southern Swing. Rex Tullis has quite another meaning for it. See Billy Saylor for particulars.

Cupid seems to be having quite a bit of business among the freshmen members of the weaker sex. And the funny part is, all the victims seem to be upper classmen. Look out, freshman boys, you're slipping.

The Eagle's may be allright on the gridiron, (confidentially they're pretty good!), but we're hearing that their cafe etiquette is terrible. Notice to football boys: apply in English IV classes for excellent lessons on the whys and hows of Emily Post.

Question number one of the week: What is "puppy" love? This question has been keeping senior students awake nights, especially a certain two of them. Of course, we know about "puppy" love, but this new disease (?) floors us.

P. S. It isn't in the dictionary. We are doing pretty good this week. We have two questions.

Number two: Will the frosh trumpet player hook (?) the freshman alto player?

Address all answers to the editor. Place in "that little box" in Mr. Smith's office.

What's this we hear about Marvin Wright getting caught hiding behind signs trying (?) to scare girls.

What's this we hear about Aubrey threatening to do to a

## THE COPY BOX

We were disappointed this week, there was only one article in the box in Mr. Smith's office, and that was from a little freshman.

What's the matter students? Don't you want a good Herald column?

If you will help us, we are willing to co-operate. And if you have a suggestion to make don't hesitate to drop it in the copy box, but be sure to sign it.

## BAND

Friday night the band expects to make their first appearance on the football field in new uniforms. They have been practicing marching on the field daily, and are also learning several new football songs. We would like to have a large crowd out to see the band in their first performance on the new football field.

certain boy if his name appears in this column?

We have been hearing about Sumpter and Laura H. fighting (?) on a certain porch one night last week. We recommend to Laura Helen that hereafter she wear a baseball face protector.

Rumors have been drifting about two juniors beating Miss Rudd's time. What about it Dave?

Answers to question of last week. Letters were received from PWA, NRA, KH, FOB, SOS, AHS, HOLC, and FFA. Take your choice.

P. S. Is Stokes really a member of the "Woman Haters Club" or was it certain attractions (?) in Dallas that caused him to leave last week end.

Also, where was John when the lights went out Saturday night. Hint, hint!

Did'ja know, did'ja, that Katherine has started rocking the cradle pretty regular.

It seems that a certain senior girl likes a six-foot boy, better known as "Slats." You know, opposites like opposites???

What's this? Goodness gracious!! etc. We hear that Blorndie is a jitterbug. Feature that!

We have also heard that Mark and John are going to open a school for advanced jitterbugs. What about it, boys? Can we join? We're not bugs, we're nuts.

# Here's Why You Should Vote For A City Owned Light System Saturday, October 15th.

Goldthwaite, Texas  
October 12, 1938

DEAR FELLOW CITIZEN OF GOLDTHWAITE:—

Some weeks ago a mass meeting was held by the citizenship of Goldthwaite which was attended by a great number of our citizens, you were probably in attendance at that meeting and if so, will recall that its purpose was to select a committee to confer with the City Council of Goldthwaite as to the advisability and feasibility of Goldthwaite taking the proper steps to secure for its citizens electric energy from the Lower Colorado River Authority.

The undersigned, being members of that committee selected at this mass meeting have for the past several weeks been making a detailed investigation into the advantages and disadvantages of this city engaging in the distribution of electricity and we have become convinced that an opportunity is now offered to this town which we as citizens would be unfaithful to our town if we did not exert our every effort to seize. We have reached this conclusion after careful consideration; but we do not want our enthusiasm in the matter alone to influence you. We have therefore taken this means of presenting to you the following facts and figures upon which we have based our conclusions and we ask that you consider the same and then go to the polls on Saturday, October 15 and cast your ballot for what you consider the best interest of our town.

The City Council of Goldthwaite recently voted to employ a qualified engineer to make a survey of the City and a report as to the feasibility of this city buying power from Lower Colorado River Authority. This step being brought about by the presentation to the council of a petition bearing the names of over 260 citizens and business houses of Goldthwaite asking that the city take some definite action in this matter. William G. Morrison, Electrical Engineer of Waco, Texas was employed by the City Council to make this survey, as he came highly recommended by several towns in this section of the state where he had been similarly employed. Mr. Morrison's findings consisted of a 37-page detail report very complete in figures and information, this report is now on file in the City Secretary's Office, and this committee in summing up this report and the mass of figures and information contained therein determined that the same was most favorable to the proposition of the City of Goldthwaite becoming the distributor of electric energy.

Many propositions and plans were submitted in this report and by one of the propositions which is detailed as Proposition IV, Mr. Morrison pointed out that the City can make a net profit of approximately \$12,000.00 per year. This plan being available under the PWA plan which consist of a 45 per cent grant from the government to cover that portion of the expenditure for the electrical system. In this connection we would call your attention to the fact that the annual tax revenue for the city of Goldthwaite is approximately \$7500.00; therefore should the City of Goldthwaite be able to select and obtain the advantages of the above proposition the revenue obtained by the city from the sale of electricity (presuming the city secured the business of all the electric users) would far exceed its present tax income, and if the citizens so desired taxes could be materially reduced. We would call your attention to the fact that over 200 users of electricity have signified their intention of taking power from the municipality, if such power is made available, by signing a statement to that effect, a copy of which is now on file in the city secretary's office.

The City Council has called a bond election for next Saturday, October 15, asking that \$45,000.00 in revenue bonds be voted for the purpose of financing the city in their present plan of constructing a distributing system to sell electricity made available by the Lower Colorado River Authority. Your particular attention is called to the features of this bond election:—

(a). This election is for the purpose of voting on REVENUE bonds, which bonds are to be issued to finance the buying of the municipal distributing system described above, these bonds are to be retired by the revenue from the system itself and NOT by taxes, and hence WILL NOT BE A CHARGE AGAINST THE TAX PAYERS.

(b). No passage of any new tax levies, and no increase in the present city levies will be necessary to retire these bonds. They will be retired from the profits resulting from the operation of the power distributing system.

(c). Revenue bearing bonds specifically provide on each coupon that the holder SHALL NEVER HAVE THE RIGHT to demand payment of the obligation out of any funds raised or to be raised by taxation.

(d). During the time that the bonds are outstanding, the city will be able to supply street lights, the lighting for city buildings and such other facilities without any cost to the city. The surplus profit from such a system could be used as the citizens of Goldthwaite may desire for many civic purposes and improvements.

Proof that the citizens in the territory to be serviced by the Lower Colorado River Authority will generate the benefits of the cheap power the Authority will generate is expressed by the vote of the following cities:—

Lampasas	voted 2 to 1 for municipal ownership
Fredericksburg	voted 3 to 1 for municipal ownership
Bastrop	voted 3 to 1 for municipal ownership
Smithville	voted 31 to 1 for municipal ownership
Marble Falls	voted 7 to 1 for municipal ownership
El Campo	voted 3 to 1 for municipal ownership
L'ano	voted 4 to 1 for municipal ownership
Lockhart	voted 3 to 1 for municipal ownership
Kyle	voted 11 to 1 for municipal ownership
Burnet	voted 33 to 1 for municipal ownership

The issue is squarely up to the people—they bought and paid for the Buchanan Dam, it belongs to the people and they should take advantage of it in the territory where it is being first offered. Remember that to secure this power we must act now, as all of the power generated by the Lower Colorado River Authority will soon be allocated.

A vote FOR the issue will bring the benefits of cheaper power and light rates, many municipal improvements and the possibility of lower taxes for the citizens of Goldthwaite.

In conclusion we would like to impress upon you that we are not interested in any general or local fight either for or against the utilities, but we are solely interested in what is the best thing for Goldthwaite and its citizens, if a substantial saving can be effected (and we submit that it can) for you as citizens of Goldthwaite by this city distributing and selling electric energy to you and if at the same time the City of Goldthwaite can receive additional revenue WITHOUT ANY INCREASE TAX BURDEN TO YOU (and we submit that it can) then we say this is a matter which should be of vital interest to every person living within the limits of this town and one which should have the unqualified and unrestricted support of every tax paying voter of Goldthwaite.

We submit the foregoing information as a summary of the findings of our investigation and tender the same as true to the best of our knowledge and belief.

### Scallorn

By Mrs. Cora Ford

Sunday was home-coming day at our church.

Those present from other places who were one time members were Mr. and Mrs. Elza Laughlin of Blanket, Mr. and Mrs. Charles Wright and two children of Brownwood, Mr. and Mrs. C. H. Black and two children of Goldthwaite and Mrs. Tenny Featherston of Kelly. The pastor's subject for the morning was on winning souls. After services dinner was spread in the old fashion way. The men made coffee in the old time iron tea kettles on a camp fire.

After all had done justice to the feast we enjoyed a social hour together, then drove to El-Holt's Creek for Baptismal services.

Mrs. J. W. Stewart has been quite sick for several days, but is some better now. His niece and her husband, Mr. and Mrs. W. L. Underwood of San Saba

came over Saturday to see him. Mrs. Underwood remained for a few days visit.

A. S. Johnson and Ida Lou came in to see his uncle, J. W. Stewart and to look after his business for him.

Mr. and Mrs. T. R. Dempsey left last Friday for Dawson. They were going by way of Dallas and on to Mississippi before returning home.

Terrial Casbeer and family and Mrs. Tom Huffstutler spent Sunday with their sister and daughter, Leona Burham on the river.

Mr. and Mrs. Walter Henry spent Sunday afternoon in Mrs. Cora Ford's home.

Homer Eckert and family spent Sunday with his father, Mr. Frank Eckert.

Mrs. Fred Laughlin has been real sick the past week but we are glad to report her improving.

Mr. and Mrs. Frank Hines and daughter, Dutch Smith and family, Fred Laughlin and son attended the ball game at Chero-

kee Friday night.

Johnnie D. Ford returned home after spending several weeks with his sister, Mrs. Williamson and Rachel at Eldorado.

Mmes. John Kuykendall and Dutch Smith visited Mrs. Will Burks one day last week. Mrs. Will Burks is real sick.

Marvin Laughlin and wife spent Saturday night and Sunday with Mr. and Mrs. Fred Laughlin.

Mrs. C. H. Horton returned home last week after spending two weeks with her son, Mac in Goldthwaite, while his wife was gone to visit her sister.

The community gave Bro. and Sister Pertillo a shower Saturday night after church at the church house. They got many nice and useful presents.

Mr. and Mrs. Reginald Watson of Galveston visited her aunt, Mrs. Marshall Miller and family Saturday.

Say you saw it in the Eagle!

### CARD OF THANKS

We are thankful for our friends and are deeply appreciative of every kind word, every word of sympathy, every act of kindness that helped to ease the passing of our dear mother and sister. May God bless each of you.

The Robertson families.

### Rock Springs

By Mrs. Eula Nickols

Our hearts were broken Friday night when the news came over our lines that Grandmother Robertson of Big Valley had passed away. She was sick for several months but very patient with her suffering. Everybody loved her and she loved everyone. Death has again be-reft us. Again we've said "good-bye." Another "mother" and "friend" has left us.

To live with Him on high. We extend our sympathy to her children and grandchildren. Also to her daughter-in-laws, who have been so sweet and good to her and other relatives who helped to care for her.

There was Sunday school and church Sunday morning. There was baptizing Sunday afternoon in Earl Fairman's tank. The Hendrix boy was baptized.

John W. Roberts is a real farmer. He is selling peas to some of the merchants in town. He has a fine garden.

R. E. Collier and Claud Collier have rented land from Mr. McClary. We are wondering if Mr. McClary is a retired farmer. We know it can't be his age.

I sure am proud of my new grandson. He is a fine boy—"just like his daddy." I am glad to report he and his mother are doing fine.

Since my letter was started the little Long girl passed away. We extend sympathy to her parents and other relatives.

Mr. and Mrs. C. Ballard are very proud to have their granddaughter and her husband from Galveston visit them on their vacation.

Mrs. J. O. McClary has been visiting her children in Fort Worth. She also visited in Oklahoma.

Mrs. Ethel Eiland from Snyder and Mrs. Noel Littlepage and Miss Bernice and Mrs. Virginia Beaver and George Ann from Dublin and Mrs. Bruce Burnett and Glenn Nickols and wife from town were dinner guests Friday in the Nickols home.

Ollie Strickland and wife from Hamilton spent Sunday in the Roberts home.

Everett Holland took a load of cattle to Fort Worth for Landy Ellis Monday afternoon.

Mr. and Mrs. Reginald Watson and wife from Galveston who visited with their grandparents, Mr. and Mrs. Ballard last week, attended church at the Catholic Church Saturday morning.

Those who enjoyed fish and squirrel and other good things Sunday on the river were: Guy Manning and family from Stephenville, Reginald Watson and wife from Galveston, Landy Ellis and wife, Richard Souders and family, Collier Ballard, Misses Billie Ruth Daniel and Greta Traylor and Mrs. Eula Nickols and Phillip. After dinner Mrs. C. Ballard joined the crowd.

D. L. Tipton is visiting his sister, Mrs. Oscar Gatlin and family.

B. F. Renfro preached at Ridge Sunday. His family accompanied him over.

Clifton Renfro started to school in town Monday morning.

### Mrs. Zona Robertson Passed Away

Mrs. Zona Robertson, who had been very ill for several weeks, passed away at her home at Big Valley Friday night, and was laid to rest Saturday afternoon at 4:00 o'clock in the Big Valley Cemetery.

She leaves, to mourn her loss, three sons, Messrs. Robt., Geo., and Lee Robertson, and one step-son T. Robertson and a number of grandchildren. Two brothers also survive her.

Mrs. Robertson was a pioneer citizen of Mills county and was loved and highly respected by all who knew her.

McLennan county crop demonstrators who are making a comparison with fuzzy cotton seed untreated against delinted and treated cotton seed report that the delinted seed has made the fastest growth and is fruiting more than either the untreated or the treated seed.
