## LEGION PLANS NAVY RECRUITING

Governor Coke R. Stevenson at his desk in the reception room of the Governor's office, Austin, discusses plans for immediately recruiting two companies for service in the United States Navy or Naval Reserve in Texas with The American Legion, Department Commander Andrew Dilworth of San Antonio and Capt. H. W. Underwood, United States Navy, commanding the Naval ROTC Unit at the University of Texas. The campaign was started by the American Legion in response to a telegram from Secretary of Navy, Legionnaire Frank Knox, asking the American Legion to "recruit a minimum of one company consisting of not less than 140 men \* \* \*. The Navy has 338 ships in commission and 353 building. Need for men is obvious," said the telegram in part.

Commander Dilworth wrote the Secretary of the Navy "Texas will recruit two companies of 140 men each from the Houston and Dallas recruiting area."

Capt. Underwood said "The Naval ROTC unit of the University of Texas is anxious to make any contribution to the success of this campaign."

"I am ready to do all I can for the War and Navy Departments and all-out defense as urged by President Roosevelt, in fact I think I am about two jumps ahead," said Governor Stevenson.

Each American Legion Post is requested to send to the nearest Naval Recruiting Station, or sub-station, at least one recruit for the Navy or the Naval Reserve on or before October 27. Fitting ceremonies will be held on October 27 either at Austin, or Houston and Dallas with high State, Navy and American Legion officials participating.

Governor Stevenson issued a proclamation calling upon Texas citizens to observe Navy Day, October 27 "For it was in October, 1775 that our forefathers \* \* \* came to the conclusion we must have a Navy to maintain peace."

## LIONS CLUB TO SPONSOR FIRST AID MOVEMENT

### Barnett, Saylor and Graves On First-Aid Course Committee

Walter Summy was guest speaker when the Lions Club met Tuesday evening. Mr. Summy has had advanced training in first-aid work and since it is the Lions' desire to learn first-aid as a defense measure his talk was on this topic. He suggested that a class be organized for those who wish to take Red Cross first-aid. He especially suggested that voluntary firemen, teachers, bus drivers and housewives take the course, as accidents are more frequent in these cases.

Mr. Summy is willing to teach a class of 20 to 25 which will take two hours an evening two evenings a week and will take approximately five weeks to complete the course. After the course is completed an examination will be given and those who make a grade of seventy-five or above will pass. The only cost for the Red Cross first-aid training is a text book which is 65 cents. If any one is interested in taking this course they should see Lions W. C. Barnett, T. C. Graves, or Kelly Saylor.

Lion A. H. Smith encouraged everyone to support our football team by riding the special train to Lampasas Friday evening. The train will leave at 8:15 and will be back in Goldthwaite at 11:15 p. m. The train fare is 65 cents plus a 3-cent tax for round trip. The general admission to the ball game will be 45 cents, but reserved seats can be bought for 55 cents. Tickets are on sale at most business houses in town.

The Lions Club has made arrangements to finance conveyance of football boys to their home after practice.

The program committee for the next regular meeting will be Lion Earl Summy and Lion John Wright.

## CAR THIEF KEEPS OFFICERS BUSY HERE DURING LAST WEEK

### Goldthwaite And Priddy Are Now Ready For Planes

Car thief or thieves have been busy in this section during the past week. From all appearances, it is thought that some crook was trying to make sure he would not be caught before making his escape from these parts.

Last Friday around 7 o'clock the car of R. V. Littlepage was stolen from where he had parked it 30 minutes before near the garage at his home here. It was found Saturday afternoon abandoned north of Brown's Creek in a pasture near the highway. No damage was done to the car, except one bent fender and all the gasoline had been taken out. The rear number was also missing.

A car, which was later found to belong to a Mr. Jones of Comanche, had been parked in this pasture all day Friday. It was abandoned in Lampasas and had Mr. Littlepage's number on it. A Chrysler was stolen at the outskirts of Lampasas Friday night, and was left downtown. About 12:30 Saturday morning a new 1942 Chevrolet coupe belonging to Tom Higgins, county judge of Lampasas County, was stolen from his residence in Lampasas, and so far as known, has not been located.

The Mills County Sheriff's department has also been busy this week locating Gypsy women who had "blessed and doubled" \$119 belonging to a Goldthwaite citizen. The money was returned to him, after Sheriff Harn Harris had located the Gypsies at Brownwood.

## WOMAN KILLED IN WRECK NEAR ZEPHYR

Mrs. Helen Williams was killed Tuesday evening in a three-car head-on collision near Zephyr. Mrs. Williams was on her way to her home in San Angelo when, according to witnesses, she attempted to pass a truck on a hill. Coming over the hill was a Mr. Moore on his way home to San Saba, and in order to miss his car, Mrs. Williams swerved her machine into the truck at her side, knocking it and its two occupants into a ditch. Her car was thrown directly into the path of Moore's, and a head-on collision resulted.

Mrs. Williams was thrown from her car and killed. Moore suffered shock and bruises, his head going through the windshield. Moore's car, as well as that of Mrs. Williams, was badly damaged. The occupants of the truck were uninjured, and the truck was not badly damaged.

Mrs. T. J. Clendenen and son Jack of Mullin were fixing a flat on their car a few yards away when the collision occurred.

Mrs. George White of Priddy, Mills County Home Demonstration Council chairman, acted as program chairman for the day.

The Scallorn Club had the largest home demonstration membership present; therefore they will be given their 1942 year books as an award.

At noon a bounteous covered dish luncheon was served.

At 1:30 o'clock a convoy of 19 cars went to Star. First we stopped at the home of Mr. and Mrs. W. A. Shotwell. Seventy-five women saw the sleeping porch furniture consisting of a double bed, a dressing table, and chair Mr. and Mrs. Shotwell had built and finished themselves. Then the group went to the home of Mr. and Mrs. L. J. Teague to see an improved bedroom. Mrs. Teague is the bedroom demonstrator of the Star Home Demonstration Club.

These are the improvements we saw: 1—All the wood-work painted ivory; 2—clothes closet interior papered with light-colored paper, shelves painted white, plus an electric light inside, no groping in the dark for clothing; 3—an attractive dressing table made from an unused Victrola; 4—a completely equipped bed, consisting of sturdy springs covered with a springs cover, a good mattress protected with a mattress slip cover and a mattress pad, pillows with pillow covers. The whole bed was made doubly attractive with a lovely hand-made candle wick bedspread.

From Star the group toured to the Big Valley Community. Here we visited the home of Mr. and Mrs. Floyd Sykes, whole farm demonstrators of Mills County. One of the improvements Mr. and Mrs. Sykes have well under way and one that the whole group enjoyed thoroughly, was the well-landscaped home grounds. The spacious grass covered lawn was nothing less than beautiful. The shrubs placed to an advantage in an uncrowded arrangement about the house and lawn taught us some fundamental principles of landscaping in a hurry. The next improvement we observed was the water system employed on this farm. An everlasting spring has been harnessed with rock and cement and is supplying ample water by means of a windmill for the house and livestock. The next improvement we saw was the well-equipped

## DISA AND DATA

The band, for once in its history, was a solemn group in their meeting Monday. Miss Sivells is pretty when she smiles, otherwise too. Inseparables: Ruth Whit and Eunice Wrinkle. . . . Anybody with ideas on how to make money please notify the Seniors. . . . Mr. Baird's razor slipped while trimming his mustache last week and took out quite a nick. . . . Cash Curtis can be cute without trying to be. . . . Everybody is glad to have the pencil sharpeners except the teachers—just another excuse for students to be out of their place. . . . Lost: a good pep leader; found: a better one. . . . Patsy Shaw has an overdeveloped funny-bone.

## BAND REPORT

In the last report, your reporter said that the band planned to have a "swell" time on our band-day trip; we did have an extra "swell" time. We left here about six o'clock and arrived in Austin at 10 o'clock. After the parade, in which bands from all over Texas participated, the band had about two hours in which to eat lunch and make a tour of the city. That afternoon the band enjoyed the football game played between Arkansas and the University of Texas. Everyone really had a lot of fun, and we all hope that next year's band will be able to go again.

## PRESENTING:

A bashful, blue-eyed Senior known as Nita Faye Black. She plays the piano and is one of the most talented and studious Seniors. Nita Faye likes to go to Star. Listen boys, she is a member of the Home Economics Club; therefore she can cook and sew if that makes any difference. Nita Faye has this much in common with our English teacher and sponsor: they both went to the Live Oak school for their early education. She is planning to take a beauty or business course.

## CLASS

The six-weeks tests are over and the report cards will be out. This makes us happy to offset our happiness that football game. We are sorry that we will not win but hope we will win the games this year. We are all looking forward to the game with Lam-son on Friday night. We hope the game will be well reported in number 11. To the team that we all behind you. We all the luck possible in the game!

The red-headed Senior often called Toby but otherwise known as Walter Bryant. Toby received his education at Goldthwaite and therefore is rather stunted—being one of the shortest boys of our class. He is the football manager, friendly with everyone, industrious, witty, and can do most anything he sets out to do. Toby is the oldest son of Mr. and Mrs. A. Bryant. Walter plans to enter in the field of dentistry.

## WE "SNOOP" TO CONQUER

It's under the carpet and behind closed doors, in dark corners and peeping through keyholes; but it's never caught napping. What is it? The Snoop, of course.

We wonder who was robbing the cradle Saturday night—Billy Jack and Walter or Dinky and Alta Mae.

Lewis, Kate, Pat and Mary Nell had good surroundings at church Sunday night. Their families seemed to be right on the dot.

Dortha Marie seems to know the whole U. S. Army. She has three lieutenants on her list, too, not including all those "buck privates."

Several boys were seen with lipstick on their faces. What goes on in the halls between classes?

Hookie-playing seems to be getting quite popular. Oma, Durwood, Jackie and Curly were seen somewhere besides at classes Friday morning.

It seems that Billye Helen just lives for Ball Games.

We hear Lorena is just crazy about "Shady Pause." What about it, Lorena?

Dorothy Nell was out of town Saturday night when Buddy was here. We wonder why.

Mary Nell has turned "motherly." it seems.

Hang on, Lorena. We hear that Mary Ann is out for Tully, Georgia, what keut you at the football game Friday night? It couldn't have been Cash, could it? Don't look now, but I think he is already caught! Eh, Adelaide.

Billy Jack, it looks like you are going to lose out completely. Larry nearly put the skid under you. "Sonny-Boy" Tullus puts on his desk—"Sonny-Boy plus Bobbie F. and Eloise S." Gee! two in one heart.

Mumsie failed at her job as Cupid. While preaching the graces of other girls to Shirley, she got hooked by him herself.

Tommy insists that it wasn't Adelaide that he was feeding peanuts—it was the librarian.

Jewel was doing pretty good Saturday night—she can hold her man longer than most of us. Girls, why not take some lessons!

Ah! The old flame has returned. The old love is better than the new, eh, Stacy?

Maxine, Ruth saw Mr. Croft go to the show alone while you were in another part of town.

Wilda retained her pep at the ball game right down to the end. I'm sure it wasn't all for the boys on the field, for a bright-eyed little lad in a uniform (he wasn't a buck private) was standing near by.

We wonder why Mary Nell didn't go to Austin. Could it have been that Pat wasn't going?

Why did Mumsie sing so sweetly in the choir Sunday night. Could it have been a certain person in the audience she wanted to impress? We wonder.

Ah, Blondie has started going to church on Sunday now.

Why is everyone saying, "Poor Wanda Burkett! They did look so cute together"? Could it have been because her recent Pat Obenhaus was seen with two ex-Goldthwaite students as soon as they came back for a visit?

## STAR DEDICATES NEW SCHOOL BUILDING

Saturday evening, Oct. 25, at 8 p. m., the citizenship of the Star Independent School District and neighboring communities will gather to dedicate the new school building at Star.

This building was built as a WPA project. The building was completed at a cost of approximately \$50,000. As a building unit it is composed of 10 classrooms, study hall, book depository room, and office. The building is modern in every respect and constructed from native stone.

The Star school district is one of the few school districts in Texas composed of over 100 square miles of territory, and this serves a large rural population. The district is composed of territory from Mills, Hamilton, and Lampasas Counties.

One of the principal attractions of the dedication program will be the fact that Dr. L. A. Woods, State Superintendent, will be guest speaker.

## PROGRAM

Invocation — Rev. Raymond Simms, pastor of the Star Baptist Church.

Song, "God Bless America," by audience.

"The Builder" by Norma Jean Ball, Star High School student.

Band Concert, 10 minutes—Goldthwaite High School Band.

Recognition of Visitors.

Group Singing led by Nell Parmley, State Director of Music.

Address — Dr. L. A. Woods, State Superintendent.

Benediction — Lewis Smith, Star High School principal.

## MILLS CO. EDUCATIONAL ASSOCIATION MEETS

The Mills County Educational Association met at its first meeting for this school year at Goldthwaite Tuesday evening of this past week. Since this was the first meeting, it was largely an organization meeting.

Supt. George White, Priddy, president, had made definite plans for the meeting. Interesting talks were made by Miss Annie Coleman on the general subject of citizenship, and by County Judge R. J. Gerald.

The following officers were elected for the 1941 term of school:

Tolbert Patterson, president.

Lee R. Tesson, first vice-president.

Chas. Conradt, second vice-president.

Hollis Blackwell, secretary-treasurer.

The group voted to have a banquet for the February meeting.

## STAR SCHOOL NEWS

Tests were given to all students in all grades on Wednesday and Thursday as last week ended our first six weeks of school.

C. N. Quirrel, district executive secretary of Boy Scouts in this area, and Dr. T. O. Graves spoke to an interested group of patrons on the Boy Scout movement in this community last Thursday evening.

The Star football boys played Evant at Evant Friday afternoon. A mammoth crowd was present to see Star win with a score of 19-0. The Star School dismissed in the afternoon for the game and many patrons as well as a majority of the student body went to Evant for the game.

The Sunshine Boys rendered

An enjoyable evening of entertainment to a large crowd in the auditorium on Friday evening. The proceeds went to the Methodist Church.

On Saturday evening an enthusiastic group of young people and patrons met in the gymnasium for a box supper. After the boxes were sold, a most appetizing meal was enjoyed by all. The sale of the boxes netted more than \$90, which will be used for needed library books and school equipment.

The highlight for this week is the school house dedication program. State Superintendent L. A. Woods will be chief speaker. The entire school, community and county, I am sure, are looking forward to this program.

## Hays Home Scene Of Wedding

The marriage of Miss Bonnie Rudell Jarrett, lovely daughter of Mr. and Mrs. G. E. Jarrett of South Bennett, to M. C. Partridge, youngest son of Mr. and Mrs. Frank J. Partridge, took place Thursday morning of last week at the home of Rev. L. L. Hays at Trigger Mountain.

Rev. Hays read the single ring ceremony in the Hays living room, which was beautifully decorated for the occasion with pretty autumn flowers and ferns.

The ceremony was witnessed by Mrs. John Higgins of Goldthwaite, also Mrs. Hays and Mrs. Dellis.

The bride wore a soldier blue crepe frock with black accessories. Her "something old" was a gold bracelet worn by her mother when she was married 32 years ago.

The bride and groom left immediately for Galveston for a few days' honeymoon.

The bride is very talented in the art of homemaking. She leaves behind a large circle of friends who will miss her greatly.

The groom lived in the Kelly community. He is a very worthy young man, and the fact that he has chosen this young lady for his wife bespeaks more of his ability.

Mr. and Mrs. Partridge will reside in Goldthwaite. The many friends here of both wish for them much success and happiness.—A Friend.

## Former Goldthwaite Girl To Wed In Alto

Announcement of the engagement and approaching marriage of Miss Rachel Varnell, sister of Mrs. O. S. Smith, to Ray Gilbert, of Pueblo, Colo., was made at a coffee given at the Smith home in Alto Saturday evening, Oct. 18.

The happy event will take place on December 25. Guests were greeted at the door by Mrs. Smith and Miss Varnell, and after all had arrived, attractive refreshment plates were passed which not only held delicious coffee, cakes, mints, and salted nuts, but dainty little embossed scrolls which disclosed the secret, "Rachel and Ray, Dec. 25." The white napkins edged with green and lettering of gold carried the same message.

A color scheme of pink, green and white was used in all decorations and also carried out in refreshments, making a very pretty affair.

Miss Varnell is very attractive, and since coming here from Goldthwaite to make her home, has made scores of friends who are looking forward to the event and wishing for them much happiness.

Her beauty, charm and pleasing personality makes her a very popular young lady. At present she is employed with T.U.C.C. at Austin. The groom is to be with the Capitol National Bank, Austin.—Alto (Texas) Herald.

**The POETRY PAGE**

EDITED BY  
*Nellie Steepford Hillman*

The following poetry, "You Ought To Be Satisfied," was written by Mrs. Mable Stoddard Gerald, wife of Judge R. J. Gerald of Goldthwaite, and is being published in "Poetry Parade" columns over Texas:

**YOU OUGHT TO BE SATISFIED**

Just a town—no different from any other town;  
Places to be smiled upon, and spots on which to frown.  
Streets are numbered, some are named. There is no avenue.  
The houses haven't numbers yet—don't need 'em, they're too few.  
Post-office on the corner there; the bank's two houses down;  
Filling-stations and cafes are scattered all around.  
Three groceries, two dry-goods stores, and a fraternity hall;  
A church for every man in town; and ministers who call.  
The barber-shops are wedge-betweeners, but you can find them for  
The old historic barber-pole is a gay solicitor.

The summer sun is beaming down; old men squat on their heels  
In familiar shady spots, while each his view reveals.  
An airplane zooms in the sky above; a car goes zipping by.  
Old Uncle Bill spits "backer-juice" and drawing makes reply:  
"I reckon it won't be so long till we don't have no ease;  
Why, even now old Bulger here can't sleep nor scratch his fleas.  
These days are full of trouble too" I've never seen before  
Such times as we are havin' now—an' I'll soon be eighty-four!"  
Then Uncle Jim's falsetto rings, "Why Bill, gosh-darn yer hide!  
Ye ain't bothered with bombs and tanks,  
An' ye ought to be satisfied!"

—Mable Stoddard Gerald, Goldthwaite, Texas.

Changes Coming In Social Security

By GEORGE C. HESTER

According to information coming out of Washington, it appears that plans for changing the entire social security program are now taking place. In order to better understand the true nature of these changes, let us note the different phases of the social security program which they are designed to modify.

There are four major provisions at present, which might be termed as the four legs of the program. These, together with the changes proposed are as follows:

(1) The first is that of "old age insurance." This is strictly a federal program supported by a one per cent payroll tax on each the employer and the employee. It is both a worker and family insurance program since it offers some seven different kinds of benefit payments, including the retirement benefit for the worker when he retires at 65.

Now comes the proposal that the payroll tax be increased from the one per cent to two per cent on each the employer and the employee. It is further proposed that farm workers, casual laborers, professional people, domestic labor and self-employed business men be brought into the program. Here is to be seen a vast extension of this phase of social security, since the classes named above are not at present covered by its provisions.

In addition, it is proposed that disability insurance be included. This would take care of workers becoming permanently disabled before reaching 65, and any worker who through sickness or injury is prevented from earning a living. To pay for this additional insurance the workers will be asked to pay an additional one per cent of their wages, over and above the two per cent required.

(2) The unemployment compensation is now operated by the states. In Texas it is supported by a payroll tax on the employers of eight or more, the tax varying somewhat according to the employers employment record. Benefit payments for sixteen weeks of unemployment are provided.

It is now proposed that this program be taken out of the hands of the state entirely and turned over to the federal government. The tax will probably remain at the same rate, but all employers may be blanketed into the program, instead of limiting it to those of eight or more employes as the present law does in Texas.

(3) The "old age benefits," or "old age pensions" will probably be left to the states, with the fifty-fifty financing arrangement continued. This, as we know, has been made a great political football in many states, including our own. There is strong support, however, to increase the share of federal aid to the poorer states in the South, in order that pensions may be increased without further state funds. This would benefit each Texas pensioner, probably as much as five dollars per month.

(4) The aid to dependent and crippled children will remain as it is, with the possibility of some extension of its benefits.

In addition to the above changes, some form of general health insurance may be instituted. Such a vast extension of the Social Security program is being offered with several objectives in mind. Like nearly every proposal, it is parading under the defense label, by contending that such taxes will help avoid inflation by siphoning off savings.

The heavy payroll taxes on employers, which must be paid regardless of profits or losses, will drive many employers into bankruptcy should a depression return and profit margins are wiped out. Such a condition could only add to and intensify insecurity instead of bringing security. Moreover, the vast payroll taxes over and above those used to meet the current obligations, are invested in federal securities. This means, of course, that the money goes into current expenditures. The increased payroll taxes, therefore, would secure more revenues for present spending.

This means, of course, that the social security benefits, such as the retirement payments and the like, will depend largely upon the future value of the government's bonds which will constitute the reserves. Thus, much of the so-called social security of the future will depend on our government's ability to finance its obligations including its ever-increasing national debt.

The World Wants You To Win

MAXWELL DROKE, the Indianapolis publisher, has written a book about what makes folks tick—it is entitled "People—How to Get Them to Do What You Want Them to Do." The book contains the results of years of experience in selling people in person and through the mails.

One illusion that Droke smashes is the idea that the world is always trying to hold us back, that people want to see us fail instead of succeed. You'll be interested in Droke's slant on the matter:

"The world always is with a winner. The instinct of hero-worship is inherent in us all. The man who puts up a clean fight and comes out on top can count on the crowd. We want you to win! Look at the tons of ticker tape we shower on a Lindy or a Corrigan! The principle applies, not only in spectacular achievements, but in the humbler paths as well. Are you a salesman? The boss wants you to win! He gets a great glow of satisfaction in watching you batter down obstacles. And it isn't solely a matter of profits, either. Are you going to make a speech? The audience wants you to be a wow. Are you a scientist working in some cloistered laboratory? A thousand learned voices are ready with generous accolade. Yes, the world wants you to win. We need more successes!"

—The Silver Lining.

FORMER RESIDENT RUNS ROBBERS FROM GRADY N. M., STORE

The following article, taken from a recent issue of the Grady, N. M., newspaper, is about R. C. Knowles, a former resident of Mills County and a brother of G. A. Knowles of Goldthwaite. Route One:

One man is dead and three are in New Mexico jails today in connection with an attack Saturday night on R. C. Knowles, 74-year-old owner of a hardware store at Grady, 48 miles north of Tucumcari.

The dead man is Martin Howard, 35, of Roosevelt County. The three in jail are Boots Bryant, Edsel Turner and John Compton, all of Portales.

Knowles, whose deadly accuracy with a gun brought Howard down as he fled from the Knowles store in a Clovis hospital suffering head injuries, but is recovering.

Knowles was injured shortly before 7 o'clock Saturday night when two men entered his store at Grady and asked for 22 rifle bullets. When Knowles stooped to get the bullets one of the men jumped on him, bearing him to the floor. Knowles grabbed his assailant and threw him beneath him. As the store owner fought back the two men turned to flee and as they passed through the front door, Knowles fired his .380 automatic pistol.

One of the men fled. Knowles attempted to fire again but the pistol jammed.

Knowles shot struck Howard in the back and he plunged to the sidewalk outside the store building where he died ten minutes later. Howard's companion fled with two other men who were sitting in a car in front of the Knowles store.

A posse made up of farmers of the Grady region, Clovis city police and officers from Quay and Roosevelt counties was organized. Sheriff Claude Moncus and Hubert Beasley, deputy, were called to Grady about an hour after the shooting. Moncus aided in the search all of Saturday night and together with Sheriff Bill Collins of Curry County arrested one of the men in a Clovis hotel Sunday afternoon.

Getting two bloodhounds, the posse followed the trail from the car the men abandoned, and found they had separated on foot about 10 miles west of Clovis. By use of the dogs the posse trailed Compton to a farm house six miles west of Clovis, where he had eaten dinner. A farmer had taken him into Clovis.

Moncus and Sheriff Collins arrested Compton in Clovis a few hours later. Arrest of Turner and Bryant in Portales at about the same time climaxed an all-day chase across farming country northwest of Clovis.

I held my first staff meeting at the office of Civilian Defense and I think it cleared up certain difficulties of procedure which are not yet organized within the office itself.

I came back that day to the White House for my usual personal press conference. I had asked Dr. Harriet Elliott, the commissioner of the Division of Consumer Protection, to attend, so as really to stimulate a discussion on the whole question of the increased cost of living. There is no question in my mind that we must have some method which is legal to control the rise in prices. It cannot be done by voluntary participation alone, nor by the action of community groups, because it is too difficult for people in the communities to get information on which they can act. I am happy to know that representatives of consumer interests will be appointed on defense councils.

More than this is needed, however, particularly when you realize that the snowball of rising prices has rolled up very rapidly in the past four months, and in some cases this increase is higher already than it was during the last World war. We must profit by our former experience and realize that prices which go up must eventually come down, and the coming down process is a very difficult one.

SOUTH AMERICAN VISITORS

At luncheon one day Miss Mary Winslow brought two very delightful guests, Senorita Graciela Mandujano of Chile and Senora Ana Rosa de Martinez-Guerrero from the Argentine. Senorita Mandujano, whom I have had the pleasure of meeting before, has traveled in many parts of the United States since her arrival here last spring, so she must now feel quite at home in our country. She has just spent some time in Maine and announced to me that she had become a Republican.

Senora de Martinez-Guerrero brought me an interesting scroll signed by many of the women of Buenos Aires who have joined together to aid the women in other countries who are fighting Nazism. They call their organization "Junta de la Victoria." Senora de Martinez-Guerrero, who is a very charming young woman, has lately been interested in building a hospital. I have long known that the control and the management of the hospitals in the Argentine are in the hands of the women. I have often wondered if the contact with problems in the hospital would not some day create a situation where the women would wish to prevent certain things instead of waiting to alleviate them when they reach the hospital stage.

Much to my interest, Senora de Martinez-Guerrero said that she had decided that the only way to do this was through a more active interest on the part of women in the government, and that she was beginning to talk to other women along these lines. This is interesting, not only from the point of view of what it might mean internally, but of what it would mean in better understanding and co-operation between the women of the Americas.

ARMY LIFE REACTIONS

At luncheon on the train one day I found myself at a table with two young army boys and we were joined shortly by a young marine who had just finished his Paris Island training and was being sent from Quantico, Va., to a new post. The army boys came from Virginia and New Jersey respectively, and had spent some months in camp in the state of Washington, and were now on their way to a New Jersey camp. All three were fine boys and I enjoyed talking to them. The thing which I remember most in retrospect, however, as we talked about their lives and need for their present sacrifice, is that they unanimously agreed that they did not have enough information or enough opportunity to talk about the larger aspects of world affairs as they related to their own individual services.

One of the boys finally said, "Well the trouble is, when you get into the army, the training is often the same, day in and day out, and you begin to think that the whole of life centers in what you get to eat, and when you get your pay." I wonder if perhaps one aspect of our officers' training is not being neglected. Should we include a course in the art of encouraging conversation among your associates? Should we remember that in both the German and Russian armies there is a relationship between the officers and their men which is not entirely official in character?

I have been sent a little brochure from the Consumers Book Co-operative, which they call Reader's Observer. It is a helpful little publication because it lists books in various fields, and has an article at the beginning, telling one about the trend of interest in reading material, and commenting on books in many fields. I was interested to find that a popular vote which they have taken shows a great interest in religious books, and secondly in books that can be classed as education for democracy.

CAMPBELL-EWALD OPENS ADV. AGENCY IN DALLAS

Campbell-Ewald—One of the big nationally-known advertising agencies—announced here yesterday that it had opened a Texas office last week at Dallas.

Aubra Dodson, Jr., a Texan well known in Texas advertising circles, will be in charge as manager. The office will be in the Republic Bank Building.

Fletcher D. Reynolds, president of the agency, from its principal offices in Rockefeller Center in New York, said that in joining his company in the ranks of the nationally famous manufacturing and other large organizations now locating in the state, "Campbell-Ewald is merely joining in a wide recognition of the ever-growing importance of Texas in the nation's industrial and commercial life."

The agency is one of the very large and old-established advertising firms. Among the agency's clients are such of the big advertisers as United States Rubber Co., General Motors, Eastern Air Lines, Taystee Bread Co., Grennan Bakeries, Inc., and many others.—Austin Tribune.

Quality isn't something that can be argued into an article or promised into it. It must be put there. If it isn't put there, the finest sales talk in the world won't act as a substitute.

Work and save, young man, and some day you'll have enough to divide with those who don't.

Club members in her home with a farewell party honoring Mrs. Ernest Ohlenbusch who is our club president and is soon to leave for her new home in Brooke-Smith. Tables were previously arranged and score cards passed to each guest. When all were properly seated, we were handed a card and told to take our free number. 'Twas then we knew we were ready to hear numbers called for "bingo." After several games, scores were tallied and Mrs. Ohlenbusch was found to be the leading lady and was awarded the prize, Mrs. Cooner carrying away the booty. The hostess then served a delicious plate to nineteen club members. Just before making our departure the big surprise came as Mrs. Hines so graciously presented Mrs. Ohlenbusch with a vacuum coffee-maker, a gift from the club members expressing our appreciation for the service rendered by our president.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

**CIVIC RESPONSIBILITY REGARDING BEVERAGE ALCOHOL**

**LESSON TEXT**—Deuteronomy 5:32, 33; 11:26-28; Isaiah 28:1-6; Habakkuk 2:12

**GOLDEN TEXT**—Righteousness exalteth a nation; but sin is a reproach to any people.—Proverbs 14:34.

Legal approval of the sale of alcoholic beverages has largely taken the matter out of the hands of the home and the church and has made liquor a civic problem. That of course, does not provide us with a convenient excuse for evading our personal responsibility, for the nation is made up of you and me, of your home and mine, of your church and mine. We must share the nation's responsibility gladly and actively if we are to be worthy of our citizenship. Especially is that true of the Christian, for he sees the spiritual and moral implications of the matter, and he also knows what to do about it.

**I. "Righteousness Exalteth a Nation; but Sin is a Reproach to Any People" (Deut. 5:32-33; 11:26-28).**

That may sound a bit old-fashioned and it may appear that men have abrogated that principle, but if we wait a bit we shall see that it still works.

1. Righteousness Brings Blessing (Deut. 5:32, 33; 11:26, 27). In this callous and indifferent generation we need to repeat with emphasis the fact that there is laid down in the very constitution of the universe a moral distinction between right and wrong. Right is always right and wrong is always wrong.

The book of Deuteronomy presents the fundamental laws of God. In this fifth chapter there is a review of many of these laws and a practical appeal for obedience. It is pointed out that the way of liberty in the walk of life is to turn neither to the extreme of legal bondage nor to the opposite extreme of human license, but to "walk in all the ways which the Lord your God hath commanded you." Walking in His ways brings all the blessings of Deuteronomy 5:33, a promise which is repeated in 11:27.

2. Unrighteousness Brings Judgment (Deut. 11:28). Turning aside from God's ways must bring upon man His curse. It is no light matter to be under God's disapproval. We who know how much the approval or disapproval of frail human beings around us may mean, should consider what it means in the life of a man (or of a nation) to have the eternal, omnipresent and omnipotent God against him.

Then what about a people which countenances the manufacture and the sale of intoxicants, which they well know bring about wickedness and vice which can only call for the judgment of God. Many believe that the great war in which the world is embroiled is simply God's judgment upon the nations (including England and America) because they have turned aside from His holy ways. That means that the most effective way to stop the conflict is national penitence and prayer. Why not believe and practice II Chronicles 7:14?

**II. Civic Greatness Cannot Be Built on Sin and Oppression (Isa. 28:1-6; Hab. 2:12).**

Yes, that sounds old-fashioned too! The theory of today seems to be that the road to greatness is by way of disregard of God's laws, and by the application of the mailed fist of cruel conquest. But let us remember that others have tried the same violation of God's law, and let us recall what happened to them. Did you ever hear of Napoleon?—of Alexander the Great?—of the "glory that was Greece"?—and the world conquering power of ancient Rome? Modern military leaders could well afford to spend less time on their books of strategy and their war maps and more time reading the Bible and the pages of history.

1. Drunkenness and National Decay Go Together (Isa. 28:1-6). The leaders of Israel (Ephraim) lingered long over their wine bowls as they spoke with pride of their nation, and especially of Samaria, its crown. It was a city beautifully situated on a hillside surrounded by a fertile terraced hillside.

Does not that all have a vaguely familiar sound? A great nation of our day which now lies in bondage to its neighbor dictator not long ago spoke with pride of its attainments and its security, while (according to the testimony of its own leaders) the use of intoxicants went on apace, even in the army.

2. Permanent Power Cannot Be Built on Oppression (Hab. 2:12). Here again history reveals the correctness of Scripture. Many a nation has sought to find its "place in the sun" by building with the blood of its vanquished enemies. It has never worked, and it will fall now just as it has in the past.

What about the city, state, or nation that attempts to promote its own growth out of the taxes on liquor and its sale?

**CHERRY TREES IN CAPITAL BLOOM AHEAD OF TIME**

Washington's famed cherry trees are blooming again—and it's six months from April whichever way you look at it.

Unseasonal October weather, with temperatures in the 90s, has brought out hundreds of delicate pink blossoms on trees lining the drive around Hains Point—springtime mecca for thousands of sightseers.

The heat wave, which has broken all October records for Washington, in contrast, has browned and seared the tree leaves.—Fort Worth Star-Telegram.

Mills County, like Washington, has an air of springtime. The lilacs and elder bushes have been in bloom here, which is out of ordinary for these to bloom only in the spring.

## FIRST BAPTIST CHURCH

E. E. DAWSON, Pastor

Next Sunday's Sunday school lesson is one that all ought to study and discuss. It is our quarterly temperance lesson based on four passages of Scripture, and sets forth the fact that the liquor question is one that must be settled by the state or nation, and is a civic responsibility. It is a lesson that not only needs to be studied, but heeded, for a day does not pass but that public attention is called to some disaster that is caused by drunkenness. Men claim the personal liberty to drink at will, then all of us who claim the personal liberty to travel the highways in safety are put in peril of life or limb by the drinker who loses his vision and judgment and menaces every traveler.

Sunday school 10:00. Worship at 11:00 and 7:15.

## Mrs. Caroline Priddy

(From Montrose, Colo., Express) Following an illness of some length, Mrs. Caroline Priddy, widow of George W. Priddy, succumbed at 10:45 o'clock Sunday morning in St. Luke's Hospital. She had been a resident of the Montrose community for nine years, making her home with a daughter, Mrs. Earl M. Seibert of Spring Creek mesa.

Born Aug. 31, 1884, at Guntown, Miss. she was married in 1884 at Belton, Tex. The Priddys moved to the central part of Texas early in their married life and the little town of Priddy, Tex., derived its name from this family.

Mrs. Priddy was a former missionary in the Baptist Church. She was endeared to those who knew her. In her last illness, Mrs. Priddy bore her affliction with full patience and often expressed her appreciation to the nurses and doctors who attended her.

Survivors are three daughters and four sons. They are Mrs. J. H. McLaughlin, Sweetwater, Tex.; Mrs. Myrtle Windson, Oakland, Calif.; Mrs. Earl M. Seibert, Montrose; Earl W. of Alhambra, Calif.; Tom J. of Oakland; John F. of Stanton, Tex.; and William C. Priddy of Gustine, Tex. Twelve grandchildren and four great-grandchildren also survive.

Funeral services were conducted Monday afternoon at 2:30

## I MAY BE WRONG, BUT—

I think hobbyists are necessary evils like doctors, preachers, teachers and editors. A hobbyist is a collector of anything from stamps and match books to antiques and prehistoric fossils. Some make a hobby of collecting money. Henry Ford for inst. Others collect children. I know a farmer who has collected 12 children, but he wouldn't give his collection for any other. Miss Ruth Ervin and Mrs. Martha Westerman collect pitchers. Each have pitchers of different shapes, sizes and colors. Miss Ruth has about 100 and Mrs. Westerman 359. They still have shelf space. Can't we all pitch in and get them some more pitchers?

D. D. Tate has the most complete stamp collection in this section. He applies for new issues in advance and has built up a collection second only to President Roosevelt's. Tate has some valuable U. S. coins of ancient mintage.

Julian Evans, Weyman Harvey and Merlin Faulkner each have a collection of rare and choice Indian relics. They are not interested in any old piece if it is commonly seen in other collections.

W. P. Weaver's hobby is hobbies and consists of Indian rel-
