After observing an open date with no game scheduled last Friday the Goldthwaite Eagles will continue their football season as they meet the Indians of Comanche there Friday night. This will be the Eagles' fourth game of the season.

Starting off the season with three games played the Eagles appeared to do better on out-of-town soil than on their own.

Their first two home games with San Saba and De Leon ended with their opponents taking home the majority of the points. The Eagles lost to San Saba 14-0 and De Leon 26-6.

However, in the third game the Eagles came home with a smashing 28-8 victory over the Johnson City Eagles.

After losing to Goldthwaite two years in succession and suffering a bruising 28-0 defeat from De Leon last week the Comanche Indians will really be after some Eagle scalps this Friday night. The Eagles defeated the Indians 38-0 last year.

Lack of experience in the Eagle squad which caused the team to lose their first two games is being overcome and the prospects look good as the Eagles head on to conference play.

Everyone is urged to come and support the Eagles at Comanche. Game time is 8:00 p. m.

Eagle B Team To Host Early

Mullin Edges Over Brookesmith, 13-12

Two Brookesmith extra point bids backfired Friday night as the Mullin Bulldogs edged the Brookesmith Mustangs by 13-12.

The Mustangs failed to convert after touchdowns in the first and fourth quarters. Jay Gibbard tacked on the extra points after Mullin's second touchdown to clinch the victory.

Both teams scored in the first and fourth periods. Jim Smith opened the scoring for Mullin when he plunged two yards for a touchdown. Gibbard scored both the touchdown and extra point for Mullin in the fourth.

Joe Henderson made both the scores for Brookesmith.

HINTS FOR THE WEEK
If you have used part of a pint or quart of ice cream, give the container an extra air-proof wrapping before putting it back in the freezer. This overwrap helps to maintain good texture. Prepare a large quantity of

sandwiches at one time, then freeze them. Wrap in a double thickness of heavy waxed paper and store for a week without loss of quality. Some fillings that freeze well are luncheon meats, other meats; cheese, peanut butter and hard-cooked egg yolks. Use fruit juices to make spreading easier. Don't put raw vegetables on the sandwiches as they lose crispness, color and flavor when frozen.

HOUSE WARMING

GIVEN FOR J. R. SMITHS

Mr. and Mrs. J. Roy Smith and family were honored by friends and neighbors Saturday night with a house warming in Mullin. It was a complete surprise for them, but I'm sure it was a pleasant one.

Relatives brought china for them, and friends brought a large mirror and a pole lamp for them. I understand that this was just what they had been wanting. They also received other gifts from friends. A large crowd was present for the affair.

Mr. and Mrs. Frank Wortman of Tuttle, Oklahoma, and Mr. and Mrs. Joe Herrington of Long Beach, California, visited Saturday in Mullin with Mrs. L. J. Vann and Mrs. W. H. Baskin. They also visited with Mrs. Lena Leineweber. Also Mr. and Mrs. S. J. Casey of Dallas, Mrs. Elmo Smith of Lockhart and Howard Weaver of Goldthwaite were recent visitors with Mrs. Vann and Mrs. Baskin.

Mr. and Mrs. S. J. Casey have just returned home from a trip to the World's Fair. They visited with their son, Jack and family in Rochester, New York, and with their daughter and husband, Dr. and Mrs. Joseph Spiezio of South Orange, New Jersey.

Mr. and Mrs. Wayne Henry, all of Llano, visited last Sunday in the Bob Collier home.

Mr. and Mrs. Cord Johnson of Snyder visited here last week with Mr. and Mrs. Euza Smith and other relatives and friends.

Mr. and Mrs. Felix Bode of Llano visited here recently with Mr. and Mrs. Kyle Smith and family.

Douglas Bowden of Comanche was a visitor last weekend with Larry and Craig Smith and other relatives.

Mr. and Mrs. Grover Dalton returned home last Friday from a trip to West Texas and New

Mexico, where they visited with friends and relatives.

Mullin has been blessed with about 15 inches of rain, and today is a perfectly beautiful day. The sun is shining, and everything is really getting pretty and green again. I know the people with livestock are really happy about the rain. The tanks are all full of water, and the grass is growing. I haven't forgotten the drought we had in the fifties with a bunch of livestock to take care of and with no grass for them. There is not much profit when you have to feed the whole year.

Mrs. Mattie Anderson is home after spending several months in a nursing home in Goldthwaite.

I can't keep up with my neighbor, Mrs. McCormick, but I think she and other relatives are at Lake Buchanan where they have a cabin just for such trips.

Mr. Charlie Calder is visiting at Eola with his daughter and family, Mr. and Mrs. Rupert Anderson.

STATE CAPITAL Highlights AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin, Texas—It's almost time to vote again. General election ballots already are in the hands of local officials, for printing.

Secretary of State Crawford C. Martin has mailed out the sample ballot to the clerks. Along with it went a 44-page certified list of all state and district candidates. Many clerks had been pressing for the material so they could order necessary printing well in advance of the November 3 election date.

Absentee voting begins 20 days before the general election, and clerks must post ballots 10 days earlier than that.

This ballot will list Democratic nominees in column 1, Republicans in column 2 and Constitution Party candidates in column 3.

Three constitutional amendments also will appear on the ballot:

One would remove authorization for transfer of up to one per cent a year from the permanent school fund to the available school fund for current spending;

Another would set tougher requirements for creation of special conservation and reclamation districts; and

The third would permit the Legislature to authorize medical care payments (on a matching basis with the federal government) to needy persons over 65 who are not receiving old age assistance.

Martin held up his final cer-

ification of candidates pending a Supreme Court ruling on a Scurry and Borden Counties suit. Court declined to hear Snyder attorney J. Ray Martin's request for listing as an independent candidate for 132nd district attorney. Martin also sought, unsuccessfully, to keep Democratic nominee for district attorney, Wayland G. Holt, off the November ballot.

Citizens Complain

A band of citizens from Nolan County came to Austin to call on State Highway Engineer DeWitt C. Greer with a petition requesting his department to reconsider a decision to close the engineering office at Sweetwater.

Greer said the decision to close was due to slackening of the work load in that area, but said that the petition will be given careful consideration.

Mentally Retarded Facility Approved

Gov. John Connally has directed a fund transfer between two state agencies to create a Regional Diagnostic and Referral Center for mentally retarded at Denton State School.

State Board for Hospitals and Special Schools requested the executive action calling for transfer of a \$497,000 grant from the Children's Bureau of the U. S. Department of Health, Education and Welfare by the State Department of Health.

Center will provide services in diagnosis, management of the retarded and training of personnel for the North Texas area surrounding Dallas and Fort Worth. The Children's Bureau grant will be used to pay personnel over a five-year period. Application has been made for a Hill-Burton grant to finance construction of a building.

Water

Water engineers from 17 Western States discussed and swapped ideas on how their states are attacking the coming water crisis at the Association of Western State Engineers' convention here.

Marvin C. Nichols of Fort Worth told the group that the proposal of the U. S. Bureau of Reclamation for a canal along the Gulf Coast, to carry surplus waters from the Sabine and Neches to water-shy Gulf Coast areas of South Texas, should be held up until the state gets the money from the Legislature to investigate alternatives. He feels that canals or pipelines, carrying surplus East Texas water to upper points of Central and South Texas streams, would be far better. Thus the water could be used more than once.

Leon Hill of Amarillo, regional director of the Bureau of Reclamation, said that engineers can propose plans, but they must be refined into "people plans" before they will gain enough public acceptance to reach reality.

John Simmons of Orange, general manager of the Sabine River Authority, endorsed the idea of that big river's surplus water being carried to areas which need it. He believes such transfers of water should be made by arrangements between river authorities, under supervision of the Texas Water Commission.

J. E. Sturrock of Austin, manager of the Texas Water Conservation Association, told the delegates that by the year 2010,

population growth may necessitate the \$100,000,000 proposal to move water from Alaska to supply the Southwest United States and Northwestern Mexico. He warned the water engineers that it is their responsibility to educate the people on the coming crisis in water, and to be ready with proposals to meet that crisis.

Appointments Announced

Johnson-Humphrey headquarters in Austin announce the following appointments:

Chairman Wm. Hunter McLean picked Mrs. Eugene Locke of Dallas and Frank C. Irwin Jr. of Austin, national Democratic committee members, as honorary co-chairmen of the Texas drive.

Mrs. Jerre S. Williams of Austin, formerly of Brownsville, was named women's activities director. Wayne G. Weachman of Houston, Bob Slagle of Austin and Scott Mann of Houston, are chairmen of Young Citizens for Johnson.

Wilmer Smith of Lubbock, Dolph Briscoe of Uvalde and

Romeo Korth of Karnes City are tri-chairmen of the statewide Rural Texans for Johnson-Humphrey committee.

Vets Land Program Renewal Urged

State Land Commissioner Jerry Sadler says Texans ought to vote again on whether to continue the veterans land program.

It just now is starting to make money for the state, he advises in his annual General Land Office report. Profits were reported as nearly \$3,000,000 last year and eventually should run to \$80,000,000—maybe \$100,000,000.

Voters last year turned down a proposal to issue an additional \$150,000,000 in bonds to continue the purchase of land for resale to qualified veterans at low interest rates.

Bus Tour

State Republican Headquarters here announces that a gold-colored bus—called the "Goldwater Special"—carrying Republican candidates for state-

wide office will arrive in Austin on October 3, following a three-day tour through East Texas, down the Gulf Coast to Corpus Christi, and up South Texas through Alice.

State Comptroller; Fred S. Naumann, State Treasurer; John Matthews, Land Commissioner; and John Armstrong, Agriculture Commissioner.

This week's tour will be the first of three. On October 12, the "Goldwater Special" will tour four days from El Paso through West Texas and North Texas and wind up in Houston. On October 27, the candidates will make a plane tour of major cities not touched by the bus.

service bulletin

For the cowman... A REWARDING MOMENT!

At last the rewarding moment has arrived for the cowman... the care given the mother cow has paid off!

From now until calving time is a critical period for the cow. She is not only maintaining her own body, but building the unborn calf, too.

Results on range are harder to measure than in the feedlot—but just as important. In the feedlot daily gains can be weighed—cost of gain determined.

Purina Dealers have demonstrated Purina's superiority in the feedlot with public feeding demonstrations. The same research formulates Purina Range Checkers—and for the same reason—results. From now until calving time feed Purina Range Checkers. Don't be misled by "chin music" and cheap prices.

Get Purina Range Checkers now at your store with the Checkerboard Sign... prove to yourself Purina's feeding can cost you less!

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Oil Fight

Independent oilmen from the East Texas Field took on major companies at a Railroad Commission hearing at which a proposal was made by Atlantic Refining Co. to give additional

allowable to wells in that giant old field. The wells now have allowables on a per-well basis only, and Atlantic wants to add production based on acreage.

Small operators, conceding that it would increase their allowables, too, fear that if the Atlantic plan were adopted, it would open the door to a court review of the field rules, which could easily result in wiping out allowables of wells drilled on tiny townlot tracts.

But the hearing also brought out a majority inequity, and court action could come on that. A well capable of making only 19 barrels is exempt from shutdown days under a state law, so it can produce 30 days a month. But a well making 20 barrels a day is limited to about eight days' production a month. So the poorer wells get to produce more oil than the better wells.

Water News

Latest word on construction of the \$64,000,000 Amistad Dam on the Rio Grande and the Devil's River is that bids will be opened by U. S. and Mexican authorities working jointly on the project on November 6.

Both countries have been busy re-routing roads and railroad lines in the vicinity of the proposed dam to make way for construction.

Texas Water Commission will hold a hearing on the Colorado

River Municipal Water Authority's application to build a dam at Robert Lee on the Colorado River on October 19 at 10 a. m.

Commission gave the Guadalupe-Blanco River Authority permission to build a low-water dam near the mouth of the Guadalupe River in Calhoun County. The dam will have a rubber top, so it can be deflated when river flows are high—if that day ever comes again.

Continuing its "clean-up" of unused water rights in Texas, the Water Commission this week cancelled out reduced water rights in Kimble, Mills and Coleman Counties which dated back as far as 1904.

Newspapers Must Wait

Atty. Gen. Waggoner Carr has ruled that the State Treasurer can put cost of publishing names of persons having money coming to them through insurance policies or annuities "on the cuff" and pay the newspapers later, as money accrues to a special state trust fund.

Advertising costs under the insurance escheat provision cannot be paid from the treasurer's own general appropriation, the opinion continued.

Drop-Outs Critical

Measuring the cost to the nation's economy of some 900,000 school drop-outs each year by the dollar, Col. S. Perry Brown, chairman of the Texas Employment Commission, said it adds up to millions of dollars each year.

Then he warned, "If effective action is not taken, I submit that we will pay ten-fold in retraining, as well as unemployment insurance, welfare costs, and other forms of dependency. Yet the greatest loss both economically and socially will be in wasted human resources."

Hunting "On The Cuff"

Almost one out of every three Texans hunt "on the cuff," or without having to buy a license, according to J. Weldon Watson, executive director for the Parks and Wildlife Department.

Watson said last year 230,000 of the 740,000 Texans licensed to hunt secured exempt licenses without cost to them. Others paid the usual \$3.15.

On the exempt list are persons age 65 and older; those under 17; and those who can show they are hunting on their own land and live on that same property.

Watson said 2,350,000 licenses for hunting, fishing and commercial fishing uses now are available from 2,800 official deputies of the Parks and Wildlife Department.

Airport Funds

Atty. Gen. Waggoner Carr advised the Texas Aeronautics Commission's director, Frank W. Raymond Jr., that the Legisla-

ture could amend the State law to authorize the State to appropriate funds to incorporate cities for construction of airports and navigational facilities without violating the constitution.

Commission is expected to seek a legislative sponsor for this type of bill.

Short Snorts

Sale of livestock and livestock products brought Texas farmers and ranchers \$154,100,000 during June, U. S. Department of Agriculture reports.

Governor Connally reports that 531 Historical Markers will be erected along State highways during the next 30 months.

Attorney General Carr says his office won 320 cases, lost three, and disposed of 58 in some other manner during the month of July.

State General Revenue fund was \$22,500,000 on the black side of the ledger at the end of July, reports State Treasurer Jesse James.

H. D. Stewart, Jr., of Big Spring and Ed Tobola of Houston were appointed to the State Board of Barber examiners by Governor Connally.

An application for a charter to Conroe Bank and Trust Company has been filed with the State Banking Board.

Texas Highway Department reports that 9,161 persons visited the new Capitol Tourist Information Center in the Capitol during its first month of operation.

Texas Health Department sees possibility of local out-

breaks of influenza this winter, although no major epidemic, and advises immunization.

U. S. Senator Ralph Yarborough was top speaker at the 1,000 delegate convention of Texas Electric Cooperatives holding their 24th Annual Meeting in Austin.

Treasurer Jesse James reported an increase of \$459,999 in tax revenues for stamps on ale, liquor and wine from July, 1963, to July, 1964, for a total of \$10,000,000 last month.

Attorney General Carr announced the recovery of \$52,425 against two defendants charged with operating slanted oil wells, making a total of \$800,270 in judgments which have been re-

turned against slant-hole drillers and operators.

University of Texas' Bureau of Business Research reveals that its seasonally-adjusted index of business activity in Texas for June hopped 16 per cent above the June, 1963, level, marking the 41st month in an upward swing that rivals the 45-month expansion record set between October, 1949, and July, 1953.

Tourist attendance of 16 key Texas attractions have served 10,100,000 this year, up 15 per cent over the first six months of 1963, and will get better during the second half of the year, Texas Tourist Development Agency predicts.

San Saba Peak

By MRS. DUTCH SMITH

My! What a wonderful rain. The first rain that really put out stock water. And how thankful we are for the good rain.

My car stuck right in the middle of the road Sunday, while I was on my way to church. Our neighbor, P. R. Jordan, tried to pull the car out with his pickup but failed. He then went and got his tractor and succeeded in getting the car out. Anyway I arrived at church in time for part of the Sunday School lesson.

We have some new neighbors, Mr. and Mrs. George Widdell and two daughters from near San Angelo. We welcome them to our community. We hated to have the Kings, Loyd, Ray, Rocky and Mitzel, move away and are just so thankful they did not leave Mills County.

We were so sorry to hear that the Bob Bohnings house was burned. My you just cannot imagine how it hurts to lose your home by fire without you have had the same misfortune.

CARD OF THANKS

I wish to express my thanks and appreciation to the friends and neighbors who so graciously remembered me with cards, calls, flowers, visits and many other courtesies while I was a patient in Childress and Cruz-cosa Clinic and Hospital and since my return home. Special thanks to the doctors, nurses and hospital staff for their attentive and professional care. Your thoughtful kindnesses will long be remembered.

THE FRIENDLY STORE
WHERE YOUR MONEY BUYS MORE.

I spent part of last week with my sister, Mrs. Boyd Leverett, in San Saba County. She recently lost her husband. She found him dead in the pasture. He had suffered a heart attack.

Mr. and Mrs. George Widdell had as guests last weekend his brother and family.

Our nephew, Owen Smith, his son, Danny and a friend, Allen Cody of Arlington spent Sunday in our home.

I ate lunch with Mr. and Mrs. Fred Laughlin and helped Mr. Walter Fairman celebrate his 89th birthday. Others visiting the Laughlins were Mr. and Mrs. Fred D. Marshall of Lubbock, Mr. and Mrs. Jimmy Laughlin, Tim and Lee of Temple and Mrs. Lina McLean. Mrs. Laughlin served a wonderful lunch.

Mrs. Marshall brought Mr. Fairman a beautiful birthday cake, and he also received some nice gifts. We hope he has many more birthdays.

We attended funeral services for Walter Robertson last Sunday. We sympathize with his loved ones. May God comfort them in their sorrow.

Mr. and Mrs. Harold Brearley of Fort Worth spent the weekend with her mother, Mrs. Willie Casbeer.

We visited our children in Burnet while en route to the ball game in Johnson City last Friday night. Cliff decided he would go to the game with us. We waited for him to get ready and as we were near the car he said, "Mommy, are you and Daddy going to stay here." His mother said, "No, we will go watch Burnet play after a while." Then Cliff said, "Oh that is who I want to see, and he left us for the Burnet game. Our boys won, it was a very good game and we are proud of them. But we are proud of them, anyway, win or lose.

Mrs. P. R. Jordan's mother and her son and family visited in the Jordan home recently.

Mrs. Etta Jordan and Flossy Lynn visited us Saturday night. We heard the river was really up. I talked to Mrs. Coleman Burnham and she said the river was up high.

Mrs. Lee White and Miss Florence Jones of Goldthwaite visited me and we visited with our new neighbor, one day last week.

MRS. ROBERT RAY TIEMANN

Miss Carolyn Rhoades Becomes Bride Of Robert Ray Tiemann

In an impressive double ring ceremony performed in the Austin Avenue Church of Christ in Goldthwaite Saturday night, September 26, at 7:30 o'clock, Miss Carolyn Rhoades, daughter of Mr. and Mrs. Dauris E. Rhoades, became the bride of Robert Ray Tiemann, son of Mr. and Mrs. Raymond C. Tiemann of Priddy.

Paul Wallace, minister of the Austin Avenue Church of Christ in Brownwood, read the service before an altar decorated with greenery and centered with a white bow and wedding bells, and candelabras with tall tapers entwined with greenery and orchids, flanked with baskets of white and red anthuriums and ti leaves. White bows and wedding bells marked family pews.

The bride, given in marriage by her father, wore a white bridal satin gown with re-embroidered Alencon lace outlining the sweetheart neckline and front panel of the soft pleated skirt that formed a chapel length train. The long sleeves terminated in petal points over the hands. The gown was designed by the bride's grandmother. The ballerina length veil of silk illusion fell from a head piece of lace and pearls. She wore a cultured pearl, a gift from the groom. She carried a bouquet of white carnations centered with orchids cascading from double lovers knots with white satin leaves and teardrop pearls.

Miss Beverly Rhoades served her sister as maid of honor with Miss Anita Rhoades, sister of the bride and Miss Barbara Carr of Conroe, cousin of the groom, as bridesmaids. They wore

street length dresses of cherry pink satin designed similar to the bride's. They wore head pieces of matching net veil with satin roses. They carried star-shaped cascades of white carnations centered with orchids.

Roy Gene Tiemann, brother of the groom, was best man, with Wayne Rienert and R. M. Currin of Priddy as groomsmen. Ushers and candle lighters were, Evon Self of Izora and Kenneth Hohertz of Odessa.

Mrs. Evon Self, Misses Laresa and Brenda Rhoades of Izora, cousins of the bride, sang "Because" and "O, Promise Me."

The bride's mother wore a dress and matching jacket of dusty rose silk with black accessories and an orchid corsage. The bridegroom's mother chose a dress and matching jacket of beige brocaded satin with beige accessories. She wore an orchid corsage.

Miss Isabell Hines of Fredericksburg, cousin of the groom, registered the guests.

Immediately following the wedding, a reception was held in the community room of the Mills County State Bank. The bride's table was laid with an imported white cutwork tablecloth and centered with a beautiful arrangement of torch ginger flowers and ti leaves. The three-tiered cake, with the bottom tier arranged in a three leaf clover design and decorated with white roses, was topped with a white bell and miniature bride and groom.

Presiding at the bride's table were Mrs. Allen Gray, Patricia Tienert and Vicki Jo McClung.

For going away suit, the bride chose a charise wool suit with
