Ford Motor Company Sponsoring \$100,000 Car Safety Contest

Talbot Ledbetter, president of the Weatherby Auto Co., Ford dealer at Goldthwaite, has entered his dealership in a \$100,000 car safety contest sponsored by the Ford Division, Ford Motor Company.

Mr. Ledbetter is one of 3,400 Ford dealers throughout the nation who has entered his dealership in the contest during September and October.

Seven hundred prizes totaling \$100,000 will be awarded winners of the safety contest. The prizes are 25 new Fords including five Ford trucks; 25 \$1,000 U. S. Savings Bonds; 100 \$100 Bonds, 200 \$50 Bonds and 350 \$25 Bonds.

The contest has the support of the National Safety Council, the Inter-Industry Highway Safety Committee and other safety organizations.

Ned H. Dearborn, president of the National Safety Council, in a letter to L. D. Crusoe, Vice-President and General Manager of the Ford Division, said: "Certainly every motorist should check and double check the mechanical condition of his car for safety's sake, and you at Ford are making such a check easily available for all drivers throughout the country."

"And I am sure that this free check-up and safety contest, with its attractive prizes, will make Americans more safety conscious—it will save lives."

In order to participate in the contest, Mr. Ledbetter pointed out, motorists must bring their car or truck, of any make, to the dealership for a safety check at absolutely no cost or obligation to the motorist.

Free checks will be made on the brakes, steering, headlights, rear and stop lights, tires, windshield wipers, muffler, glass, horn and rear view mirror.

The Weatherby Auto Co. will place an attractive safe driver reflector insignia on the car or truck inspected and motorist will be given an entry blank to participate in the contest.

The motorist must then complete in no more than 50 additional words the following statement:

"All cars and trucks should be safety-checked periodically. A jury of prominent persons in national safety circles will judge the winners. Only one entry per car or truck may be entered."

Other details of the contest are available at the Weatherby Auto Co.

Floyd Fox of Ft. Worth was here over the week end visiting Mrs. Fox.

STOCK DONATED FOR CHURCH OF BARBECUE NEEDED THE NAZARENE

Mills County stockraisers who have goats or sheep to donate for the Mills County-wide barbecue to be held here on Saturday of next week, Sept. 10, are urged to bring them in to town the first of next week so they can be slaughtered and kept on cold storage for a few days before time to barbecue the meat.

Charles Conrad is chairman of the Barbecue Committee. Also stockmen who will donate livestock for the auction that Saturday afternoon are requested to notify any of the officials of the Mills County Livestock Raisers' Association, which is sponsoring the Livestock Prevue, Auction Sale and County-wide barbecue, which will be held at the Mills County Agricultural Building. All proceeds are to go to pay off the indebtedness on the building. Barbecue plates will be \$1 each.

NOTICE TO BAND MEMBERS

All band members are urged to attend band practice beginning Monday September 5 at the old agriculture building, 9:00 a. m.—Maston Wolfe, Jr., Director.

Mr. and Mrs. Hudson are both former students of the University of Texas. He took his B. A. from there in June of this year. He was an active member of the University Presbyterian Church in Austin.

Mr. and Mrs. Hudson are very anxious to get to know the people of Goldthwaite and will welcome any visitors to their home.

One Hundred More Registered Nurses Needed In Polio Fight

NURSE INDISPENSABLE HERE

New baby is seen by mother, a polio victim. Nurse is from Des Moines, was recruited by American Red Cross which today appealed for at least 100 more nurses to care for polio-stricken. In no other disease is nursing care more important for recovery. Nurses are asked to contact local Red Cross chapters for details about polio service.

Polio victims in 14 midwest states need at least 100 more registered nurses at once, according to an appeal for nurses made this week by Lona L. Trott, director of Nursing Services for the Midwestern Red Cross Area in St. Louis.

"For the past two weeks we have had a backlog of more than 100 emergency requests for nurses," the nursing director said, pointing out that Red Cross recruits the nurses at the request of the National Foundation for Infantile Paralysis which meets treatment costs where family resources are inadequate. The appeals are coming in from 14 states where sick people can be saved many of the dreaded aftermaths of polio if prompt nursing care is available.

Urging retired or married nurses or those whose employers can release them to call hometown Red Cross chapters for enlistment, Miss Trott pointed out that although the organization has obtained 529 polio nurses since July 1, the demand for skilled nursing care is increasing. Demands are particularly heavy from Missouri, Iowa, and Illinois, she said.

"It is not our intention to take nurses away from jobs or homes where they are needed," Miss Trott said. "We want nurses who are not now working at their professions, and those whose employers are willing to release them for two or more months. Married nurses with children can, for example, enlist for general ward duty in hospitals, thus relieving other nurses for polio duty."

Miss Trott pointed out that the Red Cross recruits only registered nurses to give nursing care to polio victims in agreement with the National Foundation for Infantile Paralysis. Both organizations, she added, are determined to furnish only the best possible nursing care to polio patients whose recovery might be impeded by inexperienced handling.

"I appeal to the compassion and responsibility that has always distinguished the professional nurse," she said, "in urging nurses, wherever possible, to ask their local Red Cross chapters how they can help in this crisis."

Mrs. R. Thompson returned Wednesday from a two months visit in Houston, Giddings, and San Antonio.

BOY SCOUT FIELD EXECUTIVE MOVES TO GOLDTHWAITE

Brantly Hudson, Boy Scout Field Executive, formerly of Dallas, recently moved to Goldthwaite. He and his wife are living in an apartment in the home of Mr. and Mrs. Claude Dickerson.

Mr. Hudson will be working with the Boy Scouts in Mills, Lampasas, and San Saba counties; and helping with the work of the Comanche Trail Council office in Brownwood. His main job will be to help organize Troops and Cub Packs and to help provide a better program of activities for the boys of this area. During the summer months he will assist in running Camp Pilly Gibbons at Richland Springs.

Mrs. Hudson is the former Miss Dorothea Bradford of Amarillo, Texas. The couple were married in Amarillo on August 19th, and spent their honeymoon in Albuquerque, New Mexico at an Annual Scout Conference being held there.

Mr. and Mrs. Hudson are both former students of the University of Texas. He took his B. A. from there in June of this year. He was an active member of the University Presbyterian Church in Austin.

Mr. and Mrs. Hudson are very anxious to get to know the people of Goldthwaite and will welcome any visitors to their home.

MEAT CASE EXPLODES IN GROCERY STORE; CAUSES MUCH DAMAGE

Between \$2,000 and \$2,500 damage is estimated by Loy Long, owner of Loy Long's Grocery here, when the front meat display case exploded about eight o'clock Tuesday night.

The case was ruined beyond repair, as were the meat scales. Loss of contents in the box was considerable. No one was in the grocery at the time. Concussion blew out window lights in front and in back of the building. Leaking gas is thought to have caught fire from an arc in the electric motor.

The meat market department is running full blast, serving out of the big walk-in box which was not damaged. Mr. Long has ordered new equipment, which is expected in any day.

Floyd Fox of Ft. Worth was here over the week end visiting Mrs. Fox.

Benjamin Franklin as early as 1755 said...

"They that give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety"

OUT of the fundamental principles set down by the founders of our country has come the miracle of one hundred and fifty million free American people living and working in a land of progress, abundance and opportunity.

Now the time has come to renew our understanding and appreciation of the basic lessons of self-reliance, individual effort and responsibility taught by our forefathers and adopted as the corner stone of the way of life that has made our country great.

Janet Soules Entertains With Slumber Party

Thursday evening, August 25, at 6:30, Mrs. L. H. Soules and daughter, Janet, opened their lovely new home to a group of Janet's friends. A delicious dinner consisting of sandwiches, French fried potatoes, deviled eggs, pickles, olives, tomatoes, lettuce, iced tea, cake and ice cream was served to eleven girls.

After supper, everyone attended the Movies, after which they again returned to the Soules home for more eats and fun together. The remainder of the night was spent doing anything but sleeping. They finally fell asleep as the sun came up. Everyone left after another wonderful meal, thinking Janet and her mother for a lovely time.

Those present were: Jerol and Scottie Vaughan, Mary Katherine Palmer, Greta Barnett, Earlene Nix, Sue Ross, Vera Mae Bell, Elizabeth Stockton, Jean Ann Sanders of Arlington, Yvonne Nix of Waco, and the hostess.

SECRET HEARING IS HERE

Minneapolis—"There are just as many Americans with hearing loss as ever—perhaps 15,000,000—but thanks to the efforts of hearing aid manufacturers, fewer have hearing problems today because it is possible for as many as 90% to be helped by the modern electronic hearing aid," said Mr. Leland A. Watson, President of the Malco Company.

"Miniature vacuum tubes, and specially designed ear molds and earplugs, make possible tiny, powerful, delicately engineered hearing aids, that can hardly be detected."

"Hearing loss," said Mr. Watson further, "is a highly complex medical problem. While a good aid is necessary, training in its use is equally important."

"Progressive hearing aid companies now have experienced technicians on their local staffs to provide this training when needed," he said.

Cancer Regarded As Most Dreaded Disease, Texas Poll Survey Shows

By JOE BELDEN
Director, The Texas Poll
Austin, Aug. 29.—Polio kills relatively few people, but it is labeled in the Texas public mind as the most dreaded disease next to cancer.

A statewide survey by The Texas Poll indicates that 53 per cent fears cancer and 23 per cent fears polio more than any other malady. Only 5 per cent say heart disease, the greatest killer, is the worst affliction a person can have.

Most Texans are aware that heart disease causes more deaths than any other disease. But more dreadful than death to many of them is the paralysis they associate with polio. These findings are based upon interviews with adults in all walks of life in all parts of the state. Each person was asked these questions:

1. "In your opinion, what is the most dreadful disease or sickness a person can have?"

Cancer	53%
Polio	23%
Tuberculosis	14
Heart disease	5
Veneral disease	2
Miscellaneous other	7
No opinion	1
2. "What disease or sickness do you think kills the most people in this country?"

Heart disease	59%
Cancer	22
Tuberculosis	9
Polio	3
Veneral disease	1
Miscellaneous other	4
Don't Know	6

The above tables add to more than 100 per cent because some persons named two diseases.

Answers in the second table indicate that the public is generally well informed as to the main causes of death. The State Health Department reports that both in the county as a whole and in Texas heart disease is the greatest killer, cancer second, apoplexy third, and nephritis (or kidney trouble) fourth.

The widespread fear of polio is way out of proportion to its standing as a killer. Even in bad polio years, like the present, health officials point out that only one in 5,000 Texans is stricken with polio. Doctors say only 5 to 10 per

cent of all those who get polio die because of it. Between 50 and 60 per cent regain their health completely, without being crippled in any way. About 15 per cent are badly crippled. The rest get by with minor physical defects.

Interviewers for The Texas Poll asked each person who said he dreaded polio more than any other disease this question: "Why do you think this disease is so bad?" Two out of every three mentioned paralysis as the main reason for fearing the malady, and the rest were of the opinion that it was difficult if not impossible to cure.

Some health officials have begun to worry that fear and panic over polio may get out of bounds, causing more harm than the disease itself. Their only weapon, they say, is to fight this fear with facts.

V. C. Segelquist of the Payne Gap Conservation Group thinks a lot of Hubam clover. On a 55 acre field he over seeded to Hubam clover last December 23, at the rate of 10 lbs. clover and 200 lbs. of 0-20-0 per acre. This year he received the following yield:

8000 lbs. beef (which he sold at \$18.50 cwt.) \$1490.00
 700 bu. oats (which he sold at support price of .75 per bushel) 525.00
 504 bales of oats and clover hay at \$1.00 per bale 504.00
 3500 lbs. Hubam clover seed at \$15.00 per 100 pounds 525.00
 Plus the soil building value to the land.

TOTAL \$3034.00

This would have been an ordinary crop of clover if Mr. Segelquist had not heard Dr. J. R. Johnston from the Temple Experiment Station talk in Goldthwaite on Temporary Pastures. Dr. Johnston pointed out that Hubam clover and oats made an excellent grazing crop and gave figures to prove it.

Mr. Segelquist used an electric fence to divide the 55 acre field into 17 and 38 acres respectively. The 17 acres of oats and clover were not grazed and it was found that they yielded approximately 41 bushels per acre. On March 5, he bought 50 calves and put on the 38 acre clover field. In two months the oats and clover were getting away from the calves, so Mr. Segelquist divided the 38 acres into 18 and 20 acres. The oats were heading and in a short time he mowed and baled 10 of the 18 acres and found that the yield was 504 bales of high quality hay. The calves had been confined to the 20 acres but the division fence was removed after the hay was baled and the calves grazed the 8 acres of oats and clover that was not baled. The calves were confined to this 38 acres for 120 days and were sold on July 5. They had made a total gain of 8060 lbs. This was a total of 8000 lbs. beef and 504 bales of hay on the 38 acres.

These results would have satisfied most people but with advice and encouragement from Carl Casber of the Soil Conservation Service, Mr. Segelquist waited for a clover seed crop. When conditions were right, he

WILLIS HILL, Goldthwaite.
 No. 523—TEXAS
 Comprising all Farms and Ranches in Brown and Mills Counties—Approximately 1,057,280 Acres.

combined the clover on 35 acres of the same field and got 3500 pounds of clean clover seed.

"Any crop that I can graze, bale into hay, harvest grain and legume seeds and at the same time build up my land, more than suits me!" Mr. Segelquist said. "I am going to plant my entire farm to clover next year."

Mr. Segelquist is a cooperator with the Brown-Mills Soil Conservation District and is carrying out a coordinated Soil Conservation program. He has constructed 13,306 feet of diversion terraces, 2.3 miles of field terraces, constructed and sodded a 1200 foot waterway and is resting 500 acres of pasture this summer.

CARD OF THANKS

We desire to express our heart felt thanks to our many friends and neighbors for the many kind deeds and acts of kindness, through the illness and at time of death of our husband and father. We especially wish to thank those who gave blood for transfusions, and the ones who so willingly offered their blood.

The beautiful floral offering was appreciated so much for through it we know he was loved by many good and kind friends.

May God bless each of you—Mrs. C. O. Stark and children, Mrs. Miria Stark and children, Mrs. Edith McWhorter and children.

Caradan Community Club

On Friday evening, August 26, about six o'clock, the crowd began to gather at Horton's tank for the community picnic.

After visiting awhile the delicious food was spread on the table and every one ate until he could not eat any more. Ice cold punch was also served to make the meal complete. Around sixty-five people enjoyed the delicious food.

When every one had finished eating every body visited awhile and then departed for home looking forward to the community picnic next year. Those who could not come sure did miss a nice time.

The club will meet with Mrs. Juanita Batchelor September 2. Every one come and bring your bimble.

CENTER CITY—

By C. M. HEAD

Remember our singing date at Center City Baptist Church, Sunday evening, Sept. 4th starting promptly at 2:30 o'clock. Every one is invited to come and enjoy the evening with us. We are expecting a great time.

Those who attended the singing at the Nazarene Church at Goldthwaite Sunday from Center City were Joe Deats, C. M. Head, Arnold Head, wife and little John, Aubrey Head and wife, Charles Lee and Prentice, Woodrow Head and wife and three children, from Brownwood, Professor Huggins and wife, and some other visitors from other places.

We had a nice crowd and a fine singing.

Those who visited in the C. M. Head home over the week end were Rev. W. T. Sparkman, wife and Travis, Ray and Mary Gertrude, Rev. Lewis Sparkman and wife, Willie Alma, Alice, C. M. Annie L. Zannak, from Brownwood, Georgia Parks, Patsy, Mary Ann and Lonnie from Richland Springs, Geneva Shaw, two boys from San Saba, Nealy Ham, wife and baby from Dallas, Rev. McEntire and wife from Sterling City.

Rev. McEntire is pastor of the First Baptist Church at Sterling City. His wife will be remembered here as Owen Welch's daughter.

Mr. and Mrs. H. C. Young of Evans spent Monday in the home of her brother, Cicero.

Mr. and Mrs. W. J. Shaw left Wednesday morning for a visit with their sons and families in South Texas.

Mrs. Gussie Strickland left Tuesday morning for her home at Childress after a two-month visit with Mr. and Mrs. John W. Roberts.

Mr. and Mrs. Walker Berry attended the Watson reunion at Coleman last Sunday.

Mr. and Mrs. Donald K. Freeland were guests in the home of Mrs. Freeland's parents, Mr. and Mrs. W. A. Daniel, over the week end. Mr. Freeland recently received his Masters Degree from North Texas State College and is presently employed as Professor of Accounting and Economics in Texas Western College in El Paso, Texas.

Mr. and Mrs. Henry Bowden of Comanche visited the W. E. Rhodes' Friday and Saturday of last week.

Mr. and Mrs. C. A. Womack visited in Baird Sunday.

Mr. and Mrs. C. F. Stubblefield visited in Eastland Sunday.

Mr. and Mrs. Levi Auldridge had as their guests over the week end their friends, Mr. and Mrs. Talley of Hermleigh.

Mr. and Mrs. Cleninger and children of Ballinger spent the week end with her parents, Mr. and Mrs. Luther Rudd and other relatives.

Mrs. Gussie Strickland returned to her home in West Texas after a visit of several days with her sister-in-law, Mrs. John Roberts and Mr. Roberts.

ZONE RALLY

TO BE HELD HERE

There will be an all day zone rally held Monday at the Church of the Nazarene.

There will be representatives from the churches at Brownwood, Coleman, Whan, Ballinger, Brady and Mason.

Rev. J. E. Moore who is conducting a revival in the local church will be the special speaker of the day.

An old fashioned basket dinner and supper will be served on the grounds. Everyone is invited to come and enjoy this good day.

Surprise Shower

Mr. and Mrs. Arnold Scott were surprised Tuesday night at the home of her parents, Mr. and Mrs. J. W. Featherston, when a group of their neighbors and relatives dropped in with gifts for the bride and groom of three weeks. The bride is the former Betty Jean Featherston.

They were truly surprised and grateful for the nice and useful gifts they received.

Mr. and Mrs. Virginia Yarborough of Gilmer came Friday for her son, Michael, who has been with his grandparents, Mr. and Mrs. O. H. Yarborough at Lake Merritt for several weeks. Mrs. Yarborough spent several days with relatives and friends here. She and Michael left Sunday accompanied by Mrs. J. C. Millan who stopped at Waco to visit her son, Gaylord Mullin and family.

Mr. and Mrs. Hollis Ford had as guests Sunday, Mr. and Mrs. W. M. Horsley and son, Verne, of Hico, and Mr. and Mrs. Leonard Kahler and children of Camp Hood.

D. A. V. CHAPTER OR ORGANIZED FOR COUNTY

Charles J. Walker, State Organizer for the Disabled American Veterans says: "We are holding our next meeting of the D.A.V. at the American Legion Hall Thursday, Sept. 8, 1949, at 8 p. m."

The Mills County Chapter has been organized for all Disabled veterans. Many of our veterans missed the first meeting, but we will hold the Charter over until Sept. 8, 1949, giving all veterans an opportunity to become Charter Members.

A temporary Commander and Adjutant have been elected. On September 8, 1949, officers will be elected and installed.

All disabled veterans are requested to be on hand for this meeting at American Legion Hall.

For information in the meantime, contact ALBERT JOHNSON, Comm., Box 35, Goldthwaite; VERNON J. MEYER, Adj., Rt. 1—Box 61, Mullin, Texas; CHARLIE A. SEIDER, Priddy, Texas.

Comrades, I thank you for your splendid cooperation. I can't thank this good newspaper enough for the fine write-ups they gave us.

Your Comrade,
CHARLES J. WALKER,

GET SS BLANKS AT POST OFFICES

"Many persons needlessly write letters to our office for application for social security cards," stated James B. Marley, Manager of the Austin Social Security field office.

"These persons are evidently unaware that an application blank can be obtained direct from their home town post office. The post office, as a service to the people, carry these blanks and are ready and willing to hand them out to all who ask for them. By obtaining this application at the post office, an individual can save himself

wasted effort and loss of time, since there is no need to write a letter asking for one. As soon as the completed application is received by us, we will issue a social security card.

"Obtaining an application form from the local post office will save a person 2 or 3 days in getting his card, and on with most employers insisting on the worker showing his social security card before being employed, it may also save time in getting started on a new job. All completed blanks should be mailed to the Social Security Administration, Austin, Texas."

CIVIL SERVICE JOBS

The Civil Service Commission has announced examina-

tions for filling vacancies in the position of Librarian at the estimated salary of \$2974.8) per annum. Employment will be with various Federal Agencies in the State of Texas. Application forms and additional information may be obtained from the post office or from the Regional Director, Fourteenth U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas.

Relis Earl Worley visited with his friend in Waco last week.

In the home of Mrs. M. E. Steele last week were old time friends of Mobile, but now of Odessa and McCamey, Mr. and Mrs. Luther Arnold and their son, Leroy.

GOLDTHWAITE, TEXAS

While the Senate is still struggling with a log-jam of legislation already acted upon by the House, the latter declared an informal recess last week to last until September 21st. It is a move to let the Senators catch up on pending bills. The jam in the Senate began early in the year when a whole month was consumed in the abortive attempt that was made to change the Senate rules so the civil rights bill could be passed without a filibuster blocking them. The result was a filibuster against the effort to outlaw the filibuster. And that alone killed a month.

Before recessing last week the House passed another Housing bill, only a far different one from the federalized housing measure previously passed in the session by both the House and Senate to which I was opposed. The new measure extends the federal mortgage guarantee program by which individuals may obtain loans with a guarantee by the Government that the loan will be paid. Actually this program pays its own way through the fees collected from borrowers which build up a fund from which losses are paid. This arrangement has been in effect several years and has worked very well, and at practically no cost to Uncle Sam. It encourages home ownership.

Of interest to our mohair producers is the present contract between the Texas Sheep & Goat Raisers' Association, the Department of Agriculture and Ralph E. Burgess Services, Inc., of New York, whereby a very comprehensive research is being made of present and potential uses of mohair. The Government put up \$20,000 and the growers added \$10,000 to pay for the project. The work is now progressing.

There are four general phases of the undertaking, as follows: 1. A survey of present fiber products related to mohair. 2. Design, development and production of experimental quantities of new yarns, fabrics and products made from mohair. 3. Obtaining trade and consumer reaction to experimental products, yarns and fabrics. 4. An economic analysis of market potentialities for mohair.

Last week the Advisory Committee of seven met with Mr. Burgess in Washington and received a progress report on what has been accomplished thus far. I attended the meeting and represented the growers. It was revealed that the first phase of the project is about 70% complete. Of the 100 firms that have been selected for the survey analysis, personal interviews have been conducted by staff members of 70 of them, with elaborate reports on each, together with samples and the possibility of new uses of mohair to meet new demands for desired fabrics.

By and large, the Committee was well pleased with the progress that is being made thus far. As the undertaking continues, we feel confident that much good can be accomplished in the way of finding out exactly what uses are now being made and what new uses may be feasible in the future. The agreement includes laboratory tests for strength, durability, etc., the appraisal of appearance and other characteristics of the experimental yarn and fabrics that will be included. Then there will be an evaluation of special problems likely to be encountered in the actual processing under commercial conditions of these yarns and fabrics. The good to be accomplished remains to be seen, but in any event, we are confident the subject will be thoroughly explored and the future outlook clarified. Additional progress reports will be made from time to time. The plan is to complete the project about a year from now.

During the brief recess I plan to return to the district where I will remain for two or three weeks. The limited time will not permit me to visit over the district. This I hope to do after the session adjourns following the recess. I plan to spend most of the time during the recess in Kimble County, during which time there will be a few goats shorn and a few other things done on the place I have near Junction. And it's a good place for a little rest. During this time, however, my office in

Washington will remain open and prompt attention will be given to all mail that comes to me during my absence.

Those stilbesterol pellets that Ben Athanasoff and Hank Demke and some other poultrymen are giving their tom turkeys to make them concentrate on nothing but gaining weight, seem to be paying off at the market.

Ben has topped the market lately with 500 birds, and they put on an extra ten pounds during their feeding time. He

has 3500 turkeys between Fort Worth and Dallas. Mr. Demke is at Stephenville.

These particular pellets are actually female hormone preparations which are injected into tissues of the skin in the toms' necks. It won't have the desired effect, of course, on hens. Cost is around ten cents per bird.

From a small group of men who met under an oak tree in Graham on February 15, 1877, the Texas and Southwestern Cattle Raisers Association has grown to a membership of over eight thousand mostly in Texas and Oklahoma, but also in other states. It has brand inspectors now at all the major markets of the southwest.

If Indians were still running around over the countryside we'd be trying to read some of the smoke signals we see on the horizons now. As it is, one look tells us it's somebody's meadow or pasture burning up like so many dollar bills.

Plant about a fourth more seed for fall gardens than you did last spring. Also plow only four or five inches deep and water quite a bit. Seed germination and growth is a trifle harder now than it was then. Don't turn under old plants, grass and weeds—clear them away. Turned under, they help dry out the soil at this season.

Another cow got into a silo last week. This one was in Wisconsin, and fell 12 feet below the barn floor level because the silo was nearly empty.

With cattlemen testifying at fram price support legislation hearings that they don't want a floor under beef, they'd better start putting bars over the silo doors. A cow jumped into an upright silo in Oklahoma not long back and had the whole country making suggestions before they greased her and punched her out.

Which reminds us of pitchforks, which have some good points, but are about the most dangerous tools around the farm. Never throw one—even at a rattlesnake. It might hit

someone—maybe yourself.

Half a million more memberships in farmer cooperatives were added last year. The total now is 5,900,000, representing some duplication, of course. Minnesota, Illinois and Wisconsin lead in number of farmers belonging to purchasing and marketing co-ops.

**U. OF TEXAS AGENT
DIES IN PECOS**

News dispatches from Pecos on August 27 stated that W. R. Marrs, 62, field representative of the University of Texas Extension Service, died there shortly before noon Saturday. He suffered a heart attack in his hotel room Friday night. Mr. Marrs had been in Pecos five days conducting classes in

salesmanship and store training in local stores. He had finished his evening classes, attended a Shine Lodge meeting, and returned to his hotel room. He has been a member of the University of Texas faculty for the past 14 years, and made his home in Austin. Mr. Marrs was well known in Goldthwaite, having helped in organizing the Mills County Veterans Vocational School here, the first in the nation,
