

The year 1929 promises to be a banner year in building and development progress.

THE TEXAS SPUR

AND THE DICKENS ITEM

With natural gas, cheap light and power and abundant water, Spur sits on top of the world.

VOLUME NINETEEN

SPUR, DICKENS COUNTY, TEXAS, FRIDAY, APRIL 12, 1929

NUMBER 24

Dairying is Widely Important in Texas at This Time

Probably no development is as widely important to Texans today as is that of dairying. The dairy cow brings ready money to the farmer cash trade to the retailer; increased deposits for banks; greater buying power to all people; paves the way for various types of industries; establishes agriculture on a permanent basis; encourages the building of good roads; improves school attendance; and, in short, makes for a balanced development of Texas which is beneficial to all the people.

Eye Sight Specialist is Coming Again

Dr. Fred R. Baker, of San Angelo, Texas, one of Texas' leading optical specialists, will be at the Spur Inn, on another regular visit, Saturday, April 13th. Dr. Baker was appointed a member of the Texas Optometry Examining Board by former Gov. M. Neff. He was president of the Texas Optical Association and National Vice-President. The doctor also holds four different state licenses, and is registered in Dickens county, and he has had over 30 years experience fitting defective eyes. He carries samples of all the new style spectacle frames. Don't fail to see him.

Number Favor the Texas Spur With New and Renewal Subs

Among the number of new and renewal subscriptions with which the Texas Spur has been favored the past week are the following: Henry Gregory, C. B. Lucas, E. McCombs, L. A. Lollar, C. W. Wilson, F. C. Gipson, J. P. Martin, A. T. Reed, J. D. Peterson, R. Jankins, W. H. Nichols, A. Reeves, W. Woods, A. M. Lay, G. W. Hobbs, Ed Henderson, Wade McNeil, Howard Campbell, W. C. Brel, Sam Newberry, W. M. Bone, Will Walker, C. P. Allen, E. Franklin, Doc Ellis, R. C. J. P. Shaw, W. A. Drennan, I. Scott, H. L. Offield, J. F. Ter, W. W. Barrington, Mrs. M. Alpin, Sam Baxter.

Dickens County Meets Quota Allotted by the Salvation Army

Sign Shultz of the Salvation Army was in Spur Saturday, making campaign for the allotted quota of for Dickens county, which quota was one hundred dollars. The quota was readily subscribed by business men of Spur—going a dollars over the top. None asked for more than one dollar with the exception of three who the quota was made up by donations of twenty five cents and a half—these exceptions C. B. Jones who gave ten, Geo. S. Link and the Spur Bank who each gave five.

Sign Shultz requested the Texas to extend his sincere thanks and appreciation to the people of their liberality and will contribute to the Salvation Army cause. This was the motive for funds on the part of Dickens County Advisory members are W. B. Lee, W. News, Jr., Dr. P. C. Nichols and McClure. If at any time any in this section need assistance from the Salvation Army may inform any member board with the assurance investigation will be made and extended by the Salvation Army.

Sign Shultz has been busy in the past week or two, following

90 Years Old Letters Bring Fortune to Texans in Court

Eastland, Texas.—Letters written 90 years ago brought \$280,000.00 to 37 Texans. On April 2, 1926, William R. Meredith, Indiana millionaire, died at the age of 82. In his will he bequeathed \$1,250,000 to cousins, since he had no closer relatives. Each first cousin was to get \$14,000, and each second cousin \$7,000. Carl Springer, Eastland attorney, read in newspapers of Meredith's death. From stories told him by his father, A. W. Springer of Aspermont, he was convinced that he and his relatives should share in the fortune. Meanwhile, paternal cousins of Meredith contested the will on the ground that Meredith had not intended to include maternal descendants. Their contentions were overruled, and the Texas cousins made eligible for bequests. In establishing of the Texas clan to Meredith, Carl Springer introduced letters that Edward Fayette Springer had received from his sister, Emily Carolins Springer Meredith, mother of William R. Meredith. In one of them, she said she had named a son Edward Fayette in honor of her brother. Some of the letters were written in 1840. Under the court ruling allowing maternal cousins to inherit, A. W. Springer of Aspermont and his sisters, Orlena Moore of Gustine, and Mrs. Barbara Ann Castleberry of Slaton, are to receive \$14,000 each. The 34 second cousins are to receive \$7,000 each. Many here will remember that the Springer family formerly lived in Spur, and the boys, Witt, Fayette and George Springer now live in Matador, and they will probably share in this inheritance.

The Entire Town Joins in Clean-Up Campaign Tuesday This Week

Tuesday of this week practically the entire town, including men, women and children, joined in the general clean-up campaign in the city, and as a result the back alleys, back yards and vacant lots as well as the front yards and main streets are swept and garnished, and Spur as a whole is now one of the cleanest, brightest and most attractive and inviting little cities of all of Western Texas.

METHODIST CHURCH SUNDAY

Our Sunday school is growing. There is a class suited for everyone. Come next Sunday and join us. The pastor will preach at 11 a. m. and 8 p. m. These services last just one hour, and there is something interesting each minute. All three of the leagues meet at 7 p. m. Come and help us make next Sunday a great day. The following week the District Conference meets with us, and we want to have a good report. We want to meet you at the church Sunday.—W. B. Vaughn, Pastor.

METHODIST DISTRICT CONFERENCE MEETS IN SPUR

The District Conference of the Stamford District will meet in the Spur Methodist Church Monday night, April 16th. Rev. Gaston Foote of Haskell will preach the opening sermon. The Conference will continue through Tuesday and Wednesday. Rev. J. H. Hamblen, Presiding Elder, will preside. This district is composed of 23 pastoral charges. All the pastors and some delegates are expected to attend. The delegates will be entertained in the homes of members. The ladies of the Spur church will serve lunch for the delegates Tuesday and Wednesday in the church basement. All are invited to attend.—Pastor.

MRS. RAYMOND JORDAN DIED MONDAY IN LUBBOCK

Mrs. Raymond Jordan, daughter of R. W. Moore, died Monday in a Lubbock sanitarium following an operation, her remains being returned to their home at O'Donnell for interment. A. W. Jordan of Spur, and Raymonds father, J. W. Jordan of Hico, attended the funeral. Three children survive, two boys and a girl.

J. H. Biggs Died Thursday Following Very Brief Illness

J. H. Biggs died Thursday evening at 7:30 o'clock, following a brief illness of acute indigestion, and while funeral arrangements have not at this time been concluded it is presumed that the remains will be interred today, Friday, in the Spur cemetery. Mr. Biggs had been in ill health for some time. He suffered an attack of indigestion Wednesday evening, and was carried to his room. He could not survive a second attack Thursday evening, which was diagnosed as paralysis of the heart. J. H. Biggs was sixty eight years of age, and had been residing in Spur and the Spur country a number of years. At the time of his death he was Judge of the City court of Spur.

Experiment Station Cattle Bring the Top Prices on Market

Two cars of cattle fed at the local Experiment Station brought what is thought to be the highest price ever paid for cattle from the Spur country. There were 57 head, and sold as follows: 12 head at 14c; 30 head at 13.75; 10 head at 13.50; 5 head at 12c per pound. The 57 head brought \$6,075.00, or \$107 a head. These cattle were calves and yearlings, and were fed red top cane milo maize and cotton seed meal. It is very evident that this section is well adapted to cattle feeding, as it produces an abundance of feed for cattle feeding.

Only Sixty Odd Votes Polled in Spur School Trustee Election

In the election held Saturday for the purpose of electing four members to the school board, there were only sixty odd votes polled, E. J. Cowan, Lawis Lee, E. A. Russell and J. H. Busby being elected for the places.

SINGING CONVENTION NOTICE

The Dickens County Singing Convention will convene in Dickens on next Sunday, April 14th. Everyone is urged to be present as we are expecting a big time, and it is also time to elect new officers, and you will want to put the ones in you think should have the places. So be on hand and have a part in the convention, as it is here to stay, and why not make it the "Best in the West."

We have plenty of material, and if they would come on out, put their shoulders to the wheel and push, we can put it over in a big way. And when we are gone on there will be some one to keep the good work going on as there is nothing that will help a community as much as a good singing class—and all who have been in this work will say "amen" to this. We would not have much singing in our churches today if it were not for the older ones who kept the interest up and had a few good old country singing schools to keep the young ones awake. So let us who are in the work now do our best, and maybe some of the others will fall in and we will not have been a failure after all.—Jack Horner, Secretary and Treasurer.

MARRIED

Mac Darnell and Miss Ula Mae Shepherd, two prominent young people of the Red Mud community, were united in marriage April 7th, in the Christian parsonage in Spur, Rev. A. G. Abbott performing the ceremony. The Texas Spur joins their friends in wishing Mr. and Mrs. Darnell much happiness and prosperity throughout married life.

MISS MINNIE HORTMAN ASSUMES MANAGEMENT OF GAMBILL'S STORE IN SPUR

Miss Minnie Hortman, formerly of Oklahoma, came to Spur last week and assumed the management of Gambill's store in the city, taking the place of Mr. Edwards who resigned the management of the business.

Brick Work Completed on 40-Room Hotel for W. T. Wilson

The brick work on the W. T. Wilson forty room hotel, bus terminal station and gas filling station structure, was completed this week, and the inside finishing work will be completed within the month, under the supervision of Contractor Nugent & Son. The hotel has been leased, and each of the three businesses to occupy the building is expected to open for business by the first of the coming month. When completed, the Wilson building will be one of the finest in Spur, and will be an asset of some thirty or forty thousand dollars to the building progress of the business section of the city.

Farmers Co-Operative Society of Spur Elected Officers and Declared Dividends

Stockholders of the Farmers Co-Operative Gin Society of Spur, met here Friday, reelecting all of the old officers and directors to serve another year. Dividends amounting to \$24,000 is said to have been declared, and that more than \$6,000 profit was cleared on cotton seed alone during the fall.

Olivar's Phillipine Troubadours in Spur This Week

Olivar's Phillipine Troubadours are in Spur for four nights this week, in chautauqua programs under the auspices of the Parent-Teachers Association. The highly programs are being largely attended, very interesting and entertaining.

Miss Tona Slaton Undergoes Operation at Nichols Sanitarium

Miss Tona Slaton, daughter of Mr. and Mrs. A. J. Slaton of north of Spur, underwent a surgical operation Friday of last week, at the Nichols Sanitarium. The operation was successful in every particular, and Miss Slaton is now reported recovering very nicely.

Spur Vocational Aggies in Contests at Plainview Dairy Show

The Dairy team of Spur High School made the trip to Plainview Dairy Show and entered in the judging contests. The boys were unable to place in the win column at Plainview, but were pretty well up in the Tech contests. In each contest there were over twenty teams competing, Spur placing fifth in the dairy contests, Marion Jordan being high point man in Holstein. Following is the score by schools: Jerseys—McLean 630; Sndan 588; Panhandle 584; Spur 577; O'Donnell 575. Holstein—Sudan 658; Tullia 642; McLean 637; Panhandle 606; Spur 590. Entire Dairy Contest—Sudan 1267; Sudan 1246; Tullia 1211; Panhandle 1190; Spur 1187. The poultry division was well represented by Tom Porter, Odiss Holly, Josie Gaines as alternate. The poultry team didn't get into the win column, but ranked seventh in scores for the whole division. These boys with a team of four more to be selected, make a trip to A. & M. College in contests open to all of Texas April 22nd. If a team places in the first 10 they are to be congratulated, as there will be some 20 schools represented.

Mr. and Mrs. Golding are spending several days of this week in the Dallas and other markets, buying new stocks with which to restock the B. Schwarz & Son store in the city.

Mrs. Slaton Knocked Down by Car and Critically Injured Friday

Mrs. A. J. Slaton, of several miles north of Spur, was very critically injured Friday afternoon of last week in Spur, when a car driven by Mrs. R. E. Long of Roaring Springs, struck and knocked her down on the street, with the result that in striking her head on the paved street Mrs. Slaton suffered a fractured skull and other injuries and bruises on the head and body. Mrs. Slaton's little daughter, Peggy Jane, also suffered minor injuries, she being dragged by her brother from underneath the car before the wheels could pass over her. Mrs. Slaton and the family had come to town to be with Miss Tona Slaton through a surgical operation at the Nichols Sanitarium, and it was while they were crossing the street to the Sanitarium that the accident occurred. The accident is attributed to inadequate brakes on the car.

Spur Bull Dogs Play Tech Matadors Tuesday in Lubbock

The Spur "Bull Dogs" the Spur High School football team, played the "Matadors" of Tech College at Lubbock Tuesday afternoon of this week, with a resulting score of 11 to 2 in favor of the college team. The Tech "Matadors" are considered one of the best foot ball teams in all of Western Texas, and the scores made evidences the fact that the Spur Bull Dogs are also "some players."

Dr. Atchison Locates at Afton to Practice His Profession

Dr. T. A. Atchison, formerly of Post, has recently located in Afton where he is now engaged in the practice of medicine. Dr. Atchison comes to Afton and Dickens county highly recommended as a physician and citizen.

THE WRECK OF BALLARD'S PLANE

Mr. Ballard was warned of trouble, so the people say. But regardless of his warning, He started on his way. He did not land in Spur, we know not the reason why. They say the motors were running badly, but he continued to fly. He took a northwest course as he left town, And got out about six miles When the flames broke out And forced poor Ballard down. He was in one of Ford's Tri-Motor planes, As beautiful as could be. He had it under perfect control As far as we could see. When he swung around to the south And seemed to wave in the swing. They went down in an awful crash, And landed on the left wing. The fire started about a quarter of a mile back, Tongues of leaping flames and smoke That looked so very black. He was up a hundred fifty feet, Or maybe more, And the time of the awful crash Was something after four. The bodies taken from the fire The number was five. What a sight to witness, They lost their lives in the wreck, There were none got out alive. That in flames did rise so high. We know not our fate. But we, too, will have to die. Get right with your Maker before it is too late, It's a debt we all have to pay But we do not know our fate. —Ollie Hairgrove.

Misses Sadie Harrington and Nig Lisenby and Jim Sample and K. R. Hemphill were in Lubbock Saturday night attending the Tech Junior Prom in which Miss Thelma Caraway was crowned "queen."

Watch Spur Grow—R. D. Stewart and family left Thursday of last week for Shreveport, La., to visit with his father and other relatives. Mr. Stewart's father will return home with them for an extended visit here.

Spur Boy in California Interviews Marathon Skaters at Ocean Park

Tom Black, who is now with the Fun Palace, Ocean Park, California, wrote us a letter last week, in which he informed us of an interview he had with marathon skaters, especially for publication in The Texas Spur. The letter follows: Dear Mc:—I just visited Fun Palace in Ocean Park, and saw the marathon skaters who have been skating 773 hours, under the auspices of the American Legion Post, No. 123. Out of 42 entrants, there are ten couples and one solo left on the floor, all of whom are now world champions. Their names are: Ed Molitor, Laverne Molitor, Dick Horn, Catherine Sandy, Porkey Jacobs, Beverly Hunt, Bob Barrett, Jack Roth, Phyllis Colbert, Sparky McCoy and Dora McCoy. They skate 45 minutes and rest fifteen minutes, and they all took a rest period to give me their names. Mrs. McCoy is from Dallas, is Spanish, and says she thinks she can go another hundred hours. Miss Phyllis Colbert, of Los Angeles, California, was the champion marathon dancer and skater in April, 1927, dancing from Venice ballroom to Elpaties ballroom in Los Angeles in twelve hours, no rest. She started here in the roller skating marathon February 23, and has been skating 773 hours and feeling fine. All the skaters look pretty good to me. By the way, I have been over to Redondo Beach and saw Lonnie Harris. He has a meat market in the Safe Way Store of which he is also manager.—Tom Black., Ocean Park, California.

Couldn't Leave the House for 6 Months

"I had just about given up hope of ever being well again when I heard about Sargon. It is just wonderful what it has done for me.

MRS. J. W. MANESS "I was in a dreadfully rundown condition as a result of stomach trouble. I became so weak I was confined to the house for six months and for four months was on a milk diet. I suffered terribly with gas and cramping pains. Awful sick headaches forced me to bed for hours at a time. I lost weight and strength and my color was unhealthy. I was so nervous that life was a misery. I simply couldn't sleep well. "After the first few doses of Sargon my appetite returned and I eat anything I want. I don't suffer with gas or cramping pains any more, nor do I have those dreadful headaches. My nervousness is entirely gone and I sleep just fine. Doing the housework now seems just like play compared to what it used to be. I'm rid of constipation, my color is good and I've gained six pounds. "Sargon did more for me in a few weeks than all the other medicines and treatments put together did in years." Th cabove statement was made recently by Mrs. J. W. Maness, of 1510 Pearson St., Houston, Texas. Sargon may be obtained in Spur at the Red Front Drug Store. 1tc

MARRIED

Miss Mary Francis (Cap) Garner and Bruce Edwards, of the city, were married Sunday in Dickens. The Texas Spur joins in extending congratulations and best wishes to Mr. and Mrs. Edwards.

FOR QUICK SERVICE—TEAM OR TRUCK

Hear the radio program of the "Hudson-Essex Challengers" every Friday evening.

It Challenges Your Interest in These Important Ways

EASY TO BUY

For Instance, the Coach \$295 Down, and monthly Payments of \$52.45

Your present car will probably cover the entire first Payment.

The H. M. C. Purchase Plan Offers the lowest available finance terms on the balance.

EASY TO OWN

On our own streets Essex the Challenger, under competent observation, averaged 20 miles per gallon. The average owner in this city can expect 18 to 20 miles and upward. Hundreds of records all over the country during "Challenger Week" prove Essex economy. Commercial users operating large fleets of Essex cars say that service and maintenance costs, covering millions of miles of operation, are lowest of any car they ever tested.

Essex the Challenger sweeps aside the barriers of price class. It challenges the performance, the style, the luxurious roomy comfort of any car at any price, on the basis that no other gives you back so much for every dollar you put in. That is why the big buying swing is to Essex. That is why motorists by thousands are switching from past favorites, and trading in their present cars for the big values Essex the Challenger gives.

WANT ADS

An Eight-a Studebaker—and a Commander

at \$1495 — \$1350
Prices at the factory

THE NEW COMMANDER EIGHT COUPE FOR TWO—\$1495. COMMANDER SIX COUPE—\$1350. Ideal for business. Large luggage space under rear deck. Also available with rumble seat. Prices at the factory. Bumpers and spare tire extra.

THINK of it! An eight, a Studebaker—and a Commander—for \$1495. Worthy successor to the world-famous Commander which sped 25,000 miles in less than 23,000 minutes in heroic proof of its speed and staying power. Heir to the full fruits of Studebaker's engineering genius, which requires no further evidence than the fact that Studebaker today holds, undisputed, every official speed and endurance record for fully equipped stock cars.

Today's Commander is, emphatically today's motor car. Its superb performance is matched by forward, youthful style, which beautifully interprets that performance. Lower—lower looking—and steadier at great speed—because of its costly double-drop frame. Restful riding, such as motoring never knew until Studebaker introduced the luxury of

ball bearing spring shackles, is still further enhanced by hydraulic shock absorbers.

Available either with straight-eight or with six-cylinder motor, The Commander is offered by Studebaker, Builder of Champions, as "the greatest motor car ever built and sold at its price." Your first ride will prove it.

STUDEBAKER MODELS AND PRICES

The President Eight	\$1785 to \$2575
The Commander Six or Eight	1350 to 1675
The Dictator	1265 to 1395
The Erskine Six	860 to 1045

PRICES AT THE FACTORY

[Studebaker now sells more 8-cylinder cars than any other manufacturer on earth]

FOLEY MOTOR COMPANY SPUR, TEXAS

Mrs. A. Lollar, of east of the city, was among the many shopping here Saturday.

W. A. Harris, of near Spur, was among the many here Saturday buying and selling.

D. H. Sullivan and wife returned last week from Ferris where they spent some time with their son and family. While gone they also went to Corpus Christi where some time was spent fishing and vacationing.

Dick Sampson, of the O-O Ranch in Kent county, was on the streets Saturday, meeting with his friends and transacting business affairs with merchants.

O. I. Taylor, of Duck Creek, was in the city Monday. He applied for a job soliciting subscriptions for the Texas Spur. We want a thousand more readers in Dickens and adjoining counties—and we may put O. I. on the job of getting them.

H. C. Peterson, of the Cat Fish country, was among the number in Spur Saturday.

We recently received a letter from W. C. Cantrell, requesting that the Texas Spur be sent to him. He is now at Red Lands, California, where he is employed in one of the many industries of that section.

SPUR FARM LANDS AGAIN OFFERED FOR SALE

We are glad to announce that we are again offering for sale (at no increase in price) farm and small ranch tracts in Dickens, Kent, Crosby and Garza Counties.

PRODUCT OF GENERAL MOTORS

C. B. Lucas, who recently removed the new Texas Spur readers whom to near Post, was in Spur Saturday, we are glad to have on the list. again greeting his friends and acquaintances here. Mr. Lucas had the Texas Spur to follow him to his new home.

Watch Spur Grow— Henry Gregory is another one of

W. L. McAteer was in the city the past week end, from his Egyptian farm. Mr. McAteer is optimistic of a prosperous and productive year for the country.

W. G. Mayfield, one of the leading business men of Girard, was in Spur the first of this week. He had just recently returned from Mineral Wells where he spent several weeks under the treatment of specialists. We are glad to note that his health and condition is very much improved.

Milton Foreman, of Lubbock, passed through Spur the first of the week, on his way to Dallas to attend a state convention meeting of the employees of the insurance company which he represents. Milton makes his headquarters in Lubbock, working this entire section as his territory.

Watch Spur Grow— J. M. Scott, of Eltn, and one of the old timers of the county, was in Spur the past week end, and while here called in at the Texas Spur office and left another year's subscription with us. J. M. and Jake Scott, brothers, are among the best citizens and have resided here for years. We are glad to number them among our friends and readers.

Watch Spur Grow— George Snodgrass, who has been taking special treatments at Mineral Wells, was brought home last week. While not recovered, it is hoped by his many friends that Mr. Snodgrass may soon be completely recovered from his troubles. He was in Mineral Wells several weeks under treatment.

George Harris, a leading citizen of the McAdoo territory, was transacting business affairs Monday in Spur. While here Mr. Harris was a very pleasant caller at the Texas Spur office, reporting his section of country now in ideal shape for farming. He came down to purchase a planter with the view of putting seed in the ground immediately.

Lee Watson came down Saturday from near McAdoo on the Plains. He informed us that the plains is now in ideal shape, having recently two or three inches of rain, and everybody now busy plowing and preparing to plant. The wheat crops around McAdoo are now coming nicely and a big wheat harvest is promised.

T. J. Williams, of east of Spur a few miles, was among the many here Saturday, and while here was a pleasant caller at the Texas Spur office. He informed us that during the past week he made a trip out in the Highway community, and there he happened up on Uncle Bill Perry who is engaged in farming in that section. He said Uncle Bill was "bare-footed, in his shirt-tail and following old Beck up and down the rows as if life and prosperity was at the end of the row." Here is hoping Uncle Bill makes a bale to the acre and gets two bits per pound.

Austin Rose was down Saturday from the plains country. Mr. Rose has two or three hundred acres of wheat from which he expects a fine harvest since the recent rains.

Will Watson, of the Red Hill community, was on the streets one day the past week.

C. D. Copeland last week carried his daughter, Miss Beulah, to Lamesa where she will remain under the treatment of Dr. Standifer. Miss Beulah is suffering of some character of lung trouble, and Dr. Standifer feels confident of effecting a cure.

Clifford B. Jones was in Lubbock the first of the week, as one of the Tech College Board members, to be present when members of the legislature were there to take a "one day course" of the institution. The Senators and Representatives present expressed an interest in the college, many stating that they would favor anything the college asked for from the legislature. The Tech College is becoming one of the most widely and generally known and recognized educational institutions of the state, if not the nation.

Watch Spur Grow— Sam Newberry recently had his name added to the large list of regular readers of the Texas Spur.

Watch Spur Grow— While here attending court last week, Will Walker, of Pyote, dropped in and left another dollar and a half in the Texas Spur subscription till. Thanks, Will. We are expecting you back here some day to because our underground resources because our underground resources are sure to show up some day.

Ned Bowers was on the streets one day during the week, coming in from his ranch headquarters to the east of Spur.

O. E. Prior, of Tatum, was in Spur this week, visiting with his son, Perry Prior, and looking after property interests here. Mr. Prior formerly lived in Spur, moving to East Texas several years ago. He now owns a small tract of irrigated land at Tatum, Texas, where he is making his home. His land at Tatum is being irrigated from a large spring which is made to flow naturally over the land. A creek also runs through the place, which can be made to overflow the land. Such property, some day, will become most valuable, and Mr. Prior is to be congratulated in "getting in on the ground floor." He called in and had the Texas Spur sent to his new address, he having formerly lived at Marshall, Texas, after leaving Spur.

RED CROSS CHAPTERS STRENGTHEN FORCES FOR DISASTER RELIEF

Launch National Campaign to Perfect Preparedness Plans in Every Community.

A nation-wide campaign to strengthen plans for preparedness against disaster and for emergency relief has been launched by the American Red Cross through its Chapters. The program is intended to perfect disaster preparedness committees in the ten thousand communities reached by Red Cross Chapters and their branches.

When carried out, through committees of men and women in the communities, it will insure that should a disaster come, an organization for emergency relief, including every modern method science has perfected—such as the radio, the airplane, the motor car and watercraft—can be mobilized to bring assistance, with the promptitude applied by the Red Cross in recent major disasters, such as the West Indies hurricane and the Mississippi Valley flood.

These enlarged and strengthened plans for disaster relief are set forth in the revised Red Cross manual, "When Disaster Strikes," which has been placed in the hands of every Red Cross chairman throughout the nation. The plan to encourage adoption of these added disaster preparedness methods was begun at this time because Red Cross records—covering 43 years of disaster relief—show that the period of the greatest number of disasters, large and small, ranges from the early Spring through the early Fall.

The Record of 43 Years
A historical summary of Red Cross disaster relief since 1882, shows that the society was active in giving relief in 938 domestic disasters and its expenditures in those relief operations were \$49,594,000. The three groups of calamities appearing most frequently were: cyclones, tornadoes, hurricanes and other storms, 231; fires, 131; floods, 126.

During this period, the Red Cross also has given assistance to distressed peoples of other countries in 153 disasters. Total expenditures for relief at home and throughout the world, in 43 years, amount to \$77,354,000.

In the four most recent major disasters, among the greatest which have ever visited the American continent, Red Cross expenditures for relief totalled \$29,188,908. Only in the event of large disasters such as the Florida hurricane of 1926, the Mississippi Valley flood of 1927, the New England flood of the same Fall, and the West Indies hurricane of 1928, does the Red Cross seek contributions from the general public for relief work; and frequently these are not ample, as in the four disasters listed, the Red Cross donated \$1,338,201 from its own treasury to aid in the work. In the event of smaller disasters, the cost of the relief is met largely from Red Cross resources.

No Community Immune
No community is immune to great disasters of one type or another, the manual shows. One preparedness measure that can be adopted is a survey of the surrounding country, with the assistance of engineers and other experts to determine the type of disaster to which the section is subject. Hazards resulting from the presence of rivers and lakes, subject to overflow, of mines, munition factories, and other industries wherein dangers from explosion and fires may exist, are singled out for consideration.

Extension of existing disaster organizations in communities, and organization of men and women, trained in public health and community service, will result in the saving of lives and the prevention of extensive suffering, through privation, epidemic and other misfortune, should emergency arise through disaster. These organization plans, outlined in the manual, are similar to those now existing in most Red Cross Chapters, only strengthened in some particulars. They contemplate disaster preparedness and relief committees, under which function sub-committees on food, clothing, shelter, medical aid, registration of disaster sufferers and information service, transportation and communication and finance.

Co-ordination of all of the societies, organized groups and institutions in the locality is urged, so that all effort for emergency relief will be directed without conflict. Trained in advance, these committees can swing into action, and provide an orderly and systematic relief organization.

The following are expenditures made by the American National Red Cross for relief in the four most recent major disasters:

Florida hurricane, 1928	\$4,477,170.07
Mississippi Valley flood, 1927	17,498,902.16
New England flood, 1927	1,299,773.93
West Indies hurricane, 1928	5,913,062.47
Total	\$29,188,908.63

GREATER PRODUCTIVE EFFICIENCY

Lower Costs—Greater Productive Efficiency!
These are vital factors to the manufacturer who is planning to move his factory away from congested centers of population.

Widespread power distribution and improved transportation facilities have fitted the smaller cities and towns for industrial purposes. Where living costs are lower, a lower wage scale is as effective as high wages in the large cities. Where living conditions are pleasant and home-owning within the reach of moderate incomes, workers are conservative, productive, permanent. Where getting to and from work is unhurried and uncongested, valuable human energy is conserved.

The cities and towns of West Texas have all these advantages to offer. With its 70,000 horsepower of electricity available, its three great generating stations and 15 auxiliary plants, this company insures industries abundant, uninterrupted service, similar to that enjoyed in the great metropolitan cities.

West Texas Utilities Company

MRS. WILLIAM MANNING ENTERTAINED JOI DE VOI CLUB

Mrs. William Manning was a gracious hostess Wednesday afternoon to members of the Joi De Voi Club and other guests, bridge being the diversion of the occasion. The hostess served delightful refreshments following the games.

MIDWAY CLUB MEETING

Tuesday, April 2, at 2:30 p. m., the home demonstration agent met with the 4-H Club Girls of Midway. We were taught home demonstration and made preparations for the cooking next club day. We then adjourned to meet April 16th.

MRS. E. L. CARAWAY HOSTESS

On April 5th the Blue Bonnet Club was entertained by Mrs. E. L. Caraway. The rooms were decorated with Easter lillies. The Easter motif was also carried out in the tallies.

The following enjoyed several games of progressive 42: Mesdames W. T. Andrews, L. R. Barrett, J. P. Carson, W. S. Campbell, Nellie Davis, W. F. Godfrey, R. C. Forbis, B. F. Hale, G. S. Link, C. L. Love, R. Woolen, W. D. Starcher, G. L. Barber, Shirley Robbins, E. A. Russell, Roy Stovial, J. H. Busby, W. B. Lee, Joe Kellam, C. A. Love, Chas. Whitener, M. H. Brannen, Oran McClure, and P. C. Nichols.

A salad plate was served at the close of the games.

MRS. FORBIS HOSTESS

Mrs. R. C. Forbis was a most delightful hostess Friday to the members of her 42 club and other guests. The reception rooms were made more attractive with bouquets of lilac sprays placed at vantage places. Seven tables were in play throughout the afternoon. At the conclusion of the games a very delicious refreshment plate was served to Mesdames Barrett, Elkins, Gruben, C. Hogan, Ned Hogan, C. L. Love, Russell, Stovall, Godfrey, Bobbin, Twaddell, Barber, Jones, S. L. Davis, Blackwell, Nichols, Busby, E. S. Lee, Lewis, Williams, Goff, Carson, Elliot, Wilson, Jennings, S. R. Davis, and Miss Margaret Elliot.

MR. AND MRS. McCOMBS CLUB HONOR GUESTS.

The P. M. W. Club entertained Thursday evening of last week at the home of Mr. and Mrs. Foy Vernon, with a farewell party for Mr. and Mrs. O. F. McCombs who are leaving soon for Sweetwater where they will make their home.

42 was the diversion for the evening, and at the conclusion of the games Mrs. Vernon presented Mr. McCombs a bedroom chair as a token of love and appreciation of the club membership. A delicious refreshment plate was passed to Mesdames and Messrs. G. H. Stack, Dyess, Tom Teague, Barrow, Herbert Swan, McGlathery, Donoho of Jayton, Foy Vernon and Mesdames Lee Gilbert, Eric Ousley, Crockett, and Misses Ora and Ara Brock, and the honor guests.

CLEAN-UP DAY AT THE SCHOOL BUILDING.

At the new school building Tuesday morning we had a general clean-up. Every one worked for about two hours. We not only cleaned up but we intend to stay clean.

Mr. Cluck came over and took charge of the boys. They picked up for some distance around the building. There was a rake brigade who cleaned around the building. The girls cleaned the windows, lavatories, drinking fountains, etc. We are proud of our new building and expect to keep it in condition to be proud of.

By E. L. Tanner, County Agent
Dickens County

A. A. Fry of the Red Mud community has just planted five acres of alfalfa. He planted on a sandy soil with a clay sub-soil. He will use this alfalfa for hay. He says that he will plant ten acres of biennial white sweet clover near it which he will use as pasture for his fine Jersey cows. He has the sweet clover seed on hand and is only waiting for a good season. This will be planted in a three-foot row and cultivated two or three times before turning loose. The three foot row has been demonstrated for sweet clover as the only sure way to get plenty of pasture the first year. If Mr. Fry gets his clover in by April 15 he will have pasture from June 15 till after frost. This will be around five months. In following this system he is adopting the practise followed in the great dairy states namely alfalfa for hay and sweet clover for pasture. This is done on account of the near boat proofness of the clover. In food value the plants are the same.

Some how or other these folks out at Red Mud worked some kind of scheme very successfully for picking out the Jersey cows in each ear which brot only heifer calves. Out of seven registered cows bought out there six of the calves were heifers.

R. F. Harrell of the same community has just completed a key terrace on his farm which will control a bad wash in his field and also give him the use of this extra water by spreading it over considerable land. There is not a farm in Dickens county in which the spread and spill system cannot be used to control any water which is coming in from the outside. Mr. Harrell attended a two-day terracing school last winter and after learning to operate a level he purchased one and now is running his own and neighbors' lines. He after the middle of May to be believed a premium for interlocking blocks of good wood has to be made for those who have now is the time for those who have had last winter and his is one of the fifty-nine men in the county who took two full days training in the winter.

Dickens County has an entry in the State Ton Litter Contest. This is the first time since the contest was first held in 1917. The entry is that of L. C. Murphy of Dickens. He has a litter of seven pigs which he entered. See your merchant about the contest. It takes three weeks for all eggs to become fertile. The eggs must be set in on this all too soon must be given in proportion for them. To get more than that they will get a minimum price from them on. When given 25 cents per dozen as a rule after the fifteenth of May will produce a good clean litter. It is not a good idea to set the eggs several days ago. Any person who makes a litter average 225 lbs. at 150 days of age gets a gold medal. The world's record which is held, by-the-way, here in Texas is 302 lbs. in 150 days or five months. Another litter will be entered by the son of Forrest Martin who lives southwest of Highway community. His boy will be a club boy and will enter a litter of nine pigs.

There will be special prizes at the Fair this Fall for all those who are in the Ton Litter Contest. I hope to get several more litters entered, especially boys of club age.

—Watch Spur Grow—
All Europe, he was thrilled with A-NOTICE—Warning is hereby given that any person or persons fishing or hunting on the south half and northwest quarter of survey 161, Block 1, Dickens county, Texas, will be prosecuted to the full extent of law.—W. G. Mayfield, Girard, Texas. 23-3tc

Doc Ellis and family, of the Swenson ranch near Throckmorton, were in Spur the first of the week visiting their daughter and family, Mr. and Mrs. Lester Erierson, and other old time friends of this section of the country. Doc informed us that the Throckmorton country had not yet had enough rain, but that grass is beginning to put out at this time. Doc has been managing the Swenson ranch in Throckmorton a number of years, having formerly been with the Spur ranch here, and where he still has numbers of friends and acquaintances who are always glad to see he and wife.

TUNE IN—General Motors Family Party, every Monday, 9:30 P. M. (Eastern Standard Time)
 WEA-F and 37 associated radio stations

this week. He stated that he has been busy farming since the rains, but is now up with his work and waiting for planting time and more rains for a big harvest this coming fall.

A. M. Hoover, of near Spur, was here Monday, trading and transacting other business affairs. He reports everything o. k. at this time with most promising crop conditions and prospects.

Mesdames Robt. Cunningham and Kennedy, and Miss Georgia Jones, of Cross Plains spent Friday evening in Spur with Mrs. Oran McClure. They were returning home from Plainview where they had attended a three days convention of the district Ladies Auxiliary of the Methodist Church, the occasion being a detailed report from one of their foreign missionaries from the African field.

John Aston was here the first of the week from the Wake country on the Plains. Everything is looming up good on the Plains—and it is said that one more rain will make a bumper wheat harvest in our territory.

H. L. Offield, of the Afton section of country, was trading in Spur recently and while here was a pleasant caller at the Texas Spur office, favoring us with the cash for another year's subscription. Mr. Offield reported everything in ideal shape in the north part of the county at this time.

Watch Spur Grow—J. F. Hooser called in the past week and had his name placed on the list of Texas Spur readers. We appreciate the fact that new names are being constantly added to the list of Texas Spur readers, and while handicapped in many instances, it is our endeavor to give them a paper worth the reading.

Watch Spur Grow—W. W. Barrington, a citizen of the McAdoo country, was trading in Spur the past week, and while here called in and permitted us to place his name among the thousands of Texas Spur readers.

Watch Spur Grow—Sam Baxter, a leading citizen of Afton, called in at the Texas Spur office while in the city last week, and favored us with the cash for another year's subscription. He reports the Afton country in fine shape and now putting on "her Sunday clothes" All of West is now in fine shape with good seasons, ideal conditions and prospects of one of the most prosperous years yet experienced.

Watch Spur Grow—Mr. and Mrs. J. I. Greer, were in Spur Saturday afternoon, they having just returned from Stonewall county where they had been visiting with relatives and friends the past week or two. Mr. Greer stated that they enjoyed the visit, but were "home sick" and wanted to get back to the Lone Oak farm and ranch home.

Badly Run-Down

"Six years ago, I was very much run-down," says Mrs. Olympia Knight, of Lovett, Ga. "I did not sleep well, and was weak and restless. I dragged around the house with not enough strength to do my daily tasks. I worried a lot, and this disturbed state of mind reacted on my health. I had often read of Cardui, so I thought I would try it. I soon began to improve after I had taken Cardui for a while. It was astonishing how much I picked up. I slept better; my appetite improved, and that awful dragging-down feeling left me. I was so much better that I continued taking Cardui until I felt perfectly well." Cardui has been used by women for over 60 years. For sale by all druggists.

VIKING SKIMS MORE CLOSELY

It is possible with the Viking straight disc separator to use a small, light weight bowl, which secures more capacity with less discs and skims more closely. All the discs discharge the cream in the center column, and up and through the cream outlet. The skim milk is thrown out and up over the cream disc, and is discharged through the skim-milk outlet. The bowl is the very best Swedish steel and is encased in a bowl shell, pressed from one piece of metal—therefore unsurpassed for solidity and durability.

Judge F. C. Gibson last week favored us with a check for five dollars for Texas Spur subscriptions. Such favors are not only appreciated but of material help to us during a stringency.

COTTON SEED—We have several hundred bushels of our quick maturing line bred Mohane, No. 53, cotton seed that we are offering at \$1.00 a bushel.—Experiment Station. 24-3tc

Nightwatchman Malone called in one day the past week and left a check for three dollars for two years subscription to the paper. We certainly appreciate these considerations and favors.

Watch Spur Grow—M. E. Franklin, a leading citizen of the Roaring Springs section of country, was in Spur Tuesday on business, and while here called in and favored us with a check for a year's subscription to the Spur paper. Mr. Franklin reports everything in ideal shape in his section, and all optimistic of bumper crop yields and a prosperous year.

Watch Spur Grow—J. E. Wells, of the Espuela community, was in the city Monday,

and in meeting him on the streets he registered a kick about not getting the Texas Spur. While we want every reader to get the paper each week, yet the fact that complaint is made when they fail to get it, is some evidence that it is missed and appreciated.

W. A. Craddock, of southwest of Spur twelve miles, was here Monday transacting business and conversing with friends. Mr. Craddock has about fifty Jersey cows and is now dairying in connection with his other farming interests. Mr. Craddock was the first man to establish a dairy in Dickens county, and this first dairy was a success.

H. C. Aston was greeting his friends in Spur one day the first of the week.

In meeting G. W. Moore on the street Monday he favored us by having his name placed on the regular Texas Spur mailing list. Thanks. We want everybody in the whole country to read the Texas Spur every week.

Buster Robinson, of west of the city, was on the streets Monday of

Admission: 10c & 35c—15c & 40c

If heredity counts for anything the child whose mother is a bridge fiend and whose father is a card sharp ought to have a poker face.

A razor ten thousand years old has been unearthed in the ruins of Ur, and excavators have redoubled their efforts to locate the hot towel.

Habit is strong: A New Yorker who 30 years ago sold lots in City Hall park recently disposed of Brooklyn bridge to an out-of-town man.

Sighted after the lapse of many years: The one about the fellow who asked the hotel clerk for a room with bath, so he could wash a soft collar.

An authority on bridge says there are 8,000,000 people in this country who play the game. "At it" would more properly describe 99 per cent of them.

"A man in New York accidentally dropped a check from a ten-story window and got down to the street before it landed." Or, maybe it was still bouncing.

Good lemonade, the American Chemical society has been told, can be made from xylotrihydroxyglutaric acid. Er—If it's just the same, we'll take a piece of cake.

A judge suggests that the time has come for the doctors to step in and solve the crime problem. They couldn't make a poorer showing at it than the lawyers have.

The paper perforated out of the sheets of postage stamps has a monetary value of \$6,000 a year. Now is the time to save the perforations of your meal tickets.

Perhaps there are no such things as common colds and rheumatism, but the diseases that used to bear those names are just as troublesome and disagreeable as ever.

"An error of some quintillions of tons is said to have been found in the accepted weight of the earth." We must ask Atlas whether he has noticed any difference.

Another excellent thing is so to arrange your economic program through life that you won't have to open a wild forward-passing game late in the fourth period.

Perhaps it's just as well from a humanitarian standpoint that no device has been invented whereby the radio talent can hear its own voice through a receiving set.

IT TAKES LEATHER TO STAND THE WEATHER!

Mr. and Mrs. W. S. Hunter are now great grand-parents, a five pound boy having been born at their home April 3rd to Mrs. Pearl Nash.

Mrs. H. G. Everts is this week managing the Spur Theatres, in the absence of Mr. Everts who is in Dallas on business.

A. J. Slaton made a trip this week to Mineral Wells after his son who has been there several weeks under treatment for rheumatism.

Miss Dorothy Williams spent the week end in Spur with her mother,

Mrs. Jas. F. Williams, from Lubbock where she is now employed.

Mrs. E. L. Caraway and son Bill, and Miss Lucile Lucas, attended the Junior Prom of Tech College, and in which Miss Thelma Caraway was the crowned queen.

The Texas Spur is requested to announce that another clean-up will be had Tuesday, the workers being asked to meet Tuesday at 8 o'clock at the Spur National Bank.

While here the first of the week,

E. B. Shaw, of Croton, was in the city Saturday, reporting everything now in fine shape throughout that part of the country. Some time ago Uncle Eb Shaw predicted that we would get plenty rain in April. The rains came about the first of the month, and the country as a whole is now in good shape, grass coming, wheat, small grain, alfalfa and hay crops coming, and farmers all plowing and beginning to plant with prospects of rich harvests. This is the finest country in the world.

RED TOP CLUB NEWS.
The Red Top Club met with Mrs. Harrell on April 1st. The lesson was on "yard beautification." Mrs. Joe Thornton told us what makes the rural home attractive. Mrs. Will Rhodes talked on the value of permanent planting. And Mrs. Harrell talked on trees and plants suitable for this locality. Miss Osborne told

us the necessity of a planting plan and demonstrated with pictures and drawings how to group our trees and flowers to make them give the most pleasing appearance. The next meeting will be with Mrs. W. G. Henson.—Reporter.

FOR TRADE—Edison or Radio for Jersey heifer. Phone No. 75/Spur, Texas. 24-4tp

We want every Texas Spur reader to notice the advertisements appearing each week in the paper. These advertisements will be of interest and financial benefit, in that many trade inducements are offered in every line. You can save both time and money in reading the ads, the rural home attractive. Mrs. Will Rhodes talked on the value of permanent planting. And Mrs. Harrell talked on trees and plants suitable for this locality. Miss Osborne told

Mexican revolution is bloodless. report from a battle fought last week states that thousands of dead were on the battle fields. The Mexican revolution is a mixture of religious politics and other things, and chances are that it will continue to be protracted over years.

Doc Ellis, of Throckmorton, dropped in at the Texas Spur office and his subscription marked up for another year. He and wife returned home Monday afternoon, after spending a day or two here visiting and friends. Doc stated that he had to run into mud on his return since his section continued dry rain is needed.

C. A. Gladdish, one of the leading merchants of Dickens, Spur Saturday transacting business and also meeting with his friends and acquaintances part of the county.
