Moore... ABOUT Eastland

By VIRGIL E. MOORE

Deer season is just around the corner. That bit of information we can pass along to you in case you hadn't realized it yet. Unfortunately, however, we can't tell you where the deer are.

Game Warden M. S. Dry says they are looking good this year in Eastland county. Says there will probably be some good kills near here this season. Sure hope he's right.

Our mailbag brought this letter from Joe Cook, editor of the Mission Times.

"Even we editors like to see our names in the paper!"

"I was quite flattered to read the remarks you made about me and the Times in your interesting front page column under date of Oct. 22."

"Eastland still holds a warm place in my heart since I attended more than half of my grammar school and all of my high school days there. And it's sorta nice to be mentioned in your old home town newspaper occasionally."

"Thanks again for the recognition. And I hope that we can get together for a visit some time before long."

It was a privilege, Joe.

Going to Cisco tonight?

If you claim to like football and don't go you just don't know what you are going to miss. We don't stick our necks out too often on guarantees, but we will make this one: That is going to be one of the best games of the year between the Eastland Junior High Doggies and the Gorman Cubs tonight.

Be there and you will see we know what we are talking about.

Jim Boggs, during a lull between JP trials mentioned that he might organize an American Legion baseball team next year. Jim, an ex-ball player himself, had a team and a half about a year ago. It's a good program and we are for it.

Keep your boy busy on something constructive and he won't be making an appearance in juvenile court.

Steve Potts, scoutmaster of Scout Troop Six, has started a rebuilding program of that troop. Steve recently returned here after serving as Scout Executive in several cities. We knew him when he was holding that post in Del Rio (Yes, we used to work for the Del Rio News-Herald) and can tell you he knows his scouting. If we were a boy out of scouting we would make our appearance at the Scout Hut this Tuesday night. It starts at seven, so catch up on that homework and get on down there.

This will probably be the last time we will mention the Valley. After seeing the tomato that was brought into the office today we (Continued on Page Six)

Police Ball Tomorrow— Don't Forget

Eastland city police were stepping up their drive on non-ticket holders Tuesday and Chief Ray Laney said the crack-down will get even rougher Wednesday.

Now don't get nervous. The cops aren't after you cause you haven't got your inspection ticket—not yet. What they have in mind is a ticket to the Policeman's Ball, which will be held tomorrow night.

Chief Laney said everything was in order for the big annual affair and ticket sales were reported to be running high. The Daffens Musical Ramblers will be in charge of the music.

Funds go toward buying new police equipment.

Band Boosters Call Meeting

A meeting of the Eastland Band Boosters will be held tonight at 7:30 at the High School Band Hall, Mrs. E. E. McAllister said today.

Mrs. McAllister said the meeting was "special" and urged all to attend.

Earnest's To Open Thursday

Formal opening of Earnest Frozen Food center, a super market which will feature frozen foods and the Del Monte brand, will be held Thursday, J. O. Earnest, owner, announced Tuesday.

Earnest said the store, which has been completely redecorated and remodeled, would have all new fixtures and new stock.

"I am a believer in the future of Eastland," Earnest, who has been in the grocery business here for the past 30 years, said. "That is the only reason I am willing to attempt to give the city an A-1 super-market."

One hundred and fifty dollars in groceries will be awarded opening day. All you have to do is register.

Saturday two big prizes will be given away. First prize will be 100 pounds of choice beef assorted cuts, wrapped and frozen for your deep freeze or locker box. Second prize will be one year's free rent on a frozen food locker in Earnest's frozen food plant.

The new store is located at 210 South Lamar. Earnest said his old store, Quality Food Market, would be closed Wednesday night.

Earnest has had a frozen food locker at the location since 1946.

and he said, "You could say we are just spreading out."

Earnest said James Watson will be in charge of the market and Maurice Hazard will be in charge of the frozen meat department.

Other employees of the store are Mrs. Earnest, bookkeeper; R. H. Reed, checker; W. W. Walters, market; Lowell T. Brown, stockman; Mr. and Mrs. Dennis Farr, locker plant; B. W. Brewer, auditor; and R. P. Lisenby and L. W. Mitchell, who are in charge of slaughtering.

James Kendrick Honored At Stephenville

James Kendrick, son of Mr. and Mrs. J. H. Kendrick of Eastland, was recently honored by the Stephenville Lions Club at a weekly luncheon.

James is a freshman student at Tarleton State College in Stephenville. He is majoring in music education at Tarleton. He is drum major for the College co-ed band and is an employee in the College store on the campus.

In Eastland High School James participated in the band, choir, worked on the high school annual, paper, and took part in various speech events. He was a drum major for the band and won the first class solo medal for his work as drum major.

Western Union To Halt Service In Carbon

The Western Union Telegraph Co. has made application to the Federal Communications Commission to close the telegraph office located at Carbon, F. H. Austin, district superintendent of the company, said Tuesday.

Austin said substituted service from Eastland by telephone would be available if the application is granted.

According to Austin the Katy Railroad has discontinued telegraph service at Carbon.

On Carrier

ATLANTIC FLEET (FHTNC)—Ben M. Smith, aviation ordnance man, USN, son of Mr. and Mrs. Ben M. Smith of 1314 Seaman St., Eastland, is serving aboard the attack aircraft carrier USS Tarawa.

Smith, who entered the Naval service in October, 1952, reported aboard from the Naval Air Technical Training Center, Jacksonville, Fla. Before entering the Navy, he was graduated from the Eastland High School.

NORTH DISTRICT CUB LEADERS SEE FILM ON 'DEN MEETINGS'

Ranger led in representation at the North District Cub Leaders Pow Wow held Thursday in Ranger. Other cities and towns represented at the meeting were Eastland, 5; Breckenridge, 6; and Cisco, 8.

The film strip "Planning Your Weekly Den Meeting," was shown. This film strip is designed to aid the den mothers work out their

Wildcat Is Staked Near Rising Star

A Mississippi discovery well has been potentialized five miles south of Eliasville in Stephens County. It is American Liberty Oil Co., Dallas, No. 1 B. B. Owens, H. Klasing Survey.

No. 1 Owens during the daily potential gauged 144.64 barrels of 42.1 gravity oil. Flow was through a 12-64-inch choke with 920 pounds casing and 800 pounds tubing presuring from 30 perforations at 4,318-23 feet. The casing is set at 4,325 feet, total depth. Ratio of the gas-oil was 1.675-1.

Aljon Oil Co., No. 1 Warren Petroleum Co., Fambro (formerly No. 1 J. M. Fambro), Section 34, Block 6, T&P Survey, wildcat nine miles southeast of Breckenridge, was plugged at 1,862 feet.

TAKING OFF—Lovely Lona Sears rides her water seal through the air after springing from the board at a beach hotel in San Juan, Puerto Rico. The airline hostess is used to flying, but she seems to find a new thrill in this kind of travel.

Special Armistice Day Memorial Services Set

Eastland County's 1st Freeze Drops Mercury Down To Low 24

The weatherman predicted fair weather for Eastland County today and Wednesday with no rain. His forecast called for a low of around 40 tonight and a high near 70 Wednesday.

The forecast came after the county had its first freeze of the year. The Eastland reading Sunday night was 24, probably one of the lowest readings in the state. It got down to 31 in Ranger.

Cotton farmers were glad to see the freeze but late planted feed crops were probably hurt.

The freeze was almost a month earlier than the first of last year. A "rough" winter was the forecast of many old-timers in the county.

The forecast for West Texas called for fair and a little warmer Tuesday and Wednesday. No rain predicted.

VFW IN CHARGE OF SERVICE; MOST STORES WILL BE CLOSED

Armistice Day Memorial services will be held Wednesday at 10 a. m. at the courthouse by the War Memorial Fountain in Eastland. Carl and Boyd Tanner Post 4136 of the Veterans of Foreign Wars will be in charge of the services.

Most Eastland merchants will observe the holiday by closing. The bank, post office, city hall and courthouse will close.

The Eastland High School band, under the direction of George Pleasoe, will be on hand to add color to the service. The Civic League and Garden Club will assist. Mrs. W. S. Poe, chairman of the club's Memorial Fountain ceremony, said.

A. A. Tuggle is chairman of the VFW arrangement committee. Carl Mills is commander of the local post.

Tuggle said "Other civic groups and patriotic organizations have offered their assistance to the VFW so a colorful and heart stirring program is assured."

The band will open the service with a patriotic number. An address will follow and then flowers will be laid on the memorial. Then the VFW will pay honor to the war dead with a salute by the rifle squad and taps.

Commander Mills said, "This is to be a tribute to all those who have served Old Glory in all our wars... on land, on sea and in the air. While we are not now engaged in a shooting war, we still have our enemies, both within and without our borders."

Tuggle asked all members of the VFW to be at the club house at 8:30 a. m. Wednesday so that final preparation and marching order can be arranged.

Members of the Civic League and Garden Club's Memorial Fountain committee are Mmes. O. Chas-

**Pioneer Of
County Dies
In Cisco**

Mrs. Velzie W. Penn, longtime resident of Eastland county, died Saturday afternoon in Cisco, following a serious illness. Funeral services were held Sunday at the Thomas Chapel in Cisco.

The Rev. Augustus Lightfoot, Baptist minister from Odessa, officiated assisted by the Rev. M. L. Agnew and the Rev. E. H. Lightfoot, both of Cisco. Burial was in Oakwood Cemetery.

Mrs. Penn is survived by her husband; four sons, Frank of Ranger, Mollie of Torrington, Wyo., and John and Cecil of Cisco; seven grandchildren, four great grandchildren; two brothers and four sisters.

Dogies Meet Gorman Cubs in Title Tilt

Eastland's Junior High School Dogies and the Gorman Junior High Cubs meet tonight at 7:30 in Cisco in a game which will decide the championship of the Oil Belt Conference. The tilt was brought on because of a two way deadlock between the two teams at the end of the regular season.

Eastland and Gorman fought to a 6-6 tie in the final game of the season in Gorman. Previously both teams had perfect records in conference play.

The game, which will probably be played in somewhat nippy weather, should never-the-less attract a large crowd at the neutral field.

Of the two teams, Gorman's record is perhaps the best. The Cubs have been scored on only once this season, that six points coming in the Eastland tilt. The Cubs record looks like this: They beat DeLeon 25-0, Rising Star 48-0, DeLeon 32-0, Dublin 43-0 and Cisco 27-0.

Eastland Will Host Methodist In 1954

Eastland was selected as the site of the 1954 annual Cisco District Conference at the close of the 1953 convention Thursday in Cisco. The conference will be held at the First Methodist Church at a date to be set later.

Area Methodist heard Rev. Erwin F. Bohmfalk, superintendent

sings of being the best product to crop up in Eastland for years, ran for 151 yards in the first Gorman tilt in 18 carries for a nine yard average. Kenneth Joiner is the Cub's star back.

Coach Wayne Brock and the Dogies squad thought that they should have won the first game and were happy when the conference fathers decided to have a play-off tilt. The Dogies have been holding daily workouts trying to work up a winning combination.

Both teams are expected to rely on ground power. Only six aerials were attempted in the first game—both teams tossing three.

Here is Eastland's probable line-up:

The starting Dogies line-up will probably read like this: At left end it will probably be Virgil Lee, a 130 pounder; Rex Webb, 165 pounds, will be at left tackle; John Lively, left guard, 115 pounds; Kenneth Watson, center, 116; Henry Van Geem, right guard, 108; Johnny McMahon, right tackle, 147; Charles May, right end, 122; Clint Humphreys, quarterback, 90; Mike Manning, left half, 110; Saul Pultman, right half, 111; and Weldon Walton, fullback, 125.

Others expected to see lots of action are R. L. Stuard, Delton Shirley, Larry Hollis, Hampton Stamey, Dwayne Brown, Elton Williams, Donald Carline, Larry Aldridge, Gene Reagan, Allen Miller, Philip Rodriguez, Kincky Arthur and Stanley Reed.

Gorman's probable starting line-up:

Johnny Rodgers, left end, 185; Larry Rice, left tackle, 138; Bobby Standridge, left guard; Jerry Warren, center, 105; Eddy Browning, right guard, 108; Burl Warren, right tackle, 120; Tom Welch, right end, 192; Jack Abbe, 135; back; Corky Brown, 125; back; Kenneth Joiner, 130; back; and Lee Harrison, 149; back.

Both young men are seniors in Scranton High School. Their mother died when they were 4 years old.

Since then, they have been living with their uncle and aunt, Mr. and Mrs. Bill Clinton of Scranton. They are nephews of Rev. E. H. Lightfoot, pastor of the church in which they received their licenses.

Rev. Leslie W. Seymour, superintendent of the Cisco district, presided over the conference. Rev. James R. Holdridge of Breckenridge was elected conference secretary and Rev. Lloyd Sanders of Bunyan, Erath County, assistant secretary.

Speakers included Mrs. Jasper Wright, Cisco, and Rev. and Mrs. Robert Sanders, Cisco; Rev. Floyd Thrash, Gorman; Rev. William C. Finch, Georgetown; Rev. Douglas Morris, Fort Worth, and Rev. James C. Skinner, Putnam.

A committee also was appointed to raise funds in the district in connection with the campaign which the Central Texas Conference is opening to raise \$100,000 for Texas Wesleyan College at Fort Worth and Southwestern University at Georgetown.

Committee members are W. D. Raley and Rev. D. L. Barnes, Dublin; J. A. Bates, Mrs. Vernon DeFebach and Rev. Crutchfield, Ranger; Mrs. John Shertzer and Rev. E. H. Lightfoot, Cisco; Judge Milburn Long and Rev. Mr. Oglesby, Eastland and Rev. J. W. Sharbutt, De Leon.

tain, George Davenport, W. C. Vickers, Dixie Williamson, T. L. Fagg and A. E. Taylor. They will place the traditional wreath upon the fountain as tribute from the Civic Club.

The services will be aired over radio station KERC.

Ranger Out Of District

There will be a new gridiron champion in District 7-A in 1954. That's for sure.

The reason: Ranger won't compete any more.

The interscholastic League has just released the 1954 tentative conference list. There are quite a few changes from the 1953 line-up. District 7-A will lose several of the teams that competed in the district this year. Besides Ranger, who is moving up to conference AA, other teams that won't play in District 7-A next year are Bangs, Santa Anna and De Leon. One new team is moving into the district. That is Clyde, jumping from class B ball.

Ranger will move into District 9-AA with Cisco, Graham, Mineral Wells, Stephenville and Weatherford.

The 7-A line-up will now be composed of Cross Plains, Eastland, Clyde, Dublin, Rising Star and Wylie. That will be only six teams—two less than this season—and will therefore give each team in the district two additional non-district games in which to sharpen their attack.

The big change, of course, will be the dropping of Ranger. The Bulldogs have constantly been a threat in the district, and this year may win the state conference crown.

Eastland is just on the borderline, and the Mavericks may follow their long-time grid rival to the east into double-A the following year. At any rate there is little doubt that the Ranger-Eastland series will be broken.

Mrs. Perkins Named On Library Group

An eight-member state advisory committee is helping to acquaint Texas with services available through the University of Texas Package Loan Library.

The service is being publicized particularly in small towns and rural communities where it is most needed, Miss Imogene Thompson, Extension Loan Library Bureau director, said.

"Approximately half of the inhabitants of the State live in small communities which do not have public libraries, and many of these people do not know of this service which they may obtain for a few cents postage," Miss Thompson explained.

Members of the advisory committee were appointed by presidents of the organizations they represent, which are among the large groups working with the Package Loan Library.

The committee includes: Mrs. Joseph M. Perkins, Eastland, and Mrs. Theron J. Fouts, Denton, representing the Texas Federation of Women's Clubs.

Mrs. C. R. Larimer, Houston, and Mrs. H. D. Maxwell, Rockdale, representing the Texas Congress of Parents and Teachers.

Mrs. Elmer Dale, Blanco, and Mrs. E. H. Marek, Yoakum, representing the Friends of Texas Libraries.

Miss Lois Garver, Austin, representing the Texas Library Association and Texas Education Association, representing the Texas

Church... Society ... Clubs

Thursday Afternoon Club Observe American Art Week With Program

Members of the Thursday Afternoon Club emphasized American Art Week in their program Thursday afternoon at the Woman's Club, under the leadership of Mrs. Grady Pipkin.

Mrs. Harold Durham showed four short films illustrating the technique of art. She portrayed lines, shapes, solids and color as illustrated by the film strips.

Mrs. Iral Inzer gave a talk based on James Flexner's "First Flowers of our Wilderness".

Mrs. M. A. Treadwell gave a talk based on books by John Singleton Copley, and Flexner.

Mrs. Frank Castleberry, president, presided for the first time since her illness and heard reports from officers and committees, among which were the report of the committee to collect funds for the Restoration of Independence Hall. They reported that they had collected \$13.75 from the different organizations.

Mrs. Castleberry welcomed Mrs. Charles Layton and J. C. Oglesby as new members.

New Books Now In Library

Miss Cecilia Haas, librarian for the Eastland Public Library, sponsored by the Thursday Afternoon Club has released a list of new books, now at the library.

So Long As Love Remembers; Janney.

The Greatest Ever Known; Ouster.

Come My Beloved; Buck.

The Devil's Laughter; Yearby.

The Unconquered; Ben Ames Williams.

Bing Crosby's Own Story; Crosby.

Time and Time Again; Hitton.

The Kentuckians; Gibs.

Rogues Yarn; Jennings.

The Bright Battalions; Breslins.

The Shipwrecked; Green.

Courage Is Not Given; Mayrant.

The Governor's Daughter; Whitson.

Neighbors Needn't Know; Gold-en.

CHILDREN'S STORY HOUR

Saturday morning at 10 a.m. twenty-four children came for the "Story Hour," held each Saturday morning at the Eastland Public Library.

Mrs. Arthur Murrell had charge of the hour presented in a most interesting and understanding manner several stories that they will each remember for a long time. First was "The Life of Dwight Eisenhower" followed by three others—"Coyote," "The Coyote and the Fox" and "The Humming Bird," which gave the youngest children the greatest pleasure.

The Story Hour is sponsored by the Thursday Afternoon Study Club and members take turns at planning and demonstrating the stories for all Eastland children who are interested and will come.

Those attending last Saturday were: Robert Alford, Gail Whitley, Floyd Robertson, Weldon Broussard, Bob Day, Mildred Day, Dale Rathel, Shirley Jean Smith, Linda Fay Powers, Gary Young, Jeannie Hanna, Steve Perdue, Kay Poe, Velton Moser, Julia Moser, Don McCary (Cisco), Suzan and Shelia Sneed, Mary Helen Lilly, Terry Cox, Judy McMillen, Terry and Marsha Treadwell.

Mary Circle of First Christian

The Mary Circle of the First Christian Church met in the home of Mrs. A. F. Bandy, who was hostess with her mother, Mrs. T. A. Bandy.

Mrs. Millie Brittan, chairman, presided over the meeting. Mrs. T. A. Bandy gave the opening prayer. Mrs. Otto Marshall presented the lesson titled, "The Inclusive of Evangelism in the New Testament."

The hostesses served ice-cream cake topped with whipped cream and coffee for the social hour enjoyed by those present: Mmes. J. R. Gilbreath, R. L. Carpenter, Pat Murphy, T. A. Bandy, D. J. Flen-ey, Eugene Day, R. L. Malone, Henry Farrell, Clara Wingate, Otto Marshall, Millie Brittan and hostess, Mrs. A. F. Bandy.

Mangum Baptist WMU Meet

The WMU women of the Mangum Baptist church met Monday afternoon for their regular first Monday meeting.

The president, Mrs. Arthur Brown, presided. Mrs. Bud May led the opening song and Mrs. J. S. Turner gave the prayer. Mrs. Ethel Gray, second vice president, was leader for the "Royal Service" program. Devotion was based on scripture from the book of Hebrews.

The group voted to pledge \$50 to the Lottie Moon offering.

Rev. B. F. Clement and Mrs. J. J. Ponder were remembered with a love gift from the WMU group and the church.

First and third Wednesday nights each month were designated as family nights.

Square Dancers Annual Barbecue Set November 14

Abilene members of the West-erners Association will be host-essing to a square dance and barbecue to be held at Abilene's Fair Park Nov. 14, at 8 p.m.

The dance is an annual affair and callers and dancers from all over West Texas, Oklahoma and New Mexico have been invited, according to Fay Moore, publicity chairman.

The Westerners is the oldest square dance association in the entire Southwest and has as its purpose the preservation of the old time square dance, which is traditional dance of West Texas. Until recently its members included some of the pioneers who danced at such notable affairs as the Cowboy's Christmas Ball at Anson.

Plans for the dance are being completed by numerous committees headed by Jane Van Hook, general chairman. Mrs. Van Hook reports that reservations from out of town members have already passed the 200 mark and many more are expected before Saturday night. Mrs. Van Hook said the public is invited to attend this event as facilities are provided for spectators.

A special square dance band will be on hand to provide the "temp" and style and music required for square dancing. This band has been awarded numerous prizes for championship fiddle performances and plays for dance clubs throughout the area.

As a further attraction, Les Gotchee, world famous square dance caller and instructor, will be on the program. This will be one of his few appearances in Texas this year.

Mrs. J. L. Arnold Will Review Book For Delphians

Mrs. J. LeRoy Arnold will review "The Galilean" by Dr. Frank G. Slaughter, for members of the Alpha Delphian Club at their meeting at 3 p.m. Thursday at the Woman's Club.

Royce Maynard Celebrates First Birthday

Royce Lee Maynard's first birthday was celebrated with a party Wednesday night in the home of his parents, 702 West Patterson.

Those attending the party enjoyed games and refreshments of cake, punch and coffee.

Guests included Mr. and Mrs. C. L. Hogan, Wayne, Pat, Bill, Roy and Patsy Eteer of Albany, Mr. and Mrs. M. L. Maynard of Carbon and Mr. and Mrs. Walter Maynard, Ronda Kay and Layne, Mr. and Mrs. Robert Lavender and Mike and Mr. and Mrs. Virgil Moore and Trippy, all of Eastland.

Alpha Delphian's To Have Bible Study

The Alpha Delphian Club will meet November 12 at the Woman's Club for a special Bible study program. Mrs. L. C. Brown is the hostess for the day and will present Mrs. J. Leroy Arnold in a book review, "The Galilean" by Dr. Frank G. Slaughter.

Special music has been arranged for the day.

Mrs. J. A. Doyle is president.

PERSONALS

Mr. and Mrs. Lester Snider of Greenville, Tex., were guests in the home of Mr. and Mrs. LeRoy Arnold the past week end. Mr. Snider is the nephew of Mr. Arnold.

Mr. and Mrs. Chas. Foster and sons spent last week in Dallas and East Texas with relatives.

Mr. and Mrs. Claude Maynard were in Austin Saturday to attend the Texas-Baylor football game and were guests of the W. W. Kellys. They also saw, among other ex-Eastlandites, Mrs. Marvin Kelly, now of Austin, her son, Joyce, and wife, who now live in Beaumont, Tex.

Mr. and Mrs. R. H. Curnutte and daughter, Kala, of Lamesa, were visitors in the home of her mother, Mrs. J. A. Hood, 207 S. College. They were joined by their son, Miller Bob Curnutte, who is a student at Arlington State College. Miller Bob is also an Ex-Ranger Junior College student and he enjoyed the homecoming activities of that group.

Mr. and Mrs. Bob White of Rising Star were in Eastland on business Monday.

JONESES NOW AT CONNELLEE COFFEE SHOP

Mr. and Mrs. Richard Jones, long time residents of Eastland and well known for their fine cuisine as well as friendliness toward their patrons have taken over the Hotel Connellee Coffee Shop. The Joneses have operated the Tip Top Cafe for the past several years. They have for a long time needed more space, Mr. Jones said.

Mr. and Mrs. Jones were enthusiastic in their plans to better serve their friends and new patrons. They plan an extensive re-conditioning of the kitchen to expedite this service.

They will serve the Rotarians each Monday and solicit other parties, large or small for their catering.

Alpha Delphian's To Have Bible Study

The Alpha Delphian Club will meet November 12 at the Woman's Club for a special Bible study program. Mrs. L. C. Brown is the hostess for the day and will present Mrs. J. Leroy Arnold in a book review, "The Galilean" by Dr. Frank G. Slaughter.

Special music has been arranged for the day.

Mrs. J. A. Doyle is president.

MONDAY, DEC. 14
Exemplar chapter of Beta Sigma Phi Sorority, 7:30 p.m. in home of Mrs. M. H. Perry, 510 S. Dixie.

Kitchens Get A Break This Year In The Christmas Gift Department

With so many new gimmicks and gadgets available for use in the kitchen the perennial problem of selecting a Christmas gift that's useful all year long is considerably reduced.

Take, for instance, the magnetic knife holder. For women who are constantly looking through drawers for carving knives it's a real blessing. All they do is bolt this good looking piece of magnetized steel to the wall, and hang their knives against it, right out in the open.

Another item that makes a fine Christmas gift are the stainless steel stove and utility mats. Absorbent backed, they offer maximum protection against heat and scratches. One company reports their attractive mats that come with colorful floral designs lithographed on the metal, are being used as not plates, place mats and protection for cabinet tops as well as stove protectors.

Many homemakers have found that two or more Aristo-mats tacked above the stove not only make a kitchen more beautiful, but are easy to keep clean. Clean walls behind the stove are remembered long after Christmas has passed.

One other thing that might be added to your man's Christmas list is an olive picker. With this little gadget you no longer have to try to spear olives out of a bottle with a knife. Just press the top like a hypodermic needle and out come little prongs that grab the olive firmly.

TEL Class To Meet Thursday

The T.E.L. Sunday School class of the First Baptist Church will meet with Mrs. Ed T. Cox, 703 South Daugherty, with a covered osh luncheon at 11:30.

Mrs. Minnie Love will be in charge of the program.

Hospital Report

Patients at the Eastland Memorial Hospital today are Mr. T. H. Sherman, surgical, from Moran; Mrs. J. E. Parker, medical, Carbon; Mrs. J. C. Kuykendall and new baby boy, Eastland.

Roy Pentecost of Houston was the week end guest in the home of his parents, Mr. and Mrs. H. P. Pentecost.

THANKS

We Wrap Wires—and Save You Money

IF THERE'S A WAY TO SAVE YOUR DOLLARS by doing things faster, easier and less expensively in the telephone business, we'll find it. Take the matter of making wired connections—something we must do a billion times a year. The ingenious "gun" shown above was developed to wrap wires on telephone equipment with one quick zip—so tightly that solder isn't needed. This method saves untold time—one of the many economies that are practiced every day to hold down the price of your telephone service. SOUTH-WESTERN BELL... A TEAM OF 27,600 TEXAS TELEPHONE PEOPLE... AT YOUR SERVICE.

3 EXTRA PIGS PER LITTER ON THE PURINA PROGRAM MAY MEAN

TRIPLE PROFITS

1/3 More Pigs... Triple Profits

The average hog man makes a profit on only 1.4 pigs. At Purina's Farm, 1-3 more pigs were weaned... 4.1 pigs above national average... about TRIPLE PROFITS!

1/3 Heavier Pigs At Weaning

Weight of the average pig at weaning is about 30 lbs. But with the addition of Purina Pig Startena to our Program, we're weaning pigs that weigh 47.62 lbs... far better than 1-3 heavier.

1/3 More Pork... Less Grain

It takes about 12 bushels of corn alone, or 40 lbs. of tankage or soybean meal and 7 bushels of corn to make 100 lbs. of pork. But on the Purina Program it takes only 45 lbs. of Hog Chow and 5 bushels of corn to make 100 lbs. of pork.

1/3 Faster To Market... Less Labor

The average farmer still takes 8 or 9 months to market a 225-lb. hog. Many hog men following the Purina Program are marketing 225-lb. hogs in only 5 1/2 months... a big saving all round.

MAVERICKS USE STEAMROLLER TO BURY MOUNTAINEERS 52-0; DUBLIN NEXT ON MAVS' LIST

Eastland Mavericks found themselves Friday night and used their previously hidden power to smash outclassed Santa Anna 52-0 in a District 7-A clash played at Maverick Stadium.

The Mavericks couldn't do anything wrong. Following the initial kick-off it took the Mavs only 3 plays to drive from their own 45 to paydirt. Jimmie Martin found a huge hole in the right side of his own line and whizzed through and raced over almost untouched.

It was the first of two touchdowns for Morton. Fred Williams also had two TDs to the Morton for scoring honors. Others who broke into the scoring were Pearson Grimes, Bobby Pittman, Jamie Jessop and J. D. Hanson, each making one TD. Stanley Harris kicked four extra point tries.

Played before a crowd thinned considerably by a nippy temperature reading, the game was too one-sided to have much interest. Eastland rolled up 340 yards on the ground, 112 in the air and had two long touchdown sprints called back for minor rules infractions.

Coach Ed Hooker used his reserves a while and most of the starters spent most of the night on the bench.

Santa Anna kicked off to Eastland to the 20 where Jessop raced out to the 45. Jessop took it to the 49. Verne Meroney went to the Mountaineers' 46 and Martin raced over. Harris kicked his first of four extra points.

Following the kick-off Santa Anna fumbled on the first play from scrimmage and the Mav's Clyde Moore came up with the ball on the Santa Anna 32. Meroney passed to Williamson on the 23 and Hanson rammed through the middle for the TD. Harris again converted and the score read 14-0 with only 2 and a half minutes of play showing on the scoreboard.

Minutes later Hanson raced over from the Santa Anna 49 but a penalty drove the Mavs back to the 46 and canceled the play. From there it took the Hooker-men two plays to pass over. Meroney went back to pass and decided to run. The starting quarterback raced all the way down to the 35. On the next play Jessop took a hand-off from Meroney who scampered over. Harris failed to convert. Score 20-0.

Jessop set up the next score when he took a punt on his own 18 and raced down to the Mountaineers' 18. From there Fred Williams needed just one play to go over. Again Harris' kick was no good and the score was 26-0. This TD came on the first play of the second quarter.

The Mountaineers couldn't move following the fourth Eastland score and were forced to punt from their own 24. The punt carried to the Maverick 35 but Pittman raced to the Santa Anna 38. Pittman, on a quarterback around, raced over. The paydirt scamper was rubbed out by an offside penalty.

Harris tried a field goal later in the period. It was high enough but wide. He kicked from the Santa Anna 13.

The half ended with Eastland on Santa Anna's 19 yard line. Early in the third quarter Martin ripped through a hole in the right side of the line and raced 64 yards to paydirt. The play was a beautifully executed cross buck and linework paved the way. Harris' try for point was good and the score was 33-0.

The Mavs went to the air for the next counter with Pittman

McCorkle Says Farmers Crops Good In County

Lion Ray McCorkle told Eastland Rotarians Monday it took a lot of nerve for farmers to plant high priced seed in the face of the three year drouth, but, he said, the ones who took the risk now stand a chance of making a large profit.

McCorkle said both the cotton and peanut crops in Eastland county were good this year. He urged members to have faith in Eastland and to stick together.

McCorkle was introduced by Gene Rhodes, program chairman.

B-Mavs Fall To Cisco Eleven

The undermanned Eastland B-Mavs fell before the powerful Cisco B teamers 32-0 in a game played Thursday night at Maverick Stadium.

The Lobos got off to an early start and at the end of the second period the score was 20-0.

Jim Filmore scored two of the Cisco touchdowns, one on a 45-yard sprint and the other on a 20-yard run. Howard Hamilton scored on a keeper play that went for 55 yards. Clyde Butler and David Ewell made the other two touchdowns on short plunges through the line. Hamilton and Paul Ford ran over the extra points.

Eastland had only 14 players on the bench.

passing to Fred Williams on the Mavs' 44. From there Williams outran the defenders and went over untouched. Harris' kick was wide. The score: 39-0.

Five plays later the Mavs scored again. This time Pittman went over from the one on a quarterback sneak. The drive started on the Mountaineers' 29 when R. D. Harris recovered a Santa Anna fumble. Pittman raced to the 10, Martin went to the three, Pittman to the one and then over. Harris' extra point try failed. The score: 45-0.

In the fourth quarter Grimes raced around left end for a TD from the 10. The scamper climaxed a 71 yard drive. Most of the yardage came on a pass from Pittman to Martin which covered 36 yards. Harris' kick was good to make the score 52-0 and end the slaughter.

When the game ended the Mavs were on the Santa Anna seven yard line.

Charles Collins, Maverick right guard, was not in his usual starting line-up due to an ear infection. He watched the run-away from the press box.

The Mavericks play host to Dublin next week in the game that will decide runner-up honors in rugged District 7-A.

Why more than a million owners this year have chosen the "Worth More" **FORD!**

They have discovered first hand what the surveys show... Ford, with all its fine-car features, is worth more when you buy it, and worth more when you sell it!

OVER A MILLION OWNERS can't be wrong! Ford is the one fine car in the low-price field. It gives you the "Go," the style, the comfort, and "build" of cars that sell for far more. And, it's only natural that Ford keeps its value better, in resale, than any other car on the American Road. Check the features below for some of the "Worth More" reasons for the swing to Ford.

Join the swing to **FORD** ...take a Test Drive today!

KING MOTOR COMPANY
100 East Main Eastland

If you're interested in used cars, be sure to see our selections

Lowest-priced V-8 in America! And the only V-8 in the low-price field. Ford's high-compression V-8 power plant delivers its "Go" on regular gas!

Most Modern Six of all is Ford's high-compression, low-friction Mileage Maker. With Overdrive, it beats all other cars entered in 1953 Mobilgas Economy Run.

Smother Ride, with front end road shock reduced up to 80%, is another Ford big-car feature... and you get it without gas eating extra weight.

Fine-Car Build means using steel of the same quality and thickness as in the costliest cars. And Ford is the most completely integrated car in its field.

Fordomatic Drive is the only "automatic" in its field to offer the "Go" of an automatic intermediate gear plus the smoothness of a torque converter.

Finest Power Steering — that's Ford Master-Steering. It does up to 75% of the steering work yet retains the normal steering "feel" on the straightaways.

SENSATIONAL SAVINGS YOU CAN'T AFFORD TO MISS!

MOORE—
(Continued from Page 1)

would almost be ashamed to utter the word. Now the Valley claims to grow big tomatoes, but we didn't see many two pounders down there. That is just what Louise Graves of Olden came up with. Actually when we took it over and weighed it at A&P it just weighed a pound and 10 ounces, but that's close enough to two pounds to make us happy.

We just had the honor of forwarding two letters to Santa Claus at North Pole. The letters—the first to come through our channel to the Pole this year—came from Cy and Jimmy Frost.

Cy said: "Dear Santa Claus... I want a 23-inch two gun scabbard and two big 44's, a size eight cavalry suit and a football. I've been a good boy this year. Thank you for the presents you brought me last year. Please remember Jimmy and our baby and all the other good children in the world." Jimmy's letter read like this: "Please bring me two 44's to go in the scabbard I have and a cavalry suit that will fit me (size 5). Thank you for the presents that you gave me last year."

Well boys, the letters are on the way. We must congratulate you for "getting your shopping done early."

Don't forget... tomorrow is Armistice Day. The Veterans of Foreign Wars are in charge of memorial services here.

Don't Forget 'Em

Have servicemen overseas? Let us know about them. We are now preparing our Christmas Card list to be published soon. Be sure and bring us your man's (or woman's) name and address so his friends can cheer his Christmas up.

DO IT TODAY

Annual ACC Lectures On Preaching Set

B. C. Goodpasture, editor of the Gospel Advocate, Nashville, Tenn., will be the guest lecturer at the third annual Lectures on Preaching set for Dec. 7-11 at Abilene Christian College.

The 10 lectures will follow the theme of "Paul's Instructions to Timothy on the Work of Preaching," and material will be drawn from Paul's two epistles to Timothy.

The series was inaugurated in 1951 with John Banister, minister of the Skillman Avenue Church of Christ, Dallas, as the first lecturer. Last December the lectures were delivered by Gus Nichols, preacher for the church of Christ at Jaspas, Ala.

The lectures are under the direction of Dr. Fred J. Barton, head of the Speech Department. They are designed to inform and inspire preachers and prospective preachers, as well as to supplement instruction on homiletics, Dr. Barton explains.

Although arranged primarily for ACC ministerial students, the lectures are open to any preacher or anyone interested. Dr. Barton invites out-of-town preachers, especially those in the Abilene area, to attend the meetings.

Mr. Goodpasture began preaching at Holly Springs, Tenn., in 1912. He received his A. B. degree in 1918 from David's Lipscomb College, Nashville. He has studied at the Southern Baptist Theological Seminary at Louisville, Ky. He has preached regularly for church of Christ congregations in Georgia and Tennessee.

He served as minister of the Hillsboro Church of Christ in Nashville for 12 years, and he is now an elder of that church.

TRY A CLASSIFIED FOR QUICK RESULTS!

Stephen McNally and Alexis Smith in one of the shock scenes from "Split Second"

MOVIE FAIR
By Corle Pierce

What does it take to make a never to be forgotten motion picture? Movie makers have been asking this question for many years and have not yet come up with the answer. "Split Second" is one of these type features. And what goes in to this picture is sure shock. The way it is presented is motion picture magic. Dick Powell in his first directed motion picture has put "Split Second" in the upper class of great excitement pictures. From the start right up to the hair-raising climax it will leave you limp with its impact. If you enjoy a real thriller, I know you will enjoy Stephen McNally, Alexis Smith, and Jan Sterling in "Split Second" the current attraction at the Majestic Theatre.

Busy Firemen Hear Siren Three Times

Eastland was siren happy Monday.

The fire siren sounded three times with only one alarm an actual fire. Monday morning a pickup truck backfired and caught fire in the 700 block of West Patterson. The truck, which was owned by Will T. Young, was badly damaged.

Later the siren went off again. This time it just signaled a meeting of the fire department. Then late Monday night the third alarm came in. This time it was a false alarm.

Mrs. John Lee Roper returned Friday from Mountain Home, Ida., where she visited with her daughter and son-in-law, Major and Mrs. D. A. Jones and also visited with another daughter, and son-in-law, Mr. and Mrs. Bill Jeter of Concord, Calif. Mrs. Roper was away about a month.

Frank Cowan Rites Held In Austin

Frank A. Cowan of Austin, brother-in-law of Mrs. W. D. Spain, died in Austin last week and funeral services were held Thursday in Austin.

Mr. and Mrs. Spain and Mr. and Mrs. Harold Courtney attended the services.

Services were held at the University Church of Christ. Mr. Cowan was head of the Biology Department at Sam Houston State College.

Mrs. Howard Brock has returned from a ten-day visit with her son, Lt. Francis J. Brock, and family, who live in Lubbock. Mrs. Brock was there for the christening of her 7-month-old grandson, David Frank. Lt. and Mrs. Brock are preparing to go to Montgomery, Ala. Lt. Brock will attend Squadron Officers School at the University of the Air, Maxwell Field.

A. Z. Myrick Named Farm Bureau Head

A. Z. Myrick of Cisco, was re-elected president of the Eastland County Farm Bureau at the annual county convention held Thursday night, Oct. 29, in Eastland.

Other officers presented by the nominating committee for re-election were: Jimmy Sparks, Desdemona, vice president; Ray A. Norris, Flatwood, secretary-treasurer; Mrs. Bill Tucker, Cheaney, will again serve as reporter.

New directors elected are I. S. Echols, C. Pippin, J. D. Harrell, A. W. Hendricks, W. R. Ussery, J. H. Tidwell, Hilburn and Ricks who will serve along with John Love, T. C. Cozart, W. E. Kirklén, C. T. Dawkins, who were re-elected for another term.

Resolutions given at the county level were considered and adopted as follows: (1) That Farmers Marketing Cards, after complying with regulations, be mailed to them, if so required. (2) All unused allotment acreage of all crops under the supervision of P. M. A. be transferrable, for one year, within the county. (3) Measurement of all allotted acreage to stay within 8/10 acre of the allotment, without penalty. (4) Use both old and new formulas in determining parity prices, which ever is the highest. (5) Favors the equalizing of grading of Spanish peanut versus runner-type peanut, to insure fair competition. (6) In favor of more scientific research for the pecan growers in Texas. (7) Opposes the importation of beef when it affects prices on the cattle industry in this county. (8) Favors the cushioning of cotton acreage reduction over a period of at least two years.

E. J. Gist of Abilene, district 7 state director briefly discussed legislative issues which will be given consideration at the state meeting, to be held in Mineral Wells Nov. 8-12.

Delegates to this convention are Howard Wade, Desdemona; Herman Schaeffer, Cisco; Clyde Coates, Cisco, and Mitchell Campbell of Gorman.

Alternates are John Love, George Bennett, Pleas Ray and Ray Norris.

DR. ROBERT C. GOODWIN

Dr. Goodwin Named 'Man Of The Year'

Dr. Robert C. Goodwin, dean of the Division of Arts and Sciences at Texas Technological College, Lubbock, has been named "Man of the Year" at Howard Payne College, Brownwood and will be honored at Howard Payne's Homecoming Nov. 25-26.

Each year Howard Payne College selects one of its outstanding graduates as "Man of the Year" and honors him during its annual Homecoming exercises.

Dr. Goodwin will address exes assembled for Homecoming in Mims Auditorium on the HPC campus at 10:45 a.m., Nov. 26. He will again be presented to alumni and guests at half-time activities when the HPC Yellow Jackets clash with the Abilene Christian College Wildcats in Lions Stadium, Brownwood, at 2 p.m. Nov. 26.

Dr. Goodwin himself was once a member of the Yellow Jacket football team. He lettered as a quarterback on the grid squad and also made letters in basketball and track while attending Howard Payne.

A slip-on pencil eraser makes a good guard for the sharp points of scissors.

NORTH—
(Continued from Page 1)

who will have more detailed information as to registering for the course.

The course will be conducted by Jack Merrill of Breckenridge, who spent the summer at Philmont Scout Ranch in New Mexico learning how to do this kind of work.

The public is invited, and will find plenty to interest them at anytime they should care to come out.

Drying Starched Clothes

How can you dry starched clothes in a gas clothes dryer and avoid limpness? That question is always popping up, so here are some hints The Gas Appliance Manufacturers Association offers on how to do it successfully: First, make it starch a little heavier than recommended for the particular fabric. Into each quart of water dissolve a small cake of ironing aid. Then starch several articles at once, and dry. Do not put in unstarched clothes because they will take away some of the starch from the others. Leave starched clothes in the gas clothes dryer a shorter time than usual—until just damp enough to iron.

Some truses are estimated to consume 220 gallons of water a day.

Hardin Simmons Homecoming Set For November 20

Homecoming activities for Hardin-Simmons University exes will get underway Nov. 20 with the First Annual Retreat for officials of the ex-students association.

C. Kenneth Hill has announced that the retreat will be designed for the officers, directors and club presidents of the association.

Homecoming activities will feature a football game between the H-SU Cowboys and North Texas State Eagles in Parramore Stadium, Nov. 21.

The retreat will afford the officers and directors of the H-SU ex-students association more time to plan the various programs and projects for the next year.

Jim Jennings, Abilene, is the president of the association. Vice-presidents of the organization are Guy Shaw, Abilene; Mrs. Bill Tippin, Abilene; Taylor Paul, Lubbock; and Jack Scott, Cross Plains.

PROSPECTS FOR GOOD DEER HUNT FAIR; TURKEYS ALSO RALLY FROM SEVERE DROUTH

Texas deer and turkey have rallied somewhat from the severe drouth period and prospects are for a fair season, according to the Executive Secretary of the Game and Fish Commission.

The annual big game hunt under the General State Law opens November 16 and continues through Dec. 31. There are special seasons for larger areas like West of the Pecos, Panhandle, Possum Kingdom, as well as several special dates on the county level. Bag limits and shooting hours likewise vary.

An expected 100,000 hunters

will take to the field for the fall classic. The kill on deer usually runs about 40,000 in Texas. The turkey harvest is estimated at close to 6,000. Both deer and turkey suffered from the prolonged drouth but rains beginning in the late summer have at least partly relieved the crisis, on the basis of reports to the Executive Secretary.

Even in Deep South Texas the deer have rallied, although there was some die-off in the heat of the summer. Game Warden Supervisor Herbert Ward of Catarina and Supervisor John E. Hearn of

Cotulla agreed that deer were on the upturn although some ranchers in their area will restrict the harvest.

Game Warden Supervisor G. M. Stricklin of Beeville said deer are coming back in his area which embraces the lower coastal plain.

In the Hill Country, game wardens reported a definite pickup in deer prospects and said wild turkey were slowly rallying from three bad hatching seasons.

The Executive Secretary advised hunters to study their Game Law Digests on hunting regulations and to look up the local game wardens for any additional information needed.

Hunting briefs:

DEER

General Law Open Season—Nov. 16 through Dec. 31, covers most of big game area, including Edwards Plateau and Hill Country.

Limit—One gobbler.

West of Pecos—Closed season.

Pest Clinic Invitation Is Extended

Livestock producers and others interested in livestock are invited to attend the Texas Pest Control Clinic to be held in Breckenridge November 9. The meeting begins at 9:30 a.m. and will be held in the American Legion Hall. A meeting and election of officers for the West Texas Ranchers Association will begin following the clinic.

A nationaly prominent speaker from the governmental and state experiment stations, Texas Technological College, A&M College and its branches, and the state extension services will discuss aspects of livestock pest control and other phases of the livestock industry. No commercial exhibits are permitted.

The meeting is being sponsored jointly by the Association of Texas Manufacturers and Distributors of Veterinary Supplies and the West Texas Ranchers Association. Leo Martin, Austin, President of the A.T.M.D.V.S. will preside. Dr. R. L. Rogers, Gordon, is program chairman. A. S. Kennell, Cisco, is President of the West Texas Ranchers Association.

Gamefish Junction is a name sometimes applied to Cape Hatteras, N. C., by fishermen because it is the northernmost range of many southern fish, and as far south has some species of northern fish penetrate.

Ranger Woman One of Seven Hunting Victims

Hunting accidents in 1953 already have cost seven Texas lives, according to the Executive Secretary of the Texas Game and Fish Commission.

He cited the fatalities, all occurring since July 1, in a plea for greater safety when hunters open the 1953 waterfowl season at noon November 6.

Deaths reported to date: Ranger woman killed by ten-year-old boy while squirrel hunting.

Luella squirrel hunter found dead from wound caused when he either stumbled or pulled his gun through a fence toward himself.

Pampa big game hunter killed in Colorado by another hunter.

Fort Stockton predator hunter killed by own gun.

Orange man killed when his gun fired while being dragged through brush.

Sandia rabbit hunter killed by own gun while hunting rabbits.

Corrigan man killed by own gun while climbing fence.

Tarleton State FFA Officers Install Strawn District Officers

Installation ceremonies for the officers of the Strawn District FFA Chapter were held at the Strawn High School Tuesday, Nov. 3, at 4:00 p.m. The ceremony was performed by the officers of the Tarleton State College Collegiate FFA Chapter, composed of: President J. M. Auld, vice president Bill McGinnis; Secretary Dennis Jacobs; Treasurer, Truman Blum; Reporter, Joe Short; Sentinel, Hugh Conston.

The Collegiate Chapter was accompanied by the advisor, L. E. Graves.

Officers of the Strawn District FFA Chapter participating in the ceremony were: President, Dwain Hearn, Mineral Wells; Vice President, Billie Lee, Gordon; Secretary, Charles Joiner, Gorman; Treasurer, Roy Sims, Eastland; Reporter, Jack Roberson, Strawn;

Sentinal, Carol Sandin, Carbon. The Greenhand Chapter from Mineral Wells, under the supervision of Raymond Purger, gave a demonstration on chapter conducting and use of parliamentary procedure.

Immediately after the installation ceremonies and chapter conducting demonstration, the vocational agriculture teachers of the Strawn District met with Mr. J. B. Payne, Supervisor of Area IV, in a regular business session.

Agriculture teachers present were:

E. C. Bramlett, Gorman; B. S. Dudley, Jr., Ranger; Hubert Foust,

Graford; W. M. Crowe, Eastland; C. N. Merrell, Mineral Wells; C. T. Spence, Carbon; E. P. Chastain, Santo; G. V. Boykin, Strawn; Raymond Puryear, Mineral Wells; R. A. Foster, Huckabay; G. B. Parks, Gordon.

—Before you buy any new car..

SEE IF IT OFFERS AS MUCH AS THE RECORD-BREAKING NEW MERCURY!

CHECK FOR YEARS-AHEAD STYLING! Look at the lines of the new cars already on the market—and see if you think they approach Mercury's famous style leadership.

CHECK FOR POWER FEATURES! Mercury extras include optional 4-way power seat, power brakes, power steering, electric window lifts, Merc-O-Matic no-shift drive. No other popular-priced car offers so many aids to easy driving!

CHECK FOR PERFORMANCE! Remember—Mercury has always used V-8 engines exclusively. This latest Mercury engine is the best performer yet. You're buying proven performance, with a long record of economy proven in open competition.

CHECK FOR TRADE-IN VALUE! On many a "bargain" you'll take a beating later, when you sell or trade. Latest official figures show that Mercury gives you back more of your original investment than any other popular-priced car.

Mercury's Soaring Sales let us give you the big "Double Pay-Off" Deal

- 1 Bigger volume means we can take a smaller profit per car—give you a bigger trade-in now for your present car.
- 2 Mercury's record-breaking popularity shows you'll get back more of your investment when you sell or trade.

We're not telling you about Mercury's constantly increasing popularity just because we like to brag. It's that popularity that puts money in your pocket—gives you the deal that pays off twice. Mercury dealers are now selling more cars per

dealer than our competitors. With higher volume, we can take a lower profit per sale—give you the best deal yet.

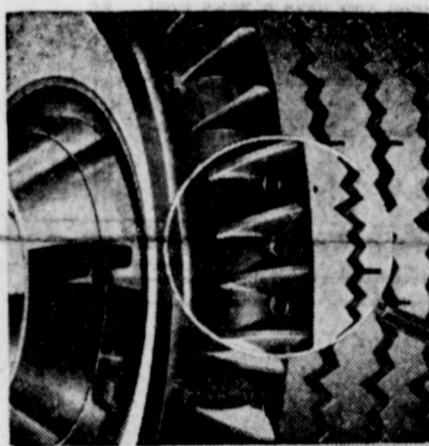

But that's not all. When you finally sell or trade your Mercury—you should get more of your investment back. Latest figures show that Mercury tops all other popular-priced cars in trade-in value. And it's still going up!

Take advantage of our year-end deal. Get a Mercury, and you'll be way ahead! Come in now for best selection of models and colors, with or without Merc-O-Matic, the smoothest no-shift drive.

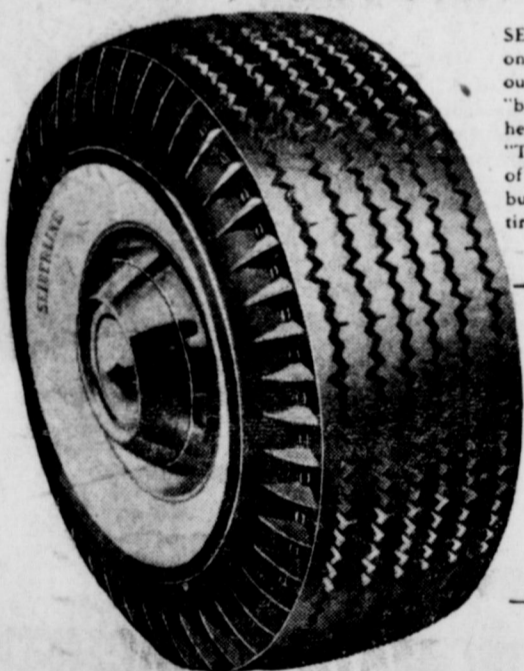

BEST TIME EVER TO BUY A

MERCURY

HEAT VENTS

are a **SEIBERLING Exclusive**

SEIBERLING Tires are the only Heat Vented Tires on the market. The patented Heat Vents "breathe out" scorching heat that causes blowouts... "breathe in" cooler air. The cushioning action of heat vents also helps lessen effects of dangerous "Traction Waves" caused by normal flexing action of tires at high speeds. This means LESS heat build-up... LESS damage to tires. Heat vented tires give longer mileage, greater safety!

Flexing action is confined to a small area. Severe bending action weakens cords.

Flex Arc Design increases flexing area. Gives 45% more protection in the "blow-out zone".

SEIBERLING Safe-Aire

CLAW-GRIP TREAD WITH TRACTION SLOTS

This tread has over 250 "Traction-Slots" scientifically spaced at regular intervals in the tread design. When the brakes are applied, these slots react similar to a windshield wiper... the keen edges spread out, "wiping away" moisture on a WET pavement, providing a better grip on DRY pavement. Stops up to 23% quicker than ordinary treads.

COME IN TODAY FOR A *Demonstration Ride!*

SCUFF-BAR

Seiberling's "Modern Design" now provides you with practical protection against sidewall scuffing... the Safe-Aire "Scuff-Bar." This strong rib helps prevent scuffing, keeps white sidewall clean longer... reducing maintenance costs and insuring longer wear.

'As It Looks From Here'

Benson's Shake-up May Cost Area Soil Conservation Office

By Omar Burleson

The plan calls for advance notice of the intention to reorganize. Mr. Benson, just a few days ago, gave that plan to the Agriculture Committees of the Congress. Supposedly, anyone can make suggestions before November 1st as to the changes in the Secretary's intent.

The new organization of the Department of Agriculture puts all of the service agencies under four main groups. They are to be called: (1) Federal-States Relations; (2) Marketing and Foreign Agriculture; (3) Agricultural Stabilization; and (4) Agricultural Credit.

There are few things which cannot be improved upon. Doubtless considerable improvements can be made in the various agricultural programs to eliminate duplication and waste.

On the other hand, there is considerable concern on the part of many of us that some of the most worthwhile programs, and particularly that association with Soil Conservation, may be impaired. Regional Soil Conservation Offices such as Fort Worth, which serves our area, are to be closed.

One of the good features of the reorganization (which actually came about by separate legislation) is the fact that the Farm Credit Administration will become an independent agency on December 8th. In reality, it is not affected by the general reorganization plan, in view of the separate legislation passed by the Congress.

Just how some of the services heretofore rendered will be affected is not definitely known. The following is the general outline of the activities under the four main divisions. You may want to save this outline for further references:

JACK FROST REPORTS ON MEET HELD BY BRAZOS RIVER GROUP

A new program to work with cities to provide essential municipal water supplies is being launched by the Brazos River Authority in cooperation with the city of Waco.

The negotiations with the City of Waco and its Board of Water Trustees may well pave the way for similar programs of financing in other cities in the Brazos valley. Jack W. Frost, member of the Brazos Board reported on his return from a Board meeting at Mineral Wells Monday.

The Brazos Board authorized its officers to conclude negotiations with the City of Waco for the financing and construction of a \$4,500,000 dam above Lake Waco on the North Bosque River at Flat Creek Crossing. Any contract will be subject to final board approval before the project can be set in motion.

Such a dam would provide 236,000 acre feet of storage capacity. It would be strictly a "functional" dam to provide (1) Waco's water supply for many years and (2) flood control and conservation water space for the Brazos district, but would not be a recreational project.

Lake Waco, present source of Waco's supply, would be kept filled and would remain as Waco's recreational area.

Financing and construction would be on a new teamwork basis.

The Brazos Authority would issue bonds for the dam and build an independent agency on December 8th. In reality, it is not affected by the general reorganization plan, in view of the separate legislation passed by the Congress.

Just how some of the services heretofore rendered will be affected is not definitely known. The following is the general outline of the activities under the four main divisions. You may want to save this outline for further references:

FEDERAL - STATES RELATIONS: Agencies in this group would include: Agricultural Research Service, Forest Service, Federal Extension Service, Soil Conservation Service, Agricultural Conservation Program Service, and Cooperative Service.

MARKETING AND FOREIGN: this group would be the Agricultural Marketing Service and the Foreign Agricultural Service.

AGRICULTURAL STABILIZATION: Agencies in this group would be Commodity Stabilization Service (including the administration of Commodity Credit Corporation, and Community, County, and State Committees).

AGRICULTURAL CREDIT: Agencies in this group would be Farmers Home Administration and Rural Electrification Administration.

You may have definite ideas on some things which should be done. I have had suggestions already both by letter and in personal contact during my visits over my Congressional District. I shall attempt to consolidate these in the best form possible and submit them to the Secretary of Agriculture. If anyone has further suggestions or comments, you may either write directly to the Department of Agriculture, or, if you will send them to me, I shall see that they are properly submitted.

Here's How To Behave During Hospital Visits

- Worried by the strain put on both patient and hospital staff by large numbers of visitors, the American Hospital Association has made this list of suggestions for those who go to the hospital to visit a friend or relative:
1. Look good. The patient likes to have other patients and the nurses admire his friends. Besides, he's tired of looking at white gowns.
 2. Be prompt. It's depressing for a bed-ridden person to hear footsteps approach his door—and then go right past it, especially if he knows the visiting hour has arrived.
 3. Use common sense in any gift you bring. Make sure the patient will like it, can use it, and that the doctors approve.
 4. Don't tell the patient he looks awful. He knows that, and he wouldn't be flat on his back if he were in blooming health.
 5. If there are more than one of you, sit on the same side of the bed—but not on the bed.
 6. Don't smoke. There comes a time in the life of the heaviest tobacco-addict when he doesn't want to smell the stuff, and this may be it.
 7. Come in full of news. The patient feels isolated and tidbits of news, especially if they concern him, are most welcome.
 8. Don't ask for a detailed report on the accident or sickness. Many persons are quite willing to talk and will do so endlessly. Others would rather say nothing.
 9. Don't tell your worries to the patient. He's not in a position to walk away.
 10. Skip the belly-shaking humor until the patient is able to enjoy it without straining his stitches.

HANDY HOME HINTS

- Oven-Cooking Hints**
- In the fall and winter, when you use the oven of your gas range more frequently, you'll find these hints from the Gas Appliance Manufacturers Association very helpful: When roasting meat, do not bake uncovered pudding or any other moist food at the same time. The steam in the oven will effect the crispness of the roast. Use covered utensils for baking vegetables and fruits and a shallow uncovered roasting pan for the meat. Roast poultry breast-side up in an uncovered roaster on a wire rack, after first brushing the skin with melted fat or salad oil. Set the oven control of your gas range at 300 degrees for turkey and 325 degrees for chicken, duck or goose. For best results, do not add water.
- Painless Tweezing**
- A soapy cloth wrung out in very hot water and applied to the eyebrows before tweezing reduces discomfort and helps to prevent infection.
- Utility Table**
- The modern version of the old-fashioned teacart, says the Gas Appliance Manufacturers, is the little utility table on wheels that can be rolled into any room in the house. Highly popular with homemakers is the type that has a tile top and "silent" rubber wheels which makes the table useful in the living room, kitchen, dining room or at the bedside of a convalescent. It's stain-proof, simple to clean and fits into the decor of every room.
- Gas Incinerator**
- New gas incinerators do away with smelly old garbage cans for good. They quickly and completely consume refuse as soon as it collects, and are safe, silent, odorless and economical.

Get Christmas Gifts To Service People In The Mail Early

November 15th is the deadline for mailing Christmas packages to servicemen and women overseas, so get your last-minute selections in the mail before it's too late. You'll be wise to allow several weeks for delivery in the States as well, since the heavy flow of gifts through parcel post may cause some delays.

Choosing appropriate gifts for those constantly on the move can be difficult, especially for those who call a footlocker "home" for long periods of time. Questionnaires indicate that personal leather goods are always welcomed by service people. Billfolds and wallets (especially with a check or money order tucked in them) are thoughtful choices; monograms add the personal touch.

Shaving equipment, cosmetics and toiletries in waterproofed kits are practical in camps. Many are complete with unbreakable plastic containers, nail clippers and sewing essentials.

A feminine gift for the servicewoman could include a set of matched accessories for her GI handbag: billfold, key case, cigarette container, glasses case and a compact.

We Read in the Papers—

... "Nice home burns. Nothing saved. Partially insured." These are expected occurrences and always happen, hence they have little news value except, perhaps, locally. But if the story should say "completely insured" then you have a news item of national interest because the incident is a rarity. What a tragedy that so few of us Americans, if any, carry adequate insurance to cover our life's savings in case of loss.

If it's Insurance, we write it!

Sergeant Takes Part In Army Exercise

SALZBURG, AUSTRIA—Army Sgt. Jerald K. Moore, son of Mrs. Jewell M. Moore of Gorman, took part last week in Exercise Mud-lark annual fall training maneuver of the U. S. Forces in Austria. Sergeant Moore, an assistant platoon sergeant in Company A of the 70th Engineer Combat Battalion, entered the Army in 1946. In Austria since October, 1951, he wears the Good Combat Medal, World War II Victory Medal and the Army of Occupation Medal for duty in Europe.

Gift Suggestions That Are Handy For All Car Owners

If several people on your gift list are automobile owners, your chances of finding a handy gift are increased this year, say the Luggage and Leather Goods Manufacturers. For example, consider any of the following:

Attache Case: Perfect for the man whose car is his office a good part of the time; its inner construction gives him a rigid surface on which to dash off letters, notes, observations. Handles business papers as well as a change of linen.

Hanging garment carrier: Excellent for either the vacationer or the business traveler. Holds several suits or dresses, plus accessories; may be slung from a convenient hook inside the car, or spread out in the trunk to discourage

thefts. Folds up to resemble a suitcase for easy carrying.

Map Case: Made to accommodate standard road maps available at gasoline stations. Many have full-size pockets for additional maps, pencil flashes for nighttime navigating. Some feature attached memo pads for marking mileage making notes; others include a special soft pencil to chart routes on the clear acetate protector.

Key Case or Key Ring: Key cases now available with a "registration" feature; owner's name is recorded with the manufacturer, who assists in returning lost cases. Key rings are novel gifts, especially with rich-looking reproductions of auto insignias, miniature compasses or flashlights.

Trip Books are for the guy who gets around. Contents include maps, space for recording motor and mileage data, travel tips, etc. **Visor aid:** a kit to clip to the sun visor, contains glasses, tissues, cigarette pack, pencil and other gadgets to make driving easier.

'Cattle Bust of '53' Will Long Be Remembered

Termination of the biggest cattle boom in history has witnessed a drop of about \$7,000,000,000 in the value of cattle on ranches and farms, Lewis Noriyeke reports in the current (September 26th) issue of The Saturday Evening Post.

His article, "The Big Cattle Bust of '53," tells that the same old bugaboos that ended many another period of prosperity in the cow business—widespread drought and tumbling cattle prices—have teamed up again to send values downward in a record-long slump.

"So adding was the shock of the fall that men muttered among themselves, blaming one another, the speculators, nuclear fission, and to be sure, Washington," Noriyeke says. "Some of them claimed that they had been taken as the Indians took Custer—because the Government's program of guaranteeing prices to farmers on cottonseed and grain kept the cost of feed so high that only a banker could finance it."

In its dozen prosperous war and postwar years, the article states, the cattle business attracted many newcomers, who knew no more about a cow than a steer does about biology. Many of these neophytes borrowed money or mortgaged already paid-out property to get into ranching and wound up broke and in debt. They also con-

tributed to the decline in prices by dumping their animals on an already weak market.

Noriyeke reports that when leaders of the cattle groups con-

tinued to stand pat against price supports, the fight was on. Some 517 small cowmen from 72 communities in five states met at Lathrop, Texas, and pulled away from

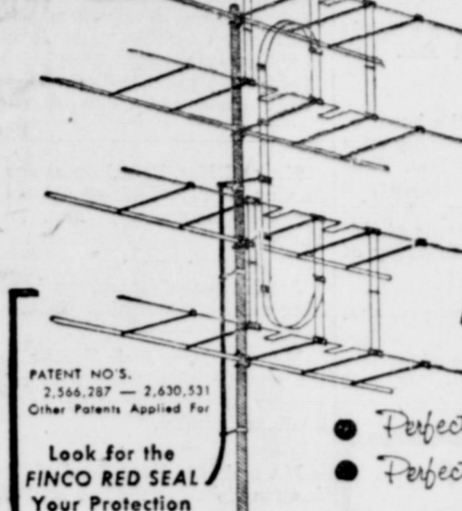

the associations. They formed their own, the United Livestock Producers' Association, and it is pledged to battle for price support.

BRIGHT IDEAS

For Improved Bedroom Lighting

Personally yours... your bedroom. The haven in your home where you rest and prepare for the day's activities should have the lighting that does the most for you, and for the room itself.

Give your vanity table all the light it needs in helping you make up to look your best. A pair of dresser lamps exactly placed will light your face without color distortion.

If you enjoy reading in bed, your bedside table

should hold a reading lamp that sheds the proper light on book or paper. Dim or glaring light causes eyestrain and a feeling of tenseness.

For a restful, new look in your bedroom... for the beauty of the room itself... use soft, indirect lighting concealed in valances and behind mirrors. There is no limit to the charm, pleasure and better seeing you can add to your bedroom with the glow of proper light.

"See your dealer... stock up on extra bulbs... fill empty sockets with the right bulb for the right place."

NEWS FROM OLDEN

(By Mrs. Dick Yielding) Mr. and Mrs. Max McCotter were in Brownwood Tuesday of last week on business. Mr. and Mrs. G. T. Nabors and children of Alexandria, La., have been visiting Mr. and Mrs. Dick Yielding. Mr. and Mrs. Bobby Colburn of Artision, N. M. and Mr. and Mrs. Ed Colburn of Wichita Falls have been visiting in the home of Mr. and Mrs. Walter Colburn. Mr. and Mrs. Clarence Brock and daughter left Friday evening for Seymour after receiving word of the death of Mr. Brock's niece. Mr. and Mrs. Leonard Anderson and children arrived in Olden Saturday from California. They are visiting in the home of her sister, Mrs. Gladys Yielding at this time. Mr. and Mrs. Gene Rouch and children of Holliday spent Saturday night and Sunday here with his mother, Mrs. Ethel Rouch. Mrs. Ruth Chancellor accompanied her daughter, Mrs. F. K. Whatley, to her home in Burk Burnett last Thursday for a week's visit. Mr. and Mrs. Burl McGraw and son left here last Friday for Ft.

Worth where they visited his uncle and aunt, Mr. and Mrs. Sam McGraw. Sunday visitors in the home of Mr. and Mrs. J. C. Sims were Mr. and Mrs. Roscoe Sims of Midland, Mr. and Mrs. Wisend of Ohio and Mr. and Mrs. Poiner of Cisco. Mrs. Jim Everett and Miss Shirley Matlock were hostesses at a birthday party Wednesday evening of last week honoring Buddy Everett on his eighth birthday. The Halloween theme was carried out throughout the evening. The refreshments consisted of "Hob Goblin Cake" which was chocolate with white icing, and "Witches Brew" which was hot chocolate and was served to 17 people. Mr. and Mrs. John Cooper and Susan of Breckenridge were Sunday guests in the home of Mr. and Mrs. C. D. Cooper. Bro. Ted Wilson was a guest in the home of Mr. and Mrs. Bob Adams Sunday. Sunday visitors in the home of Mr. and Mrs. H. C. Mahaffey were his daughter, Mr. and Mrs. Billie R. Bennett of Weatherford; a daughter-in-law, Mrs. Charles Mahaffey of Ranger, and his mother, Mrs. Fannie Mahaffey of Eastland. Mr. and Mrs. M. S. Holt received the announcement of the arrival of a new granddaughter last week. The parents are Mr. and Mrs. Melvin Holt of Abilene.

'54 De Soto's New Fabrics, Colors

New styling, fabrics and colors have been combined in the interiors of the 1954 De Soto. This view of the 1954 De Soto Fire Dome V-8 Club Coupe interior shows bolstered seat design, pleated seat backs and permanently vulcanized pleats in vinyl on the back of the front seat and on door panels. Upholstery fabrics are, for the most part, nylon-faced. Instrument panel and garnish mouldings harmonize with the over-all color scheme and a wider range of interior colors is available.

THERE'S VALUABLES IN THAT MAIL BUT TRY AND FIND IT

By Virgil E. Moore (With apologies to all hard working publicity agents.) Ever open a bulk of mail daily? We do. Each day our desk gets hit by about 100 or so of the big, medium and small envelopes. At first it's fun opening up the letters to see what important bit of information is being rushed your way. Nearly every one of them are important looking "documents" with "Rush, News" written on them in bright red letters. We get mail addressed to the editor, news editor, wire editor, farm editor, business editor, feature editor, sports editor and a few other big titles each day. That's us. The man with a million titles. We realize that this bit of confusion is not making much sense, but we have just got to get it off our chest. Our wife won't listen to us anymore so we will just have to take it out on this old Royal.

Now that's news. Bet you hadn't ever realized it. Now we find one with a picture of the Capitol and those words inscribed under it. This is probably from Ike himself, we think. Wrong again. This one's from Capitol Records. What do they have that's so important to waste three cents for a stamp on. Just this: "Thomas A. Edison believed hit songs had such short periods of popularity because of fatigue of inner mechanisms of the human ear." Now that, I have got to file. Let me see. File 13 should be the proper place. We try again. The Farm and Ranch Publishing Co. has been kind enough to send us this startling bit of info. "American agriculture is in a confusing period."

On that we will have to agree, even if Mr. Benson doesn't. But what's this. It's from the National Council of Churches. They tell me that they have picked The New York Times as the "best and most complete source of current intelligence" in the U. S. today. We are shocked. How could they possibly overlook the paper you are now reading. This is an insult. And the Licensed Beverage Industry was kind enough to pass this our way.
