## Bull Town Bulletins

By Bill Ellis

OVER THE WEEKEND I was thumbing through the current issue of one of my favorite magazines, when I noticed a rather provocative article about the American political scene. The magazine offered some rather interesting suggestions, and in view of the 1980 presidential campaigns coming up soon, we decided to pass along some of these innovative ideas to our readers. See what you think of them.

Political candidates shall not be allowed to receive campaign contributions from individuals or large corporations. However, they will be allowed to finance their campaigns by driving a cab or panhandling on the street.

Outside interests in large corporations, real estate ventures or the stock market will be forbidden to all politicians. However they will be allowed to moonlight as garbage men, soda jerkers, gas station attendants or something equally suitable.

The President of the U.S. will receive a minimum wage (\$2.65 an hour) and, at the end of his term, will be "tipped" by the American public. Tips will not be allowed to exceed \$5.00 per person (since that's too small to be considered a bribe.)

The salaries of the President, his cabinet members, and all members of Congress will not be raised in accordance with the rising cost of living, since it's their job to keep it down in the first place.

In order to prove their dedication to their job, all politicians will be forced to take a "vow of poverty" before entering office.

Because congressmen have a tendency to fall asleep while on the job, a Surprise Quiz will be given at the end of each daily session of Congress, and the results will be published.

A fine of \$50.00 per word will be charged to all candidates who use five-syllable words where a two-syllable word (or less) would do just as well.

Government agencies will no longer be allowed to spend tax dollars for any reason whatsoever without first having to ask permission from each and every taxpayer.

Any politician claiming to be "one of the common people" will be required to live among the "common people" in a slum neighborhood while serving his full term of office.

Expense allowances for Congressmen will not exceed \$149.50 per week. If they can't manage their budget, why should they be allowed to manage ours?

All political candidates will be obliged to draw up a contract explaining in outline form what they plan to do if elected. And at the end of their terms, they will be paid a flat fee for every promise that wasn't broken.

Congressmen, Governors, Mayors and Supreme Court Judges will not be given bodyguards or Secret Servicemen since it's their job to keep the streets safe to begin with.

When they retire, all politicians will receive the same type of pension that is given to the average school teacher, coal miner, auto worker, clerk, etc.

Now, whoever said Mad Magazine didn't have any "redeeming social value?" If you want to read more of these suggestions for "new rules for politicians to live by," just pick up the December issue of Mad Magazine. And by the way, if you don't agree with any of these suggestions, please write your comments to "Mad," and not to the Bovina Blade.

## Fillies Defeat State Champs

The Nazareth girls, defending Class B State champions, came to town Monday night to take on the highly rated Fillies in what promised to be a thrilling contest. The fans weren't disappointed as this proved to be one of the best basketball games in quite a while.

The Nazareth girls opened a small lead in the first quarter, mainly on their good outside shooting. The Fillies managed to stay close and threatened to take the lead a few times, but turnovers hurt them. The Swiftettes took a 27-24 lead into the locker room at halftime.

In the second half, the Fillies came alive and out-hustled the Swiftettes all over the floor and took the lead at the end of the third quarter, 38-37. The lead changed hands throughout the rest of the game and with four seconds left in the contest, Denise Read went to the free-throw line with the scored tied 48-48. Miss Read sank both free-throws and the Fillies held on to win, 50-48.

In the boys' contest, the Mustangs lost to the Swifts, 48-66. The Swifts opened up an 18-4 lead in the first quarter as the Mustangs struggled to get their act together.

The second quarter saw the Mustangs come to life, but they could not overcome the Swifts' big lead. The Mustangs were playing without

the benefit of much practice time as the football season ended just three days prior to the game. Given some time to practice and learn to play better as a team, the Mustangs seemed to have potential.

In the first game of the night, the Fillies' J.V. lost to the Nazareth J.V., 42-31. The Fillies' J.V. stayed close during the first half of the game, but then the Swiftettes got hot and pulled away in the second half.

ANOTHER WIN....Parmer County Kid, owned by C.E. Trimble is shown in the winner's circle after winning a six-furlough race at Sunland Park, New Mexico, on October 28. Also shown in the picture from Bovina are Bill Read, A.L. Nuttall and C.E. "Fuzzy" Trimble.

## Bank Gives Promotion

Lisa Spears has been promoted to assistant cashier at First State Bank of Bovina by the board of directors of First State Bank. Lisa is the wife of Mike Spears. She has worked at the Bank for a year.

This fall she and Lori Richards, who is employed by the Bank, have been taking a banking course at Amarillo College, Amarillo.

Lisa attended Eastern New Mexico University, Portales, New Mexico prior to moving to Bovina.

The banking course can lead to an associate degree in banking from Amarillo Junior College. She is academically high in her first course in banking while employed at the Bank.

Employees and officers of the Bank are encouraged to attend school for their own benefit as well as adding more and better service to the customers.

ALL IN THE FAMILY....Dorothy Harris and daughter, Betty Shepherd, admire their winning checks from the Bovina Businesses Football Contest. Dorothy tied with her son, Danny, for first place. Betty placed third, and Betty's son, Michael, placed fourth.

## Three Tie For Top In Football Event

With two weeks to go in the Bovina Businesses Football Contest, there's a rat race for the lead.

Three contestants are tied for first place going into this week's games. They are David George, Mike Perez of Muleshoe and Nickie Villarreal.

George scored an 11 the past week to force the three-way tie.

Lynn Read and George Villarreal are tied for second place with scores of 104. Danny Harris is in third place with a score of 103, and Billy Whitecotton is in fourth place with a score of 102.

So, it's still anybody's ball game. Another ten contestants have scores of 100 or over, and with 28 points yet to be earned, and some unpredictable games on the schedule, it's hard to draw a line on those likely to win.

For the 11th week, it was strictly a family affair for the top three weekly prizes. Dorothy Harris and her son Danny tied for first and second place.

But things don't stop there, Betty Shepherd, Dorothy's daughter, placed third and Michael Shepherd placed fourth. Jay Harris won fifth place and Houston Bartlett won

sixth. All six people scored twelve right and we had to go to the tie-breaker to determine the cash prize winners.

Danny and Dorothy Harris were 17 points off on the tie-breaker and both missed the Miami-Cleveland and Pittsburgh-San Diego games. Betty Shepherd was 18 points off on the tie-breaker and missed the same games as Danny and Dorothy. Michael Shepherd was 21 points off the tie-breaker and missed the Drake-W.T.S.U. and Miami-Cleveland games.

Jay Harris was 24 points off and missed the Texas Tech-S.M.U. and Pittsburgh-San Diego games. Houston Bartlett was 25 points off and missed the Miami-Cleveland and Pittsburgh-San Diego games.

The sponsors of the Bovina Businesses Football Contest are Bovina Pump Company, Bovina Wheat Growers, Inc., Sherley Grain Company, Charles Oil Company, Bovina Blade, Bovina Feeders and First State Bank.

Also, Big Nick Farm Machinery, Lawlis Gin Company, Horn-Clayton Insurance, Paul Jones Texaco, Dairy Freeze, Parmer County Spraying Service, Crop Care, Inc. and Agri-Sprayers, Inc.

Helped by a week of dry, open weather, the area's cotton harvest was beginning to pick up steam this week.

Although the harvest really just got started in the Bovina area during the past week, gins in the southern part of the county had a slight jump.

The Blade began its weekly survey of gins in the county on Tuesday, and discovered that as of Tuesday noon, a total of 5,065 bales had been ginned in Parmer County.

Early reports are that the yield is at least average to somewhat better than average. Cotton has experienced an on-again, off-again season, with prospects changing throughout the

JUMPER....Freddie Quiroga goes up for a short jump shot during basketball action here Monday night. Scott Johnson, 34, positions himself for the rebound. The Mustangs lost in the opener, 66-48.

# REFLECTIONS From The Blade

20 YEARS AGO--NOV. 18, 1959

Mr. and Mrs. Buck Ellison, Ike Quickel and Euell Hart returned Sunday from deer hunting in New Mexico. They each got a deer.

Mrs. Gladys Hudson Sudderth, a senior student at McMurry College in Abilene was selected as one of eight students who made the honor roll.

Mr. and Mrs. Roy Crawford and family went to Three Way over the weekend to be present for their Homecoming. Crawford formerly taught school there.

15 YEARS AGO--NOV. 11, 1964

A.L. Nuttall, Marion Carson, Jim Russell and Earle Hise spent the weekend in South Dakota where they hunted pheasants.

A former Bovina resident narrowly escaped injury Monday when the plane he was piloting collided in mid-air with another plane near Ponca City, Oklahoma.

John Potts, now of Lawson, Oklahoma, and a passenger, H.B. Dalton, managed to make a belly landing and escaped injury. The two occupants of the other plane were killed.

Mr. and Mrs. E.A. Hromas returned home Thursday after visiting with their daughter and family, Mr. and Mrs. W.E. Lovell and Judy in Ft. Worth the past four weeks.

10 YEARS AGO--NOV. 12, 1969

Bovina had its own rattlesnake drive over the weekend. At least Ed Hutto and Don Waddell did a mile north of town. Hutto and his son-in-law killed 17 rattlers Saturday and Sunday on the pasture land surrounding the Hutto home.

Parmer County's first 1969 bales of cotton appeared at First State Bank of Bovina and at a Farwell location Friday morning.

The two bales were delivered to Oklahoma Lane Gin Co. Thursday afternoon from a field on the W.A. Mace farm in that community.

5 YEARS AGO--NOV. 13, 1974

Mrs. Donald Ray Verner is Bovina's Champion First Freeze Predictor for 1974. Mrs. Verner hit the nail on the head when she predicted November 5--Election day--which was Tuesday of last week.

Funeral services for Mrs. Ola McDonald, 95, of Albuquerque, N.M., will be held this afternoon (Wednesday) at Memorial Chapel in Santa Fe. Mrs. McDonald died Monday night at a nursing home in Albuquerque. She and her late husband, J.P. McDonald, who died in 1930, moved to Bovina about 1930.

Approximately 325 people turned out for the 14th annual turkey dinner, sponsored by St. Ann's Altar Society, Sunday at the Parish Hall of St. Ann's Catholic Church here.

# Scooter's Scoops

By Scooter Russell

Dorothy and Roy Lee Stowers and children, Robbie and Jessica went last Saturday to visit with Dorothy's sister and brother-in-law, Pat and Bill Cooper of Velma, Oklahoma. The Stowers family returned home Monday.

Jan and Jim Heard and children, Dianne, Jim and Steven have been to Angel Fire, New Mexico for a couple of days and enjoyed playing in the snow. They returned home and Monday flew to Dallas with Webb and Irene Gobar and enjoyed watching the Cowboys play Philadelphia. They returned home Tuesday.

Lou Nuttall returned home Friday from Houston where she helped daughter Rita move from Lubbock. She also visited her brother Robert in Killeen and visited former residents Dolph and Sue Moten at Copperas Cove.

Services were held last Saturday at Pleasant Hill, near Cisco, for A.C. Hardin of Eastland. He is survived by his wife, Florris, two sons and three daughters. Brother Hardin was associated with the Lubbock area churches and served as interim pastor of the First Baptist Church in Bovina twice in the 1960's. His wife was an inspiration to many. It was a privilege and honor for us who worked with him here in Bovina. To know the man, was to love him!

Rose McCain visited with her mother, Mrs. C. Sanders of Pettit, also visited with Cathie and K.W. Sharp and new baby son, Jason, in Levelland. While there she visited with a nephew, Kim Hill.

Over the weekend the McCains visited with Les's parents, Mr. and Mrs. Claud McCain of Fieldton and

Les's sister, Claudie Hill of Littlefield.

Ola Lee Jones returned home Friday from spending two weeks with her son Randy and his wife, Rosalind, and the Joneses' grandson, Austin Taylor, who live in Lakeland, Florida.

Mary Alice Merrill and children, Karen and Dale, also Mary Alice's mother, Mrs. E.H. Englant went to Dumas last Saturday and attended the wedding of Mrs. Englant's grandson, Billy Kesler. Billy is the son of Mr. and Mrs. Jack Kesler who lived in Bovina for several years.

Dorothy and Grady Sorley enjoyed a weekend visit with their grandson, Cole, of Amarillo.

Bill and Obereta Sudderth took their trailer and visited for two weeks in the Austin area. They enjoyed exploring the German settlement of Fredricksburg, took a bus tour to the "Texas White House," saw lots of ranchland and cattle belonging to the Lyndon Johnson family. They visited with Bill's sister and her husband, Harvey and Winnie Condron and also the Condron's daughter and her husband, Mr. and Mrs. Manning Ligon.

Bill's sister, Mary Ruth Redden of Clovis was able to be with the family during this time. They also visited with Bill's sister, Bea Sudderth of Kingsland. Obereta said one day the ladies went shopping in Austin and the men gathered lots and lots of pecans. They brought pecans home with them and said the pecan crops there were fantastic this year.

Norma and Earl Whitten and son Bret visited Sunday with Earl's parents, Mr. and Mrs. Earl Whitten of Mobeetie.

Willie Mae Ross has enjoyed company recently: her grandson Charles Evans and his wife and baby of Oklahoma City.

In May of this year we ran a "Senior section" in the Blade and parents provided us with pictures of their children as seniors and first graders. Several of these pictures were never picked up and we ask that you come by soon and pick up your children's photos.

Recently, George and Bessie Trimble went to San Angelo on business and on to Brownwood and spent a day and night with Bessie's brother and sister-in-law, Aubra and Ruby Ellison. Aubra has recently had surgery and Bessie said he is getting along fine.

Once again...The number everyone should have on their telephone...Poison Control Center EMS (Emergency Medical Service)...toll-free...1-800-692-1331. For further information contact Donna Mitchell.

...The Art of Living  
You can't pursue happiness and catch it. Happiness comes upon you unaware while you are helping others. The philosophy of happiness is pointedly expressed in the old Hindu proverb, which reads: "Help thy brother's boat across, and lo! thine own has reached the shore."

Have a Happy Thanksgiving...Scooter.

## QUESTIONS OFTEN ASKED ABOUT YOUR EYES

By B.W. Armistead & Steven D. Smith  
Optometrists-Littlefield

Q: What is glaucoma?

A: Glaucoma is the result of an upset in the production & drainage of a fluid, the aqueous, which nourishes the inner eye. The aqueous may be produced in too great a quantity or, as is more common, the fluid does not drain properly from the eye. The result in either case is a build-up of pressure inside the eyeball called "intraocular tension."

Q: Will glaucoma cause blindness?

A: Yes, if not brought under control. It is the number one cause of blindness in the world today.

Q: How does glaucoma cause blindness?

A: The increased intra-ocular pressure ultimately injures the sensitive nerve tissue in the back of the eye (retina) and accordingly reduces vision. The vision loss is permanent.

Q: Are there more than one kind of glaucoma?

A: Yes. The most dangerous type is the chronic (open angle) simple type in which a slow unnoticed build-up of pressure over a long period of time gradually steals vision without the patient being aware of it. There are usually no symptoms or warning signs. There is no pain except in the acute type.

Q: How is glaucoma detected?

A: Glaucoma is most frequently detected during a professional vision examination. Optometrists check carefully for glaucoma during the "eye health" part of the vision examination and then actually measure the pressure within the eye with a special instrument designed for this purpose.

Q: Do the glaucoma pressure tests hurt?

A: No, there is no pain when measuring the pressure within the eye.

Q: Can glaucoma be prevented?

A: At the present time there is no known way to prevent glaucoma, but early detection is extremely important in its control. Usually blindness can be prevented if detected early enough. For this reason, it is important to have your eyes examined at least once each two years or more often if your eye doctor so advises.

**BRANDING FETE....**A number of county residents took part in a special program at Texas A&M University recently recognizing brands from the area. Pictured, left to right are B.K. Buske, Janet Buske, Myrl Buske, Milon Dixon, Mendan Dixon, James Dixon, Jacquelyn Langford and Seth Ralston, CEA, Parmer County.

## Parmer County Brands Enshrined By A&M

The search is on throughout Texas for outstanding cattle brands to include on county panels at the Kleberg Center's "branded stairway" at Texas A&M University.

L.A. Maddox, chairman of the unique branding project, said that some 3,500 brands, or more, are expected to be imprinted on the 254 "county oak panels" in the University's new \$9.5 million Robert J. Kleberg Animal and Food Sciences Center.

"County Extension agents are working with their local beef cattle committees to select eight brands per county, and with historical societies to select other brands for the panels," Maddox, Texas Agricultural Extension Service beef cattle specialist, said.

Recently, a delegation from Parmer County added local brands to the county's oak panel. Participating were: James Dixon, and his two sons, Milon and Mendan of the Rhea community; B.K. Buske, his wife Janet, and his mother Myrl of Friona; Jacquelyn Langford, daughter of Leon Langford of

Farwell; and Seth Ralston, CEA, Parmer County.

There are some 200,000 brands recorded in Texas and on file with the Texas and Southwestern Cattle Raisers Association in Fort Worth. This is the state's most complete record.

The "branding" was an idea of Dr. O.D. Butler, for many years head of Texas A&M's Animal Science Department and now associate vice president for agriculture and renewable resources. He said that not only are cattle brands a rich part of Texas livestock history but a prized possession of ranchers in identification of their cattle.

"We felt that the branding ceremonies would bring about a closer tie-in between cattlemen and our animal science facilities on campus as well as with research and educational work throughout Texas," Butler said.

Maddox said that branding ceremonies will be conducted by Extension district groups until "all panels are branded."

To all, a happy Thanksgiving

Heap high the farmer's wintry hoard,  
 Heap high the golden corn,  
 No richer gift has Autumn poured  
 From out her lavish horn...  
 And now with Autumn's moonlit eyes  
 Its harvest time has come,  
 We pluck away the frosted leaves  
 And bear our treasure home.  
 O, let the good old crop adorn  
 The hills our fathers trod,  
 Still let us, for our golden corn,  
 Send up our thanks to God.

—John Greenleaf Whittier:  
 The Corn Song

**CELEBRATE THANKSGIVING IN CHURCH**

It's easy to see where many of our priorities are.

The children of today are looking to us for ways they can prepare for their own style of life... families... and job opportunities. To help, we'll need more electricity. It's true, electricity will play a big role toward helping expand the job market to include these adults of tomorrow. The modern use of electricity has contributed to a better educational system to prepare our young people for the new experiences yet to come. Almost 10 years ago, the folks at Southwestern Public Service wanted to make sure there was enough electricity to keep today's wage-earner working. They decided that the fuel used in their power plants should be coal because coal would be more abundant and cheaper to use than the conventional fuel... natural gas. Now, Southwestern Public Service has a new coal plant in operation and more on the way. Yes, coal plants will help stabilize fuel costs while providing a long-term, reliable, energy source to provide electricity.

It's good to be able to tell someone what they can depend on.

## Mustangs Lose '79 Finale To Kress

The 1979 football season came to an end for the Bovina Mustangs last Friday night as they lost to the Kress Kangaroos, 28-6. The Mustangs finished the season with a 1-9-0 record.

The Kangaroos opened up in the first quarter with a 35 yard pass to score their first touchdown. The PAT was good and the Roos were ahead, 7-0. The Kangaroos scored again in the first quarter on a safety to make the score 9-0.

In the second quarter, Kress scored twice, one on a 44 yard pass and once on a 20 yard run to make the score 22-0 at the end of the first half.

In the third quarter the Kangaroos scored again to make the score 28-0 on a three yard run by quarterback Henry Amador.

The Mustangs scored in the final

quarter on a one yard run by Lynn Read and the two-point conversion failed. The final score was 28-6.

The Kangaroos won the District 3-A crown with a perfect 5-0 record and will face New Deal, the District 4-A winner, in Bi-District play.

## Homemakers Set Sale

The Bovina Young Homemakers had their regular monthly meeting on Tuesday, November 13.

Guest speaker was Gay Tannahill of Friona. She displayed dough art.

The Young Homemakers are having a bake sale Wednesday, November 21.

Those attending the meeting were Tammy Willard, Esther Steelman, Candy Dyer, Nancy Rundell, Betty Shepherd, Toni Barrett, Mary Stone, Debra Beauchamp, Kay Venable, Karen Kirkpatrick, Pam Bell, Barbara Charles, Brenda Wilson, April Gober and their advisor Kris Garrison.

## Entries Are Requested

The Llano Estacada Civic Club wants to remind you that the deadline for entries in the 20th Annual Muleshoe Christmas Parade is nearing. The deadline is November 23.

The theme of this year's parade is "The Old Fashioned Christmas." Cash prizes will be given to the top three floats.

The parade will be held on December 1 at 2 p.m. Entries will need to be at the Boy Scout grounds by 1 p.m.

To enter, contact the Muleshoe Chamber of Commerce at 104 East Ave. C. or phone 272-4248 from 8:30 a.m. to 5 p.m. You can also contact Delores Kelton, phone 272-3574 or Hazel Cunningham, phone 272-3092.

We would like to make this the best parade Muleshoe has ever had. We would like to have your bands, floats, antique cars, riding clubs, club sweethearts, or anything else that will add to the spirit of our Christmas parade," said a spokesman for the parade.

## Parmer Co. Results

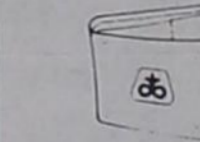

Again this year Pioneer® brand seeds are delivering outstanding yields in field after field. But we know it takes more than one year's performance to tell the whole story. Look at these results, then ask your Pioneer dealer to show you records from several years. You'll see for yourself why Pioneer brand seeds have become famous for their consistency.

This proven, popular corn hybrid proved its consistency in this area as it out-yielded competitive hybrids by 543 lbs./A. in 37 tests. Jim Roy Wells of Friona reported that 3184 topped his test with 11,315 lbs./A. Dennis and Vernon Willard of Bovina reported a yield of 11,202 lbs./A., while Gene McGuire, who farms near Oklahoma Lane, reported 10,315 lbs./A. with 3184. In addition to this hybrid's excellent yield potential, outstanding drought tolerance and excellent standability make it a good choice for Parmer County. It also has demonstrated outstanding tolerance to MDMV and head smut, in addition to its super stalk strength.

Farmers aiming at top yield from a high-performance corn hybrid have learned to count on 3195 in the Parmer County area. Troy Christian, who farms near Oklahoma Lane, recorded a yield of 10,811 lbs./A. with 3195, while R.J. Garner, who farms near Lariat, saw 3195 top his test with a yield of 12,043 lbs./A. Well-known for its outstanding disease tolerance and very good standability, 3195 has become one of the most popular hybrids on the High Plains. In 11 Parmer County tests this year, 3195 again proved its performance potential by averaging 10,350 lbs./A. Whether it's grown for grain or silage, 3195 is a good choice in Parmer County.
