Methodist Revival Services Twice Daily—9:30 A. M. And 8:00 P. M.

Our revival preacher, Dr. Tom W. Brabham, experienced preacher and college president, brings us his first message Sunday evening at eight o'clock. He will direct and inspire our thinking in spiritual things each morning at 9:30 and each evening at 8:00 through the week. We have no doubt about his being able to help you in your religious thinking and in causing you to want to make definite choices for a better life through our Lord Jesus Christ. All are invited to come to the revival services and be challenged by this man of God and His Church. Remember, you can be better than you are. Here is another chance.

Miss Annie Adams, Director of Christian Education in the First Methodist Church, Brownwood, will be with us each evening through the week to direct the young people in worship and recreation. Young People, here is the kind of direction you need for the living of these days. Be present to enjoy the Christian comradeship. The Youth meetings will start promptly at 7:15 each evening Monday through Sunday.

Following is a list of the subjects Dr. Brabham will preach on each evening during the week:

Sunday Morning: "A Heroic Decision."
Sunday Evening: "The Heavenly Vision."

THE FIRST METHODIST CHURCH

M. D. LOWRY, Pastor
PASTOR'S PARAGRAPH
There comes into the life of every American community a recurrent opportunity to improve its spiritual foundations through the Churches. It has long been the custom in the churches to make a special evangelistic appeal to the people during the summer months each year. Thus religious services will be conducted twice daily throughout the coming week in both the Baptist and the Methodist Churches whereby hundreds will have a chance to hear and learn about God through Jesus Christ through the preached Word. However, it is only a chance. Whether the community will take advantage of this opportunity to grow in knowledge and in grace is to be seen. Let the individual members of the two congregations search their own hearts, and perchance rid themselves of sinful practices. Also let them seriously concern themselves about some unchurched person during this time of revival effort, remembering that, with few exceptions, no one outside the Church is making a really worthwhile and lasting contribution to the life of a progressively good community.

REBURIAL SERVICES FOR ESTELL SPINKS AT MULLIN SATURDAY

PVT. ESTELL A. SPINKS

Full military reburial services for Pvt. Estell A. Spinks will be conducted at the Mullin Baptist Church tomorrow (Saturday) afternoon at 3 o'clock. Burial will be in Oak View Cemetery at Mullin. The American Legion and VFW will have charge of the military part of the buril services.

His parents, Mr. and Mrs. Frank Spinks of Mullin, received a telegram Tuesday that the body of their son would arrive in Goldthwaite for reburial at 7:45 Saturday morning on Train 73, accompanied by a military guard. The body will be taken by ambulance to Mullin for the reburial services.

Pvt. Estell A. Spinks was killed on the Rhine River in France on Christmas Day of 1944. He had been in the service seven months, and met death by German machine gun fire 16 days after he landed on foreign soil in this first trip to the front. His parents did not find out details of his death until two and a half years later, when one of his buddies who was with him at the front told them that young Spinks was shot four times through the head, but got up and walked, with support, to the field hospital.

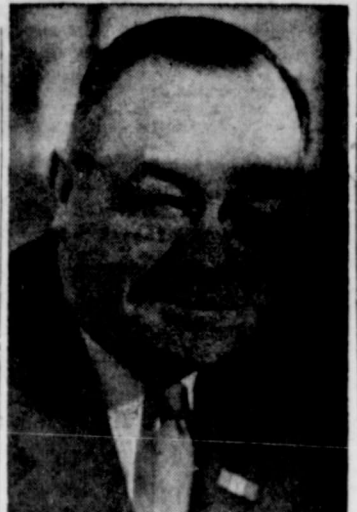

He is survived by his parents; two brothers, Wilford V. Spinks who served four years in the Air Corps in the Pacific Theatre, and a younger brother, Freddie Ray Spinks; and one sister, Mrs. Jack Davey.

Service At Church Of Nazarene

Rev. R. M. Hocker and wife, new pastor, have arrived and will hold their opening service Sunday morning at the Church of the Nazarene here.

A special invitation is extended to the public to worship with them in their first service.

The subject for Sunday morning at 11 o'clock is "Get the Glory Down," and Sunday evening at 8 o'clock the subject will be "That I May Know Him."

DR. TOM BRABHAM

Since L. M. Matlock came here to start work unearthing the treasure trove at Dry Pond three weeks ago, the story of the lost treasure has been carried in many daily and weekly papers throughout the Southwest. The publicity has caused many professional treasure hunters to come here. There is a clan of treasure hunters in Texas that give their lives to unearthing buried treasure. Some of the top professionals have been here this week with their machines.

The Pathe News man, H. K. Carrington, first called The Eagle on Saturday morning of last week wanting to come then to take motion pictures of the diggings, but was advised to wait until the tunnels had been cleaned out so he could show actual mining operations 20 feet or more under the ground.

In the meantime, Mr. Matlock, who has a lease from W. P. McCullough, the owner of the land, to explore it for whatever riches may be found, has been delayed this week by his son getting hurt at Richland Springs and having to be taken to a San Angelo hospital. Also, another delay was caused after the old shaft had been put down to the 20-foot tunnel entrance being abandoned as too dangerous, and another shaft 70 feet east having been dug through rock formation in an effort to hit the tunnels at their fork. This new shaft missed the tunnel fork, and it was decided by Mr. Matlock the middle of this week to brace up the first shaft that was flooded during the digging there in 1935 and start working the tunnels from there. The first tunnel cleaned out yesterday uncovered a room about half the size of a garage. He expects to have several tunnels cleaned out within a week or ten days.

Goldthwaite Red Sox Have Two Tough Games Matched For Here

Manager Howard Hooper of the Goldthwaite Red Sox has announced that he has matched games to be played here at Municipal Baseball Park with two of the toughest hardball teams in this entire section.

Tomorrow (Saturday) night the Red Sox play hosts here to the Temple baseball team, reputed to be one of the toughest in that part of Central Texas. Game time is 8:15.

On Wednesday night of next week, the Red Sox are matched with the Fredericksburg team, which everybody in this section has probably seen in action. This is the playoff of a two-game tie for each team. Fredericksburg beat the Red Sox in the first two games matched between the two teams, with Goldthwaite winning the next two games. Fredericksburg, however, this time isn't taking any chances and has secured for pitcher Hugo Kleaner of the Texas League.

Frazier Bros. And Mullin To Play Last Game Of Softball Season Soon

Last Friday night a good crowd saw Star push Frazier Bros. in to the background for their first defeat in the Second Half in a close fought game of 10 to 11. This was a thriller from the opening pitch to the last catch. A few more ball games like this and more seats would have to be provided for the spectators. Also the second game turned out to be a good one when Mullin out scored Vocational School to tie up second place.

In the near future, Frazier Bros. will meet the boys from Mullin in the last game of the season. After this game, the finals will be played to determine the winner of the Mills County Soft Ball League.

Goldthwaite All-Stars have a game matched with Comanche which will probably be played the first week in September. Also games are being planned with teams in surrounding towns.

MILLS CO. TO GET NATIONWIDE PUBLICITY OVER PATHE NEWS

H. K. Carrington of Dallas, Pathe News photographer and representative, will be in Goldthwaite on Saturday, August 28—election day—to take motion pictures for Pathe News of the treasure hunt now going full blast at Dry Pond, three miles northeast of Goldthwaite, he informed The Eagle by telephone Thursday morning.

Besides motion pictures of the entrance and the tunnels under Dry Pond, the Pathe News man will take motion pictures on the busy streets of Goldthwaite sometime Saturday afternoon, Aug. 28, when Old Man 100 will have a prevue of his Jack-ash Perade wind down through the streets of the city.

Pathe News films are shown in motion picture theatres throughout the United States and Canada, and the largest crowd in Goldthwaite's history is expected here Saturday afternoon of next week to get their motion picture "look." The Melba Theatre in Goldthwaite regularly carries Pathe News films.

Mr. Carrington will visit Goldthwaite this week to make arrangements for taking the pictures on Saturday, the 28th. In a telegram to The Eagle yesterday morning, he said he had a television assignment also, and a television broadcast may be arranged in connection with the motion picture to be taken.

NOTICE

The County Agriculture Agent's Office will be closed beginning Saturday, August 21st and ending August 30th. The agent will be on a few days annual leave and the office will be reopened on the morning of Tuesday, August 31st.

SAN SABA MINE FOUND?

Two different men who are high up in the clique of treasure hunters in Texas—men who spend all their odd time and money in hunting lost buried treasure—this week told the Goldthwaite Eagle Editor that they have at long last located the entrance to the long-lost fabulously rich San Saba silver mine.

All day Monday, at telephone request from L. M. Matlock of Richland Springs, who has a lease to hunt buried treasure of all descriptions on the W. P. McCullough goat ranch at Dry Pond, three miles north-east of Goldthwaite, he expected to have several tunnels cleaned out within a week or ten days.

Thar's GOLD RUSH!

in them thar' hills!

Now, since Old Hunnert has become so famous around here as the leader of the would-be Jack-ash Parade—also known as head treasure hunter and gold-rusher—some people may think he ain't qualified to hold down all them honor jobs at once. So, O. H. thought he might tell some of his gold digging while the California gold rush was on in 1848-49 and 50 (you see, Old Hunnert might be a mite older than some folks think). O. H. also dug up some old pictures he had took while he was gold-rushing.

It all started when Old Hunnert read in the paper like this:

GOLD RUSH!

Like everybuddy around here is now, Old Hunnert sure got excited, and it wasn't long until he was headed for California, as per below:

The man in the wagon with the long beard and long whip is H. After having fit Indians all the way, he finally got there started out to find fame fortune which he had allus heard was mighty fickle. So, in a few days he had the picture below took:

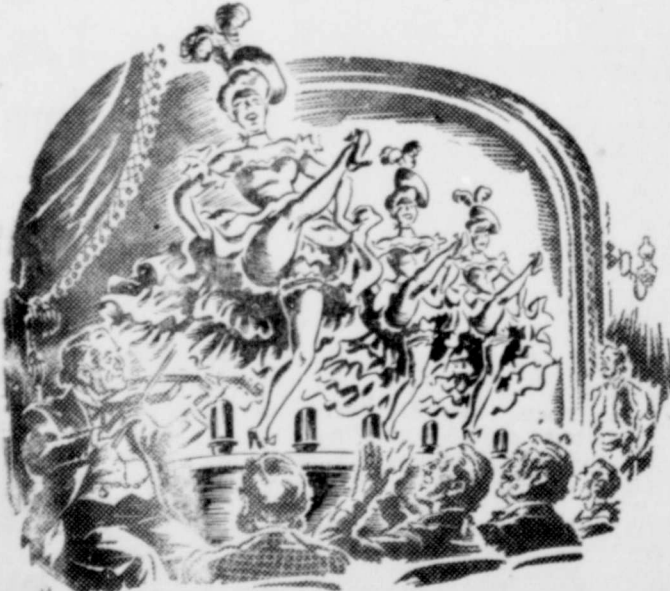

After hitting the diggin's, O. H. took on some partners and worked thusly for a while:

That's Old Hunnert sittin' down and doing the bossing. Very soon O. H. had to strike out for hisself—they wanted him to work some—and it wasn't long until he sure enough hit

After digging out enough gold to make him rich, O. H. went in to the biggest town near and was having hisself some time that was before even the gold, as per the picture below:

The skinny one on the end in the front row was O. H. After the floor show, O. H. cut hisself loose and was slinging gold hunks around so much that a little later two cuties let him persuade them to buy them the drinks.

That's him between the pctage gals, with the sheriff looking

Anyway, after he woke up next day, O. H. found out he had lost his fame, his fortune, and his gold pouch. So he had to work there a while to eat. That's him at the plannery:

Old Hunnert ain't telling how he got back to good old Mills County—but he's here.

THE END—of the story, not of O. H.

'THE BRIDE GOES WILD' STARS VAN JOHNSON, ALLYSON

Those who have been asking for longer and louder laughs on the screen will find their wishes gratified at the Melba Theatre, where M-G-M's howling romantic comedy, "The Bride Goes Wild," shows Sunday and Monday.

With Van Johnson and June Allyson cast in the breezy, light-hearted type of role which first won them Hollywood approval, and with the ingriating ten-year-old Butch Jenkins leading staunch assistance, this picture emerges as one of the freshest and most rib-tickling comedies of the year.

There is so much to laugh at in this uproarious farce that it is difficult to pick out any one episode that is funniest. However, among the mad happenings that will have you holding your sides are the scenes in which the reluctant foster-father attempts to assert his authority over his ward and goes down to utter defeat.

'SUMMER HOLIDAY'

Utilizing a striking and revolutionary technique in the handling of tunes and lyrics, M-G-M's Technicolor musical, "Summer Holiday," brings a wealth of talent to the Melba screen in one of the most satisfying musicals to emanate from Hollywood in many a year, shows Tuesday and Wednesday.

Here is a picture which scorns the use of its song hits as spot numbers. Instead, the various songs, written by Harry Warren and Ralph Blane (and incidentally, you'll be hearing two or three of them on the Hit Parade), are skillfully integrated as part of the dialogue itself, ranging on such varied topics of the dawn of the Twentieth Century as rides in a Stanley Steamer, Fourth of July beer-drinking contests, Gibson Girl frolics on a picnic—and, of course, love!

'MOHICANS' CLASSIC BECOMES EPIC FILM

"The Last of the Mohicans" opens Thursday and Friday at the Melba Theatre, with Randolph Scott, Binnie Barnes and Henry Wilcoxon heading a notable cast. The story, based on James Fenimore Cooper's classic, brings to the screen Hawkeye, Uncas, Mayor Duncan Heyward and Magua with all the excitement and adventure of their experiences.

Telling the story of the bloody French and Indian war, "The Last of the Mohicans" is truly an epic film that no one should miss. A thrilling canoe chase, Indian ambushes and the capture of Fort William Henry are highlight action sequences of the film.

EAGLE STARTS ITS 55TH YEAR WITH THIS WEEK'S ISSUE

The Goldthwaite Eagle this week bears the dateline of Volume 55, number one, which means it has rounded out 54 years of continuous service—for better or worse—to the people of Mills and surrounding counties.

The Eagle is the only paper known that shows no editor listed in the editorial column. Five years ago the police was adopted of letting every reader be editor and reporter to get the news in to the paper. This policy has worked out fine, and will be continued. Literally hundreds of readers contribute news to the paper's column each week, which is much appreciated.

The Old Bird will soon be old enough to vote without paying a poll tax, and a few years later may go on the old-age assistance list. The Old Girl may have wobbled some in the past, and may again in the future, but she's already flown to her

readers for 2,821 weeks since the first issue was published away back in August of 1894.

Tim And Tom Laughlin

Tim and Tom, infant sons of Mr. and Mrs. Lloyd Laughlin of Lometa, were born Saturday, August 14, 1948 in a Brownwood hospital. The little babies lived for only a few short hours and then slipped away to be with the Father.

Services were conducted at the Goldthwaite Memorial Cemetery at four o'clock by Rev. Simpson of Lometa assisted by Rev. Joseph L. Emery of Goldthwaite.

Tim and Tom are survived by their parents; a sister, Nan; maternal grandparents, Mr. and Mrs. Bruce Burnett of Goldthwaite; paternal grandparents, Mr. and Mrs. Webb Laughlin of Lometa; and two great-grandmothers, Mrs. J. H. Burnett and Mrs. J. W. Laughlin.

The garden of heaven has been made more beautiful and attractive since these sweet little buds have gone there at the bidding of the Father. Even though we loved them much and would desire to have kept them ourselves, we are comforted to know that God wanted them too. We cannot bring them back but we can go to where they adorn the habitation of God.

Miss Nina Summy returned Wednesday of last week from a three weeks' trip to Shreveport, La., with her sister, Miss Lillian Summy. The little babies lived for only a few short hours and then slipped away to be with the Father.

Hocker and Mrs. Hocker arrived Tuesday afternoon from Coleman where he was pastor. Rev. Hocker will take Rev. Ashcraft's place. Rev. Hocker will be remembered here as he was pastor of the Nazarene Church in 1923.

Mr. and Mrs. Gene Lappe of Grand Saline were here over the week-end with his parents, Mr. and Mrs. M. F. Lappe.

Peggy Sue Greathouse of Midland was a week-end guest of Mrs. J. E. Greathouse.

Miss J. D. Sims spent Sunday afternoon with her son, Kyle G. Sims, and family at Brownwood.

have these important features

- HEAT-TREATED
- CRIMPED-CENTER
- VERTICALLY GROUND CUTTING EDGES

These disks are made from heavy gauge steel and are heat-treated for extra wear. The crimped-center provides a strong reinforcement to withstand strains that would crack or damage the ordinary disk. These disks are vertically ground to do a better job of cutting stalks, roots, other field trash. Ask us about these important features next time you're in town.

STATES RIGHTS COMMITTEE TRYING TO GET TEXAS VOTES

Houston, August 19—(Sp1)—States' Rights leader, Palmer Bradley of Houston, veteran of World War I and II, says that the Presidential ticket of J. Strom Thurmond, Governor of South Carolina and Fielding L. Wright, Governor of Mississippi, had gained such strength that a determined effort will be made to carry Texas' 23 electoral votes for the States' Rights ticket.

"Texans are rallying to the cause of States' Rights Democrats as a result of Thurmond's challenging address in his Presidential acceptance speech at Houston last week," said Bradley.

"Loyal Texans who believe in the same principles that the 183 immortal heroes of the Alamo gave their lives for will join our cause," he added. "It is inconceivable that any Texan could favor Truman's Civil Rights program if he understood what it meant to his personal liberty and that of his children."

Bradley pointed out that the freedom won at the Alamo and later preserved by fighting two World Wars will be lost if Truman's Civil Rights program becomes law of the land.

"White and negro children will go to schools together," said Bradley. "Negro teachers will instruct white children. Negroes and whites will work side by side and negroes must be promoted in proportion to their percentage. This will mean negro foreman and bosses. To enforce such laws, the federal government will send a police force to Texas to watch over us and see that we don't violate these oppressive and unfair laws."

Truman's efforts to take the tidelands away from Texas was cited by Bradley as another attack on the rights of Texans.

"If Texas loses the tidelands as a result of Truman's efforts," said Bradley, "the school children of this state will suffer the loss of millions of dollars in revenue which will have to come out of the pocket of the taxpayers."

States Rights Democrats are making every effort to have Thurmond-Wright certified as the Democratic party's candidates at the Fort Worth convention, Sept. 14.

"We have sufficient strength to carry the Fort Worth convention," said Bradley. "The only chance the Democrats have is to stall the convention by not seating delegates from Dallas and other counties."

The basis of the States' Rights movement is the fact that they did not take the pledge to support Harry Truman and his Civil Rights program. "We could not do this unless we were willing to sacrifice the principles we have fought for from the Alamo on down to Hitler and Stalin," Bradley pointed out.

A state-wide appeal has been made to all Texans to join the States Rights movement by sending a one-dollar (\$1.00) bill to W. B. Bates, Second National Bank, Houston, to help carry out a hard-hitting campaign all over Texas.

J F BARNES WRITES LETTER OF APPRECIATION

J. F. Barnes of the W. F. & J. F. Barnes Lumber Company, late this week wrote the following letter of appreciation from his Cleti Lodge, Barnes Ranch, San Saba, to the following firms in Goldthwaite: The Trent State Bank, The Firestone Store, Fairman Company, City Utilities, Randolph Lumber Company, and The Goldthwaite Eagle: Gentlemen:

The writer, on account of his health, just yesterday was able to get by Goldthwaite and inspect the new and modern improvements recently completed by our faithful and true friend

and partner, Mr. W. P. McCullough.

My father and mother, Mr. and Mrs. W. F. Barnes, Lampasas, Texas, were associated with Mr. W. P. McCullough and family in the lumber and ranch business for thirty-three continuous years; in fact, from the very beginning of the Barnes & McCullough organization in 1913.

On my visit with Uncle Proc yesterday, he gave me the special edition of the Goldthwaite Eagle, Goldthwaite, Texas, dated August 6, 1948. Even though the Barnes Family has no financial interest in Barnes & McCullough at Goldthwaite, Hico or Stephenville, Texas, we still have their success in our hearts, and we especially desire to thank you and your organization for the fine co-operation

you gave Barnes & McCullough in the congratulatory advertisement you had in The Goldthwaite Eagle as of August 6. I feel sure Uncle Proc and Othel Smith have or will thank each of you personally.

We wish you and your organization success in your Goldthwaite operation.

Sincerely,
W. F. & J. F. BARNES

"It seems probable that we can take care of all the Texas girls who want to attend the college this fall," Dr. Hubbard stated. But he warned that room reservations should be made with the Registrar as early as possible.

CATTLE CREEPS

There has been quite a bit of trouble in some parts of Mills County by creeps among cattle. This can be avoided by the use of Bone Meal or other minerals. If bone meal is used a little patience is needed to induce the cattle to eat it. Start the cow to eating it by mixing in salt. When they learn to eat it keep it out before them constantly without any salt mixed and you will do away with the creeps among cattle as it is caused by a calcium deficiency and the bone meal will supply this deficiency.

FIFTH TEN-YEAR LEASE FOR POST OFFICE IS SIGNED

G. W. Jackson of Goldthwaite this week received back from the U. S. Post Office Department the fifth ten-year lease on his building that has been used for a post office to serve Goldthwaite and Mills County for the past 40 years.

The first ten-year lease was signed in 1908, with the government renewing it each ten years. The new lease runs until 1958, which will make 50 full years, but contains the provision that should the government build its own post office building, the contract expires.

Considerable improvements are to be made by Mr. Jackson, which include the change of windows, repainting the inside and other improvements.

Mr. Jackson bought the building about 1911 from Dr. M. L. Brown, and believes there was either a one-year or a five-year lease to the government before the first ten-year lease in 1908.

As far as can be found out from old-timers here, the postoffice was moved from a shack facing the railroad tracks about 1903, where it has remained since and where it will be for another ten years unless a new Federal Building is built in Goldthwaite by the Post Office Department.

BURIED TREASURE

(Continued from front page)

the Mills County courthouse. Messrs. Holmes and Sylvester from Austin used a Gold-Dot treasure hunting electric machine made in California trying to locate the room or rooms where the 500-jack loads of silver supposed to be hurriedly stored at the end of tunnels at Dry Pond after been dug and smelted from the San Saba mine, presumed to be somewhere in the then close vicinity. Holmes, a giant colored man from California who has spent most of his life in hunting buried treasure, owner of the machine, late Monday afternoon located a 20-foot square space directly east of the Dry Pond shaft about 150 yards toward the rising sun shown in the old copper plates found there in 1903, and he believes this may be one of the sealed-off rooms in which the silver bullion is stored. He told the editor Monday afternoon that he believes he has located the long-lost San Saba Mine, after many years of search, and says when he gets financially able he will uncover the entrance to the mine and explore it.

Another top man of the Texas treasure hunters was here Wednesday, visited Dry Pond all day, and said he was "betting his pants" on Dry Pond producing. Mr. and Mrs. Archer E. Allen and daughter, Beverly Claudette, from Port Neches, Texas, have made an agreement with L. M. Matlock, the lessee of Dry Pond, and are hunting a furnished apartment to stay here until it has been thoroughly worked out. Mr. Archer, who has spent 27 years hunting buried treasure, studying ancient history, and who has opened up several mines in Mexico, told that he had returned from Old Mexico where he got a chart and other information from an old Indian. He said that on Monday of this week, after eight years of search, he believes that he staked the location of the entrance to the lost San Saba Mine, burned the chart which he had memorized, and is going to reopen the mine after he has helped explore Dry Pond here, where the silver from San Saba is thought to be stored.

He would not tell in what county he believes the San Saba mine is located, but said it is within a radius of 100 miles of Goldthwaite. This section, he thinks, will be in a big boom within a few weeks—a mining boom.

Mr. Allen has reached an agreement with Mr. Matlock and will thoroughly explore the four tunnels known to be under Dry Pond with his Fisher M-Scope Radio Machine, used to hunt buried treasure and mines. He is enthusiastic about Dry Pond prospects and says he's "betting his pants" on it. He started exploring the tunnels at Dry Pond early Thursday morning.

ANOTHER MINE?
J. L. White, who lives on this side of the Colorado River across the river from Lige Miller, on the Old James Cook estate place which Mr. White bought this spring, has been in Goldthwaite several times this week and last looking for L. M. Matlock to interest him in a lost silver mine supposed to be somewhere near the Colorado in Mills County. Mr. White also brought in some rocks loaded with a shiny metal and very heavy which had been found on his place.

The old James Cook place is one of the oldest ever settled in this section of Texas. Mr. White told of Peeler Montane, who was known as "Mexican Peeler," saying he had a map of a lost mine in which the San Saba Peak was one of the main bearings showing the location to be near the river in Mills County. Mexican Peeler told Mr. White that his great-grandfather handed the map on down to him and told him of having worked in the long lost San Saba Mine. Mexican Peeler Montane was killed at Big Valley several years ago and his son-in-law, Frank, was sentenced to the pen for two years for chockin him to death. Both Mexican Peeler and his great-grandfather, who claimed to have worked with the Spaniards on the lost San Saba Mine, and who lived to be 115 years old, are buried at Big Valley, near

the Colorado River in this county.

According to the story Mexican Peeler said his great-grandfather told him before he died, the lost San Saba Mine had been pretty well worked out in the 1790's by the Spaniards, but another rich mine nearby had been discovered. When work had just started on the new mine, according to the aged Mexican story, the Colorado went dry and the Spaniards, instead of running from hostile Indians, as some stories have it took all their miners and burros and went to live with a friendly Indian tribe further East in Texas where there was plenty of water. Years later, according to Mexican Peeler's great-grandfather, who said he was with them all the time, when they returned to re-open the mine the white man had made his appearance and they were afraid to work the new rich mountain of silver. Mr. White, the present owner of the old Cook place, believes maybe the lost mine is on his land, and is wanting Mr. Matlock, who has a reputation among treasure hunters, to try to locate it. Mexican Peeler be-

Harry Allen's government gauge at the south edge of the city registered 24 of an inch, but rainfall was lighter in the northern edge of town. As much as one-half inch was reported south of Goldthwaite, while at Big Valley Mrs. E. H. Hapgood estimated the fall to be about one-third inch.

Texas Must Prepare For 150,000 More School Children In Next Decade

Austin, August 17—Texas must adequately prepare for 50,000 more children in its schools in the next decade or lower its educational standards.

Charles H. Tennyson, director of public relations for the Texas State Teachers Association, sounded that warning here today.

The huge increase in the birth rate during the last few years will add to the enrollment in Texas schools by nearly 82,000 pupils four years from now and by 152,000 in 1957, Tennyson said.

"The vastly accelerated birth rate throughout the United States since 1941 has cheered business men, but is causing great concern among educators," the TSTA officials declared.

"Texas is no exception. From figures on the annual birth rate provided by the United States Bureau of Vital Statistics, we know that births increased 1,549,691 throughout the United States from 2,360,399 in 1940 to 3,910,000 in 1947.

"Enrollment started increasing throughout the country last year. In Texas it was up more than 7,000 pupils. The State Department of Education this week estimated an additional 8,000 students would enroll this fall.

"That is just the beginning. Enrollment will snowball from then on. The situation will become acute in 1953. An accurate estimate places the hike in enrollment in Texas that year at 81,568 pupils. Nine years from now we will have 152,004 additional students in our schools, or a total of 1,660,004."

Federal and state bureau and insurance company statistics show that nearly 80 percent of the children born each year reach school age. Those experience figures make accurate estimates of future enrollment possible, Tennyson explained.

"An increase of 80,000 pupils in the short time of four years and 150,000 in nine years does not seem so tremendous until it is realized that we will need 2,719 more teachers by '52 and 3,066 classroom instructory in 1957," Tennyson declared.

"It stands to reason we will have to have that many more classrooms. Leaders in school districts and state government should take careful note. The situation calls for planning along practical lines in order that adequate provisions be made for education of these children.

"That is particularly necessary

in more than half of the Texas schools in which children are already over-crowded.

"It will call for expenditures of large sums of money. If each of the 5,066 additional teachers was paid only the present minimum salary of \$2,000 annually, that would increase expenditures by \$10,132,000.

"No one can hazard a guess as to how much additional money must be spent on classrooms and equipment."

A recent survey disclosed that about 50 percent of students in Texas schools are in over-crowded classes. Educators agree that pupils cannot be given adequate instruction when there are more than 30 or 32 pupils in a class.

Some Texas cities have already recognized the impending situation. A recent survey made by Fort Worth school officials disclosed that by 1953 the district will need 367 more teachers and additional classrooms, according to B. C. Shulkey, assistant Superintendent.

Austin this fall is adding 15 teachers to ease the over-crowded classroom situation in the capital city.

UNDERGOES OPERATION

Mrs. Frank Doggett underwent a tonsillectomy at Phelps and Farley Hospital in San Saba last Saturday the 7th. She was brought home on Sunday and has done just fine.

Her daughter, Mrs. Ernest Leonard, and husband of Austin, were here for a few days. The daughter remained longer.

JOHNSON MAKING FAST CAMPAIGN FOR U. S. SENATE

Austin, Aug. 19. —(Sp)—Driving home the fact that he has taken a clear-cut stand on every controversial issue in the campaign for United States Senator, Congressman Lyndon Johnson will end up the next-to-the-last week of the 1948 campaign with a swing through the Gulf Coast area.

To audience after audience, Johnson has reiterated the forthright way he has met every issue since his opening speech on May 22, "I have not evaded, ducked, or swerved," the candidate says, "But I have been willing to stand up and be counted on every issue. I believe Texans—whatever their beliefs on these controversial and fundamental issues—have no use for a man who tries to keep his position a secret."

Johnson opened the semi-final week in the northern Panhandle, swinging down to Denton Monday night; Dallas and Palestine Tuesday; the Longview-Texarkana-Paris area Wednesday; Fort Worth and Sherman Thursday; the Corsicana-Hill Country area Friday; and on into the Gulf Coast Saturday.

While the Congressman campaigns across a broad swath of Texas, his friends were busy working out of the tenth congressional district, sending automobile caravans into all their neighboring counties.

An example for them was set by the candidate's native town of Johnson City, and the

neighboring town of Marble Falls last week. Both towns closed up for the day and headed out in one of the biggest motor caravans Texas ever has seen—68 cars.

In temperatures well above 100 degrees, the caravan headed into counties on the south to tell the townspeople that Johnson had carried his home congressional district—where both candidates have long lived—by 65 per cent of the votes.

Caravans which went out this week were occupied by business men who went up and down the streets telling other business men about how Johnson had served them.

GOLDTHWAITE NEEDS JESUS

There's a town in the heart of Texas,

A beautiful place we know. The people seem contented—wandering to and fro— Some are living for the Savior Who died to save from sin But some do not know Jesus And will not let Him in.

CHORUS:

Goldthwaite needs my Jesus Goldthwaite needs my Lord Goldthwaite needs my Savior And all His Holy Word.

If you're living now for Jesus— Your life is in His care His promise is to help you— Your every burden share

If all the folk of Goldthwaite, Would meet my Lord and King Old Satan would be routed— As all God's children sing.

III

Old Noah preached the Gospel— His family all were saved And Daniel loved the Gospel— The Lions Den did brave The Hebrew children proved it— The fire their lives did spare And Goldthwaite should make ready—

To meet Him in the Air. (The above song was composed at the Dickson Tent Revival by Singer Benny Stanberry of Katy, Texas, during the time the preacher was preaching. Title was suggested by Willey Wooster. Fifteen titles were sent in, and "Goldthwaite Needs Jesus" was selected.

BURNAM GOES TO WASHINGTON

W. A. Burnam of San Saba, president of the Texas Pecan Growers Association, left last week for Washington, D. C., to attend a conference arranged between leaders in the nation's pecan industry, and officials from the Marketing Division of the Department of Agriculture and from the Commodity Credit Corporation. The pecan growers are seeking federal price support similar to that extended on peanuts and other agricultural products. Among prominent Texas pecan growers to attend the meeting will be W. S. Price, Jr., of Kerns, president of the American Pecan Growers Association. The conference opened Monday.

MILLS COUNTY PEOPLE OVERRUN B'WOOD HOSPITALS

Mills County people over-crowded Brownwood hospitals over last week-end as a result of mishaps.

Miss Grace Nugent, 16, of Summit, Kentucky, who had been here visiting the James D Koen family in the Caradan Community, fell from a truck one mile east of Goldthwaite about 7 a. m. last Monday and was run over by the vehicle. She sustained a fractured skull, broken left shoulder and internal injuries. She is in a serious condition in a Brownwood hospital.

Ronald Wayne Heath, 9, also fell from a truck and was run over last Saturday at the home of his parents, Mr. and Mrs. M. L. Heath, on Route One. He was taken to a Brownwood hospital, where X-rays showed no internal injuries and was released. He suffered only minor cuts and bruises.

Another Goldthwaite man to be taken to a hospital in Brownwood late Sunday night was Tom Branson, 48, of Goldthwaite, who was bitten by a rattlesnake while Mr. Branson was stacking lumber in his back yard here. The snake bit him on the middle finger of his right hand.

Also in Brownwood hospitals Sunday night were five persons from Zephyr who were injured when their automobile plowed off a bridge on Highway 84 between Mullin and Zephyr Sunday night. The driver of the car, W. H. Franks, 27, an employe of the Santa Fe at Zephyr, escaped with face and head cuts. Also injured were Mrs. Frances Murasher, 19, fractured ribs and back injury. Her 23-month-old daughter Josephine sustained a broken pelvis and a broken right leg. Mr. Frank's wife received back injuries, and their two-year-old son received a skull injury.

Keep several needles threaded with a generous length of thread in colors most often used. Leave needles in a pin cushion so that the threads will be untangled and always ready for use. Hang the pin cushion in a convenient place such as on the back of the kitchen door, near the ironing board, or sewing machine. You can tighten and replace buttons, mend seams and hems at a moment's notice. It helps stop an accumulation of unneeded articles, too... Here's something everybody will welcome: a set of six plastic tumblers with spillproof lids for use at picnics. The tumblers come in assorted colors and are imprinted with the words—sugar, butter, jelly, mustard, dressing and ketchup.

NOTES ON REFRIGERATORS:
 Never let the ice on the freezing unit of your refrigerator become thicker than 1-4 of an inch. If you do, you won't get maximum efficiency from it... Wipe away spilled foods, sticky spots, and excess moisture at once to maintain a fresh and spotless interior and help prevent odors... Cover all dishes and containers to prevent loss of moisture, unless your refrigerator has a high humidity compartment... Plastic bowl covers and bags are very useful in keeping a tidy refrigerator; wax paper and tin foil are also good for helping retain moisture and flavor... A young couple should not buy a small refrigerator in the belief that two people do not need much storage space. In their first year or so, they will entertain frequently, giving dinner parties, having company, etc. This necessitates refrigera-

tion of large cuts of meats, and other space items. If marketing weekly or semi-weekly storage space is desired if the family increases, be necessary to get a refrigerator before the actual need of replacing it.

Our WASHINGTON Letter

By Congressman O. C. FISHER

With the Congress in recess, the big news in Washington during the past week has been the disclosure of wartime Communist spy activities. This has been done through public hearings conducted by House and Senate Committees.

There have been three principal sources of information; namely, Elizabeth T. Bentley, Louis Budenz, and Whittaker Chambers. They are all ex-Communists and make no bones about their past.

Miss Bentley a Vassar College graduate, said she fell in love with a Russian agent named Jacob Golos, and she became the chief courier for Golos' spy ring which had been operating for years. During the war she said she made fortnightly trips from New York to Washington to pick up secret information from Government employees and then passed it on to Golos. The latter fled and Miss Bentley quit the Comies in 1945 and told her story to the F. B. I. and a New York Grand Jury.

Budenz was once editor of the Communist Daily Worker, was high in Communist councils, and reformed a couple of years ago. He is now a professor up at Fordham College and is believed to be a sincere and honest man. Budenz holds no punches. He corroborates Miss Bentley's testimony in many respects, particularly where she put the Commie label on a number of individuals. I have questioned Budenz myself in the past. He leaves a good impression, and is undoubtedly strongly anti-Communist at present.

Douglas Chambers is another ex-Communist, having quit the party several years ago. He is now a senior editor of Time Magazine. His testimony corroborated Miss Bentley on several points. He, Miss Bentley, and Budenz all told their stories to the F. B. I. long ago.

Douglas Chambers told the House Committee that both Nathan Witt and Lee Pressman were part of the Washington Communist group. Both of them formerly worked for the Government. After Pressman left the Government, he became General Counsel for the C. I. O. While Pressman acted in that capacity, Nathan Witt was Executive Secretary to the National Labor Relations Board. The Comies had a glorious time in those days. Non-Communist unions found their cases delayed before the N.L.R.B. while the C. I. O. pro-Communist unions were given special attention. Pressman and Witt worked together beautifully.

Now Pressman and Witt are law partners in New York and are helping to run Henry Wallace's Commungressive Third Party campaign. Pressman is running for Congress on the Wallace ticket.

I recall that in February, Witt showed up in Washington as attorney for the Communist-dominated United Public Workers of America, C.I.O., when a committee of which I was a member was investigating a strike that union had pulled against Government cafeterias in Washington. During the time I was interrogating Abram Flaxer, president of the union, Witt became so unruly the Committee chairman ordered the police to remove him from the room.

It is well to keep in mind that spying is not in itself the most important work of the Communist Party. The Party's main activities are false propaganda every day, the poisonous smearing of this country, and of the Congress as an institution in particular, the gnawing away at American loyalty, the general impact of a Fifth Column.

And while the revelations of spying activities during wartime may not produce sufficient evidence to warrant indictments, the hearing may serve to arouse more people into realizing what the Communist Party is—not a

HILLSIDE MISSION

By LIDA BYRNE
With a few eliminations, here is a letter from Lieutenant Bruns Meredith from somewhere in the Pacific to his sister during World War II, with a plea that she publish it to the nation:

BIBLES STOP BULLETS
Dear Sis: I don't know where to start first. So many things have happened since last I wrote. Well, to begin with, I have escaped death at the hands of the enemy in a way so amazing that I am still in a daze. You remember I told you I was going out armed with a Bible. That Bible is the reason I am still here and able to write this letter to all America.

Here is the story: My buddy and I were sent out on duty with our equipment in work I told you about before. We had just received information, the most important for weeks, but we were discovered by the enemy. I gave my buddy the information we had collected, told him to beat it, and prepared myself to face the enemy. It was the first time I had been face to face with the necessity of pointing my gun at a man to shoot the life from his body. I thought fast, then I said: "Lord, it's your responsibility now". As I reached for my carbine, a shot from one of them struck me in the breast and blasted me down. My buddy had not obeyed my orders. He had not gone. Thinking I was dead, he jumped for me, grabbing my carbine as well as his own, stood astride my body and blasted away with both guns. He was hit too—his knees, with three bullet wounds. He was amazed when I rolled over and tried to get up. The force of the bullet only stunned me. Dazedly, I wondered why. I pulled that little Bible out of my pocket and looked at the ugly hole in the cover. It had ripped through Genesis, Exodus, Leviticus, and kept on going. Where do you think it stopped? In the middle of Psalm 91, pointing like a finger at this verse: "A thousand shall fall at thy side, and ten thousand at thy right hand, but it shall not come nigh thee. Only with thine eyes shalt thou behold and see the reward of the wicked." Sis, when I read that verse it raised me clear off the ground. I did not know there was such a verse in the Bible. I'd been reading mostly in the New Testament. I read the rest of that chapter—the first part was ripped apart. In utter humility I said: "Thank you precious God."

When I got my buddy back to the post he said: "Lute (he calls me Lute), I've had enough. This convinces me. I want to get right with God—starting now. He wouldn't let them tend his wounds. He said, "Nothing matters now but this." He fell on his knees, with his three wounds, and he prayed. His body became almost numb, but he wouldn't give up. When the Lord Jesus heard his cry and came in and saved him, he moved. That soldier went all out for God. He ran outside and shouted to the whole camp. I tell you Sis, praying is going to win this war! Not guns alone; fervent, agonizing prayer I know is. God is bringing them in, one by one. The whole company will be a company of praying men. God has given me assurance. Think of it 120 praying men and one general in one regiment! When that happens, this unit will be unconquerable. Pray Sis, pray as you have never prayed before. Tell everyone to pray. Tell all America to go on its knees! United nations and people have paid in blood and tears for trusting God out of their hearts, out of their homes, nations and lands, this war will not end. Tell them to send Bibles, and more Bibles. A Bible will give a soldier confidence that God is with him. Tell the people the army wants prayer—and Bibles!

So tell them to pray, and keep praying. And when you send things to your boys, send Bibles. They want to hear God speak. Your loving brother, Bruns. (Lieut. Bruns Meredith.)

party at all, but a huge conspiracy. The fact is that some people and some newspapers have got so used to poo-pooing the danger of the Communists that they still refuse to wake up.

FARM AND RANCH CHATTER

WITH LAYNE BEATY WBAP FORT WORTH 6:30 AM Week Days—10:15 AM Sundays

Almost like a magazine short story thriller the race in Tarrant county to get the first bale of cotton ginned last week had some of the involved parties wishing they could move a county line for a few days.

O. M. Wilshire announced he'd bring the first bale to Bud West's gin at Britton, in the southeast corner of the county. The Fort Worth Chamber of Commerce and some business men had put up prizes amounting to about \$125 for the first bale to be ginned in the county this year.

Then it developed that the county line runs through Mr. Wilshire's cotton field, and the bulk of the No. 1 bale had been grown in Johnson county. The prize donors balked.

Meanwhile, picking was in progress around Haslet and Saginaw, in the north part of the county, where the first bale has originated for many years.

Also meanwhile, West, who ginned Mr. Wilshire's cotton anyway, said Britton had ginned the first bale of cotton in the county this year. And he set pickers to work next day on some other open cotton, well away from the county line.

First they started raising chickens on wire—in batteries, you know. Now they're doing it with calves. And just as the "wireless age" gets its second wind, too!

More milk, beef, pork and mutton will come off those critters if their water troughs are shaded.

The Texas Farm Bureau Federation, cooperating with a national project, is selecting local and district "Farm Bureau Queens", now (not bathing beauties) and will finally—this fall, select a state winner. She will attend the national convention of the American Farm Bureau Federation at Atlantic City in December, and there compete for national honor. The fact that Atlantic City is also

known for bathing beauties is merely coincidental.

The whole idea is to interest more women in Farm Bureau activities.

The grain storage pinch in south Texas seems to have eased now, but the squeezes reportedly is on farther north. Some grain sorghum producers have found it necessary to sacrifice their chances of getting a government support price loan on their grain because of the storage shortage. The current market price is below the support price. Government officials are urging farmers to provide more storage space on farms for grains, cotton, etc.

STEVENSON THINKS HE'LL GET PEDDY VOTE ON AUGUST 28

(Houston Chronicle, Tuesday)
Senatorial Candidate Coke Stevenson Monday was engaged in a series of conferences with leading Houston businessmen and former supporters of George

Peddy as he moved into the second busy day of his Houston visit.

Following day-long conferences Sunday with former Peddy supporters here, Stevenson predicted that he would carry more than 50 per cent of the Peddy vote in the August 28 run-off election. During the day he talked to more than 60 of the leading supporters of Peddy in the primary election.

High light of Mr. Stevenson's visit here will be a radio address which will be heard at 7:15 p. m. over Radio Station KXYZ and at 7:45 p. m. over Station KTRH.

In his radio address, former Governor Stevenson will discuss "Communism and the Washington Spy Ring."

Mr. Stevenson was enthusiastic over the reception he was given by citizens throughout East Texas as he completed a tour through that area Saturday. He predicted he will carry Shelby, Panola and Nacogdoches counties which were in the Peddy column in the first primary and added that he had cut into Johnson strongholds of Gregg and Harrison counties. Mr. Stevenson said he believes he will carry these latter counties which were Johnson strongholds in the first primary.

The senatorial candidate was elated over the news that Mayor Carl Bruce of Gladewater is throwing his support to Mr. Stevenson.

"In all the places we have visited during the past week in East Texas, the opinion of my friends and former Peddy supporters is that I will get a large majority of the vote," Mr. Stevenson said.

"The continuous dry weather emphasized the need for a proper water and soil conservation program, something I have been talking about and advocating all through this campaign," he added.

Mr. Stevenson said as a result of the conferences with former Peddy supporters, some of this group will make campaign speeches in behalf of Stevenson's candidacy.

How To Make Iced Coffee

THERE'S nothing like Iced Coffee to take the sizzle out of summer, leaving you perked up and cooled off. But it's got to be good iced coffee—darkly rich in color, sparkling clear and full of real coffee flavor.

Start by making good hot coffee and transform it into Iced Coffee by either of these two methods.

DOUBLE STRENGTH METHOD

1. Make coffee double strength, by using half the amount of water to the usual amount of coffee.
2. Pour hot over ice cubes in tall glasses. The extra strong coffee allows for the dilution caused by the melting of the ice.
3. Serve with cream and sugar.

PRE-COOLED REGULAR STRENGTH METHOD

1. Make coffee regular strength.
2. Cool in a non-metallic container for not more than 3 hours. Or, if the container is tightly covered, chill in refrigerator.
3. Serve in tall glasses with ice, adding sugar and cream to taste.

Vary your iced coffee service by adding a big scoop of ice cream to each glass. Or serve it with whipped cream flavored with a few drops of vanilla, cinnamon or nutmeg.

June Roberts, Earl Murtha Married In Evening Ceremony

In the parlor of the First Christian Church Wednesday evening, July 14th, a double-ring ceremony was performed in which Miss June Roberts, daughter of Dr. and Mrs. Marlon N. Roberts of Marfa, became the bride of Earl L. Murtha, son of Mr. and Mrs. J. T. Mock, also Marfa residents.

The Rev. Joe. B. Frederick, pastor of the church, read the marriage vows as the couple stood before the fireplace which provided an improvised altar. White satin drapery was used and an arrangement of pink gladioli, shasta daisies and baby's breath was flanked by "snow-on-the-mountain" and fern for the mantle decoration. White candles in brass candlesticks stood on each end of the mantle.

Large vases of shasta daisies were placed on the lace-covered tables throughout the room. The bride, given in marriage by her father, wore a gown of coral pink crepe, with navy blue accessories. She carried a white prayer book topped with gardenias filled in with carnations.

The bridegroom was attended by Mr. Mock.

The traditional wedding music was played by Mrs. Mary Nicolls Gorman.

Only members of the two families were present at the ceremony and immediately afterward the couple left on a wedding trip.

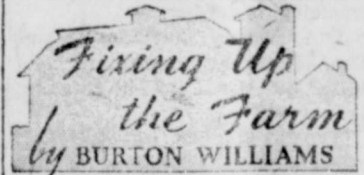

The bride attended school in Priddy, Texas, and Los Angeles, Calif., and came to Marfa with her parents from Brownwood last fall. She entered Marfa High School and was a member of the 1948 graduating class.

The bridegroom was also graduated from Marfa High School and attended Texas A. and M. College for a short time before leaving school to begin military duty. He served in the Rainbow Division of the U. S. Infantry for two years, eighteen months of the time being spent in the European theater of operations. He returned to Marfa after his release from duty and is now employed in the office of the Peevey Lumber Company in Marfa.

Mr. and Mrs. Murtha will make their home in Marfa.

Easy-to-Clean Roosts
AMONG the essential requirements of satisfactory roosts and dropping boards is that they provide the chickens with adequate protection against contamination and that they be easy to keep clean. The diagram below illustrates how a simple unit can be constructed easily to meet both needs. It can be suspended from the ceiling or mounted on legs.

The dropping board consists of two sheets of asbestos cement board, which comes in 4 x 8-foot sizes. The sheets are nailed to a simple framework of wood 2 by 4's, making a section 8 x 8 feet.

On top of this dropping board is placed an 8-foot square framework of 2 x 6's, which is covered with tightly stretched poultry netting. The roosting strips consist of 2 x 2's. They are laid on top of the poultry netting and held in place by wood blocks. This arrangement permits the strips to be removed easily for cleaning, painting or disinfecting. The wire netting keeps the poultry out of the droppings, and thus helps to guard the chickens from dirt and disease.

Asbestos cement is used for the dropping board because it has a smooth, hard surface which can be cleaned easily by washing, scraping or hosing. Made of asbestos fibers and portland cement, it is unusually strong and durable. It will not rot or wear out and cannot be gnawed through by rodents.

Hamilton County Rural Electrification Association were re-elected. A large crowd was present from the five-county area served by the R.E.A. and represented 3,888 consumers. Officers and directors follow:

Troy Dutton, president; Walter Walker, vice-president; and A. T. Jones, secretary.

Directors: Troy Dutton, Indian Gap; Jack Cates, Evant; Frank Blair, Ireland; A. T. Jones, Hamilton; Willis Hill, Goldthwaite; Walter Walker and John B. Langford, Lampasas.

TEXAS METHODIST COLLEGE DAY OCT. 17

Dallas, Aug. 19—Members of the Texas Methodist College Association met August 12 at Southern Methodist University to lay plans for a first annual Texas Methodist College Day, to be observed this year on October 17 throughout all Methodist churches in the state.

Dr. J. N. R. Score, president of Southwestern University, Georgetown, and acting chairman of the Association, said that Texas Methodist College Day will give Texas Methodists their first opportunity to support Methodist colleges as a unified organization.

Organization of the Association was authorized by the South Central Jurisdictional Conference of The Methodist Church held recently in El Paso.

In addition to Dr. Score, presidents of three other lead-

ing Methodist schools were present for the August 12 meeting: D. Harold G. Cooke, president of McMurry College, Abilene, Dr. Law Sone, president of Texas Wesleyan College, Fort Worth; and Dr. C. E. Peoples, president of Lon Morris College, Jacksonville. Trent C. Root, administrative assistant, represented SMU in the absence of Dr. Humphrey Lee, chairman of the Association.

An information committee appointed by the Association has Trent Root of SMU as chairman. Members are Dr. Cooke; Howard Knox, director of publicity of Southwestern University; R. C. 100 THINGS YOU SHOULD KNOW ABOUT COMMUNISM IN THE U. S. A.

Continued—By Committee of Un-American Activities, U. S. House of Representatives.

29. How many people are now ruled by Communism?

About 200,000,000 directly; 200 million more indirectly, and an additional 250,000,000 are under daily Communist pressure to surrender.

30. Which countries are Communist controlled or governed?

Albania, Bulgaria, Czechoslovakia, Estonia, Finland, Hungary, Latvia, Lithuania, Poland, Romania, Russia, Yugoslavia. Important regions of Austria, Germany, Korea, Mongolia and Manchuria. Communism is concentrating now on immediate capture of Afghanistan, China, France, Greece, Latin America, Iran and Palestine. It has plans to seize every other country including the United States.

31. How many Communists are there in the United States?

There are approximately 80,000 out of the population that "in 1917 when the Communists overthrew the Russian Government there was one Communist for every 2,277 persons in Russia. In the United States today there is one Communist for every 1,814 persons in this country."

32. Why aren't there more?

Because the Communist Party does not rely upon actual Party membership for its strength. J. Edgar Hoover testified: "What is important is the claim of the Communists themselves that for every Party member there are ten others ready, willing, and able to do the Party's work. Herein lies the greatest menace of Communism. For these are the people who infiltrate and corrupt various spheres of American life. So rather than the size of the Communist Party the way to weigh its true importance is by testing its influence, its ability to infiltrate."

33. How are they organized?

Primarily around something they call a political party, behind which they operate a carefully trained force of spies, revolutionaries, and conspirators. The basic fact to remember is the Communism is a world revolutionary movement and Communists are disciplined agents, operating under a plan of war.

34. Where are their headquarters in the United States, and who is in charge?

Headquarters are at 35 East Twelfth Street, New York City. William Z. Foster, of 1040 Melton Avenue, New York City, has the title of "Chairman of the Communist Party of the United States," but Foster is actually just a figurehead under control of foreign operatives unseen by and unknown to rank and file Communists.

35. What is the emblem of the Communist Party in the United States?

The hammer and sickle.

36. What is the emblem of the Communist Party in the Soviet Union?

The hammer and sickle. It is also the official emblem of the Soviet Government.

37. What is the flag of the Communist Party in the United States?

The red flag, the same as that of all Communist Parties of the world.

38. What is the official song of the Communist Party of the United States?

The Internationale. Here is the Chorus:
'Tis the final conflict,
Let each stand in his place;
The International Soviet shall be the human race.

39. Do the Communists pledge allegiance to the flag of the United States?

The present head of the Communists in the United States has testified under oath that they DO NOT.

Religion: Hand-Sewn
Lesson for August 22, 1948

THE NEIGHBORS didn't know what Tabitha's ideas were. She never went down in history as a great thinker. What church she attended, whether she ever took part in a prayer-meeting, what her spiritual life was like, the neighbors did not say. But they cried when she was dead. She was a good woman, they knew. When Simon Peter came that way, they did not tell him about Tabitha's prayers or her peace of conscience. No doubt she had these. But what the neighbors brought in to show how good their friend had been, was—"coats and garments." All made by hand, her hands; made for her poorer neighbors, widows. In those days widows were not protected by life insurance, social security or annuity plans. They could not go out and earn big money in factories. To be a widow, as a rule, meant to be in need of help. Too many of them starved. So Tabitha spent her time making clothes for the widows of her city.

Full of Good Works
THE BIBLE says she was "full of good works." It does not say she was full of faith or full of love. Just full of good works. We can be pretty sure the faith and love, the religion, was there, but it was the good works that people noticed. Religion in Tabitha's house was translated into the language of coats and skirts. Religion always has to be translated into something we can understand. Religion uses words, of course; books full of them. We cannot get along without them. They stand for something. But where the Christian religion is concerned, we cannot stop with words.

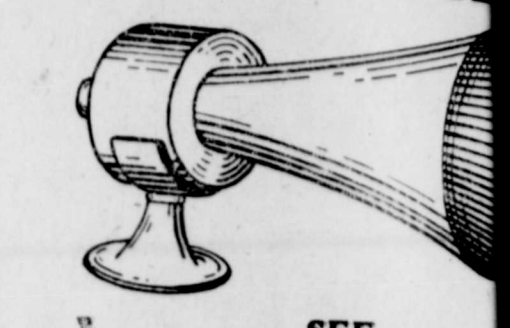

Would They Want You Back?
THERE MUST have been a number of deceased Christians in Joppa, but the only one who seems to have been worth a miracle to bring back to life was this woman, Tabitha, or Dorcas. Her life was over, yet it was a life worth living again. How many people would be worth bringing back to life again? How many funerals would the neighbors want done in reverse? Not many, maybe, but if the neighbors voted at each funeral, as they did at Tabitha's, on the question, "Do we want this person back again?" they would usually vote for people like Tabitha, whose religion was all hand-sewn.

What Is Service?
SERVICE is a word much used in Christian circles. We even have the world around us using the word. Department stores, government agencies, radio manufacturers, filling stations, all offer service. The trouble is that much of this is something for which you have to pay. And much so-called service is simply mending something that was not done right in the first place. Tabitha's service was of a different kind. It was genuine doing for people who couldn't do much for themselves and who certainly could not do anything in return. Even among Christians, when we think of service we set our sights sometimes too high. We think of Telemachus, who stopped the brutal sport of gladiators murdering one another on Roman holidays. We think of great missionaries or settlement workers, or Christian statesmen like Gladstone or Kuyper. All honor to such men and women; they inspire us all. Yet they discourage us, too. For these great Christians are "special" people; they had outstanding talent, some of them even genius. They had opportunities given only to a few, opportunities that do not come in every one's lifetime.

Religion in the Hands
WE SHOULD REMEMBER this Tabitha or Dorcas. All she had was her hands and some pieces of cloth. Her only opportunity was a poor city filled with poor people. Her only talent was one most women have: Plain sewing. Yet the Tabithas, the Dorcas, make the backbone of Christianity. They are the salt of the church, the salt of the earth. In your own town, in your own community, if the Christian religion is loved and respected, it is not because of the famous preachers; it is because of the humble doers, the people whose Christian religion goes to their hands.

Health Notes

Sixty Texans died as the result of appendicitis during the first five months of 1948, according to figures released by the Texas State Department of Health.

This figure does not appear large when compared to the deaths from cancer, tuberculosis and heart disease," Dr. Geo. W. Cox, State Health Officer said, "but with the knowledge that these sixty Texans died needlessly, the figure is tragically high."

More than anything else, Dr. Cox said he would attribute fatality in appendicitis to the complacent attitude of the people concerning the disease. It is not put in its "proper perspective". Too often, the Health Officer said, people have the vain hope that the prolonged pain in their stomach will "wear off." He cautioned that the stomach ache which lasts more than three or four hours should be considered a serious matter.

Appendicitis killed 60,000 people in the United States and Canada last year, Dr. Cox said. He warned that young adults are especially susceptible to attacks, and that appendicitis is a leading cause of death among children and adolescents.

Operative techniques have been improved to the extent that an unruptured appendix can be removed with great safety," Dr. Cox said. "It is therefore apparent that the negligence in appendicitis rests with the patient who fails to seek prompt medical attention." He said it was imperative that the patient lie quite until the doctor comes as moving about

Those voters opposing said Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the retirement and compensation of Judges and Commissioners of the Appellate Courts and Judges of the District and Criminal District Courts of this State on account of length of service, age or disability and for their reassignment to active duty where and when needed."

James Cockrell And Miss Beatrice Earls Marry

(Lampasas Dispatch) In a double ring ceremony, wedding vows were solemnized for Miss Beatrice Earls and James Cockrell, Sunday morning August 8, in the home of Rev. W. A. Richardson, pastor of the First Christian Church of Kerrville.

The bride wore a slate blue dress with black accessories trimmed with gold. She carried out the old tradition of something old, new, borrowed and blue, and wore a penny in her shoe. She wore an old locket, a borrowed white lace handkerchief and blue earrings, a gift from the groom. Her corsage was of white carnations and violets. The bride's only attendant was Mrs. Opal Morris of Lampasas, who wore black with a corsage of pink carnations. Mrs. Morris sang "Because" accompanied on the piano by Mrs. W. E. Alexander.

Jerome Peck of Lampasas was best man. The bride is the daughter of Mrs. Lincoln Earls of Goldthwaite. She is a graduate of Lampasas High School and Jackson Business school. The groom is the son of Mrs. Lula Cockrell of Lampasas and is the owner of The Cockrell Realty Firm. After a brief honeymoon the couple will reside in Lampasas.—Contributed.

Lyndon Johnson For United States Senator

(Editorial in Houston Press August 7, 1948)

The Press, before the first primary, stated that either Lyndon Johnson or George Peddy would be acceptable as the next United States senator from Texas.

This conclusion was not reached on the basis of personalities of these candidates and the other contender, Coke Stevenson. In making our choice, we considered issues, rather than men.

We placed the records and the utterances of the candidate on the scales, weighing them against what we believed were the qualifications for the job: a thorough grasp of the foreign situation, the recognition that what goes on east of the Rhine is of as great importance in the troubled times in which we are living as what is going on west of the Pecos.

The candidates in the Aug. 28 primary are Lyndon Johnson and Coke Stevenson. There is no question in our mind but what Mr. Johnson should represent Texas in our Senate.

Although it may have been "better politics" to soft-pedal his belief in American preparedness, the Marshall Plan for the rehabilitation of Europe, and in the policy of firmness and non-appeasement—the hint that a cold war may turn to a shooting war overnight is unpleasant to many, of course—Lyndon Johnson consistently has hewed to the line that America must be strong, that America must be co-operative with the other democracies, if America is to survive.

In startling contrast, Mr. Stevenson has been ambiguous, to say the least, on foreign affairs. In the first primary the utterances of Mr. Stevenson classified him as an isolationist. We fail to be impressed by his late conversion, on the basis of tepid utterances, to a strong American foreign policy.

Mr. Stevenson's trip to Washington, for a "fill-in" on the foreign situation, was significant. A man, claiming the qualities of leadership and statesmanship, especially one who passed 30 years in the public service, should not have found it necessary to take a hurried trip to Washington in the middle of the campaign to find out what to think, to take a refresher course in the foreign affairs of his country.

Mr. Johnson, now only 39 years of age, has been in the Lower House for 11 years.

Way back in 1937, long before England awakened, when many in this country were still looking upon Hitler and Mussolini as "great stabilizers," men of efficiency who made the trains run on time, Mr. Johnson knew what time it was.

He issued an appeal then, two years before Hitler ran amuck, calling on the United States to prepare for military eventualities.

Showing an awareness of the Far Eastern situation, he voted for fortification of Guam, and six months before the attack on Pearl Harbor he cautioned Congress, "It is later than you think."

Mr. Johnson likewise voted for the draft, surely not a popular stand at the time. Believing he could best serve his country in the Navy, he asked for a leave from Congress the day after Pearl Harbor and joined up, serving with distinction.

In the postwar years he has been an advocate of preparedness and championed the cause of the 70-group air force and a stronger Army and Navy. Mr. Johnson now is senior Texas member of the Atomic Energy Commission as well as a member of the House Military Affairs Committee.

We prefer a man with this record to Stevenson who once summed his views on the Marshall Plan by stating that he would aid our allies in the fight on Russian encroachment by "handing them the ax and showing them the woodpile."

Swing Of Southwest Farm Markets

By U.S.D.A.

Scattered spots of strength contrasted with largely steady to weaker trends at southwest farm markets during the past week. The U. S. Department of Agriculture's Production and Marketing Administration reports. Hog prices advanced anywhere from 50 cents to \$2.50 a hundred pounds for the different classes at the various markets. Top butcher hogs sold Monday at \$27.50 at San Antonio, \$29 at Fort Worth, around \$30 at Oklahoma City and Wichita, \$30 to \$30.75 at Kansas City, and \$30.50 to \$31.50 at Denver.

Texas cattle markets showed gains up to \$1 for the week, but other terminals netted mainly losses of 50 cents to \$1. Good fed steers sold at \$32.25 to \$35 at Kansas City Monday. Good and choice grades turned at \$35.50 to \$38.50 at Denver, and \$33 to \$37.50 at Wichita. Medium grass steers ranged from \$23.50 to \$27 at Oklahoma City and San Antonio. Medium steers, yearlings and heifers changed hands at \$25 to \$30 at Fort Worth, where good yearlings reached \$31.50.

Sheep values sustained further losses during the week at most markets, though Fort Worth paid steady to higher prices.

Medium to good spring lambs brought \$25 to \$26.50 at Fort Worth and \$22.50 to \$23 at San Antonio.

Texas grain markets began quoting new crop corn last week at prices about 20 cents a bushel under recent midwest offerings. No. 2 yellow corn closed Monday at \$2 to \$2.05 a bushel, and white corn \$2.25 to \$2.30. Wheat and sorghums netted slight gains while oats and barley eased a little. No. 1 hard wheat sold around \$2.35 in bulk carlots at Texas common points, and No. 2 milo \$2.40 to \$2.50 a hundred.

After minor fluctuations during the week, cotton closed Monday 50 to 75 cents a bale lower. Spot middling 15-16 inch sold at 31 cents a pound at most southwest markets and 31.05 at New Orleans.

Strong demand for most live poultry and the better grades of eggs kept prices steady to firm during the week. Most markets took fryers at 35 to 40 cents a pound. Egg prices on best candled whites ranged from 45 to 50 cents a dozen at Dallas and Fort Worth. Denver bought current receipts at 40 to 43 and 1-2, and New Orleans 45 to 48.

WORLD'S BEST EDUCATED HORSE AT DALLAS FAIR

Serrano, the world's best educated horse, has been signed as a feature attraction of the 1948 State Fair of Texas, Oct. 9-24.

The State Fair appearance of the physic horse with the "college education" will be the animal's only showing in the nation this year other than in California and it will mark the first time the horse has been seen out of California.

The \$100,000 horse, one-half American Saddlebred, and one-half Morgan, can add, subtract, divide and multiply figures, ascertain ages by "mind reading," unscramble words through "telepathy," find objects hidden under boxes and pick objects by color. Serrano can spell any word in any language.

Jack C. Dutton and Clint Brush, owners of Serrano, have a standing offer of \$5,000 for proof that audience participation in Serrano's feats are pre-arranged.

The horse uses lettered blocks in nearly all of his tricks. The blocks have leather loops atop them which the horse picks up in his mouth. In adding the horse works from left to right, reversing the human method.

The only horse to approach the mental abilities of Serrano was Muhamed, greatest of the almost legendary Elberfeld horses of Germany.

Carl Spinks and family of Briggs visited homefolks Sunday.

Rev. O. F. Smith of Denton visited in the home of Mrs. J. M. Trayler and C. S. Miller Sunday afternoon.

Mr. and Mrs. L. J. Teague have returned home from a visit to his brother and wife, Mr. and Mrs. H. P. Teague, at New Braunfels and their daughter and family, Mr. and Mrs. D. T. Cook and daughter at Big Spring. They also visited their son, Mr. and Mrs. J. P. Teague at Bertram, and they plan to go to Fort Worth to see another daughter, Mrs. C. C. Walker, and family, before Mrs. Teague takes up her duties as supervisor of the Goldthwaite school cafeteria.

Mr. and Mrs. E. B. Adams, Mr. and Mrs. Floyd Lankford and boys, Tommy and Jimmy, left Sunday for a 10 day visit in Nebraska with friends.

Rev. and Mrs. E. E. Dawson of Carleton were visitors in Goldthwaite Sunday. Rev. Dawson held services Sunday morning and evening at the Baptist Church in the absence of Rev. Joe Emery who was conducting a meeting at Caradan.
