

## Whittlin'

By Dolph Moten

Just about the time that many people were deciding they couldn't, the Bovina Mustangs did.

'Twas one of the best games, from a spectator's viewpoint, that we've witnessed. Would even go so far as to say it was the best I've seen since Texas A&M whipped Texas U.'s ears down 22-21 in 1951.

And speaking of Texas A&M, (you knew this was coming) they played Texas Christian Saturday in Fort Worth. I mention that because Texas Tech fans don't seem to know anything about it. Incidentally, A&M won, 19-16.

This bank opening situation looks bad from here. Even if the approval for Saturday, October 29, comes through, the time left to promote the opening will be, to say the least, limited. However, maybe that is one of the prices you pay for doing business with the "big boys."

The delay has cut down on the interest as far as the merchants are concerned and understandably so. It is hard to plan to do something out of the ordinary when you don't know when you are going to do it. It stands to reason that if we are going to attract a large number of people to come to Bovina on the opening day that the people whom we're trying to attract will have to know about what is going on.

But let's don't give up—it could very well be a success yet.

Some businessmen who say they can't afford to advertise, can't afford not to, if the truth was known.

Went to Dallas last weekend. Left at midnight after the Bovina-Plains football game, spent 12 hours at an ad meet in Dallas, and got back in Bovina around midnight Saturday. I was too sleepy to see a clock so don't know exactly.

About all I know that this proves that if a man pulls runs like that one often, he sure does like ad meets.

Why are farmers characteristically pessimistic? A month or two months ago to hear most individuals engaged in the farming profession talk, you would have believed they would have traded their crops for just a pretty good 10 year old milk cow.

But since the harvest has begun, almost all farmers will admit that their crop is just a lot better than they had figured on it being.

I've mentioned it to a few people and I've gotten the impression that this year wasn't anything different, they are always pessimistic.

Maybe if you look at things in a pessimistic sort of a light you'll always get a pleasant surprise.

Maybe so, but the newspaper business would sure be hard on an out and out pessimist. The way I've found it is that if any part of it looks good, it's best to enjoy it because it won't look that way long.

Heard from the country from which I came recently (Central Texas). Crops were pretty good—one-third of a bale of cotton per acre and 1500 pounds of maize.

Make you feel any better?

Notice that many of the sportsmen of the area are leaving the comforts of their homes to go off into the cold, cold woods to hunt deer. It must be a good thing or so many people wouldn't be interested in it.

But why will a man leave a nice, warm comfortable home to go to a country where he can get up at 4 a. m. or earlier and go out into the cold and shiver until it's time to eat some lunch that he will probably have to cook himself? I can't understand it, but if the people who do it, like it, it just tickles me to death.

What if you kill a deer? Then you just have to dress it. Looks to me like it could be compared to playing against a stacked deck, you can't win for losing.

Charlie Lovelace, tax assessor and collector of the county, has announced that the county and state taxes can be paid just about any time now. Even get a three percent discount if you pay them in October, two percent in November, and one percent in December.

Understand that Friona defeated Hart by a lopsided score of 44-0. That, if you had much faith in previous scores, would make the Mustangs some 57 points better than Hart.

Personally, I think that each

# Bank Opens Next Saturday

—BULLETIN—

The First National Bank of Bovina will open its doors and be ready for business Saturday, October 29.

Local bank officials received official notice Tuesday afternoon that their suggested opening date had been approved by the National Board of Bank Examiners.

The bank charter will be issued on October 26th.

Warren Embree, manager of the bank, said that prior to official announcement, the bank equipment is being readied under the assumption that the suggested date will be approved.

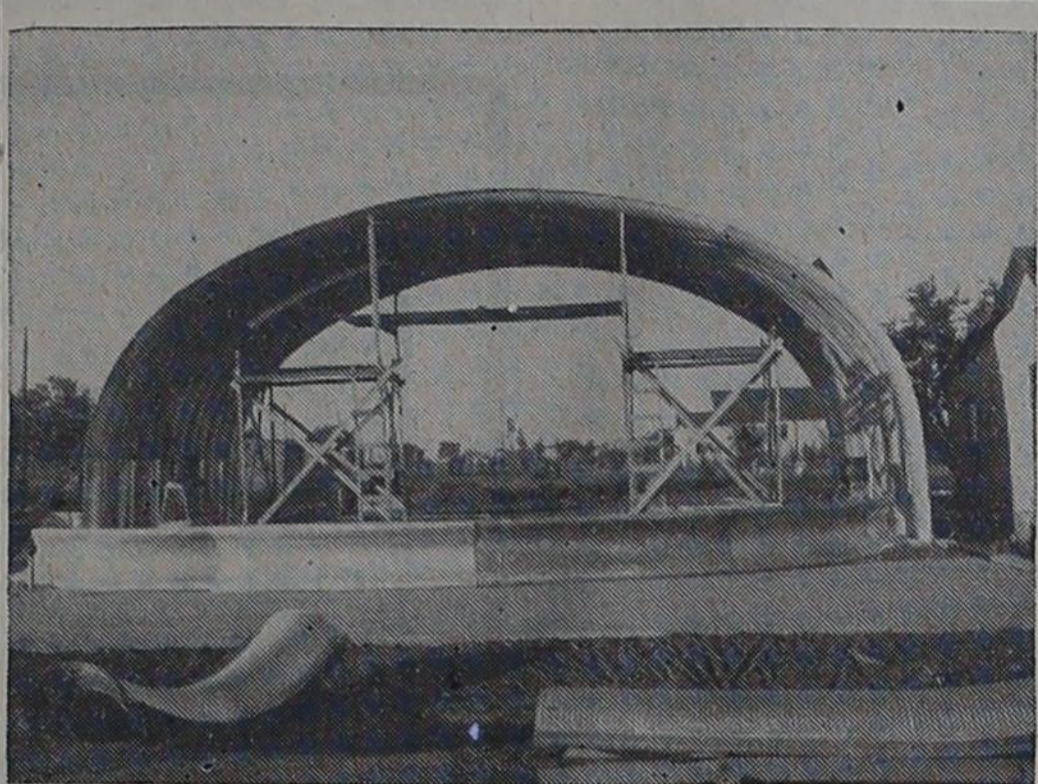

The location of the bank will be in the office space between the City Hall and the office of O. W. Rhinehart. This office is now occupied by Wilson-Brock Insurance Agency. Wilson and Brock plan to move into the City Hall.

Mrs. Lloyd Gober and Alfred Moody have been employed to work in the bank.

Formal planning of a special day in Bovina on the opening day of the bank has been delayed because the opening date was not official.

A letter giving more details concerning the officials is expected to arrive in Bovina Thursday.

More information concerning the bank will be in next week's issue.

BOVINA FARM CHEMICALS will be housed in this steel building that is 40 by 60 feet in size and located just north of the state highway barn on Third Street. The business will handle all kinds of fertilizer.

## Milo Men Against Making Sorghums Basic Commodity

Members of the Parmer County Grain Sorghum growers voted 20-17 Tuesday night against making grain sorghums a basic commodity. Arlin Hartzog, president of the group, presided at the three-hour meeting that was held in the auditorium of Bovina school.

Though the members voted down the idea of making grain sorghums a basic commodity, they elected two delegates to represent the county at the district meeting that will be held Thursday in Hereford. Delegates to represent Parmer County are Hartzog and W. L. "Preach" Edelman, president of the local Farmer's Union.

The delegates were instructed to vote "no" to making grain sorghums a basic commodity but to suggest and help the other district leaders get the price support on milo raised. The district group is composed of about the same group of counties that make up the III-Plains Water District.

At the beginning of the meeting, the president explained that "this is not a protest meeting at the Secretary of Agriculture." He went on to say that there is probably little that we can do to help the situation except to attend meetings and write our congressman, but we feel that more good can be accomplished if the individual farmers write to the congressman.

A question concerning how much acreage would be cut if grain sorghums were declared a basic commodity was asked. The answer, "How much acreage would be reduced is unknown. We like to think that it would be reduced by 20-25 percent but it could be a lot more and it might be somewhat less."

Parmer County had 225,000 acres of milo this year as compared to 115,000 in 1951. The acreage total grew every year during that period.

Ideas concerning how the situation would be changed if grain sorghums were made a basic commodity were discussed but they became less important when the group voted against making them basic. Six members of the group did not vote.

Directors of the organization include Truman Kent, Lariat; John Gammon, Lazbuddie; John Renner, Friona; Wes Long, Bovina; Bob Wilson, Bovina; Bert Williams, Farwell; and Pete Braxton, Black.

Visit in Andrews

Mrs. H. D. Bradshaw and Julius visited Ella Bradshaw in Andrews last weekend.

Ella met her mother and brother in Plains Friday night; and after the game, they went on to Andrews where Ella is teaching English in junior high school this year.

Mrs. Bradshaw and Julius returned home Sunday.

## District 3-B Game Pits Hart vs. Bovina

The Bovina Mustangs, with a one-win and one-loss record, meet Hart Friday night at the local field in their third district game.

Neil Smith, outstanding back for the Mustangs, received a broken left thumb in last week's 28-27 victory over the Plains Cowboys and won't be able to play against Hart Friday night. However, it is possible that he will see limited action in the next week's game against Kress.

Ferman Kelso, freshman reserve left end, broke his wrist in practice last Tuesday and will be lost to the team possibly for the remainder of the season.

Phil Caldwell or Julius Bradshaw will replace Smith in the Mustang backfield Friday night.

Smith's injury brings the total of squad members lost because of injury to four. Billy Richards and Sonny Brito are also out of action. Smith was, before his injury, a regular back and Brito was a starting lineman.

Aside from Smith's replacement, the locals' lineup will be the same for the Hart game that started against Plains.

## Locals Place In Farwell Talent Show

The Junior Wilsonaires Trio, composed of Nancy Cumpston, Joan Kay Ezell, and Janice Leake, won first place in the high school division of the amateur talent show that was held at Farwell Monday night.

Billy J. Charles, vocal soloist, tied for third place in the grade school division and Kay Leake, vocal soloist, won third place in the high school division.

Other entries from Bovina, all music students of Mrs. Doris Wilson, were Judy Roach, piano, and Harriet Lou Charles, vocal soloist, in the grade school division.

Mrs. Clifford Leake, Mrs. Wilson, and Sandra Rhinehart went with the group to Farwell. After the show they all went to Clovis for dinner.

## Student Council To Sell Decals

The Student Council of BHS met Wednesday for a regular session. Visitors were Roy M. Crawford, vocational agricultural teacher, Billy Richards, Sonny Brito, Glena Berry and Arlene Clayton. The members explained the purpose of the student council and told of their projects and trips.

In the business session, the group decided to sell pennants for the football games and Mustang decals. Also discussed was the homecoming which will be the 11th of November.

## Alan Abel to Entertain in Assembly Program

Alan Abel, national champion drummer, author and comedian, who has built his career around drums, will entertain in a high school assembly Friday, October 21, at 10:30 a. m.

His presentation of "The History of the Drum and Its Effect on Civilization Today," which is the product of years of study, research and practical experience, will be in the high school auditorium.

Admission to the assembly will be 15c for students and 25c for the general public. W. H. Willoughby, superintendent, said, "The entertainment is not for the students alone. The members of the Bovina community are invited and most welcome."

The drum is perhaps the oldest musical instrument known to man. An actual drum with curved drumsticks belonging to the ancient Egyptians was found during the excavations at Thebes in 1823. Every race of people, white, yellow, red, black, has used the drum in their wars and religious and social rites since the earliest dawn of history.

The use of drums in war and peace is inextricably woven into the lives of people of all ages and climes. It is probably the most universal of all musical instruments. Abel emphasizes this fascinating story of drums.

Abel's satire, wit, and humor have brought rave notices from the New Yorker, the New Orleans Times-Picayune, Billboard, and magazines and newspapers throughout the country.

## "Three Bears" Presented By High School Band

The Bovina High School Band presented the bedtime story of the Three Bears during their portion of the half at the Bovina-Plains football game.

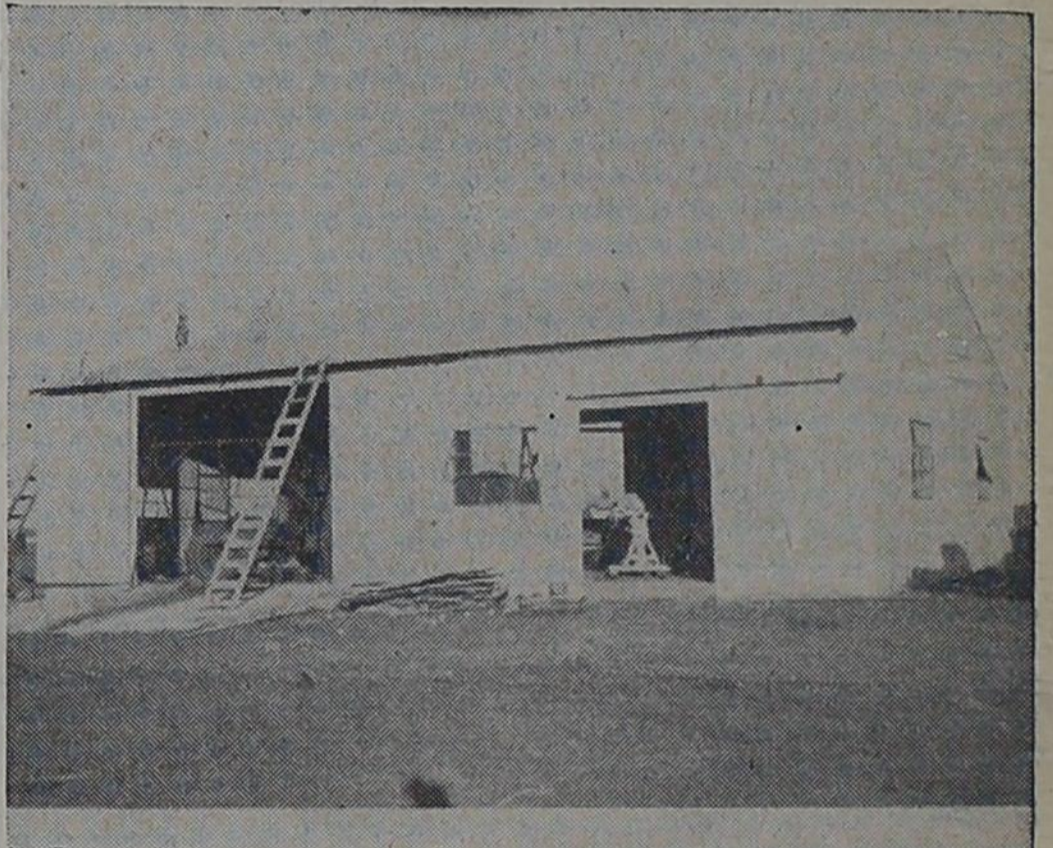

Marching onto the field from the west end, the band played "United Nations March." On the field, they formed bowls of soup, big, middle-sized, and tiny chairs and beds.

Towards the end of the story, Goldilocks, played by Barbara Taylor, ran from the field. The band left the field at the east end.

The Plains band performed precision marching upon entering the field and then formed a bicycle. While the band played "Daisy," the front tire went down, but by the aid of a service station attendant, the tire was soon pumped again. The band marched off the field still in the bicycle formation.

The next performance of the Mustang Band will be Thursday night when they will present a short concert for the Parmer County Farm Bureau Convention.

Tin has a boiling point of 2,270 degrees.

W & M MACHINE SHOP will occupy this 40 x 50-foot metal building upon its completion. The building is located one block west of the Oklahoma Lane road on the outskirts of Bovina. The business will handle welding and do general farm repair.

## Farm Bureau Meet Is Thursday Night

The seventh annual convention of the Parmer County Farm Bureau will be held Thursday in the Bovina School Auditorium.

The Bovina High School band will present a 30 minute concert to begin the meeting. Leadership pins will be awarded to county 4-H boys and girls and FFA boys during the convention.

Gilbert Kaltwasser, president of the bureau, and the board of directors are urging the organization's members to be present at the meeting.

Officers and directors will be elected and policy-making decisions concerning Parmer County farmers will be made in the form of resolutions.

The resolutions that decisions will be made on Thursday were discussed October 6 in Bovina during an open forum type meeting of the Bureau. However, only

about 10% of the Bureau's membership attended the discussion meeting.

## Mrs. Harvey Condron Hurt in Plane Crash

Mrs. Harvey Condron, daughter of Mr. and Mrs. Lee Sudderth of Bovina, suffered a broken shoulder and arm last Thursday morning when the Cessna 180 aircraft in which she was a passenger overshot the runway in an attempt to land at Benger Air Park at Friona.

Mrs. Condron was accompanied by her husband and a Mr. DeLeon and a Mr. Gray. The men were not seriously injured.

The four people are residents of Houston. CAA representatives from Amarillo examined the damaged plane Thursday afternoon.

# Mustangs Upset Plains, 28-27, Friday Night

The gifted toe of Quarterback Darrell Read and the determination of the Bovina Mustangs' line spelled the difference Friday night at Plains as the locals eased by the favored Plains Cowboys in a 28-27 upset.

Plains scored the opening touchdown early in the first quarter but the Mustangs came fighting back with a touchdown and an extra point to give them a first quarter lead that the Cowboys could never overcome.

Ezell kicked off to begin the game to Brantley who took the kick on his own 25 and returned to his 46. Brantley then lost to the 39 but Borland regained the lost yardage and added two more of his own to get up to the 48. Blount then managed for a first down on the Mustangs' 46, Borland carried down to the 39, Brantley

to the 35, and another first down. Brantley went to the 26, and on the following play, Borland circled his left end for a 26 yard scamper and paydirt.

Brantley's kick for the extra point was wide and the Cowboys lead remained 6-0.

Neil Smith took the kickoff from Plains following the first touchdown and was downed on the 14. Ezell carried to the 16, Smith couldn't gain, and a Read pass was incomplete to Billy Burnam. With fourth down and eight needed, Read punted but the ball was brought back because of an off-side penalty against Plains. So Read punted again, Brantley took the second punt on his own 45 and returned to Bovina's 43. Blount made a first down on the 32 on the first play after the punt. Borland went to the 17, Blount to the 10, and

Borland carried again to the four. But a fumble that was recovered by Plains lost four yards to the eight. On the next play, the Mustangs determined line jarred the ball lose again and Bovina recovered on the eight.

Smith shook lose from the eight and galloped to the 26. Read on a keeper around left end went across the midfield stripe and was on Plains' 29 before he could be brought down. Ezell failed to gain from that point and Read circled his right end on the next play and was stopped on the 15. Read lost one to the 16, Smith picked up eight to put the ball on the eight.

Read almost broke into the clear on the next play but was halted on the three and Smith went over from that point to tie up the ballgame in a 6-6 knot but Read's placement for the extra point was

good and the Mustangs were ahead, 7-6.

Ezell's kick was taken on the two yard line by Borland and returned to the 19, a five yard penalty set the ball back to the 13, Borland carried back to the 19, and Overton failed to gain as the first quarter ended.

Borland broke lose to the 43 on the first play of the second quarter, but a fumble in the Plains' backfield was recovered by Tackle Lynn Isham on the Cowboys' 40 and the Mustangs were again in possession.

A Read to Smith pass moved the ball to the 29, Smith carried to the 24, a five yard penalty for backfield in motion set the ball back to the 29, but a Read to Erith Hawkins pass was good for 18 yards to the 11 yard line. Smith went to the nine, a Read pass went

astray, and Read couldn't gain on a running attempt but with fourth down, Read hit Smith in the end zone with a hard down-the-middle pass to make the score 13-6. Read's second conversion attempt of the night was good and the Mustangs led 14-6.

Ezell's kick was returned from the 20 to the 43. Brantley carried to the 38 in Bovina territory in two tries. Borland went to the 35, then to the 32 and a first down. Blount made it down to the 28 and Brantley was stopped on the 26. Borland carried to the 15 and Brantley carried over from 15 yards out. Brantley's kick was good and the teams were tied in touchdowns at two each but the Mustangs lead in extra points 2-1.

The Cowboys kicked off to Smith who picked up the ball on the goal line after it had taken a bad

bounce and brought it back to the 19. With time running out in the first half, Read passed unsuccessfully to Hawkins. Burnam made no gain but a five yard penalty for off-sides against Plains moved the ball out to the 24. Read made six to the 30. Then, back to pass and no receivers open Read carried out to the 33, and when the same situation came up the second time he carried to the 42. A pass to Burnam was incomplete. Read moved the ball to the 47 in Plains' end of the field. A pass to Burnam was complete to the 26, and Read picked up two to the 24.

On the first play from the 24, Ezell took a pitchout from Read and carried it down the left side for the Mustangs' third touchdown of the night. Read's kick again was straight and true through the

### Green Light

Now we have the official notice of the bank's opening—Saturday, October 29—and a better chance for Bovina to have a successful "Special Day" would be hard to find.

Many local merchants have been talking and considering the things that they could do to attract people of this area and surrounding areas into town that day. Most of the ideas are built around the bank's opening, with the merchants' individual businesses being tied in with the planning, which is good.

The bank's opening offers an excellent opportunity for all of Bovina to benefit, but the "goings-on" have to be great enough to get many people to participate.

The delay of the official notice of the opening has been long enough to make the special day handicapped to a certain extent, but by lots of hurry and hard work it is very possible that the idea can be put over to its fullest potentialities.

Since the bank is prohibited by law to "throw" its own promotional campaign by offering special inducements to its customers, the town merchants and individuals need to participate to the utmost to make the day a success. Because it is easy to see that not only will the bank benefit by such a day but the majority of other businesses as well.

Some very sound ideas have been expressed around town, and if these ideas can be put into effect—Parmer County and all of the High Plains will be even more proud of Bovina.

### Impressive Dinner Given by Study Club

The Bovina Woman's Study Club gave a buffet dinner Thursday night in the high school cafeteria. The guest of honor was Mrs. Albert Vohs of Clovis, New Mexico, who had recently returned from a trip abroad. Other guests who accompanied Mrs. Vohs were her sister, Mrs. Mandell, of California and Mrs. Emma Reed, also of Clovis.

The serving table was spread with a white linen cloth with red roses gracing the center of the table. A candelabrum was placed on either side of the roses.

The table, where the guests of honor and her friends sat, was decorated with gold and brown chrysanthemums in the center. The other tables were decorated with berries.

After dinner, Mrs. Vohs gave an enlightening and entertaining talk on her recent trip to Europe, with emphasis on her experiences while in France.

Sue Moody and Helen Hartzog assisted the Study Club members in serving.

Guests and members present were Lillian Fisher, Grace Paul, Mr. and Mrs. Arnold Hromas, Mrs. Pat Terry, Mr. and Mrs. R. E. Everett, Mr. and Mrs. A. B. Wilkerson, Pauline O'Keefe, Mrs. Aubrey Rhodes, Mrs. Hodge Rigdon, Mr. and Mrs. Bob Wills, Mr. and Mrs. Roy Crawford, and Mr. and Mrs. Wayne Stevens.

Also present were Mr. and Mrs. W. E. Thornton, Rev. and Mrs. W. R. Beard, Mr. and Mrs. Harry

J. Charles, Ruth Thornton, Mr. and Mrs. Dolph Moten, Mr. and Mrs. Art Mast, Mr. and Mrs. Earl Stevenson, Mr. and Mrs. E. H. Moody and Mr. and Mrs. J. E. Sherrill.

Also attending were Mr. and Mrs. Bass Elliott, Mr. and Mrs. Aubra Ellison, Mr. and Mrs. Frank Truitt, Mr. and Mrs. Buck Ellison, Mr. and Mrs. Lloyd Battey, Mr. and Mrs. Frank P. Wilson, Mrs. Reagan Looney, and Mr. and Mrs. Amos Shockley.

Also present were Mrs. Ovid Lawlis, Mr. and Mrs. Billie Sudderth, Mr. and Mrs. H. D. Bradshaw, Mrs. Rouel Barron, Mr. and Mrs. G. W. Mayben, Mrs. Gene Ezell, Mr. and Mrs. Bedford Caldwell, Mr. and Mrs. W. H. Wiloughby, and Mr. and Mrs. W. E. Williams.

Also Mrs. Arlin Hartzog, Mr. and Mrs. I. W. Quickel, Mr. and Mrs. Charles Ross, Mr. and Mrs. Clarence Jones, Mrs. H. N. Turner, Mrs. Vohs, Mrs. Mandell, and Mrs. Reed.

### Visit Boys' Ranch

The Rebecca Sunday School Class of the First Baptist Church of Bovina sponsored a visit to Boys' Ranch near Amarillo Sunday. The group left the church at 8:30 a. m. arriving at the Ranch in time for Chapel at 10:45. After the services they went to the picnic grounds for a basket lunch.

After lunch they visited the grounds and buildings guided by Jimmy Holt a resident of Boys' Ranch. They watched a ball game between the Boys and a team from Amarillo Air Force Base.

The class presented a shower of socks to the boys and the supervisors and returned home. All were deeply impressed with the type of teaching and training the boys are getting and feel that they can now personally recommend the support of this good home and school.

Those enjoying the trip were Mr. and Mrs. R. E. Everett and Jan, Mr. and Mrs. J. T. Jones and Joe, Mr. and Mrs. A. J. Routt, Mr. and Mrs. Lewis Pesch, Mr. and Mrs. J. E. Sikes, Mr. and Mrs. C. L. Murray and son, and Mrs. Reagan Looney, June and Stuart Hanna.

### Sunday Dinner Guests

Mr. and Mrs. F. W. Ayres had dinner guests in their home Sunday. They were Mr. and Mrs. Bill Venable, Mr. and Mrs. Buck Ellison, Mr. and Mrs. C. W. Grissom and son, Mr. and Mrs. Robert Read and Wesley and Diane Ayres of Clovis.

### Visit School Friend

Mrs. Bill Mitchell and son from Littlefield and Mrs. J. L. Harris and daughter of Amherst visited in the home of Mr. and Mrs. Eddie Hutto, Wednesday. Mrs. Mitchell and Mrs. Harris were schoolmates of Mrs. Hutto.

### Pink and Blue Shower Honors Mrs. Sherrill

A pink and blue shower honoring Mrs. Jay Sherrill was held Wednesday afternoon in the home of Mrs. Willis Downing.

Games were played and the gifts were opened and viewed by everyone.

Refreshments of cake and punch were served to Mesdames Will Parker, Mel Gunn, Madie Brown, Bill Venable, Loula Smith, James Broadman, June Ellison, Robert Calaway, Hourth Summers, C. W. Grissom, Tom Rhodes, Thomas Rhodes, Buck Ellison, F. W. Ayres, C. E. Trimble, and E. C. Berry.

The hostesses were Mrs. Lloyd Killough, Mrs. Willis Downing, Mrs. Billy Marshall, and Mrs. Robert Read.

Those sending gifts were Mesdames Paul Jones, Scott Levins, George Trimble, Sam Sudderth, Bob Sudderth, Charlie Jefferson, Jim Ellison, N. E. Bonds, Fred Roberts, Ronald Berggren, A. J. Loflin, Grady Whitesides, Emmett Tabor, Ike Quickel, Levi Johnson, Hubert Ellison, Melvin Terry and Miss Lillie Ellison.

### Home from Studies

### Birthday Dinner

Debbie and Vickie Hawkins were honored with a dinner on their birthdays by their mother, Mrs. Harold Hawkins.

Guests were Mr. and Mrs. Roy Hawkins, Roylene and Erith, and Mr. and Mrs. Charles Hawkins, Janie Lou and Darla Ann. The birthday cake was decorated with the three bears wishing the girls a happy birthday.

### BAPTIST CHURCH NEWS

Rev. Virgil Goodwin, Pastor

Last Wednesday a group of women attended a WMU meeting with the First Baptist Church at Plainview. Those attending were Mesdames Virgil Goodwin, J. D. Kelley, Ovid Lawlis Pierceson Adams, A. J. Routt, Alvin Glasscock, and Bobby Englant. The fol-

lowing day, Thursday, a group attended the Annual WMU Association Meeting in the First Baptist Church, Hereford. Those attending this meeting were Mesdames Bobby Englant, J. D. Kelley, Ovid Lawlis, Virgil Goodwin, J. W. Gooch, and Pierceson Adams. The pastor attended both meetings also.

Monday night of this week the Brotherhood was asked by the Oklahoma Lane Brotherhood to join with them in a meeting. Nine men from our church went to Oklahoma Lane for their meeting. Those attending were A. J. Routt, Wallace Rogers, Pierceson Adams, Charles Hawkins, A. P. Hobdy, Hodge Rigdon, Alvin Glasscock, Henry Minter, and Virgil Goodwin. E. J. Morgan, manager of Plains Baptist Assembly Camp Ground, Floydada, gave a very good talk on the Layman's opportunities to serve Christ.

October 25, 26, and 27, the Baptist General Convention of Texas will hold its Annual Meeting in Houston. The pastor and his wife plan to attend this meeting. On Monday and Tuesday the Annual State WMU and Brotherhood Conventions will be conducted simultaneously.

Last Sunday there were 186 in the Sunday School, and 94 in the Training Union.

### Celebrates Birthday

Glenda Kay Kelley celebrated her third birthday, October 14, with a party in the home of her aunt, Mrs. Opal Bowen.

## "The Happiest Dog In The World"

Minx, the beautiful German Shepherd seen above with her friend Charles Letizia, is one of the happiest dogs in the world. Unlike dogs who spend only a few hours with their masters, Minx is the full-time companion of Mr. Letizia . . . for Charles Letizia is blind. Minx is his Second Sight dog.

They trained together at the Second Sight Training Center—learning to walk and live as a team.

Second Sight, supported wholly by public contributions, provides guide dogs, training, room and board, and transportation (no matter how great the distance) for sightless persons—all entirely free.

If you know any sightless person who could be helped by a Second Sight dog, have him or her contact Second Sight, Smithtown, Long Island. Contributions to help this non-profit organization may be sent to the same address.

HELP... continue treatment for POLIO VICTIMS ELIZABETH KENNY Polio FOUNDATION NATIONAL HEADQUARTERS MINNEAPOLIS, MINNESOTA

Teams of Specialists Determine Needs of Kenny Polio Patients

Minneapolis, Minn. — Because no single individual can cope with all the problems posed by a severe case of poliomyelitis, the Sister Elizabeth Kenny Foundation employs all the knowledge, ingenuity and skills that modern science can provide to meet the rehabilitation needs of patients hospitalized at its Kenny treatment centers across the country.

Doctors and Kenny Therapists play the major role in rehabilitation. Other highly-specialized personnel, ranging from laboratory technicians who can measure the exact quantity of oxygen in an iron lung patient's blood to individuals who design and build to order gadgets that can be substituted for missing muscles, frequently are pressed into service.

As soon as the initial stages of the patient's treatment are completed, he is placed under the care of an Occupational Therapist who

seeks to build up his strength by giving him various projects to perform with the affected muscles. Kenny Therapists and Occupational Therapists are directed by doctors who specialize in physical medicine and rehabilitation.

As the patient progresses, social workers and job-placement experts work with him, his family and his employer to effect a successful adjustment and to help locate employment within the limits of his ability.

For example, at Elizabeth Kenny Institute in Minneapolis, headquarters for Kenny work throughout the country, a team of specially-trained people has worked together for a number of years and has treated nearly 10,000 cases of polio. It has become a smooth-functioning unit and is capable of effecting total rehabilitation of patients with a variety of partially-curable diseases.

The Kenny Foundation has broadened the scope of its services by incorporating the application of effective techniques and rehabilitation of patients with various neuro-muscular diseases.

HELP CONTINUE POLIO TREATMENT Pure SISTER KENNY FOUNDATION

have ever married, then his unknown wife or wives; and should any of said defendants be deceased, then their unknown heirs, assigns or legal representatives, Defendants.

A brief statement of the nature of this suit is as follows, to wit: A suit to try damages as well as title to and possession of Lots 27, 28 and 29, Block 17, Original Town of Farwell, Parmer County, Texas as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Farwell, Texas, this 22nd day of September, A. D. 1955.

Pastures Can Cut Pork Production Costs

COLLEGE STATION—"Don't overlook pastures in figuring how to cut swine production costs," says E. M. Regenbrecht, extension swine husbandman. The pasture, he adds, is the best place to keep the bred sows at all times except during bad weather in the farrowing season.

The exercise, sunshine and nutritious pastures will help to farrow a stronger and more vigorous litter. But a clean, dry, well-bedded shel-

ter is essential for the cold weather months, says Regenbrecht.

The sows will need plenty of water and a balanced ration but the pasture will reduce the feed bill. Too, with lowered hog prices, any management practice which will cut costs is an important item.

It is now time, says the specialist, to plant the pasture for fall, winter and spring grazing. Oats, rye, winter wheat or barley are suggested as crops which can be planted in most sections of the state. Moisture conditions are now favorable and for maximum yields, Regenbrecht suggests that from two to three bushels of seed an acre be planted. The plant should be five to six inches high before being grazed.

The spring litters will be able to graze the small grain pastures before most other pastures are ready. The earlier the sow and litter can be turned on the pasture the better.

A good acre of small grain, fertilizing is recommended before planting and nitrogen applied as a side dressing when needed, should produce sufficient grazing for about six sows and their litters during the spring season.

Social Security Man To Be Here Oct. 19

Retirement benefits under the Social Security Act, and survivors payments where the worker is deceased, are based on the total earnings posted to the worker's account. This account is set up under the number on the individual worker's social security card.

No earnings, whether from wages or from self employment, can be posted to a worker's account unless his correct social security number is given. Wages or self-employment income reported without a number, or under an incorrect number, can never be posted unless the correct number is obtained.

John R. Sanderson, Manager of the Amarillo Social Security Office, urges that employers examine each new employee's social security card when he goes to work, copying the employee's name and number exactly as they are shown on his card. Getting this information correctly before the tax return is made will save the employer's time in answering correspondence and personal contacts to try to get the information later. Employees who are not asked for this information should volunteer it when they go to work for a new employer, Sanderson says.

As a final reminder, Sanderson urges employers who receive correspondence from the Social Security Accounting Division concerning missing or incorrect social security numbers to answer the correspondence promptly. A prompt reply to such correspondence, he says, will save the expense of follow-up correspondence and personal contacts by his office.

A representative from the Amarillo office of the Social Security Administration will be in Farwell on Wednesday, October 19 at 10:30 a. m. in the Commissioners Court Room.

## THE PARING KNIFE

By JEANIE MOTEN

Swiped the following from the Ft. Worth Star Telegram:

Neal Gross, head of the Harvard school of executives studies, says an "ideal" school board member is a sort of King Solomon who does everything quickly and cheaply,

even when he knows nothing about it.

Gross told a conference for school board members, school officials, and laymen the ideal school board member should have:

1. A heart of gold, a mind of

steel, and a nervous system of elastic.

2. A built-in telephone holder on one shoulder and a tear absorber on the other.

3. The ability to make wise and penetrating decisions on subjects he doesn't know anything about.

4. The desire to be hooked by educational jargon.

5. The ability to tell parents that a straight line for a school bus is not necessarily door to door.

6. The connections to buy aspirin at 50 per cent discount.

7. A notion of how to increase salaries, build new buildings and lower the tax rate—all at the same time.

8. The wisdom to steer a course between the horse and buggy and space ship schools of education, without splitting the personality of the child.

We heard the other day that when you have a cold, you get well quicker if you sniff your nose instead of blowing it.

When we got home, told Dolph that I couldn't imagine why that would be true.

It was an "old navy man" who told us this interesting phenomenon, and Dolph told me what entered his mind when the ex-gob told us that.

He said, "Well, he was in the navy; and in the navy you have to do your own clothes washing."

That was sufficient explanation for me.

Don't know your opinion on Marilyn Monroe, but still don't mind telling my own. Read a letter to the editor in the current issue of the Red Book that expressed my sentiments exactly.

Several issues back Red Book ran an article on "The Marilyn Monroe You've Never Seen." This particular comment that struck me as most true was in the last issue. It said:

In regard to your article "The Marilyn Monroe You've Never Seen," I have but one comment, there's not very much of her that we haven't seen.

I didn't go to Dallas. Dolph and

Sonny decided to "not take their wives to the convention." So I "went home to mother" over the weekend.

Dolph was dead tired all day Sunday and said the cause of such tiredness was that he hadn't slept for the past two nights.

Just don't know what to think.

Certainly enjoyed the football game. Too bad people from Bovina weren't there to see the Mustangs upset Plains.

Friday night was Plain's homecoming. There were quite a few of their rooters there, but seems to me that Bovina has more fans at just an ordinary home game.

\*\*\*\*\*  
Speaking of the football game, there were quite a few crucial moments during the game. Just after Bovina had fumbled the ball one time, happened to see one of the majorettes beating her baton on the ground. Upon discovering that she had bent it, she just turned it over and started beating on the other side.

Don't guess the extent of damage really dawned on her until much later.

\*\*\*\*\*  
Heard over the radio the other morning that people should be divided into two classes—friends and strangers. Then we couldn't talk about our friends and wouldn't know enough about strangers to talk about them.

Me thinks whoever thought that up is just a little bit idealistic. Friend, stranger, or otherwise, it doesn't seem to make a whole lot of difference when gossip mongers get started.

\*\*\*\*\*  
Why doesn't Bovina have a doctor? Heard the other day that the try-to-get-one had been talked about and probably in a few more years, some organization might go all out to interest a doctor in Bovina's possibilities.

Why wait a few years? We need one now.

Mrs. Herman Estes left Bovina Thursday to attend the high school homecoming at Santa Anna this weekend.

## Wesleyan Guild Holds Study

The Wesleyan Guild met Monday night in the home of Mrs. W. E. Williams for the first in a series of studies on the Indian Americans.

After the group sang a hymn and read the scripture, Mrs. Bedford Caldwell sang a solo—"Dakota Hymn." After the meditation given by Mrs. W. R. Beard, the group was lead in the study, which took the form of group discussion, by Mrs. Bedford Caldwell.

An Indian version of the Twenty-Third Psalm was read by Mrs. Dolph Moten. Mrs. Beard closed the study with prayer.

Pie, nuts, and coffee were then served by the hostess, Mrs. Williams.

Those attending the study were Rita Caldwell, Mrs. Margaret Caldwell, Mrs. Bedford Caldwell, Mrs. W. E. Williams, Mrs. June Norton, Mrs. Dolph Moten, Mrs. W. R. Beard, Mrs. Wayne Young, and Miss Grace Paul.

How much will Bovina grow when the sewer is installed? That is a question that many of us would like to have the answer to. Talk is plentiful about the new things that will come along when the sewer is put in. If half of them turn out, the sewer will probably be worth the \$100,000 that it will cost.

Another thing that it wouldn't hurt to be thinking about is how many property owners will tie on to the sewer when it is ready? Seems kinda' useless to tie on to the sewer when you have a cesspool that is good for another 10-15 years.

But on the other hand, the people must have planned on using it or they wouldn't have voted for it.

4-H Make Plans To Sell Tape

The Senior Girls' 4-H met last week in regular session. The president, Kay Hartzog, called the meeting to order and Lexie Stevenson read the minutes.

Plans for County Achievement Day were made. Gladys Dean will be in charge of the recreation for the meeting and the clean up committee will consist of Janice Richards, Lexie Stevenson, Kay Hartzog, and Nickie Woelfel.

The county-wide sale of safety tape for cars, bicycles, and trailers will be the last of October and the first of November. The sale will be in connection with the 4-H safety program for the year.

Preliminary plans for the Achievement Day and the sale of the safety tape were made at the council meeting in Bovina last Saturday. At this meeting, Helen Hartzog was elected county council chairman.

During the business meeting, Helen Hartzog and Gladys Dean reported on the leadership meeting they attended at Farwell Tuesday night.

Mr. and Mrs. Ausburn Loflin, and sons, Larry and Jerry, had dinner with their daughter and her husband, Mr. and Mrs. Eddie Meil of Friona, Friday.

Leslie McCain went deer-hunting in Colorado last week with his brother-in-law, Eldon Hill of Littlefield.

H. L. Dern of Truth or Consequences, N. M., visited his nephew E. C. Berry Saturday.

BEAUTY TIPS . . . . . by June Norton

Forehead fringes are in style and are designed and used by the top notch hairdressers all over the country. Forehead fringes are commonly known as bangs. Bangs have been in style for the last few thousand years.

Cleopatra wooed and won Anthony—she wore bangs—since then they have been in style. Bangs can be pert, provocative, sophisticated or very demure.

You can wear them curled, waved, rolled, sculptured, fluffed, straight, or wisped. They can be used for purposes other than decorative. They can be flattering to any woman—but they must be the right bangs, properly styled to features, facial type, and personality. Imperfection can be disguised with them.

The hair styles are definitely more and more feminine—nothing

could be more feminine than bangs.

Don't start hunting for the scissors to cut your own forehead fringes, just pick up the telephone and call number 4391 and let us design a bang-up hairdo for you.

WMU Has Busy Week

The Women's Missionary Union of the First Baptist Church attended a local meeting, district meeting and an associational meeting last week.

The Blanch Grove Circle met Tuesday in the home of Mrs. Ovid Lawlis, for a community missions meeting. Those attending were Mesdames Johnnie Horn, P. A. Adams, Roy Fuller, J. W. Gooch, and the hostess, Mrs. Ovid Lawlis. After the program, refreshments were served and the meeting was adjourned.

Wednesday, the District WMU meeting was held at Plainview and several ladies from Bovina attended.

Thursday, the Annual Associational Meeting was held in Hereford. Mesdames Ovid Lawlis, J. D. Kelley, Bobby England, P. A. Adams, J. W. Gooch and Rev. and Mrs. Viril Goodwin represented Bovina.

School Paper In Full Swing

The Yucca, the voice of Bovina High School, is being published every week by the students in high school. The paper features high school and grade school news, sports highlights, gossip, who's who in class, and anything else concerned in school. The staff is headed by French Crook and includes Billy Johnson, Pat Burnam, Helen Hartzog, Tom Ware, and Donna Jean Hobby.

The Washington Monument was opened on Oct. 9, 1888.

Sophomores Present Assembly Friday

The Sophomore Class presented the assembly Friday morning at 10:00 in the school auditorium. After the flag ceremony and the singing of the school song, the sophomores presented a skit entitled "A Day at the Hospital."

The characters were James Stevens, Sandy Martin, Beverly Roberts, Junius Williams Charles Haney and Dick Horn. Kay Leake sang two selections, Irene Drager played the accordion and Mike O'Hare played the monica. After the program, the cheerleaders led several yells.
