**How to make your home more comfortable while you lower your energy costs.**

Like to enjoy barefoot comfort in your home all year long?

Like to cut heating costs as much as a third?

Like to cut air conditioning costs as much as half?

The secret is through insulation.

Your home probably has some insulation already. But, thorough insulation includes an adequate amount in the ceiling, in the walls and under the floor. It also includes weather stripping, storm doors and storm windows or double glazed windows.

Once you have good insulation, you can forget about cold floors, cold walls and chilly corners. You'll be more comfortable and enjoy your home more.

The cost will vary, depending on the style of home and amount of insulation already in it. But, one important fact to keep in mind is that insulation is the only comfort improvement you can make in your home which requires no maintenance, yet pays for itself through lower energy bills.

Ask an insulation dealer for advice and a free estimate, or call WTU for more information.

**WHAT COSTS LESS NOW THAN IN 1952?**

The average cost of a kilowatt hour of electricity used by a residential customer served by WTU cost 29% less than it did twenty years ago... (1952 - 1972) and... in 1972 the average customer used over three and a half times as much electricity as he did in '52."

**Over 200,000,000 prescriptions will be filled by Rexall Pharmacists this year—there must be a reason!**

As a matter of fact there are several reasons why the nation's Rexall Pharmacies fill this tremendous number of prescriptions.

Only the stores which bear this sign... the sign of over 10,000 Rexall Drugstores... have the exclusive right to offer drugs developed and perfected in the world-famous Rexall laboratories. In addition, the Rexall Pharmacist carries stocks from the entire pharmaceutical industry. You always receive the finest quality drugs available.

Prescriptions are the lifeblood of every Rexall Drugstore. Each Rexall Pharmacist is painstakingly accurate in making certain you receive exactly what your doctor prescribed. His primary concern is your good health and that of your family.

Most Rexall pharmacists are independent businessmen... owning their own stores. Their pride of ownership and efficient operation is evidence of customer satisfaction. By choosing to identify their stores with the Rexall name they have accepted the Rexall guarantee... every Rexall Brand drug product is guaranteed to satisfy or your money back.

These are a few of the reasons for Rexall's popularity. Take your next prescription to a Rexall Pharmacist... discover the other reasons for yourself.

### Storm Warning

Since the tornado season is with us again, it is time to remind everyone of the signals sounded by the fire siren. One blast of the siren indicates a fire, two blasts are to call the department together, and three blasts indicate a storm.

Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

Your son's education for instance. But by the time he's ready for college his education may well cost a small fortune. The kind you just don't have lying around under a bed. That's just the reason why your government has a great thing going. A U.S. Savings Bond. In themselves they're not a quick buck. They won't make you that fortune overnight. But in the long run they do pay off. Darn well at that. And at a guaranteed rate. Starting a savings plan is easy. You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank. Then watch someone's future grow. Like your son's.
