

The Hedley Informer

VOL. 34

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, APRIL 14, 1944

NO. 22

News From Our Men In Service

John S. Mitchell has graduated from the Fort Sumner, N. Mex., Pilot School, and is now a lieutenant in the Army Air Forces.

Pvt. Don Hickey of Clovis and Mrs. Hickey of Ashtola visited here Tuesday.

Pfc. Adell Myers is now overseas.

S 2-3 Billy Bile of Bainbridge, Md., is at home on leave.

Cpl. Hub Foster has returned to this country after about 15 months overseas. He is in a hospital at Miami Beach, Fla.

Lieut. Albert Martin is now located in Rhode Island.

Gilbert Conner has been promoted to Staff Sergeant. He and a friend, Sgt. Clarence McPherson, stopped over here Wednesday en route to Camp Phillips, Kansas.

Pvt. Charles Walker of Fort Sill spent last week end here.

Sgt. and Mrs. Bruce Edwards and baby visited here last week end.

Food Rationing News

From now on all food stamps will be good indefinitely, unless advance notice of expiration is given, the Office of Price Administration has announced. Housewives may budget their food purchases on the basis of three Red 10-point stamps every second Sunday and five 10-point Blue stamps the first of every month. To release cold storage space for other food, all frozen fruits and vegetables will not be rationed through April 29. Lard will remain unrationed, ready-to-eat hams will be one point lower, 'ry-cured' hams are to be only one point above fresh hams, and other meat point values will remain almost unchanged. Food expected to be in good supply over most of the country during the next three months are potatoes, cabbage, spinach, lettuce and other leafy greens, carrots, peets, citrus fruits, canned green and wax beans, tomatoes and other fresh vegetables, frozen vegetables, shell eggs, fluid milk, bread, flour, noodles and spaghetti. The War Food Administration says each civilian will have on the average 132 pounds of meat in 1944, or one pound more than he had on the average during the decade, 1931-1940.

Tire Inspection Discontinued

Compulsory periodic inspections of tires on passenger cars will be discontinued after April 20, J. Doye Sette, District Rationing Executive, has announced. Motorists must continue to have inspected any tire they wish to replace.

Inspection of truck tires will continue as before.

It is important that motorists retain their tire inspection records because OPA will continue the use of them in issuing gasoline rations, Settle stated.

Know more news? Phone 101.

Giles News

By Mrs. Arthur Ranson

Mrs. Charles Levi and nephew Richard Stotts visited Mrs. O. N. Levi in Childress last week.

Mr. and Mrs. R. O. Kelley were Amarillo visitors last Wednesday. Mr. and Mrs. Jerry Stotts and daughter Nelda Sue spent the week end visiting friends and relatives in Ft. Worth.

Misses Doris Cooper of Amarillo and Merline Burkes of Memphis visited Theresa Kelley last week.

Miss Irene Proffitt and brothers Leon and Odell and Miss Jaunita Ward were Memphis visitors Saturday night.

Alfred Ivey and family of Clarendon visited in the J. M. Baker home Sunday.

Miss Nina Jo Foster of Memphis spent the week end with her parents Mr. and Mrs. Foster.

Memphis shoppers last Saturday were Mr. and Mrs. J. T. Wylie and daughters, Mr. and Mrs. E. M. Glass, Mrs. R. O. Kelley and daughters, Kay Autry, B. F. Kelley, J. M. Baker and son Bobbie. The school children and their parents had a picnic down at Tnateus Park last Friday. A good time was had by all.

Mr. and Mrs. Kay Autry entertained with a buffet supper in their home last Sunday night. Those attending were Mr. and Mrs. Bud Lemmon and son John Richard, Mr. and Mrs. Dick Spoon, Mrs. C. R. Burkes, Misses Dixie and Ann Spoon, and Merline Burkes, all of Memphis and Mr. and Mrs. R. O. Ksley and daughters of Giles.

Mr. and Mrs. J. D. Foster and children from Amarillo spent the week end with their parents Mr. and Mrs. Geo. Foster.

Mr. and Mrs. John Ode from Amarillo, Mr. and Mrs. Carl Abernathy from Memphis visited in the J. O. Stotts home Sunday.

LOCAL NEWS

Miss Mary Bridges of Clovis and Seaman Banks Jeffries of the U. S. Maritime Service visited in the Clyde Bridges home part of this week. Seaman Jeffries has campaign ribbons of the American and Asiatic war theatres. His home is in Wetumka, Okla.

D. K. Hall and son Truett of Groom visited here Sunday. Mrs. Hall is in Abilene where her father, J. R. McFarling is quite ill.

Messrs. and Mesdames Hudson Couch and Ernest Johnson and families of Memphis and Mr. and Mrs. Kermit Johnson and children of Borger were Hedley visitors last week end.

Mr. and Mrs. James Reid and son of Amarillo spent last week end here.

Miss Ruth Bailey of Paris has been visiting here.

Mesdames Hobart Moffitt, A. M. Bishop and Usrey and Miss Ruth Bailey visited in Quanah Tuesday.

Mrs. A. B. Cockrell and daughter Sarah visited near Paris first of the week.

Martha Sue Noel of Phillips spent last week end here.

War Dad-Legion Meeting A Success

The War Dad-Legion joint meeting held April 7th was a success although not as many attended as expected. They plan to have a joint meeting again in May with the ladies present and have a social hour, serving sandwiches or pie and coffee. The Dads seem to want the ladies and eats at every meeting and the Legionnaires were never known to shun either the eats or the ladies.

These joint meetings are a very good move as both the War Dads and the American Legion are both working for the same cause, the betterment of the advantages to the boys and girls in service, the good of the community, state and nation and of doing everything they can to end the war as soon as possible. A project the Dads and Legionnaires have in mind at present is working over the American Legion Hall and having it ready for the boys when they return. This would also be a mighty good thing for Hedley as it could be used as a sort of City auditorium for any worthwhile meeting.

The Legion announced that several of their members would attend the 18th District War Conference at Borger, April 22nd and 23rd.

Announcement

We are moving our grocery to the new location in the old Stanford Laundry building, and will announce the date later.

We will have plenty of room for our stock, and can serve you much better than at present.

Pay us a visit when we move in. Darnell Grocery and Station

Lieut. and Mrs. Rolan E. Wiley of San Angelo are visiting here.

Mrs. C. L. Johnson is visiting Mrs. T. R. Easterling in Sherman.

Mr. and Mrs. J. H. Clay of Claude were Hedley visitors last Saturday.

Towels—tea towels, dish towels, hand towels—you never have enough of them. Attractively done, they brighten the kitchen or bath. Make them in numerous colorful designs from the material that comes into your home in the form of cotton bags for flour, sugar, feed.

Many designs can be embroidered with simple, easy-to-make stitches on the soft, white cloth of laundered cotton bags supply. Cotton bags make ideal dish towels because they are absorbent, durable, and leave no lint on the dishes.

Dozens of money-saving tricks that will help you supply your everyday needs and beautify your home will be found in the new illustrated booklet, "Bag of Tricks for Home Sewing." It will be sent to you without cost by National Cotton Council, Box 18, Memphis 1, Tennessee.

Highway Report

Ray Moreman and J. W. Noel visited the commissioners court Monday in regard to the highway from Wellington. They report that the commissioners court seem to be doing all they can to push this along. However, practically all new construction of highways has stopped for the time being except military roads. Our highway is and should be number one consideration for the county as it will help Hedley, Lelia Lake, Clarendon and practically everyone in the county, and will be one of the first built when things loosen up a bit.

Our job seems to be at present to go ahead and get the right-of-way for the highway in the least possible time, and get this down to Austin. Then we can try to show them the importance of this road and maybe get work started at an earlier date. We can help by giving the commissioners court our full support in obtaining this right-of-way and showing that we are behind them in this good undertaking.

Commissioner J. A. Tollett and J. W. Noel plan to attend a highway meeting at Silverton Thursday and may possibly learn something to our advantage.

Red Cross Notes

The Red Cross room will be open Wednesday and Thursday, April 19 and 20, to sew for Mrs. Owens. We have three machines and plenty of hand work. Bring your thimble and scissors.

The room will be open at 2 o'clock. Everyone is invited to come and work.

Church of the Nazarene

Rev. W. B. Walker of Abilene, district supt. of the Abilene district, will preach at the Hedley Church of the Nazarene on Friday night, April 21, at 8:30. Everyone has a cordial invitation to come out and hear him.

Our Sunday School attendance is still increasing, but we still have room for more. We have classes for all ages, and extend a cordial invitation to everyone to be with us.

W. E. Bond, pastor

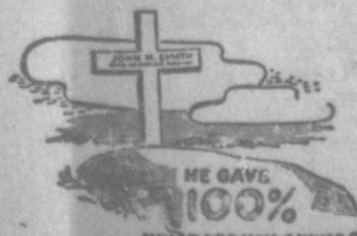

Informer Rates

Please remember that the Informer rate is \$1.50 per year in Donley county, and \$2.00 per year elsewhere, except that service men get the \$1.50 rate.

Know any news? Phone 101.

Kolor-back ads say gray hair doesn't help you any with the ladies. Why worry yourself gray when you can insure with the C. L. Johnson Insurance Agency and let someone else do the worrying?

Ray Moreman To Install Locker System

Ray Moreman has purchased the building now occupied as Moreman Hardware & Grocery from J. R. Boston and plans to extend the building fifty feet and put in a locker system.

A locker system is something Hedley has been needing for quite awhile. It will help the people of the community, who can use the lockers, by the big saving of having a place to keep their meat. It will also save the ones who had lockers else here on gas and tires, and should be a help to the merchants as people who have their lockers here will naturally do a good deal of trading in town.

Present plans call for 305 lockers of the most modern type, both door type and drawer type lockers. The government recognizes the need of these lockers, but in order to obtain them the War Production Board requires a certain percentage to be paid for in advance. Of course your money will be placed in escrow and if for any reason the plant is not put in operation it will be returned to you.

This is a very good move for us and Ray should be congratulated on getting this for Hedley. We should sign up on our lockers at an early date so the good work can soon get started.

Lions' 'Jitter Special' Attracts Attention

The following appeared in the latest editions of both the Texas Press Messenger and the Panhandle Publisher, official publications of the Texas Press Ass'n and Panhandle Press Ass'n:

The Hedley Informer, one of the few hand set papers in the state, issued a supplement, The Lions' Jitter Special, to the regular edition of February 11.

Sponsored by the Lions Club, the advertising was sold by members and the revenue was divided between the club and publisher, D. E. Boliver.

The ads themselves furnished readers with many laughs. One read:

"You can still get 'city slicked' in the country. Bring in your cotton. Maybe the seed and lint will pay the ginning. If not, you can make a note for the balance. McKnight Gin."

Another said: "I have nothing to sell and don't want to buy anything, but I want to advertise just the same."

A third read: "You can't afford to hire a carpenter, painter, plumber or paper hanger at present prices, but you probably will anyway, so call on me."

M. W. Mosley is up from Azle for a few days.

Mr. and Mrs. Hobart Moffitt visited in Memphis Sunday.

Mrs. Alva Simmons is doing nicely after a recent tonsilectomy.

Willie Mae Greer spent last week end in Texline.

Read the Classified Ads.

Let C. E. Johnson, manager of the Hedley Telephone Co., write your fire and hail insurance.

Improvements

Have you noticed the improvements that R. E. Darnell is making to the old concrete building recently purchased from C. Shook? Roy is making a move up to date building for his gro out of this old building, and plan to have it ready for occupancy soon. We wish to congratulate him. It doesn't take many good wide awake merchants to make good wide awake town.

Jobs for Discharged Veterans

For men discharged from the United States Armed Service a summary of job opportunities in 114 major industrial centers, to be placed in nearly every local S. Employment Service office. War Manpower Commission announces. These job summaries give information on types of jobs, scheduled hours of work, hourly wage rates, availability of housing, cost of living, and the adequacy of community facilities such as schools, hospitals and transportation. The summary will be issued bi-monthly and will indicate the expected labor demand in months in advance.

Test Motor Fuel "Dopes"

Shortage of gasoline, says Department of Commerce, has prompted to increase mileage and otherwise improve the automobile. The Bureau of Standards has tested hundreds of them without finding beneficial results in any case.

More Sugar For Home Canning

To get canning sugar in addition to the five pounds per person available with sugar stamp 40, application should be made to the local ration board on Form OPA R-323, which will be furnished upon request by the office of the local board, OPA announces. The entire transaction may be handled by mail, one application serving for all who live at the same address. In order to make it unnecessary to send ration books through the mail, the spare stamp 37 from war ration Book Four is attached to the application form for each person applying.

AGRICULTURE: Food Subsidies

To peg consumer costs, War Food Administrator Marvin Jones ordered the \$3,000,000,000 Commodity Credit Corporation to use its powers and funds for subsidizing food prices.

In addition, the CCC was ordered to purchase, sell, store and transport food and farm products involved in the WFA's price-support and lend-lease programs.

Strongly backed by the farm bloc in congressional debate but upheld by administration forces, the food subsidy program will cost the CCC between \$850,000,000 and \$800,000,000, it was estimated.

Farm Prices Increases in returns on meat animals, feed grains, hay and oil bearing and fruit crops resulted in a one point advance in the general level of farm prices from mid-February to mid-March...

DRAFT: Eye 4-Fs To fill up the industrial and agricultural ranks left vacant by the drafting of all men except key workers...

At the same time, it was revealed Selective Service was scrapping its unit system of deferring agricultural workers, only giving consideration to a man's regular employment on a farm and the problem of replacing him.

Under the government's proposal, 4-Fs doing nonessential work would be enlisted as reserves and directed to essential occupations at regular civilian pay...

Of the nation's 3,500,000 4-Fs it was estimated that about 1,000,000 were engaged in non-essential work.

SNAPPY FACTS ABOUT RUBBER

Planes fly in supplies and bring out crude rubber from Central American plantations...

In building a battleship it takes 150,000 pounds of rubber. This is equivalent to the rubber used in the manufacture of more than 12,000 small passenger-car tires.

The first city omnibus lines, the forerunner of modern motor bus transportation, started operations over the streets of Paris in 1662.

Seventy-three per cent of the employees in 94 war plants depend upon their cars for transportation. Rubber is essential to their work.

**RENT YOUR COLD STORAGE
LOCKER NOW!**

ALL YOU NEED TO DO

The War Production Board requires a certain percentage of the lockers to be rented to producers and paid for in advance.

If you desire a locker, make your check payable to the Moreman Locker System and give to merchant contacting you, or leave at Security State Bank.

The Door-Type Locker with 6 1-4 cubic feet space rents for \$12.00 per year and the Drawer-Type Locker with 7 1-2 cubic feet space rents for \$15.00 per year.

Your money is put in escrow at the Security State Bank, and if for any reason the locker plant is not put in operation, your money can be withdrawn.

Processing, curing and holding facilities will be offered by the system.

MOREMAN LOCKER SYSTEM

Electric Power!
is
Fighting Power!

WHEN our soldiers go into battle they carry with them little packages of food—each one a square meal. Those packages contain very special foods—dehydrated and concentrated—calories and vitamins carefully counted, but complete from soup to coffee. It gives fighting men reserve power they need to keep going when other supplies are cut off.

Reserve power is just as vital in war production as it is in military operations. Tank factories, plane plants, and ordnance works are eating up more and more electricity every day, and the "reserve rations" to keep them going have been ready. Why? Because those reserves were built up in advance by the trained men

who manage America's Electric Power Companies, such as the West Texas Utilities Company. The reserves are more than enough to meet every essential need. Because of carefully planned inter-connected systems large quantities of electric power are available almost anywhere.

Electric power is able to do its job promptly, efficiently, and economically. Electric power is the reserve power that keeps our fighting power going.

**West Texas Utilities
Company**

THE OLD JUDGE SAYS...

"Quite a stack of newspapers I left you yesterday, Judge. Aren't you in the newspaper business, are you?"

"No, I just enjoy reading different papers so my nephew George sends them to me whenever he takes a business trip. I got a big kick out of some he sent me from several counties where they still have prohibition. Particularly from some headlines that read 'Drunk Driving Arrests Rise'.

'Bootleggers must post Ceiling Prices'. 'Federal Agents seize 'Truck' Liquor Truck' Doesn't that go to prove, Joe, that prohibition does not prohibit?"

"I watched conditions pretty carefully during our 13 years of prohibition in this country. The only thing I could see we got out of it was bootleg liquor instead of legal liquor plus the worst crime and corruption this country has ever known."

'Do's and Don'ts' for Home Equipment Care

THE old adage, "Take care of what you have and it will take care of you" is doubly true these wartime days when household appliances are difficult to replace. Marjorie Griffin, Home Editor of nationally circulated Capper's Farmer advises housewives.

Here are some of her "do's and don'ts" about such items as the kitchen sink, the refrigerator, and the range:

"Don't let coffee grounds or particles of food, especially greasy ones, go down the sink drain. If it gets clogged up, force it with a suction plunger. Regular use of a commercial detergent or chemical will soft-

or frost loose with a knife. Wash shelves and interior of mechanical or ice refrigerator once a week.

"The range is home base in your kitchen. Clean oven with soap and water. Rub with unsalted fat to prevent rust. Don't store food in the oven. Wipe up food as it is spilled, as acids in some may per-

ten the accumulation in pipes so it can be rinsed away. Soap and water or a mild abrasive, used daily, will keep the surface spick-and-span.

"Don't crowd the refrigerator or foods will not keep well. Be sure refrigerator isn't getting hot under the collar standing too near the range. Defrost regularly; frost on freezing unit shouldn't get over one-fourth inch thick. Never pry trays

manently discolor the finish. When cold, wash with soapy water. Washing while hot may craze enamel.

Stick-to-Your-Ribs Dish Is Appetizing

Frankfurter farina dumplings with sauerkraut, pictured above, is a good down-to-earth, stick-to-your-ribs main dish, says the Country Cooking editor of Capper's Farmer, a publication of national circulation.

This dish has lots of what it takes, including vitamins in the fortified margarine and enriched farina. When buying cereals, margarine and other foods which are available with vitamins added, be sure to check that those you get are the enriched ones, advises the Capper's Farmer expert.

Dumplings with Sauerkraut
 1/2 cups self-rising cake flour
 1 cup enriched farina
 1 tablespoon fortified margarine
 1/2 cup milk
 3 frankfurters
 1 quart sauerkraut
 1 cup water
 1 large onion
 1 clove

Sift and measure flour. Stir in farina. Cut in margarine and add milk. Mix lightly with a fork. Slice frankfurters in 1/2-inch slices. Add to dumplings, saving a few pieces to garnish top. Place sauerkraut in a large skillet with cover to fit. Add water and onion in which cloves have been stuck. Bring to a boil. Drop dumplings by tablespoonfuls on sauerkraut. Garnish with pieces of frankfurter. Cover closely. Steam without removing cover 20 to 25 minutes. Serves 6 to 8.

Rationing At A Glance

Shoes—Stamp No. 18 in Book One is good through April 30. Airplane stamp No. 1 in Book Three is good indefinitely. Another ration stamp good for one pair of shoes beginning May 1 will be announced soon.

 C. E. JOHNSON, Secretary

When Your Back Hurts

And Your Strength and Energy Is Below Par
 It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.
 You may suffer nagging backache, rheumatic pain, headaches, dizziness, getting up nights, leg pain, swelling, sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.
 There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

War Dads Club

Meets on the 7th of each month. All War Dads invited.
 C. O. Hill, President.

There are a multitude of uses for fresh white collars and dickers. Easily and inexpensively made from bunched cotton bags, they lend variety to new dresses and suits and give smart, new touches to last year's suits or frocks.

Make a number of them from cotton bags which come into your home as containers of flour, sugar, or other staples. You will find that this material launders gleaming white and that, with a little starch added, it looks like linen. Cut the collar or dickey the desired size and style and edge it with handmade lace or a ruffie. A medium size cotton bag will furnish ample material.

Numerous conservation tricks which save you money and add cotton freshness to your wardrobe are contained in the new, illustrated booklet, "Bag of Tricks for Home Sewing." Free copy may be obtained by writing National Cotton Council, Box 18, Memphis 1, Tennessee.

BONDS OVER AMERICA

Ten miles north of the Mexico-United States border near Nogales, stands the old Tumacacori Mission, where neither fort nor gun is seen on either side of the international boundary.

Tumacacori

From Norway to Greece, institutions ministering to the inner man have been wrecked by Germans in their efforts to stamp out all but the gospel of the Herrenvolk.

Pull the Trigger on Lazy "Innards"

WHEN CONSTIPATION makes you feel punk as the dickens, brings on stomach upset, sour taste, gassy discomfort, take Dr. Caldwell's famous medicine to quickly pull the trigger on lazy "innards", and help you feel bright and chipper again.

DR. CALDWELL'S is the wonderful senna laxative contained in good old Syrup Pepsin to make it so easy to take.

MANY DOCTORS use senna preparations in prescriptions to make the medicine more palatable and agreeable to take. So be sure your laxative is contained in Syrup Pepsin.

INSIST ON DR. CALDWELL'S—the favorite of millions for 50 years, and feel that wholesome relief from constipation. Even finicky children love it.

CAUTION: Use only as directed.

DR. CALDWELL'S SENNA LAXATIVE

CONTAINED IN SYRUP PEPSIN

One thing a soldier is afraid of is a display of emotion. That's why his slang so often sounds derogatory. For example, he refers to the silver eagles on his colonel's shoulder straps as "buzzards." But when he speaks of his favorite cigarette, he says: "Camels." They're first with men in the Army as well as with Sailors, Marines, and Coast Guardsmen. (According to actual sales records in service men's stores.) And though there are Post Office restrictions on packages to overseas Army men, you can still send Camels to soldiers in the U. S., and to men in the Navy, Marines, and Coast Guard wherever they are.—Adv.

PSORIASIS SUFFERERS!

Don't Despair! Try This Proved, Amazing Relief

Put an end to the nagging discomfort and embarrassment of Psoriasis. Try NINAL—amazing Psoriasis application discovered by Chicago doctor! NINAL'S different relief is due to a very effective method of compounding that carries the beneficial action of the ingredients to the base of Psoriasis patches. Tends to remove crusts and scales of external character, located on outer layer of skin. Apply NINAL externally at any time. Won't stain clothing or bed linen, won't interfere with work.

SEND NO MONEY! Write for information that has helped grateful sufferers to new comfort! NINAL is sold only on a trial-deposit guarantee. If not fully satisfied, we refund deposit at your request. Write today to The Ninal Co., Dept. E, 5 South Wabash Ave., Chicago 5, Ill.

SURPLUS GOODS: Consult Business

To prevent a disruption of ordinary business channels, U. S. agencies entrusted with the disposal of surplus war goods for civilian use have been instructed to confer with the War Production Board's 750 industry advisory committees on distribution of material through established outlets.

Although most members of the industry advisory committees are manufacturers, some wholesalers and retailers have been included in the groups, and it will be their task to help determine normal outlets for certain goods, the amount of material to be released, and whether distributors should bid for the merchandise, negotiate for its purchase or buy it at auction.

While the new procedure was announced, Rep. Wright Patman (Texas) pressed for enactment of a bill under which retailers would be given equal voice in the disposal of surplus war goods along with the bigger manufacturers and wholesalers.

GERMANY: Production Efficiency

Striving to stretch their human and material resources to maximum, Germany's production czars have reached into industrial and domestic activity alike.

In industry, the Nazis have spared men and metal by reducing locomotive models from 119 to 13, and they have economized on shipping space by extensive dehydration of foods. More efficient methods reportedly increased steel, copper and aluminum output while decreasing man hours.

To keep working women from performing house tasks at home, the Nazis have organized groups to mend their stockings and attend to other domestic functions. Persons from 65 to 70 have been enlisted to assist service men at railway depots.

Finds Long Way Back

Taken to St. Petersburg, Fla., by his master and then given to a resident there, an Irish setter, Duke, so longed for his old home that he traveled 1,500 miles back to it at Roann, Ind., where an old friend, Rev. Robert Collins, found him bloody-footed and exhausted.

Informed of Duke's plight, his master wired Rev. Collins funds to care for the dog until he should return.

ARMY AND NAVY: Furloughs

Because of shipping difficulties and preparations for campaigns, the army will continue to grant furloughs on an individual basis rather than to whole units, Sen. Guy Gillette (Iowa) was advised by the war department.

With other midwestern senators, Gillette had queried the war department about the possibilities of furloughing the 34th division, which has been overseas for more than two years and is made up of men from Minnesota, South Dakota, North Dakota, Nebraska and Iowa.

While the war department admitted many empty cargo ships were returning to the U. S., it added that there was a problem of shore handling once the vessels reached here.

New Construction

Heralding an intensification of the war against the Japanese, the U. S. navy asked for 1 1/2 billion dollars for the construction of shore facilities, principally on the West coast.

Plans call for the building of fleet and cargo piers, supply depots, aviation training bases, harbor improvements and repair depots.

Expansion of present hospital facilities from 60,000 to 80,000 beds and provision for malaria recuperation centers also were included in the plans.

WITHOUT COUNTRY

A bill has been passed by the house which would make men who fled the United States to avoid the draft "men without a country." These expatriates would be forever barred from reentering the United States. The bill was sent to the senate for action.

The house immigration committee reported that many men have gone into Mexico to avoid induction. In the vicinity of El Paso, Texas, alone, more than 800 evaders are known to have crossed the border.

Star Dust

STAGE SCREEN RADIO

By VIRGINIA VALE

Released by Western Newspaper Union.

THE new "Transatlantic Quiz" shows scheduled to start April 15 promises to be amusing; whether it will carry out its purpose, "to find out, through the participants, what Americans know about Britain and what the British know about America," remains to be seen. Col. David Niven, the movie star, who has been with the English army since the outbreak of the war, will be a regular member of the London panel when his war assignments permit. Russel Crouse, playwright, and Christopher Morley, author of "Kitty Foyle," will be regulars at this end. Slated for Saturday afternoons, the programs are done by the Blue network and British Broadcasting corporation.

Bonita Granville's fan mail has shot up considerably since she made "Are These Our Children?"—she's now second in the volume of mail

BONITA GRANVILLE

received by RKO players; averages 2,634 pieces monthly. The list is led by Ginger Rogers, who gets 3,500 letters a month.

Jack Lannon, Hollywood's best-known fog and rain maker, has a new job on his hands. He's been signed to handle the special weather effects which play an important part in creating the atmospheric setting for Cary Grant's new "None But the Lonely Heart."

Three narrow escapes in raids over German targets and in an RAF torpedo boat are recounted by Dave Oliver, RKO Pathe News cameraman who is back after serving for nine months as a newsreel correspondent. He kept on cranking his camera during running fights with the enemy in the air, at sea, and in the Italian campaign. He lived with a torpedo boat squadron for three weeks.

Radio's "Great Gildersleeve" moved into Hollywood from the San Fernando Valley, primarily to save gas, tires and time—and two days later Warner Bros. sent for him to do a special picture for the Canadian government, in the neighborhood he'd just vacated!

More than 12,000 individual programs supporting 60 separate war campaigns were broadcast by Columbia Broadcasting system on the home front in 1943, according to a recent announcement. The promise of postwar television, in full, natural color, and a plea for freedom of radio are also contained in the report.

John Loder, host and director of "Silver Theater" on CBS, can't work at the same microphone with many of his guests whether he wants to or not. It isn't that he wants to be aloof—a fellow who stands six feet three just can't get together at a mike with a five foot glamour girl.

It's an April birthday for "First Nighter," one of radio's veteran serials—625 consecutive performances on its Mutual network. Barbara Luddy was selected as "First Lady" of radio twice, in 1940 and '43, for her performances as the perennial heroine.

Victor Borge has been signed to play the voice of a new animated cartoon character who is expected to outstrip Donald Duck, Mickey Mouse, etc., in the public's affections. Victor's Scandinavian accent will be used to portray Wallie Walrus.

Barbara Stanwyck turns blonde for the second time in her career for the role of the murderer in "Double Indemnity." "I'd always visualized murderers as brunettes," she protested. "But evidently blondes are considered more unscrupulous this season."

ODDS AND ENDS—Howard Hawks is right in his element as technical adviser on sword-fishing scenes in the new Humphrey Bogart picture, "To Have and Have Not"—Hawks is rated among the nation's top game fishermen... It's a furlined wrong for Dorothy Lamour for Yukon sequences in the Crosby-Hope "Road to Utopia"... Alana Ladd, Alan Ladd's eight months' old daughter, has already been introduced to the motion picture world—her mother took her calling on papa during production of "And Now Tomorrow"... RKO is going all out on "Adventures of Sinbad the Sailor"; the studio's going to make it one of those lavish Technicolor productions

ASK ME ANOTHER?

A General Quiz

The Questions

1. What is the facial aspect for which the Cheshire cat is noted?
2. What are a ship's davits?
3. WAC officers and enlisted personnel wear replicas of the headgear of what warrior maiden?
4. Who were the first printers?
5. What is the supercargo on a ship?

The Answers

1. Grinning.
2. Cranes for the lifeboats.
3. Athena.
4. The Chinese.
5. The officer or person on a merchant ship in charge of the commercial details of the voyage.

Paiche, 500-Pound Edible Fish, Being Raised in Peru

One of the largest fresh-water fishes in the world, the paiche, or pirarucu, 12 to 15 feet long and weighing up to 500 pounds, is now being raised commercially on a fish farm in Peru.

Dried and prepared in long strips, the flesh from the monster fish was the poor man's "beef" the Amazon region for years.

Once it was so plentiful the fishermen from one small village could count a two-week catch the thousand. Unrestricted fish almost depleted the waters, but Peru has established a hatchery to replenish them.
