GOLDTHWAITE, MILLS COUNTY, TEXAS, FRIDAY, NOVEMBER 13, 1938.

NUMBER THIRTEEN

FAST CONFERENCE FOOTBALL GAME TONIGHT

1938 RED CROSS POSTER

The appealing figure of the Red Cross nurse presents a plea for our annual membership in the Red Cross during the roll call, beginning Armistice Day and ending Thanksgiving Day. This is the official 1938 poster of the Red Cross, and appears in the form of a window card.

Red Cross Starts Membership Drive

In Texas, as in other states, the American Red Cross will again conduct its annual membership drive during the period, Armistice Day to Thanksgiving, Nov. 11 to 24. What this great humanitarian organization, comprising the 5,553,000 members who enrolled in 1937, was able to do because of our memberships is a record of which we should feel proud.

According to records with which I have been furnished, during the past 12 months the Red Cross aided 420,000 victims in 129 disasters; taught Home Hygiene and Care of the Sick to 58754 persons; instructed another 295,028 in First Aid; trained 88,149 Life Savers and established 676 Highway First Aid stations; aided 220,600 service and ex-service men or their families; gave nursing care to 193,281 persons; enrolled 9,070,058 children in Junior Red Cross service; contributed 2,539,101 hours of Special Volunteer Services, and yet found time and energy to carry on a Home and Farm Accident Prevention program which reached 10,000,000 American dwellings.

In Texas or elsewhere we would be hard pressed to find one county which in some way has not benefitted considerably from this work. But there are still hundreds of treacherous places on the highways where First Aid stations need to be established. Thousands of people are still in need of training in Water Safety, in First Aid, in Home Hygiene and Care of the Sick. At least 89 disasters on the average will occur in 1939, according to statistics furnished me.

Thus, in order to maintain the regular services of the Red Cross already established and to meet the additional needs existing, I urge every adult in Texas with an income to re-enroll if already a member, to join if not.

More REA Grants Are Announced

The Rural Electrification Administration today announced allotments totaling \$2,736,000 for 19 projects in 13 states. This brings allotments made by REA since it was established in 1935 to \$160,564,710, of which \$72,845,500 represents operations since July 1, during the current fiscal year.

Some of the Texas allotments follow. The popularity of REA is shown by the number of associations which are expanding to take in new customers.

\$188,000 to build about 218 miles of line to serve 630 customers in Limestone, Freestone, McLennan, Falls, Hill and Robertson counties. The project previously has been allotted \$250,000 to build 249 miles of line to serve 916 customers.

Pecan Crop Is Fine Quality

Although the quantity is less than half of an average crop, pecans marketed in Goldthwaite this fall have proved to be of excellent quality. Prices range from 7c per pound up. Fancy, budded thin shells are being offered at 20 to 25c. Growers say that in many trees the only nuts produced were grown on the south side of the tree. Crows and other birds have proved very destructive to the papershell varieties.

Army Horse Buyers Buy Mounts Here

Seven fine horses were selected here by the U. S. Army horse buyers last week. Although it was announced that the officers would be here next week, their schedule was changed and they arrived last Friday. They never fail to buy Mills county horses on their rounds through this section.

Congressman South Due for Honor

Rep. Charles L. South of Coleman is reported in press dispatches out of Washington as having almost unanimous support of the Texas congressional delegation for membership on the House Interstate and foreign commerce committee.

H. P. C. Plays S. W. U. For Championship

Chris Sunderman, Putnam soph, proved to be the spark which set off an offensive explosion that gave the Howard Payne Yellow Jackets a 16-0 victory over the St. Edwards Tigers in the Armistice Day battle at Brownwood. After a pass completion, Hext to Wilson, which placed the ball in position, Sunderman booted the ball squarely between the uprights for three points, which forged the Jackets ahead 3-0, after two running plays had failed to make necessary yardage.

A few minutes after this perfect place kick from the twenty yard line, Sunderman intercepted a St. Edward's pass and proceeded to lead a smashing attack which saw Terrell plunge over from the one yard line for the second counter.

This victory leaves the Jackets still atop the conference heap with five victories and one tie. Southwestern is a close second with only one loss to mar its conference record, is the only team that stands between the Jackets and the conference championship. These two teams will clash on Thanksgiving Day at Brownwood.

This week finds the Howard Payne team idle.

Llano and Eagles To Fight It Out

Lions to Sponsor Christmas Party

Following a turkey dinner at the Methodist Church Tuesday evening, the Lions Club discussed plans for Christmas. It was decided to have a lighted tree on the court house lawn and to give away packages of fruit and candy to the children, Christmas Eve.

While the Lions are sponsoring both events, the assistance of all others who wish to have a part in the Christmas gifts to the children will be heartily welcomed.

Lion President A. H. Smith announced that he would appoint the Christmas committees this week.

Priddy FFA News

The Junior Chapter Officers presided at the regular meeting Thursday, Nov. 9. President, Alvin Harris; vice-president, Tom Frank Priddy; secretary, Cecil Partin; treasurer, Edwin Lippe, Wilbert Koch acted as reporter in the absence of Charlie Schwartz; farm watch dog, Clarence Schuman; parliamentarian, Leroy Mason.

At this meeting the Junior Officers decided to prepare for the Chapter Conducting Contest for V. A. I. students. Boys in the Chapter selected contests that they were going to enter. A report was made by each chairman of committee on our objectives, these reports were for the most part, favorable. We are trying to get our chapter rated as a Lone Star Chapter.

The boys studying vocational agriculture III, are very busy planning the Richard Hohertz farm. They have completed measuring the farm and are now making a soil map and checking the terraces that have been in use on the farm for about four years.

All the boys in both classes are working on the Father and Son Banquet which will be held in the Home Economics building Thursday, November 17th. We are expecting 85 people, composed of father and sons of all classes both all-day and part-time.

HOLDS BANQUET

The Senior Epworth League and the Senior Intermediate class of the Methodist Sunday School attended a banquet in the church basement last Monday night.

Short talks were made by the class president Katherine Hodges and League Union president Lawrence Stokes, after which officers for the coming year were elected.

A hard fought, evenly matched football game is promised fans at the Goldthwaite lighted field tonight when Llano comes up for the last conference game of the season. Since the Eagles have been showing up to good advantage in practice this week, their supporters are counting on their taking the game. Llano's record, however, shows that this cannot be done without a real battle.

Highway Garden Is Planted

John Berry, Mills county foreman of the State Highway Department, has started a flower garden at the south end of Fisher street. It is located in the Y between the Lampasas and San Saba highways and has been artistically laid out and will be planted with flowers and shrubs that will make it a place of beauty next spring and summer.

Hunting Season Opens This Week

With the duck season opening last Tuesday and the deer season opening Wednesday, local hunters have been having their hands full. Ducks are more plentiful than at any time in recent years, but the new federal restrictions make it hard to get the limit.

Several parties of deer hunters are now in the hill country south of here, and The Eagle hopes to be able to print some glowing accounts of their prowess next week.

Gold Seeker Prospects Here

An old fashioned gold hunter with several pieces of new fangled electrical apparatus was here last week prospecting for gold or buried treasure. His machine indicated gold at a spot on the mountain east of town, but nothing was uncovered after a hole four feet deep had been dug. He promised to return to make another test.

Big Valley H. D. Club

We met in the home of Mrs. Cecil Shuffler Nov. 10. Thirteen club members being present. We were glad to welcome seven new members.

Druggist's Wife Makes Discovery

For the First Time Tells What She Found Out While Helping Husband

"My husband manages a drug store in Atlanta, Georgia," said Mrs. Harry Lefkoff recently, "and I see and hear about a great many different medicines. Sometimes I help out at the store during rush hours, and have an opportunity to hear what people say about various products they buy."

"Last winter I saw so many people buying Mentho-Mulsion and speaking so highly of it, that I finally took a bottle home to see if it would relieve me of a bad cough which I had due to a cold. After taking a few doses of Mentho-Mulsion I understood why everyone spoke so highly of it. The large amount of Menthol used in Mentho-Mulsion opened my head and bronchial tubes almost immediately, and I felt better at once. My cough entirely disappeared in a day or two. We now keep Mentho-Mulsion on hand at all times and start taking it at the first sign of a cough or cold."

Mentho-Mulsion is recommended, sold and guaranteed by Hudson Bros., druggists.

Armistice observances were quiet here as usual, but we rejoice of peace and hope our boys will never have to enter war again.

I think Miss Johnnie Weather's suggestion as to the correspondents for The Eagle, meeting to discuss ways of making their letters more interesting a good one. There is always room for improvement, and too we would have the pleasure of meeting each other.

I've always said this place was on the map. So see if you don't think I'm right.

Sunday was Mr. and Mrs. J. T. Robertson's golden wedding anniversary and to their surprise, this community and friends from other communities came with a basket dinner.

Mr. and Mrs. Robertson went to church and when they arrived at home almost all of the food was on the table ready to serve. There was food enough to feed a multitude, which was awful good. All of their children were there except Charley. He couldn't come. Mr. and Mrs. Robertson received some nice gifts.

There was a lovely cake made by our bakery, trimmed in white and gold with the bride and groom of fifty years on it. They met in 1886. Mrs. Robertson was a daughter of Mr. and Mrs. H. H. Jeltou. Mr. Robertson was a step child of Mrs. Zona Robertson who passed away in Big Valley a short time ago. They were married in Dawson, Texas, Nov. 13, 1888.

Those present were: J. T. Robertson and wife, Harvey Dunkle and wife, Walter Robertson and family, Douglas Robertson and wife, Marvin Robertson and family, Woody Traylor and family, Gus Roush and family from McCamey, Hillard Dyches and family from Breckenridge, George Robertson, Jack Kirby, Glenn, Dwight and Shirley Nickols and wives, Joe Davis and family, J. There was 109 present. This was Shirley Nickols and wife's first year anniversary, which they celebrated too. Mrs. John Roberts presented them with a nice cake.

By 5:00 o'clock, all of the Robertson children who lived away from here and most everyone else had gone home.

We all wish for this dear couple more anniversaries. They are mighty fine neighbors. We also hope Shirley and Bernice can celebrate their fiftieth anniversary in 49 more years.

Canned Pecans

It has been a commercial practice to keep pecans either under vacuum or in cold storage to prevent the meats from becoming stale or rancid. Neither practice, of course, can be used by the average housekeeper.

County home demonstration agents have information for home canning of the pecan meats by use of pressure cookers.

For those who desire to keep small quantities of nut meats for home use, and who have no pressure cooker available, a water bath method recently announced by the U. S. Department of Agriculture, may be used.

"Fill glass fruit jars with fresh ly cracked meats, put on the rubber rings and tops but do not tighten down. Put the jars in an ordinary wash boiler provided with a wooden rack to keep them from contact with the bottom. Two inches of water in the boiler is enough.

Let the water come to a boil, and after it has boiled for 18 minutes with the lid on tight, remove the jars as rapidly as possible and tighten the tops. The jars of nuts may be kept at ordinary room temperatures, but should be stored in a dark place.

Mr. Brinson came to Bisbee 19 years ago and had lived here continuously since that time, rearing his children in this district. For a number of years he operated an insurance business in the Lowell Waiting Room building, but in recent years he had conducted his business from his home in Warren.

Surviving him are his wife, Mrs. Nellie Brinson; a son, J. B. Brinson of Phoenix, and two daughters, Miss Natalie Brinson, a teacher at the Greenway school in Warren, and Miss Eunice J. Brinson of Warren.

THE ELECTION IS OVER

Everybody loves a scrap and most everyone has a little more interest in seeing the under-dog win out than in seeing the favorite stay on top. This sentiment largely explains the exaggeration that has been given to the results of last Tuesday's general election.

To read the headlines of most larger papers or to listen to the news commentators over the radio, one would naturally think that the Republicans had just about come back into power. It may strike some people with surprise when they learn that the Democrats in the lower house of Congress still have a majority of nearly 100 members. The Senate also is still Democratic by a three to one margin and will continue so for at least another four years regardless of intervening elections.

Since the Civil War, the records show that every general election held between presidential elections has boosted the strength of the minority party in Congress. In more than 70 years there has been only one exception to this general rule, and that exception occurred in 1934 when the Democrats instead of losing, gained strength. The Democrats gained still more sensation in 1936. Now it is only natural that they should slip back to some extent. It is healthy for the minority party to have enough strength to keep the majority on its toes.

Just to keep the record straight, however, it may be well to mention that even with the wonderful victory just ascribed to the Republican party, it will have only 18 state governors while the Democrats have the other 30. Republicans will have 166 congressmen and 23 senators while the Democrats retain at least 262 representatives and 68 senators.

America hasn't gone to the Republicans yet!

Carry Your Sunshine with You

WHEN THE SUN IN THE SKIES of our world is blotted out by the clouds of fear, pessimism, worry and despair, we must depend upon the sun within ourselves. Happiness is an inner state. We must generate our own sunshine. We must carry it with us wherever we go to light the way through the darkness of defeat, to burn down obstacles, and to kindle the fire of victory.

How create such inner-sunshine? Close your mind to negative thought as you would lock the door to robbers. Fill your mind with positive, constructive, cheerful, hopeful thoughts. Associate with men of great faith—men who believe that things can be done and who roll up their sleeves and do them. Tell yourself a thousand times that you can succeed. Act the part of a winner. Dispel the clouds in the lives of others with the sunshine of service. And finally, keep in tune with the Infinite.

He who carries his sunshine with him on the journey of life has learned the master-secret of triumphant living.

Scarlet Fever Time

"The seasonal rise in prevalence of scarlet fever has been, Dr. Geo. W. Cox, state health officer, reports. Each year as cold weather approaches, reports of scarlet fever cases tend to increase in number. This year, a slight increase in recorded prevalence was noted in September, with a larger rise recorded for October and the first week of November.

Fever, headache, sore throat and vomiting are early signs of invasion by the scarlet fever germ. The incubation period, or the phase between exposure and onset of illness, is usually from two to six days. On the second day, as a rule, a rash appears which may cover the entire body.

The rash of scarlet fever is usually but not always present. The patient who has symptoms and signs of the disease, but without rash, should be isolated as well as the patient who shows the rash.

A disease such as scarlet fever is dreaded whether in severe or mild form, because of the frequent development of secondary complications especially those of septic nature. Among complications, the most frequent are those affecting ears, neck glands, kidneys, or the heart. Convalescent human immune serum prepared in laboratories can be used in many cases to prevent and modify the disease.

Scarlet fever is a disease of the colder months and may be expected to continue until late Spring. The current increase in prevalence is not cause for alarm but emphasizes the importance of early recognition, prompt reporting of cases and careful isolation of infected persons.

Bible Classes For Schools

Installation of non-sectarian Bible courses in the curriculum of Fort Worth high schools to-day had the approval of the Board of Education.

The courses, providing affiliated credits for graduation and college entrance, will stress teaching of the Bible for its literary, historical and moral values, without reference to creed.

Expense of the classes will be borne not by the schools but by church groups sponsoring the movement, under rigid regulations set up by the State Department of Education. Teachers and plans for study must meet the approval of school officials. No text may be used except the Bible and syllabi.

Proposal for Bible courses advanced several weeks ago by religious education directors of four leading churches, was accepted by vote of the six members present.

Two churches, First Methodist and First Presbyterian, today already had started Bible classes in their week-day church schools, subject to final acceptance of teachers and course of study by high school officials.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D., Dean of The Moody Bible Institute of Chicago. © Western Newspaper Union.

Lesson for November 20

THE SACREDNESS OF THE HOME

LESSON TEXT—Exodus 20:14; Matthew 5:27, 28; Mark 10:2-16. GOLDEN TEXT—Keep thyself pure.—1 Timothy 5:22.

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

The importance of the home as the divinely appointed center of all human life has always made it a special target of Satan. That onslaught of the power of hell is apparently redoubled in our day. Books, plays, movies, magazines, all contribute their filthy efforts to break down all sense of moral responsibility. Sex is magnified, and not in any useful or normal sense, but rather for the stimulating of unholy desires and purposes, the breaking down of Christian standards of living and the ultimate prostitution of the most sacred of all human relationships to a level of which animals might well be ashamed.

The lesson of today should be taught with care and tact, but also with a holy boldness and a plainness that will make it effective for God and for our homes. We begin with a word which is little spoken, while far too often the sin for which it stands is practiced and tolerated.

I. Adultery—a Grievous Sin (Exod. 20:14; Matt. 5:27, 28).

First, let us note that any violation of the divine plan for the marriage of one man and one woman. In loving communion for the founding and maintenance of the home, is a direct violation of the law of God. It is also a violation of the law of man. It brings serious results in the destruction of the home and in the ruin of individual life, physical, moral, and spiritual.

The words of Jesus broaden the interpretation of the commandment to cover all sexual impurity in thought, word, or deed. While we recognize that the outward act of immorality carries with it consequences both in the life of the individual and those with and against whom he sins, which do not follow upon the thought of evil without the act, yet it is true that essentially he is guilty who had it in his heart to do the wicked thing even though a sense of prudence or circumstances hindered its execution. We need clean hearts and minds if there are to be clean lives.

II. Marriage—a Divine Institution (Mark 10:6-8).

As the proper background for a discussion of divorce our Lord makes clear that marriage was ordained by God, and that it involves a holy union of two individuals which makes them one. All those who look forward to marriage should realize that it is not a casual thing, or a merely temporary legal contract. It is a union for life—be it for better or worse, in sickness or health, in prosperity or adversity. All who are married should therefore highly regard their sacred vows.

III. Divorce Limited and Remarriage Forbidden (Mark 10:24, 10:12).

This passage, and other scriptures, teach that divorce is not permitted except on the ground of adultery (Matt. 5:32), and that any remarriage involves the parties in the guilt of adultery. Aware as we are of the laxness of some branches of the church in such matters, and the almost entire lack of standards in the world, we cannot but present the plain teachings of our Lord and urge every reader to follow the commandment of God's Word.

There can be no question that divorce is a major evil in our day. The writer has been astonished to find one family after another in his own respectable neighborhood where the children bear one name and their mothers another, or there are two "sets" of children in one family with different surnames because of divorce and remarriage. In some cases he knows of the fathers of children coming to see their offspring at the home of the second husband. What utter confusion such situations must create in the minds and hearts of the boys and girls!

IV. Children—the Gift of God to the Home (Mark 10:13-16).

How relieved we are to leave the consideration of such sordid, even though vitally important, matters as moral impurity and divorce, and turn to the beautiful picture of Christ blessing the little children. It would appear that Jesus desired to turn the thought of His hearers from the negative "thou shalt not" to the positive solution of the home problem.

Children make the home. They are God's benediction upon the marriage of man and woman. Sad and disillusioned will be the men and women who make themselves childless, hoping thus for more comfort and pleasure. The road to happiness does not go that way. The soft and tender baby hand has led many a couple to full happiness, and the joy of watching our children grow into manhood and womanhood cannot be evaluated in the mint of gold or earthly pleasures.

EAGLES PICK UP JINX AGAINST RICHLAND SPRINGS

One popular opinion which would explain what happened to the Eagles at Richland Springs last Friday night is that the G. H. S. eleven picked up the jinx that was dropped by the Lampasas Badgers this year. The story goes like this: When the Eagles stepped on the Coyotes new lighted grid iron the other night, they were all set to drive over the line for a score in the first half, but the Coyotes didn't think the same way, for they immediately, on receiving the kickoff, began the first of a series of combination passing and running attacks. But they were held on the Eagles thirty-yard line, and the Eagles threw a counter attack. They succeeded in making one penetration before the first half ended with the score still 0 to 0. In the final half of the contest, the Richland Springs squad came out determined to stop the Eagles, and the Eagles were of the same mind. No matter how stubborn a defense either team put up the other team seemed to make good gains, with Brown of the Coyotes doing a fine bit of line smashing and passing with Gibbons on the receiving end. On the Eagles, however, Marshall Miller, center, seemed to be just where the Coyotes didn't want him to be, for he not only batted down several good tosses, nabbed the receiver in his tracks, but intercepted one pass and almost crossed the goal line before he was brought down. Dyas, Smith, and Sheppard also showed up good for the Goldthwaite crew. The jinx spoken of above did not pop up until the last minute of play remained. It was then that the Eagles completed a pass from Marshall to Sheppard, who ran the remaining 68 yards for the touchdown. On the way down, Smith, who was following up the play, pulled in front of a Coyote player and blocked him out of play. The umpire, however, called the block a foul. Despite the fact that both Smith and the Richland Springs player denied any clipping, the ball was brought back to the point of the alleged foul, and the referee stepped off 15 yards towards the Eagles goal stripe, thus ending their chances for another victory.

FOOTBALL DISTRICT CHANGE

Mention was made last week of the change in football districts for next year. Since last week's report we are advised of still another change. This time Brady has been transferred out of district 34A. As the matter now stands, district 34A for next year will be the same as 27B this year with the addition of Fredericksburg and Rochelle and the dropping of Lometa.

BAND

The band had a very busy time last week. On Monday they played in town for Trades Day. Tuesday night an appearance was made at the County Teacher's meeting. Then Thursday morning they journeyed to Mullin to play for an Armistice Day program. Friday night some of the members played for the football game at Richland Springs.

DIDJA KNOW DIDJA

It seems that the seniors are the only "scapegoats" in school. However, this week the underclassmen have taken a hand in the merrymaking. We have always wondered about the value of a date. It's not in the dictionary and so we have been in a dilemma until Louise Booker comes to the front with an answer. Signs seen in a business establishment: "God gave man two ends, one to think with and one to sit on. Man's success depends on the one he uses most. Just a case of heads you win or tails you lose."—Chief.

SPECIAL NEWS BULLETIN

after much thought and premeditation Kathrine has just asked Dave to the Sunday school party. She ended with these words: "Shall I come after you or will you come by for me? You see, all of us are supposed to come in 'bi's', if you get what I mean."

We are happy to state that she is doing nicely after saying, "to invite or to don't invite," practically all the night. Mark, if you will take our advice, start singing "Among My Summer Souvenirers."

By the way, where was our friend Dorothy last Armistice Day? Ask Alleene Ross for full particulars. Ho, hum! Must be getting spring fever. Nothing ever happens down there in the senior class. Does it, Dave? It's too bad Aubrey had to ride home as he hadn't planned, isn't it?

There's more new nicknames this week. Take "Flat" Chandler for instance. Upon questioning he immediately turns red and refuses to answer. Can it be that he has fallen out with his girl? If so there's hope for J. T. Students, please, if you have any information leading to the solving of this "value of date" business, please put them in the box in Mr. Smith's office today. P. S. We hate to mention this, but one red-headed post-graduate student seems to be having trouble with another red-head, (and hot head, but red accompanies heat).

NOTICE TO WATER AND SEWER CUSTOMERS OF THE CITY

A city ordinance requires all water and sewer service to be discontinued, if not paid by the 15th of the month following such service. It is particularly necessary that this law should be regarded. The sewer revenue bonds are paid from the revenues of the system, and without more connections, it is only by paying dues promptly, that these bonds can be taken care of. Also the operation of the water system must be paid for out of the revenues.

At the last meeting the City Council unanimously voted to enforce the ordinance strictly.

Please be governed accordingly, and save the expense of getting re-connected.

H. G. BODKIN, Mayor
