FARMERS CAUTIONED AGAINST USING FARM MACHINERY TRUCKS

Who are in the market for farm machinery and hard trucks were cautioned this week by J. B. Eacott, chairman of the Mills County War Price and Rationing Board, that they should not pay more than the legal OPA price for farm equipment sold in the open market.

Types of used farm machinery covered by the law are tractors, other individual tractors, whether sold by individuals.

Persons who do not know the price on a truck or farm machine may nearest OPA District Office for this information. If they do not know the location of the OPA office, they may get information from the local War Price and Rationing Board.

There is a possibility of a decrease in sales by farmers, or any other dealers, if the law is applied to five critical items. These are tractors (the crawler type), corn pickers, corn and hay balers (motor operated).

Some of these machines are sold at a price higher than a year from now. The ceiling price is 85 per cent of its base price; in some cases its ceiling price is 75 per cent of the base price.

The "base price" is the last factory price. If the price is not locally, the farmer should go to the District OPA Office to the manufacturer or to his agent. Officials emphasized that maximum prices and used equipment should bring much lower prices.

LANDS IN AFRICA

LIEUT. LLOYD R. FOX

The following letter has been received here by Mrs. C. A. Eacott from her nephew, Lieut. Lloyd R. Fox, son of Roach Fox of Goldthwaite:

North Africa, May 17, 1943.
Dear Auntie:
With some time off after a swell landing in Africa, I'm trying to catch up on a bit of writing, so here's a note.
There is very little to say. I often wonder about M. D. I don't remember him having any children, so is he in the army? I wrote Joe Jane some time ago, but suppose that the mail hasn't had time to make its rounds. I dropped Dad a line; guess he will get it wherever he is. No paragraphs, too much space. I will be glad when this is all over, so I can start back to school. I could really appreciate any part of the States now. What a sensation to even think of them. Tell everybody hello.
As ever, Lloyd.

12 MILLS COUNTY BOYS LEFT TUESDAY FOR EXAMINATION

The following Mills County boys left Tuesday for Abilene Examining Center at Camp Barkeley for their final examination for service in the United States armed forces:

Arrie Daniel Welch.
Herman Hardy Collier.
Walter Earl Featherston.
James Newton Hutchings.
Norman Douglas Bachus.
Lee Roy Mason.
Leslie Everett Faulkner.
Cecil Vernon Wall.
Karl Kenneth Gholson.
Floyd Lewis Harmon.
Bobby Leonard Crockett.
Robert Emerson Davis.

TWO MILLS COUNTY BOYS DIE IN ACTION

Mr. and Mrs. M. M. Moody of Mullin have received word that their son, Maurice Moody, aerial gunner of a large bomber squadron, has been missing in action since May 21, from somewhere in Europe. Mr. and Mrs. Moody lost their son-in-law, J. D. Bramlett, only six months ago in a plane crash in Dallas.

Mr. and Mrs. J. R. Wilmeth of Ebony have received word that their son, Second Lt. Eugene D. Wilmeth, king of Texas A. and M. Cotton Ball of 1942, was killed in action May 7 in North Africa. Young Wilmeth was a graduate from A. and M. College and from Fort Benning, Ga., and Fort Knox. He sailed for England last September and went on to Africa two months later. He was one of the finest boys ever raised in the Ebony Community and all who knew "Gene," as he was affectionally called, bow their head in sympathy with Mr. and Mrs. Wilmeth of Ebony. They have another son in the service who at present is still in the United States.

A WORD TO THE WIVES IS SUFFICIENT!

KILLED IN ACTION

CAPT. T. H. McARTHUR

Mrs. Harvey Kesler of Zephyr, sister of Capt. T. H. McArthur of Caracan, was notified by the War Department this week that Capt. McArthur was killed in a plane accident on May 3 in the African war theatre. He was the pilot of a P-38 Lightning fighter. His parents live at Caradan, Mills County.

Captain McArthur enlisted in the Air Corps in February, 1941, and was trained in California and Oregon. He was sent overseas in October, 1942, and was awarded the Air Medal in April for shooting down a German Messerschmidt over Tunis on Jan. 29, and he was credited with downing an Italian seaplane on Feb. 21.

He was a graduate of Zephyr High School and was a former student in Daniel Baker College, Brownwood.

FIFTH ANNUAL SAN SABA RODEO TO BE HELD NEXT WEEK-END

Promising the biggest Rodeo in all West Texas this year, the San Saba Junior Chamber of Commerce's 5th Annual Rodeo and War Bond rally will open next Thursday, June 17th with a grand street parade at 4:30 o'clock. Gov. Coke Stevenson has been invited to lead the parade of notable west Texans, cow boys and girls in full regalia.

The three-day show will bring Earl Sellers, of Del Rio, with the best rodeo stock he has ever assembled, together with all the dare devils of the Southwest now out of service, competing for high stakes.

Seats for over 3500 have been provided at Rogan Field under the flood lights. The performances start at 9 p. m. Thursday, Friday and Saturday.

A special Juneteenth Matinee performance at 3:30 Saturday afternoon for the colored folks will follow a parade of Colored Soldiers and Band from Camp Hood, at 2:30.

COMANCHE TRAIL BOY SCOUT CAMP TO OPEN JULY 7 SAN SABA CO.

Camp Billy Gibbons, Camp for Scouts of the Comanche Trail Council, will open with a noon day meal July 7th. The Camp is located in the hill country of San Saba County, 12 miles from Richland Springs, on the San Saba River. Scouts and their Leaders will attend from Stephens, Eastland, Erath, Comanche, Brown, Mills, San Saba, and Lampasas Counties.

The Camp this year will stress outdoor activity, Water Safety, First Aid, Hiking and Camping in the open. Swimming will be taught to all Scouts, who do not know how to swim. Life Saving methods will be given to boys by a qualified Water Safety Expert. Scouts will learn how to make a bed, cook, and select a camp site in the open. Tests in various phases of Scouting will be given to all who need such on their advancement program.

LEADERSHIP

Each Troop will be required to furnish their own leader, who will be either the Scoutmaster or another adult in charge of the Troop. Troops will furnish their bedding and tents. Most of the meals will be at the central mess hall.

SCIENCE DEPT OF GHS SHOWS RESULTS

The science students have been reviewing for the last weeks of school. Mrs. Bigham thinks that at least ninety-eight per cent of her students will pass.

The attendance for the last six weeks, according to Mrs. Bigham, has been perfect, with the exception of two or three students who were out with the mumps.

Science students have turned in their notebooks and term projects. Some of the outstanding term projects are: A collection of forty-eight kinds of wood from the Mills County trees. This collection was made by Jim Tom House and J. H. Harrel. A collection of forty-four feathers made by Mary Elaine Hamilton, Oleta Ford, and Norine Grissom. Probably the most outstanding of these projects is the preservation of a chicken skeleton made by Leroy Manuel. This looks like a real work of art.

Each science student has a better understanding of the things around them than they had nine months ago. They had had nine months ago. They had had nine months ago. They had had nine months ago.

MILLS COUNTY MAN DIES IN ACTION

(Fort Worth Star-Telegram)

Second Lt. Eugene D. Wilmeth, 22, king of the Texas A & M Cotton Ball in 1942, was killed in action May 7 in North Africa, his aunt, Mrs. J. F. Bateman of 2009 Rock Ridge Terrace, was informed Monday.

Mrs. Bateman said that Lieutenant Wilmeth, who was schooled at Fort Benning and Fort Knox after his graduation from A & M a year ago, went to England last September and then to North Africa two months later.

Another Fort Worth aunt of the lieutenant is Mrs. Joe Wilmeth of 1100 Hurley. Lieutenant Wilmeth's parents, Mr. and Mrs. J. R. Wilmeth, live at Ebony.

METHODIST NOTICE

Summer time is here again. Many will be tempted to say it is just too hot to attend services in the Holy Temple of our Lord. However we find it is never too hot to carry on the daily task of life. If that is true it is not too hot to attend church. Your pastor is glad that he is feeling much better and is now able to carry forward his regular task. He will preach Sunday morning but at the evening service the Vacation Bible School will have their commencement program closing the school for this year. This ought to be a most interesting service for all who are interested in the child life of our church. Let us give the children a great enthusiastic audience.

Sunday School at 9:45 A. M.
Preaching at 10:45 A. M.
Youth Fellowship service at 7:45 P. M.
Program given by Vacation Bible School, 8:30 p. m.
We would appreciate having you with us each and all of the services.

B. A. MYERS, Pastor.

MILLS COUNTY IS LAGGING IN BOND BUYING

Grover Dalton, cashier of the Trent State Bank and chairman of the Mills County War Bond Drives, states that Mills County folk have bought only approximately \$14,000 worth of Government War Bonds since the Second War Bond Drive ended. This amount is not keeping up with the Mills County quota, and it is hoped that people who have surplus money will invest more freely. There is no better protected investment in the world today than the bond guaranteed by the government of the United States, the strongest government in the world.

NOTICE TO PATRONS GOLDTHWAITE P. O.

Under date of May 1, 1943, the Postal Department instructed all postmasters to insist that in the addressing of all mails that patrons include in each and every address the Rural Route number or city box number, the street number, and in case of service men's mail include the complete address as furnished by the service man. If you do not have a complete address, secure the same.

If each complete address is used on each piece of mail, the mail can be delivered more efficiently, and save time and trouble to patrons as well as employees.

L. B. PORTER,
Acting Postmaster

Mrs. Robert Weaver has spent his week here with her mother, Mrs. W. M. Johnston, who has been quite sick.

Mr. and Mrs. M. L. Casbeer and children and Mrs. J. H. English of Fort Worth spent the first of this week here with Mrs. Casbeer's mother who has been quite sick.

HUSBAND OF LOCAL GIRL KILLED IN CRASH

The Public Relations office at Fort Bragg, N. C., Tuesday released the names of 20 men killed in an army troop transport plane crash near Red Springs, N. C., early Monday. The plane crashed in a corn field during an electrical storm.

Among the 20 listed, appears the name of Flight Officer Glider Pilot Jas. L. Williamson; mother, Mrs. John T. Williamson, 110 Cedar Street, Coleman.

Flight Officer Williamson's wife, formerly Miss Allene Ross, daughter of Mr. and Mrs. Allen Ross of Goldthwaite, was due to arrive here last night. The body will follow one day later, and funeral services will probably be held in Coleman today.

WEEKLY BUSINESS DIRECTORY STARTED

In order to make it easier in these times of shortage of labor for people to find what they want, the Eagle has instituted—beginning with this issue—a Weekly Business Directory. In it you will find the announcements of different businesses in Goldthwaite, offering you supplies or services, many of which are hard to get. Make it a habit each week to look over this guide and "find what you want" at the least trouble.

SAN SABA RODEO BOOSTERS HERE WEDNESDAY MORN.

A bunch of wide-awake San Saba folk, in colorful costumes, took Goldthwaite by storm Wednesday morning, advertising the Big Rodeo and Bond Drive Rally which will be held at Rogan Field in San Saba Thursday, Friday and Saturday of next week, June 17, 18 and 19.

W. E. Miller returned last Wednesday from a business trip to Fort Worth.

ELECTION OF RED CROSS OFFICERS TO BE HELD JUNE 22

The election of officers scheduled for June 5 was not held on that date due to the fact that we did not have a quorum. All members are urged to be present Tuesday, June 22, in the District Court Room and vote.

MRS. FAIRMAN ATTENDS CONVENTION

Mrs. Lucille Fairman left last Thursday night for Dallas, where she attended the State Convention of Postmasters which was held in the Baker Hotel June 4 and 5. She reports a very instructive and interesting meeting.

The program planned for the convention centered around the schools of instruction, worked out by the two Central Accounting Postmasters and their staffs. Because of the unusually large number of problems arising at this time, the convention was devoted almost entirely to these carefully-planned sessions, conducted by representatives of the Central Accounting Offices at Dallas and Fort Worth. From the questions and discussions at these sessions, those in attendance had not only the benefit of the answers to their own questions, but to those of other postmasters who have had similar situations arise that will eventually face everyone as a result of the recent changes in the accounting system. Also many service problems that are confronting postmasters were thoroughly and completely discussed.

Many officials, including Inspector in Charge, A. S. Hargrove of Fort Worth, and two inspectors from his office, Hon. Clint J. Taylor, superintendent of railway mail service, and Hon. A. C. Hodges, assisted with the discussions and conferences.

Registration was Friday morning at 8 at the Mesanine floor of the Baker Hotel.

Processed Foods—Blue stamps K, L, M, continue good through July 7.

More Money Into Bonds

The average American family "should and must" be investing 25 percent of its income in war bonds by the end of 1943, Secretary Henry Morgenthau, Jr., said recently in announcing a

new "streamlined" bond campaign. "Of the 45 billion dollars still necessary to complete our war financing needs for 1943," Morgenthau said, "at least 18 billion dollars, or almost 25 percent of the national income for the remainder of the year should come from purchases of bonds by individuals. From those workers earning \$1,000 to \$5,000 net, who will have seven-eighths of all the current available individual savings, 25 cents of each dollar is not too much to expect. In fact, they should and must invest more if our goal is to be met.

May Still Reduce Points

Retailers may lower the point values of rationed meats and fats which are in danger of spoiling until July 31, OPA has decided. These emergency reductions must be accompanied by a cut of at least 25 percent in the established ceiling price of the item. If the point value is lowered more than 25 percent, the price must be reduced proportionately, but never more than 50 percent below ceiling.

Ice Boxes For Civilians

A total of 239,575 ice boxes are to be produced in the next three months for civilian use, according to a new order of WPB. Despite limited factory capacities and scarcity of materials, the production rate is expected to reach about 75,000 units a month.

Now To Get Farm Supplies

According to a new WPB priority regulation, a dealer must furnish farm supplies if a farmer signs a certificate stating: "I certify to the War Production Board that I am a farmer and that the supplies covered by this order are needed now and will be used for the operation of a farm." A total of 140 items are affected by this order. Such certification will enable the farmer to buy \$25 worth of any of the items on the list, and more if the certificate is approved by his local county farm rationing committee.

Butter Price Reduced

A reduction of five to six cents a pound in the retail price of butter will go into effect Thursday, June 10. The OPA intends to effect the roll-back with a minimum of financial loss to the dairy industry, from the farm through the retailer. With the subsidy paid to them by the government, buyers of butterfat will get as much for their butter as before, and will be expected to continue to pay going prices to the farmer. "Butter shall include butter manufactured by a farmer on his farm from milk produced on his farm" according to an amendment to Maximum Price Regulation No. 289 under which maximum prices were established for creamery butter.

Lower Potato Prices 7 Per Cent

Consumers ceiling prices on potatoes have been decreased about 7 per cent according to a recent OPA announcement. At the same time, the price paid growers was increased 30 cents per hundredweight on the 1943 early crop.

Sugar Supply For 1943

On the basis of prospective 1943 supplies of sugar, the current level of consumption in this country probably can be maintained, the War Food Administration has announced. The allocation of the prospective supply will be as follows: 1,153,000 tons for the armed forces, Lend-Lease and other exports, and 4,600,000 tons for civilian uses.

The civilian uses include an estimated 2,258,000 tons for household use and home canning, and 2,342,000 tons for industrial and institutional sugar users.

Stocking Regulations

OPA's new regulation setting definite maximum prices on rayon stockings is based upon construction, which in turn governs quality. All full-fashioned rayon hosiery sold at retail must be marked with the ceiling price and the gauge or needle count. Gauge and needle count govern wearability, not sheerness. First quality, full-fashioned rayon hosiery prices now range from 71 cents to \$1.31. Hosiery with special features such as "non-run," or mesh, reinforced heel, sole and welt, etc., are now priced from 98 cents to \$1.67. Irregulars, seconds and thirds are cheaper. First quality, circular knit rayon hosiery prices range from 28 cents to 64 cents. Hosiery with special features is priced from cents to 64 cents. Hosiery with lars, seconds, and thirds for less.

Teachers Can Take Summer Jobs

School teachers will not be prevented from taking jobs at higher pay under WMC Regulation No. 4, the "hold the line" order, nor will they endanger their regular positions by working during the summer vacation in war plants, agriculture or necessary civilian services, said Paul V. McNutt, chairman of the War Manpower Commission recently.

Price Support For Butter

Dairy farmers have been assured that wholesale prices of butter will continue to be supported at a level equivalent to 46 cents a pound, Chicago basis, until June 30, 1944, by the War Food Administration. The support was pledged last December at the time farmers were called upon to meet 1943 production goals.

Prices Set On Pressure Canners

Specific ceilings on three war models of pressure canners have been announced by OPA. Except in the far western zone, the consumer will pay \$13.90 for the National model, \$14.90 for the Wisconsin model and \$15.00 for the Burpee. In the far western zone prices are 60 cents higher because of transportation costs. total during 1943 to about 275,000 pressure cookers has been authorized by WPB, bringing the total during 1943 to about 175,000, more than in any other year.

Maternity Care Provided

Wives of men in the four lowest pay grades of the armed forces can now get maternity care plus medical, hospital, and nursing care for their babies in 23 states without cost to the family, the Children's Bureau of the U. S. Department of Labor has announced. To apply for such aid the wife must fill out a form secured from the State Health Department. Additional states are expected to have approved programs soon.

Milage From Scrap Tires

To obtain additional milage from tires that can be made serviceable with the addition of reliners, the Office of Rubber Director has excluded reusable tire carcasses from rubber scrap going to reclaiming plants. Because of this order some half-million otherwise unusable tires can be placed in service through the Defense Supplies Corporation.

Lumber For Farms

To relieve lumber shortages on farms for all repairs except those to farm dwellings, WPB has set aside a total of 500 million board feet of lumber for delivery on an AA-2 preference rating during June, July, August and September. Farmers who cannot obtain lumber with present ratings, should apply to the county farm rationing committee for certificates to purchase lumber for maintenance, repair and new construction necessary to the food production program.

Extra Meat Rations

Loggers, miners, prospectors, fishermen, sheepherders and others who live or work far from population centers and who can not supplement their meat-fats rations with fresh fish, poultry, and eggs can get extra points for rationed meats and fats by two new OPA amendments.

Sausage Regulations

The price of some of the beef ingredients used in sausage manufacture has been rolled back from 3-8 cents to 1-2 cents a pound, effective June 1.

GETS HIS WINGS

LT. VIRGIL ROY SEWELL

Lieutenant Virgil Roy Sewell, son of Mr. and Mrs. D. Sewell of Goldthwaite, received his wings at the Blytheville Army Air Field on May 28.

Lieutenant Sewell graduated from Lampasas High School in 1937, and entered the service of the United States in 1941, taking a course in radio. He transferred to the Air Corps in 1942.

Dr. and Mrs. J. B. Townsen went to Burnet on business last Thursday and while there they visited their daughter, Mrs. T. B. Rodgers.

Mrs. Jesse Lowe had the misfortune to fall in the bath room and broke several ribs at her home here last Thursday evening.

Lt. Howard Duggan received his Wings at Hondo Flying Field on June 3. Lieutenant and Mrs. Duggan and baby Patricia Ann, visited over the week-end with her parents, Mr. and Mrs. Carl Bledsoe. Lieutenant Duggan was transferred to Boca Raton Field, Florida.

Pic. Lyndon Davis of Williamsburg, Va., also Mrs. W. G. Kelsey and daughter Peggy and Mrs. Howard Ethridge, all of Dallas, spent the last week-end with their mother and brother, Mrs. Ray Davis and Charles Edward.

War Work of a Santa Fe Wheat Car

Santa Fe

This statement explains why many Santa Fe box cars, built to move wheat during harvest season, are many miles away doing other war jobs.

★ This year an estimated 75,000,000 bushels of wheat must be moved by the Santa Fe from the wheat states it serves. It will take about 50,000 carloads to handle Santa Fe's big share of this vital job! To move wheat and other grains, Santa Fe has specially built weatherproof box cars—but today, many of these cars are far from the wheat belt. Where are they? What are they doing? The map above will give you an idea—it shows the movement of a wheat car for the past four months.

A Wheat Car Gets Around
Starting at Hutchinson, Kansas, with a load of flour for Boston, this wheat car has been kept rolling with vital war cargoes, including Army shoes, Army clothing, aluminum, lumber, machinery, and has just delivered a warload at San Francisco... far from the wheat belt where it is needed now!

In four months this car has covered 1,439 miles on Santa Fe rails, and 9,749 miles on the other railroads. No rest for a war worker these days, but a fellow sure gets around!

Every Car in Action
Every Santa Fe box car, as well as box cars of all other railroads, is in action today. Some of these cars are too far away to be able to return to the wheat belt in time for use. But guided by the wise direction of the Association of American Railroads, the Office of Defense Transportation, and the Interstate Commerce Commission's Bureau of Service, plus the friendly cooperation of the Army and Navy and war freight shippers, Santa Fe is making every effort to secure as many cars as can be spared from war movements to handle this year's wheat harvest.

BIG VALLEY—By MRS. CARL WOODS

Corporal Robert Doak of Ft. Bliss was here this week visiting relatives and friends.

Mrs. Harry Oglesby and Mrs. Joda Hunt took Beryl Oglesby to Austin last Saturday where she will go to a business school this summer. We hope for her the best of luck.

Mr. and Mrs. Loyd Davee returned home Saturday after spending last week with his parents, Mr. and Mrs. John Davee. Mr. and Mrs. Jack Dennard and children visited Mr. and Mrs. Hugh Dennard and family Sunday afternoon.

Our sympathy goes to Mrs. Dixie Webb and children and Mrs. Ashford Padgett in the death of their husband and father. May God be with you and comfort you. Those who ate Sunday dinner with Mrs. Cockrell were Mr. and Mrs. Vance Cockrell and Bobby. Mr. and Mrs. Homer Weaver and children and Corporal Robert Doak of Ft. Bliss.

Lynn Martin came home from the hospital last week. He was about over his sick spell. The morning he took suddenly ill he had put out some rat poison and

had got a little on his hands and that was what was wrong with him. When he started washing his hands the poison began to foam and entered the pores of his skin. He surely had a narrow escape.

Billy Dennard left this week for the N. Y. A. at Inks Dam, Burnett.

Mary Lou Brown of Waco visited home folks over the week end.

Mr. and Mrs. Hugh Smith visited Mr. and Mrs. J. A. Weathersbee Sunday afternoon.

Mr. and Mrs. Harry Oglesby visited Mrs. Sena Ezzell and Uncle Bill Trobridge Sunday afternoon.

Mr. and Mrs. Bert Murphy and family of Freer are visiting Mr. and Mrs. Dan McConal and family.

Mr. and Mrs. Benningfield and Mr. and Mrs. Marvin Spinks

visited Mr. and Mrs. Ben McConal Sunday.

Mr. and Mrs. John Parker visited Sunday with Mr. and Mrs. W. M. McConal.

Mr. and Mrs. Ashford Padgett and Branda spent part of last week at her father's bedside, Dixie Webb who died last Friday.

Mr. and Mrs. Lewis Weathersbee are visiting relatives and friends in San Angelo.

ROCK SPRINGS

By MRS. EULA NICKOLS

There was Sunday School Sunday morning with a few present.

To my surprise Sunday afternoon my friends Mr. and Mrs. R. E. Collier from Hamilton spent the day with Claude Collier. After dinner Mrs. Collier called me over the phone. She said they are doing fine and have had lots of good rains. She asked about all of their friends.

We hated to hear Mr. John Allen and wife left last Wednesday for Houston where their son lives. We hope Mr. Allen can soon be well and able to come back home. Mr. Allen and my father were good friends, he told me not long ago that he still misses my father.

We extend sympathy to Mrs. Dixie Webb and children in the passing away of her husband and their father.

E. D. Roberson and family spent a day or two in San Antonio last week.

Floyd Day and family visited in J. F. Davis home Saturday night.

Clifton Renfro and wife and Annette Renfro spent the week end with their parents. Clifton is in the army.

Joe Davis and family visited in the Nickols home Thursday night.

Some of the Newtons have the mumps. Mrs. Newton had them last week.

Harry Palmer was looking after his stock Sunday on the Gatlin farm.

I visited Monday in the Pass. Lowe and Ford homes. I found Mrs. Lowe resting very well after her fall Friday night. And Uncle Charley Ford seemed some better, he had his eighty fifth birthday Monday, he received nice cards.

Woodie Traylor and family visited Sunday afternoon in the Cooke home.

James Nickols and family and mother visited until bed time with Otis and Bessie Hutchings one night last week. James helped Otis to catch his hens to sell.

Joe Davis and family spent Sunday afternoon with Mrs. Addie Davis and children in town.

Marvin Spinks and wife from town and Rudolph Cook had family visited in the Nickols home Saturday night. J. T. Stark was to have come so they could play dominoes. So they had to play a three handed game.

Mrs. Ben Ziesehang and her father went to Lampasas last Thursday to her aunt, Mrs. Sewell's funeral.

Jim Cox left for west Texas one day last week. He has been making his home in the Roberts home.

Harrell David Robert Lee Robertson's little dog was bitten by a rattlesnake some time last week. These boys will miss their dog. It stood on its hind feet and tried to tell the Mexican woman how he was wanting relief. They tried to save the dog but failed.

I'm sure Glenn will be proud to know he will get to read the Goldthwaite Eagle the rest of his life, as he won a dollar and a life time subscription on the dog contest. I hope while he is in the army he will be where the paper can get to him.

The fine rains last week were worth lots to everybody. I guess the corn won't get any more plowing as it will soon be too tall to plow.

J. T. Stark and mother spent Sunday in town with Mrs. Addie C. Davis. All of her children were at home once more. Her son Lindon, leaves soon he thinks he will be sent farther away when he gets back to camp.

Mr. and Mrs. W. E. Reid visited relatives in Pidcoke and Oglesby last week. Their daughters brought them home and are visiting this week with them.

Mrs. Steve W. Scott of San Angelo is visiting this week in the Allen Ross home.

Miss Ouida Gray arrived home from Brownwood hospital last Saturday, after an appendicitis operation. She is doing nicely.

Merlene Denson is spending this week with Ouida Gray.

Mrs. J. G. Kelly, who has been very sick at the home of her daughter, Miss Carrie Burris, had the following children and grandchildren visiting her: Geo. Fries of San Marcos, Charlie Kelly of Salt Lake City, Utah, Alonzo Kelly and Raso Hogerton of Waco, James Prottard, Mr. and Mrs. Morrison and daughter, Uatsy Joe of Freer, Maria and Freddy Fryer and Mrs. Jos Riggs of Waco, and Mary Muse and Annie Pierce of San Marcos.

Mr. and Mrs. Ben Hancock and daughter, Helen Jeanette, of Big Wells spent Tuesday night with Mrs. Annie Armstrong and family. They are en route to Dallas, where he will take care of his onion crop.

Mohler Simpson has moved his family to Garland, Texas, where he has a good defense job. Mr. and Mrs. J. B. Landers of Dublin, Texas, are occupying the Simpson home.

CHRISTADELPHIAN ANNUAL GATHERING TO BE AT SAN SABA

The Christadelphian Fraternal Gathering of Texas will be held in San Saba July 25 through August 1. Bros. F. Ross Lowe and A. H. Zilmer and possibly other able speakers will be present to conduct the services.

We have our church building here and there will be camping accommodations for all who come. Those wishing cabins will please notify Bro. W. H. Ponton, and he will arrange for them. There will also be camping facilities available for those who wish to camp.

Let us all make a special effort to attend this meeting and help to make it the most successful one that we have been privileged to have.

APPRECIATION

I wish to express to my friends my sincere gratitude for their many acts of kindness and words of sympathy during my recent illness; also for the cards and beautiful flowers.—C. C. WES-SON.

NEW ALCOHOL SOURCE

Research chemists of the Department of Agriculture are delighted by the prospects, explained here by W. Ray Scruggs, of manufacturing industrial alcohol—vital in rubber and munitions manufacture—from sotol, a cactus plant common in Southwest Texas. If he can obtain priorities for a small portion of additional equipment, Mr. Scruggs will be ready to launch the plant at Del Rio in the near future. No additional financing is needed and virtually all the equipment is on the ground, Mr. Scruggs told officials of WPB and Rubber Administrator Jeffers.

There is now a declining surplus of wheat, corn and other grains. The Department of Agriculture indicates that that is why it is interested in getting alcohol from sotol, which is a poor drought emergency livestock feed at best, and is today using up soil which might otherwise provide more weeds and grass.

ANTI-STRIKE BILL PASSES

Last week the House by a vote of 231 to 141 passed the Connally anti-strike bill, with strengthening amendments. In my opinion the bill should be stronger, but other amendments were voted down.

On the eve of the bill's passage, Donald Nelson stated that from the standpoint of danger to our national security, the coal strike is without a parallel in American history. A day or two before, John L. Lewis stated to the conferees on the mine strike here: "We want \$2 a day additional... And I do not want any one-legged counter proposals from you!"

The President, assisted by the new strike bill, if it becomes a law should be able to put Lewis in his proper place, and let him know there's a war going on. I have advocated putting every one of those strikers, and Lewis included, in uniform and use them for combat purposes or in labor battalions in war zones.

NO FEED SURPLUS

Because livestock production has been expanded more than that of feed, authorities here already are worrying about the likelihood of inadequate both grain and protein feed shortages during the coming year. The recent floods in the Middle West reduced yield prospects. It is to be hoped that replantings and predicted major increases in peanuts and soybeans will help. An increase of 750,000 tons—to 2,000,000 tons—is predicted in some quarters for peanuts alone. But much of the peanut yield nowadays is going into candy and the edible trade. Incidentally, 4,197,567 tons of cottonseed were crushed Aug. 1, 1942, to April 30, this year, up from 3,715,946 the year before. But there's a lot more livestock and poultry to be fed.

A PROFESSOR GOES OUT

Dr. J. K. Galbraith, who figured in the recent ambitious plan of OPA to impose price ceilings on livestock on the hoof, has been dropped as OPA's food chief. West Texas stockmen who opposed live animal ceilings won't mind Dr. Galbraith's going. But two other professors temporarily are in Dr. Galbraith's place. I trust that they won't feel as Dr. Galbraith apparently did, that the American system of trade and business practices should be revolutionized overnight.

THAT MAN KAISER

Recently at a Labor Committee hearing I had the pleasure of questioning Henry J. Kaiser, dynamic industrialist whose latest feat was to build a Liberty ship in four days—and it delivered its 10,500-ton cargo to our boys in 15 days. Speaking of post-war planning, Kaiser said, of when the soldiers come home: "If management has the vision the courage and the daring

NOTICE TO TRUCK AND PICK-UP OWNERS OF MILLS COUNTY

Your Certificate of War Necessity will be out of date and void after June 30, 1943.

In order to qualify for a new certificate you must have a complete weekly record of the operations of your truck or pick-up on the back of your present certificate. You will soon receive by mail from the Office of Defense Transportation a blank form to be filled out and returned to the ODT office at San Angelo, Texas.

The information to be shown on this form is to be copied from the back of your Certificate of War Necessity and must show the miles your truck or pick-up was operated each week and the number of gallons of gas used per week.

Your tire inspection should also show on your Certificate every 60 days or every 5,000 miles, whichever comes first.

Canning Workers Needed

About 400,000 workers for the food canning and processing industry will be needed at the peak season this year. Canning is essentially a seasonal, home-town industry, manned by local workers—youths, housewives, mechanics, and others—who normally work at other occupations during the rest of the year.

Food Dealers Well Off

Under community-wide dollars-and-cents ceilings now being established, food retailers and wholesalers will continue to enjoy the most favorable economic position on record, says OPA. The volume of business done, dollar margins over cost, and profits before taxes stand today at high levels, a favorable situation reflected in the fact that business failures are currently at the lowest point in half a century.

ALTON THARP

ALTON THARP

Maquette Sebott, daughter of Mrs. Tom Sebott of San Antonio, became the bride of Alton Tharp, son of Mr. and Mrs. Elmer Tharp of Lake Tawakoni, at 9:30 o'clock last Sunday.

Rev. A. C. Donath, pastor of the First Baptist Church in San Antonio, officiated at the double ring ceremony.

The bride wore a white sheer gown with matching accessories and carried a white Bible topped with a corsage of pink roses.

The church was decorated with arrangements of shasta lilies and ferns. Mrs. A. W. Tharp accompanied Mrs. Elmer Tharp to the wedding.

Tharp was reared in San Antonio and graduated from high school. She attended San Angelo Business College and was employed at Nathan Jewellers at the time of her marriage.

Tharp is a graduate of the University of Texas at Austin and has been in the oil business since September, 1942, stationed at Goodfellow field communications.

Her next meeting will be at home at 10 o'clock last Sunday.

O. A. Danford left the city this week for Winters, Texas, for a check-up.

Springer-Henderson

(Terrell Tribune)

Miss Emily Henderson, daughter of Mr. and Mrs. F. F. Henderson of this city, became the bride of Cpl. James O. Springer, son of Mr. and Mrs. J. O. Springer, also of Terrell, on Saturday evening, May 22, at 9 o'clock.

Rev. T. J. Doss, pastor of the First Baptist Church, performed the ceremony at the parsonage. The young couple was unattended. Both Mr. and Mrs. Springer are graduates of the Terrell High School. Corporal Springer entered the service on October 14, 1942, and is attached to the United States Air Force as a radio operator. He is stationed at Sedalia, Mo.

The bride was charming in a powder blue ensemble. Her flowers were white gardenias. Corporal Springer will have a ten days' furlough before returning to Sedalia.

Mr. and Mrs. Henderson and children are former residents of Goldthwaite. The family will be remembered here by many, as Mr. Henderson was employed at Little's Store for a number of years.

The Midway 4-H Club

The Midway 4-H Club met June 4 at 11 o'clock at Midway School. Mrs. Burdelle Harris met with us. She showed us how to make necklaces from rick-rack.

Those present were Reta Bell Horton, Patricia Lockridge, Virgilene Wicker and Mrs. Burdelle Harris. There were two visitors, Eunice Lockridge and Nellie Ruth Conway.

For business we asked about drying green beans. Our next meeting will be July 2, at 10 o'clock. All visitors and members are welcome to come to the Midway School house.—Reporter.

Jones Valley H-D Club

The Jones Valley Home Demonstration Club met at the home of Mrs. I. G. Portwood.

The home demonstration agent was supposed to meet with us, but she did not come. There was to have been a canning demonstration of berries and beans. We discussed the use of dairy products in the home.

There were nine members present, one new member, and one visitor.

Our hostess, Mrs. Portwood, served delicious sandwiches, muffins and punch.

June 24 is our next meeting and we are undecided where it will be.

Mr. and Mrs. Lem Scarborough and Dr. and Mrs. Douglas of Austin were week-end guests here at the E. B. Gilliam cottage at Lake Merritt.

Melvin Harris, who has been employed by the Santa Fe Railway for the past two months, returned from San Bernardino, Calif., Monday.

Mrs. John Ross has been called to San Saba to help care for her father, Lee Wilson, who is very ill with pneumonia.

Mr. and Mrs. J. D. Brim, Jr., and family of Brownwood were Sunday visitors here in the home of his mother, Mrs. J. D. Brim. They also visited his sister, Mrs. J. W. Saylor, who is here for a month's visit.

Mr. and Mrs. Henry Murphey and children, Maggie Lee and Henry, Jr., arrived from San Angelo the first of the week. Mr. Murphey returned to his home Wednesday, while his family will spend this week with her parents, Mr. and Mrs. F. D. Webb.

Miss Effie Roberts of Houston arrived last Monday evening for a month's visit with relatives and her mother, Mrs. A. Roberts, at Caradan.

Mrs. J. E. Greathouse was called last Wednesday to be at the bedside of her father at Edith. At last report he was not improving.

Mrs. W. W. Linkenhoger and children, Pat and Linda, of Eastland spent the first of this week with Mr. and Mrs. W. H. Linkenhoger.

Rev. and Mrs. Glenn Dunn who hold a pastorate at Electra made her parents, Mr. and Mrs. Grover Dalton, a short visit for the week-end. They left Tuesday morning for their new appointment at Portales, N. M., stopping at Dallas to attend a convention.

B. H. Lonis of Seagraves spent last Thursday and Friday with his sister, Mrs. A. J. Gathin, who he had not seen in nineteen years.

Mrs. Joy Fessler took her daughter, Miss Lorenia Smith, to Austin last Sunday, where Miss Smith entered a business college. They were accompanied by Billy Joe Fessler and Elmer Gray.

WHAT EVERY WIFE SHOULD KNOW ABOUT GOOD FOOD!

Every woman should know—and usually does know—the important roll food plays in the art of keeping a certain heart happy. This is the reason that more and more couples eat a meal or two or three each week at our Cafe. Our chefs "rake their brains" preparing tempting and appetizing dishes during this food shortage, and the steady flow of customers testify to the thoroughness and skill with which they combine the items procurable to offer a well-balanced, vitamin sufficient meal.

NATURE'S COLORS in lasting beauty

PITTSBURGH PAINTS

One of Spring's first harbingers... the flowering Dogwood... Everything is beautiful then... but in the dreary winter months, when trees are leafless and gardens barren... then Nature's Colors in Lasting Beauty should brighten and cheer your home. Pittsburgh Paints are Nature's Colors; from Spring we've borrowed Violet

and soft Blues and Blossom Pinks... from Summer, Scarlet and Greens and dusky tones... Autumn gives us Yellow, and Tangerine and earthy Venetian Red. Nature distributes her colors through the four seasons... but we have Nature's Colors... reproduced in PITTSBURGH PAINTS, available the year 'round!

Now is the Ideal Time to Re-Paint and Brighten Up your Home for Beauty and Protection.

THE WORLD'S GREATEST NEED

By J. S. BOWLES

NAPOLEON BONAPARTE is reported to have said in substance that the world's greatest need was mothers. He was possibly thinking of mothers to bring children into the world for mere war purposes. I have in mind mothers who are capable of rearing children who would furnish the future with a worthy citizenship. This, to my mind, is the greatest need of the world.

Not long since I heard a leading Texas preacher tell a story that proved this thought to my mind as but few things have done. He said the police of a certain city had telephoned to a mother that her young daughter was at a certain night club, intoxicated and on the way to ruin, and suggested that she come for her and take her home. For answer the mother told the officer to bring her home. On being informed that the city had no taxis for such purposes, the mother made reply: "Then let her stay there!"

The thought was so repulsive to me that I purposed never to repeat this story, but a story in a recent issue of a great city daily changed my mind. The world needs such information.

In substance the city paper told of the arrest of three girls in a garage apartment and placed in jail. On examination one was found to be from a prominent, well-to-do family of the city. An attempt was made to persuade the girl to return to her home and start life over. This she refused to do, saying that she preferred to return with her companions to her garage apartment to live her life of crime.

Finally a case worker was dispatched to the home to interview the young girl's mother. In her desperation to find a solution for her problem, she asked the mother if she had ever tried to get her daughter to go to school, church or Sunday school. The mother made answer, "No, and I don't care where she goes!"

The world's greatest need is for mothers of the right kind, and this is not the right kind. While we have such, we shall most certainly have criminals to deal with.

SCRAP DRIVE STILL ON

MORE THAN 450,000 pounds of badly-needed copper and brass scrap were moved to processors for melting from Southwestern yards during the three-week period between May 1 and May 22, according to figures just released by Gen. John A. Hulen, WPB regional salvage manager. Dealers' copper scrap inventories on May 22 were shown as 3,633,965 pounds compared to 3,099,000 pounds on February 28 this year.

Fairman Company in Goldthwaite have been for many months rendering a very patriotic service in the handling of Mills County scrap for the government's war effort.

FARMERS FED UP

MANY LARGE DAIRIES have gone out of business. More and more is the nation having to rely for its food on the family farm where the members get up in the early hours, milk the cows, tend to the farm during the day, milk the cows at night, and at a late hour call it a day, go to bed, and get up to do the job all over again, seven days a week.

If the farmer worked the short hours and received the high pay of workers in war industries who are constantly striking for even higher wages, those workers would probably be paying a dollar a quart of milk.

Nature's requirements on the farm recognize no artificial production limitations and slow-down sabotage.

There are two good places to put strikers today—in the Army and on the farms. They would then get an idea of what real work is.

AIR FIGHTERS WANTED

IF YOU WANT TO FIGHT for your country in the air, where there is need for your skill and daring—if you want to be ready for a future career in aviation—the opportunity to be an Aviation Cadet is still open.

Applicants are enrolled in one of several score of colleges or universities for a five-month preparatory course. This is known as the pre-flight training program. After applicant has completed his pre-flight training he is then classified as a bombardier, navigator, or pilot. Bombardiers receive 27 weeks of instruction, navigators 33 weeks, and pilots 36. This instruction is divided into four courses.

Applicants who successfully complete aviation cadet (air crew) training are commissioned second lieutenants and appointed flight officers.

For further information and application blanks, contact the U. S. Army Recruiting Station, Memorial Hall, in Brownwood.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

(From Eagle File Of June 8, 1918)
Mrs. W. W. Queen left Monday for Brownwood to attend the normal.

Roy Clements, telegraph operator for the Santa Fe at Lometa, visited his home folks in this city Sunday.

Miss Earline Nickols is now employed as carrier on route No. 2 and it is sincerely hoped by everybody that her appointment will be permanent.

Postmaster P. H. Clements is taking a month's vacation and left Sunday for San Antonio to visit J. B. Murray and family and view the scenes of the Alamo city. Mrs. Ira Harvey is assisting in the postoffice during his absence.

Miss Nina Burks went to Brownwood yesterday for a visit to relatives.

L. R. Conroe was called to Lampasas this week to give instruction in Masonic work.

Miss Sue Burch, who taught school near Fort Worth the last session, has returned home, to the delight of her many friends.

Mrs. M. E. Thompson has returned from a visit to relatives in Zephyr.

The friends of Postmaster P. H. Clements were surprised Thursday to learn he was in the sanitarium at Temple and had undergone an operation. He is getting along nicely and it is hoped he will soon be able to come home.

Camp Hood, June 2—Frequent visitors at Camp Hood are requested, under a new ruling just issued, to register their cars with the provost marshal at the camp entrance and secure windshield stickers which will allow them to enter the camp at any gate.

Rev. Claude E. Stinson, now serving the Memorial Christian Church of Jacksboro, has been extended a call to succeed Rev. H. Daniel Morgan, present minister of the Central Christian church. The call becomes effective with Mr. Morgan's appointment to the Chaplaincy in the United States Army.

J. B. Harton, 60 years of age, died of a heart attack at Killen Wednesday, June 2, at 1:00 a.m. He had been in failing health with heart trouble for six months, but was thought to be better, his nephew Tommie McCormick, who talked with him Monday, said.

Mrs. Josephine Gaffney died in Scott and White hospital in Temple Tuesday, June 1, at 1:30 a.m. She had been in the hospital since April 26 and had been seriously ill for several months, her health being bad for a year and a half.

Some time ago arrangements were made with representatives of the department of the interior for a rat eradication campaign. Today R. E. Aday of Fort Worth came in to plan with C.A. Mather, County Sanitarian, and others to start the campaign Monday, June 7. The campaign is under the auspices of the Chamber of Commerce and the County Health Unit.

Wade Wooten and John Earrest, local firemen, attended the Fourteenth Annual Training School at College Station last week, from May 24 to 29, inclusive.

More than 500 firemen were in attendance at the school this year, and fifty instructors from various places over the nation, 250 Texas cities and towns were represented in the school.

San Saba

Mr. and Mrs. J. H. Hopkins, of Richland Springs, who have been mourning the death of their son, Lieut. Ben Ray Hopkins, reported killed in action about April 17th, while serving as co-pilot of an American Flying Fortress over Europe, are rejoicing over the glad news that he is alive, although a prisoner of the Germans.

Ending a serious illness of several months Mrs. Sam R. Ellison passed away at the family residence here Saturday morning after all that medical skill could do proved unavailing.

A sad occurrence in San Saba this week, was when little Thomas Dalvin Davee, year-old child of Mr. and Mrs. T. C. Davee, of the Lampasas side of the Colorado River bridge, died in the office of Drs. Felts and Farley, 4:30 p. m., Monday, as a result of having drunk kerosene. The baby was rushed to the doctor's office, arriving too late for the saving of his life.

Stricken with a serious heart ailment Wednesday Judge W. V. Dean was rushed to a Temple Hospital immediately. His condition, as reported to The News Thursday morning was extremely critical and all the children had been summoned to his bedside. His son, 2nd. Lieut. Bill Dean, now stationed at an army camp in Maryland, had just been taken to an army hospital suffering with pneumonia and it is unlikely he will be able to come.

Second Lt. Theo N. Wood, 41, for the past 13 years superintendent of schools at San Gabriel, Texas, and son of Mr. and Mrs. Edward H. Wood, San Saba, has been assigned as assistant post schools officer at Goodfellow Field.

Lometa

The school continues to receive checks for names to be placed on chairs, and looks now like a chair will be bought for every Lometa boy in the service which is gratifying to us.

We felt all the time that the folks would do this, thus creating a moment to their soldier boys and at the same time help seat the auditorium. Again the good folks of Lometa have not let us down and we are thankful in behalf of the school.

Fort Des Moines, Iowa—Auxiliary Roberta Blair of Lometa, Texas has completed training in the Administratives school of the First Woman's Army Auxiliary Corps Training Center here.

Fort Benning, Ga.—Leslie R. Hereford, Jr., of Lometa, Texas, was commissioned a second lieutenant in the Army of the United States today upon successful completion of the Officer Candidate Course at Infantry School at Ft. Benning. Lt. Hereford is the son of Mr. and Mrs. L. R. Hereford of Lometa.

William Leonard Hightower, 22-year-old son of Mr. and Mrs. Everett Hightower, passed away May 21, and was buried at Frost Cemetery on May 22. Mmes. F. A. Stockton, Ernest Kirby and Jack Maxwell went to Frost to attend the funeral.

J. A. Fulton went to Temple Tuesday for treatment at the hospital. He was accompanied by Jess Pickett who remained for medical treatment.

Sure missed you for Spring plowing. But everything's going along in good shape. You'd hardly know Jimmie. After you joined up, he figured it was up to him to fill your shoes. He's proved himself a real man. Any day now I expect he'll be trying to shave. That new Conoco 70th oil you started using in the tractor and car is a real help, too. The Conoco agent tells me it contains special oil-improvers to cut down cylinder wear and bad acid action. He said acid is worst in a car standing around—not used much. That means us, because we're saving the car and tires, and not wasting time, either. Just tell your buddies that the farmers around your home are busy as the devil, raising all you can eat, and then some. We all send love—and luck—Dad—

Mr. and Mrs. Carl Bledsoe, Lt. and Mrs. Howard Duggan and baby went to McGregor Sunday, where they visited Mr. and Mrs. Raymond Bledsoe and children. From McGregor Lieutenant Duggan and family went to Ennis, where they visited his mother, Mrs. F. H. Morris. The Bledsoe children, Billy Ray and Ima, accompanied their grandparents.

Mr. and Mrs. Carl Bledsoe, back to Goldthwaite for a week's visit. Mrs. Nora Garrett and granddaughter, Doris Marie Garrett, spent last Monday night with her sister, Mrs. George Bohannon, and family. Health Notes

The common disease, popularly known as athlete's foot, is said to be the third most common disease seen by skin specialists during the summer, and the fifth most common disorder in winter. It is due to a little mold-like growth or fungus which thrives best where there is moisture and warmth. Therefore the feet make an ideal place for the growth of this germ.

"To have athlete's foot, the infection must be gotten either directly or indirectly from some one else," states Dr. Geo. W. Cox, State Health Officer. "The most common places to contract the infection are around shower rooms, baths or bath houses, locker rooms, and other public places where persons go barefoot. And it is probable that at least one-half of all adults suffer from the infection at some time."

Dr. Cox suggested the following as some effective measures for preventing and avoiding recurrent attacks of athlete's foot:

1. Dry carefully and thoroughly the spaces between the toes.
2. Use a mild alcoholic solution on these areas after drying.
3. Liberally apply a plain, unscented talcum to those areas and sprinkle it freely in socks, stockings, and shoes.
4. Wear socks that are absorbent but not too coarse. Shoes should be well fitting but not too tight; sufficiently roomy but not large enough to chafe and rub.

Mrs. T. S. Gerald is visiting her son and family, Mr. and Mrs. D. Gerald and her daughter, Mrs. Charley Batchelor, in the Caradan Community.

GOD'S EXCEEDING GREAT PROMISES

LESSON TEXT—II Peter 1:1-11. GOLDEN TEXT—He hath granted unto us His precious and exceeding great promises; that through these ye may become partakers of the divine nature.—II Peter 1:4, R. V.

Growth in grace and in knowledge of Christ are as normal and expected of the child of God as bodily growth of the physical child. Tragic as is the failure of one to develop physically, it is even more distressing and sad in the spiritual realm. Yet it is a common thing in our churches, where only comparatively few believers even come to full stature in Christ, where more have only a partial growth, and some are forever babes in Christ.

God has made perfect provision for us, and has in His Word given plain and explicit instructions on how to gain spiritual development.

I. All Things Provided (vv. 1-4). In the physical world we are able to provide, at least in some degree, what is needed. We also know where to find mental food. Spiritual provision can come only from God, and we find from these verses that He has provided not just a small portion, or a limited ration, but "all things that pertain unto life and godliness," through the knowledge of Christ.

The "exceeding great and precious promises" of God are the abundant portion of the believer. They are sure promises, based in the altogether dependable Word of God. God's provision for us in Christ has made it unnecessary to look elsewhere. Here is escape from the world's corruption, the new nature in Christ, faith, grace, peace, power—all in Him.

The opposite is also true, that without Christ men have only the weak and disappointing help of men on which to draw. Of such foolish ones the Lord said through Jeremiah the prophet that they "have committed two evils: They have forsaken me, the fountain of living waters, and hewed them out cisterns, broken cisterns, that can hold no water" (Jer. 2:13).

II. All Diligence Required (vv. 5-7).

There is something that the Christian can do to insure his growth in grace. He is to be diligent, that is, have an earnest purpose and zeal to go ahead spiritually. This call for application and endeavor, just as progress in any other sphere of life, and possibly more.

Faith is the foundation of all such growth and without it there is nothing on which to build. But on it, or better, "in" it, we have all these other Christian graces springing up, as we give "all diligence" to encourage their growth. Notice the ascending scale. Faith leads to virtue, that is, courageous, resolute Christian character. Then comes knowledge—the intelligent understanding and discernment of truth. This is bound together by temperance, meaning self-control. Next is patience, that steady endurance which keeps going in spite of trial or disappointment.

The sixth note in this octave of graces is godliness, which speaks of piety, true devotion to God, and reverence for His name. Such a believer will love his brethren in all brotherly kindness; and that leads us to the high point of love (the real meaning of "charity," v. 7). Here love for God is obviously in mind, as the crowning grace of the believer.

III. All Eternity Assured (vv. 8-11).

We should look forward to that abundant "entrance into the everlasting kingdom of our Lord and Saviour Jesus Christ" spoken of in verse 11. There is such a thing as being saved "so as by fire" (I Cor. 3:15), slipping into heaven with nothing to show for our life as followers of Christ here on earth (read I Cor. 3:12-15).

God does not want for His people such an unseemly entrance upon eternity. Why should we be satisfied so to live that it may be true of us. Saved? Yes, but that is all. Are you satisfied with that prospect?

We should note, too, that this growth in grace will show itself in our daily life. It will keep us from being "barren (idle) and unfruitful" (v. 8). The Christian life must not be barren of true service for Christ, nor unfruitful of gracious harvest for Him. We are not on a sort of spiritual joy ride, sitting at ease as we speed on to the heavenly dwelling places.

Works do not save a man. We are justified before God by faith. But our faith is justified before men by our works of righteousness. Fruit grows on the living and healthy tree.

Observe that the Christian who lacks these graces (Do you?) is a nearsighted one who lacks both vision and grateful remembrance of God's loving-kindness (v. 9). How many members of our churches need their spiritual memory jogged and their spiritual eyes anointed with God's "eyesalve" (Rev. 3:18).

**NEWS from
YOUR COUNTY HOME
DEMONSTRATION AGENT
TEXAS EXTENSION SERVICE**

By **BERDELLE HARRIS**
Mills County Home Demonstration Agent.

H. D. COUNCIL
Council met Saturday, June 5th, in the Home Demonstration Agent's office at 2:15 o'clock for the regular meeting. The house was called to order by Mrs. E. D. Roberson, chairman.

There were 12 members answering roll call. The minutes were read by Mrs. Coley Sevier, acting secretary, Miss Fauser, regular secretary being absent.

Mrs. Weatherby gave a written report on the District Convention which was at Coleman. This report was very interesting. The 1944 convention will be held at Eastland, Texas. This report was accepted by the Council.

Mrs. Roberson gave some very interesting points about the convention which appealed to her as chairman of the council.

Mrs. George Shady gave the treasurer's report which was accepted by the council.

There was no old business so we went into new business.

Mrs. Harris, our Agent, made a report of a new canning center to be located in Goldthwaite for the benefit of those who do not have pressure cookers and who cannot borrow one from their neighbors. This is to be worked out real soon.

Mrs. Harris asked for volunteers who would be willing to supervise or at least help with this work. If there is anyone who wishes to do the supervising please get in touch with Mrs. Burdell Harris.

Motion made and seconded to adjourn.

THDA CANDIDATES NAMED

Candidates for offices in the Texas Home Demonstration Association have been determined following 12 district meetings over the state. The election will be held at the Association's annual convention late this summer.

The slate will include, for president: Mrs. Leon Sullivan, Ellis County, and Mrs. J. Y. Welch, Rusk County; for vice president at large, Mrs. George Parr, Lamar County, and Mrs. G. A. Rogas, Travis County, for secretary, Mrs. C. A. Caffee, Floyd County, and Mrs. W. M. Sells, Calhoun County; for treasurer, Mrs. J. O. Henderson of Smith County.

Candidates who have been endorsed as vice president for their districts are as follows: District 1, Mrs. R. L. Campbell, Deaf Smith County; District 2, Mrs. A. D. Parker, Swisher County and Mrs. C. W. Schaffer, Dawson County; District 3, Mrs. George H. Beavers, Wilbarger County, District 4, Miss Ella Caffee, Hill County; District 5, Mrs. J. W. Cyphers, Harrison County; District 6, Mrs. John B. Yancy, Tom Green County.

District 7, Mrs. A. L. Renfro, McCullough County; District 8, Mrs. Bell Adams, Falls County; District 9, Mrs. Swan Wright, Hardin County; District 10, Mrs. Ben Wilson, Victoria County; District 11, Mrs. G. E. Webb, Jr., Brazoria County, and District 12, Mrs. C. A. Oberg of Willacy County.

There are approximately 46,000 home demonstration club women in the state, according to Helen H. Swift, Extension Service sociologist who works with rural women's organizations.

SHRUBBERY PESTS

Red spider and cedar bagworms, which damage or destroy arborvitae, cedar and cypress, may be controlled by simple methods, according to Berdelle Harris, County Home Demonstration Agent.

Red spider, a microscopic creature which can be seen only with a magnifier, causes the leaves of many plants, including arborvitae and cedar, to start drying and dying at the center of the plant. A heavy beating rain will destroy the pest, but the best home control is a strong stream of water directed to reach all parts of the plant, especially the inner portions, and

repeated twice weekly. Dusting thoroughly with finely ground sulphur, also gives effective control, says Berdelle Harris, County Home Demonstration Agent. The pest thrives in dry, warm weather, and this year has appeared earlier than usual.

When bagworms hatch, infested plants should be sprayed with a mixture of two to three level teaspoonsful of lead arsenate to one gallon of water. See that spray reaches all parts of the plants. As the pest becomes older it seems to develop resistance to poison, and therefore harder to control. Fully grown bagworms, which reach a length of about three inches, should be picked off the shrubbery and burned, or placed in a screened box protected from rain. A parasite which lives with the pest can pass through the screen meshes and eat the eggs of the bagworm, thus reducing next year's crop of worms.

Bagworms are beginning to hatch in the southern part of Texas. They are hard to find among plant foliage in their early stage, because they camouflage the elongated bags in which they live with tiny pieces of leaves.

Mrs. J. E. Shipman

Funeral services for Mrs. J. E. Shipman were held in the funeral home at Brownwood at 5 o'clock last Sunday evening. She was laid to rest near her mother and other members of her family in the Brownwood Cemetery, the grave heaped high with fragrant blossoms and dripping with invisible tears of love. She left a husband, one daughter, Mrs. Mack Farris, and six sons: J. V., Edwin, Marvin, A. J., R. K., and Willey. She left 16 grandchildren and five great-grandchildren. She was 62 years, 3 months and 6 days old at the time of her death.

She also left one brother, Andrew Smith, and two sisters, Mrs. Lue Bibbly and Mrs. Addie McDonald, and many friends and loved ones. The pallbearers were her nephews and great-nephews. Stone Shipman of Goldthwaite, J. B. Shipman and son, Annie James Smith of Santa Anna, Oda Bibbly of Coleman, Jack Farris of San Saba, Mr. Sheppard of Santa Anna. The flower girls were her great-nieces. She was a member of the Methodist Church for many years. Her home was in San Saba County. She had a serious operation in a Brownwood hospital, and was only sick three days.

DIXIE W. WEBB

Dixie W. Webb was born June 11, 1883, and died June 4, 1943, being 59 years, 11 months and 23 days old. He was the youngest son of the late W. A. and Sarah Jane Webb. He joined the Baptist Church at an early age, and was a member of the Goldthwaite Baptist Church when he departed this life.

He married Miss Vena Hartman and to this union was born one child—Norma Lee. After her death he married Miss Maggie Hawkins, and to this union were born six children. Two preceded him in death.

Those left to mourn his going are his wife, five children, two sisters and a number of nieces and nephews.

Mrs. Eliza Jobe

Mrs. Eliza Jobe passed away at the home of her niece, Mrs. J. T. Adams, in Center Point community Wednesday, after a long illness. She had been bedfast for the past two months.

Mrs. Jobe was past 88 years old, and had been a citizen of Goldthwaite for 22 years.

Funeral services were conducted at San Saba Cemetery Thursday afternoon at 3 p. m. She was laid to rest by the side of her husband who preceded her in death by 30 years. She leaves one brother, David Terry, and a number of nieces and nephews.

EBONY NEWS—

By **CLEMENTINE WILMETH BRILEY**

Rain fell here abundantly Friday night and Saturday.

Sunday was fair with Sunday School and Communion in the morning and preaching in the afternoon. Bro. Arley E. Moore of the Melwood Ave. Church of Christ, Brownwood, preached for us. He was accompanied by Jess Alford and Mr. Olden from Brownwood.

Mr. and Mrs. Sykes and children of the Oakland Community attended church here Sunday afternoon.

Mr. and Mrs. P. R. Reid visited Mr. and Mrs. Ira Egger and their daughter, Mrs. Nelson Williams, Sunday after church. Mrs. Egger is reported to be considerably better.

Mr. and Mrs. John Holder and children from near Brownwood attended church here Sunday.

Homer Reeves of Beattie, Comanche County, visited his mother, Mrs. Sarah Ann Reeves, at the Stanley Reeves home Sunday.

Mr. and Mrs. Dale Reid and children went to Goldthwaite Saturday and remained over Sunday to visit Mr. and Mrs. Claud Mashburn.

Mrs. Nellie Malone had dinner with Mr. and Mrs. Hubert Reeves Sunday.

Mr. and Mrs. Dewey Smith visited Mr. and Mrs. Herman Glen Egger at Ridge last week.

Mr. and Mrs. Frank Crowder and Mrs. John Holder visited Mr. and Mrs. Bob Egger between dinner and church time Sunday, and brought Mrs. Egger back with them for church.

The Stanley Reeves house is coming along nicely, and is now ready for the finishing touches. They have been able to get what material they have needed except the kitchen sink.

Mrs. Nellie Malone has received a copy of a letter radioed May 29 to her daughter, Mrs. Angus Burn, of San Francisco from Mr. Burn in Santo Tomas Prison, Manila. He said he was o. k., was treated all right and had enough to eat. He also said they had phonographic music every evening. Mr. Burn has been a civilian prisoner there since the fall of Manila.

By a letter from Mrs. Cicero Reeves in Los Angeles, Mr. and Mrs. Stanley Reeves have received news of the tragic death of Allen Reeves, son of Mrs. Cicero Reeves, who was shot through the back of the head last week in the taxicab which he was driving. Witnesses say two men in sailor uniform escaped from the taxi.

The hearts of this community were bowed in sorrow when a telegram from the War Office in Washington received Thursday by Mr. and Mrs. J. R. Wilmeth stated that their son, Lt. Eugene D. Wilmeth, was killed in action in North Africa May 7. A letter is to follow.

Mr. and Mrs. J. R. Wilmeth spent Friday and Saturday with Mr. and Mrs. Ralph Wilmeth at Brooksmith. While there they also visited Mr. and Mrs. Willie Beakley at Placid. Mrs. Beakley returned home with them and stayed until Tuesday.

Mrs. Silas Duncan and Mrs. Maggie Lane of Algeria, San Saba County, cousins of Mrs. J. R. Wilmeth, together with Mrs. Lane's daughters, Misses Wilma and Cleo Lane, visited at the Wilmeth home Sunday afternoon.

Mrs. Paul McClung and daughter, Martha, of Plainview and Miss Marie Wilmeth of Childress came in Monday to spend the rest of the week with their parents, Mr. and Mrs. J. R. Wilmeth.
