The evening service will be cancelled out of deference to the Christmas Pageant that will be given by the Glee Club at the school auditorium. #### Athens Class

Thirty-two members were present at the Athens Sunday School Class, Sunday. Due to the able and interesting manner in which Mr. Bowman teaches our class, and to the cooperative work among the members, our class is steadily increasing in number. We are always glad to have visitors, and we extend a special invitation to any stranger of our town to come and meet with us. Mr. and Mrs. Bell of Ratier, Mrs. Flora Jackson of Corpus Christi, and Jake Long were visitors Sunday. May the spirit of Christmas bind us closer together each day.

#### Rat Campaign

It will be remembered that a year ago, 200 pounds of poison bait was put to Mills county home owners which greatly reduced the rat population. Marion S. Church of Dallas, prominent Texas attorney, has been appointed State Chairman for the Texas Jackson Day celebration for 1939. The state-wide Jackson Day dinner will be held in Dallas Saturday night, January 7, and Democrats from all sections of the state will attend. Announcement of the appointment of Mr. Church was made by State Democratic Chairman E. B. Germany, Mr. Church, who was born and reared in McKinney, Texas, is former president of the A. & M. alumni. He took his law degree at the University of Texas and later served as assistant district attorney and city attorney in Dallas. In the World War Mr. Church was lieutenant colonel of the Tenth Texas Infantry. A life-long Democrat, he has been for years active in the party's state and national organization. He has opened Jackson Day headquarters at the Hotel Adolphus.

#### Easements Sought For Electric Line

A. E. Gromatzky has been employed by the Rural Electrification Association to secure easements for the construction of the power lines from Evant to Goldthwaite. As soon as he secures all of them, the contract will be let for the construction of the high line. All easements around Star were secured by T. L. Adams when the members placed their applications, so the remainder should be secured without much delay. Two contracts on the project will be let. One will cover construction east of the line running from Pottsville to Evant, and the other will cover that west of this line. The contractors will be required to use local labor as far as possible. Meanwhile those who live adjacent to the lines may file their applications for service, and those who live in other parts of the county may file applications for extensions which will be acted upon as soon as enough apply and appropriations are available.

#### Garden Club Enjoys Interesting Program

The Goldthwaite Garden Club enjoyed a most interesting Christmas program Wednesday afternoon, December 7, in the home of Mrs. W. J. Weatherby. Mrs. H. B. Johnson acted as leader of this program: "Christmas Decoration Thru the Ages," by Mrs. J. A. Palmer. "Pot Plants Appropriate for Christmas," by Miss Ruth Ervin. The contest of Christmas tree decorations was very attractive the entries indicating many clever and artistic arrangements of native materials. Mrs. Wilbur Fairman scored highest in this. Mrs. J. J. Stephen, second, and Mrs. Tom Collier, third. Delicious refreshments depicting a Christmas note were served the members and their guests. Hostesses for this occasion were: Mrs. W. J. Weatherby, Mrs. Walter Summy, Mrs. Jim Brim, and Mrs. H. B. Johnson.

#### New Conoco Office

A new office for W. C. Frazier, Conoco distributor in Goldthwaite, is being built in the garage adjacent to Forest Frazier's Conoco service station. It will provide a convenient and comfortable headquarters for the popular Conoco products.

#### C. of C. Highway Meeting Wednesday

President Tom Toland called a special meeting of the Chamber of Commerce Wednesday morning in the commissioners court room at the court house. The matter of the surveys for a new highway between Goldthwaite and Comanche was discussed. I was stated that highway engineers from Comanche were now making a survey which would take the road some four miles west of the town of Priddy. O. H. Yarborough presented a motion, which carried, that the Highway Commission be informed that the Goldthwaite Chamber of Commerce was strongly in favor of the new highway following the present right-of-way as nearly as possible.

Hilton Burks, manager of the Comanche Chamber of Commerce, was present and addressed the meeting and stated that Comanche was also in favor of retaining the present right-of-way. He also presented a plan for a new regional chamber of commerce to be known as the Central Texas Chamber of Commerce composed of 40 central Texas counties with headquarters at Waco. He stated that he was a candidate for manager of this new chamber of commerce and read several highly commendatory letters from Comanche and Brownwood citizens recommending him for the place. No action was taken by the local Chamber of Commerce on the proposition at this time. A regular monthly meeting will be held Monday night.

#### Trades Day Pays Schools

Mills county school patrons are loyal to their schools, it was shown conclusively last Monday. Encouraged by the offer of three \$10 cash prizes to the schools with the best registration of patrons, hundreds of fathers and mothers registered at the courthouse. After careful tabulation, the prizes were awarded to the following schools: Kelly school, Star school, and Fifth Grade, Goldthwaite.

#### Post Office Open Saturday

Beginning tomorrow, the Goldthwaite post office will remain open Saturday afternoons until Christmas for the sale of stamps and the mailing of parcels. After Christmas it will again close at 1 p. m.

Max Starcke, manager of the Colorado River Authority, has advised Mayor Bodkin that he will notify him at the earliest possible date when a contract with the CRA will be available.

#### FFA Father and Son Banquet Success

Last Friday night the Third Annual Father and Son Banquet was held at the Methodist Church recreation room. There was a large group of men and boys present. The dinner, which was prepared by the mothers of the boys and served by the Home Economics girls, was enjoyed by all who attended.

Joe Adams, head of the By-Products Department of Swift & Co. at Fort Worth, gave an excellent talk on the livestock industry. He brought out the facts that almost everything we come in contact with has some phase of the livestock industry attached to it. Mr. Adams illustrated his speech with a chart showing the parts of a beef that make the by-products. With this he pointed out the parts used in making the various articles which come from the livestock industry.

J. T. Soules gave a very interesting talk on the history of the Future Farmer organization. In his speech he also gave a history of the local chapter from the time of its origination to the present time.

We take this opportunity to thank the mothers who prepared the food, the Home Economics girls who served, and Mr. Earl Fairman who so kindly furnished us with dishes.

#### Lions Spelling Match Corrigan Style

Goldthwaite Lions showed their prowess, or lack of it, in spelling Corrigan-style, or backwards, at their regular meeting in the Methodist church recreation room Tuesday. Following the dinner, a quiz on the names of Texas cities was held, and the two high markers, F. P. Bowman and John Hester, were named captains for the spelling match.

After spelling in reverse until each side was depleted, the Lions tried spelling forwards ending with Encyclopaedia Britannica for W. E. Miller. The program was conducted by Rev. Fred J. Brucks.

A quartet composed of W. M. Johnson, F. P. Bowman, Earl Clements and R. M. Edgar sang two number which were heartily applauded.

A brief business session followed, and it was voted to invite the District Lions meet here in March.

### Many Entries In Christmas Show

#### This 'n' That . . .

Since plans for the Goldthwaite Garden Club's Christmas Display and Hobby Show are underway, not even Santa and his little brownies have anything in busy-ness on the club's members. This affair has a lot of promise to it and we know it's going to be interesting and unusual.

Everyone should have a hobby and ride it hard. Doubtless, there will be a lot of strange hobbies exposed in this show. And it's proof of genius if you do have an unusual hobby. The ex-kaiser chops wood, Sir Tommy Lipton's hobby was racing his yacht against the Vanderbilt yacht, the Duke of Windsor grows rhododendrons, President Roosevelt is an ardent navy fan and collects all books that he can on ships.

The pet parade ought to be really good! And think what color one might add if one only had Mark Twain's famous jumping frog from Calaveras county, and the trained fleas, and a rajah's white elephant!

We are all for the "Do your Christmas shopping early" idea, and are out to do something about it next year. Of course, we'll have to invoke the aid of the merchants or our little plan wouldn't work. Here it is: all merchants (with the possible exception of the grocers—because we'd have to eat) shall announce that their stores will be closed for the week immediately preceding Christmas. All merchandise, therefore, will have to be bought before the Christmas holidays, and that present which you could have bought in October would be all ready to send to Aunt Minnie or Cousin Abie. Well, anyway, that's our plan. If you have one which will do the work any better, please let us know.

Old Brother Rat is losing out in Mills county. He has done us a noble service all along in keeping our cats sleek and fine and for making life more interesting to all our feline pets, but we can do without him. Perhaps we grow sentimental over his loss just because in our days at primary school we studied about the poor little mouse who lost his long, long tail and had to go out begging it back.

There are three happy schools this week thanks to the Chamber of Commerce, Kelly, Star and Fifth Grade, Goldthwaite. This is because they had the highest percentage of parents here on Trades Day. We hasten to add our congratulations to the three fortunate.

Thursday of last week the Center City 4-H Club boys with Jack Kirby, local leader, and W. P. Weaver, County Agent, weighed 15 of the 18 calves the boys have on feed. The average gains for these calves are very satisfactory. Thirteen of the fifteen gained over 2 pounds a day since the last weighing. Larry McCasland's and Elmer Geeslin's calves each gained 110 pounds in 35 days.

The boys are feeding ground ear corn, oats and cottonseed meal or cake.

#### Only 13 More Shopping Days Until Christmas

Only two more issues of The Eagle in which to advertise Christmas merchandise.

With festoons of colored lights across Fisher street and the Lions' beautiful illuminated tree on the court house square, Goldthwaite has taken on a Christmas air. Shop windows also are beautifully decorated and filled with enticing gifts that invite Christmas shoppers inside.

Much interest is being taken in the Garden Club's Christmas Display and Pet and Hobby Show which was announced in last week's Eagle. Cash and ribbon prizes will be awarded the winners in the various classes. The show will open with a band concert and parade at 1:30 p. m. Saturday, Dec. 17. Displays will be open to the public until 10:00 p. m. in the show room of the Weatherly Auto Co.

The Garden Club also offers prizes for the best home lighting displays. This contest last year brought out many beautiful and novel effects.

Rules and prizes for this event will be announced in the Eagle next week. Entrants for homes are asked to register with Mrs. L. E. Miller at once. Business houses will register with Mrs. Paul McCullough. Lights must be turned on by December 17.

#### Cotton Election Due Tomorrow

Some 900 cotton farmers of Mills county have received an invitation to vote in an election to be held tomorrow in all cotton producing states on the question "Do you favor cotton marketing quotas for 1939 crop?"

In a similar election last March 650 farmers in Mills county voted, and 90 per cent favored the quota system.

Polling places are located at Priddy, Mullin, Star, Center City, Ebony, Caradan and Goldthwaite. Only the heads of families can vote.

#### County Schools Get More Aid

A gratifying increase in teacher aid for the rural schools of Mills county has been recommended by District Deputy G. D. Holbrook. The total for all schools in the county except Goldthwaite and Mullin is \$9512 as compared with \$4975 received last year. While the figures have not yet been approved at Austin, Judge R. J. Gerald, who is ex-officio County Superintendent of Schools, is hopeful that the full amount will be allotted.

The first \$3 of the \$22 per capita school apportionment was received last month. It totalled \$3534 for the county schools.

Only 13 More Shopping Days Until Christmas

Only two more issues of The Eagle in which to advertise Christmas merchandise.

New books received by the local library this week are: "My Son, My Son," "And Tell of Time," and "With Malice Toward Some."

### Methodist Minister Controls Congregation

TEACHES MEMBERS HOW TO STOP COUGHING IN HIS CHURCH

The Reverend George W. Lellous, well-known Columbus, Ohio, minister, has found the solution to the disturbance caused by a coughing congregation. Knowing the danger of spreading deadly disease germs by an innocent cough, he was prompted to get up in his pulpit and make the following statement:

"Attendance in church is very necessary to the well-being of the human race, but there is certainly no use of a person coming to church on Sunday morning suffering with a tough due to a cold and disturbing the entire congregation, when it is such a simple matter to end this cough trouble by purchasing an inexpensive bottle of Mentho-Mulsion. I, too, suffered with what I thought was a serious cold. I suffered with coughing spells at night and nothing seemed to help me until I tried Mentho-Mulsion."

Perhaps the church was no place to discuss the merits of a medicine, but if you are suffering with a cough due to a cold or exposure, get yourself a bottle of Mentho-Mulsion today and if the first dose or two does not absolutely convince you that Mentho-Mulsion is the finest and best cough medicine you have ever tried, take the bottle back to the drug store and get your money back. Mentho-Mulsion is recommended, sold and guaranteed by Hudson Bros., Druggists. (Adv.)

Sunday will be church day again, also Sunday school.

We extend sympathy to Mrs. Owen Priddy in the passing away of her brother, Lon Willis.

I think every tractor in this community was in good running order last week. I could hear three all day, Friday. Walton Daniel plowing for his father, Joe Davis plowing for J. T. Robertson and Rudolph plowing on the Nickols farm.

I hope the writer from Center Point will soon be up and back in school again and telling the news from there.

I'm wondering who had rather see a good rain or Santa Claus. I feel like everybody had rather see a rain. We know Santa is coming and we hope a rain comes before he gets here. If it doesn't rain, he may get dust in his lungs.

In my letter last week about the singing at Center Point I was asked Monday if it was C. O. Stark and Bob Martin who sang the duet. Well, when I got there these two men were on the floor singing, so I guess they sang their song before I got there. Sorry I missed it—if I did.

Mrs. Eula Nickols spent Monday morning in grandmother Dalton's home in town.

As the saying goes, everybody and their dog was in town Monday for Trades Day. Those who missed seeing the man on the street sure missed a queer feeling he certainly did draw the crowd. Don't miss any more for there is to be something new everytime.

We are to have new neighbors some day with a new house also. Jack Robertson and wife bought the land Bob Phillips has owned for some time just south of R. C. Webb's farm where he lives.

Miss Ruth Hale visited her parents Saturday night and Sunday, in Big Valley.

I spent Friday in the Tyson home at Center Point, helping Mrs. Curtis Taylor quilt. The

quilt was finished by her husband coming to our rescue. Believe it or not, he is a good quilter. There are some men I would really like to see quilting.

Mrs. Maggie Traylor and children and Mrs. Woody Traylor went to Brownwood Monday.

Landy Ellis and Philip Nickols went to Comanche Monday. Otis Hutchings accompanied them.

Miss Lula Batchelor, who has been staying in the Lowe home for several weeks, went to her home last Saturday. She left Mrs. Lowe able to do her work.

Loy Long and family, from town, Phillip Nickols and Willie Blovit and family from Lometa spent Sunday in the Ellis home.

Glenn Nickols and wife from town spent Saturday night with his mother. Glenn went hunting and just as he left his mother's house, one of his dogs was run over by a car. The dog came back to the house and died. One of his other dogs was killed by a train, recently.

Collier Ballard took his mother to spend Saturday with Mrs. W. W. Fox at Live Oak.

Mrs. W. A. Daniel and Billie Ruth went to Big Valley Sunday night to attend BYPU.

Mrs. Rudolph Cooke and son spent Saturday afternoon in the Boyd home.

Mmes. Daniel and Nickols accompanied Mmes. Ira Dewbre and Glenn Nickols of town, to Mt. Olive to the singing Sunday.

Richard Souders and family and Billie Ruth Daniel enjoyed games in Walton Daniel's home, Saturday night.

M. R. Circle and wife visited their children in San Saba last Thursday night.

Mrs. Rudolph Cooke and son spent Saturday night and Sunday with his parents, Mr. and Mrs. George Mason.

Duey Bohanon and wife stayed Thursday night with grandmother Shipman while Mr. and Mrs. Circle were away.

Carl Woods, who lives in Big Valley, but will move on Mrs. Faulkner's farm soon, has been putting a cover on the house.

## Center City

By Mrs. J. M. Oglesby

As I failed to send news in last week, will haste and include a part of that news this week.

Our new pastor, Bro. Hester, preached the fourth Sunday, to a well-filled house. After church he visited in the John Welch home for the noon hour, after which he called in a number of homes in the community and met and made acquaintances with members of both churches.

Last Sunday there were Sunday school services at both churches and we are well pleased to note the good attendance. Especially at the Methodist, as they have made a good revival of their school which we expect to see throughout the winter.

Several of the stewards met last week and replaced a number of broken window panes at the church.

Mr. and Mrs. Elies Reid are preparing to move to Star. They have leased their place to Jack Welch.

Thos. Atchison and family, Stacy McCasland and family, Farrar Head and family, Mrs. Wilbur Waggoner and son, Rodney, visited in the Elies Reid home, Sunday.

A long letter from Miss Fannie Luckie states that she is well pleased with her work in Eden as Home Economics teacher. She is gradually gaining back her health. It will be remembered she spent some time in a hospital, the early part of the year gravely ill with fever.

Miss Von Dean Geeslin attended the State Teachers Meeting in Dallas and visited in the L. Booker home during the Thanksgiving holidays.

Delmer Don Geeslin spent a week with his brother, Bertram, in Eldorado and reported a most enjoyable time.

Mr. and Mrs. Joe Green and little daughter of Pecan Wells have moved to the J. P. Booker place here.

LET'S HAVE A HEART

John Garner of Texas richly deserves the honors that have been showered upon him, and this paper, with many other loyal Texans, urged his nomination for the presidency in 1932.

It is therefore with no diminution of admiration for "Cactus Jack" that we say that the current Garner for President boom should be dropped. John Garner has already passed the traditional three score years and ten. Should he be nominated and elected, he would be approaching 80 years by the end of one term.

The Presidency takes a terrific toll of its occupants. Witness Woodrow Wilson. Witness the imperturbable Calvin Coolidge, who died soon after leaving office.

Is there any reason to believe that John Garner, a much older man than these, would be able to escape? Even if we think so, would the voters in other states rally to his support in sufficient numbers to elect him?

John Garner deserves too well of the people of Texas and of the United States to be thus crucified. The people deserve a president who can reasonably expect to spend eight active years in office.

Texas should not commit her votes to anyone merely for trading purposes. We still think John Garner would have made a good president. But that time is past. Let's have a heart and not ask the impossible of him.

"Marital Guesswork" Gone, Writes Dr. Albert Wiggam

GUESS-WORK has been eliminated from marriage, for marital happiness can now be charted scientifically, authorities maintain. In a sensational article based on the first authorized account of exhaustive laboratory experiments made by Stanford University, Dr. Albert E. Wiggam discloses in the December issue of Cosmopolitan not only that most of our accepted notions about marriage are wrong, but that a really sound basis for marital bliss may be fully defined. "In the five years it has taken Professor Terman of Stanford University and his staff to make this study," says Dr. Wiggam, "they have learned more about the mental and emotional factors in marriage than the whole human race had learned in the previous fifty thousand."

Table with 3 columns: ITEM, ANSWER, SCORE. Contains 8 items related to marital happiness with corresponding answer options and scores.

How to Obtain Score on Item 2, Above: Amount of Agreement on 10 Domestic Problems. There are six degrees of agreement. Draw a circle around the number opposite each degree of agreement that best represents your own feeling about how much you agree or disagree on the following ten matters of your married life.

NOTE: An approximation of what your final score would be on the complete scale can be estimated by dividing the number of points you earn on the first eight items by 7 and adding the result to your score on the first eight. For example, if you made 46 points on the first eight items, divide 46 by 7, which gives you 6 (neglect fractions). Add these 6 points to

Lesson for December 11 THE SIN OF COVETOUSNESS

LESSON TEXT—Exodus 20:17; Luke 12:15-21; 1 Timothy 6:6-10. GOLDEN TEXT—Thou shalt not covet.—Exodus 20:17.

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

"The word of God is quick, and powerful, and sharper than any two-edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart" (Heb. 4:12). These are the words that came to the writer's mind as he read the Scripture portions assigned for this lesson. He would fain have set aside his own comments and used this column to print the words from the Bible. If any reader of these lines purposes to read just these efforts to expound the truth, and not to read the Bible itself, let me plead with you to stop here and turn to God's Word. Let its powerful truth grip your soul and change your life.

It seems peculiarly appropriate that this lesson on covetousness should come right in the midst of our preparations for Christmas, for it directs our attention away from things to God, from outward preparation to the preparation of the heart, from greedy desire to true liberality of heart. Christmas may be literally "made over" for all of us if we receive its truth.

I. A Command (Exod. 20:17).

"Thou shalt not covet." This last commandment carries us "beyond the domain of civil magistracy into that intellectual realm of motive, desire, and thought, where God alone is Lord and Judge" (Dykes). It deals with the heart, out of which are all the issues of life. It reaches to the root of so much that is wicked and destructive in the world—the covetousness of man. The love of money makes men lie, steal, kill, cheat; in fact, "the whole realm of human interrelations is disorganized and broken up by the dishonoring of the tenth commandment" (Morgan).

II. A Warning (Luke 12:15-21).

"Beware of covetousness." The teaching of this passage is so directly opposite to all ideas regarding such matters accepted by the world at large, that it may be a total surprise to some readers and attendants at Bible school. The yardstick of success in the world—for an individual, and organization, or a nation; yes, even for many a church—is the possession of wealth, or property, or other "things." Write it then in large letters on the hearts and minds of our boys and girls, "A man's life consisteth not in the abundance of the things which he possesseth" (v. 15). The one who was known to his friends (v. 16), but whom God knew as a "fool" (v. 20), had more than he could use for himself. He had to build new and bigger barns, and could not see the "barns" that were already prepared, for, as Ambrose says, "Thou hast barns—the bosoms of the mouths of orphans and widows." He was a fool who loved money for himself. One wonders what he had to say for himself when that very night he was called into the presence of God to give an account of his stewardship (v. 20). If you are similarly situated and have the same attitude, what will you say in that day?

An important point which we must note is that Jesus expressly repudiated the connecting of His name with the so-called "social gospel" in His reply (v. 14) to the question of the covetous fellow who regarded his inheritance as of more importance than brotherly love. Those who are ignoring the gospel of redemption and claiming Jesus as a social reformer or the "judge and divider" of some new economic solution for the world's ills, need to read and ponder this verse. Every Christian is interested deeply in social problems, but knows that the first concern of Christ and His followers is the souls of men.

III. A Way of Victory (1 Tim. 6:6-10).

"Godliness with contentment." As a minister of the gospel the writer would first remind himself that this was written by Paul to the preacher Timothy. Brethren in the ministry, let us not fall into the temptation and snare that comes with the love of money. In this dizzy age when many are so intent on making money that they have no time for home and children, church and fellowship; when men neglect their responsibilities and duties as citizens to get gain; when any dirty business is all right if it produces a profit; when "for gold men betray their country, their friends, their God, their immortal souls" (Farrar)—yes, in this day let us remind men that "we brought nothing into this world, and it is certain that we can carry nothing out." Let us teach and exemplify in our lives the fact that the only real and worth while gain in life is "godliness with contentment."

Small Part of Cent Paid by Consumer for Advertising Costs

The millions of dollars in advertising budgets of clothing, food and other products have been streamlined to an insignificant fraction of a cent so that the cost is next to nothing to the ultimate consumer.

Trade association and advertising agencies recently have been making extensive surveys on advertising costs as they relate to the consumer and their studies reveal that a penny would have to be shaved into a hundred thousand parts before a salesperson would be able to drop the part representing the advertising cost per unit of purchase into the buyer's hand.

In the case of a famous brand of soap advertised in virtually every newspaper and magazine in the country the consumer pays only 35-1,000th part of the penny for advertising.

Large bakers of the very best advertised bread are making mass baking possible through advertising, yet the cost of a loaf of bread for advertising is less than the wrapper in which it is packaged.

One of the large companies famous for its cookies, crackers and biscuits, reports its advertising cost to the consumer to be less than one-tenth of a cent on a ten-cent package.

Paul S. Willis, president of the Associated Grocery Manufacturers of America, points out that without advertising there would be no mass production and without mass production prices necessarily would be substantially higher. He cites the California fruit growers associations as an example of what can be accomplished as a benefit to the public through advertising. Says Mr. Willis:

"Without advertising the cost of oranges would still be beyond reach of most people to whom oranges now are a every-day staple. Yet the consumer today pays only one-thirty-sixth of a cent on each orange for advertising."

Roy S. Durstine, vice president of one of the largest advertising agencies, says: "There has been so much talk about our 'million-dollar expenditures' in advertising that people forget how many millions of people must be reached. Actually, the advertising, instead of costing the consumer anything is really an instrument by which more and better products have been placed within reach of the average person at a lower cost."

Among other examples, Mr. Durstine points to a leading shirt manufacturer selling a widely advertised brand of men's shirts, who allocates 64-100th of a cent on each shirt for advertising.

RISEING TIDE

TODAY, in the train of the early pioneers who laid the foundations of America's greatness, there is a rising tide of men and women, spiritual pioneers, who are giving all they have and are to bring America under God's control. You will find them everywhere—in factory and farm, in school and state house, in home and hotel, in business office, hospital, church. They are the spirit-led patriots of the true America who believe that if you want a new nation, the place to start is with yourself.

Sluggo to Singer

When a man bites a dog, that's news. When a man, who has called other men hypocrites for years finds that he is the hypocrite and snaps out of it, that is news. And when his wife, who felt she was snubbed by her neighbors, finds that she was the snob and now counts them all her friends, that's more news.

That, in brief, is the story of Mr. and Mrs. P. W. Parkes who live in West Orange, N. J. He has a milk route there.

Threatened Neighbor

"I was always ready to fight at the drop of a hat," said Bill Parkes, the other night. "I slugged a guy in a professional football game one time and started a riot that involved 300 people. The reason was I wanted to show I was better than anyone else when I knew I wasn't. I threatened a neighbor of mine a number of times, asking him to let me know when he wanted me to beat him up. A while ago I looked him up and told him I'd like to shake his hand, if he thought I was worthy of it. Now he's my best friend."

"What brought about this change," the reporter asked him. "You'd be surprised," he said, "at the change that can come over you through a visitation of Christ."

Overdose of Unreal Religion

"Well," he said, "I got an overdose of unreal religion back in England when I was a boy. We walked three miles to church three times every Sunday. At 16 I joined up in the army, chucked what religion I had, and was in for duration. Was gassed once and hit by shapnel another time. When we came out to this country after the war, I quit church altogether, decided that church people were hypocrites. I lived my own life and got to drinking pretty regularly. Then two things happened. I met a minister whose simplicity

and openness struck me. He seemed to be bawling me out and drinking me out and urging me to come and preach. Just told me to drop it sometime and he said it.

Apologizes to Friend "Then he got me. I'll never forget the ple told simply what done for them and have found everything clean. It showed me was wrong and I started things right as he apologizing first to I had threatened."

"The drinking and indign just dropped off hardly noticing it. You could have been second Sunday in when my wife and son and I had our reunion together. I'm around some Sunday you will likely find solo in the choir. I thought I had a voice. "Life never was so beamed, "not even on war days."

Comanche

Fire of undetermined origin destroyed the home of Mr. and Mrs. Max Keeter near Sidney early Thanksgiving morning, and Mr. Keeter was nearly trapped in the burning dwelling.

The following is a letter received from Keeter:

"Dear Editor: "Fire of undetermined origin destroyed our home, furnishings, and clothes at about 1 a. m. Thanksgiving Day. My son and I had gone to my parents, Mr. and Mrs. John Greene of San Angelo to spend the Thanksgiving holidays.

"My husband had just gone to bed (as he had been listening to the radio) and was in that first sleep, and was hard to wake. Our dog saved his life. He came to the window by Max's bed and howled, barked, and chewed on the screen until Max raised the window shade to see what was the matter with the dog.

"On getting up, he discovered that the entire house was on fire, and had to crawl out the window to save himself.

"The dog dashed off the porch and has not been seen since. We are very anxious to get him back as we loved him, and are especially grateful for the heroic thing that he did in saving my husband's life."

EAGLES BARELY DEFEAT DRAGONS

When the Goldthwaite High Eagles said the season was over after the Llano game, we really believed them, but it turned out that we were wrong, or sumpin', because they suited out again last Friday afternoon to meet the Gorman High Dragons.

To be exact, all of the G. H. S. students seemed to be expecting a quick touchdown from the Eagles, but had their hopes shattered when the Eagles fumbled on the kickoff, and Gorman recovered on the Goldthwaite 10 yard line. It really looked like the Dragons were the ones who would score first, but the Eagles finally took the ball and punted up field. This made things more even, but the Dragons were still in Eagle territory.

The remainder of the first half was practically the same story over and over, both teams trying to make headway by air and land, and both elevens failing.

But after the half, the Goldthwaite crew came back determined to do something. When they received the ball, they promptly passed to the Dragon's 14 yard line. Then on the same around-end play that has accounted for more of the Eagles' touchdowns than any other single play this season, Sheppard, fullback, skirted the left end and was not touched until he reached the goal stripe, where he was tackled so hard that he was knocked out, and consequently fumbled the ball; but the referee ruled a tally for the Eagles after quite a bit of argument from both sides.

The only new feature of the game following the kickoff was a remarkable punt by one of the Gorman players, who kicked standing behind his own goal line, and ball landed on about the Eagles 10 yard line and rolled

over the goal line, a total of 97 yards from the line of scrimmage to the Eagles goal line. Then the teams again took up the plunging and kicking, characteristic of the first half.

So with the closing of the 1938 football season, we will recall the games the G. H. S. squad has played. The entire season sounds somewhat as follows:

Won—6 games. Tied—2 games. Lost 2 games.

So the Eagles did not have an unsuccessful year of it at all.

DID'JA KNOW? DID'JA?

Well, here we are again, and of all the threats we've been getting, so far, we are still safe and sound and ready for the "news" this week. Here goes!

The certain senior girl who became so angry over her name appearing in this column a week or so ago, seems to be happy enough now that the boy friend has returned.

It seems that one boy was taking another dancing lesson Saturday night. By the way, he had an audience, or did he?

A certain senior boy became ill at ease in town Saturday afternoon because he spoke to the wrong girl. Why don't these girls get where they can be seen if they are going to speak to the boys? We'll leave that for them to answer. We can't.

We've been calling a couple of juniors "bugs" for some time and we've learned that they are really "love bugs" and haven't found a victim yet that hasn't been bitten. Well, they had better stay out of the senior room, because the best we can tell, there's only one victim in there that hasn't been bitten. Look out Stokes, that bug's "going to get you if you don't watch out."

PEP SQUAD

Tuesday, November 29, the pep squad met to make plans for the annual banquet given for the football team and pep squad. Various committees were appointed to carry out the numerous details in preparation for an estimated 200 people who are expected to attend. The banquet is to be held tonight (Friday) in the show room of the Saylor Chevrolet Company, and we should like to extend a cordial invitation to all boosters of the school to attend. Tickets may be bought from Mrs. Cloninger for fifty cents each.

JUNIOR CLASS

The Junior Class regrets the departure of its president, Sue Bare, who has returned to her former home in Girard, Kansas. Sue entered this school in September with the first registration and checked out Friday, expecting to leave for Kansas during the week end. For the remainder of the year the office of president will be filled by Mark Fairman, vice-president of the class.

**J. W. Stewart Dead**

J. W. Stewart, familiarly known as Uncle Jimmy, died in his room at the Dempsey Hotel on Nov. 30 and after funeral services at the Fairman Chapel here Thursday afternoon, was buried at Lampasas beside the graves of his father and mother. Mr. Stewart was born in Colo-

rado county, Texas in 1851, and would have been 87 if he had lived until his birthday on Christmas Day. He moved to Mills county 32 years ago and lived on his ranch near Scallorn until a few years ago. He had never married. His niece, Mrs. Underwood of Winters, a nephew from Lubbock attended the funeral. Uncle Jimmy had been a reg-

ular reader of the Eagle until the past year when his eyesight began to fail. He is another of our old-time citizens who has passed on.
