CARADAN BOY GETS GERMAN PLANES IN TUNIS, NORTH AFRICA

CAPTAIN T. H. McARTHUR

Mr. and Mrs. Tom McArthur of Caradan, Mills County, parents of Captain T. H. McArthur, were much pleased to read in last Sunday's daily papers that their son had been credited with bringing down one or more German Messerschmitt-109's over Tunis airdrome in North Africa last Saturday. This was the first they had heard from their son several months.

Captain McArthur visited his relatives and friends at Caradan and Goldthwaite last year, when second lieutenant. He was piloting a P-38 last Saturday when he was credited with bringing down an unannounced number of German planes in dogfights over the Tunis airdrome in North Africa.

Last November 6, the Eagle published an article that Mr. and Mrs. Tom McArthur had just received word that First Lieutenant T. H. McArthur had just landed safely "somewhere in foreign service." They also received a telegram from their son. In a letter a few days later

WAAC ENROLLMENT DRIVE IN COUNTY

Mrs. John G. Berry has accepted temporarily the County Chairmanship for the W.A.A.C. Enrollment drive for this county, pending presenting the matter to the League, which she believes will take over soon.

The County Chairman will appoint city and community chairmen throughout the county, and these chairmen will provide information booths to be supplied with WAAC information and application blanks so that every interested and qualified woman in the county may get information and fill out applications if they wish.

One hundred and fifty thousand women are to be enrolled so as to release that many men now in service and trained and equipped for combat duty.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

they received a letter from young McArthur saying he had come over to Ireland by boat.

Captain McArthur has been in the U. S. Air Corps since February of 1941. He received his training in California, Oregon and Washington, and was attending Daniel Baker College in Brownwood at the time he enlisted in the Air Corps.

Congratulations to

GOVERNMENT BADLY NEEDS USED 12-GAUGE REPEATER SHOTGUNS

Fairman Company of Goldthwaite has received an urgent letter from the Browning Arms Company of St. Louis asking help in securing for the War Department immediately all the good used 12-gauge automatic, pump action repeaters, and double barrel shotguns possible.

Fairman Company asks owners in this section who are willing to sell their guns to the government to contact them at once. Guns needed are good used 12-gauge guns in shooting condition, double barrels, pump action repeaters, automatics.

Top prices for used guns are \$30 for double barrel, \$42.50 for repeaters and automatics. These guns are needed immediately.

The letter from the Browning Arms Company to Fairman Company says in part:

"You can fight the Japs and Nazis in more than one way.

"As you are probably aware, we have sold our entire stock of 12 and 16 gauge guns to the War Department for the purpose of training military personnel. Since that time we have offered the services of our entire organization to the War Department and they have asked that we procure for them all the good used 12 gauge automatic, pump action repeaters and double barrel shotguns possible. We have accepted this assignment from the government on a strictly non-profit basis.

These guns are to be used for guarding purposes and to train our soldiers and sailors in the art of wing shooting. An airplane is like a duck—you have to lead it to hit it and a great many of our boys are not duck hunters. It is impossible for manufacturers to supply new shotguns as fast as they are needed; therefore it is up to all of us to see to it that the training program of our Army and Navy is not slowed down because of the lack of equipment.

As far as we know, there will be no commercial ammunition available until after the war. This condition together with the gasoline situation, will make it necessary to lay away most shotguns for the duration. Let's all see that these guns are put to work. New guns will be available after the war, and this is one way of making sure we will always have a country where everyone can hunt and fish re-

FRUIT AND VEGETABLE RATIONING TO START OVER NATION MARCH 1

According to a newspaper dispatch from Washington this week, the OPA announced Tuesday that rationing of canned and frozen fruits and vegetables and dried fruits will start on March 1. Grocery store sales of these commodities will stop at midnight Saturday, Feb. 20, and will not be resumed until March 1.

This "freeze" was set by officials for the purpose of allowing grocers to stock up, to arrange and mark merchandise, and undertake other preparations for the complicated "point rationing" system.

Beginning February 22 and stretching over six days, the entire civilian population of the country will be registered in school houses and elsewhere for this new type of rationing, in a manner similar to the nationwide registration for sugar rationing.

At this registration, everyone who can show he has war ration book number one, the coupon sheet for sugar and coffee, will be entitled to receive war ration book number two, which will be used both for canned goods beginning March 1 and will also be used about a month later for meat rationing.

Before getting the new ration book, however, each family will have to declare how many cans the family had on hand on February 21. From this number will be subtracted five cans for each person in the family, and coupons from the new book will be torn out for any cans in excess of five per person.

McARTHUR OF CARADAN

If ever America needs a man—
There's Captain McArthur of Caradan.

Born at Thrifty, County of Brown,
From now on, brother, we know that town.
Once home of a lad with a freckled face,
And determination to get some place.
We thank you, Thrifty, and a thrifty clan,
For young McArthur moved to Caradan.

In Caradan's hills the south winds blow,
The north wind roars, there is rain and snow,
And a farmer lad does his tasks each day,
A shift of work and a shift of play.
"Now Tom, today we gather that corn,
And we won't let up till the last load's in."

School at Mt. Olive; "Hurry, here's your snack,
And you learn those lessons before you get back.
Don't fool around the trail where the fox went by,
And stop gazing at the wild geese, for you can't fly."
Mt. Olive to Brownwood, Daniel Baker hill.
Well, there's always a way, if you have a strong will.

War clouds fly, and men can fly too,
And a large war poster says, "I want you!"
"Here, I'm ready!! Let me try!
Hey, this Vultee sure goes high!"
So he took to the clouds, while we kept the ground,
But woe to a Messerschmitt if one is found.

Africa thunders, and men's rage roar.
Here Thrifty, here Caradan, here is war!
Send the Colonel to the Captain, "Get me a Messerschmitt today."

Said the Captain: "O. K., Colonel, whatever you say."
Look out, McArthur! Keep your speed and pet your gun.
There'll be a Luftwaffe wrecked, when your day is done!

Ah, there you are, Jerry, behind that cloud.
There may be one, and there may be a crowd,
But down you go, and down you go again!
You'll never strafe women and children again!
Well, ammunition is short and gasoline is low,
See you later, Hitler, I have to go."

Though dark clouds lower and dark nights fall,
Surely we, too, will heed our Country's call.
We'll walk, and eat corn-bread, and work overtime,
And put our all behind our forces sublime.
For bombs dropped in Berlin and Tokyo today,
Will keep us free from bombing in the good old U.S.A.

And our stalwart Nation shall never lack a man,
While we have them like McArthur of Caradan.

The Big Valley Home Demonstration Club met January 26 in the home of Mrs. Robert Long. Only four members and Miss Summers were present. REP. O. H. MOORE REPORTS FROM AUSTIN

The Legislature is now fully organized and ready to take up the work of considering bills and resolutions by committees. Many bills have been introduced and a few passed. However, most of such bills and resolutions were routine. No important measures have been reported out of committees for discussion.

Much of the time and interest of the House has been taken up with a contest. This contest is being held in an open hearing in the House. It comes from the 85th District where L. L. Bruhl ran without opposition in the primary, and was nominated. Then in the general election Harry Davis ran as a write-in candidate and was elected. Mr. Bruhl contests and says such an election was not legal. The law provides for such matters to be settled by the House. All evidence will be heard, the committee will make its recommendations, and the House will vote on who is seated as the Representative from the 85th District. This will be final, as no appeal can be taken from the action of the House.

I have been assigned to five important committees of the House. I am happy to accept this assignment, as I have no other interest here than work. The committees to which I was appointed are as follows: Education, Eleemosynary, Highways and Roads, Constitutional Amendments, Congressional and Legislative Redistricting.

These committees will have different hours of the day and night to meet and will consider and recommend such legislation as may be referred to them. It is incumbent upon a member of any committee to study the bills and make such comparisons and contrasts as are necessary. By a majority vote of the committee members, they decide what to recommend. All of this seems to put a good deal of power over legislation in the hands of the committees, and this is true. Whether good or bad, this is the way legislation is brought about in the Legislature of Texas as well as in the Congress of the United States.

The committee on Congressional and Legislative Redistricting is very important this year as the state will have to be re-districted at this time, since the law provides that this shall be done after each census. I would be glad to have the views of any of you who might be interested in this.

The committee on Education is always important. The Committee on Eleemosynary and Corrective Institutions has before it a report made by this committee appointed at the last session wherein many serious matters are complained of. The state is spending \$8,000,000 a year on eleemosynary institutions and should see to it that such work is carried on properly and with due regard for the state's property and in a business like and humane way. It is alleged that this has not been done.

I have helped to promote and am the co-author of a bill to appropriate from a dormant fund \$1,000,000 to go to the Old Age Assistance fund. If this is finally passed, it will keep further cuts being made in pension checks. I am doing all I can to secure the passage of this bill.

I believe the Legislature this year is composed of a fair cross-section of the state's citizenship, and the members have shown an interest in getting the work done. No doubt there are exceptions, and probably there are some who are not as much interested in the state welfare as they should be; but if there are such, they are exceptions. I have joined forces with those who believe the state should get the value of every dollar spent and that all money should be spent economically.

On all legislation of importance, I will secure full information and will invite the people back home to write me at any time on any matter in which they may have an interest. My next article will be on the subject of aid to dependent children and old age pensions.

Frank Crowder says his mother, Mrs. Mary Ivy of Brownwood, fell and hurt her hip when she fell on ice on the floor during the cold of last week. Mrs. Edna Dwyer writes from San Angelo that they went to Mercury to attend the funeral of Raymond Cawyer, nephew of Austin Cawyer, who was killed in an airplane crash near Page Field, Fla., Sunday, January 24. We have always heard Raymond spoken of as a most excellent young man, and the stay of his family. His father is an invalid, having been gassed in World War I. All the friends of this community extend their deepest sympathy to the bereaved family.

Mr. and Mrs. Wister Egger and Mrs. Daz Oliver and son, Elton, spent Sunday with Mr. and Mrs. Edward Egger.

Mrs. George Jones and her son, Hard, were to move last week to their new home three miles from Goldthwaite on the Waco road.

Mrs. S. H. Reeves has received word from Mrs. Hardin, mother of Albert Hardin, that she has fallen heir to the fine farm on which they are living in Martin County, not far from Big Spring. It and the tractor and some other things were left her in the will of her brother-in-law, who died January 1.

Everyone down here rejoices that Norman Chesser has at last been reported still in the land of the living, though a prisoner of the Japs in Manila. We hope that General MacArthur and his men will soon extend the hand of freedom to all our boys held in the Philippines.

Mr. and Mrs. W. D. Leverett and family of Brownwood spent last Saturday and Sunday here with Mr. and Mrs. Claude Eacott.

Cpl. and Mrs. Howard Campbell were on a 12-day furlough and spent part of their vacation with her parents, Mr. and Mrs. T. B. Graves. They also visited his parents at Dublin. Corporal Campbell is stationed at Coffeyville, Kans.

SENIOR REPORT

The Seniors are very busy now, since we have all started out on the new semester with the determination of making better grades than last semester.

We have received the books we ordered to select our Senior play from. They are "Nuts to You" and "Everybody's Crazy." As yet, we do not know which one we will choose.

Last report from Elmer Geeslin was that he is doing very nicely, and we are more than glad to hear that.

JUNIOR CLASS REPORT

The Juniors greet Mr. Johnson, our new American History and Civics teacher, with a hearty welcome.

The Junior room mothers have met and decided to let the girls who want to wear evening dresses to the Junior-Senior banquet wear them. However, when the girls met, the large majority decided that the wisest, more economical and sensible thing to do will be to wear short dresses.

REPORT ON FIRST SEMESTER GRADES

The grades on the first semester work are more fair than excellent. To give you the exact grades we have taken the term grades of every class and counted the E's, F's and D's. In order for you to see them we will put them in a chart form.

SUBJECTS	E's	F's	D's
American History	11	36	3
Economics	4	22	4
Algebra II	8	28	3
Geometry	12	33	3
English II	5	48	7
English I	16	23	13
History II	4	34	14
History I	11	27	3
Typing	11	30	0
Algebra I	9	53	14
Gen. Math.	1	12	10
Speech	3	15	0
English III	12	28	2
H. E. I-B	5	4	0
General Science	16	33	1
H. E. 1-A	2	12	1
H. E. 2-A	4	15	0
Biology	14	38	0
Business Arith.	3	20	1
H. E. 3-A	3	7	0

From looking at this chart, the majority of the grades are fair. There were 176 E's made and 83 D's, so you can see the E's outnumbered the D's quite a lot.

STUDENTS THAT HAVE MOVED AWAY

The Seniors regret to report the loss of one of their honorary members, Kathleen Jones. Kathleen left our school immediately after mid-term. She had been the president of the Home Economics Club, besides many other honors. We hope that her future will bring her much success and happiness.

Six-2 surprised Mrs. Bowman Friday morning at their recess period by serving a cold drink and candy.

The eighth-grade girls decided that the perfect boy should have the following qualifications of "a perfect boy":

Billie Mace Collier's personality.

Charles Byrd's intelligence.

George Wayne Featherston's physique.

Billie Mace Collier's manners.

Jim Bob Steen's eyes.

Dorman Hank's smile.

Johnny Wood's sportsmanship.

We have a poem written by Melba Denson. It is as follows:

THE PIONEER
 They blazed the trails from place to place,
 Met deadly perils face to face;
 But they were brave and they were strong,
 For in their hearts rang freedom's song,
 As through the country wild and wide
 They westward moved a human tide.

They rode by day; they camped by night,
 And by the campfire's cheerful light
 They gazed and dreamed, and talked and dreamed,
 While in their ruddy faces beamed
 The joy of freedom all their own,
 Though freedom they not long had known.

SNOOZIE SNOOPER

all the girls Saturday nite? Don't you know you're likely to have one hanging on to you? Boys are scarce these days, you know.

James Smith seems to go around singing "Why Don't You Fall in Love With Me" to Dorothy Harris. What about that, James?

If you want to see the G.H.S. "lovebirds," just look up Jackie D. and Howard McNutt.

Say, Lewis, how do you and Velma feel? You both got sick and left at the same time Monday. Watch out, kids.

Lorena, Eli is taking you to San Saba with him these days, isn't he?

Wanda, don't cry. Just sing, "He Wears a Pair of Silver Wings." He'll be back.

Mary Elaine, how did you and Jolly do Saturday night? Last I saw, you weren't doing bad.

The new couple that's breezing around these days seems to be William Glenn B. ("Bo") and Zella Stewart. How about that, "Bo"??

Another new couple seemed to be doing all right for each other the other night. We finally found out who James M.'s heartthrob is. Eh, Lucy!

Say, Mary Nell, what's this we're not supposed to tell B. J. about? M-m-m-m—Oh! don't worry, we won't tell on you.

We wonder why Cleo and Lanelle just breeze in and out of "places." Could they have more interesting things to see to???

Well, well, the tables have turned. Mary Nell has stepped out on B. J. He stays home and sleeps while Mary Nell goes to San Saba. Could it be love??

BOYS TRY FOR THE NAVAL AIR CORPS
 Cash Curtiss and Wayne Massey, two of our ambitious Senior boys, went to Dallas last week to see if they could qualify for the Naval Air Corps. But due to the fact that they had to have six months training in the Navy before they could qualify, they decided to come back home and finish their high school education. We admire your spunk, boys, and better luck next time!

OUR BOYS OVER THERE

By J. S. BOWLES

I enjoy and appreciate the letters from our soldier boys. The thing that strikes one is the lack of the pessimistic note that well might creep into their letters. We might possibly think that all this is kept out through censorship. Possibly some of it is, but they are a brave lot, and I think we can depend upon them giving a good account of themselves any time and in any way.

If I were an officer in the Army I would like to have a company made up of just such boys as some of those I know from Mills County. I don't know them all, but I do know some of them. I think all are about alike so far as courage is concerned.

Much of the courage of the parents and friends at home can well be kept up by the letters which the boys write home. Much of the courage of the boys can be kept up by the character of the letters that the parents write to the boys. If we learn this, it will be a great help to all.

Some years ago I was attending an annual conference when World War I was at the peak of its discouragement. A lady sitting near me said: "I wish I knew whom we were to get as our pastor." I said to her that I had supposed that they would have no change. She remarked that they simply could not stand him longer because of his bewailing the fact that his sons were liable to be killed in the war. She said she thought the rest of the people with boys in the Army should not have the Sunday services turned over to a service of wailing.

I have had occasion to have the same view of this matter, and have believed that there were people who unthoughtfully broke down the morale of both soldier and parents with pessimistic discussions of the unfavorable outlook for their return.

But I suppose there are those who just can not help using the indigo in all that they do whether the indigo is needed or not. Certainly we may lose some of our boys. This may be expected, but why keep them thinking about that when all our forebodings may come to naught? Besides it will be soon enough to mourn after it happens, and it may never happen. Let us trust the good Lord that it may not come to us.

My wife and Mrs. Odum, the wife of our pastor here, are having a time trying to decide which of the sons of the families are going to reach the highest place in the armed service. They both know that their son will be the most distinguished soldier. In their last bout I think Mrs. Odum rather worsted the sister of this household in the argument with the statement: "Well, I know my son will go the higher because he is in the air service as a pilot, and your son is only an airplane dispatcher!"

Well, I think that should settle the discussion at any rate.

AMERICAN WOMEN.
IN FORMER WARS, WOMEN ENTERED THE INDUSTRIAL ENTERPRISES WHICH MADE SUPPLIES FOR THE ARMIES. AND ON HUNDREDS OF FARMS THEY PICKED UP THE PLOW HANDLES.

IN TODAY'S TOTAL WAR, WOMEN ARE AGAIN DOING DOUBLE DUTY—HELPING PRODUCE GOODS AND ARMAMENTS WHILE MAINTAINING THE AMERICAN HOME—UPHOLDING THE TRADITION OF STRENGTH, COURAGE AND SECURITY NOW AND FOR THE FUTURE, AUGMENTING THE FAMILY INCOME, INVESTING IN WAR BONDS AND LIFE INSURANCE, RAISING HEALTHY FAMILIES, KEEPING THE HOME FRONT STRONG.

NURSING ASSISTANTS WANTED BY CIVIL SERVICE

Nursing assistants to work in the U. S. Veterans Administration hospitals at Alexandria, La., Amarillo, Dallas, Legion and Waco, Texas, for \$120 a month head the list of federal employment opportunities received this week by C. F. Moore, local civil

service secretary. Applicants must be 21 years old and have two years of high school education. However, persons who do not meet the high school requirement but who are otherwise qualified will be given a general test occupying about two hours. LOOKING BACKWARD TWENTY-FIVE YEARS AGO

(From Eagle Files Feb. 9, 1918) Misses Addie Smith and Myrtle Harrison left Monday night for Dallas to select their spring stock of millinery.

W. P. McCullough and family visited relatives in Williamson County Friday and Saturday. Luther Oglin and wife, who recently returned from Lamesa and located in the North Brown Community, were visiting in the city Saturday.

Marshall and Dickerson, proprietors of the Goldthwaite meat market, announce they hereafter will not open their place of business on Tuesdays, in order to obey requirements of the food administration in making Tuesday a meatless day.

Cecil Denson, who has been a member of the National Guard at San Antonio, came in the first of the week and will not return to the army service, having received an honorable discharge.

Arthur Parker returned to Camp Bowie Wednesday after spending a few days with relatives here.

J. D. Lowe, who recently graduated from a business college in Fort Worth, has accepted a position with Higginbotham Co. at Stephenville.

The order of the fuel administrator closing manufacturing and mercantile concerns on Mondays to conserve the fuel supply has caused a big reduction of advertising in the city daily papers. In some cities it has been claimed there has been a reduction of 40 per cent in Sunday advertising on that account.

Hugh McCullough, one of Goldthwaite's most popular young business men, left Thursday for Waco to enter Baylor University.

State Department Health Notes

INFLUENZA

With the incident of influenza in Texas reaching new highs as winter advances, Dr. George W. Cox, State Health Officer, this week issued a warning to the public to guard against exposure to this disease.

"Influenza patients should be isolated as nearly as possible to avoid spreading the disease," Dr. Cox said. "The germ is believed to be spread from person to person through discharges from the nose and throat."

To protect yourself and others from this disease, here are some things to be remembered:

Influenza is highly infectious. Practically everybody is susceptible to it. No matter how many times you have had the disease you may contract it again. Therefore, keep away from people who are sneezing, coughing, or sniffing who are actively ill with colds, influenza, or pneumonia. Keep away from crowded places. Have your own towel and always wash your hands before eating, and sneeze or cough into your handkerchief.

Keep fit by drinking plenty of water, by eating simple nourishing food, by some exercise out of doors every day, by dressing according to the weather, by having plenty of sleep in a well ventilated room, and by keeping the bowels regulated.

Don't neglect your "cold." If you have the slightest suspicion of fever go home, go to bed immediately and call your physician. Stay in bed until he tells you that you can get up, and follow his advice implicitly.

Improved Uniform International SUNDAY SCHOOL LESSON

Lesson for February 7

JESUS AFFIRMS HIS DEITY

LESSON TEXT—John 8:12, 25-36, 56-59. GOLDEN TEXT—He that hath seen me hath seen the Father.—John 14:9.

"The Light of the World Is Jesus!" Who does not remember with what delight we as children sang, "Come to the light, 'tis shining for thee. . . The light of the world is Jesus. . ."

How precious was the truth that thus flooded our souls. Jesus is the light. Just as the sunlight sheds its glory on an awakening world at dawn, so He sheds abroad the light of God in the hearts of men. As this portion of God's Holy Word is studied and taught, may the light break forth on many a soul caught in the bewilderment of this dark world.

But that is only one of the great thoughts around which our lesson centers. As Jesus here reveals Himself as divine, we consider four simple words, each fraught with rich meaning.

I. Light (v. 12).

The text says: "Then spake Jesus." When? Just after He had silenced the hypocritical accusers of a woman taken in sin, and had spoken the word of peace to her troubled soul. She was to "go and sin no more" because she had met Him who is the light of the world. They that follow Him "shall not walk in darkness"; they are the children of light, they have the very light of life shining in their hearts and lives.

Not only does Jesus light the believer's heart, but this light shines into all the dark corners of this wicked world, exposing sin and hypocrisy, and showing the way back to God.

II. Salvation (vv. 25-30).

"Who art thou?" That is the question every man must ask and answer as he considers Jesus. Even neglect is an answer—a rejection.

The answer of Christ in these verses goes to the very heart of the matter, for He takes the people right to the cross of Calvary. When they had crucified Him, they would know. Did not the centurion say: "Truly this was the Son of God" (Matt. 27:54)?

It is true today that no man knows Christ until he knows Him as the crucified Saviour. Teacher, Example, Guide—all these He is—but they are not enough, for we sinners need a Saviour. May many today follow the example of verse 30.

III. Freedom (vv. 31-36).

Free! Four letters, but what a depth of meaning! Chains have fallen off, prison doors are open. The one who was bound is free.

But here we are concerned with an even more important liberty, the freedom of the soul. Many there are who boast of their independence but who are naught but slaves. Jesus said: "Whosoever commiteth sin is the servant of sin" (v. 34), not its master.

How shall they be freed? Note three things in these verses:

(1) A condition, "If ye continue in my word." This means not only a profession of faith, but a daily appropriation and realization of His truth in life.

(2) A promise, "Ye shall know the truth." The philosophies of men profess to be a seeking after truth, but how few there are who look to the one place where it can be found—in Jesus Christ.

(3) A result, "The truth shall make you free." Truth always sets free. Men are enslaved because, as in some foreign lands, they have not had the opportunity to learn the truth or because they have rejected it.

Men profess to seek truth in their research and in the process of education, but without Christ they cannot have real truth. Educational systems which rule Him out are deficient and lead to bondage rather than freedom.

IV. Eternity (vv. 56-59).

Taking up their statement that they were Abraham's children (see vv. 33, 37), Jesus enters into the sharpest controversy with the unbelieving Jews of His entire earthly ministry. They were claiming kinship with a great man of faith who in his day had looked forward to the coming of Christ (v. 56). Now He was here, and instead of receiving Him as their Messiah they were ready to kill Him.

Not only did they claim Abraham as father, but also God. Jesus told them that in their sin and unbelief they were of their "father the devil." It is possible, then, to be very religious, to follow the traditions of one's fathers, and yet to be children of the devil.

All this led up to their sharp rebuke in verse 57, which denied to Christ anything but an earthly existence and which led Him to the statement of His eternity. He identified Himself definitely and clearly with the Eternal One—the great I AM of Exodus 3:14.

Christ is God, and is therefore "infinite, eternal, and unchangeable in His being, wisdom, power, holiness, justice, goodness and truth" (Westminster Catechism).

Your Income Tax Explained

(No. 5 of a Series)

HEAD OF FAMILY EXEMPTION

A single person, or a married person not living with husband or wife, is entitled to a personal exemption of \$1,200 for the year if he can qualify as head of a family. A head of family is "an individual who actually supports and maintains in one household one or more individuals who are closely connected with him by blood relationship, relationship by marriage or by adoption, and whose right to exercise family control and provide for these dependent individuals is based upon some moral or legal obligation."

Examples of head of family status would be a widower or widow who maintained a home for a dependent child, or a son who supported or maintained a household for a dependent father or mother. In order to meet the test of actual support and maintenance as head of a family, the benefactor must furnish more than one-half of the support and maintenance.

The term "in one household" ordinarily means under one roof, but if a father is absent on business or a child or other dependent is away at school, or on a visit, the common home still being maintained, the head of family exemption would still apply. Where a parent is obliged to maintain his dependent children with relatives or in a boarding house while he lives elsewhere, the additional exemption may still apply. If, however, without necessity, the dependent continuously makes his home elsewhere, his benefactor is not the head of a family irrespective of the question of support.

The term "closely connected by blood relationship" applies to a person's progenitors and lineal descendants to his brothers or sisters, whether by the whole or half blood, and to his uncles, aunts, nephews, and nieces. Irrespective of any legal obligation of the taxpayer to support such dependent relatives, a moral obligation to do so exists, and if the individual is actually supporting and maintaining in one household relatives of this degree he is entitled to head of family exemption.

A taxpayer is considered to be "closely connected by marriage" with his step-sisters and step-brothers, but whether his right to exercise family control and provide for these individuals is based upon some moral or legal obligation must be decided upon the facts in the particular case. The same considerations apply to the status of a taxpayer because of support furnished to his father-in-law, mother-in-law, brother-in-law, and sister-in-law. First cousins by blood, and cousins of lesser degree, are not regarded as so "closely connected by blood relationship," as to give rise to a head of family exemption.

A legal guardian who may maintain and support in his home a dependent ward is not entitled to the personal exemption as head of a family if the ward was not connected with him by relationship of blood, marriage or adoption; nor is a taxpayer entitled to exemption as head of a family by virtue of maintenance and support of a child not legally adopted.

PROPER FOODS IN DIET

That the inclusion of proper foods in the daily diet plays a very important part in maintenance of good health was stressed in a statement issued this week by Dr. George W. Cox, State Health Officer.

"One of the most dreaded of all diseases, pellagra, is caused entirely by not eating the kinds of food which would insure a properly balanced diet," Dr. Cox said. "The public is prone to overlook the serious nature of pellagra. At best it is an uncomfortable and unpleasant disease, but aside from this, there is one possible result that can be very tragic. All too frequently pellagra leads to serious mental disturbances," Dr. Cox warned, "and in some cases, actual insanity."

Without the Farmer the Soldier would travel far; without the Soldier the farmer would be farming for the Axis.

In 1942 the combination of good weather and the hard work of farm families all over the country produced the biggest crops on record. The crops, together with the record breaking production of livestock are helping win the war.

We need more and better grades of stock for 1943—more and better of Poultry and Cotton. We know farm labor and machinery are out to help feed and clothe Soldiers and all out to win this war.

Fortunately, there will be no shortage on credit consistent with sound banking principles.

About the time we think of planting a spring garden, we have another seige of winter weather.

There was church at the school house last Sunday, but as no one knew about it there weren't many there.

We are sorry to have Frank Davis' folks move from our community. We understand they moved up near Mullin.

Sergeant R. J. Collier and wife of El Paso and Mrs. Opal Ellis of Odonnell were recent guests of their parents, Mr. and Mrs. Bob Collier, Mr. and Mrs. Jake Davis also spent the week-end in the Collier home. They were on their way to Beaumont where he has work.

Mrs. Verne French called in the Collier home one day last week.

Mr. and Mrs. A. F. Anderson, Mr. and Mrs. Oran Anderson of Brownwood spent Sunday in the Will Spinks home. Oran has to leave for the Army in February. His only brother, Orville, is already across.

We had a letter from O. D. Conner last week. It was written in December and he was in New Guinea. He wrote an interesting letter telling all about when he landed last October and describing New Guinea. He doesn't like there as well as he did in Australia. They have to take quinine constantly, to keep down malaria fever.

Mr. and Mrs. Joe Williams are repairing and repapering their house. They recently bought the farm vacated by Aley Utzman. Mr. Utzman moved on Mrs. Gules' place.

Everyone is trying to have a seige of the flu. A good many school children have been absent on account of sickness. Mrs. French has been a victim of the flu, but is somewhat improved.

We extend sympathy to Sam Self in the passing away of his brother, who died at his home close to Winters. J. P. Self was 78 years old.

I hope I can be back on my job soon. I spent two weeks with my son, Phillip, and wife in town. Phillip was sick the first week and the second week I attended the Baptist meeting. The last week I was with my brother, Duke Clements, and family, who were sick. I miss writing my letter each week. I enjoy all the letters.

Yes, Bro. Bowles, we shall win the war, if it takes yours and my boys to win it. I have one boy in the service. He thinks he will be moved from North Carolina this month. I hope he can come closer home. I hope your boy is not too far away. It makes us so sad when we read so much about the boys missing in action. So glad to know Cleve Perry has heard from his son. Also good news from the McArthur boy, whose home is at Caradan.

Miss Ruby Simpson, who has work in Dallas, visited her parents this week-end.

Mrs. Sam Self spent Friday afternoon in the Nickols home.

W. A. Cooke and Mrs. Rudolph Cooke and son visited one afternoon in the Roberts and Self homes.

Mrs. J. M. Ballard visited Saturday afternoon in town with Mrs. Weems.

Saturday night James Nickols and family and mother and Mrs. Bill Daniel enjoyed a chill supper in Richard Sanders' home north of Goldthwaite. Others who enjoyed the chill were Truman Vaughn and family and Miss Dora Oden. Some played forty-two while the rest talked and the children played football.

vices in the various churches. The

work. Come prepared to enjoy
the day, bring any question you

SUGAR STAMP NO. 11 IS GOOD FOR THREE LBS. UNTIL MARCH 15

Beginning February 1, 1943,
Stamp No. 11 will be good for
three pounds of sugar until
March 15, 1943.

A. T. PRIBBLE,
Chairman Rationing Board
No. 167.

Registration of institutional
users for their February allot-
ment of coffee began on January
15 and will end on February 5,
A. T. Pribble, Chairman of the
Mills County War Price and Ra-
tioning Board, reminded cafes
and other institutional users this
week.

At the same time, Mr. Pribble
pointed out that with this regis-
tration of institutional users
with the War Price and Ration-
ing Board, the allotment period
for coffee will become one month
for such institutional users, in-
stead of two months as in the
past. Thus, all institutional users
will receive allotments for the
month of February only.

"The February allotment per-
centage will be only 40 per cent
of the base," Mr. Pribble explained.
"For example, if an institution
used 400 pounds of coffee in
September and 400 pounds in
October, 1942, the base would be
800 pounds; and using that total
as a base, the allotment for Feb-
ruary would be 40 per cent of
800 pounds, or 320 pounds."

Another amendment to the
Coffee Rationing Regulations
also has changed the basis for
allotments for institutional users
who were not in operation be-
tween Sept. 1, 1942, and Nov. 21,
1942. This basis has been de-
creased from one pound of
roasted coffee to every 60 meals
served to one pound of coffee
for every 100 meals served.

"Coffee Stamp No. 27 expired,
so far as consumers are con-
cerned, on January 3," Mr. Prib-
ble added. "Retailers had until

METHODIST PATOR IN AUTO WRECK

Rev. B. A. Myers was in an au-
tomobile wreck the early part of
this week and received what
seemed to be a very severe in-
jury. His head and chest re-
ceived a very severe bruise. He
was knocked unconscious and
was taken immediately to Scott
and White Hospital in Temple,
where he is undergoing exami-
nation. No report has yet been
received here of the X-ray show-
ing.

He regained consciousness be-
fore reaching Temple, and on
Wednesday he was resting well
and was able to talk to every
one who called and seemed to
be doing fine in every way. Of
course no conclusion can be
reached of his real condition un-
til the X-ray examination is
made known. The doctors at
Temple told him if there were no
breaks he could come back home
immediately.

The accident occurred near the
home of Duke Clements in the
edge of Goldthwaite on the Cen-
ter City highway Tuesday after-
noon about 5 o'clock, when the
car driven by Rev. Myers colli-
ded head on with another car
containing two Goldthwaite
school teachers, Misses Lucille
Welsh and Clara Blackwell. Miss
Welsh was not hurt, while Miss
Blackwell had a misplaced arm.
Both cars were damaged.
