TO MY FRIENDS AND VOTERS OF MILLS COUNTY

W. W. (Bill) Fox has authorized this newspaper this week to announce that he has decided to enter the race for the office of Sheriff, Tax Assessor-Collector, subject to action of the July Democratic Primary. His name will be found in its regular place in the Political Announcement Column.

Mr. Fox makes the following statement to the voters of Mills County.

"I feel I have had enough experience that I can handle the office as it should be handled. I don't feel that I need any introduction, as I have lived among the people of Mills County a long time and have come in personal contact with most of you in my other campaigns and business.

I am very busy, but I will try my best to see and talk with each and every one of you between now and the July primary.

If elected I will fill the office to the best of my ability. I will be at your services when you need me."

GRAND CHAMPION STEER—"Flash," a 920-pound Hereford steer, won for Bobby Zane Egger, 14, Star, the grand championship Saturday of the 1950 Brownwood Livestock Show. The calf was bred by H. A. Fitzsimmons Ranch, Llano.—(Bulletin Photo).

RESERVE CHAMPION STEER—Ted, owned and shown by Floy Woodard, 17, Star 4-H Club girl, won the reserve championship of the steer division, 1950 Brownwood Livestock Show, Saturday, Jan. 27. Ted weighed in at 950 pounds.—(Bulletin Photo).

MILLS COUNTY (MOSTLY STAR) TAKES MOST PLACES AT BROWNWOOD LIVESTOCK SHOW

Some citizens are saying that the Brownwood Livestock Show was just the Mills County Livestock Show moved to Brownwood. Others say it was the Star Livestock Show held at Brownwood for convenience.

Mills County (mostly Star) took most of the big prizes at the Brownwood Show last week-end. And Mills County is going on to Fort Worth, San Angelo, San Antonio and Houston for the big state shows. Even if we have the best fat calves to show, Mills County has won Grand Champion and Reserve Champion so much in the last few years at these shows, they probably won't give it to us again. Mills County is showing this year, according to County Agent George G. Reese and V. A. Teacher Y. B. Johnson, the best fat calves we have ever shown.

At the judging at the Brownwood Livestock Show last week-end, a 4-H club boy and 4-H club girl who live across a pasture from each other one mile apart at Star, Mills County, walked off with the grand champion and reserve champion steer prizes of all classes in the 1950 Brownwood Livestock Show. "Flash," a 920-pound Hereford steer shown by Bobby Zane Egger, 14-year-old son of Mr. and Mrs. Arl Egger of Star, copped the grand championship both of the club and the open divisions. "Flash" had also won through to the championship of the Mills County show early last week.

"Ted," a 950-pound Hereford owned by Floy Woodard, 17, daughter of Mr. and Mrs. Wesley Woodard, Star, took the reserve championships both of the club and open competitions. Both calves were bred on the H. A. Fitzsimmons Ranch at Llano.

Bobby Zane Egger said he will buy another calf with the money from sale of his grand champion. Floy Woodard said she plans to use the money from her calf to go to college—Texas Tech or Abilene Christian, and study home economics.

James Horton, Goldthwaite 4-H club boy, also won the championship of the open steer classes.

That made it a clean sweep on steers for Mills County clubbers, who have consistently shown grand champion steers not only at Brownwood but at such other big shows as Houston and Fort Worth, in recent years.

Mills County 4-H took both first and second in group of five calves, with Coleman County 4-H third and Brown County 4-H fourth.

In group of three calves, Allen Poe of Star was first; Bobbie Zane Egger second, and Mills County entries took third and fourth and also sixth, with J. L. Stewardson, San Saba, breaking the solid Mills County phalanx to take fifth.

In judging at the open class steer show, James Horton of Goldthwaite took first place and Modene Reynolds took second. Horton won the grand champion steer of the open class.

Doyle Roach of Goldthwaite FFA exhibited the champion ewe. Second place in the grand identification contest went to a

Mullin FFA team coached by Don Clark, Vocational Agriculture teacher at Mullin, which scored 768 points and was composed of Gene Carmichael, Charles Chaney and Charles Griffin. Brown County 4-H team won first place in the second annual contest.

Steen and Turberville and Y. B. Johnson of Goldthwaite, Don Smith of Talpa and Myron Hillman of Mullin divided Southdown sheep prizes.

In Type C Angora goats, Bob Kerby, of Goldthwaite, showed both the champion and reserve champion. Kerby also took the get-of-sire top prize.

In Type B Angora goats, S. W. Dismukes, Rocksprings, exhibited the champion. J. R. Newsom, Brownwood, had reserve champion.

In the goat show, champion and reserve champion for Type B Angora bucks was shown by David Waters of Goldthwaite. Type C division was won by Bob Kerby of Goldthwaite. Waters and Kerby also won many other places in the goat division of the Brownwood show.

In the Delaine Sheep division, two Goldthwaite FFA boys showed first, second, and third. They were Doyle Roach 1st and 2nd, and Herbert Burkes 3rd. Doyle Roach also showed the champion Rambouillet ewe.

In the fat lambs, Southdowns, Bobby Letbetter of Goldthwaite placed third. In other grades or crosses, John Carothers, Goldthwaite, was first, Leroy Henkes 2nd. Myron Hillman of Mullin won third in group of three owned by one boy.

In the light steer division, Goldthwaite boys and girls won as follows: James Horton, 1st; Modene Reynolds, 2nd; Zane Egger, 3rd; Jackie Burks, 4th; David Nugent, 5th and 6th, making a complete sweep for Mills County in this division.

Mills County has established its place as the best in the world to grow fine livestock.

TO GO TO HOUSTON SHOW

Mills County will be well-represented at the Houston Fat Stock Show in 1950. Twenty-five (25) 4-H calves will leave Saturday at 9:00 a. m. in three large trucks for the show. The grand champion and reserve champion calves at the Brownwood Livestock Show will be in this group. The following boys and girls will accompany their calves to show them:

Allen Poe, Floy Woodard, J. W. Woodard, Wayne Poe, Bobby Zane Egger, Merion Reynolds, Raymond Reynolds, J. W. Horton, Jr., Wayne Horton, Sammy Owens, Davis Owens, John F. Owens, Modene Reynolds, Johnny Wigley.

Dana Saylor and James Horton will show their steers in the open classes. The calves are required to stay at Houston until February 5th. Y. B. Johnson, Vocational Agriculture teacher, will go to Houston with Kenneth Wesson and Jacky Burks, who will enter two calves each in the F. F. A. Division.

Mr. and Mrs. Harold Yarborough returned Wednesday of last week from a week's vacation trip to the Rio Grand Valley to Monterrey, Mexico, back through Corpus Christi, Houston, Tyler and Garland.

A CORRECTION

In last week's Eagle in the results from the Mills County Livestock Show, it was reported that W. V. Horton showed both champion and reserve champion bull in the Hereford Breeding Cattle Division. Mr. Horton showed champion bull, but Jess Petsick was awarded reserve champion place.

W. H. Nelson was brought home Thursday of last week from the Memorial Hospital at Brownwood where he underwent a major operation two weeks ago. He is improving nicely. His daughter, Mrs. F. B. Weaver, who has been with her father, returned to her home at Robstown Sunday.

Mrs. Henry Morris, Mrs. Robert Johnson, Jr., and Mrs. P. H. Hamilton went to Brownwood, Monday.

FFA BOY WINS LAMB

Doyle Roach, Goldthwaite F. F. A. member, was awarded a registered Delaine ewe lamb for exhibiting the grand prize winning Delaine lamb of the Mills County show. The lamb was donated by Joe Lemay, local registered Delaine breeder, and fed by members of the F. F. A. Chapter. Mr. Al Langford, local Purina Feed Dealer, donated the feed for the lamb while it was in the care of the F. F. A. boys.

Mr. Welch says he has some fine young turkeys he is going to take to the Fort Worth show Friday, and to the Houston show later, which are his best birds. Welch operates under the National Turkey Improvement plan, and has raised for market this year 1,350 turkeys. He has 500 hens in commercial flock, and 120 in pedigree pens. Welch has his own hatchery, pullover clean, and this is his fifth year. His place is 18 miles due east of Goldthwaite.

BUSINESS OUTLOOK GOOD

The American economy begins the new year exceptionally strong.

Consumers have money, employment is high, and business has the buying power it needs. A recent survey indicates that during 1950 industry will try to match 1949's total output instead of trying to attain the heights of the post war boom of 1947 and 1948.

In other words, the stage is set for good business. Any threats and dangers are largely political, not economic. If there are no serious strikes, and if government refrains from action that will hurt business, we have a good chance of a happy and prosperous year.

LIFE SPAN INCREASED

In a review of medical progress during the last half century, Dr. T. C. Terrell, Fort Worth, Chairman of the Board of Trustees, State Medical Association of Texas, declared here this week that the free medical system has increased the average life span from 41.7 years in 1900 to nearly 70 years in 1950.

"Although death cannot be prevented, it can be postponed. Man is born doomed to die. At the present time in the United States man has the longest life span than at any other time in history. In 1900 life expectancy at birth was 41.7 years. In 1930 it was 59.5 years. In 1940 it was 63.8 years and at the end of 1949 it probably reached 68 years. The true measure of medical progress and care is not how many people die, but how long they live before they die.

"There is much difference between the quality and quantity of medical care in 1900 and 1950 brands of medicine as between the 1900 and 1950 models of cars," Dr. Terrell pointed out. "As new drugs are discovered, new preventive techniques developed and the public educated, the death rate from communicable disease in the U. S. has become the lowest in the history of our nation and the lowest in the world." Dr. Terrell also attributed a great deal of credit to increasing the span of life to postgraduate training held each year in Texas at San Antonio, Houston and Dallas.

Unto All Men
Lesson for January 29, 1950

"MARK TIME, Christian Soldiers!" is not a Christian hymn. The word is "Onward, Christian Soldiers!" The command was given by no less a person than Jesus himself: "Go and make disciples of all nations, baptizing them . . . teaching them . . ." (Matt. 28:19, 20) Do you know some one in the church who says he doesn't believe in missions? Such a man does not take Christ seriously. If you do believe in Christ then his commands are for you to obey, not to ignore.

When Men Delay

UP TO NOW, the church has been playing around with Jesus' command. Very few denominations are actually putting any large amount of money or manpower into obeying Christ's command to go into all the world.

One fairly typical American denomination contributed last year to all benevolences, that is to all causes not in their own local congregations, the sum of \$9,137,065. That sounds like a lot; but divided by the total number of members it boils down to \$14.03 per member for the year, or less than five cents a day.

And of course not all that big sum of five cents went to missions of any sort. Yet that denomination gives more per capita to missions than most others do. When a man who gives less than five cents a day to carry the good news of Christ into the wide world sings "Onward, Christian Soldiers!" or prays "Thy Kingdom come!" how much does he mean? Not a nickel's worth!

Or take the question of manpower. This same denomination sends out as missionaries, every year, as many men and women as are sent by some denominations three times its size. And yet, even so, the total number of ordained ministers in that denomination who are foreign missionaries is only 4 per cent of their total number of ministers.

"Go into all the world," said the Master. "Four per cent of us will," we reply, "the rest of us will stay at home."

When Men Obey

AS A MATTER OF FACT, even the earliest church was slow to pay real attention to Christ's command, "Forward! Men are strange creatures. And one of the strange things about us is that we often have to be scared into doing our duty."

It took the persecution set off by the death of Stephen to move the Christians in Jerusalem out along the roads south, north, east, anywhere to get away from the city of death. Everywhere they went, they told the story of Jesus.

But at first it was all rather breathless and informal. "Why are you here?" one of these DP's would be asked, as he was passing through Samaria or Antioch or Alexandria, perhaps in the bread-line, perhaps looking for a place to work and settle down. "I'm a refugee from Jerusalem," he would say. "But why?" "Well, I'm a Christian." "What's that?"

So the story would be told all over again, the good news about God's grace in Christ. So the church spread. Today, though an enormous part of the world's population is still unwon, there are Christians in so many lands that the Bible—all or parts of it—has had to be translated into more than one thousand different languages and dialects.

Unto All Men

ONE OF THE MOST interesting and surprising little books of recent years is called "They Found the Church There," by H. P. Van Dusen. It is the dramatic story of how the American GI, to his great astonishment, found Christians in the most unexpected places.

It is a tremendous mistake to think that the Christian religion is only for English-speaking peoples, or for Europeans, or for white people. It began among people whom most readers of this column would set down as "foreigners."

Christ can be as much at home in an igloo or a wigwam as he is in an American farmhouse or in an efficiency apartment on the city boulevard. He comes to all men, and as Peter found out, the Lord is no respecter of persons.

'THE RED MENACE'—AN INDICTMENT OF COMMUNISM IN U. S.

Republic Studios delivers one of the most jolting screen stories this reviewer has ever been privileged to witness in "The Red Menace," a burning, passionate indictment of Communist infiltration into America. The startling film shows Tuesday and Wednesday at the Melba Theatre.

It is the job of a critic to analyze a picture's qualities but before we proceed we must pay tribute to the courage of Republic for tackling such a highly controversial subject as "The Red Menace" and for doing such an excellent and intelligent job of bringing it to the screen.

The Republic picture is admirable in that it never becomes bombastic. It tells the simple, gripping story of Bill Jones, American ex-G. I., temporarily discouraged because of a bad deal handed him by an unscrupulous home builder. At this juncture he is fair game for a Communist organizer, who makes him believe that the American government is to blame for all his woes.

GAL-A COMEDY OF FAMOUS NEW YORK BEACH AT THE MELBA

Bringing to the Melba one of the season's gayest girl-filled comedies, Warner Bros. "The Girl From Jones Beach" is set to open tomorrow.

Starring Ronald Reagan, Virginia Mayo and Eddie Bracken, the warm-weather special has already been heralded as one of the season's best. Reagan plays a commercial artist who has created a typical "most beautiful girl" out of the best features of a dozen gorgeous models each of whom thinks she is that girl. When agent Eddie Bracken sets out to locate this "Randolph Girl," he turns up with beautiful Virginia Mayo, who it seems is a school teacher who takes a daily swim at Jones Beach. Reagan joins the pursuit and the

love, comedy, girls and laughs come fast and furious throughout the film, according to advance reports.

Mrs. Bill Holland was called to Brownwood Monday morning on account of the sudden death of her mother, Mrs. Joe Wilkins.

Bride Elect Honored

On Saturday afternoon from 2:30 until 4:00, Miss La Verne Sykes, bride-elect of Milton Shirley of Brownwood, was honored with a tea and shower in the home of Mrs. D. Hartman, with Mmes. R. H. Oglesby, J. D. McKenzie, C. S. Miller, W. A. Page, and W. W. Long as co-hostesses.

The table was beautifully decorated with a miniature bride and groom and a flower arrangement.

Mrs. W. W. Long, aunt of the bride, told a very interesting story, "The Father of the Bride," after which La Verne was ushered to a table decorated with a large bow with streamers with Milton and La Verne, January 28, their wedding date, printed on them. The table was laden with many lovely and useful gifts.

Delicious refreshments were served to many relatives and friends from the Big Valley community and Goldthwaite. —By one present.

Art Displayed

San Marcos, Jan. 26.—Scottie Vaughan and Geraldine Poe of Goldthwaite are among the 31 students whose art work was displayed in an exhibit at Southwest Texas State Teachers College this week.

Beginning art students used their creative ability and imagination, using string, wire, screens, spools, and plastic to produce decorative objects for the home.

"This was one of the most intriguing, imaginative art exhibits shown on the campus," Mrs. Verna Deckert, chairman of the art department, stated.

Vaughan-Daniel Marriage Vows Exchanged In Double-Ring Ceremony

Marriage vows were exchanged Sunday afternoon, January 22, at 2:30 o'clock in the First Baptist Church of Goldthwaite by Miss Jerol Vaughan and Floyd Daniel. The Rev. Joseph L. Emery, pastor, officiated at the beautiful double-ring ceremony.

The bride is the daughter of Mr. and Mrs. H. T. Vaughan, and the groom is the son of Mr. and Mrs. R. F. Daniel, all of Goldthwaite.

Pre-nuptial organ music was played by Mrs. Joseph L. Emery, H. T. Jr., and John Milton Vaughan, brothers of the bride, lighted the candles. Miss Janet Soules sang "O Promise Me," accompanied by Mrs. Emery at the organ.

The wedding party stood before an arch of white roses entwined on huckleberry and centered with a cluster of white bells tied with white satin ribbon. The arch was flanked with candelabra and baskets of white gladioli, stock, candy tuft, and greenery of calla lily fawn. Traditional candle aisle markers were dressed in white satin with white gladioli and tied with lace bows.

Miss Scottie Vaughan, sister of the bride, was maid of honor. Lloyd Daniel of Fort Worth, attended his twin brother as best man. Ushers were Jimmy Hays and John Carothers.

The bride, given in marriage by her father, wore a fitted suit of navy blue wool gaberdine. Her accessories were carried pink and navy blue. She carried

a white Testament, topped with an orchid.

The maid of honor wore a light blue crepe dress with matching black accessories. She wore a corsage of white carnations.

Mrs. Vaughan, mother of the bride, wore a gray suit with black accessories. She wore a red carnation corsage.

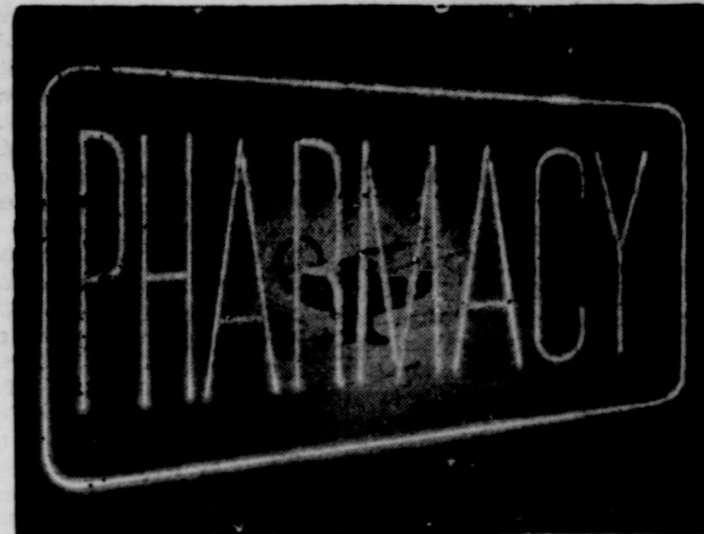

Mrs. Daniel, mother of the groom, was dressed in a pale blue suit with black accessories. Her corsage was of pink carnations.

Mrs. Daniel is a graduate of Goldthwaite High School and attended Southwest Texas State Teachers College at San Marcos for one year, where she was a member of Allie Evans Literary Society.

Mr. Daniel attended Goldthwaite High School and served in the Asiatic-Pacific Theatre of War for three years during World War II.

Immediately following the ceremony, the couple left for a wedding trip, after which they will make their home in Fort Worth.

Out-of-town guests present for the wedding included: Mr. and Mrs. R. V. Harris and Mr. and Mrs. Lloyd Daniel of Fort Worth; Mr. and Mrs. Oda Daniel and Eddie, Mrs. Frank Allen and Mrs. Herschel Johnson of Brownwood; Mr. and Mrs. William Daniel, Freddie and Glenda, and Mr. and Mrs. Earl Cox and daughter of Mullin; and Mr. and Mrs. Jimmy Mason of Hico.

The lamp behind the neon

BEHIND THE LIGHTED SIGN of the modern American pharmacy there burns a lamp as old as history itself—the lamp of learning.

For today's pharmacist is a man of long and specialized training. To get his college degree, he must have a broad and exact knowledge of the many technical sciences associated with the action, handling and dispensing of drugs, chemicals, biological products and other medicinal agents.

He must pass rigid State examinations to become a licensed pharmacist.

Then, like your doctor, he must keep abreast of the latest medical developments, the newest drugs, and the constant improvement in pharmaceutical products.

The shelves of his pharmacy are stocked with the newest discoveries of medical science and an array of bright, attractive merchandise that go to make today's drug store a center of service in its community.

Get better acquainted with your pharmacist. Trade with him—he's a man you can rely on.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

P.-T. A. TO HAVE F. B. I. MAN HERE

Those of you who did not hear Mrs. Cantrell last P.-T. A. meeting really missed some most valuable information on The Development of Character in Children. She is teaching a class every 2nd and 4th Wednesday from 1:00 to 3:00 and her past teaching experience and association with children and the many books and articles she has read make her an outstanding authority. Please mothers, if you have to leave your dishes unwashed and other household jobs undone, you will be more than repaid and your task will seem easier if you will take time to come.

Minister Pricer led the regular P.-T. A. in a prayer and Rev. Lovelace discussed the relation of the home and church. In his talk he emphasized that the first six years of the child's life is the time to really lay the foundation for its future years. In these early years as the mind is trained so shall the later years be. He pointed out that Moses' early training as well as several other Bible characters and Jesus all showed us the results of a Christian home and Christian training. They are fine examples for us to follow. He stressed the importance of remembering the Sabbath day and keeping it holy. He said, "So often we leave things to do and let them pile up for Sunday and we should put Sunday on an equal or above the other days of the week." "Why not take your children to church and Sunday school instead of sending them." Actions speak so much louder than words that our words are seldom heard; therefore it behooves us all to be very careful what we do, not only on Sunday but each day.

Mr. Patton made announcements: First inviting every parent and friend to attend the open house at the new Gym the following Sunday. He also

announced the F. F. A. and 4-H Boys' Calf Show and asked that parents co-operate with teachers to see that each child make up his or her school work while they were out.

The nurse gave the symptoms, some of the harmful effects of measles, whooping cough and several other diseases and ask parents to please be careful with children who had had measles or whooping cough. It is all too dangerous, she said, if they do not have the best of care for a week or two after having them. So many, many complications may set in she said.

Our next meeting will be the 2nd Wednesday, February 8th, and at this time we will have a Special Agent from the F. B. I. from Dallas. His name is H. D. Smoot. He will speak to the high school students at 2:30 and the regular P.-T. A. at 3:30. Let's try to get every parent and friend out to hear this man who has much experience with youth. He will give us first hand experience.

GOLDTHWAITE GARDEN CLUB

BONY NEWS—

Clementine Wilmeth Briley (Written For Last Week.)
 We were elated over the good stamps which fell last week. It seems to have put a good sea-son in the ground. Grain is look-
 ing fine. So is winter grass which is unusually abundant this year. Flowing will get under way now.

We were happy to have with us at church Sunday, Mrs. Edna Egger, her little daugh-

ter, Marianna, and her very young son, Woodie Dean. It was our first peep at Woodie Dean. He is a fine looking boy, and was a good child at church.

We were also happy to have Mrs. Archie Ketchum and her two children, Monette and Carol, from Wall near San Angelo. They accompanied Mrs. Eugene Egger to church. They and Archie spent the week-end with Mr. and Mrs. Egger. Archie seems to be doing well since his recent operation.

We would be happy to have everybody come to Sunday School and church. Especially would we like to have the children come. Mrs. Edward Egger has some interesting work for them in her class.

Mr. and Mrs. John Briley enjoyed dinner and the perfect day with Mrs. Edna Dwyer Sunday after church.

Mr. and Mrs. Charm Whittenburg and Clint and Jack made a trip to Goldthwaite Saturday. Mrs. Whittenburg and the boys remained to spend the night with her parents, Mr. and Mrs. P. R. Reid.

Mrs. Eugene Egger says her sister, Mrs. Bessie Boyd, is better, but is still in bed. She says her mother complicated things by falling and hurting her arm last week.

Mrs. Cecil Egger, Mrs. Taylor Duncan and Annette, and Mrs. Edna Dwyer made a trip to Brownwood Wednesday.

We hear the Frank Crowders have received the announce-

ment of a granddaughter, Lois Elaine, born January 5 to Mr. and Mrs. Numa V. Crowder of Davenport, Iowa. Numa is minister of the Church of Christ at Davenport. He and Mrs. Crowder have bought a nice home there with plenty of room. Dr. and Mrs. Benson of Searcy, Ark., maternal grandparents were to take up their abode with them right after Christmas to be present for the Blessed Event. Lois Elaine is their first grandchild.

We learn that Mr. and Mrs. Truman Crowder have bought a home about four miles out from Brownwood on the Zephyr road.

Besides helping Lem and Hulton Egger with cattle and hauling hay for Mr. Shafer last week, Cecil Egger and Taylor Duncan took time out to help John Briley brand and dehorn his calves Friday morning. It is one of the fine things about the farm folk that the young men take time to help the oldsters who can't do much to help in return.

We dropped by to see Mrs. Jim Wilmeth Friday. She is doing fine. She said early in the week Friendship Home called to get Jim to go after Stanley Reeves. His mother was sick and would have to go to the hospital. A few days later Mrs. Wilmeth called to see how she was. The Home told her she did not go to the hospital after all. She was sick only one day, and now was as well as ever.

Grandmother Reeves has a birthday this week, Thursday, January 19. I remember Mrs. Reeves as a lovely mother and a precious friend. Bless her dear heart. She has lived to be 92.

Mrs. Frank Crowder says they went to see Grandmother Ivy during the holidays. She is with the Will Crowders near Mertzon. She is just fine.

Grandmother Kelly is with the Frank Crowders again while the Ross Whites have the measles.

Blue Thompson has leased the White place. So he went over to Goldthwaite to buy some more lambs. He says he found them so high he decided he had better come home and sell his and retire.

Another vanishing Americanism is the art of ribbon cane molasses making. Poking around through east Texas one finds this delicate commodity almost as scarce a cone pone. Two reasons — modern, "improved" varieties of cane have superseded ribbon cane for better yields, resistance to disease, etc. Mechanization has come in, too. It's hard to find a syrup press any more powered by a donkey or mule circling at the end of a pole. Machinery does it three or four times as fast. But the public still beats a path through the piney woods to the fellow who puts out good home syrup.

Modern testing methods don't complicate the process in most such places where old-timers are still in the business. A pair of scales to see that the syrup weighs from ten to ten and a quarter pounds to the gallon guarantees the right thickness and permanence. A big ladle scoops out the "skimmings", "Ladle" not "lady". At least not necessarily.

If you want a new, free, 64-page farm and ranch handbook with a lot of useful information including a four-year calendar, weights and measures, how to erect a fence, meat cuts, etc., just write to us and say so. Be sure to mention this newspaper when you write us.

We heard a fellow make a talk last week in which he said world trade is like a Model T car held together with baling wire. When one hunk of wire gives way the whole thing is out of kilter for a while.

He said the best thing Texas farmers can do to keep the market good for their crops is to keep the U. S. prosperous, so we can buy goods from foreign countries, so they can buy our wheat, cotton, meat, etc.

Last year was better for Texas farmers than this year will be, but Texas farmers will be better off this year than the average U. S. farmer.

Watch for news of your friends and acquaintances on the WBAP Cattlemen's Tour of South America, starting from Fort Worth on February 11. Ranches, experiment stations, etc. will be visited in Argentina, Uruguay and Brazil. Stops also in Peru and Chili, Trinidad and Puerto Rico. The trip was organized at the request of Texas cattlemen who want to study the competition we're getting from those countries, and maybe also find a market for some breeding stock.

Happy Shahan of Brackettville lets us know that the official Texas Aberdeen-Angus Association show will come off at the East Texas Fair, Tyler, next September. Happy is president of the breeders' association. Here's a breed that will bear watching. Competition among breeders of various species is a very healthy element to improve all the breeds.

The Texas Panhandle has the reputation for dryness, but the three top producing Jerseys in the state, and the top in the nation, are in Chester Eliff's herd at Tulla.

(Written For Last Week.)
 The fellow who objected to speaking over a loud speaker at a farmer's meeting because "it is like making love through a hedge — you can see and hear all right but the contact is darned poor" would have taken a back seat at A. M. Meekma, the official dairy cattle tester of A. and M. College in speaking at the Texas Jersey Cattle Club annual meeting in Galveston last week.

Mr. Meekma, without benefit of loud speaker, was giving encouraging and enthusiastic reports of improved Jersey production as a result of systematic testing of sires and dams, when the electric speaker over his head suddenly boomed out "TESTING, TESTING, TESTING

one, two, three—. It brought down the house.

By the way, three Jerseys owned by young Mr. and Mrs. Chester Eliff at Tulla, on the south plains, top the nation in production per cow. One cow just broke the record for all time with 1223 pounds of butterfat in a year. The Eliffs do most of their own work, have five children, the oldest aged eleven.

Three out of four dairy animals in Tarrant County last year were artificially bred—with semen from a DALLAS county farm.

The Jersey folks have always been proud of the quality of Jersey milk and of butterfat production of some of their best cows in Texas—even though the average for all the cows in the state is still miserably low. Now, they're pointing out that Jerseys give quantity of milk as well as quality.

With almost a perennial milk shortage, the emphasis has been more on volume than high butterfat content in recent years.

D. T. Simons, secretary-manager of the Texas Jersey Cattle Club for the past 28 years, says "the job we have to do now is to get the cream back into the cream pitcher".

Everyone, it seems, would like to go to South America. A group of cattlemen will go for a WBAP-sponsored three-weeks air tour of cattle countries on that continent leaving Fort Worth on February 11. A few spaces are left. If you hurry you may be included. Get in touch with us immediately.

Square dancing has been recognized. Special dance events will be held after matinee rodeo performances at the Southwestern Exposition and Fat Stock show this year.

CHAPPEL HILL—

 (Written For Last Week.)
 We had a big rain; it was a slow, gentle warm rain; just what the farmers needed for the small grain, about 2 inches of rain fell at the B. J. Crawford farm. Mr. Tom Stevens said they had 2 inches of rain at his place.
 We have a new norther; hope it don't get too cold.
 Most everyone attended the Stock Show. The boys and girls surely did another nice job.
 Mrs. Blanch Barton celebrat-

ed her 84th birthday last Wednesday, January 11, 1950. According to word I received Mrs. Barton has lived on the same farm 60 years. With good eye sight and good hearing, she keeps busy most all the time. We all wish Mrs. Barton many

more happy birthdays. Mr. and Mrs. Roger Smith moved to Mrs. O. C. Weatherby's mountain farm. We are glad to welcome our new neighbors to this community. We wish Mr. and Mrs. Smith happiness and success.

ANNUAL COUNCIL REVIEW OF COMANCHE TRAIL COUNCIL

The first Executive Board Meeting of 1950 of the Comanche Trail Council, Boy Scouts of America was held at Hotel Brownwood, Sunday afternoon January 22. Thirteen members of the Board were in attendance. There were several important visitors present as well as the Professional staff of the Council.

The primary business of this first Board Meeting of 1950 was to hold the Annual Council Charter Review. Each year the progress of the Council is analyzed under six different categories and then application is made to the National Council of the Boy Scouts for a charter to continue operation during the coming year.

President E. J. Howell, Stephenville, called the meeting to order and Yantis Robnett, member from Brownwood, asked the invocation. President Howell then presented a calendar of dates which had been set up for the coming year. Acting upon a motion by Dr. T. C. Graves, Goldthwaite, the Board approved the dates as set up.

President Howell then called upon C. L. Pouncey, Brownwood to give the treasurer's report. The Board heard the report and approved it.

Marshall Ammerman, the Deputy Regional Executive from Dallas, then gave a most interesting and complete review of the progress of the Comanche Trail Council for the year 1949. Mr. Ammerman analyzed the work of the Council under the headings—"Cub Scout Membership", "Boy Scout Membership", "Explorer Scout Membership", "Training and Advancement", "Camping-Dollars - Executives", and "Miscellaneous". The Board was very pleased that Mr. Ammerman indicated that Scouting had showed a marked improvement in many phases dur-

ing 1949. Dean J. A. Shelby, with the Bureau of Extension of the University of Texas was another visitor to the Board meeting. Dean Shelby is one of the most outstanding volunteer workers in Scouting that Texas has. He is a member of the Regional Committee of Region 9, a member of the National Council, also serves as a committeeman for a Scout Troop in Austin. Dean Shelby stressed that the big job in Scouting is to recruit, and hold more boys in the Scouting Program.

G. N. Quiri, Scout Executive, expressed his appreciation for the good attendance at the meeting. President Howell brought the meeting to a close.

Those in attendance: E. J. Howell, Reece Jones, Frank Mooseberg, Neal Randolph, Stephenville; Grady Pipkin and W. B. Pickens, Eastland; J. A. Bates, Ranger; John Bailey, Jodie Baker, Breckenridge; F. Y. Robnett, Carl Arnsperger, C. L. Pouncey, Rio Cox and J. D. King, Brownwood; Dr. T. C. Graves, Goldthwaite; M. M. Ammerman, Dallas, Dean Shelby and J. A. Shelby, Austin, G. N. Quiri, Scout Executive, Brantly Hudson & Steve Potts, Field Executive.

Health Notes

Rheumatic fever causes more than any other disease children of school age, said Dr. Geo. W. Cox, State Officer. The first attack occurs in children at the age of 5 and recurrences are common up to the age of 15. The insidious onset of the disease during the school year suggests that teachers and in daily contact with children should be aware of signs and symptoms which may mean acute rheumatic fever.

Cox said, "There should be more and improved examinations of school children by physicians with time enough for the nurse or teacher and parent to plan with the physician any needed medical attention."

School absence due to illness due to rheumatic fever, if investigated early, may disclose early cases of rheumatic fever. Teachers should be more alert to visible signs and symptoms suggestive of standard health. Among signs and symptoms which bring children to the attention of teacher or parent are: failure to gain weight; pallor; loss of appetite; fatigue; frequent colds and sore throats; fever or any known bacterial infection; unexplained nosebleeds; unexplained pain in arms, legs and joints; unusual restlessness; history of previous rheumatic fever; changes in behavior; decreased achievements in school by a child who has previously done well.

Children reported by the teacher as showing evidence of standard health should be fully reviewed by the physician and medical care should be given such children as a precaution.

Shivers Explains Need For Special Legislative Session Tuesday

ASHEM SHIVERS, Governor of Texas, today, January 31, will call a special session of the Legislature to make appropriations for our state hospitals for food, clothing, care and badly needed repairs at a cost of \$28,000,000 for the beginning next September.

"A lot of money — especially when the state doesn't have it — does not do the job," Shivers said.

Coming to the Governor from over the State that a good many citizens do not fully understand the situation. The Governor often called upon to answer questions as to why it is necessary to call a special session of the Legislature.

"I wasn't the state hospital properly financed in a regular session a year ago," Shivers said.

"I do not say that there is no money for the hospitals," Shivers said.

"I can't say that the appropriations for the hospitals are not being reduced," Shivers said.

"I can't say that the appropriations for the hospitals are not being reduced," Shivers said.

"I can't say that the appropriations for the hospitals are not being reduced," Shivers said.

"I can't say that the appropriations for the hospitals are not being reduced," Shivers said.

at Austin, Abilene, Wichita Falls, Rusk, Terrell, San Antonio and other long-established hospitals for mental cases and epileptics. The tuberculosis hospitals at Tyler and Mission are old army camps; the Mexia hospitals for seniles and mentally deficient children is a former German prisoner of war camp.

Some places are worse than others, but in general we find the hospitals badly overcrowded and many buildings unsafe. The Board for State Hospitals and Special Schools, which has charge of these institutions, estimates that it would take more than \$40,000,000 just to eliminate the firetraps and add enough buildings to care in an adequate way for the unfortunate people who are in these institutions today. I have personally inspected nearly all of these hospitals.

This is not a problem that developed overnight, but one that has been building up over a long period of years. The Legislature tried in 1941 and again in 1943 to do something about the building needs. One appropriation was vetoed by the then Governor; then the war came along and the building program was shelved for the duration.

The late Governor Jester recognized the crying needs of the state hospitals for more buildings, more doctors, more nurses and better facilities for treatment. He advocated a large appropriation for buildings, as well as a larger operating budget. The Legislature last year was sympathetic with his ideas, but heavy appropriations for other purposes used up most of the available revenues. On top of that, a sharp cut in Texas oil production caused an estimated \$22,000,000 drop in tax receipts.

Announcing he was not satisfied to see the job only halfway done, Governor Jester vetoed the state hospital appropriations for the second year of the

biennium (the year September 1, 1950, to August 31, 1951.) At the same time he promised he would call the Legislature together in January 1950 to provide for the state hospital operation and building needs.

A few days after that promise was made, Texans received the shocking news that Governor Jester was dead. His promise, however, must be kept. Otherwise, when another fiscal year begins next September 1, there will be no funds for food, clothing and care for the more than 23,000 people who are now in our insane asylums, tuberculosis hospitals, epileptic hospital and the special schools for the blind, deaf and otherwise physically handicapped.

I think these facts will suffice to answer the first two questions: Why is a special session of the Legislature necessary, and why hasn't the Legislature already provided the necessary funds? Actually, as has been shown, these two questions are one and the same. The thing that matters most now is that the funds have NOT been provided — and they must be.

What happened to the State's money? In another article I will attempt to answer that question with official figures from the State's books. The people of Texas certainly have a right to know.

"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Mo.
"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, San Benito, who was in bad shape, is also very much better and her blood pressure down considerably. This garlic works, and you are doing a fine job of producing it for the benefit of those suffering from high blood pressure or heart trouble."

March Meeting will be held on February 27th in order of C. B. Jackson of the State Evangelistic Department with us. The meeting will be at Caradan.

Chances for a reduction in Federal spending and for needed economies during this session of Congress were dealt a heavy blow last week when the House Rules Committee voted 215 to 183 against amending the House rules to allow the House Rules Committee to screen all spending and other legislation.

The action of the House not only meant more and more spending, but also cleared the way for FEPC and other civil rights bills to be brought to the floor. And it enhanced the chances for the advancement of such welfare measures as socialized medicine, etc.

Using this test vote as a barometer, it can be assumed that if the FEPC measure is brought to a vote in the House it will be passed by about the same margin. It begins to look like we must depend on the Senate to save us from FEPC.

Most of the Texas Members voted to curb deficit spending and to block FEPC and other socialistic measures. I was among 13 from our State who voted that way. Seven from Texas, however, voted the other way.

The other action by the House last week was the defeat by a close margin of a bill to provide \$120 million for aid to Korea and to commit ourselves to an additional expenditure there of \$200,000,000. I voted against the Korean aid measure.

Many of us became convinced that, as matters now stand, this spending would be plain waste and would add very little if anything to the security of this country. Our State Department has drawn a line from the Aleutians through Japan and Okinawa to the Philippines and has announced that we will not defend anything on the other side of that line. Korea and Formosa are both on the other side of the line. In other words, the State Department is willing to pour several hundred millions into Korea but is not willing to turn a hand toward its defense in the event of attack, and does not consider it militarily important to our security.

You may recall the trial and

conviction a year or so ago of one Harold Christoffel of Milwaukee for the offense of perjury. He was sentenced here in Washington to serve three years but the Supreme Court reversed the action and ordered a new trial. And the new trial is set for January 30.

It all started when Christoffel appeared before our Labor Committee a couple of years ago and, in answer to questions by the committee, swore he was not a Communist and had never been one. He had led an 18-months-long strike against Alis-Chalmers and our committee was investigating the charge that it was a Communist-inspired strike. In fact, we concluded it was just that and later events confirmed our finding.

The interesting point in the case was the precedent set by the Supreme Court in holding that a quorum of a committee could never be presumed but must be proved at the very time the alleged false testimony is given. In other words, just proving that a majority of the Committee is present is present when a witness is sworn in and begins to testify is not enough. The proof must go further and show that a majority was there at the instant the false part of the testimony is given.

In the first trial of Christoffel proof was ample that a quorum was present when the defendant was sworn and begun his testimony. Now, in the second trial, the Government must put each of us who were committee members on the stand and prove by a majority of Members that they were present when the false testimony was given.

Christoffel is represented by John Rogge, former Assistant U. S. Attorney General, who specializes in representing Communists and alleged Commies.

Since Christoffel's prior conviction he has been busy helping raise money for the defense of the 12 Commies convicted in New York a few months ago. The Milwaukee radical is a bad actor and, according to the sworn proof, is undoubtedly a Communist of long standing.

Texans gathered last week in Washington to pay tribute to Justice Tom Clark, the first Texan to gain a place on the Supreme Court of the United States. The event was sponsored by the Texas State Society.

Aside from the State Society, there is also an association of ex-Students of Texas University who now reside in the Nation's capitol. This group meets annually, on March 2nd, Independence Day, and talks Texas from away back. This year, though, something new is planned—not a single speech. Fritz Lanham of Fort Worth, President of the Ex-Students, says

it'll be different this time—not a dull moment, he promises, not even a speech. But he says the history and traditions of Texas will not be neglected.

By CLEMMIE IVY

We still have our damp, foggy weather after getting a good rain; the temperature is nice and warm. Most of the people in this part are able to be up. A lot of them have colds yet.

Jess Ivy still has to go to see the doctor and take his shots. His daughter, Mrs. Jewel Adams, returned to her work last Monday.

Mrs. Susie Jones of Brownwood visited in the Jess Ivy home last Friday night and went to the meeting Saturday at Mount Olive with Mr. and Mrs. Ivy, and they all attended the meeting Sunday also. There was a nice crowd out to hear Brother Chambers preach.

We are sorry to know Mr. Benningfield had passed away. He was a brothe-in-law to our neighbor, Mr. and Mrs. Walker Berry.

Mr. and Mrs. Berton Leverett and daughter spent Saturday night in the Berry home and attended Mr. Benningfield's funeral on Sunday.

Mr. and Mrs. W. W. Williams visited their children and friends a few days last week at Grand Prairie. They came back by Morton and brought home Mr. William's twin brother, Mr. Walter Williams.

We are sorry to know that Mrs. John Schlee of Priddy fell last Saturday morning and broke her hip. Here's wishing her the best of luck and we sincerely hope it isn't too critical.

We are also sorry to say that Mrs. George Lewis is having serious toe trouble. We think she is going to have to have more of her nails removed.

Mr. and Mrs. Walter Conner, three girls, Melba, Mary and Dorothy; also Grannie Conner visited in the J. S. Ivy home Sunday afternoon.

Mr. Ernest Burdett visited Mr. Earl Ethridge Sunday.

Cannibalism in chickens occasionally can be prevented by letting them peck at whole raw potatoes or whole ear corn.

Veterinarians say that the practice of letting dry cows shift for themselves on scanty pastures and fields, without supplementary feeding, accounts for a great deal of low resistance to reproductive diseases and low calf and milk production.

FREE MOBILE X-RAY MACHINE COMING

Mr. Phil Gauss field representative of the State Health Department, met with a group of interested citizens in the District Court Room last Thursday evening.

Mr. Gauss announced that the mobile x-ray machine would be in Mills County from April 21st to April 27th to x-ray every man, woman, and child over 15 years of age, FREE of charge.

The Health Department has been giving this free service to counties for several years, and many counties have already had the survey, but only this year, under the combined influence of County Judge L. B. Porter, Drs. Slaughter and Childress and nurses Maxine Geeslin and Mrs. John L. Gwin, has Mills County been able to obtain this free service. It is a great service, the biggest weapon to stamp out tuberculosis that the nation has.

Mr. Gauss emphasized the fact that more people die of tuberculosis than from all other communicable diseases put together.

This x-ray is made available through the State Health De-

partment by the taxes that we have paid. Every person in Mills County or out of the county, if they care to come—can partake of this service free of charge. The X-ray machine will be placed in a building here in town (building to be selected)—All x-rays will be confidential—there will be no delay as an x-ray takes only about 2 minutes. There will be no undressing; just walk through and be x-rayed.

An effort will be made to contact every person in the County, either by telephone or by a house to house canvass. School buses will be available at designated places in the county to bring people in and take them back.

The State Health Department wants a complete chest picture of Mills County—and surveys show that 10 out of every 100 people have something wrong with their chest—either t. b., lung cancer or some heart condition that could be serious if let alone.

This X-ray will be available every year, free of charge, if the people of the county will cooperate by taking advantage of this free service. Mr. Gauss said that many counties wanted this service, and you can readily see that if only a few people came

in to be x-rayed that they wouldn't come back next year, so we are asking every one in the county to come in and tell your neighbor to come in to be x-rayed FREE OF CHARGE.

TEXAS 'POLIO HOUR'

4:00 To 5:00 P. M., TUESDAY, JANUARY 31ST.

An appeal is made for all places of business in Texas to contribute to the March of Dimes in their respective counties an amount of money EQUAL to one-tenth (a tithe) of the business transacted during the one-hour period from 4:00 to 5:00 P. M. on Tuesday, January 31. This hour in Texas will be designated as the "Polio Hour". Each place of business which participates in this manner will be making an outright contribution to the March of Dimes in that county and will not be paying in a percentage of profits, but will merely use the amount of business transacted as a means of arriving at a contribution to make to the County March of Dimes because the funds are so desperately needed in this year of crisis in the fight against infantile paralysis.

Glendon Weathers, who is in the Navy at Los Angeles, California, came by Tuesday and visited his grandmother, Mrs. J. W. Weathers. He was enroute to his home at Houston. Mr. and Mrs. Tom Womack of Sonora spent the week-end in Goldthwaite with relatives.
