### Lions Club Ladies' Night Tuesday At Hangar Draws Good Crowd

Quarterly Ladies' Night meeting of the Goldthwaite Lions Club at The Hangar Tuesday at 7:30 brought about 50 Lions, Ladies and guests for the fried chicken banquet.

While guests were eating, Lion Charles Conradt announced that Y. B. Johnson and his Vocational Agriculture Class would do the work of building a press box at Eagle Field grand stand if the Lions Club would buy the material. Money was made up for this purpose before the meeting adjourned. It is expected the box will be ready for tonight's game with San Saba here.

Lion President Joe B. Karnes asked Lions present to introduce their guests, after which the meeting was turned over to Program Chairman Lion M. E. Blake, who introduced Lathan Jernigan who played two appreciated piano numbers. Lion Blake then said he had expected a famous wit from Dallas to be principal speaker for the ladies' night occasion, but he couldn't be here. He said he then contacted two local half-wits, but they refused to function before the ladies. Lion Blake then, as principal speaker, proved himself to be at least a double wit, telling humorous experiences of his marriage and honeymoon. He chose as his subject: "Why Married Men Make the Best Husbands."

Lion D. D. Tate reported on city mail delivery for Goldthwaite, and said it looked like we may get it after two years of work.

### IN HONOR OF REV. AND MRS. JOE EMERY

Deacons and their wives of the Baptist church honored their pastor and wife with a dinner at noon Sunday at the Education Building. The occasion was the anniversary of Rev. Emery's faithful service as pastor, and in token of appreciation of Mrs. Emery's faithful service as organist and other phases of work. She was presented a lovely sweater.

The congregation at Post is about the same size as the one at Mexia, and Rev. Bryant will preach in the beautiful new church building just completed at Post.

### MEETING HERE NEXT WEEK TO ORGANIZE JUNIOR CHAMBER COMMERCE

In a preliminary meeting held in the District Court room at the court house on Thursday night of last week, a steering committee to organize a Junior Chamber of Commerce was elected from the 45 young men present. J. D. Harper, a teacher in the Mills County Vocational School, made a talk, as did Jesse Saegert, and Mayor Loy Long welcomed the new organization. Goldthwaite Vocational Agriculture Teacher Y. B. Johnson made a short talk and said the Junior Chamber of Commerce could be a great help to the Mills County F. F. A. and 4-H Club boys in their growing of fine livestock that had made such a record over the nation during the past two show seasons.

Another meeting was scheduled to be held last night to elect a Board of Directors and sign up members.

On Thursday night of next week an organization meeting will probably be held to organize a Mills County Junior Chamber of Commerce. The date is tentative waiting word from the Hamilton Junior Chamber, who will come here to assist in the organization.

The nine-man steering committee elected at the first meeting consists of: Glen Geeslin, Gerald Heald, Jesse Moreland, Jesse Saegert, Y. B. Johnson, Raymond Summy, John Gwin, Rex Collier, and Hebert Faulkner.

Rev. and Mrs. M. Dick Lowry and family left the first of this week for a visit with her sister in Larado. They will also visit other points in South Texas.

### FIRST DIST. 22-A CONFERENCE GAME AT EAGLE FIELD TONIGHT

Coach Bert Brewer's 1948 edition Goldthwaite Eagles, back in Interscholastic League District 22-A play this year, will meet the San Saba Armadillos at Eagle Field here tonight. Game time is eight o'clock.

This is the first conference game for both teams. The Armadillos coaches are Charles Chrane and Hoyett L. Browning. Eagle colors are black and gold, while Armadillos colors are purple and gold.

Eagles starting eleven averages slightly over 154 pounds per man, from Billy Stark's 134 pounds to Billy Joe Heath's 186. The Eagles have been in action three times this season: A 6-to-6 tie in scrimmage with Comanche; a 18 to 13 win over Hamilton in a practice non-conference game; and lost to Class AA Coleman team last Friday night 27 to 13. Coleman beat Eastland the Friday before by a large score, and the Eagles crossed their goal line twice last Friday. Coleman had bragged that no team except Breckenridge would cross their goal line this season.

San Saba Armadillos lost one game to Brady and won one from Rochelle in non-conference play this season. They average 156 pounds to the man in their starting lineup, two pounds more than the Eagles.

Both teams will be in there fighting tonight to win their first conference game for 1948.

### DO AND DON'T FOR BICYCLISTS

DO use horns to warn those behind you. Do not slow down, stop, or turn just like motorists if 1947 death toll of 550 is to be cut.

DON'T hitch to moving vehicles of any kind. This is one of the most dangerous bike stunts, takes many lives and brings countless injuries. You are in danger from every direction.

DO ride single file on the extreme right side of the road. Riding abreast or weaving in and out of traffic slows vehicles, confuses motorists and boosts chance of accident.

DON'T carry passengers on the crossbar, handlebar, or fender. Never break this rule, even for the best friend. Extras make bike hard to handle, is one of chief crack-up causes.

DO have a dependable headlight on front and clean reflector on rear for night riding. Risk goes up as sun goes down, so smart riders will have bike in garage by nightfall to be safe.

DON'T ride on sidewalk when there are pedestrians or playing children. Dismount and walk your bicycle around them.

**Horse Sense**

Dobbin has horse sense enough to pull a plow with zest. Chances are, though, that in the kitchen or home laundry he'd be caught with his blinkers down.

But if it's all around clear thinking you're talking about—well, that's horse sense of a different color...

horse sense as essential to the town dweller as to Dobbin's boss.

And nowhere is horse sense better demonstrated than in those who live better and enjoy higher profits through the use of electricity.

### THREE GREAT STARS IN COMEDY— 'THE BISHOP'S WIFE'

Dealing with the changes an engaging guest makes in a disturbed home, Samuel Goldwyn's new RKO Radio release, "The Bishop's Wife," co-stars Cary Grant, Loretta Young and David Niven in one of the year's most unique and gayest offerings, which opens Saturday pre-views, Sunday and Monday at the Melba Theatre.

Miss Young has the title-role of the wife. Niven plays the Bishop, a man so harassed by the financial troubles of his office that he has no time for his old friends nor for family. Realizing he is in a spot, he prays for divine aid. The prayer is promptly answered by the appearance of Grant, as Dudley, a modest but miracle-working guest in snappy attire, who proceeds to reorganize the household.

In a matter of days Dudley cures the ecclesiastic's money worries, has restored the wife's love for him, and has reunited him with his old parishioners—all this over the protests of the Bishop, who resents the interference of his casual visitor in his private affairs. How the guest neatly effects his remarkable reforms is developed in amusing and suspenseful sequences, leading to a delicious climax in which the general visitor makes his exit in triumph.

#### "SO EVIL MY LOVE"

A dramatic and explosively emotional account of how for a woman will go for the man she loves, based on an actual episode in English crime history, is the theme of Paramount's new Hal Wallis production, "So Evil My Love," which co-stars Ray Milland, Ann Todd and Geraldine Fitzgerald.

The film, due Tuesday at the Melba Theatre, tells the shocking, suspenseful story of the metamorphosis of a missionary's widow into a cold-blooded murderer, under the influence of a charming scoundrel.

## Kaiser-Frazer Introduces New 1949 Kaiser Models, Now In Production

Willow Run, Mich.—The first extensive model change in an American automobile designed since the war was announced recently by Kaiser-Frazer Corp. with the introduction of the 1949 Kaiser Special and DeLuxe sedans.

Incorporating more than a hundred improvements in styling and mechanical features, the four-door models are in full production at the Willow Run plant and were put on display at K-F dealer showrooms throughout the country this week.

Edgar F. Kaiser, vice president and general manager, said that engineering and tooling costs involved an expenditure of over \$10,000,000. He described the 1949 models as representing "far more than the auto industry's traditional 'face-lifting.'"

"The new cars are the result of constant research in the two years since K-F automobiles were first introduced," Mr. Kaiser said. "Since August, 1946, more than 250,000 owners have recorded over two billion miles on our cars. We have put this work in our engineering departments to develop a better product."

The K-F executive said that the first 1949 model was No. 379,195 in the accumulative grand total of cars turned out by Kaiser-Frazer, fourth largest passenger car producer.

The first of the '49's was produced on August 24, immediately following output of the last 1948 model, he disclosed. Months of tooling and scheduling of parts into the plant were involved in getting the new models on the lines with a minimum loss of production, he said.

Mr. Kaiser cited the follow-

ing as the major features of the new cars:

1. An increase from 100 to 112 horsepower in the Kaiser DeLuxe six cylinder engine with no loss of fuel economy.

2. Simplified clutch, steering, accelerator, and brake mechanisms. Fifty-two parts have been eliminated through development of an exclusive K-F clutch linkage.

3. A restyled body with a silhouette three inches lower in appearance than in previous models. A new grille, bumpers, fenders, hood and other body panels are among styling changes.

4. Completely redesigned interiors with new instrument panels and a color-styling program of unprecedented variety in the auto industry.

### SONNY GILLIAM

Ed B. (Sonny) Gilliam III was born Nov. 1, 1930 in Brownwood, Texas and went to his heavenly home on September 8, 1948.

When Sonny was seven years old he was converted and united with the Baptist Church, of which he was a faithful member all his life.

He was a member of the 1948 Graduating Class of Goldthwaite High School. Also, he was on the Eagle Staff, Sports Editor; President of the Senior Class, and twice had been voted by his class as the Boy Most Likely To Succeed.

Sonny is survived by his parents, Mr. and Mrs. E. B. Gilliam, Jr., two brothers, John and James; his grandmothers, Mrs. E. B. Gilliam of Brownwood and Mrs. E. B. Anderson of Goldthwaite, together with an innumerable host of friends who loved and respected him.

Though his life consisted of

only 18 brief years, it had encircled and entwined itself about the hearts of each of us for eternity's duration. He loved people and earnestly desired to be loved by them.

To-day he is in attendance at the University of Heaven where God is the Superintendent, where the Son is Principal and the Holy Spirit is head of the angels who make up the teaching staffs. He has been exempt from the toil and trial and tribulation of the present world and promoted into the presence of God who needed him there more than here with us.

May we, as he, "So live that when thy summons comes to join the innumerable caravan, which moves To that mysterious realm, where each shall take His chamber in the silent halls of death,

Thou go not, like the quarry-slave at night, Scourged to his dungeon, but sustained and soothed By an unfaltering trust approach thy grave Like one who wraps the drapery of his couch About him, and lies down to pleasant dreams."

He had fought a good fight, he had finished his course, he kept the faith, henceforth there was laid up for him a crown of righteousness.

### HILLSIDE MISSION

By LIDA BYRNE  
An infidel lawyer said to a preacher, in substance: "If I believed that the masses of humanity were perishing because of sin I could not rest until I told the people of salvation; I would labor day and night; I would speak it with all the pathos I could summon." He continued: "I am astonished at the manner in which the majority of ministers tell the message. Why do you not act as if you believe your own words? You do not have the earnestness in preaching that we lawyers have in pleading. If we were as tame as you we would never win a suit."

Tune in on the radio, or listen elsewhere and try to find many earnest Christians pleading for multitudes of lost souls like you hear a lawyer in a court house pleading for the temporal life of one individual! "So then because thou art lukewarm, and neither cold nor hot, I will spew thee out of my mouth." Revelations 3:16.

Those who believe degradation, sorrow and woe are brought on by transgression of God's laws and who realize sin throws everyone for a loss and that the devil pays wages, but "the wages of sin is death"; that hell is on fire and those who reject and defy God get the death penalty and that the gates of hell are wide open ready to receive legions of damned souls, brother, sister, the people should be warned.

"But the fearful, and unbelieving, and abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars, shall have their part in the lake which burneth with fire and brimstone: which is the second death. Revelation 21:8.

Mr. and Mrs. Carl D. Biedsoe came over from Stephenville last Thursday to attend the funeral services of his longtime friend, M. E. Archer, Thursday afternoon at 3 o'clock.

### OUR P-T A MEETS MONDAY NIGHT

The local P-T. A. got a good start last Monday night when a large crowd of enthusiastic parents and teachers gathered at the School Auditorium for its first meeting of this school year.

The Hospitality and Social Committee under the direction of Mrs. T. C. Graves served iced fruit punch and home-made cookies to the crowd before and after the program and then many, almost 12 baskets, of cookies were left which were presented to the lunch room for the "kiddies" the following day.

Mrs. Bob Johnson was program leader for the evening. The group sang "America The Beautiful" led by Mr. Falth, music by Mrs. Schultz. Mrs. Blake, our president was introduced, who gave the welcome and explained our year books. She also stated that our pre-school study class was in progress with 24 mothers in attendance the first meeting. Two more study courses will be started for grammar school mothers and high school. Watch for dates for these courses. Mrs. Blake also presented the National and Texas Parents' and Teachers' Magazine and encouraged each home to take these most valuable magazines.

Our new and old teachers were introduced by Mrs. Johnson and a welcome was given to our new teachers.

Mr. Patton made a short but forceful talk to the parents and teachers stressing the need of close co-operation of teachers and parents and insisted that parents visit the school plant and see just what we have, all we need and just what work the child is doing and how he is acting. Mr. Patton insists that parents buy tickets for their children if they desire them to eat at the school lunch room for many are eating at the little store with the money that often parents intended to be spent with the school lunch room.

A picture was presented which portrayed the correct type of building needed for the best results in studying: Building for Learning.

A short business session was conducted by the president and very favorable reports were given by all chairmen of the various committees.

Our big feature that is coming soon is our "Frontier Day" in Oct. and you will hear much about it so please attend our next P-T. A. meeting which will be October 13 at 4 p. m. Please, teacher, parents and friend of P-T. A. lets all co-operate in the manner that will strengthen our homes which is our year's theme.

M. E. Blake, Minister of the Church of Christ, dismissed the association. —Reporter.

**HAMILTON CO. DEEP OIL TEST IS WATCHED**

Rotary derrick was raised Tuesday of this week by Beard and Tullos of Odessa, who are to drill to 3,659 feet with rotary on the A. E. Egger land just over the county line in Hamilton County. Much interest is being taken in the well throughout this section. Location of No. 1 A. E. Egger is 330 feet out of the northwest corner of I. A. Jacobs, survey, 18 miles southwest of Hamilton.

One pound of cromated zinc chloride, dissolved in one-half gallon of water will treat one cubic foot of wood, or one inching that measures four inches at the base and is about 30 feet tall.

Fertilizers may be bought today for just 50 percent more than before World War I. The farmer gets more for his money, too, as the average plant food per sack ran 21 pounds in 1947 compared to 19.1 pounds for pre-war years.

The first co-operative dairy in America was established in Orange county, New York, in 1856.

**FARM AND RANCH CHATTER**

WITH LAYNE BEATY FORT WORTH 6:30 AM Week Days—10:15 AM Sundays

Television first came to the south on September 15, when WBAP-TV broadcast its first "test pattern" to enable television receiving set installers to tune them accurately. Officially, WBAP-TV goes on the air September 29 with a regular schedule.

As television progresses farmers and ranchmen will see far away events right in their own living room. For private use it will enable a ranchman at home to see and talk to visitors at the front gate, a mile from the

house. Or maybe to keep up with the herd on the opposite side of the ranch without going over in person. Well, the idea of the first phonograph sounded impossible, too.

It appears likely that Texans will plant more winter legume seed this fall than ever, if they can find the seed. Drouth last year cut production way down. Some vetch, etc., is being imported from other states.

**THE FIGHT IS ON**  
By MAURICE R. FRANKS  
EDITOR'S NOTE: Maurice R. Franks is Director of the National Labor-Management Foundation and Editor of its official publication, PARTNERS.)

The bell has rung and the fight is on. Communism vs. Americanism. And the economic gamblers of the world whose headquarters are located in Moscow, are laying great odds that their "boy" will cop the belt. Joe Stalin, the head of this gambling syndicate, is taking all bets. Possibly no fight in history has been given more press coverage. And rightly so! Because, when properly understood, it is really a fight to the finish—a fight for the champion's crown. At stake is our American way of life, based as it is upon free enterprise, representative government and the dignity of Constitutional liberty.

Unlike the average prize fight, this one is not— at least for the present—a fistie one. But it is definitely a battle for the survival of the fittest, beyond the reach of the Queensbury rules. Also, from the looks of Round One, Joe Stalin must be very happy about his "boy", because at the moment, he is knocking his opponent all over the ring.

Many of us who have studied the voluminous propaganda discharged by Communism and Socialism are pretty well acquainted with the general make-up of radicalism. But I am wondering just how many people actually know the qualifications of Americanism and what it stands for. How many of us, I wonder, appreciate its spirit of incentive and con spot its main components.

The jugular vein of our way of life is social consciousness, integrity, ethics. It is these, taken collectively, which feed the main artery of our economic being—the free-enterprise system. This is no secret, no new discovery. Knowledge of it has long been the property of all who have taken the time and trouble to find out just what has been making this system of ours tick.

It is hard to understand why, in spite of this knowledge, we have some people today willing to accept inferior substitutes, and why we have others who, knowingly or not, are playing an important role, through avariciousness or just plain stupidity, in hastening the victory of another way of life quite contrary to the principles of our Forefathers who laid down their lives for their attainment.

We Americans are a peculiar lot. We take too much for granted. So accustomed have we become to our many blessings that we have a tendency to regard them as self-perpetuating. Such an attitude would be quaint, were it not so tragically childish. The history of our country records what a terrific struggle we have had to attain our present standard, and it is therefore only logical to suppose that we shall at all times have to fight for its maintenance. Not by any means have we made only friends in our battle for success. Like all victors, we too have our enemies who are not only jealous of us but who are likewise zealous in desire to supplant us.

If we Americans, as a nation, are to stay in the ring and fight through to final victory over a crafty but unworthy challenger, we must face the facts and watch our every step. For once we fall to the floor and are counted out—and with a fast count if you please, our system will never return to bless us with its myriad economic and social advantages. If we value the belt which is ours, we'll not bind it round our eyes to blind us—we'll wear it where it belongs, and in pride honor and integrity step forward to defend it.

For the bell for Round Two has sounded and the fight is waxing hotter. It is the battle of the century. The issue is Communism vs. Americanism and THE FIGHT IS ON!

A man is rated by his accomplishments— not by his dreams.

**Faith: A Family Tradition**  
Lesson for September 26, 1948

HERE IS a brief Bible quiz: What Christian man did Paul recommend to the Philippians as the one completely unselfish person he knew? When Paul needed a man to present his ideas to a "problem church" whom did he send? When Paul wanted reliable information about a church, on whose report did he depend? Whom did Paul call "son" more often than any one else? The answer to all these questions is the same: Timothy.

Certainly a man whom the great saint Paul found so congenial, so reliable, so unselfish and effective a Christian, is a man worth our careful attention. We ask this question about him: What made him what he was? . . .

**Faith at Home**  
SOME MEN have to leave home to find faith. But perhaps the happiest Christians, certainly the most fortunate, are those who cannot remember what it was not to have faith. It was the atmosphere they breathed as children. The first people they knew were Christians, prayer and faith were taken for granted, the name of Christ was heard only in reverence and love, never in jest or anger.

Timothy grew up in such a home. When he became a mature, working Christian he had no wasted years to regret, no wild oats to pull up. The faith of his adult mind was not scarred by the acid remains of earlier doubt. Timothy's life was all of one piece. He was born to faith, he grew up in it.

Home can do a great deal for the children who live in them. But nothing else—physical health, peace, culture, friends, ambition—nothing else is quite so valuable a gift or quite so lasting, as faith.

In later years faith may have to be pounded into a person or shocked into him; but in childhood faith is woven in, welded in, and that is as it should be. Happy the Christian who does not have to turn his back on his childhood when he turns his face to Christ!

**Book of Wisdom**  
RELIGION cannot be taught. "It can only be caught," is an old saying. It is partly true, for you cannot set any dozen people at random down on a bench and teach them into faith. If teaching religion were as simple as that, then every Sunday school could guarantee that every one of its graduates would become a saint. Nevertheless, religion can partly be taught, for in a book there may be crystallized the faith of many a generation. A book may concentrate and preserve the insight, the inspiration, the assurance of men and women who though dead yet speak.

Living with books of faith is like living with many families of faith at the same time. Such a book is the Bible. And it was the Bible, or so much of it as had been written, the Old Testament, which was the one Book in Timothy's boyhood home. Through the Scriptures, the boy's mother taught her son not merely her own faith but that of many a generation before her time.

In our own day, parents may feel that they come too far short of being saints, so they hesitate about urging their perhaps dimly-felt religion on their children. Yet in our Bible there is open to all fathers and mothers a means of placing their children in an atmosphere of intense faith.

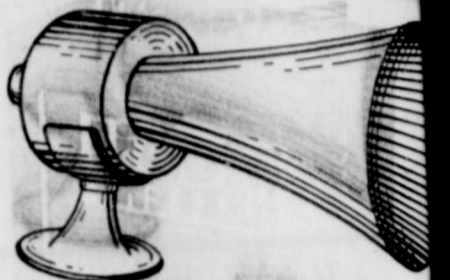

Personal religious genius is rare; but even though you may be anything but a genius, you still can bring to your child the treasures of the Bible, product of the highest inspiration and insight the world has known. . . .

**Women of the Family**  
TIMOTHY'S FATHER was Greek, probably not a Christian. He and Timothy may never have understood each other. It was the women of the family who molded the boy's mind and heart, his mother, Eunice, and his grandmother, Lois.

It is always so. It is the women of a family who have most influence for faith or against it. The boy knows his mother before he knows anyone else. She teaches him to talk, he absorbs her attitudes and ideas even before he understands them. If father and mother differ in religion, it is likely that children will follow mother rather than father.

## BROWN-MILLS SOIL CONSERVATION NEWS

Brookesmith. WILLIS HILL, Goldthwaite.  
No. 523—TEXAS  
Fairman, Rt. 1, Comprising all Farms and  
Ranches in Brown and Mills  
Counties—Approximately 1-

and applied approximately 200 pounds of phosphate fertilizer per acre with the combination drills.

Most of the privately owned drills were in operation putting out what appears to be a record breaking acreage of winter cover crops.

Abruzzi and Balbo rye is being planted extensively this year for grazing and for wind protection on sand soil.

Several cooperators with the Brown-Mills Soil Conservation District are sowing grain and fertilizer now which will be overseeded with Madrid Clover in the month of November. Madrid Clover can be sown this fall or early spring in small grain or by itself.

Many farmers like Hubam Clover for winter cover crops to be used for hay or grazing.

If vetch and Pea seeds become scarce, the Hubam and Madrid Clover can be used for cover and soil building crops.

### Hardeman Explains A Proposed Constitutional Amendment

say that in this day of big figures and reckless extravagance in public expenditures, the sum which would thus be lost to the State is comparatively small. Remember that the adoption of this amendment does not mean either lower taxes or curtailed expenditures. If this were the case, then I should favor its adoption. It simply means a shift in the collecting agency and raising of revenue for the State in some other manner. The loss in revenue from State ad valorem levy will have to be replaced from some source, to wit, out of the pockets of the resident citizens of Texas.

As stated, it proposes to authorize counties to levy a tax not exceeding 30 cents on the \$100.00 valuation for farm-to-market roads or flood control. It is my opinion, that once this proposal should become a part of our Constitution, then there will be a great hue and cry raised against the counties levying such tax, on the theory that the present system of building farm-to-market roads by the State should not be disrupted and that flood control, because of the gigantic proportions such projects usually entail, is a Federal matter.

Let it be understood that I am strongly in favor of more farm-to-market roads and for adequate flood control. I will continue my whole-hearted efforts to further these programs. These are the roads over which the resources and products of the common-wealth move and by which our economic life is carried on. By providing for the storage of surplus water we stand to gain materially through the conservation of our soil and the restoration of our pastures as well as the increased yield of our crops. Much more

could be said along this line, but it would only tend to divert attention from the main issue.

Another argument some times advanced in support of this proposal is that the tax is not equal and uniform. This, of course, is fallacious. The Constitution guarantees the equality and uniformity of taxes. Those who argue such simply mean that valuations, as set by local equalization boards, are not uniform throughout the State which, indeed, is true. All the land in Texas is not of equal value but the State ad valorem tax rate is the same everywhere in Texas.

The human element in this as well as in the administration of all our laws will always be present. If local boards do not properly assess the lands within their jurisdiction at its fair valuation as the law provides, they are derelict in their duty and by such practice place an undue burden upon their neighbors and fellow-citizens.

It has been suggested that a State Board of Equalization be created to assess all the land in Texas since its action would be on a fairer basis. This is to be doubted however. Aside from the fact that it would concentrate more power in Austin and diminish local self-government, it would result in undue hardship to individual citizens.

The record shows that in practically all of those states which have abolished the ad valorem tax a general sales tax has followed.

For the foregoing reasons, and others which could possibly permitting, I believe that the proposed amendment should be defeated at the polls in November.

DORSEY HARDEMAN  
State Senator  
25th District.

Back to school games were played, Larry Simmons and his partner, Sybil Ann Reid displayed special aptness in showing historical events on the black board.

Their teachers should inquire concerning the wonderful talents discovered in a number fortune telling feature.

### Art And Civic Club

The Art and Civic Club met for its first meeting in the lovely country home of Mrs. Oran Carothers with Mrs. Carothers and Miss Mary Elna Fouse as hostesses. Upon arrival each member was presented a year book by the hostess. When all members and guests had assembled, the hostess served a delicious luncheon to twenty-three club members and guests.

After the luncheon the president, Mrs. Jim Weatherby called the meeting to order with the very fitting quotation which follows:

"Together" is a meaningful word. There is strength in it and hope and purpose. Or rather let us say "faith, hope and charity." We have faith in each other as organized women. We have hope that we will meet the great responsibilities which this faith brings up, and we have charity for each other and those whom we seek to serve."

Mrs. Weatherby then welcomed the new members, Mrs. Ben Day, Mrs. George Gilbert, Mrs. Dale McCasland and Miss Mary Elna Fouse. The meeting was then adjourned.

### EAGLES LOSE TO BLUECATS

(By TERRY BLAKE)  
On Friday night, September 17, the hard-fighting Goldthwaite Eagles went down before the equally hard-fighting Coleman Bluecats in a game that will probably be remembered as one of the season's thrillers.

From the start it was plainly seen by everyone that the game was going to be a grand spectacle with both teams out to win. Both having won their previous games: Coleman won over Eastland and Goldthwaite over Hamilton.

The scoring march began after the first kickoff, Coleman receiving and marching downfield to a touchdown and extra point to lead 7-0. Goldthwaite then returned the compliment by a visit to Coleman's goal line by the fast, elusive Eagle halfback, Hamil Lynch. Coleman then took the ball again in the second quarter and raised the score to 14 to 6. Then in the third quarter, Dozier, Bluecat halfback, made a brilliant punt return from his own 27 to the Eagle 38 yard line. Again he Bluecats scored. With time running out, however, and about three minutes to play, John Alex Miller, Eagle fullback, took the ball on his own 23 yard line, went over his own right tackle, and raced 77 yards for one of the most brilliant and spectacular touchdown runs of the season.

Despite their loss to Coleman, the Eagles hold high hopes for a glorious football season and hope that this defeat will spur them on to victory against the San Saba Armadillos, whom they will play tonight on their own Eagle Field in Goldthwaite.

The Ten-hour work day for Federal employees was established by Congress in 1840.

of Albuquerque, New Mexico: Mr. and Mrs. O. B. Coleman, wife, Donna Lou, and Sammie from Lometa; Mr. Roach's only brother, Mr. and Mrs. Homer Roach of Chicago, Ill., and a friend, Mrs. Virginia Parker from Maine; two sisters, Mrs. Fred Gully of Shreveport, La., and Mrs. Marion Swift of Dallas; a nephew, J. H. Pace and two daughters of Amarillo; and Mr. and Mrs. Alvin Pace and two children of Austin.

### ROACH REUNION

Saturday, September 11, all the Roach children were home with their parents, Mr. and Mrs. Luther Roach. Those present were: Mr. and Mrs. Darwin Roach and little son and Mr. and Mrs. Jiggs Roach and daughter of Lawton, Oklahoma; Mrs. Etelle Watson and husband

### THREE ABILENE BOYS HAVE BAD LUCK

Three young boys, one 15 and the other two 13, from the boys' school at Abilene, had bad luck coming through this section Wednesday. They are alleged to have stolen a pick-up at Abilene which they wrecked about 2 a. m. Wednesday morning between Zephyr and Mullin, while coming this way. They went to the home of Daniel Darroch on the place owned by Judge J. C. Darroch of Brownwood which is located on the county line, and while Mr. Darroch was out working in the field they calmly cooked their breakfast, ate it, and got in the Darroch car standing in the yard and headed south. A little while later the Highway Patrol, who were looking for the boys, asked Mr. Darroch if he had seen them and if he had a car. "It's standing in the yard," Darroch told them and it was then they discovered the car had been stolen.

About an hour and a half later the boys drove into a filling station at Lometa in the car and were tapped on the shoulder by Highway Patrolmen Glen Williamson and Wort Monist of San Saba, who were accompanied by Game Warden V. G. Grady. One of the boys looked mean and went to his pants pocket for a butcher knife, but got it hung. The boys were taken to Brownwood, as the Darroch car was just over the line in Brown County when it was taken.

### EBONY

By CLEMENTINE WILMETH BRILEY

A nice little shower fell here Friday evening. It helped to boost the greening grass, and also helped the late feed, the grain planting, and the peanuts.

Our near tank is brimming full of water and looks immense. I look at it with quite a bit of pride, for when it was first built several years ago, I set out Bermuda grass on the dam. My husband said it was no use, it wouldn't grow, the cattle would pull it up. Now it not only covers the dam, but grows along the shore and is spreading into the pasture on the lower side of the dam.

Hubert Reeves has been hard at work for sometime planting a large acreage of fall grain.

Edward Egger has his big field near his house all plowed ready for grain planting.

Blue Thompson is planting his river bottom land in wheat and oats.

Taylor Duncanson, who has had the Wilmeth place leased the past three years, has bought a tractor from Hulon Egger, and has gone in for farming as well as ranching. He has raised quite a good feed chop of hegarri this year, and we hear he has leased a large field in San Saba County which he is planting in wheat. The bottom land on the Wilmeth place is now almost a solid mass of Bermuda grass.

Hubert Reeves has been hard at work for sometime planting a large acreage of fall grain.

### HOWARD PAYNE YELLOW JACKETS VS. TEXAS A&I JAVELINAS

Howard Payne Yellow Jackets will open their home football season Saturday night, meeting the Texas A&I Javelinas at 8:15 o'clock at Brownwood High School Stadium.

It will be the third time that the two teams have met. The Jackets defeated the Javelinas 27-0 in 1946 and lost the 1947 tilt 14-19.

Five home games are on schedule for Howard Payne this season, expected to put the Jackets well on their way to the top of the Texas Conference, a spot they held 10 times in 17 years of conference play before the war. The home games are against Texas A & I, Sept. 25; Southwest Texas State, Oct. 9; Austin College, Oct. 16; East Texas Baptist College, Nov. 6; and McMurry College, Nov. 13.

The Jackets are playing under new coaches this year: Head Coach Felton T. Wright and assistants Bill Hinton and Bennie Williams.

Feed grains and spring lambs supplied the main weak spots in southwest farm markets during the past several days, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Yellow corn values slid downward 25 cents a bushel. White corn dropped 12 to 18 cents, and sorghum grains lost 12 cents a hundred. No. 2 yellow corn prices delivered to Texas common points ranged from \$1.77 to \$1.82 Monday. White corn closed at \$2.15 to \$2.25, and milo \$2.48 to \$2.53.

Poultry markets of the southwest paid slightly higher prices for hens this week with supplies scarce. Heavy hens ranged mostly from 30 to 34 cents a pound, and light hens 27 to 32, at Fort Worth and Dallas. Fryers remained plentiful at unchanged prices. Eggs held firm, with many being brought in from the mid-west.

Sharply increased marketing of spring lambs at Denver and Kansas City brought lower prices at those terminals. Other markets recorded only moderate price changes. Medium and good spring lambs brought \$22 to \$23
