A Card to Democrats.

To the Democracy of Nacogdoches County:

I wish to express my gratitude to you for the handsome vote given me last Saturday and to assure you that if I am favored with the nomination in the second primary and the consequent election I shall endeavor to prove my gratitude by performing the duties of the sheriff's office to the best of my ability and as near to satisfactorily as possible. And if you should favor the other man in the second, I shall always feel grateful for the support given me in the first.

Mt. Horeb gave a big picnic on Saturday and a large crowd gathered and did full justice to the splendid basket dinner bountifully provided. All the pleasures of a day in the woods were enjoyed by the picnickers and a weary but thoroughly happy lot of children and grown folks wended their way homeward as the sun went down.

To the Voters of Nacogdoches County.

As it will be impossible for me to see everyone personally who gave me their support in the 1st primary, I will use the columns of this paper to express my hearty thanks for your vote that enabled me to enter the second contest. I still need and earnestly want your support and influence in the second primary, and respectfully solicit the support of all others who will honor me with their vote on the 30th, inst. Thanking you in advance for your help to nominate me, and promising, if elected, to be courteous to all and attentive to the duties of the office with which you honor me. I am

Yours obediently,

COUNTY CONVENTION.

Democrats of Nacogdoches County Met Saturday.

Pursuant to call of County Chairman, W. H. Campbell, the democracy of Nacogdoches county met in this city Saturday, July 16th. The convention was called to order by E. W. Smith, Esq., in the absence of Chairman Campbell. Hon. S. W. Blount was elected temporary chairman, and Moss Adams, Esq., was elected secretary.

On motion the chair appointed the following committee on credentials, permanent organization and basis of representation: J. C. Harris, J. H. Haltom, Jr., and Beeman Strong. The committee reported as follows:

We, your committee on credentials, permanent organization and basis of representation, beg to report,

First, we recommend for permanent officers of the convention, those elected to serve the temporary organization.

Second, we recommend as basis of representation that each precinct be entitled to one vote and one additional vote for each 100 votes or major fraction of 100 cast in the primaries for governor on July 9th, 1904. Upon said basis we find the various precincts entitled to the following vote:

Nacogdoches 5, Alazan 1, Appleby 2, Shady Grove 2, Martinsville 2, Melrose 3, Attoyac 1, Chireno 2, Etolle 1, Douglass 2, Nat 1, Lulbert 1, Cushing 2, Linn Flat 2, Sterae 1, Garrison 3.

The report of the committee was adopted with some slight amendments.

Following delegates were elected to the State Convention: W. M. Imboden, R. W. Haltom, J. T. Garrison, Geo. H. Matthews, C. D. Mims, J. J. Watkins, T. B. Lewis, Luther Swift, Geo. S. King, J. C. Harris, R. C. Shindler, Will Booth, J. H. Haltom, Jr., Zeno Rabin, A. T. Russell, J. H. Layton, S. M. Adams, R. F. Davis, S. W. Blount, Beeman Strong, Tom Gillis, P. M. Sanders, Ed. Muckleroy, J. S. Doughtie, Josh Ivy, W. Y. Garrison, J. A. Kelly, W. C. Simpson, J. W. Cariker, W. A. Barry, B. F. Moore, R. W. Sullivan, W. T. Skeeters.

Following delegates were elected to the congressional convention: Allan Seale, K. P. Brauch, Homer Dotson, P. C. White, W. A. Parmelly, L. C. Brown, Beeman Strong, J. T. Garrison, Fritz Swift, J. C. Harris, Geo. F. Ingraham, Geo. F. Rainbolt, S. W. Blount, Dr. Felix Tucker, C. E. Richardson, R. H. Blackwell, H. P. Fall, T. B. Lewis, Geo. W. Carter, T. B. Jordan, W. C. Simpson, A. B. Martindale, Ed. Muckleroy, V. E. Middlebrook and Geo. H. Matthews.

C. D. Mims Esq., was elected as the delegate to the Supreme judicial convention. Geo. F. Ingraham and C. D. Mims, Esqs., were elected as delegates to the judicial convention of 2nd judicial district.

Following resolution was offered by Judge Geo. F. Ingraham, and was unanimously adopted:

Resolved, That all delegates from this county to the Supreme judicial convention or rheumatism, 25c, 50c, \$1. bottle. Perkins Bros.

ventions are hereby instructed to cast the vote of this county for those candidates receiving the highest vote in the recent primaries, as declared by the county executive committee when they can legally do so, and that delegates to all conventions shall act under and be governed by the unit rule, and that no proxies be allowed.

Following resolution was offered by E. W. Smith, Esq. and was tabled:

"To the Democratic Executive Committee, of Nacogdoches county, Texas. Gentlemen:—We, the undersigned, citizens, tax payers and democrats of Douglass and vicinity, in Nacogdoches county, Texas, believing in equal and uniform taxation, beg to submit that the present occupation tax as levied against the merchants and all other legitimate and necessary business and professions, is neither equal, uniform nor democratic, and as a relic of the reconstruction of E. J. Davis' administration, should be wiped off the statute books of Texas. This unjust method of extorting from the business and professional men of Texas, a tax that was intended by Gov. Davis as only a "temporary" war relief measure, has been handed down from the 12th legislature to the present day, with some additions, by a continuous chain of democratic administrations, and we now appeal to you, as representatives of the great democratic party of Texas, to help right a wrong of over thirty years standing.

"From the Comptroller's report of 1902, the occupation taxes paid to the State by merchants, figured on the assessed valuation of merchandise, amount to about 38 cents on each \$100 valuation. Add to this the State ad valorem rate, 16 2/3 cents, as paid by all citizens, the merchants as well, and the rate on the merchant is 54 2/3 cents on each \$100. The State, county and town occupation tax, figured on the assessed valuation of merchandise means about 76 cents on each \$100.

We ask that the delegates from Nacogdoches county, be sent to the democratic State convention instructed to insist on a plank in the State democratic platform, demanding the unconditional repeal of this tax, even though it may be necessary to increase the ad valorem rate. It is for the good people of Texas to say whether it is just to thus tax one class of citizens, allowing others to pay simply the ad valorem rate, and we appeal to you as democrats for relief."

A resolution of thanks was voted to Chairman Campbell and the retiring executive committee for their faithful and valiant service during the past two years.

C. D. Mims and E. W. Smith Esqs., were placed in nomination for chairman of the democracy of Nacogdoches county for the ensuing two years, resulting in the election of C. D. Mims.

There being no further business the convention adjourned sine die.

J. C. Y'Barbo, of Chireno, was a caller at the Sentinel office yesterday afternoon.

FRUIT AND TRUCK GROWERS.

To Meet in Jacksonville Saturday July 23.

Jacksonville, July 15, 04. To the fruit and truck growers of Texas:

You are requested to assemble in convention at Jacksonville, Texas, Saturday July 23rd, 1904, for the purpose of considering the reorganization of a shippers union, whereby our products can be handled through one head. Mr. L. Trice, General Manager I. & G. N. Ry will address us. At this meeting it is proposed to elect a representative committee who will make a trip to California for the purpose of conferring with the representatives of the California Fruit Exchange; said exchange being in a prosperous and flourishing condition. On the return of this committee, a meeting will be held when an attempt will be made to form an organization in line with said committee report.

We are advised by management of the I. & G. N. Ry delegates to this meeting, upon application to their local agent, will be furnished transportation. We think other lines will grant same favor. We are also assured of transportation to California and return.

THE SENTINEL feels thankful, too.

THE "tag of war" is now before us.

THESE oil canards do not profit Nacogdoches.

THINGS will be warm for the next two weeks in local politics.

KEEPING one's mouth shut seems to be the best politics these days.

COOPER'S majority over Brooks in Cherokee county was only 73 votes.

THE peach crop is nearly exhausted, but the melon is still "smiling on de vine."

CENTER has a busy board of trade and is going alter things. Thats the way to get 'em.

IT seems that most everybody is satisfied with the democratic platform and the presidential ticket.

THERE is something doing in the Nacogdoches oil field, but no one is looking for a 5000 barrel gusher.

BRYAN has been pacified, but he is still smarting under defeat and it won't do to monkey with him too much.

THE Galveston News admonished us to keep our fraternity out of politics. Yea, even to the Farmers Union.

IT looks like there is going to be harmony enough to elect the national ticket this year. It all depends on how New York will go, as usual.

THE recent session of the Farmer's Congress filled all the delegates with enthusiasm and will bring good results during the next twelve months.

WONDER why the mooted republican prosperity doesn't prevent these numerous strikes? They are making democratic votes mighty fast these days.

THE Japs have met another terrible defeat and disaster by running upon Russian mines near Port Arthur. 30,000 Japanese are reported killed and wounded.

BOTH Bryan and Hearst will stand by the nominees without a silver plank better than Cleveland and his crowd did with a silver plank. They could not do worse.

THERE is too much life sacrificed to carelessness in summer excursions, both on land and water. It is time to impose heavy penalties upon those who are responsible.

STEVE ELKINS, the famous republican politician, is the son-in-law of Henry G. Davis, the democratic nominee for vice president. Wonder if he will vote for his papa-in-law?

THE people of Louisiana are up in arms against the boll weevil. They are watching the border parishes, and every time a weevil is reported the farm upon which it appears is speedily eradicated.

GUSHING ON PAPER.

The following gushing report of a Nacogdoches gusher appeared in the Houston post of Tuesday, which is probably meant for the fifty barrel strike that was recently brought in, and has been magnified one hundred times in reaching the columns of the Post. The Post says:

Dr. J. J. Tobin, of Austin, who arrived in the city last night from Nacogdoches, reported that a gusher had been brought in there yesterday morning. Dr. Tobin states that he was not out to the field, which is seventeen miles southeast of Nacogdoches, but that he saw and talked to a number of people who had seen the gusher, among them the driller who had brought in the well.

The report was that the oil gushed from twelve to fifteen feet above the derrick, a solid six-inch stream, and that it was pure oil of a very light quality.

A number of oil men in Houston who have lands in the vicinity, when they heard the report, made the statement that they were not surprised, and that the bringing in of the gusher was nothing more than they had expected. The well is on the property of the Maryland Oil company. Its depth is not known, as the owners have kept this matter very quiet. However, it is not believed that the well is more than 300 feet deep.

Oil is found in this field at a less depth than 150 feet. It is perhaps the oldest field in the State. Sixteen years ago the Standard Oil company developed the field in a small way and twenty wells were sunk. There are two oil tanks there with a capacity of several thousand barrels each, and it is stated that both of these have been filled with oil ever since the company stopped operations many years ago. At one time this company had pipe hauled out, the intention being to put down a line to Nacogdoches, the nearest railroad point, but for some reason or other the line was not put down and the pipe has lain there ever since. However, the company has had a man in charge of the property and, it is stated, has refused many large offers for the land.

There are a number of operators in the field now and if the report that a gusher has been brought in proves true no doubt a railroad will be extended to the field. It is estimated that the well has a capacity of not less than 5000.

DABNEY WHITE is now interesting himself in the war against boll weevils. Dabney's relationship to the ginners gives him a power, and with the "red headed ranger" in the lead and the ginners to follow and back him up, there is no doubt but that a great war will be waged. It will be successful if all others interested will engage in the fight.

The best method yet suggested or tried is to pick up and burn the squares, and that is what they are going to urge the cotton grower to do. When one square is burn-

ed from one to two hundred eggs, which would produce full fledged boll weevils within thirty days. Burn the squares.

If the great packing house strike is prolonged there will be a meat famine in the great cities that will eclipse the anthracite coal strike of two years ago.

The defeated candidates have taken the result with commendable good nature and will join in the fight for the success of their fortunate opponents in the last round.

If the Logansport Journal don't quit quoting from the Sentinel and giving credit to the Plaindealer Bacon will have to come down and do our fighting with Henning.

COL. J. C. WOOTERS, of Crockett, well known throughout East Texas, died at his home in that little city several days ago. His death is regretted as widely as he was known.

REPORTS from every nook and corner throughout East Texas are indeed flattering for crop prospects. The corn prospect has improved immensely during the past two weeks.

THE last dollar of the general revenue has been paid out of the State treasury at Austin. Last year the deficiency scurred about Nov. 1st, nearly four months later than this year.

THE colored voter of Nacogdoches county don't seem to be as much disturbed as some other folks. It is doubtful if half of them vote next fall. The new election law will have more to do with keeping them away from the polls than ruling them out of the democratic primaries will.

BRYAN says the republican platform is like unto a potato vine, the best part of it being under ground. The pledges for the future are as nothing compared with the praise of past achievements, and the party's attitude resembles that of a prisoner at the bar who relies only on former good character for acquittal.

SON-IN-LAW ELKINS thinks Davis ought to have headed the National democratic ticket. But as Son-in-law Elkins is chairman of the republican State executive committee of West Virginia, the democrats never thought to call on him for advice in making its nominations.

THE country people expect too much of a little town like Nacogdoches as a market for the product of the orchard and truck patches. Especially has the town been overrun with peaches and melons. Just at this time there is too much for home consumption and not enough for profitable shipment to distant markets. Conditions will be different and these things will adjust themselves satisfactorily within a year or two, when our products become sufficiently abundant to enable the producer to ship them in car loads.

Particulars of the accident are not known.

THE PLATFORM.

The following are the salient points in the national Democratic platform just adopted at St. Louis, and is one upon which all good citizens can unite in the interests of good government:

Reduction in Federal expenditures.

Honesty in public officials.

Return to Jeffersonian simplicity.

Annulment of contracts with trusts.

Adherence to the constitution.

Gradual reduction of tariff.

Curtailling of extravagant profit by trusts.

Fostering of foreign competition for trust and monopoly made goods when exorbitant prices are charged.

Building of Isthmian canal while deploring methods of acquiring canal zone.

Enforcement of anti-trust laws. "Private monopoly is indefensible and intolerable."

Demand that restraint of such illegal combinations be entrusted to democratic party.

Enlargement of powers of Interstate Commerce Commission.

Favor Monroe doctrine.

Reciprocity with Canada.

Increase of navy but reduction of expenditures.

Impartial justice for capital and labor.

Protection of American citizens at home and abroad.

Object to elevation of court favorites in the army.

Continuance of war pensions upon fair basis.

Denouncement of republicans for encroachment upon civil service laws.

Condemns polygamy.

Favors irrigation of arid lands.

Opposed to imperialism.

Favor keeping "open door" without oriental entanglements.

Favors statehood for Oklahoma and Indian Territory, for Arizona, for New Mexico, and territorial government for Porto Rico.

Favors election of senators by direct vote of the people.

NACOGDOCHES is not benefited, neither does she appreciate the overdrawn reports that usually appear in the morning papers concerning the oil field. The report in yesterday's Post that a 5000 barrel gusher had been brought in here brought dozens of telegrams making inquiry as to the truth of the statement, and a number of people have been here to investigation. It would have been much better for all interested if the report had never become current.

AS MUCH as has been said about the defeat of Congressman Cooper, it only means that Cooper's friends are sorry that he is defeated and Broock's friends are glad that he is elected. The country will be saved all the same. There are no tricks of an old dog that cannot be learned by a young one. It will be remembered that Cooper was elected when a younger man than Broocks over Col. Sexton, whose age, wisdom and experience were strongly

checked of the puny, sickly baby.

as much rep... as Cooper's is now. We have no fears that the country will go to the "demnition bowwows" because of Mr. Cooper's defeat.

THE Nacogdoches county poor farm will not only be a thing of usefulness, but a thing of beauty in a short while. The county commissioners are improving the property with commendable care and pride and in the course of time the county will own one of the most desirable pieces of property in the county. The poor farm will in the end work great good to the public and prove to be a profitable investment.

MORE than 45,000 employees of the packeries of Chicago, Kansas City, St. Joseph and other cities have gone on a strike, owing to disagreement over the wages of unskilled labor. The strike, if prolonged, which it is feared is sure to be the case, the food supply of the country and the prices will be seriously affected. The Swift and Armour plants in Texas are in the strike.

UNDER the new election law a voter must either make out his own ticket or get an officer of the election to do it for him. In either case he must make it out in view of the election officers. Though it is not necessary to expose the vote, except to the officer who assists in making it out, and then to no one else, this itself will keep many of the colored voters out of the general election, especially that class that have been looked upon as a commercial proposition. So much the better for the respectable negro and the country.

THE extraordinary gold exports, amounting in April and May to the unprecedented aggregate for such a period of nearly \$60,000,000, at a time when no menace threatened the gold reserves and when American finance and trade were sound, may be accounted for by the Panama payment, necessarily made out of the Government deposits in the National banks, a transaction which stimulated foreign exchange and made gold exports profitable for a time; and also by Japanese payments to English creditors, the gold being sent via San Francisco and New York, and so figuring in the American exports. Coming at a time of abundant capital and idle cash reserves the gold movement left the money market undisturbed, and a transaction which in the spring of 1902 or 1903 might have proved disastrous caused hardly a ripple.—Galveston News.

Lee Blanchett is home again. Lee is the same jovial big hearted man today that he was last Friday before he started in on an election that proved to be merely the expression of the people who were in a large measure misguided. Lee himself says he was fairly beaten but the Enterprise is hardly ready to admit it, knowing to what ends the opposition went to encompass his defeat.—Bee-

GOING TO CENTER.

Texas, Sabine Valley & Northwestern to be Extended.

Frank Rembert and G. M. D. Grigsby, two of the three owners of the Texas, Sabine Valley and Northwestern railroad, were in the city yesterday and will remain here for several days. The purpose of these gentlemen in coming here is to create a sentiment in Shreveport favorable to an extension of their road to Center, Texas and it possible to secure substantial financial support in the undertaking.

The gentlemen mentioned yesterday called upon many of the bankers and received considerable encouragement. The road at present runs from Longview to Timpson, through the counties of Gregg, Harrison, Panola and Shelby. It is the purpose of the owners to build a line from Boren to Center by way of Tenaha.

It is in the interest of this additional construction that Messrs Rembert and Grigsby are in town. The distance from Boren to Center is about 26 miles. It is estimated that the expense of constructing the additional trackage will amount to about \$12,000 a mile.—Shreveport Times.

Referring to the item from the Shreveport Times, we might add that the surveying corps went to work this morning locating the line. They began just this side of the old Wače & Miller mill, and will cross the E. & W. somewhere between Timpson and Bobo. Col. Bradburn, the chief engineer, having gone down the route this morning to select a suitable crossing place. Mr. Grigsby instructed the engineering corps to have at least five miles located by Monday morning, as he intended to put his teams to work at that time. If Timpson expects to make any overtures to the company she must act quickly.—Timpson Times, July 13.

Parker did not speak until he was sure he was the man the office was seeking and then he spoke in no uncertain tones and soon enough to head off any complaint that he obtained the office under false pretense.—Houston Post.

The Parker toadies make us sick with this kind of rot. Parker's position was as well understood six months ago by his New York backers as it was after he "spoke." But Parker is nominated now and all democrats are going to support him, so what's the use to go further in explaining his silence before the convention or enlogizing him for his wisdom in speaking at a time when he well knew he had a cinch on the nomination. It was a "cut and dried" program so far as the part Parker played is concerned and anybody who has a lick of sense can see it. But it was a winner, all the same, and now lets talk about his election and cease to prate about the manner of his nomination.

NEXT year if the crop hits, peaches will leave Nacogdoches by the

Obituary.

The subject of this notice, E. A. I. Evans, was born in Williamson county, Tenn., July 23rd, 1818. He moved to Texas in early manhood, and was married to Mary E. Olds in 1841. This happy union was broken by her death in 1899. Bro. Evans was converted to Christ and joined the Methodist church when about 20 years of age and stayed with it until the day of his death, which occurred May 30th, 1904. He had lived at Appleby many years prior to his death, where he had shed forth the fragrance of a good life. My association with him began about the first of January, 1904, when I became his pastor. He was living with his noble son, J. T. Evans, who loved and cared for him tenderly during his last days. I found Bro. Evans too feeble to attend church when I took charge of that work, so I soon began to hold services at his house for his special benefit. My mind now reverts back to many happy seasons we enjoyed together. His son gave him a birth day dinner the day that he was 85 years old, and the writer was invited to preach a sermon for the occasion. It was one of the happy events of my life. Bro. Evans' life was exemplary from youth up in many ways. It is worthy of note that he voted against the whisky traffic every opportunity he ever had. When the county local option election came off last September, being too feeble to go to the polls to vote, he got some one to haul him over to the polls that he might vote against the demon whisky. All honor to such a man. He gradually ripened for the change that came. More than a year before his demise he stated to the writer that he was "home sick" and would be glad for the summons to come from the heavenly world, but was willing to stay until God said it was enough. I shall never forget the last time I visited him. It was about a week before his departure. Notwithstanding he was extremely weak, yet he rejoiced in a Savior's love and shouted his praise. As I held him by the hand while he rejoiced and talked of heaven, I felt that Heaven was not far away. The end came peacefully. A large company of friends and relatives followed his remains to the tomb, and there was mingled feeling of sorrow and joy expressed in the countenances of those who loved him. He leaves behind an honorable family of children and grand children who are blessing the world.

WHAT'S BRED IN THE BONE WILL OUT IN THE FLESH

Is true of mankind as well as lower animals. We do not expect blooded stock from common sires, physical giants from dwarfs and midgets, nor well-developed, robust children from tainted ancestors and sickly parents. It is contrary to the laws of nature and heredity, which are inviolable, unchangeable and fixed.

Children not only inherit the features, form and disposition of their parents, but the mental and physical qualities, infirmities and diseases as well. That certain diseases are transmitted from parents to children, are bred in the bone and handed down from one generation to another, can not be denied, for we see evidences of it every where and every day.

● **SCROFULA**, a disease almost as fatal as Consumption, is a disease of the blood, is bred in the bone and will out in the flesh in the form of glandular swellings, deep abscesses and sores, boils and eruptions. It affects the eyes and ears, weakens the digestion and destroys the red corpuscles and solids of the blood, resulting in emaciation, stunted growth and poorly nourished bodies.

● **RHEUMATISM** is handed down from gouty ancestors and rheumatic parents. The acid poisons in the blood that cause the sharp, shooting pains in muscles and joints have been there may be from birth, and exposure to bad weather, night air, or cold, easterly winds only hastens the attack by exciting the acid blood. The blood must be purified and the poisons filtered out of the system in order to get relief from this painful disease.

● **CATARRH** is something more than a cold in the head; the poison extends into the Throat and Lungs, attacks the Stomach, Kidneys and Bladder, and every part of the system. We inherit a predisposition or tendency to Catarrh, just like other blood diseases; it is bred in the bone and can not be reached with sprays and salves, but requires constitutional treatment and a thorough cleansing of the disease-tainted blood.

● **CONTAGIOUS BLOOD POISON** is responsible for more suffering than all other diseases combined, and none is so surely transmitted from parent to child. Fearful ulcers and sores and disgusting skin eruptions often break out in infancy, and those whose blood is tainted with this awful poison are handicapped from birth, and unless the poison is eradicated carry the taint through life.

● **CANCEROUS ULCERS** and old sores seem to pursue some families through generations, and in spite of washes, salves and ointments, continue to spread and grow because the taint is in the blood; is bred in the bone and grounded in the flesh.

Nothing but a real blood remedy like S. S. S. can reach these deeply rooted, inborn diseases. It goes to the fountain source of the trouble, uproots the old taint, drives out the poisons that have been lurking in the blood for years, and tones up the weakly constitution.

S. S. S. reaches diseases of this character that no other medicine does or can. It has been tested in thousands of cases during the nearly fifty years of its existence, and its reputation as a cure for chronic blood troubles is firmly established.

S. S. S. is guaranteed purely vegetable and suited to old and young and persons of delicate constitution. If you have inherited a predisposition or tendency to some family taint, the sooner you begin a course of S. S. S. the quicker and more certain the cure. The disease may develop in childhood or later on in life, but is sure to make its appearance sometime, "for what is bred in the bone will out in the flesh," as sure as you live.

● Our physicians make diseases of the blood and skin a special study. Write us all about your case, and medical advice or any special information desired will cost you nothing.

Croup
Is a violent inflammation of the mucous membrane of the wind pipe, which sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25, 50c, \$1. Perkins Bros. w

Tom Sharp, who has been confined at home some time with an afflicted lower limb, underwent an operation a day or two ago and is now able to get about the place on crutches.

Mr. and Mrs. D. Y. Dowling of Ozark, Ala., are in Nacogdoches on a visit to the many friends they made while residents of the city. They are at present the guests of Mr. and Mrs. I. G. Orton.

From J. H. Gunning.
To the Democratic Voters of Precinct No. 1, Nacogdoches County Texas:

By reason of the very kind and generous vote given me at last Saturday's Primaries, I am before you again for your suffrage on the 30th, inst. I am duly appreciative of the support given me at the recent primaries and take this method of acknowledging the same. To all who know me it is unnecessary for me to state my fitness and ability to fully discharge the office of Constable of this precinct. Most certainly it requires business ability, as well as official experience to fill the office properly. Many serious blunders can be made by a Constable in this precinct, where there is so much civil as well as criminal business arising in the Justice Court, and I am bold to say to those who do not know me, that I shall not through ignorance or otherwise fail to properly discharge the duties imposed upon me as Constable, if elected. Thanking my friends again for their support I am, sincerely,
J. H. Gunning.

Old and True.
"For 15 years I have constantly kept a supply of Hunts Cure on hand to use in all cases of itching skin trouble. For eczema, ringworm and the like it is peerless. I regard it as an old friend and a true one." Mrs. Eula Pressland, Greenfield, Ten. 50c per box. w

Serious Runaway.
From Thursday's Daily:
This morning about eleven o'clock, Mr. J. D. Lewis' team took fright while going down the hill on South Fredia street. The team ran away and threw Mr. Lewis out, both wheels of the wagon running over his body. He was badly buried and quite seriously injured, but fortunately no bones were broken. The wagon was demolished, but the horses were not hurt. Mr. Lewis lives about four miles from town and was taken home after physicians had dressed his injuries.

A daughter was born this to Mr. and Mrs. Cordova.

Died.

From Saturday's Daily:

Mrs. T. G. Powers died last night after a long illness. She was taken with typhoid fever several weeks ago and in spite of all that medical skill and nursing could do, she passed away about eight o'clock. She leaves a husband and three children [to grieve for the death of a devoted wife and mother, and the sympathy of all goes out to the bereaved husband and the orphaned children deprived of a mother's tender care. The funeral was held at North Church this afternoon at half past five o'clock amid a concourse of sorrowing friends.

Call For Judicial Convention. By virtue of the authority vested in me as chairman, and agreeably to the terms of the Terrell election law, I hereby call a convention for the second judicial district of Texas, to convene at Lufkin, in An-

gelina county, Texas, on Saturday, July 23rd, 1904, for the purpose of nominating democratic candidates for district judge and district attorney, and for the transaction of such other business as may properly come before the convention. I. D. Fairchild, Chairman Dem. Ex. Com. 2nd Judicial Dist. of Texas.

From J. N. Gilbert. To the voters and people of Nacogdoches county: You have my warm and hearty appreciation for the support you gave me for the office of County Treasurer at the democratic primary election of the 9th inst. I again solicit the consideration and support of all the voters of Nacogdoches county at the democratic election to be had on the 30th inst. If I am successful in receiving the nomination for County Treasurer I shall always feel myself under lasting obligations to the people of Nacogdoches county, and it elected at the general election in November next, I shall use

my best efforts to make a worthy and efficient officer. Yours respectfully, Jno N. Gilbert.

Tournament at Attoyac. The tournament and picnic at Capt. Harris' pasture on July 8th, was attended by a large crowd of people, every body seemed to enjoy themselves. The boys did some good running. The first crown was won by Pantaleon Y'Barbo, second by Oscar Y'Barbo, third by Eli Y'Barbo. The second crown was given to Miss Mary Y'Barbo and the third to Miss Dora Y'Barbo. There were a good many candidates out making good use of the time. Late in the afternoon the gun clubs from Swift and Blackjack held a shoot, ending in favor of Blackjack.

Mr. D. C. Turner, of Martinsville, was in the city this morning and was a friendly caller at The Sentinel office.

To the Citizen's is now. We fear that the country is going to the "demnition" because... We are informed that reports are being circulated that we are connected with the Texas Cuba Tobacco Company, and for the benefit of those interested we wish to state that we are in no way connected nor do we anticipate any connection with them, or do we ever expect to be connected with the Texas Cuba Tobacco Company. Through the government reports and samples of tobacco seen by our company in your town we were induced to go there and make a small experiment to satisfy ourselves as to the merit of your soil for the purpose of growing tobacco. We have made that experiment and as soon as we see the results we will be in a position to give such information to the citizens of your town and county as will benefit them in the future. We beg to state also that anyone having claims against us, that are correct and audited by our superintendent, will be promptly paid. I beg to thank the citizens for their courtesy extended to me while there and I trust that our advent there will be of benefit to all. Florida, Havana & Sumatra Co. John L. McFarlin, Gen'l Manager.

Texas, Sabine... Mrs. James R. Arnold Dead. From Friday's Daily: Mrs. James R. Arnold passed quietly away at about ten o'clock last night. For her death was a happy release from the suffering of years.

From Bob Blackwell. To my friends and supporters. While my vote was not sufficient to give me the nomination, or place me in the second race; no man can appreciate the vote he received more than I do, or feel more thankful to those who supported him. In conclusion, I would say to my friends, go into the second primary, select true Democrats and men who are qualified to fill the offices to which they aspire. Yours for Democratic success, R. H. Blackwell.

ed from one... \$25 for him... \$20 for Mrs. M. F. Lawson.

Letter was found in his pocket which was signed by M. F. Lawson. The letter was not dated and there was nothing to show where it had been written, as it was not in an envelope. The letter contained reference to a division of household property and a deed. The letter also stated that Mrs. Lawson would help E. D. Lawson to recover certain money in Nacogdoches if he in turn would help her to recover her money.

In addition to the above a watch was found in his pocket, a bundle of clothes and instruments which went to show that he was following the occupation of watch and spectacle repairer. In the memorandum book were found a number of items showing that he had done considerable repair work for different people in this city, but there was no reference as to where he lives, or what became of his wife after they separated. From the reference to the divorce, both in the letter and note book and the statement that he was on his way to Nacogdoches to collect certain funds, it is inferred that Nacogdoches was his former home and that he and his wife had mutually agreed to a divorce.

J. N. Longworth, who was in the city last night in company with Deputy Sheriff Presswood, of Montgomery county, stated that he had met Lawson a couple of times. Longworth lives at Japan, a short distance this side of New Caney. He states that he saw Lawson pass by his house Wednesday morning and spoke to him. The first time he met the man was about a month ago. At that time Lawson was in Japan and he had a long talk with him. Lawson at this meeting told him that he had been living in Houston and had been following the trade of a carpenter, but owing to the strike work was dull and he had started out on the road to repair watches and spectacles. At that time he had a considerable sum of money on him. As no one could be found in Houston who knew Lawson, it has not been ascertained whether or not he had any money in his possession when he left here. He did not have a cent in his pockets when found lying by the side of the railroad, and it is the belief that the object of the assault was robbery. He was wearing a tree when found and it is the opinion that he was sitting with his back to the tree when the person who made the assault slipped up behind and struck him.

Deputy Sheriff Austin Presswood secured a good description of the negro and, getting on his trail, traced him as far as Humble, coming this way. A negro answering his description passed through that place late Wednesday night, and meeting up with a couple of tramps, one of them a white man and the other a negro, who asked him a couple of questions, acted as though he was in a great hurry and in

no humor to talk. He stated that he became nervous when they inquired and ordered them to get on their way or he would take them both. Since that time all trace of the negro has been lost. Deputy Presswood is of the opinion that he came to Houston, and as soon as he arrived here he conferred with Deputy Chief Howard, and laying the case before him enlisted the services of the department in hunting the negro, who is supposed to be hiding out around some of the negro resorts.

WHAT IS CATARRH? Hyomei Only Guaranteed Cure for This Common and Disagreeable Disease. Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane and effectually drives this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the throat, bronchial tubes or tissues of the lungs:

offensive breath, dryness of the nose, pain across the eyes, pain in the back of the head, pain in front of the head, tendency to take cold, burning pain in the throat, hawking to clear the throat, pain in the chest, a cough, stitch in side, loss of flesh, variable appetite, low spirited at times, raising of frothy mucus, expectorating yellow matter, difficulty in breathing, frequent sneezing.

huskiness of voice, discharge from the nose, stoppage of the nose at night, aching of the body, droppings in the throat, mouth open while sleeping, tickling back of the palate, formation of crusts in the nose, dryness of throat in the morning, loss of strength, spasms of coughing, cough short and hacking, cough worse night and mornings, loss in vital force, a feeling of tightness across the upper part of the chest.

Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete. This is a strong statement, but Stripling, Haselwood & Co., emphasizes it by agreeing to refund your money if Hyomei does not cure.

MODEL REAL ESTATE OFFICE.

Tastefully Arranged and Elegantly Equipped.

The Nacogdoches Land Company, successors to Lindsey & Harris, has moved into its new quarters on Main street. They now occupy the brick business house formerly occupied by Cox & Wade, and have an elegantly appointed series of offices. The reception room is fitted up in soft green, and is an apartment that attracts every one. Specimens of the finest fruits and grain raised in Nacogdoches county, together with specimens of ores and Nacogdoches oil, are in a handsome set of cabinet shelves, while maps of the oil fields and Nacogdochet lands, photographs of places of interest in the county, including tobacco farms, are on the walls. Five hundred views of Nacogdoches county scenery are in albums on the table for the visitors to look through, and the green wicker furniture with a palm or two carrying out the color scheme make the reception room an inviting, cool retreat from the summer heat. Divided from the apartment we have been describing, by rosewood railings and grill work, come first Mr. Lindsey's office, as elegantly furnished as the parlor, but with a more business like air, and next to that the abstract office with Mr. Allan Seale and F. R. Bock in command. Then at the end of the hall is found the law office of J. C. Harris. All of the offices are up-to-date and elegant. The appearance of the suit of

rooms would attract attention in the largest city for the taste and elegance with which they are fitted up. This is however, the least feature of the company's offices; the ability and business sense of every member composing the Nacogdoches Land Company. Their honor, integrity and high standing are what make the firm one of the strongest in Texas, and the cordial welcome extended visitors and the quarters are only incidents.

As it will be impossible for me to see everyone personally, I take this method of thanking the voters who are friendly to my candidacy for their loyal support last Saturday.

I again solicit your support in the approaching contest on July 30th, and especially do I solicit the support of those who voted for my honorable opponents. Respectfully,
J. A. Spears.

ON BENCH WARRANT.

Russell Delivered to Sheriff of Robertson County.

From Friday's Daily:

Bob Bush, Deputy sheriff of Robertson County, arrived in town yesterday with a bench warrant issued by Judge Scott, commanding Sheriff Spradley to deliver G. G. Russell, alias M. T. Peters, alias A. H. Lewellen to the said Deputy Sheriff. This is the young man that passed the forged check on J. R. McKinney, manager of the Banita hotel. Russell passed forged checks all over the country wherever he went and in Robertson county hired a horse and buggy from livery man and drove it to Calvert where he sold it for \$50. This matter was not discovered until Spradley had brought him here from Calvert. Deputy Bush left on the morning train for Franklin where Court is in session. Russell will plead guilty to the charge there and will be brought back here next court when he will plead guilty to the charge of forgery here. Spradley did not want to surrender the prisoner to the Robertson county authorities but was informed that Judge Scott would fine him \$300 for contempt of court.

Indigestion.

With its companions, heart burn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by Perkins Bros. w

The editor visited the Hayward mill last Sunday while in Nacogdoches, also took a ride down the Nacogdoches Southeastern. This road has one of the most substantial beds to be found on many trunk lines, while the mill is given up to be the best in its line in East Texas. It would be worth time and trouble to visit it to see it as it is for yourself.—Cushing Enterprise

CATCHING WEEVILS

The Coats Machine Rakes In.

Ertson Coats was in town this morning and had a bottle full of boll weevils that he had caught with his machine, which was mentioned in these columns last week. He went over twenty rows of cotton in two hours with the machine and gathered about a thousand squares that had been punctured. From among the dead squares he picked out about one hundred weevils, which he had on exhibition.

Mr. Coats has made a practical test of his invention and is assured of its success. He has already made improvements over the model first exhibited and with the experiment of the present crop he will have the machine perfect.

Cheerfully Recommended for Rheumatism

From Henry Turner.

To my friends and the Democracy of the Co.

I want to express my appreciation for the support given me in the 1st Primary, July 9th as well as former elections. I feel that the vote given me in our 1st Primary is a complimentary indorsement of my official career as Tax Collector, and should the Democracy of the Co. see proper to again place me on the ticket as one of the local standard bearers at the general election. I will endeavor to do my duty on every time. I want to serve you as Tax Collector one more term, and with all due respect to my Hon. opponent for I think him to be perfectly competent to fill the office; but at the same time believe that I can render the tax payers of the county better service for the next term than a new man, for the fact that since the Terrell Election Law became effective the duties of the Collector are much more complicated and I have given the Collectors duties on this line my special attention and study. I am of the opinion that our next Legislature will knock many of the knotty kinks out of the Collectors duties in this law. I respectfully ask the support and careful consideration of the voters, when they cast their vote at the Primary Election, July 30. Yours truly,
H. L. Turner.

THERE'S
A DIFFERENCE.

Have you ever noticed what a marked difference there is in Furniture?

You can't always judge good furniture by the price—some dealers put high prices on cheap stuff because it happens to show up well. With us it's different—we have a small percentage we add to the factory cost to each article alike. We show our customers the difference, and how the cheap and the good kind of furniture is made. Come and see us and we'll convince you with the fact that our goods and prices are right. We'll appreciate your visit.

Proposed Amendment to the State Constitution.—Authorizing Legislation in Aid of Internal Improvements

House Joint Resolution authorizing the submission to a vote of the people of a proposed amendment to the Constitution of the State of Texas, authorizing legislation in aid of certain internal improvements.

Section 1. Be it Resolved by the Legislature of the State of Texas: That at the next general election of the State of Texas, or at any previous election in case an election for the State shall be had or ordered by the Governor for other purposes, there shall be submitted to the electors of the State of Texas, for their approval or disapproval, the following proposed amendment to the Constitution of the State of Texas, as provided for in Section 1, Article 17, of said constitution relating to proposed amendments thereto:

Section 2. Be it resolved that Section 52, Article 3, of the Constitution of the State of Texas, be, and the same is hereby amended so as to read as follows: Section 52. The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or grant public money or thing of value in aid of, or to any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company; provided, however, that under legislative provision any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State, or any defined district now or hereafter to be described and defined within the State of Texas, and may or may not include towns, villages or municipal corporations, upon a vote of a two-thirds majority of the resident property taxpayers voting thereon who are qualified electors of such district or territory to be affected thereby, in addition to all other debts, may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof, as the Legislature may authorize, and in such manner as it may authorize the same, for the following purposes to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows, and to permit of navigation thereof or irrigation thereof, or in aid of such purposes. (b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation, or in aid thereof. (c) The construction, maintenance and operation of macadamized, graveled or paved roads or turnpikes, or in aid thereof.

Sec. 3. The Governor is hereby authorized to issue the necessary proclamation for submitting this proposed amendment to the electors of the State, as hereinbefore indicated, and to further direct and election in its details, as is usual and customary in such cases.

Sec. 4. That the sum of five thousand dollars, or so much thereof as is necessary is hereby appropriated out of the Treasury of the State of Texas, not otherwise appropriated, to pay the necessary cost and expenses of the proceedings hereunder to be had and done.
