THE NEWSPAPER THAT WORKS FOR A BIGGER, BETTER BOVINA

WEDNESDAY, JANUARY 20, 1965

BOVINA, TEXAS

VOL. IX, NO. 29

WHITTLIN'

BY DOLPH MOTEN

Evidently because a week night was discovered when Williford Gym here wasn't being used, the young, athletic Bovina Jaycees challenged the old, fat Lions Club members to a basketball game.

The tilt has been scheduled, for better or worse, Thursday night, January 28.

One of the reasons for the game(?) is to raise money for the March of Dimes. Admission charges will be a donation to the community MOD campaign. Another reason is because some of the younger potential players think such an encounter will be fun. We've heard, however, from out-of-shape people who have tried it, that playing basketball isn't much fun . . . not after the first 30 seconds, anyway.

Nonetheless, the challenge has been issued, and accepted, and the time and place set. Plans call for the game to be played straight, with no horseplay, and everyone playing to the best of his ability.

The Jaycees will have a decided advantage from an age standpoint, but Bovina Lions have never been a group to turn down a challenge.

A pretty good, friendly rivalry is apt to be built up by game-time.

Outcome of the contest will be interesting.

Area folks have an opportunity to hear a tremendous after-dinner speaker here Friday night at the annual football banquet sponsored by Bovina Mustang Quarterback Club.

He is Rev. Leon Hill of Amarillo. We heard him when he spoke here in early '59, that time at an athletic banquet. Just five minutes of his jokes are worth the price of admission, and you get a steak supper, and more jokes and some serious talk, thrown in for nothing!

Tickets are available from members of the Quarterback Club or at the door Friday night.

We think QB Club members would be safe in guaranteeing a good laugh or your money back.

We were interested to note that by still another measuring stick, the area's population continues to increase. That measuring stick was the new phone book which was received in the mail early this week.

Listings in the phone book indicated that more phones are in use this year than last not only in town but in the rural area (Tharp exchange) as well.

Who said people were moving to the North Plains, anyway? Evidently, it just isn't true. And if it is, to an extent, these people are being replaced here by others.

As a matter of fact, this might be a good time to change the population figures on the city limits signs. Bovina has increased population-wise since the 1960 census and that's the figure used on the city limits markers at present.

This was done late in the '50's, we remember, and didn't require too much effort on the part of too many people. The final approval has to come through the state highway department, we understand, because they're the people who put up the city limits marker signs.

Certainly we think this should be done if records indicate there has been sufficient growth here to justify the change. And we think such is the case.

The census in '60 indicated that Bovina had 1029 citizens, if we remember correctly, and that figure is prominently displayed on the city limits signs. It would look better to us if that figure was raised to a more correct 1500 or 1600.

This would be a worthwhile project for almost any organization . . . or community-minded individual.

In the latter part of December, The Blade received an official-looking news release from the farm equipment firm

(Continued on page 2)

Texas Employment Opens Office Here

Legion Installs Officers

Tom Hartwell was installed as commander of Bovina American Legion in special ceremonies Monday night at the recently-remodeled Legion Building.

Grant Hanna of Hereford, 18th district commander, was in charge of the officer installation.

Other officers installed were Jimmy Charles, vice commander; Kenneth Johnson, adjutant; Bob Johnston, service officer; Elton Venable, finance officer; Billy Sudderth, historian; Fred Langer, sergeant-at-arms; and Odie White, chaplain.

Weather by Willie

I wouldn't give a dime for all the moisture we have prospects of getting this week. ---Willie

LEGION OFFICERS -- Grant Hanna of Hereford, 18th district commander, is shown presenting Tom Hartwell, commander of the post here, with the gavel. Other officers are Elton Venable, Bob Johnston, Odie White, Jimmy Charles and Kenneth Johnson.

To Help Farmers With Labor Needs

Texas Employment Commission is opening an office in Bovina.

Announcement that the office would open here was made this week by Joe Bradley, manager of the Hereford TEC office. The facility will be located in the office of Bovina Chamber of Commerce and Agriculture in the Bovina Blade building on main Street.

It will be manned two days a week -- Mondays and Thursdays. Office hours will be from 10 a.m. until 3 p.m. Bradley says. The office will be open tomorrow (Thursday).

Primary purpose of opening the office here is to aid farmers in obtaining necessary labor.

"We're going to try to help the farmers in the Parmer County area get help the best we can," Bradley says.

He points out that it will be necessary for individual farmers to inform the TEC of their labor needs. The commission

will also accept applications from potential workers and then place them with the farmers. Cooperation of employers and employees with us will be required for the best service to be offered, Bradley explained.

There is no charge for the services of the Texas Employment Commission as expenses are paid by the state.

The employment service will also be provided for non-agriculture employers and employees, Bradley says.

The commission has operated an office in Friona on a one-day-a-week basis for the past couple of months.

Bovina Chamber of Commerce and Agriculture requested that an office be located here in a letter January 9 to Col. S. Perry Brown, chairman of the Texas Employment Commission.

The need for the service in the area came about with the (Continued on page 2)

FROM NATIONAL TO STATE --

Bank Slates Name Change

A new name is slated for First National Bank of Bovina. Plans are underway to convert the banking corporation into a state banking association.

When this is done, the bank will become First State Bank of Bovina, Bob Estes, president announces.

He points out that all policies of the bank will remain the same after the name change.

The change means that the bank will operate under state regulations instead of national regulations and some of the differences will be advantageous to the bank here, Estes points out.

A resolution to change the name was passed at a directors' meeting last week. A shareholders' meeting for the same purpose is scheduled for Tuesday, February 23.

An advertisement in this

issue of The Blade notifies shareholders of the scheduled meeting.

Schedule Directors' Meeting

Directors of Bovina Chamber of Commerce and Agriculture have called a meeting Thursday at noon in Bovina Restaurant, announces Tom Caldwell, chamber president.

Topics of discussion scheduled concern the annual banquet which will be in March, election of five new directors and the annual membership drive.

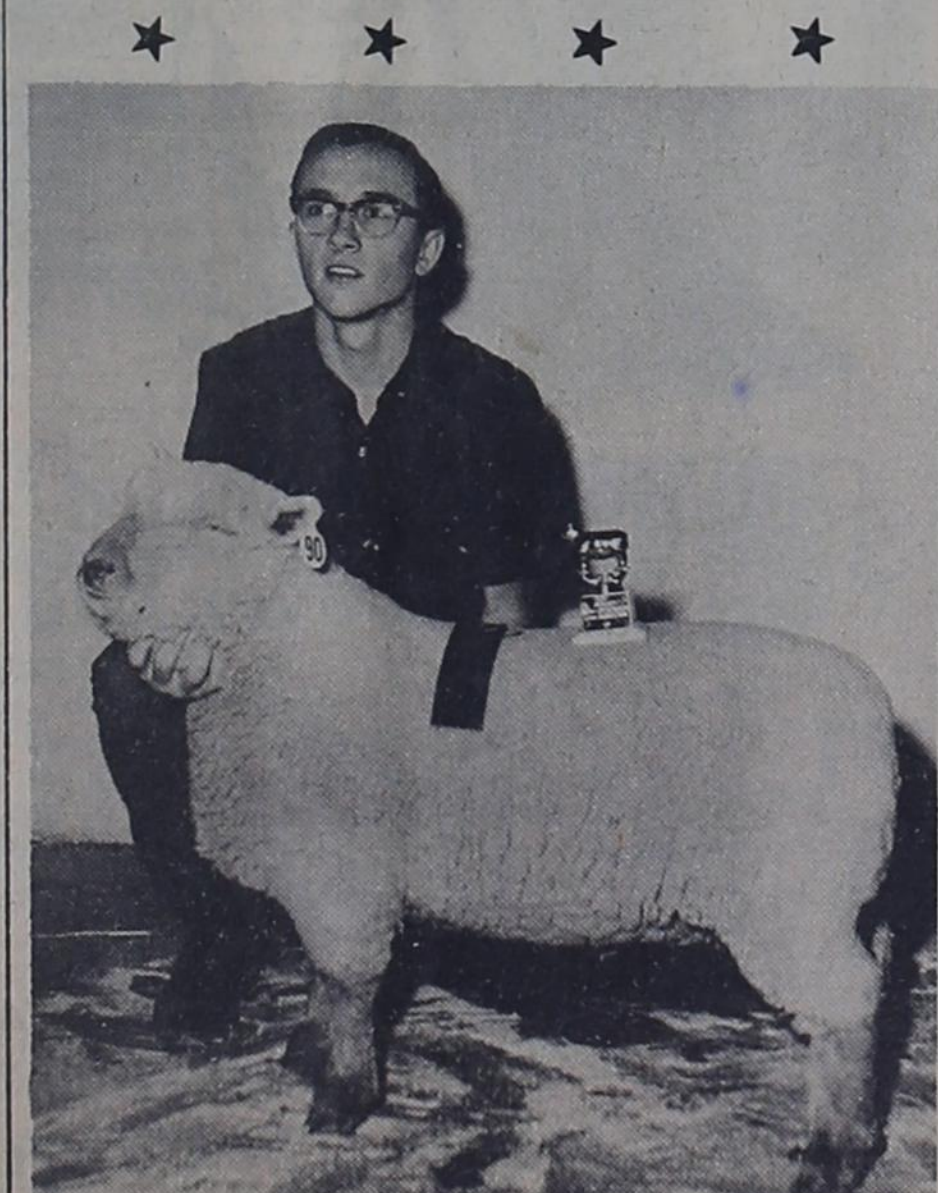

All directors are urged to be present at the meeting by Jack McCracken, chamber manager-secretary.

LAST WEEKEND --

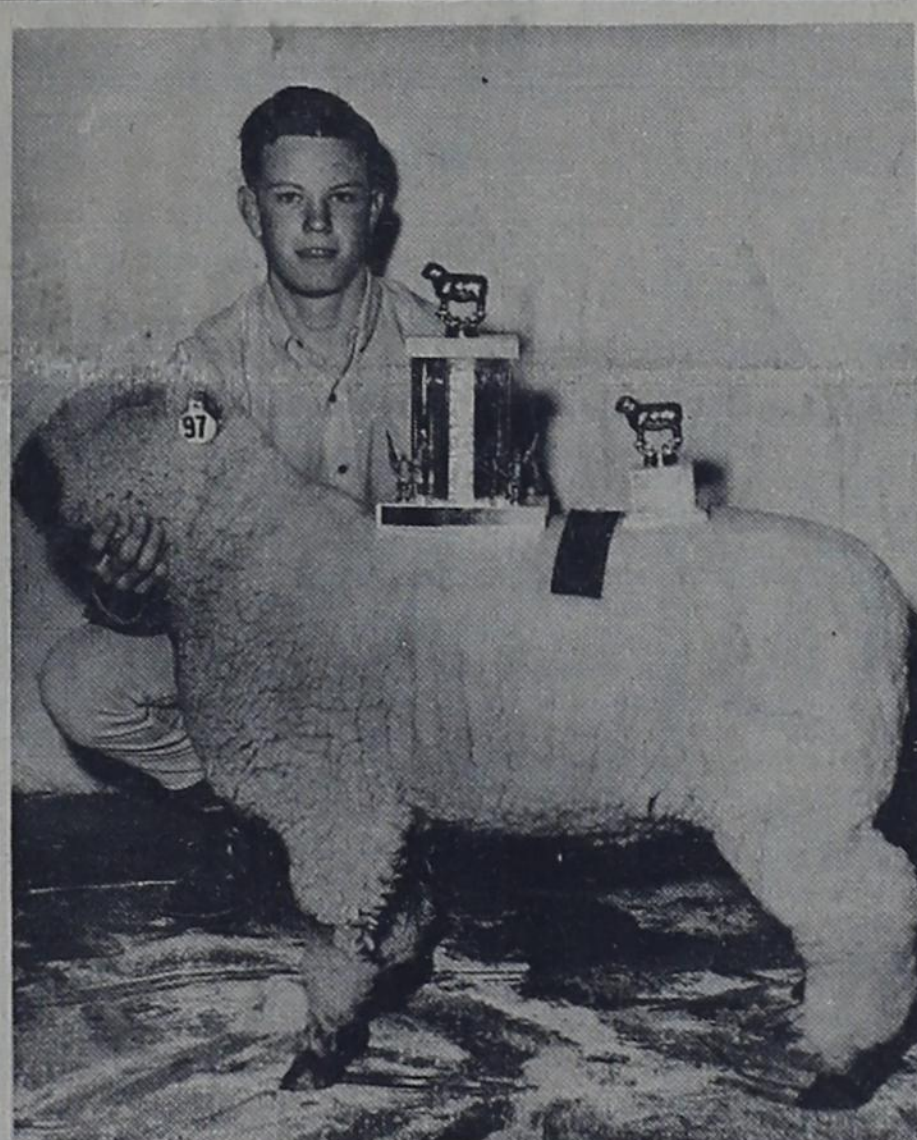

Bovina Lambs Place High At Hereford

Kregg Wilson of Bovina FFA exhibited the champion lamb in the Other Breeds division at

Golden Spread Western Junior Livestock Show in Hereford last weekend.

RESERVE CHAMPION -- Richard Carson exhibited the reserve champion Southdown lamb at the Golden Spread Western Junior Livestock Show at Hereford last weekend.

CHAMPION -- Kregg Wilson with his lamb which was judged champion of the Other Breeds class at the Golden Spread Western Junior Livestock Show at Hereford last weekend.

Phone Listings Increase

The 1965 edition of the General Telephone Company directory was distributed to subscribers in the area the first part of this week.

The local directory covers (Continued on page 2)

MONDAY NIGHT --

Jaycees Collect Clothing

Bovina Junior Chamber of Commerce members collected several boxes of used clothing during a house-to-house canvass of the community Monday night.

The clothing which is suitable for school-age children will be given to school officials for distribution to needy students.

Other clothing will be distributed through churches in the community.

Bob Fillpot says that several people contacted for clothing by the Jaycees asked them to come back later in the week and plans have been made for the return trips.

Jaycees working on the project were Fillpot, Bob Holcomb, Paul Holcomb, John Gambel,

Kenneth Estes, Billy Whitecotton, Larry Webb, Charles Smith, Don Bandy, and Glenn Hromas.

"We want to express our appreciation to all the people who cooperated with our clothing drive," Fillpot says.

Football Banquet Friday

Members of Bovina Mustang 1964 district championship football squad and their dates will be special guests at a banquet Friday night. The event will be in school cafeteria and will begin at 7.

Rev. Leon Hill, well-known after-dinner speaker from Amarillo, will deliver the main address.

The banquet is being sponsored by Quarterback Club. Members of the organizations are selling tickets for \$2.50 each. Tickets will also be available at the door.

The meal, which will feature steak, will be prepared by members of the cafeteria staff.

"We feel we have an outstanding speaker for the banquet and invite everyone in the community to hear him and to honor our football team," says Jerry Rogers, Quarterback Club president.

Rev. Hill last spoke here in '59.

SUNDAY MORNING--

Blaze Burns Farm House

Members of the Bovina Fire Department answered two calls over the weekend.

The first call came Saturday at 7:30 p. m. when a 1954 Chevrolet car parked in the carport at the Edward Isaac home was found smoking. Firemen arrived at the scene but could find no blaze and took care of the trouble by disconnecting the battery wires. There was no damage to the vehicle.

Firemen made their second run Sunday morning at 6:30 a. m. when they were called to the Roy Malugin farm, two miles

west on highway 60 and one-half mile south. A two-bedroom frame stucco house was blazing out of control when they arrived. It was destroyed.

Firemen were able to prevent the fire from spreading to adjacent farm buildings.

The farm is rented by J. D. Kirkpatrick and the house was vacant at the time. Origin of the fire is unknown.

A tourist traveling on Highway 60 noticed the blaze and stopped at the Bovina restaurant to report the fire to Bill Denney, a member of the department.

Poll Taxes Available In Bovina

Poll tax receipts are available in Bovina again this year, according to Mrs. Mary Ruth Martin, city secretary.

Mrs. Martin reports that she had had several calls to pay poll tax but she did not receive the forms from the Farwell office until Monday of this week.

Last year, with the high interest in the general election, there were 277 poll taxes paid through Mrs. Martin's office.

The figure is expected to be less this year, since it is an off year electionwise. Citizens are reminded, however, that there will be a city election and school board election in the spring. Both of these elections will require poll tax receipts. It is also possible there will be some called elections.

The city office will have poll tax receipts available until noon Saturday, January 30.

FARM HOUSE BURNS -- The brick walk in the foreground leads only to a shed and debris after this farm house two miles west of Bovina was destroyed by fire early Sunday morning. The fire was out of control when members of Bovina Volunteer Fire Department arrived on the scene about 6:40 a. m.

 Sue Moten Women's News

Policy Change By Draft Board

Virgil Dodson of Hereford, Board Chairman, State Draft Board No. 18, Hereford, Texas has announced the new policy of the board. This policy was effective January 1, 1965.

Federal law requires that young men register with the nearest draft board or registrar on their 18th birthday or within five days thereafter. Under the new policy, all young men that register as much as one day late will be asked in writing to send the board a statement explaining why he was late registering. Those who register as much as 30 days late will be asked in writing to appear before the board in person to explain their tardiness. The board will give formal

official consideration to declaring these men delinquent under the law and processing them for armed forces induction ahead of other men in their age group.

This new policy was adopted due to the number of late registrants that the board has had during the last few months.

The following registrars are maintained for the convenience of young men. (These are in addition to the local board clerk at Hereford,) Harry J. Charles, Bovina; Mrs. Connie Ivey, Dimmitt; Loyde A. Brewer, Court-house, Farwell, and Otis Spears, Bovina. Other members of the Board besides Dodson are: Jesse W. Kleinschmidt of Canyon, M. Ray McReynolds of Canyon, Eugene L. Ivey of Dimmitt and I.W. Quikkel of Bovina.

Band Parents Set Meeting

Band Parents will have a meeting Monday night, January 25 at 7:30 at the school auditorium. All parents of band members are invited and urged to attend, according to an announcement by Joe Wayne Harper, band director.

Reflections From The Blade

Six Years Ago January 21, 1959

A break-in occurred at Bovina Implement Company and the thieves tried to open the safe but their attempts were futile. One suspect of Amarillo has been arrested in the case. Mrs. Carmaleet Truitt reviewed the book, "The Pearl", by John Steinbeck for the P-TA.

Businessmen in Bovina in looking back on 1958 say it was a very good year and they are all looking forward to 1959 as another good and maybe even better year for the community. The Bovina Mustangs and Fillies were both victorious in their basketball games with Happy. They both stand 2-0 district play.

The March of Dimes drive is three-fourths complete and Roy Whistler reports that \$526 has been contributed in Bovina to date.

Collections of both city and school taxes show an increase over the same date for last year.

Three Years Ago January 17, 1962

Bovina and the entire area is slowly thawing after one of the worst cold spells on record. The extremely cold temperatures were accompanied by only slight moisture and neither school nor communications were disrupted by the cold, but frozen water pipes in both town and country have caused damage and inconvenience.

William A. "Bill" Tritsch, 76, passed away Monday. Services were held Thursday at the Bovina Church of Christ. An automatic trap shooting range for Bovina is to be a reality within ten days. The range will be built and maintained by the newly organized gun club.

The Class of 1961 held a reunion last week in the home of Mr. and Mrs. Earl Richards.

Frank Hinkson of Lazbuddie announced that he would seek nomination for the U. S. Congress on the Republican ticket. Mr. and Mrs. Bedford Caldwell are attending a showing of new farm and industrial equipment at Palm Springs, Calif.

Win Top Texas 4-H Honors

McCloy Miss Falkenberg Dunlap Miss Grubb

Two 17-year-old boys and two 18-year-old girls have been named to top Lone Star State honors in their 4-H projects.

Allen McCloy, of Morse, and Ann Falkenberg, of New Braunfels, were chosen as top boy and girl in leadership. Miss Falkenberg was a delegate to the National 4-H Club Congress in Chicago, Nov. 29-Dec. 3. Her trip award was given by The Sears-Roebuck Foundation.

Alan Dunlap, of Jayton, was given the award for conservation of natural resources. He received a trip to the Congress from John Deere.

Janet Grubb, of Fort Davis, who won in the beef program, was the guest of E. Le Du Pont de Nemours & Company, Inc.

McCloy, son of Mr. and Mrs. Wilson McCloy, is an eight-year veteran of 4-H work. He lives on his parents' 8,000-acre ranch.

A senior in high school, he has been chairman of both the Hansford County and the district 4-H councils.

Improves Community
He was chairman of his club's community improvement program which succeeded in cleaning up the community, purchasing a community building, starting a community park and library, marking streets and numbers in the town and making rural directory signs showing how to reach rural homes.

Miss Falkenberg, daughter of Mr. and Mrs. B. F. Falkenberg, is a freshman at Southwest Texas State College. During her eight years in 4-H she has served as a member of the Comal County 4-H council for five

years and as a member of the district council two years.

Club Week Proclaimed
She represented Texas 4-H'ers at the signing of the 4-H Club Week proclamation by Governor Connally. As vice-chairman of the state 4-H council, she served as chairman of the state leadership training laboratory.

Dunlap is the son of Mrs. Lulu Dunlap. He and his brothers have attempted to carry on the conservation practices which their late father started on their 496-acre farm before he died in 1949. Now that his brothers are away from home, young Dunlap manages the farm.

Brush control, contour farming, crop rotation, terracing, and habitat for wildlife are some of the conservation practices used.

A senior in high school, he has been the Kent County 4-H Council secretary. Because of his 4-H work he was selected to be a member of the conservation staff for the 1964 national Boy Scout jamboree. He is a nine-year veteran of 4-H.

Miss Grubb, a high school senior, is the daughter of Mr. and Mrs. Otis Grubb. During her nine 4-H years she has shown several grand champion and reserve champion animals in Texas and Arizona shows. She also excels in livestock judging.

These four teen-agers were selected by the Cooperative Extension Service from among 2.2 million rural and urban 4-H'ers from the 50 states and Puerto Rico.

Friendship Church Purchases Building

Holy Friendship Baptist Church of Bovina has purchased a former residence to serve as a church building.

The building is located on the northeast corner of Second Street and Avenue A and was purchased by the church from Johnny Pruitt.

This is the first church building for the group, which was organized in August of last year. Pastor is Rev. Floyd Polk, who lives in Friona. He has served as pastor since the church was organized and helped with the organization. He formerly pastored at Greenville in East Texas.

The church has 22 members, Rev. Polk says.

Contributions were solicited from townspeople as well as church members to make the down payment on the building. A schedule of services at the

church includes Sunday School at 9:45, morning worship at 11, Sunday night services at 7 and Wednesday night prayer service at 7, according to church leaders.

REV. FLOYD POLK

Minor Damages In Accident

An accident involving a car and pickup Tuesday night of last week resulted in minor injuries and \$200 in damages.

Involved in the accident were a 1958 Chevrolet pickup, driven by E. G. Snodgrass, and a 1964 Mercury car, driven by Newell Harper of Lazbuddie. Riding the car with Harper were his wife and daughter. They were returning to Lazbuddie following the basketball games in Bovina.

Both vehicles were traveling south on FM road 1731 four and one-half miles south of Bovina. Snodgrass attempted a left turn as Harper was attempting to pass the pickup. Harper left the road to avoid hitting the pickup. The car hit the ditch, causing the damage to the vehicle. His wife and daughter were slightly injured. They were taken to Parmer County Hospital in Friona where they were treated and released.

Whittlin'--

(Continued from page 1) which Bovina Implement Co. represents here.

With complete confidence in the accuracy of the release, we published it, it said that Mr. and Mrs. Bedford Caldwell of Bovina Implement were going to Mexico City in January to attend a dealers' meeting being held there.

Caldwell has been riding us pretty hard since then about publishing the release. He said his trip was news to him when he read about it in The Blade. He's even indicated that he may not make the trip.

We've been encouraging him all we can. We'd hate to have a Blade news story proven incorrect!

Community-Minded 4-H Alumni Win 1964 Recognition Plaques

Gantt Mrs. Garner

Four living examples of purposeful citizenship have been selected by the Cooperative Extension Service for the 1964 Texas 4-H Alumni award.

Mrs. Lee Garner of Andrews, Dean Gantt of Waxahachie, Mrs. Charles Crober of Port Lavaca and Ron Stanley of Seminole, received burnished copper recognition plaques mounted on walnut from the Olin Mathieson Chemical Corporation, sponsor of the awards for former 4-H'ers.

Mary Lou Garner, a homemaker and substitute teacher, helped organize the first Young Homemakers Club, an auxiliary of Young Farmers, which is now a state-wide organization.

She has been president of home demonstration clubs and is a member of a garden club. She has worked enthusiastically with 4-H girls in Comanche and Andrews Counties. In addition, she has taught Sunday School for many years.

Employs Students

Gantt, a Safeway Store manager, employs 32 persons, 18 of them students. He attempts to help these students by fitting their work schedule around their classes. He also employs a 4-H'er and arranges for him to be off work when there is a meeting to attend. He often donates food to 4-H functions.

Gantt is director of the Waxahachie Jaycees. He is a member of the Optimist Club and participates actively in the clubs many youth and community projects.

He has helped 150 FFA members practice meat judging, one of the chapters later winning first in the state contest. He is a youth Sunday School teacher. Sue Beck Crober, a home-

maker and mother of three sons, is quite active in church, school and community affairs in Calhoun County and surrounding area.

She has given seven years of continuous 4-H leadership. She has served her local home demonstration club in every office and has been on the Calhoun County 4-H Council for six years. She is a member of the 4-H committee of the Texas Home Demonstration Association.

Mrs. Crober has been PTA historian and for three years chairman of the women's division of the County Fair Association.

Stanley, currently district manager for the L. B. Foster Company, was appointed sales manager in a major corporation at the early age of 25. He was one of the pioneers in the sprinkler irrigation field.

In his present position he has successfully managed the company from a rather small beginning into a large industrial organization.

Stanley has served the 4-H program as an adult leader in

Stanley Mrs. Crober

beef projects and by judging at livestock shows in the region. He has spoken at adult leader schools in Gaines and other counties. He has assisted at the state level in securing higher salaries for Extension personnel.

His service to youth has extended to such groups as the M. S. Doss Youth Center and the Texas Junior Hereford Association.

These four outstanding 4-H alumni are among 23 million former 4-H'ers in the 50 states and Puerto Rico.

SPORTS AFIELD

By Ted Kesting

Speaking strictly from the standpoint of camping—which involves a lot of wood to be cut, especially in a hurry—there is no substitute for the economical gasoline-engine portable chain saw.

We are not concerned here with the big professional chain saws, such as those used in lumber camps, as they have little place in our sphere of camping. They are heavy for us and too expensive, and they were not designed for campers in the first place. A camp chain saw is the lightest and the least costly.

Usually it is direct-drive with an automatic clutch. This saw satisfactorily serves most camping needs.

There are few, if any, real problems connected with chain saws. As with any cutting tool, and especially as with any power cutting tool, one should be careful in their use. An axe is just as dangerous, for that matter, as a chain saw properly used. However, let a chain saw get out of hand, be habitually careless with one, and a ghastly accident can occur. "Almost every chain saw made today is rugged, simple and not temperamental," asserts John Jobson, Camping Editor of Sports Afield Magazine. But like any item of machinery, it naturally requires maintenance—and as time passes, repairs and even overhauls.

Incidentally, when making planks and such, you'll notice that the planks made by chain saws do not resemble the planks from a planer mill. They are rough. However, in wilderness use many people feel the rough cuts lend a certain charm. (And, as a matter of fact, they look darn good anywhere!)

So bear in mind that if wilderness log-cabin building is on the agenda, a good chain saw is worth its weight in genuine silver dollars—and then some. Truthfully, if any reasonably impressive amount of rough wood has to be cut for any purpose, the chain saw will do it quickly and free you for more interesting pursuits afield.

A new research project being supported by the Cotton Producers Institute has as its goal improved luster for cotton yarns and fabrics. Scientists are attempting to develop new mechanical and chemical methods for improving luster and to determine the application of these methods to cotton yarns and fabrics.

A man's wealth does not depend so much on what he has as on what he can do without.

friends of the couple are invited to attend.

Bushwells Visit With President

In a nation-wide press release through Associated Press Monday, some former Bovina residents received publicity in connection with President Lyndon B. Johnson.

The story was relating the president's activities at Johnson City on Sunday and told of his attending services at the First Christian Church.

The story read: "Before entering the church, Johnson took two-year-old Ronnie Bushnell in his arms and inquired how Santa Claus had treated him. Ronnie was too flustered to have much to say."

"Johnson told an older brother of Ronnie, Dennis Bushnell, that he had a fine hair comb. He asked whether Dennis had a dog. Dennis didn't."

"Johnson explained that he had a dog in his car, but was afraid to bring him to church."

Ronnie and Dennis are children of Mr. and Mrs. D. R. Bushnell, former residents of Bovina. Bushnell was manager of Union Compress and Warehouse Co. here. They moved to Johnson City from Bovina early last fall.

Mrs. Willard Hosts Bridge

Mrs. Vernon Willard entertained with a bridge party at her home Thursday afternoon. Mrs. A. M. Wilson won high for the afternoon with Mrs. J. E. Sherrill winning low and Mrs. Johnnie Horn, bingo and Mrs. Durwood Bell traveling.

Members present were Mrs. Wilson, Mrs. Horn, Mrs. Sherrill, Mrs. Bell, Mrs. Leon Grissom, Mrs. Bob Wilson, Mrs. Jimmie Charles, Mrs. Jim Ware, Mrs. James Hemke, Mrs. Bedford Caldwell, Mrs. Don Sides and the hostess, A guest, Mrs. Milt Fitts, was also present.

Party Honors Terry Sherrill

The home of Mr. and Mrs. J. E. Sherrill was the scene of a party Saturday afternoon honoring their son, Terry, on his ninth birthday.

The guests played games during the afternoon with prizes being awarded to the winners. They spent the rest of the afternoon playing outside.

The white birthday cake was trimmed with yellow flowers and the traditional candles and was served with ice cream and punch to the guests.

Attending the party were Randy Kirkpatrick, Roy Hartzog, Galen Carson, Bobby Wayne Englant, Little Al Kerby, Steve Sherrill and the honoree.

Altar Societies Hear Report

Thirteen members were present when the St. Ann's and St. Teresa's Altar Societies met Monday in Bovina Parish Hall. One new member, Mrs. Eugene Schacher, was also present.

Mrs. George Cervantez gave a report on the National Convention for Catholic Women which she attended recently in Washington, D.C.

Three blissful words I name to thee, Three words of potent charm, From eating care they heart to free, Thy life to shield from harm-- pray, work, and sing.

Young People's Social Held

Young People of the Baptist Church had an "It's in the Bag" fellowship Sunday in Fellowship Hall following the evening worship hour.

The group played games and had several relays, all of which used paper bags in some way. Each person present made a face from a paper bag and they elected Miss Paper Bag Face of 1965. Winning the award was Miss Carol Krikpatrick and chosen as first runner-up was Miss Kathy Sikes.

Refreshments were served in paper sacks and consisted of sandwiches, cookies and pops.

Hosting the social were Mr. and Mrs. Travis Dyer, Mrs. Lawrence Jamerson and Mrs. Harold Hawkins.

Ezells To Spur

Mr. and Mrs. Gene Ezell were in Spur over the weekend visiting with their daughter and family, Rev. and Mrs. Dick Horn and boys.

Mrs. Horn and her two sons returned to Bovina where she will spend the week in the home of her parents. Rev. Horn will attend the State Evangelistic Conference in Dallas during the week.

Estes To Ft. Worth

Mr. and Mrs. Herman Estes were called to Ft. Worth last week when her mother, Mrs. Lucy Shamblin, suffered a heart attack. Herman returned to Bovina Friday night and reported that Mrs. Shamblin was improving but was still hospitalized. Mrs. Estes plans to stay in Ft. Worth with her mother for about two weeks.

Moodys To Arizona

Mr. and Mrs. E. H. Moody, Weldon and Alfred, left last week for Arizona. Mr. and Mrs. Moody plan to stay in Arizona for about two months. If the climate there is better for their health they will make their permanent home in Arizona.

According to word received in Bovina Sunday night they will be at Scotsdale for the present time. Weldon and Alfred were expected to return to Bovina Tuesday night.

W.S.C.S. Has General Meet

The Marzi Lynn, Charity and Dorcas Circles of the W.S.C.S. met for their general meeting Tuesday, at 12:30 at the Methodist Church.

The meeting opened with a covered dish luncheon with Mrs. Oakley Stevenson and Mrs. John Dixon serving as hostesses.

Mrs. P. O. Dixon was in charge of the program "Re-kindling the Inner Life Through Prayer". Mrs. Vernon Willard presented "Kinds of Prayer" and Mrs. Mabel Newberry presented "How to Pray".

Following the program they held a short business meeting. It was reported that they had presented the health kits to the children of Mrs. Gibbs first grade and Mrs. Motens second grade. They made plans for this to be an annual gift to the first grade children.

Attending the meet were Mrs. P. O. Dixon, Mrs. Milt Fitts, Mrs. Jim Ware, Mrs. G.A. Bandy, Mrs. L.M. Grissom, Miss Lola Grissom, Mrs. H.L. Ivy, Mrs. George Turner,

To sharpen a sewing machine needle, place a piece of fine sandpaper on the machine and sew a few stitches through it.

Mrs. C.O. Edens, Mrs. Joe Fowler, Mrs. Rouel Barron, Mrs. Harold Snell, Mrs. Earl Ware, Mrs. Billie Sudderth, Mrs. Jimmie Clements, Mrs. Wilbur Charles, Mrs. Mabel Newberry, Mrs. Vernon Willard, Mrs. L.W. Quickel, Mrs. Oakley Stevenson and Mrs. John Dixon. There was also one guest present, Mrs. John Gamble.

4-H Girls See Demonstration

The group of 4-H girls who are studying bedroom improvement met Thursday afternoon with their leader, Mrs. Bill Denney. A demonstration on drawer space improvement was given by the leader.

Plans were made for the monthly meetings for the remainder of the year, with the members deciding on the project to be demonstrated at each of the meetings.

Present were Donna Garner, LaJuana Hastings, Melanie Ivy Honey Mast, Sheryl Sisco, Kim Douglas and Ellen Denney. One of the mothers, Mrs. Garner, served cake to the group at the close of the meeting.

Visit Martins

Mr. and Mrs. Tom Ware and children were in Odessa over the weekend where they visited with her brother and family the Dick Martins.

Accompanying the Wares was Carol Jamerson who was a house guest of Suzanne Ferguson in Denver City for the weekend.

A salt and vinegar paste will clean unacquered brass and copperware quickly.

German's Chocolate "Quickie"

Only three steps are called for in making this excellent chocolate dessert, yet the recipe definitely belongs in any collection of glamour desserts. Wonderful for a party since it may be made the day before!

- GERMAN'S CHOCOLATE ICEBOX CAKE 1 package (4 oz.) sweet cooking chocolate 1 tablespoon water 12 double graham crackers

Melt chocolate in water in saucepan over low heat, stirring constantly. Remove from heat. Add salt. Then add egg yolks, one at a time, beating well after each. Cool. Meanwhile, whip the cream; then fold a little into the cooled chocolate mixture. Blend well. Fold in the remaining cream, blending well. Chill. On serving platter, place 2 of the double crackers end to end, spread with chocolate mixture. Top with alternate layers of crackers and chocolate mixture. Frost sides and top with chocolate mixture. Garnish with chocolate curls, if desired. Chill 8 to 12 hours in refrigerator. Slice and serve. Makes 8 servings.

School Lunch Menus

Monday, January 25 Italian spaghetti, tossed salad, cheese wedges, cornbread and butter, half pint milk, apricots.

Tuesday, January 26 Ham, sweet potatoes, green beans, hot rolls and butter, half pint milk, chocolate cake.

Wednesday, January 27 Hamburgers, lettuce and tomatoes, onions and pickles, buttered corn, half pint milk, ice box oatmeal cookies.

Thursday, January 28 Chili and beans, cabbage and carrot salad, bread and butter, half pint milk, cherry pie.

Friday, January 29 Fish with tartar sauce, potato salad, sliced tomatoes, hotrolls and butter, half pint milk, rice pudding.

Dishman--Hale's Second-Week-In-Business CELEBRATION SPECIAL

"I'm O. D. Dishman, Used Car Manager at Dishman-Hale Chrysler-Plymouth, Inc. new Chrysler-Plymouth Dealer at 324 East First St. in Hereford.

O. D. DISHMAN

We know nobody likes to shop a used-car lot with a high-pressure salesman breathing down his neck.

We don't have any.

We know a lot of people are leery of used cars because many of them look over-used and over-priced.

Ours are clean, bright and thoroughly reconditioned. We can sleep at night after we make a sale. What about prices?

They're not rock bottom. But they're fair.

Still, we know that if you can beat our deal you'll go elsewhere. We're not about to let that happen.

Why not let us show you a great used-car lot in action. Take advantage today of our Second-Week-in-Business Celebration Special. 99

ELECTRIC CO-OP SPONSORS--
Free Washington Trips For Contest Winners

All-expense paid trips to the nation's capital city will be awarded to winners of an oratorical contest was announced this week by Leo Forrest, manager of Deaf Smith County Electric Cooperative.

The contest is open to any boy or girl at least 16 years of age but not 18 years of age prior to September 1, 1965, Forrest said. Winners will join winners of similar contest sponsored by other electric cooperatives across Texas on the first annual Texas Electric Cooperative Government in Action

Youth Tour to Washington, D. C. All expenses of the 11-day trip beginning June 4 will be paid by Deaf Smith County Electric Cooperative, Mr. Forrest said. Each entrant will be required to give a five to eight minute talk and answer one or more of 45 questions asked by the judges.

The oratorical contest will be judged on the basis of (1) knowledge of subject - 40%; (2) speaking ability - 30%; (3) poise - 10%; (4) personality - 10%; (5) appearance - 10%.

Interested young people may obtain an official entry blank from their school or the offices of Deaf Smith County Electric Cooperative. The deadline for submitting entries will be February 15, 1965, Forrest said.

places of historical interest and seeing the nation's government in action.

On Wednesday, June 9, the Texas group will meet more than 600 students from 10 states for a program sponsored by the National Rural Electric Cooperative Association and the Rural Electrification Administration. The program will feature presentations by officials of these organizations and other Washington personalities and possibly the Presidential staff.

The eventful day will end with a charter cruise down the Potomac which will include entertainment and refreshments.

Also included on the 11 day agenda will be visits to the following: George Washington's Mount Vernon home, Arlington National Cemetery, the U. S. House and Senate, the U. S. Department of Agriculture, the Smithsonian Institute, the U. S. Bureau of Printing and Engraving, the Lincoln Memorial and other places of interest.

defendants.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff is suing in trespass to title to recover title to and possession of lots 8, 9 and 10, of Block 33, of the Original Town of Bovina, Parmer County, Texas, and in the alternative pleads and invokes the 19 year statute of limitations as applied to land titles in the State of Texas, and seeks to establish a lost deed from defendant The Capitol Freehold Land Trust to Cash Richards dated about 1940 conveying lot 8 above described, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

ISSUED and given under my hand and the Seal of said Court, at Office in Farwell, Texas, this 19th day of January, A.D. 1965.

Dorothy Quickel
Clerk, District Court,
Parmer County, Texas.

NEW PROGRAMS FOR YOUR CLUBS

Two new garden programs for 1965, suitable for groups or clubs of almost any kind, are announced by the National Garden Bureau, educational service of the garden seed industry.

Both new programs are of kodachrome slides. One is titled "Ideas for Making Your Garden Gay", the other is called "Newest Flower Fashions."

The first shows numerous ways of using flowers in the garden and also how to place them to form effective color combinations. Unusual uses of flowers also are included.

The second introduces the 1965 All-America Selections winners as well as many other new varieties. Some of these are shown as growing plants, others as specimen blooms. Unique pictures show how seeds of hybrid petunias are produced.

The two new programs added to those in current use bring the total to seven, any one of which may be borrowed for use by an organization for payment of postage and insurance both ways.

Among the hundreds of clubs which have used these programs have been Kiwanis, Lions, Men's Garden Clubs, Girl Scouts, 4-H clubs, Granges, Women's Clubs, church groups, Salvation Army, home extension clubs and, of course, state garden club federations and local groups.

Additional slide programs are: "See What Seeds Can Do For You", which features pictures of the actual seeds with the flowers which grow from them and "First Steps in Arranging Annual Flowers", showing in diagrams how to make various attractive arrangements.

There also are available two quiz programs: "Show Off Your Knowledge of Annual Flowers" which displays 20 large size pictures of blooms to test the knowledge of participants and "Mix 'n Match Vegetables and Their Flowers" to the tune of ten vegetables which must be matched with blooms of each kind.

All of these programs are available from National Garden Bureau, 708 West Long Lake Rd., Bloomfield Hills, Mich. Write for a request form.

NOTICE TO SHAREHOLDERS

To the Shareholders, First National Bank of Bovina:

You are hereby notified that a meeting of the shareholders of this corporation will be held as follows:

A special meeting at 3:30 P. M., February 23, 1965, to be held at the banking house of this corporation in Bovina, Texas.

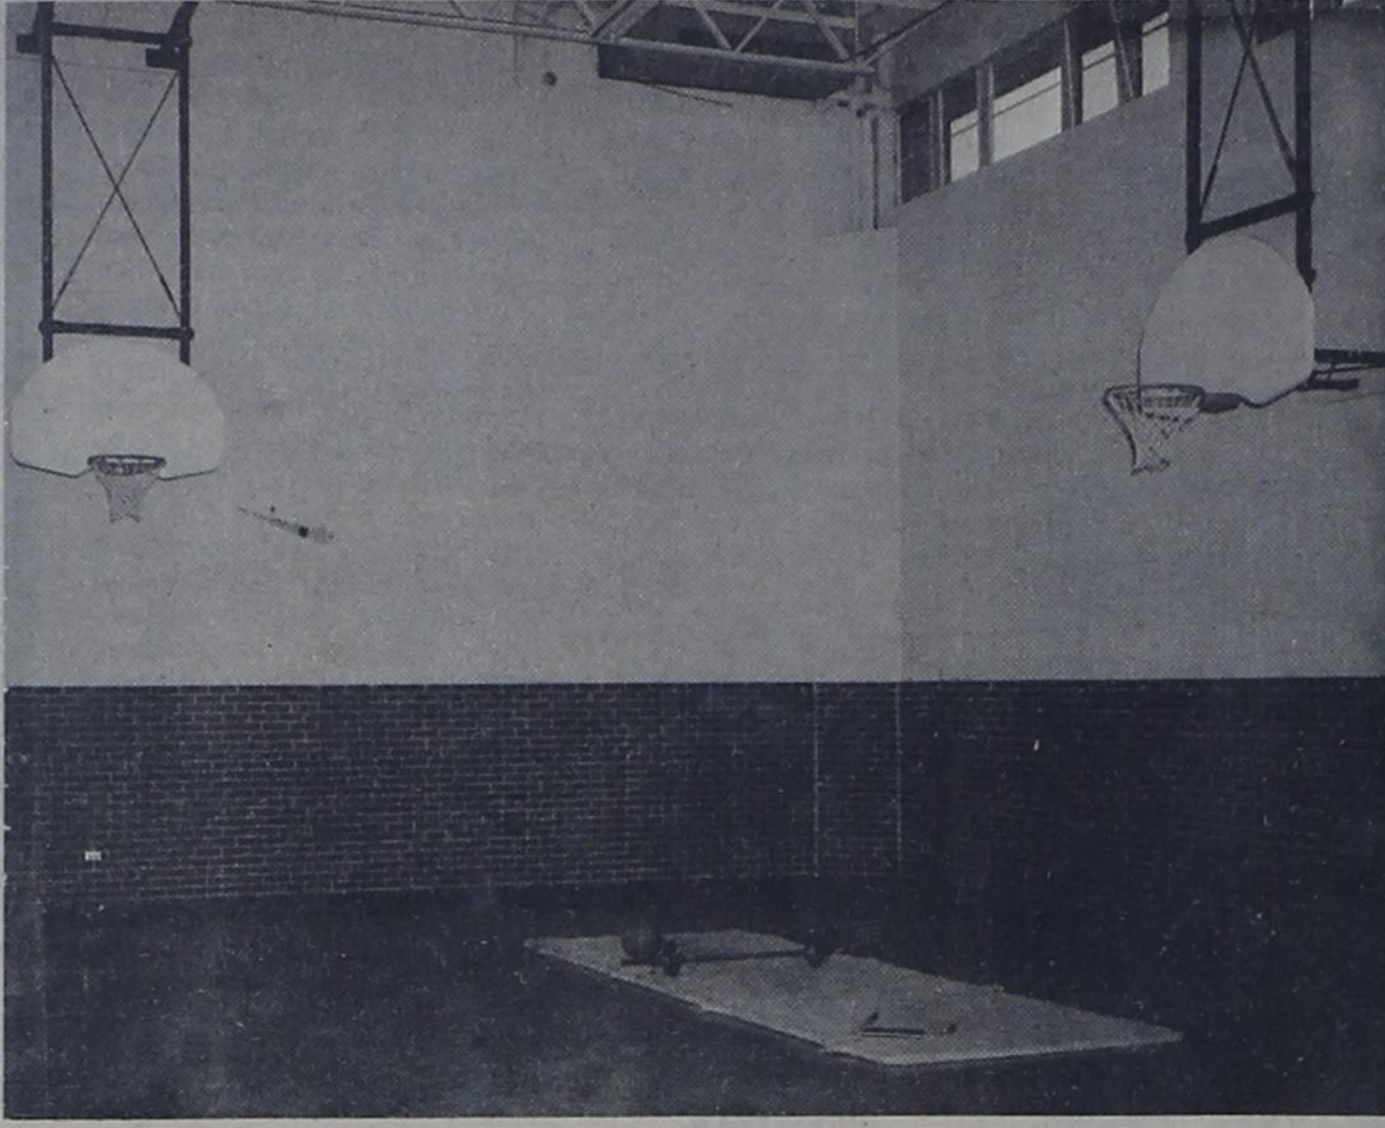

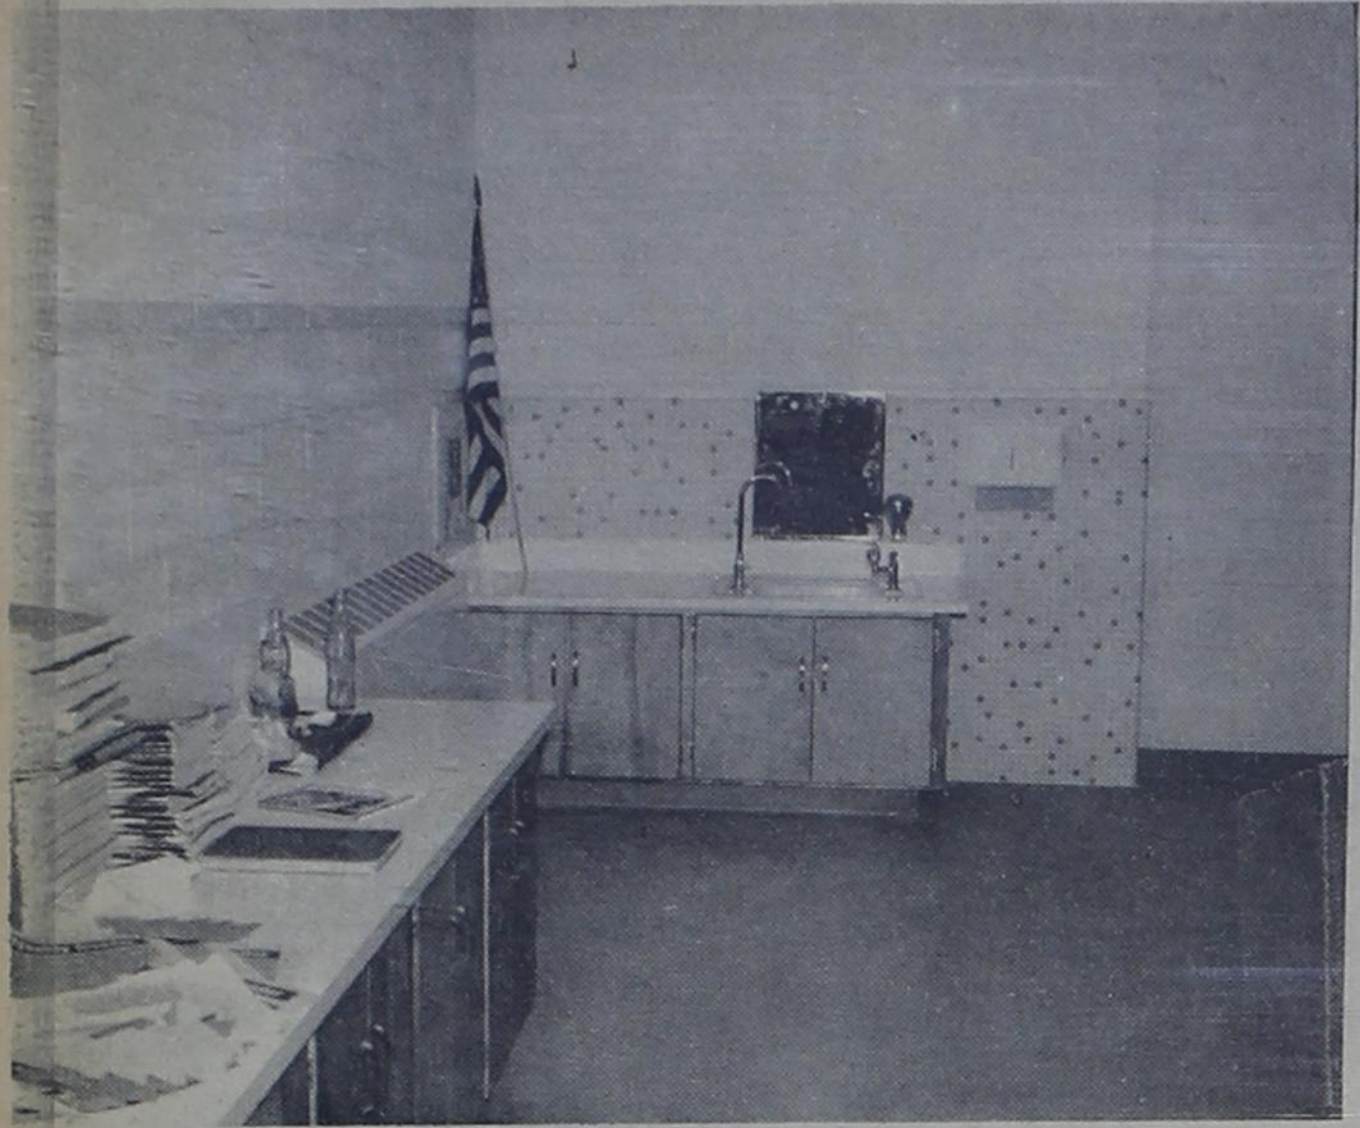

The special meeting will be held for the purpose of considering and acting upon a proposal to change and convert this banking corporation into a state banking association under the provisions of Article 342-314, Vernon's Civil Statutes of Texas and all acts amendatory thereto, and to authorize all acts and proceedings needful in pursuance thereof so as to make such change and conversion absolute.

You may attend in person or by proxy.

Bovina, Parmer County, Texas

NEW SCHOOL BUILDING -- New classrooms and grade school gym have recently been put into use at Bovina Schools. At left is a view in one of the six classrooms. At right is a view inside

the gym. Two sections each of grades four, five and six moved into the new classrooms. The gym is available for all grade schoolers.

FROM HART HERE TUESDAY NIGHT --

Fillies Win Third District Game

Bovina High basketball teams split a pair of district games with Hart here Tuesday night. The Mustangs lost a nip-and-tuck thriller, 42-43. The lead changed hands three times in the last minute. The Mustangs had enjoyed a narrow lead throughout most of the game. They lead at halftime, 25-23, and had a five-point bulge, 36-31, at the end of the third period.

For the Fillies, though, it was a brighter story. They won their third consecutive district game with ease, 72-40. They jumped off to an early lead, led 16-5 at end of the first eight minutes and were in control of the game all the way. Judy Strawn was high scorer

for the Fillies with a 32-point total. Lynn Looney made 25, Sandra Patterson 12 and Gwen Christian three.

Jerry Roach was high for the Mustangs with 19. Gene Pruitt and Randy Jones made eight each, Roman Ramirez made four and Scotty Rundell three. Richard Carson, playing briefly, didn't score.

At Happy Friday night, the girls had a harder game than expected, but came out on top, 33-30. Lynn Looney made 19 points, Judy Strawn eight and Sandra Patterson six.

The Mustangs lost to the Cowboys, 41-60, and Roman Ramirez with 14 and Jerry Roach with 11 were leading

scorers.

The teams are idle this Friday night. Next scheduled district game is Tuesday night of next week as the teams go to Nazareth for tilts there.

In a B-team girls game here Tuesday night against Hart, Bovina won, 35-11. Elaine Minyen

was high scorer with 18.

Monday night, the B-team Fillies lost to Farwell here, 35-42. Carol Kirkpatrick paced the maroon-and-white scoring with a 23-point effort.

In a boys B-team tilt, also played Monday, Bovina was

overrun by Farwell, 26-72.

Both junior high teams lost to Springlake in games played here Monday afternoon.

Thursday of last week, the Colts dropped a one-pointer to Sudan, 21-20, while the girls

were defeated by Sudan, 30-12.

The junior high teams have four remaining district games plus two tournaments -- an invitational meet at Springlake, February 4-5-6, and the district tournament at Springlake, February 18-19-20.

THURSDAY --

Monroe Doctrine Study Club Topic

Bovina Women's Study Club met Thursday afternoon at the club house for a program concerning the Monroe Doctrine.

Mrs. Buck Ellison brought a report on Panama and Cuba and Mrs. I. W. Quickel gave a talk on the Monroe Doctrine.

Mrs. Reagan Looney and Mrs. Ovid Lawlis, hostesses, served ice box pie, coffee and tea from a lace covered table centered with a crystal vase holding pink

rose buds.

Members present were Mrs. Earl Stevenson, Mrs. Jack Clayton, Mrs. Rouel Barron, Mrs. Bob Estes, Mrs. Amos Steelman, Mrs. I. W. Quickel, Mrs. J. R. Caldwell, Mrs. Lloyd Battey, Mrs. Buck Ellison, Mrs. Charles Ross, Mrs. Clarence Jones, Mrs. Jesse Walling, Mrs. Bill Bradshaw, Mrs. Bud Crump, Mrs. H. L. Ivy and Mrs. Billie Sudderth.

'Has-Been' Basketball Scheduled

A March of Dimes benefit basketball game between Bovina Lions Club and Bovina Jaycees has been scheduled. The tilt will be in Willford Gym Thursday night, January 28.

The game will feature "has-beens" and "never-wases" players on both aggregation, according to Somy Spurin, community MOD chairman.

Admission to the encounter will be a donation to the MOD campaign.

A list of players for the two teams is expected to be announced in next week's issue of The Blade.

The game is set up to be straight basketball with no horseplay, announces Bob Fillpot, Jaycee president.

The Jaycees challenged the Lions to the game.

SPORTS AFIELD

By Ted Kesting

The first cardinal rule for planning a successful winter goose hunt is to hunt during those days which follow dark nights.

Geese wintering on a refuge, as nearly all geese in the United States do, are there because they know they are safe. They know also that they are shot at every time they leave the refuge during the daylight hours. So most geese leave the refuge during daylight shooting hours only when they must.

During periods of a quarter moon or less, geese can rarely see well enough to feed at night, so they are forced to leave the refuges to feed during daylight hours. During these dark-night periods, geese may leave to feed at any time during the day, but they usually make two daylight feeding excursions—one in the morning and another in the afternoon. On refuges with thousands of geese, this usually means that there are some geese in the air during most of the day—either leaving the refuge to feed, flitting around between feeding areas or returning to the refuge. This is one period each month when the goose-wise hunter always plans to hunt. The other period is any day during the rest of the month when he knows that clouds or other forms of inclement weather have shielded the moon the preceding night; for during such a day also, geese will leave the refuge to feed. You can't kill winter geese unless they leave that

COUNCIL NAMES --

Bill Denny City Supervisor

Bill Denny, who has served as city marshal on a part-time basis for the past several months, was recently named to a full-time post with the city.

In addition to being marshal, Denny is now city supervisor

and will assist in directing the operations of the city. These duties also include that of building inspector.

His salary was set at \$450 per month by the city council.

The practice of paying the mayor \$100 per month in expense money was discontinued by the council after Denny was employed on the present basis.

Limerick for the children: Said a charming young couple named Gray, Who had decided to buy a cafe, "We can always eat out, And have steak and trout, And best of all we won't have to pay."

TEXAS 1964 AVERAGE STATE SALES TAX TABLE

This table is based on the Texas general sales tax of 2 percent. It may be used when deducting sales tax on Form 1040. If the table is not used, sales tax deductions must be itemized and substantiated. Deductible sales tax on the purchase of automobiles and gasoline tax of 6 cents a gallon are not included in the table and must be itemized separately.

Income as shown on line 9, page 1, Form 1040

Sayings, wise and otherwise . . . It is better to give than to lend, and it costs about the same--Gibbs. Let us be thankful for the fools - If it were not for them, the rest of us could not succeed.--Mark Twain. You cannot be both grand and comfortable.--Barrie.

WHAT DO YOU WANT IN A REAR TRACTOR TIRE? WORKABILITY? WEARABILITY? DEPENDABILITY?

Get all three with the new Gulf Deep-Cleat HB.

WORKS BETTER. Has extra-high, extra-wide shoulder cleats that knife deeper to give you positive traction—even in reverse.

WEARS BETTER. Gives greater wear on the field or on the road. Has all-nylon cord construction and is made with extra-tough, extra-resilient rubber compounds.

GREATER DEPENDABILITY. The Gulf HB has been tested and proved in rugged farm use, day after day, week after week, month after month.

Your Gulf Dealer will show you how to save money on your tires, when you buy and when you drive. See him today!

On sale now through April 30th!

Big travel bargain for cities along Santa Fe

It's Chico Bargain Fare time again on the Santa Fe—through April 30, 1965.

For example, a regular round-trip ticket costing \$100 will be sold at the off-season bargain fare of \$80. Round trips costing \$75 now will be only \$60, and similar reductions will apply for round-trip tickets from all stations except for local trips within the State of California.

No matter where you travel on Santa Fe trains, round-trip bargain fares will save you approximately 20%. Tickets on sale every day with a return limit of 30 days. Yes, bargain fares apply for both round-trip coach and first-class tickets.

Now you can leave the car at home and save money traveling by Santa Fe.

See the Santa Fe Agent in your home town for complete information

Off-season round trip fares cut approximately **20%** through April 30, 1965

Gas Users Meet Jan. 25 At Hub

Parmer County Irrigation Gas Users Assn. will meet Monday night of next week at the Hub Community Building. The meeting starts at 8 p.m.

Area farmers are renewing their efforts to obtain natural gas at a cheaper price. The gas, which powers over 2,000 irrigation wells in Parmer County, is a major production expense. Since 1961, farmers of the Plains have wrestled with Pioneer Natural Gas Company over rates. Unable to get what they considered an acceptable price, the farmers sought to have pricing policies of Pioneer put under regulation of the Texas Railroad Commission. This bill did not become law, but almost passed, and is still considered "alive and kicking." In fact, it is expected to have a good chance of passing this session.

"Pioneer has given the farmers good service -- there is no question on that," says Carl Schlenker, secretary of the Parmer County group, "but we are paying too much for gas. They are earning over 11 per cent where a utility usually is permitted to earn only six and three-quarters per cent."

He says that figures show the gas cost Parmer County farmers all the way from 28 to 62 cents per million cubic feet, and that the average farmer pays 42 cents for it.

One possible solution to the problem of gas rates is purchasing from another source, he says, Transwestern Pipeline Company, which owns a line traversing the county from northeast to southwest, has offered to sell gas at a flat rate of 26 1/2 cents to a farmer cooperative.

Farmers in the Black area, who have about 100 wells that could be served through their own lines, are looking into this potential. A petition has been filed with the Federal Power Commission to permit the interstate transporter to sell to the group. Pioneer has pro-

will be held in the near future.

Other similar proposals may come up concerning lines owned by El Paso Natural Gas elsewhere on the Plains, says Schlenker. A group at Black is studying the possibilities now. There are about 750 farmers in the Parmer County gas users group.

Prentice Mills, ASC office manager, will attend the meeting to explain the 1965 program, and answer questions on changes for this year.

Shelton, Rea New Water Dist. Reps.

Ralph Shelton of Friona and Carl Rea of Bovina were elected committeemen for Parmer County in the Water District election held last week.

Serving with them in hold-over positions are Wendol Christian, Oklahoma Lane; Henry Ivy, Lazbuddie; and Walter Kaltwasser, Farwell. Ross Goodwin of Muleshoe was elected to replace John Gammon as district director representing Parmer, Bailey, and Castro Counties. Gammon served on the board six years.

Every taxpayer is entitled to use his own personal exemption of \$600 in filing his Federal income tax return for 1964, Elton Davidson Administrative Officer in the Plainview office of Internal Revenue reminded today.

Document No. 5013 which furnishes more detailed information on this subject is available upon request from the Internal Revenue Service.

Uniform Water Penetration Achieved With Tail Water

All irrigators experience one common problem -- uniform penetration of water throughout the entire irrigation block.

Annually many farmers produce large yields in certain areas of their fields and produce small amounts in other areas, where the irrigation water fails to penetrate the soil adequately. Lands with degrees of great slope run water so rapidly that it seldom has time to sufficiently wet the soil production crops.

Walt Mabry, of Hub, in Parmer County, has taken a giant step in solving his problem of water penetration. In 1963 Mabry, with the aid of the High Plains Undergrround Water District, installed an irrigation tail water return system and put it to good use. During the initial year of operation he

salvaged 62 acre feet of irrigation water.

Mabry discovered that by using larger heads of irrigation water and by re-circulating the water he could obtain the penetration in the same length of time that was normally required to just water the irrigation plot prior to installation of a tail water system.

In 1964 20 acres of grain sorghum were watered four times with this return system and twice with irrigation wells. The plot produced an average of 6800 pounds of grain sorghum per acre, which was a record for the farm.

Records of the High Plains Water District show that during the last two years the return system is recovering 20% of the water pumped from the irrigation wells.

On The Farm In Parmer County

By JOE VAN ZANDT
County Agent

THE HIGH PLAINS FARM AND HOME

WORKSHOP CONDUCTED -- Reporters from four Parmer County HD Clubs attended a workshop at Friona State Bank community room Friday, with representatives from two county newspapers participating in the discussion along with HD Agent Cricket Taylor. Around the table left to right -- Mrs. Bill Brandt and daughter Kim, Rhea; H.D. Agent Cricket Taylor; Mrs. Bill Ellis, Friona; Mrs. Roscoe Ivie, Black; Mrs. Roy Miller, Mrs. Jimmie Briggs and Young Jimmie Briggs, all of Lazbuddie.

feeding stats. The total was 9,350,000 head.

Cattle feeders in the 32 States indicate that they intend to market 3,960,000 head during the January - March period. This would be 4 per cent less than actual marketings for the same period a year earlier.

4-H LIVESTOCK

We were real proud of the fine showing our Parmer County 4-H members did at the Hereford Show last week. We know there is usually a little luck involved when you win a championship. However, a lot of work has to go into making an animal capable of winning whether it is a calf, pig or lamb.

There will be four members exhibiting at the Amarillo Stock Show. Loy Dale Clark, Theresa and Rickie Seaton will be exhibiting some of their same fine barrows in Amarillo on Sunday, January 24 starting at 8:00 a.m. On Monday, Gary Phipps will show his steer that won the Hereford Show last week. The steer show starts at 10:00 a.m. on January 25.

Today, nearly one billion servings of fruit and vegetable juices are consumed weekly in the United States. Yet, only a half century ago, a glass of tomato juice, grapefruit or pineapple juice was a luxury item. There's galaxy of choices today -- familiar or exotic -- for the increasingly sophisticated palates of our population.

can be avoided by installing an automatic livestock waterer, equipped with an electrical heating element.

Water should be available for livestock at all times, even in the coldest weather. Automatic waterers keep a continuous supply of fresh water on hand. Electrically heated waterers come in different shapes and sizes for all types of livestock. Basically, a unit consists of a tank fed by pressure or a gravity water system, a float valve, a heating element controlled by a thermostat, and a housing to support the tank and exclude outside air movement around it.

We suggest purchasing the smallest unit that will provide ample water for your livestock. A general purpose bowl-type waterer will handle up to 30 head of cattle for 60 hogs. Types which have the heating element immersed in the water or are attached to the underside of the tank are usually more efficient than those warming the space enclosed by the housing.

The thermostat, being an important part of the automatic waterer, should have a five degree range between the "on" and "off" operating points for best results. Cattle or combination waterers should be insulated on the sides to conserve electricity. Covers are also recommended for reducing operating costs and as an aid to keeping the water clean. It is important to select a unit which can be cleaned easily.

Water temperature should be maintained just high enough to prevent freezing. This will usually be between 45 and 50 degrees, F.

CATTLE ON FEED

There were 1 per cent more cattle and calves on feed for slaughter market on January 1 than a year earlier in 32 major

HD Club Women Attend Reporters Workshop

Club reporters attending the second workshop for HD Club reporters, held in Friona Friday expressed themselves as well pleased with the information garnered. First of the workshops was held in Farwell last year and plans are underway to make the workshop an annual affair with representatives of other organizations invited to participate in the event.

Mrs. Cricket Taylor, HD Agent had prepared a report of helpful information for the reporters and a question and answer session was held with newspaper representatives answering questions on what to include in the news stories sent to the papers.

Some of the information given was always include the 5W's and H (who, where, what, why, when and how) in the information and always make the lead paragraph interesting or the reader will be lost before he reaches the second paragraph. Names are news-but be sure they are spelled RIGHT. Use quotes when at all possible (especially if a guest speaker has presented the program.)

If you haven't read your tax instructions that you received in the mail about January 1, now is a good time to start. There are more taxpayers that cost themselves by simply failing to take time to ready the instructions than there ought to be. These folks simply don't take the deductions that they have coming to them. Most of us don't like to read, but being lazy when it comes to reading tax instructions costs more than we can afford. If you start now, April 15 will be a nice beautiful day.

To keep from crying when peeling an onion, do not cut off the rooted end.

The big story behind the big new CASE Row Crop 930

Head the new Case 930 Row Crop Comfort King down the furrow... rock six big bottoms down deep... pour it on... and man you've got something great going for you! Call it power. Call it lugging ability. Call it guts. Whatever the name, it all begins with the massive 6-cylinder tractor engine with its special breed of power... Case high-torque power that gives you the capacity to handle bigger implements and multiple hitches faster and with less down-shifting. There's a lot more to the 930. Such as the dual-range, eight-speed transmission with five job-matched speeds in the heavy tillage range. Rear-mounted 68 gallon fuel tank. Hydraulic power steering. Draft-matic implement control. Simple, foolproof hydraulics. And a "command post" that has nine square feet of uncluttered platform space, clear visibility and unbeatable "operator" comfort. True these are all big features... but the really outstanding advantage is Case high-torque power... puts that the one that gives you the muscle to do bigger jobs faster and more profitably. Stop at your Case dealer. Make him prove it. J. I. Case Co., Racine, Wisconsin.

MASSIVE ENGINE - Brawny, 6 cylinder moderate speed engine delivers maximum usable power punch. Huge 403 cubic inch diesel displacement. 377 cubic inch for gasoline. LP gas engines.

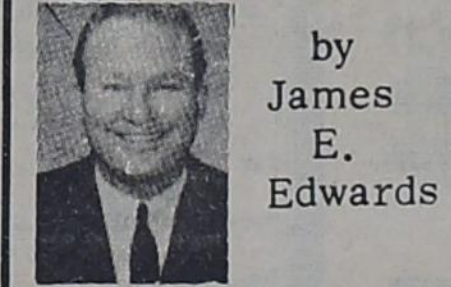

HIGH-TORQUE LUGGING POWER - The 930 not only peaks higher than any tractor in its class but maintains higher torque over a broader range of rpm. Firm, stout ability to lug and last!

BRUTE STRENGTH CONSTRUCTION - Rugged, ribbed block. Heavy 7 bearing crankshaft. Heavy-duty power train. Giant 1 1/2 inch clutch with greater holding surface than competitive 1 1/2 inch clutches. Specially hardened rear axle over three inches in diameter.

POWER-MATCHED DRAFT CONTROL - Teams with 930's high torque power. Set the Draft-matic lever and get power boosting traction automatically with minimum depth variation. Smooth Series compensates for load changes up to 600 times a minute. Category II 3-point hitch.

See Your Case Dealer For Quality Gold Seal Used Equipment.

IN HEREFORD--

Parmer County 4-H's Take Honors At Junior Livestock Show

Parmer County 4-H members took their share of the honors last week at the Hereford Junior Livestock Show.

Gary Phipps, 12 year old son of Mr. and Mrs. C. M. Phipps of the Friona 4-H Club exhib-

ited the Grand Champion Steer. This is Gary's second year at feeding show calves.

The Grand Champion, a 836 pound Hereford bred by the Phipps & Sons Hereford Ranch had previously won 1st. place

in the middle weight steer class. Gary also had the 3rd. place calf in same class, "Bubbles," is Gary's name for the Champ and he will be showing him in Amarillo next Monday.

John Hoover, another Friona 4-H'er had the second place steer in the lightweight class. He was brought home to be exhibited at the Parmer County Junior Livestock Show in Friona, March 4, 5 and 6.

In the swine division two Lazbuddie 4-H'ers nailed down two

breed Championships, Theresa Seaton, 12 year old daughter of Mr. and Mrs. Jimmie Seaton

exhibited the Champion Hampshire barrow. The Champion pig had won 1st. place in the light-

weight Hampshire class and was bred by Jimmie Seaton. This barrow will be shown at Fort Worth in early February. She also had the 3rd. place heavy weight Berkshire barrow.

heavyweight Hampshire. Both of Rickie's pigs were bred by Seaton.

Other 4-H members exhibiting barrows in Hereford were Pamela Hawkins from Friona and Billy and Larry Eubanks from Lazbuddie.

New Credit Offered By FHA Office

A new credit service to help low-income families in rural areas raise their income is now available in Texas, according to State Director L. J. Cappleman, Farmer Home Administration.

Cappleman said the new service opens up Farmers Home Administration credit aid for the first time to many low-income rural families who previously were unable to obtain either public or private loans to improve their earnings.

All county offices in Texas,

are accepting applications for loans up to \$2,500 to finance farming enterprises, small family businesses, trades and services. Rural cooperatives serving low-income families and providing services and facilities not otherwise available may also be eligible for credit under the program.

Borrowers will be provided continuing management aid to help them make a success of their farming enterprises or new businesses.

RESERVE CHAMPION: Carolyn Langford, 14 daughter of Mr. and Mrs. Elmer Langford, Texico, and a member of Pleasant Hill 4-H Club exhibits the reserve champion Hereford heifer at the Lovington One Stop Hereford Associations show held recently. The animal, an August 1963 daughter of Real Silver Tone, sold to Joe Rowlett, Seminole, Tex. for \$305. Shown with Miss Langford is her father who also exhibited several other cattle at the show.

AMMO NOTES

By W. F. "Bill" Bennett
Agronomist
Western Ammonia Corporation

Nitrogen Needs
In a previous Ammo-Notes column, I discussed the reasons that maize following maize often does better than maize on summer fallow or layout ground. There has been a question in regard to one of the points mentioned.

One was in regard to the 100# nitrogen in the maize stubble from the preceding crop and whether this would be enough to take care of nitrogen needs for the next year's crop. The answer is that it definitely would not be enough.

Let's do some calculation. In a 6000# maize crop, approximately 80 to 100# actual nitrogen is contained in the grain and about the same amount is contained in the stubble. This means that about 160 to 200#

N is needed to produce a 6000# crop. Most soils in the area will supply about 60# nitrogen each year from normal release of nitrogen from organic matter. Another 100# will come from decomposition of the stubble. Another 60 to 80# nitrogen will come from carryover of nitrogen from the previous year's nitrogen application. Add these up and you get 220 to 240# N per acre which will be supplied by the soil.

The key point here is that a plant will take up only about 50% of the nitrogen which is available to it in the soil. This means, then, that about 220 to 400# N should be available to plants to grow 6000# maize. This leaves a minimum of 80# nitrogen and up to 180# nitrogen which needs to be applied. We know from practice that yields seldom exceed 6000# maize on only 100# ammonia per acre per year. It will take 125 to 150# ammonia to produce 6000# maize on the average and 150 to 175# ammonia to consistently average 7000# maize. Growers who are hitting around 8000# maize are using 200 to 220# ammonia each year. Along with this ammonia, phosphate is usually needed to produce the yields indicated.

1965 Outlook For Cotton

Cotton growers of Texas and the nation will add an estimated 600,000 bales to the carryover on August 1, 1965. This, points out John G. McHaney, Extension economist, Texas A&M University, will bring the national carryover to an estimated 13 million bales, the largest since the record carryover of 14.5 million bales in 1956.

And, continues the economist, the large 1964 crop will likely offset the high disappearance expected during the period from August 1964 to July 31, 1965.

Lower net costs of upland cotton to domestic users, resulting from legislation

enacted last April, were cited as contributors to the expected domestic use of 9.7 million bales during the present crop year of 1964-65. This is 1.1 million more bales than were used in 1963-64 and the largest domestic usage since 1950-51.

Per capita mill consumption of cotton for 1964 was up about 5 per cent from 1963. But, points out McHaney, cotton's share of the total fiber consumption showed a slight decline to a low of 55 per cent.

U. S. exports of upland cotton for the 1964-65 season are expected to total 5.2 million bales, compared with 5.7 mil-

lion for the 1963-64 season but above the average for the past four years. McHaney believes exports will hold at the high level due to the continued up-swing in foreign free world consumption. But, he adds, foreign free world cotton production for 1964-65 set a new record and thus, will make more competition for U.S. producers.

Farm prices for cotton in recent months have been trending downward to reflect the 2.5 cents per pound reduction in the 1964 support price. For the 1965 crop, the basic support price for middling 1-inch cotton, gross weight, at average

location is 29 cents per pound. Farmers who plant within their domestic allotment will be eligible to receive an additional payment of 4.35 cents per pound on their farm's normal cotton yield, as determined by the county ASCS committee.

The national acreage allotment for the 1965 crop of upland cotton has been set at the statutory minimum of 16 million acres.

It's more important to look ahead than backwards -- that's why our eyes were placed in front.

Roll Call Answered With Bible Verse

My favorite Bible Verse was the answer given by members of Black HD Club at roll call for their Jan. 14 meeting, in the home of Mrs. Ellis Tatum.

During the business meeting club committees and club demonstrators were appointed and plans were made to serve lunch at the Winingham Farm Sale, to be held on Jan. 20. This will be a fund raising project for club members.

Next meeting was set for Feb. 4 in the home of Mrs. Gene Held. Topic for the February program will be "Household Cleaning Agents."

Attending the Thursday meeting were Mesdames Helen Fangman, Bill Carthel, Johnny Mars, Dick Rockey, Gene Welch, Pete Braxton, Travis Stone, J. B. Sneed, Clyde Hays, H. H. Elmore, Harry Lookingbill and Roscoe Ivie.

Silt Study Conducted By Water District

The High Plains Water District initiated a study on silt losses in irrigation water during 1964.

In areas where irrigation tail water has escaped in county bar ditches, large amounts of silt have been observed collecting in the ditches. Farmers were aware that valuable top soil was being lost but no one could estimate how much. Losses of silt not only cost the farmer many dollars in valuable land, but also pose a great problem for the county in maintaining roads and ditches.

Field representative of the District realized the need for accurate records that would reflect the losses of silt by allowing it to escape and immediately initiated a water sampling program at one of their tail water return systems.

Samples of water were collected as they entered the pit and as the water was being discharged back into the field from the recirculating system.

Using the average pounds of silt per acre foot of water as a basis and by metering the amount of actual passage over the four hour period, it was discovered that one half an acre foot of water was recirculated. The amount of silt that entered the installation was 992 pounds and 1946 pounds was removed. The difference of 954 pounds of silt reflects that this amount was already present in the installation but was removed during the pumping cycle.

Based on this initial test, an average of 4.3 tons of silt was recirculated with each acre foot of water. Using this amount for the entire 132 acre feet of water salvaged by the system this year, approximately 567 tons of silt were recirculated with the water. This 567 tons of silt would be approximately 378 cubic yards of top soil replaced on the farm for the same cost of recirculating the "tail water."

If the farmer had cleaned out the bar ditch and hauled the soil back to his farm, it would have cost him at least fifty cents per yard to haul and spread it. Total cost for this would have been \$184.00.

The soil was replaced on the farm through the use of tail water so actually you could say that the top soil was replaced at no cost to the farmer.

Personnel of the Water District realize that silt will always be a problem wherever water

runs over soil. It can be visualized though that by using return system to pump water and silt, farmers can apply two conservation practices for the price of one.

District personnel will continue this study during 1965 and anticipate greater amounts of top soil being returned to farmers rather than losing it in the county bar ditch.

Per capita food consumption in 1964 was about one per cent above a year earlier, says Mrs. Gwen Clyatt, Extension consumer marketing specialist. The increase was due largely to sizeable increases in consumption of beef, turkey and fresh fruits -- particularly apples and citrus. Offsetting to some extent were small declines for pork, lamb, and some vegetables, including potatoes. Per capita food consumption in 1965 is expected to equal 1964's high level as increases for beef and citrus fruits likely will offset declines in other foods. Most of the added spending for food in 1964 was reflected in increased marketing, processing and transportation, and other services rather than in added farmers' receipts.

Family Living Program Highlights Lazbuddie HD Club Meeting

Highlighting the program for Lazbuddie HD Club, when it met in the home of Mrs. Demp Foster on Monday was a program on "Family Living" presented

by Mrs. Cricket Taylor, HD Agent. Nine members and one guest attended the session. During the short business meeting club members voted to serve lunch at a farm sale for its money raising project this year. The sale was held on Thursday. In other business a secretary - treasurer, Mrs. Clayton Graef, was elected to fill the unexpired term of the secretary-treasurer who resigned.

Christian Attends Workshop

Wendol Christian of Oklahoma Lane Farm Supply was in Okla. City, Okla. last week attending a Smith-Douglass sales workshop.

Purpose of the meeting was to learn more about soil testing and the fertilizer needs of crops grown in the Farmer County area. Christian attends a Smith-Douglass workshop each year to keep up to date on fertilizer, in order to recommend programs to farmers in the Farmer County area that will grow more profitable crops.

At Home In Farmer County

By CRICKET B. TAYLOR
County HD Agent

Some 4-H Food groups are nearing the completion of their Food Units and will soon be ready for the 4-H Food Contest to be held first week of March at the Hub Community Center.

There are two dates that 4-H Food group leaders will want to keep in mind and these are on Tuesday, Feb. 2, for Farwell and Oklahoma Lane leaders and Thursday, Feb. 4th for Friona, Lazbuddie and Bovina leaders. Training meetings will be held to discuss 4-H Favorite Food requirements, records and questions of leaders.

Mrs. H. R. Denney, Bovina, bedroom improvement leader has started working with seven 4-H girls in bedroom improvement project work. They have made plans for meeting dates, and discussed project work. Their next meeting will be Feb. 8. For leaders in this project, a meeting will be held Friday, Feb. 12, at Hub Community Center. Anyone who is interested in becoming a leader may attend this meeting also. Mrs. L. R. Capps, Farwell organization leader, and Carl Schlenker, Friona organization

Vinegar and salt on a c used for wiping clothesline winter will keep clothes from freezing to line. Also, a moist cloth of vinegar and salt will remove tea stains from tea cups.

leader attended a meeting for 4-H Leaders in Hereford on Wednesday, along with the County Agents from this county. Leaders from several counties had an opportunity to discuss problems and exchange ideas, which nearly always is profitable.

You Can Control "Pilling," of Fabrics.
Have you had garments that after a few washings had small tiny hard balls or "pills" that stick tight to the fabric? This is characteristic of some modern day fabrics. This "pilling" increases during wearing and laundering because the balls catch other surfaces, particularly of the same fabric, to form more pills. But "pills" belong in bottles, and definitely not on your sweater -- and consumers can reduce the pilling.

It is recommended that you turn the garment inside out when you wash it. For further protection, place the "pilly" item in a mesh bag for laundrying. If a garment already has pills, the pills should be removed individually. To do this, pull the cloth firmly over a curved surface so that the pills stand up and away from the fabric, then cut them off carefully with a razor blade or scissors.

"WHERE YOU ALWAYS BUY THE BEST FOR LESS!"

PLENTY OF FREE PARKING!

High Plains Growers LABOR SAVING? See For Yourself!

Would you ever believe you could get 175-80 pound bags of fertilizer in just one TIDE Tilt-Box? You sure can. Count them. Using Tide's Tilt-Box you don't have to handle a single bag... simply open a gate and fill your fertilizer applicator in minutes. Labor saving? I'll say it!

HOW TIDE'S TILT-BOX SERVES YOU:
Tide's TILT-BOX, pictured above, is an air-tight, all weather container. It keeps your fertilizer dry, fresh, and free-flowing. This TILT-BOX puts 14,000 pounds of fertilizer where you want it... at the most convenient location to the field and high enough to make loading any type of application equipment easy.

PRESCRIPTION MIX FERTILIZER
Tide takes soil samples from your land, and sends them to an independent testing laboratory, free of charge, to determine exactly what your soil needs. Then your fertilizer is mixed from high analysis raw materials to fit your exact soil requirements. Because it is made "on order", your fertilizer is fresh, dry, and free-flowing.

ECONOMICAL
Ease of handling fertilizer in Tide equipment reduces cost... saves time and labor. One man can fill an applicator or spreader with Tide fertilizer in 2 to 3 minutes simply by opening a gate.

With "prescription-mix", you buy only the nitrogen phosphate, and potash your soil tests shows you need. High analysis fertilizer cuts material handling costs. No bags to handle (unless you want it bagged) and storage is no problem, as Tide's Tilt-Box, holding 14,000 pounds, provides air-tight delivery and storage at the end of the row.

TIDE SERVICES
Tide grower services and products are planned to save time and labor... help take the guess-work out of farming. Agricultural Consultants, free soil tests, and Tide's custom-designed, weather-proof, delivery and storage equipment, cut your production costs. TRY TIDE... you'll be glad you did.

Symbol of Quality
Only the BEST... is fit to be TIDE
