Put Up Your Heart

By Rev. C. Nelson

I am writing this article out to turn to express my thanks to the readers who have encouraged me with the fact that they do read my articles and enjoy them, and with the assurance of the editor that their circulation hasn't dropped off but two copies since I began to write these articles.

I do wish to express my sincere thanks to those who have, either spoken their encouragement to me or sent the expression by others. It is always encouraging to know that someone feels that the work you do is worth while. I would appreciate a letter from any of my old or new friends that might be reading these articles.

I think often as I try to write these articles each week how blessed privilege we have of being an American. Freedoms that we have accepted as a matter of course. How precious they could be if we should lose them. And I keep reminding myself that they can be lost unless we cherish them enough to see that they are preserved for all posterity.

I also think as I write this how precious is friendship. How many are the warm and fast friendships that Mrs. Nelson and I have formed these seven years we have been living among your fine Eastland and Olden and Ranger people. This space never permits us to list even the many friends we have made here. But we wish to express our gratitude for the many fine things you have done for us.

I wish to take this opportunity to thank Mr. and Mrs. Dick and the staff of the Eastland Telegram that have been so nice to us on every occasion. I deeply appreciate the privilege of writing this weekly, or weekly, article, whichever you prefer to call it. If I have contributed anything to your life through these articles, give God the thanks and pray for us. Come see us and bring your lunch. We will furnish the hospitality, water, and tooth picks.

Methodists Ask Re-appointment Of Rev. Bailey

The fourth quarterly conference of the First Methodist Church, in session last Monday night, adopted resolutions requesting the re-appointment by Bishop William C. Martin of Rev. J. Morris Bailey as pastor of the Eastland Methodist Church, and of Rev. Oran Stephens as superintendent of the Cisco District, when the Central Texas annual conference meets in Fort Worth June 7 to 11.

After hearing reports on the phases of the work of the church for the conference year just closing the conference elected forty-three to membership on the Board of Stewards for the new conference year.

Grady Pipkin was elected district steward, Earl Bender was elected church treasurer. George E. Cross and F. L. Drago were re-elected to three year terms as members of the Board of Trustees of First Methodist church, here. Cyrus B. Frost is a member of the Cisco District Board of Trustees.

Upon recommendation from the Board of Stewards a three year plan of rotation in the office of steward was adopted by the Quarterly Conference. The plan was proposed in order that more members of the church might have opportunity and responsibility of serving on the Board of Stewards.

Under the rotation plan one-third of the members of the Board of Stewards will go out of office each year, being ineligible for reelection for a least one conference year.

Census Taker's Life Not All A Bed Of Roses

SHAMROCK, June 1 (UP)—Mrs. Kole Brown could cite first-hand experience today that a census taker's life is not all a bed of roses.

She had to climb a 40-foot windmill to get her information from one man. The farmer near Shamrock was reluctant to descend from the mill, which he was repairing. So Mrs. Brown took her portfolio and census blanks and climbed up to him. Recently, Mrs. Brown made news by being the only enumerators to be injured in line of duty in the state. She started in to a ranch near Willington when a stubborn gate rebounded and hit her in the face, breaking her glasses.

Kiwanis Get Razzed Good

EDINBURG, Tex., June 1 (UP)—Weslaco's jail received a dubious compliment today at the expense of Weslaco's Kiwanians.

Members of the Weslaco Kiwanis club were painting and repairing the Polio clinic here at the same time a detail of Hidalgo county prisoners arrived to clean up the ward.

"Where you fellows from?" a prisoner asked a Kiwanian.

"Weslaco."

"Oh," said the prisoner. "Didn't know Weslaco had a jail big enough to hold you all."

Ex-Fireman Fails In Suicide Try

AMARILLO, Tex., June 1 (UP)—An ex-fireman was held for observation today after giving police a hectic night by twice trying to leap to his death.

Officers W. C. Spier and Jim Keith found Kenneth Vernon Moore, 23, sitting in a sixth floor window at 1 a. m., threatening to jump. Talk did no good.

The policeman lurched for the man just as he leaped. Spier caught Kieth's leg and pulled him back to safety—after almost going out the window himself.

GRAND OPENING FOR NEW DIXIE DRIVE-IN THEATRE SET FRIDAY

Grand opening for the Dixie Drive-In Theatre, located on highway 80, two miles east of Eastland, will be held Friday night, J. C. Capps, owner, has announced.

There is still a lot of work to be done before the theatre will be complete in all details, but it will be ready for the first show Friday night.

Cloudy skies early Thursday promised a threat of rain to dampen the opening.

The name Dixie Drive-In was selected from about 400 entries received in a contest to name the theatre, and was chosen by a group of three Eastland judges. L. B. Houston sent in the winning name. Ra-0l-Ea, the name submitted by Stella Jarrett of Olden, was the runner-up in the contest with The Cactus, sent in by Sonja Stagner, Route 2, Ranger winning 3rd place.

When the theatre is complete there will be 300 car speakers. The theatre box office will open at 7 p. m. each day with the first show starting at 8 p. m. There will be two shows nightly. There is a 100 foot approach from the highway to the ticket booth. Capps stated that he planned to build the booth entirely of glass products.

A modern concession stand will be available for customers who wish to eat and drink during the show. The stand will be furnished with new equipment, including a hot dog machine, pop corn machine, and others.

The building of a concrete apron which will be furnished with chairs will furnish seating space for persons in cars which are overcrowded and who wish to sit outside their cars while watching the show.

Every Tuesday night will be "buck night" Capps has announced. The admission on these nights will be \$1 per car with no limit on the number of passengers. Capps gave \$30,000 as a "conservative estimate" as to the cost of the structure when complete.

Friday night's show will be "Yellow Sky" starring Gregory Peck, Anne Baxter and Richard Widmark. The same show will be given Saturday night.

The Cecil Holifield Store will be closed a day or two because of the illness of his daughter, Holifield announced yesterday. The store will probably be opened again on Friday or Saturday.

Soviet Map Lets West Have Part Of East Europe

LONDON, June 1 (UP)—An official Communist map today claimed Russian control or influence in Brazil, South Africa, Tibet, French Indo-China and Hong Kong in addition to the declared Red states.

The map ceded Finland, Yugoslavia, Greece and Turkey, among others to the Western "war mongers."

The map was published by the Czech information ministry and distributed to visitors at the 1950 Prague fair.

Truman Wants Billion Dollars

Truck Driver Has Complaint Against Unit

DETROIT, June 1 (UP)—Truck driver Curtis Bowers complained today that the Welfare Department didn't give him enough money to buy several items that "I've got to have around the house."

Bowers, his wife and two children received \$891 in welfare funds from December, 1948, to June 1949, authorities said. But he failed to report the \$313.60 his 16-year-old daughter, Frances, earned at a neighborhood theatre.

Bowers, 38, said he committed fraud because his welfare checks weren't big enough to finance a washing machine, furniture, mattress, combination radio-phonograph, vacuum cleaner and bicycle.

"They're things I've got to have around the house," he told recorder's Judge W. McKay Skillman.

But the unsympathetic judge ordered Bowers to return the \$313.60 and put him on two-year probation.

State Dept. Ignoring Russian Note On Hirohito

WASHINGTON, June 1 (UP)—Russia appeared doomed to disappointment today in its effort to get an early U. S. answer to its demand that Emperor Hirohito of Japan be tried as a war criminal.

The Soviet government, in a note delivered by the embassy, demanded an answer "at the earliest date" to its Feb. 1 note, which charged that the emperor plotted the use of bacteriological warfare.

U. S. officials said the new note would probably receive no more attention from the State Department than the original, which has been completely ignored.

The United States has taken the attitude Russia's demand is designed merely to embarrass the United States in the Far East by picturing it as a friend of war criminals.

They noted that Russia sent copies of its note yesterday to the governments of Australia, Burma, Holland, India, Canada, France, New Zealand, Pakistan, and the Chinese Communist regime.

A note identical to the one sent this country was handed the British foreign office in London.

A varied program of piano and vocal numbers, including works from the early classical to late romantic composers, will be used.

Two piano arrangements of Tschalkowsky's Nut Cracker Suite, and Debussy's Arabesque will be on tonight's program. Others will include the Ritual Fire Dance of De Falla, Capriccio Espagnol of Rimsky-Korsakov and Mozart's Sonata in C Major with the second piano part by Grieg.

President's Request For Foreign Military Aid Money Follows Close On Acheson's Report To Congress

WASHINGTON, June 1 (UP)—President Truman asked Congress today for \$1,222,500,000 in foreign military aid next year because, he said, peace depends on the free world's ability to stem those forces which seek to cloak the whole earth with the mantle of totalitarianism.

The president's request for the second year of the military aid program was contained in the first semi-annual report on the mutual defense assistance program enacted last year.

Defense Heads Want US Draft Law Extended

WASHINGTON, June 1 (UP)—Defense Secretary Louis Johnson and Gen. Omar Bradley prepared to go before Congress today to plead for a two-year extension of the draft law.

The Secretary and Chief of Staff were to testify before the Senate armed services committee at the opening of its hearings at 10:30 a. m. EDT, on the house-approved "draftless" draft extension. They were expected to argue that a straight extension would be a more valuable weapon in the cold war.

Johnson and other officials of the defense department have indicated however, that the house-approved version would be acceptable. The present law expires June 24.

Under terms of the House bill, all youths 18 through 25 would be required as now to register for the draft. But none could be inducted until Congress certifies that there is a national emergency.

The House also would eliminate a provision of present law which permits 18-year-olds to volunteer for a special short period to avoid longer periods of service later.

While there is little enthusiasm for an extension of the draft law, it was believed the Senate would approve a measure similar to the House bill.

Cattleman's Rites Today

AMARILLO, June 1 (UP)—Last rites for W. H. Fuqua, 87-year-old pioneer banker and cattleman, were to be conducted here this afternoon.

He said the program "must continue to be an integral part of the total foreign policy of the United States."

The hard-hitting report blamed Russia for making arms aid necessary, saying:

"The Soviet Union has dedicated itself to the destruction of Democracy and everything which it represents, and is waging a grim struggle to make the entire free world slave. No nation can be neutral, for a serious outbreak anywhere on earth inevitably affects everyone."

"The task will require more than plans, promise and hope, it demands the best and most that every free nation can contribute. In itself the program is not a panacea which will cure the world's ills nor will it singlehanded end the cold war or assure success in a hot war. Combined, however, with the tireless efforts of all free nations and with our own contributions in other fields the objective becomes attainable. Without the program, the goal is beyond our reach."

The report said the U. S. economy is well able to handle the proposed program without developing shortages of consumer goods.

It said some unused manufacturing facilities might be put to work and provide more jobs.

Mr. Truman's recommendation for fiscal 1951 was slightly smaller than the \$1,314,000,000 voted by Congress for the current fiscal year which ends June 30.

He proposed that the new money be divided as follows: North Atlantic treaty nations \$1,000,000,000 (the same as this year).

Greece and Turkey—\$120,000,000 compared with \$211 370,000 voted last year.

Iran, the Philippines and Southern Korea—\$27,500,000 compared with \$27,640,000 voted this year.

General area of China—\$75,000,000, the same as this year.

Mr. Truman also asked special stand-by authority to use some of the money to help countries not specifically mentioned—in case of a serious emergency affecting the security of the United States.

In this connection, the report said:

"With the continuation of Sov-

Baseball Radio Man Goes Back To Play Game

PORT ARTHUR, June 1 (UP)—Baseball announcer Gordon Lieb of radio station KOLE just couldn't be content describing games to his listeners.
 So he signed up with the Port Arthur Seahawks of the Class C Gulf Coast league as a pitcher last Saturday.
 Lieb won his first victory of the season in a relief role Tuesday night, as the Seahawks beat the Lake Charles Lakers, 9 to 8.
 "It was tough making the choice of leaving the Port Arthur radio station or giving up my baseball ambitions," Lieb said. "But baseball won out and I'm going to see what I can do."
 Lieb admitted he was no newcomer to America's national game. He tried his skill with the Memphis Chickens of the Southern Association in 1941 but general manager Larry Gilbert pulled him out of the box on his first assignment in a doubleheader.
 "That finished me," Lieb said.

"I joined the Navy. After the war was over I couldn't play because of an injury, so I decided to become a sports announcer."
 Lieb, who has a rich baritone voice, said he would look for another sports-casting job when the season is over.
 "I'm 31 now, and I've got to look to the future," he said.
 Port Arthur has a doubleheader scheduled Friday night and Lieb hopes he will get a starting assignment.

To Women With Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Duon's Pills, a mild diuretic. Used successfully by millions for over 25 years. While these symptoms may often otherwise occur, it's amazing how many times Duon's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Duon's Pills today!
