Junior Chamber Of Commerce In Meeting At Hangar Last Tues. Nite

Nineteen members of the Goldthwaite Junior Chamber of Commerce ate fried chicken dinner and had a meeting at The Hangar in regular second Tuesday night meeting. Vice-President Bert Brewer was in charge in the absence of the president, Secretary J. D. Harper read the minutes of the last meeting, which were approved. Reports from the committee appointed at the meeting before

on securing a miniature golf course for Goldthwaite told of several locations in view for the course, and a site is expected to be secured soon. The Jaycees will operate the golf course during the summer, and all proceeds above expenses will go to help carry on the Jaycee civic program.

Joe B. Karnes, president of the Goldthwaite Lions Club, was a guest and when called on asked that all organizations and clubs in Goldthwaite work together in putting over any major project for the betterment of Goldthwaite and Mills County. He suggested that each club appoint a committee of two to meet together as needed to work out any civic problems that may arise here. Bert Brewer also talked along the same line, suggesting that the greatest need for Goldthwaite now was a place where teenagers could meet in outdoor recreation during the summer months. He emphasized that trophies be given each year to the outstanding youths who had helped in advancing the effort to build citizenship in our youth.

The committee from the Jaycees appointed to meet with committees to be appointed by other organizations and clubs as needed is composed of J. D. Harper and Bert Brewer.

Commissioners Court Has Busy Session April Term; 3-Day Session

The Commissioners Court of Mills County had a busy term of Court, at its Regular April term and was in session three days.

They canvassed the returns of the elections to consolidate Mt. Olive Common School District with Goldthwaite Independent District. Mt. Olive District has 39 pupils on the current school census, which will make a good addition to the Goldthwaite School.

The Court prorated the car license money and each precinct received the following amount:

Precinct 1.	\$13,119.57
Precinct 2.	5,047.98
Precinct 3.	8,040.20
Precinct 4.	3,043.32
TOTAL	\$29,251.07

This is the money your Commissioners will have to build your roads, so any car or truck not registered at home will cut down the amount of road building and maintaining your Commissioner can do.

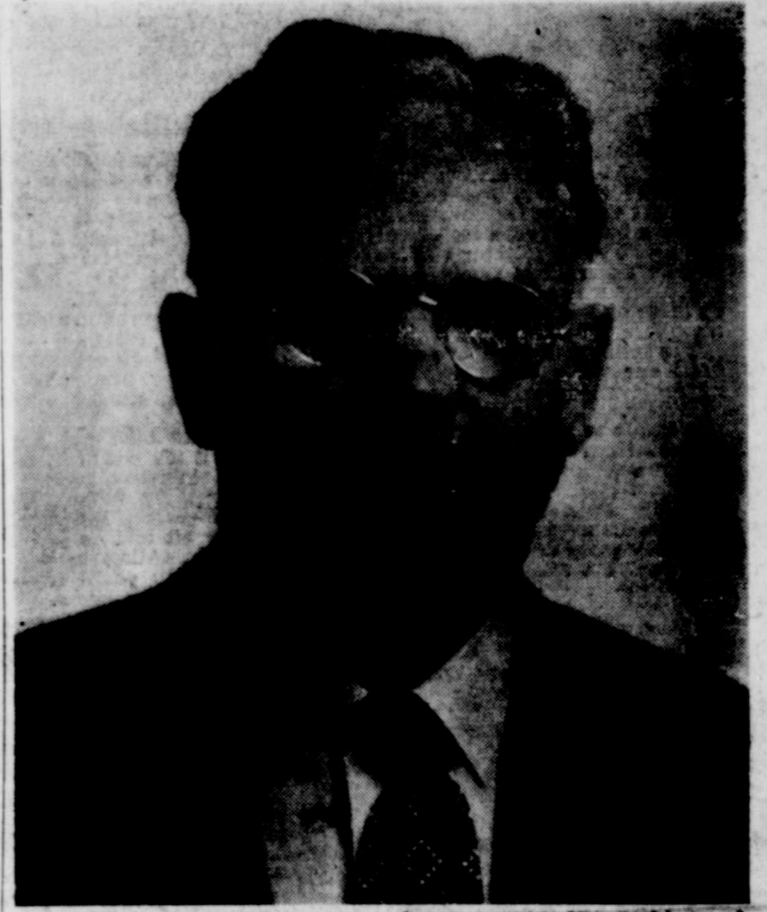

The Commissioners Court of Mills County is doing everything possible to make the road money pay for the building and maintaining of the roads. With the splendid support that the people of Mills County are giving, it is possible to get Farm-to-Market roads built as fast at the State and Federal Government can get to it.

The Court House was closed

Wednesday evening during the funeral of V. E. Tolver and A. J. Cockrum.

Late in the afternoon most of the officers attended a barbecue at Elm Mott on the Fletcher Ranch northeast of Mullin, given the Construction Company, the Highway Department, and Mills County Commissioners Court on the completion of the two Farm-to-Market roads now near completion.

Grover Dalton Resigns From The Trent State Bank Here After Thirty-Two Years Of Service

At the last meeting of the board of directors of the Trent State Bank the resignation of Mr. Grover Dalton as vice president was accepted. It is with a feeling of deep regret that this step of Grover Dalton's was received by the bank. He has been with and served this institution faithfully and well for thirty-two years. No one force or personality has contributed more to the making of the bank than has he. Thirty-two years ago he began his years of service as bookkeeper. Through the years he has step by step, risen from bookkeeper to assistant cashier, to cashier, to vice president. Through these years of service he has always been a strong and dominant

force toward the making of all that the Trent State Bank stands for today. He has always stood for the sound, the conservative, the just, the fair and the courteous, building his life on these same principles. "Grover" as everyone affectionately and respectfully calls him, will be missed by all the bank's personnel, its customers, its depositors, and its friends. Through the years he has definitely become a vital force, not only in the Bank but in this entire community. Grover Dalton has seen deposits in The Trent State Bank grow from \$282,215.00 to \$2,429,129.00, and capital, surplus and profits from \$80,570.00 to \$165,728.30

REBURIAL RITES FOR V. E. TOLIVER

Reburial Rites for Pfc. Vernon Ellis Tolver, son of Mr. and Mrs. I. D. Tolver, who was killed February 18, 1945, at the Battle of the Bulge in Hamm, Belgium were held Wednesday afternoon at 3:00 o'clock at the Methodist Church in Mullin, with Rev. Otis Brown officiating, with interment in Oak View Cemetery. Veterans organizations were in charge of graveside services. He fought on the Seigfried Line with the 302nd Infantry Regiment and 9th army company. Pfc. Tolver was born in 1916 near Lampasas.

When he was two years of age, his parents moved to Mullin and he attended Mullin school for seven years. At the age of 12 he was converted and joined the Methodist Church and was always a good Christian and attended church and league regularly.

His parents moved to Dublin, Texas, and he attended high school and played on the football team as half back for two and one-half years until he graduated from high school in 1933. At the age of 17, he was employed by the Dr. Pepper Company in Waco; he was then transferred to Kansas City, Missouri. While there he was married to Elizabeth Shroeder. They moved to Quincy, Ill. and he was manager of the Dr. Pepper business there until he went into service in 1943 and took his training at Camp Wallace, Texas, and also in Camp McCain, Mississippi.

Pfc. Tolver was sent overseas in November, 1944. He was 29 years old when he was killed. Survivors are his wife, Mrs. Elizabeth Hoener, and step-daughter, Carol Ann, of Quincy, Illinois, his mother Mrs. Margaret Tolver, Mullin, and his father, Mr. I. D. Tolver, also five sisters and three brothers: Mrs. G. H. Buchanan, Bryan; Mrs. E. L. Obenhaus, Belton; Mrs. T. D. Sedberry Jr., Waco; Mrs. Harold Grierson, Champaign, Ill.; Mrs. Ray Eubank, Llano; Virgil Tolver, Denver, Colorado; Vance Tolver, Mullin; Coke Tolver, Lubbock; Grandmother, and husband, Mr. and Mrs. S. H. Davis, Mullin; and Grandmother, A. Tolver, Belton.

Farmers And Ranchers Of Mills County To Be Contacted Before May 15 To Get Price Support Data

The PMA Office has been instructed to contact all farmers and ranchers in Mills County within the next two weeks to secure data that will be used in the Price Support Program, said A. A. Downey, Chairman of Mills County ACA Committee.

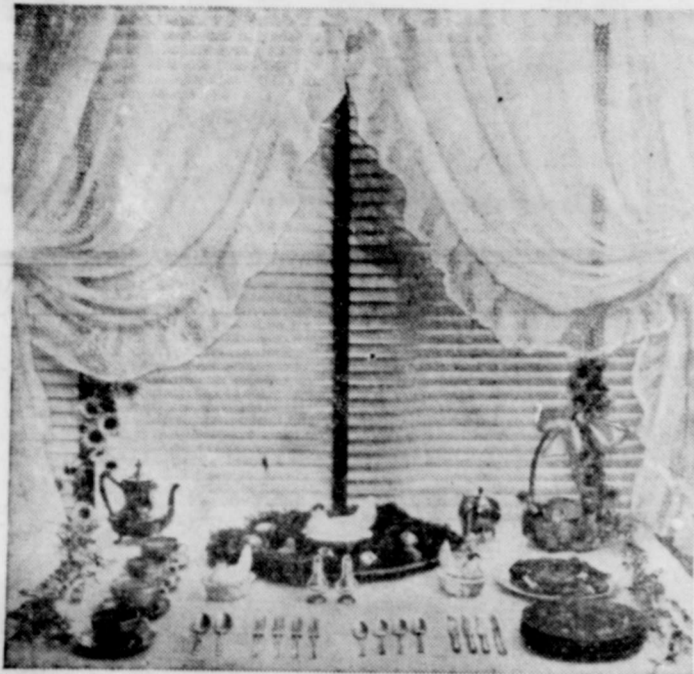

farm during the years of 1946, 1947, 1948, and 1949. Questionnaires that are now being mailed out of the PMA Office are to be executed by producers prior to the time they are asked to submit this information. All producers will be advised when and where to meet with personnel from the PMA Office to execute the final Price Support forms.

He said that in order to develop the 1950 Loan and Purchase Program, information must be secured on every farm in the county before May 15th. Plans are now being made to contact the producers at community centers or in the County Office.

GREET THE EASTER MORN WITH A SPRINGTIME BREAKFAST PARTY

A flower-bedecked buffet spread will enliven the Easter breakfast.

On Easter morning let your breakfast table reflect the jubilation of the day, the release from the exacting Lenten period. Try a buffet setting; garnish it with decorations symbolizing the imminence of spring as well as those of Easter. Create an atmosphere of respectful rejoicing. The setting shown above suggests one party effect that can be achieved quickly and inexpensively. There were only a few extras to buy. These included the strings of artificial flowers that flow down the tapes of the Venetian blinds and stream out over the table. They cost little and can be used over and over again for party decorations. If you've a spring garden, so much the better. You might even use ribbons, crepe paper or perhaps colored drawings clipped from magazines for your breakfast party trimmings.

The large "setting hen" dish in the centerpiece nest has ample capacity for many servings of scrambled eggs. Her smaller sisters offer marmalade and butter. Even the prosaic toast assumes glamour in the giddy Easter basket on the right. The choice of decorations and food is yours, but remember—make this breakfast an occasion. Roll out your very best china, glasses, linen, silverware and table accessories. The party will take a little extra effort but it's worth it. If you use artificial flowers, do your arranging the night before. If you raid your garden, set your alarm ahead a bit and do your picking and decorating in the morning. That way you'll capture precious floral freshness. The reward will be your family's enthusiastic appreciation—especially if you've kept the party a secret from the children.

EASTER SEAL POSTER GIRL

"Little Miss Hopeful" is Bette Jean Bligh of Custer, South Dakota, poster girl for the 1949 Easter Seal Drive of the National Society for Crippled Children and Adults. Bette Jean, who is receiving medical and therapeutic care in one of the country's first hospital-school units to be financed by Easter Seal funds, is a victim of cerebral palsy, but now able to walk. She is a symbol of the hope extended to the nation's crippled through the services financed by Easter Seals.

Health Notes

Almost four thousand Texas children from more than 225 counties have received beneficial services and aid to happy, normal living under the Crippled Children's Division administered by the State Health Department, during the calendar year 1948. This information is shown by the annual report issued by Dr. Geo. W. Cox, State Health Officer.

According to Dr. Cox, the most commonly treated conditions are late effects of acute poliomyelitis, cerebral palsy, osteomyelitis, tuberculosis of joints, cleft palate, harelip, and clubfeet. Although the services are provided for children from birth to 21 years, the largest group treated were from the age

bracket of 5 to 14 years. The help given these crippled children represents 3,747 clinic visits, 43,433 days of hospital care, 2,897 days of convalescent home care, and 4,986 doctor's visits.

"As long as sufficient State funds are available, any crippled Texas child of normal mentality, under twenty-one years of age, whose parents or guardians are unable to pay for proper care, is entitled to the help of the Crippled Children's Division," Dr. Cox said, "if his doctor believes that it is reasonable to expect that the child can be improved through hospitalization, medical or surgical care, artificial appliances, or through a combination of these services."

Parents of crippled children should make application for

this assistance by completing application forms, which should be signed by the physician and approved by the County Judge. The application is then mailed to the Crippled Children's Division, Texas State Department of Health, Austin, Texas.

BIG VALLEY H. D. CLUB

The Big Valley H. D. Club met Thursday, April 7, with Mrs. Charlie Miller. Eight members and one visitor were present.

The president called the meeting to order and our secretary called the roll. Since our secretary was not in attendance at our March 17 meeting, there was no reading of the minutes, so the business meeting immediately began. Mrs. Hoyt Cockrell gave a

very interesting paper on Cancer, outlined from the American Cancer Society.

As is the custom, we showed the members some small gifts, refreshments, Mrs. Miller and displayed and useful gifts.

After thanking the members for an enjoyable afternoon, the club adjourned to meet with Mrs. Robertson for our next meeting on April 21.

CREATIVE WRITING IN HIGH SCHOOLS, JR. COLLEGES ENCOURAGED BY TSCW

(Special to Goldthwaite Eagle.) DENTON—Students of Texas high schools and junior colleges are being invited to enter stories, essays and poems in a contest sponsored by the Texas State College for Women English Department. The contest is designated to promote a statewide interest in student expression. Entries will be judged in connection with the college's annual Writers' Conference Week, scheduled this year for May 11-

13. Writers of the best works submitted will be invited to read them at the college science auditorium May 13. Winning entries will also be published in the TSCW Daedalian Quarterly, oldest college literary magazine in the Southwest.

Each student may submit one story, one essay or several poems in any combination of these. Entries must be postmarked by April 25 and mailed to Dr. Aubrey Nell Wiley, director of the English Department.

Work submitted will be judged by a committee of the English faculty. Manuscripts will be returned.

Family Reunion

Those who enjoyed a Get-Together in the home of Mr. and Mrs. A. A. Waddill and children, Dorothy, Forest and Wesley, over the week-end were: Mr. and Mrs. Waddill's son and family, John, Florence, Larrey and Eddie Dean of Big Spring, who were at home over the week-end. Others present were Clifford and Oia Mae and children, Jean and Billie Darlene Waddill of Goldthwaite, Leonard Eula Pearl and son Junior of Star; Bill and Leona Kincheloe and children, Cecil Mack and Betty Delores of Star; Mr. and Mrs. Herbert Waddill and girls, Barbara, Dessie Faye, and Merlene of Star.

Also Reverend Bob Lathem of Brownwood, the visiting Baptist minister, spent the day.

All enjoyed a wonderful buffet style lunch, which was enjoyed by everyone.

The young folks visited some in the afternoon and those who could, attended night services at the Baptist Church of Star at 7:30 o'clock.

'FIGHTING FATHER DUNNE' AT THE MELBA THEATRE

The story of Father Peter Dunne, the founder of St. Louis' famous Newsboys' Home, becomes absorbing film fare in RKO Radio's production, "Fighting Father Dunne," starring Pat O'Brien in the role of the militant priest.

Shortly after the turn of the century, young Father Dunne realizes that St. Louis is full of homeless youngsters who need help and guidance if they are to become respectable citizens. He declines the Archbishop's offer of a new church to devote himself to these boys and their problems. With no assets except for a persuasive tongue, he rents and furnishes an old empty house that is the first home.

How the priest overcomes one obstacle after another to make his idea work, and finally sees his dreams come true with the acquisition of the present building and the success of his hundreds of "graduates," even though some of the boys turn out badly leads to the climax of the story.

'CAPTAIN FROM CASTILE'

"Captain From Castile," starring Yvonne DeCarlo's Technicolor presentation of the brilliant best-selling novel by Samuel Shellabarger, comes to the screen of

the Melba Theatre on Sunday and Monday with Tyrone Power in the lead rôle of Pedro de Vargas.

For millions of readers, the thrill-packed saga of history's boldest soldiers of fortune and of their conquest of an empire for gold and glory, opened up new worlds of adventure, drama, romance and violence. For Twentieth Century-Fox, the task of capturing on film its magnificent sweep and breathtaking spectacle presented an unprecedented challenge in movie-making.

TUESDAY AND WEDNESDAY

Lusty melodrama along the timber frontiers of the upper Mississippi River provides vivid entertainment in "River Lady," Technicolor action chronicle due Tuesday and Wednesday at the Melba Theatre. Scenarized from the popular novel by Houston Branch and Frank Waters, the absorbing new picture is presented by Universal-International.

Yvonne DeCarlo, Dan Duryea, Rod Cameron and Helena Carter co-star in the story which deals with a conspiracy against pioneer lumber operators on isolated tributaries of the Mississippi during the nineteenth century.

Runs Gambling Boat

Miss DeCarlo is seen as the wicked but glamorous proprietress of a gambling boat, the "River Lady." Duryea portrays her smooth, hard partner in larceny. Cameron plays a rough and rugged lumberjack who spurns Miss DeCarlo's affections

and her insidious attempts to make him a power in the community.

Miss Carter has a key role and Lloyd Gough heads the featured cast which includes Florence Bates.

HIGH SCHOOL SENIORS TO BE HONORED

A. C. WIMPEE
Director of Special Activities, Baylor University, Waco, Texas

Each year the W. M. U. organization of the First Baptist Church honors the high school seniors of our city. This year on the evening of April 15th in the Educational Building, the annual banquet will be held.

The First Baptist Church is very fortunate in securing Mr. A. C. Wimpee for the speaker for the evening. Mr. Wimpee is director of Special Activities at Baylor University in Waco. He was to have been present for the banquet last year but due to last minute changes in his plans, he was unable to attend.

APRIL H. D. COUNCIL MEETING

The Mills County Home Demonstration Council met in regular meeting April 2 in the agent's office in regular meeting with the chairman, Mrs. L. B. Hart, presiding.

Roll call was answered by three officers, four committee chairmen and four delegates. Thirteen were present with six clubs represented.

Minutes of the last meeting were read and approved.

Chairman asked the Education Expansion committee to meet and work up their recommendations pertaining to listening to special radio programs. Motion was made and carried that council secure a banner to be used as an award to the club who adheres more closely to the program which is to be worked out by the Education Expansion Committee.

Exhibit committee recommendations were read and adopted, also recommendations of the yearbook committee.

Reports were given by club delegates. A parliamentary procedure drill was given by Mrs. Jack Cooksey.

Greta Sue Hines led in some active Easter games and the council then went over to the Coffee Shop for refreshments. Let's have a 100 per cent meeting of Council for May.

Delegates to attend the District Meeting of T. H. D. A. in Eastland April 27 and 28 are: Mrs. Jack Cooksey of Mullin Club, Mrs. Connie Knowles of Big Valley and Mrs. L. B. Hart of Goldthwaite.

VISITS IN GOLDTHWAITE

F. R. (Doc) Wilson spent Tuesday night and part of Wednesday here visiting his brothers and sisters and meeting old friends. "Doc" is the oldest son of the late Dr. Em. Wilson, and was reared here. He is with a large carnival company, and will spend the summer and fall in the northern and eastern parts of the United States.

On Saturday, April 8th, the charming ranch home of Mrs. Lloyd King on the old Lometa Highway was the scene of a beautifully appointed luncheon honoring Mrs. Dorothy Harbour, who became the bride of Boyd Hunt on April 14.

Mrs. Steve King of Brady was co-hostess.

The luncheon table, set in buffet style, was laid with a drawn work cloth centered by an Easter motif carrying out a wedding scene. The main table was flanked by smaller tables, each with a center piece in keeping with the Easter theme. Spring flowers were used throughout the house.

Guests, other than the honoree, included Mrs. J. T. Morris, mother of the bride-to-be; Mrs. A. M. Hunt, mother of the bridegroom-to-be; Mrs. Stone of Talpa; Mmes. Charley McLean, Y. B. Johnson, Louis Glass, R. S. Gerald, and Miss Doris Stone of Talpa.

'TEEN-AGERS ENJOY HAYRIDE

Tuesday evening at 6:30 o'clock the teen-agers of the Baptist Church gathered at the Educational Building, where they all piled into a cattle truck loaded with hay. They then proceeded out to Lake Merritt for a weiner roast and fellowship hour together. A delicious picnic supper consisting of hot dogs, chili, potato chips, pickles, onions, fritoes, cookies, and cold drinks were served to eighty-six teen-agers and ten adults.

After happily consuming the supper, they played several games, and Walter Langston led in singing several songs. Every one also enjoyed watching the eclipse of the moon and found it very interesting.

The adults present were Rev. and Mrs. Joseph L. Emery, Mr. and Mrs. E. B. Gilliam, Jr., Mr. and Mrs. O. O. Smith, Miss Mary Ellen Hardin, Walter Langston, and Mr. and Mrs. Sonny Robbins.

Art And Civic Club

The club met in Mrs. Oran Carother's room at school Tuesday afternoon in a called session.

The chairman of the Easter Flower and Plant Sale, Mrs. George Gilbert, appointed committees to be on duty at the flower and plant sale—which will be Saturday, April 16, in the Production Credit Office, next door to the Coffee Shop. Mr. Padgett, the florist, met with the club, and gave some helpful ideas.

Mrs. J. H. Saylor gave a report of the Sixth District Convention of the TFWC at Ranger. She reported the Mills County History, which this club sponsored, won first place in District and in State. This history was compiled by Mrs. Philip Nickols and Mrs. Ben R. Day. It will be placed in the Goldthwaite Library for your inspection and for future reference. Anyone who would like to contribute to this history may do so, for it is not as complete as it should be. The club won third place on their Art and Press Scrapbook. This was arranged by Mrs. Jesse Saegert and Mrs. V. L. Doggett. The club's Yearbook was among the first five in honorable mention. Mrs. Saylor stated that Mrs. Jeff D. Jackson of Lampasas was elected president of Sixth District to serve for the next two years, and that the convention will be in Lampasas next year.

Double Birthday Celebration

Mrs. Winfred Sheldon gave a birthday celebration in honor of her two charming daughters, Barbara Ann and Bettie Jo Sheldon on Sunday afternoon, April 10th. After playing a number of games the children hunted Easter Eggs and the table was lovely with two large birthday cakes and pink Easter Bunnies. The guests gathered around the table while the honorees lit the candles which were quickly blown out.

The delicious birthday cakes and punch were served to the following: Jackie and Delwayne McCasland, James Woodson, Ella Ruth Clary, Alvis Ray Cox, Van Wilson, May and Margie McCasland, Doyce and Forest Newton, Johnette Medford, Armand Zoe and Harold Dale Clary, Gloria Sheldon, Charles Mitchel Sheldon, Johnnie and Wanda Soules, Annette and Lula May Hurst, Laurel Rae Winner, Chester Rickel, Bobbie and James Boykin.

Favors were little Easter Bunnies and balloons. Jackie and Del Wayne received the prize for finding the most Easter Eggs. Barbara Ann and Bettie Jo received many nice and useful gifts. Each one really got a thrill opening their gifts.

COMING! COMING! SENIOR PLAY!

How would you like to have a pet ghost that was a nice, tame one that would be easy to take care of, sleep in your closet, do your work, or frighten people out of their wits? It sounds strange, but amusingly different and that's why "Great Caesar's Ghost!" is one of the funniest and most unusual farces ever written for the amateur stage.

The following cast has been selected:

Mrs. Penelope Maxwell—Janet Soules.
Mrs. Phoebe De Royster—Mary Collier.
Deborah De Royster—Kay Clements.
Phineas Farthingale—Johnny Head.
Helen Maxwell—Nelda Hodges.
Tommy Tucker—Wilbur Heath.
Aunt Polly Maxwell—Betty Williford.

Johnson—Robert H. Johnson.
Esther—Ada M. Geeslin.
Dick O'Donnell—Raymond Mitchell.
Hattie—Scottie Vaughan.
Mahjah The Mystic—Carlin Dale Wicker.

This is the Senior Play which will be presented April 29, 1949, at the Grammar School Auditorium. Read the paper for further notice about the ticket sales.

GOLDTHWAITE WINS DISTRICT HONORS

Goldthwaite High School is very proud of Betty Williford, who won first in Senior girl's declamation, and John Weaver, who won first in the Junior declamation. These students will go to Abilene later this month to compete against other students who won first.

We are justly proud of Bobby Blackburn who won second in the Junior girl's declamation and Virgil Terry who won second in the Senior boys' declamation. Norma Hammond and Betty Barnett won second in spelling.

Clyde Weaver of Dallas spent Monday night with his mother, Mrs. W. P. Weaver.

Mrs. Mattie McCollon of Eden visited her sister, Mr. and Mrs. A. E. Stewart in the North Bennett Community this week.

SENIOR GIRLS ATTEND BELTON SENIOR DAY

Four Goldthwaite girls were among those present at the annual Senior Day, honoring Senior girls of Central Texas, at Mary Hardin-Baylor College, April 9.

The girls were welcomed by students and faculty members of the college. Registration began at 9:30 with Chapel immediately following.

In Chapel the girls were welcomed by the college president, Dr. Singleton. Members of the student body presented ideas on various college activities.

The girls were divided into groups according to their interests and taken on a tour. After visiting the classrooms and viewing the scenes on the campus, the girls were invited to the dormitories for a short rest period.

At one o'clock the group assembled in the dining hall for a luncheon.

In the afternoon the Athletic Association entertained the girls with various types of games.

On the way home the girls visited Boys' Ranch near Coppertown Cove. There a tour was made over the areas of most interest on the ranch.

Those attending were: Mary Katherine Palmer, Modene Letbetter, Pearl Cook, Pat Lockridge, and Mrs. Harry Palmer, who furnished transportation for the group.

JUNIOR PLAY A SUCCESS

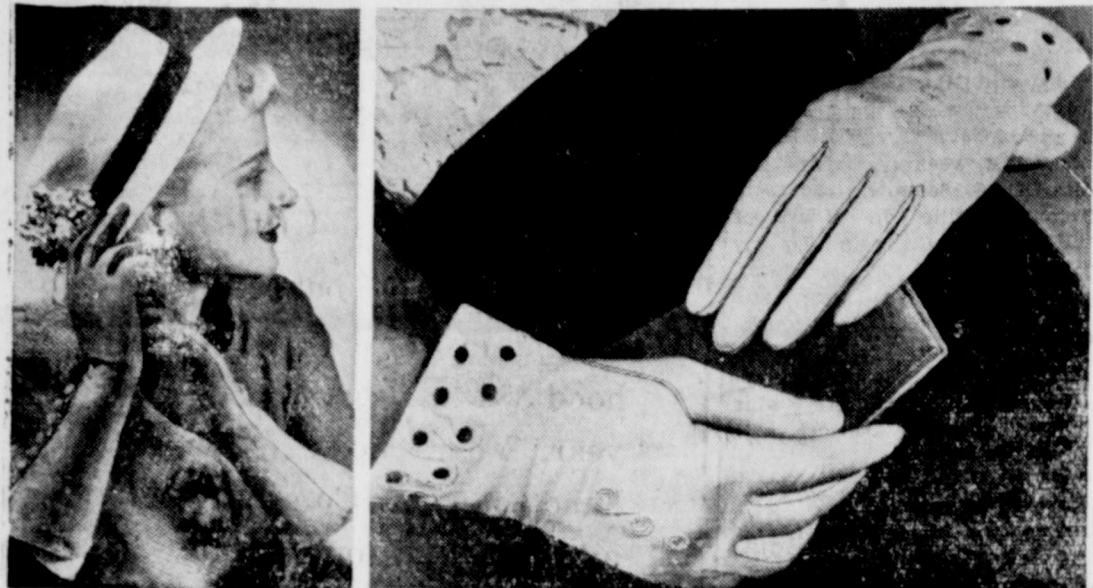

The Junior Play, "In Again! Out Again!" presented April 1, was a great success. Although the weather was bad a large crowd enjoyed the play immensely.

The proceeds of the play will be used to give the annual Junior-Senior Banquet, May 6. Plans are already underway for a banquet which promises to be tops in food, color, and entertainment.

Mr. and Mrs. O. A. Carothers are visiting this week with their son, Oliver Carothers and family at Palestine.

For Easter Thrills and Sunday Frills

CHIC—Here are the latest words in American-made leather gloves for that well-dressed look. They're particularly fitting for that dressy Easter outfit too. The eight-button length gloves shown on the left are just right for wear with the popular three-quarter length sleeve this spring. They are luxurious doeskins—comfortable, good to look at, and, with their self-covered buttons, easy to slip into. The gloves at right are white lace shorties with peek-a-boo eyelet cuffs. And, like all American-made leather gloves, they're washable.

To the ladies, spring means Easter—and Easter means all the wonderful new fashions in clothes. And leading the fashion parade this Easter Sunday will be the new spring gloves created by American leather glove manufacturers.

Gloves provide a perfect complement for spring outfits. There are two-toned gloves to go with the new suits that have contrasting skirts and jackets, and dark gloves with spanking white trim to add a touch of spring to any outfit.

No wardrobe ever has too many pair of white gloves for spring and summer wear, and since all American-made leather gloves are washable, they're

practical as well as attractive accessories.

For casual wear there are white and natural colored chambray. White pigskin has taken on a new look of slim styling that makes it ideal for wear with spring suits, and some pigskins with a special inseam construction can even be used for dress wear.

Dress up news for white doeskin or lace gloves is the use of scatter pins. Buttons and bows are a keynote in new spring styling, too, as are the appearance of embroidery, tassels and open work on gloves.

Glove gloves are also being featured in rich shades of navy, copper and green to match

spring handbags and shoes.

For cool comfort in spring and summer, shorties are favored to go with short sleeves. Six and eight-button lengths are the choice to wear with the new three-quarter length sleeves.

The flowers that bloom in the spring have nothing on gloves when it comes to color. Glove shades range from delicate pastels to rich, vibrant bright tones. Among the most popular colors are bristol blue, clove pink, fawn, sun bronze, carib green, rose luster, cherry pink and south sea violet. Colors can be worn to add a bright note to a dark costume or to harmonize with spring apparel shades. They don't have to be

JESSE COCKRUM DIES TUESDAY

Jesse Cockrum was born in Alabama May 25, 1869. His parents moved to Mississippi for a few years, then they came to Texas, stopping first in East Texas. They lived in Bell County for a few years, and then settled at Caradan, Texas in 1887.

He married Virginia Adelaide Templin July 21, 1897. To this union seven children were born; five girls and two boys. Four girls and one boy survive him: Faye Eckman of Grand Prairie, Texas; Melba Voelker (Felker) of Manor, Texas; Joyce Howard of this City; Kathleen Utarro of Rochester, N. Y.; Clyde Cockrum of this City.

Also surviving him is his wife, Mrs. Cockrum, and three brothers and one sister. There are eight grandchildren.

Two children preceded him in death: Edith in infancy, and George Barton at the age of five.

He moved to his present home in 1904 where he and his wife spent a busy life rearing and educating the family. He saw that the children always had a way to go to Church, and they attended as long as they were at home.

Jesse Cockrum was always giving worthwhile assistance to those who needed help, many times neglecting his own business to do so. If any one—to his knowledge, were in trouble Mr. Cockrum was present with encouraging help.

He died on yesterday, April 12.

GIRL SCOUTS, TROOP 3

The Girl Scouts of Troop 3 met Wednesday, April 13.

The meeting was called to order. New business and old business was taken care of. Dues were paid.

Mrs. John L. Gwin met with us to study first aid. She made a very interesting talk about first aid. We talked about things that might occur on Girl Scout hikes or cook-outs. We made some demonstrations. It was very interesting and helpful.

Last week the girls went on a hike and cook-out to Mrs. Horton's house. We studied nature. We played baseball. Everyone had a very good time.

Mr. and Mrs. Bobbie Lee and little daughter Marsha Karen of Dallas spent the week-end visiting with Mr. and Mrs. W. O. Oden and other relatives here. They returned to Dallas Sunday afternoon.

MARINE CORPS NEEDS MORE MEN

The Marine Recruiters in the Waco Post Office stated that the Central Texas Area has been assigned a large monthly quota for eighteen-year-olds for one year of service. The Marine Corps anticipates the fulfillment of this program to the authorized strength of 6000 men by July, 1949.

Enlistment of women for regular service continues, with enlistees being placed on a waiting list for active duty assignment to successive training platoons of 50 recruits each at Parris Island, South Carolina. The second such platoon commenced its training on April 11.

Ex-Marines reenlisting are given their choice of duty at Marine Barracks, Camp Pendleton, Oceanside, Calif.; Marine Corps Recruit Depot, San Diego, Calif.; Marine Barracks, U. S.

Naval Station, Treasure Island, San Francisco, Calif.; Marine Barracks, Mare Island, San Francisco, Calif., and for aviation men only, U. S. Marine Corps Air Station, El Toro, Santa Ana, Calif.

BE SURE YOU GET SOC. SECURITY CARD

"Going to work on a new job without showing your social security card to the employer is as big a gamble as putting money in a bank without giving your name," says James B. Marley, manager of the Austin social security office; "your wages can't be posted to your Old-Age and Survivors Insurance account, just like your money can't be credited to your bank account. And the chances are that your Federal insurance account is more valuable than your bank

account.

"Every three months," Mr. Marley says, "your employer must report your wages to the Social Security Administration to be posted to your Old-Age and Survivors Insurance account. He must show the number of your account on the same line with your name and the amount of wages he had paid to you. The number on your social security card is the number of your insurance account. If you don't show your card to your employer, he can't have your account number on his report. And you can't get credit for your wages.

"You want to be certain that all of your wages are posted to your account," Mr. Marley said, "because the retirement or survivors benefits that you and your family will collect is a percentage of the wages that have been entered into your account. The way to assure that all of your wages will be posted is to show your social security card to each employer at the time that he puts your name on his payroll."

EAGLE OFFICE

Some Things I Would Like To Have Said At North Platte

(By DAN D. CASEMENT of Manhattan, Kans.)

I come to the meetings of the American National Association annually, not with the expectation that our deliberations and the measures here inaugurated will benefit my business but because of the spiritual lift I get by looking into the faces of a group of men and women who know the worth of freedom, whose common sense tells them their freedom is fast being usurped by government and whose integrity will not permit them to blink that deplorable fact.

The framers of our Constitution rightly held the freedom of the individual to be more precious than life itself. That concept issued from their correct appraisal of the nature of a human being and was implanted by their faith in Nature herself and by their recognition of their complete dependence on her. Knowing from bitter experience how prone is government to usurp man's liberty, they draw up a document conceding to the state only such proper functions as would provide for defense, for the maintenance of public order and for the decreeing of justice.

This implemented with freedom, our forebears in only a few score years contributed more to the advancement of civilization and to freeing human beings from the toll and discomfort of existence than had been previously achieved in all the thousands of years of recorded history. Surely that is sufficient proof of the truth of their concept, the wisdom of their design.

We here and now have virtually destroyed the glorious document they wrote and have denied the truth of its inspiration. Most of the world today is

falsely appraising economic security as more desirable than personal freedom and is thus well advanced on the road that leads to socialism or communism, which are equally despicable and have the same mendacious origin. That the United States is now deep sunk in that fallacy is certainly apparent to your honest minds. You can best serve your country and your own personal interests by boldly asserting that fact. It is today an unpopular truth but you can't begin to tell it too soon.

It is up to you and the few like you to keep alive the sacred fire of freedom which will one day rekindle the morality of man and reanimate the world.

An indomitable impulse for freedom is inherent in the very nature of man and therefore he will not long endure the domination of the state, however fulsome may be its prom-

ises of security which common sense tells us are specious and impossible to fill. Only your example of courage, and the brutal chastening of the future will soon inspire adherents of this folly to happily upon us to restore sanity and peace to the world.

Many more were present whose names could not be secured, and all Mills County recognizes the great service that George Fletcher and County Commissioner K. B. Henry have done for Mills County. Farm-to-market roads are our greatest achievement to date.

MULLIN NEWS

Mr. Henry Fisher of Sudan, who has a multitude of old friends here writes of their snow, rain and sand storms. Well, we too had a variety of weather, but welcome the fine moisture for the good earth was dry all last year. He states he and his family are well and that they even had snow the first and second of April—one and a half inches.

Mrs. W. C. Swenney returned during the week from Patricia, Texas where she attended the funeral of her mother, Mrs. S. E. Keffer. Mrs. Keffer was in her 89th year when called by her Maker.

Mrs. Swinney was accompanied by her son, Raymond Swenney of Brownwood.

G. H. Locke and family have moved back to their Mullin home after spending several months in Zephyr. We welcome the return of these good people to our town.

W. A. Triplitt of Pompey was looking after business in Mullin, Friday.

Mrs. Oliver Green is ill with the influenza at her home in Duren; her daughter-in-law, Mrs. Rube Boliver is staying with her.

James Brown and wife of,

Midland spent the week end with Rev. and Mrs. Otis Brown and family.

Mr. and Mrs. P. B. Cox of Sweetwater, spent Friday night with Mr. and Mrs. D. V. Westerman and they called on Mr. and Mrs. Russell Cobb.

ROG'S CORNER

THE RENFRO TRIAL

In 1888, the mob was still active but had failed to get Mr. Renfro, who lived at Regency.

However, they did manage to get sufficient evidence before the Grand Jury that forced an indictment against his son, E. T., then a young man, single and living with his father's family.

Renfro's friends, in the western part of the county, realized it was a frame-up. So, the morning of the trial, sixty-five men on horseback, with rifles on their saddles, rode into Goldthwaite two abreast and stacked their rifles on the Court House square.

The case against E. T. was called as scheduled but the witnesses against him failed to show up. The case was dismissed.

As a boy, this group of men looked like an army as they passed our home. —ROG.

WATER WORKS BOND ELECTION HERE TUESDAY WINS 40-8

In the special election held here Tuesday to see if the qualified voters of the City of Goldthwaite were in favor of the City Council issuing bonds in the sum of \$25,000 for improvements and enlargement of the present waterworks system, the voters marked their ballots 40 for the proposition and eight against it.

The order for the bond election had been signed by the Mayor and all the Councilmen at a Council meeting. The bonds are to be paid off serially or otherwise in a period not to exceed 25 years and are not to bear over three per cent interest.

SANTA FE CARLOADINGS

Santa Fe system carloadings for the week ending April 9, 1949 were 22,105 compared with 25,486 for same week in 1948. Cars received from connections totaled 11,172 compared with 10,177 for same week in 1948. Total cars moved were 33,277 compared with 35,663 for same week in 1948. Santa Fe handled a total of 32,633 cars in preceding week of this year.

Goldthwaite Has At Last Become A City—With Street Markers

The crew from the City Utilities office has been busy for the past ten days putting up new street markers on all streets in the city limits. The work is expected to be completed within the next few days.

Another crew has marked off parking places for autos around the courthouse and at street intersections in the business district. This conforms with the state uniform traffic code, and should be obeyed by all.

City Utilities Manager W. C. Barnett reports that individual house numbers will be worked out and assigned to all houses in the city within the next few days, and that home owners will be notified of their numbers.

Although postoffice officials have turned down free city mail delivery for Goldthwaite—there was no demand for it in the first place from the patrons—the markings of the streets and the numbering of the houses is the greatest step that the City of Goldthwaite has undertaken since its incorporation.

HOUSE TWINS OBSERVE 75TH BIRTHDAY

The following were visitors in the Mr. and Mrs. Tom House home last week end: Mr. and Mrs. D. A. Solomon and son, Tommy, Billie Jo House of Waco, George Coots and Tommy Beauchamp of Cross Plains, Mr. and Mrs. Jim Harris, and son, Anthony and Jim House.

The party celebrated the birthday of Tom House and his brother, Jim, who are twins. This was their seventy-fifth birthday.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministrations are molding religious character. Statesmen today admit that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. We in the Church and the Church in us... for good.

Never in the history of civilization has there been such a united return to the church. The effort on the part of churchdom to lead their memberships back to regular and active participation in the church programs is also without parallel. Need for the blessings from the great God of Nations has never been so great. Pastors, Priests and Rabbis are pooling their efforts so that nations everywhere may be challenged to an understanding of the term Peace. Prayers from thousands of churches go up regularly in behalf of the... Tribunal in its effort to effect a lasting Peace.

Your church needs you as never before. Attend the church of your choice with your family regularly. Be an influence for good.

DR. R. H. JONES, FORMER MULLIN DOCTOR, PASSES

Dr. R. H. Jones, 82, who practiced medicine in Texas for 56 years, 33 of which were spent at Mullin, died at his home in Alice, Texas, last Sunday night and was buried in Oak View Cemetery at Mullin Tuesday afternoon.

Funeral services were conducted at the Mullin Methodist Church at 2:30 by the Rev. Otis Brown, pastor, assisted by Dr. Jones' brother, Rev. W. T. Jones, pastor of the Methodist Church at Blum, Texas, and who started his ministry at the Mullin Church in 1905. With F. P. Bowman as presiding officer, the Goldthwaite and Mullin Masonic Lodges gave the Masonic ritual at the graveside and served as pallbearers. Pallbearers were: W. L. Smith, Willard Mosier and Jim Jones of Mullin, and John A. Hester, Warren P. Duren, O. H. Yarborough, Loy Long, and Charlie Wilson of Goldthwaite.

Dr. Jones was born in Moorsville, Texas, Oct. 28, 1862, and moved to Mullin in 1903 where he practiced medicine until 1936, retiring and moving to Bay City and later to Alice. He was known and highly liked by all the old-timers of Mills County. He never forgot his friends here and it was his request that his last resting place be at Mullin.

He is survived by his widow of Alice; three daughters, Mrs. Auriel Heyland of San Antonio, Mrs. Opal Brewster of Arlington, Va., and Mrs. Aubra Wood of Fort Worth; two sons, Carmon Jones of Alice, and Vernon Jones of Bartlesville, Okla. He also leaves eight grandchildren and three sisters and three brothers: Mrs. Mitt Montgomery, Mrs. Hugh Owens and Mrs. Robert Adair all of Eddy, Texas; J. T. Jones of Los Angeles, Calif.; C. P. Jones of Refugio, Texas, and the Rev. W. L. Jones of Blum.

DISTINGUISHED STUDENT

College Station, April 12—John Mohler Oglesby, son of Mr. and Mrs. J. M. Oglesby of Goldthwaite has been named a distinguished student at Texas A. & M. College. This classification is given to those students who have an average of "B" or better in all their courses.

John Lettered in three sports in high school, was editor of the annual and valedictorian of the senior class. He was one of 21 college freshmen, picked

in the nation, to win Danforth Summer Fellowships last year. The awards were made on the basis of scholarship, leadership and extra curricular activities.

An active collegiate F. F. A. member, John is a sophomore majoring in agricultural education.

Mrs. L. R. Hendry of Coleman returned home last Friday after a few days' visit here with her daughter, Mrs. C. T. Wilson.

FIRE DESTROYS HEN HOUSE, 100 CHICKS

Fire, thought to have originated from an oil stove used to warm a new chicken house at the back to Mrs. J. N. Keese's residence here about midnight last Saturday night, completely destroyed the chicken house and 100 chickens.

Heroic work of some boys who arrived before the fire department and the quick work of the fire boys saved the barn near the chicken house. Mrs. Keese wishes to express her thanks to all who helped put out the fire. It was the first night the chicks had been put in the new house.

DOUBLES OUTPUT

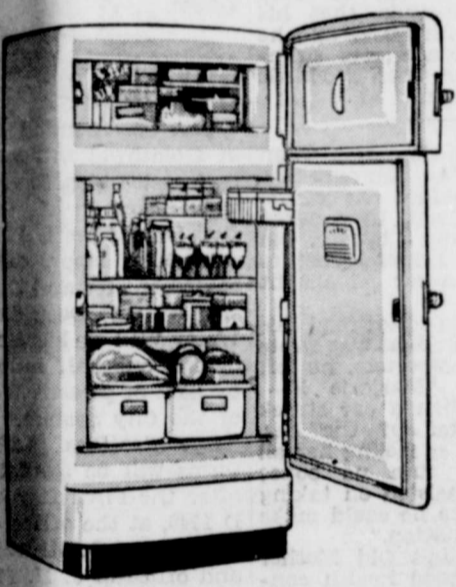

CHICAGO—In the first production increase in the appliance industry this year, Hotpoint, Inc., one of the nation's largest appliance manufacturers, has doubled scheduled output of a new automatic washing machine introduced early this year, James J. Nance, president, announced. The boost to 2,000 machines a week was necessary to meet strong demand.

Nance said that the step-up, made now in the face of adjustments in the national economy, "reaffirms this company's faith in America's system of producing abundantly in order to continually lower prices. Our \$25 million expansion program completed last October was an investment of American savings in developing new manufacturing efficiencies to bring the benefits of electrical living to the greatest number of people in the history of this country.

"Only in America can we find this example of industry teamwork resulting in more new work saving devices priced within the reach of every one of this nation's homes," Nance added.

GOLDTHWAITE LIONS CLUB VISIT WACO

The following article appeared in the April 12 issue of "It's News," a pamphlet published weekly by and for the patients of the Veterans Administration Hospital in Waco:

The Goldthwaite Lions Club sponsored an open house party for us April 3; about one dozen Goldthwaiters were present, also Miss Tucker of Red Cross and Bryan Smith, RC representative.

Some 18 patients held lucky numbers in a drawing, each winning a baseball cap donated by American Legion. Candies and cigars were given to all.

The four young Kuykendall sisters entertained with songs, then led the patients in a general singsong. Our co-patient Wm. Lewis did a turn on the

piano and his efforts were very commendable.

Patient Duncan and J. E. Mullins, a host, gave us their version of the newest jitterbug contortions, to the consternation and delight of the audience.

Orangeade and home-baked cakes were consumed appreciatively.

It is our belief that the Kuykendall sisters, currently singing on KCLW, Hamilton, soon will be showing up on television all over the country. These talented girls have the very best wishes of all of us.

We are extremely grateful for this pleasant party and extend our sincere thanks to Goldthwaite Lions Club, American Legion and Red Cross.

A Navy diver recently set a simulated world indoor diving record of 561 feet.

OLD MAN 100

(Continued from front page) The first one that can prove the color of his mark is the smartest. The little boy said to himself that he was going to make them think for once. So he marked a black mark on all three of the professors' foreheads. When the blindfolds were taken off, all three rapped. There was a period of silence and then the smartest one spoke. "My mark is black." How can he prove it?

Considering that I am talking to you in your office there in Goldthwaite, I want to ask you a question or two. You are not in Chicago, are you? You are not in California, are you? Well, since you are not in either of the three places, you must be somewhere else. If you are somewhere else, you cannot be here talking to me. So where are you? Ask the boss where he is at. He will either fire you or give you a raise, at least he should.

And you can't expect a duller to do as much for you as it once

did—because you won't do as much for a duller now as you once did.

WHO ET THE POKE?—

Old Hunnert in his column last week mentioned that poke was his favorite mess of dish. Everybuddy he's met since has asked what is poke? Poke is—well, this younger generation that grew up lately won't live as long as us oldsters because their parents didn't learn them what poke meant. Now them does won't like this, but poke is nature's medicine, and a mighty fine eating dish besides. Them oldtimers in Texas in the spring, no matter how long it took them to find poke, allus et three messes of poke, one mess a week, and it kept off all that year that summer complaint, the fever, that was prevalent then. Jest try it and see. Now, poke is something that only humans and cutworms will eat—pigs won't eat poke or humans, but human beings will eat poke if cooked right with some pig for flavor—and it's good. Now, last week O. H. et a big mess of poke, got rid of his spring fever, and it started his brain (maybe) back to working again. He's had some mighty deep thoughts since. Poke grows wild in Mills County, and O. H. thinks maybe we can git this county famous and all its people rich if we can only git a poke investigation committee appointed by Congress, which'll appoint enybody for enything at all if us taxpayers ask for it—it's our money they're spending anyway, and why should they care? Here's O. H.'s scheme: Get Congress to appropriate one million and 100 dullers and ten cents and set up a new Poke Possibilities bureau to investigate the poke possibilities in Mills County, Texas. The one hundred dullers and ten cents is enough to hire somebuddy to invest poke possibilities all over the county, and the million ought to pay office rent in Washington and Dallas and salaries for heads of the Poke Possibilities bureau. When they spend this, then Congress, as allus, could appropriate another half million for the PP bureau to close out its affairs. Enyway, this wouldn't be as big a graft as that bill they have up now to kindly ask us taxpayers to give 'em six million dullers to repair and enlarge the White House. Six million dullers, brother, would build us here in Goldthwaite one thousand houses at 6,000 per each. O. H. suggests that the Pres. move his headquarters to Goldthwaite, live in a fine new 6,000 buck home and rent out the other 999 at a big high price. But that ain't poke—it's pork. Now, Bashful Brian Smith, who didn't know they was any other food but poke until he got in the army in WWI and they started feeding him grub, has got so excited over poke that he dug up a scientific book on poke for O. H. to read. The official name for it is "Phytolaccaceae," but it's a lot easier to jest say pokeweed. Also, poke is poison if you don't throw away the first water and boil it again. Them long-ago Indian medicinemen used poke to heal their sick and also made salves from it. There are lots of poke possibilities.

AMBITIONS—

Oh, yes and p. s.—Bashful Brian is looking for a weak, willing and able widow who knows how to cook poke. Also, Old Hunnert has two ambitions—to live to be a 112, and to git to be best man at B. Brian's wedding, if his nerve ever improves eny.

Gypsy Gypper—"So you want to know about your future husband, beautiful lady?" Tth—"No, I want to know something about the past of my present husband for future use."

Also, if everybuddy was able to spend what they're already spending—then our ambitions would all come true.

At 20 a young man thinks his old-fashioned parents are awful dumb—at 30 he's surprised to find out how much they've learned in ten years.

One morning last week O. H.'s neighbor, Smith, looked over his garden wall and said: "Old Man, what are you burying in that hole?" Old Hunnert—"Oh, I'm jest replanting some of my seeds, that's all." Smith (angrily)—"Seeds! It looks more like one of my hens." Old Hunnert—"It is. The seeds are inside."

Old Hunnert's noticed some about them highbrows—they're people that enjoy something until it becomes popular.

HISTORY REPEATS—

Women in the Middle Ages Used powder and paint, so historians say; Women still use powder and paint in the middle ages today!

O. H. is not a snooper, but he was accidentally walking behind two old maids this week when he heard this: Gladys—"Jerry make him happy." Edith—"asked me to marry him and 'Which did you decide to do?'" Hissoner, the judge, in court—"Go ahead and tell the court just exactly what passed between you and your wife during the altercation." Old Hunnert—"A flatiron, a rolling pin, six plates and a teakettle."

THEM HIGH TAXES—

US taxing citizens are all to blame for them high taxes—we should urge that they give us a chance to vote on how much money them govt. fellers can spend of ours—and then let them spend it as they want to. Trouble is, the 7th thinks she can get more pleasure out of spending them 11 dullers O. H. gets from the Boss each week than can them govt. fellers—who turn up their eyebrows nowadays at anything under a billion or two. Some day they're going to learn what comes after a billion—and then we'd better look out. Enyway, us payers forgo about how we voted for more leapfrog directors and them half dozen dams on Cow Creek—and blame them Washington bureaucrats because they withhold 90 per cent of our tax money for themselves and only send 10 per cent back to us. If during the month of April every Mr. and Mrs. Good Citizen in America would write their Congressman and tell the old Harry a postcard and tell the old sports to act hardy age until next election—govt. cost would come down a third or more, and quick.

FOUR MEN DROWNED—

Now they're telling the story of a capitalist, fascist, communist, and unionist who were in a boat when it suddenly sank. First to drown was the capitalist who tried to save too many of his belongings and was dragged down. Next was the fascist who made no progress because he raised one arm in stiff salute. The communist was so busy shouting propaganda that his mouth filled with water and he sank. The unionist was swimming along fine when a whistle blew. Then he sank.

Onct, a long time ago, when they had Old Hunnert up around here before the courts for stealing sheep, they asked him did he want a lawyer. Old Hunnert said: "I dunno whether I do or not. I never got caught before."

And when this editor read this in his own paper that was wrote by one of his reporters, he left town sudden: "Marjorie E—was bruised when a car struck her. The driver of the car, George B—, after feeling her all over to make sure no bones were broken, insisted on taking her home where he could make a closer examination."

And why didn't Old Mother Nature make good health contagious instead of them diseases? We who have good health are supposed to share it with those who do not.

BUY NOW—AND FAST—

Along about when The Eagle just started perculating in 1894, Old Hunnert was in business here in good old Gold. Here's a ad he run then: "I have hitherto been able to sell my goods so much cheaper than anybody else, and the reason is that I am a bachelor and do not need to make a profit for the maintenance of a wife and children. It is now my duty to inform the public that this advantage will shortly be withdrawn from them, as I am about to marry a widow with eight. The public will, therefore, do well to make their purchases at once at the old rate." Them ads pay.

NO LUCK AT ALL—

Once, when O. H. was a young and handsome traveling salesman he entered a restaurant, sat down, glanced at the menu and then at the waitress. "Nice day, little one," he began. "Yes," she answered, "and so was yesterday—and my name is Ella—and I know I'm a little peach and have pretty blue eyes. I've been here quite awhile and like the place—and I don't think I'm too nice a girl to be working here; if I did I'd quit the job. My pay is satisfactory and I don't think there is a show or a dance in town tonight and if there is, I shall not go with you. I'm from the country and I am a respectable girl. My brother is cook here and weighs 200 pounds and last week he mopped up the floor with a guy like you who tried to date me. Now what will you have?"

D. LOWRY, Pastor
"The greatest path? The greatest path in the world is the path from your door to the door of your church. This was made by the Son of God for the sons of men, that they might humbly enter His holy temple in the Church they afterwards walk together in the world. Have you used this greatest path? Use it this Sunday and make a sacred appointment with Christ in divine worship."

EARTHQUAKE RENDS CITY AS PROPHET SUCCEUMBS DIES NOBLY IN PLACE OF GANG LEADER

Governor Weakly Surrenders To Mob Allegedly In Pay Of Priests

JESUS FORGIVES SLAYERS

COLGOTHA, Apr. 9, A. D. 30.—This bleak suburb of Jerusalem, scene of the crucifixion of Jesus of Nazareth, last Friday, became the centre of excited interest today as reports of the Nazarene's alleged "resurrection" swept the Jewish capital.

Hordes of spectators, many of whom were present at the death of him who claimed to be the Jews' Messiah, roved curiously over Calvary Hill. They had come to view the wreckage left by the disastrous earthquake that accompanied the prophet's last hours, and, despite efforts of the soldiers to disperse them, to gather in clusters and discuss the gory crucifixion and the events leading up to it.

Among the crowd were visitors from distant parts, come to Jerusalem to attend the Passover celebrations.

Betrayer's Body Found: Took Own Life

JERUSALEM, Apr. 9, A. D. 30.—His body swaying grotesquely in the morning breeze, all that remains of Judas, betrayer of Jesus and former treasurer of the Nazarene's company of disciples, was found early yesterday.

Indications are that this act, final episode in the life of a man apparently misunderstood and little liked by his fellow-disciples, followed a cataclysm of remorse.

LOCAL WEATHER EXPERTS FAIL TO EXPLAIN EARTHQUAKE

JERUSALEM, Apr. 9, A. D. 30.—"Beyond explanation" was the only comment obtainable from weather bureau experts who were asked to-day to account for the strange and disastrous earthquake and pall of darkness which created such havoc in Jerusalem and its environs last Friday.

EDITORIAL

LAST FRIDAY the city of Jerusalem witnessed what we believe will go down in history as the world's most atrocious crime: A man whose spotless record contained nothing but good deeds, seasoned with some wholesome condemnation of crookedness in high places, suffered an unfair trial and a felon's death on Calvary. We can only avoid a sense of everlasting shame by remembering that the voice Pilate heard crying "Crucify him!" was not the voice of the people.

To-day a mysterious sequel to that shameful murder, done in the name of government and religion, arises to haunt his slayers and to awaken in the hearts of his followers an exultant hope that will not down. The prophet's tomb is empty.

WHAT DOES THAT EMPTY TOMB MEAN? Pilate and the religious leaders claim that the body of the Nazarene was stolen by the disciples. On the face of it, that explanation seems too glib and too shallow for thinking men to accept. It must be remembered that after Friday's event the disciples were too dazed to plot, too bewildered to concoct so feeble a fable, too weak and too blundering and too frightened to attempt so hazardous a venture—a venture entailing the overthrow of the small army of prize soldiers set to guard the tomb. Moreover, it has been well established that the disciples, despite their master's insistence that he would rise from the dead, never really believed that he would or could do so. Furthermore, if indeed these soldiers did fall asleep while on duty—a military crime punishable by death—why has there been no court-martial, no wholesale purge of the proud Romans' reputation as soldiers?

Another theory advanced by his enemies is that Jesus—despite the spear-thrust through his heart and the certificate of death given by the physician at Calvary—did not actually die but only swooned. And later, coming to himself, he pushed aside the stone (weighing a ton or more and securely sealed) and came forth to announce his resurrection. That story is so thin as to insult the adult intelligence.

NEWSPAPER STARTS SWEEPING INQUIRY

JERUSALEM, Apr. 9, A. D. 30.—Widespread dissension having been aroused over last week's hasty arrest, trial and crucifixion of Jesus, the young prophet of Nazareth, the Jerusalem Daily News has instigated a searching probe of the matter.

Early this morning Eleazer Sadoe, editor and general manager of the News, made a personal statement.

Wife Of Pilate Tells Story Of Dream

BETHANY, Apr. 8, A. D. 30.—Located late to-day at the Bethany Sanatorium, Claudia Procula, wife of Pilate the governor, was found under her physician's care in a state bordering on nervous collapse.

Granted a brief interview, a reported for the Daily News learned that Claudia's breakdown was occasioned by a strange dream which had come to her concerning the young Galilean prophet.

RELIGIOUS LEADERS REFUSE TO COMMENT

JERUSALEM, Apr. 9, A. D. 30.—The attitude of the Jewish priests and the members of the Sanhedrin when quizzed about the crucifixion and the reported resurrection of Jesus of Nazareth was characterized early to-day by a strict silence.

Learning that late last Thursday night Jesus had been taken directly to the house of Annas.

CRUCIFIED "KING OF JEWRY" SEEN ALIVE, IS RE

Promise Of Jesus To Raise Self Recalled

JERUSALEM, Apr. 9, A. D. 30.—The unconfirmed rumor of the "resurrection" of the strange young teacher who was crucified last Friday has brought to mind certain mystifying statements he is reported to have made.

During a recent visit to Galilee he openly declared that "the Son of man is delivered into the hands of men, and they shall kill him; and . . . he shall rise the third day." At another time, "after forcibly driving the money-changers out of the temple, he said: "Destroy this temple (speaking of his body), and in three days I will raise it up."

On another occasion, accurately foretelling the events which have just occurred, he said to his followers: "Behold, we go up to Jerusalem; and the Son of man shall be betrayed . . . and they shall condemn him to death, and shall . . . crucify him; and the third day he shall rise again."

Two Followers Of Jesus Tell Story Of His Appearance

EMMAUS, Apr. 9, A. D. 30.—Cleopas and another resident of this village—both disciples of Jesus, the young prophet who was crucified last Friday—reported in great excitement this morning to the local correspondent of the Daily News that they had received a supernatural visitation yesterday while journeying to Emmaus.

Heavy Stone Is Brought From Tomb As Guards Body Stolen

JERUSALEM, Apr. 9, A. D. 30.—Shaken to the core by news that the crucified Nazarene had been found empty, the day is seething with emotion.

THIS IS AN ATTEMPT TO PRESENT THE STORY OF CHRIST'S RESURRECTION AS A MODERN NEWSPAPER WOULD SET IT UP. CHRISTIANITY WAS NEWS THEN! IT SHOULD BE NEWS TO-DAY. IT MUST BE NEWS IF IT IS TO SURVIVE. ARE YOU HELPING TO MAKE IT NEWS IN THIS DISTRICT?

PECAN BAYOU PROJECT RECOMMENDED

County Judge Lewis B. Port this week received a notice from the U. S. Army Engineers that the Pecan Bayou

project that had been surveyed by the army engineers in Brown and Mills County had been in part reported favorably. The Pecan Bayou is a tributary to the Colorado River.

The project reported to the U. S. House of Representatives by the Army engineers includes

construction of an earth dam downstream from the existing Brownwood dam with suitable outlet therein for releasing the ordinary flood flows, and the construction of a series of gates in the existing channel to control the release of large flood flows. The cost to the federal government will be \$9,035,000, with \$49,000 annually for operation and maintenance.

to develop. The two-price system, by the way, would allow growers to raise a specified amount of cotton at parity price for consumption in this country, but to grow all they want for export, to compete on the world market with cotton from other countries and at no price guarantee. Mr. McDonald says, "this is probably the last year in our lifetime that we'll be able to grow cotton with a price guarantee and no acreage restrictions."

It's the season for Texas to break out in a rash of soil conservation field days. We've been invited to about a dozen this spring. The folks in Collin county have a new approach to this worthy activity—they've purchased a farm and will show it to the public in its present condition on Good Friday. Then on Labor Day will show what has been done to fix it up.

Is there a connection between tooth decay and soil composition? *Prairie Farmer Magazine* tells about a 3-cornered experiment wherein milk from Deaf Smith county, Texas, has been condensed, flown to Illinois for drying and the powder is now in Boston being used in the experiments at Tufts Dental College. The soil grows crops which we eat and which are fed to livestock. We eat the meat and drink the milk. It sounds logical. No doubt this experiment was planned with the fluorine content of Deaf Smith soil in mind.

Pine straw, which is considered the best mulching material for strawberries, should be applied during the winter after the first growing season. Watermelons are more than 92 per cent water. Ocean waters contain billions years old.

SOCIAL SECURITY MAN TO BE HERE EACH 1ST WEDNESDAY

Residents of Goldthwaite and vicinity who want information about the social security program that pays insurance benefits to qualified wage earners when they reach age 65 and to qualified members of the family when a wage earner dies can meet representative of the Austin social security Administration office at the Post Office on April 6 at 9:30 o'clock a. m.

This is to be a regular service scheduled on the first Wednesday of each month until further notice. It will give citizens an opportunity to discuss the all important matter of filing claims for benefits, or to get a Social Security Account Number Card, or a duplicate number for a lost card. The Austin visitor will be glad to answer any of your questions about old-age and survivors insurance. He can help you check on your record to see that all of your wages have been credited to your social security account. Employers are invited to bring any problems they may have.

The Goldthwaite Eagle feels this regular local service is greatly in the interest of our citizens, and urges its readers to take advantage of the opportunity fully.

A familiar voice is being raised these days in Texas and Washington. About fifteen years ago Agriculture Commissioner J. E. McDonald began advocating the "domestic allotment" two-price system for certain crops, mainly cotton.

While he never stopped pushing it, he has cause now to push harder, with the expected surplus of lint due this year from the uncontrolled planting under a parity price guarantee.

Ninety percent of parity is still guaranteed on lint cotton but this year there is no limitation on acreage. Barring disaster, a surplus is almost certain

A Change is in Order...

Change to OIL-PLATING!

QUIET! There's an added ingredient in husky Conoco Nth Motor Oil that fastens a shield of lubricant right to your engine's working parts . . . protects them from wear. So change to Nth motor oil . . . and an OIL-PLATED engine.

READY TO GO!
... because Conoco Nth's OIL-PLATING can't all drain down, even overnight. Cylinders are lubricated, ready to go, at the touch of the starter!

RUNS SMOOTH!
... because another exclusive additive in Conoco Nth combats combustion acids and power-robbing sludge and carbon due to wear.

CUT COSTS!

IS YOUR SPINE IN LINE?

Perfect alignment of the spine means perfect health. Imperfect alignment means that one or more of the vertebrae of the spine are out of the natural position. This produces pressure on the delicate nerves at the point where they leave the spine. Because of this the brain cannot get the full amount of life force over them.

Whatever part of the body, whether it is the heart, stomach, lungs, kidneys, etc., that is supplied by a pinched nerve, is bound to be weak, because every cell in the body receives its life force over the nervous system, and if the nerve is pinched this life force is decreased.

MADRID CLOVER

Cooperators with the Brown-Mills Soil Conservation District have planted over 1000 acres of Madrid Clover this spring which they believe will furnish hay and summer grazing and at the same time add fertility and organic matter to the soil. Although the fall seeded clover was lost by heaving, the farmers replanted this spring and it looks like a clover year. Madrid Clover is a yellow-blossom biennial that is adapted to this District. The seed that were planted this spring was produced by the following cooperators with the Brown-Mills Soil Conservation District: Harold Beard, 5200 pounds; Frank Kerby, 3300 pounds; Charlie Swindle, 3800 pounds; Jim Soules, 1500 pounds.

The District drills were used to sow most of the clover seed. Herman Jones of the Pompey Conservation Group planted 100 pounds of seed on 55 acres of oats in rows with his planter attachment. Three to 5 pounds of clover seed were drilled in fall-sown grain in most cases. J. H. Priddy, Ray Priddy, Char-

lie Miller, Frank Kerby and many others will harvest the grain and then expect summer grazing if the moisture is favorable. Other cooperators will cut the combination clover and small grain for hay.

Dr. T. C. Graves of the Farm and Ranch Group drilled 65 acres of clover and spring oats together this spring for a hay crop. W. A. Hill seeded Madrid Clover and oats in alternate drills and another field in millet and clover for hay production. C. R. Dudley used the clover and millet combination and E. C. Echols, T. F. Sansom and Owens Brothers used sweet sudan and clover for summer grazing.

Madrid Clover will be harvested for seed on the following farms: R. C. McCollum, 7 acres; Earl Fairman, 18 acres; Herman Jones, 19 acres; Willie Marwitz, 4 acres; Ernest Kohler, 5 acres. This clover was planted last spring and has survived the severe summer drought and has furnished some grazing.

HOME FROM GERMANY

Pfc. Ben F. Humphries Jr. has returned home from Berlin, Germany where he has been in the service for over two years and in the army for three years. While in Germany he only saw one boy he knew from home, Pfc. M. Webb and they were very glad to see each other. Now he says the good old U. S. A. looks good to him and he is glad to be back in Goldthwaite.

Mrs. G. W. Jackson

Mrs. G. W. Jackson was born August 8, 1863, in Bell County, Texas, and died April 8, 1949, at her home at Goldthwaite. She passed away at the age of 85 years.

Funeral services were conducted at the First Methodist Church of Goldthwaite at 4:00 o'clock Saturday afternoon, April 9, 1949, with Rev. Joseph L. Emery, pastor of the First Baptist Church of Goldthwaite in charge. Interment was in the Goldthwaite Memorial Cemetery.

Mrs. Jackson moved to Goldthwaite in 1889, where she resided until death. As a very young girl she was converted and united with the Baptist Church. She taught school in Bell County before coming to Goldthwaite.

Preceding her in death are three grandchildren and one great grandchild. She is survived by her husband; ten children, Frank P. of Waco; Mrs. O. H. Vandever of Pleasanton, Mrs. F. Harry Lester of La Jolla, California, Rev. C. B. Jackson of Dallas, Ernest W. Jackson of Austin, Fannie A. Jackson of Goldthwaite, Mrs. E. S. White of Wallis, Mrs. Joe H. Jimasek of Austin, John A. Jackson of Goldthwaite, and Norman M. Jackson of Austin; four grandsons, four granddaughters, and five great grandchildren.

The death of Mrs. George W. Jackson has robbed earth of one of its greatest contributors to high Christian ideals and to the spiritual advancement of all who knew her.

Her life was as beautiful and fragrant as the early morning air drifting across the perfumed gardens of spring carrying with it the odors that inspire and strengthen and bless.

A life nobly lived, a death victoriously anticipated and experienced, she shall continue to live in the treasured halls of memory to call forth the best that is within us to lay upon the altar of service to her Lord and

His Kingdom.

Without a word of complaint but always reflecting the Christ-like spirit deep within the frame and fiber of her being, she maintained and shared the stability and the faith of an obedient saint of God.

The testimony of her life shall continue to be a vital reality in the experience of her beloved husband, her noble children and her devoted friends.

Here is the reward for which she had long anticipated—when she would testify from the word of God, saying, "In my Father's house are many mansions, if it were not so I would have told you. I go to prepare a place for you and if I go to prepare a place for you; I will come again to receive you unto myself that where I am there you may be also."

CHECK UP ON YOUR SOCIAL SECURITY

What will become of your family when your earnings cease in old-age or death?

Old-Age and Survivors Insurance under the Social Security Act is part of the answer to that question, if you work on a social security job.

Workers earn the right to retirement insurance when they become old, or to insurance for their families when they die. The payments partially replace an insured wage-earner's average wages for work done on social security jobs.

The payments are not large, monthly amounts, but when paid over a period of years, they aggregate very substantial sums, according to James B. Marley, Manager of the Austin office of the Social Security Administration. He believes that if families know where they stand, they will be encouraged through other savings and investments, to supplement their future income from social security insurance.

In order that families may

know exactly what their rights are, and thus plan for their own future, they may obtain a booklet which explains this government insurance. If you would

HOW MODERN MIRACLE OF DESIGN MAKES THE NEW DODGE DIFFERENT

Different! LONGER on the inside ... SHORTER outside!

Different! WIDER on the inside ... NARROWER outside!

Different! HIGHER on the inside ... LOWER outside!

WHO SAYS all cars are alike? Just look at the new Dodge, the car that dares to be different! Different in the sleek lines that flow from true functional styling. Different inside—and out!

Inside, this new Dodge is bigger three ways—longer, wider, higher! But outside it is actually shorter, narrower, lower. No bulky lines to balk you when parking or garaging your new Dodge. Here is a miracle of design that puts your comfort first. Wide opening doors that make it easy to get in and out. . . the head room, leg room, elbow room you could ask for.

Topping all, is the flashing performance of the famous "Get-Away" Engine . . . the velvety smoothness of the All-Fluid Drive.

Before you decide on any car, see how much more Dodge gives for your money today!

Weekly Swing of Southwest Farm Markets

Many farm products sold at lower prices than a week ago, despite strength in some quarters, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Wheat and oats closed unchanged Monday compared to a week earlier, but corn declined a cent or more, and barley and sorghums lost 2 to 3 cents. No. 2 white corn sold around \$1.75 a bushel in bulk carlots at Texas common points, with yellow corn around \$1.65, and barley \$1.35. Milo brought \$2.67 to \$2.72 per 100 pounds.

Southwest eggs and poultry markets eased a little since a week ago, as spring weather brought larger supplies to market. Current egg receipts sold from 40 to 41 cents a dozen at Dallas and Fort Worth Monday. Fryers brought 32 to 33 cents in North Texas and 33 to 36 at Denver.

Butcher hogs recorded net losses of mostly 50 cents at San Antonio, 75 cents at Fort Worth, \$1 at Oklahoma City, and \$1.50 at Denver. Sows held about unchanged at San Antonio and Oklahoma City, but lost 50 cents to \$1 at Fort Worth and Denver. Prices on stocker and feeder pigs dropped \$1.50 to \$3 for the week.

Cattle prices showed little change for the week on most classes, although scattered gains of 25 cents to \$1 appeared. Common to good cows ranged from \$18 to \$21 at Houston, \$17 to \$19 at Fort Worth, San Antonio and Oklahoma City, and \$17.50 to \$19.25 at Denver.

Spring lambs advanced \$2 a hundred pounds at Fort Worth to reach a new high price of \$33 on good and choice.

Little wool changed hands. One clip sold in Texas at 70 cents a grease pound.

Livestock receipts last week were mostly a little lighter than the week before in the southwest but somewhat heavier in the midwest. All dressed meat except veal sold in New York Monday unchanged to \$1 or more higher than a week earlier.

Southwest cotton markets closed Monday from 25 cents a bale lower than a week ago to \$1.25 higher. Prices ranged from \$2.55 at Houston to \$32.90 at New Orleans.

SAN SABA PEAK

By MRS. DUTCH SMITH
We had a good rain Saturday night.

Fate and Bill Eckert and Altha Mae went to Miles last Thursday to see Mr. Frank Eckert who is very ill.

C. S. Smith Jr. brought five of his friends home this weekend Friday night the boys, Dutch Smith and Velmer Gage went fishing. They had pretty good luck too.

Those who spent the night in the Smith home Saturday night were Mr. and Mrs. Jess Bull and Jimmie of Houston, Bill Conrad of Long Cove, Johnnie, C. S. Smith Jr., H. C. Brumlow III, Richard Gilberth, Bob Sullivan, Jim Dean and Don Higgins, all of John Tarleton College.

One night last week Mr. and Mrs. P. R. Jordan visited Mr. and Mrs. Lloyd King.

Mr. and Mrs. William Blackman and children of Junction and Mrs. Etta Blackman of Austin were guests in the Fate Eckert home Sunday night. Mrs. Blackman remained for a longer visit.

Mr. and Mrs. Lloyd King enjoyed a visit from Mrs. King's mother and sister. We failed to get their names.

Mrs. Jess Ball and Jimmie are visiting her parents, Mr. and Mrs. Dutch Smith while Jess is in Lubbock.

Mr. and Mrs. Dutch Smith visited Mr. and Mrs. Bud Conrad and Mr. and Mrs. Bill Hightower Sunday afternoon.

Mr. and Mrs. Lloyd King visited in the Dutch Smith home Monday evening.

Mrs. Hightower visited Mrs. Fred Laughlin Saturday.

Miss Hightower visited Wanda Kelly Sunday night.

TAKE YOUR FAMILY TO SUNDAY SCHOOL

Over the years I have been deeply impressed with the fact that the families participating in Sunday school activities are also the families most interested in establishing a genuine home and progressive, wholesome community life.

The principles of religion taught in our Sunday schools are vital in the training of our youth and the continuance of this instruction in adult life strengthens parents in the guidance of their children and provide spiritual benefits derived only from this source.

Parents who do not carry out their duty of instruction by example fail to assume their responsibility in a manner which is detrimental to our Christian society and increases the need for teaching by organized religion.

If we would have an enduring Christian nation we must strive to reduce crime. The plain and simple maxims of the Bible contain the essential rules which should govern human conduct.

TAKE YOUR FAMILY TO SUNDAY SCHOOL

"Take your family to Sunday school" touches a deep cord in my heart.

True religion, I firmly believe, is essential to create an inspiring, wholesome and soul-shaping atmosphere for childhood. From my heart I deplore the fewness of American families that take the trouble to foster spiritual beliefs in their children.

The happiest experience I ever had was learning, while I was a little girl, that God is love, and that the possibilities of good are greater than those of evil... and it has more than counteracted the cramping effects upon me of blindness and deafness. This blessedness of faith convinces me that all the young who are given opportunity to see God with their hearts have the best chance of facing life's problems, courageously and making of their lives a noble achievement.

The Fatherhood of God and the brotherhood of man seem to me the central teachings of the Bible whose stories children read in Sunday school—and from those teachings, if faithfully maintained, there will at last emerge a civilization in which all peoples shall live side by side in co-operative harmony and peace.

About 100 Church members of Goldthwaite attended the Easter sunrise service on the hill known as Cryer's Mountain just south of town on the Lometa Highway. All of the local churches were represented and the pastors of each took part in the service.

Misses Sara and Catherine Fairman, who spent the Easter vacation here with their parents, Mr. and Mrs. Wilbur Fairman, entertained the following guests all of whom are S. M. U. students: Misses Betty England and Dorothy Dorman of Dallas, Billie Marie Gilbert of Irving, Phyllis and June Lesh of Nocona, Jack Hayes and Johnnie Pace of Dallas, John L. Sullivan of Amarillo, Chelsea Couch of Plano, Will Mullenweg of Amarillo.

Dr. and Mrs. J. J. Stephens and Dr. J. E. Brooking attended the Mills-San Saba and Brown County Medical Association in Brownwood Monday night.

Rev. F. J. Brucks and Rev. J. W. Kelly, Mrs. Tom Collier and Mrs. Henry Martin left Wednesday morning for Mason to attend the Llano District Conference which met there Wednesday and Thursday. They were joined Wednesday afternoon by Mr. and Mrs. O. H. Yarborough and Mrs. W. C. Dew.

A letter to The Eagle from D. Albert Trent, who is now living in Beverly Hills, states that he and Mrs. Trent are enjoying California and he likes his work with George Burns and Gracie Allen of radio and movie fame. They enjoy the weekly visits of The Eagle and "fight to see who will read it first."

Dr. and Mrs. Ruel Slaughter had a serious accident Sunday night this side of Breckenridge. They were on their way home after a stay in Dallas, when the steering pin broke, causing their car to roll over several times.

Mrs. Slaughter was seriously injured and is in the hospital at Breckenridge. Dr. Slaughter was badly bruised, but was able to return to Goldthwaite Tuesday.

Last Sunday the children and grandchildren of Mrs. L. W. Faulkner gathered at the home of her daughter, Mrs. J. H. Brown, to celebrate her 83rd birthday. All the children were present except two sons, Harry and Fred, who were unable to attend.

Dr. T. C. Graves and Lacy Thompson attended the Spring meeting of the Second District, Texas Public Health Association at Temple last Friday.

22 YEARS AGO

(Taken From Eagle Files, April 15, 1927.)

Last Tuesday evening at 7:50 o'clock a tornado struck the town of Rock Springs, Edwards County, Texas killing about 75 people and injuring a hundred and fifty more.

Mr. and Mrs. Avis Renfro and family, consisting of two little girls and a little boy, were in the tornado and were all hurt, one of the little girls, very seriously. Mr. and Mrs. Renfro were both badly hurt. S. T. Weathers, father of Mrs. Renfro hurried to Rock Springs immediately after hearing about the storm.

Miss Theo Jackson, daughter of Mr. and Mrs. G. W. Jackson, was at Rock Springs teaching in the school there, but had taken refuge in a storm cellar and escaped uninjured.

Mrs. Gladys Tobin, daughter of Mr. and Mrs. W. A. Bayley, resided on a ranch 30 miles from Rock Springs and uneasiness was felt for her by relatives and friends. However the storm did not strike in that portion of the country.

Mrs. J. K. Brim and little grandson left Saturday night for an extended visit with Mrs. Brim's daughter in De Queen, Arkansas.

Rev. Jo Frizzell, who recently underwent a serious operation at a sanitarium in Brownwood, is now doing nicely and improving rapidly.

Mr. and Mrs. F. D. Webb visited their daughter, Mrs. Walter Reed and family at Lometa last Sunday.

J. A. Hester, returned Thursday morning from Fort Worth, where he had been attending the Lumbermen's Convention.

Mr. and Mrs. E. L. Pass spent Sunday at Pearl with W. G. Jackson and family.

Mr. and Mrs. Walter Mayfield and family of Medina have moved to Goldthwaite and are living in the F. N. Irwin house.

Mr. and Mrs. Earl Webb and boys visited the J. Everett Evans family at Center City last Sunday.

Rev. J. R. Davis of Coleman visited Mr. and Mrs. E. L. Pass Wednesday.

Mrs. Bart McPherson of Energy spent last week end with her niece, Mrs. Guy Rudd. Miss Emily Anderson went to Brownwood Wednesday night to visit friends.

Mrs. Mae McMillon and children and Mrs. J. R. Eudy of Coleman were visiting home folks last Sunday.

51 YEARS AGO—

(Taken From Eagle Files, April 16, 1898.)

Excitement over the gold fields a few miles northeast of town continues to grow and the people are flocking over there to inspect the work going on. The County Clerk, Mr. C. C. Yarborough, is probably the most enthusiastic citizen and is laying great plans for the future. He had his farm surveyed off into town lots and proposes to give each alternate lot in his town to parties who will build a residence thereon to cost not less than \$500. The town will be known as Golden City, and is expected to grow like magic.

E. S. Kirby and Holland Frizzell left yesterday for Belton on cattle business. They will return this afternoon.

Miss Cora Hearne returned to her home in Payne Gap yesterday, after a pleasant visit to relatives and friends in this city.

Albert Wilcox and Lum Allen spent Thursday night on the river and returned yesterday morning bringing a large wild cat which they killed on the trip.

Mr. and Mrs. W. E. Gresham have returned to their Goldthwaite associations. During their sojourn in Brownwood they made warm friends.—Brownwood Bulletin.

C. B. Mohler and wife have been in San Saba County this week visiting Mrs. Mohler's parents.

Grandma Lumpkin of Mullin arrived in the city yesterday for a few days visit to her friend, Mrs. J. W. Roberts.

Miss Gertie Cunningham is expected home in a few days. Prof. E. W. Reister of Comanche County is visiting his sister, Mrs. A. M. Dalley a few miles north of town.

Prof. Will Dew of Mullin is in town a part of this week.

T. N. Berry was in the city this week exchanging ideas with his friends.

J. W. McAlexander of Lometa was in the city the first of the week.

Mrs. J. B. Murrah and Mrs. C. C. Yarborough were both quite sick Sunday and Monday.

Mrs. J. L. Ballard and Miss Alice Woodall returned Sunday afternoon from a visit to relatives in San Saba.

W. C. Ross of Narbors Creek Community was in the city the first of the week transacting business.

C. M. Thompson of Zephyr was here Monday in search of a runaway horse. He found the animal at the public watering trough in this city.

News reached here this week of the death of George Kirby's little five year old son at Galveston. The little fellow was kicked in the head by a horse and his skull crushed, which caused his death.

Rev. Father O'Hara of Brownwood held services at Dr. Logan's residence in this city Wednesday morning.

S. B. Howard of San Saba visited his daughter, Mrs. Emory Teague, in this city the past week.

Mrs. A. E. Weathers visited her parents at Star Saturday and Sunday.

W. S. McCurdy of Vernon who was called here by the death of his mother in Big Valley, left yesterday for his home. Before leaving he ordered the Eagle sent to his address in the future.

Heaven Is Real

Easter Lesson for April 17, 1949

HEAVEN IS just as real as Chicago. More so, because Chicago will in time cease to be, while heaven lasts forever. A few atomic bombs, a whiff of some new plague, can make Chicago vanish; but no atomic bomb can touch heaven. The pity is, so few Christians really believe this. We can get mail from Chicago, but who ever heard of mail from heaven?

Dr. Foreman

Wait, though... there is mail from heaven, and you have it there in your Bible. If you accept it for what it is, the Word of God, then it is the Word from heaven. To be sure, it does not tell us much about heaven. If you were actually traveling to Chicago, you would not begin by studying a street-map of that city. What you would need is a map of the roads between.

So the Bible is not a guide-book to the "City Four-square;" it is more of a road-map to help us find the way between here and there. Nevertheless, the Bible does assure us that heaven is real.

Christians have many reasons for believing in the reality of the future life, and some of these may not be in the Bible; but the best reasons are there.

Jesus Believed It

WINIFRED KIRKLAND has truly said that Jesus did not simply believe in immortality; he lived it. Jesus would never have called this world or this life trifling or unimportant. But all around, under and over and through this visible world, Jesus was aware of another. He lived and acted as a citizen of both worlds. He talked of life after death—or for that matter, of his own life before his birth—as calmly and naturally as you would speak of next week or next summer.

Christ Is Risen

MANY PEOPLE feel it would be easier to believe in the future life is someone who had been across the line of death would return across that line to bring a message from the beyond. So they attend seances and they listen to table-tappings and go through all manner of weird performances in order to get a word or two from someone who has passed on.

But all the time we do have a record of a Return. Indeed it is The Return. We call it the Resurrection. The message of Easter is not summed up in songs about some "Beautiful Isle of Somewhere;" it is in these three words: "Christ is risen!"

He did not return in darkness, he was not under the control of any "medium," he did not make himself known by ghostly hauntings. He was seen at supper-tables, he spoke to his friends on a mountainside, he came to fishermen on a spring morning by a lake shore. The earliest Christians doubted some things; but few doubted that the Lord was risen indeed.

Heaven Begins With God

THE CURE for the troubled heart, Jesus said, is faith in God. One of the strongest reasons for believing that the future life is real, is the nature and character of God himself. Jesus said as much once, in an argument with men who did not believe in immortality: "God is not the God of the dead, but of the living." If we were God's paper dolls or toy soldiers, he might weary of us as a child wearies of its toys, and sweep us all into destruction without a moment's thought. But if we are truly his children, then when life's evening comes, he will call his tired children home.

Eternal Life has two sides, the heaven-side and the earth-side. The church has never believed that simple immortality is the same thing as the heavenly life.

A Judas, when he dies, goes (as Peter sadly said) "to his own place." A Judas carries out his own hell with him. But a man like Paul, or any Christian who has been at home with God here on this earth, when at last death comes, will, as Whittier said:

"Find himself by hands familiar beckoned
Unto his fitting place."

Our WASHINGTON Letter

A formidable deterrent to war took shape last week when the representatives from 12 countries met in Washington and signed the historic Atlantic Security Pact.

The Nations included are: the United States, Canada, Great Britain, France, Belgium, Luxembourg, the Netherlands, Norway, Iceland, Italy and Portugal.

To make the agreement effective, the United States Senate must ratify it, as must the parliaments of other signatories.

The importance of this move cannot be overestimated. It is a bold effort to promote the cause of world peace and to counteract the power and program of Russia and her Communist allies.

This collective action was forced upon the western powers by the Soviets who, by the abuse of the veto power (they have cast 30) in the United Nations, have thrown road blocks in the way of efforts to use the U. N.

as a means of settling international disputes.

Groping for an alternative to which the western powers could rally their united efforts for security and peace, the Atlantic Pact turned out to be the answer. For it provides a possible means of concerted action which cannot be subjected to an arbitrary veto by the Soviet Union.

Briefly, the pact provides that as armed attack on any one or more of its members shall be considered an attack against all, and the promise to assist the victim of attack with such action, including armed force, as is deemed necessary to restore and maintain the security of all.

The life of the pact is 20 years, subject to review and renewal after 10 years.

As evidence of the importance of this action from the American standpoint, witness the views of three observers:

John Foster Dulles called it "the most important international decision since the Monroe Doctrine."

Mr. Roscoe Drummond, one of America's most respected political analysts, said that joining the Security Pact "will be the most meaningful decision the United States has taken in foreign policy."

Constantine Brown, another distinguished authority, described it as "the most sensational... ever presented to the United States Senate." He pointed out that it will put us directly into an alliance with a number of

European countries and requires, within the provisions of our Constitution, that we join them in resisting any armed aggression.

The real purpose behind it all is, of course, to provide a formidable deterrent to war. It is a warning to any potential aggressor that it is unsafe to start a war.

As was expected, the Pact has been bitterly denounced by the Kremlin, and that attack was echoed in the United States by Henry Wallace, leader of the Commagressive Party. The latter spoke over a national hook-up, demanding that we appease Russia and do nothing that might hurt her feelings.

Of course, Wallace has never raised his voice in criticism of the agreement of the Soviet Union and her six satellites of Iron Curtain Europe, when those countries met in Silesia in October of 1947, and agreed to act in unison thereafter, and named the Marshall Plan nations as their target.

Just the signing of an agreement, of course, will not do the job. It will take more than that. The United States will be called upon to provide some military equipment to the other nations. There is a limit to our ability to do that. But observers are saying that surplus materials left over from the war, with some added, will be a lot of help in the hands of our allies.

In any event, Uncle Sam, if the Senate ratifies, will have taken another firm stand for

world peace, and this will put the Kremlin on notice that if she attempts to knock off western nations, one at a time, that kind of monkey business will mean war.

CHRISTIAN SCIENCE SERVICES

"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 17.

The Golden Text is: "John seeth Jesus coming unto him, and saith, Behold the Lamb of God, which taketh away the sin of the world" (John 1:29).

Among the citations which comprise the Lesson-Sermon is

the following from the Bible: "And Jesus came and spake unto them, saying, All power is given unto me in heaven and in earth" (Matthew 28:18).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "He taught his followers that his religion had a divine Principle, which would cast out error and heal both the sick and the sinning" (page 136).

Ounce of Prevention...

Cowboys of just a few years ago would have been puzzled by the above illustration. But livestock producers today see it as a picture of a routine job... vaccination of a calf to help keep him healthy.

Livestock producers and meat packers have a common goal: to supply America with all the wholesome, nutritious meat this nation of ours needs. And so at every step of the way—from range, farm and feed lot to the tables of consumers—precautions are taken to produce meat of the best possible quality... meat that will receive the familiar round purple stamp "U. S. Inspected & Passed." This purple circle, found on every important cut supplied by federally inspected packers, is the housewife's guarantee of good, wholesome meat.

Growing animals are subject to various ailments. Meat, milk, wool and other valuable by-products... enough to supply a good-sized nation... are lost on farms and ranches each year. Add to this the lost grain and grass fed to animals which never live to maturity, or fed to unthrifty livestock that gain slowly. Total dollar losses run into billions.

Much has been done toward reducing these losses. New drugs and chemicals, such as the sulfas, penicillin and phenothiazine, are conquering livestock ailments, pests and parasites. But some of these causes of reduced production and profit are stubborn. To lick them will take increased knowledge, cooperation among neighbors and a constant watch for danger signs. But the increased earnings which can result from these efforts make them more than worth while. Production of healthy livestock is the only way to keep the markets for the meat you produce supplied and expanding. In solving your problems your local, state and federal veterinarians are good men to turn to for help.

It's a good idea to save tough problems for a brainy day. Dirt farmers and desk farmers both get calluses—but in different places.

OUR CITY COUSIN

Price Balances Supply and Demand

In the first six weeks of the year livestock and meat prices have dropped with great rapidity. In my 24 years with Swift & Company I have never seen so violent a drop. On the other hand, I have never seen prices start down from so high a level. It is the law of supply and demand that work.

When the wholesale price of meat—the amount meat packers can get for it—goes down, it means lower prices for livestock. It always has been and always will be that way. When demand for meat increases, we are able to pay producers more for their livestock. The prices Swift & Company, and the other 26,000 meat packers and commercial slaughterers, pay for livestock are governed by what they can get for the total available supply of meat and the by-products. As in the past, so in the future, livestock prices will result entirely from the balance between supply and demand.

Let's Be For Things Seems to me that most of us spend too much time and blood-pressure being against things. Let's be for things. Let's be for freedom of choice and initiative. Let's be for a system which allows a man to choose freely his own work, to make his own opportunities, to plan his own production. Which lets him decide where and how he lives; how he spends or invests his earnings. Let's be for our country, where a man's boss is his own time, his own thoughts and his own political and religious beliefs. Let's take a good look at the rest of the world, then reverently thank God, and be for the United States.

Hope you have a prosperous summer, and we'll be looking forward to being with you again. Meanwhile, if you're in Chicago, plan to visit us at Swift & Company. All of us in the Agricultural Research Department cordially invite you to drop in for a chat. We'll be looking for you!

Martha Logan's Recipe for DELUXE CORNED BEEF HASH PATTIES

- 1 can corned beef hash
- 2 tablespoons shortening
- 1/2 cup thinly sliced onion
- 2 tablespoons flour
- 1 No. 2 can peas (2 1/2 cups)
- 1/4 teaspoon salt

Melt 1 tablespoon shortening in a frying pan and brown onions lightly. Sprinkle flour over onions and combine thoroughly. Drain juice from peas (approximately 1 cup). Add salt and peas from peas to onions and flour. Cook until sauce has thickened. Add 1/2 cup peas, stirring gently. Open can of hash at both ends. Push hash out on a board. Slice in four portions. Brown in 1 tablespoon shortening in a frying pan. Serve Corned Beef Hash Patties with vegetable sauce.

Quotes of the Month

The livestock producer, both by nature and by necessity, is a true conservationist. He would no more deliberately ruin the property on which he depends for his livelihood, and which he hopes to pass on to his children, than the manufacturer would deliberately tear down the plant in which he operates.

A. A. SMITH, President
American National Livestock Assoc.

Livestock provides one-third of all the food energy in the American diet, and 80 per cent of all the land used to produce the nation's food supply is devoted to livestock production. That is the story of a big business, vital to all Americans.

Saving More Lambs

By Alexander Johnston, Wool Specialist
University of Wyoming, Laramie

Because every lamb grown to market maturity will now bring from \$15 to \$20, lamb mortality has become a source of increasing loss. Lambing practices reflect this. Open range lambing is decreasing. Pasture lambing is increasing in favor. Bands of from 500 to 1500 ewes are run in fenced separate meadow pasture. If spring storms are prevalent, shelter sheds are provided. The ewes lamb by themselves with little assistance.

Shed lambing is popular, especially when July or August fat lambs are desired. The lambing band is kept in a feed corral or small pasture adjacent to a lambing shed. When a ewe lams, she and her "green" lamb are taken into the shed to an individual pen or "jug." After a day in the "jug," they are put in a larger pen with others. Gradually, over a period of 3 to 10 days, larger and larger units are merged. From the shed these bunches go out to green pastures or into feed yards until the pasture grows. Under this system of almost complete control, a very high percentage of lambs is saved.

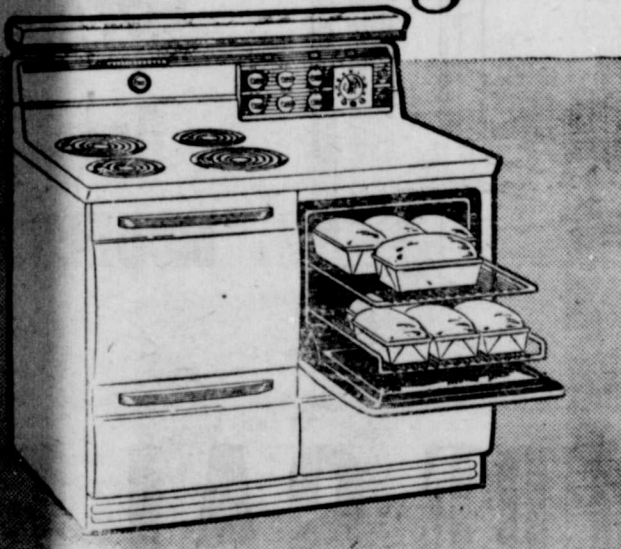

The paddock system of lambing also is receiving favorable attention. Ewes, after they lamb, are transported from the range to the lambing shed by trailer. After a day or two in the shed, a small bunch is made up and turned into a small pasture with a shelter shed. In a day or two, several small bunches are merged and go into a larger pasture. This is repeated until at the end of two weeks or so, the number bands are assembled.

Goldthwaite Has Good Chance Of Securing An Industry

COLLEGE STATION—(Spl)—If your town is in the 1700 to 7500 population bracket or thereabout, chances of securing an industry are good. The 1700-7500 bracket is pointed out as one of the most sought-after by the industry of the United States.

Important industrial location factors will soon be available to the industry. Forms have been prepared and are being sent to the towns by the Management Engineering Department through the Engineering Experiment Station, Texas A. & M. College.

When the forms have been filled in and returned to the Management Engineering Department they will reveal to industry the available locating factors to be found in the towns. This information will be made available to inquiring industries.

The forms have been prepared after an exhaustive study in the requirements of industry in choosing a location for a plant. Factors considered by a manufacturer in search for a suitable location will vary with the different industries.

"However, it has been found that most industries are interested in such factors as nearness to market for the materials and the produce," says R. W. Downward of the Management Engineering Department. "Power cost, availability of labor, labor conditions and rates, climate, transportation facilities, water and sewer facilities, housing facilities, building and warehouse facilities, taxes, banking facilities, social facilities such as churches, schools and places of recreation are other important factors," Downward points out.

"These forms will be of much assistance to cities in evaluating local conditions and determining whether or not they are in a position to attract new industries," Downward says. "This is an opportunity for the cities to make their local advantages known to industry, since many inquiries are being received. The assistance of all chambers of commerce in preparing the forms was sought and given the Man-

agement Engineering Department.

"The past several years have witnessed a gradual realization of the part of communities that movements in industry are not regulated entirely by chance," Downward points out. "Communities have discovered that industry chooses locations according to certain very definite location factors, and that those far-sighted enough to make data on these location factors available to industry have developed industrially more rapidly than the others."

Mrs. Effie Roberts returned home last week from Lamesa, where she spent a week with her mother, Mrs. Eva Henderson, who is quite sick. She is in a hospital at Lubbock.

Mr. and Mrs. P. B. Cox of Sweetwater spent Friday night with Mr. and Mrs. D. V. Westerman. We hope they decide to move back to Mills County.
