Majestic Theatre Open Feb. 14; Near Completion

The new Majestic Theatre, after rounding into final form, was officially opened the night of Feb. 14. It was announced Tuesday by Aubrey Van Hoy, manager for Interstate Theatres.

Van Hoy said Interstate officials in Dallas will be on the stage opening night to stage the opening. Opening attraction will be "The Razor's Edge," starring Tyrone Power and Gene Tierney.

Special souvenir tickets will be sold to all who attend the first night, he said. Two shows will be given on the opening night, and attendance will be limited at the first performance to the capacity of the theatre.

Regular night admission prices will be changed, he said. Workmen Thursday were busy getting the marquee of the theatre. Much of the interior already was complete, with murals and lighting western scenery on the stage and projection equipment in the auditorium.

The huge sign was completed, and exterior trim put on the handsome front entrance.

Complete, or nearly so, were the rest rooms and most of the interior features that make an ultra-modern show of the old Connelley, which was ultra-modern when it was erected in Eastland's boom days.

Mid-Term Diplomas Given

Mid-term graduates of Eastland High School were awarded diplomas Thursday in a brief ceremony in the high school gymnasium.

Honored were Kathryn Herbert Barker, Jimmie Hill Eddleman, Eddie Hart, Willie Jack Roper, Bill Brashers, and Milton Hunt.

The program consisted chiefly of the reading of the award diplomas by Frank Sparks, principal of the school board.

The graduates, seven were singing athletes on Eastland High School teams. They are Barker, Eddleman, Hart, Collie, and Hunt.

Methodist Special Services To Be Held

Special services will be held at the Methodist Church Sunday afternoon with the stewards sponsoring the attendance. It was announced this week by Rev. E. R. Gordon.

Gordon will speak on "What is the Meaning of the Cross" in the church which will begin at 10:55 a. m. The service will be in the 7 p. m. service. The chorus will sing a special song and Mr. Gordon will read "What Is The Unpardonable Sin?"

Dabney Gets To Army Duty

Dabney, son of Mr. and Mrs. D. Dabney, this week called to report back to the Army as captain. He received a reserve commission in March, 1946 after having been on inactive status since his discharge from service in the Pacific during the war. He will be assigned to the Counter Intelligence Group at Baltimore, Md., about

Side Issues

By HENRY G. VERMILLION

On one of the warmer days last week, Eastland County's agricultural agent tipped off the way his mind works by commenting on the redbirds that had been singing around his house.

He asked me if I had ever noticed that in the spring the redbirds sing, "The fish'r bitin'! The fish'r bitin'!"

I had to admit that I never had, perhaps because I grew up in a country where redbirds are nearly as scarce as timber wolves (no timber in 75 miles) and fish are not, or were not, much more plentiful.

Maybe I'm wrong—I have been—but I think that Eastland County is fortunate in having J. M. Cooper as its county agent.

However, I must admit that I have seen no bad county agents in Texas counties that have the agricultural resources to require the services of good men.

On almost any day at this time of year when weather permits and other commitments have not been made, you would find Cooper out in the country somewhere laying out terrace lines for some farmer or rancher who wants to terrace his land and keep more of it from washing down to the Gulf.

On many other days, you will find Cooper working with ranchers on ways of keeping cattle healthy and free of insect menaces, or in showing orchard owners how to spray and keep off other varieties of insect pests, or budding pecan trees for some creek bottom land owner, or doing any of the hundred and one things a county agent should do in a county that has as diversified an industry as this one does.

I didn't start this out as a brochure on the work and works of a county agent, but I couldn't leave out the very important work Cooper does with the 4-H Clubs of the county. He spends a lot of time with the boys and girls in the clubs, and it may be worthy of note that a good many of the club boys have won honors of various kinds in district and state competition in the last few years.

And with all that to do, Cooper still can find time to hear what the redbirds sing, and even every once in a while, take off for Possum Kingdom and find out if they are telling the truth.

Mrs. Luther Hurst Passes Saturday; Leaves 10 Children

Mrs. Luther Hurst, 66, resident of Carbon and Eastland all her life, died Saturday in the local hospital after a long illness.

Born in Carbon May 23, 1880 as Frances Arminda Greer, she was married to Walton Walker in 1896 in Carbon. Mr. Walker died in 1899.

In 1900 she was married in Carbon to Mr. Hurst.

She is survived by 10 of 12 children. They are Elmer Walker of Carbon; Vic Hurst of Big Spring; Greer Hurst of Seymour; Leo Hurst and L. W. Hurst of Odessa; Pete Hurst, Mrs. Everett Foster, Mrs. Floyd Elkins and Mrs. Jean Hooper of Eastland and Mrs. Hubert Morrison of Clarkton, Mo.

Other survivors include 20 grandchildren, one great-grandson, and two brothers and four sisters, Tom Greer of Gorman, Walter Greer of Carbon, Miss Lily Greer and Mrs. Alford Bickford of Coolidge, Ariz., Mrs. Elmer Collins of Marana, Ariz., and Mrs. Ivy Tyrone of Carbon.

Funeral services were held Sunday in the chapel of the Hamner Funeral Home by Claude Smith, minister of the Church of Christ. Pallbearers were Bill Coppock, Kirk Williams, Max Ward and Wells Dalton, all of Eastland, and Roy Pierce and Wade White of Carbon.

Burial was in the Eastland Cemetery.

Pvt. Ennis T. Spence, Jr., has arrived in Korea, according to a letter to his parents, Mr. and Mrs. E. T. Spence. He has requested that the Record be sent to him so he can keep up with his friends.

Airport Problem Still Not Solved; Survey Being Made

What to do about the Eastland Municipal Airport in view of new demands being placed on it was still a big question in the minds of city officials this week, but they still were trying to find the answers.

T. H. Landon Thursday was surveying heights around the airport, at the request of CAA District Engineer J. D. Church of Big Spring, who came here Saturday to check into the airport situation and confer with city officials.

City Manager K. B. Tanner said Church believed the airport could be developed into one that could handle all-weather landings by the big two-engine passenger planes of Pioneer Airlines, which has a permit to stop in Eastland and plans to start operations on the route in less than a month.

Church also was of the opinion that one north-south runway would suffice. Landon's surveying job was needed to find the most suitable path for the runway.

Tanner said CAA officials after a checkup still are of the opinion the airport as it is now might be approved for landings of the big airlines in perfectly dry weather only. The airport now is of natural soil.

However, as Tanner pointed out, the airline has an investment of about \$250,000 in each of the airlines, as well as a cargo of precious human cargo and it will lean over backward to be safe in its operations. Leaning over backward means that no man dipping any stops at Eastland until there is an all-weather, paved runway.

Tanner said the city administration is not checking too far into the problem of how it is going to raise funds to finance paving a runway and apron at the field, until it finds what will be required of it.

Questions being checked into are what kind of paving would be required; overall dimensions; under what conditions the government's \$28,000 grant, announced last week, could be used and other factors.

The city is supposed to match the \$28,000, but CAA engineers have admitted the figure was one "pulled out of a hat" without actual engineering data on what is required at the airport, or what the cost will be.

C. L. Little Injured Seriously In Car Crash

C. L. Little was seriously injured Friday evening near the Eastland-Stephens County line on the Breckenridge highway when he was blinded by lights from a passing car and his car sideswiped several mail boxes. He lost control, and the car crossed the road and turned over in a ditch, righted itself and went through the wire fence and turned over in a pasture about 50 yards from the roadside.

This all happened about 8 p. m. Friday evening as Little was on the way to his farm near Breckenridge. He laid in the pasture until about 1 a. m. Saturday when he was picked up by a passing motorist and carried to a Breckenridge hospital.

There his injuries were described as three broken ribs, a broken collar bone a broken ankle and an injured knee cap. The pickup truck he was driving was almost demolished.

Mrs. Little is in Breckenridge with her husband. His son, Rudolph, of Fort Worth spends his time between home here, where he is caring for his small sister who is in school, and helping his mother care for the needs of his father.

G. E. RHODES' PARENTS OF BABY SON

Mr. and Mrs. Gene U. Rhodes are the parents of an eight pound, six ounce son born Sunday, Jan. 19 in the Eastland Hospital. They have named the infant Norman Phillip. The grandparents are Hugh Mahaffey and A. H. Rhodes of Eastland and Mrs. Harry W. Eddy of Greenville, Pa.

Record Poll Tax Total Seen For County

To Sing Feb. 3

James Pease, who will appear in the Eastland High School auditorium Monday, Feb. 3 as the second attraction on this season's Eastland County Community Concerts Association. Pease, a bass-baritone singer, has been heard in opera, on the concert stage, on the radio and in oratorios. He was an Army Air Force pilot during the war.

Mrs. A. H. Johnson Elected President Of County Clubs

Mrs. A. H. Johnson of Eastland was elected president of the Eastland County Federated Clubs at a meeting in Gorman at which the Excelsior Club of Gorman was host.

Other officers elected were Mrs. Don Parker of Eastland, secretary; Mrs. W. H. Mullings of Eastland, treasurer and Mrs. M. H. Hagaman of Ranger, parliamentarian.

On the nominating committee were Mrs. H. L. Turner, Mrs. J. LeRoy Arnold and Mrs. D. E. Waters.

At a business meeting, Mrs. John Love, president, heard reports from each club member.

Mrs. J. M. Perkins of Eastland presented a plan to make obtaining an Eastland County Library as the federated clubs' No. 1 project in 1947.

It was proposed that the Eastland County Commissioners Court be asked to set up the library in its budget, and set aside the former 8th District Courtroom, now not in use, for use of the library, which would be a memorial to the World War II dead from Eastland County.

Little Silvia Frances Brummett, accompanied by Mrs. Buchanan, played two violin numbers, T. W. Beard, Gorman School Superintendent, was the afternoon speaker and spoke on "A New Year and A New Challenge." Mrs. Van Winkle of Fort Worth sang "The Rosary." Mrs. E. E. Todd, president of the Bass Lake Home Demonstration Club, demonstrated the making of banana bread, assisted by Mrs. Dallas Jobe.

The club voted to sponsor Mrs. Mrs. John M. Perry of Sweetwater, who is a candidate for president of the Texas State Federated Clubs and Mrs. W. E. Cantrell of Lometa, candidate for president of Sixth District in their campaigns.

Those attending from Eastland included Mesdames James Horton, W. H. Mullings, Earl Conner, F. M. Kenny, J. LeRoy Arnold, A. H. Johnson, Don Parker, Helen Marquardt and Mrs. Joseph M. Perkins.

Owners Warned To Keep Chickens Up

With gardening season coming on, Police Chief Ed Sparr of this week warned Eastland chicken owners to keep their flocks in their pens.

A city ordinance forbids permitting chickens to run loose, Sparr reminded.

He said complaints will be filed in city court against chicken owners if they fail to keep the birds in pens.

Burglars Enter Six Places In County, Get Loot In Four

Burglars, apparently the same ones in each instance, last week got about \$150 cash and various articles from four business establishments in Cisco, Carbon and Gorman, and failed in attempts to break into two more Carbon establishments.

Sheriff J. B. Williams said the same crew, apparently working toward Waco, seemed to have pulled all the jobs.

Chief of Police Ed Sparr of Eastland said that rumors the burglars entered Eastland business places were not so.

First place entered was the Spot Cafe in Cisco, where about \$100 in cash was obtained.

The burglars then hit Carbon, where about \$50 in cash was taken from Ben Stevens' grocery and two tires and tubes from the Phillips station. Front doors were jimmied on both the Carbon Trading Post and the Magnolia Service Station, but entrance was not gained to either place, Williams reported.

The last place burglarized was a Magnolia station at Gorman, and the loot there was a small radio and a flashlight.

Williams asked the citizens of the county to be on the alert for strange cars and strange people, and to take down the license numbers of any strange cars sighted and report them to his office in the Courthouse.

Through the cooperation of all, he said, more effective work can be done in holding crime to a minimum in the county.

Mavericks Playing In Gorman Tourney

The Eastland High School Mavericks, minus the services of four regulars lost last week end by graduation, will meet Proctor at 4 p. m. Friday in Gorman in the first game for Eastland in the three-day Gorman High School Invitational basketball tournament. Play will continue Saturday.

Playing with Bill Brashers, Bill Eddleman and Herbert Barker in the lineup for the last time, the Mavericks Friday of last week beat Gorman 24 to 15 in a district game at Gorman.

Then Tuesday, without the trio, the Mavericks went to Scranton and lost 30 to 16. The Eastland B team won from the Scranton B's 24 to 7.

Cisco Stephenville To Play Here Friday

Cisco and Stephenville will play a District 9-AA basketball game at 8 p. m. Friday in the Eastland High School gymnasium. It was announced Thursday by Eastland school authorities.

In a second game, Eastland All-stars will meet the Gorman All-stars in a game that will be a continuation of the rivalry of the exes of the two high schools, begun last fall in two football games.

V. A. Office Head Talks To Lions Club

James Brown, in charge of the Eastland Contact Office of the Veterans Administration, Tuesday outlined the scope of veterans' benefits before the Eastland Lions Club.

Brown emphasized that while a large segment of the public seems to think the veterans' agency has as its purpose the withholding of benefits from veterans, its chief function actually is to see that veterans get all the benefits to which they are entitled.

The club voted to donate \$25 to the current campaign for combating infantile paralysis, after hearing an appeal by Mrs. Arthur Earnest.

1947 License Plates Arrive In Eastland

The new 1947 Texas auto license plates, front and back, were received this week by Eastland County Tax Assessor-Collector Neil Day.

Of the 9000 sets received, 7000 were for passenger cars and the remainder for trucks, trailers, motorcycles, farm vehicles and dealers.

The licenses, same size as those for 1946, are black with white lettering.

Day said only 70 per cent of the counties in Texas got license plates, because of a shortage of plates caused by steel and labor problems; the other counties got paper certificated to be turned in on licenses later when they are available.

More Livestock Entries Predicted For 1947 Show

Preliminary surveys indicate more livestock exhibits at the annual Eastland County Livestock Show at Cisco Feb. 21 and 22 than at last year's show, it was said by show officials.

At a meeting of the directors of the Eastland County Livestock Raisers Association, sponsors of the show, in Cisco, last Friday night, a survey taken showed many more animals to be shown this year.

It will be the first showing of blooded livestock at the new show barn one mile northwest of Cisco on the Mran highway.

Classes of sheep, goats, swine and both dairy and beef cattle are indicated, with a horse show on the side.

A total of \$500 has been set aside by the Cisco Chamber of Commerce for the premium list on F. F. A. and 4-H Club boy livestock.

Pete Tindall of Eastland, T. G. Caudle of Cisco and Jack Phippen were named on a committee to investigate the possibilities of some horse races as a special entertainment feature for the crowds at the livestock show.

A committee of two men each for Cisco, Eastland Ranger and Rising Star was named by M. E. Fry, president to work on the attendance of buyers at the auction of the boys calves, pigs and lambs at 4 p. m. Feb. 22. The committee members named were Ed Huestis, George Fee, Cisco; Fred Brown, Clyde Grissom, Eastland; Johnny King, Leslie Hagaman, Ranger; and Bill Tyler and Cecil Shults of Rising Star.

Directors present at the meeting from Ranger were Johnny King, J. F. Donley and Leslie Hagaman. Those from Eastland were J. M. Cooper, Clyde Grissom, M. S. Long, Harold Courtney, Pete Tindall and Fred Brown. Cisco directors included M. E. Fry, Ed Huestis, T. G. Caudle and Dan Childress. A visitor present from Cisco was A. Z. Myrick and from Eastland, Frank Sparks.

The livestock show opens at 10 a. m., Friday, Feb. 21. Entries are to be from Eastland and adjoining counties.

Brown Attends Brazos District Board Meet

Fred Brown of Eastland, member of the board of directors of the Brazos River Conservation and Reclamation District, attended the quarterly meeting of the board in Mineral Wells Sunday and Monday, and reported on the hearing held recently by Army Engineers in Comanche on controlling the middle and upper Leon River, a tributary of the Brazos.

Brown also commented that it would be a three-billion job to develop the Brazos basin properly. However, he said a bigger taxing agency will be needed—during his lifetime he had seen the commissioners precincts, then counties, then states, then the Federal Government bankrupted for public works and the next agency to try will have to be bigger than the Federal Government, it looks like.

Services were held in the Hamner Funeral Home under the direction, with burial in the Eastland Cemetery.

Survivors other than Mrs. McCord include Mrs. E. H. McDougal of Corpus Christi and two sons, F. E. Bratcher of San Antonio and Rev. Hubert Bratcher of Shamrock all of whom were here. Three brothers and one sister, A. A. Bratcher a brother of Lubbock was the only one able to attend.

Rev. and Mrs. E. R. Gordon attended the inaugural of Buford Jester in Austin Tuesday.

Off Year Payments Proving Surprise; Deadline Is Friday

In almost an unprecedented rush, Eastland County taxpayers this week were thronging the tax collector's office to pay poll taxes.

As of Thursday afternoon, Tax Collector Neil Day reported about 4055 poll taxes had been paid in his office, and said if the rush continues, the poll tax total in the county this year may exceed last year's.

Since there are no major state, county, or federal elections scheduled this year, reason for the rush was not readily apparent, although everyone agreed that paying poll taxes was a good thing and indicated a healthy attitude on the part of the public.

However, in other off-election years, poll tax totals usually have been about one-third the amount of election years.

It has been rumored that there have been undercurrent movements in Ranger, Cisco, Gorman and possibly Eastland to get poll taxes paid so lines can be drawn for hot municipal election battles.

Day said that the total of 4055 poll taxes paid so far in his office does not include those paid to deputies in Cisco, Ranger and Gorman, so the actual county total is well above that figure.

Last year's total was about 600. Deadline for payment of poll taxes is Friday of next week. Day, expecting a rush late in the week urged everyone to come as early as possible, and not wait until the last minute.

About \$200 Raised In March Of Dimes

With about \$200 in donations already collected at the middle of this week, members of Zeta Pi Chapter of Beta Sigma Phi were driving toward a big final total in their March of Dimes campaign in Eastland.

Members were selling tickets to the March of Dimes dance to be held in the American Legion Hall at 9 p. m. next Thursday night, and also were soliciting contributions in various ways, including dime collection jars in stores and cafes.

Mrs. Arthur Earnest and Mrs. Jack Gourley, spearheading the drive, also said that a basketball game will be played in the Eastland High School gym Feb. 3, with all proceeds to go into the March of Dimes fund.

Mrs. Earnest and Mrs. Gourley stressed that no money raised will go to any organization other than the Infantile Paralysis Foundation and its local chapter, half to the chapter here and half to the national organization.

E. C. Bratcher Rites Are Held Saturday

Funeral services were held Saturday afternoon for E. C. Bratcher, 73, who died early Friday morning at the home of his daughter, Mrs. A. S. McCord, with whom he had made his home.

He had been ill for about 10 days.

Rev. C. B. Kirkpatrick of Carbon officiated at the services and was assisted by Rev. E. R. Gordon and Rev. Fred Porter.

Mr. Bratcher had been a member of the Methodist Church since young manhood.

Services were held in the Hamner Funeral Home under the direction, with burial in the Eastland Cemetery.

Survivors other than Mrs. McCord include Mrs. E. H. McDougal of Corpus Christi and two sons, F. E. Bratcher of San Antonio and Rev. Hubert Bratcher of Shamrock all of whom were here. Three brothers and one sister, A. A. Bratcher a brother of Lubbock was the only one able to attend.

HERE'S WHY PROFESSORS SEE TRIPLE

Photo Courtesy U. of Wichita.

If professors at the University of Wichita think they're seeing triple, it's probably the Batt brothers from nearby Augusta, Kans. The 20-year-old triplets, reading Ted, Joe and Lee from left to right above, are all veterans of two years service in the Navy, and studying at the university under educational provisions of Public Law 346 administered by the Veterans Administration. Ted is majoring in aeronautics, Lee is studying dramatics, and Joe is taking a premedical course.

Billie Ray is the son of Mrs. Arthur Bennett. The couple will make their home in Gorman.

Another wedding solemnized when Miss Doris Snell of Gorman became the bride of L. A. Bennett in a ceremony performed by Justice of the Peace Tom Greer at his home on Sunday afternoon. The groom is the son of Mrs. Arthur Bennett. The couple will live here.

terested in things which are, strictly, none of their business.

There is only one way you can ruffle the easy going Texan. Ruffle him? You will make him fighting mad if you persist in it. That one thing is to try to change him, to teach him to become like you. He does not want to be like you. He confidently expects to live to put flowers on the graves of people like you, and he usually does. He reasons that if you don't like this country you can go back where you came from. And sure enough you do.

Or maybe you don't. Possible circumstances detain you a while longer, an unwilling guest, in friendly Texas. What happens? Do you continue trying to change Mr. and Mrs. Texas into a perfect composite of Messrs. and Mesdames Massachusetts, Maine Michigan, Montana? No, you realize you might as well try to change the miles of grassy plains into a range of snow-capped peaks.

So you admit, a bit grimly perhaps that Texans are Texans and that is that. And since you cannot change them, you must make the necessary adjustments to get along peaceably with them. But how? The answer's simple. Be yourself and allow them to be themselves. Do your job as it should be done when it should be done, and let their jobs go undone unless that interferes with your work. In that instance, you may prod the natives gently and if he does not respond, then do you job and his too. He will smile tolerantly ad think you are a sap.

With your drive, your seccuss in Texas is assured. At the height of that success, you take a trip back home. You rush out to see old friends to give them the glad hand. The first fellow you meet seems a bit cold, not half as glad to see you as you are to see him. It could not be that he is jealous of your success. No, impossible. He must be worried about something. Perhaps you were not sufficiently interested in him and his business. Should you look him up again, ask some friendly questions?

You meet some other friends, and they are all alike, lacking in warmth and friendliness. None of them have done as well as you, doubtless due to the stiff competi-

I GIVE YOU TEXAS

By Boyce House

"So You Don't Like Texas," by Virginia Spencer in "Holland's—a Texas Magazine":

This is your first trip to Texas, you have been here a few days and you are more than ready to go home. Texans are all right but you just cannot get along with them. The facts are: they get into your hair, and you are annoyed because you let them.

You have been taught that if a thing needs to be done then do it right now. Texans are a little different. They reason that if you wait until tomorrow or next year, maybe you will not have to do it. It usually works out that way, especially if there is somebody like you around all fired up to do it right now. Which is all right with Texas.

A native Texan would rather sit down and talk it over than get the job done. He likes to talk and after he has told you his family history, he sits back expectantly, eager to hear you tell yours. If you fail to reciprocate, you are not friendly and, therefore queer. After patient prodding if he still gets no results, he diagnoses your case. You are just a danyankee, which means that you hailed from somewhere north of Red River. Lots of "furriners" from up nawth are real folks once you get to know them; but they are all a little "standoffish" at first.

To you, the "furriner" from up nawth (which may mean that you are from Kentucky or California) Texans seem noseey. It isn't that you have anything to hide, but you wonder why anyone should be in-

tion in that country. But they should not resent your success. No, jealousy was not the answer. But what?

Disappointed in your vacation, you return to Texas and feel a glow at the prospect of getting back into the old harness. Your Texas friends and acquaintances welcome you back give you the glad hand; they say they missed you, ask interested questions hope you had a nice trip. You are grateful for their interest, flattered by their warm welcome.

Alone, you ponder. What was the matter with the old friends back home? Don't you know? They are the way you used to be. You are a Texan now.

**MORE RURAL
TELEPHONES
in 1947**

Last year we made a record by installing 16 thousand new telephones on farms! Over four times our best previous year's record! And that does not include nearly 10,000 other telephones installed in rural areas. Shortages of material kept us from doing more.

In 1947 we look forward to an even better record. We are going to try to make it possible, eventually, for every farmer in every one of the Southwestern Bell's 700 exchanges to have a telephone if he wants one. This year, again, we'll work as hard as we can toward that goal.

SOUTHWESTERN BELL TELEPHONE COMPANY

Mr. and Mrs. Charlie Miller visited in Ranger Sunday afternoon with her father, Jim Love who is suffering from a heart attack Friday.

Dave Love was in Gorman Saturday for dental care.

Funeral services were held Wednesday for Mrs. Pricie Richardson, 72, who passed away Jan. 13 in Ballinger. The body was brought here for burial in the Alameda Cemetery under the direction of the Higginbotham funeral home, with Mr. Collins, Baptist minister from Olden officiating. She had been a member of the Baptist Church for over forty years. Mrs. Richardson had been

a semi-invalid for a long time and her sunny disposition has been a great inspiration to all who knew her.

She is survived by her four daughters and two sons, sixteen grandchildren and six great great grandchildren. sisters, Mrs. Addie Wisdom of Brownfield and Mrs. Lizzie Campbell of Ranger; two brothers, Cicero Rodgers of Desdemona and Alvin Rodgers of the Salem community and numerous other relatives.

Pallbearers were her grandsons and her granddaughters and nieces served as flower girls.

The body was laid to rest in the Alameda Cemetery Wednesday afternoon amid a profusion of lovely flowers, a tribute to her memory from all those who loved her.

SENIOR SPOTLIGHT

The Senior spotlight this week shines on Marleece Elliott. Marleece has brown hair, green eyes, is 5 feet 3 1/2 inches in height and weighs 100 pounds. Football, tennis, and swimming top her list of favorite sports and in the movie world she will take Greer Garson and Spencer Tracy. When it comes to songs she imply adores "Sentimental Journey" sang by Bing Crosby. She has a few weaknesses such as for watermelon, chocolate fudge and brunettes but dearly hates carbonated water and licorice. Here is wishing all the luck in the world to a swell Senior and a wonderful sport.

SOPHOMORE SPOTLIGHT

This week our spotlight slowly turns, stops and brilliantly shines on one of the sweetest members of our class. She's just a little gal, measuring 5 feet 2 inches and weighing only 95 pounds. Other favorite are red, hamburgers, swing by Dorsey, anything chocolate, reading while eating sandy, "Shepard of the Hills," and riding horses.

I'M ENDING MY KITCHEN WORK, I'M GETTING AN AUTOMATIC DISH WASHER

So you're buying an automatic dishwasher? Remember, it adds to the demand for

Water Heater Capacity Most Important

Automatic dish-washers are big users of hot water. In doing the complete job they use three fillings: clean-off with lukewarm, actual washing with extra hot, and rinsing—all of which must be instantly on tap!

Then there are dozens of other household cleaning tasks, baths, showers, shaves, and cooking needs requiring hot water. So it is easy to see why it is most important to make sure the new gas automatic heater you buy is large enough to care for all your modern needs.

A modern gas automatic water heater of the proper size will provide you with all the hot water you need at a cost figured in pennies.

There's EXTRA VALUE in the Tire that OUTWEARS PREWAR TIRES

It's time to measure what you get for what you pay. No matter what you buy, the measure of true worth is in performance . . . how long it will serve you.

In tires there are several yardsticks . . . mileage, protection against bruising and road shocks, resistance to skidding. In all of these, the B.F. Goodrich Silvertown gives you

CARD OF THANKS

Please allow us to express our most sincere appreciation to our friends and neighbors who were so kind and thoughtful during the illness and death of our precious mother and grandmother, Mrs. Minnie Hurst. The wonderful message delivered by Bro. Smith, the beautiful floral offering, the meals prepared and the many expressions of sympathy did much to allay the pain in our aching hearts. May God bless each of you is our prayer.
