### District Officials Honored By Garden Club At Morning Coffee

The Goldthwaite Garden Club held the first meeting of the new club year Wednesday morning, September 21, with a Coffee Hour, at the Jennie Trent Dew Library. Guests of honor were Mrs. Tom Dudley, District V Governor, Texas Garden Clubs Inc., Comanche; Mrs. W. L. Ladyman, Lt. Governor, Division 1, Brownwood and Officers of Goldthwaite Garden Club. Hostesses for the meeting were Mrs. W. P. Duren, R. G. Raley, John L. Patterson, J. V. Cockrum, Misses Abbie and Ruth Ervin.

Show Chairman announced that the Fall Flower Show will be held Friday and Saturday, October 7 and 8.

Mrs. R. G. Raley, reported on activities of the Junior Garden Club.

Mrs. John L. Patterson, Pilgrimage Chairman announced that club members, accompanied by Charles Haenisch, member Mills County Soil Conservation Staff, would go to Brady Tuesday September 27, to observe Deep Creek Flood Prevention Project.

Mrs. E. D. Roberson, president, presided and the program "Gardening Through The Seasons" was presented by Mrs. T. J. Collier, program chairman, who also presented members copies of the new year books.

Mrs. Vance Cornelius, Flower

Lovely refreshments were served from a tea table laid with an imported white cut work cloth and centered with an arrangement of seasonal flowers. Next meeting will be held in the Jennie Trent Dew Library, Wednesday afternoon, October 19, at three o'clock.

### Annual Girl Scout Finance Drive To Be Conducted Week Of Oct. 10

The Girl Scout Drive for funds will get underway beginning the week of October 10, according to an announcement by Malcolm Jernigan, Finance Chairman.

Mr. Jernigan stresses the fact, that besides the ordinary expenditures such as, cleaning of

Scout House grounds; training course and Day Camp expenses; supplies and etc; there are extras coming up this year.

Following are some of the expenses the Association will have this year; added cost of street improvements (paving street in front of Scout House); demand for a front sidewalk (for the safety of school children); roof repairs and other improvements not ordinarily occurring.

### F. H. A. Chapter Installs Officers

The Goldthwaite F. H. A. Chapter held their first business meeting of this school year Tuesday night, September 20. New officers were installed and Jo Ann Jones, retiring president, presented the gavel to Linda Edgington, the new president.

Following the installation of the officers a short business meeting was conducted and then the initiation of the Freshmen.

The Freshmen wore paper bags used by cleaners and left the length of them just above the ankles. They were barefoot with red strings on each big toe, their father's hats and tie, no make up or jewelry, a tooth brush around their neck, a stocking on each arm tied with different colored ribbon, and each girl brought ten cents worth of candy and chewing gum for her upper classmen.

Therefore, according to Mr. Jernigan, it is necessary that the Association have their drive at this time in order to raise money for these expenditures. Their budget takes care of the ordinary expenses but these extras require more money than the Association has, so the Girl Scouts, Leaders and finance chairman are hoping for your usual cooperation in helping with this drive.

### Pleasant Grove Club To Meet Thursday

The Pleasant Grove Homemakers Club will meet with Mrs. Leonard Warren, Thursday, (today). All club members are urged to be present and visitors are welcome to attend the meeting.

### Eighth Grade Elects Class Officers

Members of the eighth grade of 1955 - '56 met Thursday September 12, in their home room, with their sponsor, Mr. Chambers. The following officers were elected:

President, Sarah Jane Cockrum; Vice-President, Judy Reid; Secretary - Treasurer, Jackie McCasland; Reporter, Norma Fay Duren; and Parliamentarian, Ricky Leinweber.

There are twenty-four members of the class. Fifteen boys and nine girls.

### Goldthwaite MYF To Sponsor Benefit Barbecue Wednesday

The Methodist Youth Fellowship of Goldthwaite has announced a Barbecue for Wednesday evening, October 5, beginning at 6 p.m. on the Church Lawn. Proceeds of the Barbecue (at \$1.00 a plate) will be used to begin a fund for purchasing pews for the youth chapel.

On September 4, the MYF dedicated a speaker's stand, altar and other altar furniture in the Youth Chapel in Memory of Spencer Clark Renfro. The present project will complete the furnishing of that chapel on the upper floor of the First Methodist Church.

Robert D. Jordan is the new president of the MYF; William Walter Jones is vice-president; Nelda Jean Sherwood, secretary; Shirley Saylor, treasurer; Margaret Reese, reporter.

Witness Chairman, Norma Fay Duren, Fellowship Chairman, Tom Cody Graves,

Faith Chairman, Anna Collier, Outreach chairman, Lou Etta Jordan, Citizenship chairman, Edrie Schneeburg.

Mrs. Homer DeWolfe and Mrs. Ruby McBride of Arlington visited last week with Mrs. John Keese. They also visited Miss Edith Covington, Mrs. Mary Wall and Mrs. Sam Self.

Mr. and Mrs. Dumble Hamilton, Mrs. Millard Cockrum and Mr. and Mrs. Bruce Burnett attended the "Barbecue" in honor of Ruben Senterfitt at San Saba last week.

**HEART DISEASE PROBABLY HAS NOT INCREASED...**

The increasing number of reports of heart disorders as a cause of death has been brought about by the success of medicine. Many persons who formerly might have died of other diseases now live long and useful lives—eventually to succumb to a failing heart which has performed its lifetime of duty.

Therefore—as we grow older, the care of the heart must be considered in our every activity. Have regular check-ups by your Doctor, and follow his guidance carefully. He probably can help to keep your heart functioning for many extra years of buoyant and happy life. Whenever medication is required, we will be happy to have you bring your prescriptions to this Pharmacy.

### Rock Springs Club Enjoys Book Review

The Rock Springs Community Club met with Mrs. Judson Strickland last Thurs. There were eleven members, two visitors and four children present. Visitors were Mrs. R. M. Roberson, who has recently moved into the community, and Miss Greta Sue Hines of Goldthwaite.

members enjoyed the review very much and also worked on cup-towels during the afternoon. After the book review, a guessing game was played and Mrs. Joe Davis and Miss Hines were the prize winners.

At the conclusion of the meeting the hostess served lemonade and cake to all present.

The club will meet with Mrs. Barney Tippen as hostess on Thursday, October 13. She urges all members to be present as she plans to demonstrate how to make a doll.

### Brown-Mills Soil Conservation News

By CHARLES HAENISCH  
 Approximately twenty five farmers and ranchers of the Brown-Mills Soil Conservation District owning land in the Bennett Creek Watershed met at the Star School last week. Two film, "Water For a Nation" and "Upstream—Where Floods Begin", were shown the group.

"Water For a Nation", filmed by the USDA Soil Conservation Service, clearly showed the dependence of our nation upon water. Those viewing the film soon saw that water could be detrimental as well as benefi-

cial.

"Upstream — Where Floods Begin" was the history of the Washita Watershed Flood Prevention program in Oklahoma. This film, produced by the Oklahoma Public Service Co., showed how two soil conservation districts working together applied a complete flood prevention program. Both phases of the program — land treatment and structures — were shown.

These film were obtained by the Brown-Mills Soil Conservation District for showing in the Bennett Creek watershed. Those present who had never seen the flood prevention structures at Deep Creek in the San Saba-Brady Soil Conservation District had an opportunity to see the detention reservoirs in operation.

Technicians of the Soil Conservation Service last week staked farm ponds for Glynn Nickols west of Goldthwaite and Charley Noack of Priddy.

Terraces were staked for Charley Noack of Priddy, Ercher McCasland and J. B. McCasland of Center City also had terraces laid out on each of their farms.

Ernest Kohler of Priddy recently completed a damless farm pond on his farm.

Mr. and Mrs. Raymond Earl Mitchell, Miss Ann Dellis of Austin and Charles Murray Davis of Kermit spent Sunday with Mr. and Mrs. John Dellis.

### Mrs. Elizabeth Davis Saylor Rites Held At Church Of Christ Monday

Funeral services for Mrs. Elizabeth Dee Davis Saylor were held at the Church of Christ in

Goldthwaite, Monday afternoon September 26 at 2:00 o'clock. Services were conducted by Frank Farris, minister of the church assisted by Rev. Walter J. Cartwright, pastor of the First Methodist Church of Goldthwaite.

### News About Social Security

A considerable number of widows, young children, and aged parents of working people who died between June 1940 and September 1950 have failed to claim the monthly benefits payable to them under a 1954 change in the social security law, announced James B. Marley, manager of the Austin social security office. Those who do not apply for their benefits before October 1, he pointed out, will not be able to receive benefits for all the months back to September 1954, the effective date of the new provision in the law.

Under this provision, it is now possible to pay monthly social security benefits to the qualified survivors of workers who died between June 1940 and September 1950 if the deceased wage earner had credit for as little as a year and a half of work under social security. The families of many of these workers applied for benefits at the time of the family breadwinner's death, but were told that they could not receive payments because under the law, as it then stood, the worker had not earned enough social security credit to provide survivors benefits for his family.

Monthly benefits under this provision may be paid to the aged widows of such workers who at the time of death had worked on jobs under social security for at least a year and a half—to surviving children under 18 years of age, and to their mothers. Where no widow or children survived the worker, payments can be made to his aged parents if he was providing their support.

Mrs. Saylor was born October 15, 1876 and departed this life September 22, 1955, at the home of her daughter, Mrs. Grace Hetman, in Kenilworth, New Jersey. She became a member of the Lampasas Church of Christ at an early age.

She was married to Wilford Wellington Saylor and to that union six children were born, five of whom survive. She was preceded in death by her husband and a daughter, Doris Saylor. Also by the following step children, Ella Saylor, Adna Saylor, Claud Saylor, Mrs. Duke Clements, J. B. Saylor and Dana Saylor.

Survivors are one son, Lincoln Saylor of Goldthwaite; four daughters, Mrs. Margaret Davis of Neptune City, New Jersey, Mrs. Emily Moffett of Carlsbad, New Mexico, Mrs. Grace Hetman of Kenilworth, New Jersey, and Mrs. Thelma Mitchell of Stanton, Texas. Six step children, Jacob Saylor, Willie Saylor, Kelly Saylor, Mrs. Claud Burch all of Goldthwaite; Mack Saylor of Montclair, New Jersey; Mrs. Fred Faulkner of Fort Worth. A sister, Mrs. S. V. Shel-

1. We'd like to show you some of the things that make the Ford one of America's finest cars... though it's one of the lowest priced. Let's start with these long, low lines. Looks like it hates to stand still, doesn't it?

2. Here, on your left, is the inspiration for the styling of the '56 Ford—the famous Ford Thunderbird. Look at those broad, flat hoods, for example. Here is styling that will stay in style.

3. Here's what you ride on. This frame has five cross-members including a special K-bar member up front. It can really take it! By the way, the control arms of Ford's Ball-Joint Front Suspension are angle-mounted to cushion out the head-on as well as the up-down shock of bumps.

4. The new 202-h.p. Thunderbird Y-8 will give you a new lease on driving enjoyment. It's available in Fordomatic Fairlane and Station Wagon models. You can have the "GO"-packed 176-h.p. Y-8 in Fordomatic Mainline and Customline models, or Ford's new 137-h.p. Six is available in any model.

5. Note the deep-center design of this new Lifeguard steering wheel. The wheel rim is over three inches above the post to help cushion the driver in case of an accident. It's a feature of new Lifeguard Design which Ford spent over two years developing... to give you added protection in case of an accident.

6. This Lifeguard cushioning for instrument panel and sun visors is optional. It gives you extra protection when thrown forward in an accident. You may also have optional seat belts to help keep occupants securely in seats.

7. Here's Ford's new Lifeguard door latch. It's another member of Ford's new Lifeguard family. A double-grip locking engagement reduces the chances of doors springing open under unusual strain of impact. Chances of serious injury in accidents are less when passengers remain in the car.

Well, that covers the important points. But there's a lot more. So we'd like to invite you to come in and see the new '56 Ford for yourself. Then you'll see the colorful new exteriors and interiors, the quality workmanship that's evident everywhere. Then you'll learn the full story. When you do, you'll know that Ford is the fine car at half the fine car price.

### Organization Is Being Set Up For Annual Boy Scout Funds Drive

Organization of teams for the Boy Scouts' drive in the Comanche Trail council was announced yesterday by Pat Cagle, Comanche Council Campaign Chairman. State campaign chairman is Gov. Allan Shivers.

All communities in Texas are conducting finance campaigns on one day, October 25—except in towns where the Boy Scouts share in the United Fund or Community Chest campaigns. "We aren't asking for much when you consider the enormous dividends that Scouting pays Texas," Mr. Cagle said. "This year the Scouting movement included 165,000 youngsters of all races, religions and economic backgrounds. These are future

Texans. And through Scouting these youngsters achieve fellowship, personal progress, adventure and opportunities for service to others."

Mr. Cagle pointed out that he was delighted to have the following community leaders connected with the finance campaign. W. Wayne Dees, Brownwood, Chairman of Leadership Gifts. Dr. J. C. Terrell, Stephenville, Chairman of Special Gifts. "In addition to the above persons, there will be numerous other volunteer workers in the one-day campaign. We hope to be able to contact almost everyone in town during the campaign but know we will miss some."

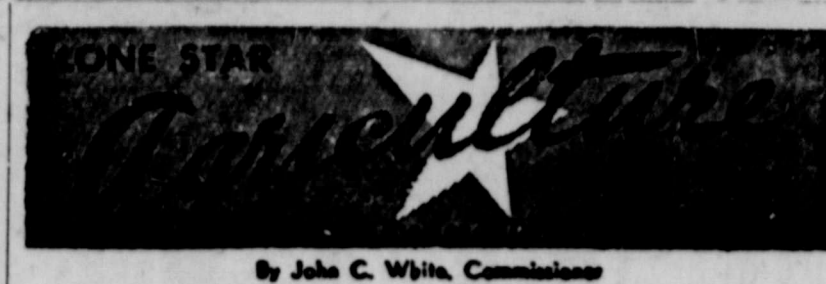

The special gifts committee is now soliciting funds and anyone desiring to contribute may call a member of the committee or Boy Scout headquarters direct.

Locally, the campaign kickoff will take place on October 25. At that time volunteer workers in the campaign will get final instructions.

### Miss Lillie Martin Returns From Trip

Miss Lillie Ann Martin has returned from a three and one half month vacation trip which carried her through several different states. She visited friends and relatives in New Mexico, California, Oregon and Washington. On her return home she visited places of interest in La Grande, Oregon, Seattle, Washington; Redding, San Francisco and Los Angeles, California and New Mexico.

She reported a most wonderful trip but is glad to be back home.

### EMERGENCY AID FOR TEXAS

Weather paradoxes of other states are just routine in Texas. September, 1955, will be recorded on weather annals as the month when drought and flood conditions prevailed in the state just a stone's throw apart. Both circumstances created their own set of problems.

The conditions have existed simultaneously before. This time they struck in the southern portion of Texas and the need for federal and state action is immediate.

Until the rains came—in torrential proportions at some spots—17 South Texas counties had applied for federal designation as drought disaster areas eligible for emergency aid. Within a few hours, several of these counties were in dire need for help to repair flood damage to homes and land.

Nueces County, with Corpus Christi as its commercial hub, was the hardest hit by rains. Rich brown fields were powder dry from months of drought suddenly turned into lakes. Irreplaceable top soil was swept away by turbulent rivers that cut deep gullies across relatively flat farms. The county immediately applied for flood relief aid.

On the massive King Ranch the rattlesnake gave way temporarily to the water moccasin when rains turned pastureland into standing lakes. Seven counties—Bee, Brook, Kleberg, Duval, Jim Wells, Nueces and San Patricio—suddenly had their weather conditions reversed.

Ten counties on the outside perimeter of the rain-soaked area still suffer drought conditions, however. They are: Atascosa, Frio, Goliad, Jim Hogg, Karnes, LaSalle, Live Oak, McMullen, Webb and Wilson. The federal government has not yet acted on their request for drought relief but, except for scattered showers, the long dry spell is still unbroken.

The moisture that was received in the dry counties did little good. Soil conditions were so

poor that the water either ran off the crusted land or added very little to the sub-soil.

For four long years, the burning hot sun parched the majority of Texas. Recent rains considerably brightened prospects over most of the state. Yet, the need for help on an emergency basis is still with us—and the job won't be complete until it is obtained.

### Enlistments Of "Buddy Teams" Are Accepted

Enlistment of "buddy teams" of two or more friends are being accepted by the U. S. Army with the buddies to serve together at least through basic training.

Notation of the buddy enlistment is made on each man's file, and the friends are kept together as long as possible within the available vacancies of the service.

Men enlisting for specific units, such as the Airborne Divisions, quite often find it possible to spend their three-year enlistment together. Those enlisting under one of the Army's unit rotation plans are assured of staying in the same division for a three year period.

Information on the "buddy" enlistment system and on career possibilities within the Army is available at the U. S. Army Recruiting Station, 102 North Center in Brownwood, Texas.

Mr. and Mrs. Claude Dickerson spent Saturday in Cherokee with the Dennis Deans.

Mrs. Loretta Ingram left Sunday afternoon for Hobbs, New Mexico where she will visit relatives.

### Julius P. Lockridge Funeral Rites Conducted At Mullin Last Tuesday

Julius Preston Lockridge, 56, died at his home near Mullin, Monday, September 19, 1955 at 1:00 p. m. He had been ill about four months.

Funeral services were held at 3:00 o'clock Tuesday afternoon at the First Baptist Church of Mullin with Dawrmen Newton,

Church of Christ minister officiating, assisted by Rev. Howard Johnson. Mr. Lockridge was a member of the Church of Christ.

Mr. Lockridge was active in the cattle business for many years and has a host of friends among the cattlemen of the state. He with his family had made Mullin their home with the exception of two years spent in Hot Springs, New Mexico, and two years in Pocahontas, Arkansas.

He was born July 16, 1899 at Gonzales, Texas, and moved to Mullin in 1920 where he met and married Miss Gracie Smith March 27, 1925. To this union was born one daughter, Mrs. Kathleen Huffman of Brady; two sons, J. Preston Lockridge of Austin and Dr. Bill Lockridge of Altus, Oklahoma all of whom survive.

Other survivors are two grand children, Lisa Huffman and Gay Lockridge; one sister, Mrs. Merle Verburg of Los Angeles, California; three brothers, M. W. Lockridge of Fort Worth,

### Cotton Stalks Should Be Destroyed As Soon As Possible After Harvest

College Station.— Boll weevils and pink bollworms, insect dollar grabbers of the cotton fields, are plentiful in most areas of Texas. The showery weather reduced the effectiveness of control measures and enabled the insects to increase to record numbers.

To stop a further increase, Extension Entomologist F. M. Fuller says farmers should destroy all cotton stalks immediately after the harvesting job is completed. He recommends that a shredder type stalk cutter be used and then followed with a plowing job which will get all plant material covered deeply. The big objective is to destroy the insects' food supply and thus force them into winter hibernation in a weakened condition. This will mean fewer survivals and a lower emergence rate next spring.

Besides being the most economical control method, early stalk destruction also gets the soil in top condition for planting a winter legume crop and improves its water holding capacity.

Fuller says to be most effective, the stalk destruction program should be carried out on a

community or better still on a county or area-wide basis. The larger the area the better, he adds. The biggest returns come when the stalks are destroyed just as far ahead of frost as is possible. But the practice is worthwhile, he explains, even if delayed until only a few days before frost.

He says reports from the southern part of the State indicate that counties in that area have met their deadline dates for having all cotton stalks destroyed and urges cotton producers in the other areas to do the job just as soon as the harvest is completed.

### Mrs. Burnham Hosts Art And Civic Club

The Art and Civic Club met with Mrs. M. T. Burnham, president of the Club Saturday morning, September 17, at 10:00 o'clock.

Mrs. Patty Wright Johnson was elected a new member of the club.

After the business discussion which was mainly a resume of the year's work, Mmes. Raley, Cooper and Burnham gave a brief history of Federated Clubs. Some interesting facts which were given are:

Charles Dickens may well be called the father of Federated Clubs.

There are 15,500 Federated Clubs in the United States with 11,000,000 women as members.

Fifty-five other countries her than the United States women's clubs.

In 1954, the Federated raised \$215,000 to repair Independence Hall in Philadelphia and Women's Clubs had influence in establishing National Department of Education.

At the conclusion of the ing a delicious buffet lunch was served to club members Mrs. Burnham.

Mrs. Nettie Neely of spent last week with her ter, Mrs. Ella Curtis.

Bill Stubblefield of San cisco, California spent the end with his parents, and Mrs. C. F. Stubblefield Sam.

### calves on the ground are like MONEY IN THE BANK

It costs a lot of money to keep a cow. A lot of that money is lost if she fails to settle or drops small, weak calves that die or develop into "tail-enders."

BIG CROPS of husky calves are a must, if a fellow is going to make money ranching. This is especially true when the price of cattle is off.

Your range needs help. It takes more than grass alone to give your cows what they need to grow and drop the kind of calves that will bring top prices next fall.

PURINA RANGE CHECKERS have proved their worth in research tests and on thousands of ranches. This favorite range supplement has what it takes. Cattle love Checkers, do well on them. Cows stay up in good shape at calving time, have lots of milk for the calves, too.

Feed for big calf crops the Purina Way. Purina Range Checkers can help you keep your operation on the profit side of the ledger.

COME IN. We'll visit about Purina Range Checkers and profitable ranch management. Make it soon!

Approved Firestone Tubeless Tire Sales & Service Center

**BLOWOUT PROTECTION**  
There's no tube to pinch or explode! Inside this tire there's a Safety-Liner, which slows air loss and reinforces the tire in the event it should be injured . . . instead of a dangerous blowout you get a harmless slow leak.

**PUNCTURE PROTECTION**  
If a nail, or any sharp object should penetrate this tire the Safety-Liner grips it and slows the air loss . . . No sudden flat tires, no need to change flats on the road.

**SKID PROTECTION**  
Newly designed silent tread has 70% more angles and skid-protecting edges. Won't squeak, hum or whine because tread elements overlap to prevent rhythmic vibration.

**SAFETY-TENSIONED GUM-DIPPING**  
Firestone's new cord treating factory combines the famous Firestone Gum-Dipping process with Safety-Tensioning, a new process which takes the stretch out of tire cords, prevents dangerous tread cracking. The result is greater blowout protection and longer tire life.

Firestone De Luxe Champions Give You The Extra Non-Skid Protection You Need on Wet, Slippery Pavements

## Henry Featherston Visits Kansas After 65 Year Absence

Note: This story was for Mrs. Featherston by Carl Featherston (born in Boone County, Mo., in a country called Tommy Hawk. My father, Will and Cora Jones, returned to Arkansas this year. Carl Featherston, oldest son of Opal, of Bro... and I left my home on... we drove to Nor... where we spent... with Carl's youngest... and family, Mr. and... their home on Sunday... and drove through... city in order for me... the state capitol, which... beautiful. We arrived

in Wichita, Kansas at 9:00 p. m., Sunday night, at the home of Mr. and Mrs. R. B. Balentine, oldest daughter of Carl and Opal. While in Wichita, Ritus and Norma drove us to all the places of interest; out to the huge Bowen Aircraft plant where Ritus has worked for four years. We also visited the beautiful parks in Wichita.

Tuesday morning we left there for Harrison, Arkansas. Ritus drove most of the way and pointed out to us all the points of interest. We stopped and ate lunch at Fall River, one of Kansas most beautiful rivers. As we drove on we passed a huge Buffalo farm and I saw my first herd of buffalo grazing on pastures. We drove to Cassville, Missouri the first day out. It is in the Ozarks. Cass-

ville is a very old town, very pretty and noted because one of the major battles of the Civil War was fought in and around it. The tenant of the motel took me to the edge of the yard and showed me the valley where the great battle was fought. We also visited the state park which is so well kept, green and beautiful. Here we saw Roaring River and all the beauty of nature God has to offer. The water is so blue and clear you can see the huge schools of mountain trout swimming about. You can also see the water flowing from the springs.

We left Roaring River and were all very much excited because Carl, Ritus, and Debbie, the Balentine four year old daughter, had their first ride on a ferry boat. They rode for one hour at the rate of \$1.00 per hour. While the men and baby were riding, Opal, Norma and I studied the history of Roaring River Lake and etc. We left Cassville and drove all day through the Ozark Mountains, was very nice and cool and the scenery was wonderful.

We stopped at Pamorama Point, highest point in the Ozarks and climbed to the top and looked through glasses, we could see for miles and miles, see smoke coming from little cabins on top of the mountains. We passed through Joplin, Missouri, and drove out to see the monument of George Washington Carver, the most famous negro in Missouri history. We saw the old plantation where he was born, and the old tree where his father, Moses Carver was hung by his thumbs.

We continued on our trip through the Ozarks, to Seligman, Missouri, where we saw the noted Huckleberry Jam and Jelly plant. This is just as you cross over the line at Gateway, Arkansas, a very small town but noted because the shortest highway in the world is the main street of the town, Hi-way No. 41, and only 100 feet long. There we saw "Old By Golly," an old hermit about 80 years of age. He was sitting on the steps of a grocery store reading his paper. A man at a filling station told us that he, the old man, was known all over Arkansas for his sign paintings. After leaving Gateway we drove to Eureka Springs, Ark., known all over the world for its winding streets and it is built into the side of a mountain. The Eureka Hotel is seven stories high and every story has a ground floor. A lovely town on the side of a mountain, noted at one time for a famous Doctor and his hospital.

We arrived at Harrison, Ark., at 3:00 p. m., at the home of Jim Wassaman, friends of Ritus and Norma. After visiting there for awhile we went to the home of Clyde Featherston. Clyde is the son of Tom and Nettie Featherston, and is an own cousin of Carl's dad, Joe Featherston and Charlie Featherston of Goldthwaite. After a visit with them we drove downtown and made some pictures. Harrison, the county seat of Boone County, was where my father and mother did all of their trading

and business. We spent the night there and left early the next morning for Western Grove to try and find some of my relatives.

We arrived at the home of Tom and Nettie Featherston in Western Grove, Ark., a very small town which still maintains the postoffice and general store. Tom Featherston, age 79 and his wife, 77, told Carl quite a few things about his father, Joe, who died when Carl was seven years old. They agreed to go with us for a picnic lunch and spend the day hunting up our other relatives. Tom took me to the old cemetery out of Western Grove. It is called Ball Knob Cemetery and is right on top of a high hill. Though the grass and weeds were very rank, my grandson-in-law, Ritus Balentine found my grandparents graves, Mr. and Mrs. George Hays. He took my picture at their monuments. The valley surrounding this cemetery was of very rich land and very beautiful.

Mr. Featherston showed us fields as we drove away from the cemetery which was producing 100 bushels of corn to the acre. From there we went to the Patton Spring which we were told had been like that for about 100 years with clear, cold water, and on the land which had been in the Patton family for that length of time. Mrs. Patton was the sister of T. B. Featherston and Wayne Featherston, Carl's own grandfather. We made some pictures of this old spring. We then drove to the home of George and Pearl Featherston, a younger brother of Tom Featherston, who now owns the old home place of Wayne Featherston. Wayne married Mandy Richardson.

Wayne Featherston and his wife heard of Mills County through my parents, and other parties who had made the wagon train trip and they sold their home to George Featherston and moved to the Pleasant Grove Community in Mills County. Soon after they moved there, Mandy died and is buried in Pleasant Grove Cemetery. Joe, Charlie, Russel and Ollie Featherston Allard of Columbus, Ohio, were Mandy's children. George's wife was Pearl Richardson. She told us of a very elderly lady, a grandmother Richardson, who still lives in Western Grove and who was related to Mandy and also Mrs. Tom Keese, but the day went by so quickly and we

did not get to contact her.

We then drove to the home of Mr. and Mrs. Matt Benton at Everton, Ark., Mrs. Benton was the former Zell Featherston, own cousin of Charlie Featherston of Goldthwaite and sister of Tom and George of Western Grove. We had a nice visit there and then drove to the town of Western Grove where Opal bought souvenirs. She also learned that the lady who runs the big general store there was a cousin of mine. She is Mrs. Walter Jones, the postmaster, also named Jones was related to me. She brought an old man to the car to see me that was a cousin to my mother.

The sun was slipping fast behind the mountains and Ritus told me that I would have to bid the relatives a farewell as he wanted to drive to Bronson, Missouri by bedtime, and he wanted me to see part of the drive before darkness set in. We left Western Grove and drove to Bull's Shoals, Ark., cooked our supper out at Bronson and spent the night. On this drive we saw "Uncle Matt's Cabin" where the famous story of "Shepherd of the Hills" was written, by Harold Bell Wright, the place is very well kept. We passed through Yellville, Ark., on this drive also and saw the home of the famous "Turkey Caller." Yellville was at one time strictly an Indian Reservation, known as Shawnee Town. All the souvenirs were of an Indian design. We did not see any apples in Arkansas as the early freeze hit there same as it did in Texas. We came back through Springfield, Missouri on our return trip. It is a beautiful town and the home

of the "Lilly Paper Cup Co." and the college of the "Assembly of God Church." We entered Kansas near Pittsburg, which is the center of the wheat region of Kansas, we saw thousands of acres of wheat and it all looked level as a ruler. In Arkansas we found that they grow sweet potatoes, tomatoes and cane (Silver Drip) from which they make syrup. In Mo. we passed many sawmills and saw thousand of dollars worth of trees being sawed into lumber. We saw the St. Joseph's Hospital at Springfield which cost 7 million dollars to build.

We reached Wichita Saturday night at bedtime, and were tired but to me the things we had seen were worth being tired over. We stayed there until Tuesday morning then drove back to Norman, Okla., and spent the night with the Adkins again. We drove into Goldthwaite Wednesday evening, coming home by way of Arbuckle Mts., and Turner Falls in Okla. We saw lots of pretty scenery along the route through Okla. and North Texas. I had pretty well covered four states, Okla., Kansas, Missouri and Texas. Saw all kinds of different things in dif-

ferent states, but as we were driving home we remarked that no state comes any ways near up to Texas in her roads, hospitality, size of state etc. We decided that Texas has more to offer as a whole than any other state and that Mills County was the best County in Texas. As Carl and Opal drove off for their home in Brownwood, I hollered real loud, "and don't forget, that Goldthwaite is the best yet."

**New Chevrolet Task-Force Trucks**

Most modern trucks on the road! If you don't get all the advantages they offer, you stand to lose money on the job today... and again at trade-in-time!

Most modern power—V8 or 6  
In most new Chevrolet truck models, you have your choice of V8\* or 6. Chevrolet's new truck V8's have the shortest stroke of any V8 in any leading truck! That means less friction and wear per mile. And all Chevrolet truck engines have a modern 12-volt electrical system for quicker starting, better ignition and a greater electrical reserve.

The truck driver's "dream cab"  
With wide panoramic windshield, concealed Safety Step and High-Level ventilation system.

Work Styling—a Chevrolet exclusive  
Two fresh, functional styling treatments—one for light- and medium-duty models, another for heavy-duty. Your Chevrolet truck will do your job better—and look better!

Most modern features throughout  
Advanced suspensions! More rigid, ladder-type frames! Tubeless tires standard on 1/2-ton models! Come in and see all the ways you're way ahead with new Chevrolet trucks!

\*V8 standard in L.C.F. models, an extra-cost option in all others except Forward Control models.

Chevrolet Truck Work Styling is well illustrated in these four models ranging from the Low Cab Forward and Cameo Carrier at left to the pickup and tractor-trailer unit at right.

Austin, Texas—Almost everyone is talking about farm prices.

In Austin before a meeting of 200 Texas Farm Bureau officials, the Indiana Bureau's president predicted a "depression that will make the 'thirties look like a picnic" if present farm policies continue.

At his Gillespie County ranch U. S. Senator Lyndon Johnson said the Republican sliding scale of parity lets "prices slide down and mortgages slide up."

In Houston Secretary of Agriculture Ezra Taft Benson reported in a speech before Texas Citrus and Vegetable Growers, Democrats, he said, left him a "neat package of carefully fused bombs"—falling prices and accumulating surpluses.

Substantial progress has been made, nevertheless, Benson said. Major strategy to help low-income farmers, he promised, is in the offing.

**DROUGHT AID ANNOUNCED**  
Farmers in 22 South Texas counties are eligible to buy surplus feed grain at lower prices. President Eisenhower designated the counties as drought disaster areas at the request of Gov. Allan Shivers.

Applications for relief grain will be taken through Oct. 15. Distribution through supervised retail outlets will continue until Nov. 15.

**INSURANCE OVERCHARGES HIT**  
A Texas Insurance Commission report claiming "millions of dollars" in excess charges collected by a New York automobile insurance company may touch off a nation-wide investi-

gation. Commr. J. Byron Saunderson reported Texas' findings at a zone meeting of insurance commissioners from six states. All indicated they would start inquiries.

Service Fire Insurance Company of New York overcharged, Saunders said, by putting policy holders in a higher rate bracket than necessary. He reported that so far the company had refunded \$86,000 on the policies checked by the commission.

Attorneys for the company said that if there were excess insurance charges, they were offset by an undercharge on financing.

Service Fire Insurance Company handles policies for Universal C. I. T., finance company with which it is affiliated.

**VACCINE PRIORITY CHANGED**  
Texas children under five have been added to the priority group for Saik polio vaccine. In other states only five to nine-year-olds are eligible.

State Health Department officials obtained special approval from federal authorities, as some 44 per cent of paralytic polio in Texas hits tots under five.

**SCHOOL INQUIRES SET**  
Legislative subcommittee reports on school squabbles at Houston and Irving are due Oct. 21. Investigations are being made by two-member groups of the house general investigating committee, Rep. Wade F. Spilman, Jr. of McAllen is chairman.

Suspension of school administrators was the origin of difficulties in each town.

**NO FEDERAL INTERFERENCE**  
Federal authorities do not intend to interfere with Texas policing of racial problems. Such assurance was sent by an assistant U. S. attorney general to Texas' Attorney General John Ben Shepperd.

A Houston Negro organization had requested U. S. Attorney General Herbert Brownell to investigate the Texas Citizens Council. Shepperd sent a telegram advising that Texas enforcement agencies are able to take care of any Texas situation.

**WATER PROBLEMS STUDIED**  
Inform the people about Texas' water problem and money to solve it will be forthcoming. Max Starcke, manager of the Lower Colorado River Authority, so advised more than 100 experts at a Water for Texas Conference at College Station.

It will be a lengthy, costly proposition, he said.

**LAND BUYERS CLEARED**  
Honest deals sought under the veterans land program are gradually being cleared. A suspense order, invoked when investigations began, has been moved from 111 accounts. They were "made in good faith," according to Land Commr. J. Earl Rudder.

Another 1,400 accounts, representing a \$3 million invest-
