### Hogs Popular in Texas.

Farmers in Texas are rapidly learning that one of the most profitable crops they can raise is hogs, says the Chicago Droyer's Journal. Since the packing houses have been built at Ft. Worth hog raising in the southwest has been greatly stimulated and the farmers who a few years ago thought hogs could not be raised down there are finding out that it is the most profitable crop they can produce. Texas has a good climate for hog culture and it is one state where cholera has not yet commenced its deadly work. The packing houses, though small in proportion to the big structures at Chicago, could handle many more hogs than they are getting. But just wait; there will come a time when Texas will have hogs a plenty.

Mr. W. J. Wood, who has had charge of the government tobacco experiment station at Crockett, has returned to Nacogdoches, the crop having been already cut and shipped to the government warehouse here. He will remain here during the fall and winter and aid in handling the tobacco now in the warehouse and being received.

Elbert Summers has accepted a place with a big lumber firm in Dallas and is now making his home in that city. Elbert has been well trained in the lumber business and is thoroughly qualified to fill any position in connection with a lumber office. The Sentinel congratulates him upon his advancement.

#### BROADDUS.

The new town of Broaddus, in the Southern portion of San Augustine county, about 30 miles from Lufkin and at the proposed terminus of the Cotton Belt railroad, has been laid out by the Lutkin Land and Lumber Company and lots placed in the hands of Judge W. J. Townsend for sale. It will be but a short time until the road is completed and trains are running to Broaddus, when it is proposed to have a public sale of town lots. The town is located in an exceptionally rich agricultural section and surrounded by as fine a body of long leaf yellow pine as can be found in the South. In a short time the Lutkin Land and Lumber Company logging headquarters will be moved there and a large general merchandise store established. Judge Townsend has already sold a number of lots down there and will have no trouble in disposing of more at good prices, as the proposed town is admirably located and will no doubt have several hundred inhabitants in a few months.—Lufkin Tribune.

Nacogdoches Mercantile Co. have a great many bargains in the different departments they have completed and they solicit their friends and customers to call before they are all gone.

Miss Bertha Schoenberg returned yesterday from a visit of nearly two months to her home at Ledbetter, during which she visited St. Louis and spent two weeks at the World's Fair. She will resume her place as teacher in the East Texas Business college.

HALTOM & HALTOM, Proprietors.  
R. W. HALTOM, Editor.

Is ex-Governor Hogg really going over to Roosevelt? In his Labor Day speech at La Porte he advised all laboring men to raise big families.

"MURKIN or bust" is now the cry of both armies in Manchuria, with the Russians in the lead and likely to get there first as they are expert in retreating.

RAILROAD COMMISSIONER STORY is the latest name mentioned in connection with gubernatorial honors two years hence. He is reported to be approaching the Barkis-is-willin' stage.

If the instructions of the city council are carried out there will soon be an end to hoodlumism and rowdism among the tough kids of Nacogdoches after dark. Relentless enforcement of the law is the only way to do the job.

THE Arkansas democracy on Monday elected Jeff Davis governor of that state for the third time. Jeff is a free silver democrat with a strong pull on the boys at the forks of the creek and he takes his election as a personal vindication rather than a party triumph.

THERE are seven presidential tickets in the field. These tickets are as follows: Roosevelt and Fairbanks, republican; Parker and Davis, democratic; Swallow and Carroll, prohibition; Watson and Tibbles, populist; Corrigan and Cox, socialists-labor; Debbs and Hand Hanford, socialist; Scott and Payne, negro liberty.

MILTON PARK the populist manager is negotiating for a debate in Dallas between Senator Bailey and Tom Watson. Both men are game and fiery, so much so in fact that it is not impossible the affair might degenerate into an argumentum ad hominem, in which event populist Tom would undoubtedly get the worst of it.

SENATOR BAILEY is being compelled to cancel some of his engagements in this state because of an obstinate throat trouble which does not yield readily to treatment. It is much to be desired that the Senator will soon be able to overcome this difficulty, because he can do effective work in doubtful northern states during the campaign and his services will be greatly needed in that quarter.

WHEN asked at La Porte last Saturday by one of his audience what he thought of the initiative and referendum so dear to the populist heart, ex-Governor Hogg bluntly responded: "Well, my friend, that is the biggest fool thing I ever heard of." This should disprove the rumor that the ex-governor is coquetting with the populists and other dissatisfied elements with a view to forming a new party of which he was to be the head.

## HIS REMEDY FOR STRIKES.

It was expected that the address of ex-Governor Hogg before the labor unions at La Porte on Labor Day would not only deal vigorously with the relations of labor and capital but would go to the roots of the strike problem and suggest a remedy. The ex-Governor did not dodge that question but tackled it manfully. Whether his solution is the right one or not each reader must judge for himself. Here it is:

"In the absence of newspaper recommendations, and as no office seeker has any suggestion to make on the subject, the field is open and I obtrusively enter it and say that in Texas strikes can be materially lessened if not wholly prevented by putting into law and enforcing the following provisions:

1. That no street or other railway company, or telephone, telegraph, electric light, water, gas or other corporation engaged in the public service for toll shall authorize or issue bonds and stocks in the aggregate to exceed the reasonable value of its properties to be affected thereby.

2. That every such corporation shall, under the supervision of the Railroad Commission, make an itemized price-list of its assets duly sworn to which shall be by it filed with the Secretary of State as a public declaration of its properties and their values.

3. That on presenting the price-list of assets to the Railroad Commission the said commission shall approve it if it is correct. If it is not, then the commission shall have an expert to pass on and report as to the said property and values in the same way, under the same rules and regulations governing like service as to railways and their properties.

4. That said price-list so filed shall be held and accepted by all Tax Assessors and boards of equalization as prima facie evidence of the fair values for taxation of the companies' assets.

5. That no such company on penalty of forfeiting its charter shall issue, give or grant to any person, firm, corporation or company, a frank, free rate or toll, or a less toll or rate to any one than to another; except to its own officers and employes, a list of whose names stating their location and the nature of their employment in which they are severally engaged, shall be filed with the Secretary of State.

6. That no two or more of such corporations whose business is or may become probably competitive, or whose lines are parallel or competing shall in any way consolidate their business property, franchises, forces or management.

7. That no such corporation shall have granted to it by single or several acts or ordinances, any franchise or corporate right to extend longer than thirty years from its original act of incorporation; but that any renewal thereof at expiration of the first grant shall be subject to the sole discretion of the council or

Legislature having control of the subject.

8. That a board of arbitration to be composed of, say, Secretary of State, the Commissioner of Agriculture and the Adjutant General or president of the university, shall be created and given power to investigate and settle all strikes by the employes of corporations in this state."

THE republicans won their little victory in Vermont all right, as both democrats and republicans alike predicted long in advance of the event. It was a skirmish without significance or material bearing on the general engagement to take place in November. In our benevolence of heart we are always glad to have Vermont go republican, as it pleases them and doesn't hurt the democratic party.

HENRY WATTERSON illuminates every subject he touches. His speech at the democratic editors' banquet in New York City Wednesday night would almost make Roosevelt vote against himself if he had the courage to read it. Henry is the Kohinor in any collection of democratic diamonds. He is a champagne cocktail in breeches whose effervescence is continuous and whose stimulation is lasting.

THE Atlanta Journal is authority for the statement that Thomas E. Watson, the populist candidate for president of the United States and author of several historical works of note, has contracted with William R. Hearst, the New York, Chicago and San Francisco newspaper publisher, to become an editorial writer for the Hearst syndicate of publications after the present campaign is over. Mr. Watson refused to confirm or deny the report of the deal when he was asked about it by a Journal representative. The Journal says: "It is reported that Mr. Watson will give up his residence in Thompson, this state, and will remove to New York. He will devote his entire time to the editorial work and will, it is stated receive a salary of \$20,000 per year."

THE worst wrecked reputation thus far in the presidential campaign is that of Mr. Wilson, secretary of agriculture in Roosevelt's cabinet. He had been to Texas and other southern states before the campaign; conducted himself as a gentleman, a patriot and a farmer of the superior class; spoke kindly to and of the southern people and seemed solicitous to improve agricultural conditions here. But the administration shipped him off to Vermont for campaign purposes and the erstwhile gentleman farmer and the professed friend of the southern people, was transformed into a roaring, ranting bloody-shirter who sought to impress his audience that hostility to the southern people should be their chief motive for voting the republican ticket. Wilson was a foreign mercenary from Scotland in the Union army during the civil war and is an American citizen by naturalization.

## THE RIGHT KIND OF NEGROES.

TWO Florida negroes the other day captured and turned over to the whites a black fiend who had murdered a white woman and after his capture confessed that he had gone to the home of the woman for the purpose of criminally assaulting her daughter. He got the usual treatment, of course, at the hands of the enraged whites. The significant feature of the affair is the capture of the criminal by men of his own race. It has been charged, and with truth, against the negroes generally, that no matter how heinous the crime committed by one of their race they would suddenly hold back and refuse to assist the whites in bringing the wretch to justice—in not a few instances actually harboring and endeavoring to prevent his capture. This has done much, very much to inflame racial prejudice and resentment on the part of the whites which might have been easily avoided if the negroes as good citizens had joined with them in helping to capture the criminal. The Florida affair is noteworthy in that they did so join, and we doubt not that there is a much kinder feeling in that community towards the negroes as a race because of it. Even though the law was violated in lynching the wretch the race friction there has been measurably abated by the action of the two negroes who captured the criminal. May their example prove infectious until it has spread through the entire South. When this shall be the case the popular rage against a black criminal who has shocked humanity by some tearful crime will be directed against the criminal alone and will leave no aftermath of resentment against his race as being in passive sympathy with the monster.

TOM WATSON, the peppery Georgia candidate for President of the United States on the populist ticket will speak in Houston some time this month in behalf of his candidacy. He, of course, has no chance of election, and as he is viciously abusing the democrats in his speeches it is believed by many that his candidacy is in the interest of the republican party. From the Washington Post we take the following as showing the standing of Watson as a politician in his native state: "Nobody down in Georgia, except here and there some extremist or some illiterate, puts any credence in what Tom Watson says in his denunciations of the democratic party, or regards him as entitled to any respect as a politician," said Mr. J. E. Bayne, of Savannah, at the Shoreham. "When Watson was in congress from our state he made for himself no reputation for being a man of level head or solid qualities. He was, on the other hand, forever given to declarations of the most radical character. He even compared unfavorably with such men as Jerry Simpson of Kansas, or Late Pence of Colorado—two of the brightest stars in the populist firm-

ament. Watson was long ago cast out and repudiated by his own countrymen, and in Georgia he couldn't today be elected justice of the peace. That he should now be assailing Judge Parker is in line with his erratic temperament and wayward career, but so used are our people to his vagaries that this new outbreak excites no wonder. It only deepens the widespread distrust that Georgians generally entertain for him."

COL. I. W. BROWN "the Bird and Bee man" who is lecturing in this state on insect destroyers said the other night in his Dallas lecture: "Some weeks ago W. W. White of the New York Bible school heard me and asked if I would go down to New York and let Miss Helen Gould hear me talk on my themes. I consented. First she asked me, after I had talked as I shall talk to you tonight, what I knew about the boll weevil in Texas. I had to plead ignorance. She spoke lovingly of Texas, and her heart seems to be here, and she said that many kind things have been done for her by Texas people. Then she offered to bear all expenses if I would consent to go to Texas and tell about birds and their uses and to look into the matter of the boll weevil. I have come."

THE September issue of The Lantern, E. G. Senter's new publication at Dallas, has reached us and it is interestingly Senteresque in every paragraph. Senter is one of the brightest and best informed men in Texas, an acute thinker, a tireless worker and a polished and forceful writer. His energy is irrepressible and he has the courage of his opinion on all subjects. His familiarity with Texas politics and politicians past and present is something astonishing and that department of the Lantern entitled "About Texans" is especially entertaining in the richly flavored news and gossip it gives us of Texans at home and abroad. Senter's hobby is politics and strange to say he makes the subject interesting. He sleeps at night with one eye open watching the Southern Pacific Railway company which he seems convinced is an amorphous monster lying in wait with the dreadful purpose of "benevolently assimilating" the state of Texas some dark night when there's nobody on guard. We doubt both the purpose and the power of that great corporation in the direction named, for Texas, unlike California, can neither be owned nor operated by plutocracy, conditions being radically dissimilar, but with Senter to swing his Lantern and give the danger signal at the critical moment we feel perfectly safe. The Lantern is really a capital publication and it is worthy of permanence.

TWO hundred school children went on a strike in Chicago last Tuesday because the principal had been transferred to another school since the close of last term. Surely this is the limit, even in Chicago.

## JACKSONVILLE TROUBLES.

Up Against a Water Supply Proposition.

Jacksonville wants the permanent terminals of the T. & N. O. and wants them bad, but she is up against it—hard now. The water question is a "deep" one at Jacksonville, especially when it means a well that will supply a hundred thousand gallons of water a day.

Now, if it is water that the railroad people want, we don't see why they don't quit "puttering" around so much and settle down on Nacogdoches, the most logical, practical and convenient point for terminals, shops or any other thing in the shape of a division between Beaumont and Dallas.

As to the Jacksonville proposition, we quote the following from the Jacksonville Banner for the benefit of Nacogdoches, with the suggestion that it might be well to do a little investigating before the last opportunity slips from us. The Banner says:

"The committee appointed by the town to confer with the management of the T. & N. O. railroad relative to their water supply and the permanent location of the terminals of the road in Jacksonville, have been actively negotiating with the representatives of the road, and say that the outlook for Jacksonville is not bad.

"Mr. Hawks, superintendent of the road, frankly informed the committee that the officials desire to maintain the terminals here, and if water can be secured will probably do so, and make considerable improvements, possibly including extensive shops here. He states that 50,000 gallons of water per day would supply present needs, but said the supply would ultimately have to be increased to double that amount.

"After this the matter of securing water for present needs was taken up, and several plans were discussed, among which was the plan to sink a deep well in or near the road's yard in Jacksonville.

"The sinking of the well finally determined upon by the road. Such a well as the company desires will cost \$6000.00, and the committee has been notified that the contract has been closed and work will begin at once. An effort will be made to secure an artesian flow of 100,000 gallons per day, but it is not expected that the water can be brought nearer than 200 feet of the surface. This will require expensive pumping. The entire expense of this well will be borne by the company, which will of course be the exclusive owner of the well.

"While this work will go ahead, Mr. Hawks, in a letter received by the committee yesterday, stated that in view of the heavy expense of pumping so much water from such a depth, that when the city secured a water supply that the road would probably still take city water."

It is a sure thing that the Hayward mill will be in running order by Oct. 1st.

THURSDAY'S LOCALS.

Tom Gillis, of Libby, was in the city today on a trading trip.

Jim Martin, of Martinsville, was in the city today on a trading trip.

Dave Goldberg left last night for Pittsburg to visit his brother. He will probably move to Pittsburg, having been offered employment there.

Mr. H. M. Boozer returned yesterday from Jacksonville, where he went with his two daughters, Misses Nina and Sallie, who will attend the ensuing term at the Alexander Institute.

Jas. Mixon, of Cushing, was in the city today on his return from a visit to his old home at Appleby. He reports the condition of W. T. Skeeters, who has been sick so long, little changed and thinks there are slight hopes for his recovery.

George Harrington, of Bell county, was in the city today, on his way to Switt to visit his brothers, Harvey and Clark. George is a former Nacogdoches county boy, but left here twenty years ago and has since been living in the west. He has not been here before in eleven years.

Dr. Jesse Fuller, of Shreveport, and Miss Polly Wilson, of Melrose, were married today at 11 o'clock, at the home of the bride's parents, Rev. and Mrs. J. M. Wilson, near Melrose. The newly wedded couple will leave at once for Shreveport, their future home, carrying with them the congratulations and kind wishes of a large circle of friends and acquaintances.

Mr. John F. Stewart, of Aiken, was a caller at the Sentinel office this morning. He recently ploughed up a Spanish half dime, or rather a half-bit, on his farm. The coin was of 1814 mintage, and while of no extra value on account of its age, is of more than passing interest for the manner in which it came in possession of the present owner. Many old Spanish coins have thus been found in every part of this county, all of them being dated in the beginning of the 19th century.

Col. A. Currie, of Shreveport came down yesterday on a business trip. Col. Currie has quite a landed interest in Nacogdoches county, much of his land lying in the oil districts.

### FRIDAY'S LOCALS.

R. H. Baxter, of Cushing, was in the city today on a business visit.

Mrs. J. W. Mathers and son Frank, of Garo, are visiting in Nacogdoches.

J. W. Prince and H. Greer, of Appleby, were in the city today on a trading trip.

Col. Jesse J. Watkins, the old democratic warhorse of Douglass, spent last night in the city.

H. V. Sitton, of Cushing, the democratic nominee for county commissioner of Beat No. 2, was in the city today.

J. A. Pirtle returned yesterday from his big California trip. He has filed his report, but it is a little lengthy and had to lie over till Monday for publication.

J. H. Watkins, of Mabl, was in the city today with cotton. He says the crop is turning out poorly on his plantation, and that very little is expected except what is now open, on account of the boll weevil.

W. F. Martin, of Attoyac, left today for Ithaca, N. Y., where he has a scholarship in engineering in the Cornell University. He will go by St. Louis, and visit the fair. School will open on September 27th.

Mr. M. V. Butler, a member of the real estate firm of Butler Bros., of Batson, is visiting and prospecting in Nacogdoches, the guest of his cousin, A. Chesnut Esq. He will visit the Nacogdoches oil fields before his return to Batson.

Miss May Clark, of Corsicana, arrived in the city on the noon train yesterday. She will have charge of the first grade in grammar school number one, for the ensuing year. Miss Clark come to us very highly recommended and we bespeak a successful year's work for her.

Miss Arpatia Wilson, of Monticello, Ark., is in the city. She will have charge of the English and Latin in the Nacogdoches High School. She hails from the University of Tennessee and bears a degree from that institution. We are glad to have a lady of such rare attainments as a member of our efficient corps of teachers.

Miss Mattie Vinson, of Sherman, the city of schools, came in yesterday to take charge of her work as a teacher in the Nacogdoches public schools. She will have charge of the second grade. She comes to us highly recommended as an accomplished young lady and an experienced teacher. We gladly welcome her to our little city.

Mr. M. C. Gillett, a practical well driller, who has been operating rigs in the various oil fields of Texas and Louisiana, came in from Shreveport this morning and will probably take charge of the Williams & Brown rig soon to be in operation near oil city. Mr. Gillett comes well recommended from the many companies for whom he has worked during the past five years as a professional driller.

# TAINED BLOOD

Columbus, Ohio, May 19, 1903.  
Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an all-gone tired feeling that made me miserable. I began the use of S. S. S., and after taking seven or eight bottles my skin was cleared of all eruptions and took on a ruddy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, as I could eat anything put before me, and as I regained my appetite I increased in weight, and that "tired feeling" which worried me so much disappeared, and I was once again my old self. I heartily recommend S. S. S. as the best blood purifier and tonic made, and strongly advise its use to all those in need of such medicine. VICTOR STUBBINS, Cor. Barthman and Washington Aves.

Wheeling, W. V., May 28, 1903.  
My system was run down and my joints ached and pained me considerably. I had used S. S. S. before and knew what it was, so I purchased a bottle of it and have taken several bottles and the aches and pains are gone, my blood has been cleared and my general health built up. I can testify to it as a blood purifier and tonic. 1533 Market St. JOHN C. STRAIN.

### SATURDAY'S LOCALS

Tom Carter, of Woden, was here today.

W. H. Butler, of Woden, was in town today on a trading trip.

Col. Z. B. Garrison, of Garrison, was in the city last night, the guest of his daughter, Mrs. Dr. Barham.

From the number of wagon loads of watermelons on the streets today, it would seem that the tail end of the crop is a good long one. They bring good money to the growers.

Mr. C. E. Cansler, of Zavalla, Angelina county, was a caller at The Sentinel office this morning. Mr. Cansler is a merchant of Zavalla and a prominent and influential citizen of that section of Angelina county. He buys a good portion of his stock from the wholesale concerns of Nacogdoches and honors our city with an occasional visit.

Mr. James Greer, of Appleby, one of the most practical and scientific farmers in Nacogdoches county, was in the city yesterday. He brought down a bag full of samples of various species of corn with which he has been experimenting. There was not an ear in the lot that contained less than 1200 grains, and he had three ears that aggregated nearly 4500 grains. The ears were from 11 to 14 inches long. All this corn, Mr. Greer says, was raised from ordinary land, some gray and some red, without the aid of fertilizer. None of this corn was grown from imported seed, it being the result of his own experiment for the past few years from native seed.

### Out For the Seed.

Manager Pearson, of the Mercants & Farmers Cotton Oil Co., in this city, says the big plant is now ready for business and the company is in the market for all the cotton/seed in the country. It has no street buyers, is a home institution run by home men, and will pay the top price in cash for seed. No outside company can offer better inducements. Stick to home enterprise and see Mr. Pearson if you have seed to sell. d2w1

### Cancer Cured by Blood Balm - All Skin and Blood Diseases Cured.

Mrs. M. L. Adams, Fredonia Ala., took Botanic Blood Balm which effectually cured an eating cancer of the nose and face. The sores healed up perfectly. Many doctors had given up her case as hopeless. Hundreds of cases of cancer, eating sores, suppurating swellings etc. have been cured by Blood Balm. Among others Mrs. M. Guerne, Warrior Stand, Ala. Her nose and lip were as raw as beet, with offensive discharge from the eating sore. Doctors advised cutting but it failed. Blood Balm healed the sores, and Mrs. Guerne is as well as ever. Botanic Blood Balm also cures eczema, itching humors, scabs and scales, bone pains, ulcers, offensive pimples, blood poison, carbuncles, scrofula, rising and bumps on the skin and all blood troubles. Druggists, \$1 per bottle. Sample of Botanic Blood Balm free and prepaid by writing Balm Blood Co., Atlanta Ga. Describe trouble and special medical advice sent in sealed letter. It is certainly worth while investigating such a remarkable remedy, as Blood Balm cures the most awful, worst and most deep-seated blood diseases.

# THERE'S A DIFFERENCE.

Have you ever noticed what a marked difference there is in Furniture?

You can't always judge good furniture by the price—some dealers put high prices on cheap stuff because it happens to show up well. With us it's different—we have a small per centage we add to the factory cost to each article alike. We show our customers the difference, and how the cheap and the good kind of furniture is made. ### Report 'Em to Teddy.

There is a married couple now living in Lawton, Oklahoma, who were born, raised and married in LaGrange, Texas, but moved to Lawton in 1901, who have twenty-three children living, the mother being only thirty-nine years of age and the father forty-one. The family live happily in a five room house at Lawton. The couple have been married eighteen years, and the mother has given birth to twins seven times. There are fifteen boys and eight girls and it is related that seventeen of the children had measles at the same time. This interesting family is prima facie evidence that there is no likelihood of race suicide in that particular neighborhood.—Orange Tribune.

The Japs are reported to be still harassing the Russian rear. The Russian rear has a right to feel mighty sore by this time.

### Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

### Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

### Kodol Digests What You Eat

Make the Stomach Sweet. Bottles 25c. Regular size \$1.00, holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. O. DeWitt & Co., Chicago, Ill. For sale by Perkins Bros.

THE much talked about Baltic fleet of the Russians has at last weighed anchor and departed for the seat of war. More grist for the Japanese mill.

AT least we are glad to know that the Texas boys covered themselves with glory in the sham battle at Manassas, Va. They would have done even better if it had been the real thing.

CHAUNCEY DEFEW, republican spellbinder of national and international fame, drew an audience of only two hundred people the other night in his native state of New York, when he spoke in advocacy of the cause of Roosevelt.

THAT Manassas encampment is also bringing the race issue to the front. A Connecticut regiment of colored troops has made its appearance there and the southerners will not affiliate with them nor go into sham battle with them.

ROOSEVELT says in his letter of acceptance just issued: "We did not take the Philippines at will, etc." what a whopper! There never was a clearer case of a holdup than the process by which we got that island. We took them as the spoils of war merely because we had the power to do so. Spain protested bitterly but without avail, and then we got sorry for the poor, decrepit, helpless old nation and handed her \$20,000,000 to save her wounded self-esteem and make her think she hadn't been robbed outright.

In an eloquent and deserved tribute to Col. William G. Sterett, the veteran newspaper man, who has been doing so much good work for the Dallas-Galveston News for many years past, the Wills Point Chronicle brings him out for governor two years hence. Col. Sterett is distinguished for "horse sense," sound and untailing conservatism and an inexhaustible fund of quiet humor which finds just enough expression in his writing to add the charm of quaintness to it and help out its effectiveness. He contemplates all subjects from the heights of a serene philosophy which lifts him above the fierce strifes and contentions of his tellow mortals and enables him to write with a calm and tolerant spirit about the men and measures of the day. It is because he is too true a philosopher and too poor a partisan that we suspect he could never be the nominee of a party which must of necessity have a partisan as its leader, but if the lightning should strike him he would make a good governor. His name goes down on our growing list of available due he has nearly two years to get ripe in.

GEN. NELSON A. MILES, late commanding general of the army, is on his way to Texas with a large party of northern capitalists to look after opportunities for investment.

MAINE went republican Monday in the election of state officers, but as no democrat in his senses had ever claimed that it would go otherwise nobody is disappointed or surprised.

THE public sentiment in this country demands that that Russian cruiser should be made to scat out of the harbor of San Francisco at the earliest possible moment. No American port should be used as a snug harbor for Russian war vessels to lie in wait for a chance to prey on Japanese commerce.

TEDDY has issued his letter of acceptance, a document of great length but not corresponding strength. It reads like the special pleading of a lawyer, and the cocksure rough rider, warlike tone characteristic of Roosevelt's previous productions is absent from this one. Evidently he has heard from the people and is trying to acquire the presidential temperament.

AND now the section laborers on Texas railroads have caught the union fever and a walking delegate is going through the state organizing them into unions. As perhaps half or more of this class are negroes it would seem that unionism must butt into the race problem before this organization can be perfected, and it will be interesting to note the result.

FORMER GOVERNOR HOGG of this state has notified the national democratic committee that his services are available for speech-making purposes in any northern state to which he may be assigned. There's a patriot, a democrat and a gentleman for you! And yet there were people in Texas a few weeks ago who presumed to question the zeal and orthodoxy of this great Texas democrat in the present campaign.

THE Henderson Times argues that Japan will be whipped because the Lord has always been on the side of the white race in conflict with people of other colors. But this has been true for the only and unmistakable reason that the off-colored races were barbarous or semi-barbarous hordes, vastly inferior to their adversaries in discipline, arms, leadership, intelligence and morale. The conditions are precisely the reverse in the present contest. The Japs are a great civilized people, intensely patriotic, the superiors of the Russians in leadership, intelligence, discipline and morale, and fully as well armed—even better in the artillery branch of the service. And as for courage and endurance, let every battle field in Manchuria give the answer.

THIS is Texas week at the World's Fair.

SENATOR BAILEY is coming over to the side of Jim Hogg. At least it looks that way, for in his recent speech at Stephenville he used language which might have been credited to Hogg so precisely does it reflect his sentiments:

"I have heard, however, from time to time, as I have recently traveled over the state, that another conflict between the people and the railroads is impending. I do not know who are to be the leaders on either side, but I desire here and now to say that if it comes I volunteer to fight on the people's side as long as the conflict lasts. I helped to place our railroad commission law and our stock and bond law upon our statute books, and I shall resist with my utmost strength any effort to repeal or emasculate them. They are wise and just and have wrought untold good for the people of this state. They are an important part of our settled policy and every thoughtful and patriotic citizen of Texas should defend them against the attacks of corporate greed. In time they will be, and doubtless they ought to be, amended, but every amendment ought to be and shall be, if I can have my way, in the direction of making them stronger and more perfect in the protection which they afford our people."

THE Houston police force is suffering with color blindness. They can't find any of the white gamblers who ply their vocations almost as openly as the legitimate trades but they find no difficulty in discovering the little negro crap shooters who gamble for pennies in the back allies.

IT is high time for newspapers and public men that call themselves democratic to cease "damning with faint phrase" the democratic nominee for president of the United States. Mere perfunctory support with no enthusiasm or genuine convictions to back it is possibly worse than no support at all and is really giving aid and comfort to the enemy. Judge Parker is as high a type of man as has been nominated for the presidency by either party for a generation past. He has a much better prospect for election than Bryan had either in 1896 or 1800. He stands on a platform which has been accepted by all factions of the party and he is entitled to the cordial support of every democrat and every democratic newspaper in the country. Realizing his clear duty as a loyal democrat Mr. Bryan has waived his darling issue of bimetalism and is giving an earnest and honest support to Judge Parker, realizing that the defeat of Roosevelt and what he stands for is an issue paramount to all others. If Bryan can do this surely all his followers should be able to see their way clear to doing likewise.

#### Teacher Wanted.

A good teacher is wanted for the school at Mt. Horeb. Man with family preferred. See the trustees, or write.

Rose Lake trees grow.

#### Tobacco Kills Woolly Aphis.

Tobacco dust may be obtained from the tobacco factories for about 1 cent per pound if purchased in large quantities. Some investigators of insect troubles of the orchard say that this dust is a destroyer of woolly aphis, and can be used to advantage around every fruit tree that has been effected.

The usual mode of application is to dig away the soil from around the trees to a distance of about two feet each way, says the New York Farmer, and to a depth of about four inches. About five pounds of the tobacco dust should be spread over this place and the dirt should be put back. This is to prevent the dust being blown away by the winds or washed away by the rains.

The rain will carry the nicotine from the tobacco to all parts of the tree affected by the aphis and the pests will be killed. It also prevents the coming of other broods of the aphis.

The tobacco is worth for fertilizer all it costs, and its insecticidal value is an absolute gain. The work of application may be set down as the only cost of protection it affords.—Texas Farm Journal.

#### Everybody Guess.

The following is from the Beaumont Journal of yesterday. Who is the bride?

"Roadmaster George Kessler, of the East Texas division of the Texas and New Orleans with headquarters in this city, has taken a twenty day lay off and left Saturday evening for Nacogdoches, where, on Sept. 21, he will join the ranks of the benedicts by taking unto himself a wife, one of the handsomest and most talented young ladies of the above city. Mr. Kessler and bride, after the ceremony, will leave on a trip through the west and on their return will make Beaumont their home. The handsome young roadmaster has not been with this division very long, but he has demonstrated to the railroad officials and the public that he is the right man in the right place, while his fund of good nature makes him popular. His place will be filled by T. J. Hawkes."

Two hundred democratic editors from various parts of the country, many of them big guns, visited Judge Parker at his home on the Hudson Thursday. The next President gave them a cordial welcome and made a wise and earnest talk to them without a word about "weaklings" and "cowards" in it.

A. W. Grimes has purchased an interest in the store of H. R. Doolittle, and will henceforward be found with the firm, endeavoring to serve his old friends, acquaintances and customers to their advantage. Wright is a hustler, and is full of "eternal vigilance," and the Sentinel trusts he will find his Eldorado in his new undertaking.

Mr. O. Konold, the cotton man, has returned to Nacogdoches and will spend the season here.

#### Notice.

To the farmers of this and adjoining counties: I am still in the wagon yard business. I have always appreciated your patronage and solicit the same in the future. My yard is on West Main street, stables with doors and good freestone water in yard. Prices same as usual. Also have beds for rent.

W. E. Baxter.

#### Feed Yard Open.

I have repaired my stables and will be ready by the 15th to board and take care of all horses. The patronage of the public is respectfully solicited.

#### Singers' Reunion.

The singers' reunion of Nacogdoches county meet at Mahl, Texas, beginning Friday night before the fourth Sunday in September, continuing Saturday and Sunday. Everybody invited. All singers are especially invited.

Last Sunday a new Sabbath school was organized with W. T. Whiteman as superintendent and T. J. Hodnett secretary and treasurer. J. M. Hyde will teach the Bible class. Mrs. T. J. Hodnett will teach the advanced classes. Other teachers will be selected next Sunday and other classes formed. Forty-four pupils were present. A collection was taken up to secure books etc., and \$1.30 collected. Services will be conducted hereafter each Sunday morning at 9 o'clock.—Caro Opportunity.

The sad news reached here that Mr. W. F. N. Powdrill of Arcadia, died last night at six o'clock. He has been down with slow fever for the past two months and gradually grew worse until the end. Leo Powdrill left for there immediately on receiving the news. It is not known just when the funeral will be held, as they are expecting his other two sons from Minden and Shreveport.—Center Daily News.

The Sentinel regrets to learn of the death of Mr. Powdrill. He has been a constant reader and patron of this paper for many years. He is quite well known in this city, where he has done a greater portion of his marketing and trading ever since this has been a railroad town. He was a good man and his death is universally regretted.

Brother Carter, of the Cushing Enterprise has our sincerest sympathy in his trouble. Mrs. Carter passed to life eternal last Friday evening, leaving twin infants a few hours old. We fully realize how vain is human sympathy in such an hour. Only the Comforter can support him with the everlasting arms of His love.—Caro Opportunity.

Mr. Goldsberry spent Sunday in Nacogdoches and was so deeply interested he forgot his bottle. As the express people refused to send it up we brought it up for him. Now don't get excited and think anything wrong; it was only some high-life that he had bought for the store. If you don't believe this, ask him to let you smell the bottle.—Caro Opportunity.

#### RELIGIOUS REVIVAL.

Two Weeks Meeting of Baptists at Lone Star.

Lone Star, Sept. 12.—Our protracted meeting, which was held at Lone Star church, began on Thursday night before the fourth Sunday in August and closed on Saturday before the first Sunday in this month, which I am proud to say, was a grand and glorious success. The meeting was conducted by Brothers Jefferson and Hewitt, Brother Hewitt being our pastor. I am sure the series of meetings was conducted by two of the most noble and noted God serving men of our community and country. Brother Hewitt has labored earnestly with the people of Lone Star community this year. We reaped the reward of his faithful service during our meeting. The services were attended both day and night by large congregations, and we had the very best of attention and behavior during the hour of service. The Christians of our church did a grand and noble work during the meeting. Seventeen were added to the church, sixteen of which were baptised. Quite a number of them were husbands and wives and the remainder were young boys and girls of our community. The meeting closed on Saturday at 4 o'clock p. m. at the water's edge. The sixteen went into the water at the same time, and after they were all arranged in a line in the water, Mr. Luther Lilly made a photograph of the scene, and he also made a picture of them just after they were baptised before they came out of the water. The work of the Lord was so highly manifested. I am sure it was a meeting that will be long remembered by those who attended. And I wish to say that the good work has not stopped since our meeting closed. We have a good Sunday school every Sunday, with good results, and attendance. The Sunday school has been successfully carried on for about six months. R. E. T.

#### Spring Hill.

Sept. 11.—We have had an eight days meeting at this place. It began Saturday before the 4th Sunday in August. Brother Lee Heflin, Pastor, was assisted by Brothers George Hammond, Pale and Charleston. There was many able sermons delivered that seemed to be accompanied by the Spirit. We had very good attendance all the while. There was twenty-eight additions to the Baptist church; nineteen for baptism. Spring Hill people will never forget the good work done at this place. J. E. Ennis.

When you come to town don't forget that we will buy anything you have to sell in the produce line and pay the best prices for it. We also ask you not to forget that we are located at the Baucom stand and have a line of general merchandise that we want to sell bad and will sell at very close prices. Our stock is brand new goods and will cost you no more than shelf worn stuff.

A cotton seed fight came up at Jacksonville Saturday between the local mill and the buyer for a Houston mill, causing the price to jump up to \$20 a ton. Such fights are of frequent occurrence and Nacogdoches is not immune. If it were not for the home mill cotton seed would hawk around at about \$5 25 a ton, when, as it is, the lowest price rarely ever goes below \$11. This fact should be remembered and farmers should not overlook the goose that lays the golden egg. Always sell to the home mill as long as it will pay as much as an outside concern.

**What is Life?**  
In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr. King's New Life Pills quickly readjusts this. It's gentle, yet thorough. Only 25c at Stripling, Haselwood & Co's.

John P. Davidson has returned from Abilene, in Taylor county, where he went to look after his ranch interests. He says crops are poor in that section and it will take eight acres to make a bale of cotton.

### PIRTLE'S TRIP.

Saw Great Sights and Learned a Great Deal.

Nacogdoches, Sept. 9.—As one of the Texas delegates selected for the purpose of touring the fruit fields of California, Nevada, Mexico, Colorado and Missouri, I feel it a duty on my part to give you a brief statement of facts as I understand or as best I could gather.

At Los Angeles, our first stop, we had a pleasant time in that beautiful and prosperous city, visited the different packing houses and found every body moving on lightning speed, cheerful, nappy and ready to extend every courtesy to the Texas boys.

At Fresno we met with that same courteous treatment; the Raisin City of the world, where the writer found the grape growing on the vine, as far as eye could see, heavily laden with raisins, at a cost that the poorest people on earth could satisfy their appetite. Oranges, lemons, prunes and peaches also in abundance. Here I will make mention of drying, for the benefit of those who are like me before I was better informed. They halt the peaches; pluck out the seed, place them in the sun and the climatic conditions of the country do the rest, puts in the sugar and flavor; so say the people say there. So the fruits of that country are marketed principally after placed in a reserved state, and similar at other fruit shipping points. Of course the attitude of that country does the work.

At San Francisco we had a short stop and visited the fields as heretofore mentioned and found similar results. The main feature of success in that country is thorough organization or better than Texas has; yet the growers in that country make some kicks and have about abandoned consignments entirely and sell their stuff themselves to what is known as hucksters, and to the business men and commission dealers, and so the trimming goes on.

At Sacramento we were shown through the Capital, which was grand to behold by the Texas boys; things seen which will never be forgotten.

I want to express my gratitude to the officials of the I. & G. N. R. R. and the S. P. for the opportunity afforded by them to visit the places mentioned, for I consider it one of life and the full delegation have expressed themselves as being well paid for the trip.

At Salt Lake City the Texas delegation tried to drown themselves; went bathing in the lake, tried to sink and couldn't do it, and after coming out said they didn't blame

Brigham Young for living there. His wives couldn't get mad and drown themselves.

We put in a day looking at the city of Denver, Colorado.

And on to the World's Fair at St. Louis. And looked as long as time would permit, returning over the Iron Mountain by the way of Little Rock, Arkansas.

J. A. Pirtle.

### Accident May Prove Fatal.

T. G. Sayers fell from a window in the second story of his residence last night about 9:30 o'clock, to a gallery below, breaking four ribs on his right side and sustaining other injuries that are likely to prove fatal.

It is not known just how the accident occurred. It seems he was alone in the room at the time, and the first known of the trouble was when his wife heard the noise of the fall and found him lying on the gallery unconscious.

Mr. Sayers has been agent for the T. & N. O. ever since that road built to Jacksonville, until last week, when he resigned. He is a brother to ex-Governor Joseph D. Sayers, of Bastrop. His residence is in Sunset addition, next to J. W. Shipman's.—Jacksonville Banner.

### Cured of Bright's Disease.

Geo A Sherman, Lisbon Red Mills, Lawrence Co., N Y, writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I begin using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began using Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." Sold by Perkins Bros.

Ernest Spradley left Saturday night for Jackson, Tenn., where he will enter college for the ensuing year. He has received his diploma from the Nacogdoches University and holds a first grade teacher's certificate, yet he is less than 18 years of age. In addition to a literary course, he will study law at Jackson, and it is his intention to enter the University of Texas after he returns from Jackson. Ernest is a deserving boy and is imbued with a laudable ambition. The Sentinel congratulates him upon his rapid advancement and trusts that he will not waver in his determination to ascend to the top-most round in literary attainments.

### Given Up to Die.

B. Speigel, 1204 N Virginia street, Evansville, Ind., writes: "For over five years I was troubled with bladder and kidney affections which caused me much pain and worry. I lost flesh and was all run down and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me much relief, and after taking the second bottle I was entirely cured." Sold by Perkins Bros.

Farmers are marketing their cotton slowly, and it is apt to keep the price up close to the ten cent mark if it is practiced throughout the cotton belt as it is in this county.

### Do Not be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by Perkins Bros.

### It May Be Cox.

From Tuesday's Daily.

Sheriff Spradley received a telegram yesterday from some point in Arkansas which gave him a pointer as to the whereabouts of Dr. J. R. Cox who is charged with assault to murder in this county. Mr. Spradley left today on the 12:30 train, wearing a proud smile, and remarked as he got aboard that eternal vigilance was the price of success.

### A Cold Settled In His Kidneys.

A J Jenness, 9204 Butler street, Chicago, writes: "I am a switchman and am out in all kinds of weather. I took a cold which settled in my kidneys and I was in bad shape. I tried several advertised remedies with no benefit until I was recommended to try Foley's Kidney Cure. Two-thirds of a bottle cured me." Sold by Perkins Bros.

**APPLEBY LOCALS.**

Appleby, Sept. 12.—Our red land country is getting dry again and the people are gathering their corn and cotton crops very rapidly.

Cotton picking will probably be all over by Oct. 10th or 15th. The boll weevils have entirely destroyed the top crop of cotton and are now destroying the pea crop very fast.

Our school opened this morning with a very fine attendance. There seems to be by far more interest and enthusiasm here in school work than ever before. Our town was filled almost to overflowing with boarders from all parts of the country yesterday and the day before and they are heartily welcomed in our town and school. Our public term began today and will continue 7 or 7 1-2 months.

Mr. Albert Greer, who has been teaching this summer in Shelby county, has returned home to rest for a few days, then he will go to Dallas to continue his medical studies.

Mrs. Geo. M. Hale who has been sick with typhoid for several days is getting along very well now.

Mr. W. T. Skeeters, who has been quite sick for several weeks, is still very low with but little sign of recovery.

**Only Did His Duty as He Saw it.**

"I deem it my duty to add a word of praise for Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J. Wiley Park, the well known merchant and post master at Wiley, Ky. "I have been selling it for three or four years, and it gives complete satisfaction. Several of my customers tell me they would not be without it for anything. Very often, to my knowledge, one single dose has cured a severe attack of diarrhoea, and I positively know that it will cure the flux (dysentery). You are at liberty to use this testimonial as you please." For sale by Perkins Bros.

**Notice.**

To whom it may concern:

We as citizens of Blake community, deem it our duty to correct a false accusation brought against Rev. Geo. Hammonds a Missionary Baptist preacher, in which he is accused of baptising and receiving a young lady, Miss Elliot, into the Congregational Methodist church. We want the public to know this is a false report. Bro. Hammonds held a meeting at Blake, got several members. The young lady presented herself as a member for the Methodist church. Bro. Hammonds remarked, "he was glad to see any one become a Christian, but Methodism was not his belief, and he could not receive her." Rev. Bostick, of the Methodist church was present, he (Bro. Bostick) took charge of the service and baptised her. She was received into the church at New Hope two weeks later.

Bro. Hammonds has preached for us six months, has visited our homes. He is filled with the Holy Spirit. If every body were God serving people they would have no time or desire to censure one of God's children. The most impressive thought he brings before the world is to become consecrated to God. We all attended the meeting and can truthfully say Bro. Hammonds is innocent of the charge. What we can say for him is to the honor and glory of our Father who is in Heaven. Signed,

**Sick Headache.**

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. Geo. C. Wright, of New London, N. Y. For sale by Perkins Bros.

H. A. Still, late night policeman, has formed a partnership with Mr. Duncan, an old sawmill man, and the new firm will put up and operate a sawmill about two and a half miles north of town back from the railroad, to supply the local demand. The mill will have a capacity of 20,000 feet per day.

**What's in a Name?**

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfits. Ask for DeWitt's—the genuine. Sold by Perkins Bros.

**MELROSE LOCALS.**

Melrose, Sept. 10.—Prof. Sanders' school opened Monday morning, the first month being a private school makes the attendance smaller than otherwise would be.

Several families have measles. Every one should be very careful and not spread such contagious diseases. Some of our old friends have been exposed and may take them out of their homes, leaving a vacant place no one can fill, because some unthoughtful person would not stay at home when they should.

Rev. McIntyre and family from Kingston, are visiting friends at Melrose.

Mr. Jessie Fuller and Miss Polly Wilson were married at Bro. Burk's Thursday evening at 4 o'clock. May their lives be one long bright dream, scattering sunshine as they go. The married couple with Misses Clara and Edith Wilson went to Nacogdoches to remain there over night. The bride and groom will spend a short time there. Then Mr. Wilson will attend a medical college elsewhere.

**A Power For Good.**

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot, of Albany, Ga., says: "During a bilious attack I took one. Small as it was it did me more good than calomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill." Sold by Perkins Bros.

The condition of Mrs. Dr. Campbell, who has been suffering with rheumatism, is reported much improved. Her malady has been quite serious and she has been confined to bed several months.

**The Stomach is the Man.**

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure digests what you eat, cleanses and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Sold by Perkins Bros.

The double daily mail services over the H. E. & W. T. railroad will be re-established in a few days. Everybody is glad, of course.

**In Praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.**

"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlett of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose I was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind." For sale by Perkins Bros.

**"DO IT NOW"**

The hardware store, like all other lines of business, must have a cleaning up sale. Since my return from the markets, I have gone through the stock and find some excellent bargains. If you are interested in

**HARDWARE and KITCHEN FURNISHINGS**

come in and see what we are offering. Don't put it off, but "Do it now."

**In Saddles**

The line shown in my store is all that the critic of good Saddles could ask for. I have a big stock and most close same out. You'll get a bargain if you come soon. Better "Do it now."

**Oliver Chilled Plows**

The best plows ever manufactured. They were giving satisfaction when you were a boy and are better now than ever. Have a few on hand to close out. If you want to buy a plow, better "Do it now."

**GIN AND MILL BELTING** To be closed out at actual cost.

**STOVES and RANGES.** The most complete line of Bridge & Beach "Superior" stoves and Ranges in Eastern Texas. None better, few as good. The prices for a few weeks will be lower than usual. If you are in the market, better "Do it now."

**Has Sold a Pile of Chamberlain's Cough Remedy.**

I have sold Chamberlain's Cough Remedy for more than twenty years and it has given entire satisfaction. I have sold a pile of it and can recommend it highly.—Joseph McElhiney, Linton, Iowa. You will find this remedy a good friend when troubled with a cough or cold. It always affords quick relief and is pleasant to take. For sale by Perkins Bros.

Mr. T. P. Wragg, the mill man, who is now operating in Shelby county, was in the city today, having some parts of his machinery repaired at the machinery shop of Messrs. Killough & Son. Mr. Wragg says the mill men are delighted over the establishment of such a shop here, as they have heretofore had to make a trip all the way to Shreveport every time a little break down occurred and the shop here is a great convenience.

**From 148 to 92 Pounds.**

One of the most remarkable cases of cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by Perkins Bros.

**Fearful Odds Against Him.**

Bedridden, alone and destitute. Such, in brief, was the condition of an old soldier by name of J. J. Havens, Versailles, Ohio. For years he was troubled with Kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies: "I am on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50c. Guaranteed by Stripling, Haselwood & Co.

Hon. B. F. Cameron, of Liberty, a member of the Twenty-fourth legislature and county clerk of Liberty county for many years, is here on a prospecting trip.

**BUSINESS LEAGUE ON DECK.**

**Fine Meeting Last Night—Much Interest—Important Work.**

From Thursday's Daily:

There was something doing at the meeting of the Business League last night. It was a fine meeting, the kind that brings results, and from start to finish there was a brisk interchange of ideas and an earnest desire manifested to promote the material interest of the city by the adoption of a definite and practicable policy to that end. There was an excellent attendance of representative citizens, but the merchants fell short in point of numbers, although those present of that class were of the very best.

D. K. Cason, vice-president of the League, called the meeting to order, and Secretary Poulter read the minutes of the last meeting which were approved. There were no reports of standing committees, and Mr. Henning speaking for a special committee appointed at the last meeting to devise some plan of program for increasing the trade of the city by offering prizes, or otherwise, made a short talk on the subject. This precipitated a general discussion which promised to become a mere conversation al proceeding among small groups of members scattered about the hall, but Chairman Cason promptly rose to the emergency, and sharply rapping the members to order stated that there must be some semblance of parliamentary rules preserved if the meeting was to reach any definite results. This timely admonition was taken in good part by all present, and after that the speakers addressed the chair and the proceedings went forward in an orderly manner.

On motion it was resolved to consider the question brought up by Mr. Henning and agree upon some definite and early action with a view of increasing the commerce of Nacogdoches.

In the lengthy discussion which followed Messrs S T King, C A Jones, Roland Jones, J H Poulter, Geo E Poulter, S L Miller, A F Henning, C D Mims, John Schmidt, D K Cason, E C Branch, F H Tucker, Prof. Davis and others took part and one plan after another was considered, each having for its central feature the distribution of prizes at specified times as an inducement for farmers from Nacogdoches and surrounding counties to bring their cotton here. Mr. Schmidt got a round of applause by stating that if some satisfactory plan could be agreed on which would involve the raising of not more than \$1,000 for expenses, prizes, etc, he would contribute ten per cent of the amount and he felt sure the Compress company would contribute another ten per cent. Mr. Branch also said that he could be put down for \$25. The trades' day plan in operation in so many of the smaller cities of Texas was referred to but as no one present knew the details of the plan a motion was made to appoint a committee to get in correspondence with the commercial bodies of some of

those cities and learn all about the plan. This motion was subsequently withdrawn.

Mr. Branch made an excellent speech at some length which showed that he had given much thought to the subject, and his remarks seemed to meet with general approval. His idea was that as Nacogdoches, owing to the development of the railway system in East Texas, now had vigorous competition in the field for trade, it was useless to devise schemes to bring trade here of which the city was already sure, but she must go after more trade territory by proper advertising and carrying direct to the mind of each farmer in the disputed territory, in such a way that he would not fail to see it, the superior advantage offered to him by Nacogdoches as a point to bring his cotton and do his trading. He thought that a special edition of 10,000 copies of one or both of the local papers showing all the advantages of the city, distributed by hand at the homes of the farmers would do the work. This plan of course includes the distribution of prizes and offering other inducements under prescribed rules and regulations. Mr. Branch felt sure that by this method at least 2000 additional bales of cotton could be marketed here this season. His views, of which only the bare outlines are here given, seemed to meet the approval of the members generally, and for the purpose of carrying them into effect, he, upon request, submitted the following motion which was adopted.

"Moved that the Chair appoint a committee of three to raise the sum of \$1,000 for the following purposes:

"To thoroughly advertise the town in its commercial interest, in the territory embraced in counties contiguous to Nacogdoches, and from which this town under ordinary circumstances receives very little if any cotton, and very little, if any trade. That \$500 of this \$1000 be offered in cash prizes to the farmers who bring cotton to Nacogdoches between this date and the first day of January 1905. The remainder of the \$1000 to be used by the committee in thoroughly advertising Nacogdoches, its resources and advantages in outside counties."

The chair appointed on this committee E C Branch, John Schmidt and F H Tucker. This committee to report on Friday evening, Sept. 9th, at a special meeting of the League called for the purpose.

On motion the proprietors of the Nacogdoches newspapers were invited to be present at the meeting Friday night to figure on the character and price of a special newspaper edition to advertise the advantages of Nacogdoches.

A number of small accounts were allowed and the secretary instructed to pay them. A letter read by J. G. Smith from a banking house in Pittsburg, Pa., with reference to constructing a system of waterworks here was referred to Dr. F. C. Ford of the Nacogdoches Waterworks Co. C. W. Gano, C. A. Jones, S. L. Miller and W. H. Harris were elected to membership in the League.

**A Remedy That No One Is Afraid To Take,**

Dr. Thacher's Liver and Blood Syrup has been used in thousands of homes for fifty-two years with perfect confidence and the most remarkable results. The great success of this remedy is due to the fact that its formula (which consists of Buchu, Hydrangea, Mandrake, Yellow Dock, Dandelion, Sarsaparilla, Gentian, Senna and Iodide of Potassium) has been freely published. Doctors and Druggists everywhere do not hesitate to recommend a preparation which they know contains the best-known remedies for correcting all irregularities of the Liver, Kidneys or Blood, and the diseases caused by the failure of these functions to perform their proper work.

Thousands of sick ones to whom life has been a burden have written grateful letters that others might profit by their experience.

BLOOMING GROVE, TEX., Nov. 13, 1902.  
I was suffering terribly with indigestion and kidney trouble and sent to my druggist for something to relieve me.  
As he sent me a package of Dr. Thacher's Liver and Blood Syrup I concluded to try it, and now I am deeply grateful to my druggist as well as to you.  
I had been a sufferer from these things and a general run-down condition for ten years, and had only received temporary relief from other medicines. But after using not quite two packages of your Liver and Blood Syrup I feel as stout and hearty as I ever did in my life, and I am satisfied that I am entirely cured. I feel no symptoms whatever of kidney trouble, and my digestion is as good as any living man's. I can now eat whatever I choose.  
I never had any remedy give me such quick and permanent relief, and I can not put a correct estimate on the value your medicine has been to me. I would not take any amount of money for it. Very gratefully yours,  
J. S. BROWN.

If you need a medicine write to-day for a free sample bottle and "Dr. Thacher's Health Book."  
Give symptoms for advice.  
We simply ask you to try it at our expense. We know what it will do.  
For Druggists—two sizes—50 cents and \$1.00.

THACHER MEDICINE CO., Chattanooga, Tenn.

**Our Present Condition.**

Galloway & Garrison are now having cabbage and onions shipped here to supply the local demand. We find the same thing prevails at Nacogdoches, only that other varieties of vegetables, chickens and eggs are in demand. The growing season has not passed for either onions or cabbage; that is, there are late varieties that would extend over as late as this, and yet such must be shipped here.

What a picnic for some real enterprising trucker! We are informed by a merchant at Nacogdoches that this is the usual condition at this season.

No other country offers better opportunities. Our people must wake up to the possibilities here before them. As good land as can be found anywhere, with an excellent home market that is not in the least particular. Such a combination is splendid, even though it be common.—Caro Opportunity.

The Sentinel sincerely sympathizes with Bro. Carter, of The Cushing Enterprise, in his sad affliction in the death of his wife, which occurred a week ago. This is the second time within the past three years he has been thus bereaved, being left with the care of a large family of motherless children.

On account of the meeting of the Texas Synod of the Cumberland Presbyterian Church at Denton, Texas, Sept. 15th to 20th, a rate of one and one-third fare will be given by the railroads, good to return Sept. 21st.

Capt. John S. Doughtie has returned from a trip through the eastern part of the county getting facts and figures concerning the cotton crop in the interest of the Census Department at Washington. He thinks Nacogdoches county will make as much cotton this year as last.

**TRAWICK LOCALS.**

The line to Tubbe will be completed next week.

**WILE SALOONS MUST GO**

**Powerful Crusade Against the "Joint" and Its Evil Influences**  
Ministers, Statesmen, and Good Citizens Unite to Wipe out the Low Grogeries that Curse Civilization and Rob the Poor Man of His Earnings.

There is no longer "safety" or "protection" for the keeper of the disreputable drinking place. He is up against the judgment of an outraged people and no loophole of the law will serve or save him.  
The public has at last learned to see and realize the true and infamous character of these red-light places in all their naked hideousness, and stern justice is demanded.  
A justly angered civilization is up in arms against these iniquitous dives that work the ruin of the soul, the mind, and the body; and there can be no compromise, no evading the issue—nothing short of their absolute extermination.

**A Curse Too Long.**  
The joint with its vile, poisonous, brain-rotting liquors, the gaudy and glittering dance hall—breeding places of crime, recruiting offices of the brothel. These places have too long fed and fattened upon the souls of our youth, the virtue of innocent womanhood, the meagre earnings of the workman.

The Houston Post, of August 21st, contained an article reprinted from an Eastern Exchange which gave the sincere and interesting statement of an ex-mayor of a leading city, in which he told of his experience in attempting to regulate the saloons during his term of office, and gave his honest opinion based upon long consideration and practical experience. He said: "The saloon is the club of the poor man, the only place where he is welcome. In the saloon he finds the warmth which men crave, and the companionship which he needs. The saloon keeper does not offer these advantages from a philanthropic motive; it is merely a matter of business with him, but still he provides what the majority of men in a large city demand, some place where they can come together to satisfy the social craving. Men who afford it join their clubs for the same purposes, etc."

**How to Close Vicious Saloons.**  
"Churches, reform organizations and political parties, singly and together, have been fighting saloon power and saloon influence for years, and yet today the saloon is stronger than ever. The reason to me is plain—the opposition to a saloon does not work along practical lines. It proposes to abolish an institution, but offers nothing in its place. The majority of the saloon keepers I came in contact with, and I met hundreds during my term of office, expressed themselves as willing to go to almost any extreme to wipe out the low grogeries which gave bad reputations to all saloons and their owners. The most powerful influence at my command in those days when I tried to eliminate the evil saloons were the brewers of my city. These men stood ready at all times to aid me, and I never called on them in vain.  
I offer this suggestion to the sincere men and women who are ever found opposed to the saloon: Analyze the situation calmly and without prejudice. Accept the fact that the saloon is here to stay. Then call upon the brewers and respectable saloon keepers to join you in a rational effort to close up and keep closed those drinking places where criminals gather, and you will find back of you a well organized element, which will help you accomplish your purpose."

**What is the Saloon?**  
The saloon is the poor man's club; it affords his only opportunity to find wholesome pleasure and congeniality in the company of his fellows, and induces a sociability that tends to the broadening and bettering of humanity by fostering those social instincts which in every good citizen should be fully developed.  
In New York City a reform is at hand—a real reform.  
This great and powerful movement is not the wild attempt of cranks and the fevered delusions of the misguided enthusiasts. It is guided by the steady hands, the cool heads and the brains of some of the Nation's greatest men—ministers, statesmen and journalists.  
It is a bold and telling stroke at evil where evil exists; not an intemperate and futile attack where there is no warrant for it. In States in which absolute prohibition has been in force the output of drinkers has been immeasurably larger than before this legislation went into effect.  
The model saloon conducted within the spirit, as well as the letter of the law, recently opened in New York City, with Bishop Henry C. Potter and Bishop Spaulding as its sponsors, is a more practical move for good morals and temperance than prohibition enthusiasts have ever accomplished. It is a movement inaugurated by broad-minded, liberal-thinking men, men who recognize the equal rights of all, and believe as all just people should, that the poor man has just as much right to his club as the rich man to his.

### COSTS NOTHING UNLESS CURED.

A Fair Offer Made by Stripling, Haselwood & Co to All Sufferers of Catarrh.

Stripling, Haselwood & Co are selling Hyomei on a plan that has caused considerable talk among their customers.

The plan is different from that followed by other remedies, but the remedy itself is different also. This treatment for the cure of catarrh has such an unusual record of cures that Stripling, Haselwood & Co offer to refund the money if it does not give the desired benefit. This is certainly one of the fairest offers that can be made and any one who has catarrh and does not take advantage of it is doing himself or herself an injustice.

The Hyomei treatment consists of a small hard rubber inhaler that can be carried in the vest pocket or purse, a medicine dropper and a bottle of Hyomei. The complete treatment costs but \$1.00 and as the inhaler will last a lifetime the medicine is very inexpensive. Many people who have used it write that for the good Hyomei has done them they would willingly pay thousands of dollars.

Extra bottles of Hyomei can be procured for use with the inhaler at 50c.

Do not suffer any longer with tickling, smarting, burning, eye-watering troubles that afflict those who have catarrh. Hyomei will cure you, but if you should not find it adapted to your case, Stripling, Haselwood & Co will refund the money.

The Nacogdoches Mercantile Company are still remodeling their buildings and every touch makes them handsomer. Elegant rooms have been fitted up for the Millinery department up stairs and other special features are being added in every department.

### Seeks No Further.

"No more nauseous doses of quinine and the like for me. Cheatam's Laxative Tablets are surer in effect and far more pleasant and convenient to take. I seek no further for a safe and sure cure for chills, biliousness and malaria."—Edw Dubois, Baton Rouge, La. 25c per box.

J. H. Summers, Jr. has a position with Jno. W. Davis as salesman, and has been connected with that big mercantile establishment since the 1st inst.

### Attend to Your Liver.

No organ in the human body can give as many different kinds of trouble as the liver when it is not right. Simon's Liver Purifier makes it right and keeps it so.

### Best in Existence.

"I sincerely believe, all things considered, Hunt's Lightning oil is the most useful and valuable household remedy in existence. For cuts, burns, sprains and insect bites it has no equal so far as my experience goes."—G. E. Huntington, Eufala, Ala. 25c and 50c bottles.

The Swift Packing Company have established a branch office in Nacogdoches, in charge of Mr. Hayward, formerly of Corrigan. Mr. Hayward will occupy a portion of the Thomason building and has already received a car or two of stock, which will be constantly replenished.

### Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm M Stroud, Midlothian, Texas, writes May 31, 1901: "We have used Herbine in our family for eight years, and found it the best we ever used for constipation, bilious fever and malaria." Sold by Perkins Bros.

Mrs. J. A. Aiken died Monday at 2 o'clock at the family home near Decoy, after a lingering illness of several months. The family are new comers to this county, and Mr. Aiken requests The Sentinel to extend his thanks to his neighbors and the people of Decoy for kindness shown him and his sick wife since their arrival here. It is indeed a pleasant reflection even in distress, to call to mind the uniform kindness and courteous treatment thus received in a new country when cast among total strangers.

### Abscess.

W. H. Harrison, Cleveland, Miss., writes, Aug 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J F Lord's drug store (who is now in Denver, Col.) He recommended a bottle of Snow Liniment. I got a 50c size and it cured my leg. It is the best liniment in the world." Abscesses, with few exceptions are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc. Sold by Perkins Bros.

The big pond at the Hayward mill is completely filled with logs, ready for a big run when the mill starts.

### ANOTHER OIL WELL.

Louisiana-Texas Oil Company Putting Up a Rig.

Col. A. Currie, a Shreveport Capitalist and owner of considerable holdings in the Nacogdoches oil field, and Col. Seymour Kish, President of the Vulcan Oil Company, of Beaumont and Chicago, have been in the city several days and have finally decided to sink a well on the Wettermark land in the Nacogdoches oil field. A contract was closed with Henry Millard yesterday to haul the machinery out to the field and the derrick will be erected at once. These men will supervise the work in person, and as they have unlimited capital there is no doubt that they will do a lot of developing before they suspend operations.

### Sprains.

S A Read, Cisco, Texas, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment and was cured. I earnestly recommend it to any one suffering from sprains." 25c, 50c \$1. Sold by Perkins Bros.

The Government tobacco warehouse here is now receiving the new crop of tobacco from other stations and farms to be handled by government experts. A large consignment was received today from the government experiment station at Crockett.

### Neglected Colds.

Every part of the mucous membrane, the nose, throat, ears, head and lungs, etc., are subjected to disease and blight from neglected colds. Ballard's Horehound Syrup is a pleasant and effective remedy. 25c, 50c and \$1.00. W Aken drick, Valey Mills, Texas, writes: "I have used Ballard's Horehound Syrup for coughs and throat troubles; it is a pleasant and most effective remedy. Sold by Perkins Bros."

B. M. Hall & Son have greatly increased their stock of general merchandise, having completed the new addition to their store house on East Main street. The building now extends from Main to Pilar streets adding greatly to convenience as well as room.

### They Should.

"My honest conviction, based upon my own experience and that of my friends, is that 'Hunt's Cure' will cure a larger per cent of skin troubles, especially of an itching variety, than any other remedy. Certainly those afflicted with any form of it should try it."—J O Monroe, Atchison, Kan. 50c per box.

### GOING AFTER TRADE.

Some New Plans on Foot For Nacogdoches.

From Thursday's Daily.

The magnitude and importance of the principal matter under discussion by the Business League last night, as affecting the merchants and business interests of the town, can hardly be estimated. It was confidently stated by some of our business men as their opinion that an expenditure of \$500 in advertising and \$500 in prizes would put in this town this season at least 2,000 bales of cotton from territory that does not come here. This means \$1000 to the compressor, \$600 to the cotton yards, to say nothing of the volume of trade left by these people in town. The plan as contemplated by the League, if the \$1000 can be raised, is to have one or both the papers combined get out a special trade edition of 10,000 copies with a complete write up of Nacogdoches, showing all its resources and its many advantages over other smaller places; then hire half a dozen men for 10 days and send to adjoining counties to make a house to house canvass and place copies of these papers in each man's yard. When we show these people that we have the largest stocks of dry goods, hardware, groceries and drugs of any town in East Texas; that we have the largest and greatest number of cotton buyers of any town in East Texas; that the banking facilities here are such that our buyers do not have to stop for the day when they buy 25 bales of cotton, but can buy and pay cash for 500 bales each and every day of the season; and then when we add to that the \$500 in gold to be distributed with those who bring cotton here, the cotton will come, and from territory, too, that has never been to Nacogdoches. We are going to get a good trade anyway, but why not spend some money in advertising that will pile more trade on top of this. It might be said in this connection that the League is contemplating opening up a free wagon yard and as a matter of amusement to induce the people to come here and stay over night and do their trading, to arrange with our brass band to have free concerts for at least two nights each week during the season on the band stand to be erected for that purpose on the square.

#### MONDAY'S LOCALS.

*School Books at Shindler's.*

G. W. Matthews, of Melrose, was in the city today.

Jackson Parrott, the stove man, was in the city today.

J. A. Richardson, of Chireno, is in the city on a trading trip.

Ollie Hall and family came up from San Augustine yesterday to spend a few days with relatives in Nacogdoches.

Mr. Henry Atkinson spent yesterday in Appleby, returning yesterday afternoon accompanied by Mrs. Atkinson and Mrs. Henry Reid, who have been visiting relatives and friends in that city the past few days.

There was a double wedding at the home of Hon. B. A. Calhoun at Chireno yesterday morning at six o'clock when his daughter, Miss Ettie, was united in marriage to Dr. C. W. Spears, and his other daughter, Miss Carrie Lou, to Mr. J. R. Greer. Immediately after the ceremony the bridal couples came into Nacogdoches and took the train for a honeymoon trip to the World's Fair at St. Louis.

#### TUESDAY'S LOCALS.

D. C. Mast, of Melrose, was in the city this afternoon.

Do not forget to call the Nacogdoches Mercantile Co. up when you want groceries.

Jno. T. Lucas, of Sacul, is spending a day or two in the hub on business.

Tom Koonce, of Shelby county, was in Nacogdoches today with cotton.

Mrs. Hays, of Caro, was in the city today on a shopping trip.

Messrs. Lane and Tyler, farmers of Aiken, Shelby county, were here on a trading trip today.

Miss Rosa Strong, of Lawsonville, is visiting her brother and sister-in-law, Mr. and Mrs. Beeman Strong, of this city.

Col. A. Currie, of Shreveport, is in the city. He does not know exactly how soon his company, the Louisiana Texas Oil Company, will begin operations in the oil field, but they are hurrying as much as possible and will probably get a rig here within the next week or ten days.

R. L. Anderson, of Locklin, Rusk county, was in the city yesterday with a couple of bales of cotton. Mr. Anderson says his neighborhood was nearly washed away last week by a waterspout which caused a regular deluge, but which was of short duration. The boll weevil cut the cotton crop half in two in his section of Rusk county.

Sheriff Spradley received a phone message from Sacul Sunday evening to come there at once and investigate a burglary that had been committed at Cade's mill. He returned last night with Enoch Johnson, colored, who is charged with the burglary. Dennis Yarbrough's house was burglarized and \$33 in money taken.
