Sugar Rationing News

To all Consumers in Donley County:

This is to advise you that stamp number 5 is valid between June 28, 1942 and July 25, 1942 for the purchase of two pounds of sugar. Stamp number 6 is valid between July 26, 1942 and August 22, 1942 for the purchase of two pounds of sugar.

The amount of sugar allotted to each individual consumer remains the same, but the procedure will require the use of only half as many stamps and half as many trips to the retailer.

Applications for canning sugar may be made at the Donley Co. Rationing Office at Clarendon on Wednesday and Thursday of any week.

Records for Service Men

The boys in the service want new records for phonographs and the USO wants all year old records, scratched, broken or otherwise as these records will be made into new ones for the boys.

Each Legion Post has been asked to sponsor a drive for these old records and if you will leave your records with Orville Coyt Doberty it will be appreciated and the records will soon be in the hands of the soldiers, sailors and marines.

Church Beautification

One of the impressive things about any community is its public buildings and grounds. If they are beautiful it shows the appreciation for beauty on the part of those to whom the property belongs, but if not it shows carelessness and neglect. It is noteworthy that the Church Week joining on Main St. which accommodates three of the churches of the town has had a lot of work done on it this year. It is hoped that this is only the beginning of what will be done in the near future. There is every reason in the world why our churches and the grounds should be beautiful. Yes it takes money, time and labor, but so does anything else that is worth while. A small town may become known for its beautiful places just the same as a large town. The parks, etc. furnish a good part of the attraction for visitors. Many times visitors are people who once lived here. They expect to see some progress when they return. Don't they have a right to expect it? Just recently a former resident of Hedley visited here and in the week day came to one of the churches saying, "I want to see what all has been changed, since I lived here." Fortunately a little progress had been made. Who carried the news that things had been changed, I don't know, but it got around. Folks, let us make the grounds and buildings of our public institutions attractive. Just remember a weed patch is not beautiful.

Red Cross Notes

To those who live in the east part of Donley County:

You will receive your Red Cross work through the Hedley Work Room, of which Mrs. Clyde Bridges is chairman. This is done to conserve tires. Please call Mrs. Bridges if you want work.

Charlotte Molesworth, Donley Co. Red Cross Chairman

The Red Cross work room has been moved to the Home Economics Room at the school house. This was done for a more convenient place. Since it is hot weather it will be cooler. Our next work will be sewing and will have the machines. This work will reach Hedley this week. Since it's regulation work it will have to be done in the work room under supervision.

We would appreciate some more workers. It is hot to come to work, but it is hot for our boys to fight for us. So let us not fail to do our bit. There is work ready for everyone who wants to help.

Remember the new place, school house, time, Thursday, 8 o'clock. We wish to thank those who have helped the Red Cross in anyway.

A second shipment will be sent from Hedley next week.

Bowen Slows Bus Schedules

In complying with the wishes of the President of the United States, The Office of Defense Transportation, and the Railroad Commission of Texas, all schedules of Bowen Motor Coaches have been slowed that they may be operated at a top speed of forty miles per hour. This action is taken in order to conserve rubber and other materials vital to the War Industry.

Schedules from Hedley to Wichita Falls, Ft. Worth and Dallas leave as follows: 12:19 A. M.; 5:14 A. M.; 8:29 A. M.; 8:29 A. M.; 10:49 A. M.; 3:09 P. M.; 7:44 P. M. Schedules leave from Hedley to Amarillo as follows: 2:29 A. M.; 4:50 A. M.; 11:02 A. M.; 4:37 P. M.; 8:37 P. M.; 11:47 P. M.

Patrons are urged to contact their local agents for new connections and other information before starting a trip.

Just as independence and freedom were worth fighting for 166 years ago it is worth fighting for now.

MOROLINE
PETROLEUM JELLY

One thing a soldier is afraid of is a display of emotion. That's why his slang so often sounds derogatory. For example, he refers to the silver eagles on his colonel's shoulder straps as "buzzards." But when he speaks of his favorite cigarette, he says: "Camels." They're first with men in the Army as well as with Sailors, Marines, and Coast Guardsmen. (According to actual sales records in service men's stores.) A gift of a carton of Camels is always well received. Local tobacco dealers are featuring Camel cartons to send to any member of our armed forces. Hint for the day: Send "him" a carton of Camels.—Adv.

WEEKLY NEWS ANALYSIS

Russian Front Grows in Importance As Nazis Win New African Victory; Oregon, Canada Shelled by Axis Sub; Japs Gain Second Aleutian Foothold

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union.

Photo shows oil wells located near Salem, Ill., which has been designated as the terminus for the proposed oil pipe line from Longview, Texas. The WPB announces that the cost of the project will be between 30 and 40 million dollars. Acute oil shortage and gasoline shortage in the eastern states will be considerably alleviated by the new line.

RUSSIAN FRONT: Increased Importance

With the fall of Tobruk in Libya the fighting on the Russian front took on added importance for it became increasingly clear that if the United Nations were going to fight Hitler to a standstill the Soviet forces must continue to occupy the major portion of Nazi armed strength.

Soviet soldiers were doing just that. Even as the British were admitting the loss of their Libyan stronghold, a report from Moscow took the optimistic note that with the continued material aid of Britain and the United States the Russians would be able to hold out against Germany.

While an official Russian communique admitted a German breakthrough at Sevastopol, Soviet troops had blasted their way across the Donets river in the critical Kharkov area and recaptured a number of localities in a terrific counter-attack. Earlier, two German regiments with heavy air and tank support had crossed the river in a violent attack and forced the Russians back.

The German success at Sevastopol came only after huge losses, according to the Russian official version which admitted: "In the Sevastopol sector of the front our troops repelled repeated furious German attacks. At a cost of enormous losses the enemy succeeded in driving a wedge in our defensive positions."

WEST COASTS: Shelled

Almost four months to the day after a submarine had shelled the California coast, another U. S. state, Oregon, felt the impact of enemy shells. The more recent shelling took place against the shoreline north of Seaside, Ore., just south of Astoria, at the mouth of the Columbia river.

The Fourth Army and Western Defense command announced the firing of six to nine shells by an unidentified craft near the midnight hour. No damage nor casualties were reported. Although the army did not immediately identify the attacking vessel it was believed to be a Jap submarine.

This conclusion was reached after the Canadian government had announced that about 24 hours before the Oregon attack a submarine had landed shells at the government telegraph station at Estevan Point, Vancouver island.

This was the first time that an enemy submarine had attacked shore installations in Canada and the first time in Canada's history that enemy shells had landed on her soil. Canadian officials said that while one of the shells landed near enough the telegraph station to "shatter windows" the other missiles "fell harmlessly on the beach."

The U. S. army's first brief announcement of the Oregon attack indicated that the firing had lasted about 15 minutes. Earlier residents of Astoria had reported hearing between 10 and 16 shots fired at sea and said they could hear the shells whistle over head. Still another report said that an Astoria resident had sighted a submarine off the coast. Washington and Oregon had dimouts of their coasts at the time of the attack.

BRIEFS:

AID TO ENEMY: Judge Thomas Siddal, Atlantic City defense council chairman, has charged that signals to Axis submarines were flashed from hotel windows along the Atlantic coast.

BUNKER HILL: Bunker Hill monument, which commands an all-inclusive view of the Boston Navy yard, has been closed to the public for the duration.

JAP FOOTHOLD: On Kiska Island

Japan gained a second foothold in the Western hemisphere when forces were put ashore at Kiska island to establish a base on that Aleutian island less than 600 miles from the navy's base at Dutch Harbor.

The Japanese, operating under cover of fog, were able to establish their base. Kiska is approximately 175 miles east of Attu island, which the navy announced on June 12 had been occupied by the Japanese. A break in the weather within the past few days enabled discovery of the occupation of Kiska.

A navy communique said that "Tents and minor temporary structures were observed to have been set up on land." Kiska has a fair harbor, the site of a former coaling station for ships. Attu has few facilities for ships of any size.

In Honolulu, Lieut. Gen. Delos C. Emmons has urged all non-residents not engaged in essential war work to leave for the mainland as soon as practicable and at the same time warned that Japan might attack Hawaii at any time.

TOBRUK: Its Aftermath

When the fall of Tobruk was officially confirmed by the British, Allied plans for a second front received a setback. Egypt and Suez are threatened by Axis forces, under the leadership of Nazi Marshal Erwin Rommel.

According to German and Italian communiques, 25,000 British soldiers and several generals were captured. These figures almost duplicate the number of Italians

GEN. SIR ARCHIBALD WAVELL
It was 17 months ago.

captured when Tobruk surrendered to the British in January, 1941.

Australian and British troops moved into Tobruk 17 months ago when Gen. Sir Archibald Wavell was driving across Libya. The Italian troops offered little resistance, although they burned much of the material in the city.

Following the Italian defeat, German troops were sent to Africa and a strengthened Axis army drove back across the desert to Egypt's borders. Tobruk was placed under siege in April, 1941. The garrison was kept in action by the British navy, which managed to hold open the sea lanes for supplies and reinforcements.

Explanation Wanted

The news of Tobruk's fall came as Prime Minister Winston Churchill was in the United States to confer with President Roosevelt on "the war, conduct of the war, and the winning of the war."

Not since the prime minister satisfied the house of commons over the losses of Hongkong, Malaya and Singapore has the nation been more unified in demanding a full account of the conduct of the war. Charges of inefficiency and blundering are widespread.

PARITY: Fight Goes On

Farm, church and labor groups united in a move to back President Roosevelt against a legislative bloc which is opposed to the administration's plan to sell government-owned wheat and corn below parity prices.

In a letter to the White House, these groups said that the success of the President's program for farm security in this regard was essential for the winning of the war.

Included in the groups backing the letter were the National Farmers union, the American Federation of Labor, the Congress of Industrial Organizations, the Railway Executive association, the National Catholic Life conference and the Federal Council of the Churches of Christ in America.

This joint move was believed to be part of a plan being set up in opposition to the "high price through scarcity" concept backed by the American Farm Bureau federation, headed by Edward A. O'Neal. The Farm Bureau federation is reported to have been successful in withholding approval of the President's formula for selling government-owned wheat and corn at 85 per cent of parity.

TAXATION PROGRAM: Behind Schedule

To ease the taxpayers' burden in 1945, the treasury department proposed to congress a modification of its plan to withhold federal taxes at the source. Under the plan the treasury would collect 5 per cent of the taxable income starting on January 1, 1943, instead of 10 per cent, would collect 15 per cent in 1944, and 10 per cent in 1945.

Earlier the treasury department proposed a 100 per cent war "supertax" to carry out President Roosevelt's recommendations for limitation of individual income to \$25,000 a year after payment of all taxes.

The President told the press that taxation provisions of his anti-inflation program were running slightly behind schedule and that, in his opinion, the bill should be split into sections in order to get part of it into effect as soon as possible.

MORE ROYALTY: In Washington

Second monarch in ten days to visit Washington and hold conversations with President Roosevelt was the 18-year-old boy king of Yugoslavia, King Peter II. He arrived in the capital by plane and was accompanied by Foreign Minister M. Nintchich.

Main topics of discussion with the President were Yugoslavia's unrelenting guerrilla warfare against Germany and the effects of a master lend-lease agreement for his country which would provide for after-the-war understandings and collaboration.

King George II of Greece had left the capital before King Peter arrived and Queen Wilhelmina, ruling head of the Netherlands, was on her way to Washington, via Canada, at the time.

WAR MANPOWER: Staggering Total

The effect of the war upon everyday life was emphasized in a statement of the War Manpower commission, which said that the goal for men in the armed forces is six to seven million men by the end of 1943, and "eventually" may be 10 million.

By 1944, at least 20 million workers will be needed in war production and transportation. The 1943 crop will be harvested by 12 million workers.

Chairman MacLean of the President's Committee on Fair Employment Practice stated that in 1944 high school enrollment might be reduced by 40 to 50 per cent, college enrollment by 70 to 80 per cent, and half the nation's schools may be closed due to increasing needs for war workers.

CHINA: Rocks, Grenades

A rough mountain pass along the Honan-Shansi border north of the Yellow river was the scene of a bitter struggle as poorly equipped Chinese troops repulsed the seventh attempt of the Japanese to break through.

Fighting with rocks, hand grenades and machine guns against 10,000 Jap troops supported by planes and heavy guns, the Chinese are extracting a bitter toll from the enemy. Spokesmen claimed that the Chinese still were holding a 50-mile gap along the Chekiang-Kiangsi railway in the area south of the Yangtze river.

The Japanese opened a new offensive north of the Yellow river, driving from the north Honan province. They succeeded in pushing the Chinese back to the foothills of the Taiheng mountain range.

FARM PRODUCTION:

If the weather for the remainder of 1942 is normal, says Secretary of Agriculture Wickard, farm production "will break all records."

This announcement came at the time Wickard was reporting that the 1943 national wheat acreage allotment had been set at 55,000,000 acres. At the same time he asked growers to plant part of the allotted acreage in other needed crops because the prospective 1942 wheat supply is nearly 1,400,000,000 bushels, including carry-over.

NEW IDEAS FOR HOME-MAKERS
By RUTH WYETH SPEARS

WOMEN today are not the first to discover a war-time shortage of floor coverings. The glowing Oriental rugs of the Colonial mansion ceased to be imported during the Revolution; and the simple hooked rug made from old clothing began to be developed.

Then, as now, scroll borders around a flower motif were popular. The posies were designed according to individual taste but scroll patterns went the rounds of neighbors who traced the patterns

on the burlap or canvas rug foundation. Today wax crayon is generally used for tracing. You will find it easy to make a cut-out pattern by first ruling paper into one-inch squares and then copying the curves in the sketch.

NOTE: If you wish to make a scroll pattern be sure to clip this diagram and save it as it is not in any of the booklets which Mrs. Spears has prepared for readers; however, Book 5 contains two designs and directions for making original designs. To get a copy, send your order to:

One Truck Driver Who Could Follow Instructions

Business being cut by priorities, the boss of the trucking company found it necessary to lay off one truck driver. But that driver was both big and tough. So the boss decided to fire him by mail.

And the following day the driver didn't show up. Four days went by and then he was back.

"Didn't you get my letter?" asked the surprised boss.
"I did."
"Well, didn't you read it?"
"Sure. First I read it inside and then I read it outside. Inside it said that I was fired. On the outside it said, 'Return in five days to the Consolidated Trucking company.' So, here I am."

A recent order of the Federal Reserve Board, acting under the authority of the President of the United States, requires all stores granting credit to make certain changes in their credit services. The new restrictions will in no way disturb a long and mutually agreeable relationship. You can continue to buy merchandise and have it "charged," or buy certain items on the installment plan, just as you have in the past, with the following stipulations:

1. Accounts are due, as in the past, with rendition of statement, or shortly thereafter, but every charge transaction MUST now be paid by the 10th of the second month following the purchase. Accordingly, all purchases made during May and any previous unpaid balances must be paid by July 10, OTHERWISE WE SHALL NOT BE PERMITTED TO CHARGE FURTHER PURCHASES. This schedule of payment will continue as long as the order remains in force.

2. The maximum permissible maturity of installment sales has been reduced to 12 months, and the required down payment for all articles covered has been increased to 33 1-3 per cent. Exceptions to this rule include automobiles, for which down payment of one-third and maximum maturity of 15 months has been retained, and furniture, for which the required down payment, formerly 10 per cent, becomes 20 per cent, the maximum maturity being 12 months. Minimum installment payments are set at \$1.25 per week, or \$5 monthly.

The consumer credit control regulation became effective May 6, 1942, and has been broadened to include all lines of retail business and almost every article of personal and household use.

STAGE-SCREEN-RADIO

By VIRGINIA VALE
Released by Western Newspaper Union.
METRO'S "Mrs. Miniver" will probably be one of the best remembered war pictures that have reached the screen, not merely because it is well directed (by William Wyler) and superbly acted, but because it deals with a typical family, facing the war at home. It vividly presents the sort of situations that we might have had to deal with in this country. Incidentally a "Mrs. Miniver" rose has been developed, named for the one in the picture; it is dedicated to "the unselfish and sterling qualities of American women in the war," women like the one whom Greer Garson plays so movingly in the film. Don't miss "Mrs. Miniver!"

Buddy Clark, young baritone of radio's "Hit Parade," has an important role in RKO's "Sweet or Hot," starring Lucille Ball and Victor Mature. His comedy specialties

BUDDY CLARK

and songs last year won him one of the highest individual ratings on radio listener polls, but in the picture he'll do more than sing: with Peter Lind Hayes and Arnold Stang he'll play an army buddy of Mature's.

Alan Ladd attracted plenty of attention and favorable comment during his stay in New York; as part of the campaign to introduce this new leading man to the public Paramount can consider the trip a success. But all the girls who eyed him admiringly realized that it was a case of "Hands off!" Mrs. Ladd (the former Sue Carol, once a movie star) was with him, and they're devoted.

Joan Crawford is one screen mother who wants her daughter to follow in her footsteps. Looking at golden-haired Christina, now three, she remarked: "If she isn't an actress I'll be the most disappointed person in the world."

Russell Hoyt, handsome 24-year-old North Carolina traveling salesman signed by RKO, reached Hollywood without an iota of dramatic experience. A friend, an agent and a talent scout were responsible, and he got a contract without even making a test.

Gary Cooper can spend his vacation traveling with the San Francisco Seals as the ball team's assistant manager if he wants to. He was invited by Lefty O'Doul, the manager, who taught him to bat and throw left-handed for "The Pride of the Yankees."

As part of his war work, Ronald Colman is making three films this year; during the past six years he's made only one a year. The bulk of his income will go to the government in taxes. During the last war he served with Kitchener's "Contemptibles," saw action at Ypres, was wounded at Messines, and he holds the Mons medal with 1914 bar. His next picture is "Random Harvest."

Eric Blore celebrated his 50th picture role when he began work in Paramount's "Happy Go Lucky," which stars Mary Martin and Dick Powell. Once on the London stage, with time out for serving in the last war, he's been in demand in Hollywood since 1934.

Warren Hull, Parks Johnson's new "Vox Pop" partner, is instantly recognized by young radio followers as "The Green Hornet," a role he played in a screen serial. He was besieged by juvenile autograph hunters in an Alexandria, Va., store.

Phil Baker ought to be happy; the one thing that visitors to New York seem to want more than anything else is tickets to his "Take It or Leave It" broadcasts.

ODDS AND ENDS—Edward G. Robinson of "Big Town" has taken up horseshoes pitching at his ranch behind Beverly Hills. . . . No actor changes leading ladies more often than Tim Holt; his new one, in "Son of the Saddle," is Ann Summers, a newcomer. . . . Kluge-club Staff Lieutenants Flapper puzzles audiences when she aids the treasury department in selling war bonds—ill they recognize her as Marsha Hunt; she uses her married name when in uniform. . . . Hedy Lamarr does a jitterbug routine in "White Cargo"—in a song. . . . Keep your eye on Helmut Dantine, who gives an outstanding performance as a German fier in "Mrs. Miniver."

Two Kinds of Discontent
There are two kinds of discontent in this world: the discontent that works, and the discontent that wrings its hands. The first gets what it wants, and the second loses what it has. There's no cure for the first but success; and there's no cure at all for the second.—Gordon Graham.

PREPAREDNESS by the AMERICAN RED CROSS

NEWEST of all the American Red Cross activities is the Wool Conservation program. Under it, volunteers from the more than 3,700 Red Cross chapters throughout the nation collect scraps of new, unused wool and place them in reprocessing channels.

The Wool Conservation program was developed jointly by the War Production board and the Red Cross when it became apparent that the nation faced a serious wool shortage. There were only two ways in which this shortage could be alleviated within the next year. The first was by cutting down wool consumption in every possible way by restyling and redesigning garments to save wool. The second was to have every scrap of new, unused wool reprocessed as rapidly as possible. The Red Cross was selected to do this job.

Under the agreement between the Red Cross and the War Production board, the 3,700 Red Cross chapters arrange for the collection of trousers cuff clippings, wool samples and other wool clips from tailors, men's clothing stores, department stores, clothing manufacturers and cleaners. These are then placed in reprocessing channels by selling them to wool reclaiming firms.

When reprocessed into wool cloth, the clippings from 21 pairs of men's trousers will be enough to make a complete soldier's uniform or another civilian suit.

Proceeds from the sale of the wool clips collected under the Wool Conservation program are retained by the local Red Cross chapters to carry on their work of War Relief and Civilian Defense Preparedness training.

NEW IDEAS for Home-makers

SAME BED WITH FOOT CUT DOWN—THE DOTTED SWISS VALANCE IS STITCHED TO MUSLIE BETWEEN THE SPRINGS AND MATTRESS

HAND-MADE QUILT IS NOT WELL DISPLAYED ON A BED WITH HIGH FOOT BOARD AND NO VALANCE

MOST quilts today are planned as bedspreads and have a color or scheme to harmonize with other decorations. If a variety of figured scraps is used one color is generally repeated in each block to give the design unity.

The beauty of any quilt is enhanced if it is set off with a valance around the bed. The bed in the sketch had no particular tradition and the footboard was much too high to display the quilt to advantage. What a difference in the effect when the board was cut down and the crisp frills of dotted Swiss were added! Surely, any quilt worth piecing is worth this extra touch.

NOTE: If you have a metal bed that you would like to modernize you will find sketches and directions in Mrs. Spears' Book 3. There are eight of these booklets of 32 pages of things to make from odds and ends which accumulate around the house, or from inexpensive new materials. Copies are 10 cents each and with an or-

der for three (No. 1 to 8) you will receive a set of three different quilt block patterns including the Whirl Wind illustrated herewith. Send order to:

What's a musical comedy got to do with winning a war?

PLENTY! We're building an army of men—not machines. And men have minds. And minds need freshening... change... relaxation.

So one of the biggest undertakings of the USO is its sponsoring of free entertainment, through the cooperation of the movie and theatrical industries, at army camps, naval bases—wherever the fighting men of the USA go to train or dig in.

USO Camp Shows, Inc. is actually the biggest single theatrical enterprise the world has ever seen. It books 264 shows for the boys every week, which play to an average nightly attendance of 50,000.

It contacts movie stars, theatrical headliners, big name bands and their leaders. It routes all these... plans their itinerary... arranges the most convenient times when soldiers and sailors can take time out to sit and be entertained.

For it realizes that the one great advantage of the American fight-

OLD phonograph records are now being collected for our fighting men. The movement is headed by Kay Kyser, Kate Smith and Gene Autrey, and endorsed by Ginny Simms, Lily Pons, Benny Goodman, Guy Lombardo and practically all the other top notchers in music. Used and broken records will be converted into scrap and sold, and new records bought for U. S. army camps, forts, naval stations and marine bases here and overseas. The American Legion and the Legion Auxiliary will do the picking-up. If you've got a man in the service, you know what a fine thing this is.

Columbia has two of last season's greatest grid greats, Bruce Smith of Minnesota and Frankie Albert of Stanford, on the lot in films based on their own lives. Two All-American teams will figure in each picture.

RKO added a potential 25,000,000 customers for its "Sweet and Hot" with the announcement that two highly popular coast-to-coast programs will appear in the forthcoming Tim Whelan musical, which co-

LUCILLE BALL

stars Lucille Ball and Victor Mature. Charles Victor and his "Court of Missing Heirs" program, and Ralph Edwards and the "Truth or Consequences" company have been signed up for the picture.

Director Alexander Hall sent a camera crew around the city to photograph kissing shots for a trailer for "They All Kissed the Bride." He was so impressed by a girl whom the camera caught kissing a young man good-bye at a railway station that he offered her a screen test. She was Evelyn Scott, of Salt Lake City. She accepted, but didn't show up—she'd married the man she kissed!

Betty Rhodes, one of the top singing stars in radio, will be Bing Crosby's leading lady in his next Paramount picture, a radio story tentatively titled "Manhattan at Midnight." She has her own half-hour weekly radio show, singing over a 90-station network.

Susan Peters is the happiest girl in Hollywood. She was just one of a hundred ambitious young actresses, with a small role in "Fish"—and then suddenly she had the second feminine role in "Random Harvest," starring Ronald Colman and Greer Garson, and a new long-term contract with Metro to boot. A local girl, she'd been trying for two years to get a start in pictures.

Recently Jack Holt visited his son Jim on location for "Pirates of the Prairie." Seeing some cowboy extras he'd played with, Jack sat down on a bench in front of a saddle shop to talk with them. A shot was made of Jim riding by—and later it was discovered that, by mistake, Jack appears in his son's picture.

Lana Turner is cheering—she won the dramatic role of the young wife in Metro's "Marriage Is a Private Affair," based on the book of that name. It's a rich and sympathetic role, the sort that young actresses dream of getting.

Amelia Earhart's favorite racing plane, the one in which she broke several national records, is being used by Pat O'Brien in his role of a dare-devil pilot for Columbia's "Flight Lieutenant." It had been rented for spectacular film scenes in which O'Brien is supposed to make test dives. It was not until O'Brien saw Miss Earhart's signature scratched on the instrument panel that he learned the plane had been hers.

ODDS AND ENDS—Lucille Manners had terrific "mike fright" until an engineer took a microphone to pieces and showed her how it worked. . . Lionel Barrymore was asked by Rudy Vallee if he would consider taking his brother's place on the Vallee radio program, but he refused because of ill health. . . Columbia's "Lucky Legs" revives the "pistolated sisters" Frank Capra introduced in "Mr. Deeds" in Adelle Rowland and Elizabeth Patterson. . . Fendorf Chalapien Jr., son of the famous Russian basso, has a short but spectacular role, that of Kashkin, in "For Whom the Bell Tolls."

These Barbecued Hamburgers Are Appetite-Tempting!
(See Recipes Below.)

Outdoor Fun

The delicious aroma of meat cooking over a crackling fire, toasted buns, and freshly roasted corn or potatoes in the embers—all these make for plenty of summer fun. Toss together your outdoor cooking equipment, bright, gay colored cloths, napkins, and gather some wood for your picnic. Plan to have lots of hearty, nourishing food to give your picnickers so they will have plenty of that up-and-at-them spirit.

Crunchy green salads packed in jelly glasses or paper containers, steaming hot coffee, baked beans, or macaroni and cheese, and barbecued meat. Dispel the chilliness of cool nights with your picnic outdoors.

Hamburgers are old favorites, but you can make them extra delicious by drizzling a tasty barbecue sauce over them while they cook.

*Barbecued Hamburgers (Serves 8)

2 pounds ground beef
1 1/2 teaspoons salt
Pepper to taste
2 tablespoons vinegar
1 tablespoon flour
1 teaspoon chili powder
2 teaspoons brown sugar
2 teaspoons salt
1/2 teaspoon pepper
1 medium-sized onion, chopped
1 1/2 tablespoons Worcestershire sauce
1/2 cup catsup
1 tablespoon hot water

Have any of the thrifter cuts of beef ground—such as chuck, flank, shank, neck, or heel of round. If meat is quite lean, ask your butcher to grind in some suet. Mix meat thoroughly with salt and pepper. Cook on a greased griddle-grill with thick slices of onion. Mix rest of ingredients well and drizzle over hamburgers as they cook. This sauce is also excellent over frankfurters which have been pricked with a fork.

To make a new kind of "cheeseburger," add 1/2 cup grated cheese to each pound of hamburger, mixing lightly.

Hamburger Puffs (Serves 8)

2 pounds chuck steak, ground
2 cups grated raw potato
4 tablespoons grated onion
2 teaspoons salt
1/2 teaspoon pepper
1/2 peeled clove of garlic, minced
4 tablespoons milk
4 tablespoons fat

Combine all ingredients except fat. Form into 16 patties. Cook in fat on a greased grill or skillet over medium heat until brown on both

Lynn Says:

For best results in outdoor cooking use a small fire. Be sure you have a deep bed of coals before you start broiling or frying your food.

To start the fire, use a soft quick burning wood like pine, spruce, hemlock, laurel, poplar, or aspen. For a good bed of coals, use a hard wood such as maple, oak, ash, beech, birch, hickory, or any available hard wood in your community.

Seasoned wood which has not lain on the ground long enough to become wet or rotted, but long enough to dry out, is best for fires. Wood without bark makes the best kind of fire, as bark will cause a fire to smoulder. To start a fire more easily, use split wood, as it burns more easily than round logs.

You won't be a sissy if you kneel when using a hand axe for chopping or splitting wood. If you use seasoned wood, it can easily be broken into convenient chunks for the fire.

sides and done. About 5 or 6 minutes on each side is enough.

*Roast Corn.

Have a hot fire and let it burn down until there is a good pile of red embers. Soak the ears of corn in their husks until good and wet and lay them, still in the husks, in the hot ashes. Bake for 30 minutes or until corn is tender. Turn the ears occasionally.

*Roast Potatoes.

Bury potatoes in hot ashes and roast as you do the corn, until they are tender. They take longer to roast than the corn. Serve with lots of butter, salt, and pepper.

*Marshmallow Dessert. (Serves 6)

Small bars of plain chocolate
12 graham crackers
12 marshmallows

Toast 2 marshmallows over the coals to a crisp, gooey state, and then put them inside a graham cracker and chocolate bar sandwich. The heat of the marshmallow between the halves of chocolate bar will melt the chocolate just enough, and the graham crackers on the outside are nice to hold.

Do you like to go primitive and roast meat over a forked stick or long-handled fork? Then, you'll like: Kabobs.

For each person, allow 1/4 pound round steak, 1/2 of a medium-sized onion, and a few slices of bacon. Cut the meat in 1-inch squares, cut the onion lengthwise, from top to bottom. Cut the slices of bacon into thirds. Place beef, onion, and bacon on a fork or stick, alternately, and broil over coals until done.

A salad that is both health-cramped and delicious for a picnic is this one made with plenty of vegetables and cottage cheese:

Vitamin Salad. (Serves 6)

1 cup celery, diced
2 cups cottage cheese
1/2 green pepper, diced
1 cup carrots, shredded (cooked)
2 cups cabbage, shredded fine
1/2 cup mayonnaise
Salt

Toss together all ingredients and serve on crisp lettuce leaves. A cookie treat to take with you on your picnic is this sugar-saving one:

Fruit Treats. (Makes 12 Treats)

2 cups sifted, enriched flour
3 tablespoons baking powder
1 teaspoon salt
2 to 4 tablespoons shortening
1/2 cup milk (about)
1 tablespoon honey or corn syrup
2 eggs
12 cooked apricots or prunes

Sift flour, baking powder and salt together. Cut in shortening. Beat 1 whole egg and 1 egg yolk, reserving white for tops. Add milk and honey to beaten eggs and add flour to mixture. Stir in only enough to hold flour together. Turn on lightly floured board and knead together 1/4 minute. Roll 1/2 inch thick, cut with doughnut cutter. Place on baking sheet and place an apricot or prune in the "hole" on each one. Brush with egg white and sprinkle biscuits with cinnamon sugar. Bake in a moderately hot oven 12 to 15 minutes. Cinnamon sugar: Mix 3 tablespoons sugar with 1/2 teaspoon cinnamon.

Oldest National Flag

The Netherlands' flag of red, white and blue is said to be the oldest of all national flags. It dates back to 1354, when the colors of Holland and Bavaria were combined. That flag is still the official ensign for both the Dutch navy and the merchant fleet.

More than 20 nations are said to have gotten their flag ideas from the Netherlands' emblem. And the city of New York, first settled by the Dutch, just changed the red to yellow before adopting the ensign completely.

Here's a Gentler Way to Treat Constipation!

Do you think you have to take harsh cathartics or purges every time constipation makes you miserable? You don't—if you are one of those people with normal intestines who suffer from constipation due to lack of "bulk" in the diet. There is a pleasant and gentler way. All you do is eat KELLOGG'S ALL-BRAN regularly and drink plenty of water. ALL-BRAN is a crisp, delicious cereal. It works quite differently from many medicinal laxatives. They work by prodding the intestines into action or by drawing moisture into them from other parts of the body. But ALL-BRAN acts principally on the contents of the colon, helping you to have easy and normal elimination. ALL-BRAN is made by Kellogg's in Battle Creek. If your condition is not helped by this simple treatment, see a doctor.

has religious significance. The
subject for the morning sermon
will be "The Ringing of the Liber-
ty Bell".
Our attendance was good last
Sunday, and Sunday night's con-
gregation was good considering
the weather.
The date of our Summer Revi-
val is set for Aug. 7th through
Aug. 15th. Keep this date in
mind and plan to attend.
You will always find a welcome
at the Methodist church. The
Church is here to help make the
community a better place to live.
All of us ought to be in Church

4th of July Celebration

The true west will live again in
Clarendon July 4th when ranch-
ers and cowboys gather for a one
day patriotic Rancher's Rodeo.

The celebration, the oldest in
the Panhandle, dating back to be-
fore the turn of the century, will
depict the long ago west. Even
the parade will have no automo-
biles. Participants will ride
horseback or in hacks or wagons.
Following the declaration of
war it was decided to discontinue
the celebration but so many were
the demands that the committee
approved a one day rodeo with all
proceeds going to the USO and
war bond purchases. Concession
rights have been donated to the
Red Cross.

Rodeo events will include calf
roping, bull riding, bronc riding,
cutting horse contests in the
adult division. A bull riding
event will also be held for boys
from 12 to 15 years of age.
Cash prizes will be given in all
events.

The theme of the celebration
will be honoring of the old time
and present day ranch workers
from the Panhandle and special
attention will be paid various out-
fits of yesterday and today.

The rodeo will be held both in
the afternoon and night and ad-
mission charges have been set at
35 and 50 cents for both per-
formances.
