INSIDE WASHINGTON MARCH OF EVENTS

1955 Outlook for Eisenhower Dim Outlook for President's Proposals Not Too Promising Top Objectives if Demos Win

WASHINGTON—While President Eisenhower has served notice that he will renew his request in January for his legislative proposals sidetracked by the last Congress, his chances don't look too promising.

Three big proposals to be re-offered to Congress are the President's demands for revision of the Taft-Hartley law, Hawaiian statehood and an 18-year-old voting age.

If the Democrats pick up seats in the House and Senate, the outlook for all three measures will be even dimmer than this year when they were bottled up by Congress.

It was the Democrats who led opposition to all three proposals. They especially are reluctant to tighten up on the Taft-Hartley law in view of organized labor's support of their party, and they won't accept Hawaii as a state unless Alaska is also admitted to offset any GOP gain.

There has never been much enthusiasm for the 18-year-old vote proposal among members of Congress, Democrats and Republicans alike. There is no indication they will change their minds on that score.

TAX TALK—Watch for a campaign barrage of news releases and speeches on the new tax law which has been signed by President Eisenhower and has been called the "cornerstone" of his administration's legislative program.

While the bill was being handled in Congress, Democrats argued that it was designed to aid "big business" and that individuals would suffer, because they should have received a larger share of the tax relief.

The administration, however, is lining up arguments in behalf of the new measure. Its spokesmen will contend that: 1—Many provisions of the new bill give individuals more breaks than were given business. 2—The bill hit corporations hard because it extended the present corporate income tax rate at 52 per cent instead of letting it drop back to 47 per cent. 3—Such provisions as were designed to aid business were aimed only at ending such things as double taxation and confusion resulting from conflicting past tax rulings.

HOOVER HELPS—Former President Herbert Hoover may not know it but he can take part of the credit for Congress having passed a measure to outlaw the Communist party. It stems from the speech he made on his latest birthday in which he slapped at the Democrat party for having tolerated the infiltration of subversives into government ranks.

Democratic leaders fumed but kept comparatively quiet while laying plans to halt this type of attack on them. They moved swiftly, suddenly and drastically when the Senate took up legislation to bar Communist-infiltrated labor unions from having bargaining rights. Senator Hubert Humphrey, a Minnesota Democrat running for re-election, introduced an amendment which would have made it a crime to be a member of the Communist party. Why go about the problem piecemeal, he and his supporters argued.

Let's outlaw the party and get it over with, they said. After the administration raised objections and convinced Humphrey that his proposal would conflict with other anti-Red legislation, the Minnesotan—who had a majority of votes on his side—agreed to a toned-down version outlawing the party but not individual membership.

However, intimates of Humphrey and of the Democratic leaders with whom he worked on the bill say that they were satisfied with the modification since they had done what they sought to do: to let the public know that they are as opposed to Communism as their opposition party is.

VIC'S... SOLILOQUY

Just in case some of you didn't read the financial statement showing income and expenses of the Municipal Swimming Pool which appeared in the paper two weeks ago, I would like to comment a little on the subject. It should be interesting to note that the pool closed after operating the summer season with a net operating profit of \$901.67. When the project of building and financing a swimming pool and park for Goldthwaite and Mills County was first started there were many "doubting Thomases" in our midst. There was the question of whether it would be justified. Those who were heartily in favor of the project felt that if the pool could pay its own way—operating expenses and bond retirement—it would be a good venture.

The first season it operated only the last half of the summer and came out on top and made its own way. This season with a net operating profit as mentioned above it fell short about \$30.00 of being able to meet the retirement and interest expense. That seems to us as still a very good job and certainly worthwhile for the community income for the pool was \$3,761.65 while expenses were \$2,860.28.

Members of the pool and park committee certainly are due a

vote of thanks for their untiring efforts in promoting the project, not only during the swim season, but, throughout the year. They work many hours in one of those thankless jobs and the least many of us can do is to say "Thank You". Members of the committee are: Ray Duren, chairman; E. B. Gilliam Jr.; Warren Duren; Howard Campbell; Lewis T. Hudson; W. C. Barnett; Wm G. Yarbrough and Charlie T. Wilson.

The group has received dozens of compliments from folks that live in other parts. Many out-of-town folks have commented very highly on the swimming pool as a community project.

Then we should not overlook the fine work that has been done by members of the garden club in dressing up the large planter with beautiful flowers. It's a splendid improvement and it was sweet of the girls in the garden club to have this as one of their projects.

While on the subject of improvements we want to call attention to the redecorating job that has been done during the past ten days in the district court room in Mills County courthouse. For the first time in many years—or maybe the first time ever, at least that's what some say—the house of justice has received a new coat of paint and also a number of new window shades.

During the past year we have heard a number of grumbles about the appearance of the district court room and from the looks of things they were certainly justified. Now just go

and take a look at the place after receiving such a fine facelift and see if you don't agree it is a nice job.

Really, there is no end to the problem of making improvements whether it is in business or around the home. A good example can be noted in the job that have been done during the past year by Roy and Rachel Wilkins at their funeral home at the corner of Parker and Hannah Valley Road.

As Roy will tell you there is no end to work that needs to be done. The latest addition to the many improvements they have made is the nice looking brick planter around one of the trees in the front yard. Certainly nice, isn't it? Since remodeling the place and moving in, Roy and Rachel have been kept busy doing things at the place along with taking care of their business activities. They didn't have too much luck with two pecan trees but they did have some tomato vines that grew up to about six feet high and produced some mighty fine tomatoes—even if the pecans didn't get off to such a good start.

Roy and Robert Walton, twin grandsons of Mrs. Opal Herkes and Mr. and Mrs. John D. Walton of the Center Point Community made the headlines in the Sherman Democrat on Sunday September 26. Along with their picture appearing in that paper were these cutlines: "MARCH OF DIMES CARNIVAL—Cynthia Lamb, 12 year daughter of Mr. and Mrs. H. E. Lamb, and six of her neighborhood playmates staged a four-hour carnival in the backyard of the Lamb home Saturday night. Charging a nickel admission, the carnival netted \$18.00 for the emergency March of Dimes drive. Helping Cynthia were Carla Snow, Robert and Roy Walton, Ronnie and Jimmy Bostwick, Pat Huhes, Johnny Moseley and Bernie Martin. Parents of the twins are Mr. and Mrs. Robert Walton.

Miss Vicki E. Koleber And Ralph E. Massey Exchange Marriage Vows

BY MISS RUTH ERVIN

Miss Vicki Ethada Koleber, daughter of Mr. and Mrs. Vic E. Koleber became the bride of Ralph E. Massey D. C. 3, U. S. Navy, son of Mr. and Mrs. Jess Massey, in a candlelight ceremony, in the First Baptist Church Thursday evening, September 30, at 5:30 o'clock. Rev. Ray V. Mayfield Jr., pastor, read the impressive double ring ceremony.

The altar was beautifully decorated with palms, candelabras, tall baskets of all white gladioli, asters and pom pom mums.

Vows were exchanged before an arch entwined with white maline, white satin streamers and clusters of white wedding bells.

The traditional wedding music was played by Mrs. C. W. Lawson who accompanied Mrs. G. J. Delapp, as she sang "Through The Years" and "The Lord's Prayer".

The lovely bride was given in marriage by her father. She wore a waltz length gown of

Chantilly lace and tulle over taffeta, designed with strapless bodice and bouffant skirt. The fitted tulle jacket featured a high neckline, shirred sleeves, self buttons to the waistline and elbow length mitts. Her veil of French illusion fell from a circlet of seed pearls and jewels. She wore a pearl necklace and pearl studs, gift of the groom, and carried a pearl backed Bible, topped with a white orchid and showered with stephanotis and white satin ribbon tied in lovers double bow knots.

Miss Merlyne Kemp, maid of honor, wore a waltz length strapless dress of coralberry net, with cummerbund and bolero of matching satin, with shoes to match. Her headdress was a circlet of green leaves, net and ribbon. She carried a bouquet of pink finch roses and pink pom pom mums with multi-colored satin ribbon in shades of shrimp and green.

Bobby Charles Massey, brother of the bride groom, served as best man. Jerry Collier and Jerry Kight were ushers and lighted the candles.

For her daughter's wedding Mrs. Koleber wore a suit dress of deep plum color with hat of lighter shade and black accessories. She wore a gardenia corsage. Mrs. Massey, mother of the groom, chose a black crepe dress with rhinestone trim. She wore a rose beige hat and her corsage was also of gardenias.

Immediately after the ceremony a reception was held in the church parlor. The table was laid with tulle over white taffeta, centered with a beautiful arrangement of white gladioli, asters and pom pom mums edged with white maline and surrounded with silver wedding bells. A three tiered wedding cake topped with a miniature bride and groom was served by Mrs. E. B. Gilliam Jr. and Mrs. V. C. Bradford ladled the punch. They were assisted in serving by Mmes. C. F. Stubblefield, T. M. Glass, W. O. Kemp, John A. Jackson, J. D. Kight and Homer Rowlett. Mrs. Ray V. Mayfield Jr. registered the guests. Also assisting with the reception were the little Misses Peggy Rowlett, Betsy Glass and Ann and Billie Gayle Kemp.

After the reception the happy young couple left for Vallejo and Long Beach, California where they will make their home until June of next year when they plan to enter North Texas State College at Denton.

STOP HERE FOR **CONOCO Super GASOLINE WITH TCP**

LeRoy Miller's Conoco Service Station

In its first year, millions of motorists have proved the benefits of **Conoco Super Gasoline with TCP**

Now let these five "full-year-users" tell you what they have discovered about **The Greatest Gasoline Development in 31 Years**

Little more than a year ago, we introduced Conoco Super Gasoline with TCP. At that time, we promised owners of new cars and old that TCP would:

- Boost engine power as much as 15%.
- Give you extra gas mileage.
- Be just like an engine tune-up.
- Increase spark-plug life up to 150%.
- Let you enjoy all the extra performance of Conoco Super's higher-octane rating.

Now, one year later, here's what TCP customers are telling us about Conoco Super Gasoline with TCP, the greatest gasoline development in 31 years:

1 "I use this 1951 Plymouth, and my wife, our 1949 DeSoto. Since using Conoco Super with TCP, they run almost like new. The engines sound better. We're sold on Conoco Super with TCP."

Mr. Shirr R. Thomas, Grocer
280 South 10th West, Salt Lake City, Utah

2 "Spark plugs used to go at 5,000 miles, but with Conoco Super I haven't changed plugs in 10,000 miles. I'm getting new car power from my 1951 Buick. Conoco Super with TCP is OK!"

Mr. Ulmer J. Newman, Insurance Salesman
2502 West Jefferson Blvd., Dallas, Texas

3 "What I like about Conoco Super with TCP has been the ease of starting. I use it in my trucks because it's important to be on time. In my '52 Cadillac, I get better mileage."

Mr. Robert M. Rowland, Builder
1165 Emporia Street, Aurora, Colorado

4 "For one year, we've used Conoco Super Gasoline with TCP in 12 trucks and 5 cars, besides this 1953 Oldsmobile. It boosts engine power and gets more miles out of each gallon."

Mr. T. P. McAdams, Jr.
Vice-President, McAdams Oil Equipment Enterprises
308 East 6th Street, Bristow, Oklahoma

5 "Driving with my children in the car, it's important to have our 1953 Packard run smoothly. Since using Conoco Super with TCP, there's no engine chatter at all. We're most impressed!"

Poultry

By John C. White, Commissioner

ELIMINATE ANIMAL LOSSES

The number of chicks and pullets, calves and heifers, pigs and shoats, sheep and lambs that the average Texas farmer loses annually costs him the price of a new car.

In addition to these death losses, there is a staggering waste of feed and labor involved. Because of diseased or inadequately fed livestock, thousands of eggs are never laid and tons of meat and milk is never produced.

Proper feeding and management are the most important factors in producing for a profit. Most Texas farmers realize we are just not getting out of poultry and livestock what is bred into them. Yet, many other farmers are content to be just average in their results.

Here is a graphic example of waste in hog breeding:

The average hog raiser breeds 12 sows. Only 11 farrow and of

the 100 pigs farrowed, the farmer markets only 56, mostly because of premature deaths.

On a two litter a year system, each sow is marketing only 11 pigs a year at this rate. Actually, a hog raiser should expect to market 17-18 pigs per sow, weighing 200-225 when 5½ months old.

Similar losses occur in poultry and livestock. About 1 out of every 5 calves dropped, dies before it is six months old. Some 10 per cent of the chicks and 15 per cent of the poulters will not live for 56 days.

Eliminating loss is a key to badly needed profits. The farmer in Texas has been hard-hit by drought and insects for four years. He cannot afford to suffer unnecessary livestock deaths in addition.

The knowledge and practice of good feeding and management programs will help reduce these deaths. High production per hen, per cow and per sow is no longer a goal in Texas—it is a necessity if you intend to make money farming.

Local Students Enter School At San Marcos

San Marcos, Texas., (Spec.)—Four students from Goldthwaite have enrolled in Southwest State Teachers College.

Total enrollment at the College will reach 1850, officials in the Registrar's Office predict. The World War II veterans' enrollment has decreased from the peak in 1947 of 710 to 12 this fall. There are 124 Korean veterans now enrolled.

Students enrolled from Goldthwaite are as follows: Herbert Hannen, Monette Hannen, Laddoy Clary, and Mrs. Ann Hogan.

Brown-Mills Soil Conservation News

By CHARLES HAENISCH

Farmers and ranchers in the Brown-Mills Soil Conservation District are preparing to sow cover crops as soon as time will permit. These cover crops will have a variety of uses.

One of the most important uses of cover crops is for cover. Many acres will be planted in hopes of getting cover on bare cultivated fields. District cooperators realize that bare fields wash more easily than do fields with cover.

Some of the cover crops will be planted for temporary grazing. Fields planted to various legumes will be used for this purpose in order to relieve the strain on rangeland.

Most of the cover crops planted this fall will be planted for the primary purpose of soil improving. Past experience shows that a few dollars invested in the fall for fertilizer and legume seed will pay big dividends in the productions of crops to follow.

Delmer Edgington, C. C. Wesson, R. D. Egger, and Kyle Smith plan to sow Hairy Vetch this fall. These District Cooperators have had good results with vetch in the past and know the benefits they can expect from this crop.

Madrid and Hubam sweetclover will be planted by Bill Sherwood, F. R. Baird, and Oran Carothers. These two clo-

ves have been proven as good grazing and soil improving crops in this area.

Erie D. Roberson plans to plant a field to Austrian winterpeas.

In working toward the completion of their conservation plan with the District, P. L. Hancock and Charley Hall recently completed construction of a diversion terrace. Their respective farms were above cultivated fields in outside water away from field and dispose of it on grass.

calves on the ground are like MONEY IN THE BANK

It costs a lot of money to keep a cow. A lot of that money is lost if she fails to settle or drops small, weak calves that die or develop into "tail-enders."

BIG CROPS of husky calves are a must, if a fellow is going to make money ranching. This is especially true when the price of cattle is off.

Your range needs help. It takes more than grass alone to give your cows what they need to grow and drop the kind of calves that will bring top prices next fall.

PURINA RANGE CHECKERS have proved their worth in research tests and on thousands of ranches. This favorite range supplement has what it takes. Cattle love Checkers, do well on them. Cows stay up in good shape at calving time, have lots of milk for the calves, too.

More and more Southern cattlemen are planning their breeding program so that calves come in the late fall. These calves are ready to eat early grass—hit the early market, which is usually best.

Feed for big calf crops the Purina Way. Purina Range Checkers can help you keep your operation on the profit side of the ledger.

COME IN. We'll visit about Purina Range Checkers and profitable ranch management. Make it soon!

Scripture—Proverbs 4; 6:20—7:27; 17:1; 19:13-14; 31:10-31.

"My son, keep thy father's commandment, and forsake not the law of thy mother. When thou goest, it shall lead thee; when thou sleepest, it shall keep thee; and when thou awakest, it shall talk to thee."—Proverbs 6:20, 22.

"A foolish son is the calamity of his father; and the contentions of a wife are a continual dropping. Houses and riches are the inheritance of fathers; and a prudent wife is from the Lord."—Proverbs 19:13-14.

"Who can find a virtuous woman? for her price is far above rubies. The heart of her husband doth safely trust in her. . . . She will do him good and not evil all the days of her life."—Proverbs 31:10, 12.

"Her children arise up, and call her blessed; her husband also, and he praiseth her. Favor is deceitful and beauty is vain but a woman who feareth the Lord, she shall be praised."—Proverbs 31:28, 30.

Wm. H. Venable Is Appointed Crew Leader For Agriculture Census

Chappell Hill

By PEARL CRAWFORD

Our Community was blessed with some nice showers of rain during last week. 1 and 3 inches fell here while some of the neighbours reported a little more are a little less of the well needed moisture.

We read with delight in the Goldthwaite Eagle that Jane Evans exhibited the grand champion Steer and Alvin Glynn Tiemann exhibited the reserve grand champion steer of the Temple Show. We wish to extend our congratulations to Jane and Alvin. We hope you keep the good work up.

Mrs. and Mrs. Obe Martin and their daughter of San Antonio visited George and Pearl Crawford recently. Mrs. and Mrs. Martin are former residents of this community. They moved to Williamson County and spent a few years. They have located south of Goldthwaite and say Mills County is hard to beat. Other's who visited the Crawfords were Mrs. Lorone Johnson, Mrs. Stymann and A. L. Crawford and William G.

News from Dorothy Karnes states that she is slowly improving. She is at her home and being watched carefully by her parents and grandparents, Mr. and Mrs. C. A. Karnes of Brownwood and Mr. and Mrs. G. W. Brown of Center City.

Mr. and Mrs. Floyd Daniel and Mark visited Mr. and Mrs. Truman Vaughan, T. H. and John Saturday afternoon.

Our hearts were made sad last Monday when we received the word that Sherman Beshears had passed away in California. Sherman's mother was the former Addie Goodman and a resident of this community. He was laid to rest in the North Brown Cemetery Thursday afternoon.

Mr. and Mrs. V. T. Stevens and Mr. and Mrs. A. L. Crawford visited Mrs. R. A. Stevens and Miss Lola recently.

Mrs. W. W. Williams was taken to the Hamilton Hospital for a check-up last week. She was reported to be doing satisfactorily.

Mr. and Mrs. W. A. Elms and Aubrey attended the Fox Hunter's Club supper last Saturday at the Newton farm. They reported an exciting time.

Mrs. O. A. Evans presented the Williams with some hot rolls and other nice eats which was appreciated very much.

Mrs. Truman Vaughan and her niece and her great-niece visited Mrs. Floyd Daniel and Mark last Monday afternoon.

Mrs. B. F. Humphries and Charles called in the W. A. Elms' home. Mr. Elms helped Charles repair a tractor tire.

We wish to extend our sympathy to the family of Mrs. R. M. Thompson and the Sherman Beshears family in their sorrow at the death of their loved ones.

J. N. Chook who visited quite a while with Mr. and Mrs. O. A. Evans has purchased a farm in Comanche County.

Mr. and Mrs. Bill Hightower
