IT NEVER WAS NECESSARY TO "Enjoy" POOR HEALTH...

Many people seem to "enjoy" poor health. They would not care to be without a cupboardful of odd medicines for self-treatment—some of which may not be in keeping with competent medical advice.

The better way is to enjoy good health—by careful planning. Consult your Doctor at regular intervals; more often if required. He will prescribe only the preparations that you need—preparations of the highest quality, such as those from the laboratories of Parke, Davis & Company—prescriptions which we will be pleased to compound for you. The necessity for medication will pass, and life with abundant health can become a pleasure indeed.

If you're about  
to pop for Color TV-

don't fail to see  
the set with the  
works in a drawer.

The works: 10 tubeless, plug-in modules. Result:  
Motorola Quasar is designed for stay-at-home  
dependability and fast, low-cost maintenance.

Motorola Quasar is different.

Most of the important components, for instance, are in a drawer that slides out.

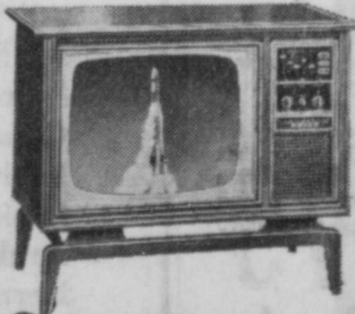

And the works themselves are different, too. They are modules that plug in and plug out. Each module is a mini-circuit with its own job to do. There is a picture module, a color module, a sound module, and so on.

You can look around on those modules for tubes, but in the Quasar chassis, the only thing that looks like a tube is the rectifier. For the rest of it, transistors and other solid state devices have replaced tubes.

The Quasar is designed this way for dependable performance.

No machine is perfect, however. Even the Quasar will need service-sometime. And when it does, this design offers another benefit. If a module is the offender, it can be unplugged and its replacement plugged in. In your home. In minutes.

The Motorola Quasar. Beautiful picture (23" diagonal), easy tuning, stay-at-home dependability in a choice of cabinet styles.

**Community News From Mullin**

By MRS. JOHNNIE HOLLAND

**VERY HOT!** And very dry! is the weather situation just now in Mullin; however, we have had a little norther that has cooled the weather just a little. I spent last Saturday at De Leon where I visited with my mother and brother. Also I attended the ex-student homecoming at the high school Saturday morning. This was the third year the students had met.

A teacher, Mrs. Lucille Duke, who taught in De Leon thirty-two years, got this meeting started. They told me it was improving in attendance each year. I really enjoyed it. My class is really going to work at getting a large number of us together next year. The oldest graduate there was the above named teacher, Mrs. Duke, who graduated in 1908. The Class of 1918 were all present except one.

Mr. and Mrs. Dick Roberts and family have moved to Mullin recently from California. Mr. Roberts has recently retired from military service. He is a brother of Pick Roberts, Pug and June Cooksey. His family will be a lift for our school. I believe he has eight children—one set of triplets. Welcome into our community Dick and family.

Mr. Lawrence Gandy of Tahoka was a recent guest here of his sister, Mrs. Addie Cox, who is in the Heritage Home in Goldthwaite. Also Mrs. Cox had a niece visiting with her.

Mrs. Ollie Lee Holland and granddaughter, Lark of San Angelo spent last Saturday night here with her sister, Mrs. Lynn Roberts, and Mr. Roberts. They left early Sunday morning for Temple where her daughter and family, Mr. and Mrs. Marvin Green, have moved from

## 21st Annual Koen Reunion Held At Legion Hall Saturday And Sunday

By MRS. B. C. WICKER

The 21st annual session of the Koen re-union was held August 3 and 4, 1968 at the American Legion Hall in Goldthwaite. The reunion was enjoyed very much by the 114 who attended. We ate dinner there Saturday at 12 noon and had home made ice cream, cookies and sandwiches for supper.

During the Sunday business hour we recognized our kin who had never attended before. They were:

Mr. and Mrs. Ray Koen of Fort Worth and mother, Mrs. M. J. Koen of Midland; Mr. Koen Dalton and son, Jimmy, of San Antonio. Also we recognized our young folks, under 16, in appreciation of their attendance.

We are looking forward to our meeting next year at the same time and place. Those who attended were:
