"In The Agricultural Center Of Parmer County"

WHITILIN'

By DOLPH MOTEN

From a safe, across-thestate-line distance, we're enjoying the success of a couple of our old Parmer County newspaper buddles in New Mexico politics.

The Democrats won big in last week's election in New Mexico just as they did in Texas and elsewhere. That meant that Harold Runnels of Lovington upset Republican Incumbent Ed Foreman for one of NM's two Congressional seats. That enthuses one of the aforementioned buddies, W. H. Graham, Jr., who is publisher of The Lovington Daily Leader, While Graham is supposedly a registered Republican, whatever that is, it doesn't take much reading between the lines of his Page One column to figure out that he's mighty proud to be hometown buddies with a sur-nuf Congressman, United States-style, nevermind the political party.

"Dick" Hapke, a native of Texico and a former editor of The State Line Tribune. Hapke got deeper into New Mexico several years ago when he graduated from the editorship of The Tribune to the Lovington daily. And he used that promotion for still others until he caught on as campaign manager for the successful Runnels.

We don't know much about the situation because of our distant viewpoint, but we're guessing Hapke resigned from a good | 90. She named six last week. newspaper job to get into the political wars as Runnels' first | margin over Bob Fillpot, Erith lieutenant, Monthsago, when we Hawkins and Larry Wardlaw first heard about Hapke's new | who are tied for second place duties, we decided that news- with a total of 70 points. papering jobs must be easier come by in New Mexico than we thought or Buddy Hapke wouldn't have left what he had to get into something as uncertain as politics. And, too, we'll admit, we figured his new campaign manager's job would be over and finished come elec- Every 5 Years -tion day, Nov. 3. Two years ago, Runnels had lost in the Demo primary to Johnny Walker, who was then defeated by Foreman in the general election of '68. It looked from here that while Runnels was a good and dedicated candidate, he had about as much chance of winning as a Percheon in a Ruidoso Downs Quarterhorse race.

That was months ago, understand, before we knew the people (voters) were going to get so tired of tight money, high interest rates, poor business conditions and President Nixon and his loud-mouthed buddy, Agnew.

The whole situation turned out much, much better than we originally pessimistically figured it would for my friends. Stands to reason, it does, that Campaign Manager Hapke will now have a place on the Congressman's Washington staff. However, such had not come to the top as of early this

In regard to Hapke's situation, Graham wrote in his "Hopper" column:

"Harold (Congressman Runnels---notice the lack of formality here) will be entitled to 13 staff members in Washington plus his district people. That's a pretty good size hiring and organizing chore right

"Dick Hapke says he honestly doesn't yet know where he'll fit in all of this. 'The only deal I had was to stay through the election,' he says, 'Right now, I'm out of a job.' Dick is a little conservative about prospects. He would be right on the button, maybe, if they had lost. But they didn't. They won."

So, we're happy for our friends and the success of their Democratic candidate-acquaintance.

Wonder if they feel any sympathy for us off up here in this Texas Panhandle Congressional District which had a Republican Representative re-elected without even any Demo op- | fee charged for each painting

Football contest picking was rougher than a wood hauler's iron-wheeled wagon on us last week.

* * * * *

We named five out of 10, which is just what you should end up with if you played eeniemeenie-miny-mo with the choices. Not too good.

That poor picking dropped our season's average down to a percentage of .677 --- 61 right out of 90 chances.

Through oversight, we left the Dallas Cowboys - New York Giants off our selections in last week's papers, but we chose Dallas publicly prior to gametime just so we could keep the record straight.

Our ambition is to get our season percentage back to the .700 mark and we have about as much chance of doing that

Dismiss School Friday

Bovina Schools will be dismissed for the weekend tomorrow (Thursday) afternoon, according to an announcement from L. F. Jacobs, superintendent.

There will be no classes Friday.

Reason for no school Friday is that faculty members will be attending a district teachers' meeting in Amarillo, This is an annual meeting of teachers in the area.

Because of no school Friday, the football game between the My tangs and Hart has been moved up to tomorrow (Thursday) night. The game will conclude the 1970 football season for the Mustangs.

Young Driver Has Accident

An accident occurred on the parking lot of Crook's Southside Service Station and Grocery Sunday afternoon.

A car "driven" by Lokeene Hughes rammed into a parked car owned by Doyle Merrell. Lokeene is the two-year-old daughter of Mr. and Mrs. Dudley Hughes. She and her brother, Kevin, who was riding in the back seat of the car at the time of the mishap were

not injured. The accident was investigated by Highway Patrolmen Robert Shedd and Glenn Fant of

Both parents were in the store at the time Lokeene decided to "drive." The car was left running and she put the vehicle in gear, starting it in motion and into the parked car.

this week: LAZBUDDIE at Amherst ---The Longhorns were terribly upset last week by Matador. It was their first loss all year. We left them off the contest because we thought Lazbuddie was a cinch to win. They'll bounce back this week against a good Amherst Bulldog team, we're guessing.

Lockney at FRIONA --- In spite of the fact they're in the same league with state-ranked Floydada, the Chiefs are having a pretty good year.

Happy at SPRINGLAKE-EARTH --- This is one of those that could go the other way, but the Wolverines are bigger and some better unless the Cowboys slip up on them.

Farwell at VEGA --- This is probably wrong, but we're expecting the Longhorns to bounce back from their loss to the Mustangs while the Steers could still be down after losing out on their chance at the district championship.

OLTON at Dimmitt --- The Bobcats surprise us often, but we doubt that they can beat Olton, which was given a slight chance to upset Floydada.

SUDAN at Kress --- The Hornets are supposed to be stronger overall, but Kress can certainly be explosive. All the marbles are riding on the outcome of this one and the better team should win.

Sauce It With Fresh Cranberries

Those first of the season fresh cranberries coming to your market now are at the peak of flavor and color. Make them the basis of a delicious topping for your favorite breakfast fare. This easy-to-make fresh Cranberry Lemon Sauce turns convenience foods such as frozen waffles, hot cakes and French toast, into gourmet fare.

Cranberries are a snap to freeze, and will keep their bright red appearance until you are ready to use them in your favorite recipes. Simply pop some extra bags or boxes of berries, unopened, into the freezer. No need to wash. When ready to use, do not thaw berries. Just rinse quickly and use whole, chopped or ground, for any recipe calling for fresh cranberries.

People who cook with pride cook with GAS. Mrs. Cecil Burke does.

Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Burke and nine out of 10 professional chefs agree

that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Burke's favorite recipes.

JEWELED CHEESE PUFFS Mrs. Cecil Burke, 2426 Walnut, Amarillo

1/4 teaspoon salt 2 cups sifted 1 cup butter all-purpose flour 1 package (8-oz.) 2 teaspoons baking powder cream cheese 2 tablespoons sugar 2 eggs, beaten

Preserves or jelly

Sift together dry ingredients. Beat butter and cream cheese until fluffy. Add beaten eggs and beat well. Blend into sifted dry ingredients. Chill dough one hour. On lightly floured board, roll dough 1/4 inch thick. Cut individual rounds with floured biscuit cutter. Make an impression in center of each round with thumb. Fill imprint with preserves or jelly (about 1 teaspoon). Bake on an ungreased baking sheet in moderate gas oven (375 degrees) for 15 minutes or until delicately browned. Serve warm. Makes about 24.

MOVIE BUSINESS IS BAD!!

Movie Moguls are moaning. Business is bad. Hip deep in debt, they are selling assets and chasing an elusive market with movies that are dirtier than ever. There is one exception: WALT DISNEY PRODUCTIONS, This company is free of debt. And while others are losing millions, Disney announced in July that after tax net income for nine months had leaped 40 per cent to \$13.5 million. Gross income jumped from \$90 million to almost \$113 million in the same period. And all of that with "G" mov-

"The Love Bug," starring a loveable Volkswagen, was the top grosser among all 1969 films and is expected to bring in \$28 million in rentals. "Jungle Book" was the most successful of all cartoon features in its first run,

amassing almost \$24 million. I wonder if there is some moral that movie makers could draw from this? Probably not,-----John Gipson, Lit-

tle Rock, Arkansas. (The above information belies the assertions that dirty movies are demanded by American people. Many people have boycotted theaters because even a good movie cannot be seen without seeing previews of dirty movies that are to be shown in the future. Why not join the boycott?) HAVE YOU CONSIDERED FALL FERTILIZATION?

With the grain sorghum harvest completed and cotton harvest well underway, Jim Valentine, Area Soil Chemist, suggests giving some thought to next year's fertilizer use pro-

Research conducted by Texas A&M University together with farmer experience strongly supports the practice of fall fertilization for next year's crops, points out Valentine. Fall application is especially advantageous on the heavier irrigated clay loam soils.

No appreciable loss of applied nitrogen in the form of ammonia or ammonium carrying fertilizers can occur through leaching after soil temperatures drop to 50 degrees. Temperatures on November 3 were slightly below this level and will now decrease rapidly.

Phosphorus and potash can also be fall applied to advantage ahead of land preparation. This assures incorporation into the soil so that the relatively immobile phosphorus will be deep enough in the root zone to feed the group throughout the growing season.

Weather conditions are generally better for fall application when the soil is dry enough to support heavy equipment with less hazard of soil compaction. Also, the fertilizer dealer is not as rushed now as he will be just before the planting season. So he can give more personalized attention to your particular operation.

Having your fertilizer applied in the fall will save you time and bother next spring, particularly if the season is wet, contends Valentine.

Final Football Game Of Year --

Bovina Closes 1970 Season Against Hart

'Horns Have 0-9 Record

With hopes of evening their | season record at 5-5 and given a good chance to do so, the Bovina Mustangs take on the winless Hart Longhorns at Hart tomorrow (Thursday) night in the finale of the 1970 gridiron

The game was moved up to Thursday night from the normal Friday night time because there will be no school Friday due to a teacher's meeting in Ama-

Starting time will be 7:30. This is Hart's first year in District 3-A and in Class A competition and the Longhorns have found the going especially tough. They've dropped all their district games --- six --by lop-sided scores and were winless in their three non-dis-

Mustang Coach Gib Hough admits that his team is rated over the Hart team, but points out that such a team can "worry you, because they might

sneak up on us." The Mustangs are expected to be at near full strength for the season-ending game with the exception of Halfback Mike Beauchamp, who is still suffering from an injury received in the Farwell game four weeks ago. Beauchamp is expected to be available for limited duty, if needed, however.

A win over the Hart team would give the Mustangs an The Ponies have won over Happy, Springlake-Earth and Vega while losing to Farwell,

Sudan and Kress. While the other six teams in the district are winding up the season this week, the 3-A spotlight will be on the game at Kress Friday night which pits the Kangaroos against the Sudan Hornets with the winner earning the district championship. Both teams are 5-1 going into the game and are the only teams with only one district loss. Kress lost an early game to Vega and Sudan was beaten by Springlake-Earth.

"The girls were a little nervous when the game started, but settled down and played good ball the second half," said Coach Dalton Morrison, Morrison stated that he has "a lot of confidence in these girls. They not only could be a good team, but a great one. The really big thing we need is to play some games. At this stage, we're lacking poise and selfconfidence," said Morrison.

"The defense did a good job blocking and getting the ball up the court. We had a number of chances to win the game but

Mustangs Kick Longhorns From 3-A Title Contention

Wednesday -- Hamburgers, off another major District 3-A upset here Friday night as they came from behind to knock the Vega Longhorns out of the championship race, 12-6. Thursday -- Meat loaf, mac-

Mustang Fullback Royce Sisk to the Bovina 23. blasted irto the endzone from one yard out with only 0:44 remaining in the tilt to give the Ponies the winning margin. The score had been tied 6-6 and it appeared the game might end with the knotted count.

Vega came into the game with a 4-1 district mark and was one of four teams tied for first place in the standings. The others were Kress, Sudan and Farwell. The loss knocked the Longhorns out of title contention. The same night, Farwell lost to Sudan. The losses by Farwell and Vega put Sudan and Kress in a position to play for "all the marbles" in this week's regular season windup at Kress.

The Vega team took control of the game early Friday night and most spectators had the impression that they would win easily, just as they were supposed to. Bovina had previously upset Springlake-Earth in district play after being made the underdog by forecasters.

opening kickoff and were forced | picked off by Linebacker Shanto punt before they could rack up a first down, Roy Ramirez' punt went to Dick Robinson at the Vega 28 and he returned to

The Bovina Mustangs pulled | the 35. The touchdown came in 1 five plays on an 18-yard jaunt by Tony Cassetty, Longhorn fullback. The big gainer in the initial drive was a 36-yard run by Robinson from the Vega 41

After that scoring effort, however, the remainder of the first half turned out to be a defensive battle as neither team was able to come up with a successful offensive drive. Just before the half ended, the 'Horns shoved down to the Mustang 24 yard line, but were caught with a fourth down situation there and a field goal attempt was no good ---- off

The extra point kick after Vega's six-pointer was no good and that put the Mustangs in a position to tie the score with a lone TD of their own, which they came up with midway through the third period.

The 'Horns got pushed deep in their own territory on a Ramirez punt which died at the Vega seven yard line. They moved the ball out to the 19 but a pair of penalties moved them back to the seven. Quarterback Bronco May, attempting to pass go astray. It was deflected by non Davis, Davis returned to the Vega 22 yard line to get the Maroons in position for the ty-

made eight yards to the 14 and Fullback Leroy Pearson made three more before another penalty against the 'Horns moved the ball to the four. Ramirez lost one on a fumbled pitchout and then five more yards were lost on a running attempt to put the pigskin at the 10. Beauchamp found a payday from there, however, as he circled right end for the counter and the underdog Mustangs had the game tied.

They missed the opportunity to take the lead there, though, as Harris' attempted extra point kick hit the left goal post and was no good.

Fumbles played an important part in the tilt as the Mustangs lost four miscues and the Longhorns lost three. The fumbles were especially

important in the final frame. The Mustangs lost two fumbles inside the Vega six yard line in the fourth quarter before they were able to get the go ahead and winning touchdown

on Sisk's run. On the first play of the last stanza, the Vega punter fumbled the snap from center and Davis out of trouble, had an aerial | covered the ball for Bovina on | the Vega three yard line. On The Mustangs received the Bovina's Jim Harris and then | the second play, however, the Mustangs returned the favor and lost the ball at the one. That allowed the visitors to get out of trouble on that occasion. The Ponies moved back

lost the ball at the Vega five on still another loose ball. Vega threatened to take advantage of that opportunity. They moved in seven plays to the Bovina 12 before the Mustangs got the ball back via the same fumble route.

That's when the tide turned eventhough the Maroons were 88 yards from the winning paydirt. The scoring drive covered nine plays and featured three completed passes from Quarterback Mike Hough. Two of them were for 30-plus yards -one to Billy Shelby and one to Harris. From the Vega 10. Hough threw to Shelby for a nine yard gain to the one. Then Sisk went into the endzone for the winning points.

A pass play for the dual extras failed to leave the score at 12-6.

An onside kick by Bovina was covered by Beauchamp at the Vega 45 and with only seconds remaining to be played, it looked as if the Mustangs had the game on ice. The 'Horns recovered still another Bovina fumble, however, at their own 25 and started back upfield, battling the clock as well as the home team. Their final play was a screen pass which carried from their own 30 to the Bovina 45 before the ballcarrier was tackled from behind by Shelby after it appeared he might go all the way.

Davis led the Mustangs defensively. In addition to the pass interception and the fumble recovery, he was in on 14 tackles. Hough completed five of 17 passes for 101 yards and had none intercepted.

Leading the Bovina ballcarriers were Beauchamp and

Halfback Mike Beauchamp | downfield quickly and this time | Pearson with 56 and 47 yards, respectively. Each carried the mail 15 times.

The win made the Mustangs' district mark 3-3. They are 4-5 for the season. STATISTICS

buying land in the area, the farmer-historian said. Word got around and more and more Oklahomans settled here. And most lived along one road - Oklahoma Lane, as it became to be called.

"People in Farwell used to say I'm going to visit someone on Oklahoma Lane," Carpenter said. Farwell is 9 miles west of

The first Oklahomans in Oklahoma Lane were Charlotte Fowler, a widow and her four children, Carpenter said. "We've heard that their first home was three fence posts with a top stretched over them," he added.

Electricity came with the REA in 1941, and telephones were seen in 1951 with the RTA.

Yet the progress still hasn't affected the town's intimacy. "We're real close. There's still a lot of feeling here. We still go out and help those who get sick, harvest their land and take care of them, Carpenter said.

"I'm still finding out people who are kin to each other," Carpenter noted. Farming is the area's principal activity. "The

whole area is pretty strong. Land is selling at around \$600 per acre . . . This country has the highest yield for grain sorghum in Texas, which means in the world. We also raise cotton, wheat, grain, and vegetables.

"There are 5 feedlots, one in Oklahoma -Lane with a capacity of 10,000 head," he said.

When the high school closed in 1948, students were transferred to Bovina and Farwell. Even the mail comes from Farwell. The second Oklahoma

Lane High School reunion is slated for Nov. 27. "We expect people from all over the United States . . . approximately 200," Carpenter said.
