## CHURCHES

### Methodist Church

Starting of the new Conference presents a new challenge. We feel sure that none of us are satisfied for our church to stand still. We must make progress. The year should be a year of high achievement. We will lead us to a high-...

### First Baptist Church

E. E. DAWSON, Pastor

We all welcome back to this field pastor Fred J. Brucks of the Methodist Church. He is a worthy brother, efficient minister of Christ and a congenial fellow-worker. Fact is, there is a very pleasant relationship between all the ministers of the town. Next Sunday we hope to be back in the auditorium with sufficient heat for the coldest weather and with the building practically renovated. It is most earnestly hoped that all members will be present and help us plan for the celebration that we contemplate for the completion of the work on the building. Sunday school at 10:00 Sunday morning with a place for everybody. Worship at 10:50 and 7:30. B. T. U. meets at 6:30 in the evening.

### Soldiers Wanted For Air Corps

WACO, Texas, Oct. 27.—Major Sidney J. Cutler, Army Recruiting Officer, announces that he has been authorized to enlist 25 men for special assignment to the Air Corps. The men to be enlisted for this assignment will be sent to the organizations on duty at Kelly Field, Texas, where the advanced flying course is conducted. Only men with a high school education or special qualifications useful to the Air Corps will be enlisted for this particular assignment. Vacancies exist in other branches of the Army at desirable posts and stations. The Dallas District has enlisted 147 men and forwarded them to Army posts in Texas this month.

### Star H. D. Club Notes

The Star Home Demonstration Club met Thursday, Oct. 20th, at the home of Mrs. Marvin Collier, with seven regular members in attendance. Two new members were enrolled: Mrs. Jim Hamilton and Mrs. Clara Emdy. Mrs. Collier lives several miles out in the country, which made it inconvenient for those who have no way to go. There were five visitors; Mes. Lee Walton, Mrs. Collier's married daughter, Vera, Carolyn Wall, and Misses Ima Collier and Vela Stephan. After the business meeting, Mrs. Collier took up the demonstration of bound button holes and the discussions of seams for slip material. After that, the hostess showed the group over her new home which is a brick structure of six rooms and bath, all lined with sheet rock—a lovely home with a magnificent view. Mrs. Collier went into detail about the new furnishings and decorations she plans for the interior, venetians and all, including modern electric equipment which the rural lines will make possible. The club enjoyed her hospitality very much and bade her adieu, to meet again with Mrs. Vada Guice Nov. 3.

### AT NAT'L FFA CONVENTION

KANSAS CITY, MO.—The Texas delegation of 300 Future Farmers attending the National FFA Convention here this year was given a rousing welcome by national agricultural officials. The two boys about to release horse shoes are Charlie Patton and Don Rhodes, Duncanville, Texas Horseshoe Pitching Champions. These lads challenged all other state delegates at the National Convention and won the National Championship. Ellis Mahan from Goldthwaite was among the convention delegates.

### To Hold Revival

REV. LUTHER BLACKMON

The local Church of Christ is beginning its fall meeting Sunday morning at 11:00 a. m. The preaching will be done by Evangelist Luther A. Blackmon of Houston. Bro. Furr, the local minister, will have charge of the song service. The services will begin each evening at 7:15 p. m. The services will consist of plain Bible teaching and congregational singing. They assure you there will be a comfortable house regardless of the weather.

### Will Attend Meeting

A meeting of county AAA committees, Home Demonstration Agents, County Home Demonstration Chairmen, and County Agents of Extension District 7, will attend a two-day meeting at the Wooten Hotel, Abilene, Wednesday and Friday. J. H. Burnett, J. M. Geeslin, R. C. Duren, Ward W. Evans, Miss Emma Scott, Mrs. Daisy Ford Laughlin, and Mr. and Mrs. W. P. Weaver left for Abilene Wednesday afternoon.

### Eagle Editor Attends Conference

The Eagle Editor enjoyed a delightful trip to San Antonio last week end to attend the last session of the West Texas Conference of the Methodist Episcopal Church, South over which Bishop Frank Smith presided. Next year the conference will be known as the Southwest Texas Conference of the Methodist Church and will include the churches now belonging to the northern Methodist Church.

Besides attending the conference sessions, the Editor enjoyed meeting many old friends. She attended a lovely reception at the University of San Antonio for conference members where the beautiful furnishings of the large reception room were shown. These were made possible by donations from each district in the conference.

Most enjoyable of all was a dinner given Saturday evening by Rev. and Mrs. John K. Berry to sixteen of their close friends at the newly christened Texas Mission Home and Training School. Brother and Sister Beery are doing a wonderful work at this praiseworthy institution, and it is always inspiring to visit it.

Sunday morning Bishop Smith preached an eloquent and heart-warming sermon on the text, "Enlarge thy tents."

Five of the eight presiding elders in the conference had completed their terms of office and were replaced, and some 200 pastors received new appointments. These numerous changes made all the more gratifying the return to Goldthwaite of Brother Brucks who has so ably served the Methodist Church here.

### Support the Library

The Annual Library Tea, opening the fall membership drive will be held in the Library room at the court house next Wednesday afternoon, Nov. 2, from 2:00 until 5:00 o'clock. As this is Mills county's library, everyone is urged to come and do his part to support it.

### Turkey Market To Open Monday

Monday will see the opening of the Thanksgiving turkey market, according to Rellis Worley. He expects the opening price to be about 15c. While the supply of turkeys this year is smaller than usual, the quality is extra good, and Mills county growers may expect to receive top prices.

### Early Frost Is Recorded

After basking in unseasonably hot weather most of the month, Texas enjoyed a light norther last week, and light frosts were recorded here several mornings. A 1 inch drizzling rain Saturday, brought hopes that the eleven-week-old drouth might be ended, but the skies cleared before sufficient moisture to do any good had fallen.

According to the rain records at Fairman Co. the last rain in this section that amounted to any was 1.2 inches between August 13 and 16. While damage from the drouth has been slight so far, it is about to become serious as fall gardens, winter grain and grass will be a complete failure unless rain falls soon.

## Goldthwaite Eagles Play Star Tonight

### Hee! Haw! And the Kickers Won

Featuring many thrills, spills, and even more laughs, six innings of Donkey Baseball were played under the flood lights on the new athletic field of the Goldthwaite High School, Tuesday night. The game was put on for the benefit of the Goldthwaite Athletic Council, and was well attended.

For the benefit of those, who for one reason or another, did not get to see this novel game, we will describe the set-up. There were nine players on each side, as there is in regular baseball, but the out-fielders and basemen were provided donkeys, which they must ride instead of playing on foot. The pitcher and the catcher were the only players who were not mounted.

In "town," the players were required to keep batting until they got a hit no matter how many strikes they collected. After batting they were required to mount a donkey and run to first, and the other bases—if possible.

Not many of the players succeeded in getting safely on the donkey, much less getting safely to first base, and still fewer were those who finally after many falls, persuaded their mounts to cross the home plate. The final score was 3 for the Krazy Kickers, and 1 for the Brafty Batters.

### Garden Club Met

The Goldthwaite Garden Club met Oct. 19, 1938 in the home of Miss Abbie Ervin for its second regular meeting.

Mrs. Wilbur Fairman, program leader, introduced the principal speaker, Mrs. W. K. Marshall. "All bulb beds should be well drained," stated Mrs. Marshall in her discussion on "Bulbs for Fall Planting."

Another important point Mrs. Marshall stressed concerning bulb growth in the house was, after the bulbs are brought out into the light, for best growth and development, room temperature must not be over 65 degrees.

The contest sponsored at this meeting, "Arrangement of Ornamental Grasses" proved quite delightful and very instructive. Mrs. Wilbur Fairman scored highest in her arrangement. Mrs. Marsh Johnson, second and Mrs. Mac Horton, third.

The Hobby Display, sponsored by Mrs. Mayme Windsor was most interesting to all observers.

Refreshments were served to six guests and thirty-two members. The guests were: Mrs. E. E. Furr, Mrs. Jack Davis, Mrs. R. V. Littlepage, Mrs. Marvin Rudd, Mrs. Joe Townsen, and Miss Irma Harrison.

### SANTA FE'S NET INCOME

Santa Fe's net railway operating income for September was \$1,625,300, according to a statement released today by President S. T. Bledsoe. This is an increase of \$1,421,219 over September last year.

Gross for the system was \$12,997,754, a decrease under September, 1937, of \$579,766 or 4.27 per cent. Operating expenses were \$10,138,826, a decrease of \$2,127,864 or 17.35 per cent under the same month of 1937. Railway tax accruals were \$1,226,934.

### BENNINGFIELD—McCONAL

Miss Muri McConal and W. F. Benningfield were united in marriage in the home of Bro. Edgar Furr, Minister of the Church of Christ, Sunday, Oct. 23. The couple were accompanied by Miss Reagan of Big Valley and Mr. Green.

## SOCIETY and CLUBS

### Merry Wives Club

Thursday evening Marvin Hodge's home was opened to the Merry Wives Club and their husbands for the first party of the season with Mrs. Bob Steen, Jr., and Mrs. Hodges as co-hostesses.

The reception suite with its lavish decorations of dahlias, zinnias and golden glow was an ideal place for amusement.

After five games of contract, Mr. and Mrs. Raymond Little as members and Mr. and Mrs. A. L. Whittaker as guests received attractive trophies for their success.

A dainty salad course was served to the ones mentioned and Messrs and Mesdames, T. F. Toland, Earl Summy, Ed Gilliam, C. M. Burch, Kelly Saylor, Walter Fairman, Maston Pribble, Dr. and Mrs. Graves, Mrs. Chas. Frazier, Mrs. Dude Brim, Marvin Hodges and Bob Steen, Jr.

We voted to change our meeting time from 2:30 to 1:30. Miss Scott, our county demonstrator met with us and gave a talk on landscaping and also gave a demonstration on how to choose colors for different people.

From a beautifully appointed table Mrs. John Schooler served tea and tea dainties to club members and the following guests:

Mrs. V. C. Bradford will entertain the club, Nov. 3.

### GARDEN CLUB MEETING

The semi-annual district meeting of the executive board for the Heart-o-Texas Garden clubs will be held next Monday, Oct. 31, at 10 o'clock at Hotel Brownwood, Mrs. John Berry of Goldthwaite, president of the district, announces.

The board meeting will be followed by a luncheon and all Garden Club members are invited to sit in at the board meeting and to attend the luncheon.

The guest speaker for the luncheon will be the incoming state president, Mrs. Will Lake of Fort Worth and Mrs. Letha Evans Hardwick will have charge of the china display which will be a showing of Rosenthal fine china by Armstrong's Jewelry Store that will thrill every lover of fine ceramics. Pieces from the services of the notables of the world, such as designed expressly for the Vatican, for kings, queens and a bust of his holiness Pope Pius XI in Rosenthal china with gold leaf decoration will be exhibited.

### South Bennett H. D. Club

On October 18, our club met with Mrs. Morgan Stacy. As this was not the afternoon for our demonstrator, Miss Scott to be with us the afternoon was spent in quilting a quilt for Mrs. Stacy. The roll was called and seven members were present. We were glad to welcome Mrs. George Hill as a new member. We enjoyed having Mrs. Dennis and Grandmother Warren as our guests.

Our hostess assisted by Mrs. Burthel Roberts and Mrs. M. L. Casbeer served iced lemonade and delicious cakes to those present. Our next meeting will be with Mrs. Clyde Featherston in the afternoon of Nov. 1, at which time Miss Scott is to be with us.

All members are urged to be present.

### Bride Showered

Mrs. Jessie C. Moreland was honored with a party given by Mes. Dutch McKenzie and Jake Long in the McKenzie home Friday, Oct. 21.

The guests were met at the door by Mrs. Long. All were entertained awhile by the old witch who caused lots of laughter.

Refreshments consisting of punch and cookies were served, after which the bride was presented a basket of lovely gifts by the old witch.

### Tuesday Study Club

The Tuesday Study Club met with Mrs. Joe Palmer October 18. After the business meeting, Mrs. Sparks Bigham gave a very interesting review of the book, "Beyond Sing the Woods," by Tryve Gulbransen.

Mrs. Palmer served a delicious salad course to fourteen club members and Mes. Matthews, John Hester, and Miss Lou Ella Patterson.

After two games with Lampasas and coming out victorious in both, the Goldthwaite High Eagles are preparing to play the Star High Tigers tonight under the lights in Goldthwaite. Although this is the Eagles' second game this year with a class C. team, the Goldthwaite eleven is all set for a stiff battle, as the Tigers will very likely be the heaviest team.

Working out, the Eagles have been showing quite a bit of improvement on their running plays, and were in good humor about the coming contest, showing a maximum of chatter and scrimmaging hard and fast.

Very little is heard about the Star squad, but they have not had what could really be called a successful season, but this is not to be held against them, because this is only their second year of football.

But going back a week, to the Lampasas game, it seems that the fans who follow the Eagles are very well satisfied with the comeback the Goldthwaite team staged when they defeated the Lampasas Badgers 13 to 0 last Friday night, and the Eagles' second team routed the Lampasas Junior High team 37 to 0 the following night. In Friday's game, the Eagles depended mostly on a ground assault, taking to the air only eight times, completing four, one for a touchdown, and having none intercepted. The Badgers passed eighteen times, completed six, and had three intercepted. The Badgers punted six times, and the Eagles nine times, once recovering the ball 22 yards up the field after the Lampasas safety man had touched it. That the Eagles kicked more times than their opponents does not mean that they were forced to kick more times, as they quick-kicked several times, setting the Badgers back on their own goal line.

Judging by the fact that no absentee ballots have been cast so far for the general election which will be held on Tuesday, Nov. 8, Mills county voters are not greatly concerned.

Although the Republicans, Communists and Socialists are represented on the ballot so far as the more important state offices are concerned, it is a foregone conclusion that the straight Democratic ticket will be elected as usual.

Even the usual constitutional amendment which is tacked on to the ballot lacks interest this year. It is to eliminate the famous dueling clause in the oath of office taken by state officials.

### Star

By Mrs. Dora Goode

A fair and beautiful day is abroad in the wake of a light frost on the morning of the 24th. Scarcely a breath of air is stirring, and no doubt it'll be feeling like a summer day by noon.

But it is still dry and extremely dusty. The 22nd was dark, cloudy, and drizzly and it looked as though it'd be bound to rain. Flocks of meadow larks have swung over since we wrote last week, and a few blue jays are to be heard garrulously fussing in the mesquite flats. The mocking birds have kissed us "bye-bye." Too bad we haven't wings, for we'd be missing from our old feeding grounds some fair morning.

I don't see why the skunks and "possums don't" follow the swallow." It would save us who are left behind a lot of trouble. We laid a seige for the detachment that had been invading our chicken house. It was finally routed, surrounded, and, with an ally from across the border and flashlights, an Aladdin lamp, hoes, a borrowed lantern, matches, sticks and rocks and the like, we closed in on Mr. skunk, crashed through barbed wire entanglements, ran him from the premises and into a rock pile, dug him out and brought him to an end. No more trouble since.

It was a lovely day last Sunday, all smiling and pleasant, for the happy birthday dinner at the home of Mr. and Mrs. J. W. Mason, honoring Mrs. Mason's mother, Mrs. J. C. Witty, and Mrs. Mason's husband, J. W. Mason. Many lovely gifts were presented to Mrs. Witty. Those present were: Mr. and Mrs. J. C. Witty, Mr. and Mrs. Jim Witty and children, Golden and Royce; Mrs. Lee Clary and babies, La Roy and La Joy, all of Star; Mr. and Mrs. Jim Mason, North Bennett, Mr. and Mrs. Bill Hill and baby of Bethel, Mr. and Mrs. Freeman Mason and children of South Bennett, Mr. and Mrs. Willie Patterson, Moline, and Marion Walton of Center City.

### Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

## ALL YOUR CURIOSITY satisfied

Mileage Merchant... Ask him exactly how sure of fast winter starting and extreme oil economy by changing now to WINTER OIL-PLATING

IS OIL-PLATING just a different name? ... No. OIL-PLATING is what Conoco Germ Processed oil does! The out-and-out difference is this: OIL-PLATING will stay firmly attached—plated—clear to the topmost point in your engine, while any plain mineral oil drains clear down the crankcase at every stop.

Exactly where is your gain? Well, in starting up again—next day or next month—the coldest OIL-PLATED engine is always oiled in advance... pre-lubricated before any oil down in the crankcase could ever stir. OIL-PLATING thus keeps every engine part slippery. The starter speeds up, the pistons live and so does the engine of fierce starting friction.

But is there any oil saving? Because less engine wear miles between quarts. And OIL-PLATING itself never passes out during the process, patented, creates the sensible reason for your switch to Your Mileage Merchant.

**Ripe Grape Conserve**  
 4 cups (2 lbs.) prepared fruit  
 Grated lemon rind  
 1/2 cup lemon juice  
 7 cups (3 lbs.) sugar  
 1/2 lb. seeded raisins  
 1 cup finely chopped nut meats  
 1/2 bottle fruit pectin

To prepare fruit, stem and crush  
 well about 3 pounds fully ripe  
 grapes. Add 1/4 cup water, bring to  
 a boil, and simmer, covered, 30  
 minutes. Remove seeds and skins  
 by sieving. If desired, chop or  
 grind skins and add to pulp. Grate  
 rind and squeeze juice from 2  
 lemons.

Measure sugar and prepared fruit  
 into large kettle, filling up last  
 cup with water if necessary. Add  
 lemon rind and juice, raisins, and  
 nut meats, mix well, and bring to  
 a full rolling boil over hottest fire.  
 Stir constantly before and while  
 boiling. Boil hard 1 minute. Re-  
 move from fire and stir in bottled  
 fruit pectin. Then stir and skim  
 by turns for just 5 minutes to cool  
 slightly, to prevent floating fruit  
 from sticking. Pour into hot conserve  
 at once. Makes about 12 glasses  
 (8 fluid ounces each).

**Chocolate Mint Rennet-Custard**  
 1 pkg. chocolate rennet powder  
 1 pint milk  
 1/2 cup chocolate syrup  
 1/2 cup marshmallow topping  
 1/2 cup peppermint flavoring  
 Make rennet-custard according to  
 directions on package. Then chill  
 in refrigerator. When ready to  
 serve, mix marshmallow topping,  
 chocolate syrup, and a few drops of  
 peppermint flavoring together thor-  
 oughly. Put on top of each rennet-  
 custard and serve at once.

**Social Ice Breakers**  
 Here are new recipes for party  
 success! Peg Chow and Telka  
 (you play both on the same board)  
 are scoring a double header suc-  
 cess in parlor sport circles. Telka  
 is an exciting new development of  
 Chinese Checkers invented by  
 George S. Parker. You jump pieces  
 in any direction and capture the  
 enemy's when he strays from  
 safety zones. Peg Chow is a varia-  
 tion of Chinese Checkers played on  
 a peg board. Crossword Anagrams  
 is another favorite; it's a variation  
 of the Crossword Lexicon craze  
 that's played with Crossword Lexi-  
 con tiles instead of cards.

"The Flapper Grandma" was a success and a nice sum was realized for the P.-T. A. and Miss Tharington, director. Had the weather been better, others would have attended.

Grandma Collier has been on the sick list, but is improving at this writing.

Mr. and Mrs. Bill Lucas and three daughters went to Pleasant Grove Friday night to visit their new granddaughter, Twila Sue, in the home of Mr. and Mrs. Weldon Lucas.

**AFTER THE MUNICH AGREEMENT**

The Munich Conference was an event of world-wide importance, and the agreement reached there will have lasting economic and political consequences. Czechoslovakia, of course, was the greatest loser, but the Munich Agreement also adversely affected the entire Continent of Europe, according to the Alexander Hamilton Institute.

With the segregation of the Sudeten territories, Czechoslovakia lost some of her most important industries. The country, therefore, will be confronted with the serious task of reconstructing its economic life within the narrower boundaries and, in the future, will be more agricultural in character.

Even before the dismemberment of the country, Czechoslovakia's best customer was Germany. Obviously, under the new circumstances, Germany's economic influence over Czechoslovakia will increase materially. The extent to which Czechoslovakia will again be able to become a healthy economic unit will depend primarily on the financial assistance from Great Britain and upon the attitude of Germany. Already, the British Prime Minister has announced that the Bank of England will advance \$10,000,000 to the Czech government and that a loan of \$30,000,000, guaranteed by the British Government, will be considered in the near future. After a period of readjustment, therefore, and assuming no further German aggression, Czechoslovakia may again become a healthy economic state.

Having acquired the Sudeten area, Germany's influence on the Continent of Europe is bound to increase materially. Indications are apparent already that such countries as Yugoslavia, Rumania, and Poland may come under the political and economic influence of Germany. Hungary and Bulgaria are already economic satellites of Germany. Once Germany controls the vast natural resources of the Continent of Europe, it will enjoy both economic and political hegemony over the Continent. It will become economically more self-sufficient than ever and its military strength will be increased substantially.

Next to Czechoslovakia, perhaps the greatest loser through the Munich Agreement is France. All her military alliances so carefully built up after the war have suddenly collapsed. Her abandonment of Czechoslovakia has naturally severed all political and military ties that existed between the two countries. Reports are current that the Soviet-French alliance will also soon be cancelled. As a result of the dismemberment of Czechoslovakia, the Little Entente, consisting of Rumania, Yugoslavia, and Czechoslovakia, is dead. The smaller countries in Europe, which hitherto relied primarily on France, are rapidly changing their policy in favor of a pro-German policy. France's political influence on the Continent of Europe, therefore, has been greatly diminished. This has been very harmful to the political prestige of France so that today she plays a role of a second-rate power.

The internal political consequences in France of the Munich Agreement are as yet difficult to determine. In all probability, however, they will lead to a great revulsion of the French people against the United Front Government. Not only did this government devalue the currency three times, but also it brought to an end the political prestige which France enjoyed since the end of the war.

In spite of the fact that Munich Agreement was hailed as a victory for peace, Europe today is far from appeasement. All the democratic governments have insisted that military preparations must continue, and must even be accelerated. This involves huge expenditures and increase further the burden of the taxpayers. In France, the expenditures incurred during the past few critical weeks will be met through a further revaluation of the monetary stock of gold. In England, in all probability, the accelerated armament will result in new taxation.

British opinion seems to be that a nation like Germany, with a population of over 75,000,000, cannot be prevented from economic expansion and, therefore, it is best that she be permitted to expand toward the east. However, this raises the question whether the present German leaders will be satisfied with the political and economic hegemony over only Central and Eastern Europe. In his negotiations with the British Prime Minister, Mr. Hitler is reported to have said that he will make no further territorial demands in Europe. Assuming that this is the truth, it does not consider the question of colonies. Sooner or later—probably after its economic and military strength has been increased—the German Government will demand colonies. For the first time, Great Britain and France will be asked to relinquish some of their own territories, and this may result in another European crisis.

The Munich Agreement brought a temporary peace in Europe,

**Health Notes**

A limited amount of funds allotted to Texas for a venereal disease control program will be available Nov. 1, for part financing of municipal venereal disease clinics where the cities have made available local funds for the project, it was announced at Austin this week by Dr. Geo. W. Cox, State Health Officer.

Cities that have appropriated local funds and are qualified to receive the supplementary state funds for the clinics are Dallas, Fort Worth and Houston.

Clinics will begin operating under the plan November 1, at Beaumont, Port Arthur, Galveston and Corpus Christi.

Other cities over the state are studying their local venereal disease control problem and will qualify for assistance as soon as they appropriate the local funds prerequisite to state financial participation.

The state funds have been allotted the State Department of Health by the United States Public Health Service under the provisions of the LaFollette-Bulwinkle bill passed by the 75th congress. No funds for venereal disease control have been appropriated by the state legislature and this lack of state funds curtails the amount of USPHS funds which can be allotted for the program in Texas. The present program, therefore, is a small designed to cope with the program as adequately as possible in view of the limited funds available.

The municipal venereal disease clinics are charged specifically with treating venereal diseases among the indigent class at no cost to the indigents. Blood tests are run and treatments secured for all indigents found syphilitic.

Dr. Cox states that free arsenicals for the treatment of syphilitic indigents are being distributed to more than twenty rural and

but the price for this peace is very high both to Czechoslovakia as well as to the western democracies. With rearmament going on at a rapid pace and with the military strength of the various countries constantly increasing, there can be no permanent peace in Europe.

**Business Improving**

NEW YORK, Oct. 27.—BUSINESS—Virtually unnoticed the last month because of complete domination of the news by the European crisis, business in America has quietly been staging a steady upward climb from spring's low levels. Steel mill operations have returned to 46.7 per cent of capacity, and steelmen look for a rate of 60 per cent before the end of October. Sales managers say incoming orders from wholesalers and retailers to manufacturers reflect confidence that consumer purchasing power will continue to gain. Study of the Federal Reserve Board's business summary for August, reported last week, indicates that for September the board's index of nation-wide industrial production rose above 90 for the first time in 11 months. Based on 1923-25 as 100, such an index figure would compare with 88 in August, 83 in July and 76 in May.

**"RISING TIDE"**

In this distraught world so much of the news deals with the destructive forces of crime, war and greed, it is easy to overlook the fact that there is another side.

To report each week this other side is the purpose of this column. It deals principally with the personal experience of a rising tide of men and women who believe in God-control and whose lives are governed by the thought that if you want a new and better world, the place to start is with yourself. If you would like to meet or correspond with any of them, write to the Rising Tide Column, Goldthwaite Eagle, Goldthwaite, Texas.

"The four absolute standards—honesty, purity, unselfishness and love—got under my skin and I took them home to see what they could do for me," said Arthur Barnum, sturdy Berkshire farmer talking at an Oxford Group meeting at Lenox Manor, recently.

When he first heard about these standards two years ago, Mr. Barnum was worried about a fellow—his son "Poke," who was not all a bowl of cherries to live near. But he soon discovered he could not help Poke till he'd changed a bit himself, fac-

ed those standards in fact.

Then Poke was changed too and here he was as large as life standing up talking after his father. He had not been able to get on with his parents or wife or brother, so he had cleared out, cut loose. But he remembered about his father's change and finally landed up at Calvary Church. Then he had given his life to God, sat up all night writing letters of apology. "God really does things to you," Poke concluded significantly.

Such was one of the miracles told to the assembly of Berkshire county people at Lenox Manor. Many others spoke. Henry Nichols said that he had been a "rum hound," whom no one trusted, and after ten futile attempts to give it up, had finally given his life to God ten years ago. "Since then I have never wanted to take a drink, and now I am living in one of the dormitories at Williams College as house father to nineteen boys between the ages of seventeen and nineteen," he concluded.

Illuminating engineers have demonstrated that many kinds of household plants can be raised successfully under electric lights where sunlight is not available.

LESSON TEXT—Ecclesiastes 11: Romans 6:17-23; 14:12; GOLDEN TEXT—What then? Shall we continue to sin because grace may abound?—Romans 6:15

"Personal liberty" is a word that has become so common in the days when men are so free that they are right to again flood this world with intoxicating liquors and prohibition. One would think that some of our political newspaper editors would be ashamed when they are now being accomplished of personal liberty.

My liberty ends as yours begins, where yours have the personal liberty my arms as far as the nose, but there my liberty of life is, and necessary built on that principle. Christian there is a measure of responsibility to God and his heart interest in the welfare of his fellow men.

PEP SQUAD

At the Lampasas game Friday night the pep squad presented a formation consisting of seventy-five girls who formed the letters GHS and gave a yell for Goldthwaite.

The uniforms of the pep squad were made more attractive this week by the purchase of new black scarfs to be worn with the conventional black skirts and white shirts.

JUNIOR CLASS

Sue Bare, president of the Junior class, was absent most of last week on a visit with relatives in Dallas. Although she was unable to attend the State Fair there, she reports that other attractions afforded her an excellent time.

The class is glad to welcome a new pupil, Calvin Lovell, who attended school in Pearl the first part of this year.

DIDJA KNOW? DIDJA?

When one certain someone, whose initials are S. A., remarked that someone must have threatened us, we were reminded that he hadn't done anything toward carrying out his threat, so, we're giving him the extremely pleasant and delightful task of "throwing the mud" next week.

Another student said that the Spanish made their first attempt to settle Texas in 1960. For goodness sake, where have we been all these years.

There have been some sad faces around the G. H. S. premises recently, especially among the boys, and a certain boy has actually been behaving in Mrs. Marshall's study hall.

Our football boys are real scrappers. Something just gets into their blood the minute they get on a football field. For instance, Stoddard got so enthusiastic Saturday night in the warming up exercises he had to have his mouth sewed up later to keep from talking about his touchdown.

My, my, our football boys just don't know how to appreciate fine art! We're hearing they ran Lampasas' Pep Squad off the field Saturday night. (That is, a few of them did) and it was a good, pep squad, too!

By the way, there were two articles addressed to this column last week signed with initials, and, as we don't know everybody's middle name we couldn't print them. Something tells us we would certainly have a large collection if we started saving these notes.

WHITE'S CREAM VERMIFUGE For expelling Round Worms and for reducing Pin Worm infestation in children. Price 35c

The heading to this article may sound a bit wacky but it's the honest truth. Of course, we all know it isn't polite to add insult to injury, but the Eagle's second string seemed to have had a good time while they trounced the Lampasas Junior High team 37 to 0, last Saturday night, after the first and second teams of G. H. S. had defeated the Lampasas High Badger's first team 13 to 0 last Friday night.

Of course, the Badgers were at a disadvantage playing on a strange field, and a sandy one, too, whereas they were used to a grass field, but the statistics of the game indicate that had the game been played on the Badger's home field, the Eagles would probably have won anyway.

Table with 2 columns: Penetrations, Yds. gained, Penalties. Lists counts for Eagles and Badgers.

Most of the Eagles' penalties were for offside.

This victory gave the Eagles a percentage of .750 and, at present, third standing in the District 27-B contest. The entire district stands as follows:

Table with 2 columns: San Saba, Llano, Goldthwaite, Mason, Lampasas, Richland Springs, Lometa. Lists percentages.

Friday, Oct. 28, the Goldthwaite eleven will meet the Star Tigers in the Eagles fourth and last non-conference game.

### Alvin Cecil Sparkman

The wise and understanding Lord in Heaven often moves in ways that his stumbling children do not understand. However, whether or not we comprehend the full meaning of His actions, we must bow in submission to His will. Again our hearts are made sad by His calling Home a precious infant—a tiny bud that shall blossom in Heaven. We must realize that God's plans are perfect and He has reason for all His movements.

Alvin Cecil Sparkman was born October 18, 1938, a beautiful baby, the idol of his proud parents and loved by all who saw him. Then on Oct. 19, 1938, he passed peacefully to the great beyond where there is no sorrow, pain, nor night, but a beautiful, endless day. We shall remember him as an angel, pure and guiltless, who visited the earth for a few brief hours and then returned to the Heavenly Home.

### Ebony

Clementine Wilmeth Briley

Frost was noticeable here Monday morning. Mr. Day said he saw a little ice around his place. Rain threatened this past week, but very little fell. Too dry to plow.

In spite of the dry weather, tanking, in co-operation with the government soil conservation program, goes on. Edward Egger, Charm Whittenburg, and Bill Ketchum are building tanks in the Whittenburg pasture. Louis and Forest Perkins are building a tank for Jim Wilmeth.

So great has been the devastation of the boll weevil in this community, the Ebony gin did not fire up at all this fall. Very little cotton has been made. Some fields did not yield a boll.

Dale Reid has bought the Charm Whittenburg pecan crop. Ralph Wilmeth is gathering the crop on the Wilmeth place. Ed Crowder has bought from J. R. Reeves the crop on the Thompson place.

Jim Tippen spent several days in a Brownwood hospital last week. He was brought home Monday morning. He is better.

Mrs. Elizabeth Ketchum and her daughter, Miss Leona, spent the week end with relatives in San Saba county.

Mr. and Mrs. Edgar Bolinger and children, who have lived at San Angelo the past year, have moved back to their place here.

Miss Evalyn Mashburn, who works at Brownwood, spent the week end at home.

Mr. and Mrs. Wood Roberts called on Mr. and Mrs. E. O. Dwyer Saturday night.

Mr. and Mrs. P. R. Reid spent the day with Mr. and Mrs. Charm Whittenburg Sunday.

Mrs. Nellie Malone and her sister, Mrs. Clara Millar, spent Saturday at the Wilmeth home.

Miss Bernice Wilmeth spent Tuesday night at the home of Mr. and Mrs. F. L. Crowder.

Jess Smith was hurt by falling off of a bluff while working for his uncle at Cross Cut last week. He is at home now.

Mr. and Mrs. Charles Roberts, Wayne Roberts, Charlie Roberts, and Darwin Roberts were guests for dinner at the Wood Roberts home Sunday. Also Mr. and Mrs. Cecil Egger and Ynelle called in the afternoon, and Mr. and Mrs. Billie McNurlin and children at night.

Hubert Reeves went to Mullin Sunday and brought back Mrs. Reeves and little Joe Hubert. Everybody is glad to welcome them home.

Neuma Crowder received a free trip to the Dallas Fair for being the most outstanding 4-H Club worker in Brown county. He got to go with two county agents, and he had a free pass to everything in the fair grounds. He said he had a grand time seeing everything with those county agents for chaperones. We are proud of you, Neuma, keep up the good work.

Thanksgiving will soon be here. Let's not forget our cemetery working. Let those of us who have loved ones there prepare to bring lunch and tools and spend the day cleaning up the cemetery.

P-T. A. announces a grand carnival for the benefit of the school on Saturday, Oct. 29, at the court house.
