## FRIENDS OF K. B. HENRY ANNOUNCE HIM FOR COMMISSIONER NO. 3

Friends of K. B. Henry authorize this newspaper to make his announcement as a candidate for re-election for Commissioner of Precinct No. 3, subject to the action of the Democratic Primary.

Mr. Henry is an outstanding commissioner, and rates among the best with roads, machinery, and in the Commissioners' Court. His experience qualifies him for better service in the discharge of his work.

He was reared in this precinct, is a deserving, energetic man eager for his Precinct to rate among the best and to discharge the duties impartially to all parts of the Precinct No. 3.

The friends of Mr. Henry solicit for him your consideration, your influence and your vote in the July Primary.

## R. L. STEEN GIVEN NEW CHEVROLET CAR

Monday afternoon of this week R. L. (Bob) Steen was presented with a brand new Chevrolet at Saylor Chevrolet Company.

A movement started by club boys and girls after the Houston Livestock Show culminated in the gift, with the people of Mills County making up the balance after Bob traded in his old car, which he has worn out helping Mills County club members select, feed and show their fat steers that have won four Grand Championships at major livestock shows during the past 4 straight years, besides many Reserve Champions.

Mr. and Mrs. Steen have written the following thanks to the donors:

TO CLUB BOYS AND GIRLS AND FRIENDS OF MILLS COUNTY:

Since we do not know the name of each individual who donated on the car that has been given to us we wish to take this means to extend our most sincere thanks to you.

We shall enjoy using the car very much and shall always hold dear the memory of this deed. The gift is wonderful but the thoughts, friendship and love that made you do this beautiful thing will be among our most cherished memories in years to come.

Again we say thank you from the depth of our hearts.—Mr. and Mrs. R. L. Steen, Jim Bob and Jane Ann.

## BAPTIST MISSION INSTRUCTION COURSE STARTS FRI., FEB. 24

Mrs. J. H. McClain of Dalhart, state approved W. M. U. Baptist worker, will conduct a Mission study instruction course Friday, February 24 at Priddy Baptist Church.

The course will be sponsored by the Mills County Womens Missionary Union and all members of the association are invited, especially all teachers and leaders in mission work.

Mrs. G. M. Cash, W. M. U. president, says that the course will include demonstrations on teaching of the entire series of current home mission books.

The program will open at 10:00 A. M. and a covered dish luncheon will be served at noon.

The poinsettia can be planted in the yard after the danger of frost is past. Better protect from the sun by planting in a semi or shady area.

The commercial roaster-fryer business has developed, in part, because of quick turnover.

## OMA SHAW ENTERS RACE FOR SHERIFF ASSESSOR-COLLECTOR

This week O. H. (Oma) Shaw authorized this paper to announce him as a candidate for Mills County Sheriff, Tax Assessor-Collector, subject to the July 22 Democratic Primary. His name will be found in the Political Announcements Column.

Oma Shaw needs no introduction to the voters of Mills County, having spent all his life in the county, and is well and favorably known in every section. He was born close to the Colorado River in Mills County and spent his early life as a farmer and rancher. In 1923 he moved his family to town to take advantage of the schools, and has lived here since, where he has been engaged in various businesses. Mr. Shaw a few years back served for four years as Mills County Commissioner from Precinct No. One. For the past four years he has been employed by Cline Motor Company and Letbetter Motor Company as bookkeeper, cashier and parts manager.

Mr. Shaw says he expects to make a vigorous campaign for the office before the election. He takes this method of soliciting the vote and influence of the citizens of the county. He will make a formal statement to the voters in this paper in the near future.

Mr. Shaw makes the fifth candidate in the race for Sheriff.

## METHODIST MEN TO PRACTICE TONIGHT

In preparation for Layman's Day on February 26th, the men of the Methodist Church will meet tonight (Friday) to practice songs for this occasion. Following the singing, refreshments will be served and there will be a session of "42".

## MARRIAGE LICENSES

The following marriage license has been issued by County Clerk Earl Summy since last report:

R. L. Lee and Mrs. Mary Wilson.

Only a few breeds and varieties of chickens are suitable for broilers and fryers.

## FARMER CO INC SHOWS FARMALL PAINTED WHITE HERE

A Farmall tractor, painted white with red wheels and decorated with gold stars, is making news as it travels up and down the country roads of this community.

This tractor, with a colorful "teardrop" sign above the hood, is one which Fairman Co. Inc., local International Harvester dealer, is using to demonstrate the many features and all-around farm performance of the Farmall C on the nearby farms.

It has created considerable attention because all other standard production-line Farmall tractors are painted red.

The gold stars on the tractor indicate sales features: fingertip Farmall Touch-Control for lifting, lowering and adjusting mounted McCormick implements; the universal quick-change implement mounting frame; and quick-attachable drawbar.

Fairman Co. Inc. announces that the Farmall C, painted white, will be available at any time for those who wish to see them operate them on their own farms.

Louis Glass has been appointed by the Fairman Co. Inc. as "Farmall Man," and will have charge of the demonstrations. Those interested are asked to call him for an on-the-farm demonstration date.

## GOLDTHWAITE GETS .65 OF AN INCH OF RAIN; STAR GETS 1.9

The .65 of an inch of rain that fell here early last Sunday morning and the .03 of an inch of snow that fell Monday afternoon brings the total February fall to date to 2.97 inches here in town. Two inches were recorded here in January, bringing the year's total to date to 4.97 inches. Last year January recorded 3.30 inches and the month of February 1.51.

RAIN SUNDAY

Rain began falling here last Sunday morning about 1:45 and was measured at .65 of an inch at Harry Allen's government gauge. A light snow also fell Monday afternoon.

The rain was heavier in some places of the county. D. D. Henry, two and a half miles southeast of Star, reported 1.90 inches early Sunday morning. Mr. Henry also reported a rain measuring 2.4 inches fell there on Thursday of last week. The Jim Soules place at Star reported two inches on Thursday of last week.

SINGING AT MOLINE

There will be a singing at the Moline Baptist Church Sunday afternoon at 2:00 p. m. February 19.

Every one be sure and come. J. C. MILES.

## Mayor, 3 City Aldermen And City Secretary To Be Elected April 4th

Elsewhere in this issue of The Eagle will be found an official notice of a City Election to be held on the first Tuesday in April, this year, April 4.

At this election a Mayor, City Secretary and three City Aldermen will be voted for, all for two-year terms. Office holders whose terms expire this year are Mayor Loy Long, City Secretary R. C. Summy, and City Aldermen Howard Hoover, Jack Reid, and R. E. Worley.

A new state law that went into effect last year requires that in order to get a name on the official ballot, a candidate must file his name with the City Secretary at least 30 days before date of a city election, which this year will be by midnight Saturday, March 4.

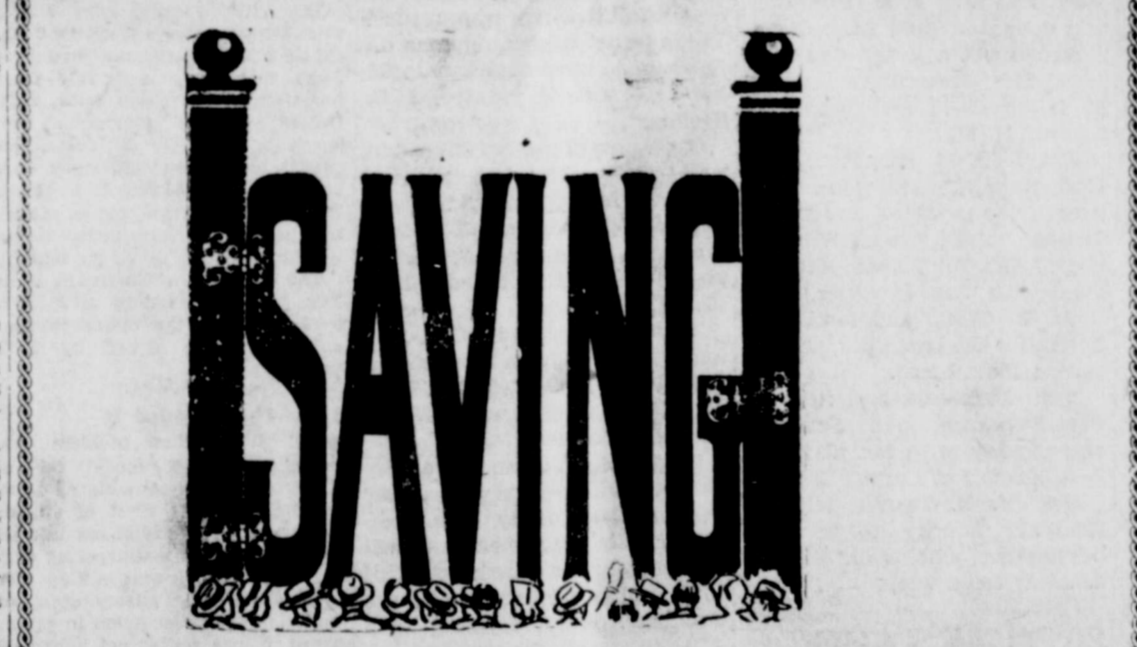

## NEW MEMORIAL LIBRARY TO BE BUILT IN SPRING

Several meetings between the committee for the Jennie Trent Dew Memorial Library—E. B. Gilliam and Sam Sullivan—and the City Council have been held recently, and building will be started on the structure in the spring, it has been decided.

Site has been bought just north of the Methodist Church, and the City is advertising this week to sell the house on the lot, to be moved off.

An Advisory Committee composed of Mmes. L. E. Miller, Nora Berry, and Mrs. E. B. Gilliam have been appointed. The late Mrs. Dew in her will left \$30,000 to be used as a memorial library, \$15,000 for construction of building and \$15,000 as an endowment for maintenance.

Henry Wadsworth Longfellow wrote "There was a little girl and she had a little curl right in the middle of her forehead."

## OPENS THE GATE TO RICHER OPPORTUNITIES FOR ALL

The bit you put away every week or every month will someday prove the gateway to financial security. Perhaps it will open the door to a successful business venture, or higher learning, enable you to retire young or fulfill some other cherished dream. For the sake of your future happiness and peace of mind make it a habit to bank regularly—and to bank here where you meet the friendliest, most courteous service.

**Our WASHINGTON Letter**

By Congressman O. C. FISHER

gress for a stronger labor law to cope with the situation. So, if the strike goes on the Nation will pay the price in suffering. If it happens, it should cause the President to see the light. It may be enough to convince him at last that laws, stronger laws, are needed to strip from union leaders like Mr. Lewis the power to run roughshod over the public interest in furtherance of their own unjust and reckless aims.

Mr. P. H. Walser of the Soil Conservation Service in Texas dropped in to see us the other day. He said there are now 18 soil conservation districts in our congressional district. Out of a total of 17,465 farms and ranches, 4,174 now have active conservation plans in operation. Most of the others have plans pending. Mr. Walser estimates that by the end of the next fiscal year there will be only seven or eight Texas counties not in organized soil conservation districts.

Now in charge of an important government research project at the nearby Federal Agricultural Experiment farm in Maryland is Dr. C. F. Winchester, formerly of Texas. His wife was the former Miss Alma Tatsch of Fredericksburg. Dr. Winchester, holder of several degrees, formerly did experimental work and taught at the University of Florida.

Of interest to our peanut growers is the provision in the House-passed cotton acreage control law which will give Texas additional peanut acreage to make up for an injustice. It provides that for 1950 no State shall have its peanut acreage allotment reduced by a percentage larger than the percentage by which the 1950 national peanut acreage allotment as heretofore proclaimed is below the 1949 national peanut acreage allotment. This applies only to 1950, and will add a total of 100,000 additional acres to the national allotment. Texas growers will get 43,000 acres of this.

Lots of mail and suggestions

come across the average Congressman's desk. With President Truman's proposed FEPC getting a lot of limelight of late, a card was received by all Congressmen the other day from E. M. Biggers of Houston, reading: "The best argument against Truman's FEPC is his own blast at Drew Pearson: 'No S O B is going to tell me who to hire or fire.'"

Speaking of mail and propaganda, most of the organized pressure, economic, and political groups have their own magazines and news releases. There is a constant stream of them, hammering away at their objectives. An example is the weekly CIO NEWS, devoted these days more to politics than to labor. The other day a political issue came in, featuring a CIO-PAC format on the cover. Inside is a headline, reading: "Fair Deal Majorities Can Be Elected to Congress". "Political years", the story says, "is at work in the South. In the last election 39 Southern reactionaries were elected without opposition. But this year labor and liberal groups are making strenuous efforts to get effective opposition for all Southern reactionaries."

A reactionary in the eyes of the CIO, I am told, is the opposite of a liberal. This definition of the latter came out the other day: "A liberal is a man who has his feet firmly based . . . in thin air!"

**RECEIVES BROKEN HIP**

John W. Roberts had the misfortune to fall early Sunday morning at his home. He was taken to the Childress Clinic for an x-ray, which showed a broken hip. He was rushed to the Medical Arts Hospital at Brownwood. Mrs. Roberts and her brother, Ernest Strickland of Brady are with him. Those from Goldthwaite who went to see him Sunday afternoon were: Mrs. Mamie Traylor, Mr. and Mrs. D. A. Hamilton, Mr. and Mrs. Ray Duren, Brian Smith, Mrs. J. M. Campbell, Mrs. Eula Nickols, Mrs. Morgan Wrinkle and Miss Bess Hutchings.

**Farm And Ranch Chatter**

With Layne Beaty  
WBAP, Fort Worth  
6:30 a. m. Weekdays  
10:15 a. m. Sundays

By the time you read this, the writer will be somewhere in South America with a group of 21 Texas cattlemen, including some of their wives. It's the WBAP Cattlemen's Tour, which was arranged by the WBAP farm department to satisfy a demand of some cowmen to have a better look at the kind of competition we are getting from south of the equator.

From the looks of our itinerary, we think we'll see what we go for.

The next three columns of Farm and Ranch Chatter, then, will be written along the trip and air mailed back to you by Pan American clipper, which promises extra speedy service on these dispatches and the tape recordings and film we intend to use in helping cover this interesting expedition.

The Hereford classes did very well in the Fort Worth and the Houston stock shows this month. This should ease Jack Turner's blood pressure some after it went up last year when an Angus was top at the Fort Worth exposition. Jack, a Fort Worth boy, is secretary of the American Hereford Association at Kansas City. He is planning a boat trip to the Palermo stock show in Buenos Aires next summer.

We were pleased to see Hulen Rigsby, Negro Jersey breeder from Dickinson in Galveston county, at the Houston show with a fine string of cows. He gets his breeding animals from Ontario. His animals have been judged tops in some classes at some shows and complimented highly at others.

This country with its price supports and all isn't the only place where the economy seems upside down. In Australia there is an excellent wool market now but it's so good it's causing ris-

ing prices there and the money is coming mostly in Australian or British pounds which they'd rather not have if they could get American dollars for their wool. American dollars is what they need to buy manufactured goods for us.

Meanwhile, we understand that potatoes are being okayed for livestock feed and for dumping in this country, but you can buy Canadian spuds for less money than you can American grown potatoes for human consumption.

This is a problem for congress.

This is National Rabbit Week. We don't know who proclaimed it so but the rabbit raisers are making great hay over it. It seems that they actually want more people to get into the rabbit raising business, competition notwithstanding. They say there is a demand for all

the rabbit meat they can produce and as more people get interested there'll be more demand.

Most of the rabbit growers we know frown upon the keeping of rabbits for pets. But in spite of the butcher-shop viewpoint they seem to have, they like to stroke the fur of those snow white, and bluish and checkered bunnies.

With the advent of "juice bars" in public places to promote the drinking of fruit juices, maybe these French fried potato places which set up at the stock shows and ball games could do well in other places and help with that surplus.

No large-scale commercial fryer operation should be undertaken without sufficient experience.

Give her the added health protection of flue-vented Whole-House Heating

You know what it is to have colds in the family.

When only part of your house is heated or when heat is not vented or not evenly circulated, your family is in constant danger of colds.

Flue-vented, whole-house heating with natural gas avoids these conditions! Air stays fresh. Heat is evenly-circulated to keep temperature uniform.

You'll find, too, that whole-house heating fits easily into modest budgets because overheating is eliminated. You get only the heat you need.

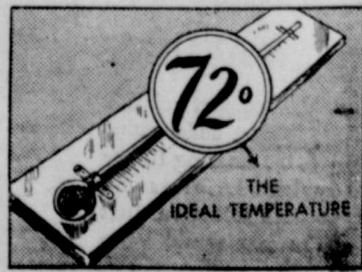

Don't put up with a threat to your family's priceless health a day longer. Act now.

Air is noticeably fresher because products of combustion are carried out of doors through a vent. Moisture causing wall sweating does not remain in the room.

Positive air circulation prevents frigid floors and chilly corners. Temperature "levels" are eliminated. You have greater protection from ever-present cold germs.

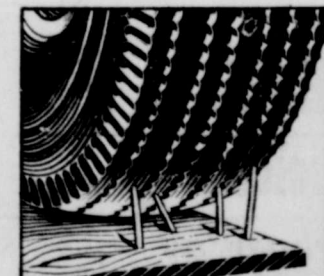

Automatic thermostatic controls maintain ideal temperature, keep you comfortable and protect you from colds. Fuel bills are kept at a minimum as no heat is wasted.

**BIRTHDAY PARTY**

Nancy Mae Roberts was honored with a party on her 7th birthday, Saturday, February 11 by her mother. Games were played and refreshments of cake and punch were served to the following:

Glenda Calder, Ladora Dellis, Bill Mac Cooksey, Barbara Ann Ratliff, Mary Singleton, Gayla Nan Holland, Sue Ethridge, Patsy Singleton, Joy Adams, James Coy McCowan, Dennis King, Betty Adams, Joe Carmachiel, Betty Bramblett, Eldora Edmondson, Jeanne Driskill, Diana Chaney, Martin and Aaron Roberts and Mrs. Jack Cooksey, Talmage King, Mrs. A. J. Adams, Mrs. Mozelle Carmachiel and Jennie Mae Driskill.

Mr. and Mrs. Ray Garran of San Antonio were guests of Mr. and Mrs. W. J. Sanders Sunday. Other guests in this home were Mr. and Mrs. J. L. Pickens of Lometa, R. B. Boyles and family of Brownwood.

Mrs. Effie Starks has been ill with an attack of influenza and at last report was better.

Mr. and Mrs. L. W. Farris of Route 3 are both reported on the sick list. We hope they will soon be much improved.

**GOOD NAMES—BETTER TO BE CHOSEN THAN GREAT RICHES**

Roy Dale Duren is the name of Mr. and Mrs. R. M. Duren's new son, who arrived Feb. 4th.

John Carl Smith is the name of the new son of Mr. and Mrs. J. R. Smith of Mullin and he is the first grandchild of Mr. and Mrs. A. G. Wasserman.

Larry Don Smith is the name of the first son of Mr. and Mrs. L. Kyle Smith. The two Smith babies are cousins and arrived only a few hours apart in the same hospital.

Mr. and Mrs. Bert Lockett and son, Carol, of Whiteface, Mrs. Libbie Dempsey and son, J. T. of Sundown spent the week-end with Mr. and Mrs. W. S. Chesser and old friends here.

Mr. and Mrs. Ernest Chesser are now residing with her mother, Mrs. Effie Stark. Their son, Pete Chesser and family are at the Ernest Chesser home.

Mr. and Mrs. E. T. Cobb came home from McAllen Saturday for a few days' visit. They plan to return to McAllen for a warm Winter visit.

Mr. and Mrs. Jim Sanders, Walter and Roy Sanders of San Antonio were week-end visitors with Miss Exa and Ele Sanders.

Col. and Mrs. Stokes and little daughter of Goldthwaite were Mullin visitors Saturday afternoon.

Mrs. John Plummer, Miss Shirley Fisher and Jack Plummer spent the week-end at Rankin with Mr. and Mrs. Willard Cowan and children.

Miss Elizabeth Lawhon was a recent visitor with her parents in Temple.

Mr. and Mrs. Bill Yeager and children visited his brother, Boyd Yeager and family, at Pecan Wells last Sunday.

**WEEK-END WELL SPENT**

Mr. and Mrs. R. H. Patterson and Mrs. Margaret Tolver drove down to Belton Friday and fortunately for them arrived at the beautiful new home of Mr. and Mrs. Ernest Obenhaus at noon.

After a warm welcome they enjoyed very much the pleasure of looking over this modern residence of a spacious living room, dining room, kitchen, three bedrooms, two baths and screened in porches.

The house is on a beautiful site with sufficient elevation to give it a fine view.

We were dinner guests in this hospitable home with Mrs. Obenhaus and admirable son, Ronald.

Mrs. Tolver visited her daughter and family until Sunday afternoon.

The Pattersons went to Kings Daughters Hospital and she had a check up. A fair report was given.

E. J. Boyd is at work for K. B. Henry in San Angelo; Mrs. Boyd and son, Billy, spent the week-end out in San Angelo, house hunting as they plan to locate there.

Mr. and Mrs. E. C. (Clint) Henry of Livingston were week-end visitors with his mother, Mrs. C. S. Henry and son, Earl Henry and family, also Mr. and Mrs. Ebb Oxley and children.

CONTINENTAL OIL COMPANY scientists and technologists inspect automobile engines after a 50,000-mile test run along the sizzling Mexican border to prove the quality of new Conoco Super Motor Oil. Norman Penfold (left center), of the Southwest Research Institute, certified the test. Here he is shown making measurements on a crankshaft after the 50,000-mile run. Test run was made over period of 70 days, with cars making an average of 60 miles per hour, 14 hours each day, 6 days a week in Mexican border heat that often reached 110 degrees in the shade. Measurements showed that engines of cars had no wear of any consequence; by actual measurement with sensitive instruments wear was average of less than one one-thousandth of an inch on cylinders and crankshafts. Other men in picture, Oak Lloyd (left), general sales manager for Continental Oil Company, and W. F. Ford, director of company's engine laboratory, helping Penfold measure motor parts; Frank Suess, director of sales engineering, and E. R. Baker, manager of Conoco's central research laboratories.

### RESERVE OFFICERS MUST REPORT ADDRESS CHANGES

Members of the Officers Reserve Corps have a responsibility to report changes of address and other changes in status to the Adjutant General's office in Washington, Major Lee Morris, Senior Instructor Organized Reserves, Brownwood Area, announced here.

Members of the ORO must report both temporary and permanent changes of address, on the WD AGO Form 803 supplied for the purpose, Colonel Abbott said. In addition, travel or residence in foreign countries, enlistment in the regular Armed Forces and employment by the Federal Government must be reported.

### HIGH PER ACRE YIELDS MADE IN 1949

College Station—You don't have to leave Texas to see corn and grain sorghum that will produce well over 100 bushels per acre or wheat that will run from 50 to more than 90 bushels per acre. Such yields were produced by a number of Texas farmers in 1949.

According to the reports from county agricultural agents, E. A. Miller, extension agronomist of Texas A. and M. College, says 16 counties reported that corn yields of 100 bushels or more per acre were made on one or more farms. These counties were Upshur, Franklin, Wood, Bailey, Hopkins, Houston, Henderson, Wise, Red River, Brazos, Shelby, Panola, Castro, Deaf Smith, Swisher and Hale. Individual

cases of yields in excess of 90 bushels were reported from 20 counties and 41 other counties reported yields of 75 bushels or more per acre. Miller says these outstanding corn yields show what can be done when good seed and cultural practices are used and with favorable weather conditions.

He says most of the high yields were made on land that had been enriched with fertilized and inoculated legumes. County-wide corn production contests played a big part by stimulating more interest in higher yields. In Upshur county, four 4-H boys and three adults produced more than 100 bushels per acre. Lee Roy Bartlett, a 4-H boy, made 149 bushels to lead the list and the high adult demonstration was conducted by Roy Williford, 133 bushels per acre. These yields were made with corn hybrids on land that had been in lespedeza meadows for several years.

Six 4-H boys and one adult in Franklin county produced 100 bushels or more per acre. H. L. Bridges in Wood county reported a yield of 142 bushels per acre. The highest yield in the state comes from Bailey county in West Texas, a small test plot under irrigation, was figured at 162 bushels per acre. Miller says all of these outstanding yields were made with corn hybrids.

Grain sorghum yields were good too. In Swisher county, Weldon McClung, a 4-H boy, reported a yield of 130 bushels per acre. Schlab Brothers in Farmer came up with 125 bushels; Bill Cluttie in Deaf Smith county checked in with 107 bushels; Harold Shearheart, Castro county 102 bushels and Deb Turner of Hale county made an even 100 bushels per acre. All of these yields were made under irrigation. Four of these counties also reported corn yields of 100 bushels or more per acre and it too was produced under irrigation.

The highest reported wheat yield ever made in Texas, says Miller, came from Deaf Smith county. John Paetzold checked in with 52.5 bushels per acre on a two acre irrigated plot. Jack Renfro and Gus Schlab in the same county reported yields of 60.5 and 52 bushels per acre respectively. E. M. Carter, Hale county with 60 bushels; Raymond Barth, Dallam county with 57; Jay Boston and the Hunter Brothers in Castro county with 56 and W. T. Miller of Bailey county with 55 bushels per acre were farmers who reported unusually good per acre yields on wheat. Miller says many other wheat farmers made yields of 40 bushels or more per acre which is considered very good wheat in any state.

In conclusion, Miller says 1949 production records were outstanding, however new and improved varieties, better cultural methods, management, the use of legumes and fertilizers and irrigation may see new high marks set almost annually.

## Lieutenant Governor Job Of Texas Open To Field Of Six Candidates

By JOE BELDEN  
Director, The Texas Poll  
Austin—Half a dozen candidates are jostling for position in the race for lieutenant governor of Texas, but none of them has won much of a statewide following as yet.

A statewide survey indicates less than ten per cent of the eligible voters can now identify any of the top-flight men who are in the running. Most voters confess they don't have any idea which one would be the best. About two out of every ten, however, will express an opinion. Among these there seems to be a slight preference for Durwood Manford, speaker of the Texas House of Representatives, and State Senator G. C. Morris of Greenville.

To measure opinion about the lieutenant governor's race, The Texas Poll put these questions to a representative cross section of voters in all parts of the state:

"Here are some men (listed on card) who may run for lieutenant governor of Texas. Which of them have you heard or read anything about? Do you know who is, or just what he does now?"

Heard or Read Correctly	Something About	Identified Candidate	Percentage

Manford has received considerable publicity as a possible candidate, but he hasn't announced. The other five are reasonably certain to file for a place on the Democratic ballot.

Until recently, Senator Morris was serving as acting lieutenant governor by virtue of being president pro tem of the State Senate. He was replaced as president pro tem by Senator Grady Hazlewood of Amarillo when the Legislature opened its current session.

Vick is state senator from Waco; Harris, state senator from Dallas; Reed, state representative from Dallas and former speaker of the House; and Ramsey, a former state senator from San Augustine who recently was serving as secretary of state.

Tommy Joe Palmer, son of Mr. and Mrs. Edward Eugene Palmer of Lampasas spent several days last week with Mr. and Mrs. Joe Palmer and other relatives.

Charles Head left the first of last week for Abilene where he is a student in the Draughn's Business College.

## PUBLIC SCHOOL SYSTEM COSTING LITTLE MORE

Austin, Feb. 11.—Texas' rapidly growing public school system is costing only one-twelfth more of every tax PENNY than the total expended ten years ago.

The surprisingly small increase in apportionment of the total tax dollar in the decade starting with the 1939-40 school year is due to several factors, Char-

les H. Tennyson, Director of Public Relations of the Texas State Teachers Association, pointed out here today.

The total government cost for all purposes has increased tremendously in the decade, Tennyson noted, but said that the percentage of total government cost for public schools jumped only from 30.31 percent in 1939-40 to 30.43 percent for the present school year.

Public schools this year will cost an estimated total of \$155,213,552 in revenue derived from state and federal funds. The total cost of all governmental services including education is

estimated at \$510,000,000.

During 1939-40, which was the last normal year prior to World War II, Texas had 1,073,847 children attending school. This year there are preliminary reports show, 1,181,103, an increase of 107,256 pupils.

"That huge added enrollment, plus better school facilities and more capable teachers, account for a great part of the added cost of operating our schools," Tennyson said. "In addition the dollar of today has a 1939 purchasing value of 59 cents."

"Texans indicated their desire for better schools when they approved the Gilmer-Aiken bills

which re-organized our school system and set higher standards, but I am pleased that the increased cost takes so little more than the total tax dollar than it did ten years ago."

## JAYCEES TO HOLD OLD FIDDLERS CONTEST

Brownwood, Feb. 14.—A section-wide Old Fiddlers Contest to be held in connection with the annual Lake Brownwood Regatta Sunday, May 7, with from \$150 to \$200 in cash prizes to be awarded, is being planned

by the Brownwood Junior Chamber of Commerce if amateur fiddlers and fiddle bands of this area indicate they are interested enough in such an event to justify the expense to the JayCees of holding it.

Amateur fiddlers and fiddle bands are asked to write the Brownwood Junior Chamber of Commerce immediately if they believe now they would like to participate in such a contest.

If the replies indicate sufficient interest the JayCees organization will appropriate money from its treasury to pay expenses of the contest.

comprise the Lesson-Sermon is the following from the Bible: "The Lord of hosts hath sworn, saying, Surely as I have thought, so shall it come to pass; and as I have purposed, so shall it stand" (Isaiah 14:24).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "There can be but one Mind, because there is but one God; and if mortals claimed no other Mind and accepted no other, sin would be unknown."

OFFICE SERVICES  
is the subject of the sermon which will be at all Churches of Christ, on Sunday, Febru-

golden Text is: "The exalted; for he dwelt in Zion; he hath filled Zion with wisdom and knowledge; and the stability of thy strength of salvation shall be known to all generations" (Isaiah 33:5, 6).

### H. D. CLUB

The club met Tuesday with Mrs. R. C. Berry in the Pleasant Grove community with fourteen present and three visitors, Mmes. John Gwin, Will Moreland and C. C. Berry.

Mrs. Gwin gave an interesting talk on health which we all enjoyed.

Our president, Mrs. McArthur wasn't able to be with us so Mrs. Sanson acted as president. We had our business then we sang some songs out of our song books we bought for the club.

Mrs. Oscar Burns was the lucky lady. She drew the ticket and got the nice gift the hostess always give at the club each time.

We will meet next time with Mrs. Allen Ross Tuesday, the twenty-eighth at two o'clock. We missed those who were absent. Just hope you can be with us in Mrs. Ross' home. Don't forget your gift. This is something new in our club so we can hadly wait until our time to get our gifts. —Reporter.

**DOG AND MASTER—**  
The following is from Pen Feathers in the Hamilton Herald-News:

This is the story of a stout-hearted dog and his little master. You could call "Laddie", the big Collie belonging to the Tillinghast family, a hero and it would be no stretch of the imagination. It is true he didn't save his little master's life, but it was no fault of his own.

Little Douglas Tillinghast, aged 5, had a small pail with which he played at carrying water and sand. In the skating rink operated by his parents, the pail was filled with gasoline used at the rink. Douglas, wanting his pail, reached up and pulled it over spilling the gasoline over him from his head down. It caught on fire from the near-by stove and Laddie, the child's constant companion,

sensing the danger, seized the boy's clothing in his teeth and pushed him out of the enclosure to where his terrified parents could see him. The baby was too badly burned to live. And Laddie too, is badly burned about his head and one foot. He may be blind in one eye the remainder of his life and severe burns around his nose and head are the marks of his devotion—a love that took no thought of his own danger—that paid no heed to his own pain and suffering. Laddie was not present at the funeral service for his little pal, held here Tuesday, but would it be too much to say that his loyal heart was there? A boy and his dog! There are but few relationships so unselfish and I think if there is a dog heaven, and surely there must be, Laddie will have a select seat in the circle of brave hearts and good.

And a little Goldthwaite girl was proudly showing her playmate her new home and said: "This is my daddy's den. Does your daddy have a den?" Playmate—"No, he just grows all over the house."

**BALLS AND BALLS—**  
"And how do you like codfish balls?"

### ABOUT RENEWAL DRIVER'S LICENSES

Austin, Feb. 15—Holders of the old-style drivers license will not be notified when their permits are about to expire. The procedure of advance

notification applies only to the new type license now being issued, A. F. Temple, chief of the drivers license division of the Texas Department of Public Safety, said Monday.

Holders of the old-style permits will be required to apply for renewal under the same procedure followed in the past.

Once a motorist obtains the new license he will be automatically notified when it is about to become outdated, Temple said.
