The king "commanded" the caterer to teach his chef to make the edible novelty, and the king's chef produced it for a dinner at Windsor castle. There was much laughter as the king's guests discovered that the menu "cards" were good to eat. They promptly ate them. It is said that the only bad thing about the cards is the bad French, and that is quite di-

"Well, ma'am," said he, coolly, "you might sing us a song to pass the time." This to a vocalist who one evening received \$5,000 from William Waldorf Astor for singing four songs
