The annual Hallowe'en Carnival, sponsored by the local Parent-Teachers Association, will be held on the Courthouse lawn in Goldthwaite on Saturday, October 29, beginning at 10:00 o'clock A. M. Plans have been laid for a fun filled, eventful day. Parents, teachers and Goldthwaite school children will have charge of the Carnival. The children will march in the parade, starting at 1:30 o'clock, attired in Hallowe'en costumes or what have you.

The Carnival will be climaxed by the crowning of the Queen of Hallowe'en who will be determined by the number of votes each candidate receives. There will be one candidate from grammar school and four from high school.

Mills County 4-H Clubbers Win High Honors At Dallas Fair Stock Show

Allen also won in the contest first place in Showmanship and received the John Henry Deene award, \$100 cash, and a rosetta.

Floy Woodard, also of Star, placed tenth in the heavy-weight Hereford class with her steer, "Sport." Merion Reynold's Goldthwaite King" placed 16th in this class.

DUBLIN LIONS TO PLAY EAGLES AT EAGLE FIELD HERE TONIGHT

Coaches D. H. Adair and Bill Smith bring their Dublin Lions to Eagle Field here tonight in an effort to even their score in season play by beating the Goldthwaite Eagles, pepped up some over their win, 21 to 18 over Marble Falls Mustangs here last Friday night. Game time is eight o'clock tonight.

Dublin Lions are defending champions of District 8-A, but injuries to key players have kept their score down this fall to three won and four lost. Lions stand in their district, two lost and one won, while Coach Wilson Lucas' Goldthwaite Eagles have won two and lost two in District 22-A play.

JUNIOR EAGLES PLAYED RICHLAND SPRINGS LAST NIGHT

Goldthwaite Junior Eagles were scheduled to take on the Richland Springs football team at Eagle Field here last (Thursday) night. Starting time was scheduled at 7:30.

THE SIDELINES ARE FOR COACHES AND PLAYERS

Do you want to cause your team a 15-yard penalty or possibly cause them to lose the game in the last few minutes of play—or be put out of the district? Then remember that your place is in the stands with the other spectators and that you are helping your team.

Any official reserves the right to penalize those who conspicuously travel up and down the field regardless of the team they may be supporting.

You not only help your team but you are protecting yourself—because often spectators subject themselves to injury from players. Why not play safe and be fair to your team as well as to yourself and remain in the stands?

SEGILQUIST TEST AT TOP OF ELLENBURGER

Driller O. D. Proffitt on the Segilquist oil test ten miles southeast of Goldthwaite, reported Wednesday that the drill went out of the hard black lime Tuesday night at 2,450 feet into the Barnett shale.

Drilling is continuing, and the Ellenburger lime is expected to be hit at any time. Plans are to drill 250 feet into the Ellenburger.

Mrs. Will Chunn of Austin was here to visit her brothers and sister-in-law, M. H. Fletcher, W. T. Keese and Mrs. John Keese.

Goldthwaite Eagles stand 50-50 in their District as 22-A play: Won two and lost two: Burnet 25, Eagles 0; Eagles 35, Mason 0; Lampasas 33, Eagles 0; and Marble Falls 18, Eagles 21.

The game with the Dublin Lions tonight will not count in conference play. Dublin Lions will start with 11 men who average 150 pounds. Eagles average 155 pounds per man. Running stars of the Lions are Elton Ables at quarterback and Dan Gilbreath, half, both around 145 pounds. Outstanding in the Lions line are Thiebaud, Mote, Graves and Randolph.

Dublin Lions have won victories over Hico 12-0, Masonic Home 20-13 in non-conference games, and over De Leon 39-20 in conference play. They have lost to: Ballinger 23-13 and Decatur 17-7 in non-conference, and Eastland 19-14 in district play. Their loss to Eastland last week-end came on the last play of the game.

Two To Five-Inch General Rains In All Sections Of Mills County

Rainfall, coming just at the right time to insure bringing up fall grain and putting pastures in fine condition for the winter, varied from two to five inches and was general all over Mills County and this section during the past week-end.

Although only about two inches was recorded here in town, Star and Priddy both reported from four to five inches, with extra heavy fall coming around Payne Gap, across the Bayou to the west, Hern Harris, Luther Jernigan and Delton Barnett all reported around two and a half inches on their ranches.

John L. Leonard, five miles east of Goldthwaite, recorded two and a half inches, while the Cary Owens Big Foot Ranch reported three. Dr. T. C. Graves ranch at Mt. Olive received two and a half, while the A. P. Lee Store at Moline reported 2.05. Wilson Bros. Garage at Mullin measured 3.57 inches, and the Wilkey Shady Oak Ranch, seven miles southwest of Goldthwaite, recorded 2.55 inches.

This was the best general rain that has fallen in Mills County in several years. Reports from different sections indicate the rain varied. Paul Limmer of Priddy, in town Monday noon, estimated the fall there at around four inches over the week-end, with misty rain still falling Monday. Payne Gap reported over three inches.

Oct. 30-Nov. 5 Is FHA Week; Official Memo. By Gov. Allan Shivers

Austin, Texas, Nov. 27, 1949—GREETINGS:

The Future Homemakers of America is the national organization of pupils studying homemaking in junior and senior high schools. Working toward better home and family living, the membership shares in solving the problems important to home life.

The Texas Association, constituting the youth of this State and affiliated with the national organization, provides opportunities for developing leadership and intelligent participation in our democratic society. Through its program of work, these youths are learning to live better today in order that their lives and those of their families may be better tomorrow.

Having as one of their main purposes the promotion of international good will, the Future Homemakers of America have sponsored such activities as the adoption of home economic classes in foreign countries, developing a broader understanding and better relationship by an exchange of letters and gifts.

These members, through their organization, have resolved together with youth of all freedom-loving nations to celebrate the World Christmas Festival by sending gifts and friendship packages throughout the year to needy children in other countries.

THEREFORE, I, as Governor of Texas, do hereby designate the week of October 30-November 5 as

FUTURE HOMEMAKERS OF AMERICA WEEK

NATIONAL KID'S DAY

Upward of 1,000,000 underprivileged children will benefit from programs initiating on National Kids' Day, Saturday, Nov. 19 in hundreds of communities throughout the United States and Canada. O. E. Peterson, executive secretary of Kiwanis International, estimated on the basis of reports received at the general office here.

Kiwanis International, with its 3,000 local Kiwanis Clubs and the National Kids' Day Foundation, Inc., are sponsoring the observance which will be devoted to the problems of underprivileged boys and girls and to attract public attention to youth accomplishments. Hundreds of Kiwanis clubs already have completed plans for their local programs, according to reports arriving at the general office.

An outstanding feature of National Kids' Day, explained Peterson, is the fact that programs to aid the underprivileged are being developed on a local basis. Money raised to provide educational, medical and recreational facilities for the less fortunate youth will be spent in the local communities.

"The problem of underprivileged children," commented Peterson, "is a local one and must be solved on a community basis. Problems of both the underprivileged and juvenile delinquency are tied together and in meeting the former we can reduce the dangers of the latter. Through National Kids' Day, Kiwanis hopes to rally all of the forces concerned with youth in the various communities. It is gratifying to read of the enthusiasm with which Kiwanis clubs everywhere are launching their local programs.

"The local programs are non-commercial, and the day will not be observed as a gift-giving occasion. If we can provide aid and inspire hope in the future for the less fortunate, National Kids' Day will have accomplished its purpose."

Poor condition of cars was reported as a contributing factor in 13 per cent of all fatal traffic accidents in 1948. Worn out brakes, inadequate lights and threadbare tires made up more than half of all reported unsafe conditions.

IT'S A BIG WORLD

Learning about their own community is a big adventure for Brownie Scouts, who make friends all around town as they carry on their investigations.

They couldn't go to the State Fair, but the children at the Texas Scottish Rite Hospital for Crippled Children in Dallas were treated to one of the fair's attractions by the Joe Chitwood show, featuring clowns and auto daredevil stunts. Funnymen Happy and Slappy Roberts are displaying the stunt antics of their dogs for the children, while their partner, Whitey Harris, in policeman's garb, cracks a joke for the kids.

Choose The Best!

Lesson for October 30, 1949

IT HURT Isaiah's patriotism, and his religion too, to see how fast his country was going down hill. Most of the troubles Isaiah saw are with us today. Wealthy women spending more and more on themselves; leaders who are irresponsible, self-seeking and incompetent; poverty unprevented and uncared-for; drunkenness high and low. Isaiah, and other prophets as well, saw in the sin and drunkenness of the times the sign and symbol of national decay. To the careless, the selfish and the wild, to those who were "leaders" but were leading in the wrong direction, Isaiah kept saying, in many different ways, "Choose the best!"

Dr. Foreman

The Prophets' Successors

THERE WAS A TIME when the church put most of her preaching emphasis on individual religion: Get right with God! was the cry. The church of today has not by any means given up her emphasis on personal religion, but we are learning from the prophets what social righteousness means. The church in our time is the logical and actual successor to the prophet's work.

The church is doing more than ever to awaken the conscience of society, in fact the church itself has a duty to be the conscience of society. One of the problems about which our nation needs to be waked up is one that Isaiah and Jeremiah faced, only we have it in a more desperate form.

We call it alcoholism; they called it by an uglier, more suitable word: drunkenness. Even in those days drinking was a problem; it cut down the national health, wealth and wisdom. Nowadays it is worse because of two factors. One is the higher percentage of alcohol in beverages such as whiskey, unknown in those days. The other factor is advertising.

Where Drunkards Start

AGAINST ALL THIS the church must keep saying and persuading people, Choose the Best! But it does comparatively little good to say this to the confirmed alcoholic. It makes more sense to say it to young people. For the sad feature of alcoholism is that it begins in the high schools.

The Yale School of Alcohol Studies has collected evidence indicating that two-thirds of all alcoholics begin drinking habits in the early high school years.

A recent Gallup poll shows the greatest percentage of drinkers to be in the age group 21 to 29. Today, it is estimated, there are four million alcohol addicts or excessive drinkers who are in more or less constant trouble with their families and employers.

Drunkenness costs industry in America no less than one billion dollars a year, and has a lot to do with the break-up of homes and with crime generally.

Allied Youth

SOMETHING is being done to stop this, which you should know about. There is a movement known as Allied Youth, a national educational organization working in high schools all over the country. Its work is positive, not negative. It is not trying to pass laws or to bring back prohibition. What it does try to do—and it is succeeding remarkably well in many places—is to give young people a way of life that will enable them to meet social pressure for drinking without loss of "face." Every Allied Youth post in a school has three aims: 1. To meet the social and recreational needs of young people.

Every New Year's Eve, for instance, when millions of Americans are getting sickly drunk, more than 6,000 young people gather in Detroit for the biggest dry party in America, sponsored by Allied Youth.

2. To establish within the school a fellowship of young people who do not think it is necessary to drink to be smart. Such a group can change the attitude of an entire school.

3. To build a solid foundation of education for total abstinence. Essentially, Allied Youth is saying to young people everywhere, "Choose the Best!"

Spend your money while you're living;

Do not hoard it to be proud; You can never take it with you. There's no pocket in a shroud. Gold can take you on no farther

Than the graveyard where you lie; The you're rich while you are living

You're a pauper when you die. Use it, then, some lives to brighten, As thru life they wearily plod; Place your bank account in

heaven, And grow richer toward your God.

Use it wisely, use it freely; Do not hoard it to be proud; You can never take it with you. There's no pocket in a shroud. —Selected

The new film tells the story of a radio talent huckster, played by Carson, who introduces a sparkling new songbird, Doris Day, on the airwaves. With this situation and this cast, which includes also Adolphe Menjou, Eve Arden and S. Z. "Cuddles" Sakall, Melba patrons are in for some fast comedy and lively music.

Production values are high, what with the eminent director Michael Curtiz at the controls and the Warner studio going all out to give the Technicolor film the same high type entertainment elements as some of the other big musical films which came out of the Burbank, Cal., lot in the last few years. "THE SUN COMES UP"

"The Sun Comes Up," a poignant and moving drama based on a novel by Marjorie Kinnan Rawlings whose "The Yearling" provided the screen with one of its finest films.

In the new story, beautifully photographed in Technicolor in the Santa Cruz mountains of California, Miss MacDonald is seen as Helen Winter, embittered by a double tragedy. She has lost her husband in the war and now she loses her young son when he is killed in an automobile accident. Renouncing her singing career, Helen seeks solitude in a mountain retreat, reluctantly taking with her the collie dog (Lassie) who had innocently been the cause of her son's death. all children, Helen rebuffs the friendly overtures of young Jerry (Claude Jarman, Jr.), a boy from a nearby orphanage who reports daily to do her chores. It is only after Jerry is narrowly saved from death by the courageous collie when the orphanage is set on fire (a spectacularly realistic sequence) that Helen realizes what the boy means to her. Moreland Reunion

The children and grandchildren of the late Mr. and Mrs. I. T. Moreland met at Lake Merritt for a reunion and picnic on Saturday, October 15th. The occasion for a family get-together was the visit of cousins of the Moreland family from their native state of Virginia.

Art And Civic Club

Thursday afternoon, October 20, 1949 the Art and Civic Club met in the H. E. Patton home with Mrs. Patton and Mrs. J. J. Saegert, hostesses. A program on International Relations led by Mrs. Ben R. Day who said in part: In the beginning God created the world and all that dwell therein including man. Man in his wanderings about the face of the earth in search of food, clothing and shelter changed in color and appearance to suit his environment. Basically people are people the world over. They have the same needs and hopes. Recognizing this human factor we feel that better understanding of the environment, the needs and hopes of people will do much to promote World Understanding.

Mrs. Day introduced Mrs. Jesse Moreland who told of U N E S C O and its relationship to children. Mrs. Moreland presented six children dressed in costumes to represent six countries. Each holding a letter of the unesco, and each child telling what it stood for. The children represented the following: Carol Ann Hartin, Hawaii, Jan Moreland, Turkey, Betsy Glass, Ireland, Edward Day, Mexico, Janell Jernigan, Russia and Sara Jane Cockrum, France.

Miss Elna Fouse gave an outline of The World Friendship among Children, and told of how the F.H.A. club sent out the many packages they have sent, and the cards and letters sent. She displayed some of the Christmas cards sent to these girls from other countries, all hand made. On these they told how very much they appreciated hearing from America. "True Friendship knows no national boundaries and recognizes no racial barriers".

Mrs. J. H. Saylor told of the many things we could do to promote peace, that World Peace is a job for each individual and "That wars will cease to the extent that men come to recognize the Government of God and the Universal Brotherhood of man."

The president, Mrs. Oran W. Carothers announced that Miss Evelyn Oppenheimer of Dallas, would review Hound Dog Man November 5th. Mrs. Patton and Mrs. Saegert served a salad course to the club members and following guests: Mrs. George Hartin, Mrs. T. M. Glass, Mrs. Millard Cockrum, Mrs. Hamilton and Mrs. Chas. Ford of Uvalde.

REV. CLOUD EXPRESSES THANKS

Brownwood, Texas
October 17, 1949.

Scallorn Baptist Church
Dear Church Family:

We are sorry that we have been delayed in sending our note of thanks and appreciations to you for the nice Barbecue Supper given in our honor and for all of the lovely and useful gifts you gave to us, to you Brother Terbillville for the nice refreshments you served, and to each one who made it possible for us to have such a lovely time the last week-end we were with you. But from the depth of our heart we say, at this late hour, Thank You.

We feel that we could travel around the globe and we could not find a more cooperative church with their Pastor. We could not find a more peaceable community, we could not be better entertained, loved and welcomed in homes than we have had the privilege to witness in your community. We know that you love us, you proved it, and we are so happy that you let us love you.

We want you to know that we appreciate your prayers in our behalf and certainly we feel that if we ever amount to any thing in the Lord's work for the upbuilding of his Kingdom, God and the Scallorn Church will surely deserve the credit. We shall never forget you and we covet your prayers as we take up our work in a new place in which we feel that we shall be happy. There is such a challenge at Novice, and much work that can be, and should be done.

We feel that God has a worker in his vineyard that can honor and glorify his name by coming your way, and our prayer is that he will hasten the day for him to be with you. We know you will stand by him as you have stood by us. We know you are going to see his needs and do all you can to help to supply them, then surely he shall do all within his power to accomplish the work for which he was sent there to do.

Now as we have realized many times that these words are so very true let's don't forget to keep in mind every day that

The first grade got their books a few days ago. They really enjoyed reading about Dick, Jane and baby and their clever pets. Spot and Puff, and their nice toy, Tim. They think it is fun to read flash cards and flash sentences, too.

They are learning to count. They like to count such things as blocks, spoons and beads, then see if they can write the numbers correctly.

The picture man came Friday and made all of their pictures for the school annual.

The second grade have been busy trying to relearn the words and numbers that they have forgotten since last year.

They got their language workbooks Monday. They are studying capital letters now. They learned to begin their sentences with capital letters last year. Now they are learning that there are many other uses for the capital letters too.

They elected candidates for king and queen of the elementary grades. They elected Charlene Williamson as their queen and Woody Head as their king.

Then Charlene and Woody chose Betty Jo Sheldon to be the lady-in-waiting and Sammy Joe Carter as her escort.

They also had their pictures made for the annuals.

The third and fourth grade is sorry to report that La Dell Decker has been absent for a few days.

Merlene Head was elected as our candidate for "Hallowe'en Queen." Gilbert Casbeer will be her king—Patsy Boykin her lady-in-waiting with Doyce Newton as her escort. They were lucky enough to have their candidate crowned queen last year, and are hoping and working for the queen of Elementary school again.

The fifth and sixth grades selected their candidates for the Hallowe'en king and queen. Leoma Mae Carter and Charles Lee Head were selected. Their attendants are Gladys Rudolph and Joe Bill Welch.

The seventh and eighth grades have chosen Merlene Woodard as candidate for queen. Her lady-in-waiting is Wandale Head. Their escorts are Jerald Lyn Carroll and W. Lee Watson.

They all made fair grades on their six week's test.

The freshman class met in the study hall October 14, 1949. Their class president, Bill Beard, was presiding. They elected Ethylene McCasland as their candidate for Hallowe'en queen. She chose Bill Beard as her escort. The lady-in-waiting has not been chosen as yet. We will back our queen with all our might!

We have completed our first six week's test and most of us passed.

The sophomore class, had a class meeting October 14, 1949. They elected Melba Miller as their candidate for Hallowe'en Queen. She has chosen Davis Owens as her escort and Mary Lou Whitehead as lady-in-waiting. Mary Lou chose Charles Miles as her escort. We are hoping to make a success with our queen.

The Juniors ordered their rings last week. They think that their's are the prettiest ones they have ever seen.

They nominated their candidate for Hallowe'en queen. She is Janetha Welch. Every one vote for her!!! Her escort is Neal Haley and her lady-in-waiting is Freda Soules. Freda chose James as her escort. They are all looking forward to the coronation and they do hope Janetha is queen!

They have had their six week's test and most of us passed but some weren't that fortunate.

RECEIVES MEDAL FOR BERLIN AIRLIFT DEED

First Lieutenant Robert S. Gerald from 7th of December, 1948 to 9th of March, 1949 as a pilot of transport-type aircraft, successfully completed one hundred missions from bases in Western Germany to Berlin in connection with the Airlift "Operations Vittles." Confronted with a difficult schedule, flying a narrow corridor, maintaining precise timing, often under adverse weather conditions, this officer's efforts resulted in the delivery of many hundreds of tons of food and supplies to the people of Berlin. His determination and skill in the performance of duty reflect the highest credit upon him and the United States Air Force.

W. STUART SYMINGTON, Secretary of the Air Force.

Lt. Gerald is a former Goldthwaite boy—son of ex-County Judge and Mrs. R. S. Gerald now of Houston. He is stationed in Biggs Field, El Paso, Texas. His wife is the former Laura Helen Saylor.

Big Valley H. D. Club

On the afternoon of Oct. 20, six members of the Big Valley Club, met with Mrs. E. D. Roberson. Miss Hintz was present and had charge of the program.

She explained the different ways and uses of using pinking shears, and how to make a placket. The club enjoyed having Mrs. Patty Cockrell, who has not been privileged to attend much the past year, in attendance at this meeting. We hope she will be able to meet with us more often in the future.

There was no place set for the next meeting place, but will try to notify each member as to the place before the next scheduled meeting on November 3.

After enjoying a social hour and refreshments, we were adjourned until our next meeting.

H. D. Club

The Goldthwaite Club met with Mrs. S. D. Robertson at Rock Springs Tuesday with thirteen present and one visitor, Mrs. Joe Davis.

We had our business session, then Miss Hintz taught us how to fix seams and plackets which was interesting as our style show will be the ninth of December. The dresses are to be made out of cotton material.

Our next meeting will be with Mrs. Rex Collier. She is a new member. This will be a member meeting which will be candy making but we decided to make our candy at home as it would take up lots of time at the meeting. There is to be a short program also.

We missed you who couldn't be with us. We want any one who cares to join our club. I know those who belong to the club who don't have any way to go just can't be with us every time for it is too far to walk. Let's try to all be present at Mrs. Collier's next time. She lives here in town. —Reporter.

NOTICE TO VETERANS FOR PURCHASE OF LAND

Bascom Giles has announced that he is receiving thousands of inquiries about the purchase of land. He states that the first bond for the purchase of land will be offered for sale October 26, and there would be no money available until about the last of November.

Further Mr. Giles says that the State will not consider buying land that has more than 1/2 the mineral rights reserved, and that a 6 months priority would be given to land that had all the mineral rights or not more than 1/16 reservations made before June 6, 1949.

Land owners and buyers are assured that as soon as the money is available the applications will be processed and handled as soon as possible.

Senator Dorsey Hardeman Discusses Constitutional Amendments

TO THE CITIZENS OF THE 25TH SENATORIAL DISTRICT:

For the second time within 12 months we are to vote upon a number of proposals to amend the State Constitution. This, in itself, is very significant.

Time and space forbid anything like a full discussion of all the amendments proposed. One, however, seems to transcend the others in its far-reaching effects. It relates to the annual session-salary amendment.

The Legislatures of 43 states meet biennially, while only 5 meet annually.

The wisdom of biennial sessions is demonstrated by the experience of the vast majority of our sister states and should command respect.

The principal argument advanced for the adoption of the proposal is that it is very difficult to foresee the financial needs of the State for two-year periods, and secondly, that annual salaries for the members of the Legislature will attract better qualified material.

As to the first, it has been the observation and experience of the writer that the difficulty encountered lies not in the inability to anticipate the State's legitimate financial needs for two years at a time, but rather, in the undisputed fact that some departments of the State have freely indulged in the unjustified practice of spending the appropriations made thereto without regard to allocating it over the fiscal year.

Especially is this true of "lump - sum" appropriations. This statement is amply supported by numerous requests for "emergency appropriations" to complete the fiscal year in which the Legislature convenes.

The Legislature has always been generous in its appropriations and must, necessarily, rely on the integrity of the officials and employees of the State to present the honest needs thereof.

The practice of some depart-

ments to "pad" their requests for appropriations has fostered dishonesty and extravagance in government and is reprehensible.

Each department should present its actual needs in collaboration with other departments and then abide by the appropriation made and live within it.

Lump - sum appropriations should be carefully budgeted and then strictly adhered to.

Without elaboration, the following are some of the reasons which might be suggested in opposition to the proposal for annual sessions of the Legislature and annual salaries for its members:

(a) It would mean a "little Congress" in Texas.

(b) It would disturb the business economy of the State because of potential increases in the rates and articles or objects of taxation, and in appropriation.

(c) It would impair the efficiency of State Departments and employees while in session.

(d) It would mean a direct increase in contingent expenses of the Legislature, resulting from increased salaries for the members hundreds of clerks, stenographers, pages porters, Printing the journals, bills, etc., typewriters, members' secretaries and official personnel, stamps, telephone, telegraph, stationery and unlimited supplies.

(e) It will eventually mean a large office building and equipment adequate to house 181 members and their staffs at a cost of several millions of dollars with recurring expenses in its operation and maintenance.

(f) It would probably mean the construction of an apartment hotel building with garage and parking facilities for members' use at the cost of several million dollars.

has not been rendered on an altogether commercial basis.

The overwhelming majority of those serving during such time have severed faithfully and honestly with the public good as their sole motive.

On an annual salary basis there would be little or no incentive for the Legislature to complete its work and adjourn (save, perhaps, in election years) and it could mean the ultimate enactment of all the bills introduced as pressure groups would have a field day. Only about 1/3 of the number of bills and resolutions currently introduced are finally passed. This, apparently, is because the Legislature finally wears itself out and adjourns.

There is nothing in the law now to prevent it from remaining in session for two years, but the present pay of the members exercises a rather wholesome influence on bringing about adjournment.

Another thing the annual session-salary situation might encourage is the "practice of influence" by those who do not have private business which would require the members of the Legislature to remain in their respective districts following adjournment.

The writer voted for an amendment to HJR 5 designed to prohibit a member of the Legislature from practicing before various state boards and departments if an annual salary is paid. This amendment was defeated.

The law is entirely adequate for the convening of the Legislature in extraordinary session in the event the Governor decides that conditions warrant such. (Const. Art. 4, Sec. 8). Numerous special sessions of the Legislature have been called in the past.

Also interim committees of qualified personnel can, under existing law, be and are created to work on special problems and projects and present their recommendations to the biennial session or to an extraordinary session if the Governor considers the matter of suffi-

cient importance to convene the Legislature.

Thought might be well given to the idea that has been advanced by various ones to the effect that the membership of the Legislature should be reduced, the age and qualifications of the members be raised and a salary paid that would attract personnel of the highest type and qualifications and who would be prohibited from engaging in any other pursuit or business or professional endeavors.

These matters are submitted for your consideration. Additional and better reasons might be found, but to me these are

sufficient to justify my opinion to the adoption of proposal.

Respectfully submitted,
 DORSEY B. HARDEMAN

SOLON H. (TEX) MORRIS LOSES FINE RACING DOG

Sam Morris has received word that his son, Solon H. (Tex) Morris, recently had the bad luck of losing one of his fine racing Greyhound dogs, "Comanche Boy," which ran into the starting box and broke its neck in a race at Colorado Springs, Colo.

Another dog, mate to the one killed, named "Nyoka" won top money for Tex at the race meet. He has been breeding and racing fine Greyhounds for over 20 years.

Tex is now in Bisquane, Florida, getting ready for the opening races there on November 14. His brother, Norman Morris of Albany, Texas, will take him 12 young dogs which he raised for the Bisquane meet.

CARL TILLMAN TAKEN BY DEATH

Carl Tolson Tillman, an employee of the Missouri-Pacific Railroad Company in Brownsville, Texas, passed away last Friday, October 21st at 10:00 o'clock, after an illness of several weeks.

He was born December 25, 1902 in Mullin, and was the son of the late Frank M. Tillman and Mrs. Attie Tillman. He grew to manhood there and finished at the Mullin schools. He was converted and joined the Baptist Church at the age of 12. His father preceded him in death on May 4, 1932. On June 25, 1927 he was married to Miss Ada Belle Hayes, who died in 1933. To this union was born one son, Joe Lynn Tillman. On October 24, 1941 he was married to Miss Alma Neill of Mullin.

Carl was of a happy disposition and had many friends. He possessed a sense of humor that endeared him to his family and friends.

Although he had been away for a number of years, he counted Mullin as his home and each year spent his vacation there with his mother and friends. He became a telegraph operator at an early age and was serving in that capacity with the Missouri Pacific Railroad Company in Brownsville, at the time he became ill. He leaves many friends in that place, also.

Funeral services were conducted at the Mullin Baptist Church last Sunday, with Rev. Joseph Emery, pastor of the Goldthwaite Baptist Church in charge of the services; Mrs. W. S. Kemp conducted the music. Pall bearers were Earl Fisher, Johnny Holland, Dorman Westerman, Grady Hancock, Otto Singleton and Glynn Sanders. Interment was in the Mullin Cemetery with Wilkins-Fairman funeral home, Goldthwaite, in charge of arrangements.

FIRST GOLDTHWAITE TRADES DAY - 1909

(Taken From The Eagle File of June 26, 1909.)

FIRST TRADES DAY - A Grand Success and Everyone Well Pleased.

A FINE LIST OF PRIZES - An Immense Crowd in Attendance and a Fine Exhibit of Livestock and Farm Products.

Goldthwaite's first Trades Day was a great success and every body was apparently pleased with the outcome.

At an early hour on Monday morning the people commenced to arrive and by the time the parade started the town was thronged with people. It is confidently believed that there were more people here on that day than have been in this city on any one day in a good many years at any one time. They came from this and surrounding counties and the day was a pleasant one for everybody. The prizes were liberal and the number sufficiently large to get them pretty well distributed over the country and if there was any complaint about the manner in which the premiums were awarded the Eagle has not been advised of it.

The parade was far better than was anticipated, even by those who took part in it. A large number of the business houses were represented, some by decorated floats, others by buggies, ladies on horseback and boys carrying banners. Everything was appropriate and the people thronging the streets through which the pa-

rade passed complimented every representation in the parade and it would be almost impossible to say just which exhibition and decoration was the prettiest and most appropriate.

It was at first thought best to allow each prize giver to appoint his own judges, but later a meeting of the Commercial club was held and a committee composed of Messrs. J. W. Driskill, Jas. Rahl and A. J. Cockrum was named to judge the livestock, and those who had offered prizes for other things were left free to make the awards as they thought proper. Nearly every prize offered was claimed, and those who failed to call for the prizes due them will know better next time. As an example there was a prize for the best mare, the best Durham bull and the best sheep, none of which were called for, although they could have been claimed by the owners of such stock if they had made their entries.

It is the intention of the Commercial club to make a specialty of these Trades days, which will be every third Monday in each month, and a parade will likely be arranged for each occasion. The parade next third Monday will be made up exclusively of livestock and special attention will be given the premium list for stock. The owners of any kind of livestock should get ready for the entries and suggestions as to the exhibit for which prizes should be offered would be received gladly by the officers of the Commercial Club.

Some of the awards called for several prizes, as will be seen by the list of premiums published in this paper June 5 and 12, and the names of the firms or individuals giving the prizes will be seen in those papers. The following is a list of the awards made:

Center Point Quilting

Friday, October the 13th there were thirty ladies who met at the school house and quilted all day from nine until four. They quilted three quilts and hemmed them. These quilts were for Mrs. W. L. Hamilton

who's household goods burned some weeks ago. The house belonged to Mrs. Lewis Gartman. She isn't Mrs. Gartman any more, but to my sorrow I can't remember her name. Mrs. Hamilton saved a very few things. She did save their winter coats and four quilts. Besides the three we quilted she had been given two nice quilts already quilted. She received lots of nice gifts. She saved some of her fruit that was in the cellar. She lost all of her preserves.

She and her daughter have a room in the Neu's home until the Faith family moves to town, then they will live in the Faith home. Mr. Faith bought the J. D. D. Berry home on Fisher Street. They will move November the first.

Our dinner was very good. We had ice tea by the gallons and a quart of weak coffee. I think some of the ladies learned that day to always take more coffee. In the afternoon ice tea and potato chips were served as refreshments and they were refreshing to thirty ladies. Our cake was all eaten at noon.

Mrs. T. C. Ross favored us with some music on the piano. It helped us to work faster, especially when she played a march. Mrs. Marvin Spinks was nostess. She really makes a good one.

Those who were there were: From Mullin—Mmes. A. G. Weston, Mozelle W. Carmichael, F. A. Shelton, A. H. Picken, D. V. Westerman.

Those from Center Point were Mmes. Marvin Spinks, J. N. Faith, W. H. Grath, Jim Fallon, T. C. Ross and C. E. Curbo.

Those from Rock Springs were Mmes. Guy Waldon, J. Frank Davis, Rosa Robertson, Alice Davis, Ernest Jarrett.

Those from Goldthwaite were: Mmes. T. L. Hammond, Katherine McNutt, Fannie Brim, Eula Nickols, Addie Cockrum, Davie Pass.

From Bozar were Mmes. Tom McArthur and L. B. Hart. Those from Nabors Creek were Mmes. J. R. Parker, A. R. Kauh, and J. B. Burnett.

I hope I haven't left any name out. If I have they failed to register. There was lots of chattering but as you have already read how much work we got done you will see we worked too. All the ladies didn't quilt after dinner as there wasn't any place for them after rolling the quilt.

We all had a good time. It was the first time some of us had been together in the school house for a few years. It used to be a big singing center on Sunday afternoons; but all of those families have moved away.

This community still have gatherings out there once in a while.

We all left thanking Mrs. Spinks for our nice day and good dinner, ice tea and coffee. We hope Mrs. Hamilton and family the best of luck from now on. —A quilter.

Higher Minimum Wages May Boost State Phone Rates, Allen Says

After the new law, which Congress is expected to pass, raises minimum hourly wages from 40 cents to 75 cents, telephone subscribers throughout the state may eventually find that they will have to pay some of the difference on their telephone bills. Mr. Allen, Division Manager of The Southwestern State Telephone Company, served unofficial notice to this effect in a statement released here today.

Mr. Allen said that the bill has already passed both branches of Congress in somewhat different form. But he expects that the final bill will require employers to pay a minimum hourly wage of 75 cents (as against the present 40-cent minimum) and also provide an exemption of telephone operators wages at exchanges serving up to 750 subscribers (as against the present 500 limit exemption).

Directing attention to a recent statement made in Washington by Frank S. Barnes, President of the United States Independent Telephone Association, to the effect that telephone companies throughout the whole country are going to be "hard hit" by extra operating expenses resulting from this law, Mr. Allen said that we have no reason to suppose that telephone companies in this state will experience any less difficulty than those generally predicted for the independent telephone industry.

Mr. Allen called attention to the fact that even with this increased exemption which will only exempt from three to four thousand operators throughout the whole country, many telephone companies are going to be "hard hit" by extra operating costs resulting from this law. It must be remembered that telephone service is a round-the-clock business, with three shifts every 24 hours. This means that the new law will hit the telephone companies three times as hard as the average line of business covered by the Act.

It must also be kept in mind that telephone companies have only one source for revenues from which to pay the costs of their operation—that is in the rates paid by the subscribing public. Congress will doubtless pass the law in the near future. So, it is only fair to point out that it will probably mean that many of our independent telephone companies will be compelled to seek relief in the form of rate increases in the months ahead.

Attention is also directed to the fact that the "direct" extra expenses of paying a higher minimum wage will only be a part of the over-all cost, including "indirect" expenses. It isn't simply a question of raising the salaries of the em-

ployees who are not now receiving as much as the proposed standard. It means eventually adjusting wages of other employees in the same shop, in order to maintain the proper differentials in favor of our order and more experienced people.

For example, where our company is now paying experienced operators \$30 a week, and some of the less experienced operators smaller amounts, they can't very well boost the latter to \$30—just to comply with the law—and not give the other girls some consideration, too. Our company will probably have to make some other necessary adjustments in order to keep the employees interested in their work. That seems to be the fair thing to do. But our company will have to get this extra money from some place. It can't come out of profits, because a good many telephone companies are not making much if any profit on present subscriber rates.

At present it is not possible to estimate just how much extra expense compliance with the new law would mean for all of the independent telephone companies, even on a percentage basis. We will have to wait to see just how Congress writes the final law. But it is going to run into a big burden for our company, and it is already clear that further rate increases are inevitable as a result of this law.

GRASS SEED HARVEST UNDERWAY IN MILLS COUNTY

J. H. Priddy, Supervisor of the Brown-Mills Soil Conservation District harvested King Ranch bluestem grass seed last week. This seeding was made last spring on diversion terraces to prevent erosion and is also serving as a seed plot for Mr. Priddy.

Seed increase plots of King Ranch bluestem planted in the spring of 1948 on D. T. Jenkins farm, Pompey Conservation Group and J. T. Fallon farm near Goldthwaite were also harvested recently. These plantings were made for the purpose of increasing the grass seed available for this district.

Mr. Jenkins has 11 acres of King Ranch bluestem seeded in 36 inch rows. Because of the dry summer, his yield was low. He finds that it is necessary to control weeds in order to produce grass seeds. Mr. Fallon harvested 5 acres and got 57 pounds of clean seed the first planting.

These grass plantings were harvested with the grass-seed stripper designed by the Soil Conservation Service technicians and built by the Brown-Mills District. The motor propelling this stripper has been loaned to the District by Erle D. Roberson. In harvesting grass seed with this implement, only the ripe seeds are taken. Therefore, some fields may be stripped again when remaining seed heads become ripe. Mr. Priddy mowed his King Ranch bluestem and gathered the hay in a trailer. The hay will be ground and scattered over his ranch.

Soil Conservation service technicians are assisting District operators in locating sources of grass seed and advising with them methods of harvesting and cleaning the seeds. Indian grass, Little bluestem and other choice native grasses are also ready for harvesting. Farmers and ranchers needing these seeds are urged to gather them from every source possible.
