

The Goldthwaite Eagle

VOLUME FIFTY-THREE

GOLDTHWAITE, MILLS COUNTY, TEXAS — FRIDAY, JULY 11, 1947

NUMBER FORTY-FOUR

DISTRICT LEGION COMMANDER HERE TO INSTALL OFFICERS

Louie D. Lane of Brownwood, 21st District American Legion Commander, and Charles A. Kyle installed new officers for Harry F. Edmondson Post here last Thursday night. The installation ceremony was held at Legion Park here. Commander Lane said the local post is 46 per cent ahead of last year on membership.

Following officers to serve the post for the coming year were installed:

Post Commander—Eugene B. Dickerson.

Vice Commander—Howard Campbell.

Vice Commander—Allan Campbell.

Post Adjutant—Harold Yarborough.

Service Officer—Lewis B. Porter.

Chaplain—William Roberts.

Sergeant-at-Arms—Tas Renfro.

Historian—Charlie Wilson.

METHODIST CHURCH INSTALLAT'N SERVICE FOR NEW OFFICIALS

All stewards, superintendents, and officials of the Methodist Church will be recognized and installed at an impressive service at the morning worship hour Sunday.

Rev. Dick Lowry, the pastor, who has been attending Pastors' School at Southwestern University, Georgetown, will be in the pulpit for the service.

FIRST BAPTIST CHURCH

Services as usual Sunday.

Baptist Radio Hour (Sunday)—7:30 A. M.

Sunday School—9:45.

Morning Worship—10:55.

Training Union—7:00.

Evening Worship—8:00 p. m.

Monday

The W. M. U. and Sunbeams—3 p. m.

FIRST METHODIST

M. D. LOWRY, Pastor

Sunday School—9:45. Jesse C. Moreland, General Superintendent.

Morning Worship—10:50.

Youth Fellowship—7:15.

Evening Worship—8:00.

Choir Practice—Wed. 8:00 p. m.

ICE CREAM SUPPER

There will be another Ice Cream Supper at Midway School House Friday night July 18. Everyone come and bring any ingredients you have to spare. Also bring your cream bowls and spoons. Ice will be delivered in the evening by someone from Caradan.

Everyone is invited.

Baseball game Dublin vs. Goldthwaite at Legion Park, Sunday, 3:00 P. M.

MAXIMUM WIDTHS FOR MOVING CAMP BOWIE BUILDINGS

The Texas Highway Department has furnished the Eagle with the following maximum allowable widths upon which permits will be issued to move buildings to be sold at Camp Bowie along the highways:

On US 84, Early High to Goldthwaite—26 foot width.

All highways in Mills County—26 foot width except State Highway 16 from Goldthwaite north, 20 foot. Colorado River Bridge, Highway 16 south—20 foot width and 13 foot height.

CHURCH OF CHRIST MEETING AT M'GIRK

Elder Ozro O. O. Newton will do the preaching for the Church of Christ at McGirk in a ten days meeting, beginning Friday night, July 18th and will continue over the fourth Sunday.

Everyone is invited to come. Services beginning at 8:15 each night 11:00 a. m. and 2:30 p. m. each Sunday.

SINGING AT NORTH BENNETT

The North Bennett Church singing class meets Sunday at eight o'clock, June 13. We invite all who sing and all who love gospel singing to be with us. Come to a singing that is different. Different for several reasons. First, it will be sponsored by the church. The church is behind the class and will be present at every meeting; second, the purpose is to create an appreciation for the old songs, as well as the new, which hold a sacred place in the hearts and worship of many different faiths. For instance hear this class sing "Amazing Grace," "How Firm A Foundation," "All Hail the Power," etc.

There will be quartet, duet and class singing. Visiting singers, quartets and the entire public are invited. So, fill the house. Come to sing and hear the songs that have become immortal to your hearts.

If you have a special song tucked away in a scrap book, and you want it sung, bring it. Remember, each second Sunday night at North Bennett Baptist church.

TRANSFER NOTICE

Please be reminded that all applications for transfer of scholastics from one district to another must be filed with the County Superintendent by August 1, 1947. No applications for transfer can be accepted or considered after that date.

JOHN L. PATTERSON, County Superintendent, Mills County Schools, 8-31

CHURCH OF CHRIST

M. E. BLAKE, Minister

Bible School—10:00 a. m.

Morning Worship—10:50.

Young People's Meetings, Senior and Junior—7:15 p. m.

Evening Worship—8:00.

Ladies Bible Class—Monday, 4 p. m.

Prayer Meeting—Wednesday, 8 p. m.

Come and worship with us.

Mr. and Mrs. Ernest Leonard had an enjoyable three day vacation over the fourth with Mr. and Mrs. Oran Hale in their home in Fort Worth. The time was filled with numerous events of interest, one being the ball game at LaGrave Field where the Fort Worth Cats won over Oklahoma City.

A driver who was not breaking any law, and two passengers with him, burned to death in this inferno when a reckless overtaking motorist sped to pass their car where the way was too narrow. His engine rammed into the gasoline tank, setting it afire, and the car was knocked off the road, end over end into a field, where it quickly turned into a molten furnace. The lawbreaker himself was not injured—such is the irony of highway accidents. National Conservation Bureau safety specialists report that improper passing ranked fifth as a cause of motor vehicle deaths last year; most often it was combined with excessive speed which accounted for at least 8,000 fatalities.

Drunk Driving Still Leading Traffic Problem Though Publics Aware Of Danger In Drinking

BY W. EARL HALL

Chairman, National Committee for Traffic Safety

Drinking by drivers and pedestrians is a growing traffic safety problem. The most recent records of state authorities show that in one out of every four traffic accidents, a driver or a pedestrian was reported as having been drinking.

Special studies bear out the belief of many authorities that the information on official accident reports understates the true picture. Surveys involving chemical tests of blood or other body materials of drivers tested who had been injured or killed in traffic accidents showed that half of the drivers had alcohol in their systems. About one third of all the drivers tested had sufficient alcohol to be under its influence.

Results show that the greater the concentration of alcohol in a person's system, the greater the danger. A person with a blood alcohol concentration of over .15 per cent has a relatively poor chance of staying out of an accident. The average driver in this range is fifty-five times more likely to be involved in an accident than drivers with no alcohol!

The public is well aware of the dangers of driving after drinking. In a public opinion poll for the National Committee for Traffic Safety, each person interviewed was asked which of ten listed factors caused the greater number of accidents, in his opinion. Driving while under the influence of intoxicating liquor ranked number one.

Perhaps the main stumbling block in getting better enforcement of drunken driving laws in most places has been the difficulty in determining whether drivers actually were under the influence. So much difficulty has been experienced in some places in convicting drivers who are under the influence but not "staggering drunk" that enforcement has been directed at only the most obvious cases.

Many progressive enforcement agencies, however, have turned to use of chemical tests to provide the needed additional evidence. Such tests show definitely whether there is sufficient alcohol in the blood stream and brain to cause intoxication. Their use eliminates the guesswork by showing whether a drinking driver has enough alcohol in his system to be legally under its influence.

Tests results do not measure how much a person has been drinking—they show instead how much has been absorbed in the blood stream, and how

MILLS COUNTY PEOPLE HAVE MORE MONEY THAN EVER

The people of Mills County have more spending money available to them right now than ever before in history. In fact, they have at least two million dollars more now than they had ten years ago.

This more than two million is reflected in bank deposits in The Trent State Bank. It does not include any war bonds or other bonds Mills County citizens may have stashed away for some rainy day.

Deposits in The Trent State Bank, as certified to the Banking Commissioner of Texas, which appears in the statement appearing in this issue of The Eagle, at the close of business on June 30, 1947, totaled \$2,882,370.69—which is \$2,132,000 more than at the close of business at the same date ten years ago, when total deposits were three-quarters of a million. In 1910 deposits were less than a quarter million.

Following figures show how the financial condition of the people of Mills County has improved over the years:

Deposits, 1910 \$ 208,000

Deposits, 1937 750,000

Deposits 1947 2,882,000

The Trent State Bank, with total resources of over three million dollars, is in the best condition in its entire history with over two million in cash on hand and a million in loans.

Officers and directors of the bank include:

E. T. Fairman, President.

Grover Dalton, Vice President.

N. E. Stockton, Vice-President.

E. D. Hamilton, Cashier.

Glynn Collier, Asst. Cashier.

Directors—E. T. Fairman, Grover Dalton, N. E. Stockton, E. D. Hamilton, W. P. Duren.

BANK'S OFFICIAL STATEMENT OF FINANCIAL CONDITION OF THE TRENT STATE BANK

at Goldthwaite, Texas, at the close of business on the 30th day of June, 1947, pursuant to call made by the Banking Commissioner of Texas in accordance with the Banking Laws of this State.

RESOURCES	
Loans and Discounts, including overdrafts	\$1,018,746.05
United States Government Obligations, direct and guaranteed	833,200.00
Obligations of states and political subdivisions (including exchanges for clearing house)	75,068.51
Cash, balances due from other banks, including reserve balances, and cash items in process of collection (including exchanges for clearing house)	1,120,479.75
Banking house, or leasehold improvements	1.00
Furniture, fixtures, and equipment	1.00
Other assets	1.00
Total Resources	\$3,047,497.42
LIABILITIES AND CAPITAL ACCOUNTS	
Common Capital Stock	\$ 50,000.00
Surplus: Certified \$50,000.00; Not Certified \$	50,000.00
Undivided profits	65,126.73
Demand deposits of individuals, partnerships, and corporations	2,744,474.28
Public funds (Incl. U. S. Govt., states and political subdivisions)	132,074.49
Deposits of banks (excluding reciprocal balances)	5,821.92
Total all deposits	\$2,882,370.69
Total Liabilities and Capital Accounts	\$3,047,497.42

State of Texas—County of Mills: I, GROVER DALTON, being Vice President of the above named bank, do solemnly swear that the foregoing statement of conditions is true to the best of my knowledge and belief.

GROVER DALTON.

Correct—Attest:

E. T. FAIRMAN,
W. P. DUREN,
E. D. HAMILTON,
Directors.

Subscribed and sworn to before me this 2nd day of July, 1947.

Notary Public, Mills County, Texas.

SAFETY TIP OF THE WEEK

HOW TO WIN FRIENDS AND INFLUENCE DRIVERS

An etiquette book is a pretty scary thing, if you read it from cover to cover, yet actually all those hundreds of rules boil down to just one thing—constant thoughtfulness and consideration for other people.

That kind of etiquette is very bit as important when driving a car, because while rudeness and lack of consideration may cost you some friends, on the highway they are terribly apt to cost a life—maybe your own, maybe someone else's.

A courteous driver never expects other motorists to read his mind; he makes his intentions clearly known, well in advance. He signals before slowing down, before stopping. At other times he refrains from pointing, waving, or making other confusing motions with his signalling arm.

JULY LAST MONTH FOR EASY RE-INSTATEMENT INSURANCE

July is the last call on easy method of reinstating your National Service Life Insurance for veterans. Through August 1 you can reinstate your insurance by paying premium for month of lapse and current month on amount of insurance reinstated, and by merely making a comparative health statement.

There are many new features of this GI insurance: Anyone can now be named as beneficiary, and in case of death will pay in lump sum, if this plan has been designated by insured.

Baseball game Dublin vs. Goldthwaite at Legion Park, Sunday, 3:00 P. M.

If everybody applied even that tiny bit of highway etiquette, a human life could be saved every day of the year!

BIG WAR ASSETS SALE AT BROWNWOOD

Brownwood (Special) — An emergency site clearance of \$250,000 worth of war surplus materials at Camp Bowie will be held July 14, 15 and 16 will speed the return of the war-built industry, it was announced this week by C. B. Ramey, location sales chief of the Grand Prairie regional War Assets Administration office.

All available surplus property of the camp is in the process of being turned over to WAA for final disposal, Ramey said. The clearance sale will be in the form of informal bidding on a number of lots containing a wide range of materials, in-

cluding items varying from portable gas power plants to office furniture.

Inspection and acceptance of purchase bids on a non-priority basis will be held at the field from 9 a. m. to 4 p. m. Monday and Tuesday, July 14 and 15, with the bid opening for all lots at 9 a. m. Wednesday, June 16. Successful bidders are required to be present for the bid opening to claim awards.

Among surplus to be offered in lots of related materials for high bid will be hospital and wooden bunk beds, plumbing and electrical supplies, gas refrigerators, welding equipment, water purificator, power saws, sterilizers, hand tools, sewing machines and kitchen equipment. Also included will be several portable gas power plants and a supply of office furniture.

MRS. R. M. PATTERSON IN HOSPITAL

Word was received here last week-end that Mrs. Relfe M. Patterson, a former resident of Goldthwaite, is in the Valley Baptist Hospital in Harlingen, where she underwent a very serious operation June 24. Her many friends here hope for her a speedy recovery.

Mr. and Mrs. Patterson moved from Goldthwaite to Harlingen last July. He was employed in the post office while residing here.

Vinegar, long advocated as a means of controlling coccidiosis in poultry, has been proved by scientific tests to be valueless for this purpose.

The smart pecan grower keeps his mower going in the grove if weeds and grass are thick.

NEWS FROM FOOD FOR VICTORY

YOUR COUNTY HOME DEMONSTRATION AGENT TEXAS EXTENSION SERVICE

It's a good bet that gardeners are having troubles right now with tomato plants shedding their blossoms and there are quite a few conditions that cause this blossom shedding.

Usually, it's caused by a combination of high temperature and low humidity. When hot, dry windy days come along, the blossoms become sterile and shedding follows. Sometimes, you can cut down blossom loss by spraying or sprinkling water on the plants late in the afternoon. The water gives a more uniform moisture condition... raises the humidity and lowers the temperature.

Now you're going to say you've got tomatoes that have had plenty of water, the vines are in

good shape and still the blooms are falling off. In this case your trouble may be a small greenish bug that stings the blossoms and sucks the juices out of the small blossom stem. A dusting job with .75 percent rotenone will get this little green bug if you repeat the treatment for several days until all signs of the insects are gone.

In some cases, blossom shedding has been stopped by a little summer pruning, cutting off the suckers up to the first flower cluster. And a virus disease, mosaic, which sometimes causes blossoms to shed and makes leaves curl up, can only be dealt with by pulling up and destroying the plants that are affected most.

Swing Of Southwest Farm Markets

Cotton and some grains dropped sharply last week, and easy spots appeared in livestock and vegetables, according to the Production and Marketing Administration, U. S. Department of Agriculture. Other southwest products sold steady to strong.

Spot cotton markets quoted \$2.50 to \$7.25 per bale lower prices last week. A little more activity left trading still on a small scale. High and medium grade cotton continued in demand. Most cotton areas enjoyed growing conditions.

Eggs held firm last week, and even advanced slightly in some areas. Better qualities found especially good demand. Current receipts brought mostly 37½ to 38½ cents per dozen at Fort Worth.

Most cattle sold about steady last week, but Oklahoma City paid 25 to 50 cents higher prices, while cows and bulls went lower at Houston, as did calves, bulls and low grade cows and heifers at Denver. Common to medium cows bulked at around \$12 to \$15 at most places, and canner to cutter

MILLAND, STANWYCK, FITZGERALD STAR IN 'CALIFORNIA'

A motion picture that sounds as though it were the answer to every conceivable motion picture taste is promised patrons of the Melba Theatre beginning next Tuesday when Paramount's Technicolor spectacle-romance, "California," arrives in town.

Co-starring Academy Award-winning Ray Milland, Barbara Stanwyck and Barry Fitzgerald, the film features in their support George Coulouris, Albert Dekker, Anthony Quinn and Frank Faylen, plus a cast of over 5,000 players.

"California" is Milland's first outdoor action picture and provides the popular star with an opportunity to display still another facet of his amazing talent. It is also the first time he has been teamed with Miss Stanwyck, who portrays a glamorous woman of fortune. Their paths cross when Milland, who has been hired by pioneer Barry Fitzgerald to guide a wagon train to California, objects to the presence in the train of what he considers Barbara's disturbing influence. Barbara has just been run out of town by the "good" women, and the kindly Fitzgerald agrees to take her along to California, over ruling Milland's objections.

The development of the romance between Milland and Miss Stanwyck is set against the turbulent days when California was torn between those who favored entry into the Union and those who wanted to set it up as an Empire. The leader of the latter group is portrayed by George Coulouris as the formidable but colorful Captain Pharaoh Coffin, ruler of Pharaoh City, journey's end for Fitzgerald's wagon train.

It is Coulouris' and Milland's rivalry for Miss Stanwyck and their opposite stand on the question of California's political destiny that provide the bases for much of the film's dramatic and exciting action.

"NOBODY LIVES FOREVER"

AT 10:30 PREVUE SATURDAY

Teaming dynamic John Garfield with a hard-hitting, fast moving script that offers the star plenty of tough competition from a group of unscrupulous petty racketeers and, in equal dosage, plenty of romantic dalliance with a lovely lady, seems an infallible formula for sure-fire screen entertainment. And it is our pleasant duty to report that Garfield's newest cinema venture, Warner Bros. "Nobody Lives Forever," in which he co-stars with Geraldine Fitzgerald, is no exception to that rule. For the new drama, which opens Saturday night prevue, stems from the pen of W. R. Burnett, all-time champion of such hard boiled film fiction as "Little Caesar" and "Scarface," and provides Garfield with his meatiest "tough-guy" role to date. Boasting, in addition to the two able stars, a number of top-flight featured players like Walter Brennan, Faye Emerson, George Coulouris and George Tobias, it is not to be wondered at that "Nobody Lives Forever" unfolds on the screen as an inspired marriage of talent and dramatic challenge that's sure to keep the Melba Theatre packed to capacity during the showing of the picture's run.

Reports of "flying saucers" have been coming in throughout the nation and last week they were reported in this section, when Homer Jethro of Route 3, Goldthwaite, said he saw a few of the saucers flying around. The following concerning Jethro's report was abstracted from the Brownwood Bulletin: "Homer Jethro, Route 3, Goldthwaite, reported to The Bulletin late Thursday that while coming into Brownwood that afternoon he saw four to six 'flying saucers' going southwest over the Camp Bowie maneuver area so fast that he couldn't count them. Jethro said the flying objects

FLYING SAUCERS SEEN BY MILLS CO. MAN

were round, flat things of silver gray color, flying closely bunched together at terrific speed. It was the first report of the mystery ships being seen in Brown county, and if others saw them they have not contacted this newspaper." The recent reports of flying saucers are blamed on predictions that an atomic war would break out, destroying the United States.

NO. 523—TEXAS

Comprising all Farms and Ranches in Brown and Mills Counties—Approximately 1,057,280 Acres.

C. C. Wright, cooperator whose farm is located in the Pompey Conservation Group, reports an estimated 400% increase in production of millet hay following Austrian Winter peas cut in green. His peas were seeded at the rate of 30 lbs. per acre and fertilized with 200 lbs. of 20% superphosphate per acre. This was on sandy loam soil.

Ward Carlile of Scallorn called his neighbors together at the Scallorn school house Thursday night, June 26, where the Brown-Mills Soil Conservation District program was explained by representatives of the Soil Conservation Service. M. F. Hines, C. S. Smith, F. E. Eckert, Victor Williams, T. A. Casbeer and Mr. Carlile all signed a

group application to the District supervisors for assistance in soil conservation work.

Felix Bode of the East Mullin Conservation group recently completed 1.4 miles of field terraces. The terraces were built by Jack Montgomery with a whirlwind terracer.

A meeting was held Thursday night July 3, at Elmer Embres' home in the Washboard community for the purpose of organizing a conservation group. Functions of the Soil Conservation Service from the Goldthwaite Work Unit. Members of the group include Charles H. Partin, Charlie Swindle, C. V. Ridgeway, and Mr. Embres as group leader.

COUNTY AGENT NEWS --

MORE PHOSPHATE

Some 10 Mills County farm and ranchers with help from the Mills County Stock Raisers' Ass'n. as sponsors, have just received 10 tons of 46 per cent super phosphate to be used on legumes and other soil building grasses during the coming year.

This phosphate is being used on test plot bases to prove that there is a difference in yield where phosphate is applied and where no phosphate is applied. There were some good results from experiments this last year.

Talk with these farmers and ranchers and they will tell you what they think of the use of this phosphate.

FROM THE COUNTY AGENT'S OFFICE

Each Monday will be office day at the County Agent's Office. You will find the Agent in the office all day Monday. Although you can come in any day of the week that you care to, as the office is open 6 days a week and there is a very efficient secretary at the office at all times. If we can't help you, we will try to find the one who can help you.

The County Agent reports that he is enjoying his work here and will try to get around to meet everyone. The cooperation from other agencies has been 100 per cent and wish to thank everyone concerned.

I would like to congratulate the people and community on their selection of the new high school Vocational Agriculture teacher. I have known him for

sometime and think him to be Texas' best.

BAG WORMS

The Bag Worms are still at work and will continue to work on your arborvitae until you destroy them. What? It will soon be too late to kill them with a stomach poison as they will stop eating and hibernate in a cocoon. If you do use a stomach poison such as arsenate of lead, it should be used before July 20th to be the most effective.

As the worms mature, they cease to eat. B.H.C. 50 can be used as a contact spray and is proving to be very effective in destroying bag worms. B.H.C. 50 may be secured from your local stores who handle insecticides.

EXAMINATIONS FOR GOOD POSITIONS

The Merit System Council of Texas will hold open competitive examinations for a number of positions with Texas Employment Commission and the State Department of Public Welfare in various cities throughout the State, at 9:00 a. m. on August 16, 1947. The entrance salaries for these positions range from \$1587 to \$2553 per annum. Persons interested in these examinations may obtain application blanks and full information relative to duties, minimum qualifications, and salary ranges at their nearest Texas Employment Commission or State Department of Public Welfare office, or by writing to

the Merit System Director, 808 Tribune Building, Austin 21, Texas.

OPENS ANIMAL HOSPITAL

Dr. J. R. Saunders, veterinarian, this week announces the opening of his offices and new animal hospital located on the

Goldthwaite highway one mile north of San Saba.

An army veteran and graduate of Texas A.M. College's school of veterinary medicine, Dr. Saunders recently completed construction of the 4-room hospital completely equipped with laboratory and operating facil-

ities for all types and animals.

RAYMOND COCKRUM, SOLE OWNER

GOLDTHWAITE MEMORIAL CEMETERY

"Lest We Forget"

Goldthwaite, Texas

To All Who Are Interested in the Goldthwaite Cemetery:

The City now owns the Memorial Cemetery and the City Council appoints five citizens to manage its upkeep.

We feel sure you want to co-operate with this Committee of Five, so that the grounds and lots can be kept in good condition. The Committee has studied the requirements from all angles, and we find that in order to keep the Driveways, Walkways and Lots free of weeds and keep up repairs, it is needful for every Lot Owner to pay a given amount annually.

We suggest \$5.00 for all full Lots and \$3.00 for half Lots. As labor is very high, this amount is not adequate during a rainy season, therefore any larger gifts of money or labor will be greatly appreciated.

Make your checks payable to the Secretary of the Cemetery Committee.

Yours for a well-kept Cemetery,

S. P. SULLIVAN, Chairman.
J. A. HESTER, Sec.-Treas.
J. G. BERRY.
J. Y. TULLOS.
W. T. KEESE.

JEFFERSON STANDARD LIFE INSURANCE COMPANY
GREENSBORO, NORTH CAROLINA

Put your FAMILY FIRST

THE intention of every man with a family is that his property be passed on to his wife and children at his death. Unfortunately, this doesn't always happen because the family may be the very last to receive a part of the estate property. Funeral expenses, other death costs and outstanding debts have to be paid, and they come ahead of the family.

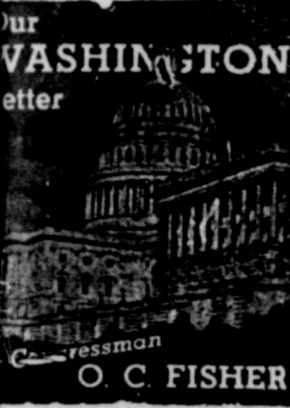

Thousands of far-seeing men are using our special Jefferson Standard Clean Up Plan to take care of last expenses. This plan will put your family first and assure them of receiving all of the property that you leave. It can also be combined with other Jefferson Standard plans to provide replacement of income. At no cost, ask about our Clean Up Plan today.

HAWAII AND STATEHOOD

The House last week voted 196-133 in favor of permitting the Territory of Hawaii to become the 49th state in the Union. I voted against the resolution because I have grave doubts that such action is wise.

At its request, Hawaii became a Territory of the U. S. in 1898. It now has a population of 502,133. Of this number only 11,000 are racially Hawaiians. There are 61,000 part-Hawaiians, 9,000 Porto Ricans, 30,000 Chinese, 7,000 Koreans, 46,000 Philip- pinos, 172,000 Caucasians, and 100,000 Japanese.

In the last election only 71,000 voted. And yet if admitted to

statehood those 71,000 would elect two United States Senators and one Member of the House.

The admission of Hawaii would provide a strong precedent for the admission of Alaska and Porto Rico.

The Territory of Hawaii is made up of eight tiny volcanic islands 2,000 miles off the coast. Some 60-odd percent of the islands is of oriental origin. Most of the land is owned by a handful of people. It can hardly be expected that the rank-and-file of the people there share our thinking and ideals and have the same spirit of Americanism that typifies the average American. Their interests are different and their background is quite different from ours.

The bill now goes to the Senate where action at this session is not expected.

PEANUT QUOTAS

It now appears that Secretary of Agriculture Anderson will order acreage allotment of peanuts for the 1948 crop. He has already stated his intention to do so. A number of us, especially from Texas and Oklahoma, have protested this move and urged that reductions on a voluntary basis be first given a chance.

Congressman Steve Pace of Georgia, who was instrumental in preventing quotas for 1947, has a bill pending to prohibit quotas for 1948, but it is doubtful the bill will be favored by the Agriculture Committee. The Secretary contends the Government peanut support program will be too expensive unless there is a sharp acreage reduction.

The exact basis for determining acreage allotments for individual farmers has not yet been devised. The formula must conform in general to the peanut quota law passed by Congress in 1941, but there are details that will be of interest to Texas growers. We are striving for a program—if one is imposed—which will protect the best interests of Texas growers as compared with growers in other parts of the country.

Peanuts has become a big crop in Texas and has replaced cotton in many localities as the principal farm product. In our area, the counties of San Saba, Brown, Mills, Gillespie, Mason and Llano have increased production, while smaller quantities are raised in surrounding counties. Peanut acreage in Texas has jumped from 129,000 acres in 1929 to 750,000 acres in 1946. During that same period the acreage jumped in the state of Georgia—the leading state—from 389,000 to 1,090,000 acres.

Another 2-billion-pound peanut crop is in prospect this year. Such a crop would be the sixth in succession above 2 billion pounds. The 1931-40 average was 1.2 billions.

FOOT AND MOUTH DISEASE

The eradication program of the dreaded foot-and-mouth disease in Mexico is progressing and is proving very expensive. But that was expected and cannot be avoided. Congress has already provided \$10½ million to start with, and the Department of Agriculture has come in and asked for another \$65 million to continue the slaughter program. Chairman Taber of the Appropriations Committee declined this request pending an inspection and investigation by a Congressional committee. That is now being done. It would be disastrous to relax the program at this time, regardless

EBONY

By CLEMENTINE WILMETH BRILEY
(Intended for last week)

It's terribly dry and hot down on the farm these days, but homeless thousands along the Mississippi River and other when we read about floods and waterways, right deep down in our hearts we feel that we should be very thankful.

Hubert Reeves and Henry Griffin took a load of peaches to San Antonio last week. Stanley Reeves also took a load to North Texas.

Gene Egger went to Evaat on business Monday.

Ernest Malone, Mrs. Nellie Malone, Mrs. Breeding, and Bennie Clayton visited with the Roy Reynolds family and Miss Dollie Reynolds Thursday night. Mr. and Mrs. W. C. Wittenburg and children, Clint and Jack, went Sunday after church to Rock Springs to attend a birthday dinner honoring Mrs. Wittenburg's brother, Dale Reid. They were expecting to meet the members of the P. R. Reid family and the Cloud Mashburn family there.

John Briley went to Goldthwaite for some dental work Monday.

Mrs. Hattie Wittenburg spent Sunday with Mr. and Mrs. J. E. Egger.

Little Evelyn Reeves Hardin of Stanton was out at Sunday School Sunday. She is spending the week with her maternal grandparents, Mr. and Mrs. S. H. Reeves. Her father, Albert Hardin, brought her Friday and went on to Evaat to visit kin there.

Mrs. Nellie Malone, Mrs. Breeding, Mrs. Edna Dwyer, and Ednabeth Cawyer were guests of the Briley-Belches Sunday after church.

We have a boy triumvirate in our community now in the person of Ezelle Thompson, Johnny Griffin and Bennie Clayton. They are inseparable. Bennie was invited to the Briley's for dinner Sunday, but he couldn't accept. He had to be ready to be off to the Thompsons as soon as they returned from Sunday School at Indian Creek. Then as soon as dinner was over, it was off to the river for him and Ezelle and Johnny. Ynell Egger and Ednabeth Cawyer rode double on horseback to see Lila Jo Thompson Friday.

Taylor Duncan and J. R. Reeves attended the cattle auction sale at Goldthwaite Monday.

Bill Belch had a call from his aunt, Nellie Malone, Monday morning asking him if he would please come milk their cow as Ernest had gone off somewhere Sunday and hadn't come back. He wasn't gone long. When asked by his folks if he had milked the cow (he said that Ernest came in while he was there. "Could you have milked her if he hadn't come?" he was asked. "No," he said, "When she saw me she broke out of the pen and ran off into the pasture."

Since the Hubert Reeves family lost their house by fire last fall, they live in the Joe Bailey house, but they have never moved their chickens and cows. So they go back and forth each day to tend to them. At the Bailey place, they have to draw their water from the windmill tank. So Mrs. Reeves said she improvised her a bathroom there, using a water bucket for a tub. But when Hubert came along, he punched holes in the bottom of

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritic or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. Pleasant and no trouble at all. You need only 2 tablespoonfuls two times a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by

RIDGE

BY MRS. SALLIE KIGHT
(Intended for last week)

Ridge is about to dry up and blow away. I am one of the waterhauling gang now. My windmill doesn't turn enough to keep me in water.

Mrs. M. W. Calder of Big Valley, our writer from there, is at Marlin and has an operation for gall-stone and is doing nicely now. We hope her a speedy recovery and that she soon return home.

Mrs. E. K. Wood, her daughters, Mrs. Nora Murphy and

Mrs. Hulon Egger and daughter, Marianna, went to Marlin one day last week to visit her sister, Mrs. M. W. Calder.

Bill Wood, John Wood, Tommie Wood and W. H. Freeman have gone to South Texas for the combine season with 2 tractors, two combines and a truck.

Mr. and Mrs. Pellum Shell and daughter, Katy from South Texas are visiting Mr. and Mrs. W. H. Freeman, Sr. Mrs. Shell is Mrs. Freeman's sister. They all went to Brownwood to church Sunday night.

Mr. Jess Rasco and family went to Brownwood to Church Sunday night.

Mr. and Mrs. Charlie Bryant

went to Brownwood to church Sunday morning and Sunday night.

Mr. and Mrs. Jess Massey and son of Goldthwaite was our dinner guests Sunday.

Lem Egger and Hulon Egger went fishing today.

Mrs. Nora Murphy from Fort Worth is spending her vacation with her mother and dad, Mr. and Mrs. E. K. Wood.

Mr. and Mrs. Oscar Cooksey stopped by to see us one day last week on their way to their pasture.

Fruit-tree damage from sun scald or blister can be cut down by wrapping the tree trunks.

Field. The training he received in the mechanics school covered basic airplane and engine mechanic operations. The technical course extended over a period of approximately 16 weeks and included instruction in aircraft electrical systems, engine operation, fuel and oil systems, propellers, structures, instruments and basic inspection. This qualified him for additional specialized training in the maintenance of heavy bombers, cargo planes, jet and rotor aircraft.

IN HOSPITAL AT MARLIN

Mrs. L. R. Hendry and daughter, B. Close and little daughter, Carolyn, spent last Saturday night here in the home of her daughter Mrs. C. T. Wilson and Mr. Wilson.

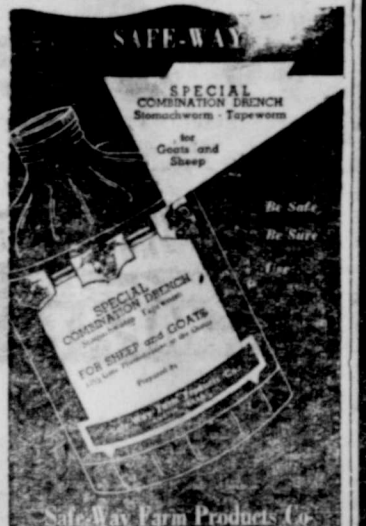

They left Sunday morning for Marlin where Mrs. Hendry is taking baths and treatments at the Boule Clinic.

Brown Family Reunion Held July 6

Another family reunion brought almost 100 people from seven Central Texas counties together at Lake Eanes, Comanche, last Sunday, July 6, when descendants and relatives of descendants of the late J. B. and Lorraine Brown met for their annual visiting and feasting. They were from Eastland, Comanche, Mills, San Saba, Erath, Hamilton, and Runnels Counties.

Mr. and Mrs. Brown, both deceased, were known as Uncle Jim and Aunt Lorraine for many years while they were raising their large family around Hasse and Proctor in Comanche County. Many of their later years were lived in San Saba and Mills counties, where several families of their descendants still reside.

The group started gathering at Lake Eanes Saturday afternoon. About half of them spent the night there and others joined them Sunday morning.

A picnic lunch was prepared at the reunion grounds. In the afternoon the crowd gathered in the tabernacle, where Rev. George M. Sullivan, Presbyterian at Hamilton and a member of the family preached to them. The singing was led by Mrs. Mack Brown of near Richland Springs in San Saba County.

Next year the reunion will be held at the home of Mr. and Mrs. Andy Brown on the Colorado River in Mills County on July 3 and 4. Their home is on the Goldthwaite-San Saba highway near the river bridge. All members of the family and their friends are urged to be present at the reunion.

Alfred Bagley, who lives near Dublin in Erath County, was elected chairman of the reunion association and John B. Sullivan of Hamilton was elected secretary.

All six living children of Mr. and Mrs. J. B. Brown were present for the reunion. They were Hut of Comanche, Arthur of Eastland County, Andy of Mills County, Mack of San Saba County, Janie, and Lizzie of Comanche. Many members of their families were there.

From Mills County, Edna Kinchelo, her husband, A. C. Kinchelo, and their children, A. C. Jr., Billy, Bobby, Ray, and Valdie. The Kinchelos live near Star in Mills County.

Mr. and Mrs. Andy Brown of Mills County. They have been living at Fort Worth for several months where Andy is working in an aircraft factory.

Marvine Weatherby of Dallas spent Saturday and Sunday with her grandmother, Mrs. J. H. Burnett. Mrs. Burnett's great-grandson, Weatherby Carr of Dallas was also here.

PUNISH THE DRUNK DRIVER

The public is well aware of the dangers of drunk driving.

In a recent public opinion poll conducted by the National Committee for Traffic Safety, each person was asked which of ten listed factors caused the greatest number of accidents: Driving while under the influence of intoxicating liquor ranked number one.

Yet special studies show that one half of the drivers who were killed or injured in traffic accidents during the last year had been drinking! One third of all drivers tested had consumed sufficient alcohol to be under its influence!

How can a man justify manslaughter or bodily injury when he is fully aware of its cause, yet ignores his responsibility to stop it? The answer is he can't justify it and is deserving of full punishment under the law for his inexcusable act.

The drinking driver who is killed in an accident of his own making pays for his error tragically, and often with the horror of a painfully mutilated and lingering death. Often, too, his family is left with a financial burden caused by his act.

On the other hand, the drinking driver lucky enough to escape death, even though he may be permanently injured, still has no justification in expecting anything but the severest penalty the law can apply to him.

It is the duty of all of us, both drivers and pedestrians, to curtail drinking while we are driving or walking on our streets and highways. Then it is our duty to see that those who do violate the rules of safety and decency are severely punished.

THE BOND-A-MONTH PLAN

Most of us have a keen appreciation of money. There are at least three reasons why we necessarily have so much respect for it. First, we have to work to get it. Second, whenever we want anything from today's groceries to a college education for the children or eventual retirement in future years, money is the first consideration. The third reason why we regard money with respect is the fact that it is hard to save. Anything that makes saving easier is automatically in the "boon to mankind" category.

The United States Treasury has come up with a plan to make saving easier for millions of income earners who do not have the benefit of regular savings through payroll deductions for buying U. S. Savings Bonds.

The new plan is known as the "Bond-a-Month" plan. It enables farmers, business and professional people, and others not on a "payroll" plan to save regularly. For a long time, these people have not enjoyed the advantages of automatic savings created by buying U. S. Savings Bonds regularly.

Under the new plan, all that these people now need to do is authorize the bank where they keep their checking accounts to buy and send to them a U. S. Savings Bond each month. The bank buys the bond, registers it in the name of the purchaser, and deducts the purchase price from the owner's checking account balance. There is no charge for the service. The full purchase price is invested in a Savings Bond, and there are no "extras."

Here is a plan we can endorse. It enables people to become not only savers, but also investors in what has come to be the world's safest interest bearing investment—U. S. Savings Bonds. The new plan should go a long way toward producing a degree of financial competence and independence for a large part of our people—and they are helped by the banks to create it for themselves.

WOMEN 38-52 YEARS OLD-DO YOU SUFFER THESE FUNNY FEELINGS?

due to this functional "middle-age" cause? E. Pinkham's Vegetable Compound to relieve such symptoms. This great medicine is famous for this! Taken regularly—Pinkham's Compound helps build up resistance against such "middle-age" distress. Thousands have reported benefit! It's also a grand stomachic tonic. Worth trying.
Lydia E. Pinkham's VEGETABLE COMPOUND

LOOKING BACKWARD THROUGH EAGLE FILES

TEN YEARS AGO

(Taken from Eagle File of July 16, 1927)

The Eagle is very much indebted to Joe Ritchie for a very fine watermelon.

A pipe line crew of nine men under Superintendent R. E. Love of Temple is making headquarters in Goldthwaite while engaged in lowering the Atlantic Pipe Line near Evant.

W. C. Thomson, 50, a farmer residing in the Trigger Mountain community, was seriously injured in a highway accident Monday night and his recovery was considered doubtful yesterday.

Fairman Crawford and family from Mt. Olive visited his brother, Melvin Crawford and family Sunday.

Pauline Berry and Weldon Lucas were married last Thursday night, July 8.

At Mrs. Eula Nickols' Saturday night there was a tacky party, which was fine. There were visitors from Corpus Christi, Fort Worth, Goldthwaite, Crawford's Mill and Rabbit Ridge.

Carl Bledsoe and family visited with E. L. Pass and wife Sunday afternoon.

Miss Bernice Traylor is in Brownwood this week with her sister, Mrs. Beryl Turner.

Clayton and Catherine Crook and Marie Hall were Sunday callers of Loraine Calloway.

J. D. Fallon spent a short while in the Eagle Office Saturday on business.

Miss Lottie Bell Hester returned home Saturday from a two week's visit in Corpus Christi.

W. P. Weaver is around on the streets and in his office again after being confined to his bed for a week or more.

Jack Kilgore of Lulling was in the Neal Dickerson home last week. Mrs. Kilgore accompanied him home.

Voyd Lee Doggett and George Ballard left Saturday for the Civilians' Military Training Camp at San Antonio. They will be in training for a month.

On July 6, Mrs. H. H. Kemp was hostess to the Blue Bonnet Club. The afternoon was spent in embroidering on fancy work.

Miss Isabelle Grellie was operated on July 3rd for appendicitis in Brownwood.

Mrs. Fisher Wigley and daughters, June and Joyce, spent Wednesday afternoon in the Tom Copeland home.

Miss Merlene Weathers of Roy, New Mexico, and Mrs. Ashtley Weathers and children, Johnnie, Aline, Geraldine and F. D., attended the Association at Carzdan Saturday and Sunday. Mrs. Weathers met one of her cousins whom she hadn't seen in twenty years.

Jim Kelly made a business trip to Waco Monday.

Mrs. Fred Laughlin helped her mother, Mrs. Varnell, can corn and peaches Monday.

Thirty Years Ago

(Taken from Eagle File of July 17, 1897)

The yield of wheat per acre in the Star locality is very good and now if the farmers can sell this wheat for 75 cents per bushel it will stimulate their financial condition wonderfully.

A. H. Smith and family of Belton were visiting their son, W. J. Smith, a portion of last week.

J. E. Landers was among the prominent farmers in town Saturday.

Capt. M. S. Wallace treated the Eagle force to a watermelon Tuesday, which was highly appreciated.

Jno. F. Cox had the misfortune to lose a fine Jersey calf last week. The animal was left tied to a tree and strangled itself.

The school trustees of Pleasant Grove have elected Prof. M. J. Doyle principal of their school the coming year.

H. E. Bean of Pompey Creek visited relatives across the mountain Saturday and Sunday.

A fine boy arrived at Jake Nowell's house since last report. Capt. D. T. Bush and family are visiting relatives and friends in San Saba County this week.

Mrs. C. D. Hammond was quite sick the first of the week. Miss Ida Trent visited relatives in Brownwood this week. Clean up your premises before

the health committee calls on you.

Allen Weathers and wife of Star visited friends in this city Thursday.

W. M. Johnson has been confined to his room by sickness the past week.

C. C. Yarborough returned Tuesday evening from a visit to relatives in South Texas.

Farmers who bring their cotton to Goldthwaite the coming season will think the wave of prosperity has surely arrived.

Ed Webb was in to see us this week and reported everything quiet in the neighborhood of Lookout mountain.

On next Thursday night, July 22, Rev. G. W. Templin and Rev. Samuel Gay will begin a camp meeting at Blanket Springs, about seven miles west of Mullin.

The baseball boys have new uniforms.

P. D. Yarborough will resume his duties in B. A. Harris' store Monday.

Newell Atkinson and Jean Palmer of San Saba through the city Tuesday en route to Center City to visit relatives.

50 Years Ago

(Taken from Eagle File of July 21, 1917)

The work of organizing a large Red Cross society here to supply funds and necessities for those on the battle fields of Europe is progressing nicely.

C. B. Mohler, manager of the Rural Phone company's business, spent Monday in Brownwood looking after business matters.

Rev. Conrad Owens closed his series of lectures in the Baptist Church Sunday night and left Monday for points in the west, where he will lecture.

B. P. Goode, who is in the United States Navy, stationed at San Francisco, sent in a renewal of his subscription a few days since and stated he had been rated yeoman of the second class in the navy and hoped to be made chief before many years.

F. C. Smith has purchased from W. C. Dew the residence on Reynolds street now occupied by Mr. Langford and family and he and his family will make their home at that place as soon as they can be given possession.

Wilbur Fairman left Saturday night in his auto for an extended trip including Waco, San Antonio, Leon Springs and elsewhere.

Judge S. H. Allen came over from Waco to be in attendance upon the reunion. He is one of the moving spirits with the old soldiers and they have learned to depend upon him for whatever assistance they need.

Alvin Priddy left Tuesday for Marlin to spend some time and secure the benefits of the hot baths. During his absence Charley Gardner will serve as operator at the depot.

Mrs. W. B. Jackson and W. T. Keese went to Brownwood yesterday for a visit to relatives.

J. A. Hester and family of Mullin visited relatives here this week and attended the reunion.

Leonard Skaggs and wife of Lometa spent Wednesday in this city meeting with their friends at the reunion.

Miss Sophia Martin has returned from a visit to friends in Brownwood.

Sheriff Burnett has been on crutches this week as a result of his having slipped and fallen on the capitol steps in Austin last Friday.

T. A. Gardner and family of Center City were among the visitors to this city this week.

Rev. Joe H. Frizzell is conducting a revival at Big Valley. Rev. W. R. White, pastor of the Baptist Church at this place, is doing the preaching and a most interesting meeting is reported.

Thos. J. Harrison of South Bennett presented the Eagle with some nice samples of his fruit this week.

Friends here of Miss Mary Sullivan were pleased to learn this week of her marriage to Sparks Bigham at Salado.

Mrs. J. R. Davis was called to the bed side of her father near Dublin, who has been dangerously sick.

R. S. Stokes of Lometa was among the visitors to this city during the reunion.

The 30th Annual Confederate Reunion held by Jeff Davis camp of veterans was concluded Thursday, three days having been devoted to this delightful occasion. The crowds in attendance were large all three days and nights and there was a great time for everybody.

SUNDAY SCHOOL LESSON

Seeing God in Our Present World

LESSON TEXT FOR JULY 13—Job 38: 1-7, 16-18, 22, 23, 31, 41.

MEMORY SELECTION—The hearing ear, and the seeing eye, the Lord hath made even both of them.—Proverbs 20: 12.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute, Chicago.

"THE earth is the Lord's and the fullness thereof; the world, and they that dwell therein" (Ps. 24:1). The man who knows the Lord recognizes that the material and the spiritual world are both God's, and that there is in the final analysis no dividing line between the secular and the sacred.

To keep our thinking straight about the story of Job, we quote an excellent summary by Dr. B. L. Olmstead: "Our lesson today stresses the works of God as seen in nature. The longer lesson of a few chapters (Job 38-41) consists of the whole of a whirlwind after the dialogue with the three friends is completed, and after a youthful bystander, Elihu, had undertaken to give Job an answer (chs. 32-37).

"While Elihu was speaking, a storm came up and Elihu used it to portray the greatness, mystery and unsearchableness of God (ch. 37). Elihu uttered many truths, but he did not rid himself of the error that Job was suffering for his sins. When he had finished, the voice of God was heard out of the storm"—(Arnold's Commentary).

We find in the selected Scriptures of our printed lesson—

I. The God of Creation (vv. 1-7). JOB'S friend Elihu had made a rather good speech, but he had missed the real point of Job's testings. So the Lord rebukes him as one who darkens counsel "by words without knowledge."

How aptly that expresses much that is going on in our day. Brilliant men, leaders in science, economics and government, but without the true knowledge which comes from a simple faith in God, are now filling this already confused world with millions of words.

Yes, words, words, words, that darken the truth about God and his plan for the world. They flow from the radio, the press, the pulpit, from everywhere, and only add to the confusion.

God now brings Job to his feet (v. 37). He is to stand up like a man and answer God. Where was he when God laid the foundations of the world? If he is so wise, perhaps he knows how God suspended the world in space? Perchance he would like to get out his little measuring line and try to put the plans of the Almighty through the little channel of his human brain!

These are questions that the professed leaders of our day need to answer, and they need also to come (if by any chance they could humble themselves) to the place that Job did (38:4): "I will lay my hand upon my mouth."

Job is also reminded that the God of creation is also

II. The God of Life (vv. 16-18). THE God who put the springs in the bottom of the sea, and who has measured the breadth of the earth, is also the God who controls life and death.

Men have tried down through the ages to search out the secret of life, and at times they have talked as though they had discovered it. Then one discovers that they have just wrapped up their inability to fathom it in some "new scientific words, and we still have not taken that matter in our own hands.

That may well be a real blessing, for only the infinite God has the wisdom to determine the limits of man's days, and the manner of his entry into the gates of death. How good it is to leave such matters in his mighty but tender hands!

That leads us to our next point. He is

III. The God of Order (vv. 22, 23, 31, 41). HE MAKES the millions of snowflakes in thousands of intricate patterns—no two alike, but all in marvelous geometric patterns. Can you understand that—in fact, can you and I understand how he does it?

Who feeds the birds? Who keeps the stars moving in such order that man can calculate their movements down to the very minute? What about the rain, the hail, the lightning? Look at the animals and their marvelous adaptability to their surroundings.

The man who thinks all these things are the results of chance, or who talks about "the laws of nature," only reveals the utter smallness of his own mind, and his complete lack of comprehension of the Almighty God. Released by Western Newspaper Union.

er, Mr. Halbrook of Odessa.

GIRL SCOUT NEWS—

CARNATION TROOP II

The Carnation Troop II met
at the Little House, July 7, 1947.
During our business we elect-
ed the following officers:

Chairman—Sybil Ann Reid.
Secretary—Carolyn Farris.
Treasurer—Jane Ann Steen.
Scribe—Peggy Sue Great-
house.

Wren Patrol Leader—Annette
Lindsey.
Robin Patrol Leader—Sylvia
Jean Jones.

At our last meeting, we had
a story by Sylvia. Then the
three girls who had returned
from Shaw-ondasse Girl Scout
Camp at Mineral Wells, Ange-
line, Marvne and Bobbie gave
reports which all enjoyed.

We had some five minute
talks on Florence Nightingale;
Monette on Helen Keller; Jane
Ann on Music and Nell Carman
on Holidays.

Bobbie, Marvne and Angeline
sang some camp songs then all
played several games.

We closed by singing "Girl
Scouts Are We" and saying The
Promise.—Scribe.

Mrs. R. M. Patterson

Word has reached here that
Mrs. R. M. Patterson had pass-
ed away at the Valley Baptist
Hospital in Harlingen on June
28. Funeral services were held
at the First Methodist Church,
San Benito, with Dr. L. J. Rode,
pastor, in charge. The Easter
Star held burial services at the
grave.

Mr. and Mrs. Patterson left
Goldthwaite for San Benito a
year ago. Mrs. Patterson had
been in declining health for
some time.

Mr. and Mrs. August Eilers
and children visited with
friends and relatives in Hamil-
ton during the holidays.

ND NEWS

for the summer school at Hardin-Simmons university, according to Mrs. J. A. Beard, university registrar. The students will complete their first six weeks period on Friday, July 11 and the second six weeks will start on Saturday, July 12.

The Goldthwaite student is among the 1094 persons registered, a record enrollment for Hardin-Simmons summer school. The figure is exceeded only by the fall and winter semesters of 1946-47.

Miller Reunion

The home of Mr. and Mrs. Charles S. Miller of the Big Valley Community of Goldthwaite, Texas, was the setting for a gala reunion held by the descendants of the late Woodie G. and Margaret Miller, Sunday, June 23, 1947.

Woodie and Margaret Miller moved to Mills County from Bastrop, Texas, in 1876 and settled in the Big Valley Community. Six children were reared and one died in childhood. The children were: Cornelius (Neal) Cornelia Elizabeth (Lillie) Woodie, Goodloe, Margaret (Maggie), Eva, and Charles. Two children survive, Mrs. Morris Traylor and Charles S. Miller, both of Goldthwaite communities.

Mr. and Mrs. W. G. Miller were two of the original eleven to organize the Big Valley Baptist Church. The surviving son, Charles, his wife and one daughter, Mrs. Alfred (Cotton) Johnson, and her family are members of that church now.

Getting re-acquainted, "Remember-whens", games, picture taking, music, singing, eating and more eating—all were enjoyed through out the day by some 45 members of the family. Approximately 45 others of the family were unable to attend. Those who enjoyed the day together were: Mr. and Mrs. Charles C. Miller Goldthwaite; Mrs. Estelle Miller Jones, Laredo; Mr. and Mrs. Alfred (Cotton) Johnson and children, Larry Don and Norma Jean; Mr. and Mrs. Gordon Miller; Mrs. Morris Traylor, Merna Traylor, Oliver Traylor, Mr. and Mrs. Shirley Nickols and daughter, Patricia, all of Goldthwaite; Mr. and Mrs. Merion Robertson, McGurk, Mr. and Mrs. Beryle A. Turner and daughter, Berylene, Grady; Mr. and Mrs. F. W. Chadwick and sons, Billy and James; Mr. and Mrs. Austin L. Roberts; Mr. and Mrs. W. M. Johnson; Marsha Wilkins, all of Goldthwaite; Miss Nealle Moore,

John Holder and children Saturday and Sunday with her parent, Mr. and Mrs. L. Crowder.

downpour of rain we re-plant Saturday afternoon mesaver for our gardens.

LED IN SUMMER
AT ABILENE
July 9—Ray V. Stark Goldthwaite is enrolled

Brownwood; Miss Lucille Smith, Miss Mary Elizabeth Smith, Fort Worth; O. F. Smith and son Roger, Denton; Mr. and Mrs. Don, Ranger; and Mr. and Mrs. Oddie Ervin and sons, Dean and Doughty Miller and baby son, Barry LaNeil, Austin.

Several friends of the family called during the day to extend their good wishes.

Waldon-McCollum

(Stephenville Tribune)

Miss Barbara Ann Walden and Dr. Ben B. McCollum Jr. exchanged marriage vows Monday at 8 p. m. at the local First Methodist Church. The bride is the daughter of Mrs. M. H. Walden, 741 West Green Street, and Mr. McCollum's parents are Mr. and Mrs. Ben B. McCollum, 419 West Green Street.

The Rev. John W. Ford officiated at the candle light, double ring ceremony. The traditional wedding music was presented by Mrs. Swan Richardson, violinist, who played "The Lord's Prayer" by Marlotte, and Misses Wilda and Wanda Bledsoe, who sang "Because." Mrs.

Robert Hutchinson sang "Ave Maria," accompanied by Mr. Don Morton, organist.

A reception was held at the home of the bride's mother, Mrs. M. H. Walden, 741 Green Street, immediately following the ceremony. Those in the house party were Misses Antonice Bertrands, Elizabeth Scarborough, Beatrice Bledsoe, Wanda Bledsoe, of San Antonio, and Wilda Bledsoe of Dallas, and Mmes. C. D. Bledsoe of Stephenville and V. H. Barber of Fort Worth.

OFFER AWARDS TO 4-H GIRLS FOR TOP DAIRY DEMONSTRATIONS

Three 4-H Club girls in each qualifying county in Texas will receive honor medals this year for showing community groups how to use dairy products to make appetizing, healthful dishes. One of the girls will be chosen as the best individual demonstrator and the other two as the top ranking team in the county.

From among the various county winners, the state extension

office will select an individual and a team as state champions. Each of the three state winners will get a \$50.00 U. S. Savings Bond award.

The above rewards for superior records are provided in the 1947 4-H Dairy Foods Demonstrations by Kraft Foods Company. For their demonstrations, the girls may select any dish or combination of dishes using milk, cream, cheese or butter.

It is pointed out that by giving demonstrations, 4-H girls not only strengthen their club records, but gain self-confidence and poise through speaking before public audiences.

This is the eighth consecutive year of the activity.

Last year's state champion individual demonstrator in Texas was Dolores Faye Williamson of Eastland. The state's highest rating demonstration team members were Joyce Horn of Winters, and Melba Pearce of Bradshaw. County winner was named in Tarrant County.

Mrs. Paul Lee of Moline was carried to the Rollin-Brooks Hospital in Lampasas on June 25 and underwent an operation

on Friday. At the latest report she was doing nicely. We wish for her a speedy recovery and that she will soon be home. Vennell Lee of Grand Prairie spent a few days at home while her mother is in the hospital.

Janet Soules returned home last week after an extended visit in the home of her brother, Edward and family of Paris, Texas, also an aunt, Mrs. J. D. Giles of Denison.

L. H. Soules, Jr., wife and son, Joe, spent a few days recently in the home of his parents, Mr. and Mrs. L. H. Soules, Sr. They were accompanied home by their children, Sammie and Barbara, who have visited their grandparents the past four weeks.

Annola Pittman of Mullin is visiting her sister, Mrs. John W. Soules in the L. H. Soules home.

—Eagle Want Ads Get Results—

can be FATAL!

12,200 pedestrians were killed by automobiles last year—1,340 more than the year before. Two out of every three violated traffic laws or committed unsafe acts which contributed to their deaths.

And believe it or not—many of these fatal accidents actually happened less than six feet from the curb—only a step or two from safety!

Between intersection accidents accounted for more than one-third of all pedestrian fatalities last year. These victims carelessly rushed out from behind parked cars, or simply jaywalked themselves into traffic—and death. Others even ignored the safety of lights and traffic officers at intersections to save a few seconds—and lost their lives.

Never take safety for granted. Cross at intersections within the crosswalks. Wait for the light or the policeman's whistle. Be alert for the inconsiderate driver making a right turn, or the reckless one beating a light. On open highways, allow for the speed of approaching cars. Walk to the left, facing traffic.

Whenever you cross, look both ways. One step can be fatal!

REAL ESTATE AGENT ACQUIRES PROPERTY
 G. C. Head, local real estate agent, acquired some additional property July 5. The parties involved were Mr. and Mrs. Head and Helen Jan, a new baby born at Memorial hospital in Brownwood. Female route, 7-ounds and six-ounces in cultivation, everlasting water.

Kyle G. Simms and family of Brownwood spent Sunday here with his mother, Mrs. Simms, and other relatives.

Mr. and Mrs. J. B. Karnes spent the Fourth of July holidays with their son, Joe Proctor and wife at McAllen.

Mrs. Myrtle Stewart and children and Mr. and Mrs. Odie Daniel of Brownwood spent Sunday here with their parents, Mr. and Mrs. E. A. Obenhaus.

Mrs. Virgie French of Abilene spent several days last week with her cousin, Mrs. M. M. Skaggs, and family.

Word has been received here that Clinton C. Ashly died at his home near Bristol, Okla. He is the brother of the late L. B. Ashely.

E. E. Faulkner and daughter, Mrs. L. V. Benningfield and son returned Saturday from Bridge-water, Maire, after spending several weeks with his daughter Mrs. Elwood McKeen.

Mr. and Mrs. J. H. DuBose spent the 4th in Zephyr with her parents, Mr. and Mrs. G. P. Matson.

Mrs. Johnnie King and son Gary of San Angelo are visiting her mother, Mrs. Bertha Weathers. Mrs. King is a student of the Jolley's Beauty College at San Angelo.

Will Roberts is still in the Veterans Hospital at Dallas where he went for a check-up.

And Adam was the only man ever in love who said truthfully, "Eve, you're the only woman in the world for me."

OLD MAN 100—
 (Continued from front page)
 right—but their distribution system has plum gone hay-wire. It sorter looks to the Old Man like if them scientists can split an atom and destroy a big city with each split, they can split a rain drop and let half of it fall on us here every once in a while.

3 YEARS AHEAD—
 Now the Old Man hates to keep on braggin' about how smart he is all time, but he jest figured how far ahead he is of the Uses that he jest can't help it. He read where them economists the gov't. hire say this country will go bust in 3 to 5 years. If correct, then the Old Man is 3 to 5 years ahead of everybody else—because he is already busted.

FLYING DISKS—
 The Old Man's column ain't quite up to its regular puny (the Boss says putrid) state this week—he ain't got much of anything done for sure. Here's what happened: Ever since his last rukus with the 7th the Old Man has been living in his little shack at the far edge of town with all them modern conveniences—running water in the crick and a handy bresh pile nearby—and has spent all his time looking for rain clouds and flying disks in the sky. All he's seen yet is a few baby elephants (pretty pink color, too) flying round close, and a few green snakes. A bunch here in town thought they saw a flying disk Monday, which everybody reports seeing one, but here's what's the matter. The Old Man read where some big bootlegger had been caught in Dallas putting fancy labels on bottles filled with the bottled-in-the-barn stuff—and when this gets all drunk up, maybe we'll come back to our senses, if any such left.

Here's another ad that appeared lately: "\$10 reward for southside apartment; large enough to keep young wife from going home to mother; small enough to keep mother from coming here."

And a chip on the shoulder always indicates that there is wood higher up.

Also life is a one-way street in some respects—You are not coming back, and a lot of people are in it are going in the wrong direction.

Office Manager—"Pardon me, young lady, but in the manner of dress, don't you think you could show a little more discretion?" Girl—"My gosh, some of you guys ain't never satisfied."

Mrs. Laura Elta Bowman
 Mrs. Laura Elta Bowman was born May 12, 1880, to Carlos and Lavina Putman, at Odell, Illinois. She came to Texas at the age of 17, and engaged in teaching school in Hamilton County, Texas, until her marriage.

Her family and relatives settled in the Fairview Community in Hamilton County. They hauled lumber in ox wagons from Waco, Texas to build their homes. They improved the land, encouraged schools, and labored for the good of the county.

Some of the young men had a gig or cart to take their girls places, but most of them rode horseback. Propriety then required a side-saddle for the ladies. Mrs. Bowman rode many miles to her schools on a horse. Schools were small, ill-furnished, and uncomfortable. But the boys and girls had lots of fun. Mrs. Bowman had for many years, a vari-colored marble that she one time took-up from the later redoubtable horseman, Bud Snell, and forgot to give it back to him.

Mrs. Bowman was married to Charles T. Bowman, in 1883, and lived in Hamilton, Mills and Comanche Counties ever since. Her children were: Mrs. Nellie A. Campbell, now deceased; F. P. Bowman of Goldthwaite, Texas; Mrs. J. W. Williamson of Hamilton County, Texas; Mrs. S. V. Williams of Comanche County, Texas; Mrs. R. J. Youngblood of Eugene, Oregon; and Mrs. J. E. Peck of Austin, Texas. A son Lawrence C. Bowman, died in infancy.

She was one of a family of nine children, two boys and seven girls, all of whom are now deceased, except one brother, Carl Putman of Gould, Oklahoma.

Mrs. Bowman was converted at the age of 20, and a member of the Baptist Church since then, being a member of the Star Church at the time of her death. She was buried in the Fairview Cemetery by the side of her husband, who preceded her in death, 21 years.
