Brooks And Ball Take Over Shop From Kavanaugh

Horace Brooks and Jack Ball have taken over the blacksmith shop and welding business from C. E. Kavanaugh according to announcement appearing in this issue.

Under the arrangement Brooks will take care of welding and heavy machinery maintenance work while Ball will look after blacksmithing and general shop work.

Mr. Brooks, who was formerly associated with Letbetter Machine Shop and Cole's Welding Shop, has also announced the addition of portable welding equipment.

Mr. Ball has been working in the Kavanaugh Garage for the past year.

Mr. Kavanaugh left last week for California where he is planning on locating. His family is remaining here for the present.

Mr. and Mrs. O. S. White and Mary Sue of Temple spent the weekend with Misses Abbie and Ruth Ervin.

Texas Farm Population Reported Lower Than Any Time Since 1870

College Station, (Spec.) — 423,000.

While farm population declined the total civilian population of Texas increased rapidly and in April, 1954 was about 8,200,000. Farm residents now comprise only 13.7 percent of the total population. In 1930 more than 40 percent of the state's citizens lived on farms and ranches.

U. S. farm population also has decreased steadily since 1940, though not as rapidly as in Texas.

The change in farm population has been a fairly accurate indicator of changes in other farm characteristics. The survey shows that the number of farms in Texas has decreased from 332,000 reported by the 1950 census to 281,000 last year. The average farm of 517 acres is more than twice the size of farms in 1930 and well above the 438 acre average recorded in 1950.

The 1940 average of more than five persons residing on each farm has declined to almost four.

February 15th Is Last Day For Emergency Feed Application Approval

1955 Red Cross Fund Chairman Is Appointed

The appointment of Charles Conradt as the 1955 Red Cross Campaign Fund Chairman for the Mills County Chapter was announced today by W. P.

EAGLE PHOTO BY WICKER STUDIO
 CHARLES CONRADT

Duren, chairman of the Mills County Chapter of the American Red Cross.

The 1955 quota for Mills County will be \$1,925.00, with the national goal of \$85,000,000 the same as last year.

Work will be started at once on the preliminaries of the campaign which will officially open March 1.

Mr. Duren also stressed the fact that many volunteer solicitors will be needed to assure complete coverage of the chapter territory.

Those wishing to volunteer their services in the campaign should contact the local fund chairman at Production Credit Association office or telephone 209.

The following information has been received from the National Office, Farmers Home Administration and released to the press by Aston W. Cole, County Supervisor, Farmers Home Administration, Lampasas, Burnet and Mills Counties:

"Effective midnight February 15, 1955 no further applications for assistance under the Emergency Feed Program will be approved by County Committees. Arrangements should be made for committee meetings to be held on February 15 as may be necessary to act on any applications which are then on hand. Federal funds may be used for making payments under hay contract only for deliveries of hay through March 31. Approved applicants will continue to have 120 days to use purchase orders issued for grain."

To further clarify the above ruling, applications for grain may be taken through February 15, 1955, that will supply the applicant with grain for a period of sixty days from the date of the application. Applicants who have qualified previously for feed assistance for a period extending beyond February 15 may reapply on or before that date. In such instances applicants may qualify for hay for an additional period not to extend beyond 60 days from the date of reapplication, taking into consideration in each instance the amount of feed on hand and that previously authorized, and period covered by previous application.

Applications for feed received from applicants whose present application expires prior to February 15 will be allocated feed for the period from such date to April 15, 1955.

For example, a new application filed for an applicant whose present application expires February 5th may be allocated feed for a 70 day period (Feb. 5th - April 15th).

Applicants whose present allocation expires after February 15th may also apply prior to February 15th for feed based on the period from such date to April 15th. (Example, March 1st - April 15th or 45 days).

No applications may be certified by the committee after February, 15 1955.

Austin, Texas—Veteran's land scandals got the silent treatment last week.

Four witnesses refused to testify.

The senate investigating committee took other testimony behind closed doors, silent so far as the public was concerned, and, the House Veterans' affairs committee stymied its own public investigation in a tangle of technicalities.

A House committee member, Rep. Bill Elliott of Pasadena, charged "organized pressure" to block further investigation of the issue.

Speaker Jim Lindsey had sent a separate House investigation resolution to a different committee, state affairs.

Ex-Land Commissioner Bascom Giles, head of the Veterans' Land Board until January 1, invoked the Constitution and refused to testify as to his business dealings with several persons named in testimony about block deals.

C. O. Hagan and C. P. Earnsters, principals in much of the land-sale testimony, followed L. V. Ruffin in refusing to testify.

Escapee Returned To Mills County

Travis Jerry Davidson, 18, who with Gilbert Amos, 46, escaped from the Mills County jail on Saturday night, January 22, was back behind bars last Thursday night.

Davidson was recaptured at his home in Fort Worth on Thursday, January 27. Mills County Sheriff, C. F. Stubblefield returned him to Goldthwaite that night where he was again placed in the Mills County jail.

Mr. and Mrs. Norman Upham and children, Randy and Beverly Ann of Goldsmith spent several days recently with her mother, Mrs. Annie Armstrong and other relatives.

Mr. and Mrs. N. C. Ethridge and children visited their mother, Mrs. Addie C. Davis and grandmother, Mrs. Stark, last Sunday.

Mrs. A. C. Langlitz of Priddy, Mrs. Dora Elliott of Olden, Mrs. Ellen Landrum and daughter, Katherine of Abilene spent Sunday with Mr. and Mrs. Luther Ward and family.

Miss Maxine Geeslin of Bryan is spending a few days with her father, Hubert Geeslin, Mrs. Geeslin and other relatives.

Two Are Named Assistant Cashiers For Mills County State Bank

RAYMOND CASBEER

Victor Williams and Raymond Casbeer were named assistant cashiers for Mills County State Bank at the annual meeting of the board of directors last week Tuesday night. The meeting was held at the bank in Goldthwaite.

Mr. Casbeer has been associated with the bank since returning from military service in 1945, while Mr. Williams has been with the bank since 1950.

Both have served in the bookkeeping department as well as tellers.

All directors were re-elected at the annual stockholders meeting held the same evening. They are W. P. Duren, Dr. T. C. Graves, C. D. Owens, N. E. Stockton and E. B. Gilliam, Jr., all of Goldthwaite; Lucius M. Stephens of Lometa; Dr. J. C.

VICTOR WILLIAMS

Terrell and C. H. McGuire of Stephenville, Texas.

After the meeting of stockholders and election of directors, for the coming year, board meeting was held and officers were elected as follows: Dr. J. C. Terrell, chairman of the board; W. P. Duren, president; N. E. Stockton, vice-president; Glynn Collier, vice-president; E. D. Hamilton, cashier; Victor Williams, assistant cashier; Raymond Casbeer, assistant cashier.

Mills County State Bank had deposits of \$3,728,120.20 according to their statement at the close of business on December 31, 1954. This reflects a steady increase during the past two years and is an all time record high for deposits.

Mills County Has Reserve Champion Hereford And Best Carload Of Ten Steers At Fort Worth Show Last Week

Merline Woodard, 18, 4-H club member, daughter of Mr. and Mrs. Wesley Woodard, exhibited the reserve champion Hereford steer at the Fort Worth Junior Club show last week and Mills County was first place winner for exhibiting the best carload of ten steers from one county.

Miss Woodard's Hereford steer, which was fed under the supervision of county agent George Reese, won first place in the Hereford class one, steers weighing over 925 pounds.

Other placings by Mills county 4-H and FFA members in the

Club show are as follows.

Hereford, Class one, over 925 lbs.—third, Billy Mac Newton; fifth, Brady Wayne Duren; eighth, Wayne Poe.

Hereford Class two, 825 to 925 lbs.—second, Merline Woodard; tenth, Wayne Poe.

Hereford Class three, under 825 lbs.—third, Ira Adams; seventh, Robert Jordan.

Aberdeen Angus Steers, under 825 lbs.—third, Eugene Duren.

Merline Woodard also exhibited the best group of three Hereford steers at the show.

Boy Scouts And Leaders Making Plans For Celebrating Scout Week

Over 2200 boys and leaders in the Boy Scouts of America in the eight-county Comanche Trail Council will be doing their part to celebrate the 45th Anniversary of Scouting which begins with Scout Sunday, February 6, 1955.

Cub Scouts, Boy Scouts, Explorers and their leaders are entering into a five point program in highlighting a week of activities. They will be displaying projects in store windows, attending church services in uniforms, conducting parent nights at their regular weekly meetings, going on hikes or camps to learn more skills of the out-of-doors and conducting service projects in the community.

Dr. T. C. Graves, Goldthwaite, President of the Council said, "already we see more interest shown than in the past few years. These activities offer program material for the sixty-four Scouting Units in our council." In many communities, Scouting meetings and "pot luck" suppers are being held with the public invited.

Doyle Graves, Stephenville, Chairman of the Organization

and Extension Committee reports there will be 15 new Scouting units with an additional 400 boys enroll this year. They represent a 20% gain in units and members. There are 49 churches, schools, civic clubs, veteran organizations and other groups sponsoring the movement in this area.

Inside WASHINGTON MARCH OF EVENTS

Only Eight New Faces To Be Found in Senate
Four 'Freshmen' Solons Lower Chamber Graduates

Special to Central Press

WASHINGTON—There are only eight new faces in the Senate for the 84th Congress. This is due not only to the fact that many incumbents won re-election, but also because a number of the "freshmen" were sworn in during the special session in November.

The freshmen to be seated in January were Senators George Bender (R), Ohio; Richard L. Neuberger (D), Oregon; Gordon Allott (R), Colorado; Carl T. Curtis (R), Nebraska; Thomas E. Martin (R), Iowa; Patrick V. McNamara (D), Michigan; Clifford P. Case (R), New Jersey, and Strom Thurmond (D), South Carolina.

Four of the new senators came to the upper chamber by way of the House. They were Curtis, Martin, Bender and Case.

NO POSTAL BOOST—President Eisenhower's renewed request for an increase in postal rates doesn't stand much more of a chance in Congress this session than it did last year when the legislators overwhelmingly rejected the plan.

The Democrats, who now control both House and Senate, are dead set against the idea of boosting the three-cent regular mail postage to four cents and raising the air mail rate from six to seven cents an ounce. There is also some strong Republican opposition to the proposal, although many GOP members will support the proposal because it bears the administration's endorsement.

Defeat of a postal rate increase may again block a wage boost for the nation's 500,000 postal workers. Congress okayed the pay raise last year, but Mr. Eisenhower vetoed the boost because it was not tied to a rate hike.

The situation hasn't changed any. Congress is still willing to raise the wages of postal workers and the President still thinks it can't be done financially unless rates are increased.

NEW FIGHTER—The Strategic Air Command soon will get a new fighter plane designed to give the United States a further jump in its air race with Russia.

The new plane is the McDonnell F-101A Voodoo, a sleek job that was built to meet the Air Force's requirements for a long-range fighter.

The sweptback wings have a span only slightly longer than the F-56 Sabrejets, but the ship is almost 30 feet longer. The new fighter carries most of its large fuel load in the fuselage and can carry extra fuel externally, making it able to escort strategic bombers or carry atomic weapons. The Air Force has not yet released performance figures on the Voodoo, but observers estimate its speed in the 800-miles-per-hour class.

FEE OR FREE?—The Federal Communications commission may be taking action early this year on the knotty problem of subscription television—the formal name for "pay as you go" video.

Several promoters of the idea are pressing for quick approval of the novel system, designed to supplement normal commercial broadcasts paid for by sponsors and the broadcasters.

Under the subscription plan, the home viewer would pay to see special programs of his own choice. Advocates of the idea say that a "boxoffice in every home" could finance many programs which could not be duplicated on a sponsored basis.

First, however, the FCC would have to decide what to do about the historic policy which has kept broadcasting programs "free" and available to everyone who owns a set.

The best guess is that the commission will ask all segments of the industry to comment on the plan before any final action is taken.

M. L. Lindsay and Miss Lena V. Doggett were united in marriage Monday night at the residence of Elder Dyches, that minister officiating.

Mr. and Mrs. H. E. Moreland received a telegram Monday telling of the safe arrival of Franklin Peugh Jr., at Higgins, Texas. The little fellow is making his home with Mr. and Mrs. Franklin Peugh, at Higgins.

B. F. Geeslin and his son, Dale came over from Arlington the early part of the week to look after business matters.

D. D. Henry one of the pleasant and popular young men of Star section looked after business in the big city Saturday.

O. C. Schultze of Zephyr was here Saturday and reported the freeze had badly damaged his small grain crop.

T. E. Hamilton, the Star banker was here Saturday to have his shoulder set, having dislocated it by a fall on the ice in his home town.

Miss Geneva Greathouse the daughter of Mr. and Mrs. Orville Greathouse, was taken to the hospital at Brownwood last Saturday and a hurried operation was performed for appendicitis. Reports say she is getting along nicely and will be able to return home soon.

Rev. W. A. Thornton, Baptist County Missionary, who spent several days in the sanitarium at Brownwood, was able to be brought home this week and it is hoped that he will soon be fully recovered.

From Nettie Morris of Eden, Texas comes the following note: "You will find enclosed money order for the paper that we read about people we have always known, especially the Center City news. That is where we went to school."

"Please find enclosed check to renew my subscription for another year. I have read the Eagle ever since it was first published and do not want to miss a single copy. Greetings to my many friends," writes May Hill Wilson from San Antonio.

Speaking about reading the paper brings to mind the comment from George Robertson of the Big Valley community. While visiting in our office the other day on other business matters he said, "My name doesn't ever come out on the honor roll of new and renewal subscriptions but I have read the paper all ways. We have been taking the paper for many years with the subscription in my brother's name."

When Mr. and Mrs. Richard A. Scott came home a few days ago to visit with their parents, Mr. and Mrs. Scott of Caradan and Mr. and Mrs. Walter Featherston of the Kelly Community, after being away for a year their three year old son Richard had many surprises for his grandparents. He had grown a lot—after all he was only two when they left—and his learning had taken on new fields.

and Miss Eliza Payne, M. O. Simms and Miss Myrtle Magon Ashley, Bascom Davis and Miss Mary Thomas.

Mrs. J. A. Allen and A. J. Weathers have purchased the Howard shop building and grounds.

N. W. Frizzelle has bought the interest of his partner, Joe Chapman, in the restaurant and confectionary business in this city.

J. K. Brim, formerly a citizen of Coryell County, but now a resident of Goldthwaite was a Gatesville visitor on business Tuesday.

Dr. C. L. O'Quin of Weesatche sends in his renewal to the Eagle. He says he expected to visit his relatives and friends here before now, but a press of business prevented.

W. H. Morgan and family have returned to this city from Ebony he having sold his farm in that community to Mr. Bell, late of Coryell County. They will occupy one of Major Trent's dwellings west of the Methodist Church.

The members of the Big Valley irrigation company sold more than 200 bales of cotton here this week. Robert Robertson and W. T. Bickham sold a considerable amount. A. J. Gatlin, G. N. Frizzelle and J. C. Street were the buyers.

While they were visiting with the Featherstons on Sunday for the noon meal little Richard's mother, Betty told his grandpa, Mr. Featherston that Richard knew how to ask the blessing at the dinner table. Without telling them about his intentions grandpa waited until everyone was seated at the dinner table then he asked little Richard to return thanks and this is what he said: "Dear Lord, We Thank Thee For This Food, Now let's eat supper, Amen."

In the last issue of Progressive Farmer we noticed a little item which is of interest to citizens of Mills County and especially to folks in the Priddy community. It stated: "Irene Marie Gromatzky, a native of Priddy, Texas, in Mills County, has been appointed assistant home economics editor of the Texas A. & M. System Agricultural Information Office."

A tip of the hat to Lewis B. Porter for a good record with his membership in Harry F. Edmondson American Legion Post of Goldthwaite. Charles Frizzelle has announced that according to official records of the Post Porter has been a paid up member of the organization for 35 years. He was a charter member when the local unit was organized in 1920.

Mattie (Mrs. John) Keese says she is still crying about her gold fish. The story she tells is that while she was gone for the Christmas Holidays four large gold fish disappeared out of the concrete tank, at her home. She had had the fish for the past four years and they weighed an estimated four

ounds each. Maybe a Pelican came and found some food fish kin'. Seems that not long one came along and helped self to some gold fish that in a watering trough that Bradford's Ranch. I believe story stated that he got all one out of a pretty good number. Maybe Pelican fishing getting pretty bad on the fronts and they just have come inland. At any rate it not very likely that the fishes just swam away.

THE INDISPENSABLE Sometimes when you're feeling important, Sometimes when your eyes bloom, Sometimes when you take for granted, You're the best man in the room.

Sometimes when you feel your going, You'll leave unfillable, Just follow this simple instruction, and see how it humbles your soul.

Take a bucket and fill it with water, Put your hands in up to your wrists, Pull them out and the water that remains, Is a measure of how you will be missed.

You may splash all you please when you enter, You may stir up the water, But stop and you'll find it's a minute, That it looks just the same as before.

The moral in this is quite simple, Do just the best that you can, Be proud of yourself but remember— There is no INDISPENSABLE MAN.

Brownie Troop No. 5 Visits Eagle Office

Brownie Troop No. 5, met at the Little House last week Wednesday afternoon with 14 Brownies and their Leader, Mrs. M. A. Childress and Assistant Leader, Mrs. G. C. Head present.

After assembling at the Little House the Brownies came to the Eagle Office to see a newspaper in the making. Their study course is "Community Projects" and this visit was one of the high lights of the study.

After an inspection trip through the composing room, seeing the different phases of work required in compiling a newspaper, the thrill of the visit came when Arnold Kelly, Linotype Operator, set each little Brownie's name and cast it on a linotype slug and gave it to them as a souvenir of their visit.

After their visit to the Eagle Office the Troop went to the home of Mrs. Childress where refreshments were served to the following: Carolyn Sue Childress, Janan Gray, Polly Hammond, Marsha Harper, Helen Head, Sandra Jordan, Mary Sue Karnes, Betty Miller, Lottie Jo McWhorter, Betty Lois Newton, Beverly Rhoades, Judith Ann Tubbs, Genell Waldon and Susan Thomas.

Maternal grandparents are Mr. and Mrs. O. B. Bell of Mullin and paternal grandmother in Mrs. Aline Kelly of Goldthwaite.

Brownie Troop 4 Works On Scrapbook

By ANN KEMP

Brownie Troop Number 4 met at the Scout House Thursday, January 21, with all members present.

After the business meeting we went to Barnes and McCullough Lumber Yard and selected plywood for scrap books. They let us watch as they blocked off the plywood and sawed it in blocks.

After our visit to Barnes and McCullough Lumber Yard we visited Rose Shoe Shop to get leather strings for our books and Mr. Rose showed us how he sews leather on two different machines. We enjoyed our visit to both places very much.

Seven Brownies with their Leader met at the Little House for their regular meeting Thursday, January 28.

After the business meeting we played games and studied on our Girl Scout promise. We also worked on our project.

Linda Kay Miller was hostess and she served nibbles to the Brownies.

Rock Springs Community Club

The Rock Springs Community Club met at the home of Mrs. Harold Johanson on January 27 for their regular meeting. There were seven members and four visitors present. The visitors were: Mmes. O. E. Sides, J. R. Letbetter, Mohler Simpson and Floyd Sykes. The members and guests enjoyed an afternoon of quilting.

Mrs. Floyd Manuel will be hostess at the next meeting on February 10 at her home. She asks that all members bring their thimbles and be prepared for an afternoon of quilting.

At the conclusion of the business meeting the hostess served delicious refreshments to the members and guests.

Mr. and Mrs. Wayne Locklear of Weatherford were guests of his parents, Mr. and Mrs. C. Locklear and his sister, Mr. and Mrs. Cecil Williams last Sunday. They also visited for a short time with her parents, Mr. and Mrs. C. S. Horton of Sonora who were here for the weekend.

Heart Funds From The Heart

Pretty little Lana Goodwin, 7-year-old Waco heart disease victim, empties a year's savings from her treasure chest savings into the hands of Dr. W. R. White, Baylor University president and chairman of the 1955

Texas Heart Fund, to become the state's first contributor to the February-long campaign to raise funds to combat heart disease.

Little Lana, daughter of Mrs. Lois Goodwin and youngest child in a widowed family of four girls and two boys, first learned she had rheumatic heart disease when physicians made a health check of her first-grade class in Waco's Sul Ross School. Since then, she regularly receives treatment at Waco's Heart Clinic. The \$2.58 Lana emptied from the treasure chest into Dr. White's hands for the 1955 Heart Fund represented her "special savings" since the close of last year's Heart Fund drive.

Dr. White is a former pastor of First Baptist Church of Goldthwaite.

NEW COTTON INSECTICIDE TESTS

Two new experimental insecticides for possible future use on cotton are showing good promise in tests being performed in Texas at present.

The organic phosphorus chemicals have proved deadly to the boll weevil, pink bollworm, cotton aphid, spiker mites, cotton leafworms, flower thrips and cotton flea-hopper in control tests. Conclusive evidence is still being sought but tentative results are excellent.

Chemically the materials are: (1) benzol triazine derivative of a dithio-phosphoric acid ethyl ester, and (2), equally impressive, is benzol triazine derivative of a dithio-phosphoric acid methyl ester. The first has been designated as 16259 and the second 17147.

two rates, and 17147 were dusted on infested cotton during a month-long trial. Six days after the first application, 11 percent of the cotton bolls were found damaged in plots treated with 17147. Boll damage ranged between 17 and 22 percent on DDT treated plots and 24 percent on an untreated check plot.

A few weeks later, the number of insect-damaged bolls on the 17147 treated plot had dropped to less than one percent while on the DDT plots damage had climbed to 17 to 20 percent, and on untreated plots to 34 percent.

Compound 17147 also prevented a damaging buildup of the cotton aphid and the plants remained green and luxuriant during the test.

In tests at College Station, compound 17147 provided 100 percent kills of the boll weevil at spray rates as low as one-fourth a pound per acre. The second compound provided similar complete control at one-half a pound per acre rate.

One of the most promising features is attributed to compound 17147. It may prove effective against the pink bollworm which has defied most poisons for many years.

Early tests with this compound under laboratory conditions showed such promise that it was field-tested against heavy infestations in south-central Texas during the cotton season last fall.

Governor Designates March 7 - 12 Public Schools Week In Texas

GREETINGS:

The greatest source of assurance for the future of the American way of life is our Public School System, which enables our youngsters to become familiar with the magnificent history of men and events which had made our Republic the most powerful, respected and favored country the world has ever known.

The public schools provide the tools of knowledge which will equip our young men and women to become constructive and responsible citizens in this land of freedom.

We have a great responsibility to maintain and advance the ideals and standards which our people have come to expect of their public schools. We must

keep pace with the growing needs of our schools by providing new classrooms, improved methods, and by encouraging loyal, able, qualified men and women to adopt teaching as a lifetime career.

THEREFORE I, as Governor of Texas, do hereby designate the week of March 7 - 12, 1955, as

PUBLIC SCHOOL WEEK

in Texas and urge every citizen to visit at least one public school during this period and to become personally acquainted with the programs and accomplishments of our educational system.

In official recognition whereof, I hereby affix my signature this 10th day of January, 1955 (Seal) Allan Shivers, Governor of Texas.

"But Papa, you won't be here to give your consent in case—"

"Aldrich!! You're overdoing it again!"

PARENT PROBLEMS

The Reasons Why Many Don't Go to College

By GARRY CLEVELAND MYERS, Ph.D.

A QUARTER of a million college students in 1900 increased to 1.5 million in 1940 and to a current 2.3 million. By 1970 it may be from 3 to 6 million. The Bureau of Labor Statistics says the population of college graduation age will increase 45 percent between 1955 and 1965.

College Graduates

Oxtoby, Muge and Wolfe found that from 1920 to 1940 the number of graduates increased each year by an amount equal to 0.3 percent of the number of people reaching age 22 that year. These investigators predict 283,000 graduating from college in 1955; 329,000 in 1960; 439,000 in 1965; and 604,000 in 1970.

Who Go To College?

Experts have estimated that in 1950 a family income of \$5,000 a year was the minimum necessary to finance college for one student. The proportion of families able to pay for a college education increased 76 percent from 1941 to 1950. Thus, the financial capacity of families for paying for a son or daughter's higher education has increased far faster than the number of young people who have been motivated to go to college.

A number of researches reveal that unless a high school graduate wants to go to college his intelligence and financial opportunity is unlikely to get him there. For example, while 80 percent of Iowa children of professional parents were enrolled in college, only 18 percent of farmers' and laborers' children were. Yet the family incomes of the latter groups often were higher than those of professional parents.

College Entries

According to the Review of Educational Research, October 1954, it has been estimated that, whereas 17 percent of those who ranked in the lowest fifth of their high school go to college, 53 percent of those in the upper fifth go. The high school valedictorian is almost certain to enter college, no matter who his parents are. Yet alas, many high ranking students in high school never go to college. Only one in three of Minnesota's top-level high school graduates earn a college degree. For the nation, 40 percent of high school graduates in the top quarter of ability do not attend college. The current college enrollment could be doubled without loss in student ability.

WANTED BY THE FBI

CLARENCE DYE
with aliases Jockey Dye, "Jock"

Unlawful flight to avoid prosecution—armed robbery

DESCRIPTION: Age 44, born July 5, 1910, Pad. W. Va.; height, 5 feet 10 inches; weight, 140 pounds; build, medium; hair, brown; eyes, blue; complexion, fair; race, white; nationality, American; occupations, waiter, cook, bartender, ship fitter, welder, laborer; scars and marks, several small pit scars over face, scars over left eyebrow, blue scar over right eyebrow, small cut scar on right index finger, tattoo of initials "C. D." on right forearm.

A Federal complaint was filed at Akron, Ohio, on November 9, 1951, charging Dye with unlawful flight from the State of Ohio to avoid prosecution for the crime of armed robbery.

Dye is probably armed and should be considered extremely dangerous.

Any person having information which may aid in locating this fugitive is requested to contact the nearest office of the FBI, the telephone number of which appears on the first page of local telephone directories.

Surveys Show Parasites Take One Out Of Every Twenty Farm Animals

College Station, (Spec)— External and internal parasites are claiming one farm animal in 20, and are costing farmers about \$1,000,000,000 annually, Dr. F. M. Fuller, extension entomologist, reports.

That's a loss of five cents on every dollar invested in livestock. The entomologist says these figures, which are termed conservative, show that livestock raisers are not realizing full returns from their operations.

Ironically, says Dr. Fuller, modern research has found practical ways to control most of today's parasitic enemies.

Few, if any, livestock are completely free of infestation, he says. Even the best looking animal may harbor a dozen or more different parasite species.

Heaviest losses in cattle come from external parasites, horn-flies and grubs. However, internal parasites likewise are a

major problem.

For every eight animals shipped to market, the value of one is lost to parasitism, Dr. Fuller emphasizes. This means cattlemen are "giving away" each year an additional 2,000,000,000 pound of meat.

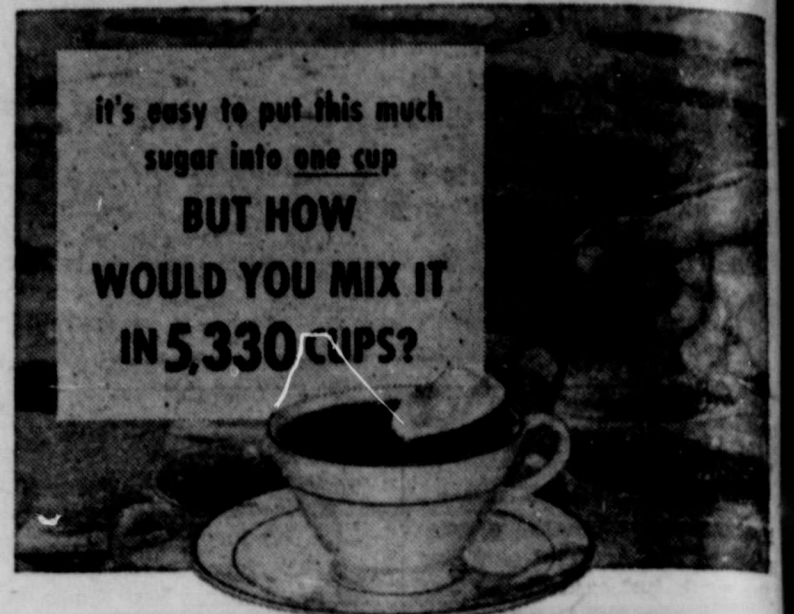

Studies show that losses from parasites exceed 10 percent in poultry. One battery in 10 is wasting space, feed and labor and equipment.

Parasites are robbing swine producers of the value of one pig in every 12, and sheepmen face the problem of combating a 25 percent annual parasite loss.

They also are believed responsible for many disease outbreaks because their infestation leads an animal into a weakened condition.

Steps to help curb most of the troubling parasites of Texas livestock require nominal time and expense, Dr. Fuller adds.

Livestockmen who follow regularly recommended parasite controls usually bring home the highest profits from their livestock.

a problem of the same proportion is facing most feed companies in mixing about 1/3 oz. of stilbestrol into one ton of cattle feed

The Food and Drug Administration in its approval for use of stilbestrol has set about 1/3 oz. per ton as the right amount for this powerful growth stimulant. That means it is added in the proportion of only 1 part to 90,800 parts. It must be mixed so that cattle get just the right amount... too little stilbestrol in their ration won't produce maximum gains... too much in their ration can prove toxic. Yes, it is a big mixing problem for most feed companies—but not for Purina, with its exclusive Micro-Mixing process.

MICRO-MIXING is accurate to the 1/10,000,000 part!

Modern mixing equipment plus the technical skill of Purina engineers, laboratory technicians, and mill employees makes such a mixing job routine for Purina. Purina's Micro-Mixing is a quality control process that assures you every bite is mixed just right. Every animal gets its fair share when you feed Purina Steer Fatena or Beef Chow with stilbestrol added. That means that you go to market with a much more even bunch of cattle.

it's twice as nice

when you have both

Remember the old-fashioned ice box — the huge blocks of ice required to keep it cold — the overflowing drip pan to be emptied every day? Looking back, you wonder how you ever got along without an electric refrigerator.

Just as the refrigerator preserves food for a short time, the home freezer provides longer storage at lower temperatures. And with both in your kitchen, how much easier is the job of meal planning and preparation!

Both refrigerators and freezers are indispensable for good food preservation. Each supplements the other. When you have both, it's twice as nice!

Plan today to have double-convenience with both refrigerator AND freezer. Your appliance dealer will be happy to show you the beautiful new models.

Funeral Services Are Held Monday Afternoon For Leonard Warren

Funeral services for Leonard Warren, 50, were held at the First Baptist Church of Goldthwaite, Monday afternoon, at 3:00 o'clock. Services were conducted by his son-in-law, Rev. Don Hanson of Midland, assisted by Rev. Ray V. Mayfield, pastor of the First Baptist Church of Goldthwaite.

Mr. Warren was the son of the late J. H. Warren and Mrs. Warren. He was born in Alabama April 27, 1905 and came to Mills County in 1918, where he has resided since. He passed away in a Lampasas hospital Sunday morning, January 30, after suffering a self-inflicted gun shot wound Saturday morning.

On February 23, 1926 he was married to Miss Bethel E. Howard and to this union three children were born, all of whom survive. In November 1950 he was married to Mrs. Willa Mae Meyer who survives him.

Survivors are the widow, two sons, Elbert and Norvell Warren of Oxnard, California; a daughter, Mrs. Don Hanson of Midland; two step daughters, Mrs. Monroe Locke of Austin and Miss Geneva Meyer of Odessa; a step son, Leland Meyer of Goldthwaite; four brothers and six sisters. Six grand children and three step grandchildren also survive.

Mrs. Frank Shave, Mrs. Melvin Horton and daughter of Evant visited in the Fred Shave home Saturday afternoon.

Miss Lucy May Burriss spent the weekend at Priddy.

Mrs. Robert Campbell, Mrs. Hill and Mrs. J. Y. Hamilton of Evant visited Mr. and Mrs. Fred Shave and Mrs. Vera Cox Sunday afternoon.

A number of people from here attended the Stock Show at Fort Worth Saturday.

We extend our sincere sympathy to the relatives and friends of Mrs. Elzy O'Neal. Several from Star attended her funeral at Lometa Saturday.

Mr. and Mrs. Othol Knowles and Virginia of Desdemona, Mr. and Mrs. Don Phillips and Doyle of San Antonio and Mr. and Mrs. Henry Knowles of Houston were called home on account of their aunt's death.

Mr. and Mrs. Nelson Shave and Freddie of Hamilton were Star visitors over the weekend.

Mr. and Mrs. Johnnie Soules and Horace of San Angelo visited in the John Hamilton home over the weekend.

Several from here have gone to Houston for the Stock Show.

Mrs. Elma Wall visited in Evant and Gatesville the past week.

Those who visited in the Charlie House home Sunday were: Mrs. Robert Moore, Mr. and Mrs. Charles Robert Moore all of Fort Worth, Mr. and Mrs. Charlie Welch and granddaughter, Beveley Welch of Center City and Mrs. Laura Swillings of Seymour.

Mr. and Mrs. Dumble Hamilton and Glyn were Star visitors Sunday.

Mr. and Mrs. Delbert Decker came in Sunday afternoon. Delbert has been stationed at Sioux City, Iowa. He is being sent to Alaska.

We wish to extend our sympathy to the Leonard Warren family.

Mr. and Mrs. Virgil Sparkman and family were visitors of Mr. and Mrs. J. W. Williamson over the weekend.

Johnnie Boykin of Arlington came after his wife and boys Saturday night.

Mrs. J. W. Williamson spent a few days in Austin visiting her sisters.

We are happy to have Mr. and Mrs. Hugh Soules and children back in our community. They have been living in Enid, Oklahoma, for several years.

Mr. and Mrs. Gilbert Smith of Mineral Wells and Mrs. Hettie Fields of Evant were Star visitors Saturday.

Mrs. Alvin Kemp visited a few days in the Lincoln Saylor home the past week.

Mr. and Mrs. Spench Adams and Vondean of San Saba visited in the Fred Wall home Sunday.

Visitors in the John Tubbs home Sunday were Mr. and Mrs. J. W. Hodo of Evant and Mr. and Mrs. Otis Wyckoff of Hamilton.

TODAY'S Menu

Hearty and Economical Main Course Dishes

By ALICE DENHOFF

TODAY we offer some substantial yet not heavy main dishes, that are on the thrifty side but don't suggest it!

Baked Spareribs with Apricot Bread Stuffing is one such recipe. For 6 servings, prepare 2 1/4 qt. 1/2-in. bread cubes, 3 tbsp. melted fat, 1 1/2 c. chopped, cooked apricots, 1/2 c. raisins (washed) and 3/4 tsp. salt. Have ready 2 lb. of spareribs, and cut the strip in half. Dip in a mixture made of 8 tsp. flour, 3/4 tsp. salt and 3/4 tsp. each pepper and paprika. Place stuffing between the two strips of spareribs and tie together with string. Place in baking dish and bake, uncovered, at 375° F. for 1 1/2 hr.

Lamb Casserole To prepare a good lamb casserole for 6-8 servings, brown 1 lb. boned lamb shoulder that has been cut in 1-in. pieces and 1/2 c. sliced onions in tsp. fat in heavy sauceron or skillet. Add 2 1/2 c. hot water and 1 bay leaf. Cover and simmer 30 min., or until meat is almost tender. Add 2 tsp. salt and 1/4 tsp. pepper. Then add 1 c. each finely diced carrots and finely diced potatoes and 2 c. canned tomatoes. Continue cooking 30 min. longer, or until vegetables are done. Remove bay leaf. Add 2 tsp.

quick-cooking tapioca gradually to meat mixture and mix well. Measure into 3-qt. baking dish, adding water if necessary to make 6 1/2 c. of the mixture. Bake in hot oven (450° F.) 5 min. Then stir well and bake 5 min. longer. Place on top of meat mixture 9 unbaked baking powder biscuits rolled 1/4-inch thick. Continue baking 12 min., or until biscuits are browned. Flaked Fish Casserole graces the luncheon or supper table smartly. To prepare 6-8 servings, mix 2 egg yolks with small amount taken from 2 c. milk. Add remaining milk, 2 tbsp. quick-cooking tapioca, 1 1/2 tsp. salt, dash of pepper, 1/2 c. finely cut celery and 1 1/2 tsp. scraped onion. Mix well in sauceron. Place over medium heat and cook until mixture comes to a boil, stirring constantly. Remove from heat. Add 2 c. flaked, cooked fish and 2 tsp. chopped parsley. Add very gradually to 2 stiffly beaten egg whites, folding in thoroughly. Turn into greased 3-qt. casserole and cover with 1/2 c. buttered bread crumbs. Bake at 350° F. until brown—about 50 min.

Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

A letter from Mrs. Edna Dwyer said she and the Cawyers were back to Orange at eleven o'clock Sunday night, very tired and sleepy after all the excitement of the wedding and the drive home. But she said her weariness didn't count, for everything was perfect. "Everything," she said, "except that you and yours were not there. I know how you love beautiful things, and besides that all of children were there but you, and it made me feel bad that

you didn't get to come." The wedding of her granddaughter, Ednabeth Cawyer, and Harold Leon Everett took place Saturday evening, January 15, in the chapel of the College Church of Christ in Abilene. W. Frank Cawyer of Abilene, uncle of the bride, performed the ceremony. The reception was in the home of Marie Wilmeth. "It was simply grand" were the words of Mrs. Dwyer. She said the big bedroom where she and I slept last spring at the graduation would hardly hold the wedding gifts. Many guests were there, but I will mention only Mr. and Mrs. J. R. Wilmeth of Brownwood and Mr. and Mrs. J. F. Bateman and Joe of Fort Worth. Ednabeth graduated from ACC last spring and went to work next day as assistant home demonstration agent of Taylor County. Harold finished John Tarleton Junior College and Texas Technological College. He is employed as cashier for the Humble Oil and Refining Co. They will be at home in Abilene.

Mrs. Dwyer said her few days at home since New Year's Eve passed all too soon. There had been enough moisture to make the weeds green. She scraped them from her yard. She went to our place, found one chrysanthemum still alive. My tallisman rose looked good. She pruned it and my three crepe myrtles. I'm hoping I can keep the myrtles growing. They were given by my sister-in-law, the late Mrs. Callie Wilmeth, and I am trying to grow them in memory of her and Dutch and Gene.

Mrs. Dwyer visited the Griffins. She says Ernest Malone seems so happy there that she hopes he can stay there from now on. Mr. and Mrs. P. R. Reid of Goldthwaite spent a day with her. And how she did enjoy them! Nancy Reeves spent a night with her. She and Nancy are chummy. She says Nancy is a wonderful child.

A Christmas card from Mrs. W. A. Burn of Manila says she depends on the Ebony Column for what news she gets from Ebony. She says Ernest's occasional letter has little news, and her sister, Mrs. Jim Bean, hasn't time to write. It seems that Mrs. Bean did not retire from the Van Horn Post office after all.

A letter from granddaughter, Marilyn, says she enjoys her new job with the Gulf Utilities Co. She finds a lot of girls there who are putting their husbands through college. She is happy that her two nights a week of shorthand at La Mar College will be finished the last of this month. She does her ironing Sunday night after church. She has Saturday off, but Tommy works all day, and Brenda crawls all day, and since she does not have the little aunts to entertain her, she makes it hard on Mamma. Johnny wanted so much a

Scripture—Matthew 3:12-17; 26:26-28; 28:19-20; Acts 2:28-41; 10:34-48; I Corinthians 11:23-26.

Jesus came to John the Baptist to be baptized. John refused at first, but Jesus insisted. As He stepped from the water, the heavens opened and the Spirit of God descended on Him like a dove, and a voice said: "This is My beloved Son."

At the feast of the Passover, Jesus took bread, blessed it and gave it to His disciples, saying, This is My body. And He took the cup, gave thanks, and gave it to them, saying, "This is My blood shed for the remission of sins."

Jesus' last command was: "Go ye, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost, teaching them to observe all things I have commanded you, and lo, I am with you alway."

Peter, preaching to multitudes, said: "Repent, and be baptized in the name of Jesus Christ, and ye shall receive the gift of the Holy Ghost." About 3,000 souls were saved that day. MEMORY VERSE—Matthew 28:19, 20.

WHERE 14 DIE IN BRITISH THAIN WRECK

FIREMEN AND OTHER RESCUE WORKERS remove victims from the wreckage of the British express train that jumped the rails while traveling at 60 miles an hour near Sutton Coldfield. Fourteen persons were killed and scores were injured. A second train pulled up only 200 yards from the tangled wreckage of the express. The accident is Britain's worst since 1932, when 112 died. By Mrs. W. B. Wilkey
Our community was made sad by the death of our friend and neighbor, Leonard Warren. Mr. and Mrs. R. G. Kelly of Killeen attended the funeral services of Leonard Warren here Monday and Mr. and Mrs. Jim Hall also attended the services. Mr. and Mrs. Ernie Hairston were in the Lewis Covington home Sunday. Little Miss Judy Hairston is spending the week with her grandmother, Mrs. Lewis Covington. Mr. and Mrs. E. L. Dyas, E. L. and Loydean spent Sunday in the W. B. Wilkey home. Mr. and Mrs. Carl Covington, Judy and Howard visited the Wilkeys Sunday afternoon. Mrs. Letrice Robins reports her father, Elam Berry about as usual. Grandmother Covington is still just about the same. I was so sorry to hear of the death of Mrs. Elza O'Neal. She was the former Miss Georgia McMehand. The O'Neals lived in Lometa but were both reared in the Moline Community.

He recommended 13 bills, and asked the editors to help effect passage. Most of the bills would tighten control over county funds and call for annual published reports of expenditures.
SUGGESTED TAXES
Tax Proposals continue on the penny basis set by Gov. Allen Shivers' program. His two-penny gasoline tax hike, good for \$60 million a year, was introduced earlier by Rep. Charles Murphy of Houston. Rep. W. G. "Cotton" Kirklm of Odessa introduced the other Shivers' bill, the one-cent cigarette levy, good for \$15 million a year. Rep. Curtis Ford of Corpus Christi offered the familiar penny-a-thousand-foot natural gas dedication tax bill. He figured it would bring in \$33 million a year. And, Rep. Jerry Sadler of Perella dropped in a penny-a-glass, \$3.30 per barrel, beer tax, estimated to produce \$16 million a year. All faced an ultra-conservative revenue and taxation committee. From Rep. Jack Bryan of Buffalo came a proposal to place a three per cent gross receipts tax on establishments engaged in storing or parking moter vehicles.

Questions And Answers On Filing Income Tax Returns For Year 1954

THE STANDARD DEDUCTION

Question: What about my deductions?

Answer: You may take the total of your allowable deductions or the standard deduction, whichever may be to your advantage.

Question: What are the advantages of claiming the standard deduction?

Answer: It eliminates your task of assembling all the information and listing them on your return. It also saves your Internal Revenue Service time in auditing the returns. A vast number of taxpayers claim the standard deduction and save money.

Question: How do I save money by claiming the standard deduction?

Answer: The standard de-

duction is ten percent of your adjusted gross income, limited to \$1,000.00 - except for married persons filing separate returns. In that case, the limit is \$500.00 each. Therefore, if your allowable deductions, if itemized, are less than ten percent of your adjusted gross income, you will save money by claiming the standard deduction.

Words of the Wise

By degrees the comforting light of what you may actually do and be in an imperfect world will shine close to you and all around you, more and more. It is this that will lead you never to perfection but always toward it. - (James Lane Allen)

Mr. and Mrs. Bobby Brown and son, Guy Gene of Eldorado visited her parents, Mr. and Mrs. Luther Ward, Colburn and Odena Sunday.

Mr. and Mrs. Harold Yarborough spent last week in San Antonio, Midland, Fort Worth and Dallas visiting Army friends and relatives.

Wife Preservers

A magnet will be a means of arousing a child who must be kept in bed for any length of time after a severe illness. Give the child a box of assorted metallic and non-metallic objects such as nails, toothpicks, safety pins, buttons, etc., and let him find out which objects are attracted by magnets and which are not.

Smart Wearing Of the Green

By VERA WINSTON

EMERALD green is a color favored by many designers for dresses of rich silk, especially satin. But this pretty dress is of emerald green silk barthea, a nice choice for an important afternoon occasion. The scooped neckline is outlined with two inserted bands of fine pin-tucking. There are push-up sleeves. Jeweled buttons go below the waist for the easy step-in closing. Pleats fall unpressed from the waistline and the skirt has its own crinoline.

BILLS IN THE HOPPER

Approved by the House of Representatives, was a bill to increase the pay of state officials. If acceptable to the senate, the pay scale will go to \$25,000 for the governor; \$20,000 for the attorney general; secretary of state, \$15,000; and the land commissioner, treasurer and comptroller \$17,500.

Sen. A. M. Aikin Jr. of Paris and Rep. Barefoot Sanders of Dallas are sponsoring a plan to provide \$45 million for new school building construction. It would let school districts vote higher bond issues, up to 10 per cent of the assessed property values.

Two representatives, John T. Cox of Temple and Jack Welch of Marlin, have submitted a bill seeking the death penalty for second conviction under the Narcotics Code, and permitting conviction on uncorroborated testimony of an accomplice.

Sen. Doyle Willis of Ft. Worth has a bill to close beer taverns on Sunday.

A bill to limit the building of lodges in state parks was introduced by Rep. Ben Atwell of Dallas.

Sen. Kilmer Corbin of Lubbock wants to make Democrats out of Democrats. His bill is to prevent Texans from voting in the Democratic primaries and then voting Republican in the general election.

Sen. Carlos Ashley of Llano tossed into the hopper a joint resolution that would permit Texas to go after the tourist trade by advertising. An amendment to the state constitution would be necessary to remove

the old, old, ban designed to keep the carpetbaggers out of Texas.

NEW OFFICIALS

While the veterans' land probe rolled on, newly appointed State Land Commissioner and Veterans Land Board Chairman J. Earl Rudder borrowed Clark Diebel from the State Auditor's Department and named him executive secretary of the board.

Lawrence Jackson quit this post soon after Rudder replaced Bascom Giles.

Gov. Shivers will have a new Secretary of State early in February. He appointed Al Muldrow, Brownfield farmer-rancher-businessman to succeed C. E. Fulgham, who resigned to return to Lubbock. Like Rudder, Muldrow is a World War II veteran.

'HOT' WATERS AROUND FORMOSA

PRESIDENT EISENHOWER'S request for Congressional support of his China policy has underscored the critical situation in the Far East. This map shows the areas involved. The 7th Fleet is being held ready to evacuate the 10,000 Nationalist Chinese defenders of the Tachen Islands (1), 200 miles north of Formosa. Matsu Island (2) and Quemoy (3) would be defended if the President should decide this is necessary.
