Council Receives Petitions

The Goldthwaite City Council met in regular session Monday night and heard the petition of some 325 citizens of the city for the Council to place on the ballot in the upcoming election, a referendum on city law enforcement.

John Robert Mauney, the circulator of the petition, presented the proposal to the council.

The council agreed to put the proposition on a ballot at the April 6th alderman election to see the wishes of the whole voting unit.

At present the city does not have any official law enforcement personnel or any "law and order" system. Law enforcement here is left up to the county and state officers.

The referendum, if passed, could give the city the authority and the directive to undertake some form of law enforcement program.

Mayor Ray Duren instructed City Manager Don Petty to check cities of comparable size with existing law enforcement agencies and see what financial arrangements would be necessary to begin such a program. In particular, Petty was to look into the cost of patrol cars, radio equipment, salaries, plus other items.

When the figures are available, Duren said, he will call a special called meeting of the Council to relate the information to the aldermen for their inspection. Adequate publicity will be given to the figures before the election Duren said, so the voters would be aware of the costs involved in a police system for the City of Goldthwaite.

Wendell Tucker, manager of Mills County Lumber and Supply of Goldthwaite, also presented the Council a petition, one that asked the city to bring 1.65 acres of land he had recently purchased into the city limits. The plot, located between U.S. Highway 84 and the old Priddy road, will be the site of his new lumber and building facility. The petition was unanimously accepted.

Councilman Jimmy Smith told the council that several persons had confronted him with the idea that the new sanitary land fill location be allowed to open all day on Saturdays, instead of until 1 p. m. The city manager was instructed to try to find the necessary manpower to undertake this proposal.

"ENERGY CRISIS"

City Manager Petty reported on the recent happenings concerning the electrical situation. The Lower Colorado River Authority, the city's source of electricity, recently exceeded its contracted ceiling on the wholesale rate it may charge. Goldthwaite, along with other cities served by LCRA, did not pay the amount over and above its contract price, but did pay, under protest, costs stipulated by the power company as "fuel costs." These costs were additional funds needed to fuel the generating plants with diesel instead of the less expensive natural gas.

Petty also reported that the application for a grant to begin work on the new sewer system for the city had cleared the Environmental Protection Agency office in Dallas and was now in Washington at the Federal office of the EPA. Rady and Associates, the engineering firm handling the complex procedure for the city, had to make a personal appearance at the EPA office in Dallas to get the application through, apparently because of the administration there did not completely understand the nature of the grant proposal as it fit in this particular case. The cost in this first step of the sewer line program was \$90,000, of which the government would grant the city 75

First Baptist Church Sponsors 'Don Jones Day' Sunday

First Baptist Church will have "Don Jones Day" this Sunday. Don Jones, a missionary to Korea, will be the guest speaker in the morning worship service and close out the Week of Prayer for Home Missions at First Baptist Church. Following the morning worship service there will be a covered dish luncheon in the Youth Center.

Rev. Jones, who is stationed in Seoul, Korea, is director of publications and supervises a staff of 10 people. Mr. and Mrs. Jones have been active members of Seoul Memorial Baptist Church. He has served as church school superintendent and as

congregational song leader; she has directed the choir, taught a Sunday School class and served as a deaconess.

In addition, she has checked translations and prepared materials for the work which her husband directs, taught piano lessons, conducted a cooking class in Western-style food preparation for her young married women's Sunday School class.

Appointed by the Foreign Mission Board in 1956, Mr. and Mrs. Jones studied the Korean Language at Yale University before going overseas. They also studied the language in the Korea Baptist Theological Seminary. They moved to Seoul in 1959.

Rev. Jones was pastor of First Baptist Church in Strawn, Texas, and Pompey Mountain Baptist Church in Mills County before missionary appointment. He also served as assistant pastor of First Baptist Church, Goldthwaite.

Rev. Jones was born in Galveston, Texas, but lived in Oklahoma while growing up. He is a graduate of Howard Payne College and Southwestern Baptist Theological Seminary. Mrs. Jones, the former Juanita Wheelock, was born in Altus, Okla., and grew up in Wichita, Kan., and Childress, Texas. She is also a graduate of Howard Payne College and Southwestern Baptist Theological Seminary. Mr. and Mrs. Jones have two children, Preston, born in 1962, and Elizabeth Ann, born in 1965.

CITY ELECTION

It was mentioned that at the time of the council meeting five men had filed for the three open positions on the council to be voted upon on April 6.

On the ballot will be Jimmy Smith, incumbent, Doran Lemke, Robert "Bobby" Johnson, Howard Campbell and Loy Long.

Present at the meeting were Mayor Duren, CM Petty, Councilmen Smith, Lester Geeslin, Donald Padgett and Anclie Morgan. Also present were City Secretary Lynn Collier, Wendell Tucker, John Mauney and Eagle Editor Frank Bridges.

Coyote Control Program Slated Here March 18

Farmers and ranchers in Mills County will have an opportunity to learn about an experimental coyote control program on March 18, 1974, at 3:00 p. m. at the High School auditorium in Goldthwaite, announces Danny Long, county Extension agent for the Texas Agricultural Extension Service.

The meeting will concern the safe use of the M-44 spring-loaded ejector which uses sodium cyanide capsules as a means of controlling predatory animals. The device has been approved by the Environmental Protection Agency for use in a 15-month experimental program in 44 counties in West, Central, and South Texas. The Texas Department of Agriculture will direct the program. Cooperating agencies are the Texas Agricultural Extension Service, the Texas Agricultural Experiment Station, and the Texas Rodent and Predatory Control Service. The aim of the program is to determine the safest, least expensive and most effective means of controlling predators without harm to other wildlife and the environment, explains Long.

The March 18th meeting will be conducted by a wildlife specialist of the Texas Agricultural Extension Service and a representative of the Texas Department of Agriculture.

Long emphasizes that only those farmers and ranchers who participate in the training meeting will be certified to purchase the M-44 and capsules to use in the pilot program. Each participant will be issued a certificate by the Texas Department of Agriculture at the conclusion of the meeting.

A local supplier will be named in the county who will sell the

M-44 and capsules to qualified producers. Those purchasing the predator control devices will be required to submit a monthly report to the county Extension office on the use and effects of the control system. This report will be used by representatives of the Texas Agricultural Experiment Station and the Environmental Protection Agency to evaluate the program.

City Of Goldthwaite County Sponsor For STEP

The city of Goldthwaite is the Mills county sponsor for the new Senior Texans Employment Program (STEP). At this time, the enrollees are Annie Ward, working in the County Agent's office, Andy Brown, Harvey Willson and Jim Sauls who are working in the city's parks. There are two or three job slots available. Any one interested should contact Ruth Dumas in the Community Action office or Don Petty, the City Manager.

The Senior Texans Employment Program was strongly supported by Governor Dolph Briscoe and signed to begin immediately after the closing of the 63rd legislature. STEP is funded through the Governor's Committee on Aging and is administered by Farmers Union Community Development Association in Waco.

STEP is a work-training program for low-income persons age 55 and over. The program is designed to provide on the job training as well as a supplemental income. Enrollees work a 24 hour week, are paid \$1.60 per hour, and are covered with workman's compensation. Enrollees may work on projects of beautification, conservation, recreation, or restoration of historical sites and public buildings for any city, county state or regional governmental agency.

Local inquiries may be made to Ruth Dumas or Don Petty. For more detailed information contact David M. Hartwig, STEP, 800 Lake Air Drive, Waco, Tex. 76710 or call 817-772-7220.

Methodist Mission Festival March 11-13

Public Schools Week Open House Tonight

DON JONES

MRS. DON JONES

Special open house will be held Thursday (tonight) beginning at 7 p. m. A general assembly will be held in the high school auditorium. The program on the topic "American Heritage" is being sponsored by the Mills County Young Homemakers. Mrs. Layton Black, member of the YH's, is in charge of the program.

After conclusion of the program in the auditorium, officials of the school encourage parents to visit his child's room in order to view work produced by the child. This will also give parents an opportunity to visit with the child's teacher and discuss any questions relating to the child's school work. Also, at this time teaching materials and equipment used by the teachers will be available for the visitors to study.

Refreshments will be served in the Elementary Lunchroom and the High School Homemaking Department. All visitors are asked to register at the school he visits. The Beta Club will help with any information that is needed. They will also help in the registration.

ADULT EDUCATION GROUP RE-SCHEDULES CLASS

The Adult Education Class will not hold their class this Thursday, March 7 due to the Public Schools Week open house. It was reported to the Eagle that the conversational Spanish class had 24 in attendance last week. Regular classes will resume next week.

IN MEMORIAM

TO AUGUST WASSERMAN

A wonderful, wonderful August,
With your smiling eyes so blue,
My gay and wonderful August,
O, where have they carried you?
Away to the graveyard yonder,
By the little white church just
over the hill,

I'm left with my sorrow to ponder,

With my soul so empty and still,
Stilled by the touch of the Reaper,
By the cold, cruel hand of fate,
By the stroke of a heartless reaper.

By the hand of an unkind Fate,
They sang of a great day August,
In that land of the sweet by and by,
But they left you alone there,
August,

In the cold moist earth to lie,
Will I see you again? No, never,
They left you alone there, August
And all of the love of my life
lay buried beside you, August
But I kept all my sorrow and
strife,

I've carried my heavy load alone,
Through all these wearisome
years,
My burden grew heavier August,
As I trudged alone through the
years,
My heart bled constantly August,
No more could I hold back the
tears,

I thought of the love I had buried
in the grave by your side there
alone,
And the hate and strife I had
carried,
The sorrow I'd born all alone,
Stooped low by the burden of hate
Increased with each dreaded
tomorrow,

My unbearable burden of hate,
I knelt by your graveside August
And I prayed that the Master alone
Would grant me to bury there
August,

My hate instead of my love,
I felt your presence there August
No cold still form 'neath the rod
But alive, My Wonderful August,
at home in a mansion with God,
I know you shall live there forever
In that city Christ went
to prepare,

Soon I too, shall cross Jordan's
river,
To live in our mansion up there,
Our mansion where death cannot
enter,
Our mansion built only for love,
Where only God's chosen may
enter,

To live there forever in love,
Although I can't touch your sweet
hand,
Thank God I'm no longer alone.

Ninety-Eight Attend John Deere Barbeque

Ninety-eight farmers and their sons attended the annual John Deere Barbeque held at the American Legion Hall recently. The annual event is sponsored by J. D. Harper of Goldthwaite, owner and operator of Harper Implement Company.

Door prizes were won by Karry Lane Harper of Star (battery charger); Alvin Bubert, Hamilton (weather vane); Tammy Shel-

ton, Mullin; Craig Hopper, Priddy; T. J. Taft, San Saba; and Floyd Daniel, Goldthwaite. All won John Deere Coolers.

A film was shown to the group on the new methods in farming and the latest in John Deere

equipment. Several men from the Welsel Company spoke to the group on a new fertilizer. The barbeque supper was catered by Horton's Wagon Wheel Cafe.

Dale Partin To Participate In Houston Calf Scramble

Dale Partin of Comanche will participate in the calf scramble at the 1974 Houston Livestock Show and Rodeo, during the Sunday Night Performance, Mar. 3rd.

As the fourth event of each 1974 rodeo performance, the calf

scramble begins with 24 boys lined up within a square in the center of the Astrodome arena. After the signal is given, the boys race after 12 calves which have been turned loose nearby. Each boy's objective is to place his halter on a calf and return

it to the square. The 12 boys who manage this feat receive \$225 certificates from area businessmen for the purchase of a calf of their choice. Each winner will feed, raise, and care for his animal until next year's show when he will return it for judging in the calf scramble division and junior breeding division.

One Err Is Human.
To Conserve Is Smart.

One smart way to conserve is to be more efficient with the use of energy in your home.

That means using natural gas for those jobs it does best—like cooking, water heating, clothes drying and heating your home. It's the most efficient use of energy for your fuel dollar.

The more efficient you are, the more you conserve and the more you can save. And that's real smart.

MILLS COUNTY EXTENSION AGENT

Several important activities are on the calendar for the month of March. The first activity is a county-wide Beef Cattle and Pasture Forage workshop on March 11, 1974 in the Mills Co. State Bank meeting room. The meeting will begin at 7:00 p. m. and the public is invited. Dr. John Chapin, area agronomist, and Dr. Steve Hammack, area Beef Cattle Specialist, will be on hand to present the program and to answer any questions.

Mills County is one of 44 counties in the State which will be participating in the M-44 predator control program. Producers are encouraged to attend the training meeting on the use of the M-44 device which will be held on March 18, 1974 at the High School Auditorium in Goldthwaite. The meeting will begin at 3:00 p. m. and should last about two hours.

A county-wide pecan budding and grafting workshop will be held in Goldthwaite on March 26, 1974. All producers and home owners are encouraged to attend. Additional details will follow in a later column.

Mills County 4-H Club members are beginning their preparations for participation in District Eliminations Contests which will be held in Stephenville on April 20, 1974. 4-H Club members will be participating in the District Quarter Horse Judging Contest, the District Livestock Judging Contest, the District Rifle Contest, and various other demonstration program areas.

Additional workshops to be held in Mills County include: a clinic on landscape design and shrub

selection, a workshop on beef cattle palpation, and a clinic on raising catfish in cages and open tanks. Details on these meetings will be published as soon as they are finalized.

We received 1.1 inch of rain Wednesday night. Hugh Nowell reported 1.2 inch. There were some high winds and damage to out-buildings and barns and also some telephone poles blown down at the A. L. Crawford place. Mr. French reported the wind blew off their screen doors. We had a temperature of 20 degrees Monday.

Mr. and Mrs. William Crawford and Letricia visited Mr. and Mrs. A. L. Crawford and Mr. and Mrs. W. A. Bufe.

W. W. Ratliff brought George some wood for his fireplace, so we made the cold spell fine.

Mrs. C. V. Whatly was a little disappointed Sunday. She had car trouble and didn't get to attend church.

Mr. and Mrs. Ralph Nowell, Mark, Mathew, Mary and Michael spent the weekend with her parents and grandparents, Mr. and Mrs. Hugh Nowell.

We were sorry to hear that Mrs. Pat Fallon slipped and fell Sunday. She is in the hospital and doing fine.

We learned that Mrs. Ethel Kemp has come to visit Mr. and Mrs. V. T. Stevens and give them a helping hand.

I noticed there had been some damage at the Jake Davis place after the high winds.

Mrs. Howard Runnels said they received high wind and rain, but not much damage.

Mrs. Pearl Shipman reports they have some peach trees blooming.

Scientists at the Lyndon B. Johnson Space Center near Houston are sure to make headlines with the next launch. They are planning to put 300 head of cattle into orbit. It'll be the herd shot round the world.

Extension Highlights

BY JUDY BEAVERS

Mills County Extension Agent

Don't be misled by a "dietetic" label on foods. Dietetic doesn't necessarily mean the product has fewer calories than the regular product.

In fact, many products labeled "dietetic" aren't meant for weight control diets -- they're for persons on low sodium, low cholesterol, diabetic or other special diets.

Calorie-wise, many dietetic foods don't differ much from regular foods.

For example, one-half cup regular ice cream contains 230 to 248 calories, while the same portion of dietetic ice cream has 200 to 211 calories.

The main difference between them involves substituting sorbitol or mannitol for sugar in the dietetic product.

Sorbitol and mannitol -- like sugar -- are metabolized as carbohydrates in the body. They provide the same number of calories as sugar, but at a slower rate. This is important for diabetics, who can't metabolize sugar adequately.

So, dietetic ice cream -- which usually costs more and lacks the taste of regular ice cream -- is intended for the diabetic rather than the weight-conscious person.

Dieters or weight-watchers will find that ice milk has lower fat content -- and fewer calories. Another example involves "diet" bread, which has the same number of calories per ounce as regular bread -- but is sliced a little thinner.

However, dietetic flavored gelatin actually contains fewer calories than regular flavored gelatin -- nine calories per one-half cup, compared to 70 calories for regular flavored gelatin.

To find other foods low in calories, read labels. Although some labels furnish the content's calorie count, the ingredient list also provides a key.

Ingredients are listed with largest amounts first. Thus, if the first ones are calorie-rich, such as fat or oil, sugar, corn syrup, honey or chocolate, the product probably doesn't rate low in calories.

The Bridge instructions have begun! In case you would like to learn or just play a good game of Bridge, come by. Ada Lee Tubbs and Lucille Welch are pictured above in a game with Mrs. Florence Lasy and Brian Smith.

We failed to mention in last week's news how everyone enjoyed the church service conducted by the Big Valley Baptist Church. The service was really special in that it related to people of our age so well and gave each of us such a good feeling of well being and self-accomplishment.

Miss Ida Montgomery is back with us again! The welcome mat is always out for our former residents and Ida was certainly in that group. Her smile and kind disposition has made many new friends since she first came in November, 1973.

We're also happy to have Mrs. Pat Fallon with us as a new patient.

Mr. F. D. Spradley is back from the hospital after a bout with the flu. He's been a little reluctant to discuss his episode with the shower door while a patient in the hospital! Maybe you can get him to tell you!

Rev. Dale Connally and Mr. and Mrs. Don Bolin conducted our church service last Sunday afternoon. They did a fine job and we appreciate all the fine people at the First Baptist Church.

Some of our nurse's aides and other interested people are going to be taking a course to be taught by Mrs. Wilma Forrest, R. N., our director of nursing. The course is to train people in the health care field as nurse's aides and eventually lead

to nursing training. We need any interested people and instruction will be free, given in connection with Central College of Killeen. Call us by if you are interested.

HEARING TESTS ARE IMPORTANT

If you have a hearing problem of any kind you owe it to yourself to have an Electronic hearing test made to find why, and what can be done to help you. It is too late. The hearing is free and will only take 20 minutes of your time. Check your ears for patches, the tubes that let your breathe, then with the test we check your hearing (bone conduction) air conduction (outside sounds) then see how much sound the test takes. We can pinpoint the problem and explain in plain language what can be done to help then you make your own decision. We never try to high-pressure you into buying anything. There are thousands of people suffering from hard of hearing, (even some that Hearing Aids), just because waited too late to do something about it... don't let this happen to you.

Mr. Joe Treadway will be his regular Hearing Aid shop at the Mauney Mall Goldthwaite, Monday, March 11, 1974, from 1:30 p.m. to 3 p.m.

We invite you to come to your free hearing test. We do a service most people don't know about. A full set of ear tubes, which are for Hearing Aid, are always available. You must be by the State Dispensary Hearing Aid Center.

Mr. Treadway

We are always close to you need us. We are in the Stephenville office, (Skippin Estate Building) every Tuesday and in the Hamilton office Friday to run special hearing tests to assist you in every way.

CORRECTION - -

In last week's issue of the Eagle a list of the County Schools faculty members were listed. Mrs. Margie Manuel, who is speech therapist for the county schools, was omitted from the list by mistake.

Mrs. Manuel works with children with speech and language problems. She is employed through the Multi-County Educational Program, organized last year to serve Mills, Hamilton and Bosque counties. Goldthwaite Schools are now under Plan B of the Special Education Program. This coming year the school will be under Plan A. This plan calls for 23 teachers, 10 teacher aides and 3 supervisors for the three-county area, plus Lometa and Evant, according to announcement by Supt. Gilbert Davis. Also omitted from the faculty list was Mrs. Glenda Lemke who teaches one of the two second grade classes.

Answers Star, Local Fires

Last Saturday Goldthwaite Volunteer Fire Department answered two fire calls. The first at 7 a. m. was to a turkey brooder house belonging to David Beard near Star. The Evant Fire Department was also called to the scene. The house was a total loss resulting in the death of numerous turkey chicks. At 8 a. m. a house belonging to Mrs. Monte Kirkland on Hanna Valley Road was the scene of a bathroom fire resulting in extensive damage. Firemen quickly extinguished the flames. The new fire phone number is 648-3212.

Girl Scout Fund Drive Successful

Mr. Ledbetter, Chairman of the Girl Scout Fund Drive, today announced the successful completion of this year's campaign. Volunteer workers under the leadership of Mr. Ledbetter, sought \$750.00 to continue and expand Scout activities for girls from seven to seventeen years of age in this area. "I wish to express my appreciation and the appreciation of each Girl Scout in our community for the public support evidenced in your response to our appeal for funds to continue our work with the girls of this area. With the increasing need for youth programs today, Girl Scouting offers wholesome recreation, rewarding friendships, and a chance to develop practical skills and healthy attitudes that may well determine the direction their lives will take," Mr. Ledbetter stated.

All the efficiencies of local loan service.

What do you expect from an agricultural loan? Long terms? Reasonable charges? These traditional advantages have been offered by the Federal Land Bank for over a half-century. But the Land Bank also provides personal attention and prompt service. We're the local lender who understands local needs. Come to the Land Bank... for many good reasons.

Governor Briscoe Announces Economic Opportunity Grant

Continuing the operation of 35 Senior Opportunities and Services Centers in a 16-county area is one of the projects funded through an Office of Economic Opportunity grant that Governor Dolph Briscoe announced Friday.

The \$58,044 grant to Hill Country Community Action Association, Inc., in San Saba includes \$5,177 for administration, \$12,673 for General Community programming and \$40,194 for Senior Opportunities and Services (SOS). Funded under Title II of the Economic Opportunity Act, the grant is effective retroactively from Jan. 1 through March 31, 1974, for administration and General Community Programming and through June 30, 1974, for SOS.

Through SOS, an outreach worker is provided in each of the following counties: San Saba, Llano, Mason, Mills, Blanco, Concho, McCulloch, Callahan, Eastland, Coleman, Brown, Comanche, Runnels, Erath, Hamilton and Bosque. According to Fred Wittenburg, executive director of Hill Country Community Action Association, Inc., these outreach workers are coordinating with the American Red Cross in informing senior citizens about the Supplemental Security Income program as part of Project ALERT.

In each of the 35 SOS centers, the senior citizens determine through their own policy advisory committees the type projects that they operate. These include crafts, covered-dish lunches, recreation, and experienced speakers in fields of interest to the center members. Some of the centers are self-supporting through their craft projects. Other programs funded through the grant include operating neighborhood centers in San Saba, Llano, Mason and Goldthwaite; providing a housing program in San Saba, Llano, Mason, Mills and Menard counties, and sponsoring a story hour for 40 pre-

school children in Mason and San Saba.

Administrative funds are used for the management and planning of the agency's programs and to provide technical assistance and training to neighborhood groups.

CENTER CITY NEWS

By: Mrs. Joe Green

This is Sunday evening and I will try to send in some news from out this way.

One day last week Rev. Lewis Sparkman and wife Mary visited us. They were on their way to Ft. Worth to be with their son-in-law Dennis Harris who was having surgery on his feet.

Mr. and Mrs. Jim Green came by this morning and visited with us a while. Mrs. Z. Karnes visited with us last week. Also Mrs. Eda Frank and Mrs. Kenneth Coffman.

Mrs. Mike Greele and children are visiting Mr. and Mrs. Kenneth Coffman and Deron over the weekend.

Zeke Buckner visited with me Saturday morning, and we were so shocked to hear of the death of Oscar Denton. We send our deepest sympathy to his wife and family.

My sister called one day last week and said Mother is about the same. She will have a birthday the 6th of March.

Mrs. Lois Eckert and Mrs. Lawrence Kelly visited with me last week.

Mr. and Mrs. Fred Register came up last night and visited. Since I have been on the sick list I haven't been out to find any news.

Mrs. Irmia Lee Coffman visited me one day last week.

If any of you neighbors have any news you would like sent in, please give it to me Sunday evening.

We sold 541 cattle for the total amount of \$116,224.96, an average of \$214.83 per animal. Our commission and yardage was \$1841.35. This was an average of \$3.40 per hd. At 3 percent the commission would have been \$6.44 per hd. You could have saved \$3.04 on every one you sold at Brownwood Cattle Auction today.

Our volume of cattle attracts more buyers, this makes more bids, and this means more dollars for your cattle. Try us!

Fast Passing Time

Written by Bruce Perry of Goldthwaite, Texas

Time Oh time how swiftly you fly, As the weeks, and the years quietly roll by. But there is nothing I can do about it, no matter how hard I try.

You have torn down all the old houses, and for that with you I'll agree, For they were not really fit to live in; unless you wanted to freeze.

But they would have made fine land marks for our younger generation to see.

You have taken the mules and the horses, That we once made our living with.

And replaced them with some dummies that can neither hear nor see.

Now we have got to be very careful or they'll kill you and me.

You have done away with the milk cows, and taken the cream out of the milk

But I wish you would return it, for I don't like blue john milk.

You have done away with the meat hogs, And told us not to eat meat, but we finally decided to try it and we use a pound a week.

You have done away with the farmer, he don't farm any more, And if he wants anything to eat he buys it at the store.

He buys his bread already cooked and his bacon ready sliced, For his wife don't like to cook after they've been up all night.

They went to see the ball game, after that they went to the show and they finally came home after midnight, Feeling so tired and old.

So they talked things over at breakfast, And decided to let the old farm go.

So the farmer tore down his old house and moved it into town, He stocked his pasture with sheep and goats, And started running around.

He's always in a hurry and doesn't know what about, And if he ever comes to see you He hasn't time to get out.

Well time I'm getting weary and

Self Culture Club Enjoys Program

An Abraham Lincoln program was enjoyed by the Self Culture Club when they met in the home of Mrs. J. H. Hudon with Mrs. Fisher Wiggle as co-hostess. Mrs. Marvin Hodges was program director, and introduced the speaker, Mrs. Owen Carothers. Mrs. Carothers presented to the club the story of "Abraham Growing Up" by Carl Sandburg.

Twenty members were served a delicious refreshment plate of hot punch, cake squares, olives and mints.
