THE PASSING OF E. C. LOWE

We lost a good neighbor with the passing last Saturday of E. C. Lowe, the publisher of the Lometa Reporter. When we first came to these parts, Mr. Lowe was the very first of our neighboring fellow-editors to call personally and to make offers to help. On subsequent occasions, Mr. Lowe did help and he responded generously and readily to appeals for help. His philosophy as expressed in his first page column in his newspaper reflected the same warm feeling for his fellow-men. As we express our sympathy to his family, we say, also, that we shall miss him very much.

THE SUPREME SACRIFICE

We believe that we speak for every person in Mills County when we write to tell Mrs. Greta Traylor King and her children, Terrell and Charlotte, that their loss of their husband and father, First Lieutenant Raymond F. King, also was our loss. By his death in action in Korea, Lieutenant King made the supreme sacrifice for all of us. There are no words sufficiently adequate for expressing sympathy to Mrs. King and her children. But we hope from the depth of our heart that Mrs. King will find consolation in the gratitude of all of us, for whom Lieutenant King fought, and in the knowledge that when Terrell and Charlotte are older, she will be able to talk to them about their Daddy with great pride. He fought with gallantry and he died bravely. It was the same gallantry and bravery that won for him a field commission in World War II. His bravery in Korea had been attested by his superior officers before he gave his life in action. We hope, too, that there will be solace for Mrs. King and for Terrell and Charlotte in the knowledge that many men, who now are living, would not be alive if it had not been for Lieutenant King's skill and devotion to duty. Mrs. King's sorrow is our sorrow—but so is her pride. We hope that it will help you, even if only a little bit, Mrs. King, to know that you are not alone in your heart-ache. All of us owe to you a debt that cannot be paid. We are, however, aware of that debt.

AN APPRECIATION AND OUR THANKS

Last week the Eagle suffered two mechanical failures that seriously threatened our ability to meet our publication schedule. We were pulled out of the hole in which we found ourselves by the fine craftsmanship of W. H. Linkenhoger, the ready helpfulness of Carl Letbetter, the patient counsel and toil of Ernest E. Wilson, and the fact that J. D. Harper was able to produce a part at the very time it was sorely needed. We are grateful indeed to Messrs. Linkenhoger, Letbetter, Wilson and Harper, not only for what they did for us but also because of their sympathetic willingness to drop other pressing matters in order to help to get the Eagle to press on time. We think that Goldthwaite is fortunate in having such men. Our sincere thanks go out to them, as well as to Roy Lee Hill and Arnold K. Kelly who, in the Eagle's "back shop," responded to the demands of an emergency in a spirit that went far beyond the call of duty.

GOOD LUCK TO NORMAN DUREN

It is a cause for regret that Goldthwaite is to lose Jesse J. Saegert and his family but there is compensation in the news that his place as a businessman on the west side of the Square is to be taken by Norman Duren. As a former President of the Goldthwaite Junior Chamber of Commerce, Mr. Saegert contributed to community life. Through his interest in the 4-H Clubs, Mr. Duren also has helped to make for a better life for everybody in Mills County. It is good news that Mr. Duren intends to continue his 4-H activity. Our best wishes for success go to him as he hangs out his shingle next door to the Post Office.

KEEP GOING, EAGLES!

The performance of the Goldthwaite Eagles at Fredericksburg was a needed shot in the arm for our high school football team and it was a good omen for the remainder of the season. Most of all, it was reward for the hard work of the players themselves and the fine instruction of Coach Carl Knox. Our pride in the fighting spirit of the Eagles is increasing.

Editor's Note: George E. Sokolsky, one of America's foremost columnists, has been known to the editor of the Eagle for many years. We were together in China so far back as 1930. Mr. Sokolsky, who is a sound observer of events, writes in the following article that Americans soon must decide the issue of Government's costs, or bankruptcy.

By GEORGE E. SOKOLSKY

In the 10 fiscal years, 1940 to 1950, the United States will have spent directly for war—that is, for the national defense—\$368,019,000,000. To this should be added an estimated expenditure in 1951 of \$30,245,000,000, which will bring the total up to \$398,264,000,000.

To this vast sum must be added other items such as E. C. A., European military assistance, lend-lease, cost of the United Nations and similar expenses which are really items chargeable to the national defense. It probably will run as high as \$500,000,000,000 up to the end of the fiscal year 1950-51.

All that money comes out of the earnings of the American people. For the fiscal year in 1950, the gross national product of the American people amounted to \$259,800,000,000. In a word, over 10 years, we have spent roughly two years of the gross product of all the people of the United States on war, defense, and subsidies for other countries.

(The term gross national product means the total market value of goods and services, before deduction for depreciation or other allowances.)

Obviously, this huge expenditure cannot go on indefinitely unless a cut is made in other expenditures to which Oscar DeWeghe devotes himself. In the fiscal year, 1950-51, more than 10 per cent of the national product will go to war, not counting the rearming of Europe and similar aids to prospective allies.

The burden is enormous and the Korean war has proved beyond doubt that we can count on little aid from other nations. Their token aids may be of moral value, but in an appraisal of actual cost, they serve little.

It is, of course, gratifying to know that the Turks are sending some ground forces after MacArthur recaptured Seoul, and it is good to see that a British regiment appears on the war maps, but the United States really did that Korean job for the United Nations practically alone, and that is what we must expect from Europe.

Therefore, what the American people need to decide very soon is how much of the economy, the manpower and the natural resources of this country must be devoted to war, and how willing our people are to lower their standards of living and to reduce government-provided social benefits in order that the war costs can be met without bankrupting the land. It is doubtful whether the economy can long carry all our present commitments.

Politicians do not state these problems in such precise terms. They prefer to meet catastrophes when they come, hopeful always that they will not appear until someone else is responsible for them. Thus, we are now facing the terms of life arranged for us during the enthusiastic years between 1942 and 1945 along the assumption, that being done, was that the best was being done to save the world from dictators and for democracy. Out of all that we got Stalin.

Now, in the year 1950, our problem remains, what are we to do about our wars? We have an enemy who does not want peace, because the kind of war he has arranged costs him little and costs us much. Russia does not even use its own manpower in these wars, depending upon the huge human resources of its Asiatic satellites.

The object of these wars is not to win victories but to increase the cost of war to the United States. In a word, when Vyshinsky smiles over the defeat of North Korea, he is really smiling at the cost of the victory to the United States. By constantly forcing our budget upwards, the Russians are actually succeeding in embarrassing the

marriage of her sister, Miss Gussie, to Oscar Williams, a prosperous cattleman of Arizona, who formerly lived at Lometa.

J. B. Ferguson and his daughter, Miss Willie, left yesterday for Lancaster, where the young lady will be placed in the Randolph college.

Public Weigher Frizzell was badly hurt by a bale of cotton rolling against him Wednesday.

J. A. Godwin and Gran Trowbridge were among the visitors from Big Valley this week.

The Eagle's Act

By The Editor

Three days before he died in combat in Korea, Lieutenant Raymond F. King wrote a letter to Mrs. King and her children, Terrell, who will be four next January, and Charlotte, who is ten months of age. I have asked Mrs. King to share her letter with all of us because I think it is necessary for more of us to understand what war does to families and what happens to some of our people—to those who pay the price for the safety of the rest of us.

Raymond King died in distant Korea on September 23. On September 20, in pencil, on the stationery of the Regimental Headquarters and Headquarters Company of the 38th Infantry Regiment, the Second Division, he wrote what, in all probability, was the last letter to those who were dearest to him. Here is what Lieutenant King wrote from Korea last September 20 to his family in Goldthwaite:

"Dearest Ones: This finds me fine, all but for a little

GUEST CORNER

The following is an editorial from the Houston Chronicle of last Monday. It was entitled "Democratic Strategy."

There are indications that the general Democratic strategy in this off-year election campaign is to accuse all critics of the administration's foreign policy of playing Russia's game. We say this because it is being employed more and more generally by the Democratic candidates and spellbinders.

The technique appears to flow from the White House, since it was first employed here in Houston by Averell Harriman, presidential assistant, in the speech before the American Federation of Labor in which he accused Senator Robert A. Taft, of Ohio, of giving comfort to communism because of his views on foreign affairs.

Now Senator Herbert H. Lehman, faced with an exceedingly tough campaign for reelection in New York State, joins in the chorus.

The Chronicle does not believe that campaign orators of either of the two great parties can make capital by accusing their opponents of being of service to communism just because they fail to agree with the views of the speaker and his party.

Foreign policy is not so simple. (Continued on page 11)

American government and the American economy. Unless we are extraordinarily vigilant and farsighted, an ugly inflation will be upon us—and it can be more costly than a war with atom bombs included.

This then is a problem requiring great statesmanship and a facing of facts. One reason why men as Senator Byrd of Virginia and Senator Taft of Ohio is that they talk about such matters candidly and statistically, whereas the president prefers to screen the ugly from the public, hoping that the worst will not happen—at any rate, while he is around.

Self Culture Club Will Deliver Library Piano; Funds Are Needed

A piano for the Jennie Trent Dew Library, a project of the Self Culture Club of Goldthwaite, has been ordered and will be delivered to the Library building very soon, it was announced this week by Mrs. Sam P. Sullivan.

Mrs. Sullivan, who is Chairman of the Library Piano Fund

Committee of the Self Culture Club, said that donations from the public generally to the fund will be welcome, indeed, since an additional sum of \$100.00 is needed so that the piano can be paid for in cash upon delivery.

The piano, a Hadorf, is an excellent instrument, Mrs. Sullivan said. She pointed out that it will be a benefit to all of the people in Mills County and, accordingly, the Self Culture Club is anxious that as many persons as possible have a share in the purchase of it.

Favorable terms which made possible the purchase of the piano at cost resulted from the cooperative interest of Jimmie King of Brownwood, Mrs. Sullivan said.

This progress is more than statistics—it's people! And the people we know don't want it tampered with!

GENE LONG

Seaman Edward Gene Long, United States Navy, now is on duty with the Seventh Fleet in Formosan waters. He is the son of Mr. and Mrs. Lee Long of Goldthwaite. His mother says to call him "Gene," since the front handle of "Edward" is not the one he uses. A recent photograph of Gene came from Formosa. He was pictured with some of his shipmates with his arm in a sling and with a Chinese small boy who, in typical Chinese fashion, had adopted the American gobs. The Eagle chose the above photograph in preference to the one from Formosa because, in taking it, Leonard Archer caught Gene's big grin and twinkling eyes. Gene, who is 20, was graduated from the Goldthwaite High School in 1949. He enlisted in the Navy in August of 1949. Gene made his most recent visit to Goldthwaite last June.

Mrs. Boyd Osborne, Assistant Postmaster at Iraan, and her sister, Mrs. Guy Johnson, came to Goldthwaite last week to visit their mother, Mrs. C. F. Williams, and their brother, Bill Williams.

Mrs. J. T. Morris is visiting Mr. and Mrs. Boyd Hunt and Billy at Caldwell this week.

Mildred and Edwin spent Sunday with Mr. and Mrs. A. L. Crawford and William G.

Mr. and Mrs. Roger Smith, Mrs. Bill Partin and Thomas visited in the Charlie Partin home at Priddy Thursday morning.

B. J. Crawford was on the sick list a few days. Mr. and Mrs. A. L. Crawford came and took Daddy to the doctor for a check up. We are happy to report after suffering with a cold a few days he seems to be getting around as usual.

Mr. and Mrs. Tom Stevens are also sick with colds.

Mr. and Mrs. A. G. Collier visited their son, Millard Collier, and Mrs. Collier in Cleburne Sunday.

Mrs. W. J. Harvey of Fort Worth spent the past week visiting her parents-in-law, Mr. and Mrs. Ira O. Harvey of Fisher Street.

J. T. Soules Writes Interesting Letter From New Post In Costa Rica

Interesting letters from J. T. Soules, son of Mr. and Mrs. Luther H. Soules, are being received by his family from Costa Rica, where Mr. Soules is stationed with the Department of State.

As an adviser to Costa Ricans on modern agricultural practices, Mr. Soules and his wife make their headquarters in San Jose, the capital, but he writes that his work takes him most of the time into the hinterland where conditions are so primitive that they make letter writing difficult.

Mr. Soules, who took his Master's degree at Texas A. &

M. last month despite severe chemical burns suffered in a laboratory explosion, writes that it is impossible to generalize about Costa Rica because people, climate, customs and soil conditions vary from province to province.

"My work consists of going around to the different villages throughout the country to work with the local 'County Agents,' assisting them in working out demonstrations for the farmers," Mr. Soules wrote in his last air-mail letter. "Most everything is very primitive and the 'agents' themselves know less than a first year vocational agriculture boy in the States. For the most part, they are willing to learn, but everything must be made very simple in order that they can grasp it. Very few of the 'agents' can speak English, so that makes it doubly difficult. However, I'm learning Spanish rapidly and already can say just about whatever I wish.

Girls Style Show At Star Wednesday

The first year home-making girls at the Star School staged a style show last Wednesday afternoon.

Bible Class Singing At Caradan Sunday

The Downtown Men's Bible Class of Goldthwaite will go to the Caradan Baptist Church next Sunday afternoon for a singing in which everybody is invited to join from far and wide.

The Caradan Baptist Church and W. C. Frazier, Song Leader of the Downtown Men's Bible Class, not only issued cordial invitations to Sunday afternoon's singing but they promised singing such as there never was before.

The Caradan Singing on Sunday afternoon will start at two o'clock, Mr. Frazier said.

Miss Janet Soules of Baylor University at Waco spent the weekend in the home of her parents, Mr. and Mrs. Luther H. Soules. On Sunday afternoon Mr. and Mrs. Soules also had as guests Mr. and Mrs. Rex Mahan, Sr., Miss Patsy Franklin, Max Mahan, and Rex Mahan, Jr., of San Saba.

Mrs. Frank P. Bowman spent the past week visiting in Kermit with Dr. and Mrs. John Graves. Mrs. Graves is a daughter of Mr. and Mrs. Bowman.

Miss Vera Mae Bell returned home Friday after spending two weeks visiting relatives at DeLeon.

Improved pastures from native plants or to try to import seed from the States. You see, the rainfall here is so great that there are no open prairies. Everything is overgrown more or less with dense brush and forests. This must be cleaned out and, in many cases, it must be drained in order to establish pastures. Then it must be kept cleared by periodic plowing or other treatment.

"It is all a very great challenge to me, and I love it."

Womack's at Sonora over the field and Sam visited the Tom Womack's at Sonora over the weekend.

Mr. and Mrs. W. R. Rhodes of Belton and Mr. and Mrs. Foster Rhodes and little son of

Brownwood were guests of Mr. and Mrs. W. E. Rhodes Sunday.

Mr. and Mrs. Allen Taylor and children of Hamilton spent the weekend in the home of Mrs. C. A. Simpson and other relatives.

Eaglets Oppose Burnet Following Lampasas Defeat

The Goldthwaite School Junior football team, the Eaglets, played against the Burnet Juniors last night, Thursday, but since the Eagle went to press before game time, the results will have to be reported next week. Coach Jack Locklear said that nothing much is known about the Burnet Juniors, so the local youngsters will be venturing into the realm of the unknown.

Last week the Lampasas Juniors beat the Goldthwaite Juniors by a score of 20 to 0. Goldthwaite did very well in the first half but Lampasas tore loose and scored three touchdowns in the second half.

"We are not alibi-ing, but we were out-weighted and out-manned," Coach Locklear said. "We were beaten, all right, but everything was against us."

In the line, Jimmy Elliott and B. Horton played especially well for Goldthwaite, while Dick Lindsay as usual, played exceptionally well in the backfield.

Mail Bag Again Brings Good News From Ex-Localers

The Eagle editor's mail bag again has been bulging with some fine letters from former Mills County residents who have moved away but who continue to keep up with the goings-on at "home" through the columns of this newspaper.

One communication came from Lieut. J. B. Kuykendall who has been in hospital for several months. It is hoped that Lieut. Kuykendall is improving, since he has changed his address from Fayetteville, North Carolina, to Fort Bragg in the same state.

A very fine letter came from Mrs. Rose Stockton, who now lives in Oakland, California. As a matter of fact, Mrs. Stockton moved to California 46 years ago, but she has been "home" several times for visits and she continues to read the Eagle. By way of a nudge to Miss Edith Covington, Mrs. Stockton is especially interested in news of Pleasant Grove, and she would like to be able to find more of it in the Eagle.

As a child, Mrs. Stockton lived in Pleasant Grove. In fact, she was born there and she writes that still living in Pleasant Grove are a number of persons whom she knew when she was a child.

The Eagle editor also was very much touched by a letter from Mrs. Bruce B. Campbell, Jr., (Mary Margaret Campbell) who lives in Huntingdon Valley, Pennsylvania. She is a daughter of Mrs. Sparks Bigham. Here is a great big thanks for everybody else to read for the encouragement and generously kind comments that came out of the mail bag in the form of Mrs. Campbell's letter.

Mrs. C. A. Simpson Comes Back Home

Some time ago Mrs. C. A. Simpson wrote to the Eagle from Grand Prairie, where she had been living for a while, and she said she was homesick for Goldthwaite. Further, Mrs. Simpson said she would move back to Goldthwaite just as soon as she could. She did, about two weeks ago.

Mr. and Mrs. Floyd Blair recently moved to their home on Parker Street. Mr. and Mrs. Chas. Haenisch moved into the house on Second Street.

Out Of This World

Did you hear Meredith Wilson on the radio last Wednesday night? The Eagle editor heard him and decided to pass on Meredith's joke. He told about two men sitting in a doctor's office reading . . . and waiting. One said: "I see here in this article that the world is going to come to an end in a month." The other man replied: "That doesn't concern me, I live in Texas."

Jimmy Smith Hears Rattlesnake In His Toy Chest, It Says Here

This is the rattlesnake story to stop all rattlesnake stories and so as you read it, you must be calm, sit back comfortably and close your ears to any noises such as Jimmy Smith, age 7, heard in his toy chest last Saturday night.

On that night, about ten o'clock, the O. O. Smith family was assembled in the back bedroom of their house on the mountain when Jimmy started a long chain of events with the announcement that there was a rattlesnake in his toy chest.

Mrs. Smith listened. Other listened. So did Betsy, 12, and Michael, who also is 12. Grandpa W. P. "Proe" McCullough listened. Everybody listened except Miss Angeline who was attending the State Fair of Texas in Dallas, and so missed out on the thrills of life in the O. O. Smith home of a late Saturday night.

After all the listening, a family council concluded that the buzz tail was not in Jimmy's toy chest but was under the house, directly beneath the chest. So, armed with Jimmy's 410 shotgun, Othel found a hole in the foundation through which to shoot, with Jimmy bossing the job. It was finally

around 11:30 o'clock when Proe McCullough took over and fired the last shot, and the dead rattler was retrieved.

"It was more than six inches in diameter," said Mrs. Smith who, on the following Monday, still was wide-eyed and looking most attractive in a pastel-blue blouse that set off the snow in her hair. "It was more than five feet long. It had a whole rabbit in it. It had 13 rattles, and it must have had 17 or 18 before it lost some."

After she ran out of breath Mrs. Smith, who was clutching a paper bag, proceeded to dump 13 rattles on the desk of a most uneasy Eagle editor who had been worrying himself sick about what might be in the sack. It was duly noted that after Mrs. Smith had displayed the rattles, she did not use her fingers to get them back in the bag. Instead, she took a pad of Trent State Bank checks and daintily maneuvered them into the sack.

Last Sunday, Proe McCullough put the rattler's corpse in his pickup and drove it to Hico "and all around." It was well exhibited over a large area of Central Texas. Mr. McCullough, who is 79, can go in for such antics if he wants to, but this reporter wants no part of them.

A few more items are needed to complete this story.

after the snake had bitten the Smith dog, Octavius, the son of Caesar. On that occasion, Dr. Danford's anti-snake venom saved Octavius from showing even symptoms of his experience. Octavius is part collie, with the remainder defying detection.

2 — Mrs. Smith was asked if there were any more rattlers under her house. "I hope . . ." she replied, and there she stopped.

3 — The Eagle editor, in a high state of excitement, told Miss Earlene Nix there was a live rabbit in Jimmy Smith's rattlesnake. "Did they let it go?" Miss Nix asked.

Mr. Lowe was married in 1915 to Miss Ward. A year later he published his first newspaper, the Signal. During his life he also had published the Enterprise and the News and he had been associated with newspapers in

Italy, Albany, Eastland, Brownwood and Fort Stockton. His column, "Bittersweet," published in the Lometa Reporter, was widely quoted and was conspicuous for its humor and homespun philosophy.

He has been active in organizing Singings on a County-wide basis and is credited with having given great stimulus to mass singing of hymns.

He was employed by the Lettetter Motor Company for five years. He is married and has two children—Robert, who is 4, and Deborah, who is 2.

Dallas Highly Honored As Mills County Delegates Visit The Fair

Last Saturday was a big day for the State Fair of Texas at Dallas because it was attended by so many persons, especially young people, from Mills County.

The Star Chapter of the Future Farmers of America went to Dallas and so did a number of other pupils from the Star School. A considerable group of adults also went to Dallas from Star.

Wray B. Williams, Superintendent of Schools at Mullin, said that his school and his community were well represented at the Fair.

Then along came Fred Smart, Reporter for the Eagle Chapter, Future Farmers of America, at the Goldthwaite High School. Here is young Mr. Smart's report on the expedition, precisely as he wrote it. He, not the Eagle, is responsible for the statement about forgetting F.F.A. sweethearts. Now for the report by Mr. Smart:

"On October 7, Future Farmer Day at the State Fair of Texas, a large group of members

of the Goldthwaite F.F.A. chapter forgot about the F.F.A. Sweetheart race at home and journeyed to Dallas to see the sights.

"After having seen exhibits of livestock, agriculture, automobiles, foods, farm equipment and an atomic exhibit, the boys went through the great, wide sparkling midway. At five o'clock that afternoon all of the group clambered aboard the bus and went to Fort Worth to see what most of them considered the highlight of the day. The great event was the defeat of the Arkansas University Razorbacks by the Texas Christian University Horn-Frogs. The score was 13-6.

"Shortly after the game, the group started the trip home and arrived in Goldthwaite early, very early, Sunday morning.

"The local school board provided a school bus to transport the boys to the fair.

"The only casualty was Ted Dennard who hurt his feelings when he sat on a lighted match."

Jimmy Smith Hears Rattlesnake In His Toy Chest, It Says Here

This is the rattlesnake story to stop all rattlesnake stories and so as you read it, you must be calm, sit back comfortably and close your ears to any noises such as Jimmy Smith, age 7, heard in his toy chest last Saturday night.

On that night, about ten o'clock, the O. O. Smith family was assembled in the back bedroom of their house on the mountain when Jimmy started a long chain of events with the announcement that there was a rattlesnake in his toy chest.

Mrs. Smith listened. Othel listened. So did Betsy, 12, and Michael, who also is 12. Grandpa W. P. "Proc" McCullough listened. Everybody listened except Miss Angeline who was attending the State Fair of Texas in Dallas, and so missed out on the thrills of life in the O. O. Smith home of a late Saturday night.

After all the listening, a family council concluded that the buzz tail was not in Jimmy's toy chest but was under the house, directly beneath the chest. So, armed with Jimmy's 410 shotgun, Othel found a hole in the foundation through which to shoot, with Jimmy bossing the job. It was finally

around 11:30 o'clock when Proc McCullough took over and fired the last shot, and the dead rattler was retrieved.

"It was more than six inches in diameter," said Mrs. Smith who, on the following Monday, still was wide-eyed and looking most attractive in a pastel-blue blouse that set off the snow in her hair. "It was more than five feet long. It had a whole rabbit in it. It had 13 rattles, and it must have had 17 or 18 before it lost some."

After she ran out of breath Mrs. Smith, who was clutching a paper bag, proceeded to dump 13 rattles on the desk of a most uneasy Eagle editor who had been worrying himself sick about what might be in the sack. It was duly noted that after Mrs. Smith had displayed the rattles, she did not use her fingers to get them back in the bag. Instead, she took a pad of Trent State Bank checks and daintily maneuvered them into the sack.

Last Sunday, Proc McCullough put the rattler's corpse in his pickup and drove it to Hico "and all around." It was well exhibited over a large area of Central Texas. Mr. McCullough, who is 79, can go in for such antics if he wants to, but this reporter wants no part of them.

The Golden Text is: "Herein is love, not that we loved God, but he loved us, and sent his Son to be the propitiation for our sins" (1 John 4:10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For sin shall not have dominion over you: for ye are not under the law, but under grace" (Romans 6:14).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Atonement is the exemplification of man's unity with God, whereby man reflects divine Truth, Life, and Love" (page 18).

There was a large attendance at the funeral at the Lometa.

Mr. Lowe is survived by his widow and two sons, Ward, who is editor of the Lampasas Dispatch; and Charles, a United States Marine on duty in California. Four sisters, Miss Callie Lowe of Gorman, Mrs. Emma Douglas of El Paso, Mrs. Neva Reed of Houston and Mrs. Francis Baker of Houston also survive. Pallbearers at Mr. Lowe's funeral were W. T. Baker, W. C. Owens, Pat McClure, John B. Sampley, Jack Carroll and Curtis Goodman. Pallbearers at the Masonic rites were O. N. Mason, L. M. Stephens, J. L. Mrs. Miles, who will operate Dalton Cleaners while Mr. Dalton is on military duty for an indefinite period, is widely known in Mills County, especially for his interest in song fests. He has been active in organizing Singings on a County-wide basis and is credited with having given great stimulus to mass singing of hymns. He was employed by the Let-better Motor Company for five years. He is married and has two children—Robert, who is 4, and Deborah, who is 2.

Flo Wilke Buys Angus Cows From Off Wheat Field

Flo Wilke, who runs the Shady Oaks Ranch on the Lampasas highway, announced this week that she has just purchased 39 fine Aberdeen-Angus cows right off the wheat fields of Kansas. The black beauties, purchased through Emery Birdwell of Palo Pinto, arrived last Monday night. They have been bred and four calves already are at the sides of the cows, which averaged 1,100 pounds each in weight. Mrs. Wilke said that the cows were bred to a registered bull and that she plans to keep them for breeding purposes. In addition to the transaction in which Mrs. Wilke acquired her new herd of Aberdeen-Angus cows from Kansas, she said that she has just delivered 70 Angus calves to Brown Mays and Carl Cloud of Lampasas. The calves, seven months old, averaged 477 pounds each in weight.

Paul Johnson On Duty In Germany

Paul Johnson, who spent his youth in Goldthwaite, now is on duty in the Army in the American Zone of Germany with the 18th Infantry Regiment, which is stationed near Frankfurt. His mother, Mrs. G. H. Slone of Slaton, said on a recent visit to the Eagle office that Pfc. Johnson has written that he hopes to come home next year. Dallas Highly Honored As Mills County Delegates Visit The Fair

Last Saturday was a big day for the State Fair of Texas at Dallas because it was attended by so many persons, especially young people, from Mills County. The Star Chapter of the Future Farmers of America went to Dallas and so did a number of other pupils from the Star School. A considerable group of adults also went to Dallas from Star. Wray B. Williams, Superintendent of Schools at Mullin, said that his school and his community were well represented at the Fair. Then along came Fred Smart, Reporter for the Eagle Chapter, Future Farmers of America, at the Goldthwaite High School. Here is young Mr. Smart's report on the expedition, precisely as he wrote it. He, not the Eagle, is responsible for the statement about forgetting F.F.A. sweethearts. Now for the report by Mr. Smart: "On October 7, Future Farmer Day at the State Fair of Texas, a large group of members

of the Goldthwaite F.F.A. chapter forgot about the F.F.A. Sweetheart race at home and journeyed to Dallas to see the sights. "After having seen exhibits of livestock, agriculture, automobiles, foods, farm equipment and an atomic exhibit, the boys went through the great, wide sparkling midway. At five o'clock that afternoon all of the group clambered aboard the bus and went to Fort Worth to see what most of them considered the highlight of the day. The great event was the defeat of the Arkansas University Razorbacks by the Texas Christian University Horn-Frogs. The score was 13-6. "Shortly after the game, the group started the trip home and arrived in Goldthwaite early, very early, Sunday morning. "The local school board provided a school bus to transport the boys to the fair. "The only casualty was Ted Dennard who hurt his feelings when he sat on a lighted match."

CARD OF THANKS

There are no words to express the appreciation we feel for what our friends and neighbors have done for us during the long illness and the death of our beloved husband and father, Edgar Jones.

It would be impossible to name the kind deeds and to thank each one personally, so if we have not said it to you we do now, and may you have just such friends in your hour of need as our prayer.—Mrs. Edgar Jones, Mr. and Mrs. Edgar Jones, Jr.

CARD OF THANKS

We wish to thank all of our friends and relatives for the beautiful flowers and the many deeds of kindness shown to us at the death of our husband and father, Lieut. Raymond F. King. Such acts of thoughtfulness will always be remembered.

Warren Duren Is Appointed Head Of Bonds Group

Warren P. Duren, Vice President of the Trent State Bank of Goldthwaite, has been appointed Mills County savings Bond Chairman. It was announced this week by Nathan Adams of Dallas, Chairman of the U. S. Treasury Department's Advisory Committee for Texas.

Mr. Duren succeeds W. D. Clements, who had held the post for several years and whose services were praised highly by Treasury Department officials. Mr. Clements' resignation was accepted with great reluctance, it was said.

Mr. Duren will be in charge of all phases of promotion for U. S. Savings Bonds in the County. As county chairman, he joins a statewide volunteer organization whose efforts are a contribution to public service.

In accepting the appointment, he said that U. S. Savings Bonds give every person who buys them an opportunity to help both himself and the nation.

"The individual who regularly invests a part of his income in Savings Bonds is protecting himself against the uncertainties of the future," he said. "Only by thrift can most of us weather sudden financial emergencies or accumulate enough to realize our ambitions for homes education for our children, or carefree retirement when our working days are over."

"By investing in Savings Bonds we also help the nation's economic structure because the more people we have in sound financial condition the more we assure the continuation of prosperity in general."

Mrs. A. M. Pribble left Monday morning for a week's visit in Dallas with Mrs. Ben Gettys. Mrs. Gettys will be remembered here as Louise Evans. Her parents lived in Goldthwaite some years ago.

News Of The Brown-Mills Soil Conservation District

The King Ranch Bluestem seed plots were ready for harvest last week and cooperators with the Brown-Mills Soil Conservation District were busy saving the crop. Dr. T. C. Graves bought a new type seed harvester. V. C. Segelquist mounted the seed stripper on his tractor.

E. J. Drucekhammer, D. T. Jenkins and Johnnie Fallon used their combines. J. H. Priddy, Emil Schuster and Burt Hopper used the District-owned windrower.

Dr. Graves ordered his seed harvester from Kansas City, Missouri. It is principally a rotating cylinder with spikes that strip the seeds from the stalk.

Roy Dellis and Frank Cook are harvesting approximately six acres of K. B. Bluestem and are

scattering the field-run seeds immediately on the pasture land. They will harvest a seed plot of little bluestem and later the sidecoats grama will be ready. Dr. Graves plans to harvest grass seeds on the shares with his new machine.

V. C. Segelquist mounted the seed stripper that was designed by Ben R. Day and built by the Brown-Mills District, on the front of his tractor and used the power from the belt pulley to rotate the two reels. He will rotate the two reels. He will go over his 3 acre KRB seed plot about every three days to get the matured seeds. He will also harvest little bluestem and Indian grass seed.

E. J. Drucekhammer ran his combine up and down his waterway to harvest a nice lot of

K. R. bluestem seed to sell. He caught the hay in a trailer and will scatter it on a trap pasture near his farmstead. On part of the waterway, Mr. Drucekhammer used the windrower to cut the KRB and he let it dry for two days. He then ran the hay through his hamer mill in order to make it easily handled.

D. T. Jenkins is harvesting his 11 acres of KRB with a combine. Johnnie Fallon got one seed crop of KRB in the spring and will get another crop this week with his combine. Johnnie applied 60 pounds of nitrate fertilizer per acre on his five acre KRB seed plot.

J. H. Priddy uses the K. R. bluestem growing in his diversion terraces as his seed source. He picked up hay after it was cut with the windrower and put it in a shed to cure out. He will hammermill the hay and scatter the seeds next spring. Emil Schuster used a similar method for handling his KRB because he plans to use all the seed from a 2 acre plot on his own ranch.

One swath with the windrower down the KRB waterway on Burt Hopper's farm and Burt had a trailer load of hay to cure out and hammermill.

"WHAT YOU WANT—WHEN YOU WANT IT."

Who Runs America?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organ-

izations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- | | |
|---|--|
| General Federation of Women's Clubs | American Legion |
| American Farm Bureau Federation | National Association of Small Business Men |
| National Grange | United States Chamber of Commerce |
| Veterans of Foreign Wars | National Association of Retail Grocers |
| National Conference of Catholic Charities | National Retail Dry Goods Association |
| American Protestant Hospital Association | American Bar Association |

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudfest security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today

in America—70 million people are protected by Voluntary Health Insurance! Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

election coming up in November.

I have more faith in General MacArthur than in any living American who is known to me. I knew him first when I was the Chief United Press correspondent in the Philippines, with headquarters in Manila, and when General MacArthur was commanding the Philippines Department, the United States Army.

One morning, I was awakened before daylight by a call from the cable office. I was told of a message that reported the appointment of General MacArthur as Chief of Staff of the United States Army in Washington. Since I had been awakened so early, I called General MacArthur, got him out of bed, and told him of my news from Washington. He argued, and said that nobody could be appointed Chief of Staff from a post outside the continental United States. I told him that had been considered—that he was to go from Manila to San Francisco, where he would take command of the Ninth Corps Area and then, after relinquishing that command, go on to Washington to become Chief of Staff. That is the way it worked out, and we had champagne for breakfast—for the first and only time in my life—to celebrate.

Since then, and many times down through the awful years since 1929, I have talked with General MacArthur. We were fellow-members of the Black Cat Club in Manila I knew him socially, and officially. The point is that at last, I have confidence in a man who is to have the ear of the President of the United States of America. I think that next weekend will mark an important turning point in our history. General MacArthur is bigger than Harry S. Truman. He knows much more about the crisis we face. He can lead us, if only indirectly.

For a long time, President Truman has been ill-advised—by his own Department of State. When he meets General MacArthur next weekend, he will be well-advised. We should pray that the advice of General MacArthur to President Truman will be accepted by the man in the White House. If it is not accepted, we face disaster. If it is accepted, we face a future in which awareness of the stern realities will help us to fight through to the final victory of Freedom.

In the columns of this newspaper, during recent weeks, I have expressed the opinion that the second phase in the struggle

again made the third advance on a 15 yard run to the Fredericksburg 16 yard line where the Eagles finally were prevented from scoring.

The second penetration of the Fredericksburg 20 yard line came when Curtis Lawson recovered for Goldthwaite on a Fredericksburg fumble on their own 15 yard line. The closest the Hillbillies ever came to the Eagles' goal was in the third quarter, when they reached the Goldthwaite 21 yard line.

Coach Carl Knox backed up the grandstand quarterbacks in their assertion that against the Hillbillies, Curtis Lawson played his best game of the season to date. There also was a splendid performance by Jimmy Hays, who is turning out to be a fine football player. John Stark also played his usual fine game.

It was the second half of the game that was a heart-breaker. During the entire second half against the Hillbillies, the Eagles gained 22 yards and made two first downs!

Coach Knox is familiar with Burnet's strategy and tactics. He said this week that Coach Caraway of the Bulldogs will run off the single wing while, of course, the Eagles will go in for the T.C.U. spread formation.

Following are the statistics on the game between the Goldthwaite Eagles and the Fredericksburg Hillbillies on October 6:

	FHS	GHS
First downs	9	9
Penetrations	0	2
Yards rushing	124	132
Yards passing	51	86
Yards lost	59	69
Passes attempted	17	14
Passes completed	4	4
Intercepted by	2	1
retnd.	5	0
Opnts. fumbles record	1	2
Ball lost on downs	3	2
Punting average		
FHS, 7 for 36; GHS, 7 for 44		
Yds. punts returned:		
FHS, 6 for 92; GHS, 4 for 37		
Yds. kickoffs returned:		
FHS, 1 for 26; GHS, 1 for 8		
Penalties:		
FHS, 2 for 20; GHS, 5 for 30		

in which we have been engaged since last June 25 is close at hand. I believe that all of us will see that second phase very clearly during the week that is before us.

Gene Dyas Urges More Signers To Freedom Scrolls

Opportunity to sign Freedom Scrolls as part of the Mills County participation in the Crusade for Freedom will continue through Wednesday of next week, according to Eugene L. Dyas, President of the Goldthwaite Junior Chamber of Commerce.

Freedom Scrolls, which may be signed by all citizens who are opposed to Communism, are waiting for believers in freedom at the Trent State Bank, the office of the Goldthwaite City Utilities, and at the office of the Lone Star Gas Company. A number of signatures already have been written on the scrolls. Further, a number of younger persons from Mills County who attended the State Fair of Texas in Dallas last Saturday are reported to have signed the Freedom Scrolls at the Fair.

The Junior Chamber of Commerce is sponsoring the Freedom Crusade in Mills County and Mr. Dyas urged that everybody sign up. Those who are able to do so are asked to contribute, even in small amounts, to help to maintain Radio Free Europe on the air. It is operating, independently of Government broadcasts, to penetrate the Iron Curtain with accounts of how free men live.

"It will be a sad commentary on our apathy in the face of the menace to freedom if we have only a few signers to the Freedom Scrolls in Goldthwaite," Mr. Dyas said this week.

servers have reported more careful driving on Hannah Valley Road in the vicinity of the Goldthwaite School. Erection of warning signs by the American Legion under the direction of Harold Yarborough, Safety Committee Chairman, and the firm stand against reckless driving by the Goldthwaite Junior Chamber of Commerce, are credited with reducing recklessness near the school.

Mr. Duren, a member of a well known Mills County family, formerly operated the Durenville Cafe on the Brownwood highway. He has been active and helpful in the work of 4-H Club boys and girls in the County.

Mr. Duren, who has taught for the past year and a half at the Mills County Vocational School, formerly was a teacher of vocational agriculture—a subject which he taught at Priddy for six years. He said that his interest in 4-H work will continue unabated.

In discussing his future plans, Mr. Duren said that Rube Hammond will remain as a member of his staff. Mr. Duren said also that in addition to an extensive furniture line, he will continue to carry such well known household appliances as Maytag, Norge and Philco. He expects to augment his stock considerably in the near future.

Texas Venture
In Education • 1876-1951
Our first state college—Texas A. and M. is now in its seventy-fifth year

... at the lowest possible cost, an education which is at the same time thorough, liberal and practical.

Richard COKE

Governor Richard Coke, first Democrat to hold the Governor's office in Texas after Reconstruction days, was more responsible than any other man for the founding of the A. and M. College of Texas. A well-educated (William & Mary) strong-willed man of vision, he pushed through the Legislature the acts which established the college as a going concern, and served as chairman of the college's first board of directors. In his speech dedicating the new institution, on opening day, October 4, 1876, Richard Coke laid the foundation stone for the educational philosophy on which A. and M. has grown. "The aim and mission of the Agricultural and Mechanical College of Texas," he said, "is, while preparing the young men of Texas for the high duties of American citizenship, at the same time to train their intelligence in the methods and appliances of science, and their hands to the skill which shall utilize them in the everyday pursuits of life... It has been the constant aim of the board to bring down to the lowest possible figure the cost of an education which shall be at the same time thorough, liberal and practical." On this foundation, the A. and M. College of Texas has been built, in its 75 years into one of the outstanding technical schools.
