

THE GOLDTHWAITE EAGLE

VOLUME FORTY-EIGHT

GOLDTHWAITE, MILLS COUNTY, TEXAS, —FRIDAY, APRIL 3, 1942

NUMBER THIRTY-TWO

Next Saturday Is Trustee Election Day For County

Trustees Are Listed For Different Precincts For County

Saturday, April 4, is school trustee election day all over Mills County. Each common school district will elect one new member, except where the district has seven trustees, when it will elect two new members each year. County school trustees will be elected Saturday in Commissioners Precincts One, Two and Four. Precinct Three and the county at large elected trustees in 1941, and will not have elections for those places this year.

Printed tickets have been placed in the hands of all election officials by County School Superintendent R. J. Gerald. Spaces have been left at the bottom of the tickets for writing in additional names if desired. Goldthwaite Independent District will elect two new trustees Saturday, according to notice posted in the court house lobby. Mrs. Gladys Dickerson has been named to have charge of the election.

Following are names appearing on the different ballots in the school trustee election:

Goldthwaite Ind. School District — Marvin Hodges, Barton Smith.

Rock Springs District No. 3— Rufus Pierce.

Lake Merritt District No. 4—J. V. Brown, W. O. Oden, J. D. Robinson, A. A. Reynolds.

Ridge District No. 11—P. M. Shell, Jess Rasco.

Priddy District No. 14—Hobart Priddy, Otto Schlee, Roy Stegemoeller, Ed Rost, Bill Ship, W. W. Limmer, Ed Jeske, Kurt Walther, Johnnie Schlee.

Minor District No. 26—C. S. Smith.

Prairie District No. 42—Vee G. Dunlap, Lester Rutherford, A. C. McCurdy, E. E. Ellis.

Star Independent District—E. E. Crews, S. M. McCasland, Robert Lee, Hollis Hendry.

Court Trustee, Com. Precinct No. 1—C. A. Womack.

County Trustee, Com. Precinct No. 4—E. K. Wood.

GOLDTHWAITE BOY WELL ON MIDWAY ISLAND

Mrs. I. N. McGirk received word this week from her son, Charles Botts, who is on Midway Island, that he was well and doing fine. He wrote that candy, peanuts, pecans and chewing gum were certainly scarce over there.

Interscholastic League Meet Held Here Last Week

Winners Here Go To Brownwood District Meet On April 10-11

On last Friday and Saturday the local schools were hosts to the Mills County Interscholastic League Meet. In addition to the local schools, the following schools participated in the various contests: Star High School, Star Ward School, Mullin High School, Mullin Ward School, Priddy High School, Priddy Ward School, Big Valley, Center Point, Lake Merritt, Midway, Mt. Olive, Pompey Mountain, and Prairie. Four hundred thirty-nine pupils participated in the various contests.

Play ground ball, spelling and essay writing were the order of the day Friday, while Saturday was given over to declamation, music contests, picture memory, arithmetic and track and field contests.

In the matter of scoring, the distribution of points was as follows: Goldthwaite High School 188 points, Mullin High School 25 points, Priddy High School 40 points, Star High School 40 points; Goldthwaite Ward School 149 points, Mullin Ward School 52½ points, Priddy Ward School 57½ points, Star Ward School 45 points; Big Valley School 57½ points, Center Point 30 points, Lake Merritt 42 points, Midway 40 points, Mt. Olive 33½ points, Pompey Mountain 67 points, Prairie 2 points.

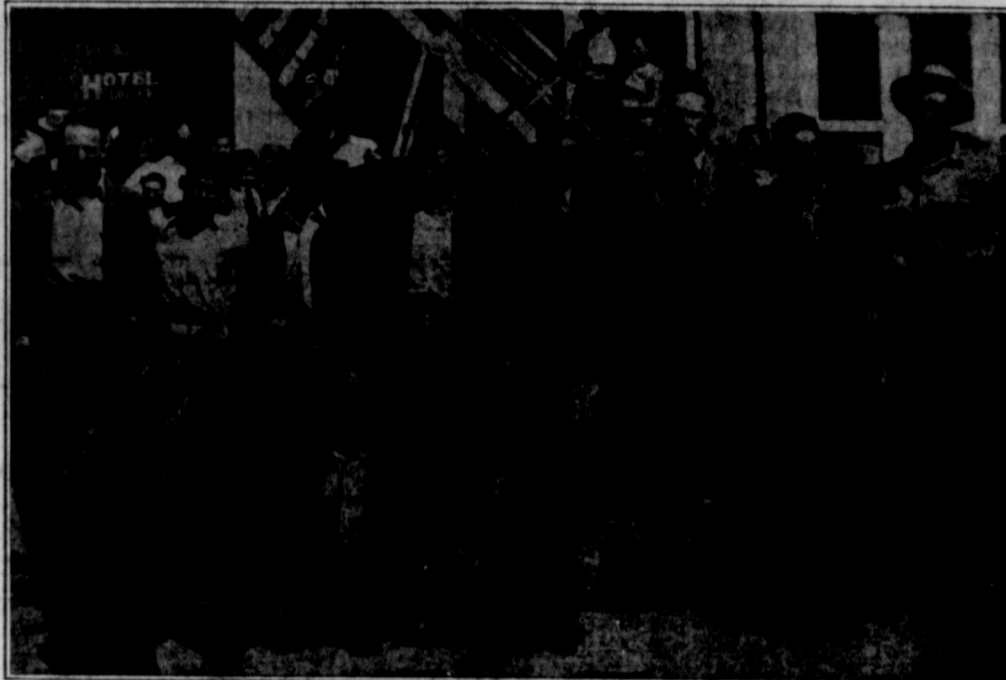

The above tabulation of points does not include volley ball and tennis. The volley ball matches were played in the Mullin gymnasium last night, but too late for this writing. The tennis matches will be played on the Goldthwaite courts Saturday (tomorrow).

The District Meet will be held in Brownwood on April 10 and 11, at which time winners in the various county contests will be permitted to participate in district contests.

SAMUEL CARROLL GETS ANOTHER PROMOTION

Word has been received in Goldthwaite that Samuel N. Carroll of this city has been promoted from the rank of staff sergeant to that of technical sergeant at the Air Corps Gunnery School at Las Vegas, Nevada. He is a member of the 50th School Squadron and is assigned to duty as a flight chief. He is the son of Samuel N. Carroll of Goldthwaite.

MILLS COUNTY BOYS LEAVE FOR SERVICE WITH UNCLE SAM

THE ABOVE PICTURE shows 17 young Mills County men who left by bus on Sunday morning, March 22, for Camp Wolters, Mineral Wells, for service with Uncle Sam's armed forces. The picture was taken in front of the Saylor Hotel just before the bus pulled out. Pictured are: John Forehand Kirby, Jack Locklear, Charlie Albert Seider, Herbert Tiemann, Victor Schrank, Alvin Aubrey Roe, Randolph Jennings Garrett, Calvin Little Weathers, Henry Julius Nauert, James William Harris, Wilton Woodroe Hamilton, Walter Willis Hollingshead, Vergil Lee Carroll, William Earl Fisher, Raymond Solomon Ford, Jimmie Lee Huffman, and Robert C. Weaver, the latter being transferred here from Hale County. Ernest Loyd Gameson was scheduled to leave with this bunch, but had a car wreck on the road and left the next day. Walter Olan A. Maston also was sent later. Arville L. Layton and Robert Gwin Slagle, school teachers, were deferred.

MILLS COUNTY TIRE RATIONING BOARD ISSUES MORE TIRES

The following tires were issued by the Mills County Tire Rationing Board Saturday, March 28:

Passenger cars—Earl Tullos, Goldthwaite, 1 tire, 1 tube; B. C. Keating, Mullin, 1 tire. Truck tires—L. R. Rudd, Goldthwaite, 1 tire, 1 tube; J. Y. Tullos, Goldthwaite, 2 tires, 2 tubes; M. C. Morris, Goldthwaite, 2 tires, 2 tubes; S. A. Edgington, Regency, 1 tire, 1 tube; Andrew R. Welch, Goldthwaite, 2 tires, 2 tubes; P. O. Harper, Goldthwaite, 1 retreaded tire, 1 tube.

Obsolete tires—Allen & Denison, Goldthwaite, 2 tires, 2 tubes; W. Arrowood, Goldthwaite, 2 tires, 2 tubes; Alfred Pax, Priddy, 2 tires, 2 tubes; D. A. Crawford, Mullin, 3 tubes.

The quota for April has not been received.

SAVE WASTE PAPER! IT IS NEEDED FOR NATIONAL DEFENSE

Bring paper to Waste Paper Depot near light plant. If you do not have a way to bring paper, we will call for it each Wednesday after 4 p. m. Call phone 188.

This is one of the little things that we can do for national defense and if we do the little things the big things will take care of themselves.

We want you to save all waste paper except wallpaper and carbon paper. No bundle is too small to bring. —Waste Paper Committee Women's Defense League.

ATTENTION, WOMEN OF MILLS COUNTY!

Volunteer cutters of Goldthwaite have been working eight hours a day. We have 1,200 dresses ready to issue to Mills County women to sew. If your town or community has not received a quota, please call for it this Saturday. Let's get OUR job done.—Mills County Red Cross.

A limited number of Texas Almanacs and State Industrial Guides are available for Mills County people at the Eagle office. The Almanac, published by the Dallas News, sells for 60 cents at the office or 75 cents

TRUCK LOAD SHRUBS AND FLOWERS SENT TO CAMP BOWIE

The people of Goldthwaite and surrounding communities sent a large truck load of shrubs, vines, plants and flower seed for the beautification of the grounds of Camp Bowie. Everything was appreciated by the boys and the Flower Committee of the Women's Defense League wishes to take this opportunity to thank every one for the co-operation in this worth-while project.—Mrs. Jim Weatherby, Chairman.

NEW LOCATION FOR WASTE PAPER DEPOT AT MISSION LAUNDRY

We are now located in the old Mission Laundry Building across the street from Keese Feed Store. The use of this building is being donated by Mr. Otto Simpson. The building will be locked; leave your paper on the front platform.—Women's Defense League Waste Paper Committee.

CHURCH OF THE NAZARENE

F. P. SMITH, Pastor

The revival that we have long looked forward to is now here. Everybody is invited to come and bring someone with you. Rev. Willie Voigt is the Evangelist and is a fine speaker. Besides the preaching there will be special music and duet singing. Rev. Voigt will render numbers with the accordion each night.

Do not miss these wonderful services each night at 8:30. We are expecting a great number in Sunday School Easter Sunday. Come help us to go over the top in Sunday School at 9:30.

METHODIST NOTICE

Spring is the loveliest time of the year. All nature puts on a coat of many colors and new life comes to this earth. Easter is God's spring time. Easter brings to human hearts new hope and faith. How we need the spring-time of Easter in our hearts as we face the darkness of this old world. Every human being should feel as did the Psalmist when he said "I was glad when they said let us all go up to the house of the Lord."

We invite all who will to worship with us next Sunday. There will be a sunrise communion service at around 7:30 in the morning. Preaching will be at 10:45 at which time your pastor will bring the Easter message. The choir will bring an Easter Cantata at 8:30 in the evening. We trust that you will not forget the Easter offering. "Let every one who hath a willing heart bring an offering to the Lord." This of course is not to meet the obligations of the budget but is to go to Doris Service.

B. A. MYERS, Pastor.

MRS. STEVENS ILL

Word was received here yesterday that Mrs. C. L. Stephens is seriously ill in the St. Anthony Hospital in Oklahoma City. Mrs. Stephens has been visiting her children, Mrs. Fred Martin at Norman, Okla., and her sons, Marion and Maurice in Wichita Falls, Texas.

People Invited To Army Day, Camp Bowie, Monday

Full Day's Army 'Open House' Starts Monday At 9:30

In a letter received this week by Mayor H. G. Bodkin from Maj.-Gen. John C. Persons, commander of Camp Bowie, the General said:

In observance of Army Day, Monday, April 6, the 31st Infantry Division, with attached and other troops of Camp Bowie will hold "open house" to the public. There is planned an Army Demonstration for the purpose of permitting each of you loyal American citizens to inspect our Camp and view first hand the training of YOUR Army. There is attached herewith a copy of the program which will be presented for your entertainment and enlightenment.

I wish to cordially invite you and the citizens of your city and community to be with us on Army Day. The Military Police will admit you through the gates without pass and every courtesy will be rendered you during your visit.

FIRST BAPTIST CHURCH

E. E. DAWSON, Pastor

Next Sunday is a day of much importance in all church circles. It is the first Sunday in the quarter. It is Easter Sunday. It is the occasion of the Lord's Supper in our church. So we earnestly urge all members to be present because of these important things that converge on a single day. Appropriate Easter celebration will mark the day with us throughout the whole Christian world. Regular hours for all service. And there is a genuine welcome for all comers.

Mills County Is Asked To Plant More Peanuts

County's New Goal Is 1,679 Acres For Oil For The War

War is making new demands of the farm program and the farm program is meeting those demands. A. A. Downey, chairman Mills County AAA Committee, said this week.

One of the newest AAA amendments, Mr. Downey said, specifies that acreage from which peanuts are harvested for oil purposes and followed by an approved cover crop next fall will qualify as erosion-resisting under the 1942 AAA program. However, only one-half of the erosion-resisting acreage requirement may be met by this practice, Mr. Downey pointed out.

Under AAA regulations, co-operators in Mills County must devote at least 25 per cent of their cropland to specified erosion-resisting crops or lands.

"This amendment should encourage farmers to plant peanuts this year in the Food for Freedom program because we need more fats and oils, Mr. Downey said.

In explaining how the new amendment applies, the AAA official said that if a farmer needs 20 acres to meet his erosion-resisting acreage requirement, he may meet one-half of the requirement, or ten acres, by planting 10 acres of peanuts for oil, provided he follows with an approved cover crop next fall following harvest. The remaining 10 acres in the erosion-resisting requirement would have to be met by planting other approved crops or by carrying out other approved practices.

"In no instance will planting approved cover crops this fall, such as winter legumes, ryegrass and small grains, except wheat, count more than one-half of the acreage needed to meet the erosion-resisting requirement. The other half will have to be met by other crops or practices applicable to our county," the chairman said.

The new peanut goal for Mills County farmers in the Food for Freedom program is 1,679 acres, while the new state goal is 1,056,000 acres, or approximately 300 per cent of the 1941 acreage.

Letters from Mills Co. Soldiers

**W. GLENN FEATHERSTON
WRITES FROM FLORIDA**

Camp Blanding, Fla.
The Goldthwaite Eagle,
Dear Editor:

I enjoy seeing the letters in the Eagle from other Mills County boys in various other camps, so I will try to tell them and the folks around home what goes on here.

When the 36th traded camps with the 31st at Bowie, we certainly got the little end of the deal. This place is half submerged in white sand. You get off the pavement at your own risk. We have to have board walks in the company street in order to get around. Nothing grows here but a few pine trees. We do have a rather large lake here, but it is not in sight of our area so we don't consider it in our favor. There are lots of sea gulls around which look strange to most of us. Our fuel here is coal. We have had an awful time trying to build fires.

Quite a few tents were burned down when we first got here because of a few boys trying to rush things with a little gasoline. Before long an order came out forbidding us to use it so we are glad we are having warm weather.

Here, we are 14 miles from a town of any sort, discounting "Boom Town" at the main gate. However, we are only 56 miles from Jacksonville and St. Augustine. They are each nice-sized towns. St. Augustine is especially interesting since it is so old. It is entirely a resort town and many points of interest are commercialized now. There is the Fountain of Youth where Ponce de Leon landed, the oldest residence in the U. S., well over 100 years old, oldest wooden school house in U. S., old Fort Marion, the zero milestone of the Old Spanish Trail from St. Augustine to San Diego, and many other such interesting places. A week-end there is well spent.

By the way, there are two national-anthems sacred to the 36th and I think, by now, all of the Yankee 1st Division here: "The Star Spangled Banner" and "Deep in the Heart of Texas." In a "place" in Jacksonville the other night some Texas boys had every Yank on his feet while the Victrola played the latter anthem.

I think most everybody enjoyed the trip by convoy coming down here. It got to be sort of a grind before we made it, but it wasn't so bad. I think our worst night was spent in the mud out of Terrell, Texas. We were wading around in knee-deep mud wondering where we were going to sleep, since all the trucks were loaded with supplies when a troop train passed and all the boys waded. One of our boys remarked: "That's about right. The quartermaster that's supposed to have the best deal are bivouaced in the mud and the infantry rides by in an air-conditioned train."

Some more of the boys we left behind in Bowie joined us here last week-end. It was almost like seeing the folks at home. Activity seems to be a little greater here than at Bowie. A few thousand new selectees have come into the division and the

training program has been stepped up some.

There are still some conflicting rumors about what we are doing down here in this part of the world, but I think everyone knows just about what it will add up to. Come what may and when, I'm sure this outfit is ready and willing.

Always,
**GLEN FEATHERSTON,
Co. A, 111th QM Br. 36th Div.
Camp Blanding, Florida.**

FROM GLEN GEESLIN

The following letter was received from Glen Geeslin, who is at Camp Blanding, Fla., by his parents, Mr. and Mrs. Huber Geeslin of Center City:

Camp Blanding, Fla.
March 17, 1942.

Dear Mother, Dad and Ada Margaret:
I'm doing fine. So are the other boys from Center City and Mills County.

I went over to St. Augustine last week-end; sure did enjoy the trip. Didn't do anything except sight-seeing. We went through the oldest fort in the U. S. It was Ft. Marion, and was built in 1565. Kinda old, isn't it. We saw the oldest dwelling house and school house.

At the Fountain of Youth was an Indian burial mound, and they had uncovered it. I wish you could see the Hotel Ponce de Leon. It is the most expensive hotel in the U. S. Only stays open six months out of the year. The ground floor isn't much of anything except lounge rooms. The dining hall will seat about 250 people. And, gosh! the light chandeliers are the most beautiful things I ever saw. The stairways are ten or twelve feet wide. The cheapest room in the hotel is \$8 without bath, and the highest is \$50; that is for one day. A soldier couldn't put up there very long, eh. The two men who built the hotel sent three men to Europe for several years to study designs, etc.

We also went to Marine Land and saw all kinds of fish; that was rather interesting too. It is time for bed, so I must fall in, and in what seems like a few minutes I'll fall out again.

Love to all of you. **GLEN.**

ABOUT TAL HEAD

The following is an extract from a letter received by Mr. and Mrs. Wesley Head of Center City, and is about their son, Tal Head, who is in the army hospital at present, at Starke, Florida. The letter was written by his wife:

Dear Mother and Daddie Head:
We are both doing fine although Tal is still in the hospital. However, I think he will be out pretty soon, within ten days, I hope. If he gets a leave I think we'll go to North Carolina for a few days. His leave probably won't be very long.

I do wish you could have some of the rain we've been having here. It just pours for hours and then it clears up beautifully. I'm sorry we don't have more news to write about the Mills County boys, but with Tal in the hospital he just doesn't get to see them as much as he would if he was on duty every day. He did see Lena Mays' brother one day. He is quite well.

We received the Eagle. Thanks so much for seeing about sending it. Lots of love from both of us.—Nayala and Tal.

Call Mrs. Harvey for an appointment for your next beauty work. Phone 240.

Easter Cards.—Hudson Bros.

FROM R. D. MITCHELL

J. R. Mitchell has received the following letter from his son, R. J. Mitchell, who is stationed on the U.S.S. Lexington:

U.S.S. Lexington,
February 22, 1942.

Dear Dad:

I've some interesting news to tell you. You've probably already heard it about the time I'm writing. The Japs have a way of putting out news so that you can't quite believe it though, so here is the straight dope. In the last few days we had a little run-in with eighteen Jap bombers. Sixteen were known to have been destroyed, and it's very doubtful if the remaining two got back to their base. We suffered no hits and no casualties. It was a very pretty sight watching the Japs die and it's only a sample of what they've let themselves in for.

I guess it's time to close as I've got to go on watch pretty quick. Write soon and tell everyone hello.
Love, **R. D.**

CENTER POINT

By MRS. JEWEL SPINKS

So far we have had no rain. Every morning we get up with another dry norther. We have more hope now as the last of March is here and April is known for showers.

Quite a few enjoyed the games last Friday night at the school house.

Mr. Collier, Maudie and Thema Beth and children were in town on Wednesday. Mrs. Collier has been staying with her father at Goldthwaite. Mr. Collier had his goats sheared Wednesday.

Doyle Wright came home Wednesday night, presumably for the last time. He was supposed to leave Brownwood for places unknown this week.

Charles Dee Wright visited Alvin Spinks Thursday of last week.

Oscar Kelcy visited Bob Martin last Thursday.

Will Spinks has received word from his grandson, O. D. Conner, who is with McArthur in Australia, that he landed o. k. and was well. Another grandson, Wilford Spinks, is stationed in Maine.

Verne Tyson has sold his place here at Center Point. We did not hear who to, or what Mr. Tyson's plans happen to be.

DALLAS JOURNAL, AFTER 27 YEARS, QUITS PUBLICATION

DALLA, March 26.—The Dallas Journal, in a notice printed on its front page Thursday announced suspension of publication.

"This is our last publication of the Dallas Journal," the announcement read. "Continuance is no longer economically plausible and would therefore constitute waste."

EBONY NEWS—
By CLEMENTINE WILMETH BRILEY

(Intended for last week)

Sunday, April 5, we are to have preaching services. The program for the day is as follows: Sunday School at 11 o'clock, preaching at 12 o'clock war time, dinner on the ground, Easter Egg Hunt for all the children of the community after dinner, preaching again in the afternoon. We want everybody to come.

The drouth is still with us, yet the rosebuds are courageously painting the roadsides with their exquisite beauty, and the trees are putting out their tender leaves. So does faith and courage bestir us to do that we can until rain at last shall come.

Mrs. Hattie Whittenburg is still very much improved, but is still at the home of her daughter, Mrs. Jack Williams.

Ernest Malone was taken quite ill Sunday afternoon and had to go to Brownwood to a doctor Monday. He thought he was some better Monday night.

We are happy to announce that after a long and serious illness, Mrs. Bob Egger is able to be up a little again. She has been greatly helped by the presence of her good friend, Miss Dolly Reynolds, who has been nursing her for the past few weeks.

Cecil Crowder was out from Brownwood Sunday to be with his family who are staying at the Griffin place. He and Mrs. Crowder and the children and Charlie Griffin went to wait on and help Ernest Malone for a while Sunday night. John Briley has also been helping Ernest since he has been sick.

Since it is too dry to farm, Johnnie Egger, who is chief workman on the Wilmeth farm, has gone to Brownwood to try to get work this week. Mrs. Egger's sister and husband, Mr. and Mrs. Henry Strother of Coleman, are spending the week with her.

Elvis Hollis writes his mother from California that he has obtained work in a factory making parts for airplanes.

Mrs. Lee Wallace writes her parents, Mr. and Mrs. R. M. Haynes, that she is delighted with California.

Mrs. S. H. Reeves returned last week from Brownsville where she went to attend the funeral of her nephew, James White, air corps instructor, who was killed in an airplane crash in a flying field in Nevada.

Mr. and Mrs. Ab Trowbridge and children of Brownwood spent Saturday night and Sunday at the Johnnie Egger home.

Mr. and Mrs. Ira Egger spent Sunday night with Mrs. Edna Dwyer and helped her mark and doctor her turkeys early Monday morning.

Our pastures are full of maneuvering soldiers and army trucks these days.

The army trucks have torn down our phone lines. It's hard to gather news without means of communication.

An Ebony boy is carrying off high honors at A. & M. College this year. Gene Wilmeth has been elected president of the Agronomy Club, an honor which goes only to a pupil of high rank both in popularity and scholarly attainment. Gene has not failed to make the distinguished list since entering the college four years ago. The president of the Agronomy Club becomes automatically the king of the Cotton Ball. So Gene went to TSCW at Denton last week-end to pick his queen from a number of queens selected by the student body of TSCW during their recent week of charm. Gene will graduate in May. Having gone in for advanced military training, he will enter the army soon after his graduation as a second lieutenant.

Mrs. O. R. Mitchell writes that O. R. has resigned his position as science teacher in a Beaumont senior high school to take up work in the chemical laboratory of the Magnolia Oil Refinery in Beaumont, beginning April 1.

Mr. and Mrs. Cal Berry and son, Chas. of Hamlin spent Saturday night with Dr. and Mrs. L. P. Huddleston.

Raymond Seabolt, son of Mr. and Mrs. Tom Seabolt, was rushed to a Temple hospital Saturday where he underwent an appendectomy. At last report he was doing as well as could be expected.

A PATTERN OF DEFENSE—Lined up at the ramp at the "West Point of the Air," these basic training planes are Randolph Field's answer to America's slogan—"Keep 'em Flying." Hundreds of these low-wing monoplane are put through their paces daily by young Americans anxious to do their part for the defense of the Americas.

STAR ITEMS—

By MRS. DORA GOODE

The weatherman is still tampering with our own damp gulf clouds and has—well, I don't know, anyway it's still dry, and a certain kind of bug, bugs galore, have destroyed the oat crop and now rampaging in search of every little stalk of corn that dares to stick its head up this dry weather.

We were delighted to see those wild geese going north. We've had enough cold.

Mrs. Viola Chappell and mother of Goldthwaite are visiting with her daughter, Mrs. Charlie Sheldon, while Charlie is in California.

Mrs. O. J. Lee of Evant was a visitor in Star one day last

week with her parents, Mr. and Mrs. Will Gent.

Mrs. Jim Witty returned home last Saturday from a visit with relatives in Oklahoma.

Mrs. Florence Teague is visiting in Brownwood this week. Mrs. Teague is not very well, but has improved lately.

We are glad to have Mr. and Mrs. Dan Waggoner in our community again.

Mrs. L. J. Teague has been in Hamilton several times the past week to be with her daughter, Mrs. Connie Walker, who is very sick.

Those attending quarterly conference at Pleasant Grove Sunday afternoon were Rev. Warren Ellis and wife and baby Annabel, Mr. and Mrs. Jim Soules, Mr. and Mrs. Charlie Berry, Mrs. Viola Chappell and Mrs. Dora

Goode. Christian Goode and mother were visitors in the G. D. Burney home in Evant one day last week.

BEFORE and AFTER

Prior to your city's advent into the electric business, 100 KWH of electricity used in your home cost you \$5.40. Today, that same 100 KWH costs you only \$3.00

IS THAT WORTH WHILE?

The citizens of Goldthwaite are saving more from this source than the total of all City Taxes, each year. Approximately \$8,000.00.

These savings will continue if you patronize your city's electric business.

SENIOR REPORT

The Seniors are well aware that County Meet is over, and that they must make up all their back work now, but not many of them are fussing for the teachers have been very generous.

We are also aware that the district meet is only a week or so off, and we must prepare for it.

Test days are just around the corner again and a deciding tale will be told, so Seniors settle down and make those "E's" and "F's" so there won't be so much worry and fuss at the close of this semester. You can do it, so make the try.

PRESENTING:

We first introduce to you a lovely little flower from Live Oak Community, Wilma Bea Rose. Some call her "Bea," others call her "Wilma," and most of us call her "Wilma Bea." She has a rosy complexion and a face just like a doll's—except maybe prettier—that is framed by glowing light brown tresses which are almost always adorned with a bright little ribbon. Wilma Bea is a super duper student and carries on many outside activities. She is secretary of the Junior Choir and a member of the pep squad and typing clubs. She wants to embark on a business career when she graduates.

Likes best—Onions.
 Favorite sport—Tennis.
 Favorite song—"God Bless America."

One of the Seniors' funniest members is that unexpended blonde, Lucille Sheppard. Lucy just loves candy, especially in history class, she is an excellent imitator, especially of teachers, and she likes everybody, especially Zelds and soldiers. You can't be around this animated personality long without catching some of her lively spirits and teasing merriment. Her favorite sport is volley ball and she's an A-1 player. She's not so bad in her studies either; in fact, she's eligible for exemption in most all her subjects. Lucille is now enjoying a visit at home with the measles, so I really don't know what she plans to do; but—she likes to do housewife chores.

Likes best—All-day suckers.
 In-a-word description—Dizzy, daffy, and delightful.

Annette Renfro, 1942 model, spring season, is one of the sweetest bets in the Senior Class. She's a quiet type with a wonderful sense of humor, a grin that will slay you and the loveliest black hair. Rather tall, she used to claim Big Valley as her home town, but now it's Gold-

thwaite, so of course you know who her cronies are. She doesn't even pretend to paint her toenails and despises the song "Green Eyes," probably because her sparklers are that color. She's quite domestic. Miss Welch never has to tell her to pick up paper from the floor. She speaks in a slow Southern drawl, rolling her R's but pronouncing them most definitely. She plans to major in elementary education—a great future for Annette because she has such a patient disposition.

Likes best—Charcoal gum.
 Dislikes—Prickly pears.
 Secret ambition—To witness Tommy skating on the ice.

At last we will relieve the monotony of all the girls and present a boy, Clay McNeil. He's dark, has big brown eyes and jet black hair smoothed back like Caesar Romero's—oh, a Latin, but definitely. And he's also been drilled two years in Spanish. Clay can do most anything he sets his heart on, and he seems to be doing good work this year—an E in English, according to Miss Welch. He is a quiet, easy-come-easy-go student who has developed a wonderful sense of humor after being in a (Spanish) class of all girls for two years. His plans for the future are undecided.

Likes best—Bright red.
 Dislikes—Hoot owls.
 In-a-word description—Willful.

DAFFY-NITIONS

Love—something that keeps you going around in circles that end up under your eyes.

Sarong—Merely a new way of covering the same territory mid-Victorians covered by a stretch of the imagination.

Indians—Something Gene Autrey chases between songs.

Yawn—The only time some married men open their mouth.

Petting—The study of anatomy by the Braille system.

Honey-moon sandwich—Let-tuce alone.

Orator—A man all steamed up about your duty to save his country.

Guitar—A banjo with a girl's figure.

Gasoline—Something that your car doesn't run as well without as it does with.

Pitching woo—Not a Japanese general.

Aha, me proud beauty! We've finally caught up with you, Louise (Skipper I mean) how are these Florida chaps? We notice you are pretty well acquainted with one, and say, folks, have

CONTROL OF CATTLE LICE

Cattle lice, long a serious pest on Texas farms and ranches, ordinarily are not recognized until they are so numerous that they cause cattle unmistakable annoyance.

According to Cameron Siddall, entomologist of the A. & M. College Extension Service, there are three species, namely, the long-nosed ox louse, the short-nosed cattle louse and the biting louse. The first two live by puncturing the skin and feeding on blood and lymph. The third apparently feeds on particles of hair, scales and exudation from the skin.

Usually the infested animals are poor and unthrifty, and frequently owners believe they are infested because they are unthrifty. More often, however, the unthrifty condition is caused by the lice, Siddall explains. Irritation to infested animals from bruised and raw spots on the hide caused by rubbing against fixed objects, lowers their vitality and often results in increased death during unfavorable seasons. Calves, young stock, and old, weak, poorly fed cattle suffer most from the ravages of lice.

The sticking lice usually lodge at sides of the neck, eyes, ears, nose, brisket and inner surface of the thighs, and the biting species on the withers and around the root of the tail, but also may be found on any part of the body. The long-nosed and the biting lice are easily controlled by dipping or spraying with arsenicals, creosote dip, or wettable sulphur. One treatment usually is sufficient to eradicate them.

These methods are not very satisfactory in controlling the short-nosed ox louse, Siddall says. But a mixture of rotenone, which may be bought ready for use after addition of water, will do the job. It also will give satisfactory control of the two other species. Animals may be dipped or sprayed with the mixture, or where only a few are involved, it may be applied as a dust. Three treatments at intervals of 18 to 23 days affect almost complete eradication, ac-

Why can't all the boys be as lucky as Eli? His girl friend goes by in her car and takes him for a spin on Sunday afternoon.

C. M. Hm-mm. Now where did that come from? C. M. Burkes sounds about right. And C. M. plus Babe or Billie G. and you spells a whole evening's entertainment, doesn't it, Maudine? And a certain party wants to know if you tell mama Everything, Maudine.

The first love must be lasting. Marvin A. and Oma D. are at it again.

The Snoop is a hard-to-deal-with person. You can't even buy him off to keep your name out of this exposing column—but Doyle K. thinks there is surely no harm in trying. We'd have that poor boy to bury if anyone learned that he was interested in Ruthie Fay. So we're not going to say a word regarding his inquiries about Ruthie Fay Saturday evening or talking to her in the hall every chance he gets.

There was such a wonderful show at San Saba last Monday night, but you couldn't prove it by Wilma Bea and Cricket because they were much too interested in those charming gentleman escorts.

"All's well that ends well." Eunice is perfectly satisfied with Mohler and Shirley is all out for Wilda.

Bonnie Fern has switched her attention from Mullin to Star and landed them full-blast on that killer, James Carroll, who doesn't exactly object.

The party would have been perfect for Nina Beth except for one person—he wasn't there. Too bad James Cornelius got mistaken for the ball.

That little McCasland lad goes to a great deal of trouble on the bus to make room for Neta Faye. While she turns dangerous, pink and shy takes her place.

According to Siddall. The material is non-poisonous and will not burn or blister.

PIG PRODUCTION ON THE UP

Fourteen per cent more pigs were produced in Texas in the fall of 1941 than in the same period of the previous year, reports E. M. Regenbrech, swine husbandman of the A. and M. College Extension Service, and 47 per cent more sows were bred for 1942 spring farrowing than farrowed in the spring of 1941.

Thus prepared, Texas farmers found themselves at the year end "in splendid position to produce any desired number of hogs called for in the 1942 Food For Victory campaign," the specialist predicts. "The Texas Extension Service through its specialists and county agricultural agents has kept the farmers prepared for any emergency. Texas farms are well stocked with breeding stock of good quality and barns are filled with grain feed."

Regenbrech explains that through planned demonstrations with adult farmers and 4-H Club boys, Texas farmers are trained to produce intelligently and profitably an ever-increasing number of hogs as the need may arise. Texas now ranks seventh among the states in the number of swine produced. "Advantage of climate and soil permit producing them as cheaply as in other states and cheaper than in most states," he adds, but expansion of the industry will depend upon more convenient spacing of packing plants and markets in order to reduce existing long hauls.

About 25,000 Texas farmers produce hogs on a commercial basis, and most farmers regularly produce a few for the home meat supply. In connection with commercial production, Regenbrech points to the anomaly of pork products equivalent to 1,000,000 head reportedly shipped into Texas yearly while from one-quarter to one-half of the commercial hogs produced are shipped out of the state—mostly to California—for slaughter.

A total of 5,010 4-H Club boys in 192 counties, averaging 26 to the county, completed their swine production demonstrations during the year. Regenbrech characterizes the club boys' work with 11,596 animals as "very satisfactory."

Many civic and commercial organizations co-operated in arranging the organization and providing funds for premiums in the 193 local, district and state 4-H pig shops held during 1941 where 3,577 pigs were exhibited. A total of 6,544 4-H pigs, weighing 1,209,269 pounds, sold at show auctions or on marketing tours, grossed \$120,699.31.

Livestock produced by 4-H Club boys in 32 counties was sold through marketing tours having the co-operation of the Fort Worth market.

ADAMSVILLE SCHOOL IS DESTROYED BY FIRE

LAMPASAS, March 29.—The Adamsville school was destroyed by fire Friday night about 8:30 when a picture film caught fire and exploded. There were about a hundred people present and only one exit.

When the film caught fire it was thrown from the machine and fell into the crowd on the freshly oiled floor, which was immediately ablaze. The crowd became panic-stricken and stampeded. While no one was fatally injured, a number fainted and others were burned. Tommie Parker, operator of the show, received the worst burns and he and 12 others were brought here to the hospital for treatment.—Temple Telegram.

Rev. and Mrs. H. Starnes and family of DeLeon arrived here Wednesday of last week to visit with her sister, Mrs. Grover Dalton, and Mr. Dalton. They were accompanied by Mrs. Dalton to visit another, Mrs. D. Dalton, who is

CENTER CITY

By Mrs. J. M. OGLESBY

Last Wednesday morning as I wrote a nice mist was coming in from the south; however, before the letter was at the office a brisk norther blew the clouds away without rain.

I failed to get several items last week. One was that Mr. and Mrs. Hubert Geeslin received a telegram from their daughter, Miss Clea, saying she was accepting a position at Duncan Field near San Antonio. Since then she states she is well pleased and likes her work very much. She is a radio technician and her many friends know she will make good.

Jimmie Jones is confined to his bed this week.

On Tuesday morning of this week, Mr. and Mrs. J. M. Geeslin received a message from Austin Varnell, had passed away. She had been in ill health for a long time and was there for treatment. Our heartfelt sympathy goes to her parents, her brothers and other relatives and friends. May our Heavenly Father sustain you in your grief.

Mrs. Allen Carter spent a part of last week with Mrs. Massey in Goldthwaite.

Joe Shelby Langford came in Sunday morning from California for a two days visit. He visited his sister, Mrs. Bill Wittenberg and son in a Temple hospital Monday. Also his mother, who is staying with them. They are doing nicely.

Alfred Carter is in a Temple hospital. He has hernia, which disqualified him for army duty at first. Now he expects to be a fighter—one of the best.

Mr. and Mrs. Chester Head and sons moved back to their home after spending some time with his parents, Mr. and Mrs. W. W. Head.

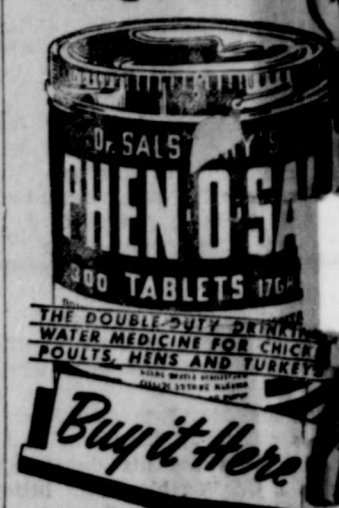

Bro. Ellis was a pleasant visitor in our community Monday. He wished to announce Bro. Sims and wife of Star and perhaps others will be at the Easter sunrise services Sunday.

Mrs. Emma Casbeer is staying with her daughter, Mrs. Chester Head, and family.

Miss Violet Lee was brought home Monday from a Brownwood hospital. She is recovering nicely.

MILLS CO. H-D AGENT TELLS HOW TO GROW TOMATOES IN COUNTY

By FRANCES BRAMMER Mills County H-D Agent

Tomatoes of highest quality can be produced only through a system of careful growing. Of first importance is the choice of varieties which are adapted to local growing conditions: The Earline, Marglobe, and the June Pink Varieties grow best in this locality. The Porter variety will set fruit under hot, dry weather conditions when other varieties fail. This tomato produces rather small fruit, but because of its continued production throughout the entire summer, it should be given consideration by Mills County gardeners.

Whether to stake and prune—that is the question. Staked and pruned tomatoes produce earlier and larger fruits. Where plants are not staked and pruned, the fruit is smaller and later, but larger in total yield. Where pruning is done, the suckers should be removed about once each week until three or four clusters of fruits have set on the main stem of the plant. The top of the plant is then pinched off, leaving two or three pairs of leaves above the top cluster of fruit.

Frequent shallow cultivations and hoeings are important during the early growing season to check the growth of weeds. If cultivation is continued until the tomatoes are ready for harvest, a late crop of field peas may be planted on the same land without much additional preparation of the soil.

Watch out for insects and diseases attacking leaves and fruit. Tomato fruit worms sometimes cause serious injury to early tomatoes. Spray the plants at the first appearance of this pest with 2 pounds arsenate of lead to 50 gallons of water, or dust with one part of lead arsenate to three parts of hydrated lime at seven-day intervals. To control "nailhead rust" (bacterial canker) spray with bordeaux mixture. Both insects and diseases may be controlled by mixing spray materials together and applying at the same time, using 2 pounds of lead arsenate or calcium arsenate, 8 pounds powdered bordeaux to 50 gallons of water. This spray may be applied when tomato fruit worms

MILK TOPS LIST OF FOODS FOR DAILY DIET

By FRANCES BRAMMER

Milk tops the list of foods needed for a good daily diet as they are given in the Texas Food Standard. That is Texas' guide to sound nutrition in war-time or peace-time. Every young person needs a quart a day and many older people need that much. Adults should have at least a pint a day to keep fit. For people who do not like their milk "straight," here are some suggestions for milk beverages. They are good at meal time or as mid-afternoon or mid-morning "pick-ups."

CHOCOLATE MILK 1 cup milk, 1 T. chocolate syrup. Mix or shake thoroughly or beat with egg beater until frothy. Serve very cold or hot.

CHOCOLATE SYRUP (Large quantity) 1-2 c cocoa or 2 squares chocolate, 2-3 cup sugar, 1 cup hot water, 1-4 t. salt. Mix cocoa, sugar and salt. Add hot water and stir. Simmer about 10 minutes. Cool. Store in glass jar in cool place. Use as desired for hot or cold chocolate.

WHEY PUNCH 5 cups whey, 1 cup sugar, 1 cup shredded pineapple, 2 lemons. Boil the sugar and 1 cup whey together for five minutes. Cool the mixture and add the remaining whey, the juice of the lemons and the shredded pineapple. Serve the punch with cracked ice or very cold. Mint may be added. Any fruit juice or fruit may be used instead of the pineapple.

HONEY MILK For each person use 1 T. honey to 1 cup milk. Mix or shake thoroughly. Add 2 T. orange juice or a small amount of lemon juice. Serve very cold.

I have just received a quantity of Corborated Creosote Base. Base wood preserver and disinfectant. Guarantee to kill blue bugs, lice and all insects.—W. T. Keese Feed Store.

Air-Maid Nylon Hose.—Hudson Bros. first appear or when diseases appear on the foliage. This is usually about the time that the tomatoes in the first clusters are about one-half inch in diameter. A second application of spray should be given a few days later. (7 to 10 days).

By CLEMENTINE WILMETH BRILEY

Our program for Sunday is as follows: Sunday School at 11 o'clock, preaching at 12, war time dinner on the ground, Easter egg hunt at 2.30, preaching at 3:00 o'clock. We want everybody to come.

Mrs. Nellie Malone, who has been with her daughter, Mrs. J. E. Bean, at Van Horn since the latter part of last summer, returned home Saturday. She spent the past week with her sister, Mrs. Clara Miller, at San Angelo. Mrs. Malone says she is here for the duration.

We were happy to have Grand mother Ivy with us for church once again Sunday. For the past two years she has been living in Brownwood. She is visiting in the home of her son, Frank Crowder. Grandmother Ivy is one of the few remaining pioneers of this community, having moved here in 1889. She will be remembered in the hearts of those who knew her here as one of the kindest and best nurses that ever presided over a sick room. She will be 83 this April. Mrs. Luke Russell underwent an appendicitis operation at Brownwood last week. She is reported doing nicely.

Mr. and Mrs. Dale Reid and children went to Bangs Sunday to visit her cousin and husband, Mr. and Mrs. Robert Andrews, who have moved there recently from Gilmer.

Mr. and Mrs. Cecil Egger and Ynelle went to Brownwood Sunday to visit her mother, Mrs. Henry Smith.

Miss Dolly Reynolds reports that her patient, Mrs. Bob Egger is doing fine. She is able to go to the table and eats fairly well. Miss Dolly says she would sit up all day if she would let her, but she doesn't want her to exert her self too much.

Grace Briley of the Zephyr school spent the week end with her parents, Mr. and Mrs. J. R. Briley.

Mrs. P. R. Reid is nursing a crippled knee which she received from a fall last week.

Miss Earlene Day, who is teaching in the Blanket school, has received a civil service appointment and has gone to Washington, D. C.

Rock work is just completed on Mr. and Mrs. Edward Egger's new home, and it is a house to be proud of, not only by the owners, but also by the commu-

Lucy Gale Wilmeth of Brooksmith returned home Tuesday after spending a week with her grandparents, Mr. and Mrs. J. R. Wilmeth. Cecil Egger went to Marlin Thursday in company with other members of his family to be present when his uncle, Ben Egger of Regency, underwent a serious operation. Ben is reported to be doing fine. Miss Brammer held a pressure cooker clinic at the home of Mrs. Perry Day Thursday. Mrs. Thebert Jones, Mrs. Wallace Perkins Mrs. Billie McNurien and Mrs. Alvin Ketchum availed themselves of the opportunity to have their cookers tested. Miss Brammer says others who did not get to come will have another chance. Friends invaded the Briley home Sunday after church making the day very enjoyable. Mr. and Mrs. Stanley Reeves and Mrs. Edna Dwyer were guests for dinner. In the afternoon Mr. and Mrs. Gene Barnes of Brownwood and Miss Rebecca Mathis of the Zephyr school came out to enjoy the country. At the request of those present, Mrs. Nellie Malone also joined the circle of friends in the afternoon. Remember, Saturday is trustee election.

Order Numbers Placed On 435 Registrants Here

Complete List Is Now Posted At Service Office

Clerk Omar Shaw of the Mills County Selective Service Board Tuesday received the Master Drawing List from Washington and has placed order numbers beside the serial numbers on the cards of the 435 Mills County men between the ages of 20 and 45 who registered for possible military service on Feb. 16. The complete list of order numbers is now posted at the Board's office.

Selective Service Headquarters in Washington announced yesterday that many questionnaires would be sent out at once and immediate classification would be given to the men who registered on Feb. 16 in the Third Registration, and that some probably would be inducted into military service to fill the May and June quotas. Several million men registered then.

In Mills County, D. Greathouse received Order No. 1, and will be the first man up. The first six order numbers and names follow:

Order No. 10,001, Serial No. T-176, D. Greathouse, address: Goldthwaite.

Order No. 10,002, T-359, James Tillman Morris, Goldthwaite.

Order No. 10,003, T-129, Clifford S. Dellis, Goldthwaite.

Order No. 10,004, T-244, Noah Charles Karnes, Goldthwaite.

Order No. 10,005, T-131, William D. Leverett, Goldthwaite.

Order No. 10,006, T-345, Barney Brankley Hines, Caradan.

The Eagle gives below a part of the order numbers, serial numbers and names of the 435 Mills County registrants. This list will be completed next week. The "ten thousand" placed before the order numbers is there to distinguish them from all other or lower registrants in the two previous registrations. The "T" before the serial number means that these men were in the Third Registration.

One hundred and 44 of the 435 names appear below:

WHY INVESTIGATIONS ARE NECESSARY FOR OLD-AGE ASSISTANCE

When a citizen applies for public assistance—which in Texas includes Old Age Assistance, Aid to the Needy Blind, and Aid to Dependent Children—the State Department of Public Welfare is then required by law to investigate his eligibility and determine the amount of his entitlement. Many wonder "Why does the law require investigations?"

The federal government puts condition that the state set up certain qualifications for eligibility. Within the framework of these federal requirements, the state defines who is eligible to receive assistance. Sound public policy requires that the government not only secure the facts which support or disprove eligibility but that these facts be placed on record. Then field workers may change without endangering the aid being given. Federal eligibility has been established and state auditors can verify by inspection of the records that and public funds are being paid out in accordance with the law.

Actually the investigation is simply a study of the needs, resources, and other information about the person applying for assistance. Many people have a mistaken idea that an investigation is an unnecessary inquiry into an applicant's personal affairs. The public welfare department has no commission to probe into any facts not directly related to establishing eligibility and determining the amount needed for the purchase of the necessities. Investigations are confined strictly to the purpose of finding out, first, whether an applicant meets the law's requirements and, second, the extent of his need.

Although the securing of such information may appear simple, often it is extremely difficult. Birth or other records may have become lost or destroyed. No aged person born in Texas has an original birth certificate as the state kept no records in those days. Often it is necessary for the welfare office to check county records of marriage, church baptismal records, Bible records, lodge records, or to procure certificates of age records made by insurance companies, the census bureau, or have official records of other states transcribed. The same type of difficulty may be experienced in verifying other necessary information. In assembling data, a welfare office makes full use of the various facilities which exist in the town. For example, much valuable aid is secured from other welfare agencies, doctors, official records of the city and county, and references.

In an investigation, the first source of information is the person who is asking for help. He is in possession of the greatest amount of information about himself and the local welfare office does not get in touch with any persons or agencies until after full information has been obtained from the applicant.

Miss Grace Smith of Lampasas spent Sunday with her sister, Miss Louise Smith. J. C. Mullan, who is sick at his home, is reported to be a little better.

Mr. and Mrs. Earl Tullos and children visited his mother and father Monday.

Rev. Lancaster of San Saba will fill his place at our church Sunday, April 5. We extend a hearty welcome to all.

SOUTH BENNETT

Mrs. Morgan Stacy, who moved to Killeen a few weeks ago, spent last week end with her family here. She returned to Killeen Sunday.

Mr. and Mrs. Burthel Roberts and daughter, Shorty Horton and wife and Mr. and Mrs. Ike Welch enjoyed ice cream in the Monk Welch home one night last week.

Biondie Stacy visited in the Burthel Roberts home Thursday afternoon.

Miss Ruth Turbville is visiting friends at Bastrop.

We extend sympathy to the Walter Bayley family, also to the Curtis family, in the death of their loved ones.

Mr. and Mrs. Ike Welch and Mr. and Mrs. Shorty Horton visited in the Doc Laughlin home last Wednesday night.

Bina Beth, Sybil and Billie Jean Casbeer spent Saturday night and Sunday with their grandparents at town.

Monday's Brownwood Bulletin carried the marriage license of Weldon Chambers of Crosscut and Miss Aline Sumner. Weldon is a son of W. H. G. Chambers of this city.

PLEASANT GROVE

Hearts of the entire community were saddened when word was received of the death of Walter A. Bayley at his home in town. Sympathy is extended to each member of his family.

Quarterly conference of this circuit was held at the church Sunday afternoon. All the churches were represented.

Miss Martha Wilkey spent part of last week with her aunt in Austin.

Misses Edna and Viola Collier visited relatives during the week-end.

Miss Mary Lou Robbins of Grand Prairie visited in the L. B. Covington home during the week-end.

Playnight was enjoyed by a large crowd Friday night.

Mr. W. A. Berry has been sick, but is reported better.

W. F. Virden and son made a trip to Abilene Friday to take his father for a visit with his daughter and family.

LIVE OAK

We are hoping April will bring us more favorable weather than March, since it has been a very blustery, dry month.

Charles Featherston visited his friend, Charles Kerby Gerold, Tuesday night.

Mrs. Deward Reynolds and John Brown are on the sick list this week.

Grandmother Ballard spent the latter part of last week with Mr. and Mrs. Will Fox.

Mrs. C. G. Featherston and Mrs. I. Z. Woodard and children spent Monday with Mrs. Tolbert Patterson at Moline.

Mr. and Mrs. Ed Randles and Mr. and Mrs. Roy Simpson were San Saba visitors Sunday afternoon.

Mr. and Mrs. Henry Harkey and Miss Morine Brown of Fort Worth were week-end visitors with their parents.

Mr. and Mrs. Charley Featherston and Mr. and Mrs. Will Fox are enjoying their new Electrolux refrigerators.

Mullin News

Mrs. J. J. Canady received news of the death of J. C. Canady at Ballinger Saturday. Rites were held at Georgetown Sunday. He was the late J. J. Canady's only brother.

Evul Clendenen and family and Mr. and Mrs. Wayne Clendenen of Dallas were week-end visitors in the home of Mr. and Mrs. T. J. Clendenen.

Mr. and Mrs. O. E. Rice, Mr. and Mrs. Willard Mosier, Mmes. Raymond Black and Dew Shelton and baby went to Abilene Sunday and visited Sherman Beshears at Camp Berkeley. Sherman is enjoying army life.

Mrs. Frank Wood and her daughter, Helen Wood, and soldier friend, also Grandmother Wood of Brownwood visited Mr. and Mrs. John Starnes Sunday.

Mills County has a new quota of 1,400 garments to be made. Mullin has been slow in getting started. We must do our part, and a few days devoted to sewing is so little in comparison to those in other services.

Monday's Brownwood Bulletin carried the marriage license of Weldon Chambers of Crosscut and Miss Aline Sumner. Weldon is a son of W. H. G. Chambers of this city.

Mrs. Bus Warren and Miss Jewell Carlisle were visiting in Brownwood Tuesday.

Barney Keating and family and W. S. Lowe and family spent the week-end in San Saba.

Abuse Of Free Speech May Cripple War Effort

By GEORGE C. HESTER

The American people are aroused today over certain phases of the war effort. They have a right to be. This is an "all-out" war and national preservation is at stake. Anything that hampers or obstructs the war effort deserves the stinging rebuke of public opinion. This applies to the boon-doggling projects as well as to selfish policies of either capital or labor. It applies to the activities of each and every citizen.

That such a condition exists is known to every intelligent citizen. That public opinion is in revolt is one of the most wholesome signs of the hour. The waves of popular protests are like clearing breezes blowing across the land.

Old-line politicians who for years have thought of government as a matter of backstage tradeouts, clever political footwork, and pied-piper politics, are underestimating the force and ferocity of the rising storm. Political playboys who have basked in the reflected glow of pork-barrel politics little realize that the very earth is moving under their feet.

Pet fancies have no place in the war effort. This war is no glorified WPA. Those who indulge in such illusions and frivolities seem still to be engulfed in an incredible fog.

Common-sense Americans, in voicing their protests today, are not trying to hamper the war effort. They merely want the political desks cleared for action. They want the boon-doggling schemes discarded that are sapping the strength of the war effort in manpower, time, and money. They are serious, terribly serious, about this.

All such popular movements, however, have their dangerous side. For this reason, it is most unfortunate that such demonstrations are necessary at this time. It is tragic, indeed, that chances exist such as to give rise to such movements.

Unhappily, such movements will be interpreted in other ways as signs of divisions, rivalries, and weakness. Their leaders will take advantage of the popular temper to try to sow the seeds of suspicions, distrusts, and defeatism among us.

Against these things, the common-sense Americans must be on guard. There is a definite difference in wholesome democratic uprisings and the subtle subversive influences that seek to undermine the war effort. Watch these subversive activities. Condemn them mercilessly. They are pouring forth from nearly a hundred publications being distributed in America today. They are unquestionably taking advantage of our confusion and disorientations in order to do the work of the enemy within.

By carefully analyzing the contents of such propaganda, you will know its origin. Watch and condemn any propaganda:

(1) That poisons American thought with race hatred and racial animosity. This type of Nazi propaganda invariably denounces the Jews, the British, or the Russians with any and all sorts of accusations;

(2) That insinuates that the whole war is the result of a British plot in which England is using America to save herself and her dominions. Their aim is to divide America and England;

(3) That the International Bankers brought about the war by trying to save their investments abroad. This aim is to destroy our morale and undermine our faith in the basic fundamentals at stake;

(4) That criticizes President Roosevelt personally. This is to discredit our own leadership by implying that we are being misled. Note that such propagandists always leave Hitler, Mussolini, and the Jap leaders uncriticized;

(5) That Russia and America have nothing in common, and that Hitler is seeking to save all of us from Communism. This is most important since Russia today stands between Hitler's conquest of both Europe and Asia. The argument seeks to divert our aid from Russia and create dissension between the two countries in their war aims;

(6) That we can't win the war, and therefore ought to permit Japan and Germany to hold what they have and call it quits. This, of course, is obviously absurd, as has been proven time and again in trying to pacify international gangsters who are bent on taking the entire world if they can get it.

These all belong to the Nazi pattern of propaganda. They are coming over the short waves in an endless stream. They have been most effective instruments in the softening up process which Hitler and the Arch-liars of the Nazi Regime have used on other countries. Intelligent Americans should not be deceived by such blundering falsehoods. They are not aimed at helping us win the war, but are turning every stone to weaken our efforts in order to pave the way of victory for the war lords of Germany and Japan.

ARLINGTON CANTONMENT MERGED INTO FORT MYER

The name "Arlington Cantonment" has been discontinued, and that military post has been incorporated into the post of Fort Myer, Virginia, the War Department has announced.

The cantonment, located just west of the Potomac River from the nation's capital, was established as a subpost of Fort Myer April, 1939, when the 3rd Battalion, 12th Infantry, moved

there from historic Fort Washington, Maryland.

Recently a Military Police battalion has been quartered at the cantonment, and a Military Police School was established there.

Fort Myer continues as a non-exempt station under the control of the Commanding General of the Third Corps Area, which has headquarters at Baltimore, Maryland.

— For Victory: Buy Bonds —

I MAY BE WRONG, BUT—

State Senator John Lee Smith, Throckmorton, makes a strong case in favor of doing away with the 40-hour week and overtime pay for workmen in defense factories. His splendid article appeared in the Star-Telegram issue of March 24. Were I president, I would appoint Mr. Smith secretary of labor to fill the vacancy held by Francis Perkins for the last nine years. The Star-Telegram has carried some strong editorials on the labor issues lately.

And Speaker Sam Rayburn, our Texas hero in Washington since John Garner left the capitol, criticizes citizens for sending petitions and letters to congressmen expressing disapproval of their vote on the 40-hour week. Only 22 votes for it. No wonder they thought they would need pensions. Mr. Rayburn, what has become of the constitutional right to petition congress. Citizens sending in these protests are the most loyal in the country and are supporting the war 100 per cent. They feel humiliated that CIO is running the defense production. We thought we elected FDR for that. And, Sam, you are mentioned for a candidate for president. Now tell us if you were to be elected would you favor labor against all other groups? Would you let organized labor run the defense production? Would you keep a dud in the Labor Department or an explosive in the Interior Department?

And Congress. Only 22 votes in favor of regulating working hours and pay for overtime. They say, Let labor do it voluntarily. Why not crack down on labor like they do on railroads, farmers and consumers and everyone else? People are weary of favoritism in government and will keep right on letting Congress know how they feel while they are nursing their wrath till the next congressional elections. What the country needs is 400 new faces in Congress next year.

And the President. Well, I regard him a world statesman, but he and Winston left one freedom out of their Atlantic Charter. That is Freedom to work. The President talks bravely of Hit and Muss; he says MUST to railroads, farmers, merchants and consumers, but he says please to CIO. But he doesn't have the intestines to stand up against John L. Lewis. (O tempora, O mores, O hades). SAPP HEAD.

Army Addenda

WAR DEPT. TO SUPPORT ARMY DAY OBSERVANCE

Observance of Army Day, April 6, 1942, will receive the cordial support of the Army, consistent with uninterrupted continuance of the training program, the War Department announced this week. The Army Day celebration, marking the 25th anniversary of the entrance of the United States into the World War, is sponsored by the Military Order of the World War and is conducted under civilian auspices. Commanders of all Army units have been directed to co-operate with civilian committees and patriotic organizations to help insure the success of various local celebrations of Army Day, without interrupting the training program now in effect.

ARMY MODIFIES HARDWARE TO SPEED PROCUREMENT

Seeking to speed procurement of the hundreds of different items of hardware required by the Army, the Quartermaster Corps is now using stamped and wire framed hardware instead of the molded type used for many items, according to the War Department. The Quartermaster Corps is also procuring much of the needed material itself and furnishing this to contractors for use in the manufacture of Army supplies and equipment where the contractor experiences difficulties in obtaining materials because of priorities. The Army requires some 400 different items of hardware.

Food is a whole arsenal of weapons in this struggle for human freedom. Secretary of Agriculture Wickard.

Short Lessons In FIRST AID

By Dr. L. M. THOMPSON
Red Cross First Aid Director
10.—IT PAYS TO GET WISE

First Aid training is not a substitute for accident and life insurance, but it saves the accident and life insurance companies a lot of money, not to mention its prevention of suffering and death.

That is not only because First Aid is a vital factor in limiting the extent of injuries and resultant loss of life, but because the First Aid trained individual is himself less liable to accidental injury.

Red Cross First Aid courses stress phases of accident prevention and acquaint the individual with the circumstances in which accidents are most likely to happen. They also point unambiguously toward a full realization of the accident menace; which is to say that the First-Aider, to a much greater degree than the average layman, becomes accident-conscious and is thereby more fully armed. To coin a phrase: Samaritans are safer.

The remarkable growth of interest in First Aid is reflected in the rapidly increasing popularity of the Red Cross First Aid courses. Of the 3,037,643 persons whom the Red Cross has trained and certified as First-Aiders since 1910, the first million were certified over a period of 25 years, the second and third million during the past three years. And the limits of the demand for these courses, fortunately, is nowhere in sight.

These First Aid courses, which are conducted by Red Cross Chapters in virtually every community, are available at little or no cost to the individual. They include:

1—The Junior Course, for boys and girls from 12 to 16 years of age; minimum time requirement, 15 hours.

2—The Standard Course, for persons 17 years of age or over; minimum time requirement, 20 hours.

3—The Advanced Course, for those who have completed the Standard course; minimum time requirement, 10 hours.

4—The Instructor Course, for the training of laymen—who have completed the Standard and Advanced courses—as instructors in First Aid; time requirements, 15 hours.

For members of Civil Defense units these additional courses are available:

5—The Standard Course for Civilian Defense, for persons 17 years or over; minimum time requirement, 20 hours.

6—Advanced Course for Civilian Defense, for those who have completed the Standard Course or the Standard Course for Civilian Defense; minimum time requirement, 10 hours. (Certain individuals who have first aid

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

(From Eagle files of April 7, 1917)

The water works system will be installed as soon as possible, but much delay has been occasioned by the failure of the railroads to deliver piping and other material which has been on the road a long time. As soon as this material is received, active operations will be begun in laying mains and preparing the system for service as soon as the railroad company can secure water from the big lake and allow the city to use the wells at this place.

The resolution declaring that a state of war exists between the United States and Germany already passed the Senate, passed the House shortly after 3 o'clock this morning by a vote of 373 to 50. President Wilson will sign the resolution as soon as Vice-President Marshall has attached his signature in the Senate.

Mr. and Mrs. W. E. Miller will give an informal reception at their home this afternoon, Saturday, from 3 to 5 o'clock, complimentary to the new Baptist pastor and wife, Rev. and Mrs. W. R. White.

Harry Allen and Miss Edna Lowrie were married in the Methodist Church Tuesday evening at 8:30 o'clock, Rev. J. T. Morris officiating.

Wm. Biddle of Center City was a pleasant visitor at this office yesterday.

Webb Hill and J. C. Witty were two of the prominent men of Star who had business in this city yesterday.

In the city election Tuesday, C. M. Burch and Luther Rudd were elected Aldermen to fill the places of Neal Dickerson and J. E. Greathouse, whose terms had expired.

Mrs. W. A. L. Graves and daughter, Miss Brownie, went to Brownwood the first of the week. Mrs. Kelly Saylor accompanied them.

Any adult, of at least 20 years of age, who has completed the Instructor Course, or any physician of good professional standing, is eligible to teach the Junior, Standard or Advanced courses. Only those specially trained and authorized by the Red Cross are permitted to train lay instructors.

The Red Cross First Aid Textbook, Revised, is the basis of study in all courses. It may be secured through the local Chapter, the National Headquarters, or one of the three Area Offices, at a cost of 60 cents. (End of the series)

Goldthwaite Girl Is Attending School For Radio Training

A. W. Stewart, superintendent of the NYA Radio School project at Blinn College, reports that he has placed five more girls in the Signal Corps at Duncan Field, San Antonio, recently, making a total of six boys and 14 girls who have been given government positions at good salaries after completing the radio training course at the college. Reports from San Antonio state that students from the Brenham school are making exceptionally good records.

Stewart made a visit to Duncan Field this week in the interest of the school and says there are splendid opportunities for boys and girls interested in training for radio work.

Those who recently left the local school for positions in San Antonio include Dorothy Little of Lufkin, Gene Davis of Nacogdoches, Eloise Watson of Lexington, Cleda Geeslin of Goldthwaite, and Faye Bradford of Temple, all of whom have been located at the NYA resident center at Blinn.

Miss Cleda Geeslin of Goldthwaite made the highest grade on her entrance examination into Duncan Field out of the 20 that this school has sent to war jobs.

Stewart, a former Brownwood radio engineer, is well known here, having handled public address systems at the fair, and is instructor in radio theory at Blinn College and speaks very highly of Miss Geeslin's record.

Pleasant Grove H-D Club Meeting

The Pleasant Grove Home Demonstration Club met at the community school house March 24.

The program dealt with some of the most common diseases of poultry, with special regard to the symptoms and treatment of the following diseases: rouse, coccidiosis, pullarum, range paralysis and worms. In giving the roll call, each member stated her most troublesome poultry disease. Members exchanged facts about poultry diseases and remedies that they had observed and learned in their personal experiences of poultry raising.

Mrs. Minnie Crawford had a well-planned recreation period which added much to the enjoyment of the program.

Mrs. C. N. Berry announced that there would be Red Cross sewing at the school house Wednesday, April 1. She asked as many to come as possible and bring their machines prepared to spend the day.

Members present were: Mmes. J. E. Benningfield, C. N. Berry, O. Z. Berry, R. C. Berry, Minnie Crawford, L. O. Kelly, W. T. Moreland, George Shady, Walker Wigley, and David Watters. The club was pleased to have Mrs. Vernon Kelly as a new member.

The next meeting will be at the school house Tuesday, April 14, at 2:30.

Attend Annual Miller Celebration

Mr. and Mrs. W. E. Miller returned last week from Dallas. During their recent absence from Goldthwaite they attended the annual Miller celebration in Collinsville as special guests of Honor. Rev. H. B. Prather of Dallas preached the morning sermon. Dr. J. A. Ellis of Sherman delivered the principal address in the afternoon. Mrs. J. W. Skinner, poet laureate of Texas, entertained with original poems. Mr. Miller concluded with a happy response.

Harriet Allen, Co-ed, Enrolls As Engineer

(Austin Daily Texan)
Women, with constance and tenacity, are stepping into occupations and activities that, heretofore, were known only to the masculine sex. And now, mechanical engineering, a field that has been overwhelmingly masculine, is being invaded. A woman has enrolled in the Department of Engineering as an M. E. major.

She is Harriet Allen, 19-year-old sophomore from Goldthwaite. H. E. Degler, professor of mechanical engineering, says that, to his knowledge, she is the only woman mechanical engineering major to enroll in the twelve years he has been teaching at the University, and adds that it is not likely that one was enrolled before that time.

Miss Allen changed her major to mechanical engineering this semester. She did so, she said, because she "always did like drafting." At present she is only studying drawing, but intends to get into a real study of mechanical engineering this summer. After that she hopes to get a job as a drafts(w)man for a while, and return to school later. There are numerous calls for draftsmen coming into Dean Woolrich's office from both private and governmental agencies. Miss Allen hopes to answer one of these calls this summer or next fall.

After working as a drafts(w)man for a year or so, she plans to return to the University and take her degree in mechanical engineering. Then, she hopes to get a job in machine designing. "That is really what I want to do," said Miss Allen.

Yes, the women are getting into everything. Now they are operating machinery, soon they will be designing it—and Harriet Allen from the University of Texas will be one of the pioneers, if she has her way.

MILLS COUNTY H-D COUNCIL TO MEET SATURDAY

The Mills County Home Demonstration Council will meet Saturday, April 4, at two o'clock p. m. in the county home demonstration agent's office. Mrs. Erie D. Roberson will continue her drill on parliamentary procedure. Important plans for food conservation will be discussed. Please be present. Visitors are always welcome.

A Tribute To Mr. And Mrs. L. L. Hays

By W. P. WEAVER
The army and navy awards medals for heroic deeds while outstanding service in civil life is lauded from platform and in press, and it is commendable for Mills County Baptists to honor Brother and Sister L. L. Hays at the First Baptist Church Goldthwaite, April 3. On the program will appear G. W. Jackson, himself deserving much honor, together with Jim and Lawrence Hays, sons of the venerable couple.

Brother Hays is among the last of the pioneer Baptist preachers whose service extends back to more than forty years. In the early days, preaching was neither a vocation nor a profession; it was a calling. These pioneer preachers sacrificed their time and their means for their calling.

Brother Hays sacrificed. Taking a horse from the plow and leaving Sister Hays to hold the home front, he would ride across the country on Saturday morning to preach to the scattered churches, often returning Sunday night after services or on Monday morning. He served as pastor for the churches, held revivals, organized churches, performed marriage ceremonies, held funerals, comforted the bereaved, and relieved the distressed.

Not long ago I visited them in their home at Trigger Mountain and came away with the best lesson I ever had on How to Grow Old Sweetly. Sister Hays propelled herself about the rooms in a wheel chair performing the household duties and preparing a sumptuous dinner (Brother Hays pinch-hitting). In spite of her infirmities she was cheerful and uncomplaining. She has an unflinching faith in the providence of God and is reconciled to His way. Brother Hays is interested in his ranch affairs, the livestock, chickens, garden and orchard. Though they have devoted their lives to service they have been diligent with their affairs and have their own social society.

They are still active in their home church and community affairs. Mills County Baptists and the Trigger Mountain church and community will never know how much Brother and Sister Hays have meant to them.

Together they face the golden sunset of life. They have fought a good fight, they have kept the faith, and when they have finished their course will receive a crown laid up for all who love His appearing.

CHRIST AND LIFE AFTER DEATH (EASTER)

LESSON TEXT—Mark 12:24-27; I Corinthians 15:50-58.
GOLDEN TEXT—But thanks be to God, which giveth us the victory through our Lord Jesus Christ.—I Corinthians 15:57.

V for Victory! By that sign have many peoples indicated their confidence in a victory to come. It is well to have a victorious outlook, but it is even better to be able to look back to victory already attained. That is just what we are able to do as we consider man's great and final enemy—death. That victory has been won on behalf of all who believe, by the risen Christ of whom we think in a special way on this Easter day.

He is the Lord of the living, not of the dead; those who, even though they may have left this world, have only laid aside the corruptible body for the incorruptible. They are victorious, even as we are, over death.

I. Living, Not Dead (Mark 12:24-27).

The Sadducees, a rationalistic sect of Christ's day, denied the resurrection, and so they were much distressed by His plain teaching of that truth. They therefore devised an intricate hypothetical case (see Mark 12:18-23) and sought to set a trap for Him. But they only caught themselves, for He pointed out to them, and to the people that what was wrong with them was that they did not understand the Scriptures nor the power of God.

That is precisely what is wrong with the modernists of our day—they misinterpret God's Word, and they deny His power.

Then Jesus turned to them and in place of their fantastic "supposing" story He spoke of three real characters from the books of Moses which they had long been in their graves, yet still alive, because of their fellowship with His people is not merely for the brief life span of this earth, but for eternity. That fact, of course, carries with it the truth of the resurrection.

II. Incorruptible, Not Corruptible (I Cor. 15:50-54).

Man knows that his earthly body is marked for decay and death. That fact is written in its very members. He also knows that such a body would be entirely inappropriate for heaven—for eternity. Is he then barred from God's eternal kingdom? No, indeed, for there is to be a glorious change—the corruptible shall put on incorruptibility.

Whether we shall tarry until Jesus comes and be transformed without dying, or whether we shall await His coming for a time among those who sleep, there will come that trumpet sound, and in the twinkling of an eye we shall be clothed upon with incorruptible bodies like unto His glorious resurrection body (Phil. 3:21). There we have an assurance of victory already won on our behalf, which can and does strengthen our souls against the trials and sorrows of life.

III. Victorious, Not Defeated (I Cor. 15:55-58).

When Satan after a long struggle finally had Christ's body laid away in the tomb, he thought he had the victory, but just then came his great hour of defeat.

"Up from the grave He arose,
With a mighty triumph o'er His foes."

"Death could not hold its prey,
For it sought to hold one stronger than itself—the Lord of Life Himself. He had broken the bonds of sin by His sacrifice on Calvary; and since it was sin (the violation of the law) which brought death in the first place (Gen. 2:17; 3:17-19), there was now a complete victory over both sin and death.

The one who knows Christ need no longer fear death. For him it is not a leap into the dark, or going as a trembling wayfarer into an unknown land. President John Quincy Adams was right when, aged and frail, he replied to a question as to his welfare: "Quite well, thank you. The house in which I live is tottering and trembling, and I may soon have to move out, but I am quite well." He was ready for the departure into a better land and a better body.

Such a hope has a splendid practical application, which Paul stresses in verse 58. With victorious assurance the believer stands steadfast and unmoving at the center of life, while always abounding in the joys and duties which come at its circumference. Like the wheel which can be useful only as its center is established and steady, so man can serve the Lord and enjoy a satisfying life only as he has the steadfastness of which Paul here speaks.

We trust that it is your possession by faith in Christ. If not, make it so on this resurrection Sunday!

San Saba

The zone construction quartermaster of the Eighth Corps at Fort Sam Houston has been notified by County Judge J. B. Harrell that the San Saba County Commissioners Court has agreed to a request by army officials to close all roads into the vicinity of Regency to the north and west for a distance in this county. The movement is to expand Camp Bowie training area through the purchase of land there, provided suitable roads are arranged for those whose lands are not purchased in that section. According to Judge Harrell, the maneuvers territory would lie to the west of the recently improved San Saba-Brownwood road, beginning at Regency on the Colorado and extending two miles south, and then extending about seven miles to the west around the Locker section.

News of Llano County's first casualty of the war came Thursday, when Shirley Williams of Llano was notified of the death of his nephew, Roger Barnett, of Kingsland, Llano County, who was a fireman on the cruiser Houston.—News.

Mrs. D. E. Werner, 60, mother of Mrs. M. L. Lowry, of this city, died Monday morning, March 23, at 2 o'clock, at her home in Comanche.

Driving at a terrific rate of speed a car carrying several pints of liquor struck a car driven by S. R. Adams Wednesday night about 9:45, slightly injuring all parties in the automobiles.

T. B. Harwell, 69, passed away at the family home on First Street Wednesday, March 25, at 5:30 a. m. He was stricken with paralysis in December, 1936, and had been confined to his home practically all the time since then.—Record.

Hamilton

Mr. and Mrs. Doyle Manning, daughter, Miss Fay Manning, and sons, Billy Floyd and M. D. Manning, Jr., and wife were in Comanche Wednesday afternoon to attend funeral services for Mrs. C. M. Albin, wife of a prominent ranchman, who died Tuesday from burns suffered at her home Monday when a mixture she was using to spray a chicken brooder house became ignited.

Down 600 feet on the oil test spudded in last week on the Grady Anderson farm three and one-half miles southwest of Fairy, drillers of the B. K. D. Oil Company were forced to shut down Wednesday night, possibly for a period of several days, to return to Dallas to secure an under reamer to be used on a fishing job.

Funeral services were held at the residence at 5:30 o'clock Saturday afternoon for Dr. Charles Curtis Baker, Sr., life-long resident of Hamilton County, and dentist here for the past 48 years, who passed away at his home at 2 a. m. Saturday after a several weeks' illness following a heart attack.

The State of Texas vs. Margaret Gray murder trial, originally set for April 6, has been scheduled for April 13, the postponement being made because of the inability of several of the attorneys to be present.—Herald-Record.

WOMEN'S FEDERATION CLUBS SUED FOR \$879.95

Mrs. Margaret Carlisle of Houston seeks \$879.95 in a suit against the Texas Federation of Women's Clubs on file in 98th District Court Tuesday.

The sum is due her, Mrs. Carlisle asserted in the petition, as commission for advertising secured for the federation's monthly magazine, "Texas Federation News." Mrs. Carlisle, according to the petition, was business manager of the magazine from Nov. 1, 1938, to Oct. 31, 1940, and was to be given 33 1-3 per cent commission on advertising secured by her and her associates.

Announcement Tea

The suburban home of Mr.
 and Mrs. Wellie Saylor was the
 scene of a beautiful tea on Tues-
 day afternoon, the occasion be-
 ing the announcement of the
 engagement and approaching
 marriage of their daughter,
 Connie, to Parker Shaw, of Fort
 Worth and Bracy.

The living and dining rooms
 were made doubly attractive by
 a profusion of spring flowers
 which carried with it the charm
 and warmth of the setting out-
 side.

The guests were met at the
 door by Mrs. W. G. Saylor, host-
 ess, who directed them to the
 Bride's Book, presided over by
 Miss Myra Nell Johnson.

The center piece on the beau-
 tifully appointed table was a
 nest of three Easter eggs on
 which was written "Connie,
 Parker, April 18." Mrs. J. H.
 Saylor, seated at the head of the
 table, graciously poured tea
 while Mrs. Harold Yarborough
 passed tea dainties. Mrs. L. T.
 Saylor and Mrs. J. W. Weathers
 also helped with the service.

The guests then proceeded to
 the living room where they were
 greeted by the charming bride
 and her mother.

Amid informal conversation,
 many good wishes were extended
 to the honoree who has grown to
 womanhood here and num-
 bers her friends by her ac-
 quaintances.

Mrs. J. C. Sanderson visited
 her mother last Friday and took
 her children back to Abilene
 with her for the week-end.

TWO PROMINENT GOLDTHWAITE MEN DIED SUNDAY NIGHT

Joe Curtis, a director of the
 Trent State Bank and life-long
 citizen of Mills County, died at
 his home here last Sunday
 night.

Walter A. Bayley, a public ac-
 countant and good citizen, pass-
 ed away at his home in Gold-
 thwaite last Sunday night.

JOSEPH A. CURTIS

Joseph A. Curtis was born Nov.
 3, 1863, at Blue Hole on Simms
 Creek in Mills County. He lived
 in Mills County his entire life,
 and was never out of the state
 but once. He lived at his pres-
 ent home in Goldthwaite the
 last 26 years.

Mr. Curtis was married to
 Sarah Lovella Morris March 27,
 1887. To this union was born one
 son, Olen P. They lived on a
 farm the first three years of
 their married life. Then with
 borrowed money they bought 160
 acres of land and started ranch
 life. He has been a ranchman
 the entire 52 years, but re-
 tired from ranch work five years
 ago. He has been one of Mills
 County's most successful ranch-
 men.

On March 27, 1942 they cele-
 brated their 55th wedding anni-
 versary. During all these years
 of married life they were never
 separated more than 20 days at
 one time. He always had a kind
 word and cheerful smile for ev-
 ery one. There will be a vacant
 place in the home, church and
 the place he has occupied for so
 many years by the bank sitting
 in his car. He was always so
 jolly and liked to talk to his
 friends, so he was seldom ever
 sitting by himself. He came into
 the Church of Christ forty years
 ago and was always a loyal,
 faithful member.

W. A. BAYLEY

Walter A. Bayley was born in
 Johnson County July 6, 1877, and
 died at Goldthwaite March 29,
 1942, at the age of 64 years, 8
 months and 16 days.

He moved to Mills County in
 1881, and spent his early days in
 the Pleasant Grove Community.
 He moved to Goldthwaite 35
 years ago, united with the Meth-
 odist Church in early life and
 was Sunday School Secretary
 and Superintendent for some 30
 years. He was united in mar-
 riage to Miss May Bonner on Au-
 gust 16, 1900. To this union were
 born four children, Mrs. Lee
 Dyas of Goldthwaite, Mrs. Ruth
 Kirkland and Mrs. Gladys Tobin
 of Rock Springs, and Clyde E.
 Bayley of Del Rio, Texas. He
 also leaves a brother, Chas. E.
 Bayley of Goldthwaite, and five
 grandchildren, all of these re-
 maining to mourn his passing.

The SNAPSHOT GUILD

A rather unusual viewpoint makes this a very successful picture. For more interesting snapshots try some new viewpoints in your own picture-making.

JUST as there are only a few ma-
 jor points to the compass, so
 there are just a few principal angles
 from which we photographers can
 picture a subject.

We can point the camera up,
 down, or straight ahead.

We can take the picture from the
 front, from the side, or from the
 rear.

In one sense we may seem re-
 stricted, but in a greater sense the
 number of possible variations is
 infinite—and the skill with which
 we make the most of what we have
 to work with, is directly reflected
 in the quality and the interest of
 our pictures.

CEDAR KNOB

By MRS. ELMER SCOBY

Fire broke out in Louie Rhode's
 pasture Sunday afternoon.
 Several men from town came
 out to help fight the fire. It
 destroyed about 50 acres of
 grass and several cords of wood
 were destroyed before it was
 brought under control. People
 should be very careful how they
 toss out burning cigarettes or
 matches.

Mr. and Mrs. O. M. Connally
